  - provided after each CFAT session
  - graded by contractor
  - proctored by contractor.

- CFAT Test 2 and CFAT Test 3

- each of the 4 PAT’s:
  - DLM
  - DLS
  - GLM
  - GLS

  **Note:** PAT’s are completed online in FLOTTRACK after appropriate FLOT Trainer/Trainee *Manual key concepts have been studied and completion dates have been entered by the trainer into FLOTTRACK. PAT’s were designed to be used in preparing for the---* Comprehensive Exam and may be taken using applicable handbooks * * * and notes. PAT’s will be retaken online until a passing score is achieved.
A Testing Components (Continued)

•*--each of the 4 program category sections covered on the Comprehensive Exam; the program category sections covered are:--*

  • Section A - DLM
  • Section B - DLS
  • Section C - GLM
  • Section D - GLS.

Note: The Comprehensive Exam is divided into Part A and Part B, providing the trainee the opportunity to take this exam over a 2-day period by completing Part A on day 1 and Part B on day 2. The trainee must turn in each part on the same day that part of the exam is taken. FLC or designee proctors the Comprehensive Exam. Participant may use applicable handbooks. * * *

•*--Comp Retest 1 or Comp Retest 2 in each of the 4 program category sections.

Note: Comp Retest 1 or Comp Retest 2 will be used only if acceptable scores are not--* achieved on the Comprehensive Exam.
Testing (Continued)

To maintain uniformity among States in the testing process, FLC or designee shall:

- proctor all tests given to a trainee

- provide the trainee with the necessary office supplies, calculator, and work paper to complete the test

- ensure that handbooks are available to the trainee and are free from notes or other markings that would assist in completing the test

- ensure that no notes or other material is brought into or taken from the test site

- ensure that appropriate FLOT Trainer/Trainee Manual sections are only used when completing PAT’s

Note: The FLOT Trainer/Trainee Manual may not be used when completing the
*--Comprehensive Exam, Comp Retest 1, or Comp Retest 2. It is permissible to use the CFAT manual during testing.

- enter in FLOTRACK:
  - Comprehensive Exam answers for Part A and Part B
  - Comp Retest 1 or Comp Retest 2 answers, as applicable

- conduct exit conferences with all trainees completing the Comprehensive Exam, Comp Retest 1, or Comp Retest 2, about topics the trainee had problems with or needs to--* have clarified.
Testing (Continued)

C Test Results

Test results will:

- be provided through FLOTRACK
- contain scores for each category section.

D Acceptable Scores

To ensure that an acceptable level of understanding of credit, financial analysis, and program regulations and implementation is met, a minimum score of 80 percent is required on:

- CFAT Exam, or CFAT Test 2 or CFAT Test 3
- each of the 4 PAT’s
- each of the 4 program category section areas covered on the Comprehensive Exam, or each completed Comp Retest 1 or Comp Retest 2.
E Failure to Achieve Minimum Acceptable Score

When the minimum acceptable score is **not** achieved on the required tests:

- AO shall review performance elements for accuracy, ensuring that requirements for obtaining and maintaining loan approval authority are reflected.

- Trainer will review and modify the existing IDP to address the areas of weakness in consultation with AO.

- Trainer will assign specific hands-on work in the areas of weakness from actual dockets.

- Trainee will acquire additional training by reviewing key concepts in the areas of weakness, CFAT training manual, and/or acquire additional understanding by a review of handbooks.

- Trainee will complete the identified hands-on work in the area of weakness.

- Trainee will take CFAT Test 2 or CFAT Test 3 and/or Comp Retest 1 or Comp Retest 2, as applicable.

**Note:** The results of a test may be used only as a basis for determining training needs or the need for a supervisory review and discussion of performance with the trainee.
A Performance Rating System

AO shall review the elements and standards established for trainees to determine whether each individual trainee’s responsibilities for loan making and servicing are adequately addressed.

All * * * actions, including establishing timeframes, monitoring progress/performance, *--additional training, and completing any re-testing, if necessary, shall be addressed.

Note: No critical performance element may be established requiring a trainee to pass a test.

B Developing IDP

AO, FLC, DD and trainer will develop IDP’s that clearly establish the training required to obtain:

- a working knowledge and understanding of credit and financial analysis program regulations

- loan approval authority according to 1-FLP.

IDP’s will be established for all employees without loan approval authority who have position descriptions that include loan approval and servicing responsibilities who have:

- not met the requirements established to obtain these authorities

- not demonstrated a working knowledge and understanding of credit principles and program regulations

- achieved only the minimum acceptable score on required tests.
C OTI or PIP

*--OTI or PIP shall be developed by FLC with the involvement of the trainer, supervisor, DD,--*
* and AO for any employee who currently has, is required to have, or has been designated to have loan approval authority, who is failing in 1 or more critical performance elements, and whose performance elements are determined adequate by the supervisor.

OTI or PIP will:

- address the employee’s specific weaknesses demonstrated through failure to achieve acceptable work performance
- require new training, retraining, or thorough review of training already received to identify and overcome impediments to acceptable work performance
- require a review of work processes to demonstrate knowledge, skills, and abilities essential for acceptable work performance

**Note:** Written tests may be used to determine the extent that employees need additional training or coaching to achieve acceptable work performance.

- include specific hands-on work in areas of weakness with specific timeframes for completing these assignments on a weekly basis

**--include a review and further study of the specific modules and handbooks relating to--**
the areas of weakness to reinforce the specific hands-on work.

The trainer and supervisor shall meet with the employee, as needed, until acceptable work performance is demonstrated.

OTI or PIP can extend from 60 to 120 calendar days.
A Timeframe for Completing Training and Receiving Authorities

Employees who became DD’s or were hired into an FLP position requiring loan approval authority after January 1, 2000, have 1 calendar year from assuming the position to complete the required training and all testing, and an additional 6 months to obtain delegated loan making and servicing authority.

CED’s designated by SED to obtain loan approval authority have 1 calendar year from designation to complete the required training and all testing, and an additional 6 months to obtain delegated loan making and servicing authority.

*--FLO’s and FLOT’s have 1 year from the date of hire to complete Phase 1 training. FLOT’s may be permitted additional time to re-test in the program areas, if needed, and an OTI may be developed.

When a FLOT receives delegated loan approval authority, they will be considered to have completed the FLOT program.--*

* * * FLO and FLOT may receive career ladder promotions up to and including the GS-9 grade level without loan approval authority, so long as they meet time-in-grade requirements and their performance warrants the promotion based on the performance rating completed by their first level supervisor.

To be promoted to the GS-11 grade level, FLO must have:

- successfully completed the FLOT program
- obtained loan approval authority, and shown proficiency in completing the duties and responsibilities of FLO, with limited supervision
- met time-in-grade requirement
- performed at a level warranting promotion to the GS-11 grade level, based on the performance review completed by their first level supervisor.
Completing FLP Training (Continued)

B Personnel Action

At the end of OTI or PIP, except for CED’s, if the supervisor determines that the employee is still failing a critical performance element, the supervisor, in conjunction with AO and KCHRO, will propose appropriate personnel action.

  • decide if loan approval authority should be delegated to the employee  
  • take any other action as deemed appropriate on a case-by-case-basis. |

If loan approval authority is delegated to this employee, at a minimum, all loans and servicing actions approved by this employee will be required to be post-reviewed by the State Office for a period of 1 calendar year.
