Sweetwater/Sublette - Uinta County FSA Updates

SWT/SUB-UIN County FSA Office **From Jen's Desk.....**

Rock Springs
79 Winston Dr. Ste. 110
Rock Springs, WY 82901

Phone: 307-362-3062
Fax: 855-415-3440

Lyman
PO Box 1529
100 East Sage
Lyman, WY 82937

Phone: 307-787- 3859
Fax: 855-415-3440

County Executive Director:
Jennifer Dutton

Farm Loan Manager:
Brian Harrell

Our office is now open to in-person appointments, provided you do not feel ill, been exposed to COVID, or have any symptoms. Please call the office to make an appointment to complete any FSA business if you want to meet in person. Additionally we are also returning to our signup days in our outlying areas. Please be patient and understanding as we are still playing the COVID game. We can also accept applications by phone, fax, email and pigeon.

We have several deadlines that are approaching that are applicable to ranchers and farmers in our tri-county area. **CFAP 2 (Coronavirus)** if you have sustained a loss due to COVID, please all the office to apply for assistance. The deadline to apply is December 11, 2020. Commodities that are most likely to be eligible in our counties are cattle, sheep, alpaca, bison, goats, llamas (excluding breeding livestock), wool, honey, barley (feed & malt), alfalfa, oats (grain) and triticale (grain). Please take the time to review basic information about the program at the CFAP website, it contains some pretty useful information to get you started, including forms (all may not be needed), fact sheets, eligible commodities, livestock classes, important dates and payment rates.

[Click HERE for CFAP information](#)

Wool LDP can be applied for anytime you choose or when you lose beneficial interest in your wool (ie. sell/deliver etc) Wool LDP rates are

Program Technicians:
Ashley Simpson
Sadie Valdez

currently at \$0.30/pound for ungraded wool. If you have 2020 clip, please contact the office to see if you are eligible to apply for a LDP payment.

Sweetwater county qualified for Livestock Forage Program (LFP) for **drought**. Applicants must own and/or lease livestock, have risk in non-irrigated grazing land physically located in Sweetwater County (as evidenced by an annual acreage report (FSA-578) and/or written leases. Eligible livestock owners must apply no later than January 30, 2021 for losses sustained in 2020.

You can call 307-362-3062 (Sweetwater/Sublette) or 307-787- 3859 x2(Uinta) to make an appointment to conduct business by phone.

USDA to Provide Additional Direct Assistance to Farmers and Ranchers Impacted by the Coronavirus

USDA announced up to an additional \$14 billion for agricultural producers who continue to face market disruptions and associated costs because of COVID-19. Signup for the Coronavirus Food Assistance Program (CFAP 2) will begin September 21 and run through December 11, 2020.

Background:

The U.S. Department of Agriculture (USDA) will use funds being made available from the Commodity Credit Corporation (CCC) Charter Act and CARES Act to support row crops, livestock, specialty crops, dairy, aquaculture and many additional commodities. USDA has incorporated improvements in CFAP 2 based from stakeholder engagement and public feedback to better meet the needs of impacted farmers and ranchers.

Producers can apply for CFAP 2 at USDA's Farm Service Agency (FSA) county offices. This program provides financial assistance that gives producers the ability to absorb increased marketing costs associated with the COVID-19 pandemic. Producers will be compensated for ongoing market disruptions and assisted with the associated marketing costs.

CFAP 2 payments will be made for three categories of commodities – Price Trigger Commodities, Flat-rate Crops and Sales Commodities.

Price Trigger Commodities Price trigger commodities are major commodities that meet a minimum 5-percent price decline over a specified period of time. Eligible price trigger crops include barley, corn, sorghum, soybeans, sunflowers, upland cotton, and all classes of wheat. Payments will be based on 2020 planted acres of the crop, excluding prevented planting and experimental acres. Payments for price trigger crops will be the greater of: 1) the eligible acres multiplied by a payment rate of \$15 per acre; or 2) the eligible acres multiplied by a nationwide crop marketing percentage, multiplied by a crop-specific payment rate, and then by the producer's weighted 2020 Actual Production History (APH) approved yield. If the APH is not available, 85 percent of the 2019 Agriculture Risk Coverage-County Option (ARC-CO) benchmark yield for that crop will be used.

For broilers and eggs, payments will be based on 75 percent of the producers' 2019 production.

Dairy (cow's milk) payments will be based on actual milk production from April 1 to Aug. 31, 2020. The milk production for Sept. 1, 2020, to Dec. 31, 2020, will be estimated by FSA.

Eligible beef cattle, hogs and pigs, and lambs and sheep payments will be based on the maximum owned inventory of eligible livestock, excluding breeding stock, on a date selected by the producer, between Apr. 16, 2020, and Aug. 31, 2020.

Flat-rate Crops Crops that either do not meet the 5-percent price decline trigger or do not have data available to calculate a price change will have payments calculated based on eligible 2020 acres multiplied by \$15 per acre. These crops include alfalfa, extra long staple (ELS) cotton, oats, peanuts, rice, hemp, millet, mustard, safflower, sesame, triticale, rapeseed, and several others.

Sales Commodities Sales commodities include specialty crops; aquaculture; nursery crops and floriculture; other commodities not included in the price trigger and flat-rate categories, including tobacco; goat milk; mink (including pelts); mohair; wool; and other livestock (excluding breeding stock) not included under the price trigger category that were grown for food, fiber, fur, or feathers. Payment calculations will use a sales-based approach, where producers are paid based on five payment gradations associated with their 2019 sales.

Additional commodities are eligible in CFAP 2 that weren't eligible in the first iteration of the program. If your agricultural operation has been impacted by the pandemic since April 2020, we encourage you to apply for CFAP 2. A complete list of eligible commodities, payment rates and calculations can be found on farmers.gov/cfap.

Eligibility There is a payment limitation of \$250,000 per person or entity for all commodities combined. Applicants who are corporations, limited liability companies, limited partnerships may qualify for additional payment limits when members actively provide personal labor or personal management for the farming operation. In addition, this special payment limitation provision has been expanded to include trusts and estates for both CFAP 1 and 2.

Producers will also have to certify they meet the Adjusted Gross Income limitation of \$900,000 unless at least 75 percent or more of their income is derived from farming, ranching or forestry-related activities. Producers must also be in compliance with Highly Erodible Land and Wetland Conservation provisions.

Applying for Assistance Producers can apply for assistance beginning Sept. 21, 2020. Applications will be accepted through Dec. 11, 2020.

Additional information and application forms can be found at farmers.gov/cfap. Documentation to support the producer's application and certification may be requested. All other eligibility forms, such as those related to adjusted gross income and payment information, can be downloaded from farmers.gov/cfap/apply. For existing FSA customers, including those who participated in CFAP 1, many documents are likely already on file. Producers should check with FSA county office to see if any of the forms need to be updated.

Customers seeking one-on-one support with the CFAP 2 application process can call 877-508-8364 to speak directly with a USDA employee ready to offer assistance. This is a recommended first step before a producer engages with the team at the FSA county office.

All USDA Service Centers are open for business, including some that are open to visitors to conduct business in person by appointment only. All Service Center visitors wishing to conduct business with FSA, Natural Resources Conservation Service or any other Service Center agency should call ahead and schedule an appointment. Service Centers that are open for appointments will pre-screen visitors based on health concerns or recent travel, and visitors must adhere to social distancing guidelines. Visitors are also required to wear a face covering during their appointment. Our program delivery staff will be in the office, and they will be working with our producers in the office, by phone and using online tools. More information can be found at farmers.gov/coronavirus.

Disaster Assistance for 2020 Livestock Forage Losses

Producers in Sweetwater County are eligible to apply for 2020 Livestock Forage Disaster Program (LFP) benefits on native pasture.

LFP provides compensation if you suffer grazing losses for covered livestock due to drought on privately owned or cash leased land or fire on federally managed land.

County committees can only accept LFP applications after notification is received by the National Office of qualifying drought or if a federal agency prohibits producers from grazing normal permitted livestock on federally managed lands due to qualifying fire. You must complete a CCC-853 and the required supporting documentation no later than January 30, 2021, for 2020 losses.

For additional information about LFP, including eligible livestock and fire criteria, contact the Sweetwater/Sublette County USDA Service Center or visit fsa.usda.gov.

Farmers.gov Feature Helps Producers Find Farm Loans that Fit Their Operation

A new online tool can help farmers and ranchers find information on U.S. Department of Agriculture (USDA) farm loans that may best fit their operations. USDA has launched the new *Farm Loan Discovery Tool* as the newest feature on farmers.gov, the Department's self-service website for farmers.

USDA's Farm Service Agency (FSA) offers a variety of loan options to help farmers finance their operations. From buying land to financing the purchase of equipment, FSA loans can help. Compared to this time last year, FSA has seen an 18 percent increase in the amount it has obligated for direct farm ownership loans, and through the 2018 Farm Bill, has [increased the limits](#) for several loan products.

USDA conducted field research in eight states, gathering input from farmers and FSA farm loan staff to better understand their needs and challenges.

How the Tool Works

Farmers who are looking for financing options to operate a farm or buy land can answer a few simple questions about what they are looking to fund and how much money they need to borrow. After submitting their answers, farmers will be provided information on farm loans that best fit their specific needs. The loan application and additional resources also will be provided.

Farmers can download application quick guides that outline what to expect from preparing an application to receiving a loan decision. There are four guides that cover loans to individuals, entities, and youth, as well as information on microloans. The guides include general eligibility requirements and a list of required forms and documentation for each type of loan. These guides can help farmers prepare before their first USDA service center visit with a loan officer.

Farmers can access the *Farm Loan Discovery Tool* by visiting farmers.gov/fund and clicking the "Start" button. Follow the prompts and answer five simple questions to receive loan information that is applicable to your agricultural operation. The tool is built to run on any modern browser like Chrome, Edge, Firefox, or the Safari browser, and is fully functional on mobile devices. It does not work in Internet Explorer.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Jennifer Dutton at 307-362-3062 extension 2 or Federal Relay Service at 1-800-877-8339.
