DCP and ACRE Sign-Ups

FSA will begin sign-ups for DCP and ACRE for the 2013 crops on Feb. 19, 2013. The DCP sign-up period will end on Aug. 2, 2013; and the ACRE sign-up period will end on June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

Read more about DCP and ACRE or contact the FSA county office for more information, or an appointment to enroll.

Hispanic & Women Claims of Discrimination

Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades can file claims until March 25, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied their applications for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000.

The voluntary claims process will make available at least \$1.33 billion for cash awards and tax relief payments, plus up to \$160 million in farm debt relief. There are no filing fees to participate in the program. Claimants can obtain a claims package through the toll-free number or by visiting the website below.

Website: www.farmerclaims.gov

Phone: 1-888-508-4429

Deadline for Claims: March 25, 2013.

MILC Contracts Extended

Dairy producers enrolled in the Milk Income Loss Contract program (MILC) will have their contracts automatically extended through Sept. 30, 2013. There is no need to re-enroll in the program. The MILC program was part of several FSA-related programs that were continued with the extension of the 2008 Farm Bill. Dairy operations may select a new production start month and to do so must visit their local office between Feb. 1 and Feb. 28, 2013 (relief period.)

SURE Program Status

The Supplemental Revenue Assistance Payments (SURE) Program provides assistance to producers suffering crop losses due to natural disasters occurring through Sept. 30, 2011. To receive SURE payments, an eligible producer must have qualifying losses of at least 10 percent production loss affecting at least one crop of economic significance due to natural disaster on a farm in a disaster county.

Producers outside a declared disaster county are eligible if they experience production losses greater than or equal to 50 percent of normal production in the farm. To be eligible for SURE, a producer must have obtained a policy or plan of insurance for all crops through the Federal Crop Insurance Corporation and obtained Noninsured Crop Disaster Assistance Program (NAP) coverage, if available, from the Farm Service Agency. Forage crops intended for grazing are not eligible for SURE benefits. Deadline to apply for SURE is June 7, 2013.

Upcoming Acreage Reporting Deadline - March 15

The next acreage reporting deadline for this county is MARCH 15 for all small grains. Eligibility for certain FSA programs require producers to timely report ALL acreage to this office. If you have not done so already, please contact this office to arrange an appointment to report your small grains acreage by the deadline.

Payment Limitations

All payment eligibility and payment limitation provisions, including AGI limitations, are extended for the 2013 crop year, program year, and fiscal year. All rules and requirements effective for 2012 program payments and benefits are applicable to eligible recipients of 2013 program payment and benefits. This includes the requirements of actively engaged in farming, cash-rent tenant, substantive change, minor child, and spousal provisions. Payments will continue to be limited by direct attribution to person and legal entity. Additional information on payment limitations is available at FSA county offices or online at: www.fsa.usda.gov.

Actively Engaged

To be eligible for payments and benefits under specified programs, all program participants, either individuals or legal entities, must provide significant contributions to the farming operation to be considered as "actively engaged in farming." Contributions can consist of capital, land, and/or equipment, as well as active personal labor and/or active personal management. The management contribution must be critical to the profitability of the farming operation and the contributions must be at risk.

Each partner, stockholder or member with an ownership interest must contribute active personal labor and/or active personal management to the farming operation on a regular basis. The contribution must be identifiable and documentable; as well as separate and distinct from the contributions made by any other partner, stockholder or member. If any partner, stockholder or member with an ownership interest fails to meet this requirement, program payments will be reduced by the corresponding share held by that partner, stockholder or member. There is an exception allowed for legal entities, such as corporations, if total direct payments received

both directly and indirectly, by the legal entity and its members do not exceed \$40,000.

New Microloans Available

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and the smallest of family farm operations. The program will operate similar to the Operating Loan program but will include reduced requirements for managerial experience and loan security, as well as reduced paperwork. The microloan program can be used for such expenses as annual crop inputs, marketing and distribution expenses, purchase of livestock and equipment, and minor farm improvements such as wells and coolers. Eligible applicants may obtain a microloan for up to \$35,000. The repayment term may vary and will not exceed seven years. Annual operating loans are typically repaid within 12-18 months of when the loan is closed. The interest rate is the same as the regular Operating Loan (currently 1.25%). For more information, please contact FLP staff @ 661.336.0967.

Loans for Socially Disadvantaged Farmers

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating type loans and/or purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of socially disadvantaged groups.

A socially disadvantaged applicant is a member of a group whose members have been subjected to racial, ethnic or gender prejudice without regard to their individual qualities.

For purposes of this program, socially disadvantaged groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere. For more information, please contact FLP staff @ 661.336.0967.
