County Committee:
Chuck Grieves, Chairman
Randy Oleson, Vice Chairman
Harry Tavegia, Member
Robin Riesland, Minority Advisor

Next County Committee Meeting:
January 6, 2021 @ 1 PM

Weston County Farm Service Agency Announces County Committee Election Results

Weston County U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) announced that County Committee elections are over and the ballots have been counted.

Please welcome Charles "Chuck" Grieves of Newcastle, WY as the re-elected County Committee Member. Chuck will be representing Local Administrative Area #3. Chuck will continue his role at the County Committee meeting on January 6th. We look forward to working with Chuck and appreciate his dedication to his position on the Committee.

County committee members are a critical component of the day-to-day operations of FSA. They help deliver programs at the county level and work to serve the needs of local producers. All recently elected county committee members will take office in January 2021 and will be joining the existing committee. Every FSA office is required to have a county committee, which are made up of local farmers, ranchers and foresters elected by local producers.

County committee members impact the administration of FSA within a community by applying their knowledge and judgment to help FSA make important decisions on commodity support programs, conservation

programs, indemnity and disaster programs, emergency programs and eligibility.

County committee members serve local producers through their decision making and help shape the culture of a local FSA office. They also ensure the fair and equitable administration of FSA farm programs in their counties and are accountable to the Secretary of Agriculture. Members conduct hearings and reviews as requested by the state committee, ensure underserved farmers, ranchers and foresters are fairly represented, make recommendations to the state committee on existing programs, monitor changes in farm programs and inform farmers of the purpose and provisions of FSA programs. They also assist with outreach and inform underserved producers, such as beginning farmers, ranchers and foresters, about FSA opportunities.

For more information, visit the FSA website at fsa.usda.gov/elections.

Farmers.gov Feature Helps Producers Find Farm Loans that Fit Their Operation

Farmers and ranchers can use the *Farm Loan Discovery Tool* on farmers.gov to find information on USDA farm loans that may best fit their operations.

USDA's Farm Service Agency (FSA) offers a variety of loan options to help farmers finance their operations. From buying land to financing the purchase of equipment, FSA loans can help.

USDA conducted field research in eight states, gathering input from farmers and FSA farm loan staff to better understand their needs and challenges.

How the Tool Works

Farmers who are looking for financing options to operate a farm or buy land can answer a few simple questions about what they are looking to fund and how much money they need to borrow. After submitting their answers, farmers will receive information on farm loans that best fit their specific needs. The loan application and additional resources also will be provided.

Farmers can download application quick guides that outline what to expect from preparing an application to receiving a loan decision. There are four guides that cover loans to individuals, entities, and youth, as well as information on microloans. The guides include general eligibility requirements and a list of required forms and documentation for each type of loan. These guides can help farmers prepare before their first USDA service center visit with a loan officer.

Farmers can access the *Farm Loan Discovery Tool* by visiting farmers.gov/fund and clicking the "Start" button. Follow the prompts and answer five simple questions to receive loan information that is applicable to your agricultural operation. The tool is built to run on any modern browser like Chrome, Edge, Firefox, or the Safari browser, and is fully functional on mobile devices. It does not work in Internet Explorer.

About Farmers.gov

In 2018, USDA unveiled farmers.gov, a dynamic, mobile-friendly public website combined with an authenticated portal where farmers will be able to apply for programs, process transactions, and manage accounts.

The *Farm Loan Discovery Tool* is one of many resources on farmers.gov to help connect farmers to information that can help their operations. Earlier this year, USDA launched the *My Financial Information*

feature, which enables farmers to view their loan information, history, payments, and alerts by logging into the website.

USDA is building farmers.gov for farmers, by farmers. In addition to the interactive farm loan features, the site also offers a Disaster Assistance Discovery Tool. Farmers can visit farmers.gov/recover/disaster-assistance-tool#step-1 to find disaster assistance programs that can help their operation recover from natural disasters.

For more information, contact Farm Loan Program staff at 307-682-8843 Ext 2 or visit farmers.gov.

Know your Final Planting Dates

All producers are encouraged to contact their local FSA office for more information on the final planting date for specific crops. The final planting dates vary by crop, planting period and county so please contact your local FSA office for a list of county-specific planting deadlines. The timely planting of a crop, by the final planting date, may prevent loss of program benefits.

Keeping Livestock Inventory Records

Livestock inventory records are necessary in the event of a natural disaster, so remember to keep them updated.

When disasters strike, the USDA Farm Service Agency (FSA) can help you if you've suffered excessive livestock death losses and grazing or feed losses due to eligible natural disasters.

To participate in livestock disaster assistance programs, you'll be required to provide verifiable documentation of death losses resulting from an eligible adverse weather event and must submit a notice of loss to your local FSA office within 30 calendar days of when the loss of livestock is apparent. For grazing or feed losses, you must submit a notice of loss to your local FSA office within 30 calendar days of when the loss is apparent and should maintain documentation and receipts.

You should record all pertinent information regarding livestock inventory records including:

- Documentation of the number, kind, type, and weight range of livestock
- Beginning inventory supported by birth recordings or purchase receipts;

For more information on documentation requirements, contact your Weston County USDA Service Center at 307-746-2701 ext. 2 or visit fsa.usda.gov.

Dates to Remember

January 1, 2020	Office closed for New Year's Day
January 18, 2021	Office closed for Martin Luther King, Jr. Day
January 28, 2021	2020 Livestock Forage Program application deadline
March 2, 2021	Application for payment and all documentation must be filed for 2020 Livestock Indemnity Program

March 15, 2021	Enrollment deadline for 2021 ARC/PLC
----------------	---

- **NAP Notice of Loss for Crops** must be filed the earlier of 15 days of the occurrence of the disaster or when losses become apparent, or 15 days of the final harvest date.
- **LIP Notice of Loss for Livestock Losses** must be filed within 30 calendar days of when the loss is first apparent.
- **Leases and/or Land Ownership including operational changes** must be reported within 30 calendar days of change to avoid late fees, repayment of funds issued and/or ineligibility for program participation

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact Peggy Livingston at 307-746-2701 extension 2 or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.
