UPLAND COTTON ANNOUNCEMENT – July 19, 2018

Erik Dohlman

202-720-4284

Erik.Dohlman@wdc.usda.gov

The Department of Agriculture's Commodity Credit Corporation announced the adjusted world price (AWP) for Strict Low Middling (SLM) 1-1/16 inch (leaf grade 4, micronaire 3.5-3.6 and 4.3-4.9, strength 26.0-28.9 grams per tex, length uniformity of 80.0-81.9 percent) upland cotton (base quality), adjusted to U.S. quality and location, the fine count adjustment (FCA), the coarse count adjustment (CCA), and the loan deficiency payment (LDP) rate that will be in effect from 12:01 a.m., Eastern Time, July 20, 2018, through midnight, Eastern Time, Thursday, July 26, 2018. The next announcement of the AWP, FCA, CCA, and LDP rate for upland cotton will be on Thursday, July 26, 2018, at 4:00 p.m., Eastern Time.

In today's news release, the new Costs-to-Market Adjustment to be used in the Adjusted World Price (AWP) calculation is announced, but will not become effective until 12:01 a.m., Friday August 3, following the August 2 news release. The new Cost-to-Market adjustment will be **15.19** cents per pound and the existing adjustment of 14.50 cents per pound remains in effect until that time. Note also that the quality adjustment will be changed in the first release of the 2018 marketing year (August 2), and will move from 2.55 cents/pound to 2.05 cents/pound, based on the 2018 cotton loan premium and discount schedule.

	<u>Cents/lb.</u>
Adjusted World Price (AWP)	79.50
Fine Count Adjustment (FCA) 2017 Crop	0.65
Fine Count Adjustment (FCA) 2018 Crop	0.70
Coarse Count Adjustment (CCA)	0.00
Loan Deficiency Payment (LDP) Rate	0.00

This week's AWP, FCA, and CCA are determined as follows:

AWP calculation:	Far East (FE) Price	96.55
	Adjustments:	
	Avg. costs to market	-14.50
	SLM 1-1/16 inch cotton	-2.55
	Sum of Adjustments	-17.05
	ADJUSTED WORLD PRICE	79.50

FCA calculation:	2017	2018
Loan Schedule Premium for SM 1-1/8" Cotton	2.15	2.20
Less Market Premium (cannot be less than zero)	1.50	1.50
FINE COUNT ADJUSTMENT (cannot be less than zero)	0.65	0.70

Market Premium for SM 1-1/8" Cotton:

FE Fine Count Price	98.05
FE Price	-96.55
Total:	1.50

CCA calculation:

FE Price	96.55
FE Coarse Count Price	-95.63
Adjustment to SLM 1-1/32 inch cotton	- 5.40
COARSE COUNT ADJUSTMENT (cannot be less than zero)	0.00

If sufficient data are not available to determine a CCA for the week, regulations governing the CCA require that the latest available CCA will remain in effect. Thus, the current CCA of 0.00 cents per pound will remain in effect through midnight, July 26, 2018.

The Agricultural Act of 2014 provides that the AWP may be further adjusted if the Secretary determines adjustment is necessary to 1) minimize potential loan forfeitures, 2) minimize accumulation of Government stocks, 3) ensure free and competitive marketing of upland cotton, both domestically and internationally, and 4) ensure an appropriate transition between current-crop and forward-crop price quotations. No adjustment has been made this week.

Because the AWP for the period exceeds 49.49 cents per pound, which is the base quality loan rate, the loan repayment rate during this period is equal to the loan rate, adjusted for the specific quality plus applicable interest and storage charges.
