County Committee News Election Results

Congratulations to Brent Gilkey and Fred Holt Jr. Brent was recently elected to represent farmers from the Corcoran area on the County Committee. Fred Holt Jr. will serve as 1st alternate. FSA appreciates all of the voters for taking the time to complete the election ballot. The county committee system works only because of your participation.

The committee members will hold their organizational meeting in January to determine who will serve as the County Committee Chairperson and Vice-Chairperson. In addition to Brent Gilkey, Ralph Alcala Jr. (Hanford area) and Ceil Howe III (Lemoore/Stratford area) will continue to represent their respective areas.

The Farm Service Agency would also like to acknowledge the 22 years of service provided by retiring County Committee member Peter Rietkerk. Peter served in the capacity of County Committeeperson for 9 years, as well as Community Committeeperson prior to his election as a regular member.

IRS 1099 Changes

Calendar year 2012 brought changes to the way FSA reports farm program payments to the producer and to the IRS.

In past years, IRS Forms 1099-G would be issued to show all program payments received from the Farm Service Agency, regardless of the amount.

For calendar year 2012, producers whose total reportable payments from FSA were less than \$600 will not receive IRS Form 1099-G. Also, producers who receive payments from more than one county will only receive one Form 1099-G if the total of all payments from all counties is \$600 or more.

The same changes will apply to producers and vendors who normally receive IRS Form 1099-MISC from FSA.

Farm Bill

"When can I sign up?"

We have received many inquiries from producers wanting to sign up in the traditional row crop program, most recently known as the Direct and Countercyclical Program, as well as the Milk Income Loss Contract (MILC) program. Although recent legislation has extended some parts of the expired farm bill, details are not yet known. No signups will be taken for these programs until further notice. More information will be sent out to producers when the information becomes available. **Even though we are not yet enrolling producers for these programs, acreage reporting deadlines are still in effect.**

2011 Supplemental Revenue Assistance Program Applications

The Farm Service Agency (FSA) will continue to accept SURE applications for 2011 crop losses through June 7, 2013. The SURE Program provides payments to producers when crop revenues are less than the crop guarantee. The SURE Program payment is equal to 60 percent of the difference between the crop guarantee and revenue. To be eligible, the producer must have at least one crop with a 10 percent production loss.

To determine the guarantee and revenue for the SURE Program, all crops on all farms for a producer are included in the calculation. Payments under the SURE Program are limited to \$100,000.

To be eligible for the 2011 SURE Program, producers must have crop insurance on all insurable crops. For crops that are not covered by crop insurance such as pumpkins and cucumbers, producers must have purchased Non-Insured Crop Disaster Assistance Program (NAP) coverage from FSA. The Crop Insurance and NAP purchase requirement is waived for crops that are not economically significant to the farming operation.

For more information concerning the 2011 SURE program or other Farm Service Agency programs, contact your local FSA office or visit the Farm Service Agency website at www.fsa.usda.gov

Highly Erodible Land and Wetland Compliance

Landowners and operators are reminded that in order to receive payments from USDA, compliance with Highly Erodible Land (HEL) and Wetland Conservation (WC) provisions is required. Farmers with HEL deter-

mined soils must comply with tillage, crop residue, and rotation requirements as specified in their conservation plan.

Producers should notify FSA prior to conducting land clearing or drainage projects to insure compliance. If you intend to clear any trees to create new cropland, these areas will need to be reviewed to ensure any work will not jeopardize your eligibility for benefits.

Landowners and operators can complete form AD-1026 Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification to determine whether a referral to Natural Resources Conservation Service (NRCS) is necessary.

For more information on Highly Erodible Land and Wetland Conservation provisions, contact a FSA County Office or visit the FSA website at www.fsa.usda.gov

Marketing Assistance Loans (MAL)

Short-term financing is available through FSA's low interest commodity loans for eligible harvested production. A nine-month Marketing Assistance Loan provides financing that allows producers to store production for later marketing at a potentially better price. The crop may be stored on farm or in a warehouse.

Loans are available for producers who share in the risk of producing the eligible commodity and maintain beneficial interest in the crop through the duration of the loan. Beneficial interest means retaining the ability to make decisions about the commodity, responsibility for loss because of damage to the commodity and title to the commodity. Once beneficial interest in a commodity is lost, it is ineligible for a loan, even if you regain beneficial interest.

The deadline to request a grain loan is March 31, 2013, for wheat and oats and May 31, 2013, for corn, soybeans and sorghum.

Special Accommodations

Special accommodations will be made upon request for individuals with disabilities, vision impairment or hearing impairment. If accommodations are required, individuals should notify the county FSA office staff in person or by phone. This service is provided for office visits and any special event sponsored by FSA.

Hispanic and Women Farmer and Rancher Claims Period

Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades can file claims until March 25, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied their applications for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000.

As announced in February 2011, the voluntary claims process will make available at least \$1.33 billion for cash awards and tax relief payments, plus up to \$160 million in farm debt relief to eligible Hispanic and women farmers and ranchers. There are no filing fees to participate in the program.

USDA will continue reaching out to potential Hispanic and female claimants, around the country to inform those who may be eligible for this program.

Website: www.farmerclaims.gov

Phone: 1-888-508-4429

Deadline for Claims: March 25, 2013.

Claimants can obtain a claims package in the mail by calling 1-888-509-4429 or by visiting the website www.farmerclaims.gov

Beginning and Limited Resource Farmers

FSA assists beginning farmers and members of socially disadvantaged groups to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- Has operated a farm for not more than 10 years
- Will materially and substantially participate in the operation of the farm
- Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- Does not own a farm in excess of 30 percent of the county's median size.

Additional program information, loan applications and other materials, you may contact Farm Loan Program team members. Farm Loan Programs staff members for Kings County are located in the FSA office in Visalia. They may be reached at (559) 734-8732. You may also visit www.fsa.usda.gov

Noninsured Crop Disaster Assistance Program (NAP)

The noninsured crop disaster assistance program (NAP) is a federally funded program that helps producers reduce their risk when growing food and fiber crops, specialty crops and crops for livestock feed. These benefits are only available for crops for which the catastrophic level of crop insurance is not available. Application for coverage must be filed by the applicable crop's application closing date.

Production records for all crops must be reported to FSA no later than the acreage reporting date for the crop for the following year. FSA requires that any production reported in a loss year be verified according to agency specifications. *NAP losses must be reported within 15 days of loss.*

Controlled Substance

Any person convicted under federal or state law of a controlled substance violation could be ineligible for USDA payments or benefits. Violations include planting, harvesting or growing a prohibited plant. Prohibited plants include marijuana, opium poppies and other drug producing plants.

FSA Signature Policy

Husbands and wives may sign documents on behalf of each other for FSA and Commodity Credit Corporation programs in which either has an interest. This option is automatically available unless a written request for exclusion is made to the county office staff by either spouse.

There are exceptions to the rule. Spouses may not sign on behalf of each other for partnerships, joint ventures, corporations or other similar entities.

Individual signatures are also required on certain Farm Loan Program and Farm Storage Facility Loan documents.

For more clarification on spousal signature authority, contact your local FSA office.

Appeal Process

After an FSA official makes a decision on a request for USDA services or application, the producer will be sent a letter informing him/her of the decision and options that can be pursued.

Generally, program participants have three choices — an informal review with the original agency decision-maker, an opportunity for mediation and finally an appeal to the next level of authority within the agency. County office staff has further details.

Foreign Buyers Notification

The Agricultural Foreign Investment Disclosure Act (AFIDA) requires all foreign owners of U.S. agricultural land to report their purchases or sales of property to the Secretary of Agriculture. The Farm Service Agency administers this program for USDA.

All individuals who are not U.S. citizens, and have purchased or sold agricultural land in the county are required to report the transaction to FSA within 90 days of the closing. Failure to submit the AFIDA form (FSA-153) could result in civil penalties of up to 25 percent of the fair market value of the property. County government offices, realtors, attorneys and others involved in real estate transactions are reminded to notify foreign investors of these reporting requirements.

Farming Operation Changes

Producers who have bought or sold land, or added or dropped rented land from their operation must report those changes to the FSA office as soon as possible. A copy of the deed or recorded land contract for purchased property is needed to maintain accurate records with FSA. Failure to report changes can lead to possible program ineligibility and penalties. While making record updates, be sure to update signature authorizations. Making record changes now will save time in the Spring.

Power of Attorney

For those who find it difficult to visit the county office because of work schedules, distance, health, etc., FSA has a power of attorney form available that allows producers to designate another person to conduct business at the office. If interested, contact our office or any Farm Service Agency office for more information.

Bank Account Changes

Current policy mandates that FSA payments be electronically transferred into a bank account. In order for timely payments to be made, producers need to notify the FSA county office when an account has been changed or if another financial institution purchases the bank where payments are sent. Payments can be delayed if the FSA office is not aware of updates to bank accounts and bank routing numbers.

Dates to Remember

Jan. 21	FSA Offices closed, Martin Luther King Jr. Birthday Holiday
Jan 31	Last day to apply for LDP for Unshorn Lamb Pelts
March 1	NAP 2013 Sales Closing Date for all annual crops
March 15	2013 Acreage Report due for wheat, barley, oats, seed alfalfa, fruit/nut crops *Please note that this is a change from previous years
March 25	Hispanic and Women Farmer and Rancher Claims Period Ends
May 15	2013 Acreage Report due for Grapes
June 7	SURE applications due for 2011 crop year

Acreage Reporting Time

Acreage reporting deadline dates have changed for the 2013 crop year. If you have crops which are planted, please call the office to schedule an appointment to file your acreage report. Calling ahead will allow our office to provide you with better customer service. You will need to provide planting dates at the time of the report. For permanent crops, in addition to the planting dates, you will need tree spacing, and the number of trees per acre. For wheat plantings, you will need to notify FSA whether your wheat variety is red, white or durum.

Crop	Practice/Final Plant Dates	Reporting Deadlines
Perennial Forage (Alfalfa), Native Grass & Clover		December 15, 2012
Honey		January 2, 2013
Sugar Beets	Planted 9/1-12/31	January 15, 2013
Citrus Crops		January 15, 2013
Wheat/Barley/Oats	Fall Seeded	March 15, 2013
Alfalfa Seed, Almonds, Apples, Cherries, Apricots, Peaches, Nectarines, Prunes, Walnuts, Pistachios		March 15, 2013
Grapes		May 15, 2013
Sugar Beets	Planted 1/1-4/30	May 15, 2013
Corn, Cotton, Dry Beans, Tomatoes, Grain Sorghum, Onions, Safflower and all other crops		July 15, 2013
Sugar Beets	Planted 5/1-6/30	July 15, 2013

Monday — Friday

The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.
