Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program	
1-ELAP	Amendment 9

Bradley Karmen

Approved by: Acting Deputy Administrator, Farm Programs

Amendment Transmittal

A Reasons for Amendment

Subparagraph 33 A has been amended to provide the 2021 daily payment rate per AU for eligible livestock kind/type.

Subparagraphs 121 A and 122 A have been amended to include normal mortality losses as ineligible colony losses.

Exhibit 5, page 4 has been amended to update the screen for the example.

Part 1 Basic Information

1 Handbook Purpose and Coverage

A Handbook Purpose

This handbook has been issued to provide procedure for 2019 and subsequent ELAP. ELAP provides emergency assistance to eligible producers of livestock, honeybees, and farm-raised fish that have losses because of disease, adverse weather, or other conditions, including losses because of blizzards and wildfires, as determined by the Secretary. ELAP assistance is for losses **not** covered under other Supplemental Agricultural Disaster Assistance Programs established by the 2014 Farm Bill, as amended, specifically, LFP and LIP. Eligible losses **must** have occurred in the same program year for which benefits are being requested.

B Source of Authority

ELAP will be administered using funds from CCC established under the 2014 Farm Bill, as amended.

The regulations for ELAP are in 7 CFR Part 1416, Subparts A and B.

C Related Handbooks

Handbooks related to ELAP include the following:

- 1-APP for program appeals
- 1-CM for signatures, power-of-attorney, and name and address files
- 9-CM for common payment systems
- 10-CM for farm records and reconstitutions for 2013 and subsequent years
- 2-CP for filing and revising acreage reports
- 6-CP for conservation compliance
- 7-CP for equitable relief and finality rule provisions
- 1-FI for processing payments initiated through NPS
- 58-FI for managing debts, receivables, and claims
- 61-FI for prompt payment information
- 63-FI for assignments and joint payments
- 64-FI for establishing and reporting receivables on NRRS
- 2-INFO for providing information to the public
- 3-PL (Rev. 1) for updating subsidiary information in the web-based system
- 5-PL for "direct attribution", average AGI provisions, and payment limitation.

2 General Provisions

A Public Information

Follow instructions in 2-INFO for providing information about ELAP.

B Modifying Provisions

Provisions in this handbook must **not** be revised without prior approval from the National Office. Requests for revisions must be addressed to the Special Programs Manager, through the Deputy Administrator.

C Forms

Only forms, worksheets, applications and other documents issued by the National Office will be used for implementing ELAP.

Any document that collects data from a participant, regardless of whether the participant's signature is required:

- is subject to the Privacy Act and information collection procedures
- requires clearance by the following applicable offices:
 - National Office
 - Farm Production and Conservation Business Center, MSD.

Forms for ELAP will be web-based. A manual application has been developed and will be used until the web-based forms are available. There will be a separate form for each eligible type of loss for the following:

- livestock losses (CCC-851)
- honeybee and farm-raised fish losses (CCC-934).

2 General Provisions (Continued)

D Deceased Individuals and Dissolved Entities

Follow 1-CM for guidance on accepting signatures for deceased individuals and dissolved entities.

E Payment Limitation

Payment limitation does not apply to ELAP program benefits.

Obtain CCC-902 from the participant if not on file. Do **not** make a "person" determination or "actively engaged in farming" determination. Obtain CCC-901 for legal entities to determine individual members of legal entities for direct attribution.

F AGI Provisions

The average AGI limitation provisions in 7 CFR Part 1400 relating to limits on payments for persons or legal entities, excluding joint ventures and general partnerships, with certain levels average adjusted gross income that exceeds \$900,000 will **not** be eligible for benefits under ELAP.

G Sequestration Reduction

The Balanced Budget and Emergency Deficit Control Act passed by Congress in 2011 requires USDA to implement reductions to LIP. In general, sequestration entails the permanent cancellation of budgetary resources by a uniform percentage. This uniform percentage reduction is applied to all programs, projects, and activities within a budget account.

ELAP payments will have a sequestration percentage applied to the payment amount determined after all reductions have been applied. Sequestration is:

- applied at the payment entity/producer level
- not attributed to members
- applied to the producer receiving the payment after the payment has been attributed for payment limitation purposes
- reduced from the determined payment amount for the producer as the last step before sending the payment information to NPS
- determined based on the COC approval date entered on the CCC-851 or CCC-934, according to paragraphs 120 and 121.

See 9-CM for applicable sequestration rates.

3 Responsibilities

A STC Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 1416, Subparts A and B, STC's will:

- direct the administration of ELAP
- ensure that State, County Offices, and COC's follow ELAP provisions
- thoroughly document all actions taken in the STC minutes
- establish and recommend to DAFP the average cost, per head, to gather livestock for treatment and inspection of cattle tick fever according to paragraph 56
- establish the normal mortality rates for farm-raised fish death losses according to paragraph 79
- establish the fair market values for bait fish and game fish by kind/type/size according to paragraph 79
- •*--ensure that CCC-770 ELAP Checklists are completed according to paragraph 124--*
- handle appeals according to 1-APP
- require reviews be conducted by DD's according to paragraph 104 to ensure that County Offices comply with ELAP provisions

Note: STC's may establish additional reviews to ensure that ELAP is administered according to these provisions.

• take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to paragraph 104.

B SED Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 1416, Subparts A and B, SED's will:

- ensure that County Offices follow ELAP provisions
- handle appeals according to 1-APP
- ensure that DD's conduct reviews according to subparagraph C

Note: SED's may establish additional reviews to ensure that ELAP is administered according to these provisions.

B SED Responsibilities (Continued)

- ensure that all County Offices publicize ELAP provisions according to subparagraph D
- immediately notify the National Office Special Programs Manager of software problems, incomplete or incorrect procedures, specific problems, or findings
- take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to paragraph 104.

C DD Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 1416, Subparts A and B, DD's will:

- ensure that COC's and CED's follow ELAP provisions
- •*--ensure that CCC-770 ELAP Checklists are completed according to paragraph 124--*
- conduct reviews according to paragraph 104, and any additional reviews established by STC's or SED's according to subparagraphs A and B
- provide SED with report of all reviews according to paragraph 104
- ensure that County Offices publicize ELAP provisions according to subparagraph D.

D COC Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 1416, Subpart A and B, COC's will:

- fully comply with all ELAP provisions
- ensure that CED's fully comply with all ELAP provisions
- act on completed CCC-851's and CCC-934's according to paragraph 104

Notes: COC may delegate approval authority to the CED for routine cases involving verifiable documentation.

CED **cannot** be delegated authority to disapprove any CCC-851's or CCC-934's.

COC may **not** delegate authority to review reliable records or an applicant's self-certification, according to paragraph 104.

D COC Responsibilities (Continued)

- handle appeals according to 1-APP
- •*--ensure that CCC-770 ELAP Checklists are completed according to paragraph 124--*
- thoroughly document all actions taken in the COC minutes

Important: All the following **must** be thoroughly documented for all ELAP determinations made by COC's:

- eligible adverse weather event meets the requirements in paragraph 8
- COC determined eligible adverse weather events as provided in subparagraph 8 B
- all factors reviewed or considered
- all documentation reviewed
- references to applicable handbooks, notices, and regulations
- all sources of information obtained for review or consideration.
- ensure that FSA assists persons by providing as much program information as it can in a variety of different ways

Notes: However, because of limits of FSA resources, publication may or may not be by direct mail or on an individual basis. FSA meets its publication responsibilities by making broad program announcements in the press, print, an electronic media, Federal register documents, radio and television announcements, and through posting program information in USDA Service Centers. The reality of limited resources has increased the participant's responsibility for being aware of program provisions. FSA cannot be responsible for reaching out to every potential program participant with all program information. Participants must seek information on program details and not wait for FSA to individually write or communicate with them about program provisions. As resources permit, COC will ensure that program provisions are publicized and maintain a record of any and all publicity efforts, including postings in the Service Center.

ELAP Fact Sheets may be used to provide general program information. The fact sheets are available online at http://disaster.fsa.usda.gov.

• take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to paragraph 104.

E CED Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 1416, Subparts A and B, CED's must:

- fully comply with all ELAP provisions
- ensure that County Office employees fully comply with all ELAP provisions
- handle appeals according to 1-APP
- act on completed CCC-851's and CCC-934's according to paragraph 104

Note: CED may delegate approval authority to PT's for routine cases. PT's must **not** be delegated authority to disapprove any CCC-851's or CCC-934's.

- ensure that FSA assists persons by providing as much program information as it can in a variety of different ways according to subparagraph D
- ensure that all program and payment eligibility requirements have been met by participants before issuing any payments to ensure that IPIA provisions are met

Note: See paragraph 104 E for additional information.

- •*--ensure that CCC-770 ELAP Checklists are completed according to paragraph 124--*
- immediately notify SED, through DD, of software problems and incomplete or incorrect procedures or when COC takes action contrary to national procedure.

F PT Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 1416, Subparts A and B, PT's will:

- fully comply with all ELAP provisions
- immediately notify CED of software problems and incomplete or incorrect procedures
- ensure that participants receive complete and accurate program information
- ensure that all program and payment eligibility requirements have been met by participants before issuing any payments to ensure that IPIA provisions are met.

Note: See paragraph 104 for additional information.

4 Unacceptable, Incorrect, or False Records and Certifications

A Reliance on Producer Records and Certifications

Livestock programs administered by DAFP require accurate information from producers. Producers must understand that failure to provide complete and accurate information and records could result in any or all of the following.

- An application for ELAP assistance being denied.
- The producer or producers being determined ineligible for ELAP assistance for the year or several years.
- The producer or producers being liable under any civil or criminal fraud statue or any other statue or provision of law.

Note: See paragraph 5 for misrepresentation.

5 Misrepresentation

A Impact of Misrepresentation

[7 CFR 1416.7.] A participant who is determined to have deliberately misrepresented any fact affecting a program determination made in accordance with this part, or any other part that is applicable to this part, to receive benefits for which the participant would not otherwise be entitled, will not be entitled to program payments and must refund all such payments received, plus interest. The participant will also be denied program benefits for the immediately subsequent period of at least 2 crop years, and up to 5 crop years. Interest will run from the date of the original disbursement by CCC.

A participant will refund to CCC all program payments, in accordance with 7 CFR 1416.11, received by such participant with respect to all contracts or applications, as may be applicable, if the participant is determined to have knowingly misrepresented any fact affecting a program determination.

B Joint and Several Liability

All persons and legal entities with a financial interest in an operation or in an application for payment determined to have been paid incorrectly are jointly and severally liable for any refund, including related charges, that is determined to be due CCC for any reason.

6 Signup Period

A Program Year Signup

--Beginning with the 2020 program year, the ELAP program year will be based on the calendar year.--

Producers who suffer eligible livestock, honeybee, or farm-raised fish losses must file the following:

- •*--for livestock and farm-raised fish losses, a notice of loss within 30 calendar days of when the loss is first apparent
- for honeybee losses, a notice of loss within 15 calendar days of when the loss is first apparent
- an application for payment by January 30 following the calendar year for which--* benefits are being requested.

B Notice of Loss

For notice of loss for:

- livestock losses, complete CCC-851, Parts A and B
- honeybee or farm-raised fish losses, complete CCC-934, Parts A and B.

C Application for Payment

For application for payment for:

- livestock losses, complete only those parts of CCC-851, Parts D through M that are applicable
- honeybee or farm-raised fish losses, complete only those parts of CCC-934, Parts D through J that are applicable.

6 Signup Period (Continued)

D Late-Filed Provisions

COC and STC do not have authority to approve programmatic relief for late-filed ELAP applications. However, a late-filed application will be reviewed according to the following table:

Note: Neither COC nor STC are under any obligation to recommend relief. COC is not required to submit cases to STC that COC believes do not warrant relief, nor is STC required to submit cases to DAFP that STC believes do not warrant relief. If relief is not recommended by either COC or STC, the late-file application will be disapproved and the County Office will notify the participant in writing of the decision on the participant's request for late-filed ELAP application with appropriate appeal rights according to 1-APP (based on the reviewing authority's decision that the ELAP application was late and that relief was not appropriate). Cases do not have to be submitted to STC or DAFP for disapproval of relief.

If an application is submitted	THEN do the following
after the deadline but it is not	County Office will issue a letter to the participant
accompanied by a written request	explaining that FSA cannot process the application
of the participant for late-filing	because it was filed after the deadline. The letter
	must advise the participant that the participant may,
	within 30 days of the receipt of the letter advising
	that the application was filed late, file a written
	appeal with COC of the notification by County
	Office according to 1-APP.

6 Signup Period (Continued)

D Late-Filed Provisions (Continued)

If an application is submitted	THEN do the following
after the application deadline and	COC will review and make a determination of
is either accompanied by a	whether relief is appropriate and, if so, forward a
written request for late-filing or	recommendation to STC for final action. STC will
the participant has filed a timely	review the participant's request and COC
appeal of the county FSA office's	recommendation.
notification that the application	N
cannot be processed	Notes: If the matter comes to COC by appeal, follow 1-APP for acknowledging and scheduling an appeal.
	Neither COC nor STC are under any obligation to recommend relief. COC or STC can disapprove an application and choose not to forward a recommendation for relief of approval of the late-filed application to DAFP. STC will forward an appropriate recommendation to DAFP to grant programmatic relief.
	DAFP may:
	grant relief to approve the late-filed application
	Note: The FSA representative will sign and date the application with the effective DAFP decision date.
	deny relief and disapprove the application.
	Note: State Offices will advise COC to notify the participant in writing that relief has been disapproved by DAFP. The letter must include appropriate appeal rights according to 1-APP.

7 General Eligibility Criteria

A Eligible Loss

An eligible loss under ELAP is a loss that an eligible producer or contract grower of livestock, honeybees, or farm-raised fish suffers because of an eligible loss condition including, but **not** limited to, blizzards, cattle tick fever and wildfires.

Note: A loss covered under LFP or LIP is **not** eligible for ELAP.

To be considered an eligible loss for ELAP, the loss **must** have occurred:

- during the program year for which payment is being requested
- because of an eligible loss condition.

B Acreage Reports

To be eligible for ELAP, livestock, honeybees, and farm-raised fish producers are required to file FSA-578. Acreage Reports must be loaded into the Crop Acreage Reporting System according to 2-CP.

Important: See paragraph 61 for additional requirements for recording honeybee colonies.

7 General Eligibility Criteria (Continued)

C Eligible Producers

To be considered an eligible livestock, honeybee, or farm-raised fish producer, the producer **must** be an individual or entity that is:

- a citizen of the United States
- a resident alien

Note: Resident alien means "lawful alien".

- a partnership of citizens of the United States
- a corporation, limited liability corporation, or other farm organizational structure organized under State law
- Indian tribe or tribal organization (as those terms are defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304).

Note: For minor children refer to 5-PL and 1-CM.

Important: For additional eligible producer criteria, see the following, for:

- livestock producers, paragraph 23
- honeybee producers, paragraph 61
- farm-raised fish producers, paragraph 76.

Foreign persons are always ineligible for ELAP payments regardless of whether the foreign person meets or satisfies foreign person eligibility for other programs.

8 Eligible Loss Conditions

A Eligible Loss Condition

An eligible loss condition includes:

- eligible adverse weather event, as provided in subparagraph B
- eligible disease, as provided in subparagraph C.

B Eligible Adverse Weather Event

An eligible adverse weather event, as defined in Exhibit 2, is one that is not expected to occur during the loss period for which it occurred, which directly results from or is exacerbated by extreme, abnormal and damaging weather that directly results in livestock, honeybees and/or farm-raised fish losses.

Important: For specific eligible adverse weather events, by type of loss, see:

- paragraph 22, for livestock losses
- paragraph 63, for honeybee losses,
- paragraph 78, for farm-raised fish losses.

With regard to eligible adverse weather events, producers must provide documentation acceptable to FSA based on FSA's comparison of that documentation to other sources that are widely accepted as credible for recording and tracking weather. These sources can include:

- an individual's or legal entity's personal weather data contemporaneouly uploaded to a public domain that either appears to correlate or is consistent with weather observed at nearest available official weather stations or is determined to be credible based on COC's personal knowledge of weather in the area
- National Weater Service Record Data
- NOAA
- Department of Transportation
- CoCoRAHS
- Extension Service
- Media that provides an eligible adverse weather event occurred.

8 Eligible Loss Conditions (Continued)

B Eligible Adverse Weather Event (Continued)

Note: To better assist COC in locating weather data for fact finding, DAFP will maintain a non-all inclusive link to weather data sources on the DAFP Intranet training site. These weather data links can be found at https://inside.fsa.usda.gov/programs-areas/dafp/dafp-training/index.

COC's may use its knowledge of adverse weather to determine if a producer's individual claim of eligible adverse weather event is credible; however, any fact finding by COC affirming that an eligible adverse weather event occurred must be corroborated by news accounts, media, or other similar loss applications. COC's must document in the minutes the documentation to substantiate that the claimed adverse weather event occurred and the knowledge and/or data that COC used to make its determination.

In addition to the specifically named eligible adverse weather events identified in this subparagraph, COC is authorized to make an eligible adverse weather event determination associated with a producer's notice of loss when COC determines that an event(s) meet all the following 3 conditions:

- extreme weather event
- abnormal (unexpected) weather event not expected to occur during the loss period
- damaging weather event that directly causes livestock, honeybees or farm-raised fish losses.

COC must document in the COC minutes all findings and weather data that were used to support a determination of eligible adverse weather event(s). The documentation must clearly show that all the conditions were met and that the event(s) was directly responsible for the applicable losses.

All other provisions in paragraph 3 continue to apply, including STC oversight of COC actions and decisions.

C Eligible Disease

For ELAP purposes, the only eligible diseases are:

- CCD, for honeybee colony losses
- Cattle Tick Fever, as defined in Exhibit 2, for livestock losses resulting from inspecting and treating livestock for cattle tick fever.

9-20 (**Reserved**)

•			

Part 2 Livestock

Section 1 Eligibility Provisions

21 Eligible Livestock Losses

A General Eligibility Criteria

To be eligible to receive assistance under ELAP for eligible losses for livestock, all of the following provisions **must be met**:

- the person or legal entity must be considered an eligible producer, according to paragraph 23
- eligible livestock losses, according to subparagraph B must have:
 - occurred in the program year for which assistance is requested
 - occurred in the physical location county where the eligible loss condition occurred
 - because of an eligible loss condition as provided in paragraph 22
- FSA-578 must be either timely filed or meet all late-filed provisions, for all grazing land acres for which a loss is claimed.

B Eligible Losses

The following provides the eligible livestock losses and corresponding eligibility criteria that **must** be met to be considered eligible livestock losses under ELAP.

Eligible			
Livestock Losses	Eligibility Criteria		
Grazing loss	 Incurred during the normal grazing period on eligible grazing lands physically located in the county where the eligible loss condition occurred. 		
	Because of an eligible loss condition, as provided in paragraph 22.		
	Important: A grazing loss will not be considered an eligible loss if:		
	 covered by LFP, such as drought or wildfire on Federally managed land 		
	 the producer is receiving compensation under ELAP for additional livestock feed purchases for the same eligible livestock during the same eligible loss condition. 		
Purchased forage or feed stuffs Mechanically	Destroyed because of an eligible loss condition, as provided in paragraph 22.		
harvested forage or feed stuffs	Note: Mechanically harvested forage or feed stuffs must be destroyed after harvest to be considered an eligible loss.		
	• Intended for use as feed for the participant's eligible livestock, as provided in paragraph 24.		
	Physically located in the county where the eligible loss condition occurred on the beginning date of the eligible loss condition.		

B Eligible Losses (Continued)

Eligible Livestock			
Losses	Eligibility Criteria		
Additional cost of purchasing livestock feed	 Purchased above normal quantities, as determined according to *paragraph 44* 		
above normal quantities	Note: Eligible additional feed purchases do not have to be made during the normal grazing period.		
	• Required to maintain eligible livestock, as provided in paragraph 24, physically located in the county where the eligible loss condition occurred, until additional livestock feed becomes available.		
	Note: The value of additional livestock feed purchases must not exceed the feed needs of the eligible livestock during the eligible loss condition, as determined according to paragraph 43.		
	• Purchased during or after an eligible loss condition, as provided in paragraph 22.		
	Important: Additional livestock feed purchases made during the normal grazing period will not be considered eligible if the producer is receiving compensation under ELAP for grazing losses for the same eligible livestock during the same eligible loss condition.		
Cost for transporting livestock feed to	Incurred because of an eligible loss condition, as provided in paragraph 22.		
eligible livestock including, but not	Suffered in the county where the eligible loss condition occurred.		
limited to, costs associated with equipment rental	• Incurred in combination with either of the following livestock feed losses:		
fees for hay lifts and snow removal	 purchased or mechanically harvested forage or feed stuffs damaged or destroyed 		
	additional livestock feed purchased above normal quantities.		

B Eligible Losses (Continued)

Eligible Livestock	
Losses	Eligibility Criteria
Additional cost of transporting water	• Resulting from transporting water to eligible livestock, as provided in paragraph 22.
	•*Because of an eligible drought, as defined in Exhibit 2, or an eligible adverse weather event, as determined by DAFP*
	• Incurred on eligible grazing lands, as provided in paragraph 25:
	 physically located in the county where the eligible drought, *or eligible adverse weather event, occurred*
	 that had adequate livestock watering systems or facilities before *the eligible drought or adverse weather event occurred*
	 that the producer is not normally required to transport water to the grazing land.
Additional cost associated with gathering livestock	• Livestock treated and/or inspected for cattle tick fever must be considered eligible livestock according to paragraph 24.
to treat and/or inspect for cattle tick fever	• Livestock gathered must be treated and/or inspected by APHIS for cattle tick fever.
	• APHIS must have records on file of the number of livestock treated and/or inspected for cattle tick fever and the number of treatments and/or inspections in the program year or producer must request an inspection receipt and provide it to the County Office.

21 Eligible Livestock Losses (Continued)

C Multiple Livestock Losses (Continued)

When a producer has both a grazing loss and a loss resulting from additional feed purchases, above normal quantities, inside the normal grazing period, for the same eligible livestock because of the same eligible loss condition, the producer will be compensated under ELAP for the loss providing the larger payment to the producer, as determined on CCC-851-1.

CCC-851-1:

- calculates and compares the eligible payment for both the grazing loss and loss resulting from additional feed costs purchased above normal
- includes the larger calculated benefit amount in the producer's ELAP payment.

Note: An eligible livestock producer **may** receive compensation for both a grazing loss and any combination of the following livestock losses that occur inside the normal grazing period as a result of the same eligible loss condition:

- loss of purchased and mechanically harvested forage or feedstuffs
- losses resulting from additional expenses for transporting feed to eligible livestock
- losses resulting from transporting water to eligible livestock
- losses resulting from gathering livestock to treat or inspect for cattle tick fever.

22 Eligible Livestock Loss Conditions

A General Provisions

Eligible adverse weather that causes livestock losses, must meet the definition of an eligible adverse weather in Exhibit 2.

B Eligible Adverse Weather for Livestock Feed Losses

Eligible adverse weather or eligible loss conditions for livestock **feed losses** include, but are **not** limited to, the following:

- blizzards, as defined in Exhibit 2
- eligible winter storms, as defined in Exhibit 2
- excessive wind
- floods
- hurricanes
- lightning
- tidal surge
- tornados
- volcanic eruption
- wildfires on non-Federally managed grazing lands
- eligible adverse weather events approved by COC according to paragraph 8.

C Eligible Adverse Weather for Livestock Grazing Losses

Eligible adverse weather for livestock **grazing losses** include, but are **not** limited to, the following:

- blizzards
- eligible winter storms, as defined in Exhibit 2
- floods
- hail, according to provisions outlined in paragraph 26
- hurricanes
- lightning
- tidal surge
- volcanic eruption
- wildfires on non-Federally managed grazing lands
- eligible adverse weather events approved by COC according to paragraph 8.

Eligible Livestock Loss Conditions (Continued)

D Eligible Adverse Weather for Water Transportation Losses

A loss resulting from the additional cost of transporting water to eligible livestock **must** be because of an eligible:

- •*--drought, as defined in Exhibit 2, that:
 - is in any area of the county has been rated by the U.S. Drought Monitor as having a D3 (extreme drought) intensity
 - directly impacts water availability during the normal grazing period (for example, snow pack that feeds streams and springs), as determined by the Deputy Administrator or designee, for losses resulting from transporting water to livestock, or
- adverse weather event, approved by DAFP, according to paragraph 51.--*

23 Eligible Livestock Producers

A Eligible Producers for Feed Losses, Water Transportation and Cattle Tick Fever

To be considered eligible for livestock feed losses, water transportation losses, and cattle tick fever losses, the participant **must**:

- meet the definition of eligible producer as provided in paragraph 7
- owned, cash-leased, purchased, entered into a contract to purchase, or been a contract grower of eligible livestock during the 60 calendar days before the beginning date of the eligible loss condition
- suffer an eligible livestock loss resulting from:
 - damaged or destroyed purchased or mechanically harvested forage or feed stuffs
 - additional cost for purchasing additional livestock feed above normal
 - additional cost for transporting livestock feed to eligible livestock
 - water transportation due to an eligible drought
 - inspecting and/or treating for cattle tick fever.

B Eligible Producer for Grazing Losses

To be considered eligible for grazing losses, the participant **must**:

- meet the definition of eligible producer as provided in paragraph 7
- during the 60 calendar days before the beginning date of the eligible adverse weather event, owned, cash-leased, purchased, entered into a contract to purchase, or been a contract grower of eligible livestock
- suffered a loss on land that is considered an eligible grazing type, as provided in paragraph 25, either:
 - native or improved pastureland with a permanent vegetative cover
 - planted to a crop specifically for providing grazing for eligible livestock
- provided eligible pastureland or grazing land, as provided in paragraph 25, during the normal grazing period for eligible livestock, including cash-rented pastureland or grazing land for eligible livestock that is physically located in the county where the eligible adverse weather event occurred.

24 Livestock Eligibility

A Eligible Livestock

To be considered eligible for all livestock losses provided in paragraph 21, livestock **must** meet **all** of the following conditions:

- be grazing animals such as adult and weaned nonadult beef cattle, adult and weaned nonadult beefalo, adult and nonadult weaned buffalo/bison, adult and weaned nonadult dairy cattle, alpacas, deer, elk, emus, equine, goats, llamas, reindeer, or sheep
- except for losses resulting from gathering livestock for cattle tick fever, be livestock that
 would normally have been grazing the eligible grazing land or pastureland during the
 normal grazing period for the specific pasture type of grazing land or pastureland for the
 county where the eligible loss condition occurred

Note: Livestock that would **not** have normally been grazing the land in the eligible county will **not** be eligible to be included in the calculation for determining feed cost. However, if the livestock would normally have been grazing the eligible grazing land but the producer had to move them to another county for grazing, the livestock would be eligible to be included when calculating feed cost.

- be livestock that is owned, leased, purchased, under contract for purchase, or been raised by a contract grower or an eligible livestock producer, during the 60 calendar days before the beginning date of the eligible loss condition
- been maintained for commercial use as part of the producer's farming operation on the beginning date of the eligible loss condition.

* * *

24 Livestock Eligibility (Continued)

B Ineligible Livestock

Animals **not** eligible for ELAP include, but are **not** limited to, the following:

- livestock produced or maintained for reasons other than commercial use as part of a farming operation including, but **not** limited to, livestock produced or maintained for recreational purposes, such as:
 - consumption by the owner
 - hunting
 - used as pets
 - pleasure
 - roping
 - show
 - used for sport

Example 1: Mike Jones owns 5 horses, 2 beef steers, 6 chickens, and 3 goats. Mr. Jones maintains the horses for pleasure riding and rodeo, and maintains the goats as pets for his children. He maintains the beef steers and chickens for meat and egg production to be consumed by his family. Accordingly, Mr. Jones does **not** maintain any of the livestock for commercial use as part of a farming operation.

Because none of Mr. Jones' livestock is maintained for commercial use as part of a farming operation, the animals are **not** eligible livestock for ELAP.

24 Livestock Eligibility (Continued)

B Ineligible Livestock (Continued)

Example 2: Jane Black owns and raises a deer herd. Mrs. Black sells the does to a local food market to be processed into meat products. She sells the bucks to hunting preserves nationwide.

Mrs. Black is in the business of selling deer as a means of livelihood for profit; therefore, the deer are maintained for commercial use. However, they also **must** be maintained as part of a farming operation.

The County Office **must** determine whether Mrs. Black's deer business is a farming operation. Mrs. Black **must** provide evidence to satisfy COC or CED that the deer are part of a farming operation. One indicator of being a farming operation would be whether Mrs. Black files taxes as a farming operation. The County Office **cannot** request Mrs. Black to provide a copy of her tax records; however, COC or CED may ask Mrs. Black how she files her taxes for the operation.

- yaks
- ostriches
- any wild free roaming livestock, including horses, hogs, and deer
- for grazing, feed losses and losses resulting from transporting water, animals that are not grazing animals and all unweaned nonadult beef cattle, dairy cattle, and buffalo/beefalo that weighed less than 500 pounds on the beginning date of the eligible loss condition
- any animals **not** included in subparagraph A.

25 Grazing Lands and Types

A Eligible Grazing Types

Different types or varieties of pasture and grazing crops for a county must be grouped into 1 of the following:

- improved pasture with permanent vegetative cover (nonirrigated)
- native pasture with permanent vegetative cover (nonirrigated)
- short season small grain crops planted specifically for providing grazing for eligible livestock (nonirrigated)
- long season small grain crops planted specifically for providing grazing for eligible livestock (nonirrigated)
- annual ryegrass planted specifically for providing grazing for eligible livestock (nonirrigated)
- annual crabgrass planted specifically for providing grazing for eligible livestock (nonirrigated)
- forage sorghum crop planted specifically for providing grazing for eligible livestock. (nonirrigated).

B Eligible Grazing Lands

The following are eligible grazing lands:

- State and Federal lands, if either of the following apply:
 - the land is leased on a long-term basis that COC determines requires lessee contribution including, but **not** limited to, wells, fences, or other maintenance and upkeep inputs
 - pasture or grazing land is leased for cash or fixed amount for an established grazing period

Note: Losses because of drought or wildfires on Federally managed land for which the participant is prohibited from grazing his permitted livestock is **not** eligible under ELAP.

25 Grazing Lands and Types (Continued)

B Eligible Grazing Lands (Continued)

• land enrolled in GRP seeded to one of the eligible grazing types in subparagraph A

Exception: The producer is not eligible for ELAP during the time period the GRP conservation plan prohibits grazing during the normal grazing period.

• land enrolled in EQUIP seeded to one of the eligible grazing types in subparagraph A

Exception: The producer is not eligible for ELAP during the time period the EQUIP contract prohibits grazing during the normal grazing period.

• privately owned, cash or share leased pasture, rangeland or cropland that is used to provide grazing for eligible livestock.

Note: On non-federal (private land), livestock owners may receive an LFP payment for drought and an ELAP payment for fire on the same land.

Leases and rental agreements for private or Federal- and State-owned land intended for grazing may include many unique arrangements for compensation and provide varying degrees of control for use of the acreage. Many leases, particularly those with grazing arrangements, are similar to sale agreements. For example, the lessee pays only for the days actual grazing occurs or according to the rate of gain of the grazing animals, etc. These leases do **not** convey control of the acreage nor does the lessee acquire risk in production of the specific crop acreage under these arrangements. To ensure that eligibility requirements have been met, the livestock producer must provide signed copies of the following, as applicable:

- BLM grazing permit/lease and final bill or invoice
- FS grazing permit/lease and final bill or invoice
- State land lease and State land subleases
- written acreage lease or rental agreement.

Note: See 1-LFP for instructions for completing CCC-855 under LFP. The same rules apply to filing the CCC-855 under ELAP.

COC will review all acreage leases, including CCC-855's, to determine whether the livestock producer's contributions are at risk in the pastureland and grazing land for which benefits are being requested under ELAP. COC will document in the COC minutes that the cash-leased pastureland or grazing land that is leased meets the eligibility criteria for leased pastureland or grazing land under ELAP.

25 Grazing Lands and Types (Continued)

C Ineligible Grazing Land

The following are ineligible types of grazing:

acreage enrolled in CRP

Exception: Land enrolled in CRP grasslands will be eligible for ELAP if all of the following are met:

- the acreage is native or improved pastureland with permanent vegetative cover
- the acreage is not a first year seeding biennial or perennial forage crop intended for grazing
- the acreage is not devoted to Practice CP42, Pollinator Habitat, which does not allow for grazing
- the acreage under CRP grasslands is not mechanically harvested at any
 time during the normal grazing period during the program year, and
 only grazed, the acreage may be eligible for ELAP, if all other ELAP
 program provisions are met and the CRP grasslands conservation plan
 does not prohibit grazing during the normal grazing period.

Note: CRP grasslands acreage **will not** be eligible for ELAP grazing loss if mechanically harvested for seed, hay, etc. during the normal grazing period in which it is mechanically harvested.

- acreage intended for grain, such as corn, where the stocks or aftermath is grazed
- improved pasture, native pasture, forage sorghum crops and annual ryegrass acreage intended for forage or seed
- acreage enrolled in WRP

25 Grazing Lands and Types (Continued)

C Ineligible Grazing Land (Continued)

 seeded small grain forage crops that are planted with the specific purpose of harvesting forage or seed

Note: Seeded small grain forage crops include the following:

- barley
- millet
- oats
- rye
- teff
- triticale
- wheat.
- grazing land that is leased under any of the following conditions:
 - basis of weight gain
 - cost per head, per day or month

Example: Owner A has an agreement with Producer B under which Owner A pays \$.30 per day for 100 yearlings grazed on Producer B's pasture. Owner A pays only for the number of calendar days the 100 yearlings graze. Because Owner A pays only for the actual calendar days grazed, Owner A suffers no grazing loss, and is ineligible for ELAP.

Exception: If a lease (considered a combination lease) provides for a guaranteed amount per month and a share of the crop or crop proceeds, the agreement will be considered a cash lease.

Note: Some grazed forage leases on a cost-per-head-per-month basis are combination leases where the tenant is responsible for expenses, such as fence maintenance and repair, maintenance of property and wells, windmills, stock tanks, and materials and labor to rebuild handling facilities, and conducting controlled burns or mechanical control of cedar trees and other shrubs, etc., which is tantamount to a guaranteed amount of lease. The risk of the expenses under leases of this type, whether actually incurred or not, is the same as a guaranteed minimum and the arrangement is viewed as a cash lease, whether or not the lease also provides for a share to the landlord or not.

C Ineligible Grazing Land (Continued)

Example: Owner B has an agreement with Producer A under which Owner B pays \$10 per month for 100 yearlings to graze on Producer A's pasture. Owner B also is responsible for expenses related to maintenance and repair of the fences, maintenance of water wells, windmills, and materials and labor to rebuild handling facilities. Owner B has had this type of agreement with Producer A for over 10 years. Because this is a cost-per-head-per-month lease that is a combination lease where Owner B is responsible for expenses tantamount to a guaranteed amount of lease, then this type of lease is considered a cash lease.

• on an AUM-only basis, when the lessee incurs no additional expense for pasture maintenance, wells, fences, etc.

26 Grazing Losses Because of Hail

A Eligibility

To be considered an eligible livestock grazing loss because of hail, the following conditions **must** be met:

- producer **must** have removed eligible livestock from the hail-affected pasture or fed additional livestock feed above normal quantities, required to maintain the livestock until additional feed becomes available, as provided in subparagraph J
- grazing losses must be claimed on a field-by-field basis; therefore, **only** the pasture type and acres affected by hail will be claimed and entered on CCC-851.

B Adjusting Lost Grazing Days

When adjusting lost grazing days because of hail, COC will:

- document the timeframe the producer normally grazes the hail-affected field
- ensure that the number of lost grazing days certifed by the producer on CCC-851, item 26 or 33, as applicable:
 - does **not** exceed the number of days the producer intended to graze the pasture affected by hail
 - is reasonable considering the following:
 - intensity of the hail storm
 - hailstone size
 - growing conditions in the days after the hail storm

26 Grazing Loss Because of Hail (Continued)

B Adjusting Lost Grazing Days (Continued)

• if needed, adjust eligible lost grazing days because of hail, on CCC-851, item 29 or 25, as applicable.

Example: Producer A has 100 acres of native pasture in field B that is damaged by a hail storm on July 15, 2019. Producer A moves his livestock from field B on July 15, 2019. The normal grazing period for the county is from May 1 through October 31. Producer A has a grazing plan to graze 100 acres of native pasture from June 1 through July 30, 2019. Therefore, the maximum number of lost grazing days that Producer A can claim is 15 calendar days (July 15 through 30). Producer A certifies on CCC-851, item 26, to 20 calendar days of lost grazing because of the hail storm.

COC must adjust eligible lost grazing days to 15 calendar days in CCC-851, item 29.

Because grazing losses due to hail must be claimed on a field-by-field basis, there may be situations where the normal carrying capacity established for a county needs to be adjusted to reflect the producer's normal grazing practices on the filed affect by hail.

Example: Producer A has 100 acres of native pasture in field B that is damaged by a hail storm on July 15, 2019. The normal grazing period for the county is 6 months (May 1 through October 31). COC established a normal carrying capacity of 12 acres per AU for 6 months. However, producer A has a grazing plan to graze field B for 60 calendar days, from June 1 through July 30, 2019. Therefore, COC may adjust the carrying capacity for field B to reflect only 60 calendar days of normal grazing.

Accordingly, COC must adjust the noraml carrying capacity of 12 acres per AU for 6 months to 4 acres per AU for 2 months. A carrying capacity of 4 acres must be entered in Producer A's CCC-851, item 27.

27-30 (Reserved)

31 General Provisions

A Establishing Grazing Loss Percentages

There is no requirement for a producer to suffer a certain percentage of grazing loss to be eligible for ELAP. In addition, there is no requirement that STC or COC establish a minimum or maximum amount of loss to be eligible for ELAP; therefore, STC's or COC's will **not** establish minimum or maximum loss percentages for ELAP. The producer will **not** be required to report a loss percentage to be eligible for ELAP.

Note: Payments to eligible livestock producers for grazing losses will be calculated based on losses for no more than 150 calendar days during the program year.

B Normal Grazing Periods for ELAP

The normal grazing periods established for all pasture or grazing crop types for ELAP are the normal grazing periods established for all pasture or grazing crop types established for LFP according to 1-LFP.

C Grazing Loss

For ELAP purposes, a grazing loss is based on the number of:

- •*--eligible AU's, on affected acres of the eligible grazing land, as determined according--* to subparagraph D, and
- lost grazing days, based on the number of days the livestock owner had to remove his livestock from the eligible pasture or had to feed additional livestock feed above normal quantities, because of an eligible loss condition.

See subparagraph:

- 34 B for an example of calculating a grazing loss when only part of the acreage of the eligible grazing land is affected by the eligible loss condition
- 34 C for an example of calculating a grazing loss when all acreage of the eligible grazing land is affected by the eligible loss condition.

31 General Provisions (Continued)

*--D Eligible AU's on Affected Acres

For ELAP purposes, a livestock owner's grazing loss payment is limited to the number of eligible AU's on affected acres.

Eligible AU's on affected acres for a grazing loss payment is calculated as follows:

- eligible AU's on the total acres, determined by the smaller of:
 - maximum AU's the total acreage of eligible grazing land may support based on carrying capacity, or
 - total AU's of all livestock kind/type and weight range(s) in inventory on eligible grazing land

Minus,

• maximum AU's the unaffected acres may support based on carrying capacity.

Unaffected acres are those acres that were not affected by the eligible loss condition.

Note: Unaffected acres will be zero if all acres of the eligible grazing land are--* affected by the eligible loss condition.

Note: If the result is negative, then the livestock owner has not suffered a grazing loss.

32 Livestock Grazing Required Documentation

A Verifiable Documentation

Eligible livestock producers **must** provide verifiable or reliable documentation of either of the following:

- additional livestock feed fed above normal quantities, required to maintain the livestock until additional feed is available
- proof of removing the livestock from the effected pasture.

Verifiable records include records provided by the producer who may be verified by COC through an independent source and are used to substantiate that additional feed fed or proof of removing the livestock from the effected pasture.

B Reliable Documentation

If verifiable records do **not** exist, then records **must** be submitted to COC for review of whether the records are acceptable and reliable, according to paragraph 104. If records are **not** available or provided, COC may accept a producer's certification if other similar producers have comparable losses, as determined by COC.

Important: COC **must** follow procedure established in paragraph 104 when acting on documentation, such as verifiable and reliable records and producer certification statements.

33 Livestock Payment Rates and National Payment Factors

A Payment Rates for Eligible Livestock for Grazing Losses

The daily livestock payment rates per AU for eligible livestock is based, in part, on the number of pounds of corn equivalent per head, as established by FSA, determined necessary to provide the energy requirements for the specific kind/type of livestock for 1 calendar day. *--The daily payment rate per AU for all eligible livestock kinds/types is provided in this table.

Program Year	Daily Payment Rate per AU
2020	\$1.06
2021	\$1.04

--*

B National Payment Factor

Payments for livestock grazing and feed losses, and losses resulting from transporting water and gathering livestock for treatment and inspection of cattle tick fever, will be based on a national payment factor of either of the following:

- 60 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, limited resource farmer or rancher or veteran farmer or rancher as defined in Exhibit 2.

34 Per Acre Leased Grazing Losses - Excluding Fire

A Payment Calculation

Payments for grazing losses, except for losses because of wildfires on non-Federal land, will be calculated based on a national payment factor of 60 to 90 percent, as determined in paragraph 33, of the lesser of:

- the total value of the feed cost for all eligible AU's owned by the eligible livestock owner
 on the eligible grazing land based on the number of days grazing was lost, not to exceed
 150 calendar days of daily feed cost for all eligible AU's
- •*--the total value of grazing lost for all eligible AU's on affected acres as determined in--* subparagraph 31 D, based on the normal carrying capacity of the eligible grazing land of the eligible livestock owner for the number of grazing days lost, **not** to exceed 150 calendar days of lost grazing.

Note: An eligible livestock owner's payment for grazing losses will be reduced by the amount the producer has received under any other supplemental disaster assistance program for the same loss, specifically LFP.

An eligible livestock owner will only be compensated for the number of days that grazing was lost, **not to exceed 150 calendar days**, in a program year for the same livestock.

Important: Calculation of benefits for eligible livestock will be on an AU basis and will require different types of livestock to be converted to an AU basis according to Exhibit 16.

B Example 1 – Partial Grazing Land Acres Affected

Producer A:

- suffers a 60-day grazing loss in County A in 2019 because of flooding
- •*--has 120 head of adult beef cattle and 60 head of non-adult beef cattle, less than 500 lbs., on 1,000 acres of native pasture
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

Only 250 acres of native pasture are affected by the flood. COC establishes a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 120 head of adult beef cattle, times 1, AU conversion factor, equals 120 AU's
- 60 head of non-adult beef cattle, times .5, AU conversion factor, equals 30 AU's
- 150 total AU's on native pasture (120 AU's, plus 30 AU's), times
- 60 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- \$8,802 value of feed cost.--*

B Example 1 – Partial Grazing Land Acres Affected (Continued)

*--Eligible AU's on Affected Acres:

The difference between:

- 150 AU's, eligible AU's on total acres, determined by the smaller of:
 - 200 maximum AU's the total acres of eligible grazing land can support based on carrying capacity (1,000 total acres, divided by a carrying capacity of 5 acres/AU = 200 maximum AU's), or
 - 150 total AU's of all livestock kind/type and weight range in inventory on native pasture

Minus

- 150 AU, maximum AU's the unaffected acres may support based on carrying capacity determined as follows:
 - 1,000 total acres of native pasture, minus
 - 250 affected acres, equals
 - 750 unaffected acres, divided by
 - .5 carrying capacity, equals
 - 150 AU's

The results in 0 AU's. A result of 0 means a grazing loss did not occur because the 750 unaffected acreage was able to sustain a maximum of 150 AU's. Producer A had 150 AU's in inventory. **Producer A did not suffer a grazing loss.**--*

* * *

C Example 2 – All Grazing Land Acres Affected

Producer B:

- suffers a 45-day grazing loss in County A in 2019 because of flooding
- has 1,000 head of sheep on 1,000 acres of native pasture
- did complete CCC-860 so payment will be calculated based on 90 percent factor.

All 1,000 acres of native pasture are affected by the flood. COC establishes a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 1,000 head of sheep, times .25, AU conversion factor, equals
- 250 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- \$11,003 value of feed cost.

*--Eligible AU's on Affected Acres:

The difference between:

- 200 AU's, eligible AU's on total acres, determined by the smaller of:
 - 200 maximum AU's the total acres of eligible grazing land can support based on carrying capacity
 (1,000 total acres, divided by a carrying capacity of 5 acres/AU = 200 maximum AU's), or
 - 250 total AU's of all livestock kind/type and weight range in inventory on native pasture

Minus

• 0 AU's, maximum AU's the unaffected acres may support based on carrying capacity

Eligible AU's on affected acres is equal to 200.--*

C Example 2 – All Grazing Land Acres Affected (Continued)

<u>Total Value of Grazing Lost Based on Eligible AU's on Affected Acres:</u>

- 200 eligible AU's on affected acres, times
- 45 days of grazing lost, times
- \$0.978, equals
- \$8,802.

\$8,802, the smaller of the total value of feed cost based on AU's in inventory (\$11,003) or value of grazing lost based on eligible AU's on affected acres (\$8,802) x 90 percent--* factor = \$7,922 payment amount before applying reductions.

A Payment Calculation

Payments for grazing losses that occur on grazing land or pastureland, except for losses because of wildfires on non-Federal land, that is leased on an AUM/AU basis will be calculated based on a national payment factor of 60 to 90 percent, as determined in paragraph 33, of the lesser of:

- •*--the total value of the feed cost for all eligible AU's owned by the eligible livestock owner on eligible grazing land based on the number of days grazing was lost, **not** to exceed 150 calendar days of daily feed cost for all eligible AU's
- the total value of grazing lost based on eligible AU's permitted to graze the eligible grazing land affected by the eligible loss condition, as determined in subparagraph B, for the number of grazing days lost, **not** to exceed 150 calendar days of lost grazing.

Note: An eligible livestock owner will only be compensated for the number of--* days that grazing was lost, **not** to exceed 150 calendar days in a program year for the same livestock.

*--See subparagraph:

- D for an example of calculating a grazing loss when part of the acreage of the eligible grazing land is affected by the eligible loss condition
- E for an example of calculating a grazing loss when all of the acreage of the eligible land is affected by the eligible loss condition.

B Eligible AU's

For AUM/AU leased grazing losses, excluding fire, the eligible AU's are determined by multiplying:

- Result of dividing:
 - eligible grazing land acres affected by the eligible loss condition, by
 - total eligible grazing land acres

times.

• eligible AU's permitted to graze the eligible grazing land.

Note: If all acreage of the eligible grazing land is affected by the eligible loss condition, then the number of eligible AU's is equal to the eligible AU's permitted to graze the eligible grazing land.--*

35 AUM/AU Leased Grazing Losses, Excluding Fire (Continued)

C Converting AUM's to AU's

The eligible livestock producer will report AU's on CCC-851, item 32. If the livestock producer's lease is an AUM lease, the County Office will need to convert AUM's to AU's based on the number of animals grazing for a specific time period.

Example 1: Federal permit allows the producer to graze 500 AUM's for 5 months.

500 AUM's / 5 months = 100 AU's.

In this example the producer would enter 100 AU's in CCC-851, item 32.

Example 2: Federal permit allows the producer to graze 150 AU's from September 1 through December 31 for a total of 600 AUM's.

In this example the producer would enter 150 AU's in CCC-851, item 32.

Ensure that AU's for each specific animal type are converted to an AU equivalent. See Exhibit 16.

Example 3: 600 sheep x .25 AU's conversion factor = 150 AU's.

35 AUM/AU Leased Grazing Losses, Excluding Fire (Continued)

*--D Example 1 – Partial Grazing Land Acres Affected

Producer C:

- suffers a 45 day grazing loss in County A in 2019 because of flooding
- has 400 head of sheep on 850 acres of native pasture
- has Federal permit allowing 80 AU's to graze
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

Only 500 acres of native pasture are affected by the flood.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals
- 100 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- \$4,401 value of feed cost.

Total Value of Grazing Lost Based on AU's Permitted to Graze

Producer C is permitted to graze 80 AU's on 850 acres; however, only 500 acres are affected by the flood. 80 AU's must be prorated between affected and unaffected acres.

- 500 affected acres, divided by, 850 total acres, equals
- .59 factor, times
- 80 AU's, equals
- 47.2 AU's on affected acres.

Determine the total value of grazing loss according to the following:

- 47.2 AU's on affected acres, times
- 45 days lost grazing, times
- \$0.978 daily payment rate, equals
- \$2,078 value of grazing lost based on AU's permitted to graze.

\$2,078, the smaller of the total value of feed cost based on AU's in inventory (\$4,401) or value of grazing lost based on AU's permitted to graze (\$2,078) x 60 percent factor = \$1,246 payment amount before applying reductions.--*

35 AUM/AU Leased Grazing Losses, Excluding Fire (Continued)

*--E Example 2 – All Grazing Land Acres Affected

Producer A:

- suffers a 45 day grazing loss in County A in 2019 because of flooding
- has 400 head of sheep on 850 acres of native pasture
- has Federal permit allowing 80 AU's to graze
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

All 850 acres of native pasture are affected by the flood.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals
- 100 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- \$4,401 value of feed cost.

Total Value of Grazing Lost Based on AU's Permitted to Graze

Producer C is permitted to graze 80 AU's on 850 acres. All 500 acres are affected by the flood; therefore 80 AU's are on affected acres.

- 80 AU's on affected acres, times
- 45 days lost grazing, times
- \$0.978 daily payment rate, equals
- \$3,521 value of grazing lost based on AU's permitted to graze.

\$3,521, the smaller of the total value of feed cost based on AU's in inventory (\$4,401) or value of grazing lost based on AU's permitted to graze (\$3,521) x 60 percent factor = \$2,113 before applying reductions.--*

36 Grazing Losses Because of Fire on Non-Federally Managed Land

A Calculation

Payments for grazing losses because of fire, on non-Federally managed land, will be compensated based on a national payment factor of 60 or 90 percent, as determined in paragraph 33, times the daily value of grazing, based on normal carrying capacity, for the number of days grazing was lost on the affected acres, **not** to exceed 180 calendar days during the program year.

B Example 1 – Partial Grazing Land Acres Affected

Producer B:

- suffers a 45-day grazing loss in County A in 2019 because of fire
- •*--has 400 head of sheep and 100 head of lambs on 850 acres of native pasture
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

Only 200 acres of native pasture are affected by the fire. COC sets a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals 100 AU's
- 100 head of lambs, times .14, AU conversion factor, equals 14 AU's
- 114 total AU's on native pasture (100 AU's plus 14 AU's), times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- \$5,017 value of feed cost.

Eligible AU's on Affected Acres:

The difference between:

- 114 AU's, eligible AU's on total acres, determined by the smaller of:
 - 170 maximum AU's the total acres of eligible grazing land can support based on carrying capacity (850 total acres, divided by a carrying capacity of 5 acres/AU = 170 maximum AU's), or
 - 114 total AU's of all livestock kind/type and weight range in inventory on native--* pasture

36 Grazing Losses Because of Fire on Non-Federally Managed Land (Continued)

B Example 1 – Partial Grazing Land Acres Affected (Continued)

Minus

- 130 AU's, maximum AU's the unaffected acres may support based on carrying capacity, *--determined as follows:
 - 850 acres of native pasture, minus
 - 200 affected acres, equals
 - 650 unaffected acres, divided by
 - 5, carrying capacity, equals
 - 130 AU's.

The result is -16. A negative result means a grazing loss did not occur because the 650 of unaffected acreage was able to sustain a maximum of 130 AU's. Producer B had 114--* AU's in inventory. **Producer B did not suffer a grazing loss.**

C Example 2 – All Grazing Land Acres Affected

Producer A:

- suffers a 45-day grazing loss in County A in 2019 because of fire
- •*--has 400 head of sheep and 100 head of lambs on 850 acres of native pasture
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

All 850 acres of native pasture are affected by the fire. COC sets a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals 100 AU's
- 100 head of lambs, times .14, AU conversion factor, equals 14 AU's
- 114 total AU's on native pasture (100 AU's, plus 14 AU's), times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- \$5,017 value of feed cost.--*

36 Grazing Losses Because of Fire on Non-Federally Managed Land (Continued)

C Example 2 – All Grazing Land Acres Affected (Continued)

*-- Eligible AU's on Affected Acres:

The difference between:

- 114 AU's, eligible AU's on total acres, determined by the smaller of:
 - 170 maximum AU's the total acres of eligible grazing land can support based on carrying capacity (850 total acres, divided by a carrying capacity of 5 acres/AU = 170 maximum AU's), or
 - 114 total AU's of all livestock kind/type and weight range in inventory on native pasture

Minus,

• 0 AU, maximum AU's the unaffected acres may support based on carrying capacity.

Eligible AU's on affected acres is equal to 114.

Total Value of Grazing Lost Based on Eligible AU's on Affected Acres:

- 114 eligible AU's on affected acres, times
- 45 days of grazing lost, times
- \$0.978, equals
- \$5,017.

\$5,017, the smaller of the total value of feed cost based on AU's in inventory (\$5,017) or value of grazing lost based on eligible AU's on affected acres (\$5,017) x 60 percent payment factor = \$3,010 before payment reductions.--*

37-40 (Reserved)

•		

Section 3 Livestock Feed Losses

41 Livestock Feed General Provisions

A Payment Calculation

ELAP payments for livestock feed losses will be based on a national payment factor of 60 or 90 percent, as determined in paragraph 31, of the cost of the following, **not** to exceed 150 calendar days of feed costs for the eligible livestock (except for feed losses due to fire, not to exceed 180 calendar days of feed costs) for which feed losses were incurred:

- purchased and harvested feed or feed stuffs that was lost or destroyed because of an eligible loss condition
- additional feed purchased above normal quantities required to maintain eligible livestock during an eligible loss condition
- additional feed expenses incurred because of an eligible loss condition.

Notes: See subparagraph:

- 42 B for determining the value of purchased forage or feed stuffs
- 43 C for determining the value of forage or feed stuffs produced and harvested by the participant
- 45 B for determining the value of additional feed purchases
- 45 C for determining livestock feed needs
- 45 D for determining the value of eligible purchases of additional livestock feed.

B National Payment Factor

For an eligible livestock producer, payments for livestock feed losses, losses resulting from transporting water and gathering livestock for treatment and inspection of cattle tick fever, will be based on a national payment factor of either of the following:

- 60 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, limited resource farmer or rancher, or veteran farmer or rancher as defined in Exhibit 2.

41 Livestock Feed General Provisions (Continued)

C Payment Reductions

The amount for which an eligible livestock participant may receive for feed losses under ELAP will be reduced by any amount received by the participant for the same or similar loss under any other disaster assistance program.

A Required Documentation

When a participant indicates that purchased forage or feed stuffs, other than forage grazing acres, intended for livestock feed is lost, damaged or destroyed, the participant **must**, provide verifiable or reliable documentation, as determined acceptable by COC.

Verifiable records include records that can be verified by COC through an independent source and are used to substantiate the amount of feed lost. Reliable records may be considered acceptable, as determined by COC. If documentation is **not** available or provided, COC may accept producer's certification if other similar producers have comparable losses, as determined by COC.

Important: COC **must** follow procedure established in paragraph 104 when acting on supporting documentation, such as verifiable and reliable records and producer's certification statements.

The County Office will validate the **original** feed receipts or summary purchase feed receipts from the vendor by:

- date stamping the front of the original receipts
- a photocopy of the validated original receipts
- attaching the photocopy to CCC-851
- returning validated original receipts to participants.

For receipts to be considered as acceptable verifiable documentation to determine the value of lost feed, the feed receipt **must** include all of the following:

- date of feed purchase
- name, address, and telephone number of feed vendor
- type and quantity of feed purchased
- cost of feed purchased
- signature of feed vendor if the vendor does **not** have a license to conduct this type of transaction.

Example: The participant purchased baled hay from their neighbor. The neighbor is **not** a licensed vendor; therefore, the neighbor's signature is required to be on the purchase receipt.

B Determining Value of Purchased Forage or Feed Stuffs

COC will determine the value of lost feed from purchased forage or feed stuffs, other than forage grazing acres, that were damaged or destroyed because of an eligible adverse weather or eligible loss condition, according to the following table.

Step	Action	Result
1	Participant must provide original receipts for	
	purchased forage or feed stuffs intended for	
	use as feed for the eligible livestock.	
2	Determine whether the feed purchased was	
	feed for the eligible livestock.	
3	Determine whether the receipts provided	
	meet all requirements to be acceptable to	
	determine the value of the feed lost.	
4	Add the cost of the eligible feed purchased	Total cost of forage or feed stuffs,
	for the eligible livestock from all acceptable	other than forage grazing acres,
	purchase receipts.	purchased by the participant for the
		eligible livestock.

Example: Producer A purchased 75 big round bales of hay on January 15, 2019, to feed his eligible livestock located in the county where the eligible loss condition occurred. The hay cost \$3,000. Producer A indicates he lost 45 of the bales of hay because of flooding that occurred on May 1, 2019.

Producer A provides County Office original receipts for the hay purchased. The receipts meet all the requirements in this subparagraph.

County Offices determines the value of the lost feed to be \$1,800 as follows:

\$3,000 (total cost of all hay) divided by 75 (total number of bales purchased) x 45 (number of bales of hay lost) = \$1,800.

Note: The value of feed lost in the amount of \$1,800 would be entered in CCC-851, item 55.

42 Purchased Livestock Feed Losses (Continued)

C Example 1

In 2019, Producer C has 100 percent interest in 500 head of adult beef cows that were or would have been grazing 1,000 acres of fire affected pastureland. COC established a carrying capacity of the pasture land affected by fire of 2.5 acres per AU. Producer C purchased 5,000 bushels of corn to feed the 500 head of adult beef cows. The 5,000 bushels of corn to feed 500 head of adult beef cows was lost because of a flood. Producer C did complete CCC-860 as a beginning farmer so Producer C's payment will be calculated based on a 90 percent national payment factor.

Producer C timely filed CCC-851 and provided a copy of the purchase receipt for 5,000 bushels of corn showing a value of \$25,000.

Total Feed Losses

\$25,000 (total feed losses for purchased feed intended to be fed to livestock that were or would have been grazing fire affected pastureland).

180-Calendar-Day Feed Costs

- 1,000 acres of pastureland affected by fire, divided by 2.5 acres per AU = 400 maximum AU's on 1,000 acres
- 400 (maximum AU's) x \$0.978 (daily payment rate per head) x 180 calendar days = \$70,416 (180-calendar-day feed cost for 500 head of adult beef cows that were or would have been grazing fire affected pastureland).

Calculated Livestock Feed Payment

\$25,000 (smaller of total feed cost or calculated 180-calendar-day feed costs for Producer C's 500 head of adult beef cows on fire affected pastureland).

43 Produced and Harvested Livestock Feed Losses

A Required Documentation

When a participant indicates that produced forage or feed stuffs, other than forage grazing acres, intended for livestock feed is lost, damaged or destroyed, the participant **must**, provide verifiable or reliable documentation, as determined acceptable by COC.

Verifiable records include those that can be verified by COC through an independent source and are used to substantiate the amount of feed lost. Reliable records may be considered acceptable, as determined by COC. If documentation is **not** available or provided, COC may accept producer's certification if other similar producers have comparable losses, as determined by COC.

Important: COC **must** follow procedure established in paragraph 104 when acting on

supporting documentation, such as verifiable and reliable records and

producer's certification statements.

43 Produced and Harvested Livestock Feed Losses (Continued)

B Determining Value of Produced and Harvested Forage or Feed Stuffs

COC will determine the value of lost feed from forage or feed stuffs, other than forage grazing acres, that was mechanically harvested, and damaged or destroyed because of an eligible loss condition, according to the following table.

Step	Action	Result
1	Producers are responsible for providing all the following:	
	 verifiable or reliable evidence of either or both of the following as determined acceptable by COC: 	
	 participant had the ability to produce the kind and amount of forage or feed stuffs claimed lost, such as equipment, seed receipts, fertilizer purchase receipts, and FSA-578's 	
	 participant paid for the production of the forage or feed stuffs claimed lost, such as custom harvest costs 	
	• any evidence that supports the amount of the forage or feed stuffs claimed produced, such as but not limited to weight tickets, acres and yields, processing receipts.	
2	Determine whether the feed produced was feed intended for use as feed for the participant's eligible livestock.	
3	Determine a value of the forage or feed stuffs produced based on the fair market value of the forage or feed stuffs before the eligible adverse weather or eligible loss condition.	
4	Add the determined value of all forage and feed stuffs lost.	Total cost of forage and feed stuffs, other than forage grazing acres, produced by participant for eligible livestock.

43 Produced and Harvested Livestock Feed Losses (Continued)

C Example – Determining Value of Produced and Harvested Forage

Producer A produced 55 big round bales of hay before the flood in March 2019. Producer A produced the hay to feed to his 40 dairy cows. Producer A indicates he lost 40 of the bales of hay because of the flood.

Producer A provides evidence that he has the ability to harvest the kind of hay he claimed lost. He also provides the average weight of the bales of hay produced. COC obtains information indicating the value of the type of hay produced by Producer A before the flood.

Based on the information submitted by Producer A, the information about the value of the type of hay fed, and COC's knowledge of the value of the hay produced, COC determines the total value of the hay lost to be \$1,000.

Note: The value of feed lost in the amount of \$1,000 would be entered in CCC-851, item 48.

D Payment Calculation Example

In 2019, Producer A has 100 percent interest in 100 head of cattle and 200 head of buffalo. Producer A purchased 1,000 bushels of corn to feed 100 head of cattle. The feed was lost because of a hurricane. In addition, Producer A raised 100 tons of alfalfa hay to feed 200 head of buffalo. The 100 tons of hay was lost because of a flood.

Producer A timely filed CCC-851 and provided a copy of the purchase receipt for 1,000 bushels of corn showing a value of \$5,000 and provided documentation that he produced 100 tons of alfalfa hay. COC determined that the value of the hay was \$100 per ton for a total value of \$10,000. Producer A did **not** complete CCC-860 so Producer A's payment will be calculated based on a 60 percent payment factor.

Producer A did **not** receive any other compensation for the same feed losses under any other program. Compensation will be calculated as follows.

43 Produced and Harvested Livestock Feed Losses (Continued)

D Payment Calculation Example (Continued)

Total Feed Losses

\$5,000 (value of corn lost) + \$10,000 (value of alfalfa hay lost, as determined by COC) = \$15,000 total feed losses for purchased and harvested feed.

150-Calendar-Day Feed Costs

- 100 head of cattle (number of livestock for which the corn was intended to be fed) x 1.00 (AU Conversion Factor) x 100 percent (participant's share) x \$0.978 (daily payment rate per head) x 150 calendar days = \$14,670 (150-calendar-day feed cost for Producer A's 100 head of cattle).
- 200 head of buffalo (number of livestock for which alfalfa hay was intended to be fed) x 1.00 (AU conversion factor) x 100 percent (participant's share) x \$0.978 (daily payment rate per head) x 150 calendar days = \$29,340 (150-calendar-day feed cost for Producer A's 200 head of buffalo).
- \$14,670 (150-calendar-day feed cost for 100 head of cattle) + \$29,340 (150-calendar-day feed cost for 200 head of buffalo) = \$44,010 (calculated 150-calendar-day feed costs for Producer A's 100 head of cattle and 200 head of buffalo).

Calculated Livestock Feed Payment

\$15,000 (smaller of total feed costs or calculated 150-calendar-day feed costs for Producer A's 100 head of cattle and 200 head of buffalo) x 60 percent (national payment factor) = \$9,000 calculated livestock feed payment.

A Required Documentation

When a participant indicates additional feed was purchased, above normal quantities required to maintain eligible livestock during an eligible loss condition and until additional livestock feed becomes available, the participant must provide verifiable or reliable documentation, as determined acceptable by COC. Documentation may include original receipts or summary purchase receipts for forage or feed stuffs that was purchased by the participant as part of the participant's normal business operation from the beginning date of the eligible loss condition until the date additional livestock feed becomes available for the:

- program year in which additional feed costs are being claimed
- year immediately preceding the program year for which additional feed costs are being claimed
- second year preceding the program year for which additional feed costs are being claimed.

Verifiable records include those that can be verified by COC through an independent source and are used to substantiate the amount of feed lost. Reliable records may be considered acceptable, as determined by COC. If documentation is **not** available or provided, COC may accept producer's certification if other similar producers have comparable losses, as determined by COC.

Important: COC must follow procedure established in paragraph 104 when acting on

supporting documentation, such as verifiable and reliable records and

producer's certification statements.

A Required Documentation (Continued)

The County Office will:

- validate the original feed receipts or the summary purchase feed receipt from the vendor by date-stamping the front of the original receipts or summary purchase receipts from the vendor
- make a photocopy of the validated original receipts or summary purchase receipts from the vendor
- attach the photocopy to CCC-851
- return validated original receipts or summary purchase receipts to participant.

For receipts to be considered acceptable verifiable documentation to determine the value of the additional feed purchases, the feed receipts or summary feed purchase receipts **must** include all of the following:

- date of feed purchase
- name, address, and telephone number of feed vendor
- type and quantity of feed purchased
- cost of feed purchased
- signature of feed vendor if the vendor does **not** have a license to conduct this type of transaction.

Example: The participant purchased baled hay from their neighbor. The neighbor is **not** a licensed vendor; therefore, the neighbor's signature is required to be on the purchase receipt.

B Determining Value of Additional Feed Purchases

COC will determine the value of a participant's additional feed purchases, other than forage grazing acres, purchased by the participant as part of the participant's normal business operation, intended for use as feed for the participant's eligible livestock, according to the following.

Notes: COC has the discretion to adjust the value of additional feed purchases, if a:

- producer's livestock inventory changed substantially from 1 or both of the previous 2 years in comparison to the current program year
- producer had to purchase additional feed in the prior 2 years because of an eligible loss condition and it is **not** part of the producer's normal business practice to purchase feed during the timeframe of the additional feed purchases in the current program year.

COC adjustments to the value of additional livestock feed purchases must be entered in CCC-851, items 65, 66, and/or 67, as applicable, according to paragraph 120.

Step	Action
1	Producers are responsible for providing original receipts or summary purchase
	receipts for the forage or feed stuffs that were purchased by the participant from
	the beginning date of the eligible loss condition until the date additional
	livestock feed becomes available.
2	Producer will provide original receipts or summary purchase receipts for the
	forage or feedstuffs that were purchased by the participant during the same or
	similar timeframe described in step 1 for both of the 2 years preceding the
	program year.
	Note: COC must determine whether similar timeframe is reasonably close to
	the timeframe determined in step 1.
3	Determine whether the feed purchased above normal quantities was feed that
	was fed to maintain eligible livestock in the county where the eligible adverse
	weather or eligible loss condition occurred.
4	Determine whether the receipts provided meet all requirements to be acceptable
	to determine the value of the additional feed costs, as provided in
	subparagraph A.
5	Add cost of the eligible feed purchased provided on receipts collected in step 2,
	and enter the result on CCC-851, item 61 and 62, as applicable.
6	Add cost of the eligible feed purchased provided on receipts collected in step 1,
	and enter the result in CCC-851, item 63.

B Determining Value of Additional Feed Purchases (Continued)

Example: The normal grazing period in County A is March 1 through September 30. Producer C's land is located in County A. Producer C claims that they purchased additional hay in April 2019 above what they normally would have purchased because of the flood that occurred April 2 through 10, 2019. Producer C was able to put their livestock back in the flood-affected pasture on April 10, 2019.

Producer C is eligible for livestock feed losses resulting from the costs of purchasing additional livestock feed, above normal quantities, required to maintain the livestock from the beginning date of the flood, April 2, 2019, through the ending date of the flood, April 10, 2019.

On April 3, 2019, Producer C purchased 35 bales of hay, at a total cost of \$1,400, to feed their 100 adult beef cows during the flood. The feed receipts meet all requirements in subparagraph A.

--On March 31, 2018, the immediately preceding program year, Producer C purchased 5 round bales of hay at a total cost of \$400 to feed their adult beef cows. Producer C provided the County Office original receipts for the hay they purchased on March 31, 2018, and they meet all requirements in subparagraph A. Producer C also provided acceptable original receipts for the purchase of 6 round bales of hay at a total cost of \$480 purchased on March 20, 2017, for the second year preceding the program year. COC determined that March 31, 2018, and March 20, 2017, are reasonably close to the beginning date of the April 2019-- flood for the immediately preceding calendar year.

\$1,400 is the value of forage or feed stuffs purchased in the application year to be entered in CCC-851, item 63.

\$400 is the value of forage or feeds stuffs purchased in the 1 year immediately preceding the program year to be entered on CCC-851, item 61.

\$480 is the value of forage of feed stuffs purchased in the second year immediately preceding the program year to be entered on CCC-851, item 62.

\$440 (\$400 plus \$480 divided by 2 years) is the average value of forage or feed stuffs purchased in the 2 immediately preceding years to be entered in CCC-851-1, item 68E.

C Determining Livestock Feed Needs

Livestock feed losses resulting from the additional costs of purchasing additional livestock feed, above normal quantities, required to maintain the eligible livestock until additional livestock feed becomes available, must **not** exceed the value of the feed needs of the livestock during eligible loss condition. CCC-851-1, item 68H calculates the livestock feed needs during the eligible loss condition for each livestock kind/type and weight range.

Example: The April 2019 flood prevented Producer C's livestock from grazing for 8 calendar days. Producer C does **not** file CCC-860. The 150-calendar-day feed cost for Producer C's 100 adult beef cows, as determined in CCC-851-1, item 13, is \$14,670, determined as follows:

- 100 adult beef cattle, times
- 150 calendar days, times
- \$0.978 daily payment rate per head, times
- 1.00 producer share.

The value of the feed needs for the 100 adult beef cows during the April 2019 flood is \$782 as determined in CCC-851-1, item 68H, calculated by multiplying:

- 100 adult beef cattle, times
- 8 calendar days, times
- \$0.978 daily payment rate per head, times
- 1.00 producer share.

D Determining the Value of Eligible Purchases of Additional Livestock Feed

For livestock feed losses resulting from the purchase of additional feed, above normal quantities, required to maintain livestock until additional feed becomes available, the value of eligible purchases of additional feed must be the smaller of either of the following, as determined in CCC-851-1, item 69:

- producer's value of additional feed costs (CCC-851-1, item 68B minus item 68E)
- value of the livestock feed needs during the eligible loss condition, determined in CCC-851-1, item 68H.

Example: Producer C's value of additional feed costs in April 2019 is \$960 determined by subtracting:

- \$1,400, cost of additional feed purchased in 2019, minus
- \$440, average cost of prior 2 years of feed purchased.

The value of the feed needs of the 100 adult beef cows during the April 2019 flood is \$782.

Producer C's eligible purchases of additional livestock feed is \$782, the lesser of \$960, or \$782 (value of the feed needs).

Important: \$782 is **not** Producer C's additional feed cost payment.

E Payment Calculation - Additional Feed Purchased Above Normal

Eligible livestock producers will be compensated for eligible livestock feed purchased above normal quantities, calculated as follows:

- national payment factor of 60 or 90 percent, as determined in paragraph 33, times
- value of eligible purchases of additional livestock feed.

Example: Producer C's payment for additional feed purchased above normal is \$469, calculated as follows:

- 60 percent, national payment rate, times
- \$782, value of feed needs.

This is Producer C's payment before applying any payment reductions, if applicable.

45 (Withdrawn—Amend. 2)

46 Cost of Transporting Livestock Feed

A Eligibility

To be eligible for losses resulting from additional cost to transport livestock feed to eligible livestock, the eligible livestock owner or contract grower must have incurred the cost to transport livestock feed in combination with either of the following livestock feed losses:

- purchased or mechanically harvested forage or feed stuffs damaged or destroyed
- additional livestock feed purchased above normal quantities.

Cost of transporting livestock feed to eligible livestock includes, but is not limited to, costs associated with equipment rental fees for hay lifts and snow removal.

B Required Documentation

When a participant claims additional cost resulting from transporting livestock feed to eligible livestock, the participant **must** provide verifiable or reliable documentation of the cost to transport feed, as determined acceptable by COC.

Verifiable records include those that can be verified by COC through an independent source and are used to substantiate the cost to transport feed, including cost associated with equipment rental for hay lifts and snow removal. Reliable records may be considered acceptable, as determined by COC.

Important: COC **must** follow procedure established in paragraph 104 when acting on

supporting documentation, such as verifiable and reliable records and

producer's certification statements.

C Payment Calculation Example

Producer B has 100 percent interest in 100 head of adult beef cows. Because of a January 2019 hurricane, Producer B hired a helicopter to take feed to 100 stranded adult beef cows. In addition, Producer B purchased 1,000 bushels of corn to feed the 100 head of adult beef cows. The 1,000 bushels of corn was above what Producer B would normally have purchased. Producer B completed CCC-860 as a beginning farmer so Producer B's payment will be calculated based on a 90 percent national payment factor.

Producer B timely filed CCC-851 and provided documentation to show that the cost of the helicopter was \$1,000. Producer B provided a copy of the purchase receipt for 1,000 bushels of corn showing a value of \$5,000.

46 Cost of Transporting Livestock Feed (Continued)

C Payment Calculation Example (Continued)

Total Feed Losses

\$1,000 (cost of helicopter) + \$5,000 (value of additional livestock feed purchased) = \$6,000 total feed losses for purchasing additional livestock feed above normal and additional feed expenses.

150-Calendar-Day Feed Costs

100 head adult beef cows (number of livestock for which 1,000 bushels of corn was fed and for which the helicopter was hired) x 1.00 (AU Conversion Factor) x 100 percent (participant's share) x \$0.978 (daily payment rate per head) x 150 calendar days = \$14,670 (calculated 150-calendar-day feed cost for Producer B's 100 head of adult beef cows).

Calculated Livestock Feed Payment

\$6,000 (smaller of total feed costs or calculated 150-calendar-day feed costs for Producer B's 100 head adult beef cows) x 90 percent (national payment factor) = \$5,400 calculated livestock feed payment.

Note: This example assumes the producer did **not** suffer a grazing loss.

47-50 (Reserved)

•			

Section 4 Water Transportation

51 General Provisions

A Eligibility

To be considered eligible for losses resulting from transporting water to eligible livestock, all of the following must be met:

- Water must be transported to eligible livestock, as defined in paragraph 24, that are on eligible grazing land, as defined in paragraph 25
- Additional cost of transporting water must be due to an eligible drought, as defined in
 --Exhibit 2, or an eligible adverse weather event as approved by DAFP (see subparagraph C)--
- Water is being transported to eligible grazing lands that normally does not require water to be transported to.

B Required Documentation

When a participant claims additional cost resulting from transporting water to eligible livestock, the participant **must**, provide verifiable or reliable documentation of the cost to transport water, as determined acceptable by COC.

Verifiable records include those that can be verified by COC through an independent source and are used to substantiate the cost to transport water. Reliable records may be considered acceptable, as determined by COC.

Important: COC **must** follow procedure established in paragraph 104 when acting on supporting documentation, such as verifiable and reliable records and producer's certification statements.

*--C Eligible Adverse Weather Event

The STC can request a determination from DAFP if a specific eligible adverse weather event may be deemed as an eligible loss condition for water transportation. STC will ensure COC thoroughly documents when COC determines an eligible adverse weather event required the transportation of water to eligible livestock on eligible grazing lands.--*

Vater Transportation Payment Calculation

A National Average Price

The following table provides the established national average prices to transport a gallon of water, based on the method the producer uses to transport water in the applicable program year.

Method of Transporting Water	National Average Price/Gallon
Personal labor/equipment	\$0.035
Hired labor/rented equipment	\$0.05
Contracted water transportation	\$0.07

Note: Personal labor includes those laborers normally involved in the farming or ranching operation.

DAFP may consider approving higher average prices per gallon to transport water for a State or region of a State, based on a recommendation from STC, if the State can document a higher rate for transportation exists.

B Daily Water Requirement

The daily water requirements for livestock, per head and AU, to be used in the calculations are as follows.

Kind	Туре	Weight Range	Daily Water Requirement Per Head (Gallons Per Day)	Daily Water Requirement Per AU (Gallons Per Day)
Beef	Adult	Cows and Bulls	18	18
	Nonadult	500 pounds or more	9	18
	Nonadult	Less than 500 pounds	9	18
Dairy	Adult	Cows and Bulls	30	15
	Nonadult	500 pounds or more	15	15
	Nonadult	Less than 500 pounds	15	15
Equine	All		12	12
Goats	All		4	16
Sheep	All		4	16

Important: Calculating benefits for eligible livestock will be on an AU basis and will require different types of livestock to be converted to an AU basis according to Exhibit 16.

C Payment Calculation

ELAP will cover losses resulting from the additional cost of transporting water to eligible livestock based on a national payment factor, as determined in subparagraph 41 B, of the lesser of either of the following:

- the cost to transport water to eligible livestock for 150 calendar days calculated by multiplying:
 - the daily water requirement for the eligible livestock, times
 - the number of eligible livestock converted to AU's, times
 - the applicable national average price per gallon to transport water as determined in the following table, times
 - 150 calendar days
- the cost to transport water to eligible livestock, based on the actual number of gallons of water the eligible producer transported to eligible livestock, calculated by multiplying:
 - actual number of gallons of water transported to eligible livestock as determined in the following table, times

Important: The actual number of gallons of water transported to eligible livestock may include gallons transported from the first day the county is designated D3 through the end of the normal grazing period.

• the applicable national average price per gallon to transport water, as determined in the following table.

Water Transportation Payment Calculation (Continued)

D Payment Calculation Example

Producer A suffers additional cost for transporting water to eligible livestock in County A because of an eligible drought that began on March 1, 2019. Producer A had to transport water to 1,000 head of eligible sheep that were grazing an eligible native pasture. A total of 15,000 gallons of water was transported from March 3 to April 15, 2019. Producer A used personal labor and equipment to transport the water. Producer A did **not** complete CCC-860 so Producer A's payment will be calculated based on 60 percent of the smaller of:

1,000 (head of sheep) x 0.25 (AU conversion factor) x 16 (daily water requirement for sheep/AU) x 0.035 (per gallon) x 0.035 (days) = 0.035 (days)

15,000 (gallons of water) x \$0.035 (per gallon) = \$525

\$525 (the lesser value of 150 days of water transporting or actual number of gallons transported) x 60 percent = \$315

53-55 (Reserved)

56 General Provisions

A Eligibility

To be considered eligible additional cost associated with gathering livestock to treat or inspect for cattle tick fever, the eligible livestock, as defined in paragraph 24, must be treated and/or inspected by APHIS for cattle tick fever.

B Payment Rates

The cattle tick fever payment rates, cost per head (all ages) to gather livestock to be inspected and treated for cattle tick fever, are as follows:

- cattle = \$8.00
- horses = \$8.00
- goats = \$2.00
- sheep = \$2.00.

C Cattle Tick Fever Payment Calculation

Eligible producers **must** certify that they have suffered additional cost related to gathering livestock to treat and/or inspect for cattle tick fever. Payment for cattle tick fever is equal to the sum of the result of multiplying the following for each treatment:

- national payment factor, as determined in paragraph 33, times
- number of eligible livestock treated and/or inspected by APHIS for cattle tick fever, times
- the average cost to gather livestock, per head, as provided in subparagraph B.

D Payment Calculation Example

Producer A completed CCC-860 as an SDA producer. Producer A has 50 cows, 2 bulls, 47 calves and 25 goats. All of these animals were rounded up 10 times to be inspected and treated for cattle tick fever, according to APHIS records. The average cost per head to gather livestock established by STC is \$8 per head for cows, bulls and calves and \$2 per head for goats.

99 (total number of cows, bulls and calves treated) x 10 (total number of treatments) x \$8 (average cost, per head, to gather cows, bulls and calves) = \$7,920.

25 (total number of goats) x 10 (total number of treatments) x \$2 (payment rate for goats) = \$500.

90 percent x \$8,420 (total cost of cattle tick fever) = \$7,578 (calculated payment amount) before applicable reductions.

57-60 (**Reserved**)

•			

Part 3 Honeybees

61 General Eligibility

A Eligible Producer

In addition to meeting the definition of an eligible producer, as defined in paragraph 23, an eligible honeybee producer is a producer who has a risk in the honey production, pollination, or honeybee breeding operation for producing honey, pollinating, or breeding honeybees for commercial use as part of a farming operation on the beginning date of the eligible adverse weather or eligible loss condition.

B Eligible Honeybees

Eligible honeybees include bees housed in a managed hive and used for honey production, pollination, or honeybee breeding. Eligible honeybees do **not** include wild, feral honeybees, leaf cutter bees, or other bee species that are **not** used for producing honey, pollinating, or breeding honeybees.

C Report of Colonies

All honeybee producers **must** file FSA-578 by:

• January 2 of the same crop year

Example: January 2, 2019, for losses claimed in 2019 calendar year.

- within 30 calendar days of the date colonies of bees are acquired, split, bought, sold, transported into, or out of the county.
- *--Producers will use a manual FSA-578 to report changes to the total number of colonies and/or counties to which bees are moved. Manual FSA-578's **must** include the following.

Item	Entry
1	FSA FSN where producer's headquarters is located.
2	Names and shares of all producers sharing in the colonies for producing honey, pollinating, and/or breeding.
3	Number of colonies.
4	Names of counties to which colonies of bees are moved.

The producer will certify to the number of colonies reported in FSA-578 "Remarks" section.--*

61 General Eligibility (Continued)

C Report of Colonies (Continued)

Notes: The FSA-578 "Certification Statement" will read as follows:

"I certify the number of colonies reported include all colonies for which producing honey, pollinating, and/or breeding is expected."

If the total number of colonies increases on a manual FSA-578 during the crop year after the initial automated FSA-578 is filed by January 2, the automated FSA-578 will be revised with the highest number of colonies reported at any time in the crop year.

*--Important: See paragraph 122.5 for additional guidance in calculating a honeybee producer's beginning inventory based on FSA-578's filed throughout the program year.

See Exhibits 4 and 5 for examples on calculating a producer's beginning inventory based on FSA-578's filed throughout the program year.--*

D Late-File Report of Colonies

A report of colonies submitted beyond the date in subparagraph C may be accepted if COC is satisfied that the report of colonies is accompanied by **either** of the following to support the conclusion that bees were present in the geographical area at the time of the disaster:

- a copy of the State hive registration when required by State law
- additional supporting documentation, such as moving permits, contracts with growers for pollination, loan documents, and beekeeper financial records.

Eligible Honeybee Losses

A Eligible Losses

To be considered eligible for benefits, an eligible honeybee producer must have suffered a loss of:

- honeybee colonies, as described in subparagraph B
- honeybee hives, as described in subparagraph C
- honeybee feed, as described in subparagraph D.

B Eligible Honeybee Colony Losses

For honeybee losses to be eligible, the honeybee colony **must** meet the following conditions:

- be maintained for producing honey, pollinating, or breeding honeybees for commercial use in a farming operation on the beginning date of the eligible loss condition, as provided in subparagraph 63 A
- be physically located in the county where the eligible adverse weather or eligible loss conditions occurred on the beginning date of the eligible loss condition
- be a honeybee colony in which the participant has a risk in honey production, pollination, or honeybee breeding farming operation on the beginning date of the eligible loss condition
- be a honeybee colony for which the producer had an eligible loss of a honeybee colony, in excess of the normal honeybee colony mortality rate for the applicable program year as provided in subparagraph 64 D,
- the loss could **not** have been prevented through reasonable available measures as determined by COC

Notes: Honeybee losses because of controllable conditions, such as varroa mites, is **not** an eligible loss condition.

Drought is **not** considered an eligible loss condition for honeybee colony losses.

Loss of income from pollinator contracts because of CCD is **not** an eligible loss condition under ELAP.

Eligible Honeybee Losses (Continued)

C Eligible Hive Losses

For honeybee hive losses to be eligible, the honeybee hive **must** meet the following conditions:

- be maintained for producing honey, pollinating, or breeding honeybees for commercial use in a farming operation on the beginning date of eligible loss condition, as provided in subparagraph 63 B
- be physically located in the county where the eligible adverse weather or eligible loss conditions occurred on the beginning date of the eligible loss condition
- be part of a honeybee farming operation in which the participant has a risk in honey
 production, pollination, or honeybee breeding on the beginning date of the eligible loss
 condition.

Note: Drought is **not** considered an eligible loss condition for honeybee hive losses.

D Eligible Honeybee Feed Losses

For honeybee feed losses to be eligible, the loss **must** have been:

- a loss:
 - of purchased or harvested feed that was intended as feed for eligible honeybee colonies and that was damaged because of an eligible loss condition, as provided in subparagraph 63 C
 - resulting from the additional cost of purchasing additional feed, above normal
 quantities to sustain eligible honeybees for a period of time until additional feed
 becomes available because of an eligible loss condition and purchased during or after
 an eligible loss condition
- incurred the loss in the county where the eligible loss condition occurred.

63 Eligible Honeybee Loss Conditions

A Eligible Loss Conditions for Honeybee Colony

Eligible loss conditions for honeybee colony losses include, but are **not** limited to, the following:

- colony collapse disorder
- earthquake
- eligible extreme cold, as defined in Exhibit 2
- eligible sustained cold, as defined in Exhibit 2
- eligible winter storm
- excessive wind
- flood
- hurricane
- lightning
- tornado
- volcanic eruption
- wildfire
- eligible adverse weather events approved by COC according to subparagraph 8 B.

B Eligible Loss Conditions for Honeybee Hive

Eligible loss conditions for honeybee hive losses include, but are not limited to, the following:

- earthquake
- excessive wind
- flood
- hurricane
- lightning
- tornado
- volcanic eruption
- wildfire
- eligible adverse weather events approved by COC according to subparagraph 8 B.

63 Eligible Honeybee Loss Conditions (Continued)

C Eligible Loss Conditions for Honeybee Feed Losses

Eligible loss conditions for honeybee purchased or harvested feed losses include, but are not limited to:

- earthquake
- flood
- hurricane
- lightning
- tidal surge
- tornado
- volcanic eruption
- wildfire
- eligible adverse weather events approved by COC, according to subparagraph 8 B.

Eligible loss conditions for honeybee additional feed purchases, above normal, include, but are not limited to:

- earthquake
- early fall frost
- excessive rain
- flood
- hurricane
- late spring frost
- lightning
- tidal surge
- tornado
- volcanic eruption
- wildfire
- eligible drought
- eligible adverse weather events approved by COC, according to subparagraph 8 B.

64 Honeybee Colony and Hive Losses

--A Required Documentation for Hive and Colony Losses--

For eligible honeybee colony and hive losses, the participant **must** provide:

- proof of beginning inventory for the program year * * * of honeybee colonies and/or hives such as, but **not** limited to, any of the following:
 - a report of acreage (colonies reported)
 - loan records
 - private insurance documents
 - property tax records (these are records actually filed with or in support of tax records which can be verified through a third party, such as a taxing authority; not just a record with "for tax purposes" annotated on them.
 - •*--records of purchase and sales transactions of honeybee colonies and hives throughout the program year--*
 - State colony registration documentation
 - chattel inspections

Important: If a subsequent eligible loss condition affects the number of colonies, County Offices must update the inventory changes for the participant's subsequent loss condition, if applicable, according to paragraph 121.

*--In addition to the previously stated required documentation, if the participant was paid for a loss of honeybee colonies and/or hives in either or both of the two previous program years, the participant must provide documentation considered acceptable by the COC to substantiate how the current year honeybee colony and/or hive inventory was acquired.

For 2020 ELAP, if a participant claims honeybee colony or hive losses and the participant received either a 2018 or 2019 ELAP payment for honeybee colonies or hives, the participant must provide acceptable documentation to prove how the 2020 honeybee colony or hive beginning inventory was acquired.

Example: In April 2021, Producer A claims 1,000 honeybee colonies lost due to CCD. Producer A's 2021 beginning inventory is 12,500 colonies. The County Office determines that Producer A received a 2019 ELAP payment for the loss of 2,500 honeybee colonies. To be eligible for 2021 ELAP, Producer A must provide acceptable documentation to prove how he built his honeybee colony inventory back up to 12,500 colonies for 2021 after losing 2,500 colonies in 2019.--*

B Required Documentation for Colony Losses

In addition to the required documentation in subparagraph A, for eligible honeybee colony losses, the participant must provide:

- a signed certification statement on CCC-870 from the honeybee producer certifying to the observation and presence of at least 3 out of 5 CCD symptoms at the time honeybee colony losses were first apparent to the producer
- proof that the participant is following best management practices as determined by COC, such as, but **not** limited to suggested honeybee good management practices provided in Exhibit 17
- any additional documentation the producer may have, such as State health certifications for varroa mite or nosema levels reflecting the lack of mites or disease
- of leased hives, the producer must provide a written lease or statement from the lessor, that shows the producer has risk and control of the honeybees. Only one producer can claim the lost colony.
- *--See paragraph 122.5 for additional guidance and Exhibits 4 and 5 for examples on calculating beginning inventory for colony losses.--*

C National Payment Factors

For an eligible honeybee producer, payments for **honeybee colony and hive losses** will be based on a national payment factor of either of the following:

- 75 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, limited resource farmer or rancher or veteran farmer or rancher, as defined in Exhibit 2.

D Payment Rates

The payment rates for honeybee colonies and hives are based on the average fair market values of honeybee colonies and/or hives in the program year in which the loss occurred. FSA has established the following average fair market values for honeybee losses.

Program Year	Honeybee Colonies	Honeybee Hives
2018	\$140	\$258
2019	\$140	\$258
2020	\$110	\$190
2021	\$100	\$200

E Normal Mortality Rate for Honeybee Colony Losses

ELAP compensates eligible honeybee producers for eligible honeybee colony losses that occur in excess of normal mortality because of an eligible loss condition during the program year. FSA has established the normal mortality rates for honeybee colony losses of *--22.0 percent for the 2018 through 2021 program years.--*

F Payment Calculation for Honeybee Colony Losses

Payments for eligible honeybee producers for honeybee colony losses will be based on the national payment factor, as determined in subparagraph B, of the result of multiplying:

- the result of subtracting:
 - number of honeybee colonies lost during the program year because of an eligible loss condition, minus
 - honeybee loss threshold (beginning inventory adjusted for sales and purchases through the last loss event in the program year times the applicable normal mortality rate), times
- the average fair market value per honeybee colony.

Example: Producer A files CCC-934 for honeybees lost to CCD on April 2, 2019.

- *--Beginning program year inventory was 120 colonies of bees, as determined according to paragraph 122.5. Producer A lost a total of 50 colonies because of CCD. Producer A did **not** file CCC-860, therefore compensation would be--* calculated at 75 percent of the 2019 average fair market value established for honeybee colonies, \$140, for the number of colonies lost in excess of normal mortality of 22 percent, calculated as follows.
 - •*--100 colonies (100 beginning inventory) x 22 percent = 22 colonies (loss threshold)
 - 50 colonies, lost on April 2, 2019, because of an eligible loss condition, minus 22 colonies, loss threshold = 28 colonies eligible for payment
 - 28 colonies x \$140 (2019 average fair market value) x 75 percent payment factor = \$2,940 (calculated payment amount for lost honeybee colonies--* before applying payment reductions).

G Payment Calculation for Honeybee Hive Losses

Payments for eligible honeybee producers for honeybee hive losses will be based on the national payment factor, as determined in subparagraph B, of the result of multiplying:

- number of honeybee hives lost because of an eligible adverse weather or eligible loss condition, times
- the average fair market value per honeybee hive for the applicable program year.

Example: Producer B files CCC-934 for honeybee hives lost because of a tornado on March 20, 2019. Beginning inventory was 20 hives. Producer B's ending inventory was 15 hives which equates to 5 hives lost. Producer B did **not** file CCC-860, therefore compensation would be calculated at 75 percent of the 2019 average fair market value established for honeybee hives, \$258, for the number of hives lost as follows.

5 hives x \$258 (average fair market value) x 75 percent payment factor = \$968 (calculated payment amount for lost honeybee hives before applying payment reductions).

*--64.5 CCC-870, Emergency Loss Assistance for Livestock, Honeybees, and Farm Raised Fish Program, Colony Collapse Disorder Certification

A Completing Manual CCC-870

Complete CCC-870 according to the following.

Item	Instruction
1	Enter State and county code for the administrative county by physical location
	county where honeybee colony losses occurred because of CCD.
2	Enter the calendar year that the honeybee colony loss occurred.
3	Enter County Office name and address.
	Part A – Producer Information
4	Enter the producer's name and address, including city, State and ZIP code.
	Part B – Honeybee Producer Certification of Colony Collapse Disorder
5	Enter the date when the honeybee colony loss became apparent.
6	Enter the total number of honeybee colonies lost due to CCD.
7	Select all the applicable CCD symptoms that were observed and present at the time
	of the honeybee colony losses being claimed in item 6.
8	Enter any additional details and symptoms that were observed at the time the loss
	became apparent.
	Part C – Honeybee Producer Certification
9A	Participant or representative of participant signs to indicate that honeybee colony
	losses occurred as a result of CCD, the number honeybee colonies lost in item 6
	were in inventory when CCD occurred, the symptoms of CCD were observed, as
	indicated in item 7, and all other information provided is true and correct.
9B	Signatory in item 9A shall enter their title/relationship when signing in the
	representative capacity.
	Note: If a participant/applicant is not signing in the representative capacity, this
	field should be left blank. If a participant/applicant is signing on behalf of
0.0	themselves, it is acceptable to write "self"; however, it is not necessary.
9C	Participant or participant's representative enters signature date.

--*

65 Honeybee Feed Losses

A Eligible Feed Losses

For honeybee feed losses to be eligible, the loss **must** have been a loss:

- of purchased or harvested feed, as provided in subparagraphs B and D
- resulting from the additional cost of purchasing additional feed, above normal quantities to sustain eligible honeybees until additional feed becomes available, as provided in subparagraph C.

B Required Documentation for Purchased Feed

Eligible honeybee participants **must** provide verifiable or reliable documentation, as determined acceptable by COC, of purchased feed intended as feed for honeybees that was lost or additional feed purchased above normal quantities.

Verifiable records include records provided by the producer who may be verified by COC through an independent source and are used to substantiate the amount of feed lost. Reliable records may be considered acceptable, as determined by COC.

Acceptable verifiable or reliable records may include, but are **not** limited to:

- original feed receipts or summary purchase receipts that provide date of feed purchase, name, address, and telephone number of feed vendor, type and quantity of feed purchased, cost of feed purchased, signature of feed vendor if the vendor does **not** have a license to conduct this type of transaction
- settlement sheets
- warehouse settlement sheets
- load summaries
- ledger tapes
- contemporaneous records.

65 Honeybee Feed Losses (Continued)

B Required Documentation for Purchased Feed (Continued)

The County Office must validate the original feed receipts or summary purchase feed receipts from the vendor by:

- date-stamping the front of the original receipts
- make a photocopy of the validated original receipts
- attach the photocopy to CCC-934
- return validated original receipts to participant.

If documentation is **not** available or provided, the COC may accept producer's certification of the honeybee feed loss if other similar honeybee producers have comparable losses, as determined by COC.

Important:

See subparagraph C for additional required documentation for additional feed purchased above normal.

COC **must** follow procedure established in subparagraph 104 when acting on supporting documentation, such as verifiable and reliable records and producer's certification statements.

C Required Documentation for Additional Feed Purchased Above Normal

For additional feed purchased above normal quantities, the producer **must** provide documentation of feed purchases to sustain the honeybees for a period of time for the:

- program year in which additional feed costs are being claimed
- 1 year before the program year for which additional feed costs are being claimed
- 2 years before the program year for which additional feed costs are being claimed.

Note: See paragraph 67 for determining the value of additional feed purchases above normal.

D Required Documentation for Harvested Feed

Eligible honeybee participants **must** provide verifiable or reliable documentation, as determined acceptable by COC, of harvested feed intended as feed for honeybees that was lost because of an eligible loss condition.

Verifiable records include records provided by the producer who may be verified by COC through an independent source and are used to substantiate the amount of feed lost. Reliable records may be considered acceptable, as determined by COC. COC must determine the value of the harvested feed and document in the COC minutes the type of feed produced and how the value of the harvested feed was determined.

Acceptable verifiable and reliable documentation may include, but is **not** limited to, the following:

- weight tickets
- truck scale tickets
- contemporaneous diaries used to verify that the crop was stored with the intent to feed the crop to honeybees
- custom harvest documents that clearly identify the amount of feed produced from the applicable acreage.

If documentation is **not** available or provided, COC may accept producer's certification if other similar producers have comparable honeybee harvested feed losses, as determined by COC.

Important: COC **must** follow procedure established in subparagraph 104 when acting on supporting documentation, such as verifiable and reliable records and producer's certification statements.

66 Honeybee Purchased Feed Payment Calculation

A National Payment Factors

For an eligible honeybee producer, payments for **honeybee feed losses** will be based on a national payment factor of either of the following:

- 60 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, limited resource farmer or rancher or veteran farmer or rancher, as defined in Exhibit 2.

B Payment Calculation for Honeybee Feed Purchased

Payments for eligible honeybee producers for honeybee purchased feed losses will be based on the national payment factor, as determined in subparagraph A, multiplied by the producer's actual cost for honeybee feed that was damaged or destroyed.

Example 1: Producer A purchased 1,000 pounds of sugar to feed eligible honeybees at a cost of \$500. A 2019 flood destroyed the purchased feed. Producer A files CCC-934 and provides documentation to support the feed purchase and cost. The feed purchased to feed the eligible honeybees that was lost because of the flood is an eligible feed loss under ELAP. Producer A did **not** file CCC-860, therefore Producer A will be compensated at 60 percent of the producer's actual feed cost as follows.

\$500 (cost of purchased feed that was lost) x 60 percent payment factor = \$300 (payment amount for feed lost before applying payment reductions)

A Payment Calculation

Payments for eligible honeybee producers for additional honeybee feed purchased above normal quantities to sustain the honeybees for a period of time will be based on the national payment factor, as determined in subparagraph A, multiplied by the difference of producer's:

- actual cost for honeybee feed that was purchased above normal quantities for a period of time during or after an eligible adverse weather or eligible loss condition, minus
- 2-year average cost for honeybee feed purchases in the 2 prior years (calculated by averaging the feed purchased in the 2 years before the program year) of the program year in which benefits are being requested for the same period of time period in which additional feed was purchased above normal in the program year in which benefits are being requested.

Note: See subparagraph B for determining value of additional feed purchases.

B Determining Value of Additional Feed Purchases

COC must determine the value of additional honeybee feed purchases, purchased by the participant to maintain the honeybees until additional feed becomes available, according to the following.

Step	Action
1	Participants are responsible for providing the County Office with original receipts or summary purchase receipts for the honeybee feed that was purchased by the
	participant from the beginning date of the eligible loss condition until the date honeybee feed becomes available.
	Note: This value is entered by the participant on CCC-934, item 15C.
2	Participants are responsible for providing the County Office with original receipts or summary purchase receipts for the honeybee feed that was purchased by the participant during the same or similar timeframe described in step 1 for the 2 preceding program years.
	Notes: COC must determine whether similar timeframe is reasonably close to the timeframe determined in step 1.
	These values are entered by the participant on CCC-934, items 15D (1 year prior) and 15E (2 years prior).
3	Determine whether the receipts provided meet all requirements to be acceptable and used to determine the value of the additional feed costs, as provided in subparagraph 65 C.
4	Add cost of the eligible feed purchased provided on receipts collected in step 1.
5	Compare the value of additional honeybee feed purchases made in the program year:
	• certified by the applicant on CCC-934, item 15C
	• determined by the County Office in step 4.
	If the values differ, then COC must enter the result in step 4 in "Adjusted Cost of Feed Purchased in Application Year" on CCC-934, item 15G.
6	Add cost of the eligible feed purchased in the prior 2 years provided on receipts collected in step 2.

B Determining Value of Additional Feed Purchases (Continued)

Step	Action
7	Compare the value of additional honeybee feed purchases made in the 2 preceding
	years:
	• certified by the applicant on CCC-934, items 15D and 15E
	• determined by the County Office in step 6.
	If the values differ, then COC must enter the result in step 6 as the "Adjusted Cost of Feed Purchased in 1 or 2 Year Prior" on CCC-934, item 15H and 15I respectively.
8	Total the cost of the eligible feed purchased in the prior 2 years determined in step 7 and divide by 2 to determine the producer's average honeybee feed purchases during the similar timeframe for the previous 2 years.
	Note: Enter the result on CCC-934-1, item 43 C.
9	Determine the eligible cost of additional feed purchased by subtracting:
	• result in step 5, minus
	• result in step 8.

C COC Adjustments to Value of Additional Feed Purchases

COC has the discretion to adjust the value of additional honeybee feed purchases if a:

- producer's honeybee inventory changed substantially from 1 or both of the previous 2 years in comparison to the producer's honeybee inventory in the current program year
- producer had to purchase additional feed in the prior 2 years because of an eligible loss condition and it is **not** part of the producer's normal business practice to purchase feed during the timeframe of the additional feed purchases in the current program year.

COC adjustments to the value of additional honeybee feed purchases must be entered in CCC-934, items 15G, 15 H, and/or 15I, as applicable, according to paragraph 121.

67 Payment Calculation for Honeybee Additional Feed Purchased Above Normal (Continued)

D Example 1

An unexpected blizzard occurs on March 1, 2019. As a result, Producer A purchases 200 pounds of sugar at a cost of \$200 to feed eligible honeybees for a short period of time. The cost of purchasing the sugar is an additional feed cost that Producer A does **not** normally incur (producer has no feed purchases in 2017 or 2018 for this timeframe) and is an eligible cost under ELAP. Producer A does **not** file CCC-860, therefore Producer A is compensated at national payment factor of 60 percent of the cost of the feed purchased as follows.

\$200 (cost of purchased feed above normal) x 60 percent payment factor = \$120 (payment for additional feed purchased above normal before applying payment reductions or national factor).

67 Payment Calculation for Honeybee Additional Feed Purchased Above Normal (Continued)

D Example 2

An unexpected blizzard occurs in County A on March 1, 2019. Producer A has 100 percent share in the honeybees and feed purchased. Producer A purchases 600 pounds of sugar at a cost of \$600 to feed eligible honeybees to sustain the honeybees during the blizzard and until temperatures rise to normal on March 14, 2019. The feed receipts meet all of the requirements for acceptable honeybee feed receipts.

On March 10, 2019, 1 year before the program year, Producer A purchased 100 pounds of sugar at a cost of \$100. On March 9, 2017, 2 years before the program year, Producer A purchased 50 pounds of sugar at a cost of \$50. Producer A provided the County Office with the original receipt for the honeybee feed purchased on March 10, 2018, and March 9, 2017, and it meets all requirements for acceptable honeybee feed receipts. Producer A does **not** file CCC-860, therefore, Producer A will be compensated at the national payment factor of 60 percent of the producer's actual cost of additional feed purchases above normal as follows.

\$600 is the value of the additional honeybee feed purchased in the program year to be entered in CCC-934, item 15C.

\$75 (\$100, 2018 purchases, plus \$50, 2017 purchases = \$150, divided by 2) is the value of the 2-year average cost of honeybee feed purchased in the 2 prior years before the program year to be entered in CCC-934-1, item 43 C.

\$525 (\$600, feed cost in program year, minus \$75, 2 prior year feed cost average) is the eligible honeybee feed purchases.

\$525 (eligible honeybee feed purchases) X 60 percent payment factor X 1.00 producer share = \$315 (payment for additional feed purchased above normal before applying payment reductions or national factor) to be entered in CCC-934-1, item 46.

68-75 (**Reserved**)

76 General Eligibility

A Eligible Producer

In addition to meeting the definition of an eligible producer, as defined in paragraph 23, an eligible producer of farm-raised fish is a producer of any aquatic species that is propagated and reared in a controlled environment, according to subparagraph B, which is being maintained for commercial use as part of the producer's farming operation.

For the farm-raised fish owner to be considered eligible, the owner **must** have:

- owned or leased property with readily identifiable boundaries
- had control of the waterbed, the ground under the specific type of water and **not** just control over a column of water
- provided purchased or produced feed to the farm-raised fish.

Example: The farm-raised fish owner leased the right to grow finfish in the aquatic facility for the applicable growing period.

B Controlled Environment

See Exhibit 2 for the definition of "controlled environment".

All portions of the aquatic environment **must** have been under the control of the farm-raised fish owner. Control means the farm-raised fish owner **must** have implemented the following practices.

- **Flood Prevention** including, but **not** limited to, the following:
 - placing the aquacultural facility in an area **not** prone to flood
 - in the case of raceways, devices or structures designed for the control of water level.
- Growing media providing an aquatic medium that:
 - provides nutrients necessary for the production of the farm-raised fish
 - protects the farm-raised fish from harmful species or chemicals.

General Eligibility (Continued)

B Controlled Environment (Continued)

- **Fertilization or feeding** to obtain expected production results. Evidence of this practice **must** be provided by the producer at the request of COC. COC **must** be satisfied that the producer had an adequate supply of vitamins, minerals, or chemicals designed for the control of water quality and application equipment.
- Irrigation and water quality. Farm-raised fish owners should have had systems and practices in place to ensure that the farm-raised fish had adequate, quality water or aquatic medium. This includes having equipment designed to control the chemical balance and oxygenation of water. Therefore, COC must consider the following:
 - whether the source of water is adequate to ensure continued growth and survival of the aquacultural species even in the event of severe drought

Note: Natural sources of water, such as rainfall, are **not** eligible means for providing an adequate source of water to ensure continued growth and survival of the aquacultural species.

 whether the aquacultural facility sustained losses in previous years because of water shortages or water supply interruption. If so, list corrective actions that have been taken.

C Eligible Farm-Raised Fish

Farm-raised fish **must** have been:

• placed in the aquacultural facility by the farm-raised fish owner and **must not** be growing naturally in the facility

Note: Species indigenous to the facility are **not** eligible.

- stocked or seeded on property described in subparagraph B
- stocked or seeded in containers, wire baskets, net pens, or similar device designed for the protection and containment of the seeded aquacultural species.

Eligible farm-raised fish, are any aquatic species that are propagated and reared in a controlled environment to be harvested for sale as part of a commercial farming operation.

General Eligibility (Continued)

D Ineligible Farm-Raised Fish

Alligators and turtles are **not** considered an aquatic species, but are reptilian species, and are **not** eligible as farm-raised fish under ELAP.

Under ELAP, catfish and crawfish are considered farm-raised fish for eligible feed losses only.

77 Eligible Farm-Raised Fish Losses

A Eligible Losses

ELAP provides benefits to eligible farm-raised fish producers for the following losses:

- eligible farm-raised fish physical losses, as provided in paragraph 79
- farm-raised fish feed losses, as provided in paragraph 80.

B Eligible Farm-Raised Fish Physical Losses

To be considered eligible farm-raised fish for physical losses, the loss must meet all of the following conditions:

- loss of game fish (stockers) and bait fish (**not** raised as food for food fish) only, in excess of normal mortality
- damaged or destroyed because of an eligible loss condition, as provided in subparagraph 78 A
- physically located in the county where the eligible loss condition occurred on the beginning date of the eligible loss condition include.

Note: Physical losses of all other aquatic species are covered under NAP and are **not** eligible under ELAP.

C Eligible Farm-Raised Fish Feed Losses

For farm-raised fish feed losses to be eligible, the feed must meet all of the following conditions:

- be purchased or harvested feed intended for use as feed for the participant's eligible farm-raised fish, as provided in subparagraph 76 C.
- damaged or destroyed because of an eligible loss condition, as provided in subparagraph 78 B.
- Physically located in the county where the eligible loss condition occurred on the beginning date of the eligible loss condition.

78 Eligible Loss Conditions

A Farm-Raised Fish Physical Losses

Eligible loss conditions for farm-raised fish and feed losses include (as applicable), but are **not** limited to, the following:

- earthquakes
- excessive heat (for physical losses only)
- excessive wind (for physical losses only)
- floods
- hurricane
- tidal surge
- tornados
- volcanic eruption
- freeze as approved by DAFP (for physical losses only)
- eligible adverse weather events approved by COC according to subparagraph 8 B.

79 Farm-Raised Fish Physical Losses

A Required Documentation

Eligible farm-raised fish participants **must** provide:

- acreage report (surface acres of water)
- verifiable or reliable documentation, as provided in subparagraphs B and C, as determined acceptable by COC, of:
 - farm-raised fish death losses due to an eligible loss condition.
 - inventory on the beginning and ending date of the eligible loss condition.

Verifiable records include records provided by the producer who may be verified by COC through an independent source and are used to substantiate the number or pounds of fish lost. Reliable records may be considered acceptable, as determined by COC.

79 Farm-Raised Fish Physical Losses (Continued)

B Verifiable and Reliable Records

Acceptable verifiable or reliable records may include, but are **not** limited to:

- acreage reports (surface acres of water)
- loan records
- private insurance documents
- property tax records (these are records actually filed with or in support of tax records which can be verified through a third party, such as a taxing authority; not just a record with "for tax purposes" annotated on them)
- sales and purchase receipts
- chattel inspections
- sales receipts.

Important: COC **must** follow procedure established in paragraph 104 when acting on supporting documentation, such as verifiable and reliable records and producer's certification statements.

If the producer provides acceptable documentation of beginning inventory at the beginning of the program year and COC determines that the documentation is reliable and is already adjusted for normal mortality, as described in subparagraph F, then FSA must **not** apply STC-established normal mortality rates as provided in subparagraph F.

79 Farm-Raised Fish Physical Losses (Continued)

C Beginning and Ending Inventory

If farm-raised fish beginning inventory just before the loss **cannot** be provided, FSA may calculate the beginning inventory by considering the stocking rate of the fish, the feeding practices for the fish (if they are provided by the producer), and applying normal mortality, as determined by STC according to subparagraph F, to arrive at the expected beginning inventory.

Some fish operations may not be able to provide enough documentation to reliably certify beginning inventory. If available, these operations may provide the original stocking rates, feeding schedules, etc., so that FSA can apply STC-established normal mortality rates to extrapolate numbers and arrive at the reliable, expected beginning inventory before the loss condition.

If the fish operator does not provide acceptable documentation to assist FSA in determining the beginning and ending inventory of fish, then the producer will not be eligible to receive benefits for the physical loss of fish.

D National Payment Factors

For an eligible farm-raised fish producer, payments for **farm-raised fish death losses** will be based on a national payment factor of either of the following:

- 75 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, or limited resource farmer or rancher, or veteran farmer or rancher, as defined in Exhibit 2.

79 Farm-Raised Fish Physical Losses (Continued)

E Average Fair Market Values

State Offices will establish average fair market values for the different types and sizes of bait and game fish produced in the State.

STC's must use the best available information when establishing average fair market values. Sources of information may include, but are **not** limited to, the following:

- NASS
- NIFA, formerly known as CSREES
- RD
- County Agricultural Commissioner's Office
- local markets
- COC's knowledge
- prices in similar areas
- other reliable sources, such as universities, AMS Market News, and buyers.

F Normal Mortality Rate for Farm-Raised Fish Death Losses

ELAP compensates eligible farm-raised fish producers for eligible farm-raised fish death losses that occur in excess of normal mortality because of an eligible loss condition during the program year. STC **must** establish a normal mortality rate for farm-raised fish in the State.

STC's must use the best available information when establishing normal mortality rates. Sources of information may include, but are **not** limited to, the following:

- NASS
- NIFA, formerly known as CSREES
- State Agricultural Commissioner's Office
- Regional Aquaculture Centers
- other reliable sources, such as universities, AMS Market News, and buyers.
- data gathered by other STC's.

Payment for a specific kind/type of farm-raised fish will be based on the number or pounds of fish lost by subtracting the ending inventory from the beginning inventory of the particular kind/type of fish just before the loss condition, and after ensuring normal mortality has been reduced from the number or pounds of fish lost.

F Normal Mortality Rate for Farm-Raised Fish Death Losses (Continued)

Exception:

Many commercial fish operations have procedure, documentation, and perhaps even software, in place to provide beginning inventories based on stocking rates, feed rates, mortality rates, etc. In these situations, if COC determines the information provided is reliable, and that adjustments have already been made for normal mortality, the numbers provided may be used without applying the STC-established mortality rate.

G Payment Calculation

An eligible producer of farm-raised fish may receive payments for death losses of farm-raised fish because of an eligible loss condition, based on a national payment factor, as determined in subparagraph A, of the result of multiplying:

- the number or pounds of eligible farm-raised fish that died in excess of normal mortality, as established by STC according to subparagraph F because of an eligible loss condition, times
- the average fair market value established by STC according to subparagraph E.

H Example

Producer A suffered a death loss of 500 game fish because of an eligible loss condition. Producer A files CCC-860, therefore, the national payment factor is 90 percent. STC establishes an average fair market value of \$100 for the type of game fish lost and establishes a normal mortality of 17 percent, according to subparagraph F. The ELAP payment would be calculated as follows.

\$100 (average fair market value) x 415 (500 total game fish lost less 85 fish assumed to be normal mortality) x 90 percent = \$37,350 (ELAP payment for death of game fish before applying payment reductions or national factor).

A Required Documentation

Eligible farm-raised fish participants **must** provide:

- acreage report (surface acres of water)
- verifiable or reliable documentation, as determined acceptable by the COC, of purchased and harvested feed intended as feed for farm-raised fish that was lost because of an eligible loss condition.

B Verifiable and Reliable Records

Verifiable records include records provided by the producer who may be verified by COC through an independent source and are used to substantiate the amount of feed lost. Reliable records may be considered acceptable, as determined by COC.

Acceptable verifiable or reliable records may include, but are **not** limited to:

- feed receipts that provide date of feed purchase, name, address, and telephone number of feed vendor, type and quantity of feed purchased, cost of feed purchased, signature of feed vendor if the vendor does not have a license to conduct this type of transaction
- settlement sheets
- warehouse settlement sheets
- load summaries
- ledger tapes
- contemporaneous records.

If documentation is **not** available or provided, COC may accept producer's certification of the farm-raised fish feed loss if other similar farm-raised fish producers have comparable losses, as determined by COC.

Important: COC **must** follow procedure established in paragraph 104 when acting on supporting documentation, such as verifiable and reliable records and producer's certification statements.

C National Payment Rate for Farm-Raised Fish Losses

For an eligible farm-raised fish producer, payments for **farm-raised fish feed losses** will be based on a national payment factor of either of the following:

- 60 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, or limited resource farmer or rancher, or veteran farmer or rancher, as defined in Exhibit 2.

B Payment Calculation

An eligible farm-raised fish producer may receive payments for farm-raised fish feed losses because of an eligible loss condition, based on a national payment factor, as determined in subparagraph 79 D, of the producer's actual cost for the farm-raised fish feed that was:

- damaged or destroyed because of an eligible loss condition
- intended as feed for the eligible farm-raised fish.

C Example

An eligible farm-raised fish producer purchased 1,000 pounds of feed for eligible farm-raised fish at a cost of \$2,000. The producer lost all of the purchased feed because of an eligible loss condition. The producer filed a notice of loss and provided documentation verifying the type of feed purchased and the cost. The producer did **not** file CCC-860, therefore, the producer's payment will be based on 60 percent of the cost of the farm-raised fish feed lost.

\$2,000 (cost of feed that was lost) x 60 percent = \$1,200 (amount of ELAP payment before applying payment reductions or national factor).

81-101 (**Reserved**)

•			

Part 5 Application Process

Applying for Benefits

A Deadlines for Applying for ELAP Benefits

To apply for ELAP, in addition to submitting an application for payment, the participant that *--suffered eligible losses **must** provide a **notice of loss** within:

- 15 calendar days of when the loss is first apparent to the participant for honeybee losses and by January 15, after the calendar year in which the loss occurred
- 30 calendar days of when the loss is apparent to the participant for livestock and farm-raised fish losses and by January 30, after the calendar year in which the loss occurred.--*

A notice of loss is part of the application process.

In addition to the notice of loss, a participant **must** submit a **completed application for** *--payment no later than January 30, after the end of the calendar year in which the loss occurred.--*

B Filing Notice of Loss

Participants **must** file a notice of loss on CCC-851 for eligible livestock losses or CCC-934 for eligible losses of honeybees or farm-raised fish in their administrative County Office by the dates provided in subparagraph A.

Exception: Applicants submitting CCC-934 for honeybee losses **may** file their notice of loss in the physical location county where the eligible loss occurred, if needed.

The physical location County Office **must** work with the administrative *--County Office, according to subparagraph D, to transfer the application--* and supporting documentation from the physical location County Office to the administrative County Office.

Multiple notices of loss may be filed during the program year as livestock, honeybee, and farm-raised fish losses occur because of multiple eligible loss conditions. Producers who suffer multiple losses during the program year may file multiple notices of loss and multiple applications for payment.

A notice of loss may be filed by the participant or participant's representative by 1 of the following alternative methods:

- telephone
- FAX
- e-mail.

The participant is **not** required to sign the notice of loss if 1 of the alternative methods is used. However, the employee accepting and processing the "notice of loss" must enter the form of alternative method by which the "notice of loss" was filed in CCC-851, item 14A or CCC-934, item 9A. The employee recording this information must also initial and date the printed form near the producer signature space. A copy of this notice of loss must be sent to the producer by postal mail or e-mail.

Example: Producer A suffered a grazing loss because of flooding on October 1, 2018. Producer A telephones County Office on October 12, 2018, and reports that he has suffered a grazing loss because of flooding that occurred on October 1, 2018. County Office enters "phone" in CCC-851, item 14A as the method for which the "notice of loss" was reported.

*--C Late-Filed Notice of Loss – Equitable Relief

A notice of loss must be filed within a time period that allows COC or authorized CCC representative the opportunity to determine that the eligible loss condition occurred as claimed. However, there have been extenuating circumstances where a livestock producer has failed to provide a notice of loss within the prescribed timeframe, such as, but not limited to, the following example:

A widespread adverse weather event occurred, such as a flood, resulting in a large number of producers suffering livestock grazing losses and a producer missed providing a notice of loss within the prescribed timeframe by 1 or 2 calendar days.

In this situation, DAFP is granting STC's authority to accept and approve late-filed notices of loss under equitable relief provisions provided COC and STC are satisfied, based on other timely filed notices of loss from other participants in the county that identify a similar event and loss or such other reliable information COC and STC deems supportive, that losses occurred as claimed by the participant. If COC and STC are not satisfied that there is other information supporting accepting the late-filed notice of loss as credible (because it was not submitted at a time that would permit FSA to verify the accuracy and credibility of the notice based on its own merits and visit by FSA to the claimed loss location or review of similar notices of loss or supportive documentation), the late-filed notice of loss must be disapproved.

Any requests for exceptions to this late-filed notice of loss policy **must** be submitted to DAFP.

Note: See paragraph 6 for late-filed applications for payment.--*

•			

D Filing Application for Payment

To apply for ELAP benefits, eligible participants must file a manual application for payment on the applicable CCC-851 or CCC-934, according to paragraph 120 or 121, in **their administrative County Office** by physical location until the automated software becomes available. When the automated software becomes available, then an automated application for payment must be filed.

Exception: Honeybee producers may file an application for payment in the physical location county where the honeybee loss occurred, if needed, according to *--subparagraph E.--*

In addition to the notice of loss required in subparagraph B, eligible participants that suffer livestock, honeybee, or farm-raised fish losses must file an application for payment by the dates provided in subparagraph A.

Note: A notice of loss **must** be on file for an application for payment to be filed.

State and County Offices will only use approved forms, worksheets, applications, or other documents to obtain or collect the data required from participants to complete CCC-851 or CCC-934 according to subparagraph 2 E.

Eligible producers will file the applicable CCC-851 or CCC-934 based on the type of livestock, honeybees, or farm-raised fish losses suffered by the eligible producer in the program year in which benefits are being requested.

- **Example 1:** Producer A is an eligible producer of adult beef cattle and suffers a grazing loss because of flooding. Producer A would file CCC-851 for the applicable livestock feed losses.
- Example 2: Producer B is an eligible producer of adult beef cattle and honeybees and suffers a grazing loss for the livestock because of flooding and a physical loss of honeybees because of colony collapse disorder. Producer B would file 2 separate applications, CCC-851 for the livestock feed losses and CCC-934 for the physical loss of the honeybees.

Participants **must** file an application for payment on CCC-851 for eligible livestock losses or CCC-934 for eligible losses of honeybees or farm-raised fish in their administrative County Office by the dates provided in subparagraph A. **Applications are filed in the participant's administrative County Office by physical location of where the eligible loss condition occurred.**

D Filing Application for Payment (Continued)

Example: Applicant's administrative County Office is County A. County A contains land that is physically located in County A and County B. The participant will file 2 applications in the administrative County Office; 1 application for administrative County Office A, physical location A, and 1 application for administrative County Office A, physical location B.

CCC-851's and CCC-934's for ELAP will be based on the following:

- administrative county (physical location county)
- program year
- participant.

At any point when 1 of these items is different, it will require a separate CCC-851 or CCC-934 to be filed.

Exception: Honeybee producers may file in the physical location county where the honeybee loss occurred, if needed.

Producers can file multiple applications for payment within 1 program year.

CCC-851's or CCC-934's must be filed by eligible participants in **their administrative County Office by physical location county**. The administrative County Office is the County Office designated by CCC to:

- handle official records
- issue payment to eligible livestock, honeybee, or farm-raised fish producers
- make determinations.

A participant's administrative County Office is generally the County Office where the participant's farm records are maintained. FSA has provisions in 2-CM and 3-CM that will allow farms to be transferred to other counties; therefore, some farms may be administratively located in a county where the farm is **not** physically located.

ELAP applications will be filed in the farm's administrative county by physical location county.

Example: Producer A has an interest in farm 1 administered in County A that is physically located in County B. County B is administered out of County A. Producer A suffers a grazing loss on the land physically located in County B. Producer A goes to County A and files CCC-851 for the grazing loss suffered in County B.

D Filing Application for Payment (Continued)

Exception:

Applicants submitting CCC-934 for honeybee losses may file their application directly in the **physical location county where the eligible loss occurred, as needed.** However, the application **must** be acted on and paid from the administrative County Office.

Example: Honeybee producer's administrative County Office is County A (in Florida). However, during the program year the producer ships his honeybees to County B in California. The honeybee losses occur in County B, in California. The honeybee producer may file his notice of loss and application for payment in either of the following:

- County B (physical location county) in California
- County A (administrative county) in Florida.

The physical location County Office **must** work with the administrative *--County Office, according to subparagraph E, to transfer the application and--* supporting documentation from the physical location County Office to the administrative County Office.

Applications for payment are completed on a program year basis. Other documentation is required for a completed application, as provided in subparagraph 103 D.

E Honeybee Applications Filed in Physical Location County

If a honeybee applicant's administrative County Office is **not** in close proximity to the physical location county where the honeybee loss occurred, the applicant may file the notice of loss and/or application for payment in the physical location County Office where the honeybee loss occurred.

In these instances, the physical location County Office must:

- accept the applicant's notice of loss, as provided in subparagraph B
- verify that an eligible loss condition occurred in the county where the honeybee losses occurred
- •*--accept the applicant's application for payment, if needed, as provided in subparagraph D--*

E Honeybee Applications Filed in Physical Location County (Continued)

- collect all other supporting documentation as required according to paragraphs 64 and 65
- if the applicant does **not** provide verifiable and reliable records for proof of honeybee feed losses, but instead provides a producer certification statement, document if other producer's in the county had similar honeybee losses, according to subparagraph 65
- provide the administrative County Office with an electronic version of:
 - CCC-934, notice of loss and application for payment
 - applicant's supporting documentation
 - if the applicant provided a certification statement to substantiate the honeybee feed loss, a document that substantiates whether or **not** the loss occurred because of an eligible adverse weather event or loss condition and the information needed for the administrative county to make a determination of whether or **not** similar producers in the area experienced similar honeybee losses
- keep all original documentation on file.

In these instances, the administrative County Office will:

- receive the electronic version of CCC-934, supporting documentation, and any other information from the physical location County Office
- act on CCC-934 and supporting documentation according to paragraph 104
- print and file all electronic documents from the physical location county in the producer's file.

Important: Payments must always be made by the producer's farm's administrative County Office.

103 Application for Payment

A Signing and Certifying CCC-851 or CCC-934

When signing CCC-851, item 82A, or CCC-934, item 17A the participant is:

- applying for ELAP benefits for the participant listed on CCC-851, item 5A or CCC-934, item 5A
- certifying **all** of the following, as applicable:
 - information provided on CCC-851 or CCC-934, as applicable, is true and correct
 - claimed livestock, honeybees, or farm-raised fish losses on CCC-851 or CCC-934, as applicable
 - all supporting documentation provided are true and correct copies of the transactions reported
 - an eligible livestock, honeybee, or farm-raised fish loss occurred, as applicable, because of an eligible loss condition
 - the physical location of the:
 - claimed livestock, honeybees, or farm-raised fish on the beginning date of the eligible loss condition
 - participant's current livestock, honeybee, or farm-raised fish inventory
 - the names of all other producers who have an interest in the claimed livestock, honeybees, or farm-raised fish including their share
- authorizing FSA officials to:
 - enter upon, inspect, and verify all applicable livestock, honeybees, or farm-raised fish, acreage, colonies, or pond acres, in which the participant has an interest for confirming the accuracy of the information provided
 - review, verify, and authenticate all information provided on CCC-851 and/or CCC-934 and supporting documents
 - contact other agencies, organizations, or facilities to verify data provided by a participant from such agencies, organizations, or facilities

A Signing and Certifying CCC-851 or CCC-934 (Continued)

- acknowledging that:
 - failure to provide information requested by FSA is cause for disapproval of CCC-851 or CCC-934
 - providing a false certification to FSA is cause for disapproval of CCC-851 or CCC-934, and is punishable by imprisonment, fines, and other penalties.

Note: Participants who receive assistance **must** keep records and supporting documentation for 3 years following the end of the year in which the application for payment was filed.

B Signature Requirements

*--All participants' signatures **must** be received no later than January 30 after the end of the calendar year in which the losses occurred for application for payment.--*

Neither STC, nor COC, has authority to approve late-filed CCC-851's or CCC-934's.

Follow 1-CM for signature requirements.

C Printing and Reviewing CCC-851 or CCC-934

Once the automated system becomes available, all manual CCC-851's or CCC-934's must be loaded into the automated system. After all information is entered into the automated system, County Offices will:

- print an automated CCC-851 or CCC-934
- attach the manual CCC-851 or CCC-934 to the applicable automated CCC-851 or CCC-934
- conduct a second party review of all data on the automated CCC-851 or CCC-934 to ensure that all data is the same on both the manual and automated CCC-851 or CCC-934.

Important: The individual conducting the second party review must **not** be the same individual who entered the data into the automated system.

103 Application for Payment (Continued)

D Supporting Documents

The following supporting documents must be completed by the participant and on file in the County Office before the CCC-851 or CCC-934 may be approved. The participant must provide the following to the County Office by no later than the applicable application for payment signup deadline provided in subparagraph A:

- FSA-578 for applicable program year
- CCC-860 for only those applicants who are certifying as * * * 1 of the following * * *:
 - SDA farmer or rancher
 - limited resource farmer or rancher
 - beginning farmer or rancher
 - veteran farmer or rancher
- •*--CCC-870 for only those applicants claiming honeybee colony losses due to CCD--*
- copy of contract grower's contracts
- proof of loss documentation
- beginning and ending inventory documentation, as applicable.

Additional supporting documentation including, but not limited to, the following must be completed by the participant and be on file in the County Office before the ELAP payment can be issued:

- CCC-901 on file for legal entities according to 5-PL
- CCC-902 on file for the applicant according to 5-PL
- AD-1026 on file according to 6-CP
- CCC-941 and other acceptable documents, according to 5-PL.
- for livestock applicants only, copy of cash or share lease agreement to show risk in grazing lands

Note: If one is **not** available or provided, applicant **must** submit CCC-855.

A Acting on Supporting Documentation

COC will:

- for verifiable and reliable records:
 - review all records provided by the producer and determine whether the records support the producer's loss as certified on the application
 - make a determination whether or **not** the record is considered an acceptable verifiable or reliable record
 - document in the COC minutes the COC determination to accept or reject the producer's verifiable or reliable records and document any COC adjustments made on the application
 - if the reliable records are considered acceptable, document in the COC minutes that the application is approved based on the reliable records
 - if the reliable records are considered **not** acceptable, document in the COC minutes
 why the records are considered unacceptable and document why the application is
 disapproved
- for applicants that only provide a producer's certification of feed losses, COC will:
 - make a determination if other similar producers have comparable losses because of the same eligible adverse weather or loss condition during the same time period in the program year
 - review the producer's certification statement of losses and determine whether the certification statement support the producer's loss as certified on the application
 - document in the COC minutes the COC determination to accept or reject the producer's certification statement and document any COC adjustments made on the application

A Acting on Supporting Documentation (Continued)

- if the certification statement is considered acceptable, document in the COC minutes that the application is approved based on the certification statement
- if the certification statement is considered **not** acceptable, document in the COC minutes why the certification statement is considered unacceptable and document why the application is disapproved
- provide appeal rights, according to 1-APP if an applicant's application is disapproved or in cases where COC makes adjustments to the application.
- •*--for honeybee applicants that provide a CCC-870, COC's will:
 - review the CCC-870 and determine whether the producer certified to at least 3 out of the 5 CCD symptoms were observed at the time of the colony losses certified on the application
 - document in the COC minutes the COC determination to accept or reject the CCC-870 and document the number of CCD symptoms certified to on producer's certification statement
 - if the CCC-870 is considered acceptable (producer certified to at least 3 out of 5 CCD symptoms), document in the COC minutes that the application is approved based on the CCC-870, assuming all other eligibility and documentation requirements are met
 - if the CCC-870 is considered not acceptable, document in the COC minutes why the CCC-870 is considered unacceptable and document why the application is disapproved
 - provide appeal rights, according to 1-APP if an applicant's application is disapproved, or in cases where COC makes adjustments to the application.--*

Note: COC's will **not** require tax records; however, participant may voluntarily provide tax records.

When contacting agencies, organizations, or facilities to verify data provided by a producer, the County Office must be specific in the information requested. The request should include, but is **not** limited to, the following:

- participant's name and address
- animal kind and type
- why the request is being made
- what information is being requested.

104 Acting on CCC-851 or CCC-934 (Continued)

B Acting on Notices of Loss

COC must act on all completed and signed CCC-851 or CCC-934, Parts A and B, notice of loss, submitted. Notice of loss, as certified by the participant must be approved or disapproved in Part C.

When acting on the notice of loss, COC must determine if the:

- cause of loss is an eligible loss condition
- notice of loss is timely filed.

Important: Except for notices of loss for honeybee colony losses because of CCD, the administrative County Office must:

- work with the physical location county where the loss occurred to verify that an eligible loss condition occurred
- document in the COC minutes whether the eligible loss condition occurred as verified by the physical location county
- only act on notice of loss (approve or disapprove) after verification from the physical location county that the eligible loss condition occurred.

•		

C Approving Notice of Loss

* * *

If COC approves CCC-851 or CCC-934, Parts A and B, Notice of Loss, as certified by the participant and the participant has completed all other parts of CCC-851 or CCC-934 and filed the application:

- notify the participant of approval
- thoroughly document the reasons for approving the notice of loss in the COC minutes.

--Note: Except for notices of loss filed for honeybee colony losses, COC must follow procedure in subparagraph B before approving a notice of loss.--

D Disapproving Notice of Loss

COC will disapprove CCC-851 or CCC-934, Parts A and B, Notice of Loss, when the participant:

- claims losses because of an ineligible loss condition
- files a late-file notice of loss.

If COC disapproves CCC-851 or CCC-934, Parts A and B, Notice of Loss, and the participant **has completed** all other parts of CCC-852 and filed the application for payment:

- notify participant of disapproval
- the participant will be provided appeal rights according to 1-APP
- thoroughly document reason for disapproval in the COC minutes.

If COC disapproves CCC-851 or CCC-934, Parts A and B, Notice of Loss, and the participant **has not completed** all other parts of CCC-852 or CCC-934 and filed the application for payment:

- notify participant of disapproval (see Exhibit 11)
- thoroughly document reason for disapproval in the COC minutes
- do not provide the participant appeal rights.

Notes: Once the participant files the application for payment, the participant will be provided appeal rights according to 1-APP.

--Except for notices of loss filed for honeybee colony losses because of CCD, COC must follow procedure in subparagraph B before disapproving a notice of loss.--

E Approving and Disapproving CCC-851 or CCC-934

COC **must** act on **all** completed and signed CCC-851's or CCC-934's, applications for payment submitted. COC may redelegate approval authority to the CED for routine cases (applications with only verifiable supporting documentation). CED's may redelegate approval authority to PT's for routine cases.

CED's and PT's must **not** be delegated authority to act on any CCC-851 or CCC-934 when reliable records or a producer's self-certification is provided as supporting documentation.

Important: The administrative County Office must:

- •*--ensure that applicable CCC-770 ELAP Checklists are completed for the applicable CCC-851's or CCC-934's filed, according to paragraph 124--*
- ensure DD review of initial CCC-851's or CCC-934's is completed according to subparagraph F before CCC-851's or CCC-934's may be approved or disapproved
- for honeybee colony losses due to CCD, ensure that the producer certified to at least 3 out of the 5 symptoms of CCD on CCC-870
- except for applications for payment filed for honeybee colony losses because of CCD:
 - work with the physical location county where the loss occurred to verify that other producers in the same county suffered similar losses due to the same eligible loss condition
 - document in the COC minutes whether other producers in the same county suffered similar losses due to the same eligible loss condition, as verified by the physical location county
 - only act on applications for payment (approve or disapprove) after verification from the physical location county that other producers in the same county suffered similar losses due to the same eligible loss condition, as verified by the physical location county.

E Approving and Disapproving CCC-851 or CCC-934 (Continued)

CCC-851 or CCC-934 will be approved or disapproved as certified by the participant. When more than 1 type of livestock or farm-raised fish is claimed on CCC-851 or CCC-934, CCC-851 or CCC-934 must be approved or disapproved based on all livestock or farm-raised fish claimed. However, COC does have authority to make adjustments to certain information reported on CCC-851 or CCC-934 when documentation warrants making adjustments.

Example: Jim Brown executes CCC-851 that includes 100 adult beef cows reported in item 19. COC has documentation that only 98 adult beef cows meet the eligibility requirements as eligible livestock in inventory on the beginning date of the eligible flood. In this case, on CCC-851, item 21, COC can enter "98" for adult beef cows and then approve CCC-851 for the 98 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 2 adult beef cows **not** used in the calculation for ELAP benefits.

Before approving CCC-851 or CCC-934, COC must:

- ensure that **all** program eligibility requirements are met
- ensure supporting documentation is approved or disapproved according to
 *--subparagraph A for all losses
- except for honeybee colony losses due to CCD, verify with the physical location county where the loss occurred that other producers in the same county suffered similar losses due to the same eligible loss condition--*
- be satisfied with **all** the following:
 - livestock, honeybees, or farm-raised fish claimed are eligible livestock, honeybees, or farm-raised fish
 - all forage information entered on CCC-851 meets the eligibility requirements
 - participant is an eligible producer
 - reasonableness of the number and type of livestock, honeybees, or farm-raised fish claimed
 - location of participant's current livestock, honeybee, or farm-raised fish inventory is physically located to conduct spot checks
 - all signature requirements are met.

E Approving and Disapproving CCC-851 or CCC-934 (Continued)

If all program eligibility requirements are **not** met, it is determined that the information on CCC-851 or CCC-934 or any additional supporting documentation provided by participant is **not** accurate or reasonable, then the following actions must be taken:

- disapprove CCC-851 or CCC-934
- notify participant of disapproval
- provide participant applicable appeal rights according to 1-APP
- thoroughly document reasons for disapproval in COC minutes, if disapproved by COC.

F DD Review and Report of Initial CCC-851's or CCC-934's

DD's must review the first five CCC-851's and CCC-934's submitted, for eligible losses, in each Service Center before approval.

The review must include the following:

- ensuring that CCC-851's or CCC-934's are submitted by participant County Office
- signature requirements, including power of attorney, are met
- no State or County Office developed forms, worksheets, applications, or other documents are being used to obtain or collect the data required from participants
- supporting data required for payment eligibility is properly completed and on file; such as CCC-901 or CCC-902, as applicable; CCC-941, AD-1026; CCC-860, if applicable; and accurate subsidiary and SCIMS data
- •*--reviewing the completed CCC-770 ELAP Checklist and CCC-934-1 or CCC-851-1, as applicable, and using both forms as a guide during the review process.--*

DD must provide a written report to SED describing the review findings, including a list of errors discovered, and the overall status of the implementation of ELAP in the County Office.

DD review of the initial CCC-851's and CCC-934's and supporting documentation submitted is critical to ensuring ELAP is being administered according the procedures provided in this handbook and the regulations in 7 CFR Part 1416, Subparts A and B. Reviewing the initial CCC-851's and CCC-934's and supporting documentation in a timely manner:

- identifies possible weaknesses in the administration of ELAP that may be resolved by additional training, clarified procedures, or modified software
- prevents numerous participants from being impacted by erroneous ELAP administration
- allows corrections to be made in a timely manner before erroneous payments are issued.

G Letters to Producers Advising of Results of Recording County Office Determinations

Recording County Offices must issue a letter to participants about the result of processing CCC-851 or CCC-934, as applicable, when a payment is either **not** computed or determined **not** to be owed to the participant. The decision will be considered to be a decision of a recording COC employee. See 1-APP, paragraph 13 and Exhibit 8, Example 2 (COC Employee Determination).

The following is an example of a letter advising a participant that a payment was **not** computed or will **not** be issued in response to CCC-934, as applicable.

Mr. Arch Stanton

3 Littleton Rd

Somewhere OH 12345-9876

Dear Mr. Stanton:

This letter is in response to your application for payment (your CCC-851 or CCC-934, as applicable) under the Emergency Assistance Program for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP).

Date:

You submitted an ELAP application for 2019 calendar year losses. CCC processed that application and determined you were **not** due a payment under that application. Accordingly, a payment will **not** be issued.

If you believe we have **not** properly reviewed and processed your application, you may appeal this determination to the county committee by filing a written request no later than 30 calendar days after you receive this notice in accordance with the FSA appeal procedures found at 7 CFR Part 780. If you appeal to the county committee, you have the right to an informal hearing which you or your representative may attend either personally or by telephone. If you appeal this determination to the county committee, you may later appeal any adverse determination of the county committee to the FSA State committee or the National Appeals Division. To appeal, write to the county committee at the following address and explain why you believe this determination is erroneous.

Somewhere County FSA Committee 55 Main St Somewhereville, OH 12346-6543

If you do **not** timely file an appeal of this determination, this must be the final administrative determination with respect to this matter in accordance with regulations at 7 CFR Part 780.

Sincerely,

Sharina Farmer

County Executive Director

104 Acting on CCC-851 or CCC-934 (Continued)

H Prevention of Improper Payments

IPIA requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. County Offices must take all steps necessary to ensure that program and payment eligibility requirements have been met before issuing any payments.

I Definition of Improper Payment

OMB defines an <u>improper payment</u> as any payment that should **not** have been issued or was issued in an incorrect amount under statutory, contractual, administrative, or other legally applicable requirement.

105-119 (Reserved)

A Completing Manual CCC-851

Complete CCC-851 according to the following.

*_

Item	Instruction
1	Enter State and county code for the farm's administrative county.
2	Enter the program year the eligible adverse weather or eligible loss condition occurred.
3	Enter County Office name for the farm's administrative county.
4	Enter the application number. The administrative County Office will start with number 1 and continue sequentially.
	Part A – Producer Information
5A	Enter the producer's name and address.
5B	Does the producer have CCC-860 on file for the program year in which the loss occurred? Check (✓) "Yes" or "No".
	Part B – Notice of Loss
6	Select the applicable types of loss being reported.
	Note: More than 1 type of eligible loss may be entered if more than 1 type of eligible loss occurred during the program year.
7	Enter the eligible loss condition for each loss event that caused the applicable loss or losses entered in item 6.
	Note: Multiple weather or loss conditions may be entered if more than 1 eligible weather or loss condition resulted in losses during the program year.
8	Enter the date when the eligible loss condition occurred for the applicable loss event in item 7.
9	Enter the date when the eligible loss condition became apparent for the applicable loss event in item 7.
10	Enter the Physical Location County of the loss for the applicable loss event in item 7.
11	Enter the physical location of the livestock on the beginning date of the applicable loss event in item 7. Include the name of the county name, farm number, tract number, and field number where the applicable loss event occurred.
12	Enter the current physical location of the livestock in inventory for the applicable loss event in item 7. Include the name of the county name, farm number, tract number, and field number where the applicable loss event occurred.
13	Enter all associated producers who had an ownership share or contract grower share of any livestock entered in item 18 and indicate their share.

Item	Instruction
	Part B – Notice of Loss, Cont.
14A	The producer or producer's representative may sign to indicate that livestock losses have occurred, or additional expenses were incurred because of the loss event listed in item 7 and the loss/losses were apparent to the producer on the date listed in item 9.
	Producer or producer's representative may file a notice of loss with the administrative County Office by 1 of the following alternative methods:
	phoneFAX
	•*electronically by e-mail or other established method such as Box*
	Enter the method by which the notice of loss was filed in the administrative county office if the producer or producer's representative did not sign in item 14A.
14B	Signatory in item 14A will enter their title/relationship when signing in a representative capacity.
	If a producer/applicant is:
	• not signing in the representative capacity, this field should be left blank
	• signing on behalf of themselves, it is acceptable to write "self"; however, it is not necessary.
14C	Producer or producer's representative will enter the date they signed the notice of loss or county office employee enters date producer or producer's representative reported notice of loss using 1 of the alternative methods in item 14A.
	Part C – County Committee Determination of Loss
15	COC must act on all completed and signed CCC-852, Part B, Notice of Loss,
	submitted. Notice of loss, as certified by the participant, must be approved or
	disapproved.
15A	Enter COC Signature
15B	Enter date of COC action
15C	Check (✓)"Approved" or "Disapproved"
1.5	Part D – Livestock Information
16	Enter the corresponding loss event number from item 7. This will be entered for each livestock kind/type, and weight range entered in item 18.
17	No entry required.
18	Enter the eligible livestock by kind, type, and weight range that are applicable to the loss event(s) in item 7.
19	Enter the inventory of livestock located in the physical location county where the loss occurred claimed in item 18 for the applicable loss event in item 7.

A Completing Manual CCC-851 (Continued)

*__

Item	Instruction
	Part D – Livestock Information, Cont.
20	Enter the ownership share the producer has in the livestock entered in item 18.
21	COC will enter the adjusted current year inventory, if applicable.
	Notes: An entry is only required when COC determines a current year inventory different from the current year inventory certified to by the producer in item 19.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 21.
	Part E – Forage Information – Grazing Losses – Non-Fire
22	Enter the livestock group letter or letters from item 17 for each livestock kind/type and weight range that are grazing or would have been grazing the specific type of pasture entered in item 23.
23	Enter all pasture types for owned or cash-leased land normally used in the operation to support the eligible livestock during the eligible adverse weather or eligible loss conditions, excluding fire, affected by the eligible adverse weather or eligible loss conditions, excluding fire, for the applicable livestock numbers.
	Pasture types include the following:
	• native
	• improved
	• forage sorghums
	• small grains
	annual ryegrass
	annual crabgrass.
	Note: Only enter pasture types for Federal or State land if the agreement is by the acres and does not provide for an allotted number of AU's or AUM's that can be grazed for an established period of time.
24A	Enter the total number of acres, by physical location county, associated with each pasture type entered in item 23.
	Important: If all the acres in the physical location county for the pasture type were not affected by the eligible loss condition, include both unaffected and affected acres.
24B	Enter the number of acres affected by the eligible loss condition, by physical location county, associated with each pasture type entered in item 23.
	Note: Affected acres cannot exceed item 24A.

A Completing Manual CCC-851 (Continued)

*__

Item	Instruction
	Part E – Forage Information – Grazing Losses – Non-Fire, Cont.
25	Enter the producer's share of the acres entered in item 24A.
26	Enter the actual number of days the producer's eligible livestock were unable to graze each specific type of pasture entered in item 23 because of the eligible loss conditions.
27	County Office will enter the applicable carrying capacity for the specific type of pasture entered in item 23.
28A	COC will enter the adjusted total number of acres, if applicable.
	Notes: An entry is only required when COC determines total acres different than the total acres certified to by the producer in item 24A.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 28A.
28B	COC will enter the adjusted affected acres, if applicable.
	Notes: An entry is only required when COC determines affected aces different than the affected acres certified to by the producer in item 24B.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 28B.
29	COC will enter the adjusted number of lost grazing days, if applicable.
	Notes: An entry is only required when COC determines a different number of lost grazing days than the number of grazing days lost as certified by the producer in item 26.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 29.
30	Enter the livestock group letter or letters from item 17 for each livestock kind/type
	and weight range that are grazing or would have been grazing the specific type of
	pasture entered in item 31.

A Completing Manual CCC-851 (Continued)

*__

Item	Instruction
	Part E – Forage Information – Grazing Losses – Non-Fire, Cont.
31	Enter all pasture types for AUM or AU leased land normally used in the operation to support eligible livestock during the affected eligible loss conditions, excluding fires, for the livestock numbers entered in item 33.
	Pasture types include the following:
	• native
	• improved
	forage sorghums
	• small grains
	annual ryegrass
	annual crabgrass.
	Note: Only enter pasture types for privately leased, Federal, or State land that provide for an allotted number of AU's or AUM's that can be grazed for an established period of time. Pasture types for Federal and State leases expressed in acres and not AU's or AUM's for an established period of time must be entered in item 23.
32A	Enter the total number of acres, by physical location county, associated with each pasture type entered in item 31.
	Important: If all the acres in the physical location county for the pasture type were not affected by the eligible loss condition, include both unaffected and affected acres.
32B	Enter the number of acres affected by the eligible loss condition, by physical location county, associated with each pasture type entered in item 31.
	Note: Affected acres cannot exceed item 32A.
33	Enter the number of AU's allowed by the pasture type entered in item 31.
34	Enter the actual number of days the producer's eligible livestock were unable to
	graze each specific type of pasture entered in item 31 because of an eligible loss
	condition.
35A	COC will enter the adjusted total number of acres, if applicable.
	Notes: An entry is only required when COC determines total acres different than the affected acres certified to by the producer in item 32A.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 35A.

A Completing Manual CCC-851 (Continued)

*__

Item	Instruction
	Part E – Forage Information – Grazing Losses – Non-Fire, Cont.
35B	COC will enter the adjusted affected acres, if applicable.
	Notes: An entry is only required when COC determines affected aces different than the acres certified to by the producer in item 32B.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 35B.
35C	COC will enter the adjusted AU's, if applicable.
	Notes: An entry is only required when COC determines AU's different than AU's certified to by the producer in item 33.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 35C.
36	COC will enter the adjusted number of lost grazing days, if applicable.
	Notes: An entry is only required when COC determines a different number of lost grazing days than the number of grazing days lost as certified by the producer in item 34.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 36.
	Part F – Forage Information – Grazing Losses – Fire
37	Enter the livestock group letter or letters from item 17 for each livestock kind/type and weight range that are grazing or would have been grazing the specific type of pasture entered in item 38.
38	Enter all pasture types of land that was affected by wildfire on all non-Federal managed lands.
	Pasture types include the following:
	• native
	• improved
	• small grains
	forage sorghums
	annual ryegrass
	• annual crabgrass.

A Completing Manual CCC-851 (Continued)

*__

Item	Instruction
	Part F – Forage Information – Grazing Losses – Fire, Cont.
39A	Enter the total number of acres, by physical location county, associated with each
	pasture type entered in item 38.
	Important: If all the acres in the physical location county for the pasture type
	were not affected by the eligible loss condition, include both
200	unaffected and affected acres.
39B	Enter the number of acres affected by the eligible loss condition, by physical
	location county, associated with each pasture type entered in item 38.
	Note: Affected acres cannot exceed item 39A.
40	Enter the producer's share of the acres entered in item 39A.
41	Enter the actual number of days the producer's eligible livestock were unable to
	graze each specific type of pasture entered in item 38 because of fire.
42	Enter COC established carrying capacity for the applicable pasture types listed in
	item 38.
43A	COC will enter the adjusted total number of acres, if applicable.
	Notes: An entry is only required when COC determines total acres different than the total acres certified to by the producer in item 39A.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 43A.
43B	COC will enter the adjusted affected acres, if applicable.
	Notes: An entry is only required when COC determines affected aces different than the affected acres certified to by the producer in item 39B.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 43B.
44	COC will enter the adjusted grazing days lost, if applicable.
	Notes: An entry is only required when COC determines adjusted lost grazing days different than the lost grazing days certified to by the producer in item 41.
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 44.
	an entry is efficien in ficin 44.

Item	Instruction	
	Part G – Value of Produced Feed Lost	
45	Enter the livestock group letter or letters from item 17 for each livestock kind/type	
	and weight range that would have been consuming the specific type of feed entered	
	in item 47.	
46	Enter all pasture types the livestock listed in item 45 normally grazed during the	
	eligible loss conditions, by physical location, which caused the produced feed lost.	
	Pasture types include the following:	
	• native	
	• improved	
	• forage sorghums	
	• small grains	
	annual ryegrass	
	annual crabgrass.	
47	Enter the type of produced feed which was lost because of an eligible loss	
40	condition, by physical location, that was intended to be fed to eligible livestock.	
48	Enter the eligible quantity of produced feed which was lost because of an eligible	
49	loss condition, such as tons of hay lost or tons of silage lost, by physical location. Enter the dollar value of produced feed lost.	
50	Enter the donar value of produced feed lost. Enter the producer's share of the dollar value of produced feed lost entered in	
30	item 49.	
51	COC will enter adjusted quantity of produced feed lost, if applicable.	
	Notes: An entry is only required when COC determines a quantity of produced	
	feed lost different than the quantity of produced feed lost certified to by the producer in item 48.	
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 51.	
52	COC will enter adjusted dollar value of produced feed lost, if applicable.	
	Notes: An entry is only required when COC determines a dollar value of produced feed lost different than the dollar value of produced feed lost certified to by the producer in item 49.	
	The producer will be provided applicable appeal rights according to 1-APP if an entry is entered in item 52.

Item	Instruction
	Part I – Value of Additional Feed Purchased, Additional Expenses.
59	Enter the livestock group letter or letters from item 17 for each livestock kind/type and weight range that consume the specific type of feed/ expense entered in item 61.
60A	Enter all pasture types the livestock listed in item 59 normally grazed during the eligible adverse weather or eligible loss conditions, by physical location, which caused the additional feed purchased and additional expenses.
	Pasture types include the following:
	nativeimproved
	• forage sorghums
	• small grains
	annual ryegrass
	annual crabgrass.
*60B	ENTER:
	• "I", if the qualifying weather event or loss condition entered in item 7 occurred inside/during the normal grazing period for the livestock group listed in item 59.
	• "O", if the qualifying weather event or loss condition entered in item 7 occurred outside the normal grazing period for the livestock group listed in item 59*
61	Enter the type of additional feed purchased to sustain livestock, by physical location, or additional expenses incurred, such as tons of hay purchased, cost incurred for clearing snow to provide feed to livestock, etc.
62	Enter the dollar value/expenses incurred for the same time period for the previous year .
	Note: No entry required for additional expenses occurred.
63	Enter the dollar value/expenses incurred for the same time period 2 years ago.
	Note: No entry required for additional expenses occurred.
64	Enter the current year dollar value of additional feed purchased above normal
	to sustain livestock, or additional expenses incurred.
65	Enter the producer's share of additional feed purchased above normal to sustain livestock or additional expenses incurred entered in items 62, 63, and/or 64.

Item	Instruction
	Part K – Cattle Tick Fever
76	Enter the livestock group letter or letters from item 17 for each livestock kind/type
	and weight range that the producer gathered for treatment and/or inspection of Cattle
77	Tick Fever.
77	Enter the date of each treatment or inspection for the livestock listed in item 76
78	based on information provided from APHIS. Enter the number of livestock treated or inspected listed in item 76 based on
70	information provided from APHIS.
79	COC must enter the adjusted date of each treatment or inspection for the livestock
1)	listed in item 76 based on information provided from APHIS.
80	COC must enter the adjusted number of livestock treated or inspected listed in item
	76 based on information provided from APHIS.
	Part L – Other Compensation/Reductions
81	Enter the amount of monetary compensation received by the producer from their
	contractor for the loss of income suffered from the death of the livestock under
	contract (for contract growers only).
82	Enter amount of compensation received from other disaster assistance programs for
	the same grazing, feed, livestock death losses, or additional expenses.
02.4	Part M – Producer Certification
	After reading the certification, producer or producer's representative must sign the
83B	application for payment.
63B	Signatory in item 83A must enter title/relationship when signing in the representative capacity.
	representative capacity.
	If a producer/applicant is:
	1 11
	• not signing in the representative capacity, this field should be left blank
	• signing on behalf of themselves, it is acceptable to write "self"; however, it is
	not necessary.
	Producer or producer's representative must enter the date they signed the application
	for payment.
0.4.4	Part N – County Committee Determination
	Enter COC or designee signature.
84B	Enter date of COC or designee action.
84C	Check (✓) "Approved" or "Disapproved".
	Important: CCC-851 must be approved or disapproved as certified by the
	producer after applicable COC adjustment fields are completed.

B Scenario for CCC-851 Application Example

<u>Grazing Loss – Non-Fire, Grazing Loss – Fire, Produced Feed Loss, Additional Feed Purchased, Water Transportation</u>

Nancy Farmer is a cow calf operator in Lynn County Texas. Nancy Farmer completed CCC-851 in Lynn County Texas for 2019, application number 073. Nancy is the owner and operator of FSN 1345 in Lynn County and she cash leases FSN 1223 in Lynn County. Nancy did **not** complete a CCC-860. Texas has 365-calendar-day grazing periods for native and improved pastures.

Loss Event 1 - On December 3, 2018, Nancy suffered a grazing loss and additional feed purchases because of a blizzard and heavy snow fall on FSN 1345. Nancy's cattle were **not** able to graze the native and improved pastures for 14 calendar days because of heavy snow accumulations. At the time of the blizzard Nancy owned 96 adult cows and 4 bulls which were grazing 2,500 acres of native grass and 500 acres of improved grass. Nancy has 100 percent share of the cattle and 100 percent share of the pastures. The Lynn County COC determined the carrying capacity to be 30 acres per AU for the native pasture and 10 acres per AU for the improved pasture. Nancy provided reliable records to COC showing a purchase of \$700 of hay and \$500 of feed which were purchased during the 14 calendar days that the cattle were **not** able to graze. Nancy also provided reliable records showing an expense of \$500 of hay which was purchased about the same time period in 2017 and \$650 of hay which was purchased about the same time period in 2016.

Loss Event 2 - On May 15, 2019, a wild fire crossed Nancy's ranch, FSN 1345. The wild fire burned across 600 acres of native grass intended for grazing and Nancy also lost 75 rolls of coastal hay because of the fire. At the time of the fire Nancy had 96 adult cows, 4 bulls and 50 calves over 500 pounds grazing native and improved grasses. The fire also destroyed the fences, so Nancy had to move some her cattle to other pastures on FSN 1345 and she had to move some of the cattle to FSN 1223 because of the fire. Nancy has 100 percent share of the cattle and 100 percent share of the pastures. On CCC-851, Nancy showed 650 acres were affected by the wild fire because the affected pasture on the ranch could **not** be grazed for 120 calendar days, (number of days for the grass to come back out after the fire). COC determined that only 600 acres were affected by the fire and the other 50 acres claimed were **not** burned in the fire but were the remaining acres in the pasture. Nancy provided verifiable records to COC showing the 75 rolls of produced hay that was destroyed and reliable records showing where cattle were **not** able to graze the pasture that was affected by the wild fire. COC also accepted Nancy's reliable records which showed the value of the lost hay to be \$3,750. COC determined the carrying capacity to be 30 acres per AU for the native pasture affected by fire.

B Scenario for CCC-851 Application Example (Continued)

Loss Event 3 - On July 23, 2019, Lynn County received a D3 rating on the Drought Monitor. At the time of the drought Nancy had 96 adult cows, 4 bulls and 75 calves over 500 pounds grazing native and improved grasses on FSN 1345 and 1223. Because of the drought all of the watering holes on FSN 1345 and FSN 1223 went dry. Nancy has 100 percent share of the cattle and 100 percent share of the pastures. On July 25, 2019, Nancy started transporting water to her cattle and continued to transport water to her cattle until September 9, 2019. Nancy provided reliable records showing that a total of 66,000 gallons of water were transported to her cattle.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

A Completing Manual CCC-934

Complete CCC-934 according to the following.

Item	Instruction
1	Enter State and county code for the administrative county by physical location of the
	county in which the loss occurred.
2	Enter the program year the eligible honeybee or farm-raised fish losses became apparent
	as stated in item 7C.
3	Enter County Office name for the administrative county by physical location of the
	county in which the loss occurred.
4	Enter the application number. The administrative County Office must start with number
	1 and continue sequentially.
	Part A – Producer Information
5A	Enter the producer's name and address.
5B	Check (✓) "Yes" if the producer in item 5 has completed CCC-860. Otherwise,
	check (✓) "No".
	Part B – Notice of Loss
6	Check (\checkmark) the applicable type(s) of loss being reported.
	Note: More than 1 type of eligible loss may be checked if more than 1 type of eligible
7.4	loss occurred during the program year.
7A	Enter the loss event number.
7B	Enter the eligible loss condition for each loss event that caused the loss or losses entered in item 6.
7C	Enter the beginning date when the eligible loss condition occurred for the loss event in
/C	item 7A.
7D	Enter the date when the loss was apparent for the loss event in item 7A.
7E	Enter the date when the loss was apparent for the loss event in item 7A. Enter the physical location county of the loss for the loss event in item 7A.
7F	Enter the physical location of the honeybee colonies/hives and/or farm-raised fish on
/1	the beginning date of the loss event in item 7B. Include county name, farm number, etc.
	where the loss event occurred.
	where the ross event occurred.
	Example: Alachua County, FL, Farm 1234, Tract 1000, Field 12
7G	Enter the current physical location of the honeybee colonies/hives and/or farm-raised
	fish in inventory for the loss event in item 7B. Include county name, farm number, etc.
	where the loss event occurred.
	Example: Alachua County, FL, Farm 1234, Tract 1000, Field 12

Item	Instruction
8	List all associated producers who had an ownership share of any honeybee
	colonies/hives and/or farm-raised fish listed in Parts D through G and indicate their
	share.
	Example: Ken's Honey House, 50%, honeybee colonies.
9A	Producer or producer's representative may sign to indicate that honeybee or farm-raised
	fish losses have occurred or additional expenses were incurred because of the eligible
	loss event listed in item 7A and 7B and the loss/losses were apparent to the producer on
	the date listed in item 7C.
	Producer or producer's representative may file a "notice of loss" with the administrative
	County Office by 1 of the following alternative methods:
	County office by 1 of the following alternative methods:
	• phone
	• FAX
	• e-mail.
	Enter the method by which the "notice of loss" was filed in the administrative location
	County Office if the producer or producer's representative did not sign in item 9A.
9B	Signatory in item 9A must enter the title/relationship when signing in a representative
	capacity.
	If a producer/applicant is:
	not signing in the representative conscitution field should be left blank
	• not signing in the representative capacity, this field should be left blank
	• signing on behalf of themselves, it is acceptable to write "self"; however, it is not
	necessary.
9C	Producer or producer's representative must enter the date they signed the "notice of
	loss" or County Office employee must enter the date producer or producer's
	representative reported "notice of loss" using 1 of the alternative methods in item 9A.

Item	Instruction							
	Part C – County Committee Determination							
10	COC must act on all completed and signed CCC-934, Part B, Notice of Loss,							
	submitted. Notice of Loss, as certified by the participant, must be approved or							
	disapproved.							
10A	Enter COC signature.							
10B	Enter date of COC action.							
10C	CHECK (✓) "Approved" or "Disapproved".							
	Part D – Honeybee Colony Loss							
Notes:	Part D must be completed for each eligible loss condition that occurred in the program year for which benefits are being requested.							
*	fSee:							
	 paragraph 122.5 for additional guidance on completing Part D 							
	• Exhibits 4 and 5 for examples on completing Part D*							
11A	Enter the corresponding loss event number listed in item 7A.							
11B	Enter the inventory of honeybee colonies at the beginning of the program year. An							
	entry will be made in this column only once.							
	Use CCC-934-A for entries with different shares.							

Item	Instruction
11C	Enter additional purchases or additions to inventory since the beginning of the program year through the first loss event in item 7A.
	For each subsequent loss event, enter additional purchases or additions to inventory since the previous loss event in item 7A.
11D	Enter all reductions (sales) to inventory since the beginning of the program year through the first loss event in item 7A.
	For each subsequent loss event, enter all reductions (sales) to inventory since the previous loss event in item 7A.
11E	Enter the total number of honeybee colonies lost because of an eligible loss condition for each loss event listed in item 7A.
	* * *
11F	Enter the total number of ineligible honeybee colonies lost because of an ineligible loss condition.
	Note: If a honeybee producer reports normal mortality losses those losses must be included in this item
	Example: Bees were accidentally sprayed by a chemical.
11G	Enter the share the producer has in the honeybee colony in item 15B.
	Note : CCC-934-A must be used for each different share the producer has in a honeybee colony operation.
11H	COC will enter the adjusted beginning inventory of honeybee colonies, if applicable.
	Notes: An entry is only required when COC determines a beginning inventory of honeybee colonies is different than the beginning inventory of honeybee colonies as certified by the producer in item 15B.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 11H.
11I	COC will enter the adjusted number of honeybee colonies purchased or added, if applicable.
	Notes: An entry is only required when COC determines the number of honeybee colonies added is different than the number of honey colonies added as certified by the producer in item 11C.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 11I.

Item	Instruction
11J	COC will enter the adjusted reductions (sales) of honeybee colonies, if applicable.
	Notes: An entry is only required when COC determines a reduction of honeybee colonies is different than the reduced honeybee colonies as certified by the producer in item 11D.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 11J.
11K	COC must enter the adjusted number of honeybee colonies lost, if applicable.
	Notes: An entry is only required when COC determines the number of honeybee colonies lost is different than the number of honey colonies lost as certified by the producer in item 11E.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 11K.
11L	COC will enter the adjusted ineligible honeybee colonies lost, if applicable.
	Notes: An entry is only required when COC determines the ineligible honeybee colonies lost is different than the ineligible honeybee colonies lost as certified by the producer in item 11F.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 11L.
	Part E – Farm-Raised Fish Death Loss Information
12A	Enter the corresponding loss event number listed in item 7A.
12B	Enter the type, kind, and size of each farm-raised fish for which loss occurred.
	Important: An entry in this field is always required when there is a loss in a particular type, kind, and size of farm-raised fish.
	Note: Separate line entries by type, kind, and size are required when producer shares are different. A separate CCC-934-A may be used if additional lines are necessary.
	Example: Item 12B Baitfish/Fathead minnow Baitfish/Fathead minnow 0.7500

Item	Instruction
12C	Enter the unit of measure, pounds, pieces, inches, or gallons, as determined by STC.
12D	Enter the beginning inventory of farm-raised fish immediately before the beginning
	date of the eligible loss conditions listed in item 7A.
	Note: If beginning inventory just before the loss cannot be provided, the producer
	may provide the stocking rate, feed, rates, etc. If provided, COC may determine
	the information is reliable and may apply normal mortality to the information to
10E	arrive at a reliable beginning inventory.
12E	Enter the ending inventory immediately after the end of the eligible loss conditions listed in item 7A.
12F	Enter amount of ineligible farm-raised fish losses reported by the producer, if
	applicable.
12G	Enter the share the producer has in the farm-raised fish in item 12 D.
12H	COC will enter the adjusted beginning inventory before loss, if applicable.
	Notes: An entry is only required when COC determines the beginning inventory
	(before loss) is different than the beginning inventory (before loss) as certified
	by the producer in item 12D.
	The producer must be provided applicable appeal rights according to 1-APP if
	an entry is entered in item 12H.
12I	COC will enter the adjusted ending inventory after loss, if applicable.
	Notes: An entry is only required when COC determines an ending inventory (after loss)
	is different than the ending inventory (after loss) as certified by the producer in
	item 12E.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 12I.
12J	COC will enter the adjusted ineligible inventory lost, if applicable.
123	eoe win enter the adjusted mengiole inventory lost, if applicable.
	Notes: An entry is only required when COC determines the ineligible inventory lost is
	different than the ineligible inventory lost as certified by the producer in
	item 12F.
	The producer must be provided applicable appeal rights according to 1-APP if
	an entry is entered in item 12J.

Item	Instruction
	Part F– Honey Bee Hive Loss
13A	Enter the corresponding loss event number listed in item 7A.
13B	Enter the inventory of honeybee hives at the beginning of the program year.
120	An entry will be made in this column only once. Use CCC-934-A for different shares.
13C	Enter all additional purchases or additions to inventory since the beginning of the program year for the first loss event in item 7A.
	For each subsequent loss event, enter additional purchases or additions to inventory since the previous loss event in item 7A.
13D	Enter reductions (sales) to inventory since the beginning of the program year for the first loss event in item 7A.
	For each subsequent loss event, enter all reductions (sales) to inventory since the previous loss event in item 7A.
13E	Enter the total number of honeybee hives lost because of an eligible loss condition for each loss event listed in item 7A.
13F	Enter the total number of honeybee hives lost because of an ineligible loss condition for each loss event listed in item 7A.
	Example: Vandalism
13G	Enter the share the producer has in the honeybee hives in item 13B.
	Note : CCC-934-A must be used for each different share the producer has in a honeybee hive operation.
13H	COC must enter the adjusted beginning inventory of honeybee hives, if applicable.
	Notes: An entry is only required when COC determines a beginning inventory of honeybee hives different than the beginning inventory of honeybee hives as certified by the producer in item 13B.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 13H.

Item	Instruction
13I	COC will enter the adjusted number of honeybee hives purchased or added, if applicable.
	Notes: An entry is only required when COC determines the number of honeybee hives added is different than the number of honey hives added as certified by the producer in item 13C.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 13I.
13J	COC will enter the adjusted reductions (sales) of honeybee hives, if applicable.
	Notes: An entry is only required when COC determines a reduction of honeybee hives is different than the reduced honeybee hives as certified by the producer in item 13D.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 13J.
13K	COC will enter the adjusted total number of honeybee hives lost, if applicable.
	Notes: An entry is only required when COC determines the total number of honeybee hives lost different than the total number of honeybee hives lost as certified by the producer in item 13E.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 13K.
13L	COC will enter the adjusted ineligible honeybee hives lost, if applicable.
	Notes: An entry is only required when COC determines ineligible honeybee hives lost is different than ineligible honeybee hives lost as certified by the producer in item 13F.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 13L.

Item	Instruction
	Part G- Value of Purchased Feed Lost and/or Additional Expenses
	Honeybees and Farm-Raised Fish
14A	Enter the corresponding loss event number listed in item 7A.
14B	Indicate (H) for honeybees or (F) for farm-raised fish feed losses or additional feed
	expenses.
14C	Enter type of purchased feed lost and/or additional expenses incurred for farm-raised
	fish and/or honeybees.
14D	Enter the dollar value of purchased feed lost and/or additional expenses.
14E	Enter share applicable to each line entry.
14F	COC will enter the adjusted value of feed lost or additional expenses incurred, if
	applicable.
	Notes: An entry is only required when COC determines a value of feed lost or
	additional expense incurred different than the dollar value of feed lost or
	additional expenses incurred reported by the producer in item 14D.
	The state of the s
	The producer must be provided applicable appeal rights according to 1-APP if
	an entry is entered in item 14F.
	Part H– Additional Feed Purchased Above Normal – Honeybees
15A	Enter the corresponding loss event number for the eligible adverse weather or loss conditions from item 7A.
15B	Enter type of purchased feed lost and/or additional expenses incurred for honeybees.
15C	Cost of feed purchased in the application year because of loss event listed in item 7A.
15D	Cost of feed purchased 1 year before the application year, during the same timeframe of
	the feed purchases in item 15C.
15E	Cost of feed purchased 2 years before the application year, during the same timeframe
	of the purchases in item 15C.
15F	Enter share applicable to each line entry.
19G	COC will enter the adjusted cost of feed purchased in the application year.
	Notes: An entry is only required when COC determines the cost of feed purchased in
	the application year is different than reported by the producer in item 15C.
	The producer must be provided applicable appeal rights according to 1-APP if
	an entry is entered in item 15G.

A Completing Manual CCC-934 (Continued)

Item	Instruction
15H	COC will enter the adjusted cost of feed purchased 1 year before the application year, during the same timeframe of the feed purchases in item 15C.
	Notes: An entry is only required when COC determines the cost of feed purchased in the previous year is different than reported by the producer in item 15D.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 15H.
15I	COC will enter the adjusted cost of feed purchased 2 years before the application year, during the same timeframe of the purchases in item 15C.
	Notes: An entry is only required when COC determines the cost of feed purchased in the 2 years prior is different than reported by the producer in item 15E.
	The producer must be provided applicable appeal rights according to 1-APP if an entry is entered in item 15I.
	Part I–Payment Reductions
16	Enter amount of compensation received from other disaster assistance programs for
	the same or similar losses or additional expenses incurred.
	Part J– Producer Certification
17A	After reading the certification, producer or producer's representative signs and dates.
through 17C	Signatory in item 17A must enter title/relationship when signing in the representative capacity.
	If a producer/applicant is:
	• not signing in the representative capacity, this field should be left blank
	• signing on behalf of themselves, it is acceptable to write "self"; however, it is not necessary.
	Part K- County Committee Determination
18A	Enter COC signature.
18B	Enter date of COC action.
18C	CHECK (✓) "Approved" or "Disapproved".
	Important: CCC-934 must be approved or disapproved as certified by the producer after applicable COC adjustment fields are completed.
	Ferrance affection 200 adjustment introduction

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) maii: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

A Completing Manual CCC-934-1

Complete CCC-934-1 according to the following.

Item	Instruction
1	Enter State and county code from CCC-934, item 1.
2	Enter participant's name from CCC-934, item 5A.
3	Enter program year from CCC-934, item 2.
4	Enter application number from CCC-934, item 4. The administrative County Office
	must start with number 1 and continue sequentially.
	Part A – Colony Loss Calculation
5	No Entry Required. Enter sequential producer share entry number. This number is to
	account for honeybee producer who has multiple shares in honeybee colonies lost.
6	Enter participant's share from CCC-934 or CCC-934-A, item 11G.
	Note: If participant has multiple shares, enter the differing shares from CCC-934-A, if
	applicable, in the additional lines provided.
7	Enter participant's cumulative inventory, as of the applicable loss event in the program
	year, by producer share, calculated by subtracting:
	• the result of adding:
	CCC-934 or CCC-934-A, item 11B or item 11H, if an entry is provided in
	item 11H, plus
	• sum of all entries from CCC-934 or CCC-934-A, item 11C or 11I, if an entry is
	provided in item 11I, by producer share, as of the applicable loss event
	• minus the sum of all entries from CCC-934 or CCC-934-A, item 11D or 11J, if an entry is provided in item 11J, by producer share, as of the applicable loss event.
	Note: If CCC-934-A is used to capture honeybee colony losses for multiple shares, include the entries from CCC-934-A, items 11B, 11C, and 11D in this calculation.
	Important: See paragraph 122.5 for additional guidance and Exhibits 4 and 5 for examples for completing this item
8	No Entry Required. Normal mortality percentage is provided according to subparagraph 64 C, as established by DAFP.
9	Enter minimum colony loss threshold calculated by multiplying:
	• item 7, times
	• item 8.

Item	Instruction
10	Enter cumulative number of colonies lost during the program year, as of the applicable loss event, calculated by adding:
	 sum of CCC-934 and/or CCC-934-A, item 11E, by producer share, plus sum of CCC-934 and/or CCC-934-A, item 11F, by producer share.
	Notes: This number includes colony losses because of:
	 normal mortality eligible loss condition ineligible loss condition.
	If an entry is provided in CCC-934, item 11K, then item 11K must be used when summing the number of honeybee colonies lost in the program year, as of the applicable loss event, instead of item 11E.
	If an entry is provided in CCC-934, item 11L, then item 11L must be used when summing the number of honeybee colonies lost in the program year, as of the applicable loss event, instead of item 11F
11	Enter cumulative number of ineligible colonies lost during the program year as of the applicable loss event. This is calculated by adding the results from CCC-934 and/or CCC-934-A, column 11F, by producer share.
	Note: * * * If entry is provided in CCC-934, item 11L, then item 11L must be used when summing the number of ineligible inventory lost in the program year, as of the applicable loss event, instead of item 11F.
12	Enter cumulative maximum number of eligible lost colonies calculated by subtracting:
	item 10, minusitem 9.
13	Enter number of payment colonies, by producer share, determined by multiplying:
	• the result of subtracting:
	item 10, minusitem 11
	Important: The result may not exceed the maximum number of eligible lost colonies calculated in item 12.
	• times item 6 for each producer share entry number.
14	Enter total payment colonies by summing the entries in item 13 for all producer share entries.

Item	Instruction
15	Enter honeybee colony fair market value for the applicable program year, as determined
	by DAFP, according to subparagraph 64 C
16	Enter payment factor of either of the following:
	• 75 percent, if the producer checked "NO", in CCC-934, item 5B
	• 90 percent, if the producer checked "YES", in CCC-934, item 5B.
17	Enter subtotal of eligible colony losses calculated by multiplying:
	• item 14, times
	• item 15, times
	• item 16.
4.3	The result will be rounded to the nearest whole dollar.
18	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same
10	honeybee colony losses.
19	Enter total eligible colony losses calculated by subtracting:
	item 17, minusitem 18.
	Part B – Honeybee Hive Loss Calculation
20	No Entry Required. Enter entry number from CCC-934 or CCC-934-A, item 13A.
21	Enter participant's share from CCC-934 or CCC-934-A, item 13A.
21	Effici participant's share from CCC-934 of CCC-934-A, fichi 130.
	Note: If participant has multiple shares, enter the differing shares from CCC-934-A in the additional lines provided.
22	Enter cumulative number of honeybee hives, as of the applicable loss event, lost calculated by adding all entries from CCC-934 and/or CCC-934-A, item 13E, per share entry.
	Note: If entry is provided in CCC-934 or CCC-934-A, item 13K, then item 13K must be used, instead of item 13E.
23	Enter cumulative number of ineligible hives lost during the program year, as of the applicable loss event, calculated by adding all entries on CCC-934 and/or CCC-934-A, item 13F.
	Note: If an entry is provided in CCC-934 or CCC-934-A, item 13L, then item 13L must be used, instead of item 13F.

Item	Instruction
24	Enter cumulative number of eligible hives lost, as of applicable loss event, calculated by
	subtracting:
	• item 22, minus
25	• item 23.
25	Enter hive fair market value for the applicable program year, as determined by DAFP, provided in subparagraph 64 B.
26	Enter payment factor of either of the following:
20	Enter payment factor of citaler of the following.
	• 75 percent, if the producer checked "NO", in CCC-934, item 5B
	• 90 percent, if the producer checked "YES", in CCC-934, item 5B.
27	Enter cumulative eligible hive losses as calculated by multiplying:
	• item 21, times
	• item 24, times
	• item 25, times
	• item 26.
	The result will be rounded to the nearest whole dollar.
28	Enter subtotal of eligible hive losses calculated by adding item 27 for all producer share
	entries.
29	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same
30	honeybee hive losses.
30	Enter cumulative eligible hive losses, as of the applicable loss event, calculated by subtracting:
	subtracting.
	• item 28, minus
	• item 29.
P	art C – Honeybee Purchased Feed Lost and/or Additional Expenses Calculation
31	Enter corresponding loss event number from CCC-934 or CCC-934-A, item 14A.
32	Enter type of purchased feed lost/additional expense incurred from CCC-934 or
	CCC-934-A, item 14C, for the corresponding loss event number entered in item 31.

Item	Instruction
33	Enter value of purchased feed lost/additional expense incurred from CCC-934 or
	CCC-934-A, item 14D, for the corresponding loss event number entered in item 31.
	Note: If entry is entered on CCC-934 or CCC-934-A, item 14F, then item 14F must be
2.4	entered, instead of item 14D.
34	Enter producers share from CCC-934 or CCC-934-A, item 14E for the corresponding
25	loss event number entered in item 31.
35	Enter payment factor of either of the following:
	• 60 percent, if the producer checked "NO" in CCC-934, item 5B
	• 90 percent, if the producer checked "YES" in CCC-934, item 5B.
36	Calculate the feed losses/additional expenses incurred calculated by multiplying:
30	Calculate the feed fosses/additional expenses incurred calculated by multiplying.
	• item 33, times
	• item 34, times
	• item 35.
	item 55.
	The result will be rounded to the nearest whole dollar.
37	Enter subtotal of eligible purchased feed losses/additional expenses calculated by
	adding the entries in item 36 for all loss event numbers entered in item 31.
38	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same
	honeybee feed losses/additional expenses incurred.
39	Enter total eligible purchased feed loss/additional expense incurred calculated by
	subtracting:
	• item 37, minus
	• item 38.
40	Part D – Additional Honeybee Feed Purchased Calculation
40	Enter corresponding loss event number from CCC-934 or CCC-934-A, item 15A.
41	Enter type of additional feed purchased from CCC-934 or CCC-934-A, item 15B, for
	the corresponding loss event number entered in item 40.

Item	Instruction
42	Enter cost of feed purchased in application year from CCC-934 or CCC-934-A,
	item 15C, for the corresponding loss event number entered in item 40.
	Note: If entry is provided in CCC-934 or CCC-934-A, item 15G, then item 15G
	must be entered, instead of item 15C.
43A	Enter cost of feed purchased 1 year before the application year, from CCC-934 or
	CCC-934-A, item 15D.
	Note: If an entry is in CCC-934 or CC-934A, item 15H, then item 15H must be
	entered instead of item 15D.
43B	Enter cost of feed purchased 2 years before the application year, from CCC-934 or
	CCC-934-A, item 15E.
	Note: If an entry is in CCC-934 or CC-934A, item 15I, then item 15I must be
40.00	entered instead of item 15E.
43C	Average cost of feed purchased in application year, for the corresponding loss event
	number entered in item 40, calculated by dividing:
	• regult of addings
	• result of adding:
	• item 43A, plus
	• item 43B
	Tiem 43B
	• divided by 2 years.
44	Enter producer's share from CCC-934 or CCC-934-A, item 15F, for the corresponding
	loss event number entered in item 40.
45	Enter payment factor of either of the following:
	T.J.
	• 60 percent, if the producer checked "NO" in CCC-934, item 5B
	• 90 percent, if the producer checked "YES" in CCC-934, item 5B.
46	Calculate eligible additional feed purchased, by multiplying:
	• result of subtracting:
	• item 42, minus
	• item 43C
	• times item 44
	• times item 45.
	The result will be rounded to the nearest whole dollar.

Item	Instruction
47	Enter subtotal of eligible additional honeybee feed purchased by summing the results in item 46.
48	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same
4.0	additional honeybee feed expenses, incurred.
49	Enter total eligible additional honeybee feed loss by subtracting item 47 minus item 48.
	Part E - Total Honeybee Losses for Program Year
50	Enter eligible honeybee colony losses from item 19.
51	Enter eligible honeybee hive losses from item 30.
52	Enter eligible honeybee feed losses calculated by adding:
	• item 39, plus
	• item 49.
53	Enter eligible honeybee losses calculated by adding:
	The state of the s
	• item 50, plus
	• item 51, plus
	• item 52.
	Part F – Farm-Raised Fish Death Loss Calculation
54	Enter loss event numbers from CCC-934 or CCC-934-A, item 12A.
55	Enter type/kind/size from CCC-394 or CCC-934-A, item 12B.
56	Enter beginning inventory from CCC-934 or CCC-934-A, item 12D.
	Note: If entry is provided in CCC-934 or CCC-934-A, item 12H, then enter item 12H, instead of item 12D.
57	Enter ending inventory from CCC-934 or CCC-934-A, item 12E.
	Note: If entry is provided in CCC-934 or CCC-934-A, item 12I, then enter item 12I, instead of item 12E.
58A	Enter normal mortality percentage established by STC for the type, kind, and size, as established in subparagraph 73 F.
58B	Enter minimum fish loss threshold calculated by multiplying:
	• item 56, times
	• item 58A.

Item	Instruction
59	Enter ineligible inventory lost from CCC-934 or CCC-934-A, item 12F.
60	Note: If entry is provided in CCC-934 or CCC-934- A, item 12J, then enter item 12J, instead of item 12F. Enter eligible inventory lost calculated by subtracting the following:
00	Enter engine inventory lost calculated by subtracting the following.
	• result of subtracting:
	• item 56, minus
	• item 57
	• minus, item 58B
	• minus, item 59.
	The result will be rounded to the nearest whole number.
61	Enter producer's share from CCC-934 or CCC-934-A, item 12G.
62	Enter average fair market value established by STC for the type, kind and size, as determined in subparagraph 73 E.
63	Enter payment factor of either of the following:
	 75 percent, if the producer checked "NO", in CCC-934, item 5B 90 percent, if the producer checked "YES", in CCC-934, item 5B.
64	Enter eligible farm-raised fish death losses as calculated by multiplying:
	 item 60, times item 61, times item 62, times item 63. The result will be rounded to the nearest whole dollar.
65	Enter subtotal of eligible farm-raised fish death losses by summing the results in item 64.

Instruction
Enter amount of compensation included in the total amount of reductions from
CCC-934, item 16, received from other disaster assistance programs for the same
farm-raised fish death loss expenses incurred.
Enter total eligible farm-raised fish death losses, calculated by subtracting:
• item 65, minus
• item 66.
G – Farm-Raised Fish Purchased Feed Lost and/or Additional Expense Calculation
Enter corresponding loss event number from CCC-934 or CCC-934-A, item 14A.
Enter type of farm-raised fish purchased feed lost/additional expense incurred from
CCC-934 or CCC-934-A, item 14C, for the corresponding loss event number entered in
item 68.
Enter value of purchased feed lost/additional expense incurred from CCC-934 or
CCC-934-A, item 14D, for the corresponding loss event number entered in item 68.
N. 4. If the COC ON A
Note: If entry is in CCC-934 or CCC-934-A, item 14F, then item 14F must be entered,
instead of item 14D.
Enter producers share from CCC-934 or CCC-934-A, item 14E, for the corresponding
loss event number entered in item 68.
Enter payment factor of either of the following:
• 60 percent, if the producer checked "NO", in CCC-934, item 5B
• 90 percent, if the producer checked "YES", in CCC-934, item 5B.
Enter eligible farm-raised fish feed losses, calculated by multiplying:
Enter engine farm-raised fish feed losses, calculated by multiplying.
• item 70, times
• item 71, times
• item 72.
TUCHI 12.
The result will be rounded to the nearest whole dollar.

Item	Instruction
74	Enter subtotal of eligible farm-raised fish feed losses/additional expenses by adding the results in item 73.
75	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same
	farm-raised fish feed losses/additional expenses incurred.
76	Enter total eligible farm-raised fish purchased feed losses, calculated by subtracting:
	• item 74, minus
	• item 75.
	Part H – Total Farm-Raised Fish Losses for Program Year
77	Enter eligible farm-raised fish death losses from item 67.
78	Enter eligible farm-raised feed losses from item 76.
79	Enter eligible farm–raised fish losses by adding:
	• item 77, plus
	• item 78.
	Part I – Certification
80	Enter preparer's name.
81	Preparer will initial CCC-934-1 in the space provided.
82	Enter date the preparer initialed CCC-934-1.
83	Enter second party reviewer's name.
84	Second party reviewer will initial CCC-934-1 in the space provided.
85	Enter date the second party reviewer initialed CCC-934-1.

*--122.5 Additional Assistance for Completing CCC-934 and CCC-934-1 for Honeybee Colony Losses

A Analyzing Data Provided on FSA-578's

As instructed in subparagraph 61 C, honeybee producers must file FSA-578:

- by January 2 of the same crop year
- within 30 calendar days of the date colonies of bees are acquired, split, bought, sold, or transported into or out of the county.

Producers will use a manual FSA-578 to report changes to the total number of colonies and/or counties to which bees are moved.

For ELAP purposes, FSA-578's must be used, along with other supporting documentation, to determine a producer's:

- program year inventory of colonies, which is used to determine a producer's normal mortality threshold (program year inventory times 22 percent), and/or
- additions and reductions to colony inventory (bees acquired, split, bought, sold, or transported into or out of the county) that occur throughout the program year.

Reductions to colony inventory captured on FSA-578's include colonies sold or transported out of the county.

Important: Reductions to colony inventory does **not** include colony losses because of either of the following:

- eligible loss condition
- ineligible loss condition.

Colony losses because of an eligible or ineligible loss condition shall not be deducted from a producer's program year inventory.

See Exhibits 4 and 5 for examples on how to use FSA-578 data to complete CCC-934.--*

*--122.5 Additional Assistance for Completing CCC-934 and CCC-934-1 for Honeybee Colony Losses (Continued)

B Additional Guidance for Completing CCC-934, Part D, Honeybee Colony Loss

CCC-934, Part D captures data needed for County Offices to complete CCC-934-1, Part A, Colony Loss Calculation (subparagraph 122 B).

	PART D - HONEYBEE COLONY LOSS									
١	11A.	11B.	11C.	11D.	11E.	11F.				
١	Loss Event Number	Inventory at Beginning of	Additions to Inventory	Reductions to Inventory	Total Number of Honeybee	Ineligible Honeybee

١		i rogram rea		Program Year	During the	During the				
1					Program Year	Program Year				
١										
ı										
١										
1										

Important: Item 11B, Inventory at Beginning of Program Year, is only completed when an initial application for payment is filed for the program year. Item 11B must be equal to the number of colonies reported on the producer's initial FSA-578 filed at the beginning of the program year. Item 11B does not change if subsequent applications for payment are filed in a program year.

The following items on CCC-934, Part D, are completed for each eligible loss event for which colony losses are claimed:

- item 11C, Additions to Inventory Throughout Program Year
- item 11D, Reductions to Inventory Throughout Program Year
- item 11E, Total Number of Honeybee Colonies Lost During the Program Year
- item 11F, Ineligible Honeybee Colonies Lost During the Program Year.

Important: The number of colonies captured in these items represents:

- for initial loss events of the calendar year, the applicable number of colonies since the beginning of the program year through the first loss event
- for subsequent loss events during the calendar year, the applicable number of colonies since the previous loss event.--*

*--122.5 Additional Assistance for Completing CCC-934 and CCC-934-1 for Honeybee Colony Losses (Continued)

C Additional Guidance for Completing CCC-934-1, Part D, Item 7, Program Year Inventory

Data captured in CCC-934, Part D for honeybee colony losses is used to complete CCC-934-1, Part A, Colony Loss Calculation.

Important: CCC-934-1, Part A, Colony Loss Calculation, must be completed by producer share. Therefore, Part A will have 1 line entry per share.

If a producer claims colony losses for more than 1 eligible loss condition in the same calendar year, for the subsequent loss events, the same line item entry number (item 5) in Part A must be overridden to reflect cumulative data from the beginning of the calendar year through the current loss event.

Example: Producer B claims colony losses for 2 loss events in the calendar year. Producer A has 100 percent share in the colonies. For loss event #1, the County Office must enter the application data, as of the first loss event in line entry 1 (Part A, item 5). For subsequent loss event #2, the County Office must override the data loaded in line entry 1 with cumulative data to reflect data from the beginning of the program year through loss event #2. Producer B's CCC-934-1, Part A only has 1 line item entry for the entire calendar year.

CCC-934-1, item 7, Program Year Inventory, must be accurately determined for the colony loss payment to calculate properly.

Part A – Col	Part A – Colony Loss Calculation									
5.	6.	/	7.		8.	9.	10.	11.	12.	13.
Entry	Producer	F	rogram Year	١ ١	% of	Minimum Colony	Total Number of	Number of Ineligible	Maximum Number of	Payment Colonies
Number	Share		Inventory	l N	Iormal Mortality	Loss Threshold	Colonies Lost	Colonies Lost	Eligible Lost Colonies	((Item 10 - Item 11 NTE
						(Item 7 x Item 8)			(Item 10 – Item 9)	Item 12) x Item 6)
1					22.0%					
2	\ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \				22.0%					
3					22.0%					

For **item 7**, enter the participant's cumulative program year inventory, as of the applicable loss event in the program year, by producer share, calculated by subtracting:

- the result of adding:
 - CCC-934 or CCC-934-A, item 11B or item 11H, if an entry is provided in item 11H, plus
 - sum of all entries from CCC-934 or CCC-934-A, item 11C or item 11I, if an entry is provided in item 11I, by producer share, as of the applicable loss event
- minus the sum of all entries from CCC-934 or CCC-934-A, item 11D or item 11J, if an entry is provided in item 11J, by producer share, as of the applicable loss event.--*

A Completing Manual CCC-851-1

Complete CCC-851-1 according to the following.

Item	Instruction
1	Enter State and county code from CCC-851, item 1.
2	Enter the producer's name from CCC-851, item 5A.
3	Enter the program year from CCC-851, item 2.
4	Enter the application number from CCC-851, item 4.
	Part A – Livestock Forage Information – Grazing Loss
	(Part A must be completed for all grazing losses – non-fire and fire,
	feed losses/additional expenses, and water transportation losses.)
5	Enter the sequential corresponding letter from CCC-851, item 17, for each livestock kind, type, and weight range that incurred a grazing, feed/additional expense, and/or water transportation loss.
	Note: An entry is only required for those livestock that were or would have been grazing eligible pasture or grazing land acres during the eligible loss event.
6	Enter the livestock by kind, type, and weight range from CCC-851, item 18 for the applicable livestock.
7	Enter the livestock inventory from CCC-851, item 19.
	Note: If an entry is entered in CCC-851, item 21, then item 21 for the specific livestock kind, type, and weight range must be used instead of item 19.
8A	Enter the AU conversion factor, provided in Exhibit 16, for the animal type entered in item 6.
8B	Enter the AU's in inventory determined by multiplying:
	item 7, timesitem 8A.
	Round the result to 2 decimals.
9	Enter the actual number of days the producer's eligible livestock were unable to graze each specific type of pasture, not to exceed 150 calendar days per program year, from CCC-851:
	• item 26 for owned or cash-leased land (non-fire affected); if an entry is entered in CCC-851, item 29, for the specific livestock kind, type, and weight range, then item 29 must be used instead of item 26
	• item 34 for AUM/AU leased land (non-fire affected); if an entry is entered in CCC-851, item 36, then for the specific livestock kind, type, and weight range, item 36 must be used instead of item 34.

Item	Instruction
	Part A – Livestock Forage Information – Grazing Loss
	(Part A must be completed for all grazing losses – non-fire and fire,
	feed losses/additional expenses, and water transportation losses.)
10	Enter the share the producer has in the livestock entered in item 6, from CCC-851,
	item 20.
11	Enter the payment rate per head for the applicable livestock kind, type, and weight
	range, entered in item 6, provided in subparagraph 33 A for the applicable program year
10	in which the loss occurred.
12	Enter the total value of livestock feed cost calculated by multiplying:
	* * *
	•*item 8B, times*
	• item 9, times
	• item 10, times
	• item 11.
	The result will be rounded to the nearest whole dollar.
13	Enter the value of livestock feed cost for 150 days calculated by multiplying:
	• * * *
	•*-item 8B, times*
	• item 10, times
	• item 11, times
	• 150 calendar days.
1.4	The result will be rounded to the nearest whole dollar.
14	Enter total sum of item 12 for all livestock groups listed in item 5.
	Part B – Forage Information – Grazing Loss – Non-Fire – Owned or Cash-Leased Land (Part B must not be completed when a producer only has a feed loss.)
15	*Enter the sequential corresponding letter(s) from CCC-851, item 22, for each*
13	livestock kind, type, and weight range that are grazing or would have been grazing the
	specific type of pasture entered in item 16.
16	Enter all pasture types from CCC-851, item 23.
17A	Enter the total number of acres, by physical location county, associated with each
	pasture type entered in item 16 determined by multiplying:
	CCC-851, item 24A, times
	• CCC-851, item 25.
	Note: If an entry is entered in CCC-851, item 28A, then item 28A, for the specific
	pasture type, must be used instead of item 24A in the calculation above.

Item	Instruction
	Part B – Forage Information – Grazing Loss – Non-Fire – Owned or Cash-Leased
	Land, Cont. (Part B must not be completed when a producer only has a feed loss.)
17B	Enter the number of acres affected by the eligible loss condition, by physical location county, associated with each pasture type entered in item 16 determined by multiplying:
	 CCC-851, item 24B, times CCC-851, item 25.
	Note: If an entry is entered in CCC-851, item 28B, then item 28B, for the specific pasture type, must be used instead of item 24B in the calculation above.
17C	Enter the number of acres unaffected by the eligible loss condition, by physical location county, associated with each pasture type entered in item 16 determined by subtracting:
	item 17A, minusitem 17B.
18	Enter the applicable carrying capacity from CCC-851, item 27, for each pasture type entered in item 16.
19A	Enter the maximum AU's on total acres for each pasture type entered in item 16 calculated by dividing:
	item 17A, byitem 18.
	Round the result to 2 decimal places.
19B	Enter the maximum AU's on unaffected acres for each pasture type entered in item 16 calculated by dividing:
	item 17C, byitem 18.
	Round the result to 2 decimal places.
19C	*Enter the total AU's in inventory on the pasture type entered in item 16 calculated by adding the result in item 8B for the applicable livestock group(s) listed in item 15*
	* * *
19D	* Enter the eligible AU's on total acres determined by the smaller of:
	• item 19A
	• item 19C.
19E	Enter the eligible AU's on affected acres calculated by subtracting:
	 item 19D, minus* item 19B.
	Important: If the result is negative, enter zero.

Item	Instruction
11	Part B – Forage Information – Grazing Loss – Non-Fire – Owned or Cash-Leased
	Land, Cont. (Part B must not be completed when a producer only has a feed loss.)
20	Enter the actual number of calendar days the producer's eligible livestock were
	unable to graze each specific type of pasture from CCC-851, item 26, not to exceed
	150 calendar days per program year.
	Note: If an entry is entered in CCC-851, item 29, then item 29, for the specific pasture
	type, must be used instead of item 26, not to exceed 150 calendar days per
	program year.
21	Enter the daily payment rate per head for each livestock kind, type, and weight range
	from subparagraph 33 A for the program year in which the loss occurred.
22	Enter the value of grazing lost based on carrying capacity of eligible grazing land
	calculated by multiplying:
	•*item 19E, times*
	• item 20, times
	• item 21.
	nem 21.
	The result will be rounded to the nearest whole dollar.
23	Enter the total value of grazing lost based on carrying capacity for all owned or
	cash-leased land calculated by adding the results in item 22.
	Part C – Forage Information – Grazing Loss – Non-Fire – AUM/AU Leased Land
	(Part C must not be completed when a producer only has a feed loss.)
24	*Enter the sequential corresponding letter9s) from CCC-851, item 30, for each*
	livestock kind, type, and weight range that are grazing or would have been grazing the specific type of pasture entered in item 25.
25	Enter all pasture types from CCC-851, item 31, for AUM or AU leased land.
26A	Enter the total number of acres, by physical location county, from CCC-851, item 32A,
	associated with each pasture type entered in item 25.
26B	Enter the total number of affected acres, by physical location county, from CCC-851,
	item 32B, associated with each pasture type entered in item 25.
26C	Enter the number of AU's on total acres, from CCC-851, item 33, allowed by the
	pasture type entered in item 25.
	Notes If an automatic automatic CCC 951 item 25C then item 25C for the annual for
	Note: If an entry is entered in CCC-851, item 35C, then item 35C for the specific pasture type must be used instead of CCC-851, item 33.
26D	Enter the prorated AU's on affected acres, calculated by dividing item 26B by 26A
201	and multiplying the result by Item 26C.
<u> </u>	and maniping the result of hem 200.

A Completing Manual CCC-851-1 (Continued)

*_

Item	Instruction
	Part C – Forage Information – Grazing Loss – Non-Fire – AUM/AU Leased Land,
1	Cont. (Part C must not be completed when a producer only has a feed loss.).
27	Enter the actual number of calendar days from CCC-851, item 34, that the producer's
	eligible livestock were unable to graze for each specific type of pasture entered in
	item 25 because of the eligible loss conditions, excluding fire, not to exceed 150
	calendar days per program year.
	Note: If an entry is entered in CCC-851, item 36, then item 36 for the specific pasture
	type must be used instead of CCC-851, item 34, not to exceed 150 calendar
	days per program year.
28	Enter the daily payment rate per head for each livestock kind, type, and weight range
	from subparagraph 33 A for the program year in which the loss occurred.
29	Enter the value of grazing lost based on carrying capacity for each pasture type
	calculated by multiplying:
	a itom 26D times
	item 26D, timesitem 27, times
	• item 28.
	item 26.
	The result will be rounded to the nearest whole dollar.
30	Enter the total value of grazing lost based on carrying capacity for all AUM/AU leased
	land calculated by adding the results in item 29.
	Part D – Net Payment Calculation For Forage – Non-Fire
2.1	(Part D must not be completed when a producer only has a feed loss.)
31	Enter the total value of livestock feed cost calculated by summing the applicable value(s) in item 12 for the applicable livestock groups entered in items 15 and 24.
32	Enter the total value of grazing lost based on carrying capacity, calculated by adding:
32	Enter the total value of grazing lost based on earlying capacity, calculated by adding.
	• item 23, plus
	• item 30.
33	Enter the smaller of item 31 or 32.
34	Enter national payment factor of either of the following:
	• 60 percent for producers who checked "NO", in CCC-851, item 5B
	 60 percent for producers who checked "NO", in CCC-851, item 5B 90 percent for producers who checked "YES", in CCC-851, item 5B.
35	Enter the grazing loss calculated payment amount, non-fire, by multiplying:
	• item 33, times
	• item 34.
	The result will be rounded to the nearest whole number.
<u> </u>	

Item	Instruction
	Part D – Net Payment Calculation For Forage – Non-Fire, Cont.
	(Part D must not be completed when a producer only has a feed loss.)
36	Enter the amount of compensation, included in the total amount of reductions from CCC-851, item 82, received from other disaster assistance programs for the same grazing losses on the pasture types listed in item 16 and 25.
37	Enter the net grazing loss calculated payment amount, non-fire, by subtracting:
	item 35, minusitem 36.
	If the result is less than zero, enter zero in item 37.
	Part E – Forage Information – Grazing Loss – Fire
38	*Enter the sequential corresponding letter(s) from CCC-851, item 37*
39	Enter all pasture types affected by fire on all non-Federal managed lands, from CCC-851, item 38.
40A	Enter the number of total acres, by physical location county, for the applicable pasture types listed in item 39, determined by multiplying:
	 CCC-851, item 39A times CCC-851, item 40.
	Note: If an entry is entered in CCC-851, item 43A, then item 43A, for the specific pasture type, must be used instead of CCC-851, item 39A.
40B	Enter the number of acres affected by wildfire, by physical location county, for the applicable pasture types listed in item 39, from CCC-851, item 39B.
	Note: If an entry is entered in CCC-851, item 43B, then item 43B, for the specific pasture type, must be used instead of CCC-851, item 39B.
40C	Enter the number of acres unaffected by wildfire, by physical location county, associated with each pasture type entered in item 39 determined by subtracting:
	item 40A, minusitem 40B.
41	Enter the carrying capacity from CCC-851, item 42, for the applicable pasture types listed in item 39.
42A	Enter the maximum AU's on total acres for each pasture type entered in item 16 calculated by dividing:
	• item 40A, by
	• item 41.

Item	Instruction
	Part E – Forage Information – Grazing Loss – Fire, Cont.
42B	Enter the maximum AU's on unaffected acres for each pasture type entered in item 16
	calculated by dividing:
	. 400.1
	item 40C, byitem 41.
	• nem 41.
	Round the result to 2 decimal places.
42C	*Enter the total AU's in inventory on the pasture type entered in item 39 calculated by
	adding the result in item 8B for the applicable livestock group(s) listed in item 38.
42D	Enter the eligible AU's on total acres determined by the smaller of:
	• item 42A
405	• item 42C.
42E	Enter the eligible AU's on affected acres calculated by subtracting:
	• item 42D, minus*
	• item 42B.
	Important: If the result is negative, enter zero.
43	Enter the actual number of calendar days from CCC-851, item 41, that the producer's
	eligible livestock were unable to graze for each specific type of pasture entered in
	item 39 because of wildfires, not to exceed 180 calendar days per program year.
	Note: If an entry is entered in CCC-851, item 44, then item 44 for the specific pasture
	type must be used instead of CCC-851 item 41, not to exceed 180 calendar days
	per program year.
44	Enter the daily payment rate per head for each livestock kind, type, and weight range
	from subparagraph 33 A for the program year in which the loss occurred.
45	Enter the value of grazing lost because of wildfire on non-Federal land calculated by
	multiplying:
	•*item 42E, times*
	• item 43, times
	• item 44.
	The result will be rounded to the nearest whole number.

	item 64, minusitem 65.
	• item 65.
	If the result is less than zero, then enter zero.
	Part G – Additional Feed Purchased Above Normal
67A	ENTER:
	• "N" if the additional feed purchased above normal quantities listed in item 68A is
	for livestock listed in item 67B that were or would have been grazing specific
	pasture type entered in item 16 or 25 if not for a non-fire weather event or loss condition
	• "F" if the additional feed purchased above normal quantities listed in item 68A is
	for livestock listed in item 67B that were or would have been grazing specific
	pasture type entered in item 39 if not for a fire event.
67B	Enter the sequential corresponding letter from CCC-851, item 17, for each livestock
	kind, type, and weight range that was or would have been fed the additional feed
	purchased above normal quantities entered in item 68A.
67C	Enter corresponding loss event number for the applicable eligible loss condition from CCC-851, item 7.

__*

Item	Instruction
	Part G – Additional Feed Purchased Above Normal, Cont.
67D	*From the CCC-851, item 60B, ENTER:*
	• "I", if the qualifying weather event or loss condition entered in item 67C occurred inside/during the normal grazing period for the livestock group listed in item 67B
	• "O", if the qualifying weather event or loss condition entered in item 67C occurred outside the normal grazing period for the livestock group listed in item 67B.
68A	Enter type of additional feed purchased above normal to sustain eligible livestock from CCC-851, item 61.
68B	Enter the dollar value of additional feed purchased for the current program year, calculated by multiplying:
	item 64 from CCC-851, timesitem 65 from CCC-851.
	Note: If an entry is entered in CCC-851, item 68, then item 68 must be used in the calculation above instead of CCC-851, item 64.
68C	Enter the dollar value of additional feed purchased for 1 year before the current program year, calculated by multiplying:
	item 62 from CCC-851, timesitem 65 from CCC-851.
	Note: If an entry is entered in CCC-851, item 66, then item 66 must be used in the calculation above instead of CCC-851, item 62.
68D	Enter the dollar value of additional feed purchased for the second year before the current program year, calculated by multiplying:
	• item 63 from CCC-851, times
	• item 65 from CCC-851.
	Note: If an entry is entered in CCC-851, item 67, then item 67 must be used in the calculation above instead of CCC-851, item 63.
68E	Enter the average of items 68C and 68D to determine the average feed cost for the
	past 2 years calculated by dividing:
	• the sum of items 68C and 68D, by
	• 2 years.
68F	Enter the number of days grazing was lost for the loss event listed in item 67C.

A Completing Manual CCC-851-1 (Continued)

*__

Item	Instruction
	Part G – Additional Feed Purchased Above Normal, Cont.
68G	Enter the:
	• 150-calendar-day feed cost for the livestock for which additional feed was purchased above normal because of a nonfire weather event or loss condition, as indicated with a "N" in item 67A, that occurred:
	• inside the normal grazing period, indicated with an "I" in item 67D, enter the sum of items 13 for the applicable livestock groups listed in item 67B
	• outside the normal grazing period, indicated with an "O" in item 67D, enter the sum of items 13 for the applicable livestock groups listed in item 67B
	• 180-calendar-day feed cost for the livestock for which additional feed was purchased above normal because of a wildfire on non-Federal land, as indicated with a "F" in item 67A, that occurred:
	• inside the normal grazing period, indicated with an "I" in item 67D, enter the sum of items 46 for the applicable livestock groups listed in item 67B
	• outside the normal grazing period, indicated with an "O" in item 67D, enter the sum of items 46 for the applicable livestock groups listed in item 67B.
	Result must be rounded to the nearest whole number.
68H	Enter value of livestock feed needs during the eligible loss condition calculated by multiplying:
	• item 68F, times
	• result of dividing:
	• item 68G by
	• 150 calendar days.
	Result will be rounded to the nearest whole number.

A Completing Manual CCC-851-1 (Continued)

Item	Instruction
	Part G – Additional Feed Purchased Above Normal, Cont.
69	Enter value of eligible purchases of additional livestock feed purchased above normal quantities calculated using the lessor of either of the following:
	item 68H, orresult of subtracting:
	item 68B, minusitem 68E.
70	Enter value of additional feed purchased above normal to sustain eligible livestock, that was or would have been grazing eligible non-fire affected grazing land during the grazing period , by adding the results in item 69 for all rows with a "N" in item 67A and an "I" in item 67D.
71	Enter value of the feed needs during the event for eligible livestock that was or would have been grazing eligible non-fire affected grazing land during the grazing period , by adding the results in item 68H for all rows with a "N" in item 67A and an "I" in item 67D.
72	Enter smaller of item 70 or 71.
73	 The national payment factor is either of the following: 60 percent for producers who checked "NO", in CCC-851, item 5B 90 percent for producers who checked "YES", in CCC-851, item 5B.
74	Enter non-fire payment amount for additional feed purchased above normal quantities because of an eligible adverse weather event or loss condition that occurs during the normal grazing period calculated by multiplying: • item 72, times • item 73.
	Result must be rounded to the nearest whole number.
75	Enter amount of compensation included in the total amount of reductions from CCC-851, item 82, received from other disaster assistance programs for the same feed losses for additional feed purchased above normal quantities listed in item 68A, because of a non-fire event that occurs during the normal grazing period.
76	Enter net payment for additional feed purchased above normal quantities, because of a non-fire event that occurs during the normal grazing period calculated by subtracting:
	item 74, minusitem 75.

Item	Instruction
	Part G – Additional Feed Purchased Above Normal, Cont.
77	Enter value of additional feed purchased above normal to sustain eligible livestock, that was or would have been grazing eligible non-fire affected grazing land outside the grazing period , by adding the results in item 69 for all rows with a "N" in item 67A and an "O" in item 67D.
78	Enter value of the feed needs for eligible livestock that was or would have been grazing eligible non-fire affected grazing land outside the grazing period , by adding the results in item 68H for all rows with a "N" in item 67A and an "O" in item 67D.
79	Enter smaller of item 77 or 78.
80	 The national payment factor is either of the following: 60 percent for producers who checked "NO", in CCC-851, item 5B 90 percent for producers who checked "YES", in CCC-851, item 5B.
81	Enter non-fire payment amount for additional feed purchased above normal quantities because of an eligible adverse weather event or loss condition that occurs outside the normal grazing period calculated by multiplying: • item 79, times • item 80.
82	Result must be rounded to the nearest whole number.
82	Enter amount of compensation included in the total amount of reductions from CCC-851, item 82, received from other disaster assistance programs for the same feed losses for additional feed purchased above normal quantities listed in item 68A, because of a non-fire event that occurs outside the normal grazing period.
83	Enter net payment for additional feed purchased above normal quantities because of a non-fire event that occurs outside the normal grazing period calculated by subtracting: • item 81, minus
	• item 82.
84	Enter total value of additional feed purchased above normal to sustain eligible livestock that was or would have been grazing fire-affected grazing land, calculated by adding the results in item 69 for all rows with an "F" in item 67A.
85	Enter the 150-calendar day feed cost for eligible livestock that was or would have been grazing eligible fire affected grazing land, by adding the results in item 68G for all rows with a "F" in item 67A.
86	Enter smaller of item 84 or 85.
87	The national payment factor is either of the following:
	• 60 percent for producers who checked "NO", in CCC-851, item 5B
	• 90 percent for producers who checked "YES", in CCC-851, item 5B.

Item	Instruction
	Part G – Additional Feed Purchased Above Normal, Cont.
88	Enter, fire calculated payment amount for additional feed purchased above normal quantities calculated by multiplying:
	item 86, timesitem 87.
	Results will be rounded to the nearest whole number.
89	Enter amount of compensation included in the total amount of reductions from CCC-851, item 82, received from other disaster assistance programs for the same feed losses for additional feed purchased above normal quantities listed in item 68A because of fire.
90	Enter net payment for fire additional feed purchased above normal calculated by subtracting:
	• item 88, minus
	• item 89.
	Part H – Grazing Loss Versus Additional Feed Purchased Above Normal
91	Enter larger of item 37 or 76.
92	Enter larger of item 51 or 90.
93	Enter amount in item 83.
94	Enter total payment for all grazing losses or additional feed purchased above normal during and outside the grazing period, because of a fire and non-fire eligible adverse weather event or loss condition calculated by adding:
	• item 91, plus
	• item 92, plus
	• item 93.
	Part I – Water Transporting
95	Enter the sequential corresponding letter from CCC-851, item 69, for each livestock kind, type, and weight range for which the loss occurred from CCC-851, item 18.
96	Enter total number of eligible livestock from CCC-851, item 19, in inventory on the beginning date of the eligible loss condition.
	Note: If there is an entry in CCC-851, item 21, then item 21 must be used instead of CCC-851, item 19.
97	Enter the AU conversion factor, provided in Exhibit 16, for the corresponding livestock group(s) entered in item 95.
98	Enter the daily water requirement, per AU, provided in subparagraph 52 B for the *method of transporting water, provided from CCC-851, items 70B, and* corresponding livestock groups entered in item 95.
99	Enter the applicable national average price per gallon, provided in subparagraph 52 A, based on the method the producer used to transport water in the applicable program year.

A Completing Manual CCC-851-1 (Continued)

*__

Item	Instruction
	Part I – Water Transporting, Cont.
100	Enter the value of 150 calendar days of water hauling calculated by multiplying:
	• item 96, times
	• item 97, times
	• item 98, times
	• item 99
	• 150 calendar days.
101	The results will be rounded to the nearest whole dollar.
101	Enter the total gallons of water transported calculated by:
	• sum of all entries from CCC-851, item 73, times
	• CCC-851, item 74.
	Note: If there is an entry in CCC-851, item 75, then item 75 must be used instead of CCC-851, item 73.
102	Enter the applicable national average price per gallon, provided in subparagraph 52 A, based on the method the producer used to transport water in the applicable
	program year.
	Important: This rate must be the same rate entered in item 99.
103	Enter the value of the total gallons of water transported calculated by multiplying:
	• item 101, times
	• item 102.
	The results will be rounded to the nearest whole dollar.
104	Enter the calculated payment for 150 calendar days of water transporting by adding the results in item 100.
105	Enter the smaller of item 103 or 104.
106	The national payment factor is either of the following:
100	
	• 60 percent for producers who checked "NO", in CCC-851, item 5B
	• 90 percent for producers who checked "YES", in CCC-851, item 5B.
107	Enter the total calculated payment for water transporting by multiplying:
	• item 105, times
	• item 106.

Item	Instruction
100111	Part J – Cattle Tick Fever
108	Enter the sequential corresponding letter from CCC-851, item 76, for each livestock
	kind, type, and weight range for which the loss occurred from CCC-851, item 18.
109	Enter the date the livestock were treated or inspected from CCC-851, item 77.
	Note: If there is an entry in CCC-851, item 79, then item 79 must be used instead
110	Enter the number of livestock treated or inspected from CCC-851, item 78, for the
	applicable livestock entered in item 108.
	N. 4. 104
	Note: If there is an entry in CCC-851, item 80, then item 80 must be used instead of CCC-851, item 78.
111	Enter the payment rate provided in paragraph 56, for the applicable livestock
111	entered in item 108.
112	Enter the total loss for cattle tick fever calculated by multiplying:
	Lines and seems sees see course sees as a consequence of interapying.
	• item 110, times
	• item 111.
	The results will be rounded to the nearest whole dollar.
113	Enter the calculated payment for cattle tick fever by adding the results in item 112.
114	The national payment factor is either of the following:
	(0
	• 60 percent for producers who checked "NO", in CCC-851, item 5B
115	• 90 percent for producers who checked "YES", in CCC-851, item 5B.
115	Enter the total calculated payment for cattle tick fever by multiplying:
	• item 113, times
	• item 114.
	Part K– Payments
116	Enter total net calculated payment amount calculated by adding:
	• item 66, plus
	• item 94, plus
	• item 107, plus
	• item 115
117	Enter preparer's name, initials, title, and date the payment calculation worksheet is
A-D	completed.
118	Enter the second party reviewer's name, initials, title, and date the payment
A-D	calculation worksheet was reviewed.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filling deadlines vary by program or incident.

Persons with disabilities who require atternative means of communication for program information (e.g., Braille, large print, audiolape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-302T, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

124 ELAP Checklists

A Introduction

The Improper Payments Information Act of 2002 requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. The following forms were developed to address areas of concern to ensure that ELAP payments are issued properly:

- for livestock losses, CCC-770 ELAP-1
- for honeybee losses, CCC-770 ELAP-2
- for farm-raised fish, CCC-770 ELAP-3.

B Program Checklists

CCC-770 ELAP Checklists:

- are applicable to administering ELAP
- must be used when a CCC-851 or CCC-934, as applicable, is filed for the first twenty applications
- •*--must be used for all ELAP applications when the county is confronted with an eligible adverse weather event that has resulted in extreme, widespread losses in the county--*
- does **not** negate STC, SED, State Office, DD, COC, CED, and County Office responsibility for administering all provisions applicable to ELAP.

Note: CCC-770 ELAP checklists were developed by the National Office and is the **only** authorized checklist for ELAP. County Offices will **not** use State- or locally-generated checklists for administering ELAP.

124 ELAP Checklists (Continued)

C County Offices Using CCC-770 ELAP Checklists

County Offices may use CCC-770 ELAP checklists as a management tool to help address deficiencies identified by a review or spot check of whether ELAP policies or procedures are being followed before issuing ELAP payments.

The County Office employee that completes each item on CCC-770 ELAP checklists is certifying that the applicable ELAP provisions have, or have **not**, been met. As an alternative, County Offices may choose to review all items after COC approval, if applicable.

After all questions on CCC-770 ELAP checklists have been answered in a manner that supports approving the applicable checklist, the County Office employee will sign and date CCC-770 ELAP checklist, as the preparer.

Note: In cases involving multiple preparers, the preparer can use the "Remarks" section, to indicate which items they verified.

County Offices will see the applicable handbook provisions, as specified, for additional information.

D Determining When to Use CCC-770 ELAP

SED, STC, or designee, DD, or CED, will determine:

- when County Offices are to complete CCC-770 ELAP checklists, if apparent internal control deficiencies are found during CED, STC representative, or DD reviews
- whether CCC-770 ELAP checklists are necessary to avoid findings indicated in COR reviews
- when additional internal controls are necessary to reduce improper payments.

D Determining When to Use CCC-770 ELAP (Continued)

*--In addition to the circumstances listed in this subpargraph, the county must complete CCC-770 ELAP Checklists for all ELAP applications filed in the county (livestock, honeybees, or farm-raised fish) when producers in the county have suffered widespread losses because of an eligible adverse weather event.

The requirement for ELAP Checklists to be completed for all ELAP applications in the county must be determined by:

- type of extreme, widespread losses occurring (livestock, honeybees, or farm-raised fish)
- eligible adverse weather event that caused the extreme, widespread losses.

Example 1: A winter storm occurs in February in Texas. The winter storm meets the criteria of an eligible winter storm for ELAP, as defined in Exhibit 2. Four counties in Texas suffered widespread livestock grazing losses and additional feed purchased because of the eligible winter storm.

In each of the 4 counties, at least 20 producers contacted the County Office to file a notice of loss for livestock grazing and feed losses. In these 4 counties, 20 ELAP applications for grazing and additional feed losses are considered extreme, widespread losses because in a typical year, the 4 counties do not have grazing and additional feed losses claimed under ELAP. In this situation, the County Office must complete CCC-770 ELAP-2 for each application filed for grazing and additional feed purchased above normal because of the eligible winter storm in each of the 4 counties.

Example 2: A flood occurs in 1 county in Florida. Only 2 honeybee producers in the county file a notice of loss for honeybee colony losses because of the flood. The County Office does not need to complete CCC-770 ELAP-1 for these 2 honeybee producers.--*

125 CCC-770 ELAP-1 for Livestock Losses

A Completing CCC-770 ELAP-1

For livestock losses, the CCC-770 ELAP-1 will be completed according to the following.

Item	Instructions
1	Enter the name of the producer.
2	Enter the applicable State name.
3	Enter County Office name that is completing CCC-770 ELAP-1.
4	Enter the Calendar Year for which benefits are being requested from CCC-851 item 2.
5-51	Check (✓) "YES", "NO", or "N/A", as applicable for the respective losses claimed on the CCC-851.
52	Enter any remarks that may explain special circumstance or explanations for items checked "NO".
53A and B	Any employee that initials 1 or more items from 5 through 51 must certify by signing as preparer and entering date of signature.
54A, B, and C	 Important: This item will be completed if CCC-770 ELAP-1 is selected for spot check. If CCC-770 ELAP-1 is selected for spot check, CED must certify: item 54A by checking "Concur" or "Do Not Concur" accordingly if CCC-770 ELAP-1 items have been verified and completed item 54B by signing item 54C by entering date of signature.
55A, B, and C	 Important: This item will be completed if CCC-770 ELAP-1 is selected for spot check. If CCC-770 ELAP-1 is selected for spot check, STC or designated representative must certify: item 55A by checking "Concur" or "Do Not Concur" accordingly if CCC-770 ELAP-1 items have been verified and completed item 55B by signing item 55C by entering date of signature.

A Completing CCC-770 ELAP-2

For honeybee losses, the CCC-770 ELAP-2 will be completed according to the following.

Item	Instructions
1	Enter the name of the producer.
2	Enter the applicable State name.
3	Enter County Office name that is completing CCC-770 ELAP-2.
4	Enter the Calendar Year for which benefits are being requested from CCC-934 item 2.
5-37	Check (✓) "YES", "NO", or "N/A", as applicable for the respective losses claimed on the CCC-934.
38	Enter any remarks that may explain special circumstance or explanations for items checked "NO".
39A and B	Any employee that initials 1 or more items from 5 through 37 must certify by signing as preparer and entering date of signature.
40A, B, and C	 Important: This item will be completed if CCC-770 ELAP-2 is selected for spot check. If CCC-770 ELAP-2 is selected for spot check, CED must certify: item 40A by checking "Concur" or "Do Not Concur" accordingly if CCC-770 ELAP-2 items have been verified and completed item 40B by signing item 40C by entering date of signature.
41A, B, and C	 Important: This item will be completed if CCC-770-ELAP-2 is selected for spot check. If CCC-770 ELAP-2 is selected for spot check, STC or designated representative must certify: item 41A by checking "Concur" or "Do Not Concur" accordingly if CCC-770 ELAP-2 items have been verified and completed item 41B by signing item 41C by entering date of signature.

Part 6 Automated Payment Calculation Worksheets

159 Accessing the Automated CCC-934-1 and CCC-851-1

A Introduction

Because an automated application process is **not** available, the data captured on CCC-934 and CCC-851 **must** be recorded by the County Office in the automated CCC-934-1 and CCC-851-1 payment calculation worksheets developed in Microsoft InfoPath.

B Accessing the ELAP Payment Calculation Worksheets Main Menu

Access the ELAP Payment Calculation Worksheets Main Menu according to this table.

Step	Action				
1	Go to FSA's Intranet DAFP web site at https://inside.fsa.usda.gov/program-				
	areas/dafp/index.				
2	On the FSA Intranet DAFP Screen, scroll down and CLICK "ELAP Payment				
	Calculation Worksheets".				
	Note: Internet Explorer must be used when accessing the ELAP payment				
	calculation worksheets.				
3	The ELAP Payment Calculation Worksheets Main Menu will be displayed.				
4	Select the program year.				

159 Accessing the Automated CCC-934-1 and CCC-851-1 (Continued)

C ELAP Payment Calculation Worksheets Main Menu

The ELAP Payment Calculation Worksheets Main Menu provides the user with the following options:

- "Complete and Submit NEW CCC-934-1 for Honeybee And Farm-Raised Fish Losses"
- "EDIT CCC-934-1 for Honeybees and Farm-Raised Fish Losses"
- "Complete and Submit NEW CCC-851-1 for Livestock Losses"
- "EDIT CCC-851-1 for Livestock Losses"
- "Approved ELAP Gross Payment Report HBFRF"
- "Approved ELAP Gross Payments Report Livestock".

D Example of ELAP Payment Calculation Worksheets Main Menu

The following is an example of the ELAP Payment Calculation Worksheets Main Menu.

Select the Program Year: 2020
Honey Bee and Farm Raised Fish
Complete and Submit NEW CCC-934-1 for Honeybee and Farm-Raised Fish Losses EDIT CCC-934-1 for Honeybees and Farm-Raised Fish Losses
Livestock - 2019
Complete and Submit NEW CCC-851-1 for Livestock Losses EDIT CCC-851-1 for Livestock Losses
Reports
Approved ELAP Gross Payments Report - HBFRF Approved ELAP Gross Payments Report - Livestock

E Action

This table provides instructions to do the following:

- create CCC-934-1 or CCC-851-1
- edit CCC-934-1 or CCC-851-1
- generate and print a report of CCC-851-1's or CCC-934-1's submitted to the ELAP database by State and program year
- generate and print an Approved Gross Payment Report for honeybees and farm-raised fish or livestock applications.

IF user wants to	THEN CLICK
create a new CCC-851-1	"Complete and Submit NEW CCC-851-1 for Livestock
	Losses". See paragraph 169 through 181.
create a new CCC 934-1	"Complete and Submit NEW CCC-934-1 for Honeybee
	and Farm-Raised Fish Losses". See paragraph 161
	through 168.
edit CCC-851-1	"Edit CCC-851-1 for Livestock Losses". See
	paragraph 169 through 181.
edit CCC-934-1	"EDIT CCC-934-1 for Honeybees and Farm-Raised
	Fish Losses ". See paragraph 161 through 168.
create and/or print an Approved	"Approved ELAP Gross Payments Report - HBFRF".

	submitted to the ELAP database				
	saved and printed.				

161 CCC-934-1 Application Information Screen

A Introduction

Because an automated application process is **not** available, the data captured on CCC-934 **must** be recorded in the automated CCC-934-1.

B Accessing the Automated CCC-934-1

On the ELAP Payment Calculation Worksheets Main Menu, after users click "Complete and Submit NEW CCC-934-1 for Honeybee and Farm-Raised Fish Losses", the CCC-934-1 Application Information Screen will be displayed.

The following is an example of the Application Information Screen.

D Navigating Through the Automated CCC-934-1

Tabs for each CCC-934-1 part, as listed in subparagraph 122 A, are provided at the top of all screens. To navigate through the different parts of the automated CCC-934-1, click the applicable tab at the top of the screen.

Emergency Assistance for Honeybee and Farm-Raised Fish Losses Payment Calculation Worksheet (CCC-934-1 Automated)								
Application Info	Part A	Part B	Part C	Part D & E	Part F	Part G & H	Submit/Save/Print	

E Action

The following table provides instructions for completing the Application Information Screen.

Item		Instruction				
	•	Application Information				
"Physical Location State"	-	o-down list, select the physical location State where the loss a CCC-934, item 7E for the applicable loss event.				
	Note: The physical location State must be associated with the administrative county selected from the "Administrative County" drop-down list.					
	Important:	For honeybee producers, if the honeybees were moved from the farm associated with the administrative county to a different State or county not administered by the administrative county selected from the "Administrative County" drop-down list, and the loss occurred in the other State or county not associated with the administrative county, select the physical location State and county of the farm associated with the administrative county.				
"Physical Location		p-down list, select the physical location county of the farm where red from CCC-934, item 7E for the applicable loss event.				
County"	admini	nysical location county must be associated with the istrative county selected from the "Administrative County" lown list.				
	Important:	For honeybee producers, if the honeybees were moved from the farm associated with the administrative county to a different State or county not administered by the administrative county selected from the "Administrative County" drop-down list, and the loss occurred in the other State or county not associated with the administrative county, select the physical location State and county of the farm associated with the administrative county.				

Item	Instruction

participant"	• "YES", if the producer checked (✓) CCC-934, item 5B, "YES"			
	• "NO", if the producer checked (✓) CCC-934, item 5B, "NO".			
	Note: Item default is "NO".			
	Important: It is critical that the correct answer is clicked because all payment rates used in calculating payments are based off the answer.			
"Customer ID"	Enter participant's customer ID number from SCIMS.			
"Program Year"	From the drop-down list, select the applicable program year in which the loss occurred from CCC-934, item 2.			
"Application No."	Enter application number from CCC-934, item 4, and PRESS " Tab " key.			
	Click 1 of the following at the:			
	• bottom of the screen, click either of the following:			
	• "Enter Honeybee Losses", to enter honeybee colony loss data into CCC-934-1, Part A			
	• "Enter Farm-Raised Fish Losses", to enter farm-raised fish death loss data into CCC-934-1, Part F			
	• top of the screen, the appropriate tab to enter additional loss data.			

Important:

Required entries are denoted with a red asterisk (*). All required entries **must** be completed **before** the following items will be enabled on the Application Information Screen:

- "Enter Honeybee Losses" button
- "Enter Farm-Raised Fish Losses" button
- tabs at the top of the screen as described in subparagraph D.

162 CCC-934-1, Part A - Colony Loss Calculation Screen

A Introduction

After all of the required fields on the Application Information Screen have been completed and user clicks "Enter Honeybee Losses" at the bottom of the screen or the "Part A" tab at the top of the screen, the Part A – Colony Loss Calculation Screen will be displayed. The Part A – Colony Loss Calculation Screen allows users to enter information for honeybee colony losses from CCC-934, Part D, items 11A through 11L, as applicable.

B Example of Part A - Colony Loss Calculation Screen

The following is an example of the Part A – Colony Loss Calculation Screen.

C Action

The following table provides instructions for completing the Colony Loss Calculation Screen.

<u> </u>								
Item	Instruction							
7	Enter participant's cumulative inventory, as of the applicable loss event in the program year, by producer share, calculated by subtracting:							
	• the result of adding:							
	 CCC-934 or CCC-934-A, item 11B (or item 11H, if an entry is provided), plus 							
	• sum of all entries from CCC-934 or CCC-934-A, item 11C (or item 11I, if an entry is provided), by producer share, as of the applicable loss event							
	• minus the sum of all entries from CCC-934 or CCC-934-A, item 11D (or item 11J, if an entry is provided), by producer share, as of the applicable loss event.							
	Note: If participant has multiple shares, use the items from the applicable CCC-934-A.							
8	No entry required by user. Percent of normal mortality for honeybee colonies as provided in subparagraph 64 C.							
9	No entry required by user. Minimum colony loss threshold is calculated by multiplying: • item 7, times							
	• item 8. The result is rounded to 2 decimal places.							

Item	Instruction
10	
10	Enter cumulative number of colonies lost during the program year, as of the applicable
	loss event, calculated by adding the results from CCC-934 and/or CCC-934-A,
	item 11E, by producer share.
	Note: If an entry is provided in CCC-934, item 11K, then item 11K must be used
	when summing the number of honeybee colonies lost in the program year, as of the applicable loss event, instead of item 11E.
11	Enter cumulative number of ineligible colonies lost during the program year, as of the
	applicable loss event. This is calculated by adding the results from CCC-934 and/or
	CCC-934-A, column 11F, by producer share.
	Note: If entry is provided in CCC-934, item 11L, then item 11L must be used when
	summing the number of ineligible inventory lost in the program year, as of the
	applicable loss event, instead of item 11F.
12	No entry required by user. Eligible cumulative lost colonies are calculated by
	subtracting:
	• item 10, minus
	• item 11.
13	No entry required by user. Payment colonies are calculated by multiplying:
	• the result of subtracting:
	• item 12, minus
	• item 9
	• times, item 6 for each producer share entry number.
	The result is rounded to 2 decimal places.

Item	Instruction						
14	No entry required by user. Total payment colonies are calculated by summing the						
	entries in item 13 for all producer share entries. The result is rounded to 2 decimal						
	places.						
15	No entry required by user. The colony fair market value for the applicable						
1.5	program year will prefill, as provided in subparagraph 64 C.						
16	No entry required by user. The payment factor will prefill with either of the						
	following:						
	• 75 percent, if the producer checked (✓) CCC-934, item 5B, "NO"						
	• 90 percent, if the producer checked (✓) CCC-934, item 5B, "YES".						
17	No entry required by user. Subtotal of eligible colony losses are calculated by						
	multiplying:						
	• item 14, times						
	• item 15, times						
	• item 16.						
	The result is rounded to the nearest whole dollar.						
18	Enter amount of compensation included in the total amount of reductions from						
	CCC-934, item 16, received from other disaster assistance programs for the same						
10	honeybee colony losses listed in item 17.						
19	No entry required by user. The total eligible colony losses are calculated by						
	subtracting:						
	• item 17, minus						
	• item 18.						
	Click 1 of the following at the:						
	• bottom of the screen, click either of the following:						
	bottom of the sereen, enex cruier of the following.						
	• "Continue to Part B", to enter honeybee hive loss data into CCC-934-1,						
	Part B						
	"Back to Application Info", to go to the Application Information Screen						
	• top of the screen, the appropriate tab to enter applicable loss data into another						
	CCC-934-1 part.						

163 CCC-934-1, Part B – Honeybee Hive Loss Calculation Screen

A Introduction

The Part B – Honeybee Hive Loss Calculation Screen allows users to enter information for honeybee hive losses from CCC-934, Part F, items 13A through 13L, as applicable.

B Example of Part B – Honeybee Hive Loss Calculation Screen

The following is an example of the Part B – Honeybee Hive Loss Calculation Screen.

The following table provides instructions for completing the Honeybee Hive Loss Calculation Screen.

163 CCC-934-1, Part B – Honeybee Hive Loss Calculation Screen (Continued)

Item	Instruction
22	Enter cumulative number of honeybee hives lost as of the applicable loss event, calculated by adding all entries from CCC-934 and/or CCC-934-A, item 13E, per
	share entry.
	Note: If entry is provided in CCC-934 or CCC-934-A, item 13K, then item 13K must be used instead of item 13E.
23	Enter number of ineligible hives lost during the program year, as of the applicable loss event, calculated by adding all entries on CCC-934 and/or CCC-934-A, item 13F.
	Note: If an entry is provided in CCC-934 or CCC-934-A, item 13L, then item 13L must be used instead of item 17F.
24	No entry required by user. Number of cumulative eligible hives lost, as of the applicable loss event, is calculated by subtracting:
	• item 22, minus
25	• item 23. No entry required by user. The hive fair market value for the applicable program
23	year, as provided in subparagraph 64 C, will be prefilled.
26	No entry required by user. Payment factor will prefill with either of the following:
	• 75 percent, if the producer checked (✓) CCC-934, item 5B, "NO"
	• 90 percent, if the producer checked (✓) CCC-934, item 5B, "YES".

Item	1 Instruction							
27	No entry required by user. Cumulative eligible hive losses are calculated by							
	multiplying:							
	e itam 21 timas							
	item 21, timesitem 24, times							
	• item 25, times							
	• item 26.							
	The result is rounded to the nearest whole dollar.							
28	No entry required by user. Subtotal of eligible hive losses is calculated by adding							
20	item 27 for all producer share entries.							
29	Enter amount of compensation included in the total amount of reductions from							
	CCC-934, item 16, received from other disaster assistance programs for the same honeybee hive losses listed in item 28.							
30	No entry required by user. Cumulative eligible hive losses as of applicable loss							
	event are calculated by subtracting:							
	• item 28, minus							
	• item 29.							
	Click 1 of the following at the:							
	bottom of the screen, click either of the following:							
	solution of the server, onen crimer of the rone wing.							
	"Continue to Part C", to enter honeybee purchased feed losses or							
	additional expenses into Part C of CCC-934-1							
	"Back to Part A", to go to the Colony Loss Calculation Screen							
	• top of the screen, the appropriate tab to enter applicable loss data into another							
	CCC-934-1 part.							

164 CCC-934-1, Part C – Honeybee Purchased Feed Lost and/or Additional Expense Calculation Screen

A Introduction

The Part C – Honeybee Purchased Feed Lost and/or Additional Expense Calculation Screen allows users to enter information for honeybee feed losses from CCC-934, Part G, items 14A through 14F, as applicable.

Important: Only line entries on CCC-934, Part G, that have "H" entered in item 14B, must be entered in CCC-934-1, Part C, for honeybee purchased feed lost and/or additional expenses. See paragraph 129 for entering data from line entries on CCC-934, Part G, that have "F" entered in item 14B, for farm-raised fish purchased feed lost and/or additional expenses.

	• 90 percen	tt, if the producer checked (✓) CCC-934, item 5B, "YES".									

Item	Instruction
46	No entry required by user. Eligible additional feed purchased is calculated by multiplying:
	multiplying.
	• result of subtracting:
	• item 42, minus
	• item 43C
	• times item 44
	• times item 45.
	The result will be rounded to the nearest whole dollar.
47	No entry required by user. Subtotal of eligible additional honeybee feed purchased is calculated by summing the results in item 46.
48	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same additional honeybee feed purchases, incurred listed in item 47.
49	No entry required by user. Total eligible additional honeybee feed loss is
	calculated by subtracting:
	• item 47, minus
	• item 48.

D Part E – Total Honeybee Losses for Program Year

At the bottom of the Part D - Additional Honeybee Feed Purchased Calculation Screen is Part E - Total Honeybee Losses for Program Year. Part E calculates the total honeybee losses for the applicant including, honeybee colony (Part A), hive (Part B), purchased feed/additional expense (Part C), and additional feed purchases above normal (Part D).

E Example of Part E – Total Honeybee Losses for Program Year

The following is an example of Part E – Total Honeybee Losses for Program Year.

Part E - Total Honeybee Losses for P	rogram Year					
50. Eligible Honeybee Colony Losses \$3,150	51. Eligibl \$3,628	e Honeybee Hive Losses	52. Eligible Honeybee Feed Losses \$225 \$7,003			53. Eligible Honeybee Losses
	< Back to Part C	Continue to Part F >	or	Skip Farm Raised Fish Section		

F Action

Part E does **not** require data entry by the user. Part E will be calculated as provided in the following table.

Item	Instruction
	Part E – Total Honeybee Losses for Program Year
50	No entry required by user. Eligible honeybee colony losses are equal to item 19.
51	No entry required by user. Eligible honeybee hive losses are equal to item 30.
52	No entry required by user. Eligible honeybee feed losses are calculated by adding:
	• item 39, plus
	• item 49.
53	No entry required by user. Eligible honeybee losses are calculated by adding:
	• item 50, plus
	• item 51, plus
	• item 52.
	Click 1 of the following at the:
	• bottom of the screen, 1 of the following:
	contain of the sereen, I of the following.
	"Back to Part C", to go to Honeybee Purchased Feed and/or Additional Expenses Screen
	"Continue to Part F", to go to the Farm-Raised Fish Death Loss Calculation Screen
	"Skip Farm-Raised Fish Section", to go to the Print Screen
	• top of the screen, the appropriate tab to enter applicable loss data into another CCC-934-1 part.

166 CCC-934-1, Part F – Farm-Raised Fish Death Loss Calculation Screen

A Introduction

The Part F – Farm-Raised Fish Death Loss Calculation Screen allows users to enter information to calculate death loss from CCC-934, Part E, items 12A through 12J, as applicable.

B Example of Part F – Farm-Raised Fish Death Loss Calculation Screen

The following is an example of the Part F – Farm-Raised Fish Death Loss Calculation Screen.

Item	Instruction							
	Part F – Farm-Raised Fish Death Loss Calculation							
54	Enter loss event numbers from CCC-934 or CCC-934-A, item 12A.							
55	Enter type/kind/size from CCC-394 or CCC-934-A, item 12B.							
56	Enter beginning inventory from CCC-934 or CCC-934-A, item 12D.							
	Note: If entry is provided in CCC-934 or CCC-934-A, item 12H, then enter item 12H instead of item 12D.							
57	Enter ending inventory from CCC-934 or CCC-934-A, item 12E.							
	Note: If entry is provided in CCC-934 or CCC-934-A, item 12I, then enter item 12I instead of item 12E.							
58A	Enter normal mortality established by STC for the type, kind, and size, as established in paragraph 79.							
58 B	No entry required by user. Minimum fish loss threshold is calculated by multiplying:							
	• item 56, times							
	• item 58 A.							
	The result is rounded to the nearest whole number.							
59	Enter ineligible inventory lost from CCC-934 or CCC-934-A, item 12F.							
	Note: If entry is provided in CCC-934 or CCC-934-A, item 12J, then enter item 12J instead of item 12F.							

166 CCC-934-1, Part F – Farm-Raised Fish Death Loss Calculation Screen (Continued)

Item		Instruction								
60	No entry required by user. Eligible inventory lost is calculated by subtracting the following:									
	• result of s	• result of subtracting:								
	item 56, minusitem 57									
	• minus, ite	m 58B								
	• minus, ite	m 59.								
	The result is	rounded to the nearest whole number.								
61	Note: If the	participant has multiple shares, on the left of the screen and select "Insert tbl_ccc934 after". An additional linguist to enter differing shares from CCC-934-A*								
	Important:	Producer's share must be entered using 4 decimal pla example, 100 percent interest is entered as "1.0000" percent interest is entered as ".5500". If the produced exceeds 1.0000, an error box will appear.	and 55	5						
		ccc_934-1_editv2 - Microsoft InfoPath	?	×						
		Producer Share Invalid Producer Share can not exceed 1.0000 OK		E						

Item	Instruction
62	Enter average fair market value established by STC for the type, kind, and size, as
	determined according to subparagraph 79.
63	No entry required by user. Payment factor is prefilled with either of the
	following:
	75 (C) 1 1 1 1 (A) CCC 024 (C) 5D (NO.)
	• 75 percent, if the producer checked (\checkmark) CCC-934, item 5B, "NO"
61	• 90 percent, if the producer checked (✓) CCC-934, item 5B, "YES".
64	No entry required by user. Eligible death losses are calculated by multiplying:
	• item 60, times
	• item 61, times
	• item 62, times
	• item 63.
	1 tem 65.
	The result will be rounded to the nearest whole dollar.
65	No entry required by user. Subtotal of eligible farm-raised fish death losses are
	calculated by summing the results in item 64.
66	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same
	farm-raised fish death loss expenses incurred listed in item 65.
67	No entry required by user. Total eligible farm-raised fish death losses are
	calculated by subtracting:
	• item 65, minus
	• item 66.
	Click 1 of the following at the:
	• bottom of the screen, click either of the following:
	• "Back to Part D&E", to go to Additional Honeybee Feed Purchased
	Calculation Screen
	• "Continue to Part G", to go to the Farm-Raised Fish Purchased Feed Lost
	and/or Additional Expense Calculation Screen
	• top of the screen, the appropriate tab to enter applicable loss data into another
	CCC-934-1 part.

A Introduction

The Part G – Farm-Raised Fish Purchased Feed Lost and/or Additional Expense Calculation Screen allows users to enter information to calculate feed losses and other expenses from CCC-934, Part G, items 14A through 14F, as applicable.

Important: Only line entries on CCC-934, Part G, that have "F" entered in item 14B, must be entered in CCC-934-1, Part G, for farm-raised fish purchased feed lost and/or additional expenses. See paragraph 164 for entering data from line entries on CCC-934, Part G, that have "H" entered in item 14B, for honeybee purchased feed lost and/or additional expenses.

B Example of Part G – Farm-Raised Fish Purchased Feed Lost and/or Additional Expense Calculation Screen

The following is an example of the Part G – Farm-Raised Fish Purchased Feed Lost and/or Additional Expense Calculation Screen.

C Action

The following table provides instructions for completing the Farm-Raised Fish Purchased Feed Lost and/or Additional Expense Calculation Screen.

Item	Instruction								
Pa	rt G – Farm-Raised Fish Purchased Feed Lost and/or Additional Expense								
	Calculation								
68	Enter corresponding loss event number from CCC-934 or CCC-934-A, item 14A.								
69	Enter type of farm-raised fish purchased feed lost/additional expense incurred from CCC-934 or CCC-934-A, item 14C, for the corresponding loss event number entered in item 68.								
70	Enter value of purchased feed lost/additional expense incurred from CCC-934 or CCC-934-A, item 14D, for the corresponding loss event number entered in item 68.								
	Note: If entry is in CCC-934 or CCC-934-A, item 14F, then item 14F must be entered instead of item 14D.								
71	Enter producer's share from CCC-934 or CCC-934-A, item 14E.								
	Note: If the participant has multiple shares, on the left of the screen, CLICK " and select "Insert tbl_ccc934 after". An additional line will be displayed to enter differing shares from CCC-934-A. Important: Producer's share must be entered using 4 decimal places. For example, 100 percent interest is entered as "1.0000" and 55 percent interest is entered as ".5500". If the producer's share exceeds 1.0000, an error message will appear.								
	ccc_934-1_editv2 - Microsoft InfoPath ? X								
	Producer Share Invalid Producer Share can not exceed 1.0000 OK								
72	No entry required by user. Payment factor is prefilled with one of the following:								
	 60 percent, if the producer checked (✓) CCC-934, item 5B, "NO" 90 percent, if the producer checked (✓) CCC-934, item 5B, "YES". 								

Item	Instruction
73	No entry required by user. Eligible farm-raised fish feed losses are calculated by
	multiplying:
	• item 70, times
	• item 71, times
	• item 72.
	The result will be rounded to the nearest whole dollar.
74	No entry required by user. Subtotal of eligible farm-raised fish feed
	losses/additional expenses are calculated by adding the results in item 73.
75	Enter amount of compensation included in the total amount of reductions from
	CCC-934, item 16, received from other disaster assistance programs for the same
	farm-raised fish feed losses/additional expenses incurred listed in item 74.
76	No entry required by user. Total eligible farm-raised fish purchased feed losses
	are calculated by subtracting:
	• item 74, minus
	• item 75.

D Part H – Total Farm-Raised Fish Losses for Program Year

At the bottom of the Part G - Farm-Raised Fish Purchased Feed Lost and/or Additional Expense Calculation Screen is Part H - Total Farm-Raised Fish Losses for Program Year. Part H calculates the total farm-raised fish losses for the applicant including, farm-raised fish death losses (Part F) and purchased feed lost and/or additional expenses (Part G).

E Example of Part H – Total Farm-Raised Fish Losses for Program Year

The following is an example of Part H – Total Farm-Raised Fish Losses for Program Year.

Part I	H - Total Farm-Raised Fish Losses for Prog	ram Yea	•		
\$19	77. Eligible Farm-Raised Fish Death Losses	\$300	78. Eligible Farm-Raised Fish Feed Losses	\$319	79. Eligible Farm-Raised Fish Losses
			< Back to Part F Submit/Save/Print >		

F Action

Part H does **not** require data entry by user. Part H will be calculated as provided in the following table.

Item	Instruction
	Part H - Total Farm-Raised Fish Losses for Program Year
77	No entry required by user. Eligible farm-raised fish death losses are equal to
	item 67.
78	No entry required by user. Eligible farm-raised fish feed losses are equal to item 76.
79	No entry required by user. Eligible farm—raised fish losses are calculated by adding:
	• item 77, plus
	• item 78.
	Click 1 of the following at the:
	• bottom of the screen, click either of the following:
	"Back to Part F", to go to Farm-Raised Fish Purchased Feed Lost and/or Additional Expense Calculation Screen
	• "Submit/Save/Print", to:
	• view the printable version of CCC-934-1
	• submit CCC-934-1 to the ELAP database
	• save and/or print CCC-934-1
	• top of the screen, the appropriate tab to enter applicable loss data into another CCC-934-1 part.

168 Submitting, Saving, and Printing the Automated CCC-934-1

A "Submit/Save/Print" Button

If users click "Submit/Save/Print", the completed CCC-934-1 will be displayed.

C Submitting CCC-934-1 to the ELAP Database

The only way to submit CCC-934-1 to the ELAP database is to CLICK "Submit" as follows.

Important: CCC-934-1 will no longer automatically be saved to the ELAP database as previously provided. To submit CCC-934-1 to the ELAP database, users **must** CLICK "**Submit**" when viewing CCC-934-1 in print view.

C Submitting CCC-934-1 to the ELAP Database (Continued)

If the user does not click "Submit" **before** exiting the print view, the following message will be displayed.

Click either of the following:

- "Submit", to submit CCC-934-1 to the ELAP database
- "Don't Submit" or "Cancel", to not submit CCC-934-1 to the ELAP database.

The following message will be displayed if CCC-934-1 has been successfully submitted to the ELAP database. If the message is **not** displayed, CCC-934-1 has **not** been successfully submitted to the ELAP database.

D Saving and Printing the Automated CCC-934-1

The following table provides instructions to save and print the automated CCC-934-1.

D Saving and Printing the Automated CCC-934-1 (Continued)

D Saving and Printing the Automated CCC-934-1 (Continued)

D Saving and Printing the Automated CCC-934-1 (Continued)

169 CCC-851-1 Application Information Screen

A Introduction

Because an automated application process is **not** available, the data captured on CCC-851 **must** be recorded in the automated CCC-851-1.

B Accessing the Automated CCC-851-1

The link to the automated CCC-851-1 can be found on the DAFP Intranet site located at: https://inside.fsa.usda.gov/program-areas/dafp/dap/elap/index. Click on the ELAP Payment Calculation Worksheets (SharePoint) link.

Select program year.

From the ELAP Payment Calculation Worksheets Main Menu, after users click "Complete and Submit NEW CCC-851-1 for Livestock Losses", the CCC-851-1 Application Information Screen will be displayed.

When prompted click on "Save".

C Application Information Screen

The following is an example of the Application Information Screen. Required entries are denoted with a red asterisk (*) and all required entries **must** be completed for that field.

169 CCC-851-1 Application Information Screen (Continued)

C Application Information Screen (Continued)

After all required fields are completed, the navigation buttons at the top and the navigation button at the bottom will become active and the user may move to the next part.

	• bottom of the screen, "Enter Part A", to go to CCC-851-1, Part A -
	Livestock Forage Information - Grazing Loss - Non-Fire Screen
	• top of the screen, the appropriate tab to enter additional loss data.

A Introduction

*__

After all of the required fields on the Application Information Screen have been completed, Part A - Livestock Forage Information - Grazing Loss - Non-Fire Screen will be displayed that allows the user to enter information for livestock grazing losses from CCC-851, Part D, items 16 through 21 and the number of lost grazing days, as applicable.

Important: Part A must be completed for the following types of livestock losses:

- grazing losses non-fire
- feed losses/additional expenses
- water transportation.

B Example of Part A - Livestock Forage Information - Grazing Loss - Non-Fire Screen

The following is an example of the Part A - Livestock Forage Information - Grazing Loss - Non-Fire Screen.

C Action

The following table provides instructions for completing the Part A - Livestock Forage Information - Grazing Loss - Non-Fire Screen.

Item	Instruction
P	Part A - Livestock Forage Information - Grazing Loss - Non-Fire Screen
5	Enter sequential corresponding letter from CCC-851, item 17, for each livestock kind, type, and weight range that incurred a grazing nonfire, feed/additional expense and/or water transportation loss.
	Notes: An entry is only required for those livestock that were or would have been grazing eligible pasture or grazing land acres during the eligible loss event, excluding fire .
	Livestock that were or would have been grazing fire affected pasture or grazing land acres must not be entered in Part A.
6	From the drop-down list, select the livestock by kind, type, and weight range from CCC-851, item 18 for the applicable livestock.
7	Enter livestock inventory from CCC-851, item 19.
	Note: If an entry is entered in CCC-851, item 21, then for the specific livestock kind, type, and weight range, item 21 must be used instead of item 19.
8	No entry required by user. The AU conversion factor, provided in Exhibit 16, for the animal type selected in item 6, will be displayed.

Item	Instruction
9	Enter actual number of calendar days the producer's eligible livestock were unable to graze each specific type of pasture, not to exceed 150 calendar days per program year, from CCC-851:
	• item 26 for owned or cash-leased land (nonfire affected); if an entry is entered in CCC-851, item 29, then for the specific livestock kind, type, and weight range, item 29 must be used instead of item 26.
	• item 33 for AUM/AU leased land (nonfire affected); if an entry is entered in CCC-851, item 35, then for the specific livestock kind, type, and weight range, item 30 must be used instead of item 33.
	If more than 150 calendar days are entered, the following error message will be displayed. CLICK " OK " and reenter 150 days or less. Calculation will not be completed until 150 days or less is entered.
	ccc851-1 - Microsoft InfoPath Exceeds 150
	Grazing Days cannot exceed 150 days. OK

Item	Instruction
10	Enter share the producer has in the livestock entered in item 6, from CCC-851, item 20.
	Important: Producer's share must be entered using 4 decimal places. For example, 100 percent interest is entered as "1.0000" and 55 percent interest is entered as ".5500".
	If greater than 1.0000 is entered, the following error message will be displayed. CLICK " OK " and reenter 1.000 or less.
	ccc851-1 - Microsoft InfoPath
	Producer Share Invalid
	Producer Share can not exceed 1,0000
	OK
11	No entry required by user. The payment rate per head for the applicable
	livestock kind, type, and weight range, entered in item 6, from the table provided
	in subparagraph 33 A for the applicable program year in which the loss occurred
12	will be displayed. No entry required by user. Total valve of livesteek feed east is calculated by
12	No entry required by user. Total value of livestock feed cost is calculated by multiplying:
	manupiying.
	• item 7, times
	• item 8, times
	• item 9, times
	• item 10, times
	• item 11.
	The result is rounded to the nearest whole dollar.

Item	Instruction
13	No entry required by user. Value of livestock feed cost for 150 days is
	calculated by multiplying:
	• item 7, times
	• item 8, times
	• item 10, times
	• item 11, times
	• 150 calendar days.
	The result is rounded to the nearest whole dollar.
	To enter another "Livestock Group":
	- care and an area - care and a care a
	• on the left of the screen, CLICK " "
	CLICK "Insert tbl_ccc851 after"
	• repeat items 5 through 13.
14	No entry required by user. Total value of livestock feed cost is calculated by
	adding item 12 for all livestock groups listed in item 5.
	Click 1 of the following at the:
	bottom of the screen, click either of the following:
	"Continue to Don't D" to see to Don't D. France Information. Consider I are
	 "Continue to Part B", to go to Part B - Forage Information - Grazing Loss - Non-Fire - Owned or Cash-Leased Land Screen
	11011-1 IIC - Owned of Cash-Leased Land Scient
	• "Back to Application Info", to go to the Application Information Screen
	• top of the screen, the appropriate tab to enter applicable loss data into another CCC-851-1 part.

171 CCC-851-1, Part B - Forage Information - Grazing Loss - Non-Fire - Owned or Cash-Leased Land Screen

A Introduction

The Part B - Forage Information - Grazing Loss - Non-Fire - Owned or Cash-Leased Land Screen allows users to enter information for grazing losses on owned or cash-leased land because of an eligible nonfire adverse weather event or loss condition from CCC-851, Part E, items 22 through 29, as applicable.

B Example of Part B - Forage Information - Grazing Loss - Non-Fire - Owned or Cash-Leased Land Screen

The following is an example of the Part B - Forage Information - Grazing Loss - Non-Fire - Owned or Cash-Leased Land Screen.

171 CCC-851-1, Part B - Forage Information - Grazing Loss - Non-Fire - Owned or Cash-Leased Land Screen (Continued)

C Action

The following table provides instructions for completing the Part B - Livestock Forage Information - Grazing Loss - Non-Fire - Owned or Cash-Leased Land Screen.

Item	Instruction						
15	Enter sequential corresponding letter from CCC-851, item 22, for each livestock						
13							
	kind, type, and weight range that are grazing or would have been grazing the						
	specific type of pasture entered in item 16.						
	Note: More than one livestock group may be entered.						
16	From the drop-down list, select the pasture type provide on CCC-851, item 23.						
17A	Enter the total number of acres by physical location county, associated with each						
1/21	pasture type entered in item 23 determined by multiplying:						
	pusture type entered in item 23 determined by materprying.						
	• CCC-851, item 24A, times						
	• CCC-851, item 25.						
	200 031, 16111 23.						
	Note: If an entry is entered in CCC-851, item 28A, then for the specific pasture						
	type, item 28 will be used instead of item 24A in this calculation.						
	Important: The number of acres to enter is not equal to acres in item 24, but						
	instead is equal to the number of acres (item 24) times the						
	producer's share (item 25).						
17B							
	location county, associated with each pasture type entered in item 16 determined						
	by multiplying:						
	• CCC-851, item 24B, times						
	• CCC-851, item 25.						
	Note: If an entry is entered in CCC-851, item 28B, then 28B for specific pasture						
	type, must be used instead of item 24B in the calculation above.						
17C	No entry required by user. The number of acres unaffected by the eligible loss						
1,0	condition, by physical location county, associated with each pasture type entered						
	in item 16 is calculated by subtracting:						
	• item 17A, minus						
	• item 17B.

0.6000
\$293
\$293
< Back to Part B Continue to Part E >

173 CCC-851-1, Part D - Net Payment Calculation for Forage - Non-Fire (Continued)

C Action

The following table provides instructions for completing the Part D - Net Payment Calculation for Forage Screen.

Item	Instructions
31	Enter total value of livestock feed cost from the applicable item 12 for the livestock
	groups entered in item 15 and 24.
	Important: This item must be completed if item 22 or 29 is greater than \$0.
	CCC-851-1 will not submit to the ELAP database if item 22 or 29 is
	greater than \$0 and this item is not completed.
32	No entry required by user. Total value of grazing lost based on carrying capacity
	is calculated by adding:
	• item 23, plus
	• item 30.
33	No entry required by user. Enter smaller of item 31 or 32.
34	No entry required by user. Payment factor of either of the following:
	• 60 percent for producers who checked (✓) CCC-851, item 5B, "NO"
	• 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".
35	No entry required by user. The grazing loss calculated payment amount, nonfire,
	is calculated by multiplying:
	• item 33, times
	• item 34.
	The result will be rounded to the nearest whole number.
36	
30	Enter amount of compensation, included in the total amount of reductions from *CCC-851, item 82, received from other disaster assistance programs for the*
	same grazing losses on the pasture types listed in item 16 and 25.
	same grazing rosses on the pasture types fisted in item 10 and 23.

173 CCC-851-1, Part D - Net Payment Calculation for Forage - Non-Fire (Continued)

Item	Instruction
37	No entry required by user. The net grazing loss calculated payment amount, nonfire, is calculated by subtracting:
	item 35, minusitem 36.
	If the result is less than zero, enter zero in item 37.
	 Click 1 of the following at the: bottom of the screen, click either of the following: "Continue to Part E", to go to Part E - Forage Information - Grazing Loss - Fire Screen
	 "Back to Part B", to go to Part B - Forage Information - Grazing Loss - Non-Fire Owned or Cash Leased Land Screen top of the screen, the appropriate tab to enter applicable loss data into another CCC-851-1 part.

A Introduction

The Part E - Forage Information - Grazing Loss - Fire Screen allows users to enter *--information for grazing losses because of fire from CCC-851, Part F, items 37 through 44,--* as applicable.

B Example of Part E - Forage Information - Grazing Loss - Fire Screen

The following is an example of the Part E - Forage Information - Grazing Loss - Fire Screen.

*

C Action

The following table provides instructions for completing the Part E - Livestock Forage Information - Grazing Loss - Fire Screen.

Item	Instructions
38	Enter sequential corresponding livestock group from CCC-851, item 37.
	Note: Multiple livestock groups may be entered.
39	From the drop-down list, select the pasture type affected by fire on all non-Federal managed lands, from CCC-851, item 38.
40A	Enter the total number of acres, by physical location county, for the applicable pasture types listed in item 39, determined by multiplying:
	• CCC-851, item 39A times
	• CCC-851, item 40.
	Note: If an entry is entered in CCC-851, item 43A, then for the specific pasture type, item 43A, will be used instead of item 39A.
40B	Enter the applicable number of acres affected by wildfire, by physical location county, for the applicable pasture types listed in item 39, from CCC-851, item 39B.
	Note: If an entry is entered in CCC-851, item 43B, then for the specific pasture type, item 43B, will be used instead of item 39B.
40C	No entry required by user. The number of acres unaffected by wildfire, by physical location county, associated with each pasture type entered in item 39 is calculated by subtracting:
	• item 40A, minus
	• item 40B.
41	Enter carrying capacity from CCC-851, item 41, for the applicable pasture types listed in item 39.
42A	No entry required by user. The maximum AU's on total acres for each pasture type entered in item 16, are calculated by dividing:
	• item 40A, by
	• item 41.

•		

C Action (Continued)

*__

Item	Instructions
42B	No entry required by user. The maximum AU's on unaffected acres for each
	pasture type entered in item 16, are calculated by dividing:
	a itam 40C ha
	• item 40C, by • item 41.
42C	No entry required by user. The total AU's in inventory determined by the
720	smaller of:
	• the result of multiplying:
	• item 7, times
	• item 8
	• maximum AU's on total acres, item 42A.
42D	No entry required by user. The eligible AU's calculated by subtracting:
	• item 42C, minus
	• item 42B.
	Important: If the result is negative, zero will display.
43	Enter actual number of calendar days from CCC-851, item 41, that the producer's
	eligible livestock were unable to graze for each specific type of pasture entered in
	item 39 because of wildfires, not to exceed 180 calendar days per program year.
	Note: If an entry is entered in CCC-851, item 44, then for the specific pasture
	type, item 44 will be used instead of item 41, not to exceed 180 calendar
	days per program year.
44	No entry required by user. The daily payment rate per head for each livestock
	kind, type, and weight range from subparagraph 33 A for the program year in
	which the loss occurred.

_____×

Item	Instruction
45	No entry required by user. Value of grazing lost because of wildfire on non-Federal land is calculated by multiplying:
	rederal fand is calculated by multiplying.
	•*item 42D, times*
	• item 43, times
	• item 44.
	The result will be rounded to the nearest whole number.
46	No entry required by user. Value of feed cost for 180 calendar days is
	calculated by multiplying:
	•*item 42D, times*
	• item 44, times
	• 180 calendar days.
	The result will be rounded to the nearest whole dollar.
	To enter another "Pasture Type":
	• on the left of the screen, CLICK "\square"
	• CLICK "Insert tbl_ccc851 after"
	• repeat items 38 through 46.
47A	No entry required by user. The grazing loss calculated payment amount for
470	wildfire on non-Federal land is calculated by adding the results in item 45.
47B	No entry required by user. Value of 180-calendar-day livestock feed cost for
47C	wildfire on non-Federal land is calculated by adding the results in item 46. No entry required by user. Smaller of item 47A or 47B.
48	No entry required by user. National payment factor is either of the following:
	The chief required by user. Indicate payment factor is either of the following.
	• 60 percent for producers who checked (✓) CCC-851, item 5B, "NO"
	• 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".

Item	Instruction
49	No entry required by user. The grazing loss calculated payment amount for wildfire on non-Federal land is calculated by multiplying:
	•*item 47C, times*
	• item 48.
	The result will be rounded to the nearest whole dollar.
50	Enter amount of compensation, included in the total amount of reductions from *CCC-851, item 82, received from other disaster assistance programs for the* same grazing losses on the pasture types listed in item 39.
51	No entry required by user. The net grazing loss calculated payment amount for wildfires on non-Federal land is calculated by subtracting:
	• item 49, minus
	• item 50.
	If the result is less than zero, enter zero in item 51.
	Click 1 of the following at the:
	• bottom of the screen, click either of the following:
	"Continue to Part F", to go to Part F - Purchased and Produced, Feed Lost and Additional Expenses Screen
	"Back to Part C & D", to go to Part C - Forage Information - Grazing Loss - Non-Fire - AUM or Animal Unit Leased Land Screen or Part D - Net Payment Calculation for Forage - Non-Fire
	• top of the screen, the appropriate tab to enter applicable loss data into another CCC-851-1 part.

A Introduction

The Part F - Purchased and Produced, Feed Lost and Additional Expenses Screen allows users to enter information for purchased and produced livestock feed losses and additional *--livestock feed expenses from CCC-851, Part G, items 45 through 52, and Part H, items 53 through 58, as applicable.--*

B Example of Part F - Purchased and Produced, Feed Lost and Additional Expenses Screen

The following is an example of the Part F - Purchased and Produced, Feed Lost and Additional Expenses Screen.

Application I	nfo Part A	Part B	Part C & D	Part E	Part F	Part G & H	Part I	Part J & K	Submit/Save/Prin	t

C Action

The following table provides instructions for completing the Part F - Purchased and Produced, Feed Lost and Additional Expenses Screen.

Item	Instruction
52A	From the drop-down list, select:
	• "N", if the feed loss listed in item 53 is for livestock listed in item 52B that were or would have been grazing specific pasture type entered in item 16 or 25 if not for a nonfire weather event or loss condition
	• "F", if the feed loss listed in item 53 is for livestock listed in item 52B that were or would have been grazing specific pasture type entered in item 39 if not for a wildfire.
52B	Enter sequential corresponding letter for each livestock kind, type, and weight range that would have been fed the specific type of purchased or produced feed lost entered in item 53, or for which additional feed expenses listed in item 53, were incurred, as provided in CCC-851:
	• item 45 for produced feed lost
	• item 53 for purchased feed lost
	• item 59 for additional feed expenses only (additional feed purchased above normal will be calculated in Part G).
	Note: Multiple livestock groups may be entered.
53	Enter type of purchased and/or produced feed lost and/or additional expenses incurred for the participant's eligible livestock listed in item 52B, as provided in CCC-851:
	• item 47 for produced feed and/or
	• item 55 for purchased feed lost and/or additional expenses.
54	Enter eligible quantity of produced feed that was lost from CCC-851, item 48, and was intended to be fed to the participant's eligible livestock listed in item 52B.
	Notes: If an entry is entered in CCC-851, item 51, then item 51 must be used instead of item 48.
	An entry is not required for purchased feed that was lost or additional expenses.

Item	Instruction
55	Enter value of:
	• produced feed that was lost calculated by multiplying:
	•*item 49 on CCC-851, times • item 50 on CCC-851
	Note: If an entry is entered in CCC-851, item 52, then item 52 must be used instead of item 49.
	• purchased feed that was lost or additional expenses, calculated by multiplying:
	• item 56 on CCC-851, times
	• item 57 on CCC-851
	Note: If an entry is entered in CCC-851, item 58, then item 58 must be used instead of item 56*
	To enter another "Type of Purchased and/or Produced Feed Lost and Additional
	Feed Expenses":
	 on the left of the screen, CLICK " CLICK "Insert tbl_ccc851 after"
	• repeat items 52A through 55.
56	No entry required by user. Total value of purchased and produced feed lost
	and/or additional feed expenses for livestock that was or would have been grazing
	eligible nonfire affected grazing land is calculated by adding the results in item 55 for all rows with "N" in item 52A.
57	Enter 150-calendar-day feed cost calculated by adding the result in Part A, item 13 for the applicable livestock listed in item 52B that have "N" selected in item 52A for which purchased or produced feed was lost or additional expenses incurred and
	that were or would have been grazing eligible nonfire affected grazing land listed in item 16 or 25.
	Important: This item must be completed if item 52A equals "N" and item 55 is greater than \$0. In this case, CCC-851-1 will not be submitted to the ELAP database if this item is not completed.

Item	Instruction
58	No entry required by user. Item is equal to the smaller of item 56 or 57.
59	No entry required by user. Total value of purchased and produced feed lost
	and/or additional feed expenses for livestock that were or would have been grazing
	eligible fire-affected grazing land is calculated by adding the results in item 55 for
	all rows with "F" in item 52A.
60	Enter 180-calendar-day feed cost calculated by adding the result in Part E, item 46,
	for the applicable livestock listed in item 52B that have "F" selected in item 52A
	for which purchased or produced feed was lost or additional expenses incurred and
	that were or would have been grazing eligible fire-affected grazing land listed in
	item 39.
	Important. This item must be completed if item 52 A cause "E" and item 55 is
	Important: This item must be completed if item 52A equals "F" and item 55 is greater than \$0. In this case, CCC-851-1 will not be submitted to
	the ELAP database if this item is not completed.
61	No entry required by user. Item is equal to the smaller of item 59 or 60.
62	No entry required by user. Total value of purchased and produced feed lost and
02	additional feed expenses is calculated by adding:
	additional feed expenses is calculated by adding.
	• item 58, plus
	• item 61.
63	No entry required by user. National payment factor is either of the following:
	grand and the state of the stat
	• 60 percent for producers who checked (✓) CCC-851, item 5B, "NO"
	• 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".
64	No entry required by user. The payment for purchased and produced feed lost
	and additional feed expenses is calculated by multiplying:
	• item 62, times
	• item 63.
	Result must be rounded to the nearest whole number.
65	Enter amount of compensation included in the total amount of reductions from
	CCC-851, item 81, received from other disaster assistance programs for the same
	feed losses or additional feed expenses listed in item 53.

Item	Instruction
66	No entry required by user. The net calculated payment for purchased and
	produced feed lost and additional feed expenses calculated by subtracting:
	• item 64, minus
	• item 65.
	If the result is less than zero, then enter zero.
	Click 1 of the following at the:
	bottom of the screen, click either of the following:
	"Continue to Part G & H", to go to Part G - Additional Feed Purchased Above Normal Screen or Part H - Grazing Loss Versus Additional Feed Purchased Above Normal
	"Back to Part E" button to go to Part E - Forage Information - Grazing Loss - Fire Screen
	• top of the screen, the appropriate tab to enter applicable loss data into another CCC-851-1 part.

A Introduction

The Part G - Additional Feed Purchased Above Normal Screen allows users to enter information for losses resulting from additional livestock feed purchases above normal from *--CCC-851, Part I, items 59 through 68, as applicable.--*

B Example of Part G - Additional Feed Purchased Above Normal Screen

The following is an example of the Part G - Additional Feed Purchased Above Normal Screen.

C Action

The following table provides instructions for completing the Part G - Additional Feed Purchased Above Normal Screen.

Item	Instruction
67A	From the drop-down list, select:
	• "N", if the additional feed purchased above normal quantities listed in item 68A is for livestock listed in item 67B that were or would have been grazing specific pasture type entered in item 16 or 25 if not for a nonfire weather event or loss condition
	• "F", if the additional feed purchased above normal quantities listed in item 68A is for livestock listed in item 67B that were or would have been grazing specific pasture type entered in item 39 if not for a fire event.
67B	Enter sequential corresponding letter from CCC-851, item 17, for each livestock kind, type, and weight range that was or would have been fed the additional feed purchased above normal quantities entered in item 68A.
	Note: Multiple livestock groups may be entered.
67C	Enter corresponding loss event number for the applicable adverse weather event or loss condition from CCC-851, item 7.
67D	From the drop-down list, select:
	• "I", if the qualifying weather event or loss condition entered in item 67C occurred inside/during the normal grazing period for the livestock group listed in item 67B
	• "O", if the qualifying weather event or loss condition entered in item 67C occurred outside the normal grazing period for the livestock group listed in item 67B.
68A	Enter type of additional feed purchased above normal to sustain eligible livestock from CCC-851, item 60.

C Action (Continued)

*__

Item	Instructions
68B	Enter dollar value of additional feed purchased for the current program year, calculated by multiplying:
	• item 64 from CCC-851, times
	• item 65 from CCC-851.
	Note: If an entry is entered in CCC-851, item 68, then item 68 must be used in this calculation instead of item 64.
68C	Enter dollar value of additional feed purchased for 1 year before the current program year, calculated by multiplying:
	• item 62 from CCC-851, times
	• item 65 from CCC-851.
	Note: If an entry is entered in CCC-851, item 66, then item 66 must be used in this calculation instead of item 62.
68D	Enter dollar value of additional feed purchased for the second year before the current program year, calculated by multiplying:
	• item 63 from CCC-851, times
	• item 65 from CCC-851.
	Note: If an entry is entered in CCC-851, item 67, then item 67 must be used in this calculation instead of item 63.
68E	No entry required by user. The average of items 68C and 68D to determine the average feed cost for the past 2 years is calculated by dividing:
	• the sum of items 68C and 68D, by
COL	• 2 years.
68F	Enter number of days grazing was lost for the loss event listed in item 67C.

--*

Item	Instruction
68G	Enter 150-calendar-day feed cost for the livestock for which additional feed was purchased above normal according to the following:
	• for additional feed purchased because of a nonfire weather event or loss condition, as indicated with "N" in item 67A, that occurred:
	• inside the normal grazing period, indicated with an "I" in item 67D, enter sum of item 13 for the applicable livestock groups listed in item 67B
	• outside the normal grazing period, indicated with an "O" in item 67D, enter sum of item 13 for the applicable livestock groups listed in item 67B
	• for additional feed purchased because of a wildfire on non-Federal land, as indicated with "F" in item 67A, that occurred:
	• inside the normal grazing period, indicated with an "I" in item 67D, enter sum of item 46 for the applicable livestock groups listed in item 67B
	• outside the normal grazing period, indicated with an "O" in item 67D, enter sum of item 46 for the applicable livestock groups listed in item 67B.
	Result will be rounded to the nearest whole number.
	Important: If the user needs to enter a subsequent type of additional feed purchased for the same livestock group in item 67B, ENTER " \$0.00 " in this item.
68H	No entry required by user. Value of livestock feed needs during the eligible adverse weather event or loss condition is calculated by multiplying:
	• item 68F, times
	• result of dividing:
	• item 68G, by
	• 150 calendar days.
	Result will be rounded to the nearest whole number.
69	No entry required by user. Value of eligible purchases of additional livestock feed
	purchased above normal quantities calculated using the lessor of either of the following:
	• item 68H, or
	• result of subtracting:
	• item 68B, minus
	• item 68E.

Item	Instruction
	To enter another "Type of Additional Feed Purchased Above Normal":
	• on the left of the screen, CLICK "\square"
	• CLICK "Insert tbl_ccc851 after"
	• repeat items 67A through 69.
70	No entry required by user. Value of additional feed purchased above normal to sustain eligible livestock, that was or would have been grazing eligible nonfire affected grazing land during the grazing period , by adding the results in item 69 for all rows with "N" in item 67A and an "I" in item 67D.
71	No entry required by user. Value of the feed needs during the event for eligible
	livestock that was or would have been grazing eligible nonfire affected grazing land during the grazing period , is calculated by adding the results in item 68H for all rows with "N" in item 67A and an "I" in item 67D.
72	No entry required by user. Item is equal to the smaller of item 70 or 71.
73	No entry required by user. National payment factor is either of the following:
	• 60 percent for producers who checked (✓) CCC-851, item 5B, "NO"
	• 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".
74	No entry required by user. The nonfire payment amount for additional feed purchased above normal quantities because of an eligible adverse weather event or loss condition that occurs during the normal grazing period is calculated by multiplying:
	• item 72, times
	• item 73.
	Result will be rounded to the nearest whole number.
75	Enter amount of compensation included in the total amount of reductions from *CCC-851, item 82, received from other disaster assistance programs for the* same feed losses for additional feed purchased above normal quantities listed in item 68A, because of a nonfire event that occurs during the normal grazing period.
76	No entry required by user. The net payment for additional feed purchased above
	normal quantities, because of a nonfire event that occurs during the normal grazing period is calculated by subtracting:
	• item 74, minus
	• item 75.

Item	Instruction
77	No entry required by user. Value of additional feed purchased above normal to
	sustain eligible livestock, that was or would have been grazing eligible nonfire
	affected grazing land outside the grazing period , is calculated by adding the
7 0	results in item 69 for all rows with "N" in item 67A and an "O" in item 67D.
78	No entry required by user. Value of the feed needs during the event for eligible
	livestock that was or would have been grazing eligible nonfire affected grazing land outside the grazing period , is calculated by adding the results in item 68H
	for all rows with "N" in item 67A and an "O" in item 67D.
79	No entry required by user. Item is equal to the smaller of item 77 or 78.
80	No entry required by user. National payment factor is either of the following:
	• 60 percent for producers who checked (✓) CCC-851, item 5B, "NO"
	• 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".
81	No entry required by user. The nonfire payment amount for additional feed
	purchased above normal quantities because of an eligible adverse weather event or
	loss condition that occurs outside the normal grazing period calculated by
	multiplying:
	• item 79, times
	• item 80.
	tem so.
	Result will be rounded to the nearest whole number.
82	Enter amount of compensation included in the total amount of reductions from
	CCC-851, item 81, received from other disaster assistance programs for the same
	feed losses for additional feed purchased above normal quantities listed in
	item 68A, because of a nonfire event that occurs outside the normal grazing
- 02	period.
83	No entry required by user. The net payment for additional feed purchased above
	normal quantities because of a nonfire event that occurs outside the normal grazing period is calculated by subtracting:
	period is calculated by subtracting.
	• item 81, minus
	• item 82.

Item	Instruction
84	No entry required by user. Total value of additional feed purchased above
	normal to sustain eligible livestock that was or would have been grazing fire-
	affected grazing land, is calculated by adding the results in item 69 for all rows
	with an "F" in item 67A.
85	No entry required by user. Value of the feed needs during the event for eligible
	livestock that was or would have been grazing eligible fire affected grazing land,
	is calculated by adding the results in item 68H for all rows with "F" in item 67A.
86	No entry required by user. Item is equal to the smaller of item 84 or 85.
87	No entry required by user. National payment factor is either of the following:
	• 60 percent for producers who checked (✓) CCC-851, item 5B, "NO"
	• 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".
88	No entry required by user. The fire calculated payment amount for additional
	feed purchased above normal quantities calculated by multiplying:
	a itam 96 timas
	item 86, timesitem 87.
	• item 87.
	Results will be rounded to the nearest whole number.
89	Enter amount of compensation included in the total amount of reductions from
	CCC-851, item 81, received from other disaster assistance programs for the same
	feed losses for additional feed purchased above normal quantities listed in
	item 68A because of fire.
90	No entry required by user. The net payment for fire additional feed purchased
	above normal is calculated by subtracting:
	• item 88, minus
	• item 89.

177 CCC-851-1, Part H - Grazing Loss Versus Additional Feed Purchased Above Normal Screen

A Introduction

The Part H - Grazing Loss Versus Additional Feed Purchased Above Normal Screens shows the total calculated payment for all grazing losses and additional feed expenses from entries in Part G.

Note: No entry is required by the user.

B Example of Part H - Grazing Loss Versus Additional Feed Purchased Above Normal Screen

The following is an example of the Part H - Grazing Loss Versus Additional Feed Purchased Above Normal Screen.

PART H – GRAZING LOSS VERSUS ADDITIONAL FEED PURCHASED ABOVE NORMAL	
91. Non-Fire. During Grazing Period – Enter the larger of Item 37 or Item 76	\$4,730
92. Fire – Enter the larger of Item 51 or Item 90	\$0
93. Non-Fire, Outside Grazing Period – Calculated Payment for Additional Feed Purchased Above Normal	\$6,750
94. Total Calculated Payment for All Grazing Losses or Additional Feed Purchases – Fire and Non-Fire	\$11,480
< Back to Part F Continue to Part I >	

177 CCC-851-1, Part H - Grazing Loss Versus Additional Feed Purchased Above Normal (Continued)

C Action

All items in Part H are prefilled, so the user is **not** required to make manual entries. The following table provides the calculations in Part H.

Item	Instruction
91	No entry required by user. Item is equal to the larger of item 37 or 76.
92	No entry required by user. Item is equal to the larger of item 51 or 90.
93	No entry required by user. Item is equal to the amount in item 83
94	No entry required by user. Total payment for all grazing losses or additional feed purchased above normal during and outside the grazing period, because of a fire and nonfire eligible adverse weather event or loss condition is calculated by adding:
	 item 91, plus item 92, plus item 93.
	Click 1 of the following at the:
	 bottom of the screen, click either of the following: "Continue to Part I", to go to Part I – Water Transporting
	"Back to Part F", to go to Part F - Purchased and Produced, Feed Lost and Additional Expenses Screen
	• top of the screen, the appropriate tab to enter applicable loss data into another CCC-851-1 part.

178 CCC-851-1, Part I - Water Transporting Screen

A Introduction

The Part I - Water Transporting Screen allows users to enter information for losses resulting *--from transporting water to eligible livestock from CCC-851, Part J, items 69 through 75,--* as applicable.

B Example of Part I - Water Transporting Screen

The following is an example of the Part I - Water Transporting Screen.

C Action

The following table provides instructions for completing the Part I - Water Transporting Screen.

Item	Instruction
	Select the method the producer used to transport water to eligible livestock, by clicking the applicable radio button.
	What method did the producer use to transport water to eligible livestock? (Only one can apply) Personal Labor or Equipment Hired Labor or Rented Equipment Contracted Water Transportation
95	*Enter sequential corresponding letter from CCC-851, item 69, for each* livestock kind, type, and weight range for which the loss occurred from CCC-851, item 18.
96	Note: Multiple livestock groups may be entered. Enter total number of eligible livestock, from CCC-851, item 19, in inventory on the beginning date of the eligible loss condition.
	Note: If there is an entry in CCC-851, item 21, then item 21 must be used instead of item 19.
97	No entry required by user. The AU conversion factor from Part A, item 8, is used for this item, and has been provided from Exhibit 16, for the corresponding *livestock groups entered in item 95.
98	Enter daily water requirement, provided in subparagraph 52 B for the corresponding livestock groups entered in item 95.
99	No entry required by user. Item equals the national average price per gallon, as provided in subparagraph 52 A.
100	No entry required by user. Value of 150 calendar days of water hauling is calculated by multiplying: • item 96, times • item 97, times • item 98, times • item 99, times • item 99, times • item 99, times • The results will be rounded to the nearest whole dollar.
101	 Enter total gallons of water transported calculated by: sum of all entries from CCC-851, item 73, times CCC-851, item 74.
	Note: If there is an entry in CCC-851, item 75, then item 75 must be used instead of item 73*

Item	Instruction
102	No entry required by user. Item equals the national average price per gallon, as
	provided in subparagraph 52 A.
103	No entry required by user. Value of the total gallons of water transported is
	calculated by multiplying:
	• item 101, times
	• item 102.
	The results will be rounded to the nearest whole dollar.
104	No entry required by user. Calculated payment for 150 calendar days of water
	transporting is calculated by adding the results in item 100.
105	No entry required by user. Item equals the smaller of item 103 or 104.
106	No entry required by user. National payment factor is either of the following:
	• 60 percent for producers who checked (✓) CCC-851, item 5B, "NO"
	• 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".
107	No entry required by user. Total calculated payment for water transporting is
	calculated by multiplying:
	107.1
	• item 105, times
	• item 106.
	Click 1 of the following at the:
	• bottom of the screen, click either of the following:
	bottom of the screen, chek either of the following.
	• "Continue to Part J & K", to go to Part J - Cattle Tick Fever Screen or
	Part K - Payments
	,
	• "Back to Part G & H", to go to Part G & H – Additional Feed Purchased
	Above Normal Screen or Part H - Grazing Loss Versus Additional Feed
	Purchased Above Normal Screen
	• top of the screen, the appropriate tab to enter applicable loss data into another
	CCC-851-1 part.

179 CCC-851-1, Part J - Cattle Tick Fever Screen

A Introduction

The Part J - Cattle Tick Fever Screen allows users to enter information for losses resulting *--from cattle tick fever from CCC-851, Part K, items 76 through 80, as applicable.--*

B Example of Part J - Cattle Tick Fever Screen

The following is an example of the Part J - Cattle Tick Fever Screen.

C Action

The following table provides instructions for completing the Part J - Cattle Tick Fever Screen.

Item	Instructions
108	*Enter sequential corresponding letter from CCC-851, item 76, for each*
	livestock kind, type, and weight range for which the loss occurred from
	CCC-851, item 18.
	Note: Multiple livestock groups may be entered.
109	*Enter date (mm-dd-yy) of treatment or inspection from CCC-851, item 77, for
10)	the applicable livestock entered in item 76*
110	Enter number of livestock treated from CCC-851, item 77, for the applicable
	livestock entered in item 75.
111	*No entry required by user. The payment rate provided in paragraph 56, for
	the applicable livestock entered in item 108*
112	No entry required by user. Total loss for cattle tick fever is calculated by
	multiplying:
	• item 110, times • item 111.
	• Item 111.
	The results will be rounded to the nearest whole dollar.
	To enter another "Livestock Group":
	• on the left of the screen, CLICK "\square"
	• CLICK "Insert tbl_ccc851 after"
	• repeat item 108 through 112.
113	No entry required by user. Calculated payment for cattle tick fever is
	calculated by adding the results in item 112
114	No entry required by user. National payment factor is either of the following:
	60 nearest for any disease who shocked (1) CCC 951 item 5D "NO"
	 60 percent for producers who checked (✓) CCC-851, item 5B, "NO" 90 percent for producers who checked (✓) CCC-851, item 5B, "YES".
115	No entry required by user. Total calculated payment for cattle tick fever is
113	calculated by multiplying:
	calculated by maniphying.
	• item 113, times
	• item 114.

A Introduction

The Part K - Payments Screen provides the net calculated payment based on data entered into CCC-851-1.

Note: No entry is required by the user.

B Example of Part K - Payments

The following is an example of the Part K – Payments Screen.

C Action

The item in Part K is prefilled; therefore, the user is **not** required to make a manual entry. The following table provides the calculation in Part .

Item	Instruction
116	No entry required by user. Total net calculated payment amount is calculated
	by adding:
	• item 66, plus
	• item 94, plus
	• item 107, plus
	• item 115.
	Click 1 of the following at the:
	• bottom of the screen, click either of the following:
	• "Submit/Save/Print", to:
	• view the printable version of CCC-851-1
	• submit CCC-851-1 to the ELAP database
	• save and/or print CCC-851-1
	• "Back to Part J", to go to Part I - Water Transporting Screen
	• top of the screen, the appropriate tab to enter applicable loss data into another CCC-851-1 part.

181 Submitting, Saving, and Printing the Automated CCC-851-1

A "Submit/Save/Print" Button

If users click "Submit/Save/Print", the completed CCC-851-1 will be displayed.

B Example of * * * CCC-851-1

In accordance with Federal civil rights law and U.S. Department of Agricuture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filling deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTV) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

C Submitting CCC-851-1 to the ELAP Database

The only way to submit CCC-851-1 to the ELAP database is to CLICK "Submit" as follows.

Important: CCC-851-1 will no longer automatically be saved to the ELAP database as previously provided. To submit CCC-851-1 to the ELAP database, users **must** CLICK "**Submit**" when viewing CCC-851-1 in print view.

C Submitting CCC-851-1 to the ELAP Database (Continued)

If the user does not CLICK "Submit" **before** exiting the print view, the following message will be displayed. Click 1 of the following:

- "Submit", to submit CCC-851-1 to the ELAP database
- "Don't Submit" or "Cancel", to not submit CCC-851-1 to the ELAP database.

The following message will be displayed if CCC-851-1 has been successfully submitted to the ELAP database. If the message is **not** displayed, CCC-851-1 has **not** been successfully submitted to the ELAP database.

D Saving and Printing the Automated CCC-851-1

The following table provides instructions to save and print the automated CCC-851-1.

D Saving and Printing the Automated CCC-851-1 (Continued)

D Saving and Printing the Automated CCC-851-1 (Continued)

Part 7 ELAP Payment Provisions

Section 1 General Payment Provisions

200 General Payment Provisions for Web-Based ELAP Payments

A Introduction

The ELAP payment process is an automated process that determines:

- whether the producer is eligible to receive payment
- the payment amount that can be sent to NPS for disbursement
- the overpayment amount that will be updated to the Pending Overpayment Report.

B Frequency of Payment Processing

ELAP payments are processed nightly for the following:

- payment amounts recorded through the ELAP payment process during the workday
- any payment on the Nonpayment Report will be reprocessed to determine whether the condition previously preventing the payment has been corrected.

C Obtaining FSA-325

FSA-325 will be completed, according to 1-CM, by individuals or entities requesting payment **earned** by a producer who has died, disappeared, or been declared incompetent subsequent to applying for ELAP benefits. Payment will be issued to the individuals or entities requesting payment using the deceased, incompetent, or disappeared producer's ID number.

D Administrative Offset

ELAP payments are subject to administrative offset provisions.

E Assignments

A producer entitled to an ELAP payment may assign payments according to 63-FI.

200 General Payment Provisions for Web-Based ELAP Payments (Continued)

F Bankruptcy

Bankruptcy status does **not** exclude a producer from requesting ELAP benefits.

Contact the OGC Regional Attorney for guidance on issuing ELAP payments on all bankruptcy cases.

G Payments Less Than \$1

ELAP payment processes will:

- issue payments that round to at least \$1
- **not** issue payments less than 50 cents.

H Payment Due Date

See 61-FI for general guidance for determining payment due dates for various programs. The ELAP payment system sends the current system date to NPS as the payment due date. The system **cannot** determine the payment due date because of numerous factors. County Offices must manually determine the payment due date by determining the later of the following:

- date producer signed CCC-851 or CCC-934
- date producer filed payment eligibility documentation, including the following:
 - AD-1026
 - CCC-902
 - •*--CCC-941--*
- if the producer is an entity or joint operation, date members filed the requisite payment eligibility documentation
- availability of software to process the payment.

If the payment is **not** issued within 30 calendar days after the later of the dates in this subparagraph, then prompt payment interest is payable to the producer. County Offices must:

- manually determine the payment due date based on the factors identified in this subparagraph
- follow the provisions of 61-FI for issuing the interest payment.

201 Payment Eligibility

A Determining Payment Eligibility

The payment process reads the web-based eligibility system for the applicable year to determine whether a producer or member of a joint operation is eligible to be paid. If the producer or member is ineligible to be paid, then the individual or entity will be listed on the Nonpayment Report with the applicable message. Eligibility values must be updated before the producer or member can be paid.

B Effect of AGI on Payment Limitation for Entities

If a member of an entity is **not** eligible because of average AGI provisions, the payment limitation for the entity is reduced by the ineligible member's ownership share in the operation.

Example: ABC Corporation has 2 members, each with a 50 percent share. Member 1 does **not** meet average AGI provisions. The corporation has a \$100,000 payment limitation, but since Member 1 does **not** meet average AGI provisions, the payment limitation for the corporation is reduced by 50 percent and the maximum payment that can be issued to the corporation is \$50,000.

Note: Other payment eligibility provisions, such as conservation compliance, fraud, etc., do **not** affect the payment limitation for the entity because average AGI is the **only** payment eligibility that is checked for members of entities.

201 Payment Eligibility

C Eligibility Values

The following identifies web-based eligibility determinations applicable to ELAP and how the system will use the web-based subsidiary eligibility data for payment processing.

Eligibility Determination	Value	Eligible for ELAP Payment
AD-1026	Certified	Yes
	Not Filed	No
	Good Faith Determination	Yes
	COC Exemption	Yes
	Awaiting Affiliate Certification	No
	Affiliate Violation	No
AGI - 2014 Farm Bill	Compliant	Yes
	Compliant- Producer	Yes
Note: Applicable for	Compliant - SED	Yes
2012 and	Exempt	Yes
subsequent years.	Failed Verification	No
	Not Compliant	No
	Not Filed	No
	Not Met - Producer	No
	Not Met - SED	No

201 Payment Eligibility (Continued)

C Eligibility Values (Continued)

Eligibility Determination	Value	Eligible for ELAP Payment
Conservation Compliance -	In Compliance	Yes
Farm/Tract Eligibility	Partial Compliance	Yes
	In Violation	No
	No Association	Yes
	Past Violation	Yes
	Reinstated	Yes
Controlled Substance	No Violation	Yes
	Growing	No
	Trafficking	No
	Possession	No

D Eligibility Conditions Priority

If a producer has multiple invalid subsidiary eligibility conditions, only the highest priority ineligible condition will be printed on the Nonpayment Report. The following is the priority of conditions.

Priority	Condition
1	Conservation Compliance
2	Controlled Substance
3	AD-1026

202 Funds Control

A eFunds Allotment

Allotments will be provided to each County Office through the funds control process. Specific allotments will be determined by the National Office based on total gross ELAP payment amounts for the applicable program year by administrative State and county, provided in the ELAP Gross Payment Report.

State Offices will have "read-only" access to eFund allocations to County Offices. If additional funds are required, County Offices must contact the appropriate State Office specialist. State Offices must contact the National Office to request additional allotments by sending an e-mail with the program year and amount to **all** of the following:

- amy.mitchell1@usda.gov
- tina.nemec@usda.gov.

A Applying Sequestration to ELAP Payments

The Balanced Budget and Emergency Deficit Contract of 1985, as amended by the Budget Control Act of 2011, requires a reduction in payments, also known as a sequester. Whether a payment is sequestered or not depends on when the funding was "obligated". Obligations are a behind the scenes process where the funding is reserved based on what the total possible expenditures of the program will be or the value of the contract or application when it's approved.

Applying sequestration is the last step in the payment process after all reductions have been applied and before the payment amount is sent to NPS. The sequestered:

 payment amount for the commodity times the sequestration percentage equals the sequestration reduction amount for that commodity

Note: The resulting payment amount for all commodities is added up and the total is the ELAP payment amount sent to NPS.

- amount is applied at the payment entity level
- amount is not attributed to members.

Note: The sequestration reduction amount will be displayed on the Payment History Report.

B ELAP Sequestration Percentages

The following table provides ELAP sequestration percentages.

Program Year	ELAP Sequestration Percent
2012	Not Applicable
2013	Not Applicable
2014	7.3 percent
2015	6.8 percent
2016	6.9 percent
2017	6.6 percent
2018	6.6 percent
2019	6.2 percent

C Common Payment Reports and Sequestered Payments

If the payments for a program year are sequestered the disclaimers on the various Common Payment Reports will have additional wording and the payment amounts on the Common Payment Reports will either be before or after sequestration was applied. See 9-CM for additional information on the Common Payment Reports.

The table below provides specific information about each report.

Note: Because the sequestration reduction is applied at the payment entity level, the amount displayed on the various Common Payment Reports that are attributed or reduced for members of the entity or joint operation will not add up to the payment amount for the payment entity.

Report	_	uestration Reduction isplayed on Report	Name of Payment Field	Amount Displayed Before or After Sequestration Applied
Estimated Calculated Payment Report				
Submitted Payments Report	Note:	Not Applicable Payment Reduced will be "Yes" only if reductions other than payment factor and/or sequestration apply.	Amount Submitted	After
Submitted Overpayments Report		Not Applicable	Amount Submitted	Not Applicable
Pending Overpayment Report		Not Applicable	Overpayment Amount	Not Applicable
Nonpayment/Reduction Report		No	Accumulated Amount	Before
Insufficient Funds Report		Not Applicable	Calculated Payment Amount	After
Payments Computed to Zero Report		Not Applicable	Not Applicable	Not Applicable
Payment History Report - Summary		Yes	Net Payment	After
Payment History Report - Detail		Yes	Net Payment	After

Note: Not applicable is listed in the table because the associated reports do **not** list reduction amounts.

204-214 (Reserved)

215 Overview

A Supporting Files for Integrated Payment Processing

The ELAP payment process is a web-based integrated process that reads a wide range of information from other program determinations and values to determine whether a payment should be issued, the amount of the gross payment, reductions, and net payment amount. For payments to be calculated correctly, all supporting files must be updated correctly, including the following.

Type of	How Information Is Used	
Information	for Payment Processing	Source
ELAP Gross	To compute the gross payment amount for the	ELAP Gross
Payment Report	producer.	Payment Report
		from the National
		Office
Payment	To determine whether the producer and members	Web-Based

	applicable, transferred to NRRS.	

B Actions To Be Completed Before Issuing Payments

The following provides actions that must be completed **before** issuing payments. COC, CED, or designee must ensure that the actions are completed.

Step	Action
1	Ensure that the State Office received the approved ELAP Gross Payment Report
	from the National Office.
2	Ensure that the County Office received the approved ELAP Gross Payment Report
	from the State Office.
3	Ensure that SCIMS data is updated for the producer and each member of a joint
	operation or entity, including the following:
	• customer's name
	• citizenship country and resident alien status, if applicable
	• TIN
	• address.
4	Ensure that AD-1026 is on file for the applicable year for producers seeking
	benefits and that the eligibility information is recorded in the web-based eligibility
	system.
5	Ensure that all eligibility certifications and determinations have been recorded in
	the web-based eligibility system according to 3-PL (Rev. 1).
6	Ensure that the Business File is updated according to 3-PL (Rev. 1).
7	Ensure that substantive change values are updated according to 7-PL.
8	Ensure that combined producer information is recorded in the web-based combined
	producer system according to 3-PL (Rev. 1).
9	Ensure that sufficient funds have been allocated to the administrative State and
	county.
10	Ensure that all assignment and joint payees have been updated in Financial Services
	if CCC-36, CCC-37, or both are filed.
11	Ensure that the gross payment amounts provided in the approved ELAP Gross
	Payment Report is recorded in the web-based ELAP payment software according to
	paragraph 220.

216 Recording ELAP Payment Amounts

A Overview

Calculated ELAP payment amounts must be recorded in the system to initiate the payment process.

B Adding or Modifying Payment Amounts

ELAP payments will be entered based on the administrative State and county and physical location State and county of the loss and payment amounts should be added or modified according to the following table.

Step	Action	Result
1	On the ELAP Select a Program Year Page, select the applicable	The Select an
	Program Year and CLICK "Continue".	Administrative
		State/County Page
		will be displayed.
2	On the Select an Administrative State/County Page, select the	The SCIMS Search

		was successfully
		added or modified.

217 Program Year Selection Page

A Introduction

Because an automated application process is **not** available, the amounts calculated through the ELAP Gross Payment Report **must** be recorded in the web-based ELAP payment process.

B Accessing the Program Year Selection Page

To access the ELAP Main Menu, go to FSA's Applications Intranet web site at http://fsaintranet.sc.egov.usda.gov/fsa/applications.asp. From the FSA Intranet Screen, under "FSA Applications" "Applications Directory", CLICK "D-F". The FSA Intranet Screen will be redisplayed with applications with names started from D to F. CLICK "ELAP Payment Process".

Note: Internet Explorer must be used when accessing the ELAP payment process.

Users will be prompted to login through the USDA eAuthentication Login Screen. CLICK "**Login with LincPass (PIV)**" or enter user ID and password and CLICK "**Login**".

The Program Year Selection Page will be displayed.

217 Program Year Selection Page (Continued)

C Example of Program Year Selection Page

The following is an example of the Select a Program Year Page.

D Action

Users will select the applicable Program Year and CLICK "Continue" to proceed to the Select an Administrative State/County Page.

218 Select Administrative State/County Page

A Overview

When a user has selected the program year for processing and clicked "Continue", the Select Administrative State/County Page will be displayed.

B Recording Payment Data

ELAP payments will be entered based on the administrative State, county, and physical location of the loss. See subparagraph 219 C for information on physical location selection.

The Select an Administrative State/County Page allows users to select the administrative State and county for processing.

C Example of Select Administrative State/County Page

The following is an example of the Select an Administrative State/County Page.

D Select an Administrative State/County Page Options

The following options are available on the Select an Administrative State/County Page.

Option	Action
Continue	After an administrative State and county have been selected from the drop-down
	list, selecting "Continue" will result in the SCIMS Select a Customer Page being
	displayed.
Back	Returns to the Select a Program Year Page.

219 Select a Physical Location page

A Selecting a Physical Location

After selecting a producer for processing on the SCIMS Select a Customer Page, the Select a Physical Location Page will be displayed and allows the user to select the physical location.

B Example of Select a Physical Location Page

The following is an example of the Select a Physical Location Page.

C Select a Physical Location Page Options

The following options are available on the Select a Physical Location Page.

Option	Action
Continue	After a physical location has been selected from the drop-down list, selecting
	"Continue" will result in the Add/Modify a Payment Page being displayed.
Back	Returns to the SCIMS Select a Customer Page.

220 Adding or Modifying ELAP Payment Data

A Adding or Modifying ELAP Payments

After selecting a physical location State and county the Add/Modify a Payment Page will be displayed and allows a user to add or modify the calculated ELAP payment amounts.

B Example of Add/Modify a Payment Page

The following is an example of the Add/Modify a Payment Page.

C Add/Modify a Payment Page Options

The following options are available on the Add/Modify a Payment Page.

Option	Action
Submit	Continues the process of recording ELAP payment data after amounts have
	been recorded.
Cancel	Discontinues the process and returns to the ELAP Main Menu without
	updating the payment amounts.
Back	Returns to the Select a Physical Location Page.

D Error Messages

The following error messages may be displayed depending on the data recorded.

Error Message	Description of Problem	Corrective Action
"The amount recorded in	• Amounts entered must be	Correct the amounts
each field must be in whole	in whole dollars.	recorded in each field
dollars."		ensuring that only numeric
	An amount must be	data is entered without
	recorded in each field,	dollar signs or commas.
	even if 1 amount is \$0.	
		Ensure that an amount has
	Amounts entered include	been recorded in each field.
	dollar signs or commas.	
"An amount must be entered	User attempted to record \$0	
for each type of payment.	in all payment amount fields.	
The amount can be \$0 for		
one or more of the payment	Do not record payment	
amounts, but not all."	amounts in the ELAP	
	payment process if the	
	calculated payment amounts	
	for all commodities is \$0.	

220 Adding or Modifying ELAP Payment Data (Continued)

E Example of Add/Modify a Payment Confirmation Page

The following is an example of the Add/Modify a Payment Confirmation Page.

Note: Livestock Death will not be listed as a selection for 2019 and subsequent program years.

F Add/Modify a Payment Confirmation Page Options

The following options are available on the Add/Modify a Payment Confirmation Page.

Option	Action		
Confirm	Records the payment amounts and triggers the payment process.		
	Note: The message, "Payment(s) has been successfully added and/or modified." will be displayed.		
Cancel	Discontinues the process and returns to the ELAP Main Menu without		
	updating the payment amounts.		
Back	Returns to the Add/Modify a Payment Page so the amounts can be modified,		
	if necessary.		

A Introduction

Previously entered payment amounts can be modified to be a different amount or zero if the producer is no longer due a ELAP payment.

B Effect on Previously Processed Payments

Modifying a previously recorded payment amount impacts previously processed payments in different ways depending on whether the original payment was sent to NPS and certified and signed. This table describes how a previously recorded payment is affected when the amount is modified.

IF previously recorded payment amounts are	AND previously recorded payment amounts were	AND the payment in NPS was	THEN	
modified	not sent to NPS because of a nonpayment condition		system will trigger the payment to reprocess the payment transaction.	
	sent to NPS	certified and signed	system will retrigger the payment to reprocess to determine whether the producer is overpaid or underpaid. A transaction will be sent to NPS or the Pending Overpayment Report, as applicable.	
		either of the following:	original amount in NPS will be canceled and the system will retrigger the payment to reprocess	
		not certifiedcertified, but not signed	new payment amount will be listed in NPS for certification and signature, provided all eligibility requirements are met.	

221 Modifying Previously Recorded ELAP Payment Data (Continued)

B Effect on Previously Processed Payments (Continued)

IF previously	AND previously		
recorded payment	recorded payment	AND the payment in	
amounts are	amounts were	NPS was	THEN
Changed to \$0	not sent to NPS		 payment amounts
	because of a		will be set to \$0.
	nonpayment		
	condition		• system will
			retrigger the
			payment to
			reprocess to

			the producer is
			overpaid
			an overpayment
			may be put on the
			Pending
			Overpayment
			Report if a portion
			or all of the
			original payment
			amount was
	A NDC	,'C' 1 1 ' 1	certified or signed.
	sent to NPS	certified and signed	system will retrigger
			the payment to reprocess to determine
			the overpayment
			amount for the
			producer. A
			transaction will be sent
			to the Pending
			Overpayment Report.
		either of the following:	
			NPS will be canceled.
		• not certified	
		• certified, but not	
		signed	

222 Handling Overpayments

A Introduction

The ELAP payment process is an integrated process that reads data from many systems to determine whether payments issued to a producer were earned in-full or in-part. These systems include the following:

- ELAP Payment Process where payment amounts from the ELAP Gross Payment Report are recorded
- subsidiary system including data about eligibility, combined producer, and Business File
- payment limitation system
- SCIMS.

If something changes in any of these systems, the ELAP payment process is automatically triggered to recalculate the payment. The producer is overpaid if the information that has been changed results in the current calculated amount to be less than the amount originally paid to the producer.

222 Handling Overpayments (Continued)

B Determined Overpayments

For any overpayment amount calculated as \$1 or greater, the system will update the applicable information to the Pending Overpayment Report. See 9-CM, paragraph 65 for information on the Pending Overpayment Report.

Warning: Because the system is integrated with other systems, it is critical that County Offices do **not** make unnecessary changes to producer information that could cause an overpayment to be computed. County Offices are required to update the system properly but removing flags or deleting data to "trigger" the system to function could worsen the situation.

C Handling Debts Less Than \$100

County Offices must follow 58-FI for handling receivables less than \$100.

D Debt Basis Codes

The system automatically assigns the debt basis code to the receivable when it is updated to the Pending Overpayment Report. The following are the debt basis codes used for ELAP payments.

IF the reason the payment entity/member is	THEN the discovery/debt basis reason	
overpaid is because of	is:	
payment eligibility because of fraud	10-423.	
payment limitation issues	10-426.	
payment eligibility, except fraud	10-427.	
prior payments exceed the current payment	10-428.	

222 Handling Overpayments (Continued)

E Charging Interest

Interest must be charged on receivables from the date the original payment was disbursed if COC determines the producer is ineligible because of the following reasons:

- producer signed to information on CCC-851 or CCC-934 that is subsequently determined inaccurate
- producer erroneously or fraudulently represented any act affecting a payment eligibility determination, including the following:
 - certification to AGI provisions
 - violation of conservation compliance provisions
 - violation of controlled substance provisions
- producer knowingly adopted a scheme or device that tended to defeat the purposes of ELAP.

Interest must **not** be charged from date of disbursement if:

- overpayment resulted based on revised information that the producer would **not** have had reason to know was invalid
- National, State, or County Office erred
- producer voluntarily refunds the payment that was issued and COC has **not** determined that the producer is ineligible.

Notes: Software does **not** currently support charging interest from the date of disbursement. Any receivable established is sent to NRRS with the current system date. If the receivable is **not** repaid within 30 calendar days from the date the initial notification letter is issued, interest will start accruing from the date the receivable was established.

If COC determines that the producer is ineligible and interest should be charged from the date of disbursement:

- County Offices must contact their State Office for assistance
- State Offices must contact OBF for guidance.

223 ELAP Payment Process

A Introduction

The ELAP payment process is an automated process that determines:

- whether the producer is eligible to receive payment
- the amount that can be sent to NPS for disbursement.

B Frequency of Payment Processing

ELAP payments are processed nightly for the following:

- payment amounts recorded during the workday
- any payment on the Nonpayment Report will be reprocessed to determine whether the condition preventing the payment has been corrected.

Note: One payment amount will be sent to NPS.

C High-Level Overview of ELAP Payment Process

The following is a high-level overview of the ELAP payment process.

Step	Action				
1	Payment process is triggered.				
2	System determines the producer level payment amounts recorded for each of the following and adds the payment amount to determine one ELAP payment amount:				
	Farm-Raised Fish	n Death gross payment amount	t		
	Honeybee Colon	y gross payment amount			
	Honeybee Hive g	cross payment amount			
	Honeybee Feed gross payment amount				
	Farm-Raised Fish Feed gross payment amount				
	Livestock Feed gross payment amount				
	Livestock Grazing gross payment amount				
	• Livestock Death gross payment amount (2018 and prior program years).				
	Livestock Cattle Tick Fever gross payment amount				
	 Livestock Water 	Hauling gross payment amour	nt.		
	IF the amount is AND a payment THEN				
	greater than \$0 continue to step 3 for the				
	applicable amount recorded.				
	\$0	was not previously issued	the payment process is discontinued for the applicable payment amount.		

223 ELAP Payment Process (Continued)

C High-Level Overview of ELAP Payment Process (Continued)

Step	Action				
3	System reads SCIMS to ol	btain information for the payment entity.			
	IF the payment entity				
	is	AND the resident alien field is		THEN	
	an individual	• "Unknown" or "N/A	Λ"	continue to step 4.	
		• "Yes"			
		"No"		the payment entity is not	
				eligible for payment.	
	any business type other			continue to step 4.	
	than individual				
4	System determines whether	er there is an ELAP payn		e payment entity in NPS.	
	IF a payment		THEN		
	has not already been sent	to NPS for the payment	continue t	ue to step 5.	
	entity				
	 has been sent to NPS f 	for the payment entity			
	• is signed				
	 has been sent to NPS for the payment entity 		the payment in NPS is canceled and the new payment transaction is		
	• is not signed				
			proces	ssed	
				_	
				ue to step 5.	
5	For joint operations and entities, the system retrieves member data from Business File.

	negative		overpayment amount must be updated to the Pending Overpayment Report.		

224 ELAP Payment Reports

A Displaying or Printing ELAP Payment Reports

ELAP Payment Reports are available to provide information about each payment or nonpayment. Most of the payment reports have information that is common between program areas so information about these reports is in 9-CM. The ELAP Payment History Report – Detail has program-specific data so information for this report is in this handbook.

ELAP Payment Report information is available according to the following.

Report Name	Type of Data	Reference
Submitted Payments Report	Live	9-CM, paragraph 63
Submitted Overpayments Report	Live	9-CM, paragraph 64
Pending Overpayment Report	Live	9-CM, paragraph 65
Note: The Pending Overpayment Report is accessed through the Pending Overpayment Summary Report according to 9-CM, paragraph 64.5.		
Nonpayment/Reduction Report	Report Database	9-CM, paragraph 66
Insufficient Funds Report	Live	9-CM, paragraph 67
Payments Computed to Zero Report	Live	9-CM, paragraph 68
Payment History Report – Summary	Report Database	9-CM, paragraph 69
Payment History Report – Detail	Report Database	paragraph 227

Note: See 9-CM, paragraph 52 for complete instructions on accessing the Common Payment Report System.

A Background

The Payment History Report – Detail is a report that provides detailed information about an ELAP payment.

B Payment History Report – Detail Description

The following information will be displayed/printed on the Payment History Report – Detail.

Field	Description
Program Year	Program year selected by the user.
Program Name	Emergency Loss Assistance Program.
State	Full name of the State selected by the user.
County	Full name of the county selected by the user.
Producer Name	Name from SCIMS as follows:
and Address	
	• for individuals, last name, middle name, first name, and suffix
	• for businesses, business name.
Date (Report)	Date the report is generated by the user.
Date (Payment)	Date the payment was processed and sent to NPS, or the date the
	overpayment transaction was processed and sent to NRRS.
State/County	State and county code associated with the applicable transaction record.
Payment	The "Payment Entity/Member Name" field will provide payment entity or
Entity/Member	member name information if the ELAP Payment History Report – Detail
Name	is generated for:
	• an entity or joint operation where amounts were attributed to members
	a member to show the payment entity through whom the amount was attributed.
Payment ID Number	Unique number that ties the program history data to the NPS history data.
Business Type	Business type of the producer and/or member.

B Payment History Report – Detail Description (Continued)

Field	Description
Type of Transaction	One of the following transaction types will be displayed:
	• "Payment"
	• "Receivable"
	• "Canceled Payment"
	• "Canceled Receivable".
Commodity	Name of the commodity.
Gross Payment Amount	Amount of the payment initially attributed to the producer or
-	entity member.
AGI Reduction Amount	Reduction because of the AGI value for the payment entity or
	member.
Substantive Change	Reduction amount because of a substantive change value.
Reduction Amount	
Member Level Reduction	Reduction amount because of a member level reduction.
Amount	
Subsidiary Eligibility	Reduction amount because of a subsidiary eligibility value.
Reduction Amount	
Payment Limitation	Reduction amount because of payment limitation.
Reduction Amount	
Net Payment Amount	Net payment amount for the producer after all reductions have
	been applied.
Totals	Total payment amount for the payment entity or member.

C Example of Payment History Report – Detail

The following is an example of the Payment History Report – Detail.

D Report Options

The following options are available on the Payment History Report – Detail.

Option	Action
Previous	The previous Payment History Report – Detail will be displayed.
	Note: If a single producer was selected for processing, this button will not be available.
Print	The Payment History Report – Detail will be sent to the applicable printer.
Next	The Payment History Report – Detail for the next producer will be displayed.
	Note: If a single producer was selected for processing, this button will not be available.

226 General Provisions for Canceling Payments

A Canceling Payments

After payment processing has been completed, County Offices must review the NPS payment worklist to ensure that the correct payments have been generated. The user should complete the following if an error is determined:

- not sign the payment in NPS
- correct the condition causing the incorrect payment or overpayment.

Notes: User intervention is **not** allowed for the cancellation process. If the condition causing the incorrect payment is corrected, the system will automatically cancel the unsigned payment and recalculate the payment amount due.

If the payment amount is determined to be incorrect and the payment has been signed in the NPS system, the payment can no longer be canceled. The producer will be underpaid or overpaid once the condition causing the incorrect payment has been corrected.

227 General Provisions for Canceling Receivables

A Canceling Receivables

Past processing for ELAP has required a second payment to be generated if a receivable was previously established for an ELAP overpayment. New processing will now cancel the receivable in NRRS if both of the following apply:

- condition causing the overpayment has been corrected in the system and the producer is determined to no longer be overpaid
- receivable in NRRS has not had any payments applied to the overpayment amount.

Note: If a payment amount has been applied to the receivable then a second payment will be required to be applied to the receivable.

A Overview

Overpayments will be determined during the ELAP payment calculation process and will be updated to the Pending Overpayment Report. See 9-CM, paragraph 65 for information on the Pending Overpayment Report.

B Overpayment Due Dates

Overpayments can occur for a number of reasons and County Offices are required to take necessary action to collect overpayments. The following lists situations that may cause overpayment and the overpayment due dates.

		Overpayment
Time of Determination	Situation	Due Date
Any time	Payment was issued to the wrong producer.	Immediately
After an entry affecting the	Payment was issued and later something	
payment amount is changed	occurred that changed the amount in the	
on either of the following:	ELAP Gross Payment Report.	
• CCC-851		
• CCC-934.		
After producer	Producer received an ELAP payment and	
misrepresentation is	COC determines that the producer	
determined.	misrepresented their interest.	
After payment limitation is	It is determined that payments have been	
exceeded.	issued exceeding the producer's effective payment limitation amount.	
After an eligibility value	Producer's eligibility value changed that	
changes that make the	makes the producer ineligible for payment.	
producer ineligible for	S I I I	
payment.		
Anytime either of the	CCC-851 or CCC-934 was canceled after	
following are canceled:	payments were issued to the producer.	
• CCC-851		
• CCC-934.

Reports, Forms, Abbreviations, and Redelegations of Authority (Continued)

Redelegations of Authority

For ELAP:

- COC may delegate authority to CED's to approve routine CCC-851's or CCC-934's with verifiable supporting documentation
- If CED is delegated by COC, CED's may further redelegate authority to PT's to approve CCC-851's or CCC-934's for routine cases.

Important: Neither CED's nor PT's will be delegated authority to:

- disapprove any CCC-851 or CCC-934
- approve any CCC-851 or CCC-934 when reliable records or producer's self-certification are provided as supporting documentation.

•			

Adult Beef Bull

Adult beef bull means a male beef breed bovine animal that was used for breeding purposes that was at least 2 years old before the beginning date of the eligible loss condition.

Adult Beef Cow

<u>Adult beef cow</u> means a female beef breed bovine animal that had delivered 1 or more offspring before the beginning date of the eligible loss condition. A first-time bred beef heifer is also considered an adult beef cow if it was pregnant on or by the beginning date of the eligible loss condition.

Adult Beefalo Bull

Adult beefalo bull means a male hybrid of beef and bison that was used for breeding purposes and was at least 2 years old before the beginning date of eligible loss condition.

Adult Beefalo Cow

Adult beefalo cow means a female hybrid of beef and bison that had delivered 1 or more offspring before the beginning date of the eligible loss condition. A first-time bred beefalo heifer shall also be considered an adult beefalo cow if it is pregnant on or by the beginning date of the eligible loss condition.

Adult Buffalo/Bison Bull

Adult buffalo/bison bull means a male animal of those breeds that was used for breeding purposes and was at least 2 years old before the beginning date of the eligible loss condition. In North America, many bison are commonly referred to as buffalo.

Adult Buffalo/Bison Cow

Adult buffalo/bison cow means a female animal of those breeds that had delivered 1 or more offspring before the beginning date of eligible loss condition. A first-time bred buffalo or bison heifer shall also be considered an adult buffalo/bison cow if it was pregnant by the beginning date of the eligible loss condition. In North America, many bison are commonly referred to as buffalo.

Adult Dairy Bull

Adult dairy bull means a male dairy breed bovine animal that was used primarily for breeding dairy cows and was at least 2 years old by the beginning date of the eligible loss condition.

Adult Dairy Cow

Adult dairy cow means a female bovine dairy breed animal used for the purpose of providing milk for human consumption that had delivered 1 or more offspring by the beginning date of the eligible loss condition. A first-time bred dairy heifer shall also be considered an adult dairy cow if it was pregnant by the beginning date of the eligible loss condition.

Agricultural Operation

Agricultural operation means a farming operation.

Application

<u>Application</u> means CCC form used to apply for either the emergency loss assistance for livestock (CCC-851) or emergency loss assistance for honeybees or farm-raised fish (CCC-934).

Aquatic Species

<u>Aquatic species</u> means any species of aquatic organism grown as food for human consumption, fish raised as feed for fish that are consumed by humans, or ornamental fish propagated and reared in an aquatic medium by a commercial operator on private property in water in a controlled environment. Catfish and crawfish are both defined as aquatic species for ELAP. However, aquatic species do **not** include reptiles or amphibians.

Bait Fish

<u>Bait fish</u> means small fish caught for use as bait to attract large predatory fish. For ELAP, it also **must** meet the definition of aquatic species and **not** be raised as food for fish; provided, however, that only bait fish produced in a controlled environment can generate claims under ELAP.

Beginning Farmer or Rancher

Beginning farmer or rancher as defined in 1-CM or on CCC-860.

Blizzard

<u>Blizzard</u> means, as defined by the National Weather Service, a storm which contains large amounts of snow or blowing snow with winds in excess of 35 mph and visibility of less than ½ mile for an extended period of time.

Buck

Buck means a male goat.

Cattle Tick Fever

<u>Cattle tick fever</u> means a severe and often fatal disease that destroys red blood cells of cattle, commonly known as Texas or cattle fever, which is spread by Rhipicephalus (Boophilus) annulatus, and the southern cattle tick, R. (Boophilus) microplus.

Commercial

<u>Commercial use</u> means used in the operation of a business activity engaged in as a means of livelihood for profit by the eligible producer.

Contract

<u>Contract</u> means, with respect to contracts for the handling of livestock, a written agreement between a livestock owner and another individual or entity setting the specific terms, conditions, and obligations of the parties involved regarding the production of livestock or livestock products.

Controlled Environment

<u>Controlled environment</u> means an environment in which everything that can practicably be controlled by the participant with structures, facilities, and growing media (including, but **not** limited to, water and nutrients) and was in fact controlled by the participant at the time of the adverse weather or eligible loss condition.

COC or County Office

<u>COC or County Office</u> means the respective FSA committee or office.

Deputy Administrator (DAFP)

<u>Deputy Administrator</u> or <u>DAFP</u> means the USDA, FSA, Deputy Administrator for Farm Programs, or designee.

Eligible Adverse Weather

Eligible adverse weather means, as determined by the Deputy Administrator, an extreme or abnormal damaging weather event that is **not** expected to occur during the loss period, which results in eligible losses. The eligible adverse weather would have resulted in agricultural losses **not** covered by other programs for which the Deputy Administrator determines financial assistance should be provided to producers. Adverse weather may include, but is **not** limited to, blizzard, winter storms, and wildfires. Specific eligible adverse weather may vary based on the type of loss. Identification of eligible adverse weather will include locations (National, State, or county-level) and start and end dates.

Eligible Disease

<u>Eligible disease</u> means, CCD, for honeybee colony losses, and for livestock losses resulting from inspecting and treating livestock for cattle tick fever, Cattle Tick Fever.

Eligible Drought

<u>Eligible drought</u> means that any area of the county has been rated by the U.S. Drought Monitor as having a D3 (extreme drought) intensity:

- (1) At any time during the program year, for additional honeybee feed loss; or
- (2) That directly impact water availability at any time during the normal grazing period (for example, snow pack that feeds streams and springs), as determined by the Deputy Administrator or designee, for losses resulting from transporting water to livestock.

Eligible Extreme Cold

<u>Eligible extreme cold</u> means, for honeybee colony losses, the maximum temperature **must** be 14 degrees Fahrenheit or less for at least 7 consecutive days during the program year in which the loss is claimed.

Eligible Farm Raised Fish

Eligible farm-raised fish means any aquatic species that are propagated and reared in a controlled environment to be harvested for sale as part of a commercial farming operation.

Eligible Grazing Land

<u>Eligible grazing land</u> means land that is native or improved pastureland with permanent vegetative cover or land planted to a crop planted specifically for the purpose of providing grazing for eligible livestock.

Eligible Loss Condition

<u>Eligible loss condition</u> means a condition that would have resulted in agricultural losses **not** covered by other programs in this part for which the Deputy Administrator determines financial assistance needs to be provided to producers. Specific eligible loss conditions include, but are **not** limited to, including eligible adverse weather and eligible disease. Identification of eligible loss conditions will include locations (National, State, or county-level) and start and end dates.

Eligible Sustained Cold

<u>Eligible sustained cold</u> means, for honeybee colony losses, the maximum temperature **must** be 23 degrees Fahrenheit or less for at least 40 consecutive days during the program year in which the loss is claimed.

Eligible Winter Storm

<u>Eligible winter storm</u> means, an event that is so severe as to directly cause loss and lasts in durations for at least 3 consecutive days and includes a combination of high winds, freezing rain or sleet, heavy snowfall, and extremely cold temperatures. For a determination of winter storm, the wind, precipitation, and extremely cold temperatures must all occur within the 3-day period with wind and extremely cold temperatures occurring in each of the 3 days.

Equine Animal

Equine animal means a weaned domesticated horse, mule, or donkey.

Ewe

Ewe means a female sheep.

Farming Operation

Farming operation means a business enterprise engaged in producing agricultural products.

Farm-Raised Fish

<u>Farm-raised fish</u> means any aquatic species that is propagated and reared in a controlled environment.

Game or Sport Fish

<u>Game or sport fish</u> means fish pursued for sport by recreational anglers; provided, however, that only game or sport fish produced in a controlled environment can generate claims under ELAP.

Goat

<u>Goat</u> means a weaned domesticated, ruminant mammal of the genus Capra, including Angora goats. Goats are further delineated into categories by sex (bucks and nannies) and age (kids).

Grazing Animals

Grazing animals means those species of weaned livestock that, from a nutritional and physiological perspective, satisfy more than 50 percent of their net energy requirement through the consumption of growing forage grasses and legumes. Species of livestock for which more than 50 percent of their net energy requirements are not recommended to be met from consumption of forage grasses and legumes, such as poultry and swine, are excluded regardless of whether those species are grazing or are present on grazing land or pastureland. Unweaned livestock are not grazing animals regardless of whether those unweaned livestock are present on grazing land or pastureland.

Grazing Loss

<u>Grazing loss</u> means the value, as calculated in Section 2, of eligible grazing lost because of an eligible loss condition based on the number of days that the eligible livestock were **not** able to graze the eligible grazing land during the normal grazing period.

Kid

<u>Kid</u> means a weaned goat less than 1 year old.

Lamb

<u>Lamb</u> means a weaned sheep less than 1 year old.

Definitions of Terms Used in This Handbook (Continued)

Limited Resource Farmer or Rancher

Limited resource farmer or rancher as defined in 1-CM or on CCC-860.

Livestock Owner

<u>Livestock owner</u> means 1 having legal ownership of the livestock for which benefits are being requested during the 60 calendar days before the beginning date of the eligible loss condition.

Loss Period

<u>Loss period</u> means the period of time the loss occurs for the eligible loss condition the producer is claiming caused the loss.

Nanny

Nanny means a female goat.

Nonadult Beef Cattle

Nonadult beef cattle means a weaned beef breed bovine animal that on or before the beginning date of the eligible loss condition does **not** meet the definition of adult beef cow or bull.

Nonadult Beefalo

<u>Nonadult beefalo</u> means a weaned male hybrid of beef and bison that on or before the beginning date of the eligible loss condition does not meet the definition of adult beefalo cow or bull.

Nonadult Buffalo/Bison

<u>Nonadult buffalo/bison</u> means a weaned animal of those breeds that on or before the beginning date of the eligible loss condition does **not** meet the definition of adult buffalo or bison cow or bull.

Nonadult Dairy Cattle

<u>Nonadult dairy cattle</u> means a weaned bovine breed animal of a breed used for the purpose of providing milk for human consumption that on or before the beginning date of the eligible loss condition does **not** meet the definition of adult dairy cow or bull.

Normal Grazing Period

<u>Normal grazing period, means</u>, as determined by FSA, with respect to a specific type of grazing land or pastureland in the county, the period during the calendar year when grazing animals receive daily nutrients and satisfy net energy requirements without supplemental feed.

Normal Mortality

<u>Normal mortality</u> means the numerical amount, computed by a percentage of expected livestock, honeybee colony and farm-raised fish deaths, by category, that normally occur during a program year for a producer, as established for the area by STC for livestock and farm-raised fish, and as established nationwide by the Deputy Administrator for honeybee colonies.

Program Year

<u>Program year</u> means from October 1 through September 30 of the fiscal year in which the loss occurred.

Ram

Ram means a male sheep.

Reliable Record

<u>Reliable record</u> means any non-verifiable record available that reasonably supports the eligible loss, as determined acceptable by COC.

Definitions of Terms Used in This Handbook (Continued)

Secretary

<u>Secretary</u> means the Secretary of Agriculture or a designee of the Secretary.

Sheep

<u>Sheep</u> means a weaned domesticated, ruminant mammal of the genus Ovis. Sheep are further defined by sex (rams and ewes) and age (lambs) for purposes of dividing into categories for loss calculations.

SDA Farmer or Rancher

SDA farmer or rancher as defined in 1-CM or on CCC-860.

STC or State Office

STC or State Office means the respective FSA committee or office.

United States

<u>United States</u> means all 50 States of the United States, the Commonwealth of Puerto Rico, the District of Columbia, and any other territory or possession of the United States.

U.S. Drought Monitor

<u>U.S. Drought Monitor</u> means a system for classifying drought severity according to a range of abnormally dry to exceptional drought. It is a collaborative effort between Federal and academic partners, produced on a weekly basis, to synthesize multiple indices, outlooks, and drought impacts on a map and in narrative form. This synthesis of indices is reported by the National Drought Mitigation Center at **http://droughtmonitor.unl.edu**.

Definitions of Terms Used in This Handbook (Continued)

Verifiable Record

<u>Verifiable record</u> means a document provided by the producer who can be verified by COC through an independent source and is used to substantiate the claimed loss.

Veteran Farmer

Veteran farmer or rancher as defined in 1-CM or on CCC-860.

*--CCC-934 Completion Example 1 – Honey B Farms

Background

Honey B Farms files three 2020 ELAP notices of loss and applications for payments in Culpeper County:

- April 1
- July 1
- December 30.

Report of Acreage

A summary of FSA-578 data for Honey B Farms' initial and manual FSA-578's filed throughout the program year is provided in the following table. Honey B Farms reported colony losses on manual FSA-578's filed April 1, July 1, and January 1 totaling 400 colonies lost. Honey B Farms did not have an inventory reduction to report throughout the program year (column C "Reductions").

A Date FSA-578 Is Filed	B Colony Additions	(Honeybe	-	D* Cumulative Inventory	E ELAP Program Year Inventory
		Losses*	Reductions		
January 1				500	500
(Initial FSA-578)					
March 1	50			550	550
April 1	0	100		450	550
June 1	50			500	600
July 1		100		400	600
November 1	100			500	700
January 1	0	200		300	700

^{*} Data is for informational purposes only. Colony losses should not be captured on FSA-578.

Honey B Farms' "ELAP Program Year Inventory" (column E) reflects cumulative inventory throughout the program year without taking into account colony losses (eligible or ineligible) that occur throughout the program year. Honey B Farms' program year inventory takes into account colony additions (column B) and reductions (column C "Reductions") to inventory.

Important: The colony data in column D in this table must **not** be used when completing CCC-934 or CCC-934-1.--*

Initial Loss Event #1

On April 1, Honey B Farms files an ELAP notice of loss and application for payment for 100 colonies lost because of a March 20 flood. Honey B Farms provides a manual FSA-578 on March 1 for 50 colonies purchased on February 15. Honey B Farms provides purchase receipts reflecting 50 additional colonies purchased on February 15.

CCC-934 - Honey B Farms' April 1 ELAP application for payment is completed as follows.

PART D - I	HONEYBEE	COLONY L	oss		
11A.	11B.	11C.	11D.	11E.	11F.
Loss Event	Inventory at	Additions to	Reductions to	Total Number of	Ineligible
Number	Beginning of	Inventory	Inventory	Honeybee	Honeybee
	Program Year	Throughout Program Year	Throughout Program Year		Colonies Lost During the
				Program Year	Program Year
1	500	50	0	100	0

CCC-934, item 11B, is equal to the colonies in inventory as reported on Honey B Farms' initial FSA-578 filed January 1 (column E in the acreage report table), **500 colonies**.

CCC-934, item 11C, is equal to the colonies added to inventory from the beginning of the program year, through the initial eligible loss event #1 (column B in the acreage report table), **50 colonies**.

<u>CCC-934-1</u> - To calculate cumulative program year inventory, CCC-934-1, item 7, for loss event #1, the County Office must subtract:

- the result of adding:
 - 500 colonies on CCC-934, item 11B, Inventory at Beginning of Program Year, plus
 - 50 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11C, Additions to Inventory Throughout Program Year
- minus 0 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11D Reductions to Inventory Throughout Program Year
- equals **550 colonies**, cumulative program year inventory to be entered in CCC-934-1, item 7.--*

Initial Loss Event #1 (Continued)

Honey B Farms' CCC-934-1 is completed as follows.

			/

2					22.0%															
3					22.0%															
•		/		/																

Honey B Farms does not receive a payment for the 100 colonies lost because of initial loss event #1 because the minimum colony loss threshold (item 9) of 121 colonies has not been met.

Subsequent Loss Event #2

On July 1, Honey B Farms files a notice of loss and application for payment for 100 colonies lost because of CCD that was apparent on June 25. Honey B Farms filed a manual FSA-578 on June 1, reporting 50 colonies purchased on May 15. Honey B Farms provides a receipt for 50 colonies purchased on May 15.

<u>CCC-934</u> - Part D of Honey B Farms' August 1 application for payment is completed as follows.

	PART D - H	HONEYBEE	COLONY LO	oss		
	11A. Loss Event Number	11B. Inventory at Beginning of Program Year	11C. Additions to Inventory Throughout Program Year	Inventory Throughout	11E. Total Number of Honeybee Colonies Lost During the Program Year	11F. Ineligible Honeybee Colonies Lost During the Program Year
	1	500	50	0	100	0
Loss Event #2	2		50	0	100	

Important: For loss event #2:

- item 11B is left blank
- items 11C, 11D, 11E, and 11F are **not representative of cumulative data**, but are representative of colony additions, reductions, and losses **between previous loss event #1 through current loss event #2.--***

Subsequent Loss Event #2 (Continued)

<u>CCC-934-1</u> – To calculate cumulative program year inventory, CCC-934-1, item 7, for Honey B Farms, for loss event #2, the County Office must subtract:

- the result of adding:
 - 500 colonies, on CCC-934, item 11B, Inventory at Beginning of Program Year, plus
 - 100 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11C, Additions to Inventory Throughout Program Year
- minus 0 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11D, Reductions to Inventory Throughout Program Year
- equals **600 colonies**, cumulative program year inventory to be entered in CCC-934-1, item 7.

For subsequent loss event # 2, Honey B Farms' CCC-934-1 is completed as follows.

Part A - Cold	ony Loss Cald	culz(ion																	
_5.	6.	/	7.	l \	8.		9.		10.			11.			12.			13.

18. Colony Los	Colony Loss Payment Reduction						\$0													
19. Total Eligil	ble Colony Los		\$5,610																	

Important: Line number 1 – Honey B Farms' initial loss event's data is overridden with cumulative data from the beginning of the program year through loss event #2.

Honey B Farms' honeybee colony payment is \$5,610 for loss event #2.--*

Subsequent Loss Event #3

<u>CCC-934</u> - On December 30, Honey B Farms files a notice of loss and application for payment for 200 colonies lost because of CCD that was apparent to the producer on December 15. Honey B Farms filed a manual FSA-578 on November 1, reporting 100 colonies purchased in October. Honey B Farms provides a receipt for 100 colonies purchased on October 2.

Part D of Honey B Farms' December 30 ELAP application for payment is completed as follows.

PART D - I	HONEYBEE	COLONY L	oss		
11A. Loss Event Number	11B. Inventory at Beginning of Program Year	11C. Additions to Inventory Throughout Program Year	11D. Reductions to Inventory Throughout Program Year	11E. 1	500	50	0	100	0
2		50	0	100	0
3		100	0	200	o

Loss Event # 3

Important: For loss event #3:

- item 11B is left blank
- items 11C, 11D, 11E, and 11F are **not representative of cumulative data**, but are representative of colony additions, reductions, and losses between previous loss event #2 through current loss event #3.

<u>CCC-934-1</u> - To calculate cumulative program year inventory, CCC-934-1, item 7, for Honey B Farms, for subsequent loss event #3, the County Office must subtract:

- the result of adding:
 - 500 colonies, on CCC-934, item 11B, Inventory at Beginning of Program Year, plus
 - 200 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11C, Additions to Inventory Throughout Program Year
- minus 0 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11D, Reductions to Inventory Throughout Program Year
- equals **700 colonies**, cumulative program year inventory to be entered in CCC-934-1, item 7.--*

Subsequent Loss Event #3 (Continued)

For subsequent loss event # 3, Honey B Farms' CCC-934-1 is completed as follows.

			$\overline{}$														
Part A - Cold	ony Loss Ca	lcul z t	ion														
5. Entry Number	6. Produce Share		7. Program Year Inventory	No	8. % of mal Mortality	Loss	9. num Colony s Threshold n 7 x Item 8)	10. Total Numb Colonies L			I1. of Ineligible ies Lost	Eligible	12. um Num Lost Co 10 – Ite	olonies	((Item 10	13. ent Col) – Item 12) x Ite	11 NTE

18. Colony Los	8. Colony Loss Payment Reduction						\$0										
19. Total Eligi	ble Colony Lo	sses (Item 17 – Item 18		\$20,295												

Important: Line number 1 – Honey B Farms' subsequent loss event's data is overridden with cumulative data from the beginning of the program year through loss event #3.

Honey B Farms' honeybee colony payment is \$20,295, minus previous payment for loss event #2, \$5,610, equals **\$14,685**.--*

*--CCC-934 Completion Example 2 – Deb's Bees

Background

Deb's Bees files three 2020 ELAP notices of loss and applications for payment:

- July 10
- September 1 (notice of loss only)
- December 2.

Report of Acreage

A summary of FSA-578 data for Deb's Bees' initial and manual FSA-578's filed throughout the program year is provided in the following table. On January 1, 2020, Deb's Bees files an initial 2020 acreage report providing an initial beginning inventory of 800 colonies. Deb's Bees reported colony losses on manual FSA-578's filed June 1, September 1, and December 1 totaling 400 colonies lost (column C "Losses"). Deb's Bees had inventory reduction to report 50 colonies sold throughout the program year (column C "Reductions").

A Date FSA-578 Is Filed	B Colony Additions	`	C e Colony	O* Cumulative Inventory	E Beginning Inventory for ELAP
		Losses*	Reductions		
January 1				800	800
(Initial FSA-578)					
February 1	0	0		800	800
March 1	25	0		825	825
April 1	0	0	50	775	775
May 1	50	0		825	825
June 1	0	100		725	825
July 1	100	0		825	925
August 1	0	0		825	925
September 1	0	200		625	925
October 1	100	0		725	1025
November 1	0	0		625	1025
December 1	0	100		625	1025

^{*} Data is for informational purposes only. Colony losses should not be captured on FSA-578.

Deb's Bees' "Beginning Inventory for ELAP" (column E) reflects cumulative inventory throughout the program year without taking into account colony losses (eligible or ineligible) that occur throughout the program year. Deb's Bees' program year inventory takes into account colony additions (column B) and reductions (column C "Reductions") to inventory.

Important: The colony data in column D in this table must **not** be used when completing CCC-934 or CCC-934-1.--*

*--CCC-934 Completion Example 2 – Deb's Bees (Continued)

Initial Loss Event #1

On July 10, 2019, Deb's Bees files a notice of loss for colony losses that occurred on June 29, 2020, because of CCD. Deb's Bees files an application for payment on July 30, 2020, for 100 colonies lost because of CCD.

Deb's Bees provides a manual FSA-578 on:

- March 1 for 25 colonies purchased on February 15
- April 1 for 50 colonies sold on March 20
- May 1 for 50 colonies purchased on April 20
- July 1 for 100 colonies purchased on June 17.

Deb's Bees provides:

- purchase receipts reflecting 175 additional colonies purchased since the beginning of the calendar year
- invoice reflecting 50 colonies sold on March 20.

CCC-934 – Deb's Bees' ELAP application for payment is completed as follows.

PART D - I	ONEYBEE	COLONY L	OSS			
11A. Loss Event Number	11B. Inventory at Beginning of Program Year		11D. Reductions to Inventory Throughout Program Year	Honeybee Colonies Lost	11F. Ineligible Honeybee Colonies Lost During the Program Year	11G. Producer Share
1	800	175	50	100	0	1.0

CCC-934, item 11B, is equal to the colonies in inventory as reported on Deb's Bees' initial FSA-578 filed January 1 (column E in the acreage report table), **800 colonies**.

CCC-934, item 11C, is equal to the colonies added to inventory from the beginning of the program year, through the initial eligible loss event #1 (column C in the acreage report table), **175 colonies**.

CCC-934, item 11D, is equal to colony reductions from the beginning of the program year, through the initial loss event #1 (column D "Reductions" in the acreage report table), **50 colonies.--***

*--CCC-934 Completion Example 2 – Deb's Bees (Continued)

Initial Loss Event #1 (Continued)

<u>CCC-934-1</u> - To calculate cumulative program year inventory, CCC-934-1, item 7, for loss event #1, the County Office must subtract:

- the result of adding:
 - 800 colonies, on CCC-934, item 11B, Inventory at Beginning of Program Year, plus
 - 175 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11C, Additions to Inventory Throughout Program Year
- minus 50 colonies, sum of all entries, as of the applicable loss event, on CCC-934, item 11D, Reductions to Inventory Throughout Program Year
- equals **925 colonies**, cumulative program year inventory to be entered in CCC-934-1, item 7.

Deb's Bees' CCC-934-1 is completed as follows.

Part A - Cold	Part A – Colony Loss Calculation 5 6 7 8 9 10 11 12 13																		
5. Entry Number	Entry Producer Program Year % of					Los	9. mum Col s Thresh n 7 x Iter	old	Total Nu Colonie	mber of		11. er of Ine lonies L		Eligible	ıum Nu	mber of Colonies tem 9)	((Item 1	13. nent Co 0 – Iten 12) x It	n 11 NTE
1	1	\	925		22.0%		204		10	0		0			0			0	
2		\			22.0%														
3					22.0%														
Total Paym	ent Colonies (S	um o	(Item 13)			0													
15. Colony Fair	Market Value					\$110													
16. Payment F	actor								7.	%									
17. Subtotal Eli	Subtotal Eligible Colony Losses (Item 14 X Item 15 X Item 16)																		
18. Colony Los	Colony Loss Payment Reduction						\$0												
19. Total Eligil	ole Colony Los	ses (Item 17 – Item 18		\$0														

Deb's Bees does not receive a payment for the 100 colonies lost because of initial loss event #1 because the minimum colony loss threshold (item 9) of 204 colonies has not been met.

Subsequent Loss Event #2

On September 1, Deb's Bees files a notice of loss for apparent colonies lost because of a flood that occurred August 28, 2020. Deb's Bees does not file an application for payment at this time; therefore, CCC-934, Part D and CCC-934-1 are not completed.--*

CCC-934 Completion Example 2 – Deb's Bees (Continued)

Subsequent Loss Event #3

On December 2, Deb's Bees files a notice of loss for 100 colonies lost because of a blizzard that occurred November 25. In addition, on December 2, 2020, Deb's Bees files an application for payment for:

- 200 colonies lost because of loss event #2
- 100 colonies lost because of loss event #3.

Deb's Bees provides a manual FSA-578 on October 1 for 100 colonies purchased on September 20. Deb's Bees provides purchase receipts reflecting 100 additional colonies purchased on September 20.

<u>CCC-934</u> - Part D of Deb's Bees application for payment is completed as follows.

11A. Loss Event Number	11B. Inventory at Beginning of Program Year	11C. Additions to Inventory Throughout Program Year	11D. Reductions to Inventory Throughout Program Year	11E. Total Number of Honeybee Colonies Lost During the Program Year	11F. Ineligible Honeybee Colonies Lost During the Program Year	11G. Producer Share
1	800	175	50	100	0	1.0
2		0	0	200	0	
3		100	0	100	0	

Loss Event #2 and #3#

Important: For loss events #2 and #3:

- item 11B is left blank
- items 11C, 11D, 11E, and 11F are **not representative of cumulative data**, but are representative of colony additions, reductions, and losses **between previous loss event through current loss event**.

*--CCC-934 Completion Example 2 – Deb's Bees (Continued)

Subsequent Loss Event #3 (Continued)

<u>CCC-934-1</u> - Since Deb's Bees filed an application for payment for loss events #2 and #3 at the same time, CCC-934-1 data will represent cumulative data from beginning of program year through loss event #3.

Cumulative program year inventory, CCC-934-1, item 7, is determined by subtracting:

- the result of adding:
 - 800 colonies on CCC-934, item 11B, Inventory at Beginning of Program Year, plus
 - 275 colonies, sum of all entries on CCC-934, item 11C, Additions to Inventory Throughout Program Year, including entries for loss events #1, #2, and #3
- minus 50 colonies, sum of all entries on CCC-934, item 11D, Reductions to Inventory Throughout Program Year
- equals **1025 colonies**, cumulative program year inventory to be entered in CCC-934-1, item 7.

Deb's Bees' CCC-934-1 is completed as follows.

Part A - Cold	ony Loss Ca	lcu a	tion																
5. Entry Number	6. Produce Share	-	7. Program Year Inventory	N	8. % of rmal Mortality	Los	9. imum C ss Thres m 7 x lt	shold	10. I Numb Ionies I			11. er of In onies I	eligible Lost	Eligibl	e Lost	umber of Colonies Item 9)	((Item 1	13. nent Co 0 – Iten 12) x It	n 11 NTE
1	1.0	\	1,025		22.0%	litei	226		400			0		nen	174	item 3)	nem	174	eni oj
2		\setminus			22.0%														
3		$\overline{}$			22.0%														
14. Total Payment Colonies (Sum of Item 13)			174																
15. Colony Fair Market Value			\$110			1													
16. Payment Factor			75%																
17. Subtotal Eligible Colony Losses (Item 14 X Item 15 X Item 16)				\$14,355															
18. Colony Loss Payment Reduction				\$0				1											
19. Total Eligible Colony Losses (Item 17 – Item 18)				\$14,355															

Note: The subsequent loss event's cumulative data is overridden with cumulative data from the beginning of the calendar year through loss event #3.

Deb's Bees' honeybee colony payment is equal to \$14,355 (\$14,355 minus \$0 (loss event #1 ELAP payment)).--*

Sample Letter for Disapproval of Notice of Loss

The following provides a sample letter for disapproval of a notice of loss.

XXXX County Farm Service Agency 000 IL, Hwy 1 Anytown, IL 6XXXX Phone: (000) 000-0000 Fax: (000) 000-0001

Date

Mr. Producer P.O. Box 100 Anytown, IL 6XXXX

Dear Mr. Producer:

The XXXX County Committee has disapproved the CCC-851, Parts A and B, Emergency Loss Assistance for Livestock (ELAP) Notice of Loss, you filed concerning livestock death losses claimed due to (insert loss condition).

The County Committee disapproved the ELAP Notice of Loss because (*County Offices shall provide reason and handbook procedure*). Because you have yet to file an application for payment that includes this notice of loss, there are no appeal or appealability review rights that apply to this determination.

Regulations at 7 CFR §11.1 and 7 CFR §780.2 define an adverse decision as an administrative decision made by an officer, employee, or committee of an agency that is adverse to a participant. These same regulations also define a participant as any individual or entity who has applied for, or whose right to participate in or receive a payment, loan, loan guarantee, or other benefit in accordance with any program of an agency to which the regulations in this part apply is affected by the decision of such agency.

Sincerely,

County Executive Director Any County FSA Office

Cc: Name, District Director

Poultry - 3 pounds - 7.9 pounds	.01
Poultry - 8 pounds or more	.03

Honeybee Good Management Practices Suggested Checklist

Sp	ring Management
	Remove winter wraps, wind breaks, and/or moisture boards from hives
	Clean bottom board debris from hives and identify hives with good hygienic colonies (hives with few dead bees and clean bottom boards
	Assess the population size to determine need for entrance reducers
	Perform hive inspection for queen and identify which hives need queens
	Completed needed hive reversals (needed for hives where the bees have moved to the top of the box to prevent swarming)
	Feed colonies that require food
	Assess colonies that need to be split strong colonies or combined week colonies
	Assess mite loads to determine treatment needs
	Check for signs for swarm preparations
	Monitor the landscape forage availability to meet food needs
	Monitor pesticides (i.e. dead bee traps)
	Monitor the landscape forage availability to meet food needs
	Increase hive size by adding empty supers
	Monitor for disease and health of the colonies
	Monitor pesticides (i.e. dead bee traps)
	Harvest honey
	Stop honey draws in late summer if bees are to be overwintered
Fall M	Ianagement
	Check varroa mite levels
	Pre-treat in late summer/early fall
	Treat again if needed
	Prevent robbing
	Fall feeding
Winte	r Management
	Remove queen excluders
	Reduce entrance
	Inner hive cover rim hole
	Help insult colonies from extreme temperature changes
	Check hives for weight
	Check on cluster location and size
	Check sugar boards for additional food
	Move hives to well protected area to overwinter
