Dixie Mount (307) 322-4050

More than \$7 Billion Paid in Second Round of USDA Coronavirus Food Assistance Program

USDA announced that in the first month of the application period, the Farm Service Agency (FSA) approved more than \$7 billion in payments to producers in the second round of the Coronavirus Food Assistance Program. CFAP 2 provides agricultural producers with financial assistance to help absorb some of the increased marketing costs associated with the COVID-19 pandemic.

Since CFAP 2 enrollment began on September 21, FSA has approved more than 443,000 applications. The top five states for payments are Iowa, Nebraska, Minnesota, Illinois and Kansas. USDA has released a [data dashboard](#) on application progress and program payments and will release further updates each Monday at 2:00 p.m. ET. The report can be viewed at farmers.gov/cfap.

Through CFAP 2, USDA is making available up to \$14 billion for agricultural producers who continue to face market disruptions and associated costs because of COVID-19. CFAP 2 is a separate program from the first iteration of CFAP (CFAP 1). Farmers and

County Committee:

Jason ZumBrunnen
Joe Kruse
Kurt Gaukel

Carol Geisinger, COC Advisor

Next County Committee Meeting: TBA

ranchers who participated in CFAP 1 will not be automatically enrolled and must complete a new application for CFAP 2. FSA will accept CFAP 2 applications through December 11, 2020.

Eligible Commodities

CFAP 2 supports eligible producers of row crops, livestock, specialty crops, dairy, aquaculture, and many other commodities, including many that were ineligible for CFAP 1. FSA's [CFAP 2 Eligible Commodities Finder](#) makes finding eligible commodities and payment rates simple. Access this tool and other resources at farmers.gov/cfap.

Getting Help from FSA

New customers seeking one-on-one support with the CFAP 2 application process can call 877-508-8364 to speak directly with a USDA employee ready to offer general assistance. This is a recommended first step before a producer engages the team at the FSA county office at their local USDA Service Center.

FSA offers multiple options for producers to apply for CFAP 2. Producers with an eAuthentication account can apply online through the CFAP 2 Application Portal. Also available is a payment calculator and application generator that is an Excel workbook that allows producers to input information specific to their operation to determine estimated payments and populate the application form, which can be printed, signed, and submitted to the local FSA office. Producers can also download the CFAP 2 application and other eligibility forms from farmers.gov/cfap.

Producers of acreage-based commodities will use acreage and yield information provided by FSA through the annual acreage reporting process. Producers have the option to complete their application by working directly with their local FSA staff or online through the CFAP 2 Application Portal.

CFAP 2 is not a loan program, and there is no cost to apply.

More Information

To find the latest information on CFAP 2, visit farmers.gov/CFAP or call 877-508-8364.

Ask USDA available to answer questions about FSA programs

Ask USDA is now available as a tool for FSA customers to ask questions about FSA programs and services.

Ask USDA, available at ask.usda.gov is similar to AskFSA, which was decommissioned Sept. 21, but it also provides information for all USDA programs. Ask USDA allows USDA customers to search for and read answers about FSA programs and services in the same location as they read about other USDA programs and services.

Customers are able to submit questions through email, chat, and phone if they need more information. This improved customer service approach further builds on Secretary Sonny Perdue's OneUSDA vision and provides the customer a one-stop shopping experience that covers all of USDA's many programs.

FSA Implements Set-Aside Loan Provision for Customers Impacted by COVID-19

Set-Aside Delays Loan Payments for Borrowers

USDA's Farm Service Agency (FSA) will broaden the use of the Disaster Set-Aside (DSA) loan provision, normally used in the wake of natural disasters, to allow farmers with USDA farm loans who are affected by COVID-19, and are determined eligible, to have their next payment set aside. In some cases, FSA may also set aside a second payment for farmers who have already had one payment set aside because of a prior designated disaster.

FSA direct loan borrowers will receive a letter with the details of the expanded Disaster Set-Aside authorities, which includes the possible set-aside of annual operating loans, as well as explanations of the additional loan servicing options that are available. To discuss or request a loan payment Set-Aside, borrowers should call or email the farm loan staff at their local FSA county office.

The set-aside payment's due date is moved to the final maturity date of the loan or extended up to twelve months in the case of an annual operating loan. Any principal set-aside will continue to accrue interest until it is repaid. This aims to improve the borrower's cashflow in the current production cycle.

FSA previously announced it was relaxing the loan-making process and adding flexibilities for servicing direct and guaranteed loans to provide credit to producers in need. Direct loan applicants and borrowers are encouraged to contact their local FSA county office to discuss loan making and servicing flexibilities and other needs or concerns. Customers participating in FSA's guaranteed loan programs are encouraged to contact their lender. Information on these flexibilities, and office contact information, can be found on farmers.gov/coronavirus.

FSA will be accepting most forms and applications by facsimile or electronic signature. Some services are also available online to customers with an eAuth account, which provides access to the farmers.gov portal where producers can view USDA farm loan information and certain program applications and payments. Customers can track payments, report completed practices, request conservation assistance and electronically sign documents. Customers who do not already have an eAuth account can enroll at farmers.gov/sign-in.

USDA Service Centers are open for business by phone appointment only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources

Conservation Service or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information can be found at farmers.gov/coronavirus.

Disaster Assistance for 2020 Livestock Forage Losses

Producers in Niobrara County are eligible to apply for 2020 Livestock Forage Disaster Program (LFP) benefits on small grain, native pasture, and improved pasture.

LFP provides compensation if you suffer grazing losses for covered livestock due to drought on privately owned or cash leased land or fire on federally managed land.

County committees can only accept LFP applications after notification is received by the National Office of qualifying drought or if a federal agency prohibits producers from grazing normal permitted livestock on federally managed lands due to qualifying fire. You must complete a CCC-853 and the required supporting documentation no later than January 30, 2021, for 2020 losses.

For additional information about LFP, including eligible livestock and fire criteria, Please contact the Niobrara County FSA Office.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Laura Kessler at 307-334-2953 or Federal Relay Service at 1-800-877-8339.
