Farm Loan Officer
Barbara Hawley,
Program Technician
Carolyn A. Tomczyk,
Program Technician

2010 FSA County Committee Elections

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to ALL farmers and ranchers, whether beginning or long established, with large or small operations. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture.

County Committee (COC) members are a critical component of FSA operations. The intent is to have the COC reflect the makeup of the producers and to represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

County committees provide local input on:

- Commodity price support loans and payments
- Conservation programs
- Incentive, indemnity and disaster payments for some commodities
- Emergency programs
- Payment eligibility

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

Election Period

June 15, 2010 – The nomination period begins. Request nomination forms from the local USDA Service Center or obtain online at:

http://www.fsa.usda.gov/Internet/FSA_File/sa0669a_commiteelectform.pdf

Aug. 2, 2010 - Last day to file nomination

forms (FSA-669A) at the local USDA Service Center

Nov. 5, 2010 - Ballots mailed to eligible voters

Dec. 6, 2010 - Last day to return voted ballots to the USDA Service Center

Jan. 1, 2010 - Newly elected county committee members take office

Who Can Hold Office

To hold office as a county committee member, a person must meet the basic eligibility criteria.

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the LAA in which the person is a candidate

Not have been:

- Removed or disqualified from the office of county committee member, alternate or employee
- Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony
- Dishonorably discharged from any branch of the armed services.

Nominations

To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. This form is available at USDA Service Centers and online at:

http://www.fsa.usda.gov/Internet/FSA_File/fsa0669a_commiteelectform.pdf

Nomination forms for the 2010 election must be postmarked or received in the local USDA Service Center by close of business

Continued from Page 1: COC Election

Agricultural producers who participate or cooperate in an FSA program may be nominated for the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

Who Can Vote

Agricultural producers of legal voting age may be eligible to vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm may also be eligible to vote. More information about voting eligibility requirements can be found in the FSA fact sheet titled "FSA County Committee Election - Eligibility to Vote and Hold Office as a County Committee Member." Producers may contact their local USDA Service Center for more information.

Crop Reporting

The annual, timely and accurate reporting of acres for all crops and land uses, including failed acreage, can prevent loss of benefits for a variety of FSA programs. All cropland on the farm must be reported to receive benefits. Crop reports, form FSA-578, Report of Acreage, must account for all cropland on a farm, whether idle or planted. ***Producers need to file their acreage reports by July 15, 2010.***

Prevented Planting:

Prevented planting needs to be reported no later than 15 calendar days after the final planting date.

Failed Acreage:

Reports of failed acreage must be filed before disposition of the crop, and producers must be able to establish to the satisfaction of the county committee that the crop failed and was prevented from being replanted through the normal planting period because of natural disaster conditions.

NOTE:

Please call the office at 860-626-8852 to make an appointment to come in to report your acreage.

TREE ASSISTANCE PROGRAM (TAP)

The Orchardists and nursery tree growers can begin applying for benefits under the Tree Assistance Program (TAP), which was authorized in the 2008 Farm Bill. Signup began on Monday May 10, 2010, at all local Farm Service Agency (FSA) offices. This program helps our orchardists and nursery tree growers replant and get back on their feet after natural disasters.

The Tree Assistance Program (TAP) provides help to orchardists and nursery tree growers who produce trees, bushes and vines for commercial purposes, to replant or rehabilitate trees, bushes and vines damaged or destroyed by natural disasters. The 2008 Farm Bill expanded eligibility to include Christmas tree and nursery tree growers that were ineligible under prior legislation. Trees grown for pulp or timber or not grown for commercial purposes are not eligible.

To be eligible for TAP, producers must have suffered more than 15 percent death loss due to the natural disaster after adjustment for normal mortality. TAP is a cost-reimbursement program, with payments covering up to 70 percent of replant costs and 50 percent of pruning, removal and other salvaging costs for replacing or salvaging damaged trees.

Producers can receive assistance for up to 500 acres of trees, bushes or vines. ***Producers must also have purchased a policy or plan of insurance under the Federal Crop Insurance Act or Noninsured Crop Disaster Assistance Program, or for 2008, obtained a waiver of the risk management purchase requirement through the buy-in provision.*** Eligible losses must have occurred on or after January 1, 2008, and before October 1, 2011. For more information on the new TAP program, please contact this office or please go to the USDA website at <http://www.fsa.usda.gov/tap>.

HAVE YOU CHANGED YOUR BANK LATELY?

Please call this office at 860-626-8852, if you have changed your bank lately, so we will have the opportunity to update your records in our computer system before you receive a payment from this office. Thanks!

DCP Signup

Enrollment for the 2010 Direct and Counter-cyclical Program (DCP) will continue through June 1, 2010. USDA urges producers to make use of the eDCP automated website to sign up, or producers can visit any USDA Service Center to complete their 2010 DCP contract.

USDA computes DCP Program payments using base acres and payment yields established for each farm. Eligible producers receive direct payments at rates established by statute regardless of market prices. For 2010, eligible producers may request advance direct payments based on 22 percent of the direct payment.

Contact the nearest FSA office for more information .

Farm Reconstitutions

At FSA, farms are “constituted” to group all tracts having the same owner and the same operator under one farm serial number. When changes in ownership or operation take place, a farm reconstitution is necessary. If an owner or operator can not agree about program participation, then producers should inquire about a Reconstitution at the local FSA office.

The reconstitution—or recon—is the process of combining or dividing farms or tracts of land based on the farming operation. Remember, to be effective for the current year, recons must be requested by August 2, 2010 for farms enrolled in specific programs.

Farm Loan Programs

The Farm Service Agency is committed to providing family farmers with loans to meet their farm credit needs. If you are having trouble getting the credit you need for your farm, or regularly borrow from FSA, direct and guaranteed loans are currently available.

Ask your lender about an FSA loan guarantee if you’ve had a setback and your lender is reluctant to extend or renew your loan.

Farm ownership loans or farm operating loans may be obtained as direct loans for a maximum of up to \$300,000. Guaranteed loans can reach a maximum indebtedness of \$1,112,000. Producers are encouraged to apply early so that a loan can be processed and funded in a timely manner.

FSA employees will help you complete the necessary application and other forms, and help you understand what information is required, where to find it or who to contact to get it. To find out more about FSA loan programs, contact the county office staff.

SURE Program

The Supplemental Revenue Assistance Program (SURE) provides benefits for farm revenue losses due to natural disasters that incurred in the crop years 2008 through September 30, 2011. To be eligible for SURE payments, a producer is required to obtain crop insurance on all crops in all counties or, if crop insurance is not available, to participate in the Non-Insured Assistance Program (NAP) except for grazed acreage. However, crop insurance or NAP coverage is no longer required for crops that are not of economic significance or those where the administrative fee required to buy NAP coverage exceeds 10% of the value of the coverage.

Eligible farmers and ranchers who meet the definition of Socially Disadvantaged, Limited Resource, or Beginning Farmer or Rancher are exempt from the risk management purchase requirement.

The following conditions trigger SURE payments:

- At least one crop of economic significance must suffer a 10% production loss due to an eligible disaster condition
- Prop of economic significance is a crop that has contributed or would have contributed at least 5% or more of the total expected revenue from all crops on the farm
- Producers in counties declared disaster counties by the Secretary of Agriculture, or in contiguous counties, or those who show proof of an individual loss of at least 50% are eligible to receive SURE payments for crop producer or crop quality losses. Losses are measured with consideration to the whole-farm revenue, which includes crop insurance indemnities and commodity program payments, so that producers are not paid more than once for the same loss.

A SURE calculator is available at:

<http://www.fsa.usda.gov/FSA/webapp?area=home&subject=diap&topic=sure>. The calculator is not official, but is intended for educational use. A fact sheet and backgrounder are also available online.

Reasonable Accommodations

Reasonable accommodations will be made, upon request, for individuals with disabilities, vision impairment or hearing impairment.

If special accommodations are required, please call the Farm Service Agency county office staff at 860-626-8852, and we will be happy to make any arrangements that are necessary.

Beginning and Limited Resource Farmers and Ranchers

FSA has funding to assist beginning farmers and/or members of socially disadvantaged groups to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. For more information about being a beginning farmer or limited resource farmer or rancher, please call this FSA office at: 860-626-8852.
