- Federal Agriculture Improvement and Reform Act of 1996
- •\*--Food, Conservation, and Energy Act of 2008.--\*

#### \*--2 Determining Final or Closing Date, Remittance Date, and Extensions--\*

## **A** Final or Closing Date

If a final or closing date falls on a:

- workday, that date shall apply
- day on which the applicable Field Office or National Office is not open for business during normal workhours, extend the date to COB on the next workday.

When computing the final or closing date, exclude the day of mailing if the action required is within a prescribed number of days after the notice is mailed.

#### **B** Action Performed by Mail

Consider an action to have been taken within the prescribed period if the final or closing date falls on a:

- workday and the mail shows a USPS postmark no later than that day
- nonworkday and the mail shows a USPS postmark no later than the next workday.

Do not accept postage meter date-stamping.

#### \*--C Extensions and Use of Register

If program provisions set a final signup, reporting, filing or other date and heavy workload or computer failure makes processing the prescribed forms impossible; County Offices may request an extension and the use of a customer register through the State Office.

Customers may request to be placed on a register by:

- visiting the County Office
- telephone
- FAX
- e-mail
- mail.--\*

## \*--2 Determining Final or Closing Date, Remittance Date, and Extensions (Continued)--\*

#### C Extensions and Use of Register (Continued)

County Office shall:

- enter the customer's name on the register and document the method by which it was received
- have each registrant provide as much preliminary information as possible about each farm involved
- schedule an appointment for the customer allowing adequate time to process all prescribed forms and obtain required signatures prior to established timeline
- date each form with the date it is actually filed and cross-reference it to the register.--\*

## **3 Using Appointment Process**

## A Policy

County Offices are encouraged to use appointments for program signup and acreage certification.

### **B** Advantages

Properly handled, the appointment process:

- permits Service Centers to prepare for the operator's visit
- eliminates the need for producers to waste time in lines and make multiple trips to the Service Center
- improves public relations
- provides a more businesslike atmosphere.

#### **C** Cautions

County Offices that use the appointment process shall:

- ensure that the rules for making appointments are well publicized
- give every producer a chance to make an appointment
- give priority to servicing appointments without ignoring walk-in traffic
- schedule appointments so that enough time is allowed at the end of signup to reschedule those producers who had to cancel.

**Restrictions:** County Offices are restricted from updating the following customer data fields for all ID numbers listed in this table:

- "Business Name"
- "Business Type"
- "ID Number"
- "Tax ID Type".

## Changes to these fields are restricted to the National Office only.

**Note:** The Agency titles agree with the titles used in the SCIMS customer database.

#### **B** ID Type for Federal Government

Using the drop-down menu, select "Federal" as the ID type for ID numbers entered for Federal Government Agencies **except** BIA.

#### C Business Type for Federal Government

Using the drop-down menu, select "Federal owned" as the business type for Federal Agencies.

## **D** Obtaining ID Numbers

Contact State Offices for assistance in obtaining ID numbers from the Common Provisions Branch, PECD for Federal Government Agencies not listed in subparagraph A.

#### 126 (Withdrawn-Am. 39)

## 127 IRS Identifying Number

#### **A IRS Identifying Number**

The IRS-assigned identifying number is composed of 9 numeric digits and has an ID type of "I". The first digit is always "9".

Use these IRS-assigned numbers in the same way as Social Security numbers.

Producers who are non-resident aliens and ineligible to obtain a Social Security (ID type "S") number, may be issued an IRS-assigned number (ID type "I") to process FSA payments.

**Note:** See 1-PL for foreign person eligibility determinations.

#### **B** Obtaining IRS Identifying Numbers

To obtain an IRS tax ID number, the producer shall:

- complete IRS form W-7 and return it and any required supporting documents to IRS
- report IRS-assigned identifying number to the County Office.

**Note:** As a service to producers, County Offices may want to obtain a supply of IRS form W-7 by calling their local IRS office. Order only what is needed, since usage is minimal. Nationally, FSA uses an average of 30 forms per year.

A

**ID Number** 

ID numbers are used to control payment limitation and for IRS reporting.

B

**New ID Number** 

A producer in a bankruptcy status may be issued a new employer ID number in the bankruptcy action. If a new ID number is issued, use the new ID number for FSA payments, and select an entity type code for the entity. See Exhibit 11 for a list of entities and entity type codes.

C

Name and Address File

When entering the new ID number in SCIMS, County Offices shall ensure that they enter "Debtor" or "imposition" followed by the business name.

D

Farm Producer File

The new "Debtor" or "imposition" ID must also be added to the applicable farm or farms in the farm producer file for the ID to receive benefits as a successor on the farm or farms.

E 2 ID Numbers for a Producer

For a producer using a Social Security number and an employer ID number, or a pre-petition and post-petition ID number, consider the 2 numbers as a combined entity for payment limitation purposes. This includes cases in which the producer is continuing operations after filing bankruptcy.

F Succession in Interest

Because the current software does not recognize a bankruptcy, consider the change from a Social Security number to an employer ID number as a succession in interest in the system.

## 129 Receivership ID Number

#### A

## **Purpose**

ID numbers are used:

- to control payment limitation
- for IRS reporting.

#### В

#### **New ID Number**

When a receiver is appointed by a court order, and is given the right to receive FSA payments:

- the receivership must obtain a new employer ID number
- use the new ID number for FSA payment purposes
- an entity type code must be selected for the entity. See Exhibit 11 for a list of entities and entity type codes.

If a receiver is appointed without the right to receive payments, the receiver can sign for the individual according to paragraph 708.

## C Name and Address File

For the name and address file, identify the producer by his or her name followed by the word "Receivership". The address should be the address of the court-appointed receiver.

## D Farm Producer File

If the receiver is given the right to receive FSA payments, the new "receivership" ID must be added to the applicable farm or farms in the farm producer file.

Continued on the next page

#### 129 Receivership ID Number (Continued)

#### E Two ID Numbers for a Producer

Consider the Social Security number for the original producer and the employer ID number for the receivership as a combined entity for payment limitation purposes.

#### **F** Succession in Interest

Because the current software does not recognize a receivership, consider the change from a Social Security number to an employer ID number as a succession in interest in the system.

#### G Refer to OGC

Orders appointing a receiver may vary greatly as to what the receiver is to receive.

- Carefully examine these orders to ensure that they cover profits or proceeds of the crops or land involved in FSA programs.
- In all cases where there is any doubt, County Offices shall refer copies of the "Order Appointing a Receiver" to OGC through the State Office for advice.

## **143-152** (Reserved)

#### Part 7 Adding Name and Address Records to SCIMS

#### **Section 1 Data Migration**

## 153 Migration From AS/400 to SCIMS

#### **A** Introduction

As part of the deployment of SCIMS, FSA name and address records from all counties were uploaded to KC-ITSDO for processing. During processing, the name and address records were converted to the SCIMS format and used to populate the SCIMS database.

#### **B** Initial Migration and Conversion

During migration from the AS/400 to SCIMS, certain name and address data was validated for correctness, and if necessary, converted to the SCIMS format. Exhibit 12 shows:

- the name and address fields that were converted during migration to SCIMS
- an explanation of the change.

### **C** Duplicate Customers

Screening for duplicate customer records that reside in the same or more than 1 county was performed during the initial processing. Records that were identified as duplicate were reconciled, if possible, and downloaded to each county where the record resided. Duplicates \*--that could not be reconciled were flagged as potential duplicates and were reconciled by--\* Service Center personnel.

\* \* \*

## 153 Migration From AS/400 to SCIMS (Continued)

## **D** Supplemental Data

Supplemental data resides on the local AS/400 and is not accessible through SCIMS. This data can only be accessed and changed in the AS/400 by the County Office that enters the data.

See paragraphs 207 through 212 for entering or updating supplemental data.

#### 154 Potential Duplicate Customers

#### **A SCIMS Potential Duplicate Process**

\*--SCIMS customer records are compared to determine whether the customer has potential--\* duplicate records. The potential duplicate process compares customer data that matches other customers, but is not determined an exact match. Not all customers identified as potential duplicates will be duplicates.

Counties shall keep in mind that properly resolving duplicates is a very important process in the success of SCIMS.

#### **B** Individual Counts

Individual customer data is compared to other individual customers to determine whether the following data matches:

- last name
- first name
- suffix
- 5-digit ZIP Code.

#### C Business Criteria

Business customer data is compared to other business customers to determine whether the following data matches:

- business name
- 5-digit ZIP Code.

#### **D** Identification Number Criteria

\*--In a separate comparison, SCIMS compares individuals and businesses to determine--\* whether only the ID number matches regardless of any other criteria.

#### 155 Potential Duplicate Report

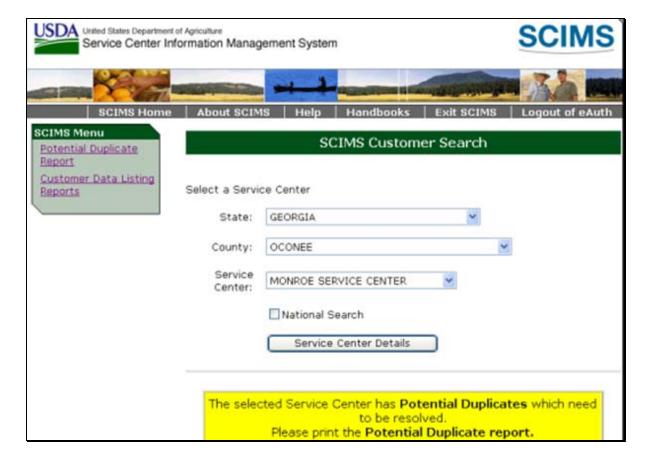

#### A Accessing the Potential Duplicate Report

The Potential Duplicate Report lists all potential duplicates that have been identified for \*--every County Office, as well as an option to list potential duplicates for all Service Centers within a State. The Potential Duplicate Report is on the SCIMS web site and can be generated and printed as many times as necessary until all duplicates have been resolved. The potential duplicate's resolution process should be completed as soon as possible through the FSA State SCIMS Security Officer according to paragraph 156.--\*

\* \* \*

County Offices shall access and print the Potential Duplicate Report for their county according to the following.

| Step | Action   |
|------|--|
| 1    | Access SCIMS web site according to paragraph 141.                                  |

#### A Resolving Potential Duplicates in SCIMS

When potential duplicate records are encountered in SCIMS, a message will be displayed advising the County Office user that if the user wants to resolve the potential duplicate, contact the FSA State SCIMS Security Officer to resolve the potential duplicate. County Offices shall contact the respective FSA State SCIMS Security Officer listed in Exhibit 11.5 and request that the FSA State SCIMS Security Officer review the potential duplicate or duplicates in question and resolve accordingly.

FSA State SCIMS Security Officers shall:

- review SCIMS potential duplicate records as requested by County Offices and resolve accordingly
- contact the National Office for assistance as necessary.

The FSA State SCIMS Security Officer shall also review weekly SCIMS Potential Duplicate Active Records Reports and work with County Offices to resolve recorded potential duplicates.

**Note:** Resolving a duplicate record incorrectly may result in the customer's record being permanently removed when merged. ITSD-ADC **cannot** reset the record.--\*

## **B** Resolving Duplicate Responsibilities

County Offices and FSA State SCIMS Security Officers:

### C FSA State SCIMS Security Officer Action to Resolve Duplicate Customers in SCIMS

After contacted by the County Office to resolve duplicate records in SCIMS, the FSA State SCIMS Security Officer shall take corrective action according to the following table.

**Note:** If a FSA State SCIMS Security Officer experiences problems trying to resolve a duplicate customer, contact PECD, CPB at 202-720-5172 for assistance in resolving the duplicate. Resolving a duplicate improperly may result in the customer's record being permanently removed when merged. ITSD-ADC cannot reset the record. The FSA State SCIMS Security Officer should select "Cancel" and resolve the duplicate at a later time if sufficient information is not available to properly resolve the duplicate.--\*

| Step | Action  | Result   |
|------|---|--|
| 1    | Access the customer's record that will be kept according to paragraph 175.  | The user will be notified that the customer has potential duplicates. The user will be asked, "Do you want to resolve duplicate at this time?"   |
| 2    | When more than 5 records exist to be merged, users shall ensure that the selected customer record that needs to be preserved is used as the master in the final merge and not before. The master record should be left as unchecked as all the other records are merged.  Note: When the first set of records are merged, the subsequent set will display with the master | When performing this procedure, new name and address tax ID's will be created and deleted as you merge them. The first merge keeps a tax ID of 555555555, the other records' tax ID's are attempted to be deleted, and a new record added with 555555555. The 55555555 is eventually deleted when the final merge with the correct master record with tax ID 123456789 is completed. |
|      | record at the bottom and should be left unchecked.  |  |
| 3    | The user must select "OK" to resolve the duplicates when prompted or select "Cancel" to access the customer's record.   | The selected customer and potential duplicates will be displayed.  |
| 4    | Select each customer that has been determined to be a duplicate by clicking on the box marked "Merge", and CLICK "OK".  | The user will be asked, "Are you sure you want to merge these customers?"  • Select "OK" to merge customers.  • Select "Cancel" to return to merge page.   |
|      |   | If "OK" was selected, selected customer or customers will be merged with the customer that has been selected to keep.  |
|      |   | Note: The customer not selected is still flagged as a Potential Duplicate so that the customer can be merged or resolved by selecting that record. It will then be displayed with the record resolved previously on the bottom.  |

### 156 Potential Duplicate Resolution (Continued)

### **D** Correcting Customer Records

After resolution of a potential duplicate, County Office personnel may need to correct the customer's farm records. Since the resolution process will merge customers into 1, any merged TIN that was active on a farm or in a program will need to be deleted in farm records. If the merged TIN's were not active on a farm or in a program, then the merge process will automatically move TIN to "Delete" status.

**Note:** Notify NRCS before undertaking this activity to determine impact on NRCS programs, if applicable.

### E Not Resolving Potential Duplicates for Federal Government Agencies and BIA's

FSA State SCIMS Security Officers shall **not** resolve potential duplicates for Federal \*--Government agencies, as well as BIA's listed with the TIN ending in 6810.--\*

### **B** Accessing SCIMS

Access SCIMS according to paragraph 141 to do a customer search.

The search process is sensitive to spaces in a name. For example, searching for the last name of "De Jong" will not locate "DeJong".

#### **D** Customer Search in Local Service Center

Search for a customer at the local Service Center level first. When using broad search criteria, such as the last name of Jones, a maximum of 100 customers with similar matching data will be displayed. If necessary, refine the search criteria to narrow the search.

If the customer is not found in the local Service Center, perform the search by selecting either of the following:

- "All Service Centers" in the Service Center drop-down menu
- "National Search".

#### E National Customer Search

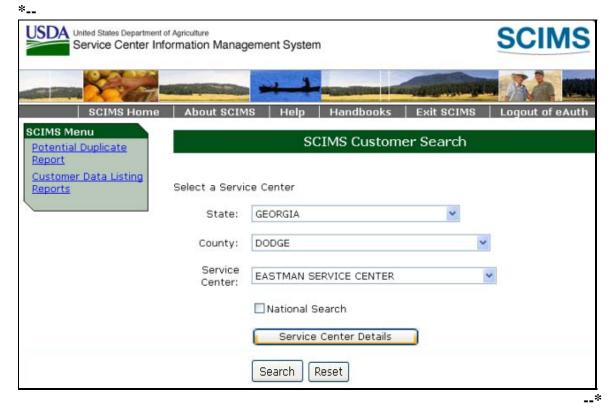

When the user selects "National Search" and enters sufficient search data for the customer, SCIMS searches all name and address records on file in the database for the customer. The same criteria used for a State and local search is used for the national search.

**Note:** When using broad search criteria, such as the last name of Jones or the same ZIP Code, a maximum of 100 customers with similar matching data will be displayed. If the customer is not located, the user shall enter additional customer data to attempt to locate the customer before adding.

It is the responsibility and duty of the personal representative of the estate to provide the EIN acquired for the estate to all parties of interest. Go to <a href="http://www.irs.gov/pub/irs-pdf/p559.pdf">http://www.irs.gov/pub/irs-pdf/p559.pdf</a>, page 2, "personal Representative/Duties" for additional information.

Estates may be loaded in SCIMS without TIN's; however, they will **not** be eligible to be paid until they obtain EIN.

### 178.5 Establishing an Estate in SCIMS (Continued)

#### **B** Loading an Estate in SCIMS

When entering an estate in SCIMS, Service Centers shall enter the estate's name as it appears on court documents presented by the executor/administrator of the estate.

**Notes:** If a deceased customer is currently loaded in SCIMS as an individual with a Social Security number, the record shall **not** be updated and used by the estate. A complete new record shall be loaded in SCIMS as a business for the estate and submitted.

Records that exist in SCIMS for the deceased customer as an individual must be inactivated and unlinked from the database according to subparagraph 178 B and paragraph 195 respectively.

### 178.6 Establishing LLC's in SCIMS

### A Purpose

LLC's shall be loaded in SCIMS using **either** of the following:

- a customer's Social Security number (1 member LLC's only)
- a Federal EIN.

**Notes:** If a customer is a 1 member LLC using their personal Social Security number for LLC, that same Social Security number shall **not** be entered in SCIMS for the respective customer as an individual, nor shall they receive monetary benefits from FSA as an individual or a member of another entity using their personal Social Security number.

\*--If a customer is currently recorded in SCIMS as an individual using their Social Security number, the **current** record shall be updated to the 1 member LLC. If the customer subsequently decides to resume operating as an individual or obtains EIN for LLC, the existing record shall be updated back to an individual and a new record established in SCIMS for LLC with EIN, as applicable.

**Important:** If the customer participates in FLP, consult with FLP staff **before** making changes in SCIMS.--\*

#### **B** Loading LLC in SCIMS

When entering a new or updating an existing LLC in SCIMS, Service Centers shall enter the customer's name as it appears on the LLC's operating agreement.

LLC should be entered in SCIMS as a business customer with a Federal EIN, Social Security number, or no TIN.

### 178.6 Establishing LLC's in SCIMS (Continued)

#### **B** Loading LLC in SCIMS (Continued)

**Notes:** If no TIN was entered in SCIMS, a customer ID number will be assigned. Customer ID numbers will **not** be eligible to receive payments.

\*--The entity/joint operation file software does **not** allow LLC using a Social Security number to be loaded as a member of an entity or joint operation because the software is expecting to find members of the entity. But LLC's using a Social Security number do **not** have members.

To be able to load the entity or joint operation in the System 36, changes to the SCIMS record for LLC using a Social Security number will be allowed when **all** of the following conditions apply:

- LLC is a member of an entity or joint operation receiving payments
- LLC is **not** required to obtain EIN according to this paragraph
- LLC did **not** obtain EIN.

If these conditions are met, County Offices shall make the following changes to the SCIMS record for LLC using a Social Security number:

change the SCIMS "Customer Type" from a business to an individual

**Note:** This will also change the business type to "Unknown/None of the above/ Not applicable" for the current year. If a change to a prior year is required, the State Office specialist with authority to change the prior year business code will have to change the business type for the applicable prior year.

- enter the "Last Name" and "First Name" of the individual
- enter the "Common Name" for the individual
- enter "Gender" and "Gender Determination" of the individual.

Note: Under no circumstances shall the ID type for a Social Security number in SCIMS be changed to EIN. The ID type in SCIMS shall always reflect the true ID type of the ID number entered for the producer.

Notify the producer that because LLC is using a Social Security number and LLC is a member of an entity or joint operation, FSA has to treat it as an individual. All documents received from FSA will make it appear as though payments were issued to the individual, not LLC. If that is **not** acceptable, producers will need to obtain a Federal EIN for LLC.--\*

### 178.7 Establishing Irrevocable Trusts in SCIMS

#### A Purpose

Irrevocable trusts shall be loaded in SCIMS using a Federal EIN.

### **B** Loading an Irrevocable Trust in SCIMS

When entering a new or updating an existing irrevocable trust in SCIMS, Service Centers shall enter the irrevocable trust's name as it appears on the trust documents.

The irrevocable trust should be entered in SCIMS as a business customer with a Federal EIN or no TIN.

**Note:** If no TIN was entered in SCIMS, a customer ID number will be assigned. Customer ID numbers will **not** be eligible to receive payments.

#### 178.8 Establishing a Revocable Trust in SCIMS

### A Purpose

Revocable trusts shall be loaded in SCIMS:

- using a Federal EIN or Social Security number, if applicable, or no TIN
- selecting "Revocable Trust" as the business type.

#### **B** Loading a Revocable Trust in SCIMS

When entering a new or updating an existing revocable trust in SCIMS, Service Centers shall enter the revocable trust by using the trust's name as it appears on the trust documents.

The revocable trust should be entered in SCIMS as a business customer with a Federal EIN, Social Security number, or no TIN.

**Notes:** If no TIN was entered in SCIMS, a customer ID number will be assigned. Customer ID numbers will **not** be eligible to receive payments.

During the lifetime of the grantor of a revocable trust, and while the grantor is serving as trustee of his or her revocable trust, the grantor's Social Security number may be used as the revocable trust's TIN unless otherwise required by State law.

If customers elect to use their personal Social Security number for a revocable trust, that same Social Security number shall **not** be entered in SCIMS for the respective customer as an individual or member of another entity, nor shall they receive monetary benefits from FSA, as an individual using their personal Social Security number.

### 178.8 Establishing a Revocable Trust in SCIMS (Continued)

#### **B** Loading a Revocable Trust in SCIMS (Continued)

\*--If a customer is currently recorded in SCIMS as an individual using their Social Security number, the **current** record shall be updated to the revocable trust. If the customer subsequently decides to resume operating as an individual or obtains EIN for the revocable trust, the existing record shall be updated back to an individual and a new record established in SCIMS for the revocable trust with EIN.

**Exception:** A husband and wife revocable trust using 1 of the spouses' Social

Security numbers and previously recorded in SCIMS as an individual using that spouse's Social Security number may be updated upon death of that spouse to the surviving spouse's Social Security number.--\*

### C IRA's

IRA may **only** be considered an eligible program participant as a trust if the Regional Attorney determines the account:

- has full function as a trust
- is owner of the land on which program benefits are requested.

**Note:** Consultation and approval of Regional Attorney is required before any determinations of eligibility.

## 178.9 Establishing Unknowns in SCIMS

### A Purpose

There are instances when County Offices do not know who is the owner of a farm/tract of land. If owners/operators are unknown, County Offices shall do thorough research to ensure that the owner/operator is unknown. If the owner/operator is determined to be unknown, County Offices shall record the "unknown" owner/operator in SCIMS as an "unknown".

# B Recording an "Unknown" in SCIMS

Record the "unknown" in SCIMS as follows:

- use the administrative county name for the unknown customer's "first name"
- use the State abbreviation for the last name
- use the administrative County Office address for all "unknowns"
- follow procedure in 3-CM to add the "unknown" to the farm and remove the previous owner.

**Notes:** County Offices shall only establish 1 unknown with the administrative county and State abbreviation as the name. This creates 1 customer ID. The **same** customer ID will be used for all unknown owners and/or operators.

Unknown customers are **not** to be entered in SCIMS with any reference to or use of the word "**Delete**", and any records previously recorded or migrated from the System 36 referencing "Delete" shall be changed to "Unknown" according to this paragraph.

### 191 Modifying Customer Data in SCIMS

#### **A** Introduction

Modifications to customer core data must be made in SCIMS. Customer information added to SCIMS according to the paragraphs 177 through 179 must be modified through SCIMS. Changes to customer core data will be downloaded to all FSA AS/400's that the customer is linked.

# **B** Accessing Customer in SCIMS

## 192 Duplicate Customer

### A Purpose

Customer core data needs to be entered only 1 time in SCIMS. To prevent duplicate entries of customers, the software makes every attempt to identify the customer before the user adds a customer.

### **B** Exact Match

If a customer already resides in SCIMS, the user will be notified when a tax ID and ID type have been entered that match a customer currently in SCIMS. The message will alert the user that the customer is already in SCIMS and adding the customer will result in duplicate entries.

# 192 Duplicate Customer (Continued)

### C Similar Match

When attempting to load a customer with similar data, the system will prompt the user that the customer may be a duplicate entry. The user must determine whether the data is the same customer before adding the customer.

For an individual, the software will compare the following for potential duplicates:

- last name
- first name
- suffix
- •\*--ID/type--\*
- ZIP Code.

For a business, the software will compare the following for potential duplicates:

- business name
- business type
- ID/type
- ZIP Code.

# **D** Error Messages for Potential Duplicate Customers

If the customer's data entered on the Add Customer Screen matches a customer already in the SCIMS database, 1 of the messages in the following table will be displayed. The user must determine whether adding the customer will result in duplicate customers on the SCIMS database. Before adding the customer, use the following table to determine whether the customer will result in a duplicate customer.

## 193.5 SCIMS Transmission Sequence Error Report

#### A Introduction

The SCIMS Transmission Sequence Error Report will print on the AS/400 system printer to notify the Service Center when an out-of-sequence error condition occurs while processing a SCIMS transmission. Out-of-sequence conditions commonly occur in the following circumstances:

- when the files that SCIMS generates are **not** processed in the correct order or 1 file is skipped during processing
- if files are created on more than 1 server for the same State and county because multiple customers are being updated at the same time.

# **B** Reporting Out-of-Sequence Conditions

Out-of-sequence conditions should correct themselves within a few minutes. However, if an out-of-sequence condition does **not** correct itself within 10 minutes, the Service Center should report the problem to their respective State Office SCIMS Security Officer.

### **C** SCIMS Security Officer Action

SCIMS Security Officers shall report out-of-sequence conditions that do **not** correct themselves to the Help Desk.

## \*--194 Adding or Changing TIN in SCIMS--\*

### **A** Introduction

SCIMS allows changing or adding TIN for a customer who is established in SCIMS. The ID number will be added in all counties' AS/400 name and address file where the customer is linked.

# \*--B Adding or Changing TIN's

To add a customer's ID number, access the customer in SCIMS according to paragraph 175. After the customer has been selected, the user may add TIN by entering the new ID number in the "Tax ID" field.

Only FSA State SCIMS Security Officers are authorized to change or delete an existing TIN. County Offices shall contact the FSA State SCIMS Security Officer to request changing or deleting TIN

When a customer's TIN is added or changed, SCIMS attempts to change the ID number in--\* all counties where the customer is linked.

# 194 Changing or Adding TIN in SCIMS (Continued)

# C Notification of Changed ID

If the incorrect ID cannot be deleted from the AS/400 because the customer is active in a county where the ID is linked, the message, "ID has been changed but cannot be deleted from Name and Address because the ID is still active in a program." will print on the system printer.

The following table outlines actions that will be required when an ID number is changed.

### D Payment to an Incorrect ID Number

If an incorrect ID number has been used and payments have been issued using the incorrect number, immediately change the ID number according to subparagraphs B and C. Future payments shall be issued to the correct ID number. \*\*\*

\*--Note: Only FSA State SCIMS Security Officers are authorized to change or delete an existing TIN. County Offices shall contact the FSA State SCIMS Security Officer to request changing or deleting TIN.--\*

## 195 Unlinking Customer in SCIMS

#### **A** Introduction

When it is no longer necessary to have a customer in the County Office's AS/400 name and address record, the customer's legacy link should be deleted. The customer will be moved to "Pending Delete" status in the county's AS/400 if the customer is eligible to be unlinked.

## **B** Deleting Legacy Link

To unlink a customer from a County Office, the customer must be eligible to be unlinked. To be eligible, the customer must be inactive in the County Office that is to be unlinked. Areas where the customer may be active include, but are not limited to:

- accounting
- contracts
- entity files
- farm loan programs

\*--Notes: Only FSA State SCIMS Security Officers are authorized to delete an existing legacy link. County Offices shall contact the FSA State SCIMS Security Officer to request deleting legacy links.

Notify NRCS before undertaking this activity to determine impact on NRCS programs, if applicable.--\*

| 1    | Perform a search of the customer in SCIMS according to subparagraph 175 C.   |  |

| 8    | Answer the deletion confirmation prompt.   |  |
| 9    | CLICK "Submit" to submit the changes to SCIMS.   |  |
|      | Notes: When producer is linked to other counties, the County Office should be able to submit at this point. In cases where the producer is only linked to the 1 county, the County Office needs to add back a "Program Participation" entry. When adding a "Program Participation" entry back in, select "Inactive Customer" with your State, county, and Service Center. When "Inactive Customer" is selected, "General Program Interest" and "Current Participant" fields will be unavailable to access. Do not add back the NRCS record. County Offices can now submit this record. |  |

# Notification of Unlinking in SCIMS

If a customer is unlinked in SCIMS and cannot be deleted, the message, "ID has been unlinked in SCIMS, but cannot be deleted from the AS/400 Name and Address file because it is associated with the following:", will print on the system printer.

See paragraph 197 for an explanation of conditions that prevent the customer from being deleted in the AS/400 name and address file.

Relinking Customer Unlinked in SCIMS Relink the customer in SCIMS that should not have been unlinked, according to paragraph 179.

# 196 Changing Entity Types

### $\mathbf{A}$

## Introduction

\*--Changes to a customer's business type are allowed in SCIMS. The business--\* type will be changed in all County Offices where the customer is linked. The business type displays in the AS/400 as "Entity Type".

B Changing Business Type of Customer

To change the business type of a customer, the customer must first be deleted in the current year entity or joint operation file. Entity files shall not be deleted for CY-1 or CY-2. Refer to 1-PL for policy on when to make an entity change.

Continued on the next page

C Notification of Entity Type Change

If the business type is changed in SCIMS and the customer is active in the current year entity file, a message will print in every County Office that is linked to the customer and has the customer in the entity file. The message will alert them that the entity type has been changed. The message, "Please change the SCIMS Entity Type back. ID is Active on Permitted Entity file." will print on the system printer.

The following table outlines actions that will be required when an entity type is changed.

Note: This must be coordinated with other County Offices where the customer is linked.                                   |

#### **A** Introduction

When a customer's tax identification number is changed or a customer is unlinked in SCIMS, an attempt is made by KC-ITSDO to move the old record to "Delete" status in the AS/400 name and address file for the legacy link county. If the customer's record cannot be moved to "Delete" status, the county will receive a SCIMS to Name and Address Update Report. The report will identify the reasons why the customer cannot be moved to "Delete" status and the actions the county needs to take.

### B Reasons a Customer's Record Cannot Be Deleted

When KC-ITSDO attempts to move to "Delete" status a customer that has been changed or unlinked in SCIMS, 1 or more of the following messages may be received. Counties shall take necessary actions to allow the record to be deleted. Some conditions that are listed require no action because participation in the program determines when the record is eligible to be deleted.

The message will only be received when the initial update is submitted in SCIMS and will not be received again unless another update is submitted through SCIMS. If the county does not take the necessary actions when the message is received and the customer is not updated in SCIMS again, the customer will not be moved to "Delete" status and will remain in "Pending Delete" status indefinitely.

**Example:** The County Office accesses a customer's record in SCIMS and changes the tax identification from "No Tax ID" to a permanent ID number. When the changed record is sent back to the customer's legacy link county's AS/400 name and address file, it becomes a new record for the customer. An attempt is made by KC-ITSDO to move the old record to "Delete" status. If the County Office has not removed the temporary tax ID from all farms, the county will receive a message that the customer cannot be deleted because the ID is active on a farm and the temporary ID record will be moved to "Pending Delete". If the county does not remove the old ID from the farm, the old ID will remain in "Pending Delete" indefinitely. The county will not be notified again unless a change is made in SCIMS to the customer's record.--\*

# C Messages and Actions

If a report is received, 1 or more of the following messages may be included. The county shall make necessary corrections to allow the record to be deleted.

#### Part 12 Transmissions

#### 276 KC-ITSDO Name and Address Files

## A Name and Address Database Contents

KC-ITSDO maintains a name and address database that contains:

- essentially the entire name and address record for all producers and facilities recorded in County files
- other flags created by KC-ITSDO from CAD- and NASS-uploaded records.

## B Database Purpose

The name and address database is used for:

- subsidiary file processing
- providing data to other USDA agencies
- responding to FOIA requests from Congress, private individuals, and organizations
- preparing CCC-1099-G's.

#### A

## **Updates**

Changes to the name and address file will generate transmission to KC-ITSDO for processing.

# **B** County Office

**Transmissions** 

Name and address updates are automatically transmitted to KC-ITSDO. The system will:

 start a new transmission cycle to transmit name and address records at the completion of each transmission cycle

**Note:** When the download is received from KC-ITSDO, the system will automatically queue and send the next upload.

- establish a control record with the count of records for each transmission
- keep a record of each transmission by system date.

## C KC-ITSDO Processing

A transmission file is sent to KC-ITSDO for processing by County transmission. The transmission file contains:

- a control record with the number of records that are transmitted
- the updated name and address records since the last transmission.

**Note:** Subsidiary files are transmitted at the same time as the name and address file.

#### D

#### **Control Record**

The control record is used for KC-ITSDO to:

- balance each County transmission file to the County transmission control record to ensure that no records are lost during transmission
- keep a record of Counties that have not transmitted
- lock out transmissions to:
  - allow KC-ITSDO sufficient time to process all updates
  - avoid receipt of duplications of the updates by KC-ITSDO
- remove lockout to allow the next transmission of name and address updates
- retransmit name and address and subsidiary file records, if necessary, because of a transmission problem or disk crash.

### E Update Database

The transmissions update the database that updates the KC-ITSDO file.

#### A

## **Purpose**

KC-ITSDO will balance each County transmission file to the County control record that was created in the County Office to ensure that no records are lost during transmission.

#### B In-Balance

If the record count received by KC-ITSDO is in-balance with the transmission control record, the following will occur:

- KC-ITSDO will accumulate the records received in the transmission until it is time to process
- County Offices will be allowed to update records in name and address file while lockout is in effect
- the control record will:
  - be displayed during start-of-day processing with the message, "The County Transmission File is IN-BALANCE for XXXXX County"
  - remove lockout to allow transmissions.

#### C Out-of-Balance

If the record count received by KC-ITSDO is out-of-balance with the County control record, KC-ITSDO will immediately, after receiving the control record:

- reject the entire transmission without updating KC-ITSDO name and address file
- return the control record to the transmitting County, requesting retransmission.

**Note:** The control record will:

- be displayed during start-of-day processing with the message, "The County Transmission File is OUT-OF-BALANCE Retransmit Files Immediately"
- remove lockout for retransmission
- after retransmission, lock out further name and address transmissions until a control record is received
- allow County Offices to update records in name and address file while lock out is in effect.

## D Downloading Subsidiary Files

After the file is transmitted, it takes about 1 week to receive the download of subsidiary files from KC-ITSDO.

## **279** Missing Counties Report

A

**Purpose** The "Missing Counties Report" identifies Counties that have not transmitted their

name and address updates for the week shown on the report.

B

**State Office Action** 

State Offices shall review this report weekly. Notify the applicable County to

retransmit their name and address updates.

#### 294 (Withdrawn--Amend. 49)

#### A Background

KC-ITSDO has completed software that will:

- validate customers' address records to the USPS database to ensure that they contain the USPS standardized address
- update customers' records that match the USPS database with ZIP+4.

KC-ITSDO began validating customer address records in SCIMS beginning April 17, 2002. Customer address records that are changed during validation or have ZIP+4 Code, carrier route, or bar code added will download to the customers' legacy counties the following day.

County Offices will **not** be notified of a change or addition to the customer's address record. A change or addition to the customer's record will be received by the county in the same method as if the customer had been accessed in SCIMS and the change mode.

Once the ZIP+4 process has occurred in SCIMS, "MA Wssccc" transmission files will be created and transmitted to each county where the customer's address was updated.

In addition, the software provides the following:

- ZIP Code validation
- addition of carrier route and validation
- addition of delivery point bar code
- address for standardization and validation
- PS-3553 for use in bulk mailing.

**Note:** PS-3553 will be provided to County Offices in a notice upon completing the validation process.

#### B Purpose

This paragraph provides the following to County Offices:

- procedure to process ZIP+4 records
- instructions on correcting customers identified with incorrect addresses.--\*

## C Customers in SCIMS

Validation for SCIMS customers will be processed on the SCIMS database by KC-ITSDO. Updates to customers' addresses to match the USPS database and to add the ZIP+4 Code, carrier route, and bar code will automatically download to legacy links identified for the customer. The updated records will be added to legacy link counties' AS/400 name and address record for the customer.

## D Customers in the Other Name and Address File

Customers that reside in the county's AS/400 "Other Name and Address" file will be uploaded to KC-ITSDO and processed. Customers' address records that match the USPS database will have their ZIP+4 Code, carrier route, and bar code added to their record. After processing, KC-ITSDO will download the customer records back to the county where originated.

## E Processing Downloaded Files

After receiving the KC-ITSDO download, County Offices shall access the option to process the download according to the following table.

F Records Updated During

Validation

The validation software process will update customers' address records from both SCIMS and the AS/400 "Other Name and Address" file, which can be identified during validation as incorrect.

**Examples:** The County Office entered the customer's record as:

Susan Smith 5200 Brentwood St. Louis, Missouri 63140.

The USPS standardized address for this address is:

Susan Smith 5200 Brentwood Dr Saint Louis, Missouri 63140-2727.

During validation, the address would be changed to reflect the USPS standardized address. If the customer is a SCIMS customer, the change would be made on the SCIMS database and downloaded to all legacy links identified for the customer. The address will be updated in all counties' AS/400 name and address records where the customer's legacy link exist.

If the customer is in the "Other Name and Address" file, the record will update in the county's AS/400 when the download is processed.

## G Records That Could Not Be Updated

Customer records from both SCIMS and "Other Name and Address" files that could not be identified or were not updated with ZIP+4 will be listed on Report MAB072-R001. Upon completing the download, Report MAB072-R001 will print that identifies customers from both SCIMS and "Other Name and Address" files that did not pass the validation. County Offices shall correct these addresses.

#### Report MAB072-R001 will:

- identify the customer's record with return codes indicating the major reason that the customer record was not updated and the reason why
- automatically print after ZIP+4 processing is complete.--\*

## A Report MAB072-R001

Name and address records that contained errors and could not be updated with the USPS standardized address list are listed on Report MAB072-R001. Report MAB072-R001 lists return codes indicating the major reasons the record could not be updated.

**Note:** To reprint Report MAB072-R001, select option 3, "Name/Address Reports", from Menu MACI00, and then select option 1, "Print ZIP+4 Non-Updated Report", from Menu MAB100.

## B Correcting Records Identified on Report MAB072-R001

County Offices shall review Report MAB072-R001. Compare the return codes on Report MAB072-R001 against the return codes in subparagraph E, and determine corrections required to produce a valid address. Methods of obtaining a correct mailing address may include, but are not limited to, the following:

- telephoning customers
- contacting local postmasters
- telephone directories
- USPS website.

Instructions for completing the revised forms are included in the applicable program handbook.--\*

### 676 Signatures (Continued)

#### **B** Person Underage

See paragraph 677 for minor's signature.

#### C Unacceptable Signatures

Altered signatures shall not be accepted, unless:

- the person signing affixes a new signature
- unusual circumstances warrant a hardship or limited case waiver.

\*--Note: Signatures received with terminology such as "without prejudice", "without recourse", or similar language, are not considered acceptable, as this is considered an attempt to limit the terms of the form or document being signed.--\*

#### **D** Notification of Policy for Spouses

Each year, County Offices shall notify all owners, operators, tenants, and sharecroppers of the policy affecting spousal signatures. Notification will be through each of the following:

- first County Office newsletter of FY
- local news releases the beginning of FY.

#### 677 Minor's Signature

#### A General Rule for Minor's Signature

When the eligible producer is a minor, County Offices shall obtain **both** of the following on the applicable program documents:

- the eligible minor's signature
- the signature of 1 of the eligible minor's parents.

**Exceptions:** A minor's signature may be accepted without obtaining the signature of 1 of the parents, if any of the following apply:

- a right of majority has been conferred by court proceedings or statute
- CCC-64 is provided to protect the Government from any loss for which the minor would be liable if the minor were an adult
- a financially responsible adult cosigns the loan note
- the minor is obtaining an FLP youth loan and the parent's signature is not required according to FLP procedure.

By signing the applicable document, the parent is liable for the actions of the minor with respect to the applicable program and may be liable for refunds, liquidated damages, or other penalties assessed because of program violations on the part of the minor regardless of whether the parents have an interest in the applicable program.

#### **B** Authorized Signatures

An authorized adult who is a court-appointed guardian may sign on behalf of a minor.

**Note:** See paragraph 713 for signature example for guardians.

#### C Distributing CCC-64

Distribute CCC-64 as follows:

Following are examples of acceptable signatures.

Continued on the next page

#### 679 Facsimile Signatures for COC's and CED's (Continued)

- notices of measured acreage, excess acreage, deficient acreage, or quota overmarketings
- marketing cards
- circular letters.

#### **D** Prohibited Uses

• the applicable program form or other document is approved for FAXed and scanned signatures

**Note:** See Exhibit 50 for program forms and documents not approved for FAXed and scanned signatures.

• all other applicable signature requirements are met.

**Important:** The authority to accept FAXed and scanned signatures does not alter existing authorities for producers to execute transactions, such as power of attorney, fiduciary capacity, or other approved signature authorities.

FAXed and scanned signatures are:

- signatures received through a FAX machine
- electronically scanned signatures, such as signatures obtained by e-mail or the Internet.

The procedure about accepting FAXed and scanned signatures in this handbook applies only to FSA. Each Agency shall provide separate policy and procedure about accepting FAXed and scanned signatures.

## **680** FAXed Signatures (Continued)

## D Determining Date for Program Purposes

\*--The date and time printed by the FAX machine or electronic device on the applicable program form or document shall be used to determine whether program deadline and filing date requirements are met

**Example:** Producer signs and dates CCC-633 EZ on August 14, 2000. Service Center receives FAXed or electronic CCC-633 EZ on August 15, 2000. Provided all eligibility requirements have been met, Service Center shall use the LDP rate as of the date printed by the FAX machine or electronic device on CCC-633 EZ (August 15, 2000).

Service Centers shall **not** accept or approve any form or document received through telefacsimile machine or electronic device if the date and time of the FAX cannot be--\* verified

program the machine to print an activity report at least once a day

**Note:** See Danka Omnifax User's Guide, pages 79 and 80 to program the machine.

maintain the activity reports for 5 years.

#### \*--E Prioritizing Forms and Documents With FAXed or Scanned Signatures

- an indicator, such as "by" or "for", illustrating that the individual is signing in a representative capacity
- individual's name, capacity, and name of the entity or individual for which they are signing.

Following are examples of acceptable signatures on State financing statements, real estate deeds, and other documents required to be filed in a State or county filing location.

691-696 (Withdrawn--Amend. 23)

697-706 (Reserved)

#### **Section 3** General Rules of Authority

#### 707 Policy on Evidence of Authority and Signature Limitations

#### A General Rule for Signature Authority

Nothing in this handbook, or 7 CFR Part 707, gives persons additional time in which to file program applications, contracts, or other documents. Rather, this handbook discusses what evidence is required before FSA will act on properly filed program instruments.

County Offices must verify signature authority for all entities and joint operations by reviewing checked box or boxes on forms:

- CCC-902E, Part C, Column F
- CCC-901, Part A, Column 5, as applicable.

**Notes:** Evidence of signature authority for individuals including spouses and minors has **not** been revised. Procedure about evidence of authority of persons seeking payments on behalf of deceased, disappeared, or persons declared incompetent appears in paragraph 779.

\*--The policy at paragraph 779 does **not** apply to:--\*

- representatives of cotton, rice, or peanut buyers (1-CM, paragraph 731)
- FSFL Program
- TTPP
- MILC (producers participating in MILC only)
- FLP's.

Note: County Office employees shall follow signature authority requirements in applicable handbooks for these programs.

If the legitimacy of documents provided as evidence of authority to sign is questioned, FSA will seek review from OGC. County Offices will:

- forward copies of the documents to the State Office for review
- refrain from issuing payments or further actions pending response from either the State
   Office or, if the State Office deems it necessary, the Regional Attorney.

**Notes:** Only members selected in CCC-902E, Part C, Column F and/or CCC-901, Part A, Column 5 shall be considered authorized to sign for the entity. County Offices are no longer required to request and maintain evidence of signature authority such as corporate charters, articles of organization, trust agreement, etc.

If an entity or joint operation requests that an individual other than an authorized member be granted authority to act as an attorney-in-fact on behalf of the entity or joint operation, FSA-211/211A shall be executed according to paragraphs 728 and 728.5, and Exhibit 60.

County Offices shall follow instructions in 4-PL for completing CCC-902E and CCC-901.

County Office shall contact the State Office for guidance if there are concerns about questionable member information provided on CCC-902E and/or CCC-901.--\*

#### **A General Rule for Signature Authority (Continued)**

\*--County Offices will verify that signature authority is on file in the County Office before approving, acting on, or authorizing payments to be disbursed for any program or related documents on behalf of another. See subparagraph C for special rules for spouses. See paragraph 779 for cases involving deceased persons or persons disappeared or declared incompetent.--\*

**Notes:** Evidence of signature authority related to non-FSA/CCC forms and documents, such as cash leases, is not required and does not have to be on file.

Before April 2, 2009, the following types of evidence for authorized signature may be acceptable, if dated on or before the signature date. COC may require any of the following for authentication:

- presentation of the original document, such as corporate charter, bylaws, court orders of appointment, trust agreement, last will and testament, articles of partnership, articles of organization, operating agreements
- FSA-211
- \*--Note: In cases where a principal has died, FSA-211 is no longer valid for attorney signatures following the principal's death.--\*
- notarization
- an affixed official seal.

**Example:** Documentation, such as corporate charter, indicating who is authorized to sign for a corporation must be on file in the County Office before County Office may accept a signature on any program document for the corporation.

\*--County Offices finding prior actions on payment issuances on file shall **not** be deemed as evidence of authority to sign.

County Offices shall consider a signature of an individual acting in a representative capacity to be valid, even though there was not a proper signature authority on file in the County Office at the time the individual signed a contract, application, or other document in a representative capacity, if **all** of the following apply:

- the program contract, application, or other document was signed by the participant, applicant, or authorized representative according to the contract or program's rules--\*
- the individual signing the contract, application, or other document did not knowingly or willfully falsify evidence of signature authority or the signature

#### **A** General Rule for Signature Authority (Continued)

- documentation of signature authority, considered acceptable according to this handbook, is submitted to the County Office indicating the individual had authority to sign the
- \*--contract, application, or other document in a representative capacity on the day that signature was affixed on the contract, application, or other document.

The County Office may require the person who claims to have signature authority to:

- provide ID
- file a signature with the County Office
- submit documents supporting the claim of authority.--\*

#### **B** Maintaining Documentation Before April 2, 2009

The entire document presented does **not** have to be maintained. However, all applicable pages that identify the entity, pertinent authority, and any limitations, etc, **must** be maintained.

**Example:** If the trust is represented to be an irrevocable trust, procedure in 1-PL requires review of the trust agreement to determine if it contains a provision that would result in the trust being considered a revocable trust for payment limitation purposes. See 1-PL, subparagraph 362 B.

#### C Signature Authority for Spouses

Spouses:

- may sign documents on behalf of each other for FSA and CCC programs in which either has an interest, effective August 1, 1992, unless written notification denying a spouse this authority has been provided to the County Office
- shall not sign FSA-211 on behalf of the other
- shall not sign on behalf of the other as an authorized signatory for partnerships, joint ventures, corporations, or other similar entities

**Exception:** Spouses may sign on behalf of each other for a husband/wife joint venture with a permanent tax ID number and sole proprietorship, unless written notification denying a spouse authority has been provided to the County Office (subparagraph 710 F or 712 A, as applicable).

**Notes:** See paragraphs 709 through 711.

See applicable directives for acceptable spouse signatures for FLP loans.

• must have a power of attorney on file or sign personally for claim settlements, such as promissory notes.

**Important:** A spouse's authority to sign documents on behalf of the other spouse does **not**:

- override the FOIA/PA requirements of 5 U.S.C. 552 and 552A
- entitle a spouse to review or receive Agency records of the other spouse.

**Note:** See 2-INFO for more information about FOIA/PA requirements and Agency records.

County Office shall not provide Agency records of a producer to that producer's spouse unless written authority to provide such records has been provided to the County Office.

**Example:** Joe and Jane Black, husband and wife, may sign documents on behalf of each other because no written notification denying such authority has been provided to the County Office. Jane Black has requested a copy of Joe Black's Agency records. County Office shall not provide the records to Jane Black unless Joe Black provides the County Office written authority to release the records to Jane Black.

#### **D** County Office Employees

County Office and Federal employees:

- shall not act as a power of attorney in the County Office where employed on behalf of any person, including family members
- shall not sign on behalf of a spouse in the County Office where employed
- may in unusual situations such as a hardship case, make a written request to SED for waiver
- are not limited from acting in a fiduciary capacity, such as:
  - guardian
  - administrator
  - conservator
  - executor
  - trustee
  - receiver.

**Note:** This policy does not apply to COC or CMC members. It does apply for former farm loan employees.

#### **E** Limited Waiver of Signature Authority

Limited waiver of signature authority requirements may be granted to immediate family members (paragraph 729.5).

#### 707 Policy on Evidence of Authority and Signature Limitations (Continued)

#### **F** Entities Granted Signature Authority

Producers may grant entities, such as lending institutions, farm management companies, farm management corporations, limited liability companies, or other similar entities, authority to sign on their behalf.

Entities granted authority to sign for a producer must designate the individuals who are authorized to sign for the entity using 1 of the following:

- a letter signed by the entity's officer who has authority to designate signature authority for the entity
- FSA-211 signed by the entity's officer who has authority to designate signature authority for the entity.

**Example:** Jane White appoints the Nationwide Bank to act on her behalf as attorney-in-fact on FSA-211. Nationwide Bank must designate the individuals who are authorized to sign for the bank. Joe Black, Nationwide Bank president, provides the Service Center with a list of individuals who are authorized to sign for Nationwide Bank. The individuals authorized to sign for Nationwide Bank may sign for Nationwide Bank on behalf of Jane White.

#### **G** FLP Resources

FLP directives regarding evidence of authority and signature limitations are available in County Offices. FLP:

- maintains copies of applicable entity documents
- can assist in reviewing entity documents.

State Supplements to applicable FLP handbooks address signature requirements for entities under State law. State Supplements to FLP handbooks are cleared according to 1-AS. Therefore, County Offices shall refer to the appropriate State Supplements **before** contacting the Regional OGC with questions.

  - name of individual signing in representative capacity and name of spouse
  - name of individual signing in representative capacity followed by "spouse".

<sup>\*--</sup>DAFP forms include or will include "By" and "Title/Relationship" in the applicable signature boxes. An indicator, such as "by" or "for", is **not** required for the revised forms; however, the "Title/Relationship" box shall be completed accordingly for individuals signing in a representative capacity. Instructions for completing the revised forms are included in the applicable program handbook.--\*

### 709 General Partnership

#### **A** General Rules

\*--Effective April 2, 2009, a general partnership shall provide member information on CCC-902E and/or CCC-901. General partnerships shall check boxes on CCC-902E, Part C, Column F and/or CCC-901, Part A, Column 5, as applicable, to establish signature authority.

**Notes:** In most States any member of a general partnership may sign for the general partnership and bind all members unless the Articles of Partnership are more restrictive. General partnerships shall only check "NO" in the signature authority column if their intent is to restrict a general partner's authority to sign for the general partnership.

Before April 2, 2009, a partnership must provide the Articles of—\* Partnership. If no Articles of Partnership are available, IRS documents such as Form 1065 (Schedule K-1) showing members and their respective shares may be used. A written statement identifying all members and shares of the partnership and signed by all members of the partnership may be used as acceptable documentation the first year the partnership is in effect or if the membership of the partnership has changed and the partnership has not filed any IRS forms.

Before July 20, 2004, certain properly executed affidavits may have been used as evidence of signature authority. Properly completed affidavits on file before July 20, 2004, shall continue to be honored as evidence of signature authority by State and County Offices. Affidavits filed after July 18, 2001, must be witnessed by an FSA employee or notarized to be considered acceptable.

Before November 20, 2006, general partnerships that did not have an individual authorized to act on behalf of the general partnership could execute FSA-211 to appoint an attorney-in-fact to act on behalf of the general partnership and bind all members. FSA-211's executed before November 20, 2006, according to these instructions, shall continue to be honored as acceptable evidence of signature authority by State and County Offices. The general partnership will be required to provide additional documentation only if the structure and/or membership of the general partnership changes.

### A General Rules (Continued)

**Any** member of a general partnership may sign for the general partnership and bind all members unless the Articles of Partnership are more restrictive.

**Note:** This policy is adopted by FSA because the majority of States have laws that provide for this; however, this is **not** the case for any other business enterprise.

A member of a general partnership may execute FSA-211 to appoint an attorney-in-fact to act on behalf of the general partnership and bind all members, unless the Articles of Partnership restrict member's authority.

**Note:** Certain FSA and CCC forms, such as CCC-502's, require each member's individual signature. Accordingly, each member or individual authorized by the members, **must** sign such forms regardless of whether an individual has authority to act on behalf of the general partnership.

Spouses shall **not** sign on behalf of each other as an authorized signatory for a partnership. Individuals that are appointed as an attorney-in-fact for another individual shall **not** sign for that individual as an authorized signatory for a partnership.

**Example:** John Smith is a member of ABC partnership. The articles of partnership provide John Smith the authority to sign for the partnership and bind all members of the partnership. John Smith's spouse is not a member of the partnership and shall **not** sign for John Smith as the authorized signatory for ABC partnership. John Smith appointed Bill Brown as his personal attorney-in-fact on FSA-211. Bill Brown shall **not** sign for John Smith as the authorized signatory for ABC partnership.

#### **A** General Rules (Continued)

A spouse that is not a member of the partnership may sign on behalf of the other spouse's individual interest in a partnership, unless a written notification denying a spouse this authority is provided to County Office. Individuals that are appointed as an attorney-in-fact for another individual may sign for only that individual's interest in a partnership.

**Example:** John Smith and Fred Brown have formed a general partnership called JF Farms. Other than the 2 general partners, no other person has been authorized by JF Farms to sign on behalf of the partnership. John's wife, Sally Smith, may sign as attorney-in-fact for John's individual interest in the partnership. Sally **may not** sign for the general partnership as she has not been authorized to sign.

A general partnership must have a permanent tax ID number to receive payments as a partnership.

If a permanent tax ID number is not available, FSA doesn't consider them a general partnership. The individual may receive payments if they are requesting payments as individuals and complete all supporting documentation as individuals.

#### **B** Examples of Signature Requirements for General Partnerships

Following are examples of signature requirements for general partnerships.

#### Example 1:

ABC General Partnership:

- has a permanent tax ID number
- is comprised of Jane Black, Bob Green, and Mike Brown.

Partnership papers are on file for ABC General Partnership and contain no specifications or restrictions regarding signature authority.

ABC General Partnership is a producer on FSN 100 and elects to enroll FSN 100 in 2005 DCP. ABC General Partnership, not the individual members, shall be listed on CCC-509.

Because there are no specifications or restrictions in the partnership papers, any 1 of the partners (Jane Black, Bob Green, or Mike Brown) may sign CCC-509 on behalf of ABC General Partnership and bind all members.

## **B** Examples of Signature Requirements for General Partnerships (Continued)

#### Example 2:

XYZ General Partnership:

- has a permanent tax ID number
- is comprised of John White, Jack Blue, and Mary White.
- \*--There are no partnership papers for XYZ General Partnership. However, IRS documents have been provided, showing the members and their respective shares. In addition, all--\* members of XYZ General Partnership signed and executed FSA-211 appointing Mr. White attorney-in-fact for XYZ General Partnership.
- \*--XYZ General Partnership is a producer on FSN 200 and elects to enroll FSN 200 in--\* 2005 DCP. XYZ General Partnership, not the individual members, shall be listed on CCC-509 \* \* \*.
- \*--Because Mr. White is authorized to act for XYZ General Partnership, Mr. White can sign CCC-509 on behalf of XYZ General Partnership. FSA-211 does **not** negate the provision of subparagraph A. Either Jack Blue or Mary White would also have authority to sign the CCC-509 on behalf of XYZ General Partnership.

### Example 3:

LMB General Partnership:

- has a permanent tax ID number
- is comprised of Steve Gray, Tim Silvers, and Gary Gold.

Partnership papers are on file for LMB General Partnership, specifying that Gary Gold shall sign all documents for LMB General Partnership.

LMB General Partnership is a producer on FSN 300 and elects to enroll FSN 300 in the 2005 DCP. LMB General Partnership, not the individual members, shall be listed on CCC-509. Because there are specific restrictions in the partnership papers on file stating that Gary Gold shall sign all documents for LMB General Partnership, only Gary Gold may sign the CCC-509 on behalf of LMB General Partnership, which will bind all members.--\*

#### C Acceptable Signatures

The signature for an individual authorized to sign for a general partnership shall consist of both of the following:

- an indicator, such as "by" or "for", illustrating that the individual is signing in a representative capacity
- 1 of the following:
  - individual's name
  - individual's name and capacity
  - individual's name, capacity, and name of partnership.

## **D** Partnership Signature Examples

Following are examples of signatures that may be accepted for general partnerships.

| Name on Document                    | Acceptable Signature                                       |

| XYZ Company                         | • by Richard Roe   |
|                                     | XYZ Company by Richard Roe                                 |

**Notes:** Other forms and title may be accepted only if approved by DAFP.

<sup>\*--</sup>DAFP forms include or will include "By" and "Title/Relationship" in the applicable signature boxes. An indicator, such as "by" or "for", is **not** required for the revised forms; however, the "Title/Relationship" box shall be completed accordingly for individuals signing in a representative capacity. Instructions for completing the revised forms are included in the applicable program handbook.--\*

#### 710 Joint Venture

#### A General Rules

- \*--Effective April 2, 2009, joint ventures shall designate which members are authorized to sign for the joint venture by checking applicable boxes on forms:
  - CCC-902E, Part C, Column F
  - CCC-901, Part A, Column 5.

All members must initial responses in column F and/or 5, as applicable.

Before April 2, 2009, **all** members of a joint venture were required to sign for the joint--\* venture unless an individual is authorized to act on behalf of the joint venture and bind all members.

Joint ventures that do not have an individual authorized to act on behalf of the joint venture may execute FSA-211 to appoint an attorney-in-fact to act on behalf of the joint venture and bind all members.

**Important:** 

When there is not an individual authorized to act on behalf of the joint venture, **all** members of the joint venture must sign FSA-211. The members of the joint venture are appointing an attorney-in-fact to act on behalf of the joint venture, not the members of the joint venture as individuals.

**Note:** Certain FSA and CCC forms, such as CCC-502's, require each member's individual signature. Accordingly, each member, or an individual authorized by the member, must sign such forms regardless of whether an individual has authority to act on behalf of the joint venture.

Spouses shall not sign on behalf of each other as an authorized signatory for a joint venture. (See exception in subparagraph 707 C for a husband/wife joint venture.) Individuals that are appointed as an attorney-in-fact for another individual shall not sign for that individual as an authorized signatory for a joint venture.

**Example:** Jack Green is a member of JJJ Joint Venture. All members of JJJ Joint Venture signed FSA-211 appointing Jack Green attorney-in-fact for the joint venture. Jack Green's spouse shall **not** sign for Jack Green as the authorized signatory for JJJ Joint Venture. Jack Green appointed Bill Brown as his personal attorney-in-fact on FSA-211. Bill Brown shall **not** sign for Jack Green as the authorized signatory for JJJ Joint Venture.

#### A General Rules (Continued)

Spouses may sign on behalf of each other's individual interest in a joint venture, unless a written notification denying a spouse this authority is provided to County Office. Individuals that are appointed as an attorney-in-fact for another individual may sign for that individual's interest in a joint venture.

**Example:** Jill White is a member of WW Joint Venture. No member of WW Joint Venture is authorized to sign for the joint venture and bind all members; therefore, all members must sign documents for the joint venture. Jill White's spouse may sign for Jill White's individual interest in the joint venture. Jill White appointed Mike Jones as her personal attorney-in-fact on FSA-211. Mike Jones may sign for Jill White's individual interest in the joint venture.

FSA payments may be issued to:

- a joint venture with a permanent tax ID number
- individual members of a joint venture, using the individual member's ID numbers, when the joint venture does not have a permanent tax ID number.

### **B** Acceptable Evidence of Signature Authority

Use the following table to determine acceptable evidence of signature authority for a joint venture.

| IF the individual signing for the joint venture is | THEN acceptable evidence of authority is   |
|--|--|
| a member of the joint venture                      | a valid power of attorney signed by all members of the joint venture.  |
|  | Note: Before July 20, 2004, certain properly executed affidavits may have been used as evidence of signature authority. Properly completed affidavits on file before July 20, 2004, shall continue to be honored as evidence of signature authority by State and County Offices. Affidavits filed after July 18, 2001, shall be witnessed by an FSA employee or notarized to be considered acceptable. |
| an agent   | a valid power of attorney signed by all members of the joint venture.  |
|  | <b>Notes:</b> See Section 4 for power of attorney.   |
|  | See paragraph 707 when the agent granted signature authority is an entity.   |

#### C Examples of Signature Requirements for Joint Ventures

Following are examples of signature requirements for joint ventures.

### Example 1:

ABC Joint Venture:

- has a permanent tax ID number
- is comprised of Jane Black, Bob Green, and Mike Brown.

There are no documents that provide authority for any individual to sign for ABC Joint Venture.

ABC Joint Venture is the owner and operator of FSN 1000 and elects to enroll FSN 1000 in 2005 DCP. ABC Joint Venture, not the individual members, shall be listed on CCC-509 with 100 percent share in all covered commodities on the farm.

Because no individual is authorized to act on behalf of ABC Joint Venture, Mrs. Black, Mr. Green, and Mr. Brown must **all** sign CCC-509 for ABC Joint Venture.

#### Example 2:

XYZ Joint Venture:

- has a permanent tax ID number
- is comprised of John White, Jack Blue, and Mary White.

**All** members of XYZ Joint Venture signed and executed FSA-211 appointing Mr. White attorney-in-fact for XYZ Joint Venture.

XYZ Joint Venture is owner and operator of FSN 2000 and elects to enroll FSN 2000 in 2005 DCP. XYZ Joint Venture, not the individual members, shall be listed on CCC-509 with 100 percent share in all covered commodities on the farm.

\*--Because Mr. White is authorized to act for XYZ Joint Venture, only Mr. White is required--\* to sign CCC-509 on behalf of XYZ Joint Venture.

#### C Examples of Signature Requirements for Joint Ventures (Continued)

## Example 3:

**DEF Joint Venture:** 

- does **not** have a permanent tax ID number
- is comprised of Mike Smith, Jane Jones, and Tom Williams.

There are no documents that provide authority for any individual to sign for DEF Joint Venture.

DEF Joint Venture is owner and operator of FSN 3000 and elects to enroll FSN 3000 in 2005 DCP. DEF Joint Venture is listed on CCC-509 with zero shares of the covered commodities on the farm. The individual members shall be listed on CCC-509 with their individual share of the covered commodities on the farm.

#### F Husband and Wife Joint Ventures

Spouses may sign documents on behalf of each other for a husband and wife joint venture with a permanent tax ID number, effective August 1, 1992, unless written notification denying a spouse this authority has been provided to the County Office.

#### **A** Authorization

- \*--Effective April 2, 2009, corporations, limited partnerships, limited liability partnerships, and limited liability companies shall designate which officers, managers, or members are authorized to sign for their respective entity by checking applicable boxes on forms:
  - CCC-902E, Part C, Column F
  - CCC-901, Part A, Column 5.

Before April 2, 2009, a copy of any of the following applicable documents would--\* authorize an officer, manager, member, or representative to sign:

- the corporate charter, bylaws, articles of organization, operating agreement, or partnership papers executed according to State law, that designates officers, members, or managers as authorized signatories
- resolution by the corporation's board of directors, signed by the corporation's secretary or an officer other than the signatory being extended signature authority

**Note:** If the intent of the resolution is to extend signature authority to all officers of a corporation, then all officers must sign the resolution.

**Exception:** For a **1 person corporation**, that person is authorized to sign for the corporation by default if documentation, such as a corporate charter, is on file in the County Office which **both**:

- identifies the "one person"
- validates that 100 percent of the corporation's shares are held by that "one person".
- signed corporate minutes
- letter signed by an authorized representative of the entity designating who may sign for the entity.

**Note:** This letter may only be used as valid documentation when the entity is **not** receiving monetary benefits from FSA.

**Example:** XYZ Chemical Company contracts with producers to test their products on special acreages on farms participating in DCP. There are instances when these producers do not have 100 percent risk in all of the base acres. XYZ Chemical Company then, has to be on CCC-509 for a share of the payments even if they are ineligible or do not wish to receive the payments. XYZ Chemical Company is required to sign CCC-509 and therefore, signature authorization is required.

#### **A Authorization (Continued)**

\*--Notes: It is the respective entity's responsibility to keep County Offices informed of all changes about signature authority and to ensure that current documentation is provided accordingly.--\*

The identification/listing of officers and/or shareholders of a corporation does not, by itself, provide sufficient evidence of who has authority to act on behalf of the corporation.

Before July 20, 2004, certain properly executed affidavits may have been used as evidence of signature authority. Properly completed affidavits on file before July 20, 2004, shall continue to be honored as evidence of signature authority by State \*--and County Offices. Affidavits filed after July 18, 2001, must be witnessed by an FSA employee or notarized to be considered acceptable.--\*

Spouses shall not sign on behalf of each other as an authorized signatory for a corporation, limited partnership, limited liability partnership, limited liability company, or other similar entity. Individuals who are appointed an attorney-in-fact for another individual shall not sign for that individual as an authorized signatory for a corporation, limited partnership, limited liability partnership, limited liability company, or other similar entity.

**Example:** Joe Blue is a member of B Inc. The charter for B Inc. authorizes Joe Blue to sign for the corporation. Joe Blue's spouse shall not sign for Joe Blue as the authorized signatory for B Inc. Joe Blue appointed Mary Smith as his personal attorney-in-fact on FSA-211. Mary Smith shall not sign for Joe Blue as the authorized signatory for B Inc.

#### **A** Authorization (Continued)

Spouses may sign on behalf of each other's individual interest in a corporation, limited partnership, limited liability partnership, limited liability company, or other similar entity; unless a written notification denying a spouse this authority is provided to County Office. Individuals who are appointed as an attorney-in-fact for another individual may sign for that individual's interest in a corporation, limited partnership, limited liability partnership, limited liability company, or other similar entity.

**Example:** Jane Brown is a member of JBB Inc. The corporate charter for JBB Inc. requires all members to sign documents for the corporation. Jane Brown's spouse may sign for Jane Brown's individual member interest in the corporation. Jane Brown appointed Mike Black as her personal attorney-in-fact on FSA-211. Mike Black may sign for Jane Brown's individual member interest in the corporation.

#### **718-727** (Reserved)

#### **Section 4** Power of Attorney and Rules on Authority

#### 728 Policy for Powers of Attorney

#### A General Policy

In the Service Center where employed, Service Center employees shall not act as attorney-in-fact on behalf of any producer, including family members (paragraph 707).

Minors may **not** appoint an attorney-in-fact to act on their behalf or be appointed an attorney-in-fact to act on grantor's behalf.

Since August 1, 1992, spouses may sign documents on behalf of each other for FSA and CCC programs in which either has an interest without completing FSA-211 or FSA-211-1, unless written notification denying this authority has been provided to the County Office.

\*--Note: These spousal signature requirements do not apply to NRCS.--\*

**Exceptions:** See paragraph 707 for exceptions to spouse's authority to sign on the other's behalf.

From April 17, 1996, to August 25, 2002:

- producers wishing to appoint an attorney-in-fact to act on their behalf for FSA and CCC programs must have completed FSA-211 or FSA-211-1, as applicable

#### C FSA-211

A separate FSA-211 shall be completed for each grantor and each attorney-in-fact. The County Office shall not process FSA-211 providing more than 1 grantor or more than 1 attorney-in-fact.

A grantor wishing to appoint more than 1 attorney-in-fact shall complete and submit a separate FSA-211 for each attorney-in-fact. Two or more grantors wishing to appoint the same attorney-in-fact to act on their behalf shall each complete and submit separate FSA-211's.

- **Example 1:** Mike Jones wishes to appoint both Jane Smith and Bob Brown as attorney-in-fact to act on his behalf. Mike Jones must complete one FSA-211 appointing Jane Smith and a separate FSA-211 appointing Bob Brown.
- **Example 2:** Mary White and John Green both wish to appoint Joe Black as their attorney-in-fact. Mary White must complete and submit FSA-211 appointing Joe Black to act on her behalf, and John Green must complete and submit a separate FSA-211 appointing Joe Black to act on his behalf.

FSA-211 shall be used to appoint 1 attorney-in-fact to act on behalf of the grantor for FSA and CCC programs. The authority granted using FSA-211 may be for any of the following:

- •\*--all current and all future FSA, CCC, and NRCS programs
- all current FSA, CCC, and NRCS programs
- specific FSA, CCC, and NRCS programs.--\*

FSA-211 may be used to appoint an attorney-in-fact to act on behalf of the grantor for FCIC-insured crops.

**Note:** It is the producer's responsibility to provide a copy of FSA-211 to the applicable crop insurance agent.

## C FSA-211 (Continued)

FSA-211 authority does **not** provide the appointed attorney-in-fact the authority to sign or act on behalf of the grantor for any of the following:

- COC elections
- FSA-211
- requesting electronic access
- •\*--any program that is **not** a FSA, CCC, and NRCS program, such as TAA program

See subparagraph H for procedure about executing CCC-605 using FSA-211.

#### FSA shall:

- process and record properly executed FSA-211's
- accept FSA-211's for NRCS customers; NRCS employees may accept FSA-211's for FSA customers

**Note:** FSA County Office employees are the **only** employees authorized to witness FSA-211 signatures. If an FSA employee does **not** witness FSA-211 signatures, FSA-211 **must** be notarized by a Notary Public.--\*

- **not** process nor record FSA-211 that is:
  - incomplete
  - inaccurate
  - **not** properly witnessed by an FSA employee or acknowledged by a valid Notary Public.

**Note:** When the grantor is a corporation, the corporate seal of the grantor may be accepted in place of FSA employee witness or notarization.

#### See Exhibit 60 for:

- instructions for completing FSA-211
- instructions for completing FSA-211A
- an example of FSA-211
- an example of FSA-211A.

#### **D** Duration

FSA-211 shall remain in full force and effect from the date FSA-211 is correctly executed until 1 of the following occurs:

**Important:** The Service Center agency shall attach written notification to the applicable FSA-211.

- writing "CANCELED" on original FSA-211, and initialing and dating
- either grantor or appointed attorney-in-fact:
  - dies
  - becomes incompetent or incapacitated
  - is a legal entity, and the entity becomes dissolved

\*--Note: If the grantor is an entity, such as a corporation, partnership, trust, joint venture, or other similar entity granting authority to act for the entity and bind all members, the death of the member or officer who executed FSA-211 does not invalidate FSA-211 on file unless the entity is dissolved.--\*

• if FSA-211 is for specific FSN's only and applicable FSN's no longer exist.

#### **E** Changes

Changes made to an accepted power of attorney require the authority to be reissued on a new FSA-211.

**Note:** Transferring a farming operation to a different County Office does not invalidate a power of attorney.

## **Policy for Powers of Attorney (Continued)**

#### F Designating Power of Attorney by FSN

\*--A grantor may appoint an attorney-in-fact to act on their behalf on specific FSN's. In FSA-211, Section B, Transactions for FSA, NRCS and CCC Programs, item 7, enter FSN's for which the attorney-in-fact is responsible.

\* \* \*

#### **Policy for Powers of Attorney (Continued)**

  - item 2, "All current and all future programs"
  - item 11, "Marketing Assistance Loans and Loan Deficiency Payments"
- grantor selected, under Section B, Transactions for FSA, NRCS and CCC Programs, item 7, "Other", and ENTERed "Executing CCC-605".

**Important:** If FSA-211 does **not** meet both of the requirements, the appointed--\* attorney-in-fact shall **not** be authorized to execute CCC-605 on behalf of the grantor.

Producers **must** be fully aware that appointing an attorney-in-fact to execute CCC-605's grants that agent the authority to further delegate authority to another agent.

An agent appointed attorney-in-fact on FSA-211 shall **not** execute FSA-211 to further delegate this authority.

#### I Executing CCC-526 to Certify Adjusted Gross Income

- \*--An individual may execute CCC-526 on behalf of another when either of the following is provided by the grantor on FSA-211:

When an individual is declared incompetent and a conservator has been appointed by the court to act on behalf of the incompetent individual:

#### \*--729.4 Policy for Incapacitated Individuals--\*

#### A Acceptable Non-FSA Power of Attorney Forms for an Incapacitated Individual

- grantor cannot complete FSA-211 because of incapacitation
- conservator for the grantor has not been appointed by the court

  - provides legally sufficient authority for the attorney-in-fact to act on behalf of the grantor for FSA and CCC programs
  - compliance with applicable State and local laws.

**Note:** If the County Office has documentation of a previous review and approval of non-FSA power of attorney by a regional attorney, the County Office is not required to resubmit the non-FSA power of attorney form for regional attorney review. CED shall review the regional attorney's approval to ensure the approval did not contain any limitations. The non-FSA power of attorney must be resubmitted if the regional attorney noted any limitations that could affect the new programs authorized by the Farm Security and Rural Investment Act of 2002.

**Important:** The State Office shall contact the National Office if the regional attorney declines to review non-FSA power of attorney forms.

#### **729.4** Policy for Incapacitated Individuals (Continued)

# A Acceptable Non-FSA Power of Attorney Forms for an Incapacitated Individual (Continued)

- submit a copy of the non-FSA power of attorney form and the signed and dated Non-FSA Power of Attorney Certification to the regional attorney for review

#### \*--729.4 Policy for Incapacitated Individuals (Continued)--\*

# A Acceptable Non-FSA Power of Attorney Forms for an Incapacitated Individual (Continued)

- **not** submit the non-FSA power of attorney form to the regional attorney if the Non-FSA Power of Attorney Certification is **not** signed and dated by the individual appointed as attorney-in-fact by the non-FSA power of attorney form
- **not**, under any circumstance, make a determination about the acceptability of a non-FSA power of attorney form

**Important:** The State Office shall contact the National Office if the regional attorney declines to review non-FSA power of attorney forms.

• provide the County Office with a copy of the regional attorney determination.

#### **B** Incapacitation

For the purposes of accepting a non-FSA power of attorney form, an individual is incapacitated when the individual is physically or mentally incapable of executing FSA-211.

**Note:** See paragraph 729.5 when the producer's signature cannot be obtained by a program deadline and there is no valid power of attorney on file.

# C False Certification of Incapacitation

If COC determines that the certification is erroneous:

- non-FSA power of attorney is invalid for FSA and CCC purposes
- grantor may complete FSA-211.

#### D Redelegation of Authority to Act on Behalf of the Grantor

An attorney-in-fact appointed using a non-FSA power of attorney shall not:

- appoint another attorney-in-fact to act on behalf of the grantor

\* \* \*

#### **A Limited Case Waivers for Power of Attorney**

A limited case exists when **both** of the following are met:

- a producer's signature cannot be obtained by a final program date because of an unexpected emergency
- the producer does not have a valid power of attorney on file.

COC is **not** authorized to approve limited case waivers. County Offices shall send limited cases to the State Office when the foregoing requirements are met.

STC, with regional attorney approval, may grant a limited case waiver when it is ensured that the proper signature authority is being obtained. A limited case waiver may only be granted:

- to immediate family members
- for **specific** program functions.

Program benefits shall be withheld until proper signature authority is provided to the County Office.

Example: The final date to submit an application for 2000 LAP is May 4, 2001. Jim White was unexpectedly hospitalized on April 27, 2001, and will be incapable of completing any applications or documents for 30 calendar days. Jim White does not have a valid power of attorney on file in the County Office. Jim White's father requests to complete the applicable 2000 LAP documents for his son and states that Jim White will complete FSA-211 appointing him attorney-in-fact when he is capable of completing FSA-211. The County Office sends STC the applicable 2000 LAP documents signed by Jim White's father and the father's statement that FSA-211 will be completed appointing him attorney-in-fact for Jim White. If the waiver is approved by STC and the regional attorney, the County Office shall process the application. However, all program benefits shall be withheld and COC shall not approve any document until Jim White completes FSA-211 appointing his father as attorney-in-fact to act on his behalf.

A Limited Case Waivers for Power of Attorney (Continued)

Limited case waivers are not applicable to any of the following:

- late-filed signatures
- when the producer is capable of completing the applicable program documents or FSA-211 before the final program date
- when the reason the producer is unable to complete the applicable program documents or FSA-211 is **not** unexpected.

**Example:** The final date to submit an application for the 2000 LAP is April 27, 2001. Jane Jones will be hospitalized beginning April 20, 2001, for a scheduled surgery. She will be incapable of completing any applications or documents for 30 calendar days after the surgery. The surgery and hospital stay is not unexpected and she could have signed the applicable program documents or completed FSA-211 before the scheduled surgery. Accordingly, a limited case waiver is not applicable.

#### **A Representative Capacities**

The authority to act for corporations, limited partnerships, limited liability partnerships, limited liability companies, and other similar entities may be redelegated by the entity's authorized representative only if the entity's documents allow for this redelegation. ## **751** SCIMS

## **A Entering Information in SCIMS**

FSA County Office employees shall be responsible for timely entering certain information and establishing legacy links in SCIMS for NRCS \* \* \* applicants as follows.

- Record all pertinent information provided by NRCS in SCIMS for \* \* \* applicants
  having no current records on file if trained NRCS employees with access to SCIMS are
  unavailable.
- Upon request by NRCS, an "FSA Customer, Program Participation" record shall be
   \*--established for NRCS applicants currently residing in SCIMS as only an "NRCS--\*
   Customer" with "State", "County Serviced", and "Organization Name" identified
   accordingly. "General Program Interest" shall be identified as "Does not have interest in
   program" and "Current Participant" shall be "Not Currently Participating". Legacy links
   shall then be established accordingly.

**Note:** In all cases, FSA shall continue to be solely responsible for establishing legacy links. This legacy link must be established for data to be downloaded to the AS/400 and an eligibility record created.

#### 752 Farm Records

#### A Farm and Tract Maintenance

3-CM provides procedure for farm and tract maintenance. FSA County Office shall determine whether the producer is applying for EQIP on land for which a farm already exists \*--in FRS. If the FSA County Office determines that the land is:

- associated with a farm that already exists in FRS, the FSA County Office shall add the producer to the farm as an operator, owner, or other producer according to 3-CM, paragraph 130, 211, or 226, as applicable
- not associated with a farm that already exists in FRS, the FSA County Office shall, as applicable, do 1 or more of the following:
  - add a new tract to an existing farm according to 3-CM, paragraph 155
  - increase the acreage on the farm according to 3-CM, paragraph 152
  - add a new farm according to 3-CM, paragraph 105.--\*

\* \* \*

#### **B** Conservation Compliance

6-CP provides procedure for conservation compliance. Conservation compliance shall be determined for all new producers. FSA shall follow:

- 6-CP for conservation compliance
- 3-CM to update NRCS determination flags.

#### \*--753 FSA Subsidiary Responsibilities

#### A Web-Based Eligibility System

For the administration of all programs, FSA's primary responsibility with regard to the web-based eligibility system is to ensure that the files are updated accurately and timely. Specifically for the administration of EQIP, this provision applies to accepting and recording determination information for each of the following:

- AGI certifications, either filed by the producer using CCC-526 or other acceptable certification according to 1-PL
- AD-1026 certification.

**Note**: If the producer is not associated with land, the producer is still required to complete AD-1026 certifying compliance with HELC/WC provisions.

#### **B** Member Information for Entities and Joint Operations

Producers participating in most FSA programs are required to complete the applicable CCC-502 for "actively engaged in farming" and "person" determinations. This documentation also identifies members of joint operations and entities and is used for various purposes.

CCC-502 is not required for producers participating in EQIP. As a result, FSA and NRCS have agreed that CCC-501A shall be accepted for joint operations and entities so that members can be identified. Once received, FSA County Offices **shall immediately** take the following action based on CCC-501A provided by NRCS.

- Record the members of the joint operation or entity into the **System 36** joint operation or permitted entity file according to 2-PL.
- Set the permitted entity flag for members of joint operations and entities according to the following.

| IF the producer is a | THEN set the permitted entity flag to       |
|----------------------|---|
| joint operation      | "N" for each member of the joint operation. |
| entity               | "D" for each member of the entity.          |

**Note:** CCC-501A is only required for producers that are not current FSA customers. FSA is not responsible for obtaining this documentation; however FSA shall immediately take the appropriate action once the documentation is provided. Further, if the information provided conflicts with existing documentation already on file in FSA, the County Office shall take the appropriate action to contact the producer to resolve the conflict.--\*

#### **A FSA Service Center Employee Action**

FSA Service Center employees shall take the following action for producers who participate in EQIP.

- Timely enter information and establish legacy links in SCIMS for NRCS EQIP applicants.
- Add or update farm record information as necessary according to paragraph 4.
- Determine conservation compliance for all new producers.
- Ensure that web-based eligibility records are updated accurately and timely based on documentation submitted by NRCS for producers applying for EQIP benefits.

#### **B** State Office Action

State Offices shall ensure that FSA Service Center employees comply with the policy in this section and the respective provisions of MOA between FSA/CCC and NRCS.

#### C NRCS Responsibilities

Local NRCS offices shall:

- provide respective FSA County Offices with timely and accurate information for producers applying for EQIP benefits as outlined in this notice
- comply with the applicable provisions of MOA between FSA/CCC and NRCS.
- record their respective information in SCIMS if a trained employee is available.--\*

# \*--779 Responding to Requests for Payments Due Persons Who Have Died, Disappeared, or Have Been Declared Incompetent

### A Regulation--\*

[7 CFR 707.7] Release application.

No payment may be made under this part unless a proper program application was filed in accordance with the rules for the program that generated the payment. That application must have been timely and filed by someone legally authorized to act for the deceased, disappeared, or declared incompetent person. The filer can be the party that earned the payment themselves-such as the case of a person who filed a program application before they died-or someone legally authorized to act for the party that earned the payment. All program conditions for payment must have been met before the death, disappearance, or incompetency except for the timely filing of the application for payment by the person legally authorized to act for the party earning the payment. But, further, for the payment to be released under the rules of this part, a second application must be filed. That second application is a release application filed under this section. In particular, as to the latter, where all other conditions have been met, persons desiring to claim payment for themselves or an estate in accordance with this part 707 must do so by filing a release application on Form FSA-325, "Application for Payment of amounts Due Persons Who Have Died, Disappeared or Have been Declared Incompetent."

\*--Notes: These provisions and FSA-325 do not apply to TTPP and CCC-931's.

#### See:

- 16-TB for policy about rights to TTPP payments of deceased persons or dissolved entities
- subparagraph C and 4-PL for policy on CCC-931's.

#### **B** Processing Requests for Payment Issuance

Before approving payment issuance under any application, contract, or loan agreement for a person other than the participant in situations where the participant had died, has disappeared, or has been declared incompetent, the County Office will:

- verify and determine that the application, contract, loan agreement, or other similar form requesting payment issuance has been signed by the applicable deadline for such form by the following:
  - the program, contract, or loan participant or participants--\*

# \*--779 Responding to Requests for Payments Due Persons Who Have Died, Disappeared, or Have Been Declared Incompetent (Continued)

### **B** Processing Requests for Payment Issuance (Continued)

 someone legally authorized to act for the program, contract, or loan participant or participants

**Notes:** See subparagraph C and paragraph 707.

In cases where someone other than a participant is signing the program application, contract, or loan application, FSA requires documentary evidence of that legal authority before further processing the program application, contract, or loan application.

According to subparagraph C, FSA will **not** authorize the disbursement of payments and will seek advice of the Regional Attorney if there is any question about the documentary evidence of authority of persons asserting legal authority to sign on behalf of individuals who have died, disappeared, or have been declared incompetent.

• in instances where the application, contract, or loan agreement form was signed by someone other than the participant who is deceased, has disappeared, or has been declared incompetent, determine whether the person submitting the form has the legal authority to submit the form to compel FSA to pay the deceased, disappeared, or declared incompetent participant

**Note:** Follow subparagraph C in making this determination.

• **not** issue any sort of decision or extent of eligibility decision to anyone other than participants

**Note:** Persons who may or may not have legal authority to submit applications seeking payments on behalf of others have no "right" of participation themselves nor are they entitled to determinations. In those instances, a communication may be sent advising that FSA cannot process the application contract or loan agreement form without additional documentation submitted for consideration. Those persons are only considered to be acting on behalf of participants, to the extent FSA accepts the assertion that the person has that legal authority.

• **not** advise persons or speculate about who might be considered to be a legal authorized representative of a participant.

**Note:** FSA is **not** responsible for advising persons in obtaining legal advice on how to go about obtaining program benefits that may have been due a participant who has died, disappeared, or who has been declared incompetent. FSA should only provide information that FSA can only act on valid applications of participants or those instruments submitted by deadlines by a participant or the participant's legal representative.--\*

## C Processing Forms Signed by Persons Asserting Legal Representative

Except for CCC-931's, upon receiving the program application, contract, or loan agreement form signed by someone asserting that they are an authorized representative of the participant who is deceased, disappeared, or declared incompetent, the representative will submit, unless already on file, documentation supporting the authorization. Some examples of documentation could include, but are not limited to, the following:

- court order detailing the authorization
- domiciliary letter
- document showing appointment of the person as executor, administrator, or some similar title and authority
- documentation supporting that a person has signed.

If the County Office has any question that the documentation submitted does **not** clearly authorize the representative to sign, the County Office will forward a copy of the program application, contract, or loan agreement form signed by the representative together with a copy of the documentation submitted in support of the signature to the Regional Attorney through the State Office.

Under no circumstances will FSA employees advise or speculate about the participant's extent of eligibility with persons who have **not** been found to be legal authorized representatives of the participant.

Procedure for acceptable signatures on CCC-931 on behalf of an individual who is deceased, disappeared, or declared incompetent will be issued in 4-PL.

#### D When to Use FSA-325--\*

Use FSA-325 **only** when it is requested that a payment earned by a deceased, missing, or incompetent program participant be issued in a name other than that of the deceased, disappeared, or declared incompetent program participant.

Payments will be issued to the respective qualified claimant's names using the deceased, missing, or incompetent program participant's tax identification number.

#### **E** FSA-325 Application Number

Leave this block blank if application numbers are not used in the programs involved.

# \*--779 Responding to Requests for Payments Due Persons Who Have Died, Disappeared, or Have Been Declared Incompetent (Continued)--\*

#### F Number of Applications to File

Only one FSA-325 needs to be executed even though application is filed for payments under more than 1 program. Enter the name of each program on the application.

**Note:** Payments to qualified claimants shall be processed through payment centralization using the "Alternate Payee Indicator" that is limited to specific programs and specific circumstances. If the "Alternate Payee Indicator" is not available for the applicable program payment, the county will need to set the "Other Agency Claim" flag in Financial Services to make the payment to another party.

#### **G** Affidavit Needed for Missing Producer

When a producer has disappeared, obtain an affidavit from the applicant and a disinterested person who was well acquainted with the missing person to show that:

- the person has been missing more than 3 months
- a diligent search has failed to reveal the person's whereabouts
- the person has not communicated during the period with other persons who would have expected to hear from the person.

File the affidavits with the completed FSA-325.

#### H Filing FSA-325

FSA-325 shall be filed with the:

- County Office by qualified representatives for program payments
- local FS forest supervisor when used for NSCP.

#### I Application and Contract Requirements

- \*--The application or contract required by the program handbook must be filed by the deadline set for the particular program under rules and procedures governing the instrument. The application, contract, or loan agreement must be on file in the County Office and either of the following:
  - signed by the participant or legal representative
  - signed by the authorized representative on FSA-325.--\*

### Part 27 Linkage

#### 801 Linkage Requirements

### A Introduction

\*--A producer is required to obtain at least the catastrophic level of insurance for each crop of economic significance grown on each farm in the county in which the producer has an interest, if insurance was available in the county for the crop, to be eligible for:

- Conservation Reserve Program (CRP)
- farm ownership loans (FO)
- operating loans (OL)
- emergency loans (EM).--\*

## B Maintaining Linkage

The Federal Agriculture Improvement and Reform Act of 1996 amended the Federal Crop Insurance Act, Section 508(b)(7), to allow the producer to maintain linkage by doing either of the following:

- obtain at least the catastrophic level of insurance for each crop of economic significance in which the producer has an interest
- provide a written waiver to the Secretary waiving eligibility for emergency crop loss assistance for the crop.

#### The linkage requirement:

- applies to the producer's interest in all counties
- cannot be met on a county-by-county basis
- provides that the producer shall do either of the following:
  - obtain insurance in all counties for each crop of economic significance in which the producer has an interest
  - provide a written waiver that waives eligibility for emergency crop loss assistance for the crop.

Continued on the next page

## B Maintaining Linkage (Continued)

The producer has the following options for meeting linkage requirements:

- obtain at least the catastrophic level of crop insurance in all counties for each crop of economic significance in which the producer has an interest
- obtain at least the catastrophic level of crop insurance for some, but not all, crops of economic significance in which the producer has an interest, and sign a waiver
- sign a waiver that waives eligibility for crop loss assistance for the producer's crops.

**Note:** 7 CFR Part 1405.6 contains these requirements.

## C Example of Linkage

If Farmer A produces crops of economic significance in both County B and County C, but requests USDA benefits subject to linkage in County B only, Farmer A has the following options:

- obtain at least the catastrophic level of crop insurance for all crops of economic significance in both Counties B and C
- not obtain at least the catastrophic level of crop insurance for any crop but sign FSA-570
- obtain at least the catastrophic level of crop insurance on some crops and sign FSA-570.

\*--If Farmer A participates in CRP in County B and obtains CAT on all crops--\* of economic significance in County B, but does not obtain at least CAT in County C or sign FSA-570, Farmer A is ineligible for benefits in County B.

## **802** Waiving Eligibility for Assistance

#### **A Submitting FSA-570**

Producers shall sign FSA-570 to waive all eligibility for emergency crop loss assistance on all crops of economic significance for which at least the catastrophic level of crop insurance has not been purchased.

FSA-570 applies \* \* \* in all counties where the producer has an interest in a crop of economic significance and shall remain in effect until revoked in writing by the producer or canceled by the Department. If the producer revokes a signed waiver and does not obtain at least the CAT level of crop insurance for all crops of economic significance, the producer \*--will be ineligible for all benefits listed in subparagraph 801 A.--\*

\* \* \*

### **B** Eligibility Flags

In each county, where the producer has an interest in a crop of economic significance, the County Office must have a copy of either FSA-570 or evidence that the crop insurance policy is in effect before eligibility flags can be updated.

When a copy of the signed FSA-570 or evidence that a crop insurance policy is in effect, \*--update the FCI flag according to 3-PL, paragraph 38.--\*

#### Part 28 Typewritten Checks

#### 813 Policy Regarding Typewritten Checks

#### A Prohibition

County Offices are not authorized to issue typewritten checks.

**Exception:** The Deputy Administrator responsible for administration of an applicable \*--program and DAM **must** authorize, in writing, issuance of typewritten checks.

**Note:** County Offices shall **not** issue typewritten checks unless prior authorization from **both** the applicable program Deputy Administrator and DAM is received.

See 1-FI, paragraph 215.--\*

#### **B** Reason for Prohibition

Automated payment processes have been developed for many programs. For programs where an automated payment process has not been developed, payments are issued through \*--the System 36 accounting checkwriting application or the National Payment Service. All--\* payments should be issued through the automated system so that disbursement data is accounted for properly.

Program policy prohibiting issuance of typewritten checks was developed to:

- maintain fiscal integrity
- prevent mistakes to the extent possible.

#### C Disciplinary Action

Disciplinary action may be taken against any employee that:

- issues a typewritten check
- authorizes issuance of a typewritten check.

#### \*--Part 29 Fraud Provisions

#### **821** Actions That Defeat Program Purpose

#### **A** Introduction

Failure to accurately report acreage or carry out the terms and conditions as required to receive benefits:

- will cause serious and substantial damages to CCC
- may impair the effectiveness in achieving program objectives.

**Note:** This part does **not** apply to FLP.

#### **B** Examples of Actions Defeating Program Purpose

COC may determine that an action has knowingly and willfully been taken to defeat the purpose of the program. If this determination is made, the farm, producer, or crop, as applicable, is ineligible for benefits. Consider the following as actions that defeat the purpose of farm programs:

- falsifying certification of compliance with program requirements
- violating program requirements
- obstructing COC's effort to determine compliance with program requirements.

## C Appeal Rights

The County Office shall inform the producer of the right to appeal any COC decision according to 1-APP.--\*

# \*--1005 Reason Codes and Identifiers

# A Reason Codes to Identify Erroneous Payments

The following is a list of codes to describe the reasons for erroneous payments issued to individuals identified as deceased.

| Code | Condition or Situation  |
|------|---|
| 20   | TIN error; or misidentification of actual program participant.  |
|      | <b>Example:</b> TIN on a payment document was that of a deceased individual, but the actual program participant and payment recipient was found <b>not</b> to be deceased. This includes situations in which the surviving spouse was using the deceased spouse's TIN to receive program payments and benefits. |
| 22   | Ineligible program participant.   |
|      | <b>Example:</b> Deceased individual did <b>not</b> meet the definition of a producer for program eligibility, or the deceased individual did <b>not</b> meet requirements to be considered "actively engaged in farming" for payment eligibility.   |
| 24   | Invalid payment document; lack of signature authority, or invalid FSA-211.  |
|      | <b>Example:</b> Signature on a payment document was affixed by an individual that did <b>not</b> have signatory authority for the deceased individual; payment document was signed using FSA-211 that was no longer valid because of the death of the grantor.  |
| 26   | Invalid multi-year payment document; incorrect participants.  |
|      | <b>Example:</b> A multi-year payment document was <b>not</b> updated following the death of participant to reflect the actual producer or property owner that now hold an interest in the property subject to the multi-year agreement or contract.   |
| 28   | Ineligible for other reasons; detailed explanation required.  |
|      | <b>Example:</b> Participant knowingly provided incorrect TIN to receive program benefits; or COC determined scheme or device was adopted by participant to receive program payments <b>not</b> otherwise eligible to receive.   |
|      | Include the explanation on the same line in the "Explanation and Actions Completed" field.  |

|      | Surviving spouse has authority to sign for the trust.  |
| 34   | Eligible; TIN corrected/verified.  |
|      | Englote, The Confected, verified.  |
|      | <b>Example:</b> The individual program participant was incorrectly identified by SSA as deceased because of an error by FSA, the producer, or SSA. Participant                                   |
| 26   | was <b>not</b> deceased and verification of participant's TIN was obtained.  |
| 36   | Eligible; death of an individual not timely reported, but updated information  |
|      | supports the determinations of record.   |

\*\_.

### **Partnerships**

- You incorporate.
- Your partnership is taken over by one of the partners and is operated as a sole proprietorship.
- You end an old partnership and begin a new one.

- 50 percent or more of the ownership of the partnership (measured by interests in capital and profits) changes hands within a twelve-month period (terminated partnerships under Reg. 301.6109-1).

### Limited Liability Company (LLC)

An LLC is an entity created by state statute. The IRS did not create a new tax classification for the LLC when it was created by the states; instead IRS uses the tax entity classifications it has always had for business taxpayers: corporation, partnership, or disregarded as an entity separate from its owner, referred to as a "disregarded entity." An LLC is always classified by the IRS as one of these types of taxable entities. If a "disregarded entity" is owned by an individual, it is treated as a sole proprietor. If the "disregarded entity" is owned any any other entity, it is treated as a branch or division of its owner.

### Changes affecting Single Member LLCs with Employees

For wages paid on or after January 1, 2009, single member/single owner LLCs that have not elected to be treated as corporations may be required to change the way they report and pay federal employment taxes and wage payments and certain federal excise taxes. On Aug. 16, 2007, changes to <a href="Treasury Regulation Section 301.7701-2">Treasury Regulation Section 301.7701-2</a> were issued. The new regulations state that the LLC, not its single owner, will be responsible for filing and paying all employment taxes on wages paid on or after January 1, 2009. These regulations also state that for certain excise taxes, the LLC, not its single owner, will be responsible for liabilities imposed and actions first required or permitted in periods beginning on or after January 1, 2008.

If a single member LLC has been filing and paying employment taxes under the name and EIN of the owner, and no EIN was previously assigned to the LLC, a new EIN will be required for wages paid on or after January 1, 2009. If a single member LLC has been filing and paying excise taxes under the name and EIN of the owner and no EIN was previously assigned to the LLC, a new EIN will be required for certain excise tax liabilities imposed and actions first required or permitted in periods beginning on or after January 1, 2008. The following examples may assist in determining if a new EIN is required:

- If the primary name on the account is John Doe, a new EIN will be required.
- If the primary name on the account is John Doe and the second name line is Doe Plumbing (which was organized as an LLC under state law), a new EIN is required.
- If the primary name on the account is Doe Plumbing LLC, a new EIN will not be required.

## \*--SF-256, Self-Identification of Disability (Continued)

#### The Rehabilitation Act of 1973

The Rehabilitation Act, as amended (29 U.S.C. 701, et seq.), requires each agency in the executive branch of the Federal Government to establish programs that will facilitate the hiring, placement, and advancement of individuals with disabilities. The best means of determining agency progress in this respect is through the production of reports at certain intervals showing such things as the number of employees with disabilities who are hired, promoted, trained, or reassigned over a given time period; the percentage of employees with disabilities in the workforce and in various grades and occupations; etc. Such reports bring to the attention of agency top management, the U.S. Office of Personnel Management (OPM), and the Congress deficiencies within specific agencies or the Federal Government as a whole in the hiring, placement, and advancement of individuals with disabilities and, therefore, are the essential first step in improving these conditions and consequently meeting the requirements of the Rehabilitation Act.

The disability data collected on employees will be used only in the production of reports such as those previously mentioned and not for any purpose that will affect them individually. The only exception to this rule is that the records may be used for selective placement purposes and selecting special populations for mailing of voluntary personnel research surveys. In addition, every precaution will be taken to ensure that the information provided by each employee is kept to the strictest confidence and is known only to those individuals in the agency Personnel Office who obtain and record the information for entry into the agency's and OPM's personnel systems. You should also be aware that participation in the disability reporting system is entirely voluntary, with the exception of employees appointed under Schedule A, SECTION 213.3102(u) (Severe physical or mental disabilities). These employees will be requested to identify their disability status and if they decline to do so, their correct disability code will be obtained from medical documentation used to support their appointment.

Employees will be given every opportunity to ensure that the disability code carried in their agency's and OPM's personnel systems is accurate and is kept current. They may exercise this opportunity by asking their Personnel Officer to see a printout of the code and definition from their records. The code carried on employees in the agency's system will be identical to that carried in OPM's system.

Your cooperation and assistance in establishing and maintaining an accurate and up-to-date disability report system is sincerely appreciated.

#### **Privacy Act Statement**

Collection of the requested information is authorized by the Rehabilitation Act, as amended (29 U.S.C. 701, et seq.). Solicitation of your Social Security Number (SSN) is authorized by Executive Order 9397, which permits agencies to use the SSN as the means for identifying persons with disabilities in personnel information systems. Your SSN will only be used to ensure that your correct disability code is recorded along with other employee information that your agency and OPM maintain on you. Furnishing your SSN or any other data requested for this collection effort is voluntary and failure to do so will have no effect on you. It should be noted, however, that where individuals decline to furnish their SSN, the SSN will be obtained from other records in order to ensure accurate and complete data. Employees appointed under Schedule A, Section 213.3102 (u) (Severe physical or mental disabilities) are requested to furnish an accurate disability code, but failure to do so will not affect them. Where employees hired under one of these appointing authorities fail to disclose their disability(ies), however, the appropriate code will be determined from the employee's existing records or medical documentation physically submitted upon appointment.

## \*--A Signature Authority (Effective Before April 2, 2009, as applicable)--\*

- Q1: When signing documents with pre-printed legal names on them, such as James David Doe, would Jim D. Doe be an acceptable signature?
- A1: Yes, according to subparagraph 678 A, signatures may contain variations that do not cause the signature to be in disagreement. Jim D. Doe would be acceptable in this case.
- **Q2:** A County Office is required to review and maintain entity documents to make signature authority determinations. Is it required that County Offices copy the entire entity document and keep them on file?
- **A2:** The entire document does not have to be maintained. However, all applicable pages that identify the entity, pertinent authority, and any limitations, etc. are maintained.
  - **Example:** If the trust is represented to be an irrevocable trust, procedure in 1-PL requires review of the trust agreement to determine if it contains a provision that would result in the trust being considered a revocable trust for payment limitation purposes (1-PL, subparagraph 362 B). At a minimum, all pages needed for all programs **must** be maintained.
- Q3: During a County Office review, it was discovered that copies of proper signature authority documentation were not on file to validate a customer's signature; for example, on an application, contract, or report. Can the County Office obtain the missing documentation after the fact?
- **A3:** The County Office may secure the documentation, after the fact, to validate the applicable signatures **only** if the respective documentation is valid and was in existence at the time the signature was obtained. If documentation that includes FSA-211 was not in existence, the signature is invalid.
- **Q4:** Can any member of a General Partnership sign on behalf of the partnership without specific authorization?
- **A4:** Yes, any member of a General Partnership may sign on behalf of the partnership and bind all members, unless the articles of partnership are more restrictive (paragraph 709).
- **Q5:** Do trust agreements have to bear signatures or a certification by the officer of the issuing court?
- **A5:** No, trusts are exempt from this requirement (subparagraph 713 B).

- \*--A Signature Authority (Effective Before April 2, 2009, as applicable) (Continued)--\*
  - **Q6:** Several paragraphs in procedure indicate that a properly executed affidavit on file before July 20, 2004, may continue to be used as acceptable signature authority. Why can affidavits no longer be used as acceptable signature authority?
  - **A6:** An affidavit is a written declaration of facts confirmed by the oath or affirmation of the party making the declaration or statement of fact and is **not** an instrument that is used to convey authority upon an individual or entity; therefore, we no longer consider them as acceptable evidence for signature authority.
  - **Q7:** What constitutes a valid resolution? Do they have to be notarized or witnessed?
  - A7: A resolution is a determination of policy of a corporation by the vote of its board of directors bareing the signature of the corporation secretary or other authorized officer. Generally, resolutions are clearly stated, however if the intent of a resolution or its authenticity is questionable, a copy of supporting documents, such as by laws and/or corporate charter, may be required to determine its validity.
    - A resolution does not have to be notarized, but must either bear the corporate seal or a witnessed signature.
  - **Q8:** If a trust or an estate appoints co-trustees or co-executors, do we need to obtain both applicable signatures?
  - **A8:** Yes, both co-trustee's or co-executor's signature would be required, although County Offices should review applicable documents to determine whether co-trustees or co-executors are authorized to act independently.
  - **Q9:** When someone is signing in a representative capacity, is a "by" or "for" required to accompany their signature?
  - A9: All signature examples in 1-CM about someone signing in a representative capacity note that an indicator, such as "by" or "for", is required to illustrate that the individual is signing in a representative capacity (subparagraphs 681 B, 708 B, 709 D, 710 D, 711 C, 712 A, 713 D, 714 A, 715 D, 716 B, and 728.5 A & B).
    - **Note:** DAFP forms include or will include "By" and "Title/Relationship" in the applicable signature boxes. An indicator; such as "by" or "for", is **not** required for the revised forms; however, the "Title/Relationship" box shall be completed accordingly for individuals signing in a representative capacity. Instructions for completing the revised forms are included in the applicable program handbook.

- \*--A Signature Authority (Effective Before April 2, 2009, as applicable) (Continued)--\*
  - **Q10:** Are illegible signatures acceptable? If so, how are they to be handled?
  - **A10:** Yes; however, if the signature is illegible, the person accepting the signature **must** know the correct name of the person signing and initial the document (subparagraph 676 A).
  - Q11: What establishes signature authority for an estate, trust, conservatorship, or guardianship?
  - **A11:** Signature authority is limited to the specifications of the documents listed in subparagraph 713 A.

**Notes:** If applicable documentation is not specific, signature authority may be redelegated.

Applicable court orders need to be carefully reviewed.

- Q12: 1-DCP, subparagraph 390 E allows producers to submit written leases, rental agreements, or other documents signed by the owner as proof that the producer has the land cash leased for the applicable FY. If a written lease is submitted and the lease was signed by someone other than the owner as the owner's representative, are County Offices required to validate signature authority?
- A12: No, FSA signature authorities apply to signatures that we require from our customers on FSA forms or certifications to FSA. FSA requirements do **not** apply to documents signed for other purposes, such as leases, bank documents, and other documents created for other purposes. 1-CM, subparagraph 707 A references program documents, such as a NAP application and related documents such as AD-1026, **must** contain valid signatures.
- **Q13:** Can a general partnership appoint an attorney-in fact on a FSA-211?
- **A13:** Yes, unless the Articles of Partnership or other documents provided by the partnership prohibit it. Any member of the partnership may execute an FSA-211 unless the Articles of Partnership restrict the authority for any member to bind the partnership (paragraph 709).
- **Q14:** Are joint ventures allowed to appoint a power of attorney?
- **A14:** Yes, a joint venture may execute a FSA-211 to appoint an attorney-in-fact; however, all members of the joint venture, including the appointed attorney-in-fact, if a member of the joint venture must sign the FSA-211/FSA-211A.

## \*--B Signature Authority (Effective April 2, 2009)

- Q1: May County Offices continue to accept an entity representative's signature for which they already have valid documentation on file or must the entity file a new CCC-902E to be in compliance with new procedure for any future signature?
- **A1:** Yes, County Offices may continue to accept an entity representative's signature for which they already have valid documentation on file, as new signature authority policy and procedure applies only to evidence of signature authority from April 2, 2009, forward.
- **Q2:** If XYZ Corp. has previously empowered a third party, via corporate resolution, to sign for the corporation and documentation is already on file for this authorization; are we required to now file an FSA-211 or is the previously submitted documentation adequate for future signatures?
- **A2:** We will accept previously submitted documentation which was secured according to this handbook before April 2, 2009.
- Q3: With this new signature authority policy County Offices no longer have to collect corporation papers and similar documents for signature authority; however, the CCC-902E, Part B, # 2 still requires supporting documentation, such as articles of incorporation, trust papers, etc to show shares. Are we still requiring this documentation?
- **A3:** Requesting supporting documentation will still be required to comply with PL policy and procedure. The new policy and procedure applies only to signature authority.
- Q4: If County Offices do not have a CCC-902E for a trust that owns land but otherwise does not participate; would they still need the trust papers if the trust has to sign a reconstitution form FSA-155 or FSA-179 in order to transfer a farm or reconstitute a small base farm or a DCP contract with zero shares. Would it be acceptable to have them complete the CCC-902E which would meet signature requirements even though we really don't need it for payment purposes?
- **A4:** Form CCC-901 is to be used for documenting signature authority for an entity that is not applying for a payment but, is initiating non-payment requests including signing a zero DCP share and requests for reconstitutions.--\*

## \*--B Signature Authority (Effective April 2, 2009)

- Q5: If an entity or joint operation has filed a previous version of CCC-902E or CCC-901 that does not contain the signature authority question, then are we to follow previous Part 25, Section 3 policy and require evidence of signature authority, such as corporate documentation, trust agreement, etc.? Or, could the entity re-file the current version of CCC-902E or CCC-901 and answer the signature authority question as applicable?
- **A5:** CCC-902E's and CCC-901's filed prior to April 2, 2009, will be required to follow previous 1-CM policy. A subsequent CCC-902E or CCC-901 could be filed on the revised form and comply with the new evidence of signature authorization policy.
- **Q6:** When checking the "yes" box on form CCC-902E or CCC-901 regarding signature authority, is the signatory completing the applicable form actually granting signature authority for the entity or joint operation or are they certifying that the person has been granted signature authority via some other document, such as a corporate document, trust agreement, etc.?
- **A6:** By checking "YES" on the CCC-902E and/or CCC-901, as applicable, the signatory is certifying that the member(s) checked have authority to sign for the entity based on documentation such as a corporate charter, trust agreement, etc.
- Q7: On the CCC-902E, Part C, Item 1A-F appears to apply to "members" only; in the case of a trust, that would be the beneficiaries. Where does a trustee who is not a beneficiary indicate that they have signature authority? Is that the purpose of item (G) in that same block? If so, does the trustee list their name in (G), or do they simply initial and date over to the right?
- A7: The trustee is typically the person completing the CCC-902E/CCC-901 for a trust. This being said, the certifications being signed by the trustee in Item G of the CCC-902E and/or Item F of the CCC-901 shall establish signature authority for a trustee.--\*

## \*--B Signature Authority (Effective April 2, 2009)

- Q8: Are there cases where we would just need the FSA-211 and cases where we would also need evidence of signature authority in addition to the FSA-211?
  - **Example:** A corporation lists its shareholders on the CCC-902E, and indicates one or more of them can sign for the entity. Now one of these members with signature authority wants to complete an FSA-211 to delegate signature authority to a third party. According to paragraph 711, County Offices need to review the signature authority documents to see if they allow the entity representative the authority to redelegate. So, in this case, we need not only the FSA-211, but also the evidence of signature authority to make that determination.
- **A8:** New signature authority policy applies only to members of an entity or joint operation; County Offices will still be required to review entity documents to ensure that they allow for redelegation of signature authority (subparagraph 711 B).
- **Q9:** Are County Offices still required to have the articles of incorporation on file to verify shares for payment limitation purposes?
- **A9:** 4-PL, subparagraph 32 E has been amended to remove the requirement that a copy of the articles of incorporation must be furnished in all cases as supporting documentation for a corporation.
- Q10: Will County Offices still need to obtain court documents such as last will and testament to establish signature authority for estates?
- **A10:** No, the executor or administrator will complete CCC-902E/CCC-901 for the estate. The certifications being signed by the executor or administrator in Item G of the CCC-902E and/or Item F of the CCC-901 shall establish signature authority for the estate.
- Q11: If County Offices already have a CCC-902 on file for 2009 and we have evidence of signature authority on file (i.e. corporate documents), do they need to execute a new CCC-902 with the signature authority boxes checked before accepting a new signature on a document executed after the effective date of this new policy or can they refer to the evidence of signature authority that we already have on file and continue to use that?
- **A11:** We will accept previously submitted documentation which was secured according to this handbook before April 2, 2009. County Offices will not have to execute a CCC-902E *and/or* CCC-901 if valid evidence of signature authority is on file.--\*

#### Signature Authority/Power of Attorney Questions and Answers (Continued)

#### \*--B Signature Authority (Effective April 2, 2009)

- Q12: A question regarding the "Yes" or "No" questions on CCC-902E and CCC-901; if a person has an FSA POA in place before filling out the CCC-902E and CCC-901, do they indicate "Yes" on these forms, or do they only check the "Yes" if they believe they have the authority to sign by their entity documentation?
- **A12:** If the FSA attorney-in-fact is a member of the entity filing the CCC-902E and/or CCC-901 he/she may check "YES" for any or all members as applicable and initial and date Part C, Item G; by signing the CCC-902E and/or CCC-901 the signatory is certifying that he/she has signature authority for the subject entity.
- Q13: The new CCC-901 is required anytime there is an embedded entity. The form is developed to be completed and signed by the direct payment entity. In cases where the form will be used to show signature authority for embedded entities will that have to be done and signed by the embedded entity or can the payment entity certify to signature authority for all embedded entities as well?
- **A13:** The payment entity may certify with regard to signature authority for all members including embedded entities.
- Q14: In the situation stated in question 13, would the best course of action be to have the corporation, partnership, trust, etc., complete the CCC-901 member listing and identify who within the entity has signature authority or should County Office revert back to this handbook's policy and procedure for each specific entity to obtain signature authority?
- **A14:** The County Office can continue to use existing evidence of signature authority; however they also may execute a new CCC-901 if they choose to do so.
- Q15: The new signature authority policy has generated many questions, particularly with regard to supporting documentation. The new policy no longer requires County Offices to obtain trust agreements as documentation. Does this change in policy also apply to the statutory requirement that requires an irrevocable trust to provide trust documents in order to establish their irrevocability status for payment limitation purposes?
- **A15:** Requesting supporting documentation will still be required to comply with PL policy and procedure; this new policy applies only to signature authority.--\*

#### Signature Authority/Power of Attorney Questions and Answers (Continued)

#### \*--B Signature Authority (Effective April 2, 2009)

- Q16: With regard to the certification requirement in Part C, item G of form CCC-902E; the president of a corporation completes a CCC-902E and lists himself, his wife, and two sons as members and certifies that all members have signature authority. The County Office conducted a signature authority review 2 years ago and it was determined that the President, at that time, was the only one with signature authority for the corporation. Should the County Office question the CCC-902E signature certification or accept the authorities as certified?
- **A16:** The County Office shall accept the signature authority certification on the CCC-902E as presented by the officer of the corporation. The County Office may however; question the officer completing the CCC-902E with regard to the conflicting information and resolve the issue accordingly.
- Q17: When a CCC-902E is completed for a trust with co-trustees and there is nothing to determine whether both co-trustees are required to sign documents or have authority to act independently; would the County Office require additional clarification or just accept either trustee's signature as presented?
- **A17:** The County Office shall question the trustee completing the CCC-902E to determine if he/she has authority to act independently and dependent on the answer either; accept either the trustee's signature as presented or require both co-trustees to sign if duel signatures are required.--\*

#### C Power of Attorney

- Q1: Why are we required to identify the special designations; such as "routing payments to financial institutions", "Executing CCC-605", and "Executing CCC-526" on FSA-211? Wouldn't checking "All current programs" and "All actions" suffice?
- A1: These special designations were intentionally added to procedure in 1-CM for completing FSA-211 to ensure that the grantor is fully aware of the obligations that are associated with these specific transactions; however, with revision of FSA-211 (12-17-08), specific transaction options for "AGI certifications" (item 5) and "routing bank accounts" (item 6) are provided.
  - **Note:** Because these transaction options are now specifically listed in FSA-211, Section B, if item 1, "All actions" is selected by the grantor, "all actions" includes both routing banking accounts and AGI certifications.
- Q2: During a County Office review it was discovered that FSA program documents had been signed by a representative and a valid FSA-211 was not on file to grant this authority. Can the County Office obtain a new FSA-211 to retroactively make the signature good?
- **A2:** No, FSA-211 is effective **only** from the date FSA-211 is correctly executed, and forward (subparagraph 728 C).
