UPLAND COTTON ANNOUNCEMENT

March 17, 2016

Sherrie Grimm

202-401-0062

Sherrie.grimm@wdc.usda.gov

The Department of Agriculture's Commodity Credit Corporation announced the adjusted world price (AWP) for Strict Low Middling (SLM) 1-1/16 inch (leaf grade 4, micronaire 3.5-3.6 and 4.3-4.9, strength 26.0-28.9 grams per tex, length uniformity of 80.0-81.9 percent) upland cotton (base quality), adjusted to U.S. quality and location, the fine count adjustment (FCA), the coarse count adjustment (CCA), and the loan deficiency payment (LDP) rate that will be in effect from 12:01 a.m., Eastern Time, March 18, 2016, through midnight, Eastern Time, Thursday, March 24, 2016. The next announcement of the AWP, FCA, CCA, and LDP rate for upland cotton will be on Thursday, March 24, 2016, at 4:00 p.m., Eastern Time.

	<u>Cents/lb.</u>
Adjusted World Price (AWP)	44.76
Fine Count Adjustment (FCA) 2014 Crop	0.00
Fine Count Adjustment (FCA) 2015 Crop	0.00
Coarse Count Adjustment (CCA)	0.00
Loan Deficiency Payment (LDP) Rate	7.24

This week's AWP, FCA, and CCA are determined as follows:

AWP calculation:	Far East (FE) Price	64.51
	Adjustments:	
	Avg. costs to market	-16.55

SLM 1-1/16 inch cotton	-3.20
Sum of Adjustments	-19.75
ADJUSTED WORLD PRICE	44.76

FCA calculation:	2014	2015
Loan Schedule Premium for SM 1-1/8" Cotton	1.95	1.90
Less Market Premium (cannot be less than zero)*	2.01	2.01
FINE COUNT ADJUSTMENT (cannot be less than zero)	0.00	0.00

Market Premium for SM 1-1/8" Cotton:

FE Fine Count Price	66.52
FE Price	-64.51
*Total:	2.01

CCA calculation:

FE Price	64.51
FE Coarse Count Price	- NA
Adjustment to SLM 1-1/32 inch cotton	- 5.75
COARSE COUNT ADJUSTMENT (cannot be less than zero)	0.00

If sufficient data are not available to determine a CCA for the week, regulations governing the CCA require that the latest available CCA will remain in effect. Thus, the current CCA of 0.00 cents per pound will remain in effect through midnight, March 24.

The Agricultural Act of 2014 provides that the AWP may be further adjusted if the Secretary determines adjustment is necessary to 1) minimize potential loan forfeitures, 2) minimize accumulation of Government stocks, 3) ensure free and competitive marketing of upland cotton, both domestically and internationally, and 4) ensure an appropriate transition between current-crop and forward-crop price quotations. No adjustment has been made this week.

Because the AWP for the period is less than 52.00 cents per pound, which is the base quality loan rate, the loan repayment rate during this period is equal to the AWP, adjusted for the specific quality. The loan repayment amount will be further adjusted by the application of a storage credit, and interest will be waived.

The payment rate of 7.24 is the difference between the base loan rate of 52.00 cents and the AWP.
