Coronavirus Food Assistance Program 2

Signup for the Coronavirus Food Assistance Program 2 (CFAP 2) began on Sept. 21, 2020 and will continue through Dec. 11, 2020. CFAP 2 provides eligible producers with direct financial assistance due to market disruptions and associated costs because of the COVID-19 pandemic. Check out our [brief video](#) about the program.

CFAP 2 is a separate program from the first round of the Coronavirus Food Assistance Program, now referred to as CFAP 1. Farmers and ranchers who participated in CFAP 1 will not be automatically enrolled and must complete a new application for CFAP 2. Details on how to apply can be found on farmers.gov/cfap/apply.

FSA Encourages Farmers and Ranchers to Vote in County Committee Elections

The 2020 Farm Service Agency County Committee Elections will begin on Nov. 2, 2020, when ballots are mailed to eligible voters. The deadline to return ballots to local FSA offices, or to be postmarked, is Dec. 7, 2020.

County committee members are an important component of the operations of FSA and provide a link between the agricultural community and USDA. Farmers and ranchers elected to county committees help deliver FSA programs at the local level, applying their knowledge and judgment to make decisions on commodity price support programs, conservation programs, incentive indemnity and disaster programs for some commodities, emergency programs and eligibility. FSA committees operate within official regulations designed to carry out federal laws.

To be an eligible voter, farmers and ranchers must participate or cooperate in an FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm, may also be eligible to vote.

Eligible voters in local administrative areas 3 (Natrona) and 4 (Converse) who do not receive a ballot can obtain one from their local USDA Service Center.

Newly elected committee members will take office Jan. 1, 2021.

The candidates in this year's election are:

Brandi Forgey is nominated in LAA 3 in Natrona County and Josh Moore is nominated in LAA 4 in Converse County.

More information on county committees, such as the new 2020 fact sheet, can be found on the FSA website at fsa.usda.gov/elections or at a local USDA Service Center.

NAP SIGN UP 2021

The USDA Farm Service Agency (FSA) reminds producers to review available USDA crop risk protection options, including federal crop insurance and Noninsured Crop Disaster Assistance Program (NAP) coverage, before the crop deadline of December 1, 2020.

Federal crop insurance covers crop losses from natural adversities such as drought, hail and excessive moisture. NAP covers losses from natural disasters on crops for which no permanent federal crop insurance program is available, including perennial grass forage and grazing crops.

Producers can determine if crops are eligible for federal crop insurance or NAP by visiting <https://webapp.rma.usda.gov/apps/ActuarialInformationBrowser2018/CropCriteria.aspx>.

For all coverage levels, the NAP service fee is the lesser of \$325 per crop or \$825 per producer per county, not to exceed a total of \$1,950 for a producer with farming interests in multiple counties.

Federal crop insurance coverage is sold and delivered solely through private insurance agents. Agent lists are available at all USDA Service Centers or at USDA's online Agent Locator: <http://prodwebnlb.rma.usda.gov/apps/AgentLocator/#>. Producers can use the USDA Cost Estimator, <https://ewebapp.rma.usda.gov/apps/costestimator/Default.aspx>, to predict insurance premium costs.

For more information on NAP, service fees, sales deadlines, contact the Natrona/Converse County FSA office at 307-261-5436 or visit the web at www.fsa.usda.gov/nap.

Farm Loan Graduation Reminder for Direct Loan Borrowers

Farm Service Agency (FSA) Direct Loans are considered a temporary source of credit available to producers who do not meet normal underwriting criteria for commercial banks.

FSA periodically conducts Direct Loan graduation reviews to determine a borrower's ability to graduate to commercial credit. If the borrower's financial condition has improved to a point where they can refinance their debt with commercial credit, they will be asked to obtain other financing and partially or fully pay off their FSA debt.

By the end of a producer's operating cycle, the Agency will send a letter requesting a current balance sheet, actual financial performance and a projected farm budget. The borrower has 30 days to return the required financial documents. This information will be used to evaluate the borrower's potential for refinancing to commercial credit.

If a borrower meets local underwriting criteria, FSA will send the borrower's name, loan type, balance sheet, and projected cash flow to commercial lenders. The borrower will be notified when loan information is sent to local lenders.

If any lenders are interested in refinancing the borrower's loan, FSA will send the borrower a letter with a list of lenders interested in refinancing the loan. The borrower must contact the lenders and complete an application for commercial credit within 30 calendar days.

If a commercial lender rejects the borrower, the borrower must obtain written evidence that specifies the reasons for rejection and submit to their local FSA farm loan office.

If a borrower fails to provide the requested financial information or to graduate, FSA will notify the borrower of noncompliance, FSA's intent to accelerate the loan, and appeal rights.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Deena McDaniels at 307-261-5436 ex2 or Federal Relay Service at 1-800-877-8339.
