## FSA Staff

**Ted Van Steyn**  
County Executive Director

**Ruth Ford**, Lead PT  
**Jesse Simoes**, PT  
**Danielle LeRoux**, PA

## Livestock Forage Disaster Program

The Livestock Forage Disaster Program (LFP) provides compensation to eligible livestock producers who suffer grazing losses for covered livestock due to: drought conditions or fire on federally managed land.

Eligible livestock producers may receive assistance for eligible livestock grazing losses that occur due to drought or fire on or after January 1, 2008, and before October 1, 2011, during the calendar year in which the loss occurs.

County committees can only accept applications after being notified by the National Office of qualifying drought as signified by a Drought Monitor level of D2 or higher, or if a Federal agency prohibits producers from grazing normally permitted livestock on Federal managed lands due to a qualifying fire. FSA began accepting 2008 calendar year applications September 14, 2009.

### **The applications must be filed by December 14, 2009. Late filed applications for LFP cannot be approved.**

For 2009 and subsequent years, signup applications must be filed no later than 30 calendar days after the end of the calendar year in which the grazing losses occurred. Losses must occur in the calendar year the application is being filed.

The monthly payment rate will be an amount equal to 60 percent of the lesser of:

- the monthly feed cost for all covered livestock, using a feed grain equivalent (for example, the feed grain equivalent for an adult beef cow is 15.7 pounds of corn per day)
- the monthly feed cost calculated using

the normal carrying capacity for the grazing land.

Drought eligibility criteria require that the drought must have occurred on:

- native or improved permanent vegetative cover
- small grains or forage sorghum planted specifically for grazing

Losses due to drought must occur during the normal grazing period for the specific type of grazing land.

Additional Information about LFP including eligible livestock and fire criteria is available at county FSA offices or on line at:

[www.fsa.usda.gov](http://www.fsa.usda.gov).

## Acreage Reports Needed For SURE

Because of the delay in announcing the provisions of the Food, Conservation, and Energy Act of 2008, producers enrolling in the Supplemental Revenue Assistance Program (SURE) are reminded that 2008 crop reports are required for SURE participation. This includes crops planted on cropland and/or non-cropland, including native pasture or improved grass that will be hayed.

Physical evidence of the crop in the field is not required for Farm Service Agency (FSA) to accept late-filed 2008 acreage reports. "However, evidence of existence or disposition, is required.

The following requirements for 2008 SURE include:

- producers **must** report all crops, in all counties, in which they have an interest

Continued Page 2: Reports Needed for SURE

Continued from Page 1 Reports Needed for SURE

- late filed fees shall be waived for late-filed 2008 acreage reports and physical evidence in the field is not required
- if the actual use of a crop is different from the intended use reported, the producer may report the final use to the County Office; however, the intended use shall **not** be changed.

The provisions noted are for 2008 only. For 2009 and 2010, normal acreage reporting requirements will be applied.

More details on the 2008 SURE Program are available at county FSA offices or on line at [www.fsa.usda.gov](http://www.fsa.usda.gov)

## Supplemental Disaster Assistance Programs

The 2008 Farm Bill amended the Trade Act of 1974 to create five new disaster programs, collectively referred to as Supplemental Agriculture Disaster Assistance programs. These programs include:

- Emergency Assistance for Livestock, Honey Bees, and Farm-Raised Fish (ELAP)
- Livestock Forage Disaster Program (LFP)
- Livestock Indemnity Program (LIP)
- Supplemental Revenue Assistance Payments (SURE) Program
- Tree Assistance Program (TAP)

To be eligible for these programs, producers must purchase at least catastrophic risk protection (CAT) level of crop insurance for all insurable crops and/or Noninsured Crop Disaster Assistance Program (NAP) coverage for non-insurable crops under SURE, TAP, and ELAP.

In the 2008 Farm Bill; in general, the term "farm" means the sum of all crop acreage in all counties that is planted or intended to be planted for harvest by the eligible producer. In the case of aquaculture, the term "farm" means all fish being produced in all counties that are intended to be harvested for sale by the eligible producer. In the case of honey, the term "farm" means all bees and beehives in all counties that are intended to be harvested for a honey crop by the eligible producer.

Producers who meet the definition of a Socially Disadvantaged, Limited Resource Producer, or Beginning Farmer or Rancher, do not have to meet this risk management purchase requirement.

## Voting for County Committee Begins

Ballots for this year's county committee election will be mailed to eligible voters on November 6, 2009. Voters must complete their ballots and return them to the Farm Service Agency county office by the close of business on December 7, 2009. If mailed, ballots must be post-marked by midnight December 7, 2009.

Eligible voters in local administrative areas 1 (North Sacramento), 5 (West Placer) & 4 (Amador) who have not received a ballot should contact the FSA county office staff.

**Voter Requirements** Persons meeting requirements in **1 or 2, plus 3**, below, is eligible to vote:

**1.** Be of legal voting age and have an interest in a farm or ranch as either of the following:  
an owner, operator, tenant or sharecropper, *or*  
a partner in a general partnership or member of a joint venture that has an interest in a farm as an owner, operator, tenant or sharecropper; *or*

**2.** Not of legal voting age, but supervises and conducts the farming operations on an entire farm; *and*

**3.** Eligible to participate in any FSA program that is provided by law, regardless of the status of funding.

**Discrimination Prohibited** No person shall be denied the right to vote because of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation or marital or family status.

## LFP Maps

FSA's Livestock Forage Disaster Program (LFP) compensates eligible livestock producers for grazing losses suffered because of drought conditions that occurred from January 1, 2008, to October 1, 2011.

This program provides financial assistance to producers who suffered grazing losses due to drought or fire on or after January 1, 2008, and before October 1, 2011, during the calendar year in which the loss occurs. Fire losses must have occurred on federally managed lands.

Weekly LFP Payment Eligibility maps *Continue on Page 3: Livestock Feed*  
*Continue from Page 2 Livestock Feed*  
that depict the weekly LFP payment eligibility by county for the US and Puerto Rico, based on grazing periods, drought intensity, and forage types can now be found on FSA's internet Web site at:

<http://www.fsa.usda.gov/FSA/webapp?area=home&subject=diap&topic=lfp>.

The four most current county level LFP maps will be:

- posted in the Disaster Assistance Program section on the FSA Internet web site
- updated on a weekly basis
- provided for each year and each eligible grazing type.

## Farm Loan Year End Reviews

Producers that have a farm loan with FSA are reminded they must provide data for their Year-End Analysis (YEA) to their loan officer each year. Borrowers are urged to provide this information timely so that their files can be maintained. The office will contact you for the data you will need to provide us.

### *Applications for FSA Farm Loan Assistance*

Farmers and ranchers that intend to apply to the Farm Service Agency for loan assistance for the upcoming crop year are encouraged to file their applications as early as possible. Filing early will help ensure that your loan is processed and approved as early as possible so that planting decisions can be made. Failure to apply early can result in a delay in processing loans due to the volume of applications that must be processed in date order. Contact your local FSA Farm Loan Manager or Officer for more details and assistance in applying.

### *Operating Loan Applications Needed Now*

Farmers that plan to apply to the FSA for annual operating loan assistance this year are encouraged to apply as soon as possible. The earlier an application for loan assistance is filed, the quicker the FSA staff can process your request. In addition, due to budget constraints, farmers that wait until later in the year to apply, run the risk of finding out that our funding allocations have been utilized already. Farmers should also contact their FSA Farm Loan Manager or Officer at (209)-472-7127 for Sac, Amador & El Dorado producers and (530)-671-0850 for Placer producers to obtain information as to what is required in order to have a complete loan application on file. Decisions on loans can not be made until a complete application is received.

## Online Services

Producers, if you have Internet access you can electronically log on, fill out and print a variety of FSA paper forms in the comfort of your home as your schedule allows. You can also register for secure electronic access that will allow you to electronically sign and transmit some forms directly to the county office staff. If you are new to the website, first you will want to obtain a Level 2 USDA Service Center Customer ID and password at: <http://www.eauth.egov.usda.gov/> and then click on "Create an Account Page" link.

USDA eAuthentication is the system used by USDA agencies to enable customers to obtain accounts that will allow them to access USDA Web applications and services via the Internet. This includes things such as submitting forms electronically, completing surveys online, and checking the status of your USDA accounts.

If you already have a Customer ID and password, then click on the following eForms website at:

<http://forms.sc.egov.usda.gov/eforms/mainservlet> and then click on the "Sign In" button. A disclaimer window will open and after you read the "Warning message" click on the "Continue" button.

Then the USDA Web services page will open to the eAuthentication login page. Enter your login User ID and password and then click on the "Login" button. To sign and transmit forms electronically, you must sign-up and get a User ID and password.

Submitting an e-Form is convenient. You can access information anytime day or night seven days a week. It's faster and forms and applications can be submitted and received in the county office in a matter of minutes, not days or weeks.

## Selling Land

If you're planning to sell farmland, there may be some program consequences you should be aware of. For example, if you're planning to sell land that's enrolled in the Conservation Reserve Program, the buyer must agree to continue the enrollment. If the buyer doesn't want to continue the CRP contract, you might have to refund all the payments you've received to date.

Reviewing program implications with your local Farm Service Agency staff before completing a sale of farmland is always a prudent precaution.

Dates to Remember	
Nov. 6	County committee ballots mailed.
Nov. 11	Veterans Day Holiday
Nov. 26	Thanksgiving Day Holiday

## Changing Banks

Almost all FSA payments are made electronically using Direct Deposit. This innovation has cut down on the number of missing and late payments and reduced the time required to move funds. It has been calculated that having a problem with a payment is 20 times greater with checks than with Direct Deposit. Another benefit is that Direct Deposit to your account can be made within 48 hours.

To keep the system running smoothly, it's critical to keep the county office staff up to date on changes you might make in your financial institutions.

If you have changed accounts or institutions that might affect the direct deposit of your FSA payments, contact the FSA county office so we can update our files to insure continued uninterrupted service.

## Unauthorized Disposition of Loaned Grain

If loan grain has been disposed of through feeding, selling or any other form of disposal without prior written authorization from the county office staff, it is considered unauthorized disposition. The financial penalties for unauthorized dispositions are severe and a producers name will be placed on a loan violation list for a two-year period. Always call the office before any grain under loan is fed or sold.

The United States Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance programs. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (800) 795-3272 (voice) or (202)-720-6382 (TDD). USDA is an equal opportunity provider and employer."
