Carbon/Albany County FSA Updates

Happy Spring!!

Carbon/Albany County is now open to limited visitors by appointment only. Farm Service Agency (FSA) and Natural Resources Conservation Service (NRCS) staff also continue to work with agricultural producers via phone, email, and other digital tools. To make an in-person appointment call (307) 326-5657 x2.

You may have noticed a deposit from us in the past few weeks. This is due to the additional Coronavirus Food Assistance Program (CFAP) assistance. These payments were based off the previous CFAP program information, so no additional information was required. If you have any questions or concerns about this process, please feel free to contact our office.

We continue to watch the drought monitor closely as most of the county is experiencing moderate to severe drought conditions. We encourage producers to let the office know about yield losses, pasture performance and take pictures to document the drought. I am enlisting your assistance to report directly to the US Drought Monitor at the following website https://droughtreporter.unl.edu/submitreport to describe your conditions.
Next County Committee Meeting: TBD

Mary Ann Boles, Robin Carter, and Darcy Kaisler

The report allows producers to:

- Provide a written description of drought impacts on livelihood, pasture conditions, purchasing livestock feed above normal, livestock water issues, sickness in livestock, selling livestock, etc.
- Select categories to show losses and gains as a result of the drought such as significant decrease in hay production or grain producer losses
- Report on the duration of drought event
- Select Affected Places – geographic areas ranging from an entire state to a small area within a state
- Submit images that document the drought and its impact. If possible, submit a current picture along with a “normal year” picture of the same area.
- Provide contact information (with the option to keep information confidential)

Remember to notify the office within 30 days of knowing you have a loss for:

- any livestock lost above normal mortality due to eligible weather events.
- water hauling due to drought conditions.
- additional feed purchases due to eligible weather events. drought is not an eligible weather event for additional feed.

FSA Opens CFAP 2 Signup for Additional Enrollment; Updates Additional CFAP Provisions

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) announced that signup has reopened for the Coronavirus Food Assistance Program 2 (CFAP 2) as part of the Pandemic Assistance for Producers initiative. The initial CFAP 2 signup ended on Dec. 11, 2020, but USDA has reopened sign-up for CFAP 2 for at least 60 days beginning April 5, 2021, for producers to apply or make modifications to existing CFAP 2 applications.

CFAP 2 provides direct financial relief to producers due to market disruptions and associated costs because of COVID-19. CFAP 2 payments will be made for three categories of commodities – Price Trigger Commodities, Flat-rate Crops and Sales Commodities. Visit farmers.gov/cfap/commodities for a full list of eligible commodities for each category.

Price Trigger Commodities Price trigger commodities are major commodities that meet a minimum 5-percent price decline over a specified period of time. Eligible price trigger crops include barley, corn, sorghum, soybeans, sunflowers, upland cotton, and all classes of wheat. Payments will be based on 2020 planted acres of the crop, excluding prevented planting and experimental acres.

For broilers and eggs, payments will be based on 75 percent of the producers’ 2019 production.
Dairy (cow’s milk) payments will be based on actual milk production from April 1 to Aug. 31, 2020. The milk production for Sept. 1, 2020, to Dec. 31, 2020, will be estimated by FSA.

Eligible beef cattle, hogs and pigs, and lambs and sheep payments will be based on the maximum owned inventory of eligible livestock, excluding breeding stock, on a date selected by the producer, between April 16, 2020, and Aug. 31, 2020.

Flat-rate Crops Crops that either do not meet the 5-percent price decline trigger or do not have data available to calculate a price change will have payments calculated based on eligible 2020 acres multiplied by $15 per acre. These crops include alfalfa, extra long staple (ELS) cotton, oats, peanuts, rice, hemp, millet, mustard, safflower, sesame, triticale, rapeseed, and several others.

Sales Commodities Sales commodities include specialty crops; aquaculture; nursery crops and floriculture; other commodities not included in the price trigger and flat-rate categories, turfgrass sod; pullets; goat milk; mink (including pelts); mohair; wool; and other livestock (excluding breeding stock), not included under the price trigger category that were grown for food, fiber, fur, or feathers. Payment calculations will use a sales-based approach, where producers are paid based on five payment gradations associated with their 2019 sales, and crop insurance indemnities, Noninsured Crop Disaster Assistance Program (NAP), and Wildfire and Hurricane Indemnity Program Plus (WHIP+) payments for crop year 2019.

Applying for CFAP 2

Visit farmers.gov/cfap for details on all eligible commodities, producer eligibility, payment limitations and structure and additional program resources.

Producers have multiple options to apply for CFAP 2, including through an online application portal and by working directly with the FSA office. Customers seeking one-on-one support with the CFAP 2 application process can call 877-508-8364 to speak directly with a USDA employee ready to offer assistance.

Additional CFAP Payments for Beef and Row-Crop Producers

The Consolidated Appropriations Act, 2021, authorizes an increase in CFAP 1 payment rates for cattle. Cattle producers with approved CFAP 1 applications will automatically receive these payments and do not need to submit a new application since payments are based on previously approved CFAP 1 applications. Producers may be asked for additional information depending on how they filed the original application. Information on the additional payment rates for cattle can be found on farmers.gov/cfap.

This act also authorized additional CFAP assistance of $20 per acre for producers of eligible CFAP 2 flat-rate or price trigger commodities. FSA will automatically issue payments to eligible producers based on the eligible acres included on their CFAP 2 applications. Eligible producers do not need to submit a new CFAP 2 application.

Additional CFAP Actions FSA has also begun payment processing applications filed as part of the CFAP Additional Assistance program in the following categories:

- Applications filed for pullets and turfgrass sod;
- A formula correction for row-crop producer applications to allow producers with a non-Actual Production History (APH) insurance policy to use 100% of the 2019 Agriculture Risk Coverage-County Option (ARC-CO) benchmark yield in the calculation; and
Sales commodity applications revised to include insurance indemnities, Noninsured Crop Disaster Assistance Program payments, and Wildfire and Hurricane Indemnity Program Plus payments.

Additional payments for swine producers and contract growers under CFAP Additional Assistance remain on hold and are likely to require modifications to the regulation as part of the broader evaluation and future assistance; however, FSA will continue to accept applications from interested producers.

Questions? Please contact your local FSA Office.

American Rescue Plan Socially Disadvantage Farmer Farm Loan Debt Payments

USDA recognizes that socially disadvantaged farmers and ranchers have faced systemic discrimination with cumulative effects that have, among other consequences, led to a substantial loss in the number of socially disadvantaged producers, reduced the amount of farmland they control, and contributed to a cycle of debt that was exacerbated during the COVID-19 pandemic. During the pandemic, socially disadvantaged communities saw a disproportionate amount of COVID-19 infection rates, loss of property, hospitalizations, death, and economic hurt.

To address these systemic challenges, the American Rescue Plan Act of 2021 provides historic debt relief to socially disadvantaged producers including Black/African American, American Indian or Alaskan native, Hispanic or Latino, and Asian American or Pacific Islander.

USDA is now reviewing and working to gather feedback to implement the Act, and more guidance will be forthcoming for socially disadvantaged borrowers with direct or guaranteed farm loans as well as Farm Storage Facility Loans. As information becomes available, it will be provided directly to socially disadvantaged borrowers and stakeholder groups representing socially disadvantaged producers, posted here on farmers.gov, and shared through our social media channels, email newsletters, and the media.

Who qualifies for this debt relief?

Any socially disadvantaged borrower with direct or guaranteed farm loans as well as Farm Storage Facility Loans qualifies. The American Rescue Plan Act uses the 2501 definition of socially disadvantaged, which includes Black/African American, American Indian or Alaskan native, Hispanic or Latino, and Asian American or Pacific Islander. Gender is not a criterion in and of itself, but of course women are included in these categories.

I qualify as socially disadvantaged under the American Rescue Plan definition, but I am not late on my payments. Do I still qualify?

Yes. Any socially disadvantaged borrower with direct or guaranteed farm loans as well as Farm Storage Facility Loans qualifies.

When will qualified borrowers begin to see a loan pay-off or other payment in response to the American Rescue Plan?

USDA is now reviewing and working to gather feedback to implement the Act, and more guidance will be forthcoming for socially disadvantaged borrowers with direct or guaranteed farm loans as
well as Farm Storage Facility Loans. For borrowers in arrears, the moratorium established on January 26th to stop all debt collections, foreclosures and evictions for all borrowers, including socially disadvantaged producers, remains in effect.

Producers who have worked with USDA’s Farm Service Agency previously may have their ethnicity and race on file. A borrower, including those with guaranteed loans, can contact their local their local USDA Service Center to verify, update or submit a new ethnicity and race designation using the AD-2047. Find your nearest service center at farmers.gov/service-locator.

To learn more about USDA’s work to implement the American Rescue Plan Act of 2021, visit www.usda.gov/arp.

### Maintaining Good Credit History

Farm Service Agency (FSA) loans require applicants to have a satisfactory credit history. A credit report is requested for all FSA direct farm loan applicants. These reports are reviewed to verify outstanding debts, see if bills are paid timely and to determine the impact on cash flow.

Information on your credit report is strictly confidential and is used only as an aid in conducting FSA business.

Our farm loan staff will discuss options with you if you have an unfavorable credit report and will provide a copy of your report. If you dispute the accuracy of the information on the credit report, it is up to you to contact the issuing credit report company to resolve any errors or inaccuracies.

There are multiple ways to remedy an unfavorable credit score:

- Make sure to pay bills on time
  - Setting up automatic payments or automated reminders can be an effective way to remember payment due dates.
- Pay down existing debt
- Keep your credit card balances low
- Avoid suddenly opening or closing existing credit accounts

FSA’s farm loan staff will guide you through the process, which may require you to reapply for a loan after improving or correcting your credit report.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Sheryl Hunter at 307-326-5657 or Federal Relay Service at 1-800-877-8339.

USDA is an equal opportunity provider, employer and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
