## Signup Began for LFP and ELAP

Signup for the Livestock Forage Disaster Program (LFP) and the Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP) began Sept. 14, 2009.

LFP provides financial assistance to eligible livestock producers who have suffered grazing losses due to qualifying drought or fire. For drought the losses must have occurred on land that is native or improved pastureland with permanent vegetative cover or a crop planted specifically for grazing for covered livestock due to a qualifying drought during the normal grazing period for the specific type of grazing land in the county. In order for a county to be eligible for LFP, they must meet a qualifying drought rating as determined by the U.S. Drought Monitor. County offices will be notified by the National FSA Office when they have qualified for a drought according to the U.S. Drought Monitor. For fire, LFP provides payments to eligible livestock producers that have suffered grazing losses on rangeland managed by a federal agency if the eligible livestock producer is prohibited by the federal agency from grazing the normal permitted livestock on the managed rangeland due to a qualifying fire.

ELAP provides emergency assistance to eligible producers of livestock, honeybees, and farm-raised fish that have losses due to disease, adverse weather or other conditions, including losses due to blizzards and wildfires. ELAP assistance is for losses not covered under other Supplemental Agricultural Disaster Assistance programs established by the 2008 Farm Bill, specifically LFP, the Livestock Indemnity Program (LIP), and the Supplemental Revenue Assistance Payments Program (SURE). ELAP is being implemented to fill in the gap and provide assistance under other conditions determined to be appropriate.

For both programs, producers must have suffered losses that occurred on or after January 1, 2008, and before October 1, 2011. Producers are also required to meet a Risk Management Purchase Requirement in order to be eligible for these programs. Producers must have timely applied for and obtained either crop insurance; or Non-insured Crop Disaster Assistance (NAP) coverage.

For 2008 calendar year losses, applications may be taken beginning Sept. 14, 2009, and must be filed by Dec. 10, 2009. For 2009 and subsequent years signup, applications must be filed no later than 30 calendar days after the end of the calendar year in which the losses occurred. Losses must occur in the calendar year the application is being filed.

Eligible livestock list is available at [www.fsa.usda.gov/mt](http://www.fsa.usda.gov/mt).

## Linkage Requirements for SURE

According to the American Recovery and Reinvestment Act 2009 (stimulus package) any producers that did "buy-in 2" (2/17/09 - 5/18/09), to become eligible for 2008 SURE, are required to meet linkage by purchasing coverage in the next available year at a level of coverage equal to 70% of the yield and 100% of the price for insurable crops or NAP coverage for NAP crops.

## COC Ballots Received in Nov.

FSA will mail County Committee Election ballots to producers beginning Nov. 6<sup>th</sup>. The voted ballots are due back to the local county office either via mail or in person by Dec. 7, 2009.

FSA county committee members make decisions on disaster and conservation programs, emergency programs, commodity price support loan programs and other important agricultural issues. Members serve three-year terms. Nationwide, there are more than 7,800 farmers and ranchers serving on FSA county committees. Committees consist of three to five members who are elected by eligible local producers.

### Agricultural Financial and Production Management Workshops to be Held

FSA, in conjunction with Montana State University (MSU) Extension Service will be conducting Financial and Production Management training beginning October 26th.

The cost of the training is \$100.00 for the six week training. A registration fee of \$20.00 will be charged for anyone interested in attending a single session.

This continuing education class is available to anyone interested in learning more about managing their operation. This course also meets the requirements for production and financial management training for FSA loan recipients. In order to qualify for a certificate, all six sessions must be attended. Participants will be asked to pay a registration fee to cover the cost of the video conferencing at the first session they attend. Contact the location of your choice for further information. ### **FSA Implements New Payment Process for CRP and DCP Payments**

In October, FSA will be implementing a new payment processing system beginning with the annual Conservation Reserve Program (CRP) payments and final direct payments under the Direct and Counter-Cyclical Program (DCP). FSA will be doing their best to ensure delays are minimized with the new system however, some of the payment processing that used to occur behind the scenes within the software will now be more evident and may be confusing. In addition, all payments issued by FSA will be routed to the Department of Treasury to comply with the Debt Collection Improvement Act of 1996. What this means is that any delinquent Federal debt may also be offset from payments due you from FSA/CCC.

Annual CRP payments and final direct DCP payments may be reduced for:

- payment reductions for haying and grazing
- existing FSA/CCC debt
- advance direct payments
- eligibility determinations implemented with the 2008 Farm Bill (direct attribution, member contribution of labor and management, etc.)
- delinquent Federal debt

Payments will be processed automatically without local FSA intervention and deposited directly into accounts signed up for direct deposit. Paper payment checks will still be mailed by Kansas City. A transaction statement will be mailed to payment recipients explaining the payment issued and any offsets applied. The Department of Treasury will notify the payment recipient of any offset taken. Local FSA offices will not receive a copy of the transaction statement or notification of the Treasury offset. Please retain the transaction statement tax purposes and reconciling the FSA-1099s issued in January. Questions regarding Treasury offsets may be directed to the Treasury Offset Program (TOP) Call Center at 1-800-304-3107.
