CED Comments, Upcoming Deadlines, and a Joke

ARC/PLC- The deadline is fast approaching for completing ARC/PLC contracts for 2022. Please contact the office for the contracts for your farms. If you would like to change programs you are in, you may do so at signup.

LFP- The signup deadline for LFP is January 31st. Please contact Kate to get the application started. If you are missing any documents to complete your application please get them to Kate ASAP.

ELAP- The new hay transport program within ELAP has begun. The signup deadline is January 31st as well. Please contact Kate to signup for this program.

CRP- No new information yet on the next signup or rates for this year. We expect it will begin sometime this spring.

LIP- Be sure to keep those calving books up to date as we approach calving season. Any livestock deaths due to extreme cold, blizzard, or winter storm may be eligible for benefits under LIP. Documentation is key! Include date of birth, date of death, and any applicable information about your management activities completed to keep the calves alive. Pictures of the dead animals are also an incredible asset in getting applications approved.

Upcoming Dates/ Deadlines:
Jan. 17 - MLK Day- Office Closed
Jan. 31 - LFP & ELAP Signup Deadline
Feb. 21 - President's Day- Office Closed
Mar. 15 - ARC/PLC Signup Deadline

Jokes
What do you get when a chicken lays an egg on top of the barn? An eggroll.
Why did the cow jump over the moon? The farmer had cold hands.
What do you call a sleeping bull? A bulldozer.

Goshen County Farm Service Agency Announces County Committee Election Results

Goshen County U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) announced that County Committee elections are over and the ballots have been counted.

Lon Eisenbarth of Yoder was elected to represent local administrative area (LAA) 3 and will serve his third and final term.

County committee members are a critical component of the day-to-day operations of FSA. They help deliver programs at the county level and work to serve the needs of local producers. All recently elected county committee members will take office in January 2022 and will be joining the existing committee. Every FSA office is
required to have a county committee, which are made up of local farmers, ranchers and foresters elected by local producers.

County committee members impact the administration of FSA within a community by applying their knowledge and judgment to help FSA make important decisions on commodity support programs, conservation programs, indemnity and disaster programs, emergency programs and eligibility.

County committee members serve local producers through their decision making and help shape the culture of a local FSA office. They also ensure the fair and equitable administration of FSA farm programs in their counties and are accountable to the Secretary of Agriculture. Members conduct hearings and reviews as requested by the state committee, ensure underserved farmers, ranchers and foresters are fairly represented, make recommendations to the state committee on existing programs, monitor changes in farm programs and inform farmers of the purpose and provisions of FSA programs. They also assist with outreach and inform underserved producers, such as beginning farmers, ranchers and foresters, about FSA opportunities.

**USDA Provides Additional Pandemic Assistance to Hog Producers**

The U.S. Department of Agriculture (USDA) announced a new program to assist hog producers who sold hogs through a negotiated sale during the period in which these producers faced the greatest reduction in market prices due to the COVID-19 pandemic. The Spot Market Hog Pandemic Program (SMHPP) is part of USDA’s Pandemic Assistance for Producers initiative and addresses gaps in previous assistance for hog producers. USDA’s Farm Service Agency (FSA) will accept applications Dec. 15, 2021 through Feb. 25, 2022.

SMHPP provides assistance to hog producers who sold hogs through a negotiated sale from April 16, 2020, through Sept. 1, 2020. Negotiated sale, or negotiated formula sale, means a sale of hogs by a producer to a packer under which the base price for the hogs is determined by seller-buyer interaction and agreement on a delivery day. USDA is offering SMHPP as packer production was reduced due to the COVID-19 pandemic due to employee illness and supply chain issues, resulting in fewer negotiated hogs being procured and subsequent lower market prices.

The Department has set aside up to $50 million in pandemic assistance funds through the Coronavirus Aid, Relief and Economic Security (CARES) Act for SMHPP.

**SMHPP Program Details**

Eligible hogs include hogs sold through a negotiated sale by producers between April 16, 2020, and Sept. 1, 2020. To be eligible, the producer must be a person or legal entity who has ownership in the hogs and whose production facilities are located in the United States, including U.S. territories. Contract producers, federal, state and local governments, including public schools and packers are not eligible for SMHPP.

SMHPP payments will be calculated by multiplying the number of head of eligible hogs, not to exceed 10,000 head, by the payment rate of $54 per head. FSA will issue payments to eligible hog producers as applications are received and approved.

**Applying for Assistance**

Eligible hog producers can apply for SMHPP starting Dec. 15, 2021, by completing the FSA-940, Spot Market Hog Pandemic Program application. Additional documentation may be required. Visit farmers.gov/smhpp for a copy of the Notice of Funds Availability, information on applicant eligibility and more information on how to apply.

Applications can be submitted to the FSA office at any USDA Service Center nationwide by mail, fax, hand delivery or via electronic means. To find your local FSA office, visit farmers.gov/service-locator. Hog producers can also call 877-508-8364 to speak directly with a USDA employee ready to offer assistance.

**Applying for FSA Guaranteed Loans**
FSA guaranteed loans allow lenders to provide agricultural credit to farmers who do not meet the lender’s normal underwriting criteria. Farmers and ranchers apply for a guaranteed loan through a lender, and the lender arranges for the guarantee. FSA can guarantee up to 95 percent of the loss of principal and interest on a loan. Guaranteed loans can be used for both farm ownership and operating purposes.

Guaranteed farm ownership loans can be used to purchase farmland, construct or repair buildings, develop farmland to promote soil and water conservation or to refinance debt.

Guaranteed operating loans can be used to purchase livestock, farm equipment, feed, seed, fuel, farm chemicals, insurance and other operating expenses.

FSA can guarantee farm ownership and operating loans up to $1,825,000. Repayment terms vary depending on the type of loan, collateral and the producer’s ability to repay the loan. Operating loans are normally repaid within seven years and farm ownership loans are not to exceed 40 years.

For more information on guaranteed loans, contact your Platte County USDA Service Center at 307-322-4050 or visit fsa.usda.gov.

**Be on the Lookout: New Form Required for Some NRCS Customers**

If you are a producer or landowner who participates in USDA’s Natural Resources Conservation Service (NRCS) conservation programs, the Farm Service Agency (FSA) may be reaching out by mail with information about a form you’ll need to fill out.

Starting this year, all producers and landowners participating or applying to participate in certain NRCS conservation programs must complete form CCC-902, Farm Operating Plan. Historically, to participate in these programs, legal entities could file either the CCC-901, Member Information or the CCC-902, while individuals were not specifically required to file the CCC-902 with FSA. Now, to ensure FSA and NRCS are properly determining payment eligibility and maximum payment limitations, all customers must have a CCC-902 on file to establish eligibility.

These changes will not affect participants who already have a Form CCC-902 with a “determined” status recorded with FSA. Customers that do not have a CCC-902 on file with FSA will be sent a letter in the mail in the coming weeks with detailed information on what is needed and how to file the form. The letter requests that the form be completed within 30 days of receiving the letter.

For added convenience, USDA is offering options for remote or in-person submission of the CCC-902. Fiscal year 2021 is considered a transition year to ensure all NRCS program participants can meet this updated filing requirement. Beginning in FY 2022, if form CCC-902 is not on file your payments may be impacted.

We can help: NRCS and FSA staff are available at USDA Service Centers nationwide to provide information and assistance to walk you through meeting this filing requirement. For more information, see the NRCS National Bulletin 300-21-7 or FSA Notice PL-293.
