

laboratories engaged in the testing of animals for SARS CoV-2.

The NAHRS 2 and NVSL 201 burden, which is currently under Office of Management and Budget (OMB) control number 0579-0476 (SARS-CoV-2 Testing in Animals Reporting Activities), is being merged into this collection (0579-0299). Upon renewal of this information collection request, 0579-0476 will be discontinued.

We are asking OMB to approve our use of these information collection activities, as described, for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 4.27 hours per response.

Respondents: State and private veterinarians and animal scientists.

Estimated annual number of respondents: 77.

Estimated annual number of responses per respondent: 20.

Estimated annual number of responses: 1,548.

Estimated total annual burden on respondents: 6,615 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 2nd day of June 2022.

Anthony Shea,

Administrator, Animal and Plant Health Inspection Service.

Domestic Sugar Program—2022-Crop Cane Sugar Marketing Allotments and Cane and Beet Processor Allocations

AGENCY: Commodity Credit Corporation (CCC), USDA.

ACTION: Notice.

SUMMARY: The United States Department of Agriculture (USDA) is issuing this notice to revise State cane sugar allotments, revise company allocations to sugar beet and sugar cane processors, and reassign some cane sugar marketing allotment to raw cane sugar imports already anticipated. This applies to all domestic beet and cane sugar marketed for human consumption in the United States from October 1, 2021, through September 30, 2022.

FOR FURTHER INFORMATION CONTACT: Kent Lanclos, telephone, (202) 720-0114; or email, kent.lanclos@usda.gov. Persons with disabilities who require alternative means for communication should contact the USDA Target Center at (202) 720-2600 (voice).

SUPPLEMENTARY INFORMATION: On September 30, 2021, USDA announced the initial fiscal year 2022 (FY 2022) overall sugar marketing allotment quantity (OAQ), which was established at 10,370,000 short tons, raw value, (STRV). This was equal to 85 percent of the estimated quantity of sugar for domestic human consumption for FY 2022 of 12,200,000 STRV, as forecast in the September 2021 World Agricultural

Supply and Demand Estimates report. The Agricultural Adjustment Act of 1938, as amended, requires that 54.35 percent of the OAQ be distributed among beet processors and 45.65 percent be distributed among the sugar cane States and cane processors.

On December 22, 2021, USDA: (1) Increased the FY 2022 OAQ to 10,802,657 STRV; (2) consequently revised the cane and beet sector marketing allotments, the State cane sugar marketing allotments, and cane and beet processor allocations according to formulas contained in the authorizing legislation for the Sugar Program; ¹ and (3) transferred allocations from beet processors with surplus allocation to those in need of additional allocation. USDA determined that no reassignment of allotments among sugar cane States and allocations among cane processors was necessary at that time.

In accordance with section 359e of the Agricultural Adjustment Act of 1938, after evaluating again each sugar beet processor's ability to market its full allocation, USDA is transferring FY 2022 allocations from sugar beet processors with surplus allocation to those in need of additional allocation. This transfer is presented in the table below. USDA is not reassigning any FY 2022 beet allocations to raw cane sugar imports at this time, given the uncertainty of beet sugar production quantities from new crop sugar beets in the final 2 months (August through September) of FY 2022.

USDA has also determined that domestic cane sugar supplies are inadequate to fill the FY 2022 cane sugar marketing allotment. In accordance with section 359e of the Agricultural Adjustment Act of 1938, USDA is reassigning 600,000 STRV of this deficit to raw cane sugar imports already anticipated under the FY 2022 tariff-rate quotas (TRQ) for raw cane sugar, given the absence of any CCC stocks of sugar.

¹ The authority for the Sugar Program is in 7 U.S.C. 1359aa-1359jj, 7272, and 8110; 15 U.S.C. 714b and 714c.

These FY 2022 sugar marketing allotment program actions will not prevent any domestic sugar cane or sugar beet processor from marketing all its FY 2022 sugar supply. USDA will closely monitor stocks, consumption, imports, and all sugar market and program variables on an ongoing basis and may make further program adjustments during FY 2022, if needed.

USDA Non-Discrimination Policy

In accordance with Federal civil rights law and USDA civil rights regulations and policies, USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family or parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or

activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (for example, braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA TARGET Center at (202) 720-2600 (voice and TTY) or (844) 433-2774 (toll-free nationwide). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at <https://www.usda.gov/oascr/how-to-file-a-program-discrimination-complaint> and at any USDA office or write a letter addressed to USDA and provide in the letter all the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to

USDA by mail to: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410 or email: OAC@usda.gov.
