Amendment 6

Approved by: Deputy Administrator, Farm Loan Programs

Amendment Transmittal

A Reasons for Amendment

Subparagraph 41 H has been amended to update the requirements for submitting accounts to the National Office to determining if a discrimination complaint has been filed.

Exhibit 13 has been amended to:

- eliminate PPI information formerly transmitted through e-mail
- add the requirement to verify that no civil rights complaints are open before reclassifying cases as CNC (per FSA-1956-20).

Exhibit 17 has been amended to provide the monthly interest rates applicable to FLP

Part 1 Introduction and Purpose**1 Purpose and Sources of Authority****A Handbook Purpose**

[7 CFR 761.1(d)] This part describes the Agency's general and administrative policies for its guaranteed and direct Farm Loan Programs. In general, this part addresses issues that affect both guaranteed and direct loan programs.

This handbook is designed to assist FSA in understanding:

- general and administrative regulations governing FLP's
- roles and responsibilities in implementing those regulations and other general and administrative responsibilities.

B Sources of Authority

The sources of authority for this handbook include:

- 7 CFR Part 761 and other regulations that may be referenced throughout this handbook
- the various laws and statutes passed by Congress, including CONACT.

C Regulation References

Text in this handbook that is published in the CFR is printed in **bold** text. The CFR citation is printed in brackets in front of the text. The references and text:

- are intended to highlight the requirement spelled out in CFR
- may be used to support FSA adverse decisions.

2 Related References (Continued)

C State Supplements

See Exhibit 4 for State supplements required by this handbook. SED's shall:

- issue required supplements, and any additional supplements, according to 1-AS, paragraph 216
- obtain approval of State supplements according to 1-AS, paragraph 220.

3 FLP Forms

A Form References

Except as provided in this paragraph, this handbook refers to forms according to the new forms numbering system that becomes effective December 31, 2007. Forms executed before December 31, 2007, may have a number different from that referenced. See Exhibit 5 for a comparison of form numbers before and after December 31, 2007.

Note: See Exhibit 1 for titles of forms referenced in this handbook.

With the exception of FSA-2510, FSA-2512, and FSA-2514, form numbers are not referenced in CFR (**bold**) text. CFR refers to forms by either:

- the common name of the form

Example: CFR may state “a promissory note” instead of stating “FSA-2026”.

- purpose or the information collected.

Example: CFR may state “a conservation contract” instead of stating “FSA-2535”.

This handbook may refer to the following forms by title and/or form number.

Form Number	Form Title
FSA-2026	Promissory Note
FSA-2543	Shared Appreciation Agreement

B FSA-2029

All references to FSA-2029 within this handbook are intended as a reference to the applicable State-specific Mortgage or Deed of Trust. State-specific Mortgages or Deeds of Trust are available on the FFAS Employee Forms/Publications Online Website at <http://intra3.fsa.usda.gov/dam/ffasforms/forms.html> and are numbered FSA-2029 “ST”.

Notes: “ST” represents the appropriate State acronym.

SED is not required to issue a State supplement for the State-specific version of FSA-2029.

C Notary Acknowledgement

Forms do not include preprinted text for the Notary Acknowledgement because numerous States have State-specific laws establishing required text. Therefore, a fillable text area is provided under the “Acknowledgement” heading. SED’s shall issue State supplements providing the appropriate Notary Acknowledgement text to be inserted.

3 FLP Forms (Continued)**D Applicant and Borrower Signatures**

Forms completed by applicants or borrowers include a signature box to accommodate multiple signatures. Separate signature lines are not provided because the number of signatures required for an entity applicant or borrower cannot be determined in advance. Instructions for completing forms will provide guidance to applicants or borrowers on signature requirements.

Forms prepared by FSA for the applicant or borrower's signature include a fillable area instead of preprinted signature lines. County Offices shall insert a signature line and the name of each applicant, borrower, entity member, or other individual required to sign the form.

SED's shall issue a State supplement addressing State-specific signature requirements.

E State Office Modified National Forms

State and County Offices shall use national forms unless their use is prohibited by State law. If modification to a national form is required to comply with State law, the State Office shall submit a copy of the national form showing the necessary modifications, through the State Directives Management System.

Note: State-specific forms based on national forms will be made available on the FFAS Employee Forms/Publications Online Website at <http://intra3.fsa.usda.gov/dam/ffasforms/forms.html> with the same form number as the national form, followed by the State acronym.

3 FLP Forms (Continued)

F State-Created Forms

State Offices may create forms, as necessary, when a national form is not available.

State-created forms shall be assigned a 5-digit number establishing linkage to the appropriate FLP handbook, followed by the State acronym, according to the following.

IF the form pertains to...	THEN the form number shall be...
more than one FLP handbook	FSA-2000-1 ST, FSA-2000-2 ST, FSA-2000-3 ST, etc.
1-FLP	FSA-2100-1 ST, FSA-2100-2 ST, FSA-2100-3 ST, etc.
2-FLP	FSA-2200-1 ST, FSA-2200-2 ST, FSA-2200-3 ST, etc.
3-FLP	FSA-2300-1 ST, FSA-2300-2 ST, FSA-2300-3 ST, etc.
4-FLP	FSA-2400-1 ST, FSA-2400-2 ST, FSA-2400-3 ST, etc.
5-FLP	FSA-2500-1 ST, FSA-2500-2 ST, FSA-2500-3 ST, etc.
6-FLP	FSA-2600-1 ST, FSA-2600-2 ST, FSA-2600-3 ST, etc.

Notes: “ST” represents the appropriate State acronym.

Before using State forms imposing information collections on 10 or more persons per year, State Offices shall work with the National Office to obtain OMB approval.

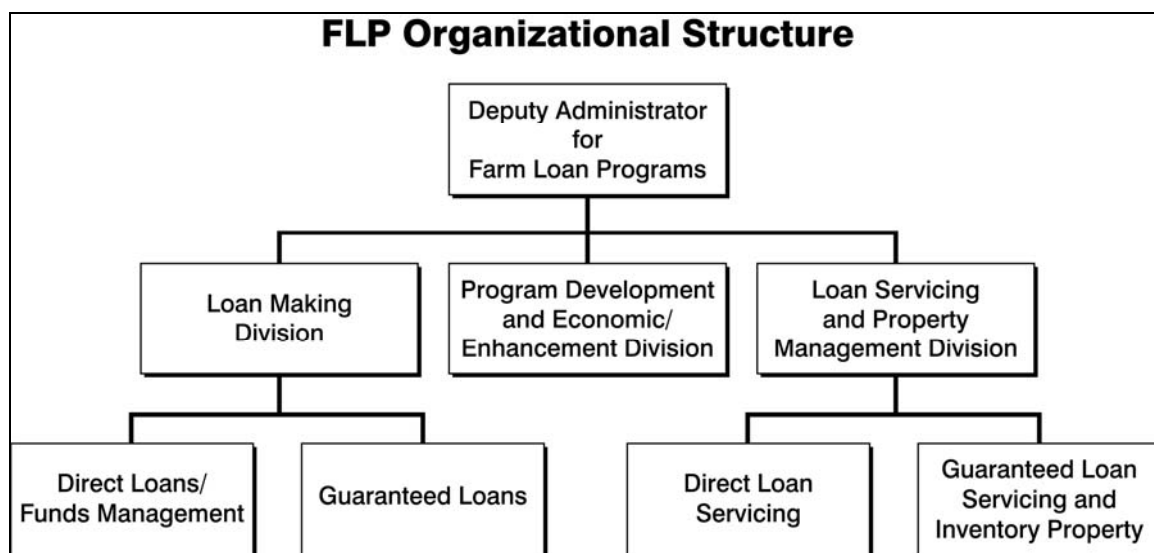

SED shall issue State supplements, as applicable, to address the use of all State-specific and State-created forms.

Exception: State-specific FSA-2029’s do not require State supplement issuance.

4 FLP Organizational Structure

A National Office FLP Organizational Structure

The following is the National Office FLP organizational structure.

B Contacts for the Office of the Deputy Administrator

The following provides the address for the Office of the Deputy Administrator.

Part 2 FLP Authorities**21 Overview****A Purpose**

This Part provides information and guidance on:

- FSA's authority to administer FLP
- delegating loan approval, loan servicing, and appraisal authorities
- redelegating SED authority
- maximum loan approval authority by grade and position
- maximum loan limits.

B Program Authority

CONACT, Section 339 provides the Secretary of Agriculture authority to issue regulations and make delegations of authority as necessary to administer FLP. The Secretary delegated FLP authorities to the Under Secretary for FFAS in 7 CFR 2.16. The Under Secretary further delegated these authorities to the FSA Administrator in 7 CFR 2.42. The Administrator delegates authorities to SED's, as applicable.

[7 CFR 761.1] (a) The Administrator delegates the responsibility to administer Farm Loan Programs of the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) to the Deputy Administrator for Farm Loan Programs subject to any limitations established in 7 CFR 2.16 (a) (2) and 7 CFR 2.42.

(b) The Deputy Administrator may:

- (1) Redelegate authorities received under subparagraph (a); and**
- (2) Establish procedures for further redelegation of authority.**

CONACT, Section 376 provides the Secretary of Agriculture authority to use CED's to make and service FLP loans to the extent CED's have been trained to do so.

22 General Delegation Requirements

A General Provisions

The following general provisions apply to FLP delegations of authority.

- SED shall consult with FLC before issuing, revising, or revoking delegations of authority.
- Authority should be delegated to the lowest level possible, consistent with employee training and experience, program requirements, and available resources.
- All delegations of authority must be in writing.
- An employee who has been delegated an authority listed in Exhibit 7, may not redelegate their authority to another employee.

Note: This does not apply when designating acting officials.

- Once authority is delegated, it is retained until revised or revoked according to subparagraph C.

Notes: See subparagraph 27 A for information about the impact of a change in grade or position on loan approval authority.

A new delegation of authority is not required when SED or FLM who issued the original delegation changes. The new SED or FLM may modify delegations according to subparagraph C.

22 General Delegation Requirements (Continued)

B Sample Delegation Letter

The following letter may serve as a template for delegating authority.

<p>To: Name Title</p> <p>Subject: Delegation of Authority</p> <p>In my authority as (Title of Delegator), I hereby delegate to you the following authority(ies):</p> <ul style="list-style-type: none"> • _____ • _____ • _____. <p>This/these delegation(s) will continue until revoked or revised in writing.</p> <p>(Signature)</p> <p>(Title)</p> <p>(Date)</p> <p>cc: State Office (2 copies)</p>

C Revising and Revoking Delegated Authority

SED or FLM may revise or revoke any authority they have delegated to an employee as justified by the employee's performance and need for the authority. FLM may not revise or revoke any authority delegated by SED. Any revision or revocation of authority must be in writing. When an individual's authority is reduced or revoked, the employee must be given specific reasons for the action.

23 State Office and Service Center Authorities**A Overview**

FSA's decisions to approve or reject a loan or servicing request have broad implications for the applicant or borrower and FSA. These decisions affect the applicants' lives, the achievement of program objectives, and FSA's risk exposure. Therefore, it is imperative that certain authorities be limited to those employees who have met the training and experience requirements and have been formally delegated authority.

B State Office Employees

FLP authorities, except those in Exhibit 7, subparagraph A, are inherent to the position for FLC, FLS, and DD.

C Service Center Employees

FLP authorities, except those in Exhibit 7, subparagraph A, are inherent to the position for FLM. FLM may delegate authorities in Exhibit 7, subparagraph B to FLO or PT.

Authorities listed in Exhibit 7, subparagraph B may be delegated to other Service Center employees, if necessary, based on the State organizational structure, as follows:

- FLM, in consultation with CED, may delegate authorities to CO PT's
- SED may delegate authorities to CED's who have:
 - successfully completed the appropriate FLO training modules on loanmaking and loan servicing
 - submitted 2 loan servicing dockets that meet a credit quality level established by SED and FLC.

23 State Office and Service Center Authorities (Continued)

D Acting Officials

Acting officials, other than SED, have the inherent authorities of their regular position and the inherent authorities of the acting position, unless otherwise restricted on the designation document. An acting designation does not increase an employee's loan approval authority. Loan approval authority may only be revised according to subparagraph 22 C.

Acting SED is authorized to approve:

- loans up to the maximum limits established in subparagraph 29 D
- actions which will result in a loss to the Government.

Note: The acting FLM will be designated according to 16-AO, subparagraph 287 E.

The following letter may serve as a template for designating acting officials.

To:	Name Title
Subject:	Delegation of Authority
<p>You are hereby designated to serve as Acting (Title of Delegator), from (Starting Date) to (Ending Date). I hereby delegate to you all rights, privileges, and powers of the position (except the following:</p> <ul style="list-style-type: none"> • _____ • _____ • _____.) <p>(Signature)</p> <p>(Title)</p> <p>(Date)</p> <p>cc: State Office (2 copies)</p>	

23 State Office and Service Center Authorities (Continued)

E Limitations on Inherent Authorities

SED must:

- provide a State Office employee or FLM with written notification of any limitations on inherent authorities
- limit inherent authorities of employees selected as DD, FLS, or FLM who have not completed required training.

F Redelegating SED Authorities

SED's may:

- redelegate their loan approval authority to FLC, FLS, or DD
- redelegate their authority to allow the use of a restricted appraisal report to the designated State staff appraiser
- not redelegate their approval authority for any action that will result in a loss to the Government.

24 Delegating Appraisal Authority**A General Requirements**

Only SED's may delegate appraisal authority according to Exhibit 7, subparagraph A. SED's may delegate appraisal authority to FSA employees who have completed the required training and have the necessary experience.

B Chattel Appraisals

SED may delegate chattel appraisal authority to employees who have completed the training requirements in subparagraph 145 A.

C Real Estate Appraisals Involving Transactions of \$100,000 or Less

SED may delegate authority to prepare real estate appraisals when the total credit transaction is less than \$100,000 to employees who have completed the training requirements in subparagraph 146 C.

D Administrative Appraisal Reviews

SED may delegate authority to complete administrative appraisal reviews to employees who have completed the training requirements in subparagraph 143 B.

25 Delegating Loan Approval Authority

A Receiving Approval Authority

Employees must meet the following requirements to receive loan approval authority.

- Employees selected for GS FLO positions, other GS employees, including DD's and FLS's, and CED's designated to obtain loan approval authority, must:

- complete the formal FLO training program

Note: The FLO training program is designed to combine classroom type training and hands-on experience within a 1-year period. FLOT, other GS employee, or CED will work under the guidance of an experienced approval official.

- successfully complete the Credit and Financial Analysis Training course that is part of the formal FLO training program
 - pass the FLP training comprehensive test.

Note: See 6-PM, subparagraph 198 B for actions if an employee fails to pass the second comprehensive test.

- FLOT's may or may not receive delegated loan approval during the designated training period. FLOT's may receive career ladder promotions up to and including GS-9 without loan approval authority as long as FLOT meets the time-in-grade requirement and the performance warrants the promotion, based on the performance rating completed by the immediate supervisor. To achieve promotion to GS-11, FLO must have completed the FLO training program, obtained loan approval authority, and shown proficiency in completing the duties and responsibilities of an FLO with limited supervision, meet time-in-grade requirements, and the performance warrants promotion to GS-11, based on the performance rating completed by their immediate supervisor.

25 Delegating Loan Approval Authority (Continued)**A Receiving Approval Authority (Continued)**

- FLM's, FLO's, FLOT's, and CED's must submit a minimum of 5, but no more than 10, independently prepared loan dockets that meet a credit quality level set by SED and FLC. The files submitted for review must be of sufficient complexity to reflect the ability to make good credit decisions and analyze an applicant or borrower's operation. Files submitted must include files from all of the following groups and can be closed or credit actions recommend for approval or rejection:

- at least 3 direct term loans

Note: Do not submit youth loans or annual operating loans.

- guaranteed loan applications from SEL only
- PLS applications.

Note: In cases where SEL and/or PLS application are not available, FLC may substitute direct term loans, excluding annual OL and youth loans, to meet this requirement.

- DD's and FLS's must submit 3 independently prepared loan dockets, and 4 independently completed docket reviews which meet a credit quality level set by SED and FLC. The files submitted for review must be of sufficient complexity to reflect the ability to make good credit decisions and analyze an applicant or borrower's operation. In addition, 3 of the dockets must be for term loans and none may be youth loans or annual operating loans.
- DD's without existing FLP approval authority have 1 calendar year from assuming the position of DD to complete the required training and all testing and an additional 6 months to be delegated loanmaking authority.

B Failure to Receive Loan Approval Authority

If an employee required to receive loan approval authority does not successfully meet the criteria in subparagraph A within the specified timeframe, the supervisor must develop an Opportunity to Improve Plan or a Performance Improvement Plan, as appropriate, with the guidance of the trainer and Administrative Officer.

25 Delegating Loan Approval Authority (Continued)**C CED Loan Approval Authority**

SED's, in consultation with FLC and the appropriate DD, may designate CED's to obtain loan approval authority if CED:

- agrees to maintain competency with ongoing FLP activity
- is able to perform the duties according to 27-PM, Exhibit 4.4

Note: 27-PM, Exhibit 4.4 will be attached to the CED's position description when loan approval authority has been delegated.

- completes the formal FLO training program.

D Circumstances for Designating CED's

SED's, in conjunction with FLC, should identify areas of their State that could justify and benefit from CED having loan approval and servicing authority.

The office or area where CED would be designated by SED to obtain loanmaking and loan servicing approval authority must meet both of the following conditions.

- Direct and/or guaranteed caseload in the office or area is high, complex, or geographically challenging and FLM or FLP team servicing the office or area needs additional help.

Note: The requirement established in subparagraph 27 C shall be considered when evaluating this condition.

- CED has the time to take on the additional responsibilities required to obtain and maintain loanmaking and loan servicing authority and responsibilities without negatively impacting CED's current farm program obligations.

E COC Involvement

COC involvement in FLP established in other FSA directives is not modified, except that COC will be required to concur in writing with the additional FLP responsibilities that CED will be incurring.

26 Delegating Loan Servicing Authority

A Delegations to FLO

FLM may delegate loan servicing authorities to FLO according to Exhibit 7, subparagraph B. Loan servicing authorities shall not be delegated until FLO has successfully completed the FLO training program.

B Delegations to PT

FLM may delegate loan servicing authorities to PT, who has the appropriate training and experience, according to Exhibit 7, subparagraph B.

C Delegations to CED

See 27-PM, Exhibit 4.4 for FLP responsibilities that may be performed by CED's designated by SED to obtain loan servicing authority.

27 Maintaining Approval Authority**A Employee Who Accepts New GS FLP Position**

When a GS FLP employee with prior FLP loan approval and servicing authority accepts a new FLP position within the State, a new delegation of authority is not required.

Loan approval authority is automatically increased when the employee's grade increases, unless:

- SED issues a new delegation of authority limiting the authority
- the original delegation of authority established limitations on approval authority.

B Hires With Prior Loan Approval Authority

Employees who held FLP loan approval authority for at least 1 year immediately before the selection to the new position, may submit a copy of the previous delegation letter, and a statement from the previous FLC, reflecting the quality of docket reviews based upon Credit Quality Review guidelines.

This information shall be used to establish the following:

- necessary actions for obtaining FLP loan approval in the new State
- number of dockets to be submitted in the new State to determine whether approval authority should be delegated to the employee.

New employees who did not hold FLP loan approval authority for at least 1 year immediately before the selection to the position, must submit the number of independently prepared loan dockets required under subparagraph 25 A. SED, in consultation with FLC, shall determine any training required for the employee to be delegated approval authority.

27 Maintaining Approval Authority (Continued)

C Maintaining Loan Approval and Servicing Authority

CED's, for whom FLP is a secondary responsibility, will be required at a minimum to make and/or service 10 case files according to their loan approval and servicing authority each year.

To reach the minimum amount of files required each year, CED may be required to handle cases outside of their immediate County Office area.

Note: Actions that may be counted include, but are not limited to the following:

- loanmaking
- PLS
- Disaster Set-Aside
- subordinations
- partial releases.

DD will be responsible for tracking the number of completed case files per CED.

28 Establishing Credit Quality Standards**A Introduction**

After loan approval and servicing authority is granted, FLC's will continue to monitor the loanmaking and loan servicing activity of employees to ensure that loanmaking and loan servicing actions meet the established State credit quality standards.

B Credit Quality Reviews

SED, after consulting with FLC, shall issue a State supplement establishing the method and standards for completing Credit Quality Reviews. The Credit Quality Reviews will determine whether an employee's loan approval and/or servicing authority needs to be revised, limited, or revoked. An acceptable level of performance by the employee will be based on the applicable items on FSA-2103, FSA-2104, or FSA-2119. Only files that attain a score of 90 percent or higher and do not receive a "No" answer on any item identified as critical, will receive a passing score. The critical items on:

- FSA-2103 are items 2M, 2Q, 2S, and 2U
- FSA-2104 are items 2A, 2H, and 2I
- FSA-2119 are items 2A, 2B, 2I, and 2L.

Notes: SED should take into consideration available staff and resources when developing the Credit Quality Review process. SED and FLC may consider establishing a credit quality team in the State Office or using existing underwriting staffs, if resources are available. SED and FLC may also want to consider establishing the process on a district or FLP team basis.

All employees completing Credit Quality Reviews must have approval authority and a good background in loanmaking and loan servicing.

29 Maximum Loan Authorities

A OL, FO, and EM Program Loan Limitations

Limitations on maximum loan amounts for OL, FO, and EM are established in CONACT. The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act of 1999 (Pub. L. 105-277), amended the limitations applicable to guaranteed OL and FO by providing for an annual adjustment based on the rate of inflation applicable to FY.

[7 CFR 761.8 (a)] The outstanding principal balances for a farm loan applicant or anyone who will sign the promissory note cannot exceed any of the following at the time of loan closing or assumption of indebtedness. If the outstanding principal balance exceeds any of the limits at the time of approval, the farm operating plan must reflect that funds will be available to reduce the indebtedness prior to loan closing or assumption of indebtedness:

(1) Farm Ownership loans, Beginning Farmer Down payment loans and Soil and Water loans:

(i) Direct--\$200,000;

(ii) Guaranteed--\$700,000 (for fiscal year 2000 and increased at the beginning of each fiscal year in accordance with paragraph (b) of this section);

Note: FY 2008 loan limit is \$949,000.

(iii) Any combination of a direct Soil and Water loan, direct Farm Ownership loan, guaranteed Soil and Water loan, and guaranteed Farm Ownership loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section); (subparagraph B);

Note: FY 2008 loan limit is \$949,000.

(2) Operating loans:

(i) Direct--\$200,000;

(ii) Guaranteed--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section);

Note: FY 2008 loan limit is \$949,000.

29 Maximum Loan Authorities (Continued)**A OL, FO, and EM Program Loan Limitations (Continued)****(3) Operating loans:**

- (i) Any combination of a direct Operating loan and guaranteed Operating loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section);**

Note: FY 2008 loan limit is \$949,000.

- (4) Any combination of guaranteed Farm Ownership loan, guaranteed Soil and Water loan, and guaranteed Operating loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section);**

Note: FY 2008 loan limit is \$949,000.

- (5) Any combination of direct Farm Ownership loan, direct Soil and Water loan, direct Operating loan, guaranteed Farm Ownership loan, guaranteed Soil and Water loan, and guaranteed Operating loan--the amount in paragraph (a)(1)(ii) (subparagraph A) of this section plus \$200,000;**

Note: FY 2008 loan limit is \$1,149,000.

- (6) Emergency loans--\$500,000;**

- (7) Any combination of direct Farm Ownership loan, direct Soil and Water loan, direct Operating loan, guaranteed Farm Ownership loan, guaranteed Soil and Water loan, guaranteed Operating loan, and Emergency loan--the amount in paragraph (a)(1)(ii) (subparagraph A) of this section plus \$700,000.**

Note: FY 2008 loan limit is \$1,649,000.

B Adjustment for Guaranteed Loans

[7 CFR 761.8 (b)] The dollar limits of guaranteed loans will be increased each fiscal year based on the percentage change in the Prices Paid by Farmers Index as compiled by the National Agricultural Statistics Service, USDA. The maximum loan limits for the current fiscal year are available in any FSA office and on the FSA website at <http://www.fsa.usda.gov>.

29 Maximum Loan Authorities (Continued)**C Line of Credit Advances**

[7 CFR 761.8 (c)] The total dollar amount of guaranteed line of credit advances and income releases cannot exceed the total estimated expenses, less interest expense, as indicated on the borrower's cash flow budget, unless the cash flow budget is revised and continues to reflect a feasible plan.

A Standard Eligible Lender must obtain Agency approval before issuing future year's funds according to 2-FLP, subparagraph 265 C. Approval may be provided by any Agency official with loan approval authority, and is not subject to the maximum loan limits established in subparagraph D.

Note: PLP and CLP lenders may provide future years' funds without prior FSA approval.

29 Maximum Loan Authorities (Continued)

D Official Loan Approval Limitations for OL, FO, and EM

The following identifies the maximum loan approval authority for OL, FO, and EM by grade and title of loan approval officials at the time of loan closing. All loan approval limitations include the loan being made plus any outstanding principal balances owed by anyone who will sign the promissory note. For LOC's, the maximum amount of the LOC ceiling will be considered the outstanding principal balance. A loan approval official cannot approve or reject a loan request that will exceed the official's approval authority at the time of loan closing. The official must forward the loan and recommendations to the appropriate loan approval official for action.

CO County Office employees who have loan approval authority may not exceed the authority of the equivalent grade FLO or FLM.

Type of Loan	FLO			FLM, DD, FLS or FLC	SED
	GS-7	GS-9	GS-11	GS-11/12/13	
Maximum Approval by Assistance Type - Limitation I					
Guaranteed OL	\$100,000	\$160,000	\$300,000	\$500,000	\$949,000
Direct OL	\$50,000	\$80,000	\$125,000	\$175,000	\$200,000
Guaranteed FO + SW	\$0	\$120,000	\$300,000	\$500,000	\$949,000
Direct FO + SW	\$0	\$80,000	\$100,000	\$175,000	\$200,000
Direct EM	\$50,000	\$100,000	\$150,000	\$300,000	\$500,000
Maximum Approval for Combined Assistance Types - Limitation II					
OL Total Direct & Guaranteed	\$100,000	\$160,000	\$300,000	\$500,000	\$949,000
FO + SW Total Direct and Guaranteed	\$0	\$120,000	\$300,000	\$500,000	\$949,000
Total Approval for Multiple Assistance Types - Limitation III					
OL + FO + SW Total Direct and Guaranteed	\$100,000	\$280,000	\$400,000	\$600,000	\$1,149,000
Total Guaranteed	\$100,000	\$280,000	\$400,000	\$600,000	\$949,000
Total Approval for FO, OL, and EM - Limitation IV					
OL + FO + SW + EM Total Direct and Guaranteed	\$100,000	\$280,000	\$400,000	\$600,000	\$1,649,000

Note: Loans to County Office employees must be approved by the State Office. Loans to State Office employees must be approved by the National Office.

29 Maximum Loan Authorities (Continued)**D Official Loan Approval Limitations for OL, FO, and EM (Continued)**

Four loan approval criteria need to be considered when determining whether a loan is within a loan approval official's authority. Each loan approval decision must meet all applicable criteria. Approval limitation I establishes the maximum by assistance type. Approval limitation II establishes the maximum for combinations of direct and guaranteed by assistance type. Approval limitation III establishes the maximum for combinations of all direct and guaranteed assistance types, except EM. In addition, it provides total guaranteed assistance limits. Approval limitation IV establishes the maximum for combinations of all direct and guaranteed assistance types.

A loan official can determine an applicant eligible when the loan request exceeds the official's loan approval authority at the time eligibility is determined. This decision of eligibility will be reviewed by the loan approval official at the time of approval. However, a loan official cannot determine an applicant ineligible if the loan request exceeds their approval level at the time the decision is made. They can recommend that the applicant be determined ineligible, but since this determination will result in a loan being rejected it can only be made by a loan official whose approval authority level would allow them to approve the loan

E Official Loan Approval Limitations for SALP and Emergency Loans for Seed Producers

The following identifies the maximum loan approval authority for SALP and Emergency Loans for Seed Producers by grade and title of loan approval officials.

Type of Loan	FLO			FLM, DD, FLS or FLC	SED
	GS-7	GS-9	GS-11	GS-11/12/13	
Special Apple Loan	\$50,000	\$100,000	\$150,000	\$200,000	\$200,000
Emergency Loan for Seed Producers	\$50,000	\$100,000	\$150,000	\$200,000	Over \$200,000

29 Maximum Loan Authorities (Continued)**E Official Loan Approval Limitations for SALP and Emergency Loans for Seed Producers (Continued)**

Outstanding loan balances from other direct or guaranteed FLP loans will not affect the amount an applicant is eligible to receive under these programs or the amount a loan approval official is authorized to approve. Any outstanding SALP or Emergency Loan for Seed Producers loan balances will not affect the amount an applicant is eligible to receive under any other FLP loan program.

F Official Loan Approval Limitations for Nonprogram Loans

The following table identifies the maximum loan approval authority for nonprogram loans by grade and title of loan approval officials.

Type of Loan	FLMGS-11/12	DD, FLS, or FLC	SED
Real Estate	\$400,000	\$500,000	Any amount
Chattels	\$200,000	\$300,000	Any amount
Recreation Loans to Individuals	\$175,000	\$300,000	Any amount

Note: Approval authority for recreation loans to individuals applies only to property that secured a recreation loan to an individual or farming corporation, not a recreation association.

Outstanding loan balances from other direct or guaranteed FLP loans will not affect the amount an applicant is eligible to receive under nonprogram loans. Any outstanding nonprogram loan balances will not affect the amount an applicant is eligible to receive under any other FLP.

29 Maximum Loan Authorities (Continued)**G Limitations for Loan Servicing Actions**

In general, approval authority for loan servicing actions, such as subordinations, and transfer and assumptions, is limited to the approval official's maximum loan approval authority. However, the approval official shall review the appropriate FLP handbook for the specific transaction for further guidance.

Exceptions include the following.

- SED may approve subordinations of any amount unless the total EM indebtedness exceeds \$1 million.
- All PLS may be approved by any authorized agency official, except SED must approve PLS if any debt is forgiven.
- Any authorized agency official may approve all Disaster Set-Aside actions.
- For action on debt settlement applications that exceed the approval official's authority, see RD Instruction 1956-B, Exhibit A.

An approval official cannot approve or reject a servicing request that exceeds the official's approval authority. The official must forward the servicing action and recommendations to the appropriate servicing official for action. Approval officials who have not been delegated loan approval authority may not approve these loan servicing actions.

30-40 (Reserved)

Part 3 Miscellaneous Procedures and Systems**41 Nondiscrimination in FLP****A Federal ECOA**

FLP must comply with the provisions of ECOA and the implementing regulations of the Federal Reserve System published in 12 CFR Part 202.

[12 CFR 202.9(b)(1)] The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

B USDA Nondiscrimination Policy

[7 CFR 15d.2(a)] No Agency, officer, or employee of the United States Department of Agriculture shall, on the ground of race, color, religion, sex, age, national origin, marital status, familial status, sexual orientation, or disability, or because all or part of an individual's income is derived from any public assistance program, exclude from participation in, deny the benefits of, or subject to discrimination any person in the United States under any program or activity conducted by the United States Department of Agriculture.

[7 CFR 15d.2(b)] No person shall be subjected to reprisal for opposing any practice prohibited by this part or for filing a complaint or participating in any manner in a proceeding under this part.

41 Nondiscrimination in FLP (Continued)

C Nondiscrimination Statement on Notice of Adverse Decision

Include the following nondiscrimination statement on all adverse decision letters.

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

41 Nondiscrimination in FLP (Continued)

D Nondiscrimination Statement on Advertisement of Sale for Inventory Property

Include the following nondiscrimination statement on advertisements announcing the sale of inventory property.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all of part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communications of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

If the material is too small to permit the full statement to be included, the material will at a minimum include the statement in print no smaller than the text, that "This institution is an equal opportunity employer."

The USDA Farm Service Agency is an equal opportunity provider and employer. Complaints of discrimination should be sent to USDA, Director, Office of Civil Rights, 1400 Independence Avenue S.W., Washington D.C., 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD).

E Nondiscrimination Statement on Materials for Public Information, Public Education or Distribution

Departmental Regulation 4300-3, Equal Opportunity Public Notification Policy, requires that the following nondiscrimination statement be included on all materials produced for public information, public education, or public distribution, such as program fact sheets and brochures. The statement shall be in English and languages appropriate to the local population.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all of part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communications of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

41 Nondiscrimination in FLP (Continued)

F Discrimination Complaints

[7 CFR 15d.4(a)] Any person who believes that he or she (or any specific class of individuals) has been, or is being, subjected to practices prohibited by this part may file on his or her own, or through an authorized representative, a written complaint alleging such discrimination. No particular form of complaint is required. The written complaint must be filed within 180 days from the date the person knew or reasonably should have known of the alleged discrimination, unless the time is extended for good cause by the Director of the Office of Civil Rights or his or her designee. Any person who complains of discrimination under this part in any fashion shall be advised of his or her right to file a complaint as herein provided.

[7 CFR 15d. 4(b)] All complaints under this part should be filed with the Director of the Office of Civil Rights, United States Department of Agriculture, Washington, D.C. 20250, who will investigate the complaints. The Director of the Office of Civil Rights will make final determinations as to the merits of the complaints under this part and as to the corrective actions required to resolve program complaints. The complainant will be notified of the final determination on his or her complaint.

Note: If the borrower files a civil rights complaint with FLP personnel, FLP personnel will immediately submit it to CR.

[7 CFR 15d.4(c)] Any complaint filed under this part alleging discrimination on the basis of disability will be processed under 7 CFR Part 15e.

G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint

Under no circumstances will FSA:

- delay the processing of a loan or servicing application pending the outcome of a filed discrimination complaint
- deny a loan or servicing request because a discrimination complaint has been filed
- accelerate or foreclose a loan before a discrimination complaint is closed.

Note: See subparagraph H for guidance on determining if a discrimination complaint has been filed.

41 Nondiscrimination in FLP (Continued)

G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint (Continued)

If an applicant or borrower files, or has filed, a discrimination complaint against the agency official responsible for processing the loan or servicing application, DD or SED will assign a different official to process the request. Processing responsibility may be reassigned to:

- an authorized agency official from either of the following:
 - same district, but a different county
 - another district
- DD.

Note: Reassignment of processing loan or servicing applications is temporary. When the investigation is closed, and if it is determined that discrimination did not occur, the loan or servicing application will be returned to the appropriate office.

H Determining if a Discrimination Complaint Has Been Filed at CR

FLC or designee will contact the National Office by e-mail to ensure that a discrimination *--complaint has not been filed before borrower account acceleration, again before borrower account foreclosure, and if needed, just before reclassifying debt as CNC. Before:--*

- acceleration, State Office must contact the National Office for civil rights filing clearance after conclusion of all primary and preservation loan servicing and related appeal rights
 - foreclosure, States with:
 - judicial foreclosure, FLC must contact the National Office after account acceleration and before referring the account to OGC for liquidation action
- Note:** If a discrimination complaint is filed after referral to DOJ, then DOJ will decide if the foreclosure shall proceed.
- nonjudicial foreclosure, FLC must contact the National Office after the account has been accelerated and before the collateral is advertised for foreclosure sale
 - *--reclassifying an account as CNC, State Offices must contact the National Office for civil rights filing clearance.--*

Note: See Exhibit 12 for flow charts of the process used to determine if a discrimination complaint has been filed and is open at CR.

41 Nondiscrimination in FLP (Continued)**H Determining if a Discrimination Complaint Has Been Filed at CR (Continued)**

See Exhibit 13 for information to be included in e-mail to the National Office for civil rights clearance.

Discrimination complaints will be processed according to 18-AO, Part 7.

42 Appeals**A General Requirements**

FLP applicants and borrowers have the right to request reconsideration, file appeals, and enter into ADR about adverse decisions according to 7 CFR Part 780 and 7 CFR Part 11. See 1-APP for FSA's appeal procedure.

Exceptions: For adverse decisions on:

- loan servicing requests under 5-FLP, use the appropriate forms and exhibits to notify borrowers

Note: Appraisals used for homestead protection, including appraisals used in exercising the option to purchase homestead property, or used to determine the amount due under shared appreciation agreements under 5-FLP, may be appealed according to paragraph 144 and 1-APP.

- nonprogram loan borrowers, see 4-FLP, paragraph 248.

Note: Regulations published in 7 CFR are available on the GPO web site at <http://www.gpoaccess.gov/cfr/index.html>.

B Mandatory Language for Adverse Decision Letters

See 1-APP for mandatory language about reconsideration, appeal, and ADR, to be included in adverse decision letters. Additional guidance may be issued under the APP notice series.

42 Appeals (Continued)

C Adverse Decisions Involving Appraisals

Text on appraisal reviews provided in subparagraphs D and E will be added to the reconsideration language provided in 1-APP or APP notices, as applicable, when an adverse decision is based on real estate or chattel appraisal, except when either of the following applies:

- the appraisal is for PLS or preservation servicing and 5-FLP requires using a specific form or exhibit
- the appraisal in question was associated with or connected to, an FSA decision wherein appeal rights were previously offered and concluded.

Note: Appraisals may only be reconsidered or appealed. Mediation is not available on real estate or chattel appraisals.

See subparagraph 144:

- D for additional guidance about handling real estate independent technical appraisal reviews received from an applicant or borrower
- E for additional guidance about handling chattel independent appraisal reviews received from an applicant or borrower
- G for additional guidance when an applicant or borrower identifies errors in an appraisal.

42 Appeals (Continued)

D Real Estate Appraisals

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a real estate appraisal.

You may request a copy of the real estate appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Technical Appraisal Review

If you believe the real estate appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent technical appraisal review. The issue under reconsideration will be whether FSA's real estate appraisal is consistent with the Uniform Standards of Professional Appraisal Practice. If you want this option, you must include a copy of the independent technical appraisal review, or notify this office of your intent to obtain an independent technical appraisal review, in your request for reconsideration. This review must be provided to this office at the time of or before the reconsideration meeting. You must pay to obtain a current independent technical appraisal review from a qualified appraiser. The appraiser and the independent technical appraisal review must meet the standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent technical appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent technical appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent technical appraisal review, we will determine whether the appraiser and the independent technical appraisal review meet FSA requirements. If the independent technical appraisal review meets FSA requirements, we will consider all comments contained in the independent technical appraisal review and determine if the appraisal obtained by FSA should be revised.

42 Appeals (Continued)**E Chattel Appraisals**

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a chattel appraisal.

You may request a copy of the chattel appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Appraisal Review

If you believe the chattel appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent appraisal review. The issue under reconsideration will be whether FSA's chattel appraisal is consistent with the present market value of like items in your area. If you want this option, you must include a copy of the independent appraisal review, or notify this office of your intent to obtain an independent appraisal review, in your request for reconsideration. You must pay to obtain a current independent appraisal review from a qualified appraiser. This review must be provided to this office at the time of or before the reconsideration meeting. The appraiser and the appraisal review must meet standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent appraisal review, we will determine whether the appraiser and the appraisal review meet FSA requirements. If the independent appraisal review meets FSA requirements, we will consider all comments contained in the independent appraisal review and determine if the appraisal obtained by FSA should be revised.

F Nondiscrimination Statement

The nondiscrimination statement in subparagraph 41 C must be included in all adverse decision letters.

43 Debarment and Suspension**A Purpose**

Individuals and entities, other than loan recipients, who have been debarred or suspended from Government procurement or nonprocurement programs cannot participate in transactions with FSA. See 7 CFR 3017.115.

Note: This does not apply to individuals and entities entering into transactions with applicants and borrowers without FSA involvement.

Obtain current copy of 7 CFR Part 3017 from the Internet at
<http://ecfr.gpoaccess.gov>.

B Direct Loanmaking

Loan approval officials shall check the debarment and suspension list before providing FSA-2341 or FSA-2342, as appropriate, to attorneys, title companies, title insurance companies, or closing agents conducting loan closing activities.

Notes: Loan approval officials may obtain reports containing debarment and suspension lists from the Internet at **<http://epls.arnet.gov>**. When prompted, enter the user's name and read and accept the Privacy Act terms and conditions. After accepting the terms and conditions, access will be granted to view, download, or print the available Excluded Parties List System reports. A copy of the screens will be filed in the case file.

If the attorney, title company, title insurance company, or closing agent selected is debarred or suspended, the applicant must make a new selection.

43 Debarment and Suspension (Continued)

C Guaranteed Loanmaking

SED shall review CLP and PLP lenders and their officers and agents for debarment or suspension as follows:

- before submitting to DAFLP for approval to obtain status
- during the annual review of lender's status according to 2-FLP, paragraph 267.

Loan approval officials shall review SEL's and their officers and agents before issuing FSA-2232.

D Causes for Debarment or Suspension

The causes for initiating and the actions required to initiate:

- debarment are in 7 CFR Part 3017, Subpart H
- suspension are in 7 CFR Part 3017, Subpart G.

E Exceptions

The Secretary of Agriculture or designee may grant a written exception permitting a debarred or suspended person or entity to participate in a covered transaction according to 7 CFR 3017.120.

44 Collecting and Coding Ethnicity, Race, and Gender Information**A Purpose**

FSA collects ethnicity, race, and gender information for reporting purposes and to ensure that targeted funds are made available to SDA's and monitor SDA participation rates in FLP.

B Procedure for Collecting and Coding Ethnicity, Race, and Gender Information

FSA-2001, FSA-2211, FSA-2212, and FSA-2301 are used to request ethnicity, race, and gender information of the applicant. This information may be requested only on an FSA approved form. An applicant's response to this request is optional. However, the authorized agency official must inform all applicants that for an applicant to be eligible for socially disadvantaged funds, FSA will need his or her ethnicity, race, and gender information.

When FSA receives a loan application, FSA will enter the ethnicity, race, and general information into SCIMS so that the information can be downloaded to DLS and GLS.

44 Collecting and Coding Ethnicity, Race, and Gender Information (Continued)**C Ethnicity, Race, and Gender Classifications**

An applicant, including individual entity members, may identify:

- his or her ethnicity as either of the following:
 - Hispanic or Latino - a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish Culture or origin, regardless of race
 - not Hispanic or Latino
- himself or herself as a member of 1 or more of the following races:
 - Asian - a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam
 - American Indian or Alaskan Native - a person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment
 - Black or African American – a person having origins in any of the black racial groups of Africa
 - Native Hawaiian or other Pacific Islander - a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands
 - White - a person having origins in any of the original peoples of Europe, North Africa, or the Middle East
- his or her gender as male or female.

45 Allocating Loan Program Funds**A General**

[7 CFR 761.201(a)] This subpart addresses:

- (1) The allocation of funds for direct and guaranteed FO and OL loans;**
- (2) The establishment of socially disadvantaged target participation rates; and**
- (3) The reservation of loan funds for beginning farmers.**

[7 CFR 761.201(b)] The Agency does not allocate EM loan funds to State Offices but makes funds available following a designated or declared disaster. EM loan funds are available on a first-come first-served basis.

B Timing of the Allocation of FO and OL Funds

[7 CFR 761.202] The Agency's National Office allocates funds for FO and OL loans to the State Offices on a fiscal year basis, as made available by the Office of Management and Budget. However, the National Office will retain control over the funds when funding or administrative constraints make allocation to State Offices impractical.

[7 CFR 761.201(c)] State Funding information is available for review in any State Office.

C National Reserves for FO and OL Funds

[7 CFR 761.203(a)] At the start of each fiscal year, the National Office reserves a portion of the funds available for each direct and guaranteed loan program. These reserves enable the Agency to meet unexpected or justifiable program needs during the fiscal year.

[7 CFR 761.203(b)] The National Office distributes funds from the reserve to one or more State Offices to meet a program need or Agency objective.

45 Allocating Loan Program Funds (Continued)

D Methods of Allocating Funds to State Offices

[7 CFR 761.204] FO and OL loan funds are allocated to State Offices using one or more of the following allocation methods:

[7 CFR 761.204(a)] Formula allocation, if data, as specified in § 761.205 (subparagraph 45 E), is available to use the formula for the State.

[7 CFR 761.204(b)] Administrative allocation, if the Agency cannot adequately meet program objectives with a formula allocation. The National Office determines the amount of an administrative allocation on a case-by-case basis.

[7 CFR 761.204(c)] Base allocation, to ensure funding for at least one loan in each State, District, or County Office. In making a base allocation, the National Office may use criteria other than those used in the formula allocation, such as historical Agency funding information.

E Computing a Formula Allocation

[7 CFR 761.205(a)] The formula allocation for FO or OL loan funds is equal to:

- (1) The amount available for allocation by the Agency minus the amounts held in the National Office reserve and distributed by base and administrative allocation, multiplied by:

formula allocation = (amount available for allocation - national reserve - base allocation - administrative allocation) x State Factor

- (2) The State Factor, which represents the percentage of the total amount of the funds for a loan program that the National Office allocates to a State Office.

[7 CFR 761.205(b)] To calculate the State Factor, the Agency:

- (1) Uses the following criteria, data sources, and weights:

45 Allocating Loan Program Funds (Continued)

E Computing a Formula Allocation (Continued)

CRITERIA	LOAN TYPE CRITERION IS USED FOR	DATA SOURCE	WEIGHT FOR FARM OWNERSHIP LOANS (percent)	WEIGHT FOR OPERATING LOANS (percent)
Farm operators with sales of \$2,500-\$39,999 and less than 200 days work off the farm	FO and OL loans	U.S. Census of Agriculture	15	15
Farm operators with sales of \$40,000 or more and less than 200 days work off farm	FO and OL loans	U.S. Census of Agriculture	35	35
Tenant farm operators	FO and OL loans	U.S. Census of Agriculture	25	20
Three-year average net farm income	FO and OL loans	USDA Economic Research Service	15	15
Value of farm real estate assets	FO loans	USDA Economic Research Service	10	N/A
Value of farm non-real estate assets	OL loans	USDA Economic Research Service	N/A	15

- (2) Determines each State's percentage of the national total for each criterion;
- (3) Multiplies the percentage for each State determined in paragraph (b)(2) of this section by the applicable weight for that criterion;
- (4) Sums the weighted criteria for each State to obtain the State factor.

F Pooling of Unobligated Funds Allocated to State Offices

[7 CFR 761.206] The Agency periodically pools unobligated FO and OL loan funds that have been allocated to State Offices. When pooling these funds, the Agency places all unobligated funds in the appropriate National Office reserve. The pooled funds may be retained in the national reserve or be reallocated to the States.

A FLP notice will be issued before pooling of funds occurs.

45 Allocating Loan Program Funds (Continued)**G Distribution of Farm Loan Funds by State Offices**

[7 CFR 761.207] A State Office may distribute its allocation of loan funds to District or County level using the same allocation methods that are available to the National Office. State Offices may reserve a portion of the funds to meet unexpected or justifiable program needs during the fiscal year.

H Target Participation Rates for Socially Disadvantaged Target Groups

[7 CFR 761.208(a)] (1) The Agency establishes target participation rates for providing FO and OL loans to members of socially disadvantaged groups.

(2) The Agency sets the target participation rates for State and County levels annually.

(3) When distributing loan funds in counties within Indian reservations, the Agency will allocate the funds on a reservation-wide basis.

(4) The Agency reserves and allocates sufficient loan funds to achieve these target participation rates. The Agency may also use funds that are not reserved and allocated for socially disadvantaged groups to make or guarantee loans to members of socially disadvantaged groups.

I FO's Based on Ethnicity or Race

[7 CFR 761.208(b)] The FO loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total rural population in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of rural population in the county who are members of such socially disadvantaged groups.

J OL Based on Ethnicity or Race

[7 CFR 761.208(c)] The OL loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total number of farmers in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of the total number of farmers in the county who are members of socially disadvantaged ethnic groups.

45 Allocating Loan Program Funds (Continued)**K Target Participation Rate for Women Farmers**

[7 CFR 761.208(d)] (1) The target participation rate for women farmers in each:

- (i) State is equal to the percent of farmers in the State who are women.**
- (ii) County is equal to the percent of farmers in the county who are women.**
- (2) In developing target participation rates for women, the Agency will consider the number of women who are current farmers and potential farmers.**

L Loan Funds for Beginning Farmers

[7 CFR 761.209] Each fiscal year, the Agency reserves a portion of direct and guaranteed FO and OL loan funds for beginning farmers in accordance with section 346(b)(2) of the Act.

Direct FO and OL funds are reserved until September 1 of each FY. Beginning farmer downpayment funds are reserved until April 1 of each FY.

Note: Between April 1 and September 1 of each FY, beginning farmer downpayment funds may be used by any eligible beginning farmer.

Guaranteed FO and OL funds are reserved until April 1 of each FY.

Note: An FLP notice will be issued before the lifting of targets.

M Transfer of Funds

[7 CFR 761.210] If sufficient unsubsidized guaranteed OL funds are available, then beginning on:

- (a) August 1 of each fiscal year, the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers under the Beginning Farmer Downpayment loan program; and**
- (b) September 1 of each fiscal year the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers.**

46 Maintaining Borrower Addresses and Service Center Office Codes**A Changing Borrower Address Records**

An authorized agency official must maintain correct addresses for all direct and guaranteed loan borrowers within the authorized agency official's jurisdiction and caseload.

An authorized agency official should make borrower address changes by processing ADPS transactions 4A, 4B, 4C, or 4D, and by updating GLS or SCIMS, as appropriate.

Forms for requesting updated addresses include FSA-470, which FSA mails to the borrower's last known address, and FSA-137, which requests address information from USPS.

B Related Instructions

See 4-FLP, Part 12 for transferring servicing responsibilities when an existing borrower moves to an area serviced by a different County Office.

C Changing Servicing Office Codes

FSA-2125 will be used by State Offices to change servicing office codes and mail codes when all files for 1 or more County Office are moved.

47 Ensuring Borrower Compliance with Restrictions on Lobbying**A Overview**

[7 CFR 761.5] A person who applies for or receives a loan made or guaranteed by the Agency must comply with the restrictions on lobbying in 7 CFR Part 3018.

USDA regulations about restrictions on lobbying are published in 7 CFR Part 3018. This paragraph provides guidance about the implementing 7 CFR Part 3018 for FLP loan applicants and borrowers.

Note: CFR citations refer to Departmental regulations.

B Applicant and Lender Certification

Any applicant for a direct or guaranteed loan exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all loan applicants on FSA-2001, FSA-2211, and FSA-2212.

Lenders applying for a loan guarantee exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all lenders on FSA-2201.

Additional information on certification requirements is available in 7 CFR 3018.110, which is included in subparagraph D.

47 Ensuring Borrower Compliance with Restrictions on Lobbying (Continued)

C Disclosure of Lobbying Activities

Any person or entity who is required to certify compliance with lobbying activities requirements may have to complete SF-LLL. In particular, any person or entity must complete SF-LLL if they have made or have agreed to make any payment using funds other than appropriated funds to influence a decision in connection with the loan or loan guarantee. This requirement also applies to any person who requests or receives a contract or subcontract of at least \$100,000 under a loan or loan guarantee exceeding \$150,000.

SF-LLL must be submitted at the time of loan or guarantee application and in each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of 7 CFR 3018.110 (see subparagraph D). An event that materially affects the accuracy of the information reported includes 1 or more of the following.

- A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action.
- A change in the persons or individuals influencing or attempting to influence a covered Federal action.
- A change in the officers, employees, or members contacted to influence or attempt to influence a covered Federal action.

A new SF-LLL must be submitted if and when a borrower changes contractors or subcontractors.

All involved contractors, subcontractors, and grantees must collect disclosures from lower tiers and submit them to higher tiers. The borrower or lender must submit all the disclosures to FSA.

The authorized agency official must file all original disclosures and immediately send copies to the following:

- SED
- USDA OFFICE OF OPERATIONS
PROCUREMENT DIVISION
STOP 9850
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250

47 Ensuring Borrower Compliance with Restrictions on Lobbying (Continued)

D USDA Certification and Disclosure Requirements**7 CFR 3018.110 Certification and Disclosure***

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates Agency consideration of such person for:

- (1) Award of a Federal contract, grant, or cooperative agreement exceeding \$100,000; or
- (2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

- (1) A federal contract, grant, or cooperative agreement exceeding \$100,000; or
- (2) A Federal loan or commitment providing for the United States to insure or guarantee a loan exceeding \$150,000,

Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

- (1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
- (2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
- (3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

- (1) A subcontract exceeding \$100,000 at any tier under a Federal contract;
- (2) A subgrant, contract, or subcontract exceeding \$100,000 at any tier under a Federal grant;
- (3) A contract or subcontract exceeding \$100,000 at any tier under a Federal loan exceeding \$150,000; or
- (4) A contract or subcontract exceeding \$100,000 at any tier under a Federal cooperative agreement,

Shall file a certification, and a disclosure form, if required, to the next tier above.

47 Ensuring Borrower Compliance with Restrictions on Lobbying (Continued)

D USDA Certification and Disclosure Requirements (Continued)**7 CFR 3018.110 Certification and Disclosure (Continued)**

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) and (b) of this section. That person shall forward all disclosure forms to the Agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of the fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either Subpart B or C [of 7 CFR Part 3018].

48 Credit Reports

A Overview

FSA uses credit reports to assist in determining:

- eligibility of applicants and borrowers requesting FSA loans and loan servicing options
- feasibility of the applicant's farming operation
- debt settlement eligibility and feasibility.

See 3-FLP for direct loanmaking and 4-FLP and 5-FLP for direct loan servicing to specify when credit reports are required.

B Confidentiality

The information in a credit report is confidential and is used only as an aid in conducting FSA business. FSA must make credit reports available to the subject of the report in response to a request made under the Privacy Act of 1974. See 3-INFO.

C Mortgage Credit Reports

The following are the 2 types of mortgage credit reports:

- an individual report provides information on 1 person only
- a joint report provides information on a married couple.

FSA will order a mortgage credit report to obtain all credit and public record information available for at least the previous 2 years.

D Commercial Credit Report

A commercial credit report provides information on an entity. A commercial credit report is available only for a separate legal entity. Thus, FSA will order a mortgage credit report rather than a commercial credit report when the applicant is an informal partnership. FSA also may order an individual mortgage credit report on the majority owners (principal members) of an entity.

A commercial credit report normally consists of BIR. BIR is a component of a commercial credit report that includes the following:

- summary section that highlights important data elements
- historical background on the business entity's principals and the entity itself
- review of the entity's financial condition and trend of sales and earnings
- payment record reported by suppliers
- brief description of related entities
- public filings
- special events
- description of the entity's operation.

48 Credit Reports (Continued)**E Ordering Mortgage Credit Report**

Loan approval officials who have access to FBP will access Equifax, Experian, and Trans Union data through the FBP “General” menu screen.

See Exhibit 15 for ordering credit reports through FBP.

F Ordering Credit Reports for Nonapplicants

There may be instances when FSA must order a joint credit report in which the spouse is required to sign the promissory note for repayment purposes, but the spouse may not have to sign the application as a co-applicant. The credit report will be ordered in the same manner that all other joint credit reports are ordered. The County Office must however, have the nonapplicant spouse sign FSA-2007 before the credit report.

G When Mortgage and Commercial Credit Reports Are Not Acceptable

If a Field Office has a minor problem with a credit report (e.g., data on the report are incomplete), the County Office should contact the reporting company (Equifax, Experian, or TransUnion) directly.

The credit reporting agencies can be contacted at the following phone numbers:

- Trans Union Customer Service at 800-916-8800
- Experian Customer Service at 800-831-5614, extension 3
- Equifax Customer Service at 800-685-5000, extension 2.

Note: Field Offices will need to obtain a subscriber code from their State Office FBP coordinator before contacting the vendor. Subscriber codes are for FSA use only and will not be given to the applicant/borrower.

If the issue or problem is significant (e.g., contractor is not complying with contract terms), the County Office will contact the State Office for additional assistance.

As appropriate, the State Office will inform DAFLP about any significant problems at the following.

FSA DAFLP PDEED
STOP 0521
1280 MARYLAND AVE SW
SUITE 270
WASHINGTON DC 20024

Telephone: 202-720-3647

48 Credit Reports (Continued)**H When the Applicant Disputes Information on the Credit Report**

If the applicant/borrower disagrees with or disputes information reflected on the credit report, refer the applicant/borrower to the company or companies issuing the credit report at the following phone numbers:

- Trans Union at 312-258-1717 to obtain a copy of their credit report or 800-916-8800 for customer service
- Experian at 888-397-3742 to obtain a copy of their credit report or 800-831-5614, extension 3 for customer service
- Equifax at 800-685-1111 to obtain a copy of their credit report or 800-685-5000, extension 2 for customer service.

Note: FSA officials will not intervene on behalf of the applicant/borrower in matters concerning disputed information, balances, credit scores or ratings.

I Credit Report Fees—Cost to the Applicant

Applicants will be charged for reports according to the following.

Applicant	Cost
Individual	\$13.50
Joint/Entity	\$20.25

Note: No fee will be collected for servicing only applications according to 5-FLP, subparagraph 81 C.

J Recording Fees

The appropriate fee for credit reports will be collected and recorded on FSA-2001 and FSA-2301.

K Processing Credit Report Fees

See 3-FI to process credit report fees.

L Payment of Invoices for Credit Reports

The National Office will:

- receive monthly invoices showing State usage
- submit payment to the vendor for credit reports generated through FBP.

49 DLS and MAC**A DLS**

DLS is the required system for loanmaking information and activities.

DLS:

- tracks each loan request in an application package from receipt to final disposition
- obligates loans through its interaction with PLAS
- submits check/EFT requests through PLAS
- submits loan closing to PLAS
- provides an interactive task checklist
- monitors the disbursement of loan funds
- provides reports of loanmaking activities and processing timeframes

B MAC

MAC is a required tracking and follow-up system used by County Office employees for loan servicing activities only.

MAC:

- tracks loan servicing options, activities, timeframes, and appeal options
- has automated follow-up reminders to assist County Office employees in meeting deadlines for loan servicing activities
- provides loan account information, such as principal and interest amounts
- shares information with SCIMS
- warehouses information for reporting purposes
- has automated reporting capabilities.

The National Office uses MAC data in reports to Congress, CR, and FSA senior management. In addition, the data is used to determine whether FSA loan servicing goals are being/have been met.

49 DLS and MAC (Continued)**C User Assistance**

The DLS/MAC User's Guides can be referenced for any specific questions. They can be obtained by accessing FLP web site at <https://indianocean.sc.egov.usda.gov/flp/> then selecting manuals on the left navigation bar. Login and password are required. The web site accepts an e-Authentication login and password.

D Maintaining and Updating DLS/MAC

FCAO is responsible for computer implementation and upgrades. The National Office is responsible for user requirements, updates to accommodate regulatory and statutory changes, and other revisions as needed. State and County Office employees are responsible for data entry of customer and loan information as it is received.

E Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

A Purpose and Overview

GLS was designed to account for all loanmaking and loan servicing activity for guaranteed loans. GLS is used to:

- track the processing of guaranteed loan applications, including obligation and loan closing
- process all loan servicing transactions, including interest assistance claims, transfers and assumptions, repurchases, reamortizations, and loss claims
- record guaranteed loan status and default status reports
- maintain lender information, including lender status
- obtain reports for monitoring the guaranteed loan portfolio.

The data entered into GLS is used to monitor individual loan accounts, as well as to provide reports to Congress, CR, Executive Branch, FSA senior management, and parties making FOIA requests. It is FSA's accounting tool for the Guaranteed Loan Program.

B GLS User Assistance

For specific guidance, the following user guides can be found by logging in the GLS web site using required eAuthentication permissions and selecting "Loan Servicing User Guide".

- FLP Applications System, FLP Application Package Maintenance, FLP Loan Request Maintenance, FLP Quick Reference Guide, FSA Forms can be found by accessing "Help" link from the GLS Home Page.
- GLS Farm Loan Guaranteed Loan Servicing Detailed Transactions, dated May 2001 can be found by accessing the "Loan Servicing User Guide" link from the FSA Home Page.
- FLP Loan Maintenance can be found by accessing the "Help" link from the Loan List Page.

Additional information is provided in the Guaranteed Loan System Farm Loan User Guide, Status and Default Status Reporting, dated March 1998.

50 GLS (Continued)

C Responsibility for Maintaining and Updating GLS

FSC, FLOO is responsible for system upgrades. The National Office is responsible for user requirements, updates to accommodate regulatory and statutory changes, and other revisions as needed. County Office and FSC, FLOO employees are responsible for data entry of customer and loan information.

D Security

To obtain a GLS ID and password, users must submit requests according to appropriate IRM directives.

51 FOCUS**A Purpose and Overview**

FOCUS is an ad-hoc reporting system used by the National and State Offices for monitoring purposes. Users may choose to use “canned” reports or may prepare specific reports, as needed, using:

- direct loan data entered through ADPS
- application data entered in DLS.

B User Assistance

Refer to the USDA FOCUS Ad Hoc Reporting System Manual – Field Office User’s Manual for guidance. The User’s Manual may be obtained by ordering Item 257 from the Kansas City Warehouse.

C Training

State Office employees shall submit requests for training, through SED, to either of the following:

- USDA FSA DAFLP
STOP 0520
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0520
- FAX: 202-690-3573

D Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

52 ADPS**A Purpose**

ADPS is a terminal application system that allows users to process FLP accounting transactions and view borrower or acquired property information. ADPS connects users located at State and County Offices to FSC, FLOO. Authorized users can access this system with a System 36 or 3B2 computer terminal. Authorized users shall enter and use information in ADPS for both loanmaking and loan servicing purposes.

B Overview

ADPS is used to:

- manuscript transactions and analyze and correct transactions rejected from updates (discrepancies)
- view a borrower's loan status information, which lists the following:
 - unpaid balances of existing direct loans along with basic information about each loan
 - cross-reference data from throughout the nation
 - detailed history of transactions
- route selected ADPS-manuscripted or discrepancy transactions that have to be processed by FSC, FLOO using special routing codes
- create a transaction suspense file for transactions awaiting the processing of other actions
- code transactions for automatic update, eliminating the need to take any further action to process the transactions
- view received, processed, and corrected payment activity
- view acquired property information and detailed history of transactions processed for an acquired property.

52 ADPS (Continued)**C ADPS Assistance**

ADPS Online Help is:

- a computer-based system that provides ADPS processing information in the form of online reference material (Reference) and pop-up windows
- accessed from the terminal screen.

The online material reference provides general information about ADPS transactions, definitions, and code values for all short descriptions and mnemonics on transaction detail screens and status screens, discrepancy code definitions, and corrective actions. Pop-up windows provide information for pre-manuscripting validations and manuscript transactions.

For detailed information about ADPS Online Help, refer to the ADPS Online Help User Guide, dated September 1996, which can be obtained by sending a request to the following.

The ADPS System Operating Instructions and Supplemental Information for Online Help Manual, dated May 1996, is updated by FSC, FLOO. Manual updates are distributed to County Offices.

For information on ADPS, contact the State Office Automation Coordinator or, if authorized, the Help Desk at 1-800-457-3642. The Help Desk will provide information, guidance, and technical assistance in resolving problems about ADPS operations.

D Requesting Changes to the User Documentation

To initiate a change to the user documentation, submit FmHA 2006-21 to the following.

USDA RURAL DEVELOPMENT
USER DOCUMENTATION STAFF
MAIL CODE 421
1520 MARKET STREET
ST LOUIS MO 63103

52 ADPS (Continued)**E Maintaining Program Records**

If an ADPS transaction does not have a related input document or authorizing form, such as a check request or name and address change form, Service Centers shall generate a printout of the completed input screen. The approving official or delegate must sign and date the printout.

When routing or mailing transactions to FSC, FLOO, the authorized agency official must retain the original documents, screen printouts, and transmittal letters. These will be filed in the case folder after verifying that the transaction has been processed.

Screen printouts must be retained in position 2 of the case folder according to 25-AS retention requirements for the folder and its entire contents.

Each workday, users must access ADPS to determine the transactions that have been processed or rejected. Users must file processed transaction screens, correct discrepancies, and annotate the related source/input document with the corrected information. Users must generate screen printouts of all corrections and file them with the original input document.

F Using “OK to Apply Codes”

“OK to Apply Codes” are used to process a transaction or correct a discrepancy as required by the online assistance for processing transactions. The user shall file a copy of the screen printout to verify the use of an “OK to Apply Code”. Screen printouts will be retained in the case folder according to 25-AS retention requirements for the folder and its entire contents.

G Processing Schedule

Users must process transactions within 10 calendar days of the effective date. If a discrepancy occurs, the transaction must be corrected within 5 calendar days of the initial rejection date. An additional 15 calendar days are allowed for correcting discrepancies with a suspend code on the borrower account. An exception to this standard is allowed for TC 8M. Limited resource reviews performed during the month must be processed by the fifth calendar day of the following month to be considered timely.

52 ADPS (Continued)

H State Office Action

State Offices shall monitor the use of “OK to Apply Codes” using FOCUS Discrepancy Report DS-04, “Use of OK to Apply Codes”. This report should be reviewed annually to ensure that “OK to Apply Codes” are being used properly and not in excess. Borrower case files should be reviewed on TC’s 1A, 1B, 1G, and 1M.

State Offices should monitor the timely processing of transactions by using FOCUS Discrepancy Reports DS-03, “Report of Manuscripted Transactions by Jurisdiction Code, Transaction Code, and Borrower Case Number”, and DS-01, “Aging of Discrepancies in Field Office Jurisdictions”.

A rating of less than 80 percent of the jurisdictional transactions filed timely is unacceptable. SED shall ensure timely initial processing and that a County Office is at an acceptable level by:

- training at least 2 employees to process transactions
- requiring loan closing agents to return documents the day of loan closing
- processing transactions as of the effective date or the next workday thereafter
- using “Action Pending Codes” from Online Help when necessary to delay initial processing or make discrepancy corrections.

Part 4 Supervised Bank Accounts**101 Overview****A Supervised Bank Account**

A supervised bank account is an account with a financial institution established through a deposit agreement entered into between the borrower, FSA, and the financial institution.

B Establishing a Supervised Bank Account

[7 CFR 761.51 (a)] Supervised bank accounts will be used to:

- (1) Assure correct use of funds planned for capital purchases or debt refinancing and perfection of the Agency's security interest in the assets purchased or refinanced when electronic funds transfer or treasury check processes are not practicable;**
- (2) Protect the Agency's security interest in insurance indemnities or other loss compensation resulting from loss or damage to loan security; or**
- (3) Assist borrowers with limited financial skills with cash management, subject to the following conditions:**
 - (i) Use of the supervised bank account for this purpose will be temporary and infrequent;**
 - (ii) The need for a supervised bank account in this situation will be determined on a case-by-case basis; and**
 - (iii) The borrower agrees to the use of a supervised bank account for this purpose by executing the deposit agreement.**

FSA-2140 will be signed by all borrowers.

A supervised bank account will be used only when necessary to ensure that loan or security proceeds are used according to the farm operating plan, agreement to use proceeds, or other agreement with FSA.

Note: Supervised bank accounts must not be used in place of EFT or multiple advances.

101 Introduction (Continued)

C Justification for Using a Supervised Bank Account

County Offices must:

- ensure that a supervised bank account is established according to this Part
- document in the loan assessment under Part 8, Section 2 the reason a supervised bank account was established.

See 3-FLP, 4-FLP, and 5-FLP for specific loanmaking and loan servicing situations where a supervised bank account is needed.

DD's and State Offices must review case files of borrowers with supervised bank accounts
--during County Office reviews to:--

- verify that documentation is in place
- indicate concurrence by initialing and dating the justification found in the loan assessment that the supervised bank account is needed.

If the review determines that the supervised bank account is not needed, DD or State Office must:

- document the results of the review in the case file
- instruct the authorized agency official to close the supervised bank account.

102 Establishing a Supervised Bank Account**A Selecting a Financial Institution**

[7 CFR 761.51(b)] The borrower may select the financial institution in which the account will be established, provided the institution is Federally insured. If the borrower does not select an institution, the Agency will choose one.

[7 CFR 761.51(c)] Only one supervised bank account will be established for any borrower.

[7 CFR 761.51(d)] If both spouses sign an FLP note and security agreement, the supervised bank account will be established as a joint tenancy account with right of survivorship from which either borrower can withdraw funds.

B Opening a Supervised Bank Account

The authorized agency official must provide the financial institution with FSA-2140, which addresses:

- services to be provided
- frequency and method of transmission for account statements
- countersignature requirements
- waiving of service charges whenever possible.

The authorized agency official, the financial institution, and any borrower authorized to write checks must sign FSA-2140. File the original in the borrower's case file and provide 1 copy to the borrower and 1 copy to the financial institution.

The authorized agency official is not required to provide his or her SSN to the financial institution. Government agencies are exempt from the requirements of the Customer Identification Program. FSA-2139 will be sent to financial institutions that require documentation of the exempt status of Government agencies on this issue.

C Type of Account

[7 CFR 761.53(a)] A supervised bank account, if possible, will be established as an interest bearing deposit account provided that funds will not be immediately disbursed, and the account is held jointly by the borrower and the Agency if this arrangement will benefit the borrower.

The authorized agency official, the borrower, and the financial institution must complete FSA-2141 when an interest bearing account is used.

102 Establishing a Supervised Bank Account (Continued)**D Account Balance Exceeding \$100,000**

[7 CFR 761.51(e)] If the funds to be deposited into the account cause the balance to exceed \$100,000, the financial institution must agree to pledge acceptable collateral with the Federal Reserve Bank for the excess over \$100,000, before the deposit is made.

The authorized agency official should use EFT or multiple advances whenever possible to minimize the instances when the balance in the supervised bank account exceeds \$100,000.

If an account balance will exceed \$100,000, County Offices must complete FSA-2144 and forward to the State Office. The State Office shall submit FSA-2144 to:

FMD FINANCIAL SYSTEMS AND PROCEDURES BRANCH
STOP 0581
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0581

FAX: 703-305-1144.

FMD will coordinate the collateralization with the financial institution.

[7 CFR 761.51(e)] (1) If the financial institution is not a member of the Federal Reserve System, the institution must pledge acceptable collateral with a correspondent bank that is a member of the Federal Reserve System. The correspondent bank must inform the Federal Reserve Bank that it is holding securities pledged for the supervised bank account in accordance with 31 CFR Part 202 (Treasury Circular 176).

(2) When the balance in the account has been reduced, the financial institution may request a release of part or all of the collateral, as applicable, from the Agency.

Requests for release of collateral will be forwarded to FMD, Financial Systems and Procedures Branch.

103 Supervised Bank Account Transactions and Monitoring**A Deposits**

[7 CFR 761.52(a)] Checks or money orders may be deposited into a supervised bank account provided they are not payable:

(1) Solely to the Federal Government or any agency thereof; or

(2) To the Treasury of the United States as joint payee.

The authorized agency official must prepare the deposit slip and deliver the deposit to the financial institution. Copies are distributed to the borrower and the borrower's case file.

FSA must maintain a record of all deposits, including funds from other sources, on FSA-2142.

B EFT Transactions

[7 CFR 761.52(b)] Loan proceeds may be deposited electronically.

The authorized agency official should use EFT to deposit loan funds to a supervised bank account.

The authorized agency official will make the initial deposit to the supervised bank account with a paper check only when required by the financial institution or if an EFT waiver is on file. FSA may then make subsequent advances by initiating EFT transactions.

103 Supervised Bank Account Transactions and Monitoring (Continued)**C Withdrawals from a supervised bank account**

[7 CFR 761.54(a)] The Agency will authorize a withdrawal from the supervised bank account for an approved purpose after ensuring that:

- (1) Sufficient funds in the supervised bank account are available;**
- (2) No loan proceeds are disbursed prior to confirmation of proper lien position, except to pay for any lien search if needed;**
- (3) No checks are issued to “cash”; and**
- (4) The use of funds is consistent with the current farm operating plan or other agreement with the Agency.**

[7 CFR 761.54(b)] A check must be signed by the borrower with countersignature of the Agency, except as provided in Paragraph (c) of this section (subparagraph 103 D). All checks must bear the legend “countersigned, not as co-maker or endorser.”

D Withdrawal Without Borrower Signature

[7 CFR 761.54(c)] The Agency will withdraw funds from a supervised bank account without borrower counter signature only for the following purposes:

- (1) For application on Agency indebtedness;**
- (2) To refund Agency loan funds;**
- (3) To protect the Agency’s lien or security;**
- (4) To accomplish a purpose for which such advance was made; or**
- (5) In the case of a deceased borrower, to continue to pay necessary farm expenses to protect Agency security in conjunction with the borrower’s estate.**

The authorized agency official must submit recommendations for withdrawal to SED, in writing. SED may withdraw funds from a supervised bank account using FSA-2145.

103 Supervised Bank Account Transactions and Monitoring (Continued)**E Documentation**

The authorized agency official may retain copies of invoices, receipts, or other documentation, as necessary, to support withdrawals from the supervised bank account.

F Interest

[7 CFR 761.53(b)] Interest earned on a supervised bank account will be treated as normal income security.

See 4-FLP for further information on normal income security.

G Reconciliation

The authorized agency official must reconcile the supervised bank account statement with FSA-2142. Items to be reconciled are the payee, amount of each check, and the balance in the account. Deposits and withdrawals verified during the reconciliation will be initialed and dated. Any discrepancies must be resolved.

The authorized agency official must return the statement and canceled checks to the borrower after the reconciliation has been completed.

104 Closing Accounts**A Account No Longer Needed**

[7 CFR 761.55(a)] If the supervised bank account is no longer needed and the loan account is not paid in full, the Agency will determine the source of the remaining funds in the supervised bank account. If the funds are determined to be:

(1) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is less than \$1000, the Agency will provide the balance to the borrower to use for authorized loan purposes;**
- (ii) From a Youth loan, and the balance is less than \$100, the Agency will provide the balance to the borrower to use for authorized loan purposes;**

(2) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is \$1000 or greater, the Agency will apply the balance to the FLP loan;**
- (ii) From a Youth loan, and the balance is \$100 or greater, the Agency will apply the balance to the FLP loan;**
- (3) Normal income funds, the Agency will apply the balance to the remaining current year's scheduled payments and pay any remaining balance to the borrower; and**
- (4) Basic security funds, the Agency will apply the balance to the FLP loan as an extra payment or the borrower may apply the balance toward the purchase of basic security, provided the Agency obtains a lien on such security and its security position is not diminished.**

B Uncooperative Borrowers

[7 CFR 761.55(b)] If the borrower is uncooperative in closing a supervised bank account, the Agency will make written demand to the financial institution for the balance and apply it in accordance with paragraph (a) (subparagraph 104A) of this section.

Written demand will be made by SED according to subparagraph 103 D.

104 Closing Accounts (Continued)**C Death of Borrower**

[7 CFR 761.55(c)] In the event of a borrower's death, the Agency may:

- (1) Apply the balance to the borrower's FLP loan;**
- (2) Continue with a remaining borrower, provided the supervised bank account was established as a joint tenancy with right of survivorship account;**
- (3) Refund unobligated balances from other creditors in the supervised bank account for specific operating purposes in accordance with any prior written agreement between the Agency and the deceased borrower; or**
- (4) Continue to pay expenses from the supervised bank account in conjunction with the borrower's estate.**

Deceased borrower's supervised bank accounts will be handled according to 4-FLP. SED may withdraw funds according to subparagraph 103 D after obtaining approval from OGC.

105-120 (Reserved)

Part 5 Planning and Performing Construction and Other Development

121 Overview

A Purpose

[7 CFR 761.10(a)] This section describes Agency policies regarding the planning and performing of construction and other development work performed with:

- (1) Direct FLP loan funds; or**
- (2) Insurance or other proceeds resulting from damage or loss to direct loan security.**

122 Borrower Requirements for Preparing a Construction and Development Plan**A Applicability**

An applicant for an FLP loan for construction or repair of farm dwellings, service buildings, or land development must submit a construction and development plan to FSA as part of a direct loan application.

A borrower using insurance or other proceeds resulting from the damage or loss of loan security for construction, repair, or land development must submit a construction and development plan to FSA before the release of any proceeds.

B Funds for Development Work

[7 CFR 761.10(b)] The applicant or borrower:

(1) Must provide the Agency with an estimate of the total cash cost of all planned development prior to loan approval.

Note: Estimates must be provided from the supplier or contractor who will provide services or perform the repair.

(2) Must show proof of sufficient funds to pay for the total cash cost of all planned development at or before loan closing.

(3) Must not incur any debts for materials or labor or make any expenditures for development purposes prior to loan closing with the expectation of being reimbursed from Agency funds.

Acceptable sources of funds to pay for the planned development include loan proceeds, any cash furnished by the borrower, proceeds from cost sharing programs, or proceeds from the sale of property.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**C Scheduling, Planning, and Completing Development Work**

[7 CFR 761.10(c)] The applicant or borrower:

- (1) Is responsible for scheduling and planning development work in a manner acceptable to the Agency and must furnish the Agency information fully describing the planned development, the proposed schedule and the manner in which it will be accomplished.**

Construction and development work may be performed either by the contract method or the borrower method.

Under the contract method, construction and development contractors perform work according to a written contract with the applicant or borrower. Under the borrower method, the applicant or borrower will perform the construction and development work.

The borrower method may only be used when the authorized agency official determines, based on information from the applicant, that both of the following conditions apply.

- The applicant possesses or arranges to obtain the necessary skill and managerial ability to complete the work satisfactorily
- Such work will not interfere with the applicant's farming operation or work schedule.

An applicant or borrower must submit FSA-2150 along with the following information:

- cost estimates that fully describe the materials to be used and the work to be performed according to subparagraph B
- certified drawings, specifications, or contract documents that completely describe the work, including all landscaping, repairs, and site development
- technical data, tests, or engineering evaluations, if requested by FSA.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**D Qualified Technical Services**

The applicant or borrower:

[7 CFR 761.10(c)(5)] Is responsible for obtaining any required technical services from qualified technicians, trades-people, and contractors.

The applicant should be advised to review copies of license, liability insurance, and bond coverage; however, copies are not required for the borrower's file.

E Construction and Repair Standards

[7 CFR 761.10(d)] (1) The construction of a new building and the alteration or repair of an existing building must conform with industry-acceptable construction practices and standards.

- (2) All improvements to a property must conform to applicable laws, ordinances, codes, and regulations.**
- (3) The applicant or borrower is responsible for selecting a design standard that meets all applicable local and state laws, ordinances, codes, and regulations, including building, plumbing, mechanical, electrical, water, and waste management.**
- (4) The Agency will require drawings, specifications, and estimates to fully describe the work as necessary to protect the Agency's financial interests. The drawings and specifications must identify any specific development standards being used. Such information must be sufficiently complete to avoid any misunderstanding as to the extent, kind, and quality of work to be performed.**
- (5) The Agency will require technical data, tests, or engineering evaluations to support the design of the development as necessary to protect its financial interests.**
- (6) The Agency will require the applicant or borrower to provide written certification that final drawings and specifications conform with the applicable development standard as necessary to protect its financial interests. Certification must be obtained from individuals or organizations trained and experienced in the compliance, interpretation, or enforcement of the applicable development standards, such as licensed architects, professional engineers, persons certified by a relevant national model code organization, authorized local building officials, and national code organizations.**

An applicant or borrower completing a construction and development project must provide FSA with certified plans. The certification must confirm that the applicant's final drawings and specifications conform with acceptable industry standards and practices.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**F Scheduling Construction**

The applicant or borrower:

[7 CFR 761.10(c)(4)] Must schedule development work to start as soon as feasible after the loan is closed and be completed as quickly as practicable.

Development work should be completed no later than 12 months from the date of loan closing. The authorized agency official must document any extension beyond 12 months in the case file.

G Approvals and Permits

The applicant or borrower:

[7 CFR 761.10(c)(2)] Is responsible for obtaining all necessary State and local construction approvals and permits prior to loan closing.

All necessary State and local construction approvals and permits should be obtained before loan closing. Failure to obtain such approvals and permits in a timely manner may delay the project and increase costs. In some cases, all approvals and permits may not be available until after construction.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**H Environmental Review**

The applicant or borrower:

[7 CFR 761.10(c)(3)] Must ensure that all development work meets the environmental requirements established in subpart G of 7 CFR part 1940.

See 1-EQ and the State Natural Resources Guide for additional guidance.

I Warranty and Lien Waivers

[7 CFR 761.10(f)] The applicant or borrower must obtain and submit all lien waivers on any construction before the Agency will issue final payment.

The borrower must submit a completed FSA-2153 and FSA-2154 or other documentation acceptable to FSA before FSA will issue final payment. The authorized agency official must place the completed FSA-2153 or other acceptable documentation in the borrower's case file.

The borrower should obtain warranties as applicable.

123 Review of Proposed Construction and Development Plans**A Review Process and Criteria**

FSA will review the proposed method of doing the work and determine whether the work can be performed satisfactorily under the proposed method. To facilitate its review, FSA will visit the farm or site of the proposed construction or development.

In this review, the authorized agency official must:

- review the cost estimate for reasonableness
- analyze the adequacy of the planned construction or development in achieving applicant goals according to the farm assessment, as outlined in Part 8, Section 2
- determine that the applicant has adequate funds to complete the project according to subparagraph 122 B
- determine whether the contractor will be able to obtain surety according to paragraph 126
- determine whether the applicant will be able to obtain a warranty and a lien waiver according to subparagraph 122 I
- determine that the location is appropriate and adequate for the proposed development
- examine the project for compliance with environmental (e.g., lead paint, water, waste disposal), and cultural protection requirements, consistent with 1-EQ
- determine that the proposed schedule is realistic and results in completion as quickly as practicable and within no more than 12 months according to subparagraph 122 F
- if required, determine that the applicant has obtained a written certification from a State-licensed engineer or architect that final drawings and specifications meet appropriate development standards according to subparagraph 122 E.

123 Review of Proposed Construction and Development Plans (Continued)**B Security Considerations**

The authorized agency official should ensure that the Government's security interest in the development is adequately protected by completing inspections and monitoring progress, as appropriate. Examples of potential lending risks include the following:

- incomplete construction caused by undisclosed or undiscovered site characteristics, structural problems arising from inadequate or incompetent engineering or design, local opposition to the project, or environmental problems
- cost overruns resulting from delays, changes in building materials or labor markets, changes in cost or failure to estimate properly, unexpected increases in financing costs
- financial failure because of unfavorable market conditions or inability of the borrower to complete the project.

124 Inspections

A Applicant/Borrower Inspections

[7 CFR 761.10(e)(1)] The applicant or borrower is responsible for inspecting development work as necessary to protect their interest.

The borrower's inspection ascertains that the actual construction and development work conforms with all plans, applicable design standards, and local, State, and Federal laws and regulations. In addition, an inspection helps to ensure that contractors and subcontractors comply with the contract terms and that structures are in livable and operable condition before final payment.

The authorized agency official will evaluate the following in determining if FSA inspections are needed:

- total cost of construction
- complexity of project
- whether State or local Government inspections address the full scope of design or performance issues of concern to FSA
- cost of obtaining inspections and availability of professional inspection services.

[7 CFR 761.10(a)(2)] The applicant or borrower must provide the Agency written certification that the development conforms to the plans and good construction practices, and complies with applicable laws, ordinances, codes and regulations.

Where required by applicable State or local laws, ordinances, codes, and regulations, the borrower must have inspections performed by responsible State or other Government authorities. The borrower must provide a copy of the written certification obtained from the State or local authorities as appropriate.

When FSA requires inspections, the borrower must identify and inform FSA of the authorities or professionals who will perform inspections before initiating construction or development work.

Complex projects may require several inspections. For example, inspections may be appropriate for major building components (e.g., wiring) that would not be visible when construction is complete. At a minimum, inspections of most new construction should include mechanical, plumbing, electrical, and all applicable requirements about water and sewage disposal. Inspections for repairs and some types of new construction (e.g., service buildings without utilities) are more limited in scope.

124 Inspections (Continued)**B Other Inspections**

[7 CFR 761.10(e)(3)] The Agency will require the applicant or borrower to obtain professional inspection services during construction as necessary to protect its financial interests.

(4) Agency inspections do not create or imply any duty or obligation of the Government to the applicant or borrower.

When performed, FSA inspections are for FSA's benefit, not to assure the borrower that the construction is according to plans and specifications. The purpose of an inspection is to determine that FSA has adequate security for its loan and loan funds or security proceeds are used as planned.

Inspections by FSA staff are not mandatory. However, to protect the interest of the Government, an authorized agency official should participate in final inspections, accompanied by the borrower if practicable. FSA inspections will be to certify that funds were used for authorized purposes and not to guarantee workmanship or construction soundness.

Inspections will be documented in the borrower case file.

C Correction of Deficiencies

The borrower is responsible for following up on the correction of deficiencies noted in any inspection and must provide FSA with documentation of follow-up and correction of deficiencies.

If the borrower or the contractor refuses to correct the deficiencies, the authorized agency official will contact the State Office for guidance.

D Reviewing Incomplete Developments

If the borrower has not completed development work within a reasonable time after the date of loan closing or receipt of security proceeds and the authorized agency official has determined that the borrower cannot or will not complete the development, the authorized agency official must contact the State Office for guidance.

Note: Any funds remaining in the supervised bank account should be handled according to subparagraph 103 D.

125 Changing the Planned Development**A Permissible Changes**

[7 CFR 761.10(h)] An applicant or borrower must request, in writing, Agency approval for any change to a planned development. The Agency will approve a change if all of the following are met:

- (1) It will not reduce the value of the Agency's security;**
- (2) It will not adversely affect the soundness of the farming operation;**
- (3) It complies with all applicable laws and regulations;**
- (4) It is for an authorized purpose;**
- (5) It is within the scope of the original loan proposal;**
- (6) If required, documentation that sufficient funding for the full amount of the planned development is approved and available;**
- (7) If required, surety to cover the full revised development amount has been provided; and,**
- (8) The modification is certified in accordance with paragraph (d)(6) (subparagraph 122 E) of this section.**

B Change Orders Procedures

When a borrower completing construction or development under the borrower method requests FSA approval of changes, the authorized agency official and the borrower will revise, date, and initial FSA-2150. Revised plans and specifications will be obtained as appropriate when a borrower completing construction or development under the contract method requests FSA approval of changes.

The borrower will submit revised contract documents, plans, and specifications, as appropriate.

The borrower and the borrower's contractors and subcontractors may not proceed with a proposed change and may not reflect the change in payment requests until FSA approves the requested change.

126 Surety Bonds**A Surety**

[7 CFR 761.10(g)] The Agency will require surety to guarantee both payment and performance for construction contracts as necessary to protect its financial interests.

An applicant for a direct loan to finance a construction project must obtain from a construction contractor a surety bond that guarantees both payment and performance in the amount of the construction contract when 1 or more of the following conditions exist:

- contract exceeds \$100,000
- authorized agency official determines that a surety bond appears advisable to protect the borrower against default of the contractor
- contract provides for partial payments in excess of the amount of 60 percent of the value of the work in place.

When the surety is required, the applicant's contract with the contractor must indicate that the contractor will furnish a properly executed surety bond before starting any work.

FSA will incur no liability to a surety bond issued in connection with a construction contract. The contractors must name FSA as a co-beneficiary in all surety bonds unless prohibited by State law.

B Sources of Surety

A contractor must obtain the surety bonds from a corporate bonding company listed on the current Department of Treasury Circular 570.

Note: The Treasury Department publishes this circular in the Federal Register annually. A current copy may be obtained from <http://www.fms.treas.gov/c570/index.html>.

The contractor may use a corporate bonding company not listed on Department of Treasury Circular 570 with SED approval. In no case may the applicant or any person or organization with an interest in the applicant's operation provide the required surety bond.

126 Surety Bonds (Continued)

C Exceptions to Surety Requirements

If the contractor is unable to obtain a surety bond meeting the requirements in subparagraphs A and B, the applicant may submit a written request for an exception from SED. The request must specifically state why the contractor is unable to obtain an acceptable surety bond and why it is financially advantageous for the applicant to proceed with the proposed contractor without such a bond.

SED may grant an exception if the proposed contractor is reliable and experienced in the construction of projects of similar size, design, scope, and complexity and has financial assurance comparable to being bonded.

127-140 (Reserved)

Part 6 Appraisals**141 General Appraisal Requirements****A General**

[7 CFR 761.7(a)] This section describes the requirements for:

- (1) Real estate and chattel appraisals made in connection with the making and servicing of direct FLP loans and Nonprogram loans**
- (2) appraisal reviews conducted on appraisals made in connection with the making and servicing of direct and guaranteed FLP and Non-program loans.**

B Purpose

FSA uses appraisals to determine the value of real and personal property or other security pledged or to be pledged to support direct loans and loan servicing actions. FSA requires a lender to obtain an appraisal in certain guaranteed loanmaking and loan servicing cases.

Appraisals are an integral part of the loan evaluation and servicing processes to determine whether there is adequate security to support a loan or servicing action.

C USPAP Compliance

[7 CFR 761.7(b)(1)] Real estate appraisals, technical appraisal reviews and their respective forms must comply with the standards contained in USPAP, as well as applicable Agency regulations and procedures for the specific FLP activity involved. A current copy of USPAP along with other applicable procedures and regulations is available for review in each Agency State Office.

A current copy of USPAP may be viewed at **<http://www.appraisalfoundation.org>**.

To comply with OMB Circular No. A-129, the employee making a real estate appraisal may not approve any action in which the real estate appraisal was used, including loan approval or any servicing action.

141 General Appraisal Requirements (Continued)**D Appraisal Costs**

FSA is responsible for the costs of obtaining an appraisal associated with direct loanmaking and loan servicing activities, except for appeal and negotiation of appraisals. See Part 7 for information on FSA appraisal costs and payments.

The applicant or borrower is responsible for costs associated with appealing FSA appraisals. See paragraph 144 for information on appraisal appeals.

E Obtaining Appraisals

A chattel appraisal may be conducted by either an FSA employee who has been delegated chattel appraisal authority from SED or a contract appraiser.

A real estate appraisal may be conducted by either an FSA employee or contract appraiser, subject to the following:

- for all direct credit transactions equal to or over \$100,000, the appraisal must be completed by a State-certified general contract appraiser, or an FSA full-time or part-time designated appraiser/reviewer
- for all direct credit transactions under \$100,000:
 - an appraisal of noncomplex property may be completed by a licensed or certified general contract appraiser, a full-time or part-time designated appraiser/reviewer, or an FSA limited authority appraiser
 - an appraisal of complex property must be completed by a certified general contract appraiser or an FSA full-time or part-time appraiser/reviewer.

Note: A credit transaction includes any action or existing debt secured by real estate and any proposed loans, subordinations, prior liens, or guarantees.

SED shall issue a State supplement providing guidance on the process to request:

- a chattel appraisal from a contract appraiser
- a real estate appraisal.

FSA offices shall release information requested by the appraiser to complete real estate appraisals.

141 General Appraisal Requirements (Continued)**F Using an Existing Appraisal**

[7 CFR 761.7(c)] Except where specified elsewhere, when a real estate appraisal is required, the Agency will use an existing real estate appraisal to reach loan making or servicing decisions under either of the following conditions:

- (1) The appraisal was completed within the previous 12 months and the Agency determines that:**
 - (i) The appraisal meets provisions of this section and applicable Agency loan making and servicing requirements, and**
 - (ii) Market values have remained stable since the appraisal was completed; or**
- (2) the appraisal was not completed in the previous 12 months, but has been updated by the appraiser or appraisal firm that completed the appraisal and both the update and original appraisal were completed in accordance with USPAP.**

Note: Current USPAP requirements provide that an update of an appraisal is a new appraisal assignment. The appraiser may provide a new report:

- without incorporating the prior report
- by incorporating the prior report by attachments
- by incorporating the prior report by reference only if the original appraiser's firm and original intended users agree.

141 General Appraisal Requirements (Continued)**G Using Third Party Appraisals**

FSA may use an appraisal that has been completed by a third party for any direct or guaranteed loanmaking or loan servicing action, provided the appraisal meets all of the following:

- appraisal was completed within the previous 12 months
- appraisal was signed by a State-certified general appraiser licensed in the State where the property is located
- intended use stated in the report is consistent with FSA's need.

Notes: An administrative review must be conducted by the appropriate FSA official according to subparagraph 143 B.

FSA does not need to be listed as an intended user in a third party appraisal report for any direct or guaranteed loanmaking or loan servicing action; however, FSA must verify that the appraisal was ordered by and prepared for a Federally-regulated financial institution. Borrower-ordered appraisals are not acceptable for loanmaking or loan servicing actions except as provided in FSA regulations involving special servicing actions.

H Contracts for Appraisal Services

Contracts for obtaining real estate or chattel appraisals shall be established according to Part 7.

142 Appraisal Reports**A Chattel Appraisals**

[7 CFR 761.7(b)(2)] When a chattel appraisal is required it must be completed on an applicable Agency form (available in each Agency State Office) or other format containing the same information.

FSA may use FSA-2160. If FSA-2160 is not used, the chattel appraisal, as a minimum, will identify all chattel items appraised, including the following details:

- the quantity, kind, sex, breed, color, weight or average weight, brands or other identification, and value of livestock
- the quantity, kind, manufacturer, size and type, condition, year of manufacture, serial or motor number, and value of machinery and other equipment.

The appraised value of chattel property will be based on public sales of the same or similar property in the market area. In the absence of public sale data, reputable publications may be used to establish market value provided the appraisal is documented to reflect that the market value was established based on wholesale values, rather than retail values.

Note: Retail values include the cost of rehabilitation and other factors that are not typically included in a public sale.

142 Appraisal Reports (Continued)**B Real Estate Appraisals**

A real estate appraisal, as a minimum, will be a summary appraisal report as defined by USPAP. Any exception to allow the use of a restricted report requires prior written approval by SED. SED may redelegate this authority to the designated State staff appraiser. Approval of restricted reports will only be granted under extraordinary circumstances, limited to situations where there will be only a single user of the report.

Real estate appraisals must be adequately documented as to the scope of work and include as a minimum, the following detail:

- documentation of the results of the following 3 approaches when applicable, to estimating value:
 - sales comparison approach
 - cost approach
 - income approach
- if adjustments are made, the basis for these adjustments, including land mix, time, water, buildings, depreciation, soils, and any other applicable adjustments recognized by the market and supported by adequate documentation in the appraisal
- at least a 3-year sales history of the property
- the comparable sales used, including a breakdown of land contribution by land class, building contribution by improvement, derived depreciation rates, basis for the cost of new improvements, remaining life of improvements, timber, mineral value, water rights and volume, water delivery system, photographs of improvements and land, etc.
- the value of any mineral rights.

When part or all of the mineral rights can:

- be appraised and minerals are known to exist, the appraised value in FSA-1922-11, Part VI or other formats that provide the same information, will be included in the final market value arrived at by the appraiser
- not be appraised or no known minerals or potential exist, the appraisal value in FSA-1922-11, Part VI or other formats that provide the same information, will reflect zero (\$0.00) and document the appraiser's findings and reasons for making this valuation.

142 Appraisal Reports (Continued)**C Approved Appraisal Formats**

Any appraisal format that meets USPAP requirements is acceptable.

FSA has the following available formats that may be used along with additional documentation to meet USPAP requirements:

- FSA-1922-1
- FSA-1922-2
- FSA-1922-9
- FSA-1922-10
- FSA-1922-11.

D Real Estate Appraisal Software

FSA has appraisal software available for full-time and part-time staff appraisers/reviewers. To obtain a copy of the software, or if there are questions about the software, contact PDEED at 202-720-3647 or at the following address.

USDA FSA PDEED
STOP 0521
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0521

143 FSA Review of Appraisal Reports**A Overview**

[7 CFR 761.7(d)(1)] With respect to a real estate appraisal, the Agency may conduct a technical appraisal review or an administrative appraisal review, or both.

[7 CFR 761.7(d)(2)] With respect to a chattel appraisal, the Agency may conduct an administrative appraisal review.

Real estate appraisals used for any direct or guaranteed loanmaking or loan servicing purpose are subject to a technical appraisal review or an administrative appraisal review by FSA for compliance with applicable FSA regulations and procedures.

B Administrative Appraisal Reviews

Administrative appraisal reviews are conducted by FSA employees, other than an FSA full-time or part-time State-designated appraiser/reviewer, delegated the responsibility by SED. Employees must have received training on completing appraisal reviews before receiving this delegation.

An administrative appraisal review is performed as a due diligence function in the context of a loanmaking or loan servicing decision and to ensure compliance with organizational requirements. After the administrative appraisal review, the appraisal user will be in a position to understand the strengths and weaknesses of the information in the report. An administrative appraisal review is completed to verify that the:

- correct property was appraised
- math is correct
- appraisal is logical and understandable
- appraisal complies with FSA contracting requirements.

Note: An administrative appraisal review does not include a determination of compliance with USPAP.

The administrative reviewer will refer to the designated State staff appraiser any areas of concern or problems detected. An administrative reviewer may not express a different opinion of value and may not certify to the type and extent of review.

The administrative appraisal review is completed for farm properties on FSA-1922-16 and for residential properties on RD 1922-15, or in any other format containing, at a minimum, the same information.

143 FSA Review of Appraisal Reports (Continued)

C When Administrative Appraisal Reviews May Be Conducted

FSA shall complete an administrative appraisal review:

- within 7 workdays of receiving a contracted appraisal obtained for any direct loan purpose
- on 20 percent of appraisals obtained during each FY by CLP and PLP lenders for any guaranteed loan purpose
- on all appraisals obtained during each FY by SEL's for any guaranteed loan purpose
- of chattel and real estate appraisals completed by FSA employees, as determined by SED
- on all third party appraisals.

143 FSA Review of Appraisal Reports (Continued)**D Technical Appraisal Reviews Overview**

A technical appraisal review will be in writing to address all requirements of USPAP, Standard 3. Under the scope of the technical appraisal review, the appraiser/reviewer forms an opinion as to:

- the adequacy and relevance of the data used
- the propriety of any adjustments to the data
- the appropriateness of the appraisal methods and techniques used
- whether the analysis and conclusion of the appraisal under review is credible, and if not, the reason for expressing different opinion of value.

Unless written authority is granted by DAFLP, a technical appraisal review must be completed by an FSA full-time or part-time State-designated appraiser/reviewer who will determine whether the appraisal is in compliance with USPAP Standards. The appraiser/reviewer must certify as to the type and extent of the review process. A technical appraisal review may include a desk review and/or a field review. The appraiser/reviewer may express a different opinion of value from the appraiser, only after complying with USPAP Standards 1 and 2.

A technical desk review:

- is an analysis of the material presented in the appraisal report as to the adequacy of the documentation of the final value estimate
- may reveal concerns, such as math errors, discrepancies of legal descriptions, comparable sales used that are not recent or similar to the subject property, failure to give value consideration to all items located on the subject property, and failure to address the condition of the subject and comparable sales.

A technical field review involves an examination of all aspects of making the appraisal. All information contained in the appraisal report is verified, inspected, and researched. Other information, such as other comparable sales, not included in the report may be addressed.

Problems or areas of concern detected during the technical appraisal review will be referred to the appraiser who conducted the appraisal.

143 FSA Review of Appraisal Reports (Continued)**E When Technical Appraisal Reviews May be Conducted**

FSA completes a technical appraisal review of the following:

- first direct loan appraisal completed by a contract appraiser with whom FSA has had no appraisal experience within the past 2 FY's
- first third party appraisal used for direct loanmaking or loan servicing completed by an appraiser with whom FSA has had no appraisal experience within the past 2 FY's
- first appraisal completed by appraisers with whom FSA has had no guaranteed appraisal experience within the past 2 FY's
- direct or guaranteed loan appraisals when an administrative review detects serious problems
- all appraisals completed by limited authority appraisers
- of appraisals conducted by contractors, third party appraisers, and FSA employees in a random spot check method that is established by SED

Note: Each year, SED will vary the method used to select appraisals for review to ensure that adequate internal controls are established.

- on a more frequent basis, if problems have been detected in the scheduled annual and spot check review
- upon request of the loan approval official anytime before loan approval.

143 FSA Review of Appraisal Reports (Continued)

F Recordkeeping and Internal Management Controls

Each State must maintain a recordkeeping system and internal management controls to ensure that all administrative, technical, and field reviews and compliance activities are accomplished according to 25-AS, Exhibit 40.5.

G USPAP Records Retention

USPAP requires that appraisers retain documentation about appraisal reviews and technical appraisal reviews they conduct for whichever of the following is longer:

- 5 years from date of completion
- 2 years from the date all appeals and litigation about the appraisal are concluded.

SED's shall provide adequate storage space to staff appraisers for the duration of the required documentation retention period.

144 Appeals of Decisions Based on Appraisals

A Scope

This paragraph provides general information on appealing a direct loanmaking or loan servicing decision based on an appraisal. See 1-APP and paragraph 42 for additional information on appeals.

B When a Decision Based on an Appraisal May Be Appealed

An applicant or borrower may appeal any adverse decision based on an FSA appraisal. However, when the appraisal was obtained in connection with a request for PLS and negotiation of appraisal has been completed according to 5-FLP, paragraph 230, the negotiated value is not appealable.

144 Appeals of Decisions Based on Appraisals (Continued)

C Appeals

If the appellant:

- chooses to challenge the appraisal obtained by FSA for any loanmaking or loan servicing activities other than PLS under 5-FLP, the issue on appeal will be whether FSA's appraisal is consistent with USPAP and the appellant may provide an independent technical appraisal review of FSA's appraisal

Note: The appellant does not have the right to provide a second independent appraisal for consideration.

- is being considered for PLS under 5-FLP, the appeal challenging FSA's appraisal may include the appellant's independent appraisal according to 5-FLP, paragraph 230.

Notes: In Homestead Protection under 5-FLP, Part 8, the appellant has the right to select an independent appraiser from a list of appraisers provided by the authorized agency official. The issue on appeal will be whether FSA's appraisal is consistent with USPAP and the appellant may only provide an independent technical appraisal review of FSA's appraisal. The appellant does not have the right to provide a second independent appraisal for consideration or negotiation of the appraisal.

Leaseback/buyback is no longer offered by FSA. However, if the appellant is exercising their right to purchase inventory property at the conclusion of an existing leaseback/buyback lease, the issue on appeal will be whether FSA's appraisal is consistent with USPAP and the appellant may only provide an independent technical appraisal review of FSA's appraisal.

- disagrees with the appraised value used to determine amount due under a shared appreciation agreement or net recovery buyout recapture agreement, the issue on appeal will be whether FSA's appraisal is consistent with USPAP, and the appellant may only provide an independent technical appraisal review of FSA's appraisal.

Notes: The appellant does not have the right to provide a second independent appraisal for consideration or negotiation of the appraisal.

Subparagraphs 42 D and E provide text to be added to the reconsideration paragraph in adverse decision letters involving appraisals.

144 Appeals of Decisions Based on Appraisals (Continued)**D Real Estate Independent Technical Appraisal Review**

An independent technical appraisal review:

- is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable
- may include either a desk review and/or a field review.

Note: The appraiser conducting the technical appraisal review must certify as to the type and extent of the review process.

At the appellant's request, the agency official shall provide a list of State-certified general appraisers. The appellant may select an appraiser from the list or retain any other State-certified general appraiser to conduct an independent technical appraisal review according to USPAP Standard 3. The appellant must pay the cost of the independent technical appraisal review.

The authorized agency official shall forward any independent technical appraisal review received from the appellant, along with a copy of the appraisal, to the designated State staff appraiser to be reviewed by a full-time or part-time appraiser/reviewer. The designated State staff appraiser will notify the authorized agency official of the final decision about the independent technical appraisal review and the final appraised value. The authorized agency official will notify the appellant of the outcome of reconsideration according to 1-APP.

E Chattel Independent Appraisal Review

An independent appraisal review is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable.

The agency official shall forward any independent appraisal review received from the appellant, along with a copy of the appraisal, to the State Office to be reviewed. FLC will request a review by an employee delegated the authority to perform independent appraisal reviews. Upon completing the review, FLC will notify the authorized agency official of the final decision about the independent appraisal review and the final appraised value. The authorized agency official will notify the appellant of the outcome of reconsideration according to 1-APP.

144 Appeals of Decisions Based on Appraisals (Continued)**F Releasing FSA Appraisal Reviews**

Technical appraisal reviews or administrative appraisal reviews performed by an FSA employee before an FSA initial decision are part of the FSA record and must be submitted to NAD as part of the appeal process.

Technical appraisal reviews or administrative appraisal reviews performed by an FSA employee after an FSA initial decision are not part of the FSA record and would not be releasable except under a subpoena from NAD according to 7 CFR §11.8(a) and only after any information prohibited from disclosure by the Privacy Act or other law is deleted.

G Errors Identified in an Appraisal

If either the authorized agency official or borrower discovers any mathematical or property description errors in the appraisal, the discrepancies must be reported to SED or designated State staff appraiser. The designated State staff appraiser shall review the nature of the discrepancy and make a determination to:

- contact the appraiser to correct the appraisal
- determine whether the discrepancies are material to the final value determined in the appraisal report.

The appraiser may make corrections to the appraisal up until the time the appeal hearing begins or as a result of the appeal hearing.

145 Appraiser Qualifications**A Chattel Appraisals**

An FSA employee delegated chattel appraisal authority from SED, or a contractor hired to complete chattel appraisals, must:

- possess sufficient experience or training to establish market value of chattel property based on public sales of the same or similar property in the market area
- demonstrate, to SED's or designee's satisfaction, sufficient experience and training to establish market values of chattel property.

Note: A contract appraiser's qualifications shall be documented by the appraiser and maintained in the contract file.

B Real Estate Contract Appraisers

Real estate contract appraisers must be State-certified general appraisers in the State in which the property to be appraised is located.

C Full-Time and Part-Time FSA Real Estate Appraisers/Reviewers

A full-time appraiser/reviewer is an FSA employee who is responsible only for real estate appraisals and technical real estate appraisal reviews, and who has or is fulfilling the training requirements in paragraph 146.

A part-time appraiser/reviewer is an FSA employee who has significant responsibilities for real estate appraisal and technical real estate appraisal reviews, but has other FSA program responsibilities as well, and who has or is fulfilling the training requirements in paragraph 146.

Both full-time and part-time appraisers/reviewers must be a State-certified general appraiser or obtain State-certified general appraiser status within 4 or 5 years of being designated as an appraiser/reviewer.

D FSA Limited Authority Real Estate Appraisers

An FSA limited authority appraiser is an employee who is primarily responsible for the administration of FSA programs, but has been delegated limited authority to perform real estate appraisals when the total credit transaction is less than \$100,000, as described in subparagraph 141 E.

FSA limited authority appraisers are not:

- required to obtain State-certified general appraiser status
- authorized to complete technical real estate appraisal reviews.

146 Appraiser Training Requirements**A Obtaining State-Certified General Appraiser Status**

Both full-time and part-time FSA appraisers/reviewers must acquire State-certified general appraiser status within 4 or 5 years from being designated as an appraiser/ reviewer. To acquire this status, the appraiser/reviewer must complete the following categories, at a minimum.

Category	Description
1	126 hours of training, of which a majority must concentrate in farm real estate-related courses, in: <ul style="list-style-type: none"> • sales comparison approach • cost approach • income approach.
2	16 hours of training in USPAP.
3	24 hours of training in narrative report writing.
4	A minimum of 40 hours of technical appraisal review.

Required courses may be taken from approved institutions, such as:

- colleges or universities
- community or junior colleges
- real estate appraisal or real estate-related organizations
- State or Federal agencies or commissions
- proprietary schools
- other providers approved by the State certification-licensing agency.

The appraiser/reviewer, with supervisor approval, should select courses accredited by the State Appraisal Board and meet required general course guidelines and directions.

In addition, the appraiser/reviewer must meet State experience requirements for obtaining a State-certified general license.

If a designated appraiser/reviewer cannot acquire State-certified general appraiser status within 4 or 5 years because of State requirements, SED or FLC must request an extension from the National Office for the appraiser/reviewer to complete the requirements. The request should be submitted to the following.

USDA FSA DAFLP PDEED
STOP 0521
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0521

146 Appraiser Training Requirements (Continued)**B Maintaining State-Certified General Appraiser Status**

Full-time and part-time appraisers/reviewers are required to maintain their State-certified general appraiser status by completing continuing education courses according to the standards established by the State Appraisal Board.

These courses must be:

- taken from approved institutions
- accredited by the State Appraisal Board.

The appraiser/reviewer, with supervisor approval, should select the continuing education course topics.

C Training Requirements for FSA Limited Authority Appraisers

SED or full-time appraisers/reviewers shall establish the minimum training needs for FSA-limited authority appraisers.

The training must ensure satisfaction of the following:

- ethics
- competency
- scope of work
- jurisdictional exception rule
- USPAP Standards 1 and 2
- appropriate FSA appraisal requirements.

Full-time or part-time appraisers/reviewers shall provide in-house or on-the-job training to FSA-limited authority appraisers.

146 Appraiser Training Requirements (Continued)**D Payment of Training Fees**

By August 1 of each FY, each SED must request, in writing, from the National Office appraisal training funds for the following FY for both basic and continuing education costs.

For staff appraiser/reviewers who are:

- not State-certified or have not completed FSA's basic education, request shall include the following:
 - name of individual to receive training
 - date hired into position
 - dates and courses to be taken in the coming FY
 - category in which course applies
 - course hours accredited by the State Appraisal Board for each course
 - cost of tuition, books, site fee, travel, and per diem
- State-certified and are fulfilling continuing education requirements, requests shall include the following:
 - name of individual to receive training
 - dates and courses to be taken in the coming FY
 - course hours accredited by the State Appraisal Board for each course
 - cost of tuition, books, site fee, travel and per diem.

The travel and per diem costs requested will be added to the State's normal allotment of travel funds by BUD. It is the appraisers/reviewers responsibility to communicate to the State administrative section of the travel funds requested for appraisal training and to establish a basis to use those funds for the intended purpose.

SED must complete and submit FLP1 Report for all appraisers/reviewers who are not State certified general at the end of the second and fourth quarters of each FY.

146 Appraiser Training Requirements (Continued)

D Payment of Training Fees (Continued)

SED must mail the request for training funds and FSA-1922-17 to the following.

USDA FSA DAFLP PDEED
STOP 0521
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0521

Upon successfully completing the required education, experience, and receiving State-certified general appraiser status, FSA shall award a certificate of training to the appraiser/reviewer.

FSA shall reimburse all full-time and part-time appraisers/reviewers for the ongoing dues and fees associated with obtaining and maintaining State-certified general appraiser status.

When claiming reimbursement of dues and fees, appraisers/reviewers must complete SF-1164 together with proof of payment and submit it to the following address unless otherwise directed in the annual notice of Reimbursement of Dues and Fees for State certified General Appraisers and 3 Year Training Program Expense Authorization.

FINANCIAL ACCOUNTING DIVISION
USDA FSA
PO BOX 419205
KANSAS CITY MO 64141-6205

FSA-limited authority appraisers do not incur any training costs because they are trained in-house or on-the-job by full-time or part-time appraisers/reviewers and are not State-certified.

147-160 (Reserved)

Part 7 PLCE's**161 Overview****A Purpose**

This Part describes procedures for obligating, paying, and reporting noncontractual expenses and special handling processes for noncontractual and contractual PLCE's. See 27-AS for procedure for purchasing and reporting contractual goods and services.

The following are the 2 types of PLCE's:

- recoverable PLCE's are chargeable to either a borrower or property account
- nonrecoverable PLCE's are not chargeable to a borrower or property account.

B Program Authority

Program authorities to request goods and services by contract and make noncontractual payments are in Exhibit 26. Employees with program authority may redelegate their authority to any qualified employee.

If additional program authority is needed above the levels granted in Exhibit 26, SED must forward a written request to the Director, LMD by FAX at 202-690-1117 or mail to:

DIRECTOR
USDA FSA DAFLP LMD
STOP 0522
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0522

162 FFIS

A Background

FFIS is a mainframe software package for authorized agency users to record, monitor, and control all activities in the “Type 60” spending process. Throughout the remainder of this Part, and Exhibit 26, “Type 60” shall be referred to as “PLCE”.

PLCE data recorded in FFIS includes obligations, invoices, disbursements, and post-payment modifications. Borrower and property loan information is validated and stored in FFIS to ensure that data backed to is accurate.

SED shall ensure that an adequate number of employees are trained, delegated authority, and have the proper security clearance, user ID, and password to input and approve transactions using FFIS.

The Program Loan Cost Expense - Foundation Financial Information System Fast Facts Desktop Reference Guide and Procedure Guide for FFIS Program Loan Cost Expense - Field Users Guide are available electronically at

<https://indianocean.sc.egov.usda.gov/flp/ManualServlet?caller=index>. Individuals should use the guides to:

- process obligations and invoices
- respond to vendor inquiries related to invoice and disbursement activity.

The guides provide instructions for:

- processing obligations
- modifying obligations
- canceling obligations
- processing invoices
- navigating through inquiry tables to verify updates
- understanding the spending chain
- understanding document referencing
- responding to vendor inquiries
- error code inquiries
- establishing vendor codes.

162 FFIS (Continued)**B Using EFT**

The Debt Collection Improvement Act of 1996 mandates using the EFT payment method for Government disbursements. EFT enables FSA to pay for goods and services electronically by direct deposit of the payment. FAR and Treasury regulations at 31 CFR Part 208 allow for the following exceptions to the EFT requirement:

- Federal vendors
- employees
- nonemployee travelers
- foreign vendors not operating on U.S. soil
- individuals that do not have an account at a financial institution
- operational hardship.

Note: This applies if the vendor's regular business process will be severely hindered by receiving payment through EFT.

162 FFIS (Continued)**C VID Number**

All vendors must have a VID number assigned before processing FFIS obligations and disbursements. The VID number is a:

- unique number used to identify vendors, organizations, and persons to whom USDA makes payments or from whom USDA collects receivables
- combination of the vendor's TIN, SSN, or EIN plus a 2-position character for identifying multiple addresses for those vendors operating under a single TIN, but at multiple locations.

State Office employees will access the VEND FFIS vendor table using the vendor's TIN/SSN/EIN to determine whether the vendor has been established.

If the vendor is not in the FFIS vendor table, complete FSA-2173 and enter requests through FFIS using the PVND screen. Refer any issues or concerns with VID numbers to Kelly Mayer, Financial Accounting Division, Administrative Operations Branch by:

- telephone at 816-926-6246
- FAX at 816-926-5466
- e-mail at **Kelly.mayer@kcc.usda.gov**.

163 Allocating PLCE Funds**A National Office Allocation of PLCE Funds to States**

The National Office allocates PLCE funds to each State or group of States that has FLC. The most recent allocations and balances are available in FFIS on the Allocation (ALOC) Screen.

The National Office divides each State allocation into 3 accounts. Each account has its own purpose and designated loan cohort.

- ACIF Program Account (nonrecoverable). This “A” account is used to pay PLCE’s that are not chargeable to a borrower or inventory property account.
- ACIF Direct Loan Financing Account (recoverable). This “R” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the loan was obligated in FY 1992 or subsequent years.
- ACIF Liquidating Account (recoverable). This “L” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the loan was obligated before FY 1992.

Note: Always use the original loan obligation date on rescheduled or reamortized loans when determining the proper recoverable (“R” or “L”) account to be charged.

FSA assigns recoverable PLCE’s to specific loans. When a specific recoverable PLCE applies to more than 1 loan, the oldest outstanding loan, which is the one with the earliest obligation date, of the same type will determine which recoverable account (“L” or “R”) will be charged.

A State Office cannot shift funds among the “A”, “R”, and “L” accounts. Each State Office must keep these fund purposes and amounts in mind when planning the timing of obligations and disbursements.

Because of anticipated demand for “A” account funds, State Offices should spend “A” account funds only for services that cannot be performed internally by FSA.

163 Allocating PLCE Funds (Continued)**A National Office Allocation of PLCE Funds to States (Continued)**

If additional funds are required, SED must submit a written request to the Director, LMD by FAX at 202-690-1117 or mail to:

DIRECTOR
USDA FSA DAFLP LMD
STOP 0522
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0522

The National Office does not allocate funds from the Guaranteed Account (recoverable) to State Offices. Requests for funds to pay PLCE's chargeable to a guaranteed loan or property account obligated in FY 1992 and subsequent years must be submitted to LMD.

B State Office Allocation of PLCE's

Each State Office must certify PLCE fund availability through the State Office PLCE Monitor and process payments electronically using FFIS with a digital signature.

The PLCE Monitor is responsible for monitoring obligations and disbursements of PLCE-allocated monies by account to avoid violating the Anti-Deficiency Act. Specifically, the State Office FLP staff is:

- responsible for determining and documenting how these monies will best be used to meet program goals and objectives
- accountable for the proper use of these monies.

SED must issue a State supplement that:

- covers the proper handling of requests for appraisals, advertising, title opinions, and legal services
- distributes the amounts by program and account, if the State Office suballocates these funds
- identifies its method of certifying fund availability
- identifies the PLCE Monitor responsible for certifying fund availability.

164 Program Authority Codes**A Purpose**

To obligate and control funds, track expenses, and determine program authority, each type of expense must be identified by a unique 4-alphanumeric-character PAC.

PAC's are used to determine:

- if a particular expense can be authorized
- who can authorize it
- whether it must be obtained through contractual or noncontractual means
- whether the expense is recoverable or nonrecoverable.

B PAC's First Character

The first character will always be "F" for FLP.

C PAC's Second Character

The second character identifies the program activity phase as follows.

Code	Program Activity
1	Loan Processing - All costs associated with applying for a loan. Costs in this category include loan application reviews, appraisals of potential collateral, credit history checks (credit bureau reports), etc. This code is appropriate to use until a loan is actually closed.
2	Loan Servicing - All costs associated with normal servicing of a loan. Costs in this category include protective advances, year-end analysis, taxes, etc. This code cannot be used for custodial property or when the acquisition/liquidation process has begun, that is, after the date of acceleration.

164 Program Authority Codes (Continued)**C PAC's Second Character (Continued)**

Code	Program Activity
3	Custodial Property Management - All costs associated with managing and maintaining property when FSA has custodial responsibility. Costs in this category include utilities, mowing, changing of locks, etc. Custodial responsibility begins when a borrower has abandoned collateral property and FSA is maintaining it to protect the Government's security interest.
4	Property Acquisition/Liquidation - All costs associated with voluntary or involuntary acquisition/liquidation of security property. Costs in this category include appraisals, foreclosure expenses, etc. This code would be applicable when FSA has accelerated the loan or loans and should be used until the date of foreclosure or date title is transferred to FSA (acquired) or the property is sold to a third party.
5	Inventory Property Management - All costs associated with managing acquired/inventory property. Costs in this category include sales commissions, appraisals, repairs, improvements, taxes, mowing, and utilities.

D PAC's Third and Fourth Characters

The third and fourth characters identify the general purpose and detailed description and are obtained from Exhibit 26.

165 Using PLCE for Contractual Purchases or Services**A Obtaining Contractual Services**

FSA uses FAR (48 CFR Part 1), Agriculture Acquisition Regulation (48 CFR Parts 401-453), USDA DR's and notices, and FSA notices to manage acquisitions.

All contractual documents must have the signature of a warranted Contracting Officer. As specified by FAR 1.602-1(b), only the Contracting Officer has the authority to enter into an agreement with a vendor for contractual supplies or services. All documents signed by the Contracting Officer must be within the limits of the Contracting Officer's authority.

Approved contractual documents will be processed in FFIS by an employee with delegated authority and the required security login and passwords.

See 27-AS for guidance on providing contractual services.

Note: See paragraphs 163 and 164 for FLP responsibilities for PLCE monitoring and budget approval.

166 Using PLCE for Noncontractual Cost Items

A Obligating Funds for Noncontractuals

Obligate funds for noncontractual cost items according to the following.

Step	Action
1	<p>County Offices shall:</p> <ul style="list-style-type: none"> • maintain a copy of all FSA-2126's in chronological order using the initial obligation (MY) document number <p>Note: Certification of Services Received (TY) documents should be filed with the associated MY document.</p> <ul style="list-style-type: none"> • FAX a request for funding approval to the State Office FLP, Attn: PLCE Liaison. The request must include the following: <ul style="list-style-type: none"> • completed FSA-2126 signed by the authorized agency official • the ADPS Online Borrower History (OH) Inquiry (1st page) or AP Status Screens may be attached for verification of the "L" or "R" account.
2	<p>State Offices shall:</p> <ul style="list-style-type: none"> • check Exhibit 26 for proper PAC and authority to complete the request • check the BOPR table in FFIS to verify PLCE account "L" or "R" • review and approve using funds by signing and dating FSA-2126 • establish new vendors with a VID number • use electronic payment whenever possible • enter the information into FFIS for obligation (MY) • enter the MY document number on FSA-2126 and return a copy to the initiating office.

For many noncontractual expenses the cost item will be submitted for obligation and payment at the same time. In these instances, submit one FSA-2126 with both the obligation and certification of services parts completed. Submit the invoice with FSA-2126 and check (✓) the box at the top of FSA-2126 to indicate that the invoice is attached.

166 Using PLCE for Noncontractual Cost Items (Continued)**B Making Payments for Noncontractuals**

Make payments for noncontractual cost items according to the following.

Note: No action is required if the invoice and supporting documentation were submitted with the initial obligation and FSA-2126, item 12A was checked.

Step	Action
1	<p>The County Office shall:</p> <ul style="list-style-type: none"> • receive or obtain an invoice from the vendor or prepare FSA-2171 with supporting documentation, if not available • check (✓) FSA-2126, item 12A and complete item 12B on the copy of the initial approved FSA-2126 which was received back from the State Office • FAX the completed invoice or supporting documentation with the copy of FSA-2126, to the State Office, to certify services received and request a payment through FFIS • file a copy of all FSA-2126 requests in the operational file and all pertinent documents in the case file.
2	<p>The State Office shall:</p> <ul style="list-style-type: none"> • verify the information on the invoice • enter the information into FFIS for payment (TY) • maintain logs and file all pertinent documents as necessary.

For multiple payments on a single obligation, submit a separate FSA-2126 to certify services received and indicate that the request is for a partial payment. Include the obligation MY document number when requesting each payment.

167 Modification or Cancellation of Obligation**A Modifying or Canceling an Obligation**

Contractual or noncontractual modifications or cancellations of the financial obligations that have not been fully liquidated in FFIS will be initiated on a new FSA-2126. On FSA-2126, check (✓) “No” in item 4A and complete items 11A, 11B, and Part D. FAX FSA-2126 to the State Office for processing. See FFIS-PLCE Field Office Users Guide, Sections 3.4 and 3.5 for additional guidance.

If the funds have been disbursed with a TY transaction, a “Post Payment Modification” must be processed by PARLC, LAO. These will include changes to borrower information, PAC codes, and PLCE account. The “Post Payment Modification” will be initiated on FSA-2126. The State Office must FAX FSA-2126 and a copy of the PVHT and PVLТ Screens to FFIS Team at 314-539-6960 for transaction processing.

Note: Contracting Officers should be informed of any modification or cancellations of financial obligations to contractual requests.

168 Stopping Payments, Substituting or Replacing Checks, Canceling Checks, and Requesting Emergency Payments**A Stopping Payments for Funds Not Issued**

If the TY document has:

- not been processed delete the miscellaneous order (MY) document
- been processed, contact the FFIS Team by FAX at 314-539-6960 at least 3 workdays in advance of the scheduled date and provide the MY and TY document numbers and the reason for stopping the payment.

Note: PARLC, LAO cannot stop a check from being issued if the scheduled date is within 3 workdays of the current date. The scheduled date is found in the “Schd Date” field of the FFIS PVHT Screen.

B Inquiring on Mishandled/Lost Disbursement

Before inquiring on a mishandled disbursement, the authorized agency official should determine whether the funds were sent to the vendor’s appropriate “Remit To” address if paid by paper check, or the vendor’s current bank account if paid by EFT. The authorized agency official may do this by reviewing the appropriate vendor record in the FFIS vendor table.

If all information is correct on the vendor’s record and the current date is 10 business days after the “Closed Date” field displayed on the FFIS PVHT Screen, the authorized agency official shall FAX an inquiry request that contains the following information to the FFIS Team at 314-539-6960:

- TY document identification number
- schedule number
- check or EFT number
- check or EFT date
- VID number.

The FFIS team will initiate an inquiry to NFC about the disbursement and will notify the State Office after receiving a response on the inquiry.

Note: If the vendor’s financial institution has returned an EFT disbursement to Treasury or the physical Treasury check has been returned to FSA, a replacement disbursement cannot be issued until funds are restored to the original obligation.

168 Stopping Payments, Substituting or Replacing Checks, Canceling Checks, and Requesting Emergency Payments (Continued)**C Canceling Checks and EFT Payments**

The Field User's Guide provides instructions on canceling checks.

From the Treasury, the funds will be electronically returned to NFC and applied back to the original obligation (MY) document. If the funds should be returned to the State allocation, the obligation (MY) document must be canceled in FFIS.

When canceling an EFT payment, the vendor must contact their bank and ask the bank to return the electronic funds back to the Treasury.

Note: FAX FSA-2072 and PVHT and PVLTL screen prints that correspond with EFT being cancelled to the FFIS Team at 314-539-6960.

D Requesting Emergency Payments (For Noncontractual Cost Items Only)

The authorized agency official must use the following procedure to obtain an emergency payment.

- The funds **must** be obligated in FFIS by the State Office before requesting an emergency payment.

Note: An emergency payment will **not** be issued if the funds are not obligated in FFIS by the State Office.

- PARLC, LAO must receive a copy of the OBLH/OBLL screens, invoice, and FSA-2126 for noncontractuals, before making emergency payments.

168 Stopping Payments, Substituting or Replacing Checks, Canceling Checks, and Requesting Emergency Payments (Continued)**D Requesting Emergency Payments (Continued)**

- The authorized agency official should express mail or FAX the OBLH/OBLL screens, invoice, and FSA-2126 to the applicable LOD contact according to the following.

State Code	Contact	Address	Telephone	FAX
States "01" through "32"	Loan and Grant Servicing Branch I	Farm Service Agency Loan Operations Division Mail Code 532 PO Box 200003 St. Louis MO 63120	<ul style="list-style-type: none"> • 314-539-3114 • 314-539-3967 	314-539-3111
States "33" through "64"	Loan and Grant Servicing Branch II	Farm Service Agency Loan Operations Division Mail Code 533 PO Box 200003 St. Louis MO 63120	<ul style="list-style-type: none"> • 314-539-6321 • 314-539-6647 	314-539-6447

- After sending the documents, the authorized agency official should call the appropriate LOD branch to confirm receipt.
- The authorized agency official also must send a completed FSA-2172.
- To authorize the emergency payment, SED or designee must sign FSA-2172.
- The Department of Treasury shall transfer the funds approximately 2 workdays after receiving the request. FSA may request same-day electronic disbursements.
- If EFT is not available, FSC, FLOO shall ensure that a Treasury check is issued within 2 workdays after receiving the request.

169-200 (Reserved)

Part 8 Supervised Credit**Section 1 Introduction****201 Overview****A Applicability**

[7 CFR 761.101] This subpart applies to all direct FLP applicants and borrowers, except borrowers with only Non-program loans.

FSA's direct loan programs assist family farmers with temporary financial supervisory assistance to improve their potential to graduate to securing credit from commercial lenders. To ensure that this program objective is met, FLP direct loan programs:

- have in place:
 - term limits (see 3-FLP)
 - graduation requirements (see 4-FLP)
 - market placement to assist eligible borrowers to obtain guaranteed loans (see 2-FLP)
- require:
 - borrower training to ensure that guaranteed loans or commercial credit can be obtained in the future (see 3-FLP, Part 13)
 - FSA and the loan applicant or borrower to complete farm assessments and assessment updates as needed (see Section 2)
 - the loan applicant or borrower to prepare a farm operating plan, with FSA assistance as needed (see Section 3)
 - FSA to classify accounts (see Section 4)
 - FSA, with borrower input, to complete a year-end analysis as required (see Section 5).

201 Overview (Continued)**B FSA's Role**

FSA's role is to help its direct loan applicants and borrowers in the supervised credit process:

- identify short-, intermediate-, and long-term goals consistent with financial success
- pinpoint and prioritize problem areas
- develop strategies and an operating plan to:
 - meet operational goals
 - graduate to commercial credit
- provide objective credit counseling
- evaluate progress and adjust the action plan as needed.

C Applicant/Borrower's Role

The applicant or borrower has the ultimate responsibility for success of the farming operation. FSA serves in an advisory role, providing temporary assistance. Therefore, it is especially important for the applicant or borrower to prepare to graduate to guaranteed or commercial credit by:

- identifying the goals for the operation
- pinpointing and prioritizing problem areas
- developing strategies and a farm operating plan to meet the operation's goals
- evaluating progress and adjusting operating plan as needed
- complying with the borrower responsibilities according to paragraph 202.

202 Borrower Responsibilities**A Recordkeeping and Reporting**

[7 CFR 761.102(a)] A borrower must maintain accurate records sufficient to make informed management decisions and to allow the Agency to render loan making and servicing decisions in accordance with Agency regulations. These records must include the following:

- (1) Production (e.g., total and per unit for livestock and crops);**
- (2) Revenues, by source;**
- (3) Other sources of funds, including borrowed funds;**
- (4) Operating expenses;**
- (5) Interest;**
- (6) Family living expenses;**
- (7) Profit and loss;**
- (8) Tax-related information;**
- (9) Capital expenses;**
- (10) Outstanding debt; and**
- (11) Debt repayment.**

FSA will not dictate or promote using any particular recordkeeping system, so long as the borrower uses 1 that provides the required information.

Using OL funds is authorized to purchase a computer and/or recordkeeping software and to attend recordkeeping courses.

202 Borrower Responsibilities (Continued)**B Other Borrower Responsibilities**

[7 CFR 761.102(b)] A borrower also must agree in writing to:

- (1) Cooperate with the Agency and comply with all supervisory agreements, farm assessments, farm operating plans, year-end analyses, and all other loan-related requirements and documents;**
- (2) Submit financial information and an updated farm operating plan when requested by the Agency;**
- (3) Immediately notify the Agency of any proposed or actual significant change in the farming operation, any significant changes in family income, expenses, or the development of problem situations, or any losses or proposed significant changes in security.**

Note: FSA-2313 addresses loan approval conditions and borrower responsibilities.

C Borrower Failure to Comply

[7 CFR 761.102(c)] If the borrower fails to comply with these requirements, unless due to reasons outside of the borrower's control, the non-compliance may adversely impact future requests for assistance.

203-220 (Reserved)

Section 2 Farm Assessment

221 Overview

A Objective

[7 CFR 761.103(a)] The Agency assesses each farming operation to determine the applicant's financial condition, organizational structure, management strengths and weaknesses, appropriate levels of Agency oversight, credit counseling needs, and training needs. The applicant will participate in developing the assessment.

An assessment:

- is an evaluation of the applicant's operation, developed jointly with the applicant
- is completed after an applicant, not currently indebted to FSA, has been determined eligible for a direct loan
- identifies weaknesses in the operation, prioritizes them from most to least critical, and determines their impact on the operation's needs and goals
- helps to identify operational goals, positive and negative trends in the applicant's management, earnings and capital positions, productivity, and physical assets
- builds a strategy in the areas of planning, counseling, loan controls, analysis, monitoring, borrower training, and other supervisory needs.

The assessment process enables FSA to determine the kind and amount of financial and supervisory assistance needed by the applicant. In conducting assessments, authorized agency officials need to draw upon their knowledge, expertise, and judgment to arrive at conclusions on local economic conditions, production constraints and capabilities, the farm's historical performance, productive capabilities, adequacy of equipment and facilities, business goals, and project performance.

Listening to the applicant's perceptions of the operation is critical to the assessment process. Therefore, whenever possible, all available resources shall be used when conducting an assessment, including:

- local farm management consultants
- the Extension Service
- educational institutions
- producer associations
- successful loan farmers
- fellow FSA employees.

222 Elements of an Initial Assessment**A Farm Organization and Key Personnel Qualifications**

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(1) Farm organization and key personnel qualifications.

To provide adequate supervision and training recommendations, the authorized agency official must know who is performing key tasks within the farming operation. The initial assessment must identify the key individuals involved in operating the farm, including any seasonal labor. It also must:

- discuss the specific duties of each person, noting who is responsible for management, labor, resource allocation, and decision making
- evaluate the use of managerial resources and determine whether management choices are contributing to or hampering success in the operation
- determine if the time and effort spent on an enterprise or particular commodity is commensurate with the gains realized.

222 Elements of an Initial Assessment (Continued)

B Type of Farming Operation**[7 CFR 761.103(b)(2)] Type of farming operation.**

The initial assessment must identify or describe the type of farming operation, including:

- the business focus of the operation, including major types of crops, livestock, or other output produced by the farm
- minor commodities being produced, such as fat steers from a dairy operation
- size of the operation (such as, number of milking herd and herd average, number of acres being farmed, and projected yields)
- market conditions, environmental concerns, and other external factors
- production contracts, capital leases, or other special contractual arrangements that affect the farming operation
- the effects of special circumstances, if any, related to the applicant's family and organization.

Production Levels. Evaluation of production levels, such as bushels per acre, percent calf crop, pounds of milk per animal, and pounds of grain, shall include a determination of:

- whether there is sufficient capacity to generate projected income
- if present levels of production will attain the goals set by the applicant.

If production is below area standards, the authorized agency official must discuss with the applicant why this is so and develop plans to improve production. Possible strategies for improvement may include feed analysis, soil testing, or investment in different equipment. If applicable, credit needs for additional investments should be discussed.

222 Elements of an Initial Assessment (Continued)**B Type of Farming Operation (Continued)**

Applicability and Appropriateness of Practices. The initial assessment must:

- evaluate existing farm practices, such as herd health and cropping practices, breeding and milking programs, and soil and feed testing
- determine applicability and appropriateness of practices based on what is typical for the area, cost effectiveness of the practice, type of operation, and demonstrated effectiveness.

If the authorized agency official does not know enough about a particular enterprise to make this evaluation, the authorized agency official must consult other resources, such as the Extension Service.

Timeliness of Operations. The initial assessment must evaluate the timeliness of the farm's operations. For example, the authorized agency official shall determine if each of the following operations, as applicable, is conducted in a timely manner and how this affects the performance of the operation:

- planting
- fertilizer and herbicide application
- harvesting
- calving
- marketing (weight and/or condition)
- breeding
- vaccination.

Appropriateness of Marketing Plan. The authorized agency official must assist the borrower in developing and evaluating a marketing plan. This plan must describe marketing practices and strategies, especially for any unique commodities the operation produces. The plan shall address whether marketing is accomplished so as to lock in a profit when possible or whether it is done speculatively. Often, the accruing interest on operating loans will surpass a price increase obtained by holding back on the sale of commodities.

222 Elements of an Initial Assessment (Continued)

C Goals for the Farming Operation

The initial assessment must evaluate the:

[7 CFR 761.103(b)(3)] Goals for the farming operation.

Setting goals is essential for the success of any farming operation. The applicant's goals provide the direction for the applicant's business. FSA uses the applicant's goals to help identify the need for financial and supervisory assistance. The authorized agency official must learn the personal and business aspirations of the farm family and work with the applicant to prioritize goals from most to least important. In many situations, the authorized agency official must have in-depth discussions with the applicant to identify these business aspirations.

The authorized agency official shall work with the applicant to incorporate short-, intermediate-, and long-term goals into the comprehensive farm business planning process. For example, the farm operating plan, supervisory plan, and training plan must facilitate achieving these goals. A farm operation might set goals for reducing expenses or for increasing yields and production level. Corrective measures and goals should be divided into stages for implementation over several years, when appropriate.

If the farm operation is an entity, the authorized agency official must meet with all the principals to ensure that the organization's goals are compatible with those of each principal.

The authorized agency official must also:

- identify and evaluate any changes the applicant intends to make, such as expansion of farmland, new buildings, and new management techniques
- identify increased credit needs, increased management skills, growth opportunities, and operating efficiency required to accomplish the planned changes
- determine how planned changes relate to the applicant's business goals.

222 Elements of an Initial Assessment (Continued)**D Adequacy of Real Estate, Including Facilities, to Conduct the Operation**

The initial assessment must evaluate the:

[7 CFR 761.103(b)(4)] Adequacy of real estate, including facilities, to conduct the operation.

In evaluating the adequacy and appropriateness of real estate used in the applicant's operations, the authorized agency official must consider the following:

- location and size, including efficiency of location to markets and farm supply dealers
- improvements and repairs needed for improved efficiency
- presence of hazardous waste and underground storage tanks, the adverse effects of their presence, and possible solutions
- conservation practices and measures and implementation of conservation plans for program compliance
- probability of continued use
- external factors such as urban encroachment and new zoning ordinances
- ownership and leasing agreements, especially leasing arrangements relating to both land and chattel.

222 Elements of an Initial Assessment (Continued)

E Adequacy of Chattel Property Used to Conduct the Operation**[7 CFR 761.103(b)(5)] Adequacy of chattel property used to conduct the operation.**

The initial assessment must evaluate the adequacy of the chattel property, such as equipment and livestock used in the operation, relative to the applicant's goals and the planned level of production. As appropriate, the initial assessment should include comments on ownership, condition, probability for continued use, and any external factors, such as:

- operation life of chattel property relative to loan period
- necessary repairs
- improvements in operating efficiency with use of hired, leased, or owned equipment
- numbers, condition, breed suitability, and age of livestock.

F Historical Performance

The initial assessment must evaluate the:

[7 CFR 761.103(b)(6)] Historical performance;

The authorized agency official must consider and analyze significant aspects of the operation's historical production and financial performance, trends, and current condition.

Production Data. The initial assessment must include and evaluate at least the last 3 years of production data for the farm, where possible, when possible. The applicant has the discretion to provide up to the last 5 years of production records. The evaluation must consider current production levels (e.g., bushels per acre, percent calf crop, pounds of milk per animal, and pounds of grain). It also must consider whether the farm has a capacity sufficient to generate projected production and to attain the applicant's goals. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of production data for the existing operation.

Financial Data. The initial assessment must include and evaluate at least the last 3 years of financial data for the farm or applicant. The applicant has the discretion to provide up to the last 5 years of financial records. Financial data can be gathered from tax returns, farmer records, the applicant's bank (with the permission of the applicant), or FSA records. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of financial data for the existing operation, if available, along with the applicant's own living expenses.

222 Elements of an Initial Assessment (Continued)**F Historical Performance (Continued)**

Trend analysis must use comparable data for each year. For example, a trends analysis using balance sheets can be done properly only when the balance sheets from different years are “as of” roughly the same dates. Even though the balance sheets may not be submitted on, for example, December 31, 2XXX, the balance sheet may still be prepared “as of” that date.

The initial assessment must evaluate the current management and use of financial resources (income and credit), and how they contribute to or detract from the operation. The assessment shall determine how well financial resources are used in meeting customer goals and whether the applicant stays within the budget, considering the following:

- appropriateness of income sources
- adequacy of dedicated resources
- appropriateness of credit use
- productivity levels as related to profitability
- effectiveness of income use
- existence of other income opportunities.

Numerous indicators based on actual performance must be considered red flags when analyzing an operation. For example:

- increasing expense-to-income ratio for several years and a large debt load without considerable nonfarm income, especially if the borrowers have not suffered from natural disasters
- increasing current liabilities from year to year without corresponding increases in current assets, especially if the borrowers have not suffered from natural disasters
- increasing trend in debt-to-asset ratio, while considering fluctuations in land values, the economy, and price levels
- declining working capital position
- declining repayment margins.

222 Elements of an Initial Assessment (Continued)

F Historical Performance (Continued)

The following illustrates how some financial indicators can alert the authorized agency official to potential problems or immediate concerns about the farming operation. For instance, an expense-to-income ratio that stays at 70 percent or higher for several years could indicate a potential problem. The same ratio at 80 percent or more coupled with minimal off-farm income is a cause for immediate concern.

Financial Indicator	Potential Problem	Immediate Concern
Expense-to-income ratio (without interest)	70 percent or more for several years	More than 80 percent with minimal off-farm income
Increased accounts payable	Sudden increase in accounts payable	Accounts payable extended over 2 months without cash-generating assets/receivable accounts
Liquidity	Ratio less than 1.5 to 1	Ratio less than 1 to 1
Solvency	Ratio of 60 percent or more	Ratio of 75 percent or more
Family living expenses	Unsubstantiated estimates below \$20,000 for an average family	Unsubstantiated estimates below \$10,000 for an average family

G Farm Operating Plan**[7 CFR 761.103(b)(7)] Farm operating plan.**

The initial assessment must include a balance sheet and provide a projected farm budget (1-year pro forma). The automated FBP system is the primary tool used in budget planning, but other systems acceptable to FSA may also be used.

A breakdown of per-acre expenses by commodity item is ideal when developing a plan of action regarding operating expenses. Examining per-unit costs assists in identifying whether expenses are being applied properly toward those income-generating areas. A per-unit cost breakdown also is useful with livestock production.

222 Elements of an Initial Assessment (Continued)**H Loan Evaluation****[7 CFR 761.103(b)(8)] Loan evaluation.**

The authorized agency official must evaluate and discuss whether the proposed loan is reasonable based on:

- the applicant's goals and the operation's objectives
- projected cash flow (as analyzed in the farm operating plan software or an acceptable alternative)
- loan security
- other loan risk factors.

The loan evaluation is similar to the loan narrative, which is discussed in 3-FLP, paragraph 261. The loan evaluation and loan narrative must be consistent.

I Supervisory Plan**[7 CFR 761.103(b)(9)] Supervisory plan.**

The authorized agency official must tailor the supervisory plan to the applicant's individual needs and risks associated with the operation. An applicant's involvement and understanding of FSA's supervisory responsibilities in providing supervised credit are essential to successful supervision. The authorized agency official must work with the applicant to develop practical plans and realistic timetables for realizing improvements in critical areas. The supervisory plan shall:

- identify and recommend areas of training which will help the borrower address operational weaknesses, according to 3-FLP, paragraph 402
- schedule the farm visit, record review, and operational analysis and post the schedule to MAC.

J Training Plan**[7 CFR 761.103(b)(10)] Training plan.**

The authorized agency official must describe FSA's initial recommendations for borrower training. The recommendations must assist the borrower in addressing operational weaknesses. Borrower training is discussed further in 3-FLP, Part 13.

223 Annual Review and Assessment Update**A Objective of Annual Review**

[7 CFR 761.103(d)] The Agency reviews the assessment to determine a borrower's progress at least annually. A review will be in the form of an office visit, field visit, letter, phone conversation, or year-end analysis, as determined by the Agency.

The annual review:

- monitors the borrower's progress towards the operation's goals
- evaluates supervisory assistance provided to assist borrower graduation to commercial credit.

B Scope of Annual Review

The annual review must address any significant changes to the borrower's farming operation, expenses, or financial condition that have occurred since the most recent assessment update or annual review. The authorized agency official shall pay particular attention to the following:

- changes in operations or goals
- status of progress toward goals
- need for changes in plan of supervision
- need for additional borrower training.

C Assessment Updates

[7 CFR 761.103(c)] An assessment update must be prepared for each subsequent loan. The update must include a farm operating plan, a loan evaluation, and any other items discussed in paragraph (b) of this section (subparagraphs 222 B through F and I through J) that have significantly changed since the initial assessment.

This assessment update serves as a gauge for measuring the borrower's progress and the effectiveness of FSA assistance.

223 Annual Review and Assessment Update (Continued)

D Documentation

If significant changes have occurred, the authorized agency official must document the nature of each change and the reason for the change.

The documentation must address only new or changed information. Documentation in the borrower's case file must be adequate to record the type of supervision given, the findings of the review, and any items requiring follow-up.

224-240 (Reserved)

Section 3 Farm Operating Plan

241 Overview

A Objective

The primary objective of the farm planning process is to develop a plan that most accurately reflects the expected cash flow and business activities for the operating cycle. The farm operating plan documents the operation's:

- financial position
- cash flow
- repayment ability.

The applicant or borrower must use a farm business planning system. FSA primarily uses an automated system to evaluate loan feasibility and the likelihood of achieving financial viability. An applicant or borrower may use an alternative format for the farm operating plan if approved by FSA, as noted in subparagraph 242 B.

B Developing and Approving the Farm Operating Plan

[7 CFR 761.104(a)] An applicant or borrower must submit a farm operating plan to the Agency, upon request, for loan making or servicing purposes. (See paragraph 243 for more specifics on the timing of the plan.)

[7 CFR 761.104(b)] An applicant or borrower may request Agency assistance in developing the farm operating plan.

The authorized agency official will review the farm operating plan to ensure that it is reasonable, relative to historical performance and local practices and conditions. An original signed copy of the farm operating plan must be retained in the case file of the applicant or borrower.

[7 CFR 761.104(c)] The farm operating plan will be based on accurate and verifiable information.

(1) Historical information will be used as a guide.

(2) Positive and negative trends, mutually agreed upon changes and improvements, and current input prices will be taken into consideration when arriving at reasonable projections.

241 Overview (Continued)

B Developing and Approving the Farm Operating Plan (Continued)

(3) Projected yields will be calculated according to the following priorities;

(i) The applicant or borrower's own production records for the previous 3 years;

(ii) The per-acre actual production history of the crops produced by the farming operation used to determine Federal crop insurance payments, if available;

Note: This does not mean that averages will be the projection used in every plan. Positive and negative trends will be considered when projecting production levels. The primary focus should always be on developing a realistic projection. If production has been increasing each year for the past 3 years, use of the most recent year's *--production level, or a higher level consistent with the trend will, in most cases, be--* the most realistic projection.

Conversely, if the trend is negative, the average may overstate production, and the most recent year's level is probably the most realistic projection. However, a higher production level may be projected if the negative trend is the result of disaster conditions, or if actions have been taken which will definitively reverse the trend. Additionally, 3 years is the minimum years of records to be considered, if available. The applicant, at their discretion, can provide more than 3 years of records if these additional records provide a more realistic yield projection. The basis for the yield used should be adequately documented in FBP or running case record.

When the production of a growing commodity can be estimated, that estimate must be considered in production projections.

[7 CFR 761.104(c)(3)(iii)] FSA Farm Program actual yield records;

[7 CFR 761.104(c)(3)(iv)] County Averages

[7 CFR 761.104(c)(3)(v)] State averages.

241 Overview (Continued)

B Developing and Approving the Farm Operating Plan (Continued)

[7 CFR 761.104(c)(4)] If the applicant or borrower's production history has been substantially affected by a disaster declared by the President or designated by the Secretary of Agriculture, or the applicant or borrower has had a qualifying loss from such disaster but the farming operation was not located in a declared or designated disaster area, the applicant or borrower may:

- (i) Use county average yields, or state average yields if county average yields are not available, in place of the disaster year yields; or**
- (ii) Exclude the production year with the lowest actual or county average yield if their yields are affected by disasters during at least 2 of the 3 years.**

Note: States will issue a supplement containing the 5-year history of disaster declarations for all counties in their State along with the type of disaster and the incidence period.

241 Overview (Continued)

B Developing and approving the Farm Operating Plan (Continued)

[7 CFR 761.104(d)] Unit prices for agricultural commodities established by the Agency will generally be used. Applicants and borrowers that provide evidence that they will receive a premium price for a commodity may use a price above the price established by the agency.

States will issue a supplement listing the unit prices for all commodities commercially produced in their State.

Once established these prices will be used in all farm operating plans developed, unless the applicant or borrower provides evidence that they will receive a premium price or a price other than that established by the State. Evidence of this may include, but is not limited to contracts or other written agreements that guarantee the price for the commodity being produced.

If the producer has historically received a premium price because of above average quality or grade of the product produced, the premium will be taken into account when determining the expected price received for that product.

[7 CFR 761.104(e)] Except as provided in paragraph (f) of this section, the applicant or borrower must sign the final farm operating plan prior to approval of any loan or servicing action.

[7 CFR 761.104(f)] If the Agency believes the applicant or borrower's farm operating plan is inaccurate, or the information upon which it is based cannot be verified, the Agency will discuss and try to resolve the concerns with the applicant or borrower. If an agreement cannot be reached, the Agency will make loan approval and servicing determinations based on the Agency's revised farm operating plan.

If a loanmaking/loan servicing decision is based on a revised business plan the applicant does not agree with, the authorized agency official will place the plan in which the applicant does not agree in the case file along with the plan submitted by the applicant. The authorized agency official will document in the case file the differences in the plans and the fact that the loanmaking/loan servicing decision was based on a revised business plan which the applicant does not agree with. In FBP, the plans should be named such that it is clear which plan is the applicant's plan and which plan is the plan developed by FSA. If FSA's decision is adverse to the applicant, the authorized agency official will provide the applicant with appeal rights according to 1-APP.

242 Farm Operating Plan Format**A Approved Format**

FBP will be used to perform financial planning, analysis, loan origination and servicing functions, and to manage the FLP portfolio. See Exhibit 15 for instructions on how to use FBP.

B Alternative Formats

Borrowers may use other automated or manual farm business plans if they are approved by FSA. The authorized agency official may approve the use of other systems and formats for the farm operating plan if these formats contain the same information as required by the FBP and the following statement is signed by the applicant or borrower.

I agree to follow this plan and to discuss with the Authorized Agency Official any important changes that may become necessary. This is a projected plan and does not release the security interest of the government in any security referred to in this plan. I recognize that making any false statement on this plan or any other loan document may constitute a violation of federal criminal law.

243 Timing of the Farm Operating Plan**A Period Covered**

The period of time covered by a farm operating plan should reflect the norm for the type of commodity or agricultural enterprise being farmed in a particular area, considering climate conditions and other factors vital to the successful production of the commodity or agricultural enterprise. If there are any changes to the producer's operation during the cycle of the plan, the changes will be noted on the plan. The revised operating plan will be signed and dated by the producer and the authorized agency official and will be documented in the running case record. In most cases the period covered by the plan should not exceed 18 months unless special circumstances dictate a longer planning period.

244 Revisions to the Farm Operating Plan**A Revising Plans**

The authorized agency official and/or the borrower must revise the farm operating plan when changes occur in the farming operation or in the planned or actual use of loan funds. Any revisions made to the plan must be circled, dated, and initialed by the borrower and the authorized agency official. If major revisions cannot be accommodated in the original farm operating plan, a new plan must be completed and attached to the original. This new plan must be labeled, "Revision I, II, III," etc. to reflect the latest revision under consideration.

B FSA Responsibility for Revisions

It is the authorized agency official's responsibility to meet with the applicant or borrower to discuss, date, and sign the revised farm operating plan. The revised plan must be placed in the applicant's or borrower's file and follow-up actions posted to DLS/MAC. Then, the authorized agency official will provide a copy of the revised farm operating plan to the applicant or borrower.

245 Considering New Enterprises When Developing the Farm Operating Plan**A Reviewing and Evaluating the Farm Operating Plan**

When reviewing a farm operating plan that includes a new enterprise, the authorized agency official shall not assume that historical cost structures and rates of return for existing enterprises apply to the proposed new enterprise. According to subparagraph 241 B, positive and negative trends, mutually agreed upon changes and improvements, and current input prices will be considered. Since new enterprises are **not** a part of the applicant's history, reliable sources, such as enterprise budgets from Extension Service and Land Grant Universities, are acceptable documentation to support the farm operating plan. These plans must use acceptable State or county average production levels. However, local conditions (soil productivity, climate, etc.) that will affect the enterprise and current realistic income and expense information shall also be considered when State or county averages are used.

B Farm Assessments

A farm assessment, as required in Section 2, is critical when an applicant or borrower adds a new enterprise. The farm assessment shall be completed jointly with the applicant as required before any decision is made on a farm operating plan that includes a new enterprise.

C Technical Assistance

Applicants shall be provided technical assistance or encouraged to obtain it. Sources of technical assistance include Extension Service, Land Grant Universities, State Programs, USDA 2501 grant recipient organizations and institutions, and private consultants. Program loan cost contracting funds are available and may be used to procure technical assistance for applicants planning new enterprises if public sector institutions (Extension Service, State Government, Land Grant Universities, etc.) cannot provide the assistance necessary.

245 Considering New Enterprises When Developing the Farm Operating Plan (Continued)**D Farm Operating Plans Used in Loanmaking and Loan Servicing Approval/Denial Decisions**

A farm operating plan which includes a new enterprise used for loanmaking and loan servicing approval or denial decisions will be based on accurate, verifiable, reliable, and realistic information. A farm operating plan for existing farm operations or enterprises without changes will be based on a typical year's plan of operation. When the farm operating plan does not reflect a positive cash flow, the authorized agency official shall meet with the applicant and discuss both the farm operating plan and the reason for the denial in detail before sending written notification of the adverse decision.

Note: Farm operating plans will continue to be documented and revised according to the guidance and instructions in subparagraph 214 B.

246 Considering Program Payments When Developing the Farm Operating Plan**A Developing the Farm Operating Plan**

The agency loan official:

- shall:
 - determine whether the applicant has applied for and may be eligible to receive any type of program payment assistance
 - contact the CED to determine the type and amount of program payment assistance the applicant has received or can expect to receive during the planning period of the farm operating plan
 - include typical program payments and subsidies that are included in the President's annual appropriations budget in the cash flow projection of the farm operating plan
- shall not include any:
 - disaster related payments in the cash flow projections of long range and/or typical year farm operating plans, as disasters and any related type of payment assistance are ad-hoc and are not considered typical for a farming operation
 - one-time payment assistance appropriated as a result of special legislation by Congress and the President in the cash flow projections of long range and/or typical year farm operating plans, as one-time payment assistance is not considered typical for a farming operation.

247-250 (Reserved)

Section 4 Borrower Account Classification

251 Overview

A CONACT Requirements

CONACT requires FSA to classify borrower accounts and to review annually for graduation each direct loan borrower classified as “commercial” or “standard.” FSA uses the borrower account classification system to identify borrowers with the best potential to obtain commercial credit. See 4-FLP, Part 4 for graduation. Classification also identifies borrowers in need of special loan servicing and helps the National Office evaluate the quality of FSA’s direct loan portfolio.

Classifications are not disclosed to credit bureaus or other lenders. A borrower cannot appeal an account classification.

B Classification Categories

Accounts will be identified as 1 of the following.

Classification	Classification Category
1	Commercial
2	Standard
3	Acceptable
4	Marginal

251 Overview (Continued)**C When Classification is Required**

At the closing of a borrower's first direct loan, the authorized agency official must classify ~~the borrower's account as standard or acceptable. According to CONACT, a loan~~ classified as commercial or standard must be reviewed for graduation, even if the loan has just been closed.

Classification at the closing of a borrower's first loan is made at the discretion of the authorized agency official, without necessarily using the classification methodology described in the rest of this paragraph. This option to not use the classification methodology enables the authorized agency official to avoid classifying the loan as standard or commercial and thereby avoid the CONACT requirement that borrowers with such loans must be reviewed for graduation. Also, classifying an account as commercial at the closing of a first loan could falsely imply that the borrower has a significant probability of graduating to commercial credit, which is highly unlikely given that the borrower has taken a loan with FSA, rather than a commercial lender.

At the time of the first year-end analysis, which follows the closing of an initial direct loan, the authorized agency official must classify the account using the methodology described below. See Section 5 for year-end analysis.

Subsequently, the authorized agency official must classify the account every 2 years with updated data, using the methodology described below.

FSA does not necessarily classify a borrower account at the closing of a subsequent direct loan.

D Classification Reporting

FSC, FLOO sends Report Code (RC) 736, "Annual Review and Classification of Farm Loan Borrowers," to each County Office in January and July each year. This report identifies the classification category and date for the previous classifications for each borrower. The report has a space for the date of the next classification. When a classification is performed, the authorized agency official must file an ADPS Transaction #8N within 10 days.

252 Borrower Account Classification System**A Calculating Key Financial Indicators**

Borrower account classification uses data from the year-end analysis (see Section 5), balance sheet, and cash flow statements. If these data are not available, the authorized agency official will develop conservative estimates of the missing values.

The authorized agency official will use discretion to classify the accounts of the following types of borrowers as “2” (standard) or “3” (acceptable), without using the following classification methodology:

- farmers receiving their first direct loan, as noted above
- beginning farmers
- youth loan borrowers.

As discussed in subparagraph 251 C, classifying these accounts as commercial could falsely imply that these borrowers have a significant probability of graduating to commercial credit, which is highly unlikely.

For farmers not classified as standard or acceptable by the Authorized Agency Official, historical financial data from the most recent one-year period available must be used to calculate the security margin and key financial ratios used in the classification analysis.

B Calculating Security Margin

The authorized agency official will determine the value of FLP security for all direct FLP loans. The following steps are used to calculate security margin. First determine the security share, then use the resulting number to calculate security margin.

- $\text{Security share} = \text{value of the FLP security} - \text{value of any prior liens}.$

If this result is negative, the FLP security share is valued as zero.

- $\text{Security margin} = \text{security share} - \text{FLP direct loan debt (principal + interest)}.$

The security margin can be positive, zero, or negative.

252 Borrower Account Classification System

C Calculate Debt to Asset Ratio

The following equation is used to calculate debt to asset ratio.

- Debt to asset ratio = total debts/total assets.

This ratio must be based on the borrower's most recent historical balance sheet. All debts and assets, including direct and guaranteed FSA loans and non-FSA loans, are included in this calculation. The authorized agency official must assign points based on the ratio, as indicated in the following table, and use the points in determining account classification, as described in subparagraph G.

Debt to Asset Ratio	Points
40 or less	1
40.01 to 69	2
69.01 to 99	3
99.01 or greater	4

D Calculate Return on Assets Ratio

This ratio is based on net cash return. The authorized agency official must use the following equation to calculate net cash return and use the result in the equation for return on assets ratio.

- Net cash return = farm income – owner withdrawals.
- Return on assets ratio = net cash return / total property owned.

The authorized agency official will assign points based on the ratio, as indicated in the following table, and use the points in determining account classification, as described in subparagraph G.

Return on Assets Ratio	Points
7 or greater	1
3.6 to 6.99	2
0.01 to 3.59	3
0 or less	4

252 Borrower Account Classification System (Continued)**E Calculate the Current Ratio (Liquidity Ratio)**

The following equation is used to calculate the current ratio.

- Current ratio = current assets / current liabilities.

Current asset and liability values must be taken from the most recent balance sheet. Only easily liquidated assets are included as current assets. Items such as household goods, personal vehicles, life insurance, and non-liquid securities are not included as current assets.

The authorized agency official will assign points based on the ratio, as indicated in the following table, and use the points in determining account classification, as described in subparagraph G.

Current Ratio	Points
1.25 or greater	1
1.16 to 1.24	2
1.00 to 1.15	3
0.99 or less	4

F TDCLC Ratio (Repayment Capacity Ratio)

The TDCLC ratio is calculated using data from the most recent FBP based on historical figures. The authorized agency official will use the following equation to calculate the repayment capacity ratio.

- TDCLC ratio = $\frac{\text{Net farm income from operations} + \text{total miscellaneous revenue/expense} + \text{total non-farm income} + \text{depreciation/amortization expense} + \text{interest on term debt} + \text{interest on capital leases} - \text{total income tax expenses} - \text{owner withdrawals (total)}}{\text{annual scheduled principal and interest payments on term debt} + \text{annual scheduled principal and interest payments on capital leases}}$

The authorized agency official will assign points based on the ratio, as indicated in the following table, and use the points in determining account classification, as described in subparagraph G.

TDCLC	Points
1.15 or greater	1
1.08 to 1.14	2
1.00 to 1.07	3
0.01 to 0.99	4
-0.01 to 0	1
-0.02 or less	4

252 Borrower Account Classification System (Continued)

G Determining Account Classification Code

The total points for each of the 4 measures of financial performance and operation stability identified in subparagraphs C through F are added to obtain the total classification points.

- Total classification points = debt to asset ratio points + return on assets ratio points + current ratio points + repayment capacity (TDCLC) ratio points.

The authorized agency official will use the following to determine the borrower account classification based on the security margin and the sum of classification points. If the borrower's security margin is negative, the borrower account classification category will be 4 (marginal), regardless of the number of classification points.

Security Margin	Total Classification Points	Classification	Classification Category
Positive or zero	1 to 1.59	1	Commercial
Positive or zero	1.6 to 2.19	2	Standard
Positive or zero	2.2 to 2.79	3	Acceptable
Negative	2.8 to 4	4	Marginal

253-260 (Reserved)

Section 5 Year-End Analysis**261 Overview****A Introduction**

A year-end analysis provides an opportunity for the borrower and FSA to discuss and evaluate a borrower's financial and production performance, progress toward goals, effectiveness of operational management, and FSA supervision and oversight. It also provides an opportunity to modify the plan of supervision and to address other changes in the borrower's operations or situation.

The year-end analysis must coincide with the borrower's production and marketing cycle.

A year-end analysis may be used in place of an annual review.

The year-end analysis must be performed in as much detail as is presented in the farm operating plan.

B Overview

FSA and the borrower jointly prepare a year-end analysis. Year-end analysis has the following 4 steps.

- The authorized agency official will identify and evaluate any significant changes to the borrower's operation or situation.
- The borrower and the authorized agency official will obtain the borrower's actual production data and financial data for the completed year and compare the actual data to the projections made in the prior year's farm operating plan by calculating variances from the projections.
- The borrower and the authorized agency official will determine and document the reasons for variances.
- The borrower and the authorized agency official will analyze how the borrower's performance can be improved in the coming year and the borrower prepares an updated farm operating plan.

When completed, the authorized agency official must place a copy of each year-end analysis in the borrower's case file.

262 Preparing for the Year-End Analysis**A Schedule for the Year-End Analysis**

The authorized agency official will schedule the year-end analysis to occur as close as possible to the end of the production cycle. It must be within the 60-day period after the borrower's production cycle ends. Borrowers must be prioritized according to need, with the greatest need cases being addressed first.

B Before the Appointment

The authorized agency official must review existing assessments, running records, written correspondence, and FSA-2040. If this review raises issues or questions, the authorized agency official must record these items in the running record to use when meeting with the borrower.

The authorized agency official must send a copy of the farm operating plan to a borrower if the borrower uses FSA's system. This farm operating plan must be sent to the borrower before the end of the production cycle. The authorized agency official shall ask the borrower to have the actuals completed and to bring record books, tax information, and other verifying documents that may be needed to the meeting. Inventories, asset values, and debts must be calculated as of the COB cycle.

263 Minimum Requirements of the Analysis**A Operations Requiring the Year-End Analysis**

[7 CFR 761.105(a)] The Agency conducts a year-end analysis at its discretion or if the borrower:

- (1) Has received any direct loan, chattel subordination, or primary loan servicing action within the last year;**
- (2) Is financially distressed or delinquent;**
- (3) Has a loan deferred, excluding deferral of an installment under Subpart B of part 766; or**
- (4) Is receiving a limited resource interest rate on any loan.**

The decision to perform year-end analyses on other borrowers is at the discretion of the Authorized Agency Official. The authorized agency official shall use knowledge, experience, and judgment to identify high-risk operations requiring such additional supervisory attention. Supervisory judgments must be objective and apply sound credit and financial management principles.

Operations that may require a year-end analysis include those that are:

- undergoing major changes
- experiencing adverse production or financial conditions
- subject to volatile changes in the business climate.

B Timing

[7 CFR 761.105(b)] To the extent practicable, the year-end analysis will be completed within 60 days after the end of the business year or farm budget planning period and must include:

- (1) an analysis comparing actual income, expense, and production to projected income, expense, and production for the preceding production cycle; and**
- (2) an updated farm operating plan.**

263 Minimum Requirements of the Analysis (Continued)**C Identifying and Evaluating Significant Changes**

The year-end analysis must identify and evaluate any significant changes to the borrower's farming operation, expenses, or financial condition that have occurred since the most recent initial assessment, assessment update, or annual review. In most cases, however, significant changes will not have occurred or, if such changes have occurred, they will be limited to 1 or 2 aspects of the borrower's situation. The authorized agency official shall pay particular attention to the following:

- changes in operations or goals
- status of progress toward goals
- need for changes in the plan of supervision
- need for additional borrower training.

263 Minimum Requirements of the Analysis (Continued)**D Comparing Actual Performance to Projections and Calculating Variances**

The year-end analysis must present the borrower's actual production data and financial data for the completed year and compare the actual data to the projections made in the prior year farm operating plan. Based on this comparison, the analysis must calculate variances from the projections.

The authorized agency official will collect other pertinent information related to the farm's operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation. The authorized agency official must briefly explain the process, emphasizing the borrower's benefits rather than FSA requirements.

The evaluation of actual performance can be enhanced by:

- obtaining and reviewing the borrower's actuals using pertinent information about the farm operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation
- reviewing production by obtaining and/or calculating yields (production), price per unit, and the amounts in inventory (held for sale)

Note: Production numbers should roughly correspond with the new balance sheet and numbers sold

- evaluating debt service margin.

Note: If greater than 1.10 for a borrower on a limited resource interest rate, the interest rate may need to be increased according to 4-FLP, Part 3.

The authorized agency official must consider the following issues when comparing actual performance to projections and calculating variances.

- The authorized agency official must review planned versus actual expenses for family living, farm operating, and capital expenditures.
- The year-end analysis must discuss credit used for farm operating, capital, and family living expenses.
- Sometimes proceeds are recorded as net figures with commission, sales expenses, yardages, seed, and storage costs removed. Using gross proceeds with the associated costs captured under operating expenses is preferable.

263 Minimum Requirements of the Analysis (Continued)**D Comparing Actual Performance to Projections and Calculating Variances (Continued)**

- The analysis must calculate yields (production), price per unit, and amounts in inventory (held for sale). Numbers should roughly correspond with the new balance sheet and numbers sold.
- FSA-2040 must be reconciled with the farm operating plan (or other plan) and the security agreement. Differences from projections and the need to amend the security agreement must be discussed.
- Interest figures must include all interest, not just operating interest.
- Any proceeds from the sale of capital items must be subtracted when evaluating income from operations.
- The analysis must evaluate and document the sources of nonfarm income. Income and tax information must be verified as applicable.
- The analysis must consider debts and debt repayments to FSA and other lenders. Breakdowns of principal and interest can serve as a cross check for interest actually paid by the borrower. This information must match FSA-2040.
- The analysis must report expenditures net of trade-ins.
- Income and Social Security taxes must be included in the analysis.

263 Minimum Requirements of the Analysis (Continued)**E Determining and Documenting Reasons for Variances**

After variances between the projected budget in the farm operating plan and the borrower's actual performance have been identified, the borrower and the authorized agency official must determine and concisely document the reasons for the variances. The analysis must:

- consider both the borrower's and the authorized agency official's perceptions of the borrower's successes, failures, and the reasons that specific items were not completed
- determine why income was not used as planned
- discuss operational performance, achievement of short-term goals, progress toward medium-term and long-term goals, and living expenses.

263 Minimum Requirements of the Analysis (Continued)**F Analyzing How Performance Can be Improved**

After determining the reasons for any deviations in the preceding year's performance, the borrower and the authorized agency official together must analyze how the borrower's performance can be improved in the coming year. The authorized agency official and borrower may identify areas for improvement based on the reasons for the variances between actual and planned performance. The analysis shall address concerns in the following areas:

- unplanned sales
- changes in marketing plans
- sales of basic security
- use of proceeds
- debts paid
- amount of money released for family living and farm operating expenses.

The analysis must consider whether the borrower is making adequate progress towards established goals. Ratios, historical trends, and production records are good sources of information for evaluating business goal achievements. Alternatively, if the borrower's goals (for either business or family) were unrealistic, the analysis must reevaluate them and establish new, obtainable goals.

Areas for improvement also might follow from recent changes in farm operations and family conditions. Therefore, the authorized agency official shall work with the borrower to identify any changes or alterations that significantly affect the operation.

If the authorized agency official determines that the borrower's production or financial performance may be improved by training, the authorized agency official may require that the borrower meet training requirements. See 3-FLP, paragraph 402 for more information on borrower training.

If performance is better than projected, the analysis should evaluate repayment issues, as well as income taxes and Social Security taxes.

263 Minimum Requirements of the Analysis (Continued)

F Analyzing How Performance Can be Improved (Continued)

The authorized agency official should remind the borrower that deviations from the agreed-upon farm operating plan must be discussed with FSA.

G Preparing an Updated Farm Operating Plan

The year-end analysis must include a current farm operating plan. Unlike other parts of an assessment, the farm operating plan is prepared by the applicant, with FSA's assistance if needed.

264-300 (Reserved)

Part 9 Internal Controls**Section 1 FLPRA****401 Overview****A Background**

FSA is mandated by the Federal Managers Financial Integrity Act of 1982 (Pub. L. 97-255) to maintain an efficient and effective internal control system. FLPRA fulfills this mandate by:

- establishing program evaluation criteria and reporting requirements
- providing a method to administer program evaluations
- providing a framework for performance analysis, risk mitigation identification, risk mitigation implementation, and annual reporting.

B Purpose

FLPRA is the primary tool that FLP uses for ongoing reviews and oversight of field office operations. FLPRA evaluates FLP using a risk-based approach and provides the framework for evaluating FLP management and oversight by State Offices and FLP delivery by Service Centers.

FLPRA evaluates the potential for risk in the following 3 areas.

- Program Objectives – Assessing whether or not the objectives of the program, as set forth in agency policies and procedures, are being met.
- Financial Integrity – Determining the soundness and quality of the loan program.
- Program Management – Evaluating the effectiveness of the leadership and guidance provided in delivering FLP.

401 Overview (Continued)**B Purpose (Continued)**

FLPRA is divided into the following 3 review areas:

- Direct Loan Making
- Direct Loan Servicing.
- Guaranteed Loan Programs.

Note: This area includes both guaranteed loanmaking and guaranteed loan servicing.

C Objective

The primary objectives of FLPRA are to evaluate the effectiveness of FLP delivery systems and ensure compliance with applicable statutes, regulations, and directives. To promote a consistent and effective approach to conducting reviews, FLPRA focuses on:

- evaluating program delivery by assessing the condition and performance in the risk areas of program objective, financial integrity, and program management
- determining the overall degree of risk existing in FLP programs and identifying the factors contributing to the risk
- recommending or requiring management to take mitigation action, as needed, to strengthen FLP programs and/or ensure compliance with applicable regulations.

D SED Responsibilities

SED is responsible for implementing the FLPRA process in their State by ensuring that all required reviews, analyses, applicable risk mitigation plans, and reports are completed according to this Part.

402 FLPRA Review Process**A Administering FLPRA Reviews**

FLPRA reviews will be administered and the results reported both at the State Office and National Office levels. The National Office and State Offices can access the FSA Intranet at <http://intranet.fsa.usda.gov/fsa/> to obtain guides detailing the process to complete the reviews according to the following.

Step	Action
1	Under the “Links” section on the left side of the homepage, CLICK “FSA Applications”.
2	On the FSA Applications page, CLICK “Farm Loan Program Systems”.
3	On the Farm Loan Program Systems homepage under the “Informational Links” section, CLICK “Manuals” and CLICK “FLPRA National Office Review Process Guide” or “FLPRA State Office Review Process Guide”.

B State Office Review Responsibilities

State Offices will be required to complete FLPRA reviews in not less than one third of the FLP Service Centers each year. However, each Service Center **must** be reviewed at least once every 5 years. The process for selecting the Service Centers and high risk program areas to be reviewed is set forth in the FLPRA State Office Review Process Guide.

C National Office Review Responsibilities

The National Office will complete FLPRA reviews in 10 to 12 States per year. The reviews evaluate State FLP delivery and include visits to a limited number of Service Centers. The process used by the National Office to select States to be reviewed is set forth in the FLPRA National Office Review Process Guide.

403 State Office Reporting Requirements**A Service Center Report**

State Offices will provide a report to each Service Center reviewed within 30 calendar days after completing the review. The reports will be developed in the format set forth in FLPPRA State Office Review Process Guide, Exhibit 2. Reports for each Service Center will include FLPPRA State Office Review Process Guide, Exhibits 4 through 7 that will:

- rate each Service Center reviewed in the 3 risk areas
- provide a composite score for the Service Center.

The scores for each Service Center will be:

- input in the automated FLPPRA system within 30 calendar days of completing the review
- documented in the box provided to support the scores reported.

B Annual Report

No later than November 1, each State will submit the annual FLPP4 Report to PDEED using the template provided in the State Office Review Process Guide, Reports Section.

404 National Office Reporting Requirements**A State Visit Reports**

The National Office will provide a findings report from on-site visits to State management within 30 calendar days after completing the review. The format of this report is detailed in the National Office Review Process Guide, Section 6. This report will:

- provide scoring sheets for each of the 3 risk areas
- include recommended mitigative actions.

Mitigative actions will:

- be developed in conjunction with State management during the on-site visit
- have a specified date to provide an update on the State's progress in mitigating identified risks.

B PDEED Action

Upon receiving a State's risk mitigation plans, PDEED shall:

- evaluate and approve risk mitigation plans
- establish a follow-up system to ensure that risk mitigation plans are implemented
- assess the success of the risk mitigation plan on reducing identified high risks
- provide an annual report to DAFLP summarizing the area of potential risk in the States visited.

405-440 (Reserved)

Section 2 DD FLP Oversight Activities

441 DD FLP Oversight Reviews

A Overview

This section covers the FLP oversight activities to be completed by DD's in FLP Service Centers.

B Purpose

This section:

- establishes the methodology for DD oversight of FLP activities
- provides guidance for documenting findings and results of DD FLP oversight reviews.

C Relationship Between DD Oversight and FLPPRA

DD's shall:

- become familiar with and use FLP's internal control system
- have a clear understanding of the relationship between the FLPPRA process and the DD FLP oversight review process.

441 DD FLP Oversight Reviews (Continued)

D Oversight Reviews

DD's shall:

- complete FLP oversight reviews using FSA-2101 * * *

Notes: Once a particular file or case has been reviewed for a particular review item during the review period, this file or case needs to only be reviewed again to check correction of any deficiencies found.

FSA-2101 is available on the FFAS Employee Forms Online Intranet web site. Access the web site from the FSA Intranet at <http://intranet.fsa.usda.gov>.

Instructions for completing FSA-2101 (04-02-03) are currently **not** available. A revised FSA-2101 is forthcoming. DD's shall contact State Office FLP staff with questions. State Offices shall contact PDEED.

- coordinate and plan FLP oversight review visits with the State Office FLP Section so that participation by FLC or FLS can be arranged when necessary
- notify SED or FLC of any apparent problems that may require immediate attention.

FLM's or FLO's shall:

- assist in obtaining the reports needed for items to be reviewed
- be available to discuss specific cases or to answer questions from DD.

442 Reporting Requirements**A Preparing Reports**

DD's shall document specific findings for each case file or operational file reviewed by using FSA-2101 as a guide for the items to be reviewed

B Submitting Reports

As a minimum, DD's shall:

- submit a copy of FSA-2101 and summary of findings from reviews completed during the quarter to SED on a quarterly basis, within 15 calendar days of the end of each quarter of FY
- submit a signed original FSA-2101 and summary of findings to SED, within 15 calendar days of the end of the last quarter of each FY
- send a copy of the quarterly and year end reports, along with summary of findings to:
 - FLC
 - the appropriate Service Center.

443 Reviewing Reports**A State Office Responsibilities**

SED's shall establish and maintain operational files for quarterly and year end reports.

Notes: A separate file will be maintained for each FLP Service Center, and these files will be further grouped by District.

The files will contain FSA-2101 and the findings reported by DD's.

FLC's shall:

- follow up on any concerns reported by DD's, as necessary
- fully document actions taken to remedy problems or deficiencies identified, as necessary.

Note: Documentation may include copies of State notices, training agendas, etc., and shall be filed in the operational file established for the applicable Service Center.

B National Office Responsibilities

State Office operational files shall be reviewed during field reviews conducted in connection with the FLPRA process. Review of the operational files will verify that:

- consistent and timely oversight reviews are being conducted by DD's
- SED's and FLC's are monitoring and addressing any deficiencies or apparent problems identified by DD's.

Reports, Forms, Abbreviations, and Redelegations of Authority

Reports

This table lists the required reports of this handbook.

Reports Control Number	Title	Reporting Period	Submission Date	Negative Reports	Reference
FLP1 (FSA-1922-17)	Appraisal Certification Program Semi-Annual Report	Semi-Annually	10 workdays after end of the 2 nd and 4 th quarter of each FY	Required	146
FLP4	FLPRA Annual Report	Annually	By November 1 each year	Required	403

Redelegations of Authority

SED's may redelegate their:

- loan approval authority to FLC, FLS, or DD
- authority to allow the use of a restricted appraisal report to the designated State staff appraiser.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b))

Administrative Appraisal Review

Administrative appraisal review is a review of an appraisal to determine whether the appraisal:

- meets applicable Agency requirements; and
- is accurate outside the requirements of Standard 3 of USPAP.

Agency

Agency is the FSA.

Authorized Agency Official

The authorized agency official is the FSA official that is authorized to perform specific tasks related to loanmaking or loan servicing. The appropriate official is determined by inherent authorities or delegations applicable to a particular task.

Complex Properties

Complex properties are properties exceeding 1 to 4 single family units that have income-producing potential, which typically includes business and agricultural properties.

FSA

FSA Farm Service Agency, an Agency of the USDA, including its personnel and any successor Agency.

Noncomplex Properties

Noncomplex properties are properties including 1 to 4 single family units and agricultural properties, such as a small parcel of bare land without improvements, minerals, water, timber, or other income-producing attributes.

Program Loans

Program loans include FO, OL, and EM. In addition, for loan servicing purposes the term includes existing loans for the following programs no longer funded: SW, RL, EE, ST, and RHF.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Supervised Bank Account**

Supervised bank account is an account with a financial institution established through a deposit agreement entered into between the borrower, the Agency, and the financial institution.

Technical Appraisal Review

Technical appraisal review is a review of an appraisal to determine if such appraisal meets the requirements of USPAP pursuant to Standard 3 of USPAP.

Treasury Judgment Rate

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961).

Uniform Standards of Professional Appraisal Practice

Uniform standards of professional appraisal practice are standards governing the preparation, reporting, and reviewing of appraisals established by the Appraisal Foundation pursuant to the Financial Institutions Reform, Recover and Enforcement Act of 1989.

Note: SED's shall:

- issue State supplements according to 1-AS, paragraph 216
- obtain approval of State supplements according to 1-AS, paragraph 220.

Forms List

A General Information

*--This exhibit provides:

- information on forms that were renumbered or made obsolete as part of FLP Streamlining
- RD forms that are still used by FLP
- some forms, but is not all inclusive of forms used in FLP delivery.--*

See subparagraph:

- B for FmHA, FSA, and RD forms
- C for FmHA, FSA, and RD form and guide letters
- D for FmHA and RD Instruction exhibits
- E for items and publications
- F for a numerical list of new FSA forms
- G for a list of new handbook exhibits.

The following is applicable to this exhibit.

- The “Old Form Number” column provides the prefix and number used before December 31, 2007.
- The “New Form Number” column provides the prefix and number to be used after December 31, 2007.

Note: An asterisk (*) in the “New Number” column indicates the document will remain under the current number.

- The “Title” column provides the title of the document.

Note: This column provides the form’s title that will be used after December 31, 2007.

B Forms

The following lists * * * FmHA, FSA, and RD forms used for FLP delivery.

Old Form Number	New Form Number	Title	Date Made Obsolete

Delegating FLP Authority

A SED Delegations

SED may delegate the following authorities to employees who have experience and completed the required training:

- authority to prepare chattel appraisals
- authority to prepare real estate appraisals when the total credit transaction is less than \$100,000
- authority to complete administrative appraisal reviews
- loan approval authority
- authority to establish and document the estimated value of real estate security when an appraisal has been waived for an EM according to 3-FLP, subparagraph 171 A.

B FLM Delegations

This table lists the authorities FLM may delegate to FLO or PT who have experience and completed any required training.

Authority	FLO	PT
Sign correspondence as regular signing official	X	
Sign correspondence "for"	X	X
Establish supervised bank account and deposit loan checks	X	X
Countersign supervised bank account checks/withdrawals	X	X
Input pre-note information for EFT	X	X
Plan and inspect site development work	X	
Check preliminary title opinion for exceptions	X	X
Check final title opinion or mortgage policy for proper lien position	X	X
Review loan closing statement for proper funds disbursement	X	X
Execute financing statements or other legal instruments to obtain and preserve security on chattel loans	X	X
Approve FSA-2242	X	X

Delegating FLP Authority (Continued)

B FLM Delegations (Continued)

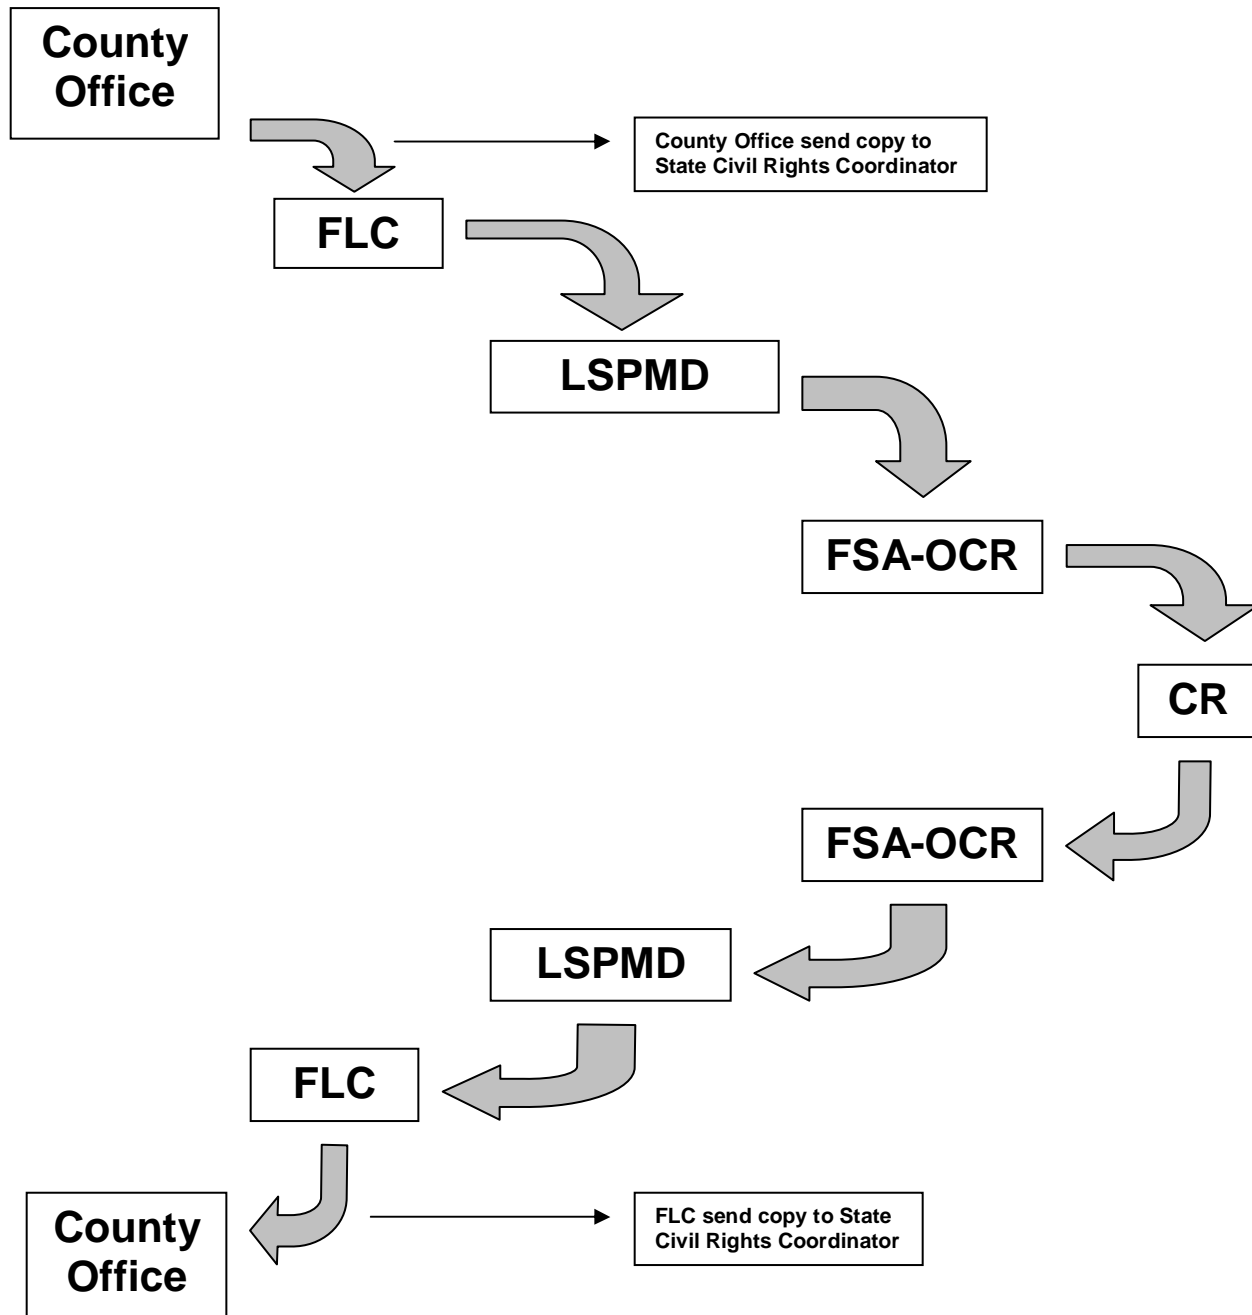

Authority	FLO	PT
Review loan closing and issue FSA-2235	X	
Approve satisfaction/release of security instruments	X	X
Prepare FSA-2040	X	
Release chattel/crop security per approved FSA-2040	X	X
Revise Farm Business Plan and FSA-2040 when necessary	X	
Approve replacement/development - use of insurance proceeds	X	
Approve servicing actions, including liquidation plans submitted by lenders	X	
Requests for contractual services and noncontractual cost items	X	X
Approve loan restructuring	X	
Approve emergency advance requests	X	
Complete lender reviews	X	
Ordering credit reports	X	X
Execute FSA-2232	X	
Execute FSA-2235	X	

Note: Delegated authorities for agency officials that were granted before December 31, 2007, using previous form numbers or regulation citation will not have to be reissued. These delegations remain valid and it is not necessary to modify them if the reason is only to change references to the new streamlining handbooks.

Discrimination Complaint E-mail Clearance System

A General Clearance Process

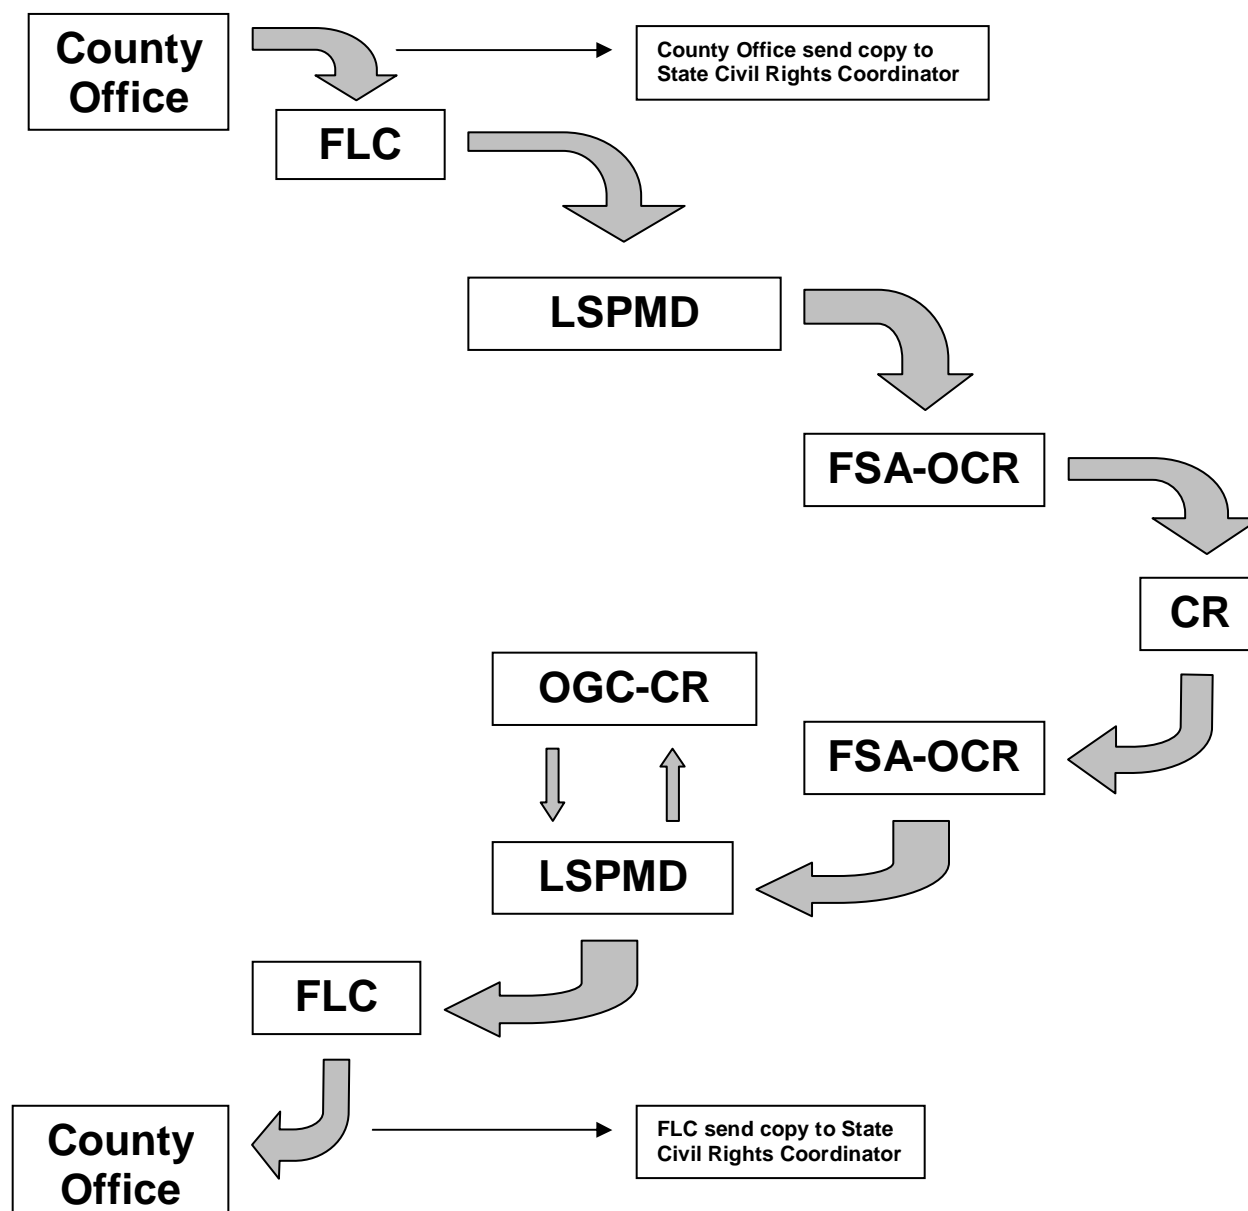

The following illustrates the clearance process used before acceleration and foreclosure for all accounts, except American Indian and African American borrowers as provided in subparagraphs B and C.

Discrimination Complaint E-mail Clearance System (Continued)

B Clearance Process for American Indian Borrower's Account

The following illustrates the clearance process for American Indian borrower's account.

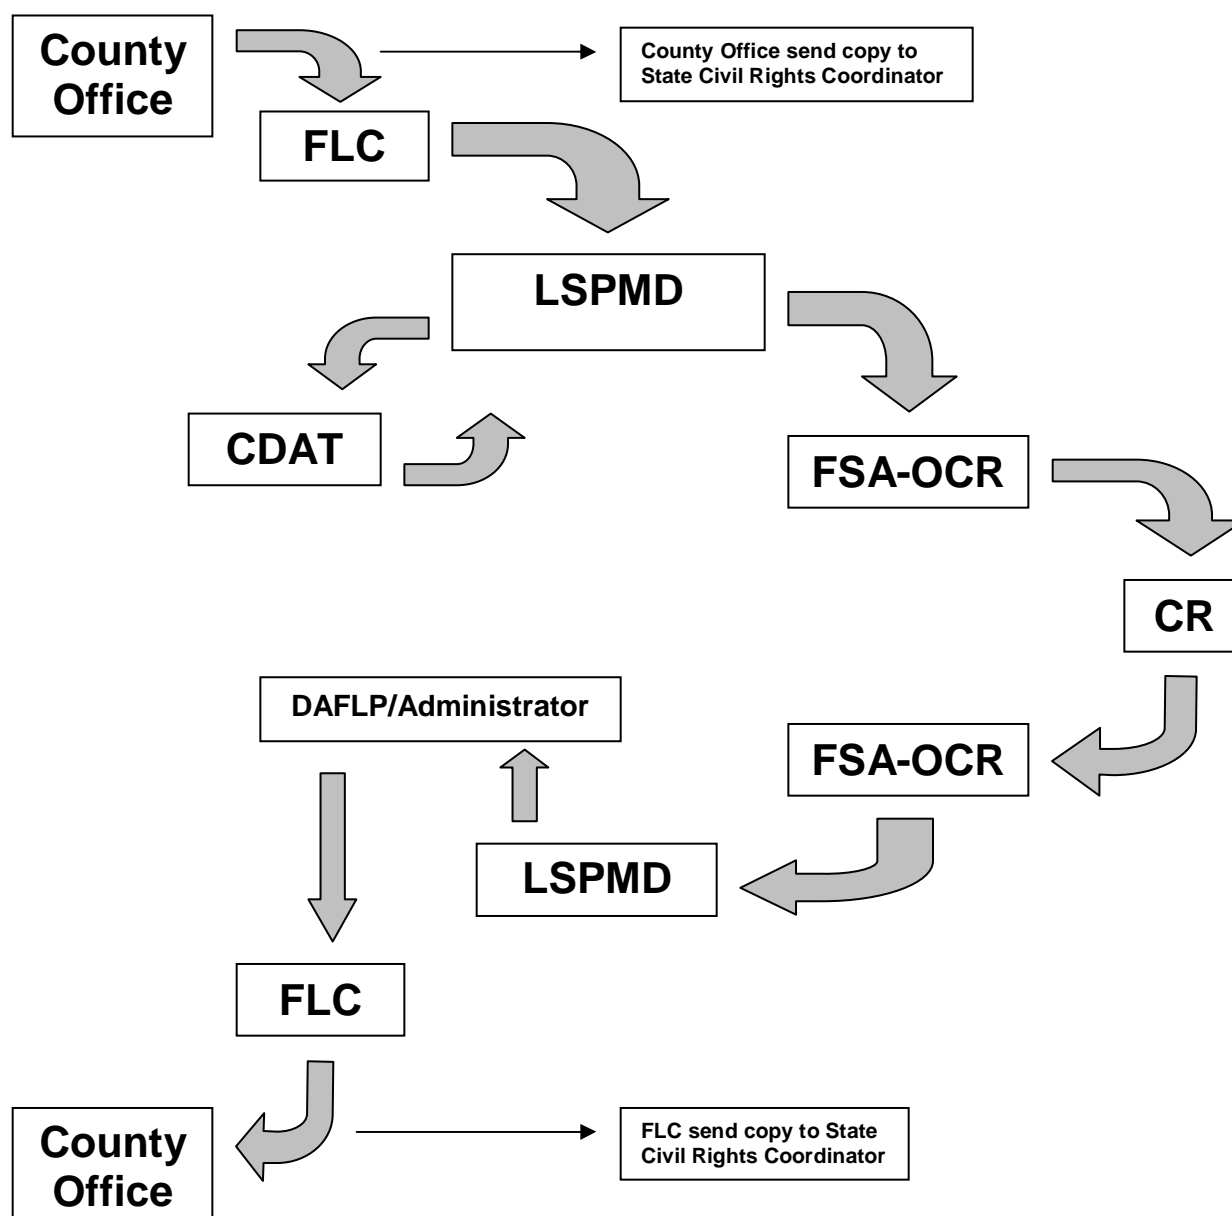

Note: When a review has been completed through this process for pre-acceleration the OGC civil rights review will not be completed for the pre-foreclosure clearance. See subparagraph A for pre-foreclosure clearance process.

Discrimination Complaint E-mail Clearance System (Continued)

C Clearance Process for African American Borrower's Account

The following illustrates the clearance process for African American borrower's account.

Note: Follow current and applicable FLP notices for submitting the borrower case file of African American borrowers who are claimants under the Pigford vs. Johannis Consent Decree.

Note: When a review has been completed through this process for pre-acceleration the CDAT and DAFLP/Administrator reviews will not be completed again for the pre-foreclosure clearance. See subparagraph A for pre-foreclosure clearance process.

Instructions for E-mail to the National Office for Discrimination Complaint Status

A E-mail Recipients

*--FLC or designee shall provide an e-mail to the National Office at
FSA-DIRECTLOANS@wdc.usda.gov.

B E-mail Subject

The e-mail subject block should read, "Civil Rights Complaint Clearance - Borrower's Name and State."

C E-mail Message

The e-mail message shall include the following:

- borrower's name
- borrower's city and State of residence
- the type of request (pre-acceleration, pre-foreclosure, or CNC)
- review options:
 - OCR only
 - OCR and OGC
 - OCR and CDAT

Note: The review options would indicate the race without specifically identifying the race of the individual in the e-mail. At this point the only added levels of review are OGC for all American Indians and CDAT for all African American/Black.

- prior review history including the following information:
 - previously cleared for acceleration by memo or e-mail on (specific date)
 - case review (specific date) and returned for additional servicing
- prior CR complaint information.

Note: The prior CR complaint information will help to clarify complaints that may have been previously closed or to further identify the race or involvement in pending suits against the government. That is, possible Keepseagle, Pigford, Love, or Garcia; ALJ Case #XXXXXXXX, last contact (specific date).

If the case involves an African-American borrower who is a claimant under the Pigford vs. USDA Consent Decree, FLC shall follow guidance provided under applicable FLP notices.--*

Overview

Farm Business Planning

FSA is using the Farm Business Plan (FBP) system to perform financial planning, analysis, loan origination and servicing functions, and manage the FLP loan portfolio. This will allow FSA to:

- assist customers in planning their business operations, either on-line or through traditional business methods
- improve the timeliness and quality of service
- thoroughly analyze Credit Actions with an improved, yet consistent process
- use accrual analysis, when appropriate, in analyzing credit decisions and preparing plans
- improve loan documentation and compliance with audits
- empower states to proactively manage their loan portfolio by providing access to a data mart of financial information.

Because the FBP is flexible, there are many ways to deal with different circumstances. This handbook is designed as a starting point to provide overall FSA policy in farm planning and analysis, and discuss policies and business practices FSA has implemented in the usage of FBP. Additional information about actual software usage is available in two forms, the on-line eHelp or the Web Equity Manager (WEM) user guide available from ECI at 1-800-264-0787. The information in both sources of help is the same. Web Equity Manager is the software used to create the FBP.

The term “FBP” is used in two contexts:

- The **collection of documents** that compose the “Farm Business Plan”
- The **system** used to create the document “Farm Business Plan.”

Farm Business Plan - FSA User Handbook (Continued)

System Access & Security

FSA authorized users can access the system using Microsoft Internet Explorer 6.0+ directly through the internet at https://wem.sc.egov.usda.gov/fem_web_webcaaf.asp or through the FSA intranet at <http://intranet.fsa.usda.gov/> by:

- Selecting the **Farm Loan Program Systems** link
- Select **Log on**
- Enter your **eAuthentication** credentials
- Select **Farm Business Plan** menu option.

The authentication and authorization of users is made using USDA's eAuthentication application. To use the FBP system, users must have both:

- A valid eAuthentication ID and password; and
- Access authorized by the national FBP systems administrator.

NOTE: For problems logging in, see "Getting Help."

FSA Employees Obtaining Access to FBP System

New FSA users should contact the FBP Coordinator with their eAuthentication ID so that they may obtain account authorization from the national office systems administrator. Unless otherwise determined by the FBP Coordinator or FLC, the following employees will be provided with access to the FBP System:

- Farm Loan Managers
- Farm Loan Officers
- Farm Loan Officer Trainees
- Farm Loan Program Technicians
- District Directors
- County Office Reviewers
- Farm Loan Chief and staff
- County Executive Directors with Loan Approval Authority.

Once provided with system access, it is the responsibility of the Supervisor to notify the FBP Coordinator when an employee departs from the Agency so that security access is accurately maintained. If an employee transfers to another location, the FBP Coordinator should notify the national FBP systems administrator so that their location can be changed in the FBP system.

Customers Obtaining Access to FBP System

Customer access to the system is not currently available.

Privacy of Information

All data communications between the client web browser and server, including user IDs, passwords, and all financial information, is protected by industry standard 128-bit secure socket layer (SSL) encryption. For more information on eSignatures, see “Electronic File Maintenance, Reports and Signatures.”

3-15-05

Page 1-3

Defaults

Most system defaults are controlled at either the national or state level. The defaults listed below are relevant to field office users.

Creditors

A default list of commonly used creditors has been established nationally. Users should always use a default creditor from the drop-down list if the creditor appears there.

Service centers can also add frequently used creditors. To add default creditors for a service center:

- Locate the **Defaults** menu option. This option is only available after logging into FBP, but before selecting a customer file
- Select **Defaults → Creditors** from the menu
- Enter in applicable creditor information either at the summary or detail level. Address and phone number entries are optional, although it is preferred as future business processes may utilize this information.

Crop and Livestock NAICS Codes

Commonly used crop and livestock categories have been established and will appear as defaults on income/expense drop-down lists. At this time, users cannot add additional crop or livestock categories to the commonly used list for a **service center or state**. However, users can add additional crop and livestock defaults for **individual customers**. Additional categories can be added when actual or projected income/expenses are entered on the crop or livestock schedules or when inventories are entered on balance sheet schedules.

Adding a New Customer

New customers must first be entered into the SCIMS database before being added to the FBP system, if they don't already exist in SCIMS. If the customer is an entity, all entity members must also be in SCIMS. Ensure that the customer record is not duplicated in SCIMS.

New customer files can be added after logging into the FBP system from the **Locator** screen, but before another customer's file is selected. Use the **File → Add New Customer** option.

Enter the tax ID number of the customer as it is entered into SCIMS. This tax ID number must match what is entered into SCIMS. For FLP, it will usually be described as either:

- "Social Security Number" for individuals
- "Employer Identification Number" for entities.

The service center location and FSA loan official will default to the information relating to the user adding the new customer. If the location or FSA lender is incorrect, it must be changed by clicking on the corresponding link and selecting the correct location or FSA lender from the pop-up box.

The following models must also be selected from the drop-down menus for a new customer:

- General Information
- Balance Sheet
 - Market Value – Used for most circumstances when the balance sheet is based upon market values.
 - Costs Basis – Used typically for entities who keep records on a cost basis.
 - Personal – Used for collecting personal financial statements from entity members.
- Income/Expense

The remaining General Information fields will be populated from the SCIMS database and will be read-only.

NOTE: If the customer profile information is incorrect, i.e. address, phone number, etc., the customer profile record must be updated in SCIMS.

NOTE: If the FBP system uses the incorrect SCIMS record due to duplicate records, a different SCIMS record may be associated with the customer by using the "Change SCIMS Customer" link at the bottom of the **General → General Information** page.

Importing/Exporting Data

Financial information can be imported from other sources that use WEM, in addition to being exported in a form that other lenders using WEM can use. The data file is created in XML format and is contained within a ZIP file. As a security precaution, the system will ensure that only recognized data files are accepted; all other files will be rejected.

Exporting Files

To export customer data, the customer's file must be open within FBP:

- With the customer's file open, select **File → Export Selected Data**
- Use the checkboxes to select the financial data to be exported
- The file name may have the following format: **LastName,FirstName.ZIP**
- This file can be imported by FSA or another lender using WEM.

Importing Files

To import customer data, the customer's file must be open within the FBP system. New customers must first be added to FBP. See "Adding a New Customer."

- With the customer's file open, select **File → Import Selected Data**
- The "Select Customer File to Import" dialog box appears. Locate the customer data file on the local computer or network using the "Browse" button
- The file name may have the following format: **LastName,FirstName.ZIP**
- Use the checkboxes to select the financial data to be imported.

Exporting Reports

Reports can also be exported into multiple formats for further analysis and use. They can be exported into the following formats:

- Crystal Reports
- Microsoft Excel (formatted or data only)
- Microsoft Word
- Rich Text Format (RTF)
- Adobe Acrobat (PDF)

Reports cannot be imported into FBP.

See "Electronic File Maintenance, Reports & Signatures" for more information on how to export reports.

Transfers and Assumptions, and Deceased/Released of Liability Borrower Records

Transfers and Assumptions

When an existing or new customer (transferee) applies to assume the existing debt of another FSA customer (transferor), the FSA loan official may determine that the transferor's historical financial records may be used to develop a projection. In accordance with the agency's policy, the records may be exported into the transferee's FBP customer record.

Steps for transfers and assumptions:

- The transferee's customer record must already exist in the FBP system. If it does not, see "[Adding a New Customer](#)" to add a new customer record.
- **Export** the selected transferor's records into a ZIP file on your PC. See "[Importing/Exporting Data](#)" for the export process.
- **Import** the created ZIP file from your PC into the transferee's record. See "[Importing/Exporting Data](#)" for the import process.

Deceased or Released of Liability Borrowers

When the primary customer in the FBP system, who is jointly liable with another, becomes deceased or is released of liability, the customer file must be pointed to the other customer's SCIMS data.

Steps for deceased or released of liability borrowers:

- From the locator screen, access the primary customer's record.
- Access the **General → General Information** page.
- At the bottom of the page, under the farm assessment information, click on the "Change SCIMS Customer" link.
- Enter the tax ID number of the customer that should now be associated with the record and select the ID type.

Farm Business Plan - FSA User Handbook (Continued)

Calculators

Several loan and amortization table calculators are available on-line by using the **Calculators** link in the upper right hand corner of the window.

The results of the calculations, i.e. amortization table, can be printed by RIGHT clicking anywhere within the pop-up calculator window and selecting "Print" from the menu.

Customer Worksheets & Providing Data to FSA

Customers can provide balance sheet or projected and actual income/expense data to FSA with two types of FBP worksheets:

Type of Worksheet	How to Access	Description
Forms FSA-2037 and FSA-2038	USDA eForms website	These blank worksheets are useful to provide to new customers where existing financial information in FBP is not available, and to place in application packages.
Existing Customer Worksheets	Reports → Customer Worksheets	The existing customer worksheets provide an easy way for customers to supply information needed to complete the FBP. These worksheets allow customers to make manual entries and compare them to what was entered in the previous year.

NOTE: Customers may also provide signed balance sheets, actuals, and projections, in alternative formats, provided it contains substantially similar information as the worksheets.

3-15-05

Page 1-8

Farm Business Plan - FSA User Handbook (Continued)

Instructions for Ordering Credit Reports

It is now possible to request credit reports for Farm Loan Programs (FLP) customers through the Farm Business Plan (FBP) system. Before ordering a credit report, a customer account must be established in FBP with completed General Information. Only the General Information page needs to be completed. The Eligibility Only Credit Action can also be completed if so desired.

When establishing a new customer account to order a credit report and to determine eligibility, only the General Information section and the Eligibility Only Credit Action should be completed. In General Information, click on the *FBP Account Type* link and select *Credit Rpt./Elig. Only Act.* If the applicant is determined eligible and the information from the credit report is satisfactory, the balance sheet and income/expense schedules shall be completed to document feasibility/security. At this point of the process, the *FBP Account Type* should be re-set to *Active Account* by the servicing official. Accounts developed for credit reports and eligibility purposes only do not count toward the agency's active FBP accounts. Balance sheets and income/expense schedules should not be established unless needed in accordance with Agency regulations.

For existing active borrowers, credit reports will be ordered using the existing borrower account. Be sure the Related Entities' information is complete. **DO NOT CREATE A NEW ACCOUNT WHEN ORDERING CREDIT REPORTS FOR AN EXISTING BORROWER.**

The screenshot shows the 'General Information' form in the FBP system. The form is divided into two main sections: 'Entity Information' and 'Borrower Information'. The 'Entity Information' section includes fields for Entity Type (C Corporation), Case #, Type of Operation - Primary (Select), Description, SIC, NAICS, Individual Name, Company Name, Common Name, Address 1, Address 2, City, State, Zip, Country, and SSN / Federal Tax ID #. The 'Borrower Information' section includes fields for Borrower Type (Direct, Guaranteed, Both), Contact Name, Contact Phone, Contact E-mail Address, Date of Birth, Marital Status, Year Started Farming, Home Phone, Business Phone, Mobile Phone, Fax Phone, and D&B D-U-N-S # / Experian File #. Two callouts are present: one pointing to the 'FBP Account Type' link in the Entity Information section, stating 'At the FBP Account Type link, select Credit Rpt./Elig. Only Act. if only ordering a credit report.' and another pointing to the 'D&B D-U-N-S # / Experian File #' field in the Borrower Information section, stating 'You will need to enter the customer's Dun and Bradstreet or Experian File number, if available, before ordering an entity report.'

FIGURE #1

Once the credit report has been received, if the applicant is determined ineligible, do not complete a balance sheet or income/expense schedules on the applicant. Complete the Eligibility Only credit action and identify that the applicant is ineligible.

FBP Account Type Lookup Choices

FIGURE #2

- Active Account - Use for Active borrower accounts in FBP
- Credit Rpt./Elig. Only Act. - Use this flag when ordering credit reports and eligibility only
- Special Classification Account – Used to classify flagged accounts and non-active accounts
- Guaranteed Loan Import – Used for accounts that were imported from guaranteed lenders
- Producer Import – Imported files from outside the FBP system

Accessing Credit Reports Feature

To access the Credit Reports options, select a customer account, and then:

1. Go to **General** → **Credit Reports** → **“name of the applicant.”** All applicants needing a credit report for an account must be listed as Related Entities on the General Information page. The primary applicant of the account, as well as the related entities, will be listed on the Credit Reports fly out menu options.
2. Highlight the name of the applicant you are requesting the credit report for. Any credit reports that were previously obtained will be listed plus the Add/Delete option.

3-29-07

Page 1-10

Farm Business Plan - FSA User Handbook (Continued)

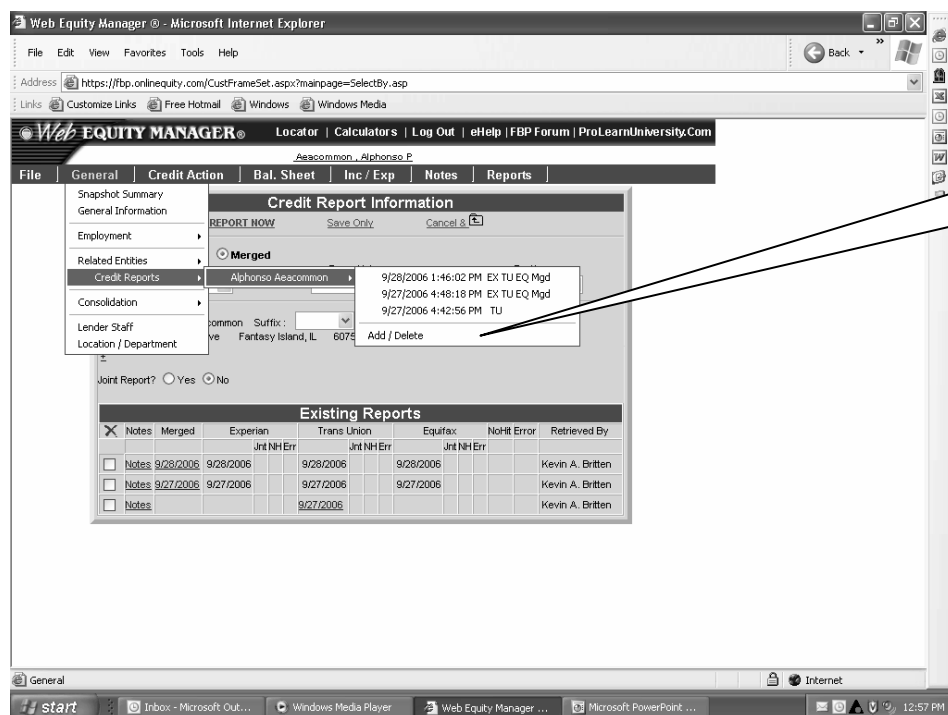

Figure #3

Ordering Credit Reports For Individuals

To order a credit report for an individual, complete the steps under Accessing Credit Reports Feature. Select the Add/Delete option for the individual for whom you need a credit report. The Credit Report Information window will display with the applicant's name, address, and tax ID from General Information, which originates in SCIMS.

The system will allow users to order either single credit reports or merged reports (from more than one credit reporting company). If *Single* is selected, click on the radio button of the reporting company you want to use to provide the credit report. If *Merged* is selected, click on the drop down boxes and select *Get New Report* from all three companies being used. Normally, a merged report should be ordered to ensure that full and complete information on the applicant's credit is received. There are very few instances when a single bureau report should be ordered.

For individual type accounts, a joint report which includes a spouse can be ordered. To do this, the related entity must be marked as *Spouse* and *Co-Applicant* on the General Information page. Although the FBP allows a related entity to be identified as *Co-Owner*, in order to obtain a joint credit report, the related entity must be marked as *Spouse* and *Co-Applicant*. For a joint report, highlight the primary applicant from the Credit Reports fly out menu and select Add/Delete. On the Credit Report Information window, select the Joint Report "Yes" radio button. The name and tax ID of the Spouse/Co-Applicant will display.

Farm Business Plan - FSA User Handbook (Continued)

Merged will provide a report with all three reporting companies.

Select "Yes" to order a joint report. The related entity must be marked as *Spouse* and *Co-applicant*.

Notes	Merged	Experian	Trans Union	Equifax	Retrieved By

Notes	9/27/2006	9/27/2006	9/27/2006	9/27/2006	Kevin A. Britten
Notes		9/27/2006			Kevin A. Britten

Figure #4

Once all needed options have been selected, click on "GET CREDIT REPORT NOW". After a short interval, the Credit Report Information window will redisplay with a section at the bottom titled Existing Reports. A date link will display under the credit reporting company names indicating there is a credit report that was obtained on that date from that company. If a merged report was requested, the blue date link displays in the Merged column. Click on the date link to see a copy of the report.

Ordering Credit Reports For Entities - Currently Not Available

To order a credit report for an entity, complete the steps under Accessing Credit Reports Feature. Highlight the name of the entity applicant and select the Add/Delete option. To obtain credit reports for the members of the entity, each member must be entered as a Related Entity on the General Information page. Enter each Related Entity as an Individual.

Farm Business Plan - FSA User Handbook (Continued)

Users have the option to either select Experian Business Reports or Dun and Bradstreet. When accessing the credit report screen for the first time, click on the *Dun & Bradstreet* or *Experian* radio button. If the D-U-N-S Number or Experian File Number is not known for the entity, from the *Product* drop down list, select *List of Similar*s on the Credit Report Information page then click "GET CREDIT REPORT NOW". A blue date link will display in the Credit Report Date column. Click on the link and look for a match to the name and address of the FBP entity customer in the list of possible companies displayed on the screen. When a match is found, note the D-U-N-S Number or Experian File Number associated with this entity. Enter that number in the field provided on the General Information screen and select the *Save* link.

For those accounts classified as a Joint Venture in SCIMS, each member must be entered as an Individual in the Related Entity section of General Information. Credit reports can then be ordered on these members as described in the Ordering Credit Reports for Individuals section. Remember that joint credit reports can be ordered if the Related Entity is marked as both a *Spouse* and *Co-Applicant*.

For joint venture accounts, all members of the entity need to be listed as related entities on the General Information page. Credit reports can be ordered on these members as individuals and a business report can be ordered for the business entity.

Figure # 5

To complete the process to obtain an entity report, navigate back to the Credit Report Information page. The name and address will populate the screen from General Information. Users will select *Business Information Report* from the Product drop down list and click "GET CREDIT REPORT NOW".

Verify the report is for the correct entity. If the D-U-N-S Number should happen to be entered incorrectly on the General Information page, the resulting report could be for the wrong entity. If the entity is not registered with Dun & Bradstreet or Experian, no report will be generated because there is no available business data to report.

Credit Report Information

GET CREDIT REPORT NOW Save Only Cancel & [X]

Select Bureau: ☒ Experian Business ☐ Dun & Bradstreet Product: None

Name: James A Kiley Company Tax ID: 111111111 Phone:
 Address: 15 Linwood Street Somerville, MA 02143
 File Number: 001000553

Credit Bureaus use a very specific address format. Please enter all applicable data.

Street, R.R., or P.O. Box #: Street Direction: Street Name:
 Street Type: Address Type: Suite #:

Existing Reports

	Credit Report Date	Notes	Dun & Bradstreet	NoHit	Error	Retrieved By
<input type="checkbox"/>	12/11/2006 1:04:57 PM	Notes	X			Kevin A. Britten
<input type="checkbox"/>	12/7/2006 10:28:50 AM	Notes	X			ECL Login

For new entity accounts, select the Dun & Bradstreet or Experian radio button and then select "List of Similar" from the Product drop down list. Click the Get Credit Report Now link. Identify the D-U-N-S or Experian Number and enter and save in General Information. Access the Credit Report option to order the business report.

Figure #6

To Print A Report

With the report displayed, right click with the mouse and select the Print option.

Failed Attempt

On rare occasions, an attempt to pull a credit report will not be successful and will generate an error. If an error occurs, the pull process will stop and the screen will display a cryptic error message. When this happens, it is important to navigate back to the Credit Report Information page to investigate the cause of the error.

As shown below in Figure #7, the attempted pull event will display the word "Error" after the pull date. Click on this link to see a more descriptive message.

If the message refers to a problem with address information, it is possible that the credit bureau did not recognize something in the format of the address which was populated here from the General Information screen.

To resolve an address format problem, click on the "+" link above the text "Joint Report," shown in Figure 7. This will display additional input fields on the screen as shown in Figure 8.

NOTE: Using the "+" link to display additional fields is only required when requesting consumer bureau reports. The additional fields are always viewable when requesting business bureau reports.

Figure #8

These additional input fields allow the user to provide the address in a format that is standard to the credit bureau.

NOTE: These fields pertain only to the street address, not to the city, State or ZIP Code.

Farm Business Plan - FSA User Handbook (Continued)

Once you have re-entered the address in the fields above, click the “GET CREDIT REPORT NOW” link to attempt to obtain the report. If this does not resolve the error, or if the original error does not refer to an address issue, pursue resolution through normal FBP help channels.

NOTE: The additional information provided in the credit report address fields will be stored on the “Credit Report Information” screen. After the initial credit report is pulled, the address will not repopulate from General Information on any subsequent visits to the Credit Report Information screen.

If the borrower does have a change of address, the new address will need to be entered in the fields above and saved using the “Save Only” link. This pertains only to the street address, not to the name, tax ID, city, State or ZIP Code.

The name, tax ID, city, State and ZIP Code will repopulate each time the Credit Report Information screen is accessed.

Accessing Existing Reports, Providing Notes and Deleting Reports

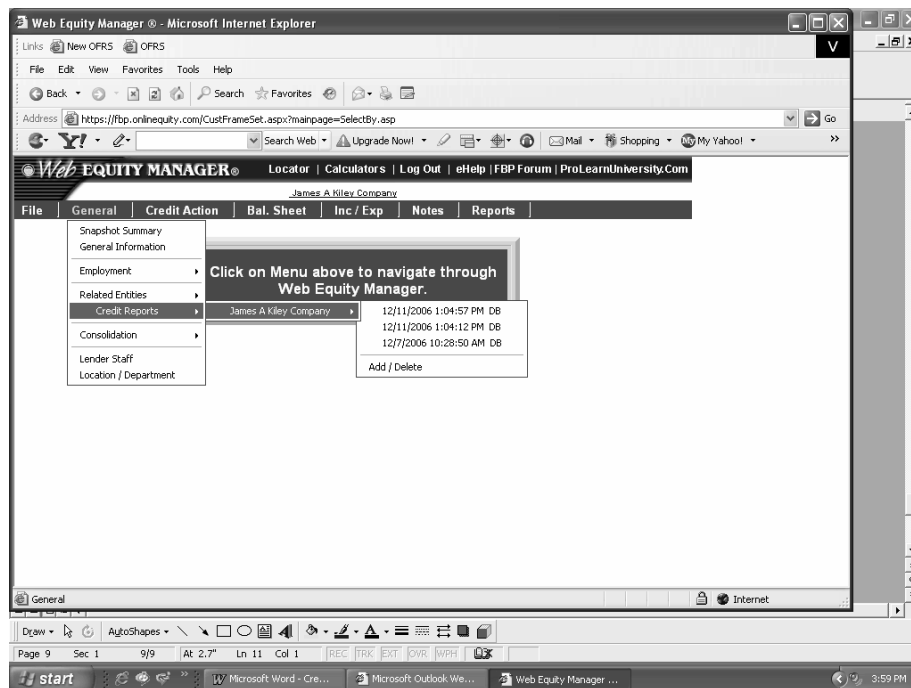

Figure #9

3-29-07

Page 1-16

Farm Business Plan - FSA User Handbook (Continued)

Accessing Existing Reports

Go to **General** → **Credit Reports** → “name of the applicant” → Click on desired date of credit report. Once the report appears on the screen, it can be printed by using the right click on the mouse and selecting Print from the drop down menu.

Notes and Deleting Reports

There is a “note pad” attached to each credit report date that will allow users to enter additional notes and messages related to that report. To access the note pad, go to **General** → **Credit Reports** → “name of the applicant” → click on “Add/Delete” from the drop down menu.

Existing Reports	Credit Report Date	Notes	Dun & Bradstreet	NoHit	Error	Retrieved By
<input type="checkbox"/>	12/11/2006 1:04:57 PM	Notes	X			Kevin A. Britten
<input type="checkbox"/>	12/11/2006 1:04:12 PM	Notes	X			Kevin A. Britten
<input type="checkbox"/>	12/7/2006 10:28:50 AM	Notes	X			ECI Login

Figure #10

Once in the Credit Report Information page, click on the Notes button in blue hypertext to access the note pad.

Credit reports can be deleted from this screen, too. To delete a report, click on the “check box” to the left of the date field and then click on the red colored “X” above the check boxes. Multiple reports can be marked for deletion at the same time. On the confirmation pop-up box, click on OK to confirm the deletion of the selected report(s).

Farm Business Plan - FSA User Handbook (Continued)

Reading The Credit Report

We'll take a look at a credit report starting with the header. In each section, all of the possible fields that could be returned will be included on the report. If the field has no data, it is because none of the bureaus you requested reported the data.

Header

PROVIDED FOR Toontown Credit Services 1123 Disney Ave Toontown, CA 90010 210.555.1212	MicroMerge Credit Profile Reported: 04/27/05
SOURCES <input checked="" type="checkbox"/> EQUIFAX <input checked="" type="checkbox"/> EXPERIAN <input checked="" type="checkbox"/> TRANS UNION	

The header data displays the company that requested the report, date the report was created and the list of bureau sources for the report requested.

Payment of Invoices for Credit Reports

The National Office will process all credit report invoices. The National Office will receive monthly invoices showing the State usage and will submit payment to the vendor for credit reports generated through FBP.

When Mortgage and Commercial Credit Reports Are Not Acceptable

If a County Office has a minor problem with a credit report (e.g., data on the report are incomplete), the County Office should contact the reporting company (Equifax, Experian or TransUnion) directly.

Credit Reporting Agencies can be contacted at the following phone numbers:

Trans Union Customer Service 800-916-8800

Experian Customer Service 800-831-5614, ext. 3

Equifax Customer Service 800-685-5000, ext. 2.

NOTE: County Offices will need to obtain a subscriber code from their State Office before contacting the vendor. Subscriber codes are for Agency use **only** and **will not** be given to the applicant/borrower.

If the issue or problem is significant (e.g., contractor is not complying with contract terms), the County Office will contact the State Office for additional assistance.

As appropriate, the State Office will inform DAFLP about any significant problems.

FSA/DAFLP/PDEED
1280 Maryland Ave. S.W.
Suite 270
Washington, DC 20024
Telephone: 202-720-3647

When the Applicant Disputes Information on the Credit Report

If the applicant/borrower disagrees with or disputes information reflected on the credit report they will be referred to the company or companies issuing the credit report at the following phone numbers:

Trans Union 312-258-1717 to obtain a copy of their credit report or customer service at 800-916-8800

Experian 888-397-3742 to obtain a copy of their credit report or customer service at 800-831-5614 ext. 3.

Equifax 800-685-1111 to obtain a copy of their credit report or customer service at 800-685-5000, ext. 2.

Farm Business Plan - FSA User Handbook (Continued)

NOTE: Agency officials **will not** intervene on behalf of the applicant/borrower in matters concerning disputed information, balances, credit scores or ratings.

3-29-07

Page 1-25

Electronic File Maintenance, Reports & Signatures

Customer File

All electronic information stored within the FBP system is considered part of the customer file and record as if it were in written form.

Running Record & Footnotes

The running case record and electronic footnotes maintained in the FBP system are designed to be reviewed online by Agency personnel during the course of normal business operations.

The **Notes → Running Record** feature of the system may be used to record entries that would have traditionally been written in the file, i.e. farm visit notes and comments on interactions with customers except for:

- The narratives and comments related to the following actions, which must be documented in the applicable FBP credit presentation:
 - Direct loan making
 - Classification/LR Review/YEA
 - Special loan servicing
 - Regular loan servicing
 - Eligibility only
 - Youth loans.

NOTE: The Credit Presentation is designed to encompass the entire loan narrative and analysis documentation of loan making or servicing actions. Therefore, it is not expected that the **Notes → Running Record** will be used to store narrative comments relating to a loan making or servicing action when a Credit Presentation is prepared.

- Comments and entries which are exempt from disclosure pursuant to FOIA.

See “Balance Sheet – Footnotes” and “Income/Expenses – Footnotes” for information about footnotes.

Farm Business Plan - FSA User Handbook (Continued)

FOIA Running Record

For accounts where comments and entries are required that are exempt from disclosure pursuant to FOIA, a separate running record WordPad will be created using the **Notes → Add/Modify/Delete** menu. The description of the new WordPad should be similar to “FOIA Running Record.” All comments and entries that are exempt from disclosure pursuant to FOIA shall be made in this notes section instead of the standard electronic running record.

Printing Running Records

Running case records and electronic footnotes will be printed and placed in the County Office file under the following circumstances:

- preparation for NAD appeals
- preparation for civil and criminal inquiries, investigations, audits, and litigations in conjunction with OIG, OGC, OCR, GAO, and the Consent Decree Action Team.

3-15-05

Page 2-2

Reports & Forms – Signature and Filing Requirements

General – Generating Reports

Reports are generated using a Crystal Reports ActiveX component. When selecting a report from the **Reports** menu, a new browser window will open to display the report. The report can be printed using the printer icon.

Reports can also be exported into various other file format types for further analysis and use. While the report is open, click on the envelope icon button and select the export format.

Reports can be exported into the following programs or formats:

- Crystal Reports
- Microsoft Excel (formatted or data only)
- Microsoft Word
- Rich Text Format (RTF)
- Adobe Acrobat (PDF)

Color charts can also be generated using the “Chart” links on the Reports selection page next to the other report options.

3-15-05

Page 2-3

Farm Business Plan - FSA User Handbook (Continued)

The Farm Business Plan Document

At a minimum, the Farm Business Plan (FBP) document consists of the balance sheet and support schedules, if any, and income & expense trends and projection schedules, if any.

Reports and Signature Requirements

The following table details which reports or forms must be signed, locked, and printed:

Report or Form Name	Customer Signature* Required	FSA Signature* Required	Must be Locked After eSignature*	Report Must be Printed**
Farm Business Plan				
• Balance Sheet Summary	Yes	No	N/A	Yes
• Balance Sheet Schedules	No	No	N/A	Yes
• Income & Expense Trends	Yes	No	N/A	Yes
• Projected Income & Expense Schedules	No	No	N/A	Yes

Continued on the next page

Farm Business Plan - FSA User Handbook (Continued)

Continuation

Report or Form Name	Customer Signature Required*	FSA Signature Required*	Must be Locked After eSignature*	Report Must be Printed**
Farm Assessment	Farm assessments will be signed and dated by the customer to acknowledge participation in the completion of the document.	Yes	Yes	Yes, if completed or updated
All Credit Presentations (Direct loan making, Classification/LR Review/ YEA, Special loan servicing, Regular loan servicing, Eligibility only, and Youth loans)	No	Yes, eSigned	Yes	Optional
DALR\$ Input Report	No	Yes, eSigned	Yes	Optional
Environmental Checklist (FmHA 1940-22)	No	Yes, eSigned	Yes	Optional
Security Agreement	Yes	No	No	Yes
Chattel Appraisal	No	Yes or notation made in the Credit Presentation. See “Credit Actions.”	N/A	Optional
Analysis Reports & Charts	No	No	N/A	Optional
Running Record and Electronic Footnotes	No	No	N/A	Optional; See “ <u>Running Record & Footnotes</u> ”

*The term “Signature” includes “eSignature,” if available.

When the printing of certain credit actions and reports is **optional, the electronic versions stored in the FBP system are considered to be the equivalent of a paper version for all purposes, including source documents for ADPS transactions and other purposes.

NOTE: Customers may also provide signed balance sheets, actuals, and projections, in alternative formats, provided it contains substantially similar information as the FBP components.

Farm Business Plan - FSA User Handbook (Continued)

Reports Setup

Reports → Reports Setup contains many options to control the appearance of reports and what records are included in generated analysis. Options selected affect each customer only. Up to 6 balance sheets and 6 projections/actuals can be included in reports. Options selected in **Reports → Reports Setup** affect what balance sheets and projections/actuals are available to be used in credit actions.

CAUTION: The options in the **Reports → Reports Setup** block titled “Analysis Based On” should not be changed. FSA has established these defaults on the national level and has established that “Value of Farm Production” and “Ag Only” will be used in all ratios and for classifications.

Reports should be set-up from **left to right** with the **most current** to **least current** information, respectively. At a minimum, the following will be included in reports:

- Income/Expenses
 - After deferral plan for primary loan servicing actions, if completed
 - Current-year Projected Plan, if completed
 - Typical-year Projected Plan, if completed
 - Most recent years of actual history.

NOTE: The FSA loan official will select which years are most relevant to include in the average from the **Reports → Reports Setup** menu by checking the checkbox above that year.

- Balance Sheets
 - Post-close balance sheet, if completed
 - Most recent years of balance sheets.

3-15-05

Page 2-6

eSignature Policy

The FBP system uses electronic signatures (“eSignatures”) for some documents that comply with the federal ESIGN act. An eSignature involves electronically authenticating the user, and using an unalterable signature that contains a date and time stamp.

FSA considers a locked eSignature within FBP to be the equivalent of a written signature.

IMPORTANT: NEVER SHARE YOUR eAUTHENTICATION PASSWORD WITH ANYONE. The eAuthentication user ID and password combination represents an eSignature, which is equivalent to a written signature. Sharing your password has the same effect as authorizing someone else to sign your name. Users are responsible for maintaining the authenticity of their own credentials.

See “Overview” for more information on system access and security.

Maintaining FBP Customer Records

Moving FBP Customer Accounts to the Recycle Bin

When a customer record no longer needs to be maintained, i.e. they no longer have a credit relationship with FSA, have paid off all loans, etc., the customer’s file should be deleted from the **Locator** screen. Deleting from the **Locator** screen provides the option of either archiving the customer account or moving it to the recycle bin. Users shall move customer files no longer needed to the recycle bin according to the following:

- On the **General Information** screen for the borrower:
 - Delete the borrower’s case number from the “Case #” field
 - Enter one of the following in the “Case #” field, as appropriate:
 - Paid in full, XX/XX/XXXX
 - Withdrawn, XX/XX/XXXX
 - Rejected, XX/XX/XXXX
- On the **Locator** screen:
 - Select the account to be moved to the recycle bin by clicking on the box located in front of their name
Note: Individual or multiple accounts may be moved at one time.
 - Click on the red “X” located above the list of names
 - Verify the radio button for “Recycle Bin” is selected
 - Click on “Send”

Farm Business Plan - FSA User Handbook (Continued)

Archiving FBP Customer Accounts

Once a paid in full account, or withdrawn or rejected application, is over one year old, the account shall be archived. Only the FBP Coordinator and FLP Chief have the ability to access the recycle bin and archived accounts. States shall develop their own schedule to review the recycle on at least a quarterly basis.

Moving or Deleting FBP Customer Accounts from Archive or the Recycle Bin

FBP State Coordinators and FLP Chiefs can select the Archive or Recycle Bin options from the file drop down box on the **Locator** screen. Querying for accounts on the Archive or Recycle Bin screens works the same as on the **Locator** screen. A search can be performed using the individual name, tax id or case number, or for multiple accounts, the first letter of the last name.

From the **Recycle Bin** screen, FBP State Coordinators can:

- move an account to:
 - **archive**
 - the **Locator** screen (back into production)
- permanently delete the account from the system.

From the **Archive** screen, FBP State Coordinators and FLP chiefs can:

- move an account to the:
 - **Recycle Bin**
 - **Locator** screen (back into production)
- permanently delete the account from the system.

Note: States must obtain National Office approval prior to permanently deleting any accounts from the system.

Farm Business Plan - FSA User Handbook (Continued)

General Information

General Information includes basic information about the customer, borrower training, employment, associated person(s) or entities, and Farm Assessment details.

Some of this information is populated from SCIMS. Examples of data populated from SCIMS:

- Entity type
- Name, Address, City, State, ZIP+4
- Tax ID
- Email, Phone Number, Fax, Date of Birth.

Data that is populated from SCIMS cannot be changed within FBP. Each time a customer record is selected, the relevant SCIMS data is transferred to General Information. Any changes to this data must be made in SCIMS, not in FBP.

Enter the following in General Information:

Field	Notes
Case #	Enter the PLAS case number. Enter it without hyphens, i.e. 580220309876543.
Type of Operation – Primary	The initial time a new or existing customer record is accessed, the “Type of Operation – Primary” must be designated. Select the customer’s predominant enterprise by: <ul style="list-style-type: none"> • Clicking on “Select” link and selecting it from the list in the pop-up box; or • Enter the NAICS code manually, which can be obtained from either the Inc/Exp → Income Sch. → Crop Sales schedule or Inc/Exp → Income Sch. → Livestock Sales and then clicking on the “Description” link.
County	Enter the customer’s county of residence.
Borrower Type	Use the radio buttons to select “Direct,” “Guaranteed,” or “Both” to designate the customer’s FLP involvement.
Year Started Farming	Use the drop-down list to indicate the year the customer started farming.
FBP Account Type	Click on the link to select the FBP Account Type. <ul style="list-style-type: none"> • Credit Rpt./Elig. Only Act – Used when ordering credit reports and Eligibility Checklist Only • Special Classification Act. - Used to classify non-active accounts. Does not count toward the active record numbers. • Guaranteed Loan Import – Used to identify files imported from guaranteed lenders • Producer Import - Used to identify files imported from producers • Active Account – All other active regular accounts and all other accounts still owing to the government.
D&B D-U-N-S# / Experian File #	Enter the customer’s Dun and Bradstreet Number or Experian File Number, if available.

Borrower Training

When a new Credit Presentation is prepared for existing customers, the dates when borrower training was required, completed, and/or waived should be entered and/or updated. For new customers, enter the applicable dates when known.

CAUTION: Borrower training dates should always be entered into General Information. The Credit Presentation is updated from General Information; changing the dates in other parts of FBP will not change the information in General Information.

At this time, these dates are informational only.

9-26-07

Page 3-2

Employment Information

In addition to basic customer information, the outside employment of each customer and a related person and/or entity can be entered. This information should be entered when a Credit Presentation is prepared. It will also be used in future loan origination and servicing functions.

Related Entities

Related entities include spouses, co-applicants, co-owners of the business, co-signors, and other entities that the customer is a member or owner of. All related entities should be associated with each customer record.

If the customer is an entity itself, it is important that the members of the entity be shown in this section. The person(s) or related entities placed in this section must be in SCIMS before they can be entered as a related entity. Associating related entities will allow the consolidation of financial data of the members and the entity.

Lender Information

Lender Staff

Each customer should have one or more FSA loan official(s) designated as the customer's lender. This item is informational and will assist in preparing reports and future loan servicing functions. It will usually be the primary FSA loan official who services the account, i.e. FLM, FLO, or both. There is no limit to number of lenders identified with each account.

- **New Customers.** The user adding a new customer will automatically appear as the lender staff. It can be changed by selecting the FSA lender's name on the **General → General Information** page by selecting the "Lender Staff" link.
- **Existing Customers.** Customers with data converted from FHP to FBP will not have a FSA loan official designated as a customer's lender. Therefore, the first time a converted customer is accessed, the FSA lender should be designated on the **General → General Information** page by selecting the "Lender Staff" link.

Farm Business Plan - FSA User Handbook (Continued)

Location/Department

The “Location/Department” on the **General → General Information** page is the service center where the customer currently receives FLP services.

- The customer’s service center can be changed by selecting the new service center from the pop-up list. The lender location should only be changed when the account is transferred to another location or is an employee relationship/restricted account.
- The service center location is not required to be selected when a new customer is added as it will default to the location of the user adding the customer. The service center can be changed by selecting a new service center from the pop-up list.
- The “restricted loans” location, visible only to administrative users, is reserved for employee relationship and sensitive accounts. Once an account has its location designated as “restricted loans,” only the FLC, FBP Coordinator, and those employees specifically designated by the FBP Coordinator as the customer’s “lender staff” can access the account, provided they do not have an employee relationship with the customer.

Special Handling of Employee Relationship Accounts

Any existing or prospective customer that has been or will be designated with an Employee Relationship Code (ERLC) in ADPS, as defined by §1900.155 of Instruction 1900-D and 3-PM, para. 141(E), will have their location/department designated as “restricted loans.”

Existing customers

The FBP Coordinator will place all existing customer accounts with an ERLC into the restricted loans area. In addition, the lender staff designated by the SED or DD to service this account will be associated by the FBP Coordinator as the customers’ “lender staff.”

New customers and applicants

The FBP Coordinator will create a new customer record for accounts that have an employee relationship. The service center designated to process the application must immediately notify the FBP Coordinator upon application and provide the applicant’s tax ID number. Unless otherwise determined by the FBP Coordinator or FLC, the FBP Coordinator will:

- Create the customer account
- Designate the customer’s location/department as “restricted loans”
- Add the necessary FLP employees to the customer’s lender staff using the “lender staff” link
- Notify the designated service center when the account is created and restricted.

Farm Assessment Information

Initial Farm Assessments and updates must always be entered in **General → General Information**. Use the WordPad below each topic of the assessment to enter the information and make changes.

Farm assessments do not document loan feasibility. The farm assessment is intended to summarize and describe the operational business, resources, and assets of the business, and not to duplicate those areas addressed in the Credit Presentation. For example, the historical and projected cash flow components of the farm assessment will likely not be updated when a credit action is completed because that information will be contained in the Credit Presentation.

Existing Customers

If the existing assessment is available in an electronic format, i.e. Microsoft Word (MS Word), the text can be cut and pasted from that document into General Information.

NOTE: To copy and paste from MS Word, strip away the special formatting that MS Word applies to many documents so that the text appears correctly. To do that:

1. Highlight desired text in MS Word. Select **Edit → Copy** to copy the text to the clipboard.
2. Open notepad by **Start → All Programs → Accessories → Notepad**.
3. In Notepad, select **Edit → Paste**. Reselect the text in Notepad and select **Edit → Copy**.
4. In the appropriate WordPad block of General Information, click on the paste icon (clipboard).

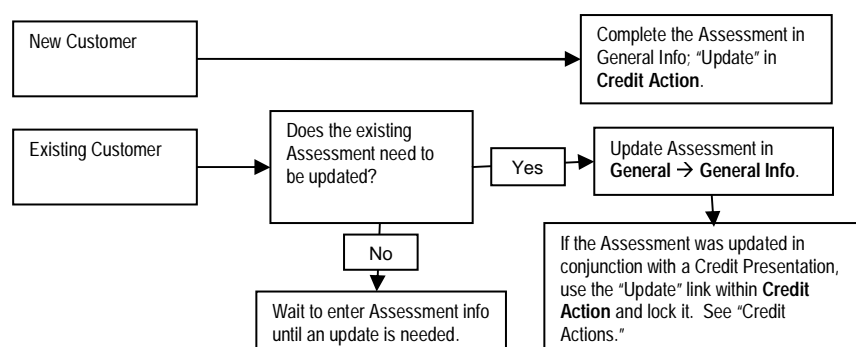

Additional changes can then be made in the corresponding WordPad block of General Information. Many of the historical financials and projected cash flow components of the Farm Assessment do not need to be updated in the assessment, because they are addressed in the Credit Presentation when a Credit Action is made. Farm assessments, if completed or updated, will be signed and dated by the customer to acknowledge participation in the completion of the document.

Farm Business Plan - FSA User Handbook (Continued)

New Customers

Enter the Farm Assessment information in the appropriate WordPad areas of General Information. Many of the historical financials and projected cash flow components of the Farm Assessment don't need to be duplicated in the assessment as they are addressed in the Credit Presentation when a Credit Action is made. Farm assessments, if completed or updated, will be signed and dated by the customer to acknowledge participation in the completion of the document.

See "[Credit Actions](#)" for information on printing, locking, and associating a Farm Assessment update with a Credit Presentation. Example of Farm Assessment workflow:

9-26-07

Page 3-6

Farm Business Plan - FSA User Handbook (Continued)

Balance Sheet

Balance sheets can be created either for a current date, future date, or for previous dates in order to reconstruct a customer's historical financial position. In most cases, obtaining balance sheets as of the end of each business year is preferable, if possible.

Balance Sheet Descriptions

A meaningful description should be used when a balance sheet is created, especially for years in which multiple balance sheets, post-close or pro-forma balance sheets are created. For example, "FYE 12/31/04" is a useful description.

Current & Forward Looking Balance Sheets

Type of Balance Sheet	Additional Details
Current	A balance sheet prepared as of the current date. It is generally a snap-shot of the customer's assets and debts as of a certain date, assuming no credit action will take place.
Post-Close	<p>A balance sheet prepared assuming that the planned loan making or servicing action has just taken place.</p> <p>NOTE: The credit action does <u>not</u> have to be closed before a post-close balance sheet is created to classify the account.</p> <p>A post-close balance sheet must be completed for the following Credit Actions:</p> <ul style="list-style-type: none"> • D-Loan Making (for term loans only) • D-Loan Regular Servicing • D-Loan Special Servicing.
Pro-Forma	A balance sheet prepared assuming that the projected income and expenses have occurred during the plan period. A pro-forma balance sheet can be prepared to analyze what a customer's financial position would be in the future, i.e. after a 1 year period.

Number of Balance Sheets

There is no limit to the number of balance sheets that can be created or maintained. However, old balance sheets that lack any expected usefulness may be deleted from FBP. See "[Electronic File Maintenance, Reports and Signatures](#)" section for more information on file maintenance.

Footnotes

Footnotes are narrative comments to balance sheets that can be added in the WordPad block of the balance sheet summary below the "Personal" categories. Footnotes can include assumptions in the balance sheet, any contingent liabilities, or capture other information not noted elsewhere. The footnotes can appear on the printed balance sheet report if that option is selected in **Reports → Reports Setup**.

Farm Business Plan - FSA User Handbook (Continued)

When Customer and FSA Balance Sheet Values/Amounts Differ

- Balance sheets are sometimes submitted with values that FSA may disagree with. This situation can be handled in several different ways in the FBP:
-

Method	Additional Details
Revised Balance Sheet	Revise the balance sheet the customer submitted and use the value that FSA determines when entering the data into the FBP.
Dual Value Balance Sheet	Enter one balance sheet into the FBP using the secondary column. This option will allow dual values to be entered on one balance sheet; the borrower's value, and an adjusted value. The value and adjusted values can be entered as summary input or on each schedule for each item.

IMPORTANT: When using the secondary column with adjusted values, ensure that the “Adjusted Values” option is **always** selected as the “Primary” column in **Reports → Reports Setup**. This will ensure that the correct values are transferred to the Credit Presentation, collateral analysis, and chattel appraisal.

NOTE: In the future, when customers have on-line access to FBP, using the “dual value” method may be preferable.

Whatever method is selected, care must be taken to ensure the balance sheet with FSA's accepted values is selected to flow into the collateral analysis and Credit Presentation for loan making and servicing decisions.

See “**Collateral Analysis/Chattel Appraisals**” for more information on completing a chattel appraisal.

3-15-05

Page 4-2

Assets

The asset accounts used on the balance sheet are standardized and are similar to the categories that most lenders use. However, for each asset grouping there is always the option of adding “other” assets at the summary or schedule level.

Asset values can be entered on the balance sheet as a summary dollar value for each asset type, or on detailed schedules where the calculated total transfers to the balance sheet. Frequently, a mix of summary and scheduled input is appropriate.

NOTE: Breeding livestock must be categorized as either “raised” or “purchased.” For existing customers, AS/400 FHP data will be converted as raised breeding livestock. However, future balance sheets should separate livestock by category, if possible. FBP makes this distinction for accrual analysis; changes in raised breeding livestock will affect accrual-adjusted income, while purchased livestock will not.

Relationship of Asset Values for Chattel Appraisals/Collateral Analysis

The asset values entered into the balance sheet also populate the chattel appraisal and collateral analysis. See “When Customer and FSA Balance Sheet Values/Amounts Differ” for information about how to enter dual values.

Farm Business Plan - FSA User Handbook (Continued)

Debts

All debts are categorized as either Farm or Personal.

Debt Arising From Unpaid and/or Accrued Expenses

Unpaid or accrued farm expenses are expenses incurred by the farm business, but have not yet been paid. These expenses will be entered on the balance sheet as accounts payable; however, they should not be transferred to the projected loan schedules.

CAUTION: Do not include any unpaid or accrued expenses in the loan schedules, as that will distort the capacity analysis and feasibility determination.

Loans and Notes

Farm related loans and notes should be input into the “Loan Schedule” so that the proper accounting and calculation of interest, principal reduction, and capacity and feasibility analysis can occur.

Personal Debts

Personal debts should always be entered in the personal section of the balance sheet, however, payments are considered to be included in Owner Withdrawals.

CAUTION: Do not include personal debt payments in the Loan Schedules, as that will distort the capacity analysis and feasibility determination.

CAUTION: Do not include FSA debt under the personal debts section.

See “Income/Expense - Projected” for more information on how debt repayment is handled in the FBP and if certain debt payments should be designated to appear in the projection.

Additional Information about Debts

Type of Debt	Includes	Additional Details
<i>Farm Business or Ag Debts</i>		
Accounts Payable	Unpaid expenses, payables, bills, accrued leases, etc.	<ul style="list-style-type: none"> Use summary input or scheduled input, depending upon the number of debts in each category or if more detail is needed. Do <u>not</u> include loans or notes in any of these categories.
Income Taxes Payable	Accrued or owing federal and state income tax, FICA tax, employment taxes, etc.	
Real Estate Taxes Payable	Accrued or billed real estate taxes	
Other Current Liabilities	Judgments, liens, etc.

Example of Loan with Disaster Set-Aside

The following is an example of how an FSA loan with Disaster Set-Aside (also called Installment Set-Aside or “ISA” in FSA accounting transactions and records) would be entered. The same concept applies to loans with deferred, deferred non-cap, and non-cap interest.

			<u>Interest</u>	<u>Principal</u>	<u>Scheduled Annual Installment</u>
0101	41 17		219	162,987	12,413
ISA	41 17		15,954	5,059	
	Total		16,173	168,046

- Earned Equity Statement
- Earned Equity Reconciliation

Analysis reports related to capital:

- Ratios & Indicators
- Statement of Owner Equity

Refinancing & Restructuring

Refinancing and restructuring requires the special handling of debts within the balance sheet loan schedule.

Refinancing

Cash flow plans and balance sheets sometimes must reflect proposed refinance scenarios. There are two ways of showing a refinance within FBP. The choice of either option depends upon the needs of the plan.

Example #1 – Current Balance Sheet Method. This method has the following features:

- Does not show the refinancing sources and uses of funds in the cash flow
- Requires the user to document the sources and uses of funds in the credit presentation
- Requires an “as is” and “post-close” balance sheet
- Cannot be used if using an accrual-adjusted projected income/expense statement
- Least complicated.

Example #2 - Balance Sheet Accounting Method. This method has the following features:

- Shows all refinancing sources and uses of funds in the cash flow. All cash flow transactions are included in the projection in the appropriate categories for proper accounting when using accrual analysis and when comparing projections to actual income tax records.
- Requires that the user document the sources and uses of funds in the credit presentation
- An “as is” and a quasi “post-close” balance sheet must be prepared
- Creates a “current” projection, and also requires a “typical” year projection if accrual adjustments aren’t being made to the current year projection to substantiate feasibility
- Is required to complete an accrual-adjusted projected income/expense statement
- The “old money” and “new money” portions of the new loan must be treated differently
- More complicated.

In both of these examples, assume the following debts are going to be refinanced by a term FSA loan of \$143,000:

- Imperial Bank crop loan of \$18,000 with \$1,000 of accrued interest
- Ford Credit term loan of \$41,000 with \$600 of accrued interest
- JD Credit term loan of \$80,000 with \$1,400 of accrued interest
- Repair Bill of \$1,000.

Farm Business Plan - FSA User Handbook (Continued)

Example #1 - Current Balance Sheet Method

Step 1: Create the existing “as is” balance sheet loan schedule without the new loan. It is helpful, when creating the balance sheet, to include a meaningful description such as “1/1/2004 – Before.” **Do not attach this “as is” balance sheet as the beginning balance sheet for the projection.** This balance sheet is for informational purposes only and will be the balance sheet that the customer signs.

Step 1: “As Is” Balance Sheet Loan Schedule

Also, enter the Repair Bill of \$1,000 in the **Bal. Sheet → Other Liabilities → Accounts Payable** section and leave the drop-down box set to “None.”

Step 1: Accounts Payable Schedule

Farm Business Plan - FSA User Handbook (Continued)

Step 2: Duplicate the Balance Sheet and Create a “Post Close” Balance Sheet. Attach this balance sheet to the projection. On this duplicated balance sheet, make the following changes to make it appear as if the refinance transaction has taken place:

- On the loan schedule:
 - For the existing loans being refinanced:
 - Change the “Pmt. Method” to “Refi.” The “Refi” payment method removes the loan from the balance sheet.
 - Uncheck the “To I/E” check-box so that the P&I payments do not appear on the projection.
 - For the new loan:
 - Uncheck the advance amount “To I/E” check-box so that the advance does not appear on the projection. However, keep the second payment “To I/E” check-box checked so that the new loan payment will appear on the projection.
 - Check the “Post Close?” check-box so that the loan now appears on this balance sheet.
- Delete the Repair Bill from the **Bal. Sheet → Other Liabilities → Accounts Payable** schedule.

The screenshot displays two windows from the FSA software: "Loan Schedule - Existing Loans" and "Loan Schedule - New Loans".

Loan Schedule - Existing Loans: This window lists three existing loans. Each loan has its "Pmt. Method" set to "Refi." and its "To I/E ?" checkbox unchecked. Red circles highlight these specific settings for each loan row.

Creditor	Loan Type	Prin. Bal	Int. %	Accr. Int.	Pmt. Method	Pmt Amt P & I	Pmts /Yr	Int. Pmt./Yr.	Prin. Pmt./Yr.	To I/E ?	Loan #
Imperial Bank	Cur.	18000	9	000	Refi.	19000	1	1000	18000	<input type="checkbox"/>	
Ford Motor Cr.	Int.	41000	5	600	Refi.	41600	1	600	41000	<input type="checkbox"/>

3-15-05

12-31-07

1-FLP (Rev. 1) Amend. 1

Page 55

Farm Business Plan - FSA User Handbook (Continued)

Example #2 – Balance Sheet Accounting Method

Step 1: Create the existing “as is” balance sheet loan schedule, before any new loans. It is helpful, when creating the balance sheet, to include a meaningful description such as “1/1/2004 – Before Refi.” Note that the existing loans will appear on the balance sheet. At this point, do not enter the new FSA loan in the loan schedule. This balance sheet is for informational purposes only and will be the balance sheet that the customer signs.

Step 1: Enter “As Is” Loan Schedules

Also, enter the Repair Bill of \$1,000 in the **Bal. Sheet → Other Liabilities → Accounts Payable** schedule and use the drop-down box to send the payable to projected I/E as repairs and maintenance.

Step 1:- Enter “As Is” Accounts Payable

Farm Business Plan - FSA User Handbook (Continued)

Step 2: Duplicate the Balance Sheet and create a quasi “Post Close” Balance Sheet by going to the Bal. Sheet → As of [Date] → Add/Modify/Delete menu and clicking on the “duplicate” link. It is helpful, when duplicating the balance sheet, to rename it to a meaningful description such as “1/1/2004 – After Refi.”

Bal. Sht. Date	Description	View	Duplicate
1/1/2004	FYE 04-Before	View	Duplicate
1/1/2004	FYE 04-After Refi	View *	Duplicate

Step 2: Duplicate Balance Sheet and Rename

Step 3: Create the Refinance Scenario in the quasi Post Close Balance Sheet Loan Schedules. For the loans that are going to be refinanced, change the Pmt. Method to “Refi.” The “Refi” function removes these loans from the balance sheet.

Also, include the new term loan advance. In order to correctly indicate the sources and uses of funds, the new \$143,000 term loan must be divided into two loans, even though it will be closed as one loan (add the two parts of the loan together when completing the note):

- A term loan of \$142,000, which includes refinancing all of the “old money,” or refinancing of old loans. Check the “Post Close” check-box. By checking this, the loan will now appear on the balance sheet;
- A term loan of \$1,000, which includes “new money” to payoff the accounts payable-repair bill. Do not check the “Post Close” check-box to ensure that the loan does not appear on the balance sheet. The accounts payable must continue to appear on the balance sheet so that the accrual adjustments can be calculated. Note that the \$1,000 portion of the loan being used to refinance the payable should not appear on the balance sheet because it would double-count the liability.

Creditor	Loan Type	Prin. Bal	Int. %	Accr. Int.	Pmt. Method	Pmt Amt P & I	Pmts /Yr	Int. Pmt./Yr.	Prin. Pmt./Yr.	To VE ?	Loan #

Step 3: Create Refi Scenario with Quasi-Post Close Balance Sheet

3-15-05

Page 5-6

Farm Business Plan - FSA User Handbook (Continued)

Step 4: Create the Income/Expense Projection, ensuring that the Beginning Balance Sheet is the **After Refi** or quasi Post Close balance sheet.

Step 4: Create Income/Expense Projection

Step 5: Complete the projected cash flow plan. Notice, when the repairs expense schedule is accessed that the accounts payable is listed as available to be paid in the projection. Enter \$1,000 in the \$ Pmt text box as the amount of the repair bill to be paid. In addition, be sure to include the “typical year” amount of expenses as another line item in the expense schedule.

Step 5: Complete the Cash Flow Projection

Step 6: Verify that the refinance transactions are included in the cash flow projection properly. Note the following in the projected cash flow summary:

A. The \$1,000 repair bill being refinanced is included in the expenses to be paid.

Rent - Land / Animals	0	0
Repairs & Maintenance	1000	0
Seeds & Plants	0	0
Supplies	0	0
Taxes - Real Estate	0	0
Utilities	0	0

Step 6(A): Verify Expense and Payable Are Properly Included
Page 5-7

3-15-05

Farm Business Plan - FSA User Handbook (Continued)

B. The operating interest being paid represents the sum of the interest on the loans being refinanced. The term interest and term principal payment amounts represent the interest and principal on the new FSA term loan.

Operating Interest	3000	0
Term Interest	5720	0
Total Operating Expense	9720	0
Net Oper. Income	-9720	0
<div> Save & Stay Save &  Save & Menu </div>		
Non-Operating		
	Copy Avg.	Projected Avg.(0) None
Owner Withdrawal	<input type="text" value="0"/>	0
Income Taxes	<input type="text" value="0"/>	0
Non-Farm Income	<input type="text" value="0"/>	0
Non-Farm Expense	<input type="text" value="0"/>	0
Financing		
Term Principal Payment	18105	0

Step 6(B): Verify Operating and Term Interest, and Term Principal Payments are Properly Shown

C. The sum of the new FSA term loan advance of \$143,000 is included in the cash flow as a source of funds, and the sum of the principal being refinanced is shown as a use of funds.

Operating Loan Advance	0	0
Term Loan Advance	143000	0
Operating Loan Pmt. & Refi.	139000	0

Step 6(C): Verify Term Loan Advance and Principal Amount Being Refinanced is Properly Shown

Step 7: For a loan making action involving term loans, create a Typical Year Income/Expense Projection if accrual adjustments aren't being made to the Current Year Projection to substantiate feasibility.

Farm Business Plan - FSA User Handbook (Continued)

Summary. In the Balance Sheet Accounting Method, the sources and uses of funds were as follows:

Loan Type	Shown on “As Is” Balance Sheet	Shown on quasi “Post Close” Balance Sheet	Appears on Projection As	
SOURCE OF FUNDS			Principal	Interest
FSA Term Loan	Not shown	Advances of \$142K + 1K = \$143,000	Advance \$143,000	
		\$142,000 loan – “Old money;” will show on post close bal sheet; pmts appear on inc/exp	Payments:	
		\$1,000 loan – “New money;” not shown on post close balance sheet; pmts appears on inc/exp	Term \$17,979	Term 5,680
			Term 126	Term 40
		Total	18,105	5,720
USE OF FUNDS			Principal Pmt	Interest Pmt

		Subtotal of “New Money” Being Refinanced	1,000	

3-15-05

Page 5-9

Farm Business Plan - FSA User Handbook (Continued)

Restructuring

Sometimes FSA debt is reamortized, rescheduled, or otherwise restructured. When showing these types of transactions, both an “as is” and a “post close” balance sheet must be created. The concept and practices indicated below can also be applied to deferrals and debt write-downs, and when other creditors restructure their debt.

Example: Make the following assumptions and also assume that the customer cannot make the existing debt payments and that FSA will use DALR\$ to restructure the debt:

- FSA 44-01 loan was for annual operating purposes, and has a balance of \$20,000 with \$2,000 of accrued interest. DALR\$ indicated rescheduling the loan over 15 years with equal payments, which turns the loan into an intermediate loan.
- FSA 44-02 loan was for term loan purposes, and has a principal balance of \$100,000 with \$1,000 of accrued interest. DALR\$ indicated rescheduling the loan with a 15 year term and equal payments.
- FSA 41-03 loan was for a real estate purchase, and has a principal balance of \$150,000 and no accrued interest. DALR\$ indicated reamortizing the loan with a 30 year amortization and equal payments.

Step 1: Create the existing “as is” balance sheet loan schedule. It is helpful, when creating the balance sheet, to include a meaningful description such as “1/1/2005 – Before.” **You must attach this balance sheet to the “before restructure” cash flow projection so that you can input it into DALR\$.**

Step 1: “As Is” Loan Schedule

Step 2: Create the D-Loan/Special Serv. Credit Action, access and “Update” the DALR\$ Input Report, and use the results to run DALR\$.

Farm Business Plan - FSA User Handbook (Continued)

Step 3: Duplicate the Balance Sheet and Create a “Post Close” Balance Sheet with the DALR\$ Results. You must attach this balance to a duplicated projection that will reflect the restructure results from DALR\$. On this “Post Close” balance sheet, make the following changes to make it appear as if the restructure transaction has taken place by changing the:

- “Loan Type” of the current loan to intermediate, to reflect that the account has been rescheduled and it now has a term of greater than 1 year. Change the “Pmt. Method” to equal.
- Principal balance to reflect any capitalized interest, if any
- “Pmt. Amount” to reflect the new restructured payment according to DALR\$
- “Loan #” field to a description that reflects the restructure action.

Step 3: “Post Close” Loan Schedule

See “Income/Expenses – Projected – Feasibility” for information on feasibility of restructured plans.

Income/Expenses

Income/Expense Record Description

A meaningful description should be entered in the “Description” text box when a projected or actual income/expense record is created. This description will appear on reports. For example, “FYE-Act 12/31/03” or “FYE-Proj 12/31/04” are useful descriptions.

Associating Projections or Actuals with Balance Sheets

When a projection or actual record is created, a beginning and ending balance sheet should be associated with it, if possible, so that certain ratios are correctly calculated. If beginning and ending balance sheets cannot be matched for an actual income/expense record, then select the same balance sheet as both the beginning and ending.

CAUTION: Converted AS/400 FHP actual records will not automatically have an ending balance sheet attached to them. See “Overview” for more information on how to associate them.

Number of Projections or Actuals

There is no limit to the number of projected or actual income/expense records that can be created or maintained for each customer. However, old projections or actuals that lack any expected usefulness may be deleted from FBP. See “Electronic File Maintenance, Reports and Signatures” for more information on file maintenance.

Footnotes

Footnotes are narrative comments that can be added in the WordPad block of either the actual or projected income/expense summary.

Actuals. Footnotes can include additional information about the income/expenses that are not indicated in the summary or scheduled information.

Projections. Agreements reached with borrowers, like the source of funds for certain debt payments, can be entered into the footnotes block, although use of the notes for these purposes is not required. Footnotes can also include additional information about the projection that is not indicated in the summary or scheduled information. The footnotes will appear on the printed income/expense trends report if the footnotes option is selected in **Reports → Reports Setup**.

NOTE: If a Credit Presentation is being prepared in conjunction with a projection, ensure all plan assumptions are placed in the Credit Presentation, not the footnotes, because the Credit Presentation represents the decision making document.

Farm Business Plan - FSA User Handbook (Continued)

Copy Average

The “Copy avg” feature will copy the average of the previously selected years to the projected summary input column. Using this feature can be a time-saving tool for preparing a projection. It should not be used when creating actual records.

In order to select the years to be included in the average, go to **Reports → Reports Setup** and check the boxes of the years to be included in the average.

CAUTION: Be careful when selecting the years to be included so that atypical years or years that include different enterprises compared to the projection are not included.

Using Income/Expense Categories

The income/expense categories have been standardized and are similar to the categories that most commercial lenders use and similar to schedule F of the Federal income tax return. However, for each income or expense grouping, other categories can be added to fit the needs of the situation by using the schedule under “Other income” or “Other expenses.”

Projected and actual categories can be entered as a summary dollar value or on detailed schedules where the calculated total transfers to the income/expense summary. Sometimes a mix of summary and scheduled input is appropriate. Scheduled information is especially appropriate when tracking projected or actual production and yields.

The projection and actuals are categorized into four parts:

- Operating income and expenses
- Non-operating, i.e. owner withdrawals, income and social security taxes, non-farm income and expenses
- Financing, i.e. term and operating advances and operating principal repayments
- Capital sales, expenditures, contributions, and withdrawals.

3-15-05

Page 6-2

Farm Business Plan - FSA User Handbook (Continued)

Income/Expenses - Actuals

General

Actual income and expenses, together with production information (“actuals”) contain important information with which future plans can be developed. Suggestions for handling categories of actual income/expenses:

Category	What to Do
Operating	
Crop / Livestock Production and Sales	<p>Crop/livestock sales can be entered as a summary dollar amount when the production details are not known, or on schedules to record the production and the details of each crop/livestock production category and its sale.</p> <p>Yield and production can be recorded even if dollar sales for each scheduled item are not broken down. If the total crop or livestock production does not correspond to the dollar sales shown on income tax returns or farm records, users can still preserve the actual production on a per-crop level. Enter the crop production information on the schedule, but uncheck the “To I/E” check box. Then enter the total dollar sales for all crops on the actual summary page. This will preserve production on a scheduled per-crop level, but not require a break down of income on a per-crop level.</p>
Crop Production	<p>Crop production/yields can be tracked on a per-farm basis. To do so, enter the farm name or FSA farm number under the “Type” text box each year. FBP will combine the yields and production in the production trends report for each like-identified farm. The “Type” text box is name and case sensitive, so it should be the same each year to take advantage of that option.</p>
Purchases for Resale (i.e. market livestock, poultry)	Enter detailed purchases for resale within the “Livestock & Poultry Sales” schedule. If no detail of purchases is needed, a summary dollar amount of purchases can be entered on the summary page.
Operating Expenses (except depreciation and interest)	Enter operating expenses as summary amounts for each expense category, or as details for separate enterprises in the schedules. Summary input is recommended.
Depreciation	<p>Enter actual depreciation from the income tax return, if known, or estimate if it is unknown.</p> <p>CAUTION: Do <u>not</u> ignore depreciation, as it will be used in the accrual adjusted income statement later. It does not affect Margin After Debt Service (MADS), ending cash, or loan feasibility.</p>
Interest	See <u>Financing</u> , below.
Non-Operating	
Owner Withdrawals	Include living expenses and personal debt payments, i.e. credit cards, personal vehicle payments, home mortgage payments, student loans, personal loans, etc, in this category. Entries can be made on the schedules or as one summary entry. No itemization is required.
Income Taxes	Enter actual income and social security taxes paid during the year, unless net wages after taxes are entered in non-farm income.

Continued on next page

Farm Business Plan - FSA User Handbook (Continued)

Continuation

Category	What to Do
Non-farm Income and Expense	Include gross wages (or net wages if no income taxes are entered), net business income, other non-farm income or expense. Enter either as summary amounts or enter the details of the source or use of each type of funds in the schedule. Do <u>not</u> enter personal debt payments here. Generally, the non-farm expense category will not be used.
<i>Financing</i>	
Loan Advances, Repayments, Interest Expense – Operating and Term	<p>Loan advances, repayments, and interest payments can either be entered as summary amounts or as details in the “Loan Payments” schedule.</p> <p>Interest Expense:</p> <ul style="list-style-type: none"> ▪ If the breakdown between operating and term interest is known, enter both in their respective expense category. This is the preferred method. ▪ If the breakdown is not known, enter the estimate of operating interest. Deduct the estimate from the total actual interest and enter the balance as term interest. ▪ If the breakdown is not known and can’t be estimated, enter all actual interest as <u>term</u> interest. This will allow a conservative analysis of Margin After Debt Service. <p><u>CAUTION:</u> It is <i>never</i> recommended to enter all actual interest as operating interest, unless it actually is.</p>
<i>Capital</i>	
Capital Expenditures & Sales	<p>Enter as summary amounts or as details in the schedule. If entered on the schedule, ensure that the correct asset description is used from the drop-down box.</p> <p><u>CAUTION:</u> If collateral was sold or purchased, using the actual capital expenditure or sales schedules will not automatically add or subtract those items from the balance sheet schedules, appraisals, or Security Agreements.</p>
Capital Gains & Losses	Enter capital gains and losses, if applicable. Entries are optional and do not affect the cash flow or the income/expense trends, but do affect an accrual-adjusted income statement.
Capital Contributions and Withdrawals	<p>Capital contributions are inflows of capital that are not the result of business operations or other income. Capital contributions usually include gifts, inheritance, lottery winnings, the gift-value of substantial asset purchases for less than market value, and the capital contributions of partners or stockholders to an entity.</p> <p>Capital withdrawals are outflows of capital that are not the result of business operations or owner withdrawals. Capital withdrawals usually include gifts, the gift-value of substantial sales of assets for less than market value, and withdrawals of capital by partners or stockholders of an entity.</p> <p>Entering capital contributions and withdrawals is important to correctly construct a pro-forma balance sheet, if accrual analysis is completed.</p> <p><u>CAUTION:</u> Ensure that capital contributions and withdrawals are not double-counted in capital sales and purchases.</p>

3-15-05

Page 6-4

Income/Expenses - Projected

The projected farm income and expenses, non-operating income and expenses, financing, and capital plans for a future period are the components of the Farm Business Plan (FBP) that determine feasibility.

Feasibility

Loan Making, Regular Loan Servicing, and Special Loan Servicing Actions (Disaster Set-Aside only)

The way feasibility is determined depends upon the needs of the projection. FSA uses short-run or annual projections when making or servicing loans that match that time period. However, long-run feasibility in a typical year is required for loan making or regular servicing decisions for a longer time period. See “Feasibility Definition” for more information about feasibility.

- For **term loans**, feasibility is a long-run concern. On-going farm business operations and reliable non-farm income must be sufficient to pay for on-going farm and non-farm expenses, and term debts. It is not acceptable to use the liquidation of inventory, other assets, cash reserves or atypical income sources to demonstrate long-run feasibility.
- For **annual operating loans**, feasibility is a short-run concern. FSA must ensure that the annual loan can be repaid during the annual period, irrespective of future years.
- For decisions involving **both term and annual loans**, each loan must be considered individually. For example, FSA could approve an annual crop input loan for the upcoming year provided that loan can be repaid that year (*positive ending cash*), even though a loan for a tractor purchase that has a 5 year term might not be approved because the on-going ability of the customer to service this debt cannot be shown (*negative margin after debt service*).

Special Loan Servicing Actions (Primary Loan Servicing only)

Feasibility for **primary loan servicing actions** is defined by the Debt and Loan Restructuring System (DALR\$). See “Feasibility Definition” for more information about feasibility.

Farm Business Plan - FSA User Handbook (Continued)

Feasibility Definition

A **feasible plan or projection** is demonstrated by:

Loan or Projection Type	Margin After Debt Service (MADS)*	Ending Cash
Loan Making, Regular Loan Servicing, and Special Loan Servicing Actions (Disaster Set-Aside only)		
Term loan or typical plan, and accrual-adjusted income statements	Must be positive	Must be positive
Annual operating loan or current plan	May be positive or negative	Must be positive
Youth loans	Is not applicable	Must be positive
Special Loan Servicing Actions (Primary Loan Servicing only)		
Current/typical plan and after deferral plan, if applicable	May be positive or negative	Must be positive

** A positive (zero or greater) MADS is equivalent to a Term Debt and Capital Lease Coverage Ratio (TDCLCR) of 1.00 or greater. The terms can be used interchangeably.*

Note: Youth loans:

- **cannot** receive disaster set-aside, limited resource rates, write-downs, or buyouts
- may be considered for rescheduling or deferral.

1-3-07

Page 6-6

Projected Income/Expense Categories

Projections can be entered using summary dollar values for each category or on schedules where the calculated total transfers to the income/expense summary. Sometimes a mix of summary and scheduled input is appropriate. Scheduled information is especially appropriate when planning with production and yields. See “Income/Expenses-Actuals” for a description of each category and what should be included.

The income/expense projection is categorized into four parts:

- **Operating income and expenses**
- **Non-operating, i.e. owner withdrawals, income and social security taxes, non-farm income and expenses**

CAUTION: Projected owner withdrawals must include living expenses and personal debt payments, i.e. credit cards, personal vehicle payments, home mortgage payments, student loans, personal loans, etc. The amount can be entered on the schedules or in the summary. No itemization is required. Ensure that owner withdrawal expenses in historical data converted from the AS/400 FHP system includes non-farm debt payments.

- **Financing, i.e. term and operating advances and operating principal repayments**
- **Capital sales, expenditures, contributions, and withdrawals.**

Current assets and current liabilities can generally be handled in three (3) ways, depending upon the needs of the plan and at the discretion of the FSA loan official:

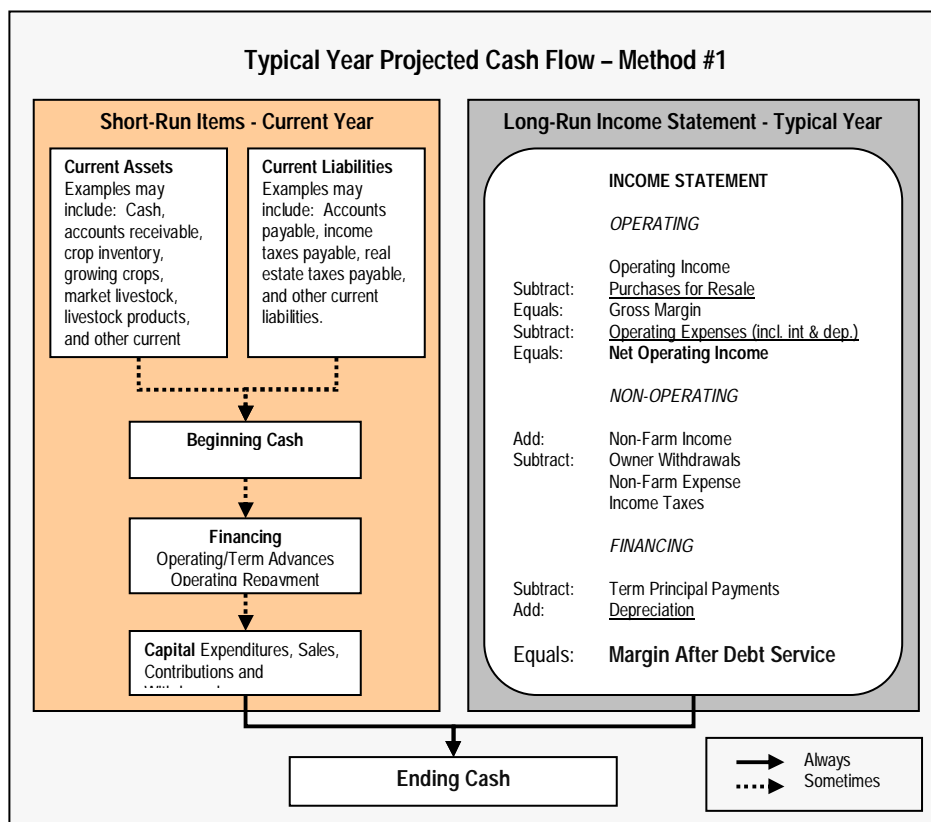

- Do not send to the projection
- Send to or include in the Beg. Cash on Hand schedule of the projection
- Send to the income and expense part of the projection.

Farm Business Plan - FSA User Handbook (Continued)

Typical Projections

A **typical projection** can be created for both short and long-run feasibility decisions. There are generally two ways of creating a projection for a typical year.

Method #1 - Separate Short-Run Items from Typical Year

This method has the following features:

- The cash flow categories included in the **Margin After Debt Service (MADS)** are derived from long-run operations and/or a typical year. If a projection is developed with the income and expenses representing a typical year, a positive MADS means feasibility has been demonstrated in a typical year. In order for the business to be viable in the long-run, it must have a positive MADS.
- The categories contributing to **Ending Cash** may include current assets and inventories, current liabilities and unpaid expenses, current year financing activity, and any net residual from MADS. A positive ending cash position means that the projection is feasible in the current year as well.
- Using this method would eliminate the need for separate typical and annual plans unless entries into the income statement portion of the cash flow are atypical. When including sales of inventory in beginning cash, ensure that those sales are not double counted in operating income.

Farm Business Plan - FSA User Handbook (Continued)

Method #2 - Transfer Current Assets & Payables into Operating

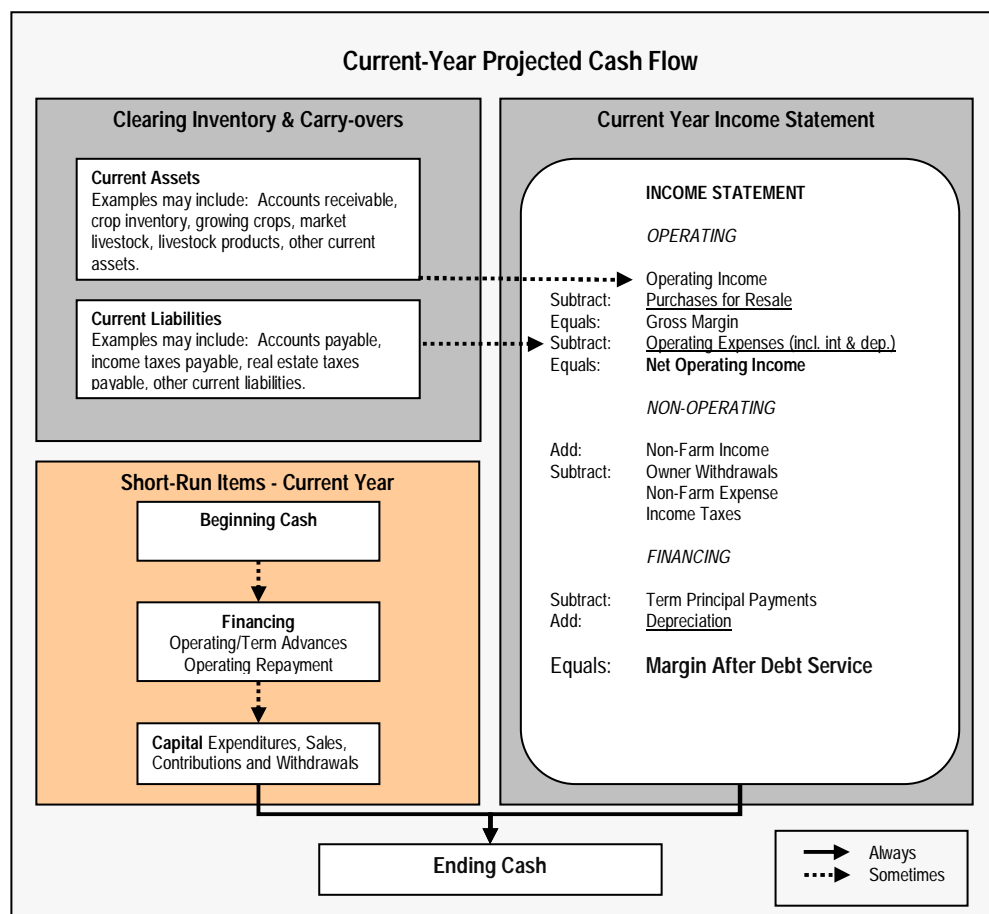

This method has the following features:

- Current asset inventories may be sent to the projected operating income. However, because this is a typical year projection, ensure that the beginning and ending inventories/amounts are about the same.
- Accounts payable, income taxes payable, real estate taxes payable, and other current liabilities may be included in operating expenses. However, ensure that planned expenses are sufficient for the planned revenue and production level.
- Like method #1, a positive **MADS** means feasibility has been demonstrated in a typical year because the projection was developed with the income and expense levels representing a typical year. In addition, a positive **ending cash** position means that the projection is feasible in the current year as well.

Farm Business Plan - FSA User Handbook (Continued)

Current-Year Projections

A **current-year projection** can be created in circumstances where the only concern is short-run feasibility.

A current plan is used to determine short-run feasibility. A positive **ending cash** position means that the projection is feasible in the current year only.

3-15-05

Page 6-10

Farm Business Plan - FSA User Handbook (Continued)

Monthly Cash Flow

Monthly cash flows are sometimes completed to assist in determining the annual operating credit needs from FSA, or revolving line of credit needs from another lender. The Projected Annual Cash Flow and Projected Monthly Cash Flow reports help the user determine the amount of borrowing needs in these circumstances. These reports, by themselves, are not intended to be used to determine feasibility. The use of monthly cash flows is optional.

Setting-up Monthly Projections

When a projection is added or duplicated, the user must designate in the “Monthly CF Setup” drop-down box how many months the projection will cover. Options include a 12, 18, or 24 month projection.

Once the projection is created, enter the projection using either the summary method or the schedule method. However, note the following about the two methods:

Method	Additional Details
Summary	If an inflow or outflow category is entered using the summary method, the total for that category will appear in the last month of the projection and in the total for the period covered by the projection.
Schedule	<p>To plan a cash inflow or outflow category to appear in particular month(s) in addition to the overall total:</p> <ul style="list-style-type: none"> • The amount must be entered at the schedule level. • Once the entire amount planned for the period is entered on the schedule, add that entry to the schedule using the “Add” link. • Depending on the type of category, either 1) the total amount for that entry will either appear as a blue link on the schedule or, 2) a blue link with the abbreviation “Mth” will appear. • Click on the either the blue dollar amount link or blue “Mth” to select which method is used to divide that amount between the projection months. <p>NOTE: Pre-defined ways of dividing amounts between the months are available in addition to custom entries.</p> <ul style="list-style-type: none"> • To plan loan payments and advances, use the blue “detail” link on the Balance Sheet Loan Schedule. Payments are auto-calculated based upon the frequency of payment and next payment due date entered into the loan schedule. These values can be over-ridden using the blue “Mth” link in the loan detail screen.

Page 6-12

Collateral Analysis/Chattel Appraisals

Collateral analysis involves assessing the adequacy of collateral pledged for a loan. It is completed when a loan making or servicing action is completed. Collateral analysis must be completed whenever a Credit Presentation is prepared.

In addition to populating the Credit Presentation, a separate collateral analysis report can be printed that shows the calculations involved in the analysis.

For all direct FSA loans, the default collateral discount factor is **100%**. This must not be changed.

Describing the Collateral Position

The collateral position is usually described in two ways:

Description	Calculation
Margin of Collateral to Loan	$(\text{Amount of collateral} - \text{Prior liens}) \div \text{Total FSA loans}$
Percent Loan to Collateral	$(\text{Total FSA loans} \div (\text{Amount of collateral} - \text{Prior liens})) \times 100$

For new chattel loans, use the **Margin of Collateral to Loan** to determine if the 150% (1.50) security requirement is met.

Chattel Appraisals/Origin of Collateral Values

The values in the collateral analysis are derived from the associated balance sheet summary and schedules. The descriptions and values in the chattel appraisal are derived from the balance sheet schedules.

When a chattel appraisal is completed, enter the appraised values in the balance sheet schedules. For more information on what to do when appraised values are different than those shown on the balance sheet, see “Balance Sheet - When Customer and FSA Balance Sheet Values/Amounts Differ.”

The chattel appraisal can be printed and signed. In the alternative, if the chattel appraisal is completed by the same official recommending/approving the Credit Presentation, the appraisal form does not need to be printed or signed if the “Collateral” section of the Credit Presentation contains a notation that it was appraised, date of appraisal, and that the eSignature stamp of the recommending or approving official represents the person who appraised it. In all adverse actions, the chattel appraisal must be printed and signed. To generate the printed chattel appraisal:

- Enter the values of the chattel property on the corresponding balance sheet schedules
- Update the chattel appraisal information on **Balance Sheet → Chattel Appraisal**
- Print the chattel appraisal from the **Reports → Balance Sheet → Chattel Appraisal** menu, if it is required to be printed and signed.

Farm Business Plan - FSA User Handbook (Continued)

Building the Collateral Analysis

Loans can be grouped together by creditor and what collateral secures their loans. There can be a loan group for each prior lien holder or for all prior lien holders. When FSA loans are cross-collateralized, all FSA loans will be grouped together. Separate FSA loan groups may be necessary when different collateral secures different FSA loans. A description for each loan group is helpful, i.e. "FSA Loans" or "JD Prior Lien."

Loans are added to loan groups by selecting "Add From Loan Schedule." Ensure that proposed loans are included in the appropriate loan group. Do not include loans to be paid off with proposed loans. Any loans marked "refi" in the Loan Schedule are also not included in the collateral analysis.

The scoring and rating checkbox is checked by default.

Other Creditors' Prior Liens

If there are other creditors who have prior liens to FSA, the prior lien loan group must be added before the FSA loan group. One or more prior lien groups can be added, at the user's discretion.

Example: Assume that John Deere Credit is owed \$26,000 secured by a tractor worth \$35,000, and that FSA has a lien on all equipment. All equipment, including that tractor, is worth \$150,000.

Step 1: Add the JD Credit Prior Lien group

Total Collateral Amount \$		35000		% Loan to Collateral		74.29%	

Step 1: JD Credit Prior Lien Loan Group

Farm Business Plan - FSA User Handbook (Continued)

Note that in order to enter the collateral amount belonging to JD Credit, the user must uncheck the “Auto Calc” box and enter the **value of the asset securing that loan**. Even if there is equity left in that asset available to FSA for collateral, enter the value of the asset securing that prior lien in the Collateral Amount box.

Step 2: Add the FSA loan group by adding the FSA loan from the loan schedule. Then add the collateral securing those loans. In this example, even though all equipment is securing the FSA loan, there is only \$124,000 of collateral available for FSA (value of all equipment of \$150,000 – JD Prior Lien of \$26,000 = \$124,000). This amount is calculated automatically and captures any remaining equity in the tractor.

Step 3: Verify Collateral Analysis Summary Page

Farm Business Plan - FSA User Handbook (Continued)

FSA Cross-Collateralized Loans

Sometimes the same assets are collateral for multiple FSA loans. This is called cross-collateralization. In order to correctly show the available collateral, the loan group that has the primary security interest in that asset should be added first.

Example: Assume that FSA has a FO loan with a balance of \$165,000 secured by a first mortgage on a farm worth \$280,000. The farm also serves as collateral for an FSA operating loan.

Step 1: Add the real estate loan group first because it is a lien ahead of the operating loan.

Analysis

Total Loan Amount \$	90000	Margin of Collateral to Loan	2.66
Total Collateral Amount \$	239000	% Loan to Collateral	37.66%

Step 2: FSA Chattel Loans Group

When real estate is selected to be collateral for the chattel loan group, note that even though the farm is worth \$280,000, the amount of collateral for this loan group is only \$115,000. This amount is calculated and represents the difference between the value of the farm (\$280,000) and the FSA FO loan secured by a first lien on the farm (\$165,000).

Step 3: Verify that the overall FSA collateral position is correctly identified in the summary analysis and Credit Presentation.

Farm Business Plan - FSA User Handbook (Continued)

Negative Equity “Upside-down” Prior Liens

Sometimes, other creditors have loans that are undersecured. These loans are sometimes called “upside-down” or negative equity loans. The fact that another lender is undersecured should not adversely affect FSA’s collateral position.

Example: Assume that the customer owes JD Credit \$26,000, secured by a purchase-money interest in a tractor worth only \$19,000. They also have an FSA OL loan with a balance of \$189,000 secured by a first lien on all equipment worth \$275,000, including the tractor. Note that FSA is secured, however, JD Credit is undersecured by \$7,000 (tractor value of \$19,000 – loan balance of \$26,000).

Step 1: Add the JD Prior Lien Group first because it is a lien ahead of the operating loan.

Totals		275000		275000	19000		19000	256000

Save & Stay | Save & [F] | Save & Menu

Analysis

Total Loan Amount \$	26000	Margin of Collateral to Loan	0.73
Total Collateral Amount \$	19000	% Loan to Collateral	136.84%

Step 1: JD Credit Prior Lien Group

When the JD Credit loan is added to the loan group, the loan shows a balance of \$26,000. All machinery and equipment is added as collateral using the “Add Collateral” link. However, only the JD tractor is collateral for this loan. The “Auto Calc” box must be unchecked and the value of the tractor entered as the collateral amount. The tractor is worth \$19,000. When the “Save & Stay” link is clicked, the value of the tractor is deducted from the total of machinery and equipment. Note that no equity from the equipment is used to secure the JD Credit loan. Now, there is \$256,000 of net collateral value (\$275,000 all equipment – tractor of \$19,000) available for the FSA OL loan.

Step 2: Add the FSA chattel loan group. When the “Add Collateral” link is clicked, the “Select Collateral” pop-up box appears. Note that the amount of collateral available is \$256,000 (Value of equipment of \$275,000 – value of tractor secured by prior lien of \$19,000). This amount is automatically calculated. Note that although there is negative equity in the tractor, JD Credit’s adverse collateral position does not impact FSA’s position.

Third-Party Pledges of Security

Sometimes, outside individuals or entities may provide third-party pledges of collateral. Because the customer does not own the collateral, it does not appear on their balance and is therefore not available to be selected when building the collateral analysis. In these circumstances, the collateral pledged by the third party must be manually entered in the loan group that it secures.

Example: Assume that Dad pledges a tractor worth \$15,000 as collateral for an FSA loan. In the FSA loan group, manually add the tractor, description, and value in the text boxes, and click the “Add” link.

Credit Actions

In the FBP system, a Credit Action generates forms and other documentation containing the information necessary to approve, decline, and support a loan making or servicing decision.

There are currently 8 Credit Actions that can be completed:

Credit Action Type	Used For	Type of Forms				
		Farm Assessment	Other	DALR\$ Input Report	Credit Presentation	Security Agreement
D-Loan Making*	Origination of direct loans	Available	Environmental Checklist	N/A	Cred. Pres / Borr. Class.	Available
D-Loan/Sec. Agr. Only	Only a Security Agreement needs to be generated	N/A	N/A	N/A	N/A	Available
D-Loan/Class/LR/YEA Only	Account classification, year-end analysis, limited resource review, and/or graduation review outside of the Credit Presentation	Available	N/A	N/A	Classification/YEA/LR Review	Available
D-Loan/Special Serv.*	Special loan servicing actions, i.e. primary & preservation loan servicing, DSA	Available	Environmental Checklist	Available	Cred. Pres / Borr. Class.	Available
D-Loan/Regular Serv.*	Partial releases of real estate, approval of subordinations, transfer & assumption	Available	Environmental Checklist	N/A	Cred. Pres / Borr. Class.	Available
D-Loan/Eligibility Only	Eligibility determinations outside of the Credit Presentation	N/A	N/A	N/A	Eligibility Only	Available
D-Loan/ Youth Loans	Processing and approving youth loan applications and requests	N/A	Eligibility Only	Available	Youth Loan	Complete Form Manually
D-Loan/ Special Classification	To classify non-active accounts and existing youth loans	N/A	N/A	N/A	Special Classification	N/A

* **NOTE:** In cases where a loan is being made in conjunction with a special servicing request (primary and preservation loan servicing, and DSA), use the D-Loan/Special Serv. Credit Action. In cases where a loan is being made in conjunction with a regular servicing request, use the D-Loan/Regular Serv. Credit Action.

Creating a Credit Action

A Credit Action is created from the **Credit Action → Add/Modify/Delete** menu. Enter a meaningful description of the action in the text box, i.e. “YEA 2/04,” “2005 OL loan-tractor,” “8/04 Rescheduling,” etc.

Credit Action Status

When a Credit Presentation is acted upon, the status of the Credit Action will automatically be updated to indicate it was:

- Approved or Declined
- Recommend Approval or Decline
- Withdrawn
- Pending.

IMPORTANT: After a Credit Action form has been eSigned, lock the form to prevent changes by using **Credit Action → [Credit Action Name] → Lock Forms → [Form Name]**.

3-15-05

Page 8-2

Farm Business Plan - FSA User Handbook (Continued)

Farm Assessment

Initial Farm Assessments and updates must always be entered in General Information. However, because the Farm Assessment is a living document that will change over time, it is important that changes and updates get “frozen” in time when a Credit Action is completed. This serves two important purposes:

- A snap-shot of the Farm Assessment is taken, recorded, and can’t be changed when locked
- The Farm Assessment will be associated with the Credit Action that was completed at that point in time.

CAUTION: Do not make changes to the Farm Assessment from within the Credit Action. All changes and updates must be made within **General → General Information**. Making updates and changes within the Credit Action itself will not transfer the changes in General Information.

To associate the updated Farm Assessment within a Credit Action and lock it:

- Open the Farm Assessment by **Credit Action → [Credit Action Name] → Farm Assmt**
- Click the “update” link
- In the pop-up box, check the box to copy from General Information and select the update link
- Lock the Farm Assessment by **Credit Action → [Credit Action Name] → Lock Forms → Farm Assmt**.

The Farm Assessment can be printed by **Reports → Credit Action**.

IMPORTANT: After a Farm Assessment Credit Action has been created or updated, lock the form to prevent changes by using **Credit Action → [Credit Action Name] → Lock Forms → Farm Assmt**.

Farm assessments, if completed or updated, will be signed and dated by the customer to acknowledge participation in the completion of the document.

See “General Information” and “Electronic File Maintenance, Reports and Signatures” for more information on when a Farm Assessment needs to be printed and/or signed.

3-15-05

Page 8-3

Environmental Checklist

The Environmental Checklist for Categorical Exclusions (Form FmHA 1940-22) is prepared to document the environmental review and concurrence, when required.

To complete the Environment form:

- Open the form by **Credit Action → [Credit Action Name] → Environmental Checklist**
- Select the “Update” link. An Update dialog box will appear. Check only the following boxes and when done, click the update link:
 - General Information
- Complete the remaining portion of the form and answer the applicable questions
- Click the “Signature of Preparer” link to eSign the form
- If the form needs concurrence, the concurring official must click the “Signature of Concurring Official” to eSign the form.

IMPORTANT: After the Environmental form has been created or updated and final concurrence is given to it, when necessary, lock the form to prevent changes by using **Credit Action → [Credit Action Name] → Lock Forms → Environmental**.

See “[Electronic File Maintenance, Reports and Signatures](#)” for more information on when the Environmental checklist needs to be printed and/or signed.

DALR\$ Input Report

A DALR\$ Input Report can be prepared that calculates the financial categories needed to be input into the DALR\$ program for special servicing actions. It also includes the relevant collateral description from the collateral analysis completed in conjunction with a balance sheet.

Once the DALR\$ Input Report is selected from the **Credit Action → [Credit Action Name] → Other - DALR\$ Input Rpt.** menu:

- Select the “Update” link. An Update dialog box will appear. Check the following boxes and when done, click the update link:
 - Ultra Financials
 - Collateral Analysis [Select date of Balance Sheet to use from the drop-down box]
 - General Information.

CAUTION: Do not check the “Farm Assmt” or Environmental check box.

- All calculations will automatically flow from the selected balance sheets and income/expense projections to the report. The **Reports → Reports Setup** menu controls which balance sheets and projections appear in the report. The following dates must be input into the DALR\$ Input Report Credit Action:
 - Proposed Loan Servicing Date
 - Plan Approval Date. This is the date the Credit Presentation was approved.
- The “Completed By” link must be selected to eSign the form.

NOTE: When projections are initially added, a description like “2004-First Year Proj” or “2009-Aft Defrl” will be helpful when selecting them in **Reports → Reports Setup**.

IMPORTANT: After a DALR\$ Input Report Credit Action has been created or updated, lock the form to prevent changes by using **Credit Action → [Credit Action Name] → Lock Forms → DALR\$ Input Rpt.**

See “Electronic File Maintenance, Reports and Signatures” for more information on when a DALR\$ Input Report needs to be printed and/or signed.

Credit Presentation & Classification

A Credit Presentation is prepared to communicate and document a loan making or servicing decision. It encompasses the various aspects of analyzing the financial information, collateral position, eligibility, classification, and the loan narrative. The Credit Presentation should be viewed as the primary loan decision document that contains all relevant information involved in a loan decision.

A Credit Presentation must be prepared and eSigned for the following actions:

- Direct loan making

NOTE: The documentation requirements for youth and lo-doc loans are very low. Therefore, minimal completion of the Credit Presentation is expected according to FSA handbooks.

- Special loan servicing:
 - Primary & preservation loan servicing
 - Disaster Set-Aside
- Regular loan servicing:
 - Partial releases of real estate
 - Subordinations
 - Transfer & Assumption
- Classification/LR Review/YEA
- Eligibility only
- Youth loans
- Special classification.

Completing the Credit Presentation eliminates the need for:

- Loan narrative
- Collateral analysis.

Eventually, the Credit Presentation will also obsolete Form RD 1940-1.

Preparing the Credit Presentation

When a blank Credit Presentation is created, it must be “updated” with certain information from other parts of the FBP system using the “Update” link. An “Update” dialog box will appear and the user must check the following boxes:

- Ultra Financials
- Collateral Analysis [Select the Balance Sheet from which the collateral analysis will be calculated]
- Credit Relationship [Select the Balance Sheet from which the credit relationship information will come from]
- General Information.

CAUTION: Do not check the “Farm Assmt” or “Environmental” box.

Farm Business Plan - FSA User Handbook (Continued)

Continuation

Component	Details
Collateral	<p><u>What is Collateral?</u> Collateral or guarantees are forms of security the customer can provide to secure an FSA loan. If for some reason, the business cannot repay its loan through business operations, there needs to be a second source of repayment. Assets such as equipment, livestock, real estate and in some cases inventory are considered possible sources of repayment if they are liquidated and sold for cash. Both business and personal assets can be sources of collateral for a loan according to FSA handbooks.</p> <ul style="list-style-type: none"> • In the WordPad, describe the adequacy of the collateral. • If the chattel was appraised by the same official recommending/approving the Credit Presentation, the appraisal form does not need to be printed or signed if the “Collateral” section of the Credit Presentation contains a notation that it was appraised, date of appraisal, and that the eSignature stamp of the recommending or approving official represents the person who appraised it. • Answer the security questions with the radio button.
Capacity	<p><u>What is Capacity?</u> FSA must know how the customer intends to repay the loan. Consider the cash flow from the business, the timing of the repayment, and the probability of successful repayment of the loan. Discuss all the assumptions (marketing, pricing, income, production, expenses, withdrawals, etc.) in preparing the farm business plan, the basis for the assumptions, and comparisons to the financial history. Payment history on existing credit relationships--personal and business--is considered an indicator of future payment performance. Also consider contingent sources of repayment, if available.</p> <ul style="list-style-type: none"> • In the WordPad, discuss the repayment capacity of the borrower, and any assumptions used in the income/expense projection. • Answer the questions about limited resource rates with the radio button. See the “<u>Classification/LR Review/YEA</u>” credit action for information on determining if limited resource rates are justified and for ADPS transactions.
Capital	<p><u>What is Capital?</u> Capital is the money the customer has personally invested in the business and is an indication of how much they have at risk should the business fail. Most lenders generally expect some contribution of the customer’s own assets and that they have undertaken personal financial risk in order to establish the business before asking a lender to commit any funding. In addition, many lenders believe if the customer has a significant personal investment in the business they are more likely to do everything in their power to make the business successful. Lack of accumulated net worth could be a danger signal unless the applicant is fairly new. Consider that capital also can:</p> <ul style="list-style-type: none"> • Provide a cushion for repayment in the event having a financial setback. • Indicate an ability and willingness of the customer to save and accumulate assets. • Confirm that the borrower manages his/her financial affairs adequately and within his/her income. <ul style="list-style-type: none"> • In the WordPad, discuss the customer’s capital position which may include their working capital, debt to asset level, and other elements of available capital.
Conditions	<p><u>What are Conditions?</u> Conditions are loan covenants and conditions that are placed upon approval and/or closing. Conditions may also include observations about local and general economic conditions affecting the business.</p> <ul style="list-style-type: none"> • Enter the approval conditions into the WordPad; the radio buttons and date fields should be answered to include additional conditions relating to borrower training, SBA accounts, and hazard insurance.

Farm Business Plan - FSA User Handbook (Continued)

Approving or Declining a Credit Presentation

See “[Electronic File Maintenance, Reports and Signatures](#)” for more information on eSigning and printing reports.

When the recommending and approving official are the same:

- The FSA loan official will use the “Loan Approval” link to approve or decline the plan or credit decision. The user’s eSignature and the date/time stamp will appear on the Credit Presentation. Use the drop-down box to indicate the action taken.
- The approving official must lock the Credit Presentation by **Credit Action → [Name of Credit Action] → Lock Forms → Credit Presentation**.

When the recommending official is different than the approval official:

- The recommending official will use the “Loan Approval” link to recommend approval or denial of the plan or credit decision. The user’s eSignature and the date/time stamp will appear on the Credit Presentation. Use the drop-down box to indicate the recommended action.
- The recommending official will notify the approval official to review the Credit Presentation.
- The approving official will review the Credit Presentation on-line and indicate the approval or denial decision, using the “Loan Approval” link, including any additional approval requirements in the text box. Use the drop-down box to indicate the action taken.
- The approving official must lock the Credit Presentation by **Credit Action → [Name of Credit Action] → Lock Forms → Credit Presentation**.

When a Credit Presentation is acted upon, the status of the Credit Action will automatically be updated to indicate it was:

- Approved
- Declined
- Pending
- Withdrawn

See “[Electronic File Maintenance, Reports and Signatures](#)” for more information on when a Credit Presentation needs to be printed and/or signed.

3-15-05

Page 8-9

Farm Business Plan - FSA User Handbook (Continued)

Classification/LR Review/YEA

A subcategory of a Credit Presentation is the “Classification/YEA/LR Review” model. This model should be completed to document and perform any or all of the following business processes when **not** already documented within a direct loan making, regular loan servicing, or special loan servicing Credit Presentation:

- Classification
- Year-end analysis (YEA)
- Limited Resource (LR) Reviews
- Graduation Reviews.

Preparing the Classification/LR Review/YEA

When a blank Classification/LR Review/YEA credit presentation is created, it must be “updated” with certain information from other parts of the FBP system. Click the “Update” link to copy in information from other parts of the FBP system. An “Update” dialog box will appear and the user must check the following boxes:

- Ultra Financials
- General Information

CAUTION: Do not check the “Farm Assmt” box.

Component	Details																
Balance Sheet, Income Statement, Repayment Capacity	<ul style="list-style-type: none"> • Use the Reports → Reports Setup menu to select which balance sheets and income/expense statements appear in the Credit Presentation. • Use the “Update” link to transfer in the financials. • Ensure that the correct information was transferred into these sections. 																
Classification	<ul style="list-style-type: none"> • Click on “Score Now” to calculate the classification score. • An “Update” pop-up box will appear. Select the balance sheet and income/expense projection from which the classification score will be calculated. • Select the current or post-close balance sheet according to the type of credit action: <table border="1"> <thead> <tr> <th>Type of Credit Action</th><th>Type of Balance Sheet for Classification</th></tr> </thead> <tbody> <tr> <td>Classification/LR Review/YEA Credit Presentation</td><td>Current</td></tr> <tr> <td>Credit Presentation prepared for:</td><td></td></tr> <tr> <td>• D-Loan Making (annual operating loans, excludes youth loans)</td><td>Current</td></tr> <tr> <td>Credit Presentation prepared for:</td><td>Post Close</td></tr> <tr> <td>• D-Loan Making (term loans and combination term & annual loans, excludes youth loans)</td><td></td></tr> <tr> <td>• D-Loan Regular Servicing</td><td></td></tr> <tr> <td>• D-Loan Special Servicing</td><td></td></tr> </tbody> </table> <p>NOTE: These accounts should be classified at the time of credit action approval based upon a post-close balance sheet. The credit action does <u>not</u> have to be closed before the account is classified.</p> • Select the appropriate income/expense projection. • The user’s name and the date/time stamp will appear on the classification. 	Type of Credit Action	Type of Balance Sheet for Classification	Classification/LR Review/YEA Credit Presentation	Current	Credit Presentation prepared for:		• D-Loan Making (annual operating loans, excludes youth loans)	Current	Credit Presentation prepared for:	Post Close	• D-Loan Making (term loans and combination term & annual loans, excludes youth loans)		• D-Loan Regular Servicing		• D-Loan Special Servicing	
Type of Credit Action	Type of Balance Sheet for Classification																
Classification/LR Review/YEA Credit Presentation	Current																
Credit Presentation prepared for:																	
• D-Loan Making (annual operating loans, excludes youth loans)	Current																
Credit Presentation prepared for:	Post Close																
• D-Loan Making (term loans and combination term & annual loans, excludes youth loans)																	
• D-Loan Regular Servicing																	
• D-Loan Special Servicing

Page 8-11

Farm Business Plan - FSA User Handbook (Continued)

Classification Scores

The classification selection under Routine Servicing in Management of Agriculture Credit will no longer be used to classify borrower accounts. The **only** system that will be used to classify borrower accounts will be FBP. Security margin was removed and collateral is no longer considered during the account classification process. The classification process generates the following ratios:

- Liquidity Ratio
- Debt to Assets Ratio
- Return on Assets Ratio
- Term Debt and Capital Lease Coverage Ratio.

NOTE: Click the “detail” link of the borrower classification within FBP for an explanation of how the system calculates scores for each of these ratios.

The FBP system generates the following account classification codes:

Classification Score	Description of Score
1 - Commercial	Commercial classified accounts are FSA’s highest rated direct loan accounts. The debt/asset ratio, cash flow, and general financial health of a commercial-grade farming operation allow it to withstand adverse farming conditions while maintaining loan payments.
2 - Standard	Standard classified accounts are financially sound, cash flow is adequate, and on-time loan repayment is probable.
3 - Acceptable	Acceptable classified accounts are those that present some degree of financial risk. These loans have adequate to marginal security and are generally experiencing some financial stress.
4 – Marginal	A marginal account is one that poses a high degree of financial risk. These loans may or may not be secured and repayment ability is marginal.
5 - Not Classified	Used to classify non-active accounts, such as flagged accounts. In addition, delinquent Youth Loans will be classified as “Not Classified”.

Farm Business Plan - FSA User Handbook (Continued)

Limited Resource Rates

Section 1951.25(b)(3) of RD Instruction 1951-A provides the Farm and Home Plan projections for the coming year must show that the “balance available to pay debts” exceeds the amount needed to pay debts by at least 10 percent before an increase in interest rate is put into effect. Since FBP does not use these figures to determine feasibility, the information that will be used is the **Term Debt and Capital Lease Coverage Ratio**. This ratio is located in the Repayment Capacity/Sensitivity and the Ratios/Indicators Reports within FBP. If the ratio is greater than 110 percent, the interest rate may be increased. All other policies established in RD Instruction 1951-A, such as incremental increases, and the form of borrower notification remain in effect.

3-15-05

Page 8-13

Eligibility Only

A sub-category of the Credit Presentation is the “Eligibility Only” mode. This form should be used:

- To document that an applicant is **ineligible** for FSA loan assistance; **and**
- When a credit presentation will **not** be prepared.

Complete this Credit Presentation by:

- Answering the applicable eligibility questions with the radio buttons.
- Addressing any additional eligibility issues in the WordPad, if needed.
- The “Completed By” link must be selected to eSign the form.

IMPORTANT: After this Credit Action has been created or updated, lock the form to prevent changes by using **Credit Action → [Credit Action Name] → Lock Forms → Eligibility Only**

See “Electronic File Maintenance, Reports and Signatures” for more information on when a Security Agreement needs to be printed and/or signed.

Farm Business Plan - FSA User Handbook (Continued)

Youth Loans

The youth loan credit action model should be used to process application requests for youth loans. This credit action consists of the following:

- Eligibility Only
- Credit Presentation – Youth Loan
- Security Agreement (Completed Manually)
- Environmental Checklist.

Complete this credit action by completing all the above and by e-signing all forms where applicable.

IMPORTANT: After this Credit Action has been created or updated, lock the form to prevent changes by using **Credit Action → [Credit Action Name] → Lock Forms → Credit Presentation – Youth Loan**

See “Electronic File Maintenance, Reports and Signatures” for more information on when this credit action needs to be printed and/or signed.

Other youth loan requirements:

FBP Information

Youth loan applicants are **not** required to provide either FSA 2037 or FSA 2038. A properly completed FSA-2301 should provide all information necessary to process the loan request, including completion of the youth loan credit presentation within the FBP, since most youth loan projects are very simple enterprises. However, FSA-2037 and FSA-2038 may still be requested in individual cases that:

- are unusually complex for a youth loan project
- require additional information for proper analysis.

When required, a loan official will meet with the applicant to provide technical assistance in completing FSA-2037 and FSA-2038.

Farm Assessments

Farms assessments, addressed in FmHA Instruction 1924-B, Section 1924.55 are **not** required for youth loans. However, some discussion of strengths, potential problems, and goals should be included in the narrative section of the youth loan credit presentation.

9-26-07

Page 8-15

Farm Business Plan - FSA User Handbook (Continued)

Loan Classifications

Youth loans will be classified as follows:

- all **new** youth loans will automatically be classified as a '3' by clicking on the Score Now button in the Youth Loan Credit Presentation
- **existing** youth loans will be classified using the Special Classification Credit Action
 - current youth loans will be classified as a '3'
 - delinquent youth loans will be classified as a '5'
- if a youth loan borrower reaches the age of majority **and** subsequently gets a direct OL and/or farm ownership loan, all loans including any outstanding youth loans will be entered into the FBP and classified based upon the financial data collected.

Security Agreement

FBP currently does not capture information needed to complete FSA-440-4A for youth loans; therefore, FSA-440-4A must be completed manually.

See "[Electronic File Maintenance, Reports, and Signatures](#)" for more information on when a Security Agreement needs to be printed and/or signed.

Servicing Youth Loans

Youth loan borrowers who submit a complete application for delinquent loan servicing within the required time frame may be considered for rescheduling or deferral according to FmHA Instruction 1951-S. The CONACT does not provide for limited resource rates, write downs, or buyouts for Youth Loans. In addition, Youth Loans are not eligible to receive Disaster Set-Aside under FmHA Instruction 1951-T.

If a feasible plan cannot be developed with rescheduling or deferral, then liquidation and collection through administrative offset, referral for Treasury Offset Program (TOP) offset, and cross-servicing must be pursued, including offset against any adult cosigner when Social Security numbers of cosigners can be obtained. Cosigner information should be entered into Management of Agricultural Credit software. Any debt remaining after liquidation may be debt settled according to RD Instruction 1956-B or referred to Treasury for collection under TOP and cross-servicing.

9-26-07

Page 8-16

Farm Business Plan - FSA User Handbook (Continued)

Security Agreement

A new Security Agreement can be generated from within any Credit Action model. In addition, a separate Credit Action called “D-Loan/Sec Agr. Only” can be added when only a Security Agreement is desired and no other Credit Action is required.

In the “Update From” dialog box, select the following sources of information:

- Current income/expense projection

NOTE: Chattel information from the balance sheet that has been previously associated with the selected income/expense projection will also be transferred to the Security Agreement. It is important that a beginning balance sheet be associated with an income/expense projection.

- General Information

NOTE: The name and address of the primary customer will always appear on the security agreement. The name(s) and address(es) of related entities and entities that pledge third-party security will also appear on the security if any one of the following boxes are checked in

General → Related Entities → [Entity Name]:

- Spouse
- Co-Applicant
- CoOwner.

CAUTION: Do not check the “Farm Assmt” box

Once the Security Agreement page is displayed, click on the “Update” link to transfer in the source information.

NOTE: By default, all real estate descriptions on the security agreement will be populated from the **Balance Sheet → Assets → Real Estate-Land** and the **Inc/Exp → Expense Sch. → Rent-Land/Animals** schedules. The “To SA” checkbox in those schedules may be unchecked to stop the transfer of real estate descriptions to the security agreement.

The table below outlines additional information to be entered into the Security Agreement page.

Field	Details
Security Agreement Date	Effective date of the Security Agreement.
Equipment States and Livestock States	Enter the name of the state(s) where the applicable chattel property is located. For example: Wisconsin, Illinois, and Iowa.
Fixtures	Enter a description of fixtures, etc. taken as collateral, if any.
Accounts, deposit agreements, general intangibles, etc.	Enter additional information about specific accounts, contract rights, general intangibles, etc., as required by state handbooks, if any.

See “Electronic File Maintenance, Reports and Signatures” for more information on when a Security Agreement needs to be printed and/or signed.

Farm Business Plan - FSA User Handbook (Continued)

Special Classification

All accounts still having loan balances with FSA shall be classified through FBP. This includes non-active accounts such as flagged accounts, where FSA cannot obtain current financial or production information for a producer. In addition, existing Youth Loans need to be classified in FBP.

To complete a classification on a non-active account or an existing Youth Loan, the General Information screen must be completed. For additional information related to completing the General Information screen, see page 3-1.

IMPORTANT: The FBP Account Type flag on the General Information screen needs to be marked as Special Classification when classifying a non-active account. Existing youth loans will remain as an Active Account.

Create a Credit Action using the D-Loan Special Classification Credit Action Model. Select the Special Classification Credit Presentation link.

The screenshot shows the 'Special Classification' screen with the 'General Information' tab selected. The form contains the following fields and values:

General Information	
Credit Action Description	special Classification
Individual Name	Steven Rubin
Company Name	Rubin
Address 1	
Address 2	
City, State, Zip	
SSN / Federal Tax I.D. #	112-00-0000 1
Entity Type	Individual
Type of Operation - Primary	Description: SIC: NAICS:
Year Started Farming	Select Year ▼
% of Business Owned?	0 %
Contact Phone	
FSA Security Margin = FSA Collateral - Prior Liens - FSA Loans FSA Security Margin: -5,600 % of FSA Loss = FSA Security Margin / FSA Loans % of FSA Loss: 3.6	

A callout box points to the bottom section of the form with the following text:

FSA Security Margin and % of FSA Loss field entries will be calculated by the user and then directly entered. FSA Security Margin could be entered either as a positive or negative value. % of FSA Loss is entered as a positive value, such as 3.6 for 3.6 percent loss.

To complete the Special Classification page, manually calculate the estimated FSA Security Margin by estimating the value of FSA's total collateral minus prior liens and minus FSA's total loans. This value shall be entered in the provided field as either a positive or negative number. To calculate the % of FSA Loss take the FSA Security Margin (if negative) divided by FSA total loans. All non-active accounts (flagged accounts) and existing delinquent Youth Loans will be classified as '5', "Not Classified" by selecting that item from the "Assigned classification level" drop-down list. To complete the process, click on the Score Now button. For existing current Youth Loans, enter '3', Acceptable.

Farm Business Plan - FSA User Handbook (Continued)

Special Features

eNotice

This feature allows you to e-mail other FBP users from within specific areas of FBP. The e-mail that is generated will contain a link to the program area you are in -- at the time you send the e-mail -- so the recipient can access that information and provide the applicable response to your eNotice. While working on a specific section of the plan, the user can generate an e-mail to FLC or FSL for them to review the same section and answer any questions related to the development of the plan.

Click on this icon to start the eNotice feature.

9-26-07

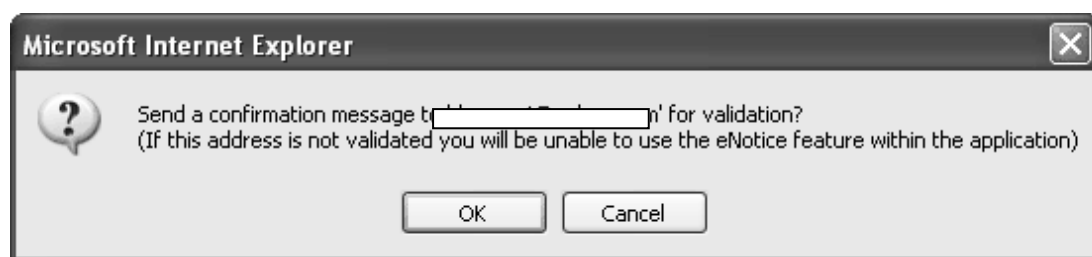

Page 9-1

Farm Business Plan - FSA User Handbook (Continued)

The first time you access the eNotice feature, the prompt below will be displayed. CLICK "OK" to continue the validation process. Double-check to ensure that your e-mail address is correct.

The following series of messages will then display.

After clicking "OK" on the above message, close the eNotice window, log out of FBP and close your browser window.

NOTE: This is a "one time" process for validating your e-mail and providing you access to the eNotice feature of FBP. The only time you will ever have to go through the validation process again is when/if you ever change your e-mail address.

Farm Business Plan - FSA User Handbook (Continued)

After you close out the eNotice and browser windows, access your e-mail to view the confirmation e-mail message that has been sent to you. It will display a message like the one below where you will click the "[Click here to validate](#)" link.

Subject: Web Equity email validation

After you click on the link below to validate the email address, you may close this email message and return to the Web Equity Manager application.

[Click here to validate](#)

This will automatically open a browser window for you to log back into FBP. Return to the customer record you were in and the location you were at, when you clicked on the eNotice icon the first time. Click on the eNotice icon to re-enter the eNotice feature.

When you enter the eNotice window, a standard e-mail window will automatically display like the sample below. The message will contain a link to the section of FBP you are working in, so the recipient can view what you want them to view. Add any additional information in the message. You can also modify the subject line.

The screenshot shows a 'Mail -- Web Page Dialog' window. It has a 'New message' header. The 'Priority' is set to 'Normal'. The 'From' field is partially filled with 'D'. The 'To...' and 'Cc...' fields are empty. The 'Subject' field is 'Web Equity Manager eNotice'. Below the fields is a rich text editor with a toolbar containing icons for text formatting (bold, italic, underline, etc.) and alignment. The text area contains the message: 'Click below to view customer data (you must have a valid Web Equity login)' followed by a link: 'General Information - Doe III, Chris P > Credit Action > 2005 Renewal'. At the bottom right are 'Send', 'Print', and 'Cancel' buttons. The status bar at the bottom shows the URL 'http://test.onlinequity.com/filemanager/frnSendMail.aspx?c=24105&u=60&rt=Credit' and a 'Trusted sites' icon.

Farm Business Plan - FSA User Handbook (Continued)

You can automate the choosing of individuals to e-mail eNotices to by clicking on the "To.../CC..." text below the "From:" field. Doing so will display the window below. Simply click the magnifying glass icon and the system will automatically display the list of valid e-mail addresses in the FBP. This will save you time typing in individual e-mail addresses.

Farm Business Plan - FSA User Handbook (Continued)

Track Link

Click on this link to view all the users that have accessed this particular credit action. This link is used on individual accounts and credit actions. Once in the desired account click on Credit Action from the menu bar and then click on Add/Modify/Delete from the drop down menu. Each credit action listed will have “Track” on the far right column. The link will provide information related to the selected credit action and will show all users who have accessed the credit action.

The Credit Action does not track saves. It only tracks the following events:

Add
Lock
Replace
Score Now
Unlock
Update.

Letters

This feature allows users to generate ad hoc letters to the producer. These letters are not to be used as a substitute for specific letters to producers required by handbooks or instruction manuals. Letters could be sent for additional information or to resolve questions when developing the balance sheet or income expense schedules.

From the producer’s FBP account select Letters from the menu bar. Users have the option to generate letters for General Correspondence or for Related Entities. The name and address will populate the letter from the General Information screen. Clicking on the Add link will provide the text box to type the body of the letter.

It is required to print the letters using your Service Center letter head paper. Ignore the Balance Sheet Date, Income & Expense Date and Credit Report Date drop down boxes, they are not available for FSA use.

Getting Help

For help using the FBP software, select the “eHelp” option from the upper right hand menu of the FBP screen or consult this user guide. For questions about issues not available on-line or in the user guide, field office employees should contact their FBP Coordinator. References to “FBP Coordinator” include state and field FBP Coordinators, as appropriate.

Hardware, network, and CCE software issues are routed through the National FSA Help Desk. FBP software issues are routed to ECI. Policy issues are handled by the FBP Coordinator.

Examples of who to contact:

Type of Issue or Question	Field Offices Should Contact	Second Level of Support
<i>Hardware/Network/CCE Software</i>		
eAuthentication or user ID problems; add users; password problems or expired passwords; security levels	FBP Coordinator	<ul style="list-style-type: none"> • FBP systems administrator for granting access. • FSA Help Desk 800-255-2434 – Option 5 for security.
Network or connection problems; can't connect; system performance	FBP Coordinator	If isolated to one site, contact state IT staff. If affecting multiple sites, contact FSA Help Desk 800-255-2434 – Option 3, then 4
Java or Crystal Reports applet installations	FBP Coordinator	State IT Staff
<i>Web Equity Manager Software or Farm Business Planning Policies</i>		
Overall usage of FBP; menu structure; printing reports; setting-up customers	FBP Coordinator	<ul style="list-style-type: none"> • FSA Help Desk 800-255-2434 – option 3 then 4 • ECI 800-264-0787 ext. 5
“How to” questions	FBP Coordinator	<ul style="list-style-type: none"> • FSA Help Desk 800-255-2434 – option 3 then 4 • ECI 800-264-0787 ext. 5
Importing/exporting data	FBP Coordinator	<ul style="list-style-type: none"> • FSA Help Desk 800-255-2434 – option 3 then 4 • ECI 800-264-0787 ext. 5
Moving service centers in the location hierarchy, redistricting, etc.	FBP Coordinator	<ul style="list-style-type: none"> • FSA Help Desk 800-255-2434 – option 3 then 4 • ECI 800-264-0787 ext. 5
Setting-up access to employee-only & restricted accounts	FBP Coordinator	<ul style="list-style-type: none"> • FSA Help Desk 800-255-2434 – option 3 then 4 • ECI 800-264-0787 ext. 5
“Checking-in” a customer record that has been checked-out by another user	FBP Coordinator	<ul style="list-style-type: none"> • FSA Help Desk 800-255-2434 – option 3 then 4 • ECI 800-264-0787 ext. 5

FBP Forum

In addition to live support, users also have access to a FBP forum. A national FSA forum is available, in addition to a forum for each state to use. The FBP coordinator in each state is a forum moderator. The forum is located at <http://fbpforum.onlineequity.com>.

E-Mail Help

E-mail help is also available by e-mailing the parties above. Help for unresolved issues is available from ECI at support@eci-equity.com. In the e-mail, please include:

- Specific question or problem
- Your name
- Your location
- Your phone number and extension

Farm Business Plan - FSA User Handbook (Continued)

Glossary of Terms

Term	Definition
Ag or Farm Debt	Any debt incurred for which the majority was for farm or ag related purposes.
eAuthentication	The system used to authenticate and authorize users of USDA web-based applications. Previously referred to as "WebCAAF."
Ending Cash	MADS + beginning cash + operating and term loan advances – operating principal repayment – capital expenditures + capital sales + capital contributions – capital withdrawals
eSignature	An electronic signature that conforms to the ESIGN act. An eSignature requires electronically authenticating the user, and using an unalterable signature that contains a date and time stamp.
FBP	Farm Business Plan. The FBP document, at a minimum consists of a balance sheet with schedules, and income/expense trends with projected cash flow schedules.
Loan Group	A term used in collateral analysis. A group of loans grouped together by creditor and the collateral that secures those loans.
Margin After Debt Service (MADS)	Operating income – purchases for resale – operating expenses including interest and depreciation + non-farm income – owner withdrawals – non-farm expense – income taxes – term principal payments + depreciation
NAICS	North American Industry Classification System. Most government and commercial businesses have moved toward NAICS as a way of classifying U.S. and Canadian businesses based upon a standardized coding system.
Personal or Non-Farm Debt	Any debt incurred for which the majority was for non-farm purposes.
PLAS	Program Loan Accounting System
Post Close Balance Sheet	A balance sheet prepared assuming that the planned loan making or servicing transaction has just taken place.
Pro-Forma Balance Sheet	A balance sheet prepared assuming that the projected plan year has taken place and all assumptions in that plan occurred.
Regular Loan Servicing	Loan servicing actions including subordinations, partial releases of real estate, transfer and assumptions, etc.
Scheduled Input	A method of inputting data into FBP where details are entered and the total of the details are transferred to the summary.
SIC	Standard Industry Classification. This classification system is being phased out in favor of NAICS.
Special Loan Servicing	Loan servicing actions that are identified as 1951-S primary and preservation loan servicing, and Disaster Set-Aside.
Summary Input	A method of inputting data into FBP where detailed information is not used.
Term Debt and Capital Lease Coverage Ratio (TDCLCR)	(Net farm income from operations + non-farm income + depreciation + interest on term debt – income taxes – owner withdrawals – non-farm expense) ÷ Total principal and interest on term debts. TDCLCR is sometimes referred to as "Capital Debt Repayment Capacity" or "CDRC" by FSA and other lenders.
WEM	Web Equity Manager, the software used to generate the FBP.

FLP Rates

A Interest Rates for FLP's

--The following table provides interest rates for FLP's as of May 1, 2008.--

Loan Type	Current Rate (%)	Date Set
Rural Housing – Farm Loan Purposes	5.375	3/1/08
Operating	*--3.125	5/1/08--*
Operating – Limited Resource	5.00	12/1/90
Farm Ownership	*--5.00	5/1/08--*
Farm Ownership – Limited Resource	5.00	4/1/86
Farm Ownership – Beginning Farmer Down Payment	4.00	4/1/86
Farm Ownership – Joint Financing	5.00	3/24/97
Soil and Water	*--5.00	5/1/08
Soil and Water – Limited Resource	5.00	7/1/92
Recreation – Individual	*--5.00	5/1/08
Farmer Program – Homestead Protection	5.00	5/1/08
Shared Appreciation Amortization	4.00	5/1/08
Softwood Timber Loans	5.00	5/1/08
Economic Emergency – Operating	3.125	5/1/08
Economic Emergency – Real Estate	5.00	5/1/08--*
Emergency – Amount of Actual Loss	3.750	1/25/94
Emergency – Major Adjustment: Subtitle A Purpose (Excess of Loss)	7.625	3/1/08
Emergency – Major Adjustment: Subtitle B Purpose (Excess of Loss)	*--6.875	5/1/08
Emergency – Annual Production	6.875	5/1/08
Nonprogram - Chattel Property	6.875	5/1/08--*
Nonprogram - Real Property	7.625	3/1/08
Apple Loans	*--1.875	5/1/08
Association – Grazing	5.00	5/1/08
Association – Irrigation and Drainage	5.00	5/1/08--*
Indian Land Acquisition	5.00	2/1/91

Publication 622, which provides amortization tables and financial basic payment tables, is available from MSD Warehouse. To request Publication 622, complete FSA-159, available at <http://165.221.16.90/dam/ffasforms/forms.html>, and submit it by 1 of the following methods.

- FAX to 816 363-1762
- e-mail to **ra.mokansasc2.kcasbwhse**
- mail to:

USDA/FSA/Kansas City Warehouse
9240 Troost Ave
Kansas City MO 64131.

FLP Rates (Continued)

B Treasury Rates

The following table provides the applicable Treasury rates.

Treasury Rates	Current Rate (%)	Date Set
90-Day Treasury Bill	*--1.5	5/1/08
Treasury Judgment Rate (see Note)	1.63	5/1/08--*

Notes: The 90-Day Treasury Bill rate is entered in DALR\$ as the “Discount Rate” and is used to calculate present value and net recovery value.

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961). The rate is based on the weekly average 1-year CMT yield published by the Federal Reserve System, Board of Governors. The rate shown is the most current rate posted to the Federal Reserve web site and is dated the *--week ending April 4, 2008. The actual judgment rate is the rate for the calendar week--* preceding the date the defendant becomes liable for interest. Access the Federal Reserve web site www.federalreserve.gov/releases/H15/current for the weekly average 1-year CMT yield.

C Historical 90-Day Treasury Bill Rates

The following table provides the historical 90-day Treasury bill rates.

Effective Date	Rate (%)	Effective Date	Rate (%)
December 1, 1988	7.500	December 1, 1990	7.500
January 1, 1989	7.875	January 1, 1991	7.375

Program Authority to Request Contract Services and Make Noncontractual Payments - Recoverability of PLCE's - FLP's
(Continued)

- Notes:**
- 1) Includes cost reimbursement.
 - 2) An employee does not need a Contracting Officer warrant to process noncontractual payments.
 - 3) These activities are applicable for response actions conducted pursuant to the Comprehensive Environmental Response Compensation and Liability Act, Resource Conservation and Recovery Act, and Toxic Substance Control Act or State laws governed by these statutes. All response actions shall be conducted by environmental professionals.
 - 4) These activities refer to due diligence investigations conducted to evaluate real property for the presence of contamination in loan processing/servicing activities.
 - 5) These activities are conducted on inventory properties and refer to pre-remedial and remedial actions conducted pursuant to environmental statutes listed in Note 3.
 - 6) These activities may be conducted on custodial property to protect the Agency's security interest.
 - 7) For auctioneer services District (D) and County (C) program authority is limited to \$15,000 per property for auctioneer services; Administrator (A) and State Executive Director (S) have no limit.
 - 8) Servicing activities should be charged as a recoverable cost, except when a State supplement based on the State law and an opinion from the Regional Attorney provides otherwise.
 - 9) Use for UCC recording and filing in situations when funds have been collected from the applicant or borrower and remitted with Miscellaneous Code 36 or 38 (Ref 3-FI, Exhibit 5), to pay the Secretary of State or third party processors monthly invoices, or to replenish prepaid accounts. (F1NE, F2NE)
 - 10) Use for UCC recording and filing in situations when funds have not been collected from the borrower, to pay the Secretary of State or third party processors monthly invoices, or to replenish prepaid accounts. (F2N5)
 - 11) For appraisals completed in homestead servicing use (F2ND). Co-Pay/Homestead appraisals are not authorized for inventory property. (For inventory property use F5B1.)

Column (a) - Authorities: A = Administrator; S = State Executive Director; D = District Director; C = Farm Loan Manager; Blank = No Authority

Column (b) - Recoverability: N = Nonrecoverable; R = Recoverable; Blank = No Authority
