Disaster Buy-In Waiver Extension

Producers who did not obtain crop insurance or Non-Insured Crop Disaster Assistance Program (NAP) coverage for 2008 can pay a buy-in fee through May 18, 2009 to become eligible for 2008 disaster assistance programs authorized by the Food, Conservation, and Energy Act of 2008.

Farmers have an additional opportunity to become eligible for several programs if they suffered 2008 agricultural losses due to natural disaster.

If you have not already taken the necessary steps to become eligible for the Supplemental Revenue Assistance Program (SURE), Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish (ELAP), and the Tree Assistance Program (TAP), you are required to comply by May 18, 2009.

- Pay a \$100 “buy-in” fee per crop
- Maximum fee is \$300 per producer, not to exceed \$900 for multi-county producers.

TIMELY FILING OF LOSS

The CCC-576, Notice of Loss, is used to report yield losses, failed acreage and prevented planting and may be completed by any producer with an interest in the crop. Timely filing a Notice of Loss is required on **ALL CROPS INCLUDING GRASSES**. For losses on crops covered by the Non-Insured Crop Disaster Assistance Program (NAP) and crop insurance, you must file a CCC-576 (notice of loss) in the FSA County Office within 15 calendar days of the occurrence of the disaster or when losses become apparent. Since most of the state is suffering from drought, it might be time to get this done.

If filing for prevented planting, an acreage report and CCC-576 must be filed within 15 calendar days of the final planting date for the crop.

RURAL YOUTH LOANS

Beginning immediately through **Aug. 1st**, farmers and ranchers can nominate eligible peers or one's self as candidates for election to the Pinal County Farm Service Agency county committee.

Nominations may be you, another producer in same area, women in agriculture, minorities, socially disadvantaged farmers and ranchers. All are encouraged to apply. The Farm and Rural Investment Act of 2002 significantly expanded the requirements of the agency to expand its county committee members to include all interested participants. All applications must be submitted on form FSA-669A available on website: <http://www.fsa.usda.gov/elections> , by mail or in person at Pinal County FSA Office.

“Our goal is to have as many eligible candidates nominated to serve on FSA county committees as possible. We want to encourage everyone to get involved,” said Debbie Hopkins, Pinal County Executive Director. This year we hope you’ll consider nominating a farmer or rancher you know will make a real difference in his or her community.

Foreign Buyers Notification

The Agricultural Foreign Investment Disclosure Act requires all foreign owners of U.S. agricultural land to report their holdings to the Secretary of Agriculture. The Farm Service Agency administers this program for USDA.

Foreign persons who have purchased or sold agricultural land in the county are required to report the transaction to FSA with 90 days of the closing. Failure to submit the AFIDA form could result in civil penalties of up to 25 percent of the fair market value of the property. County government offices, Realtors, attorneys and others involved in real estate transactions are reminded to notify foreign investors of these reporting requirements.

The U.S. Department of Agriculture’s Farm Service Agency (FSA) makes operating loans to individual rural youths age 10 through 20 to establish and operate income producing projects. These projects must be of modest size and be initiated, developed, and carried out by rural youths participating in 4-H Clubs, FFA, or a similar organization or with a vocational teacher or county extension agent. The project must be an organized and supervised program of work. It must be planned and operated with the assistance of the organization advisor, produce sufficient income to repay the loan, and provide the youth with practical business and educational experience. Contact your local FSA office for more details.
