Part 1 Introduction and Purpose

1 Purpose and Sources of Authority

A Handbook Purpose

[7 CFR 761.1(d)] This part describes the Agency's general and administrative policies for its guaranteed and direct Farm Loan Programs. In general, this part addresses issues that affect both guaranteed and direct loan programs.

This handbook is designed to assist FSA in understanding:

- general and administrative regulations governing FLP's
- roles and responsibilities in implementing those regulations and other general and administrative responsibilities.

B Sources of Authority

The sources of authority for this handbook include:

- 7 CFR Part 761 and other regulations that may be referenced throughout this handbook
- the various laws and statutes passed by Congress, including CONACT.

C Regulation References

Text in this handbook that is published in the CFR is printed in **bold** text. The CFR citation is printed in brackets in front of the text. The references and text:

- are intended to highlight the requirement spelled out in CFR
- may be used to support FSA adverse decisions.

*--D FLP Objectives

7 CFR Parts 761 through 767 set forth FSA's regulations for FLP's. **The objective of these programs is to provide supervised credit and management assistance to eligible farmers to become owners or operators, or both, of family farms, to continue such operations when credit is not available elsewhere, or to return to normal farming operations after sustaining substantial losses as a result of a designated or declared disaster. These regulations apply to loan applicants, borrowers, lenders, holders, Agency personnel, and other parties involved in making, guaranteeing, holding, servicing, or liquidating such loans. The programs are designed to allow those who participate to transition to private commercial credit or other sources of credit in the shortest period of time practicable through the use of supervised credit, including farm assessments, borrower training, market placement, and borrower graduation requirements.--***

C State Supplements

See Exhibit 4 for State supplements required by this handbook. SED's are authorized to issue State supplements to this handbook in addition to State supplements listed in Exhibit 4.

Note: Additional State supplements may:

- **not** be issued to simply state verbatim, policies already established in the national handbook
- be issued:
 - when the national handbook does not provide complete guidance
 - to provide additional guidance for employees with limited experience
 - when State law requirements are not specifically addressed in the national handbook.

SED's shall:

- issue required supplements, and any additional supplements, according to 1-AS, paragraph 216
- obtain approval of State supplements according to 1-AS, paragraph 220
- ~~submit for prior approval State supplements requiring the use of State-modified national forms and State-created forms~~

Exception: State-specific FSA-2029's do not require issuance of State supplement.

- follow guidance in subparagraph 3 H for clearance of State modified national forms and State-created forms.~~.*~~

3 FLP Forms

A Form References

--Except as provided in this paragraph, this handbook references forms according to the forms numbering system that became effective December 31, 2007. Forms executed before-- December 31, 2007, may have a number different from that referenced. See Exhibit 5 for a comparison of form numbers before and after December 31, 2007.

Note: See Exhibit 1 for titles of forms referenced in this handbook.

With the exception of FSA-2510, FSA-2512, and FSA-2514, form numbers are not referenced in CFR (**bold**) text. CFR refers to forms by either:

- the common name of the form

Example: CFR may state “a promissory note” instead of stating “FSA-2026”.

- purpose or the information collected.

Example: CFR may state “a conservation contract” instead of stating “FSA-2535”.

This handbook may refer to the following forms by title and/or form number.

Form Number	Form Title
FSA-2026	Promissory Note
FSA-2543	Shared Appreciation Agreement

B FSA-2029

All references to FSA-2029 within this handbook are intended as a reference to the applicable State-specific Mortgage or Deed of Trust. State-specific Mortgages or Deeds of Trust are available on the FFAS Employee Forms/Publications Online Website at <http://intranet.fsa.usda.gov/dam/ffasforms/forms.html> and are numbered FSA-2029 “ST”.

Notes: “ST” represents the appropriate State acronym.

SED is not required to issue a State supplement for the State-specific version of FSA-2029.

C Notary Acknowledgement

Forms do not include preprinted text for the Notary Acknowledgement because numerous States have State-specific laws establishing required text. Therefore, a fillable text area is provided under the “Acknowledgement” heading. SED’s shall issue State supplements providing the appropriate Notary Acknowledgement text to be inserted.

3 FLP Forms (Continued)**D Applicant and Borrower Signatures**

Forms completed by applicants or borrowers include a signature box to accommodate multiple signatures. Separate signature lines are not provided because the number of signatures required for an entity applicant or borrower cannot be determined in advance. Instructions for completing forms will provide guidance to applicants or borrowers on signature requirements.

Forms prepared by FSA for the applicant or borrower's signature include a fillable area instead of preprinted signature lines. County Offices shall insert a signature line and the name of each applicant, borrower, entity member, or other individual required to sign the form.

SED's shall issue a State supplement addressing State-specific signature requirements.

***--E State-Modified National Forms**

State and County Offices shall use national forms unless their use is prohibited by State law. In such cases, the State Office may modify the national form. Follow guidance in subparagraph H for obtaining clearance for State-modified national forms.

Note: State-modified national forms based on national forms will be made available on--* the FFAS Employee Forms/Publications Online Website at **<http://intranet.fsa.usda.gov/dam/ffasforms/forms.html>** with the same form number as the national form, followed by the State acronym.

3 FLP Forms (Continued)

F State-Created Forms

State Offices may create forms, as necessary, when a national form is not available. State-created forms shall be assigned a 5-digit number establishing linkage to the appropriate FLP handbook, followed by the State acronym, according to the following.

IF the form pertains to...	THEN the form number shall be...
more than one FLP handbook	FSA-2000-1 ST, FSA-2000-2 ST, FSA-2000-3 ST, etc.
1-FLP	FSA-2100-1 ST, FSA-2100-2 ST, FSA-2100-3 ST, etc.
2-FLP	FSA-2200-1 ST, FSA-2200-2 ST, FSA-2200-3 ST, etc.
3-FLP	FSA-2300-1 ST, FSA-2300-2 ST, FSA-2300-3 ST, etc.
4-FLP	FSA-2400-1 ST, FSA-2400-2 ST, FSA-2400-3 ST, etc.
5-FLP	FSA-2500-1 ST, FSA-2500-2 ST, FSA-2500-3 ST, etc.
6-FLP	FSA-2600-1 ST, FSA-2600-2 ST, FSA-2600-3 ST, etc.
--7-FLP	FSA-2700-1 ST, FSA-2700-2 ST, FSA-2700-3 ST, etc.--

Notes: “ST” represents the appropriate State acronym.

Before using State-created forms imposing information collections on 10 or more--* persons per year, State Offices shall work with the National Office to obtain OMB approval.

State-created forms will be made available on the FFAS Employee Forms/Publications Online Website at
<http://intranet.fsa.usda.gov/dam/ffasforms/forms.html>--*

G Other Sources of Forms

FSA does not provide forms that establish an agreement or contract between applicants/borrowers and third parties only, such as leases. Advise applicants/borrowers to obtain such forms from other sources, such as Extension Service, on-line services, attorney, etc.

3 FLP Forms (Continued)

***--H Clearance of State-Modified National Forms and State-Created Forms**

The following provides guidance on obtaining approval of State-modified and State-created forms.

Instrument	State Office Action	National Office Action
New State-modified and State-created forms.	<p>In SDMS, submit the following for prior approval:</p> <ul style="list-style-type: none"> State supplement that requires using the form <p>Note: Submit separately all the State supplements for forms in the 2000 series.</p> <ul style="list-style-type: none"> electronic or scanned copy of National or State-created form, providing modifications needed revised instructions for completion for National form, if applicable; or instructions for completion for State-created form. <p>Notes: Include margins, font size, and any other specific requirements for forms that will be filed.</p> <p>State-obtained OGC approval of form may be requested during National Office review.</p>	<ul style="list-style-type: none"> Coordinate the development of the form with the appropriate National Office area. Review and ensure nondiscrimination, privacy act, and public burden statements are included, as needed. Send proposal to State for approval. Coordinate uploading form and instructions for completion to http://intranet.fsa.usda.gov/dam/ffasforms/forms.html when state supplement is approved.
Existing State-modified and State-created forms	<p>In SDMS, submit the following for prior approval:</p> <ul style="list-style-type: none"> electronic or scanned copy of form indicating needed changes electronic or scanned copy of instructions for completion, as needed State supplement that requires using the form, only if changes are needed. 	<ul style="list-style-type: none"> Review and ensure that current nondiscrimination, privacy act, and public burden statements are included, as needed. Send proposal to State for approval. Coordinate uploading form and instructions for completion to http://intranet.fsa.usda.gov/dam/ffasforms/forms.html.

Part 2 FLP Authorities

21 Overview

A Purpose

This Part provides information and guidance on:

- FSA's authority to administer FLP
- delegating loan approval, loan servicing, and appraisal authorities
- redelegating SED authority
- maximum loan approval authority by grade and position
- maximum loan limits.

B Program Authority

CONACT, Section 339 provides the Secretary of Agriculture authority to issue regulations and make delegations of authority as necessary to administer FLP. The Secretary delegated FLP authorities to the Under Secretary for FFAS in 7 CFR 2.16. The Under Secretary further delegated these authorities to the FSA Administrator in 7 CFR 2.42. The Administrator delegates authorities to SED's, as applicable.

[7 CFR 761.1] (a) The Administrator delegates the responsibility to administer Farm Loan Programs of the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) to the Deputy Administrator for Farm Loan Programs subject to any limitations established in 7 CFR 2.16 (a) (2) and 7 CFR 2.42.

***--(b) The Deputy Administrator:**

(1) Delegates to each State Executive Director within the State Executive Director's jurisdiction the authority, and in the absence of the State Executive Director, the person acting in that position, to act for, on behalf of, and in the name of the United States of America or the Farm Service Agency to do and perform acts necessary in connection with making and guaranteeing loans, such as, but not limited to, making advances, servicing loans and other indebtedness, and obtaining, servicing, and enforcing or releasing security and other instruments related to the loan. For actions that do not result in a loss to the Farm Service Agency, a State Executive Director may redelegate authorities received under this paragraph to a Farm Loan Chief, Farm Loan Specialist, District Director, Farm Loan Manager, or Senior Farm Loan Officer, Farm Loan Officer, Loan Analyst, Loan Resolution Specialist, or Program Technician.

(2) May establish procedures for further redelegation or limitation of authority.--*

CONACT, Section 376 provides the Secretary of Agriculture authority to use CED's to make and service FLP loans to the extent CED's have been trained to do so.

22 General Delegation Requirements

A General Provisions

The following general provisions apply to FLP delegations of authority.

- SED shall consult with FLC before issuing, revising, or revoking delegations of authority.
- Authority should be delegated to the lowest level possible, consistent with employee training and experience, program requirements, and available resources.
- All delegations of authority must be in writing; the format provided in subparagraph B may be used.

Note: When a delegation is made to a specific individual, a specific memorandum must be sent to that person, with copies maintained in the appropriate files. However, if SED delegates a position, such as “All DD’s” or “All FLP Specialists”, then a State Supplement to the handbook should be issued establishing the delegation. Only positions should be used and not individual names.

- An employee who has been delegated an authority listed in Exhibit 7, may not redelegate their authority to another employee.

Note: This does not apply when designating acting officials.

- Once authority is delegated, it is retained until revised or revoked according to subparagraph C.

Notes: See subparagraph 27 A for information about the impact of a change in grade or position on loan approval authority.

A new delegation of authority is not required when SED, FLC, or FLM who issued the original delegation changes. The new SED, FLC, or FLM may modify delegations according to subparagraph C.

- *--Delegated authority for procurement of appraisal services is obtained from the AMD Director. The AMD Director may revoke the delegation.--*

22 General Delegation Requirements (Continued)

B Sample Delegation Letter

The following letter may serve as a template for delegating authority.

<p>To: Name Title</p> <p>Subject: Delegation of Authority</p> <p>In my authority as (Title of Delegator), I hereby delegate to you the following authority(ies):</p> <ul style="list-style-type: none"> • _____ • _____ • _____. <p>This/these delegation(s) will continue until revoked or revised in writing.</p> <p>(Signature)</p> <p>(Title)</p> <p>(Date)</p> <p>cc: State Office (2 copies)</p>

C Revising and Revoking Delegated Authority

SED, FLC, or FLM may revise or revoke any authority they have delegated to an employee as justified by the employee's performance and need for the authority. FLM or FLC may not revise or revoke any authority delegated by SED. Any revision or revocation of authority must be in writing. When an individual's authority is reduced or revoked, the employee must be given specific reasons for the action.

*--D Delegation of Authority for APOC

APOC delegation is provided according to subparagraph 141 J.--*

23 State Office and Service Center Authorities

A Overview

FSA's decisions to approve or reject a loan or servicing request have broad implications for the applicant or borrower and FSA. These decisions affect the applicants' lives, the achievement of program objectives, and FSA's risk exposure. Therefore, it is imperative that certain authorities be limited to those employees who have met the training and experience requirements and have been formally delegated authority.

B State Office Employees

FLP authorities, except those in Exhibit 7, subparagraph A, are inherent to the position for FLC, FLS, and DD. FLC may delegate authorities in Exhibit 7, subparagraph B to AS, LOA, or LRS, who have demonstrated experience and have received adequate training.

C Service Center Employees

FLP authorities, except those in Exhibit 7, subparagraph A, are inherent to the positions of FLM and SFLO. FLM and SFLO may delegate authorities in Exhibit 7, subparagraph B to FLO, LOA, or PT.

Authorities listed in Exhibit 7, subparagraph B may be delegated to other Service Center employees, if necessary, based on the State organizational structure, as follows:

- FLM, in consultation with CED, may delegate authorities to CO PT's
- SED, in consultation with FLC, may delegate authorities to CED's who are deemed by them to have demonstrated experience and have received adequate training.

***--Note:** FLOT's are FLO's in training, therefore, may be delegated authorities according to Exhibit 7 as proficiencies are demonstrated. Caution should be taken, however, not to overburden FLOT's with duties not associated with their current position.--*

23 State Office and Service Center Authorities (Continued)

D Acting Officials

Acting officials, other than SED, have the inherent authorities of their regular position and the inherent authorities of the acting position, unless otherwise restricted on the designation document. An acting designation does not increase an employee's loan approval authority. *--However, SED may increase the loan approval authority of FLO-GS-11 who is acting FLM for an extended period of time, because of a vacancy or illness, to that of FLM-GS-11 or FLM-GS-12 level, if justified by the employee's performance and FSA's need.

The loan approval authority for employees temporarily promoted, according to 3-PM, paragraph 47, will increase for the duration of the temporary promotion.--*

Acting SED is authorized to approve:

- loans up to the maximum limits established in subparagraph 29 D
- actions which will result in a loss to the Government.

Note: The acting FLM will be designated according to 16-AO, subparagraph 287 E.

The following letter may serve as a template for designating acting officials.

<p>To: Name Title</p> <p>Subject: Delegation of Authority</p> <p>You are hereby designated to serve as Acting (Title of Delegator), from (Starting Date) to (Ending Date). I hereby delegate to you all rights, privileges, and powers of the position (except the following:</p> <ul style="list-style-type: none"> • _____ • _____ • _____.) <p>(Signature)</p> <p>(Title)</p> <p>(Date)</p> <p>cc: State Office (2 copies)</p>
--

23 State Office and Service Center Authorities (Continued)

E Limitations on Inherent Authorities

SED must:

- provide a State Office employee, FLM, or SFLO written notification of any limitations on inherent authorities
- limit inherent authorities of employees selected as DD, FLS, FLM, or SFLO who have not completed required training.

* * *

* * *

24 Delegating Appraisal Authority

A General Requirements

Only SED's may delegate appraisal authority according to Exhibit 7, subparagraph A. SED's may delegate appraisal authority to FSA employees who have completed the required training and have the necessary experience.

B Chattel Appraisals

SED may delegate chattel appraisal authority to employees who have completed the training requirements in subparagraph 145 A.

C Administrative Appraisal Reviews

SED may delegate authority to complete administrative appraisal reviews to employees who have completed the training requirements in subparagraph 143 B.

25 Delegating Loan Approval Authority

A Receiving Approval Authority

Loan approval authority must be obtained by:

- employees hired as FLO's
- employees who have not been previously delegated loan approval authority and are selected for a DD or FLS position
- CED's designated to obtain loan approval authority according to subparagraph C.

To obtain loan approval authority, employees must:

- complete Phase 1 of the FLOT program according to 6-PM, Part 13

***--Note:** All trainees (DD, FLS, FLO, FLOT, CED, COR, LOA, LRS, and AS) have--* 1 calendar year to complete Phase 1 required training and testing, as stated in 6-PM, subparagraph 198 A.

- complete Phase 2 of the FLOT program as follows:
 - * * * FLO's, FLOT's and CED's working toward obtaining loan approval authority shall:
 - meet the State-established credit quality standards on a minimum of 5 but not more than 7 independently prepared files, of which at least 2 must be term loans
 - be required to submit additional loan files meeting the State-established credit quality standards, until the trainee demonstrates the ability to make good credit decisions and analyze the operation proficiently

Note: The trainer, DD, and FLC will establish the number of files required.

- be placed on OTI or PIP, as appropriate, if the trainee's 3 of the maximum of 7, independently prepared loan files fail to meet the State-established credit quality standards

Note: If the trainee is placed on OTI or PIP because of failure to meet the State-established credit quality standards on the required independently prepared loan files, this action must be documented in the comments section of FLOTRACK.

- *--submit, after successful completion of the OTI or PIP, a new set of loan files--* that meet the State-established credit quality standards. If the trainee's 3 of the maximum of 7 independently prepared loan files again fail to meet the State-established credit quality standards, follow 6-PM, subparagraph 198 D to determine next action

25 Delegating Loan Approval Authority (Continued)

A Receiving Approval Authority (Continued)

- have an additional 1 calendar year to complete Phase 2 and be delegated loan approval authority, after completing Phase 1, training
- DD's and FLS' working toward obtaining loan approval authority shall:
 - meet the State-established credit quality standards on a minimum of 3 files of which at least 1 must be a term loan. Not more than 4 files may be submitted to meet this requirement
 - submit a minimum of 4 acceptable file reviews. Not more than 6 file reviews may be submitted to meet this requirement

Note: When recording trainee file reviews in FLOTRACK Docket information, choose "Docket Type:

- File Review - Direct Loan
 - File Review - Guaranteed Loan (SEL)
 - File Review: PLS.
- be placed on an OTI or PIP as appropriate, if the trainee's:
 - *--2 of 4 independently prepared loan files fail to meet the State-established credit quality standards
 - 3 of 6 file reviews are not acceptable.--*

Note: If trainee is placed on an OTI or PIP due to failure to meet the State-established credit quality standards on the independently prepared loan files or file reviews, this action must be documented in the "Comments" section of FLOTRACK.

- *--submit, after successful completion of the OTI or PIP, a new set of loan files that meet the State credit quality standards

Note: If the trainee's 2 of the maximum of 4 independently prepared loan files again fail to meet the State-established credit quality standards, or 3 of--* the maximum of 6 file reviews are not acceptable, follow 6-PM, subparagraph 198 D to determine next action.

- have an additional 6 months to complete Phase 2 and be delegated loan approval authority, after completing Phase 1 training.

25 Delegating Loan Approval Authority (Continued)

A Receiving Approval Authority (Continued)

The files trainees submit for State Office review and approval must be of sufficient complexity to reflect the ability to make good credit decisions and analyze an applicant's or borrower's operation. The files submitted must include **all** of the following types of loans:

- direct loans

Notes: May submit no more than **1** Microloan.

May **not** submit youth loans.

- guaranteed loan applications from SEL only
- PLS applications.

Notes: In cases where SEL and/or PLS applications are **not** available, FLC may substitute direct loans, excluding youth loans, to meet this requirement.

When substituting a direct loan for SEL and/or PLS, note "File Substitution for SEL or PLS" in the "Comments" section.

Files submitted for review may include credit actions recommended for approval or rejection.

B Failure to Receive Loan Approval Authority

--Follow 6-PM, subparagraph 198 D if an employee (DD, FLS, FLO, FLOT) whose position description requires the employee to obtain loan approval authority, or CED designated to-- obtain loan approval authority, does not successfully meet the criteria in subparagraph A.

C CED Loan Approval Authority

SED's, in consultation with FLC and the appropriate DD, may designate CED's to obtain loan approval authority if CED:

- agrees to maintain competency with ongoing FLP activity
- while completing the FLOT program and working toward obtaining loan approval authority, agrees to have added to the performance plan under Program Management, Execution of Duties, or similar element the following standard, "Successfully completes assigned training and training activities within established timeframes"

25 Delegating Loan Approval Authority (Continued)

C CED Loan Approval Authority (Continued)

- is able to perform the duties according to 27-PM, Exhibit 4.4

Note: 27-PM, Exhibit 4.4 will be attached to the CED's position description when loan approval authority has been delegated.

- completes the formal FLOT program
- meets the requirements established in subparagraph A.

CED's, who held FLP loan approval authority **within** the previous 12 months immediately before the SED designation, may submit a statement requesting waiver of additional training. SED, in consultation with FLC and DD, shall determine any training required before CED is delegated loan approval authority.

CED's, who held FLP loan approval authority but **not** within the previous 12 months immediately before the SED designation, must submit the number of independently prepared files required under subparagraph A. SED, in consultation with FLC and DD, shall evaluate the CED's knowledge of **current** FLP loan requirements, financial analysis, and FBP to determine required training before CED is delegated loan approval authority.

D Circumstances for Designating CED's

SED's, in conjunction with FLC, should identify areas of their State that could justify and benefit from CED having loan approval and servicing authority.

The office or area where CED would be designated by SED to obtain loan making and servicing approval authority must meet both of the following conditions.

- Direct and/or guaranteed caseload in the office or area is high, complex, or geographically challenging and FLM, SFLO, or FLP team servicing the office or area needs additional help.

Notes: The requirement established in subparagraph 27 D shall be considered when evaluating this condition.

25 Delegating Loan Approval Authority (Continued)

D Circumstances for Designating CED's (Continued)

FLM or SFLO is responsible for managing loan making and servicing activity in Service Centers considered to be Type 1 offices when CED with loan approval authority is headquartered in the office.

- CED has sufficient time for additional responsibilities required to obtain and maintain loan making and servicing authority without negatively impacting CED's current farm program obligations.

E COC Concurrence

COC will be required to concur in writing:

- with the additional FLP responsibilities that CED will be incurring
- that while CED is completing the FLOT program and working toward obtaining loan approval authority, has added to the performance plan under Program Management, Execution of Duties, or similar element the following standard, "Successfully completes assigned training and training activities within established timeframes".

F National Office Approval for CED's Receiving Loan Approval Authority

SED's shall submit FSA-2127 to the National Office to request approval for all CED's designated to obtain loan making and servicing authority by e-mailing the completed

-FSA-2127 to Gretchen Thomas, National Office FLOT Coordinator, at gretchen.thomas@wdc.usda.gov--

The National Office FLOT Coordinator will notify SED when DAFO and DAFLP approval has been granted.

26 Delegating Loan Servicing Authority

A Delegations to FLO

FLM or SFLO may delegate loan servicing authorities to FLO according to Exhibit 7, subparagraph B.

Note: Loan servicing authorities may be delegated to FLOT's who have the appropriate training and experience. Use caution in delegating authority to employees still in training.

B Delegations to PT

FLM or SFLO may delegate loan servicing authorities to PT, who has the appropriate training and experience, according to Exhibit 7, subparagraph B.

26 Delegating Loan Servicing Authority (Continued)**C Delegations to CED**

See 27-PM, Exhibit 4.4 for FLP responsibilities that may be performed by CED's designated by SED to obtain loan servicing authority.

D Delegations to AS, LOA, and LRS

FLC, FLM, or SFLO may delegate loan servicing authorities to AS, LOA, or LRS who has the appropriate training and experience, according to Exhibit 7, subparagraph B.

27 Maintaining Approval Authority**A Employee Who Accepts New FLP Position Within the State**

When an FLP employee with loan approval and servicing authority accepts a new FLP position within the State, a new delegation of authority is not required.

Loan approval authority is automatically increased when the employee's grade increases, unless:

- SED issues a new delegation of authority limiting the authority
- the original delegation of authority established limitations on approval authority.

B Hires With Prior Loan Approval Authority in Another State

Employees who held FLP loan approval authority for at least 1 year immediately before the selection to the new position, may submit a copy of the previous delegation letter, and a statement from the previous FLC, reflecting the quality of docket reviews based upon credit quality review guidelines.

This information shall be used to establish the following:

- necessary actions for obtaining FLP loan approval in the new State
- --determining whether the employee will be required to submit dockets for review, and if so, the number of dockets to be submitted in the new State to determine whether approval authority will be delegated to the employee--*.

New employees who did not hold FLP loan approval authority for at least 1 year immediately before the selection to the position, must submit the number of independently prepared files required under subparagraph 25 A. SED, in consultation with FLC, shall determine any training required for the employee to be delegated approval authority.

27 Maintaining Approval Authority (Continued)

C FLM's, SFLO's, FLO's, and CED's Maintaining Loan Approval Authority

After loan approval and servicing authority is granted, FLC's will continue to monitor the loan making and servicing activities of employees to ensure that loan making and servicing actions meet the established State credit quality standards.

This will require that FLM's, SFLO's, FLO's, and CED's submit files that meet the credit quality standard established by SED and FLC in subparagraph 28 A, on a sufficient number of independently prepared files to show continued proficiency. Each State will set a minimum number, no less than 3, of files that must meet the standard. The files submitted for review must be of sufficient complexity to reflect the ability to make good credit decisions and analyze an applicant's or borrower's operation. Files submitted must meet the requirements in subparagraph 25 A.

D CED's Maintaining Responsibility for FLP Activities

SED, in conjunction with FLC, must determine whether circumstances warranting the granting of loan approval to CED continue to exist according to subparagraph 25 D. If the circumstances warranting the granting of loan approval authority no longer exist, CED should be advised their loan approval authority will be suspended. Suspension of loan approval authority based on these circumstances will not be considered as a performance issue.

CED's, with only loan servicing responsibilities, will be required at a minimum to service 10 case files according to their servicing authorities each year.

To meet the minimum number of files required each year, CED may be required to process cases outside of their immediate County Office area.

Note: Actions that may be counted include, but are not limited to the following:

- PLS
- disaster set-aside
- subordinations
- partial releases.

*--DD will be responsible for tracking the number of case files on which CED completed loan servicing actions.

E Failure to Maintain Loan Approval Authority

Follow appropriate PM directives for guidance if an employee, whose position description requires the employee to maintain loan approval authority, does not successfully meet the criteria in subparagraphs C and D.--*

28 Establishing Credit Quality Standards

A Credit Quality Reviews

SED, after consulting with FLC, shall issue a State supplement establishing the method and standards, including what constitutes an acceptable score, for monitoring and evaluating the State's credit quality standards. The supplement must identify the minimum and maximum number of files that will be reviewed, as well as the frequency of credit quality reviews to obtain and maintain loan approval and servicing authority. These credit quality reviews will determine whether an employee's loan approval and/or servicing authority will be granted, revised, limited, or revoked.

Note: The State supplement must specify that if the office being reviewed made any loans using ARRA funds, a minimum of 1 file that used ARRA funds must be included in credit quality reviews.

In developing credit quality standards and completing reviews, States may use FSA-2103, FSA-2104, FSA-2119, FSA-2129, or any other alternative evaluation guide provided, and, at a minimum, must include the critical items from each of the following:

- FSA-2103, items 2M, 2Q, 2S, and 2U
- FSA-2104, items 2A, 2H, and 2I
- FSA-2119, items 2A, 2B, 2H, 2J, and 2M.
- *--FSA-2129, items 2L, 2P, and 2R.--*

Each quarter FLC will review at least 2 restructured accounts, if available, to ensure that they are processed correctly. These reviews will be completed in conjunction with or in addition to reviews completed under subparagraph 27 C.

Notes: All completed FSA-2103's, FSA-2104's, FSA-2119's, FSA-2129's, and/or alternative evaluations must be filed in operational file FLP 1-4. No original or copy will be filed in the borrower case file.

SED should take into consideration available staff and resources when developing the credit quality review process. SED and FLC may:

- consider establishing a credit quality team in the State Office or using existing FLP underwriting staff with loan approval and servicing authority, if resources are available
- want to consider establishing the process on a district or FLP team basis.

All employees completing credit quality reviews must have approval authority and a good background in loan making and servicing.

28 Establishing Credit Quality Standards (Continued)

B Continuing Education Requirements

*--Employees who deliver FLP are strongly encouraged to complete at least one continuing education training activity each year. The training activity may include completing FSA-developed courses available in AgLearn, participating in National Office FLP hot topics training, or any other available courses in financial analysis and production management such as:

- Extension Service webinars and workshops
- non-FSA developed AgLearn courses
- ABA or Farm Credit sponsored workshops and seminars
- local community college workshops.

FSA-developed courses in AgLearn include the following.

Course Title	Target Audience
Structuring Agricultural Loans (AgLearn ID# FSA-HQ-DAFLP-19)	<ul style="list-style-type: none"> • Loan approval officials with less than 3 years' experience • FLOT's
Problem Loan Identification and Workout (AgLearn ID # FSA-HQ_DAFLP-20)	Employees with loan approval authority
Financial Statement Consolidation (AgLearn ID# FSA-HQ-DAFLP-21)	
Lender File Reviews (AgLearn ID# FSA-HQ-DAFLP-LenderFileReview)	<ul style="list-style-type: none"> • Employees currently enrolled in FLOT training
Servicing Bankrupt Borrowers (AgLearn ID# FSA-HQ-DAFLP-ServicingBankrupt)	<ul style="list-style-type: none"> • Loan approval officials, AS, loan analyst and LRS with less than 3 years' experience

--*

29 Maximum Loan Authorities

A OL, FO, CL, and EM Program Loan Limitations

Limitations on maximum loan amounts for OL, FO, and EM are established in CONACT. The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act of 1999 (Pub. L. 105-277), amended the limitations applicable to guaranteed OL and FO by providing for an annual adjustment based on the rate of inflation applicable to FY.

[7 CFR 761.8 (a)] The outstanding principal balances for a farm loan applicant or anyone who will sign the promissory note cannot exceed any of the following at the time of loan closing or assumption of indebtedness. If the outstanding principal balance exceeds any of the limits at the time of approval, the farm operating plan must reflect that funds will be available to reduce the indebtedness prior to loan closing or assumption of indebtedness.

(1) Farm Ownership, Down payment loans, Conservation loans, and Soil and Water loans:

(i) Direct--\$300,000;

(ii) Guaranteed--\$700,000 (for fiscal year 2000 and increased at the beginning of each fiscal year in accordance with paragraph (b) of this section) (subparagraph B);

***--Notes:** FY 2019 loan limit is \$1,429,000.--*

This limit includes land contract guarantees.

29 Maximum Loan Authorities (Continued)

A OL, FO, CL, and EM Program Loan Limitations (Continued)

(iii) Any combination of a direct Farm Ownership loan, direct Conservation loan, direct Soil and Water loan, guaranteed Farm Ownership loan, guaranteed Conservation loan, and guaranteed Soil and Water loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section) (subparagraph B);

***--Notes:** FY 2019 loan limit is \$1,429,000.--*

This limit includes land contract guarantees.

(2) Operating loans:

(i) Direct--\$300,000;

(ii) Guaranteed--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section) (subparagraph B);

***--Note:** FY 2019 loan limit is \$1,429,000.--*

(iii) Any combination of a direct Operating loan and guaranteed Operating loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section) (subparagraph B);

***--Note:** FY 2019 loan limit is \$1,429,000.--*

(3) Any combination of guaranteed Farm Ownership loan, guaranteed Conservation loan, guaranteed Soil and Water loan, and guaranteed Operating loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section) (subparagraph B);

***--Notes:** FY 2019 loan limit is \$1,429,000.--*

This limit includes land contract guarantees.

(4) Any combination of direct Farm Ownership loan, direct Conservation loan, direct Soil and Water loan, direct Operating loan, guaranteed Farm Ownership loan, guaranteed Conservation loan, guaranteed Soil and Water loan, and guaranteed Operating loan--the amount in paragraph (a)(1)(ii) of this section plus \$300,000;

***--Notes:** FY 2019 loan limit is \$1,729,000.--*

This limit includes land contract guarantees.

(5) Emergency loans--\$500,000;

29 Maximum Loan Authorities (Continued)**A OL, FO, CL, and EM Program Loan Limitations (Continued)**

(6) Any combination of direct Farm Ownership loan, direct Conservation loan, direct Soil and Water loan, direct Operating loan, guaranteed Farm Ownership loan, guaranteed Conservation loan, guaranteed Soil and Water loan, guaranteed Operating loan, and Emergency loan--the amount in paragraph (a)(1)(ii) of this section plus \$800,000.

***--Notes:** FY 2019 loan limit is \$2,229,000.--*

This limit includes land contract guarantees.

B Adjustment for Guaranteed Loans

[7 CFR 761.8 (b)] The dollar limits of guaranteed loans will be increased each fiscal year based on the percentage change in the Prices Paid by Farmers Index as compiled by the National Agricultural Statistics Service, USDA. The maximum loan limits for the current fiscal year are available in any FSA office and on the FSA website at <http://www.fsa.usda.gov>.

C LOC Advances

[7 CFR 761.8 (c)] The total dollar amount of guaranteed line of credit advances and income releases cannot exceed the total estimated expenses, less interest expense, as indicated on the borrower's cash flow budget, unless the cash flow budget is revised and continues to reflect a feasible plan.

A Standard Eligible Lender must obtain Agency approval before issuing future year's funds according to 2-FLP, subparagraph 265 C. Approval may be provided by any Agency official with loan approval authority, and is not subject to the maximum loan limits established in subparagraph D.

Note: PLP and CLP lenders may provide future years' funds without prior FSA approval.

D Official Loan Approval Limitations for OL, FO, CL, and EM

The following identifies the maximum loan approval authority for OL, FO, CL, and EM by grade and title of approval officials at the time of loan closing. All loan approval limitations include the loan being made plus any outstanding principal balances owed by anyone who will sign the promissory note. For LOC's, the maximum amount of the LOC ceiling will be considered the outstanding principal balance. An approval official cannot approve or reject a loan request that will exceed the official's approval authority at the time of loan closing. The official must forward the loan and recommendations to the appropriate approval official for action.

County Office employees who have loan approval authority may not exceed the authority of the equivalent grade FLO or FLM.

29 Maximum Loan Authorities (Continued)

D Official Loan Approval Limitations for OL, FO, CL, and EM (Continued)

Type of Loan	FLO			FLM, DD, FLS, FLC, or Senior FLO	SED
	GS-7	GS-9	GS-11	GS-11/12/13	
Maximum approval by assistance type – limitation I					
Guaranteed OL	\$100,000	\$200,000	\$400,000	\$700,000	*--\$1,429,000--*
Direct OL	\$50,000	\$100,000	\$175,000	\$225,000	\$300,000
Guaranteed FO+SW+CL	\$0	\$175,000	\$400,000	\$700,000	*--\$1,429,000--*
Land Contract Guarantee	\$0	\$125,000	\$150,000	\$225,000	\$500,000
Direct FO+SW+CL	\$0	\$125,000	\$150,000	\$225,000	\$300,000
Direct EM	\$50,000	\$100,000	\$150,000	\$300,000	\$500,000
Maximum approval for combined assistance types – Limitation II					
OL Total Direct & Guaranteed	\$100,000	\$200,000	\$400,000	\$700,000	*--\$1,429,000
FO+CL+SW+ Land Contract Total Direct & Guaranteed	\$0	\$200,000	\$400,000	\$700,000	\$1,429,000
Total approval for multiple assistance types – Limitation III					
OL+FO+CL+SW+ Land Contract Total Direct and Guaranteed	\$0	\$400,000	\$550,000	\$850,000	\$1,729,000
Total Guaranteed	\$100,000	\$400,000	\$550,000	\$850,000	\$1,429,000
Total approval for FO, CL, OL, EM and Land Contract – Limitation IV					
OL+FO+CL+SW+EM+ Land Contract Total Direct and Guaranteed	\$0	\$400,000	\$550,000	\$850,000	\$2,229,000--*

SED, in consultation with FLC, may raise the loan approval authority limits for FLM's and senior FLO's who routinely show a higher than average loanmaking proficiency by the following:

- direct loanmaking, increase up to an additional \$50,000
- guaranteed or a combination of direct and guaranteed loanmaking, increase up to an additional \$200,000.

SED, after consulting with FLC, shall issue a State supplement establishing the method and standards, including what constitutes higher than average proficiency, for monitoring and evaluating the basis for raising loan approval authorities. This State supplement must be submitted for preapproval.

Note: Loans to employees in a County Office must be approved by the State Office. Loans to State Office employees must be approved by the National Office.

29 Maximum Loan Authorities (Continued)

D Official Loan Approval Limitations for OL, FO, CL, and EM (Continued)

Four loan approval criteria need to be considered when determining whether a loan is within an approval official's authority. Each loan approval decision must meet all applicable criteria. Approval limitation I establishes the maximum by assistance type. Approval limitation II establishes the maximum for combinations of direct and guaranteed by assistance type. Approval limitation III establishes the maximum for combinations of all direct and guaranteed assistance types, except EM. In addition, it provides total guaranteed assistance limits. Approval limitation IV establishes the maximum for combinations of all direct and guaranteed assistance types.

A loan official can determine an applicant eligible when the loan request exceeds the official's loan approval authority at the time eligibility is determined. This decision of eligibility will be reviewed by the approval official at the time of approval. However, a loan official cannot determine an applicant ineligible if the loan request exceeds their approval level at the time the decision is made. They can recommend that the applicant be determined ineligible, but since this determination will result in a loan being rejected it can only be made by an approval official whose approval authority level would allow them to approve the loan.

* * *

E Official Loan Approval Limitations for Nonprogram Loans

The following table identifies the maximum loan approval authority for nonprogram loans by grade and title of approval officials.

Type of Loan	FLM, SFLO GS-11/12	DD, FLS, or FLC	SED
Real Estate	\$400,000	\$500,000	Any amount
Chattels	\$200,000	\$300,000	Any amount
Recreation Loans to Individuals	\$175,000	\$300,000	Any amount

Note: Approval authority for recreation loans to individuals applies only to property that secured a recreation loan to an individual or farming corporation, not a recreation association.

Outstanding loan balances from other direct or guaranteed FLP loans will not affect the amount an applicant is eligible to receive under nonprogram loans. Any outstanding nonprogram loan balances will not affect the amount an applicant is eligible to receive under any other FLP.

29 Maximum Loan Authorities (Continued)

***--F Loan Servicing Actions**

See 4-FLP, 5-FLP, and 7-FLP for loan servicing authorities.--*

* * *

30-40 (Reserved)

Part 3 Miscellaneous Procedures and Systems**41 Nondiscrimination in FLP****A Federal ECOA**

FLP must comply with the provisions of ECOA and the implementing regulations of the Federal Reserve System published in 12 CFR Part 202, which requires in part, the following notice be included on all adverse decisions.

[12 CFR 202.9(b)(1)] The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

B USDA Nondiscrimination Policy

***--[7 CFR 15d.3(a)] No agency, officer, or employee of the USDA shall, on the ground of race, color, national origin, religion, sex, sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or gender identity, exclude from participation in, deny the benefits of, or subject to discrimination any person in the United States under any program or activity conducted by the USDA.**

[7 CFR 15d.3(b)] No person shall be subjected to reprisal for opposing any practice(s) prohibited by this part, for filing a complaint, or for participating in any other--* manner in a proceeding under this part.

41 Nondiscrimination in FLP (Continued)

C ECOA Notice and USDA Nondiscrimination Statement on Adverse Decisions

Include the following combined ECOA notice and USDA nondiscrimination statement on all adverse decision letters.

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

**--In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.*

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

*To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.--**

41 Nondiscrimination in FLP (Continued)

D Nondiscrimination Statement on Advertisement of Sale for Inventory Property

Include the following nondiscrimination statement on advertisements announcing the sale of inventory property.

**--In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.*

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

If the material is too small to permit the full statement to be included, the material will at a minimum include the statement in print no smaller than the text.

*"The USDA is an equal opportunity provider, employer, and lender."--**

41 Nondiscrimination in FLP (Continued)

E Nondiscrimination Statement on Materials for Public Information, Public Education or Distribution

Departmental Regulation 4300-3, Equal Opportunity Public Notification Policy, requires that the following nondiscrimination statement be included on all materials produced for public information, public education, or public distribution, such as program fact sheets, brochures, and press releases. The statement shall be in English and languages appropriate to the local population.

**--In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.*

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

If the material is too small to permit the full statement to be included, the material will at a minimum include the statement in print no smaller than the text.

*"The USDA is an equal opportunity provider, employer, and lender."--**

41 Nondiscrimination in FLP (Continued)

F Discrimination Complaints

[7 CFR 15d.4(a)] Any person who believes that he or she (or any specific class of individuals) has been, or is being, subjected to practices prohibited by this part may file on his or her own, or through an authorized representative, a written complaint alleging such discrimination. No particular form of complaint is required. The written complaint must be filed within 180 days from the date the person knew or reasonably should have known of the alleged discrimination, unless the time is extended for good cause by the Director of the Office of Civil Rights or his or her designee. Any person who complains of discrimination under this part in any fashion shall be advised of his or her right to file a complaint as herein provided.

[7 CFR 15d. 4(b)] All complaints under this part should be filed with the Director of the Office of Civil Rights, United States Department of Agriculture, Washington, D.C. 20250, who will investigate the complaints. The Director of the Office of Civil Rights will make final determinations as to the merits of the complaints under this part and as to the corrective actions required to resolve program complaints. The complainant will be notified of the final determination on his or her complaint.

***--Note:** If the borrower files a discrimination complaint with FLP personnel, FLP personnel will immediately submit it according to 18-AO, Part 7.--*

[7 CFR 15d.4(c)] Any complaint filed under this part alleging discrimination on the basis of disability will be processed under 7 CFR Part 15e.

G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint

Under no circumstances will FSA:

- delay the processing of a loan or servicing application pending the outcome of a filed discrimination complaint
- deny a loan or servicing request because a discrimination complaint has been filed
- accelerate or foreclose a loan before a discrimination complaint is closed.

* * *

41 Nondiscrimination in FLP (Continued)**G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint (Continued)**

If an applicant or borrower files, or has filed, a discrimination complaint against the agency official responsible for processing the loan or servicing application, DD or SED will assign a different official to process the request. Processing responsibility may be reassigned to:

- an authorized agency official from either of the following:
 - same district, but a different county
 - another district
- DD.

Note: Reassignment of processing loan or servicing applications is temporary. When the investigation is closed, and if it is determined that discrimination did not occur, the loan or servicing application will be returned to the appropriate office.

***--H Monitoring Discrimination Complaints**

State Offices will monitor accepted discrimination complaints to ensure compliance with subparagraphs G and I. LSPMD will maintain a file on all accepted discrimination complaints. LSPMD will notify the State Office when notified by the OCR:

- of an accepted discrimination complaint
- that a discrimination complaint has been closed.--*

41 Nondiscrimination in FLP (Continued)

I 2008 Farm Bill Acceleration and Foreclosure Moratorium

[7 CFR 766.358(a)]Notwithstanding any other provisions of this subpart, borrowers who file or have filed a program discrimination complaint that is accepted by USDA Office of Adjudication or successor office (USDA), and have been serviced to the point of acceleration or foreclosure on or after May 22, 2008, will not have their account accelerated or liquidated until such complaint has been resolved by USDA or closed by a court of competent jurisdiction. This moratorium applies only to program loans made under subtitle A, B, or C of the Act (for example, CL, FO, OL, EM, SW, or RL). Interest will not accrue and no offsets will be taken on these loans during the moratorium. Interest accrual and offsets will continue on all other loans, including, but not limited to, non-program loans.

Under the 2008 Farm Bill, there is a moratorium on the acceleration or foreclosure for certain borrowers who have a pending program discrimination complaint, or file a program discrimination complaint that is accepted as valid by OA.

When the State Office is notified by OCR or LSPMD that the borrower has an accepted complaint, it will process DLS Transaction “5G”, using Descriptive Code “7” to establish the indicator for accounts that may be eligible for a moratorium. The effective date of the “5G” transaction will be the date the complaint was accepted by OA.

Note: State Offices will monitor all accounts flagged “OAC1”. The State Office will process DLS Transaction “5H”, using Descriptive Code “7” at the conclusion of the moratorium.

If the borrower has an accepted complaint at OA and the account is at the point of acceleration or in foreclosure, interest will not accrue and no offsets will be taken on any CL’s, FO’s, SW’s, RL’s, OL’s, and EM’s and any recoverable costs associated with these loans.

The moratorium will end on the date the claim is resolved.

If any requests for debt settlement or payoff during the moratorium are received, contact LSPMD.

41 Nondiscrimination in FLP (Continued)

***--I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)**

For the purpose of the 2008 Farm Bill noted in this subparagraph:

- FSA was not directed to suspend interest or offsets on any loans other than CL's, FO's, SW's, RL's, OL's, and EM's
- interest accrual and offsets will continue to be taken on other loans, including NP loans
- accounts that have no security remaining that have been accelerated or where all loans are mature, such as those classified as CNC, also will continue to accrue interest and be subject to offset.

Note: Other moratoriums as directed by the Secretary of Agriculture or the Administrator will be followed on their own terms and in some cases will interact with accounts affected by the 2008 Farm Bill.

[7 CFR 766.358(a)(1)] If the Agency prevails on the program discrimination complaint, the interest that would have accrued during the moratorium will be reinstated on the account when the moratorium terminates, and all offsets and servicing actions will resume.

[7 CFR 766.358(a)(2)] If the borrower prevails on the program discrimination complaint, the interest that would have accrued during the moratorium will not be reinstated on the account, unless specifically required by the settlement agreement or court order.

[7 CFR 766.358(b)] The moratorium will begin on:

- (1) May 22, 2008, if the borrower had a pending program discrimination claim that was accepted by USDA as valid and the account was at the point of acceleration or foreclosure on or before that date or**
- (2) The date after May 22, 2008, when the borrower has a program discrimination claim accepted by USDA as valid and the borrower's account is at the point of acceleration or foreclosure.--***

41 Nondiscrimination in FLP (Continued)

***--I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)**

For borrowers who:

- had a pending program discrimination claim **and** were at the point of acceleration or foreclosure as of May 22, 2008, the moratorium was effective as of May 22, 2008
- have a program discrimination claim accepted by OA after the effective date of the 2008 Farm Bill (May 22, 2008) **and** later reach the point of acceleration or foreclosure, the moratorium will begin at the point of acceleration or foreclosure
- are at the point of acceleration or foreclosure **and** then have a program discrimination claim accepted by OA after the effective date of the 2008 Farm Bill (May 22, 2008), the moratorium will begin on the date the claim is accepted by OA.

[7 CFR 766.358(c)] The point of acceleration under this section is the earliest of the following:

- (1) The day after all rights offered on the Agency notice of intent to accelerate expire if the borrower does not appeal;**
- (2) The day after all appeals resulting from an Agency notice of intent to accelerate are concluded if the borrower appeals and the Agency prevails on the appeal;**
- (3) The day after all appeal rights have been concluded relating to a failure to graduate and the Agency prevails on any appeal;**
- (4) Any other time when, because of litigation, third party action, or other unforeseen circumstance, acceleration is the next step for the Agency in servicing and liquidating the account.**

The point of acceleration is the **earliest** of the following:

- the day after all rights offered on FSA-2521 or FSA-2525 have expired, if the borrower does **not** appeal
- the day after all appeals resulting from FSA-2521 or FSA-2525 are concluded, if the borrower did appeal and FSA prevailed on the appeal
- the day after any appeal rights have concluded relating to the failure to graduate under 4-FLP, paragraph 48
- any other time when, because of litigation, third party action, or other unforeseen circumstance, acceleration is the next step for FSA in liquidating the account.--*

41 Nondiscrimination in FLP (Continued)

I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)

[7 CFR 766.358(d)]A borrower is considered to be in foreclosure status under this section anytime after acceleration of the account.

A borrower is considered to be at the point of foreclosure any time **after** acceleration.

The borrower will be notified of the temporary moratorium of interest accrual and offset by SED, or State Office designee, using FSA-2120 with a courtesy copy FAXed to FaSB according to subparagraph 5 B.

Note: The offset is **not** canceled, but only temporarily suspended until the claim is resolved.

FaSB will update the borrower's account to suspend interest accrual and offset activity.

[7 CFR 766.358(e)]The moratorium will end on the earlier of:

- (1) The date the program discrimination claim is resolved by USDA or**
- (2) The date that a court of competent jurisdiction renders a final decision on the program discrimination claim if the borrower appeals the decision of USDA.**

FSA-2121 will be used by SED, or State Office designee, to inform the borrower that the moratorium has ended. FaSB will be FAXed a courtesy copy and notified by separate correspondence of the requirements of any Settlement Agreement about interest accrual and offsets.

If FSA prevails, the suspended interest will be reinstated and interest accrual and offsets will immediately resume.

41 Nondiscrimination in FLP (Continued)

***--J Obtaining Civil Rights Clearance Prior to Acceleration**

State Offices must contact the National Office for civil rights filing clearance prior to acceleration. Under no circumstance will FSA accelerate an account with an accepted civil rights complaint.

- See 5-FLP, subparagraph 533 B for requirements which must be met prior to submitting an account for civil rights filing clearance.
- See Exhibit 12 for an outline of the process to complete the civil rights filing clearance.
- See Exhibit 13 for information to be included in email to the National Office of civil rights clearance.
- See Exhibit 13.5 for instructions on servicing settlement claimants and National Office FLP programmatic reviews.--*

41 Nondiscrimination in FLP (Continued)**K Discrimination Complaints Accepted After Acceleration**

If a discrimination complaint is accepted after the amount has been accelerated (or classified CNC if not accelerated), the account will be serviced according to subparagraph I and as follows.

- Foreclosure: if a discrimination complaint is accepted after referral to DOJ, then DOJ will decide if the foreclosure will proceed. Otherwise, under no circumstance will FSA foreclose an account with an accepted civil rights complaint. Foreclosure action may resume on an accelerated account after the discrimination complaint is closed and then only with the consent of DAFLP.
- CNC: an accelerated, foreclosed, or fully mature account which has an accepted discrimination complaint will not be classified as CNC until the discrimination complaint is closed and then only with the consent of DAFLP.
- Cross-servicing: an account at cross-servicing will be recalled if a discrimination complaint is accepted subsequent to referral to the Department of Treasury. See 7-FLP, subparagraph 222 A. After the discrimination complaint is closed, the account may be returned to Treasury for cross-servicing with the consent of DAFLP. See 7-FLP subparagraph 223 D.

State Office requests for DAFLP consent should be sent to **fsa-directloans@wdc.usda.gov** in a format similar to that shown in Exhibit 13. The email subject block should read “Requested for DAFLP Consent to ___ (enter “Foreclose,” “CNC,” or “Return to Cross-Servicing,” as appropriate) - Borrower’s Name and State.” The DAFLP Consent Clearance Process will be similar to Exhibit 12.

--41.5 Obtaining Direct Loan Servicing Applications*A Receiving Applications**

An agency official will not:

- refuse to provide a requested application to any person
- discourage the borrower from applying for routine or special loan servicing or for a short term alternative repayment agreement in lieu of offset or a debt settlement
- make oral or written statements that would discourage any individual from applying for assistance based on any ECOA prohibited basis (race, color, religion, national origin, sex, marital status, age, applicant’s income deriving from public assistance or because the applicant has in good faith exercised any right under the Consumer Protection Act).--*

42 Appeals

A General Requirements

FLP applicants and borrowers have the right to request reconsideration, file appeals, and enter into ADR about adverse decisions according to 7 CFR Part 780 and 7 CFR Part 11. See 1-APP for FSA's appeal procedure.

Exceptions: For adverse decisions on:

- loan servicing requests under 5-FLP, use the appropriate forms and exhibits to notify borrowers

Note: Appraisals used for homestead protection, including appraisals used in exercising the option to purchase homestead property, or used to determine the amount due under shared appreciation agreements under 5-FLP, may be appealed according to paragraph 144 and 1-APP.

- nonprogram loan borrowers, see 4-FLP, paragraph 248.

Note: Regulations published in 7 CFR are available on the GPO web site at <http://www.gpoaccess.gov/cfr/index.html>.

B Mandatory Language for Adverse Decision Letters

See 1-APP for mandatory language about reconsideration, appeal, and ADR, to be included in adverse decision letters. Additional guidance may be issued under the APP notice series.

42 Appeals (Continued)**C Adverse Decisions Involving Appraisals**

Text on appraisal reviews provided in subparagraphs D and E will be added to the reconsideration language provided in 1-APP or APP notices, as applicable, when an adverse decision is based on real estate or chattel appraisal, except when either of the following applies:

- the appraisal is for PLS or preservation servicing and 5-FLP requires using a specific form or exhibit
- the appraisal in question was associated with or connected to, an FSA decision wherein appeal rights were previously offered and concluded.

Notes: Appraisals may only be reconsidered or appealed. Mediation is not available on real estate or chattel appraisals.

See subparagraph 144:

- D for additional guidance about handling real estate independent technical appraisal reviews received from an applicant or borrower
- E for additional guidance about handling chattel independent appraisal reviews received from an applicant or borrower
- G for additional guidance when an applicant or borrower identifies errors in an appraisal.

42 Appeals (Continued)

D Real Estate Appraisals

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a real estate appraisal.

You may request a copy of the real estate appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Technical Appraisal Review

If you believe the real estate appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent technical appraisal review. The issue under reconsideration will be whether FSA's real estate appraisal is consistent with the Uniform Standards of Professional Appraisal Practice. If you want this option, you must include a copy of the independent technical appraisal review, or notify this office of your intent to obtain an independent technical appraisal review, in your request for reconsideration. This review must be provided to this office at the time of or before the reconsideration meeting. You must pay to obtain a current independent technical appraisal review from a State-certified general appraiser. The appraiser and the independent technical appraisal review must meet the standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent technical appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent technical appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent technical appraisal review, we will determine whether the appraiser and the independent technical appraisal review meet FSA requirements. If the independent technical appraisal review meets FSA requirements, we will consider all comments contained in the independent technical appraisal review and determine if the appraisal obtained by FSA should be revised.

42 Appeals (Continued)**E Chattel Appraisals**

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a chattel appraisal.

You may request a copy of the chattel appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Appraisal Review

If you believe the chattel appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent appraisal review. The issue under reconsideration will be whether FSA's chattel appraisal is consistent with the present market value of like items in your area. If you want this option, you must include a copy of the independent appraisal review, or notify this office of your intent to obtain an independent appraisal review, in your request for reconsideration. You must pay to obtain a current independent appraisal review from a qualified appraiser. This review must be provided to this office at the time of or before the reconsideration meeting. The appraiser and the appraisal review must meet standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent appraisal review, we will determine whether the appraiser and the appraisal review meet FSA requirements. If the independent appraisal review meets FSA requirements, we will consider all comments contained in the independent appraisal review and determine if the appraisal obtained by FSA should be revised.

F Nondiscrimination Statement

The nondiscrimination statement in subparagraph 41 C must be included in all adverse decision letters.

42 Appeals (Continued)

***--G Actions When Loan Servicing Denial Is Overturned in NAD Final Determination**

1-APP, subparagraph 135 A requires that FSA implement a final determination not later than 30 calendar days after the effective date of the notice of final determination. An appeal determination is administratively final when the provisions of 1-APP, subparagraph 135 B have been met.

The authorized agency official will advise the borrower of the next steps to be taken in the loan servicing request within 5 workdays of the date the appeal decision becomes administratively final, or the date FSA determines that it will not pursue a further review of the hearing officer's decision, whichever comes first. The contact will be by telephone or in person, with a written followup.

1-APP, subparagraph 135 D provides that, according to FSA regulations, FSA may consider changes in the borrower's condition in implementing NAD's final determination. If there have been significant changes to the borrower's financial or farming situation since the date of the original FSA decision, only the information that has changed needs to be submitted or revised. Any revised or new documents must be initialed or signed, as appropriate, by both the borrower and the authorized agency official.

Note: A significant change is a change that would materially affect the feasibility of, or eligibility for, the proposed loan servicing action.

FSA may request updated financial or production information as the borrower's circumstances may have changed during the pendency of the appeal that may adversely affect the borrower's farming operation.

Note: Adversely affect means that a change unrelated to the issue resolved through the appeal will result in the borrower no longer being eligible for the loan servicing action requested, or the previously developed FBP not being feasible.

After completing the review and evaluation of all necessary revisions, the authorized agency official will approve or deny the loan servicing request according to the applicable FLP handbook. Any loan servicing denial will be handled according to 1-APP, subparagraph 135 E.

The State appeals coordinator will monitor receipt and implementation of final NAD determinations to ensure that they are properly and timely implemented.--*

43 Debarment and Suspension**A Purpose**

Individuals and entities, other than loan recipients, who have been debarred or suspended from Government procurement or nonprocurement programs cannot participate in transactions with FSA. See 2 CFR 180.115 and 417.10.

Notes: This does not apply to individuals and entities entering into transactions with applicants and borrowers without FSA involvement.

Obtain current copy of 2 CFR Parts 180 and 417 from the Internet at <http://ecfr.gpoaccess.gov>.

--See 1-APP, paragraph 28, and 1-CM, paragraph 823 for additional information.--

B Direct Loanmaking

Loan approval officials shall check the debarment and suspension list before providing FSA-2341 or FSA-2342, as appropriate, to attorneys, title companies, title insurance companies, or closing agents conducting loan closing activities.

Notes: Loan approval officials may obtain reports containing debarment and suspension lists from the Internet at <https://www.sam.gov/portal/public/SAM>. It is not necessary to create an account to search the Excluded Parties List System database. On the SAM Home Page, CLICK “Search Records”. On the Search Records Screen, enter the name or DUNS number of the person or entity being checked for exclusion. SAM does not have DUNS or Cage Code identifiers for every record.

When matches are found, there may be instances where an individual or entity has the same or similar name as the search request but is actually a different party. Therefore, it is important to verify the intended search to the returned results. If the attorney, title company, title insurance company, or closing agent selected is debarred or suspended, the applicant must make a new selection.

A copy of the returned search record will be filed in the applicant’s case file.

43 Debarment and Suspension (Continued)

C Guaranteed Loanmaking

SED shall review CLP and PLP lenders and their officers and agents for debarment or suspension as follows:

- before submitting to DAFLP for approval to obtain status
- during the annual review of lender's status according to 2-FLP, paragraph 267.

Loan approval officials shall review SEL's and their officers and agents before issuing *-FSA-2201 to the lender for the first time and then annually thereafter.--*

D Causes for Debarment or Suspension

The causes for initiating and the actions required to initiate:

- debarment are in 2 CFR Part 180, Subparts F and H, and 2 CFR Part 417, Subpart H
- suspension are in 2 CFR Part 180, Subparts F and G, and 2 CFR Part 417, Subpart G.

E Exceptions

The Secretary of Agriculture or designee may grant a written exception permitting a debarred or suspended person or entity to participate in a covered transaction according to 2 CFR 180.135.

44 Collecting and Coding Ethnicity, Race, and Gender Information

A Purpose

FSA collects ethnicity, race, and gender information for reporting purposes and to ensure that targeted funds are made available to SDA's and monitor SDA participation rates in FLP.

B Procedure for Collecting and Coding Ethnicity, Race, and Gender Information

FSA-2001, FSA-2211, FSA-2212, FSA-2301, FSA-2330, and FSA-2683 are used to request ethnicity, race, and gender information of the applicant. This information may be requested only on an FSA approved form. An applicant's response to this request is optional.

However, the authorized agency official must inform all applicants that for an applicant to be *--eligible for targeted funds, FSA will need his or her ethnicity, race, and gender information.

When FSA receives a loan application, FSA will enter the ethnicity, race, and gender information into BP and GLS if guaranteed customer.--*

44 Collecting and Coding Ethnicity, Race, and Gender Information (Continued)**C Ethnicity, Race, and Gender Classifications**

An applicant, including individual entity members, may identify:

- his or her ethnicity as either of the following:
 - Hispanic or Latino - a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish Culture or origin, regardless of race
 - not Hispanic or Latino
- himself or herself as a member of 1 or more of the following races:
 - Asian - a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam
 - American Indian or Alaskan Native - a person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment
 - Black or African American – a person having origins in any of the black racial groups of Africa
 - Native Hawaiian or other Pacific Islander - a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands
 - White - a person having origins in any of the original peoples of Europe, North Africa, or the Middle East
- his or her gender as male or female.

45 Allocating Loan Program Funds

A General

[7 CFR 761.201(a)] This subpart addresses:

--(1) The allocation of funds for direct and guaranteed FO, CL, and OL loans:--

(2) The establishment of socially disadvantaged target participation rates; and

(3) The reservation of loan funds for beginning farmers.

[7 CFR 761.201(b)] The Agency does not allocate EM loan funds to State Offices but makes funds available following a designated or declared disaster. EM loan funds are available on a first-come first-served basis.

*--B Timing of the Allocation of FO, CL, and OL Funds

[7 CFR 761.202] The Agency's National Office allocates funds for FO, CL, and OL--* loans to the State Offices on a fiscal year basis, as made available by the Office of Management and Budget. However, the National Office will retain control over the funds when funding or administrative constraints make allocation to State Offices impractical.

[7 CFR 761.201(c)] State funding information is available for review in any State Office.

C National Reserves for FO and OL Funds

[7 CFR 761.203(a)] At the start of each fiscal year, the National Office reserves a portion of the funds available for each direct and guaranteed loan program. These reserves enable the Agency to meet unexpected or justifiable program needs during the fiscal year.

[7 CFR 761.203(b)] The National Office distributes funds from the reserve to one or more State Offices to meet a program need or Agency objective.

45 Allocating Loan Program Funds (Continued)

D Methods of Allocating Funds to State Offices

***--[7 CFR 761.204] FO, CL, and OL loan funds are allocated to State Offices using one--* or more of the following allocation methods:**

[7 CFR 761.204(a)] Formula allocation, if data, as specified in § 761.205 (subparagraph 45 E), is available to use the formula for the State.

[7 CFR 761.204(b)] Administrative allocation, if the Agency cannot adequately meet program objectives with a formula allocation. The National Office determines the amount of an administrative allocation on a case-by-case basis.

[7 CFR 761.204(c)] Base allocation, to ensure funding for at least one loan in each State, District, or County Office. In making a base allocation, the National Office may use criteria other than those used in the formula allocation, such as historical Agency funding information.

E Computing a Formula Allocation

--[7 CFR 761.205(a)] The formula allocation for FO, CL, or OL loan funds is equal to:--

- (1) The amount available for allocation by the Agency minus the amounts held in the National Office reserve and distributed by base and administrative allocation, multiplied by:**

formula allocation = (amount available for allocation - national reserve - base allocation - administrative allocation) x State Factor

- (2) The State Factor, which represents the percentage of the total amount of the funds for a loan program that the National Office allocates to a State Office.**

[7 CFR 761.205(b)] To calculate the State Factor, the Agency:

- (1) Uses the following criteria, data sources, and weights:**

45 Allocating Loan Program Funds (Continued)

E Computing a Formula Allocation (Continued)

CRITERIA	LOAN TYPE CRITERION IS USED FOR	DATA SOURCE	WEIGHT FOR *--FO AND CL (percent)	WEIGHT FOR OL LOANS--* (percent)
Farm operators with sales of \$2,500-\$39,999 and less than 200 days work off the farm	*--FO, CL, and OL loans	U.S. Census of Agriculture	15	15
Farm operators with sales of \$40,000 or more and less than 200 days work off farm	FO, CL, and OL loans	U.S. Census of Agriculture	35	35
Tenant farm operators	FO, CL, and OL loans	U.S. Census of Agriculture	25	20
Three-year average net farm income	FO, CL, and OL loans	USDA Economic Research Service	15	15
Value of farm real estate assets	FO and CL--*	USDA Economic Research Service	10	N/A
Value of farm non-real estate assets	OL loans	USDA Economic Research Service	N/A	15

- (2) Determines each State's percentage of the national total for each criterion;
- (3) Multiplies the percentage for each State determined in paragraph (b)(2) of this section by the applicable weight for that criterion;
- (4) Sums the weighted criteria for each State to obtain the State factor.

F Pooling of Unobligated Funds Allocated to State Offices

***--[7 CFR 761.206] The Agency periodically pools unobligated FO, CL, and OL loan--* funds that have been allocated to State Offices. When pooling these funds, the Agency places all unobligated funds in the appropriate National Office reserve. The pooled funds may be retained in the national reserve or be reallocated to the States.**

A FLP notice will be issued before pooling of funds occurs.

45 Allocating Loan Program Funds (Continued)

G Distribution of Farm Loan Funds by State Offices

[7 CFR 761.207] A State Office may distribute its allocation of loan funds to District or County level using the same allocation methods that are available to the National Office. State Offices may reserve a portion of the funds to meet unexpected or justifiable program needs during the fiscal year.

H Target Participation Rates for Socially Disadvantaged Target Groups

[7 CFR 761.208(a)] (1) The Agency establishes target participation rates for providing *--FO, CL, and OL loans to members of socially disadvantaged groups.--*

- (2) The Agency sets the target participation rates for State and County levels annually.
- (3) When distributing loan funds in counties within Indian reservations, the Agency will allocate the funds on a reservation-wide basis.
- (4) The Agency reserves and allocates sufficient loan funds to achieve these target participation rates. The Agency may also use funds that are not reserved and allocated for socially disadvantaged groups to make or guarantee loans to members of socially disadvantaged groups.

***--I FO and CL's Based on Ethnicity or Race**

[7 CFR 761.208(b)] The FO and CL loan target participation rate based on ethnicity--* or race in each:

- (1) State is equal to the percent of the total rural population in the State who are members of such socially disadvantaged groups.
- (2) County is equal to the percent of rural population in the county who are members of such socially disadvantaged groups.

J OL Based on Ethnicity or Race

[7 CFR 761.208(c)] The OL loan target participation rate based on ethnicity or race in each:

- (1) State is equal to the percent of the total number of farmers in the State who are members of such socially disadvantaged groups.
- (2) County is equal to the percent of the total number of farmers in the county who are members of socially disadvantaged ethnic groups.

45 Allocating Loan Program Funds (Continued)

K Target Participation Rate for Women Farmers

[7 CFR 761.208(d)] (1) The target participation rate for women farmers in each:

- (i) State is equal to the percent of farmers in the State who are women.**
- (ii) County is equal to the percent of farmers in the county who are women.**
- (2) In developing target participation rates for women, the Agency will consider the number of women who are current farmers and potential farmers.**

L Loan Funds for Beginning Farmers

[7 CFR 761.209] Each fiscal year, the Agency reserves a portion of direct and guaranteed FO and OL loan funds for beginning farmers in accordance with section 346(b)(2) of the Act.

Direct FO and OL funds are reserved until September 1 of each FY. Beginning farmer downpayment funds are reserved until April 1 of each FY.

Note: Between April 1 and September 1 of each FY, beginning farmer downpayment funds may be used by any eligible beginning farmer.

Guaranteed FO and OL funds are reserved until April 1 of each FY.

Note: An FLP notice will be issued before the lifting of targets.

*--M CL Funds

[7 CFR 761.210(a)] The following applicants and conservation projects will receive priority for CL funding:

- (1) Beginning farmer or socially disadvantaged farmer;**
- (2) An applicant who will use the loan funds to convert to sustainable or organic agriculture production system as evidenced by one of the following:**
 - (i) A conservation plan that states the applicant is moving toward a sustainable or organic production system, or**
 - (ii) An organic plan, approved by a certified agent and the State organic certification program, or**
 - (iii) A grant awarded by the Sustainable Agriculture Research and Education (SARE) program of the National Institute of Food and Agriculture, USDA.--***

45 Allocating Loan Program Funds (Continued)

M CL Funds (Continued)

- (3) An applicant who will use the loan funds to build conservation structures or establish conservation practices to comply with 16 U.S.C. 3812 (section 1212 of the Food Security Act of 1985) for highly erodible land.

N Transfer of Funds

[7 CFR 761.211] If sufficient unsubsidized guaranteed OL funds are available, then beginning on:

- (a) August 1 of each fiscal year, the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers and socially disadvantaged farmers under the Downpayment loan program; and
- (b) September 1 of each fiscal year the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers.

46 Maintaining Borrower Addresses and Service Center Office Codes

A Changing Borrower Address Records

An authorized agency official must maintain correct addresses for all direct and guaranteed loan borrowers within the authorized agency official's jurisdiction and caseload.

An authorized agency official should make borrower address changes for borrowers with the following:

- *--direct loans only, by updating BP
- both direct and guaranteed loans, by updating BP and by processing a PLAS TC 4C in GLS
- guaranteed loans only, by updating BP and processing a PLAS TC 4C in GLS.

Note: Name and address data entered in GLS for a customer should exactly match BP--* data for the same customer.

See 1-CM, paragraph 198 for documenting customer data changes * * *.

Forms for requesting updated addresses include FSA-470, which FSA mails to the borrower's last known address, and FSA-137, which requests address information from USPS.

46 Maintaining Borrower Addresses and Service Center Office Codes (Continued)**B Maintaining the Accuracy of Name and Address Information * * ***

SCIMS information is matched nightly against PLAS information to detect variances. Any variances between SCIMS and PLAS systematically generate TC 4C to update PLAS.

County Offices shall view the following reports, available through the FSA Data Marts, using the Oracle EPM 11 Data Mart, at least monthly to ensure name and address

--information in BP and SCIMS is accurate:--

- SCIMS-PLAS Exception
- SCIMS-PLAS Update
- SCIMS-PLAS Discrepancy.

*--Any necessary corrections to BP or PLAS must be made immediately. See Exhibit 14 for guidance on accessing and using the reports, and correcting data.

Notes: County Offices shall contact State Offices regarding questions about how to process corrections.

BP is a multi-agency database shared by FSA, NRCS, and RD. Consult CED and other agency representatives, as applicable, before making changes/corrections in BP.--*

C Related Instructions

See 4-FLP, Part 12 for transferring servicing responsibilities when an existing borrower moves to an area serviced by a different County Office.

D Changing Servicing Office Codes

FSA-2125 will be used by State Offices to change servicing office codes and mail codes when all files for 1 or more County Office are moved.

47 Ensuring Borrower Compliance With Restrictions on Lobbying**A Overview**

**[7 CFR 761.5] A person who applies for or receives a loan made or guaranteed by the
*--Agency must comply with the restrictions on lobbying in 2 CFR Part 418.**

USDA regulations about restrictions on lobbying are published in 2 CFR Part 418. This paragraph provides guidance for implementing 2 CFR Part 418 for FLP loan applicants--* and borrowers.

Note: CFR citations refer to Departmental regulations.

B Applicant and Lender Certification

Any applicant for a direct or guaranteed loan exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all loan applicants on FSA-2001, FSA-2211, FSA-2212, FSA-2301, and FSA-2683.

Lenders applying for a loan guarantee exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all lenders on FSA-2201.

--Additional information on certification requirements is available in 2 CFR 418.110, which--
is included in subparagraph D.

47 Ensuring Borrower Compliance With Restrictions on Lobbying (Continued)

C Disclosure of Lobbying Activities

Any person or entity that is required to certify compliance with lobbying activities requirements may have to complete SF-LLL. In particular, any person or entity must complete SF-LLL if they have made or have agreed to make any payment using funds other than appropriated funds to influence a decision in connection with the loan or loan guarantee. This requirement also applies to any person who requests or receives a contract or subcontract of at least \$100,000 under a loan or loan guarantee exceeding \$150,000.

SF-LLL must be submitted at the time of loan or guarantee application and in each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person *--under paragraphs (a) or (b) of 2 CFR 418.110 (subparagraph D). An event that materially--* affects the accuracy of the information reported includes 1 or more of the following.

- A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action.
- A change in the persons or individuals influencing or attempting to influence a covered Federal action.
- A change in the officers, employees, or members contacted to influence or attempt to influence a covered Federal action.

A new SF-LLL must be submitted if and when a borrower changes contractors or subcontractors.

All involved contractors, subcontractors, and grantees must collect disclosures from lower tiers and submit them to higher tiers. The borrower or lender must submit all the disclosures to FSA.

The authorized agency official must file all original disclosures and immediately send copies to the following:

- SED
- *--USDA FSA AMD
355 E STREET SW
10TH FLOOR
WASHINGTON DC 20024.--*

47 Ensuring Borrower Compliance With Restrictions on Lobbying (Continued)

D USDA Certification and Disclosure Requirements

*--

2 CFR 418.110 Certification and Disclosure*

- (a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:
 - (1) Award of a Federal contract, grant, or cooperative agreement exceeding \$100,000;
 - or
 - (2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000.
- (b) (1) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:
 - (i) A federal contract, grant, or cooperative agreement exceeding \$100,000;
 - or
 - (ii) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000,
 (2) Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.
- (c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:
 - (1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
 - (2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
 - (3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.
- (d) Any person shall file a certification, and a disclosure form, if required, to the next tier above who requests or receives from a person referred to in paragraphs (a) or (b) of this section:
 - (1) A subcontract exceeding \$100,000 at any tier under a Federal contract;
 - (2) A subgrant, contract, or subcontract exceeding \$100,000 at any tier under a Federal grant;
 - (3) A contract or subcontract exceeding \$100,000 at any tier under a Federal loan exceeding \$150,000; or
 - (4) A contract or subcontract exceeding \$100,000 at any tier under a Federal cooperative agreement,

--*

47 Ensuring Borrower Compliance With Restrictions on Lobbying (Continued)

D USDA Certification and Disclosure Requirements (Continued)

*--

- (e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) and (b) of this section. That person shall forward all disclosure forms to the agency.
- (f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.
- (g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.
- (h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either Subpart B or C [of 2 CFR Part 418].

--*

48 Credit Reports

A Overview

FSA uses credit reports to assist in determining:

- eligibility of applicants and borrowers requesting FSA loans and loan servicing options
- feasibility of the applicant's farming operation
- debt settlement eligibility and feasibility.

See 3-FLP for direct loanmaking and 4-FLP and 5-FLP for direct loan servicing to specify when credit reports are required.

B Confidentiality

The information in a credit report is confidential and is used only as an aid in conducting FSA business. FSA must make credit reports available to the subject of the report in response to a request made under the Privacy Act of 1974. See 3-INFO.

C Mortgage Credit Reports

The following are the 2 types of mortgage credit reports:

- an individual report provides information on 1 person only
- a joint report provides information on a married couple.

FSA will order a mortgage credit report to obtain all credit and public record information available for at least the previous 2 years.

D Commercial Credit Report

A commercial credit report provides information on an entity. A commercial credit report is available only for a separate legal entity. Thus, FSA will order a mortgage credit report rather than a commercial credit report when the applicant is an informal partnership. FSA also may order an individual mortgage credit report on the majority owners (principal members) of an entity.

A commercial credit report normally consists of BIR. BIR is a component of a commercial credit report that includes the following:

- summary section that highlights important data elements
- historical background on the business entity's principals and the entity itself
- review of the entity's financial condition and trend of sales and earnings
- payment record reported by suppliers
- brief description of related entities
- public filings
- special events
- description of the entity's operation.

48 Credit Reports (Continued)**E Ordering Mortgage Credit Report**

Authorized agency officials who have access to FBP will access Equifax, Experian, and Trans Union data through the FBP “General” menu screen.

See Exhibit 15 for ordering credit reports through FBP.

* * *

F When Mortgage and Commercial Credit Reports Are Not Acceptable

If a County Office has problems with a credit report or credit reporting agency (e.g. data on the report is incomplete or the contractor is not complying with contract terms), then the County Office will contact the State Office for assistance.

Note: Agency officials will not intervene on behalf of the applicant/borrower in matters about disputed information, balances, or credit scores or ratings. These disputes will be handled according to subparagraph H.

If the issue is significant and the State Office needs assistance in resolving, the State Office shall contact DAFLP according to subparagraph 4 D.

G When the Applicant Disputes Information on the Credit Report

If the applicant/borrower disagrees with or disputes information reflected on the credit report, refer the applicant/borrower to the company or companies issuing the credit report at the following phone numbers:

- Trans Union at 312-258-1717 to obtain a copy of their credit report or 800-916-8800 for customer service
- Experian at 888-397-3742 to obtain a copy of their credit report or 800-831-5614, extension 3 for customer service
- Equifax at 800-685-1111 to obtain a copy of their credit report or 800-685-5000, extension 2 for customer service.

Note: Agency officials will not intervene on behalf of the applicant/borrower in matters concerning disputed information, balances, credit scores, or ratings.

48 Credit Reports (Continued)**H Credit Report Fees - Cost to the Applicant**

Applicants will be charged for reports according to the following.

Applicant	Cost
Individual	*--\$16.00
Joint	\$24.50
Entity	\$50.00--*

Notes: A husband and wife, who are members of an entity, **will** be charged a joint credit report fee. Individual credit reports will then be obtained for each.

No fee will be collected for servicing only applications according to 4-FLP, subparagraph 116 A or 5-FLP, subparagraph 81 C.

--The credit report fee change is effective on October 17, 2016.--

I Recording Fees

The appropriate fee for credit reports collected will be recorded on FSA-2001, FSA-2301, FSA-2314, FSA-2330, and FSA-2683.

J Processing Credit Report Fees

See 3-FI to process credit report fees.

K Payment of Invoices for Credit Reports

The National Office will:

- receive monthly invoices showing State usage
- submit payment to the vendor for credit reports generated through FBP.

49 DLS***--A DLS Uses--***

DLS is the required system for loan making and * * * servicing information and activities.

DLS:

- tracks each loan request in an application package from receipt to final disposition
- obligates loans through its interaction with PLAS
- submits check/EFT requests through PLAS
- submits loan closings to PLAS
- provides an interactive tasks checklist
- monitors the disbursement of loan funds
- provides reports of loanmaking activities and processing timeframes
- tracks routine loan servicing activities, and timeframes
- has automated follow-up reminders to assist County Office employees in meeting deadlines for routine loan servicing activities
- provides loan account information, such as principal and interest amounts, and account flags
- provides the ability to manage case numbers and mail codes for customer accounts
- warehouses information for reporting purposes
- has automated reporting capabilities.

The National Office uses DLS data in reports to Congress, CR, and FSA senior management. In addition, the data is used to determine whether FSA loan servicing goals are being/have been met.

49 DLS (Continued)

B User Assistance

The DLS Loan Making and Loan Servicing User's Guide can be referenced for any specific

--questions. The guide may be obtained by accessing

https://inside.fsa.usda.gov/Assets/USDA-FSA-Intranet/intranetfiles/program-areas/daflp/flp-manuals/DLS_User_Guide.pdf--*

C Maintaining and Updating DLS

FCAO is responsible for computer implementation and upgrades. The National Office is responsible for user requirements, updates to accommodate regulatory and statutory changes, and other revisions as needed. State and County Office employees are responsible for data entry of customer and loan information as it is received.

D Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

--E Important Calendar Year 2018 Year-End Dates

Various transactions are suspended or disabled as needed to perform calendar year-end activities. The following dates are applicable to the availability of DLS.

Action	Date	
Loan Activity Cutoff – the last day that loan activity dated in calendar year 2018 can be processed to be reflected on FSA-2065 for 2018 and related IRS forms	Monday, January 7, 2019

50 GLS**A Purpose and Overview**

GLS was designed to account for all loan making and servicing activity for guaranteed loans. GLS is used to:

- track the processing of guaranteed loan applications, including obligation and loan closing
- process all loan servicing transactions, including interest assistance claims, transfers and assumptions, repurchases, reamortizations, and loss claims
- record guaranteed loan status and default status reports
- maintain lender information, including lender status
- obtain reports for monitoring the guaranteed loan portfolio.

The data entered into GLS is used to monitor individual loan accounts, as well as to provide reports to Congress, CR, Executive Branch, FSA senior management, and parties making FOIA requests. It is FSA's accounting tool for the Guaranteed Loan Program.

B GLS User Assistance

*--For specific guidance, the GLS User Guide can be found by doing either of the following:

- logging in the GLS web site using required eAuthentication permissions and selecting "Help"
- selecting the GLS User Guide from the Farm Loan Programs Home Page.--*

50 GLS (Continued)

C Responsibility for Maintaining and Updating GLS

FCSB is responsible for system upgrades. The National Office is responsible for user requirements, updates to accommodate regulatory and statutory changes, and other revisions as needed. County Office and FCSB employees are responsible for data entry of customer and loan information.

D Security

To obtain a GLS ID and password, users must submit requests according to appropriate IRM directives.

***--E Important Calendar 2018 Year-End Dates**

Various transactions are suspended or disabled as needed to perform calendar year-end activities. The following dates are applicable to the availability of GLS.

Action	Date	
Loan Activity Cutoff – the last day that loan activity dated in calendar year 2018 can be processed to be reflected on 2018 IRS forms.	Monday, January 7, 2019

Note: Transactions for Debt Offset Collection, Refund, and Write-off maintenance cannot be processed during this period.		

--*

51 FOCUS**A Purpose and Overview**

FOCUS is an ad-hoc reporting system used by the National and State Offices for monitoring purposes. Users may choose to use “canned” reports or may prepare specific reports, as needed, using:

- direct loan data entered through ADPS
- application data entered in DLS.

B User Assistance

Refer to the USDA FOCUS Ad Hoc Reporting System Manual – Field Office User’s Manual for guidance. The User’s Manual may be obtained by ordering Item 257 from the Kansas City Warehouse.

C Training

State Office employees shall submit requests for training, through SED, to either of the following:

- USDA FSA DAFLP
STOP 0520
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0520
- FAX: 202-690-3573

D Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

52 ADPS**A Purpose**

ADPS is a terminal application system that allows users to process FLP accounting transactions and view borrower or acquired property information. ADPS connects users *--located at State and County Offices to FaSB, FCSB, and PLAS. Authorized users shall--* enter and use information in ADPS for both loan making and servicing purposes.

B Overview

ADPS is used to:

- manuscript select transactions and analyze and correct those transactions if rejected from PLAS (discrepancies)
- view a borrower's loan status information, which lists the following:
 - unpaid balances of existing direct loans along with basic information about each loan
 - cross-reference data from throughout the nation
 - detailed history of transactions
- route selected ADPS-manuscripted or discrepancy transactions that are only processed *--by FaSB using special routing codes--*
- view received, processed, and corrected payment activity
- view acquired property information and detailed history of transactions processed for an acquired property.

52 ADPS (Continued)**C ADPS Assistance**

ADPS Online Help is:

- a computer-based system that provides ADPS processing information in the form of online reference material (Reference) and pop-up windows
- accessed from the terminal screen.

The online material reference provides general information about ADPS transactions, definitions, and code values for all short descriptions and mnemonics on transaction detail screens and status screens, discrepancy code definitions, and corrective actions. Pop-up windows provide information for pre-manuscripting validations and manuscript transactions.

For information on ADPS, contact the State Office Automation Coordinator or, if authorized, the Help Desk at 1-800-457-3642. The Help Desk will provide information, guidance, and technical assistance in resolving problems about ADPS operations.

D Requesting Changes to the User Documentation

To initiate a change to the user documentation, submit FmHA 2006-21 to the following.

USDA RURAL DEVELOPMENT
USER DOCUMENTATION STAFF
MAIL CODE 421
--4300 GOODFELLOW BOULEVARD--
ST LOUIS MO 63120

52 ADPS (Continued)**E Maintaining Program Records**

When submitting transaction information through ECM to FaSB and FCSB, the authorized agency official must retain the original documents, screen printouts, and transmittal letters. These will be filed in the case folder after verifying that the transaction has been processed.

ADPS screen printouts must be retained in position 2 of the case folder according to *--32-AS retention requirements for the folder and its entire contents.--*

When applicable, users must access ADPS to determine that the selected transactions have been processed or rejected. Users must file processed transaction screens, correct discrepancies, and annotate the related source/input document with the corrected information. Users must generate screen printouts of all corrections and file them with the original input document.

F Using “OK to Apply Codes”

“OK to Apply Codes” are used to process a transaction or correct a discrepancy as required by the online assistance for processing transactions. The user shall file a copy of the screen printout to verify the use of an “OK to Apply Code”. Screen printouts will be retained in the *--case folder according to 32-AS retention requirements for the folder and its entire--* contents.

G Processing Schedule

Users must process transactions within 10 calendar days of the effective date. If a discrepancy occurs, the transaction must be corrected within 5 calendar days of the initial rejection date. An additional 15 calendar days are allowed for correcting discrepancies with a suspend code on the borrower account.

52 ADPS (Continued)**H State Office Action**

SED shall ensure timely automation processing and that a County Office is at an acceptable level by:

- training at least 2 employees to process transactions
- processing ADPS transactions as of the effective date or the next workday thereafter
- using “Action Pending Codes” from Online Help when necessary to delay initial processing or make discrepancy corrections.

53 CAIVRS

A Requesting CAIVRS ID and Password

Employees who perform CAIVRS checks shall request a CAIVRS ID and password according to the following.

Step	Action
1	*--Access the CAIVRS web site at https://entp.hud.gov/caivrs/public/home.html .--*
2	CLICK "Using CAIVRS".
3	Under "Government Agencies", CLICK "Registration for Government User ID".
4	Follow the instructions to obtain a government user ID. For "Select Agency/Program", CLICK "USDA/Farm Service" and continue entering the required information.
5	CLICK "Send Application" and the request for a government user ID will be processed.

Once the CAIVRS ID and password request has been completed, users must:

- complete FSA-13-A, items 1 through 13 and item 37
- forward the completed FSA-13-A to the State SLR.

The State SLR must enter FSA-13-A information into ERSR before a CAIVRS ID and password can be issued.

Upon receiving ERSR from the State SLR, the FSA CAIVRS administrator will provide by e-mail, a CAIVRS ID and password to the requesting employee within 3 working days.

Note: CAIVRS passwords are valid for 21 calendar days and must be reset before expiring.

--Passwords must be exactly 8 characters, are case sensitive, and must contain at least 1 letter, 1 number, and 1 special character. For forgotten or expired password-- assistance, contact the Security Operations Help Desk at 800-255-2434, option 2.

53 CAIVRS (Continued)

B Using CAIVRS

Perform a CAIVRS inquiry according to the following.

Step	Action
1	Access the CAIVRS web site at https://entp.hud.gov/caivrs/public/home.html .
2	CLICK “Government User Menu”.
3	Enter CAIVRS ID and password.
4	Select the function to perform when prescreening an applicant, such as “CAIVRS Authorization”.
5	Select the agency or program that is prescreening the applicant from the agency list.
6	Enter the applicant’s Social Security number or EIN and select the appropriate Social Security number or EIN indicator.
7	CLICK “Submit”.
8	Print the “CAIVRS Authorization Results” and place in case file.

Note: If there are no claims, defaults, or foreclosures reported to CAIVRS, then CAIVRS will respond that there are no cases and provide a confirmation number.

54 Oracle EPM 11 Data Mart

A Purpose and Overview

The Oracle EPM 11 Data Mart is an ad-hoc reporting system used by the National Office and State Offices for monitoring purposes. FLP users who request and are granted access to the Oracle EPM 11 Data Mart will be given access to the FLP Data Mart folder within the Oracle EPM 11 Data Mart. A user with access to the FLP Data Mart folder can pull direct loanmaking and loan servicing data as entered through DLS. Reports can be downloaded to Hyperion, Excel, or PDF format.

B User Assistance

The Oracle EPM 11 Data Mart may be accessed on the FSA Data Warehouse Home Page at ***--<http://fsaintranet.sc.egov.usda.gov/fsa/fsa-datamarts/fsadatamartshomepage.htm>--*** by clicking “Oracle EPM 11 Data Marts”.

The Oracle EPM 11 Reports User Guide for FLP Data Mart may be accessed on the FSA - Farm Loan Programs Systems Manual web site at **<https://inside.fsa.usda.gov/program-areas/daflp/index>** by clicking “Software User Guides”, and then by clicking “Oracle EPM 11 Reports User Guide”.

C Security

Authorized users may access the Oracle EPM 11 Data Mart reporting system using their eAuthentication ID. New users can be requested by completing and submitting FSA-13-A according to appropriate IRM directives.

D Available Reports

See Exhibit 18 for a list of available reports.

55 Type of Assistance and Fund Codes

A Fund Codes

Fund codes are used to identify a type of loan. For example, Fund Code 44 indicates OL.

Obsolete fund codes are not used for new loans; however, obsolete fund codes will be reassigned if the loan is assumed.

See Exhibit 16 for a list of fund codes.

B Type of Assistance Codes

Type of assistance codes identify the specific type of loan for DLS obligation purposes. For example, a Type of Assistance Code 152 is a 1-year Youth loan for an SDA applicant.

See Exhibit 16 for a list of types of assistance codes.

56-59 (Reserved)

60 Interest Rates

A Interest Rates for Direct Loans

[7 CFR 761.9] Interest rates for all direct loans are set in accordance with the Act. A copy of the current interest rates may be obtained in any Agency Office.

Note: See Exhibit 17 for current interest rates.

* * *

61-100 (Reserved)

Part 4 Supervised Bank Accounts

101 Overview

A Supervised Bank Account

A supervised bank account is an account with a financial institution established through a deposit agreement entered into between the borrower, FSA, and the financial institution.

B Establishing a Supervised Bank Account

[7 CFR 761.51 (a)] Supervised bank accounts will be used to:

- (1) Assure correct use of funds planned for capital purchases or debt refinancing and perfection of the Agency's security interest in the assets purchased or refinanced when electronic funds transfer or treasury check processes are not practicable;**
- (2) Protect the Agency's security interest in insurance indemnities or other loss compensation resulting from loss or damage to loan security; or**
- (3) Assist borrowers with limited financial skills with cash management, subject to the following conditions:**
 - (i) Use of the supervised bank account for this purpose will be temporary and infrequent;**
 - (ii) The need for a supervised bank account in this situation will be determined on a case-by-case basis; and**
 - (iii) The borrower agrees to the use of a supervised bank account for this purpose by executing the deposit agreement.**

***--Until CFR is amended, supervised bank accounts may be used to:**

- protect the Agency's security interest in insurance indemnities or other loss compensation resulting from loss or damage to loan security
- assure correct use of funds planned with proceeds from the sale of basic security and perfection of the Agency's security interest in the assets purchased
- assure correct use of funds planned for performing construction and other development work.--*

101 Overview (Continued)

B Establishing a Supervised Bank Account (Continued)

*--FSA-2140 will be signed by all borrowers.

A supervised bank account will be used, only when necessary, to ensure that loan or security proceeds are used according to the farm operating plan, agreement to use proceeds, construction and development plan, or other agreement with FSA.

Note: Supervised bank accounts must **not** be used in place of EFT or Treasury checks, according to 7 CFR 764.402(e)(3) (3-FLP, subparagraph 431 A), if practicable.--*

C Justification for Using a Supervised Bank Account

County Offices must:

- ensure that a supervised bank account is established according to this Part
- document in FBP Credit Presentation the reason a supervised bank account was established.

Note: For servicing actions that do not require a Credit Presentation be completed, justification will be documented in FBP.

See 3-FLP, 4-FLP, and 5-FLP for specific loan making and servicing situations where a supervised bank account is needed.

DD's and State Offices must review case files of borrowers with supervised bank accounts during County Office reviews to:

- verify that documentation is in place
- document in FBP their concurrence that the supervised bank account is needed.

If the review determines that the supervised bank account is not needed, DD or State Office must:

- document the results of the review in FBP
- instruct the authorized agency official to close the supervised bank account.

102 Establishing a Supervised Bank Account**A Selecting a Financial Institution**

[7 CFR 761.51(b)] The borrower may select the financial institution in which the account will be established, provided the institution is Federally insured. If the borrower does not select an institution, the Agency will choose one.

[7 CFR 761.51(c)] Only one supervised bank account will be established for any borrower.

[7 CFR 761.51(d)] If both spouses sign an FLP note and security agreement, the supervised bank account will be established as a joint tenancy account with right of survivorship from which either borrower can withdraw funds.

B Opening a Supervised Bank Account

The authorized agency official must provide the financial institution with FSA-2140, which addresses:

- services to be provided
- frequency and method of transmission for account statements
- countersignature requirements
- waiving of service charges whenever possible.

The authorized agency official, the financial institution, and any borrower authorized to write checks must sign FSA-2140. File the original in the borrower's case file and provide 1 copy to the borrower and 1 copy to the financial institution.

The authorized agency official is not required to provide his or her SSN to the financial institution. Government agencies are exempt from the requirements of the Customer *--Identification Program. See 3-FI and 64-FI.--*

Note: Supervised bank accounts shall remain open no longer than 12 months, unless justified by the loan official, and concurrence by DD. DD must document the reason in the FBP running record.

C Type of Account

[7 CFR 761.53(a)] A supervised bank account, if possible, will be established as an interest bearing deposit account provided that funds will not be immediately disbursed, and the account is held jointly by the borrower and the Agency if this arrangement will benefit the borrower.

The authorized agency official, the borrower, and the financial institution must complete FSA-2141 when an interest bearing account is used.

102 Establishing a Supervised Bank Account (Continued)**D Account Balance Exceeding the Maximum Amount Insured by the Government**

[7 CFR 761.51(e)] If the funds to be deposited into the account cause the balance to
--exceed the maximum amount insurable by the Federal Government, the financial--
institution must agree to pledge acceptable collateral with the Federal Reserve Bank for
the excess over the insured amount, before the deposit is made.

* * *

Agency officials should use EFT or multiple advances when possible to minimize instances where the balance in supervised bank accounts will exceed the maximum insurable amount.

If an account balance will exceed \$250,000, County Offices must complete FSA-2144 and forward it to the State Office. The State Office shall submit FSA-2144 to:

- FMD FINANCIAL SYSTEMS AND PROCEDURES BRANCH
STOP 0581
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0581
- FAX: 703-305-1144.

FMD will coordinate the collateralization with the financial institution.

[7 CFR 761.51(e)] (1) If the financial institution is not a member of the Federal Reserve System, the institution must pledge acceptable collateral with a correspondent bank that is a member of the Federal Reserve System. The correspondent bank must inform the Federal Reserve Bank that it is holding securities pledged for the supervised bank account in accordance with 31 CFR Part 202 (Treasury Circular 176).

(2) When the balance in the account has been reduced, the financial institution may request a release of part or all of the collateral, as applicable, from the Agency.

Requests for release of collateral will be forwarded to FMD, Financial Systems and Procedures Branch.

103 Supervised Bank Account Transactions and Monitoring**A Deposits**

[7 CFR 761.52(a)] Checks or money orders may be deposited into a supervised bank account provided they are not payable:

- (1) Solely to the Federal Government or any agency thereof; or**
- (2) To the Treasury of the United States as joint payee.**

The authorized agency official must prepare the deposit slip and deliver the deposit to the financial institution. Copies are distributed to the borrower and the borrower's case file.

FSA must maintain a record of all deposits, including funds from other sources, on FSA-2142.

B EFT Transactions

[7 CFR 761.52(b)] Loan proceeds may be deposited electronically.

The authorized agency official should use EFT to deposit loan funds to a supervised bank account.

The authorized agency official will make the initial deposit to the supervised bank account with a paper check only when required by the financial institution or if an EFT waiver is on file. FSA may then make subsequent advances by initiating EFT transactions.

103 Supervised Bank Account Transactions and Monitoring (Continued)**C Withdrawals from a supervised bank account**

[7 CFR 761.54(a)] The Agency will authorize a withdrawal from the supervised bank account for an approved purpose after ensuring that:

- (1) Sufficient funds in the supervised bank account are available;**
- (2) No loan proceeds are disbursed prior to confirmation of proper lien position, except to pay for any lien search if needed;**
- (3) No checks are issued to “cash”; and**
- (4) The use of funds is consistent with the current farm operating plan or other agreement with the Agency.**

[7 CFR 761.54(b)] A check must be signed by the borrower with countersignature of the Agency, except as provided in Paragraph (c) of this section (subparagraph 103 D). All checks must bear the legend “countersigned, not as co-maker or endorser.”

D Withdrawal Without Borrower Signature

[7 CFR 761.54(c)] The Agency will withdraw funds from a supervised bank account without borrower counter signature only for the following purposes:

- (1) For application on Agency indebtedness;**
- (2) To refund Agency loan funds;**
- (3) To protect the Agency’s lien or security;**
- (4) To accomplish a purpose for which such advance was made; or**
- (5) In the case of a deceased borrower, to continue to pay necessary farm expenses to protect Agency security in conjunction with the borrower’s estate.**

The authorized agency official must submit recommendations for withdrawal to SED, in writing. SED may withdraw funds from a supervised bank account using FSA-2145.

103 Supervised Bank Account Transactions and Monitoring (Continued)**E Documentation**

The authorized agency official may retain copies of invoices, receipts, or other documentation, as necessary, to support withdrawals from the supervised bank account.

F Interest

[7 CFR 761.53(b)] Interest earned on a supervised bank account will be treated as normal income security.

See 4-FLP for further information on normal income security.

G Reconciliation

The authorized agency official must reconcile the supervised bank account statement with FSA-2142. Items to be reconciled are the payee, amount of each check, and the balance in the account. Deposits and withdrawals verified during the reconciliation will be initialed and dated. Any discrepancies must be resolved and documented in the FBP running record.

The authorized agency official must return the statement and canceled checks to the borrower after the reconciliation has been completed. The results of the reconciliation must be documented in the FBP running record.

Note: Signing checks and reconciliation must be completed by separate agency officials.

H Annual Report

The State Office will review all SBA's at least annually. Each State Office with 10 or more outstanding SBA's will submit the annual SBA Review Report, as of September 30 through SDMS, documenting the number of SBA accounts that are open, total present balance in all accounts, and justification for all accounts open longer than 12 months no later than October 31.

Notes: See 1-AS, Exhibit 8 for guidance on using SDMS. ENTER "SBA Review Report" as the title.

--Negative reports are not required.--

104 Closing Accounts**A Account No Longer Needed**

[7 CFR 761.55(a)] If the supervised bank account is no longer needed and the loan account is not paid in full, the Agency will determine the source of the remaining funds in the supervised bank account. If the funds are determined to be:

(1) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is less than \$1000, the Agency will provide the balance to the borrower to use for authorized loan purposes;**
- (ii) From a Youth loan, and the balance is less than \$100, the Agency will provide the balance to the borrower to use for authorized loan purposes;**

(2) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is \$1000 or greater, the Agency will apply the balance to the FLP loan;**
- (ii) From a Youth loan, and the balance is \$100 or greater, the Agency will apply the balance to the FLP loan;**
- (3) Normal income funds, the Agency will apply the balance to the remaining current year's scheduled payments and pay any remaining balance to the borrower; and**
- (4) Basic security funds, the Agency will apply the balance to the FLP loan as an extra payment or the borrower may apply the balance toward the purchase of basic security, provided the Agency obtains a lien on such security and its security position is not diminished.**

B Uncooperative Borrowers

[7 CFR 761.55(b)] If the borrower is uncooperative in closing a supervised bank account, the Agency will make written demand to the financial institution for the balance and apply it in accordance with paragraph (a) (subparagraph 104A) of this section.

Written demand will be made by SED according to subparagraph 103 D.

104 Closing Accounts (Continued)**C Death of Borrower**

[7 CFR 761.55(c)] In the event of a borrower's death, the Agency may:

- (1) Apply the balance to the borrower's FLP loan;**
- (2) Continue with a remaining borrower, provided the supervised bank account was established as a joint tenancy with right of survivorship account;**
- (3) Refund unobligated balances from other creditors in the supervised bank account for specific operating purposes in accordance with any prior written agreement between the Agency and the deceased borrower; or**
- (4) Continue to pay expenses from the supervised bank account in conjunction with the borrower's estate.**

Deceased borrower's supervised bank accounts will be handled according to 4-FLP. SED may withdraw funds according to subparagraph 103 D after obtaining approval from OGC.

105-120 (Reserved)

Part 5 Planning and Performing Construction and Other Development

121 Overview

A Purpose

[7 CFR 761.10(a)] This section describes Agency policies regarding the planning and performing of construction and other development work performed with:

- (1) Direct FLP loan funds; or**
- (2) Insurance or other proceeds resulting from damage or loss to direct loan security.**

122 Borrower Requirements for Preparing a Construction and Development Plan**A Applicability**

An applicant for an FLP loan for construction or repair of farm dwellings, service buildings, *--or land development must submit a construction and development plan to FSA before loan approval.--*

A borrower using insurance or other proceeds resulting from the damage or loss of loan security for construction, repair, or land development must submit a construction and development plan to FSA before the release of any proceeds.

B Funds for Development Work

[7 CFR 761.10(b)] The applicant or borrower:

(1) Must provide the Agency with an estimate of the total cash cost of all planned development prior to loan approval.

Note: Estimates must be provided from the supplier or contractor who will provide services or perform the repair.

(2) Must show proof of sufficient funds to pay for the total cash cost of all planned development at or before loan closing.

(3) Must not incur any debts for materials or labor or make any expenditures for development purposes prior to loan closing with the expectation of being reimbursed from Agency funds.

Acceptable sources of funds to pay for the planned development include loan proceeds, any cash furnished by the borrower, proceeds from cost sharing programs, or proceeds from the sale of property.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**C Scheduling, Planning, and Completing Development Work**

[7 CFR 761.10(c)] The applicant or borrower:

- (1) Is responsible for scheduling and planning development work in a manner acceptable to the Agency and must furnish the Agency information fully describing the planned development, the proposed schedule and the manner in which it will be accomplished.**

Construction and development work may be performed either by the contract method or the borrower method.

Under the contract method, construction and development contractors perform work according to a written contract with the applicant or borrower. Under the borrower method, the applicant or borrower will perform the construction and development work.

The borrower method may only be used when the authorized agency official determines, based on information from the applicant, that both of the following conditions apply.

- The applicant possesses or arranges to obtain the necessary skill and managerial ability to complete the work satisfactorily
- Such work will not interfere with the applicant's farming operation or work schedule.

An applicant or borrower must submit FSA-2150 along with the following information:

- cost estimates that fully describe the materials to be used and the work to be performed according to subparagraph B
- certified drawings, specifications, or contract documents that completely describe the work, including all landscaping, repairs, and site development
- technical data, tests, or engineering evaluations, if requested by FSA.

--The applicant or borrower must identify and inform FSA of the authorities or professionals who will perform inspections before initiating conservation or development projects.--

D Qualified Technical Services

The applicant or borrower:

[7 CFR 761.10(c)(5)] Is responsible for obtaining any required technical services from qualified technicians, trades-people, and contractors.

The applicant should be advised to review copies of license, liability insurance, and bond coverage; however, copies are not required for the borrower's file.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**E Construction and Repair Standards**

[7 CFR 761.10(d)] (1) The construction of a new building and the alteration or repair of an existing building must conform with industry-acceptable construction practices and standards.

- (2) All improvements to a property must conform to applicable laws, ordinances, codes, and regulations.**
- (3) The applicant or borrower is responsible for selecting a design standard that meets all applicable local and state laws, ordinances, codes, and regulations, including building, plumbing, mechanical, electrical, water, and waste management.**
- (4) The Agency will require drawings, specifications, and estimates to fully describe the work as necessary to protect the Agency's financial interests. The drawings and specifications must identify any specific development standards being used. Such information must be sufficiently complete to avoid any misunderstanding as to the extent, kind, and quality of work to be performed.**
- (5) The Agency will require technical data, tests, or engineering evaluations to support the design of the development as necessary to protect its financial interests.**
- (6) The Agency will require the applicant or borrower to provide written certification that final drawings and specifications conform with the applicable development standard as necessary to protect its financial interests. Certification must be obtained from individuals or organizations trained and experienced in the compliance, interpretation, or enforcement of the applicable development standards, such as licensed architects, professional engineers, persons certified by a relevant national model code organization, authorized local building officials, and national code organizations.**

***--Certification required may vary based on type of construction and amount needed and may include, but not be limited to:**

- permits issued by local building authorities, based on review of detailed plans and specifications**
- licensed general contractor**
- local building company.--***

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**F Scheduling Construction**

The applicant or borrower:

[7 CFR 761.10(c)(4)] Must schedule development work to start as soon as feasible after the loan is closed and be completed as quickly as practicable.

Development work should be completed no later than 12 months from the date of loan closing. The authorized agency official must document any extension beyond 12 months in
--FBP.--

G Approvals and Permits

The applicant or borrower:

[7 CFR 761.10(c)(2)] Is responsible for obtaining all necessary State and local construction approvals and permits prior to loan closing.

All necessary State and local construction approvals and permits should be obtained before loan closing. Failure to obtain such approvals and permits in a timely manner may delay the project and increase costs. In some cases, all approvals and permits may not be available until after construction.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)

H Environmental Review

The applicant or borrower:

**[7 CFR 761.10(c)(3)] Must ensure that all development work meets the environmental
*--requirements established in 7 CFR 799.--***

See 1-EQ and the State Natural Resources Guide for additional guidance.

I Warranty and Lien Waivers

**[7 CFR 761.10(f)] The applicant or borrower must obtain and submit all lien waivers
on any construction before the Agency will issue final payment.**

The borrower must submit a completed FSA-2153 and FSA-2154 or other documentation acceptable to FSA before FSA will issue final payment. The authorized agency official must place the completed FSA-2153 or other acceptable documentation in the borrower's case file.

The borrower should obtain warranties as applicable.

123 Review of Proposed Construction and Development Plans**A Review Process and Criteria**

FSA will review the proposed method of doing the work and determine whether the work can be performed satisfactorily under the proposed method. To facilitate its review, FSA will visit the farm or site of the proposed construction or development.

In this review, the authorized agency official must:

- review the cost estimate for reasonableness
- analyze the adequacy of the planned construction or development in achieving applicant goals according to the farm assessment, as outlined in Part 8, Section 2
- determine that the applicant has adequate funds to complete the project according to subparagraph 122 B
- determine whether the contractor will be able to obtain surety according to paragraph 126
- determine whether the applicant will be able to obtain a warranty and a lien waiver according to subparagraph 122 I
- determine that the location is appropriate and adequate for the proposed development
- examine the project for compliance with environmental (e.g., lead paint, water, waste disposal), and cultural protection requirements, consistent with 1-EQ
- determine that the proposed schedule is realistic and results in completion as quickly as practicable and within no more than 12 months according to subparagraph 122 F
- if required, determine that the applicant has obtained a written certification from a State-licensed engineer or architect that final drawings and specifications meet appropriate development standards according to subparagraph 122 E.

123 Review of Proposed Construction and Development Plans (Continued)**B Security Considerations**

The authorized agency official should ensure that the Government's security interest in the development is adequately protected by completing inspections and monitoring progress, as appropriate. Examples of potential lending risks include the following:

- incomplete construction caused by undisclosed or undiscovered site characteristics, structural problems arising from inadequate or incompetent engineering or design, local opposition to the project, or environmental problems
- cost overruns resulting from delays, changes in building materials or labor markets, changes in cost or failure to estimate properly, unexpected increases in financing costs
- financial failure because of unfavorable market conditions or inability of the borrower to complete the project.

124 Inspections

A Applicant/Borrower Inspections

[7 CFR 761.10(e)(1)] The applicant or borrower is responsible for inspecting development work as necessary to protect their interest.

The borrower's inspection ascertains that the actual construction and development work conforms with all plans, applicable design standards, and local, State, and Federal laws and regulations. In addition, an inspection helps to ensure that contractors and subcontractors comply with the contract terms and that structures are in livable and operable condition before final payment.

The authorized agency official will evaluate the following in determining if FSA inspections are needed:

- total cost of construction
- complexity of project
- whether State or local Government inspections address the full scope of design or performance issues of concern to FSA
- cost of obtaining inspections and availability of professional inspection services.

***--[7 CFR 761.10(e)(2)] The applicant or borrower must provide the Agency written--* certification that the development conforms to the plans and good construction practices, and complies with applicable laws, ordinances, codes and regulations.**

Where required by applicable State or local laws, ordinances, codes, and regulations, the borrower must have inspections performed by responsible State or other Government authorities. The borrower must provide a copy of the written certification obtained from the State or local authorities as appropriate.

* * *

Complex projects may require several inspections. For example, inspections may be appropriate for major building components (e.g., wiring) that would not be visible when construction is complete. At a minimum, inspections of most new construction should include mechanical, plumbing, electrical, and all applicable requirements about water and sewage disposal. Inspections for repairs and some types of new construction (e.g., service buildings without utilities) are more limited in scope.

124 Inspections (Continued)**B Other Inspections**

[7 CFR 761.10(e)(3)] The Agency will require the applicant or borrower to obtain professional inspection services during construction as necessary to protect its financial interests.

(4) Agency inspections do not create or imply any duty or obligation of the Government to the applicant or borrower.

When performed, FSA inspections are for FSA's benefit, not to assure the borrower that the construction is according to plans and specifications. The purpose of an inspection is to determine that FSA has adequate security for its loan and loan funds or security proceeds are used as planned.

Inspections by FSA staff are not mandatory. However, to protect the interest of the Government, an authorized agency official should participate in final inspections, accompanied by the borrower if practicable. FSA inspections will be to certify that funds were used for authorized purposes and not to guarantee workmanship or construction soundness.

--Inspections will be documented in FBP.--

C Correction of Deficiencies

The borrower is responsible for following up on the correction of deficiencies noted in any inspection and must provide FSA with documentation of follow-up and correction of deficiencies.

If the borrower or the contractor refuses to correct the deficiencies, the authorized agency official will contact the State Office for guidance.

D Reviewing Incomplete Developments

If the borrower has not completed development work within a reasonable time after the date of loan closing or receipt of security proceeds and the authorized agency official has determined that the borrower cannot or will not complete the development, the authorized agency official must contact the State Office for guidance.

Note: Any funds remaining in the supervised bank account should be handled according to subparagraph 103 D.

125 Changing the Planned Development**A Permissible Changes**

[7 CFR 761.10(h)] An applicant or borrower must request, in writing, Agency approval for any change to a planned development. The Agency will approve a change if all of the following are met:

- (1) It will not reduce the value of the Agency's security;**
- (2) It will not adversely affect the soundness of the farming operation;**
- (3) It complies with all applicable laws and regulations;**
- (4) It is for an authorized purpose;**
- (5) It is within the scope of the original loan proposal;**
- (6) If required, documentation that sufficient funding for the full amount of the planned development is approved and available;**
- (7) If required, surety to cover the full revised development amount has been provided; and,**
- (8) The modification is certified in accordance with paragraph (d)(6) (subparagraph 122 E) of this section.**

B Change Orders Procedures

When a borrower completing construction or development under the borrower method requests FSA approval of changes, the authorized agency official and the borrower will revise, date, and initial FSA-2150. Revised plans and specifications will be obtained as appropriate when a borrower completing construction or development under the contract method requests FSA approval of changes.

The borrower will submit revised contract documents, plans, and specifications, as appropriate.

The borrower and the borrower's contractors and subcontractors may not proceed with a proposed change and may not reflect the change in payment requests until FSA approves the requested change.

126 Surety Bonds**A Surety**

[7 CFR 761.10(g)] The Agency will require surety to guarantee both payment and performance for construction contracts as necessary to protect its financial interests.

An applicant for a direct loan to finance a construction project must obtain from a construction contractor a surety bond that guarantees both payment and performance in the amount of the construction contract when 1 or more of the following conditions exist:

- contract exceeds \$100,000
- authorized agency official determines that a surety bond appears advisable to protect the borrower against default of the contractor
- contract provides for partial payments in excess of the amount of 60 percent of the value of the work in place.

When the surety is required, the applicant's contract with the contractor must indicate that the contractor will furnish a properly executed surety bond before starting any work.

FSA will incur no liability to a surety bond issued in connection with a construction contract. The contractors must name FSA as a co-beneficiary in all surety bonds unless prohibited by State law.

B Sources of Surety

A contractor must obtain the surety bonds from a corporate bonding company listed on the current Department of Treasury Circular 570.

Note: The Treasury Department publishes this circular in the Federal Register annually. A current copy may be obtained from <http://www.fms.treas.gov/c570/index.html>.

The contractor may use a corporate bonding company not listed on Department of Treasury Circular 570 with SED approval. In no case may the applicant or any person or organization with an interest in the applicant's operation provide the required surety bond.

126 Surety Bonds (Continued)

C Exceptions to Surety Requirements

If the contractor is unable to obtain a surety bond meeting the requirements in subparagraphs A and B, the applicant may submit a written request for an exception from SED. The request must specifically state why the contractor is unable to obtain an acceptable surety bond and why it is financially advantageous for the applicant to proceed with the proposed contractor without such a bond.

SED may grant an exception if the proposed contractor is reliable and experienced in the construction of projects of similar size, design, scope, and complexity and has financial assurance comparable to being bonded.

127-140 (Reserved)

Part 6 Appraisals**141 General Appraisal Requirements*****--A General**

[7 CFR 761.7(a)] This section describes the requirements for:

- (1) Real estate and chattel appraisals made in connection with the making and servicing of direct FLP loans and Nonprogram loans**
- (2) Appraisal reviews conducted on appraisals made in connection with the making and servicing of direct and guaranteed FLP and Non-program loans.**

B Purpose

Appraisals are an integral part of determining whether there is adequate security to support a loan or servicing action.

FSA uses appraisals to determine the current market value of real and personal property or other security pledged, or to be pledged to support direct loans and loan servicing actions. The value of real estate is based on the highest and best use of the property determined through the appraisal process.

FSA requires a lender to obtain an appraisal in certain guaranteed loan making and servicing cases.

C Appraisal Issues

The State staff appraiser will provide support for appraisal issues, appraisal training, real estate appraisal and technical appraisal review requests. State staff appraisers will contact RA or CA for assistance or guidance.

States that do not have a State staff appraiser will refer their appraisal issues, appraisal training, real estate appraisal and technical appraisal review requests to RA or CA for assistance.--*

141 General Appraisal Requirements (Continued)***--D USPAP Compliance**

[7 CFR 761.7(b)(1)] Real estate appraisals, technical appraisal reviews and their respective forms must comply with the standards contained in USPAP, as well as applicable Agency regulations and procedures for the specific FLP activity involved. Applicable procedures and regulations are available for review in each Agency State Office.

To comply with OMB Circular No. A-129, the employee making a real estate appraisal may not approve any action in which the real estate appraisal was used, including loan approval or any servicing action.

E Appraisal Costs

Responsibility for payment of appraisal costs is as follows:

- FSA, for cost of obtaining an appraisal associated with direct loan making and loan servicing activities

Note: See Part 7 for information on FSA appraisal costs and payments.

- the applicant or borrower for costs associated with appealing or negotiating FSA appraisals.

Note: See paragraph 144 for information on appraisal appeals.--*

141 General Appraisal Requirements (Continued)***--F Obtaining Appraisals**

A chattel appraisal may be conducted by either an FSA employee who has been delegated chattel appraisal authority from SED or a contract appraiser.

For direct credit transactions, other than a direct FO micro loan and EM loan according to 3-FLP, subparagraph 248 A, a real estate appraisal is obtained according to the following table.

IF type of property is...	THEN appraisal can be completed by...
residential properties; including 1 to 4 single family units or vacant parcel, rural residential properties, small agricultural property, or bare land Note: Rural residential properties are properties located in rural area with highest and best use as residential property.	State-certified residential or State licensed appraiser, if within the scope of the appraiser's State appraisal license: <ul style="list-style-type: none"> • State-certified general contract appraiser, or • FSA full-time or part-time designated appraiser/reviewer.
property other than residential, small agricultural property, or bare land	State-certified general contract appraiser or FSA full-time or part-time appraiser/reviewer.

Notes: A credit transaction includes any action or existing debt secured by real estate and any proposed loans, subordinations, prior liens, or guarantees.

The property must be determined to be within the scope of the State license authority in which the subject property is located. Any other properties usually will be beyond the scope of a State-certified residential or State licensed appraiser. If there are concerns whether the property under consideration may be appraised by a State-certified residential appraiser, consult a State staff appraiser.

SED shall issue a State supplement providing guidance on the process to request:

- a chattel appraisal from a contract appraiser
- a real estate appraisal.

FSA offices shall release information requested by the appraiser to complete real estate appraisals.--*

141 General Appraisal Requirements (Continued)***--G Using an Existing Appraisal**

[7 CFR 761.7(c)] Except where specified elsewhere, when a real estate appraisal is required, the Agency will use an existing real estate appraisal to reach loan making or servicing decisions under either of the following conditions:

- (1) The appraisal was completed within the previous 12 months and the Agency determines that:**
 - (i) The appraisal meets provisions of this section and applicable Agency loan making and servicing requirements, and**
 - (ii) Market values have remained stable since the appraisal was completed; or**
- (2) The appraisal was not completed in the previous 12 months, but has been updated by the appraiser or appraisal firm that completed the appraisal and both the update and original appraisal were completed in accordance with USPAP.**

Note: Current USPAP requirements provide that an update of an appraisal is a new appraisal assignment. The appraiser may provide a new report:

- without incorporating the prior report
- by incorporating the prior report by attachments
- by incorporating the prior report by reference only if the original appraiser's firm and original intended users agree.

An existing chattel appraisal may be used if it was completed within the previous 24 months and:

- FSA determines that the appraisal meets the loan making and/or servicing requirements
- market values have remained stable since the appraisal was completed.--*

141 General Appraisal Requirements (Continued)**H Using Third Party Appraisals**

FSA may use an appraisal that has been completed by a third party for any direct loan making or servicing action, provided the appraisal meets all of the following:

- appraisal was completed within the previous 12 months
- *--administrative review is completed and the appraisal is found acceptable.--*
- * * *

Notes: If the administrative review concludes the appraisal is not acceptable for FSA use, the reviewer will consult with the State staff appraiser or RA before rejecting the appraisal. A technical review should not be completed without consultation with the FLC. If the findings are not acceptable, the report will not be used and an FSA appraisal will be completed or ordered.

FSA does not need to be listed as an intended user in a third party appraisal report for any direct loan making or servicing action; however, FSA must verify that the appraisal was ordered by and prepared for a financial institution or land trust. Borrower-ordered appraisals are not acceptable for loan making or servicing actions except as provided in 5-FLP for special servicing actions.

I Sharing Appraisals with BIA

Upon BIA's written request, FSA may provide a copy of the appraisal report, approved for FSA use after any applicable review, even if FSA is named as the only client, obtained for *--any direct loan transaction. OGC consent will be obtained for release if appraisal was obtained as a result of litigation.--*

141 General Appraisal Requirements (Continued)***--J Contracts for Appraisal Services**

FSA uses SAP, as described by FAR, to acquire appraisal services. Contracts for appraisal services may be obtained for real estate appraisals, technical reviews, or chattel appraisals.

Note: The procurement of a technical review for appraisal services can only be approved by the RA in consultation with CA. SED will consult with RA for guidance and, if appropriate, will submit the procurement request to RA.

FSA-2128 will be used for obtaining PLCE funding. Guidance on processing PLCE micropurchase at or below micropurchase threshold or above the micropurchase threshold is provided in Part 7.

Exhibits 41, 42, 43 and 44 provide guidance for SOW development for appraisal services. SED, after consulting with FLC, shall issue a State supplement establishing the method and standards needed to obtain appraisal services.

Note: States are encouraged to adopt the SOW Exhibits as provided. This will allow for consistency of standards and requirements for appraisal services between state boundaries and within an appraisal region.

The State supplement will:

- Define SOW for each appraisal service, i.e. real estate appraisal, and chattel appraisal. SOW should contain at a minimum the subparagraphs in Exhibits 41, 42, 43 and 44.

SOW may reference appraisal report guidelines as follows:

- Exhibit 50, Direct Loan Appraisal Assignment Guidelines
- Exhibit 51, Dairy Addendum To FSA Appraisal Guidelines
- Exhibit 52, Hog Addendum to FSA Appraisal Guidelines
- Exhibit 53 Poultry Addendum to FSA Appraisal Guidelines.

Note: Upon SED request, RA will provide:

- further guidance on work and reporting requirements for specialized properties
- technical assistance
- approval of additional SOWs and exhibits created for specialized properties.--*

141 General Appraisal Requirements (Continued)***--J Contracts for Appraisal Services (Continued)**

- Identify APOC.

SED, in consultation with the FLC, will select service center and/or state office employees to be the APOC.

APOC provides oversight of the micropurchase process for appraisal services. APOC has the authority to commit the Agency for purchasing appraisal services when the cost of services are less than or equal to the micro-purchase threshold. See Exhibit 2, for definition of micropurchase.

APOC will complete the required training according to Exhibit 60 and provide the self-certification using Exhibit 61. After completing the training, SED will submit Exhibit 62 by e-mail to:

Ernest Williams
FFAS Acquisition Career Manager (ACM)
Ernest.Williams@wdc.usda.gov

The Director, AMD will provide SED with the delegation of authority memorandum for APOC's.

- Establish and maintain a vendor registry as follows:
 - describe the process to establish a vendor list
 - provide criteria the vendor must meet to be on the registry
 - establish when a vendor may be removed from the registry
 - provide at a minimum business name, personal name, address, phone number, e-mail address, service area described by county(ies), licenses information, SAM number and registration date.

Note: FSA-2155 will be used for vendor registration.--*

141 General Appraisal Requirements (Continued)***--J Contracts for Appraisal Services (Continued)**

At a minimum, the vendor may remain on the FSA vendor registry if:

- registered in SAM and properly maintains information required by SAM
- provides and maintains vendor information as requested by FSA
- signs the SOW
- provides acceptable appraisal product that meets SOW requirements and consistently meets agreed upon timeframes
- attends required meetings with FSA.

Notes: Contact CO for guidance if a vendor is proposed to be removed from the registry. A vendor may request to be removed from the registry at any time.

FSA or a vendor may update the vendor registry information at any time. FSA should encourage that vendors update their information annually.

- Processing and acquiring appraisal services.

SED will determine if appraisal service requests will be processed at the Service Center, District or State Office level.

SED is encouraged to use the FAR Simple Acquisition authority for purchasing appraisal services that are at or below the micro-purchase threshold and are considered direct purchase.

Note: To minimize the contractual burden and to improve processing, BPA's or other contractual agreements are not encouraged.

SED will contact the CO for guidance on County Office procedure for processing contractual acquisition for services when the cost of the service exceeds the micro-purchase threshold.--*

141 General Appraisal Requirements (Continued)***--J Contracts for Appraisal Services (Continued)**

- At a minimum, establish work order request form and engagement letter for services.

SED will continue to use the appraisal ordering documents that the State has established for appraisal services for real estate or chattel. Further, SED is encouraged to adopt the appraisal service engagement letter as provided in Exhibit 64.

Note: Exhibit 64 may be modified to meet State specific needs with RA review and approval.

- Describe where, when and the acceptable method of delivery of the appraisal services product.

PDF with a digital signature or e-signature of the appraisal is acceptable for use by the Agency. The security of a PDF appraisal services product is the responsibility of the vendor.

SED is encouraged to adopt the following Exhibits.

- Exhibit 66, Applicant/Borrower Notification of Appraisal Services
- Exhibit 67, Appraisal Services Award Log
- Exhibit 68, Appraisal Services Rotation List
- Exhibit 69, Notice to Vendor For Cause.

Contract appraisers must remain independent from other FSA processes that are not appraisal-related.

Note: FSA processes that are not appraisal-related include completion of environmental screening questionnaires or forms.--*

141 General Appraisal Requirements (Continued)

*--K APOC Responsibilities

APOC's:

- follow and ensure that SAP is met for purchases of appraisal services at or below the SAP threshold limit
- review FSA-2128, Part B, to ensure that there is adequate documentation and support and provide approval of the selected or recommended vendor
- assist field offices and vendors with basic procurement issues
- coordinate issues that need further clarification by either County Office or State staff appraisers
- provide oversight for appraisal services requests to ensure that requests for procurement are needed and meet the Agency's mission
- ensure that documentation and concerns are clarified to adequately obtain a quote from vendor
- ensure proper rotation of vendors within their service area and that the best value is the basis of selection of vendor.

Note: Best value is defined in Exhibit 2.

- issue work order and engagement letter to vendor to proceed with assignment as described by the work order.--*

142 Appraisal Reports***--A Chattel Appraisals**

[7 CFR 761.7(b)(2)] When a chattel appraisal is required it must be completed on an applicable Agency form (available in each Agency State Office) or other format containing the same information.

FSA may use FSA-2160. If FSA-2160 is not used, the chattel appraisal, as a minimum, will identify all chattel items appraised, including the following details:

- documentation of the appraiser's physical on-site inspection of the chattel property

Note: Physical inspection of the chattel property is required unless a written exception is provided.

- the quantity, kind, sex, breed, color, weight or average weight, brands or other identification, and value of livestock

Note: Weight is not required for breeding stock.

- the quantity, kind, manufacturer, size and type, condition, year of manufacture, serial or motor number, and value of machinery and other equipment.

The appraised value of chattel property will be based on public sales or wholesale values of the same or similar property in the market area. In the absence of public sale data, reputable publications may be used to establish market value.--*

142 Appraisal Reports (Continued)

***--B Real Estate Appraisals**

A real estate appraisal, as a minimum, will be an appraisal report as defined by USPAP. Any exception to allow the use of a restricted report requires prior written approval by SED and after RA or CA consultation. Approval of restricted reports will only be granted under extraordinary circumstances, limited to situations where there will be only a single user of the report.

Real estate appraisals must include as a minimum, the following details:

- documentation of the physical onsite inspection of the subject and comparable properties by the appraiser

Note: Physical inspections are required for the appraisal unless an exception in writing is provided by an FSA appraiser.

- documentation of the results of the following 3 approaches to estimating value, as determined to be applicable and necessary, except as provided in the scope of work in USPAP:
 - sales comparison approach
 - cost approach
 - income approach
- if adjustments are made, the basis for these adjustments as recognized by the market and supported by adequate documentation within the appraisal report
- at least a 3-year sales history of the property
- the comparable sales used, including a breakdown of land and improvement features and photographs of improvements and land.

Note: Using the subject property's pending sale as a comparable is prohibited without written consent from the LRA or CA. FLC may contact LRA or CA for guidance and written approval.--*

142 Appraisal Reports (Continued)***--B Real Estate Appraisals (Continued)**

Before the passage of the Agricultural Act of 2014 (Pub. L. 113-79) on February 7, 2014, CONACT provided for direct FO loans secured by real estate after December 23, 1985, the appraisal **must** consider the value of oil, gas, and other minerals for FSA to perfect its lien on the minerals. FSA is no longer required to include the value, even if nominal, of oil, gas, and other minerals to perfect its lien.

When the value of mineral rights is needed to adequately collateralize the loan, FSA-2164, Part D or other formats that provide the same information, will be included in the appraisal report to support the market value arrived at by the appraiser.

C Real Estate Appraisals Completed by State Staff Appraiser

Real estate appraisals completed by State staff appraisers must meet the same work and reporting requirements as provided in the State's SOW for contract appraisals.

If States without State staff appraiser are unable to obtain appraisal services through SAP, SED will request assistance from RA.

When a State staff appraiser determines, in consultation with the supervisor, that an appraisal request is beyond their position description, the assignment must be contracted out or conducted by a qualified State staff appraiser of a higher grade.

The State staff appraiser will:

- contact RA for guidance
- assist in developing the SOW if it is determined after consultation with RA that the appraisal assignment will be contracted out.

D Approved Appraisal Formats

Any appraisal format that meets USPAP requirements is acceptable. The preferred format for State staff appraiser appraisal report is the UAAR format.

FSA has the following available formats that may be used along with additional documentation to meet USPAP requirements:

- FSA-2161
- FSA-2162
- FSA-2163
- FSA-2164.--*

142 Appraisal Reports (Continued)***--E Real Estate Appraisal Software**

FSA has appraisal software available for full-time, part-time and State staff appraisers/reviewers. State staff appraisers use the software provided for appraisal reports and sales documentation and management.

Information on the most current version of software, source of software, installation instructions and user guides can be obtained from the appraisal SharePoint web site at **<https://sharepoint.fsa.usda.net/pa/flp/PDEED/appraisal/SitePages/Home.aspx>**. The “Appraiser Software” section is located at the right side of the home page.

To obtain a copy of the software, or if there are questions about the software, contact Thomas Dobbin, Chief Appraiser, by either of the following:

- e-mail at **thomas.dobbin@wdc.usda.gov**
- telephone at 208-378-5671.--*

143 FSA Review of Appraisal Reports

A Overview

[7 CFR 761.7(d)(1)] With respect to a real estate appraisal, the Agency may conduct a technical appraisal review or an administrative appraisal review, or both.

[7 CFR 761.7(d)(2)] With respect to a chattel appraisal, the Agency may conduct an administrative appraisal review.

--Real estate appraisals used for any direct loan making or servicing purpose or guaranteed liquidation and/or writedown purposes are subject to a technical appraisal review and/or-- an administrative appraisal review by FSA for compliance with applicable FSA regulations and procedures.

--FSA will no longer conduct administrative and technical reviews on appraisals for guaranteed loan making or loan servicing actions except for those mentioned in this subparagraph.--

Chattel appraisal administrative reviews will be completed on FSA-2167.

B Administrative Appraisal Reviews

Administrative appraisal reviews are conducted by FSA employees, other than an FSA full-time or part-time State-designated appraiser/reviewer, delegated the responsibility by SED. Employees must have completed training on conducting appraisal reviews, according to paragraph 147, before receiving this delegation.

An administrative appraisal review is performed as a due diligence function in the context of a loan making or servicing decision and to ensure compliance with organizational requirements. After the administrative appraisal review, the appraisal user will be in a position to understand the strengths and weaknesses of the information in the report. An administrative appraisal review is completed to verify that the:

- correct property was appraised
- math is correct
- appraisal is logical and understandable
- appraisal complies with FSA SOW requirements.

Note: An administrative appraisal review does not include a determination of compliance with USPAP.

The administrative reviewer will refer to the designated State staff appraiser any areas of concern or problems detected. An administrative reviewer may not express a different opinion of value and may not certify to the type and extent of review.

The administrative appraisal review is completed for farm properties on FSA-2165 and for residential properties on RD 1922-15, or in any other format containing, at a minimum, the same information.

143 FSA Review of Appraisal Reports (Continued)

C Conducting Administrative Appraisal Reviews

FSA will complete an administrative appraisal review:

- within 7 workdays of receiving a contracted appraisal obtained for any direct loan purpose

* * *

- of chattel * * * appraisals completed by FSA employees, as determined by SED
- on all third party appraisals
- *--on all appraisals submitted for guaranteed liquidation and/or writedown.--*

143 FSA Review of Appraisal Reports (Continued)***--D Technical Appraisal Reviews Overview**

A technical appraisal review will be in writing to address all requirements of USPAP, Standard 3. Under the scope of the technical appraisal review, the appraiser/reviewer forms an opinion as to:

- the adequacy and relevance of the data used
- the propriety of any adjustments to the data
- the appropriateness of the appraisal methods and techniques used
- whether the analysis and conclusion of the appraisal under review is credible, and if not, the reason for expressing different opinion of value.

Unless written authority is granted by DAFLP, a technical appraisal review must be completed by a State-certified general appraiser, whose services are obtained under a contract, or FSA full-time or part-time State-designated appraiser/reviewer who will determine whether the appraisal is in compliance with USPAP Standards. The appraiser/reviewer must certify as to the type and extent of the review process. A technical appraisal review may include a desk review and/or a field review. The appraiser/reviewer may express a different opinion of value from the appraiser, only after complying with USPAP Standards 1 and 2.

The technical appraisal review is completed for agriculture properties on FSA-2166, or any other format containing, at minimum, the same information and complies with USPAP standards.

A technical desk review:

- is an analysis of the material presented in the appraisal report as to the adequacy of the documentation of the final value estimate
- may reveal concerns, such as math errors, discrepancies of legal descriptions, comparable sales used that are not recent or similar to the subject property, failure to give value consideration to all items located on the subject property, and failure to address the condition of the subject and comparable sales.--*

143 FSA Review of Appraisal Reports (Continued)***--D Technical Appraisal Reviews Overview (Continued)**

A technical field review involves an examination of all aspects of developing and reporting the appraisal. All information contained in the appraisal report is verified, inspected, and researched. Other information, such as other comparable sales, not included in the report may be addressed.

Problems or areas of concern detected during the technical appraisal review will be referred to the appraiser who conducted the appraisal.

RA will be consulted and will provide assistance when:

- State staff appraiser receives a request for a technical appraisal review and determines, in consultation with their supervisor, that the appraisal assignment is beyond their position description
- the state does not have a State staff appraiser.

The appraiser completing the technical review will provide the SED a memorandum summarizing the findings.

IF technical review...	AND...	THEN...
finds appraisal acceptable		the memorandum will: <ul style="list-style-type: none"> • state that the appraisal is acceptable • describe major and minimum areas of concern, if clarification is needed, and provide recommended corrective actions, if applicable or any modifications needed.
Finds appraisal unacceptable		the memorandum will: <ul style="list-style-type: none"> • itemize USPAP discrepancies • provide the USPAP standard rule, as well as state the standard • include explanation of the concern.

--*

143 FSA Review of Appraisal Reports (Continued)

D Technical Appraisal Reviews Overview (Continued)

IF technical review...	AND...	THEN...
finds appraisal unacceptable (cntd)	appraisal was completed for a direct loan or servicing action	<ul style="list-style-type: none"> • SED will notify the appraiser who conducted the appraisal of the discrepancies found • SED may contact the appraiser who conducted the appraisal and request the appraiser provide information correcting the discrepancies. <p>Note: SED may request the State staff appraiser or RA to provide technical support to explain discrepancies found to the appraiser who conducted the appraisal under review.</p>
	appraisal was completed for a guaranteed loan *--liquidation or writedown--*	<ul style="list-style-type: none"> • SED will notify the guaranteed lender about the findings as provided by the memorandum from the review appraiser • SED may request the review appraiser to assist in providing technical support to explain discrepancies found to the lender <p>Note: * * * If an acceptable appraisal report cannot be obtained, FSA will inform the lender that appraisal is unacceptable and provide the lender appeal rights, according to 2-FLP. The issue for appeal will be whether lender's appraisal is consistent with USPAP. The lender may only provide an independent technical appraisal review of the lender's appraisal.</p> <p>•*--SED will advise and remind the lender of their responsibilities under the Lender's Agreement.--*</p>
	* * *	* * *

143 FSA Review of Appraisal Reports (Continued)**D Technical Appraisal Reviews Overview (Continued)**

Technical appraisal reviews will be kept by the State staff appraiser that conducted the review. Technical review reports will not be released except with written consent of the State staff appraiser as required by an appeal according to 1-APP or as directed by RA or CA. The technical review memorandum will be filed in the applicant or borrower case file with the appraisal report according to 32-AS.

Technical appraisal reviews may be used to evaluate risk assessment of direct * * * loans to ensure:

- quality necessary to support loan security and loan servicing needs
- compliance with USPAP standards and FSA's appraisal regulations.

143 FSA Review of Appraisal Reports (Continued)

E Conducting Technical Appraisal Reviews

FSA will complete a technical appraisal review:

- on direct * * * loan appraisals when an administrative review detects serious problems
- upon request of the loan approval official after an administrative review is completed and before loan approval.

After loan closing technical appraisal reviews will be completed for the following:

- first direct loan appraisal completed by a contract appraiser and then 1 every 2 FY's thereafter
- first third party appraisal used for direct loan making action completed by an appraiser with whom FSA has had no appraisal experience and then 1 appraisal every 2 FY's thereafter

Note: If an appraisal has been technically reviewed under any of the previous bullets, it is **not** necessary to conduct another review of another appraisal completed by the same appraiser on a different category, such as appraisal reviewed with a direct loan and the same appraiser subsequently completes another assignment that is submitted to FSA as a third party appraisal. A review would **not** be necessary.

* * *

- of appraisals conducted by contractors and State staff appraisers in a random spot check *--method that is established by FSA Chief Appraiser

Note: Each year, FSA Chief Appraiser will vary the method used to select appraisals--* for review to ensure that adequate internal controls are established.

- on a more frequent basis, if problems have been detected in the scheduled spot check review
- *--on appraisals submitted for guaranteed loan liquidation or writedown that were found unacceptable during the administrative review.

Notes: If the technical review shows the appraisal to be unacceptable, approval of a loss claim or writedown will not be granted until an acceptable appraisal is obtained.

When a technical review indicates that an appraisal is unacceptable, the appraiser completing the review will provide a memorandum outlining deficiencies and USPAP standards not met to SED and FLC according to subparagraph D. FLC shall coordinate contacting the lender to discuss deficiencies documented in the memorandum, and decide on appropriate actions depending on the request and status of the loan as outlined in subparagraph D.--*

143 FSA Review of Appraisal Reports (Continued)***--F Guaranteed Loan Evaluations or Appraisals Submitted to FSA**

When an evaluation or appraisal is required to be submitted for a guaranteed loan, the authorized agency official will review the document to determine whether the correct type of valuation (evaluation or appraisal) was performed based on the loan amount and other risk factors.

Evaluations will be reviewed using FSA-2234. Appraisals for guaranteed loan making will be reviewed to determine whether the:

- correct type of appraisal report was used

Note: Restricted appraisal reports are not acceptable. Residential appraisal reports should only be used where appropriate based on the property's characteristics.

- person completing the appraisal had the required qualifications
- correct property was valued, including any improvements to be added
- value of the real estate is adequate to secure the loan as proposed by the lender.

Findings will be documented in a running case record.

If issues relating to these items are found and cannot be corrected, the evaluation or appraisal cannot be used and the conditions of the guarantee have not been met. The authorized agency official will contact the lender and discuss the actions needed to correct the issues. This discussion should be documented in writing to the lender and discussed in the running record. If the lender is unable to provide corrections as discussed, FSA will provide the lender appeal rights according to 2-FLP and FSA-2235 will not be issued.--*

143 FSA Review of Appraisal Reports (Continued)

***--G Guaranteed Loan Evaluations or Appraisals Not Submitted to FSA**

FSA will conduct lender reviews according to 2-FLP, paragraph 267. During the lender review, the authorized agency official will review the:

- file to determine whether the correct type of valuation (evaluation or appraisal) was performed based on the loan amount and other risk factors

Note: Evaluations not previously reviewed by FSA based on the files selected for review and findings will be documented using FSA-2234.

- appraisals not previously reviewed by FSA based on the files selected for review to determine whether the:

- correct type of appraisal report was used

Note: Restricted appraisal reports are not acceptable. Residential appraisal reports should only be used where appropriate based on the property's characteristics.

- person completing the appraisal had the required qualifications
 - correct property was valued, including any improvements to be added
 - value of the real estate is adequate to secure the loan as proposed by the lender.

Note: Any errors noted by the review will be discussed with the lender during the lender review exit conference and documented in the letter to the lender outlining the results of the lender review. The lender will be reminded of their responsibilities under the Lender's Agreement and reminded that any loss incurred because of the unacceptable evaluation or appraisal may result in a reduced or denied loss claim.--*

143 FSA Review of Appraisal Reports (Continued)**H Recordkeeping and Internal Management Controls**

Each State must maintain a recordkeeping system and internal management controls according to 32-AS, and File Maintenance and Disposition Manual, to ensure that all administrative, technical (desk and field) reviews, and compliance activities are accomplished.

I USPAP Records Retention

USPAP requires that appraisers retain documentation at a minimum about appraisal reports and technical appraisal reviews they conduct for whichever of the following is longer:

- 5 years from date of completion
- 2 years from the date all appeals and litigation about the appraisal are concluded.

SED's shall provide adequate storage space to State staff appraisers and RA's at their official duty station for the duration of the required documentation retention period.

J FLP Appraisal Work Files

Appraisal work files **must**:

- **not** be destroyed or otherwise removed from FSA when USPAP retention requirements expire unless authorized by RA
- be relinquished to FSA when appraisers leave FSA employment positions.

Note: Appraisers may make copies of their work files at no cost before departing. Appraisers will be provided access to their work files on an as-needed basis to address State board concerns.

144 Appeals of Decisions Based on Appraisals***--A Scope**

This paragraph provides general information on appealing a direct loan making or loan servicing decision based on an appraisal. See 1-APP and paragraph 42 for additional information on appeals.

B When a Decision Based on an Appraisal May Be Challenged

An applicant or borrower may request reconsideration or appeal of any adverse decision based on an FSA appraisal. However, when the appraisal was obtained in connection with a request for PLS and negotiation of the appraisal has been completed according to 5-FLP, paragraph 230, the negotiated value is not appealable.

C Reconsideration of Real Estate Appraisals

An applicant or borrower may request reconsideration of an adverse decision based on a real estate appraisal and provide an independent technical appraisal review, completed by a State-certified general appraiser.

The independent technical appraisal review:

- is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable
- may include either a desk review and/or a field review.

Note: The appraiser conducting the technical appraisal review must certify as to the type and extent of the review process.

At the applicant's or borrower's request, the agency official shall provide a list of State-certified general appraisers. The applicant or borrower may select an appraiser from the list or retain any other State-certified general appraiser to conduct the independent technical appraisal review according to USPAP Standard 3. The applicant or borrower must pay the cost of the independent technical appraisal review.

FSA will review the independent technical appraisal review, as well as the appraisal used to make the decision, and determine if corrections are needed to the original appraisal report. If corrections are necessary, FSA will request the original appraisal be corrected. The authorized agency official will notify the applicant or borrower of the outcome of reconsideration according to 1-APP and provide a copy of the corrected appraisal report.--*

144 Appeals of Decisions Based on Appraisals (Continued)

***--D Reconsideration of Chattel Appraisals**

An independent appraisal review is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable.

FSA will review the chattel independent appraisal received from the applicant or borrower, along with a copy of the appraisal, and decide the chattel's final appraised value. The authorized agency official will notify the applicant or borrower of the outcome of reconsideration according to 1-APP.

E Real Estate and Chattel Appraisal Appeals

[7 CFR 761.7(e)] Challenges to an appraisal used by the Agency are limited as follows:

- (1) When an applicant or borrower challenges a real estate appraisal used by the Agency for any loan making or loan servicing decision, except primary loan servicing decisions as specified in § 766.115 of this chapter (5-FLP, paragraph 230), the issue for review is limited to whether the appraisal used by the Agency complies with USPAP. The applicant or borrower must submit a technical appraisal review prepared by a State Certified General Appraiser that will be used to determine whether the Agency's appraisal complies with USPAP. The applicant or borrower is responsible for obtaining and paying for the technical appraisal review.**

Notes: The applicant or borrower does **not** have the right to provide a second independent appraisal for consideration.

The issue for review is the appraisal of the subject property's current market value based on the development of an opinion of the highest and best use of the real estate as required by USPAP.

- (2) When an applicant or borrower challenges a chattel appraisal used by the Agency for any loan making or loan servicing decision, except for primary loan servicing decisions as specified in § 766.115 of this chapter (5-FLP, paragraph 230), the issue for review is limited to whether the appraisal used by the Agency is consistent with present market values of similar items in the area. The applicant or borrower must submit an independent appraisal review that will be used to determine whether the appraisal is consistent with present market values of similar items in the area. The applicant or borrower is responsible for obtaining and paying for the independent appraisal review.**

Note: FSA will review the qualifications of the appraiser selected by the applicant or borrower.--*

144 Appeals of Decisions Based on Appraisals (Continued)***--E Real Estate and Chattel Appraisal Appeals (Continued)**

If the borrower:

- is being considered for PLS under 5-FLP, the appeal challenging FSA's appraisal may include the borrower's independent appraisal according to 5-FLP, paragraph 230

Note: In Homestead Protection under 5-FLP, Part 7, the borrower has the right to select an independent appraiser from a list of appraisers provided by the authorized agency official. The issue on appeal will be whether FSA's appraisal is consistent with USPAP and the borrower may only provide an independent technical appraisal review of FSA's appraisal. The borrower does **not** have the right to provide a second independent appraisal for consideration or negotiation of the appraisal.

- disagrees with the appraised value used to determine the amount due under a shared appreciation agreement or net recovery buyout recapture agreement, the issue on appeal will be whether FSA's appraisal is consistent with USPAP, and the borrower may only provide an independent technical appraisal review of FSA's appraisal.

Note: Subparagraphs 42 D and E provide text to be added to the reconsideration paragraph in adverse decision letters involving appraisals.--*

144 Appeals of Decisions Based on Appraisals (Continued)

*--F Releasing FSA Appraisal Reviews

Administrative appraisal reviews performed by an FSA employee:

- before an initial decision are part of the FSA record and must be submitted to NAD as part of the appeal process
- after an initial decision are not part of the FSA record and would not be releasable except under a subpoena from NAD according to 7 CFR 11.8(a), and only after any information prohibited from disclosure is deleted.

Technical appraisal reviews performed before or after an initial decision are part of the FSA record and must be submitted to NAD as part of the appeal process.

G Errors Identified in an Appraisal

If either the authorized agency official or borrower discovers any mathematical or property description errors in the appraisal, the discrepancies must be reported to SED or State staff appraiser. The State staff appraiser shall review the nature of the discrepancy and make a determination to:

- contact the appraiser to correct the appraisal
- determine whether the discrepancies are material to the final value determined in the appraisal report.

The appraiser may make corrections to the appraisal up until the time the appeal hearing begins or as a result of the appeal hearing.--*

145 Appraiser Qualifications***--A Chattel Appraisals**

An FSA employee delegated chattel appraisal authority from SED, or a contractor hired to complete chattel appraisals, must:

- possess sufficient experience or training to establish market value of chattel property based on public sales of the same or similar property in the market area
- demonstrate, to SED's or designee's satisfaction, sufficient experience and training to establish market values of chattel property.

Notes: A contract appraiser's qualifications shall be documented by the appraiser and maintained in the contract file.

Contract appraisers must meet any State licensing requirements if required by state law.

B Real Estate Contract Appraisers

Contract appraisers:

- must meet license requirements as described by subparagraph 141 F
- must be licensed in the State in which the property to be appraised is located.

C Full-Time and Part-Time FSA Real Estate Appraisers/Reviewers

A full-time appraiser/reviewer is an FSA employee who is responsible only for real estate appraisals and technical real estate appraisal reviews, and who has or is fulfilling the training requirements in paragraph 146.

A part-time appraiser/reviewer is an FSA employee who has significant responsibilities for real estate appraisal and technical real estate appraisal reviews, but has other FSA program responsibilities as well, and who has or is fulfilling the training requirements in paragraph 146.

Both full-time and part-time appraisers/reviewers must be a State-certified general appraiser or obtain State-certified general appraiser status within 5 years of being designated as an appraiser/reviewer.--*

* * *

146 Appraiser Training Requirements***--A Obtaining State-Certified General Appraiser Status**

Both full-time and part-time FSA appraisers/reviewers must acquire State-certified general appraiser status within 5 years from being designated as an appraiser/reviewer. To acquire this status, the appraiser/reviewer must meet their respective State licensing requirements and complete the following categories, at a minimum.

Category	Description
1	220 hours of appraisal training, of which a majority must concentrate in farm real estate-related courses, in: <ul style="list-style-type: none"> • sales comparison approach • cost approach • income approach.
2	16 hours of training in USPAP.
3	24 hours of training in narrative report writing.
4	A minimum of 40 hours of technical appraisal review.

Required courses may be taken from approved institutions, such as:

- colleges or universities
- community or junior colleges
- real estate appraisal or real estate-related organizations
- State or Federal agencies or commissions
- proprietary schools
- other providers approved by the State certification-licensing agency.

The appraiser/reviewer, with supervisor approval, should select courses accredited by the State Appraisal Board and meet required general course guidelines and directions.

In addition, the appraiser/reviewer must meet State experience requirements for obtaining a State-certified general license.

If a designated appraiser/reviewer cannot acquire State-certified general appraiser status within 5 years because of State requirements, SED or FLC must request an extension from the National Office for the appraiser/reviewer to complete the requirements. The request should be e-mailed to Thomas Dobbin, Chief Appraiser, at **thomas.dobbin@wdc.usda.gov.--***

146 Appraiser Training Requirements (Continued)

***--B Maintaining State-Certified General Appraiser Status**

Full-time and part-time appraisers/reviewers are required to maintain their State-certified general appraiser status by completing continuing education courses according to the standards established by the State Appraisal Board.

These courses must be:

- taken from approved institutions
- accredited by the State Appraisal Board.

The appraiser/reviewer, with supervisor approval, should select the continuing education course topics.--*

146 Appraiser Training Requirements (Continued)***--C Payment of Training Fees**

By August 1 of each FY, each SED must request from the National Office appraisal training funds for the following FY for both basic and continuing education costs.

For State staff appraiser/reviewers who are:

- not State-certified or have not completed FSA's basic education, request shall include the following:
 - name of individual to receive training
 - date hired into position
 - dates and courses to be taken in the coming FY
 - category in which course applies
 - course hours accredited by the State Appraisal Board for each course
 - cost of tuition, books, site fee, travel, and per diem
- State-certified and are fulfilling continuing education requirements, requests shall include the following:
 - name of individual to receive training
 - dates and courses to be taken in the coming FY
 - course hours accredited by the State Appraisal Board for each course
 - cost of tuition, books, site fee, travel and per diem
 - number of hours required by State for continuing education per license cycle
 - number of hours of continuing education completed for the current license cycle.

Note: Training fee requests should only be courses in aggregate that provide the minimum hours necessary to meet basic qualification or continuing education requirements. Requests in excess of basic qualification or continuing education requirements will be denied.

The travel and per diem costs requested will be added to the State's normal allotment of travel funds by BUD. It is the appraisers/reviewers and their supervisor's responsibility to communicate to the State administrative section of the travel funds requested for appraisal training and to establish a basis to use those funds for the intended purpose.

When claiming reimbursement of dues and fees, appraisers/reviewers must complete SF-1164 together with proof of payment and follow guidance in the appropriate FI directive.--*

146 Appraiser Training Requirements (Continued)***--D Maintaining Appraisal Skills**

Appraisers are required to maintain their appraisal skills by remaining actively engaged in all areas of real estate appraisal work. To maintain skills, appraisers holding an active certified general appraiser credential in any State or Territory must schedule work with their supervisor in a manner so as to complete a minimum of 10 appraisal work credits each FY. Work credits may be earned at the following rate:

- 2 credits for completing each agricultural property appraisal
- 1 credit for completing each agricultural property desk or field technical review.

Notes: Appraiser may earn the minimum credits from any mixture of real estate appraisal work (that is, completion of 3 appraisals (6 credits) and 4 technical reviews (4 credits) would satisfy the annual requirement).

This requirement does not pertain to appraiser trainees.--*

147 Training Requirements for Performing Administrative Appraisal Reviews

*--A State Responsibility

State Offices are responsible for developing and delivering a training program to an adequate number of employees to perform administrative appraisal reviews.

B Available National Training

An online course has been developed to supplement State-developed training. The online course is optional and can be accessed as follows:

- log into AgLearn at **<http://www.aglearn.usda.gov>**
- enter user ID and password
- CLICK “**Catalog**” tab
- CLICK “**Browse Catalog**”
- on left side of the page under Subject Area Menu, CLICK “+” next to **AgLearn Original Courseware Structure**
- on left side of the page, CLICK “+” next to **Farm Service Agency**
- navigate to and select “**Farm Loan**”
- on right side locate **Administrative Appraisal Review**, select “**To Do**” list, and take later or select “**Launch Content**” to begin training course.--*

148 Release of Appraisal Report**A General**

An appraisal report, paid by FSA, is considered an administrative document for the purpose of collateral valuation and may not be released to the public or other parties except through FOIA, in accordance with subparagraph 141 I and this subparagraph.

B Release to Applicant or Borrower

--Upon an applicant or borrower's written request, FSA will provide a copy of the appraisal-- obtained for the loan.

An appraisal report that was completed for a loan servicing action is not released unless:

- the release meets the requirements in subparagraph 144 F
- there is foreclosure action pending on the real estate security
- it is in the best interest of the Government to facilitate alternative source of financing to satisfy all debts to FSA to avoid forbearance action.

C Release to Lender

--An appraisal report may be released to a lender if either:--

- an intended user stated in the report

Note: A lender that is listed as an intended user in the appraisal report may not request changes or add requirements to the appraisal assignment. FSA, as the client, is the only party that may request changes or add requirements to the appraisal assignment.

- participating in a loan transaction and has a participation arrangement with FSA.

Note: The participation arrangement will be in writing with the applicant or borrower's acknowledgement.

148 Release of Appraisal Report***--D Release to Peer Review Committee or Regulatory Authority**

A real estate appraisal report may be released to a peer review committee or regulatory authority upon written request with consultation with CA. The SED shall inform the review committee in writing that, appraisal information developed for USDA is protected from unauthorized use and unauthorized disclosure pursuant to the administrative and/or civil remedies/criminal penalties identified in applicable Federal statutes to include the Privacy Act of 1974 (5 U.S.C. 552a - as amended).

To ensure proper awareness, individuals/organizations granted access to federally protected information are advised that they may be held legally liable should they commit an unauthorized use/unauthorized disclosure of the protected information in violation of Federal statute.--*

149-160 (Reserved)

Part 7 PLCE's**161 Overview****A Purpose**

This part describes procedures for:

- *--the PLCE budget process and proper use of PLCE funds
- establishing required primary roles, responsibilities, eligible employees, training requirements and delegations of authority for processing PLCE transactions
- processing PLCE requests at the County and State Office levels
- what to do when there is a concern about vendor payments; and
- handling return checks and cancelling a PLCE transaction.

B Program Authority

Exhibit 21 provides information on transactional roles, responsibilities, required training, eligible employees for each primary role, and required delegations of authority separate from Exhibit 7 of this handbook.

Exhibit 22 provides information for accessing IAS for new users.

Exhibit 23 provides information on creating IQ-Program Loan Cost Fund Requisitions in IAS.

Exhibit 24 is used to request ARMP delegation from Farm Production and Conservation Business Center, Acquisition and Procurement Division, Policy, Accountability and Oversight Branch (FBC PAO) and includes ARMP guidance for making micro-purchases.

Exhibit 25 provides program authorities to request PLCE services or pay bills related to a borrower or inventory property account. If a State needs program authority for a cost item not listed in Exhibit 25, SED must send an e-mail to the appropriate point of contact according to subparagraph C.

Part 6 provides guidance for real estate and chattel appraisals.--*

161 Overview (Continued)

B Program Authority (Continued)

*--The FMMI User Guide:

- shall be used in conjunction with this Part
- is located on the DAFLP Intranet website for software guides at <https://inside.fsa.usda.gov/program-areas/daflp/software-manuals/index>.

For IAS and general contractual acquisition guidance, see FPAC Procurement Operating Procedures (POP), online IAS User Guides, and FAR, which is accessible online at <https://www.acquisition.gov/?q=browsefar>.

Other source material relating to IAS transactions is found at <https://ias.usda.gov/guidance.html>.

C PLCE and FMMI Help Desk Information

The National Office is the first point of contact for all PLCE and FMMI related inquiries as follows.

Point of Contact for PLCE and FMMI Inquiries		
DATA Act Assistance	Ann Smith Anne Steppe	<ul style="list-style-type: none"> • ann.smith2@wdc.usda.gov. • anne.steppe@wdc.usda.gov.
FMMI Document Approvals	Ann Smith Anne Steppe	
FMMI User Access	Ann Smith	
General FMMI or PLCE Inquiries	Ann Smith Anne Steppe	
Lost Vendor Payments	Ann Smith Anne Steppe	
PLCE Funding	Norman Cummins Jerry Moseman (Primary) Ann Smith	norman.cummins@wdc.usda.gov . jerry.moseman@wdc.usda.gov .
Vendor Record Inquiries (FMMI or SAM)	Ann Smith Anne Steppe (Primary)	

Questions related to technical aspects of farm real estate appraisals and chattel appraisals will be directed to the State APOC as provided in Part 6. The commitment and payment of PLCE funds related to appraisal requests are handled according to this Subparagraph.--*

161 Overview (Continued)**C PLCE and FMMI Help Desk Information (Continued)**

*--E-mailed requests for FMMI document approval support **must** include the following documents:

- completed and signed FSA-2126, FSA-2128, OF-347, or SF-1449, whichever is used, **and**
- vendor invoice, including proof of Agency receipt and acceptance, as applicable, **and**
- copy of ARMP or APOC delegation of authority for the person who authorized the micro-purchase.

Note: The delegation of authority is required for each ARMP or APOC on the 1st request for National Office approval assistance. Subsequent submissions for the same ARMP or APOC are not necessary unless the delegation of authority becomes obsolete and is re-delegated by FBC PAO.

D Using Government Purchase Credit Card for PLCE

At no time may a government purchase card be used for anything related to PLCE's for FLP applicants, borrowers, or inventory property. There are **no** exceptions.--*

--162 Primary Roles and Responsibilities Needed for PLCE*A Overview**

To ensure that the sufficient separation of duties during the procurement process, multiple roles are required to accomplish each task. These internal controls are derived from various statutes, regulations, and policies that govern USDA business processes, including PLCE activity. The primary roles involve:

- determining the need at the County or State Office level;
- budget administration and approvals to ensure compliance with the Anti-Deficiency Act;
- ensuring the method used for procuring the PLCE follows the correct process;
- entering and approving the PLCE ZMY through the FMMI system;
- paying the vendor invoice; and
- communicating with vendors on matters such as SAM registration, payments, or similar.

Exhibit 21 provides an overview of all roles, responsibilities, training requirements, and associated delegations of authority for PLCE transactions.

SED's, in consultation with FLC's, are strongly encouraged to identify primary and back-up for each role to prevent delays in obtaining goods and services. States that do not have a sufficient number of employees to establish needed back-ups, may contact the National Office for assistance, as well as enter into agreements with neighboring States. States that have existing agreements with neighboring States, may continue using the agreements.

B State PLCE Monitor

The State PLCE Monitor is not required to be a State Office FLP employee member; however, the State PLCE Monitor will be an FLP employee familiar with loan making and loan servicing functions. To maintain an adequate separation of duties, this is primarily a stand-alone budget-related role. Responsibilities include:

- safeguarding the Agency from violating the Anti-Deficiency Act by certifying budget availability;
- overseeing all aspects of FMMI activity for PLCE, including responding to vendor payment inquiries;
- assigns FAIN and maintains a tracking system relating FAIN to the associated ZMY document;
- assigning PIID until Contracting Official prepares award document creating the Order Number;
- obtaining the order number from the Contracting Officer and forwarding that information to the National Office to ensure DATA Act requirements are met;--*

--162 Primary Roles and Responsibilities Needed for PLCE (Continued)*B State PLCE Monitor (Continued)**

- ensuring that State and County Office staff correctly follow all PLCE procedures and provide guidance or training as needed; and
- working as liaison between Contracting Officer, ARMP, APOC, and TPOC.

C ARMP

The ARMP's primary function is to make PLCE micro-purchases. ARMP authority is delegated by FBC PAO. Other than a Warranted Contracting Officer, **only** the ARMP may make micro-purchases. States may delegate more than 1 employee in the ARMP role.

Note: Every APOC is an ARMP; however, not every ARMP is an APOC. Therefore, States will defer to State instructions as to the specific role applicable for the needed micro-purchase.

The responsibilities of the ARMP include:

- conducting market research by contacting vendors and obtaining feedback;
- notifying vendor of award and issuing task order, letter of engagement or similar;
- notifying County Office of vendor award;
- coordinating modifications of initial award with PLCE Monitor and/or Contracting Official;
- receiving copy of completed work;
- submitting invoice to FMMI TY Processor for payment; and
- maintaining a log of transactions and rotations of awards among vendors.

See Exhibit:

- 21 for eligible positions, training requirements, and authorities for the ARMP role
- 24 to request an ARMP delegation and guidance on how micro-purchases are obtained.

Note: The ARMP role may **not** be re-delegated. **All** duties identified in Exhibit 24 must be handled by the FBC PAO-delegated ARMP **only**.--*

--162 Primary Roles and Responsibilities Needed for PLCE (Continued)*C ARMP (Continued)**

To obtain an ARMP designation, States will submit requests for information, or delegation of authority requests, with required proofs of training, through the FBC PAO ServiceNow intake portal at https://usdanrcs.service-now.com/fpac?id=ap_intake&sys_id=05aecacddb146700b34efb0e0f9619f8.

D TPOC

The Technical Point of Contact is otherwise known as an Authorized Agency Official, and for PLCE procurement purposes, the TPOC is the person who identifies PLCE needs.

Responsibilities include:

- completing required documents and forwarding those documents to ARMP, APOC, or State Office according to this Part and applicable State instructions;
- receiving completed work
- recommending payment for completed work.

See Exhibit 21 for eligible positions, training requirements, and authorities for the TPOC role.--*

--162 Primary Roles and Responsibilities Needed for PLCE (Continued)*E State Office Responsibilities**

SED must issue a State supplement that:

- identifies the:
 - State PLCE Monitor as described in subparagraph B
 - ARMP as described in subparagraph C
 - contracting official responsible for micro-purchase transactions if the State does not use ARMP
- if applicable, covers State-specific requirements for handling UCC filings and lien searches **not** covered by the guidance in subparagraph 165 D
- clarifies State PLCE micro-purchase and contractual processes, as applicable.

Note: State PLCE instructions shall be submitted to the National Office for **pre-approval**. A National Office review for compliance to Department and Agency requirements is required **before** publication.--*

--163 Understanding PLCE*A PLCE Basics**

PLCE expenditures directly relate to loan making and loan servicing activities and the provisions of the Promissory Note, Security Agreement and Real Estate Mortgage for the preservation and protection of any security for the loan during the life of the loan or as an inventory property.

Each allowable PLCE listed in Exhibit 25 is mentioned and supported by handbook guidance; and all transactions are directly tied to a specific action for a specific loan or loan application. These expense items have an assigned unique 3-digit alphanumeric-character associated with it, known as Program Action Codes, or PAC's. The PAC is required to obligate and control funds and track expenses. PAC's are discussed further in subparagraph 162 F.

Note: If there is a "Comment" annotated for the selected PAC, County Offices and State PLCE Monitors should review the Exhibit 25 "Note" section for usage clarification or application.

There are 3 different classifications of program loan cost expenses:

- "Non-contractual," as discussed in subparagraph B and paragraph 166
- micro-purchase, as discussed in subparagraph C and paragraph 167
- contractual, as discussed in subparagraph D and paragraph 168.

How each authorized PLCE expense is classified and handled depends upon the:

- type of purchase:
 - a bill, statement, or similar demand for payment
 - Agency-initiated procurement
- total cost of the item(s).

There are 2 types of PLCE's:

- Recoverable PLCE's are chargeable to either a borrower or inventory property account
- Non-recoverable PLCE's are not chargeable to a borrower or inventory.

See subparagraphs 165 F and 165 G for additional guidance on recoverable cost items.

Note: Any PLCE item associated with an environmental issue will be discussed with the State Environmental Coordinator before proceeding under these instructions. Consultation with the National Office, the National Environmental Coordinator, and Contracting staff may be necessary.--*

--163 Understanding PLCE (Continued)*B PLCE “Non-Contractuals”**

PLCE cost items that consist of paying a bill, statement, or similar demand for payment generated by a third-party against a borrower or inventory property are referred to as Routine Loan Account Maintenance, otherwise called “non-contractuals”. These cost items are **exempt** from FAR and Agriculture Acquisition Regulation (AGAR) provisions and are not subject to total cost thresholds. All non-contractual PLCE’s have fixed costs and pre-determined, specific vendors. The cost and vendor for non-contractual items are all outside FSA’s control and, if the cost item is not paid, the Government’s security interests are threatened.

Each expense in Exhibit 25 under the contract purpose labeled “Loan Account Maintenance” for loan making, loan servicing, and inventory property are “non-contractual” items. There are no other PLCE cost items that fall under this category. If an expense item is not listed under Loan Account Maintenance and does not contain an “N” in the PAC, it is **not** a “non-contractual” cost item and **cannot** be treated as such.

See paragraph 166 for guidance on processing PLCE ‘non-contractual’ items.

C PLCE Micro-purchases

What constitutes a PLCE micro-purchase is how the item is obtained and the cost of the item. When the Agency initiates the purchase, and the cost of the item is less than or equal to \$2,500.00, that PLCE is identified as a PLCE micro-purchase.

Micro-purchase requests are fully handled by the ARMP, APOC, or a Contracting Officer or Contract Specialist, and are routed through the State PLCE Monitor. County Offices may **not** take any action on a micro-purchase PLCE request unless instructed to do so by the ARMP, APOC, or contracting official as described in State procedure.

See subparagraph 162 C for information on the ARMP role and see paragraph 167 and Exhibit 24 for guidance on processing PLCE micro-purchase items.

D PLCE Contractual Requests

PLCE contractual cost items are all expenses initiated by the Agency with a total cost of \$2,500.01 and above.

If a State does not have a warranted Contracting Officer on staff, the State Office should contact other FPAC agencies or a neighboring State for assistance, if that State is known to have a Contracting Officer on staff. Otherwise, State Offices will submit requests through the FBC PAO ServiceNow intake portal according to subparagraph 162 C.--*

--163 Understanding PLCE (Continued)*D PLCE Contractual Requests (Continued)**

County Offices may **not** take any action on a contractual PLCE request unless instructed to do so by the Contracting Officer or Contract Specialist.

See paragraph 168 for specific guidance on processing contractual PLCE's.

E PAC

Exhibit 25 provides a list of each authorized PLCE expense. Each expense item has an assigned unique 3-digit alphanumeric character that is required for obligating and controlling funds and tracking expenses. If there is a "Comment" annotated for the selected PAC, the TPOC and State PLCE Monitors should review the Exhibit 25 "Note" section for usage clarification or application.

All transactions fall under 1 of these 3 categories as follows.

- Loan Making PAC's are applicable during the loan application process only. Once a loan is closed, it becomes a loan servicing action.
- Loan Servicing PAC's are applicable from the point of loan closing through the final disposition of the loan. This includes corrections to documents filed at loan closing.
- Inventory Property PAC's are applicable only after FSA has received the deed and taken the property into inventory, not during the acquisition process. Any PLCE item incurred on behalf of FSA during the acquisition process (foreclosure, voluntary conveyance, etc.) is a loan servicing action and is charged to the borrower's account, not the inventory property. This includes accrued or delinquent taxes, attorney fees, or any other expense related to the liquidation of security prior to the date taken into Government inventory.

F Historical PAC Reference

PAC's found in Exhibit 26 were made obsolete effective October 1, 2010. For loan servicing purposes, Exhibit 26 is retained for historical reference only.--*

--163 Understanding PLCE (Continued)*G DATA of 2014**

PLCE activity is reportable under DATA, which makes information on federal spending accessible and transparent to the general public. Recoverable cost items are considered financial assistance since they benefit Agency customers. Non-recoverable cost items and micro-purchases currently are not reportable. Contractual PLCE's over the \$2,500.00 micro-purchase threshold must be entered into the Integrated Acquisition System (IAS) and the Federal Procurement Data System-Next Generation (FPDS-NG).

To comply with DATA the Agency developed specialized coding for use in the contract number field of the ZMY transaction. Additional guidance on this coding is found in the FMMI User Guide.--*

*--164 Allocating PLCE Funds

A PLCE Spending Chain

The components of the PLCE spending chain are defined as follows.

Component	Action
1	Allocation is funds that are apportioned to the agency and subsequently allocated to each State in 4 separate funds. Allocation to the State level is required before spending can occur.
2	Budget pre-approval means authorized agency officials contact the State PLCE Monitor to certify availability of funds before incurring an expense on behalf of the agency or a borrower. Note: This step is by-passed when a delinquent real estate tax notice or delinquent personal property tax notice is received in the County Office.
3	Obligation means once an order is placed, the agency has a legal responsibility or obligation to pay for the ordered goods or services. A purchasing document is used to purchase goods and services or pay for costs associated with servicing a farm loan and preservation of the agency's security according to the signed loan documents. Obligations draw down available funds in the associated account in FMML.
4	Invoice is an accounts payable document that is used to pay for goods and services received and the disbursement of funds. Depending upon the type of expenditure, disbursements may occur after or simultaneously with the obligation document. Invoices reference and liquidate documents in the PLCE spending chain.
5	Disbursement is handled by the National Finance Center. This step is driven by the vendor record and invoice document.

B National Office Allocation of PLCE Funds to States

The National Office allocates PLCE funds to each State, Puerto Rico, and designated United States territories that has a FLC. PLCE funds are not sub-allocated to the County Office level.

State PLCE Monitors will use the Availability of Funds Control Report located in FMML in monitoring and certifying the availability of PLCE funds. Additional information and step-by-step instructions are located in Section 7, PLCE Funds Management, of the FMML User Guide.

The National Office divides each State allocation into 4 accounts that correspond to their respective Treasury symbols.--*

--164 Allocating PLCE Funds (Continued)*B National Office Allocation of PLCE Funds to States (Continued)**

Each account has its own purpose and designated loan cohort.

- ACIF Program Account (non-recoverable), otherwise known as the “A” account, is used to pay PLCE’s that are not chargeable to a borrower or inventory property account.
 - The “A” account fund code is identified as “FA00B1140D” in the FMMI environment.
 - IAS accounting string for “A” funds is FA00.ZZ.ZZZZZZZZZZ.2570.
- ACIF Direct Loan Financing Account (recoverable) is referred to as the “R” account. “R” funds are used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the **original loan** was obligated in FY 1992 or subsequent years.
 - The “R” account fund code is identified as “FA00B4212D” in the FMMI environment.
 - IAS accounting string for “R” funds is FA00.ZZ.ZZZZZZZZZZ.3320
- ACIF Liquidating Account (recoverable). This “L” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the **original loan** was obligated before FY 1992.
 - The primary “L” account fund code is identified as “FA00B4140D” in the FMMI environment.
 - IAS accounting string for “L” funds is FA00.ZZ.ZZZZZZZZZZ.3320.

There are 2 different appropriated line items for “L” funds, each with its own functional area:

- FA02FL2040000000: Loan Servicing “L” account
- FA02FL2140000000: Inventory Property “L” account.

Both line items use the same fund identifier of FA00B4140D. Only the loan servicing “L” funds are allocated to the State level. The inventory property “L” funds are maintained at the National Office level. The PLCE Monitor will contact LMD when “L” funds are needed for servicing inventory property.

- Recovery Act - Direct Financing Account - Capital Investment (recoverable). This “S” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the loan was obligated using ARRA (“Stimulus”) identified loan funds. “S” loans are identified with Type of Assistance codes 564 through 583. The “S” account fund code is identified as “FA00B4284D” in the FMMI environment.

See Exhibit 23 for guidance on creating IAS requisitions for PLCE.--*

--164 Allocating PLCE Funds (Continued)*C State Office Allocation of PLCE's**

All PLCE commitments and disbursements must occur on a “requirement and consideration” basis, meaning there must be a specific need for a specific loan applicant, borrower, or inventory property. Obligating lump sum amounts or “banking” PLCE funds for a specific vendor is prohibited. The commitment of PLCE funds in one FY for use in another FY without a specific requirement violates the Anti-Deficiency Act and is not permitted.

Examples of permissible and not permissible are as follows:

- **Permissible:** On September 25, 2018, the County Office requests a title opinion in preparation for an upcoming foreclosure sale for a particular borrower. The PLCE commitment is created the same day **and work begins**; however, it is not until November 1, 2018, that the vendor delivers the title opinion and requests payment.
- **Not Permissible:** On September 25, 2018, the State Office decides to set aside \$xxx for real estate appraisals needed in the next FY. There is no immediate need for the ZMY; however, the State wants to “use up” the remaining FY 2018 “A” allocation and draw-down funds from the one ZMY on an as-needed basis in FY 2019.

Note: For electronic UCC filings with the Secretary of State Office, see subparagraph 165 D.

D Using PLCE Allocations

Before any PLCE item can be obtained or an expense incurred on behalf of the Government, the State PLCE Monitor must certify fund availability and ensure the State budget reflects that commitment.

All ZMY's must be entered into FMMI before goods or services are ordered. Reimbursement for an unapproved cost item is considered an unauthorized purchase and payment is not guaranteed.

Note: Notices about delinquent real estate taxes and property taxes are exempt from funds certification. It is not possible to know when a borrower will not pay their taxes in a timely manner; therefore, the cost is “incurred” before the Agency can take action.

As a reminder, the Government purchase card is not an option for PLCE procurement of any kind. See subparagraph 161 D.--*

--165 Obtaining PLCE Items*A SAM**

All vendors subject to micro-purchase or contractual procurement processes are required to register in SAM, which is located online at <https://www.sam.gov/portal/SAM/#1>.

SAM registration is the vendor's responsibility, and Agency personnel should not assist in the process. Approved SAM registrations automatically flow into the FMFI system to create the FMFI vendor record and FMFI vendor ID. The PLCE Monitor needs only the vendor's DUNS number to locate the vendor record in the FMFI system.

Note: Using the FMFI PVND process for a SAM vendor is not allowed. If a potential vendor refuses to register in SAM, then that service provider may not be used as a PLCE vendor until a SAM registration is complete and a FMFI vendor record created.

The only permitted exceptions to SAM registration are:

- State and Local Government offices, including Sheriff Offices or other State or local law enforcement entity
- US Marshall
- court-appointed Trustees or other officers of the Court
- current USDA Employees.

SAM is **not** used for non-contractual PLCE vendors. PLCE non-contractual vendors are manually created in FMFI using FSA-2173. See Section 6 of the FMFI User Guide for step-by-step instructions.

Note: It is suggested that State PLCE Monitors, APOC's and/or ARMP's maintain an operational file that includes a copy of the SAM record for each PLCE micro-purchase vendor, or alternatively, in each vendor's individual operational file, depending upon how established.

B Current Employees as Vendors

Employees should not act as a vendor on behalf of a loan applicant, borrower, or to care for an inventory property. DLS workflows should be used, maintained, and monitored for UCC filings and other needs. In the case where the borrower is responsible for the cost, if the borrower does not remit payment timely, FLM should proceed with initiating FSA-2126 for the cost item **no later than** 21 days before payment is needed.

Note: At no time may an employee pay for recoverable cost items. The PLCE Monitor will ensure emergency check provisions are used for extremely time-sensitive PLCE's.--*

*--165 Obtaining PLCE Items (Continued)

C Former Employees as Vendors

For guidance on post-employment restrictions about using former FSA employees as PLCE vendors, see 3-PM, paragraph 139, and 18 U.S.C. 207. Additional post-employment information is available at <http://www.ethics.usda.gov/rules/postemployment.htm>.

Former FSA employees should contact the USDA ethics counselors for informal assistance with interpreting and applying the post-employment restrictions. FLP State Office staff also may contact the USDA ethics counselors for guidance before selecting a former FSA employee as a vendor, through the Administrative Officer or State Office ethics advisor. The Office of Ethics may be reached by e-mail at **Ethics-Farm-FSA-@oe.usda.gov**.

SAM registration is **required** for all former employees when working in a vendor capacity.

See 3-PM, paragraph 131, for additional guidance about restrictions on outside employment and activities.

D Guidance for Electronic UCC Transactions

State Offices may set up accounts with the Secretary of State's office using a draw-down process to meet UCC electronic and central filing requirements. "R" funds are used for this purpose.

In States where the Office of the Secretary of State has decided to use credit card only transactions, the PLCE Monitor or ARMP should work with the Secretary of State to find an alternative method of payment. If there is no alternative payment option available, third party processors may be used to handle FLP UCC needs. Under 3-FLP, subparagraph 373 A, and 4-FLP, subparagraph 99 B, fees charged by third party processors are **charged to the loan applicant**.

If an error is made on UCC or other legal document, the cost of the correction is a non-recoverable item; "A" funding and the PAC code "2N5" are used. If UCC is being renewed for an account using recoverable "L", "R", or "S" funds, **separate** FMFI transactions will be processed for that specific UCC filing, also using '2N5.' Only when the borrower remits payment for an electronic UCC filing are the PAC codes '1NE' or '2NE' used.

E Refunding Credit Report Fees

When credit report fees are collected and deposited, and the credit report is never obtained, reimbursement to the applicant is **not** a PLCE function. Whenever money is transmitted successfully to the National Finance Center, the refund **must** come from the same office. County Offices shall submit a request for refund to their account technician who services their state according to paragraph 5.--*

--165 Obtaining PLCE Items (Continued)*F Recoverable Cost Items for Borrowers with Multiple Loans**

When a specific recoverable PLCE applies to more than 1 loan, the oldest outstanding loan, which is the loan with the earliest obligation date, for which the security associated with the charge is attached, will determine which recoverable account (“L,” “R,” or “S”) is used. For a rescheduled or re-amortized loan, always use the **original** loan obligation date to determine which account is used.

Note: Only “S” account funds are used to obligate and pay PLCE expenses for ARRA (“Stimulus”) loans. “L” or “R” funds for ARRA (“Stimulus”) loans **cannot** be used.

The FMMI BOPR table is used to verify loan and account information if errors in processing occur; See the FMMI User Guide, Section 8, “BOPR Look-Up”.

G ADPS Transactions for Recoverable Cost Items

When a recoverable cost item is charged back to a direct OL, ML, or EM loan, a new “loan” is created on the borrower’s account. The loan number will be between 75 and 99, starting backwards from 99. The ADPS TC 1L is associated with the charge.

Note: PLCE charges are **never** charged to an existing cost item “loan”. PLCE’s must tie back to an original Agency-funded loan.

When the loan being charged is a direct FO loan, the PLCE charge is reflected as an advance on the loan; a separate “loan” is **not** created. The transaction is identified by ADPS TC 1L in the borrower’s online history.

When a PLCE charge falls under Inventory Property, ADPS TC 1X reflects the charge.

PLCE charges on Judgment accounts are shown as an ADPS TC 1I transaction.

Note: Interest accrues at the same interest rate as the loan associated with the charge.--*

--166 Processing Routine Loan Account Maintenance “Non-contractual” PLCE’s*A Forms**

The following forms are used for “non-contractual” PLCE processing.

- **FSA-2126** is the only form required to initiate and pay non-contractual PLCE requests as described in subparagraph 163 B.
- **FSA-2171** is a substitute invoice used only in unusual instances where there is no existing vendor invoice; vendor invoice information is never transferred to FSA-2171.
- **FSA-2172** is used for requesting Emergency PLCE vendor checks per subparagraph 170 G.
- **FSA-2173** is used to establish a FMMI vendor record using the PVND process as described in the FMMI User Guide.

B Filing Requirements

FSA-2126 and all documents related to recoverable PLCE’s are filed in the borrower’s case file and treated as a debt instrument.

PLCE documents for non-recoverable PLCE’s should be filed in the borrower’s case file as part of the running record of actions taken on behalf of the borrower or applicant. Documents for non-recoverable cost items are not debt instruments.

County and State Offices should establish and maintain an operational file for PLCE activity according to 32-AS.

C Vendor Selection

There is no vendor selection process for routine loan account maintenance. For an item to fall under this category, the vendor and cost are both non-negotiable and outside FSA’s control, and not paying the bill negatively impacts the Agency’s financial and/or security interests.

D FMMI and DATA Act Requirements

Most non-contractual PLCE’s must be given an assigned unique 18-digit alpha-numeric FAIN by the PLCE Monitor at the time of budget approval and entered on the FSA-2126.

Note: For non-contractual cost items involving Government Inventory Property, there is no FAIN configuration. The contract number entry will always be “NONDATAACT.”--*

--166 Processing Routine Loan Account Maintenance “Non-contractual” PLCE’s (Continued)*D FMMI and DATA Act Requirements (Continued)**

TPOC’s and PLCE Monitors are cautioned in using the PAC 2N5 for legal document expenses. The following **must** be noted and followed.

- If copies of documents are obtained or filed as part of the normal course of business and **“A” funds** are used, those actions are considered to be for the benefit of the applicant or borrower. The FMMI ZMY Contract Number field must be populated using an **18-character FAIN string**.
- If the action is for the benefit of the Agency, such as when documents are corrected because of Agency error, **“A” funds** are used and the FMMI ZMY Contract Number field will be populated with **“NONDATAACT”**.
- If copies of documents are obtained for, or filed during, an adverse loan servicing action such as a third-party or Agency foreclosure, that transaction must be processed as a recoverable cost item and use of **“A” funds** is **not permitted**.

The PLCE Monitor and State FMMI users should see the FMMI User Guide for additional guidance and step-by-step instructions on FAIN configurations and instructions not included in this Part or identified in the workflow provided in subparagraph F.

An internal tracking system for the FAIN is required. A tracking system for monitoring the State PLCE budget is recommended.

E Processing Payments for Non-Contractual PLCE’s

The Debt Collection Improvement Act of 1996 mandates using EFT as the payment method for Government disbursements; however, there are exemptions to the EFT requirement that directly impacts non-contractual cost items.

Unless direct deposit is required by State law, it is **recommended and permitted** to request US Treasury Checks for cost items to State and local Government vendors. This includes payments for delinquent taxes, UCC filings or mortgage satisfactions, and other similar expenses. Because of the nature of those transactions, the Operational Hardship exclusion applies.

Checks obtained to pay lienholders using the 2N4 PAC also fall under the Operational Hardship exclusion because US Treasury checks usually are required at the liquidation sale.--*

--166 Processing Routine Loan Account Maintenance “Non-contractual” PLCE’s (Continued)*F Required Roles for Processing PLCE “Non-Contractual” Requests**

To fully process any PLCE non-contractual request, the following roles are required:

- TPOC
- State PLCE Monitor
- FMMI PLCE PO Processor
- FMMI PLCE PO Approver
- FMMI PLCE TY Processor
- FMMI PLCE TY Approver.

See Exhibit 21 for additional guidance, as needed.

G Workflow Process for Routine Loan Account Maintenance (“Non-Contractual”) Expenses

Simultaneous funds commitment and disbursements for “non-contractual” items are common and permissible. Tax notices and other documents from the vendor source are considered the invoices. That information should **not** be transferred to the FSA-2171. Always use original documents to support the PLCE funds commitment and payment whenever possible.

Field and State Offices will take the following steps for routine loan account maintenance PLCE items.

Step	With Invoice	Invoice Pending
1	TPOC is notified or receives notification of PLCE and refers to Exhibit 25 for authorization and terms. If TPOC is uncertain of how to proceed, TPOC will contact State PLCE Monitor for guidance.	TPOC determines, or is notified of, PLCE need and refers to Exhibit 25 for authorization and terms. If TPOC is uncertain if or how to proceed, TPOC will contact State PLCE Monitor for guidance.
2	TPOC completes and signs FSA-2126, attaching invoice and any other necessary documentation related to the PLCE. Documents are sent to the State PLCE Monitor for further processing.	TPOC completes FSA-2126, and, along with any other necessary documentation related to the PLCE, sends request to the State PLCE Monitor for processing.
3	State PLCE Monitor receives and reviews FSA-2126 for accuracy, completeness, and validity, consulting with the Farm Loan Chief, as necessary.	State PLCE Monitor receives and reviews FSA-2126 for accuracy, completeness, and validity, consulting with the Farm Loan Chief, as necessary.
4	State PLCE Monitor certifies budget availability, determines FMMI Vendor ID, PAC, Fund, and FAIN and enters information on FSA-2126.	State PLCE Monitor certifies budget availability, determines FMMI Vendor ID, PAC, Fund, and FAIN and enters information on FSA-2126.

--*

--166 Processing Routine Loan Account Maintenance “Non-contractual” PLCE’s (Continued)*G Workflow Process for Routine Loan Account Maintenance (“Non-Contractual”) Expenses (Continued)**

Step	With Invoice	Invoice Pending
5	PLCE request is parked and posted in FMMI creating a ZMY transaction, using the FMMI User Guide as reference.	PLCE request is parked and posted in FMMI creating a ZMY transaction, using the FMMI User Guide as reference.
6	After ZMY is posted, invoice is parked and posted in FMMI, creating a TY payment document as shown in the FMMI User Guide.	A copy of the budget-approved FSA-2126 and associated FMMI transaction documents are returned to the requesting office.
7	A copy of the approved and completed FSA-2126 and FMMI ZMY and TY transaction documents are returned to the requesting office for placement in file(s).	Once the County Office receives invoice, using the original FSA-2126, forwards invoice to the State PLCE Monitor with a digitally signed request for payment.
8	End	Invoice is processed and posted in FMMI, creating a TY payment document as shown in the FMMI User Guide.
9		A copy of the completed FSA-2126 and FMMI TY invoice transaction document are returned to the requesting office for placement in file(s)
10		End

--*

*--167 Processing Micro-Purchase PLCE's

A Forms

The forms associated with PLCE micro-purchases include.

- **FSA-2126** is required to initiate and pay **non-appraisal** micro-purchase PLCE requests with a total cost at or below the micro-purchase threshold limit of \$2,500.00 as described in subparagraph 163 C. Additional documents may be required depending upon what is needed and State procedure. TPOC's should contact their ARMP or Contracting Officer when guidance is needed.
- **FSA-2128** is required to initiate and pay real estate and chattel appraisals at or below the micro-purchase threshold of \$2,500.00. Additional documentation may be required depending upon State procedure. TPOC's should contact their APOC, ARMP, or Contracting Officer when guidance is needed.

Note: Once a PLCE item exceeds the \$2,500.00 threshold, it must be handled according to paragraph 168, including after-award modifications requested by the vendor that raises the initial total of funds committed.

- **FSA-2172** is used for requesting Emergency PLCE vendor checks for non-appraisal micro-purchases as described in subparagraph 170 G. Emergency checks for micro-purchases are very rare and usually involves an emergency custodial livestock situation. Real estate and chattel appraisers are **never** paid using the Emergency PLCE payment process.

Micro-purchase vendors are required to submit an invoice that contains the vendor's name, address, telephone number, DUNS number, a brief description of services rendered and total cost. FSA-2171 is **not** used for micro-purchases.

All vendors operating under this subpart must register in SAM. FSA-2173 is **not** used for or by micro-purchase vendors. ARMP should contact the National Office in instances of one-time only vendors needed in emergency custodial situations.

Additional information about real estate and chattel appraisals is provided in Part 6.--*

--167 Processing Micro-Purchase PLCE's (Continued)*B Filing Requirements**

The FSA-2126, FSA-2128, and other documents related to recoverable cost items are treated as a debt instrument and filed in the borrower's case file.

It is recommended that PLCE documents involving "A" funds be filed in the borrower's case file as part of the running record of actions taken on behalf of the borrower or loan applicant. Documents for non-recoverable cost items are not debt instruments.

ARMP's are required to maintain a log of transactions and rotation of awards among vendors and maintain secured transaction files containing all relevant transaction information. The transaction files will contain, at a minimum, the following.

Item	Description
Requisition	Request for service with documentation that identifies the Government need, Government cost estimate, proof of funding availability, and authorized signatures. FSA-2126 and/or FSA-2128 is considered a "requisition".
Required Requisition Documents	Program documents used in addition to FSA-2126 and/or FSA-2128 that support the requisition, including and not limited to, copies of e-mailed requests for quotes, engagement letter or task order, etc.
FMMI Funds Commitment Document	A copy of the posted FMMI ZMY Adobe form that contains the FMMI user identifiers, date, and time stamps.
Invoice	Invoice submitted to Agency by the vendor when services rendered. Invoice must match posted FMMI TY document.
FMMI Payment Document	A copy of the posted FMMI TY Adobe form that contains the FMMI user identifiers, date, and time stamps.
Acceptance of Service Document	E-mail or other documentation of program acceptance of service provided.
Correspondence	All related e-mails, letters, documented telephone calls, and other documents.

All transaction files will be retained for a period of seven years from the date of the final payment. Use file codes:

- CONT-2(a) for transactions over \$2,000.00
- CONT-2(b) for transactions less than \$2,000.00.

The transaction files will be subject to random audits by the FBC PAO compliance designee. Contracting Officers also may conduct routine file reviews without permission from the FBC staff.--*

--167 Processing Micro-Purchase PLCE's (Continued)*C Vendor Selection**

In addition to requesting PLCE funds commitment and disbursements, FSA-2126 and FSA-2128 is used to record associated market research information. The ARMP will contact appropriate vendors to conduct market research for the required service and make the appropriate entries in FSA-2126. Purchases should be consistent with established guidelines for required sources of services and applicable acquisition procedures for making micro-purchases.

How much market research a PLCE requires is dependent upon the dollar amount provided to the ARMP. ARMP's will conduct enough market research to ensure that the Government gets a good value for its money in terms of reasonable price and timely, reliable and quality service.

When making micro-purchases, ARMP's will identify the service that best satisfies the PLCE requirement, weighing both price factors and non-price factors like time of delivery. Higher priced contractors may be used if it represents a better value; however, it is the ARMP's responsibility to perform basic comparison-shopping and briefly document the basis for vendor decisions.

All micro-purchase vendors must register in SAM; see subparagraph 165 A.

Vendor selection for real estate and chattel appraisals will be handled according to Part 6 and State instructions.

D FMMI and DATA Act Requirements

PLCE Monitors will ensure micro-purchase PLCE's are annotated as "NONDATAACT" in the contract number field of the FMMI Adobe form. The State PLCE Monitor and State FMMI PO Processor should see the FMMI User Guide for additional guidance and DATA Act-specific instructions.

E Processing Payments for Micro-Purchase PLCE's

The Debt Collection Improvement Act of 1996 mandates using EFT as the payment method for Government disbursements. There are no exemptions for micro-purchase PLCE's for the EFT process. If a micro-purchase vendor is unable to accept the EFT payment method, the PLCE Monitor or ARMP will contact the National Office for guidance in hardship situations.

Standard payment terms are net 30 days. Whether a vendor is paid net 30 days or payment is accelerated to ACCP completely depends upon the FMMI vendor record and how the vendor is categorized in SAM. FMMI-generated payment terms should not be changed.--*

--167 Processing Micro-Purchase PLCE's (Continued)*F Required Roles for Processing PLCE Micro-Purchase Requests**

To fully process a PLCE micro-purchase request, the following roles are required:

- TPOC
- State PLCE Monitor
- APOC, ARMP or Contracting Officer, as determined by State procedure
- FMMI PLCE PO Processor
- FMMI PLCE PO Approver
- FMMI PLCE TY Processor
- FMMI PLCE TY Approver.

See Exhibit 21 for guidance on roles.

G Workflow for PLCE Micro-Purchases

For ease of understanding the following workflow, the term ARMP is used exclusively. It is understood some States may use:

- an ARMP for all non-appraisal micro-purchases;
- an APOC for all real estate and chattel appraisals;
- an ARMP for both appraisals and micro-purchases; or
- a Contracting Officer exclusively, or
- a combination of ARMP, APOC, and Contracting Officer.

Please insert the applicable position for your State wherever "ARMP" is used.

For those States having all FLO and FLM designated as an ARMP, dual roles as TPOC and ARMP exist. If there is no separate TPOC in the office initiating the PLCE request, then the FLO or FLM will perform all TPOC duties in addition to all ARMP duties listed in the workflow.

Note: Exhibit 21 permits the PT to be designated as TPOC. ARMP responsibilities must be performed by ARMP and may not be re-delegated.

References to the completion of certain sections of FSA-2126 within the workflow are included to assist with understanding the micro-purchase process. These references do not replace the form's posted instructions for completion.

ARMP's should see Exhibit 24 for additional guidance on making micro-purchases.--*

*--167 Processing Micro-purchase PLCE's (Continued)

G Workflow for PLCE Micro-Purchases (Continued)

The following table contains workflow steps for Non-Appraisal PLCE Micro-Purchases.

Step	Action
1	<p>Non-Appraisal: TPOC determines PLCE need and refers to Exhibit 25 for authorization and terms. TPOC completes FSA-2126, Part A, in its entirety. TPOC sends to ARMP, FSA-2126 and all other applicable documentation required by State instructions.</p> <p>Note: It is recommended that the TPOC include the PLCE Monitor in the electronic transmission of the FSA-2126 to the ARMP if TPOC and ARMP are not the same person.</p> <p>Appraisal: TPOC completes FSA-2128, Part A and sends to APOC/ARMP, FSA-2128 and all other applicable documentation required by Part 6.</p>
2	<p>ARMP/APOC conducts market research by telephone or e-mail using the information provided by TPOC. Results of market research are recorded on FSA-2126 or FSA-2128.</p> <p>If market research establishes the PLCE as a micro-purchase, ARMP/APOC will complete the assessment, confirm vendor eligibility in SAM, record the DUNS, and complete acknowledgements. ARMP/APOC digitally signs the authorization for the ZMY entry in FMMI and forwards FSA-2126 or FSA-2128 to the State PLCE Monitor and the process continues in Step 3.</p> <p>If the feedback from vendors indicates PLCE is a contractual purchase, ARMP will make a vendor recommendation or annotate on FSA-2126 or FSA-2128 that PLCE exceeds the ARMP's authority. ARMP/APOC will proceed using guidance in subparagraph 168 G; use of this flowchart is concluded.</p> <p>Note: ARMP/APOC does not make micro-purchase or notify vendor of award at this step.</p>
3	<p>Non-Appraisal: State PLCE Monitor receives and reviews FSA-2126 and complete Part C. If inconsistencies or incorrect information are found, State PLCE Monitor will work with TPOC and ARMP to resolve the matter.</p> <p>Appraisal: State PLCE Monitor receives and reviews FSA-2128 and complete Parts C and D of the FSA-2128. If inconsistencies or incorrect information are found, State PLCE Monitor will work with TPOC and APOC/ARMP to resolve the matter</p> <p>Note: In States wanting to internally sub-allocate funding for appraisals to APOC, budget approval occurs with the PLCE Monitor only. There is no FMMI mechanism for sub-allocating beyond the PLCE Monitor level.</p>

--*

*--167 Processing Micro-purchase PLCE's (Continued)

G Workflow for Non-Appraisal PLCE Micro-Purchases (Continued)

Step	Action
4	State PLCE Monitor forwards FSA-2126 or FSA-2128 to PLCE PO Processor for entry of ZMY transaction in FMMI, as provided in the FMMI User Guide. Note: For contractual purchases, PLCE PO Processor will commit funds for the vendor recommended by ARMP/APOC. If changes are necessary after the Contracting Officer reviews documents, PLCE PO Processor will handle using the Obligation Modification process.
5	PLCE PO Processor enters ZMY into FMMI and notifies PLCE PO Approver of parked ZMY document.
6	PLCE PO Approver posts the FMMI ZMY transaction and returns the completed FSA-2126 or FSA-2128 and the FMMI ZMY Adobe form to both the ARMP/APOC and State PLCE Monitor. Note: Micro-purchase responsibilities for the State PLCE Monitor conclude at this step.
7	ARMP/APOC makes micro-purchase and notifies the vendor of the award. ARMP/APOC notifies TPOC of vendor award and ensures copies of FSA-2126 or FSA-2128, ZMY Adobe form, and all vendor award documents are provided to TPOC for placement in the applicant or borrower's case file and PII-secured operational file.
8	Once services are rendered and vendor invoice received, TPOC and/or ARMP/APOC must perform a timely inspection and acceptance of the work performed. Non-Appraisals: ARMP completes FSA-2126, Part E authorizing payment to vendor. Vendor invoice and FSA-2126 is forwarded to the PLCE TY Processor for initial entry into FMMI. Appraisals: APOC/ARMP completes FSA-2128, Part J, Partial Payment, or Part K, Full Payment authorizing payment to vendor. Vendor invoice and original FSA-2128 is forwarded to the PLCE TY Processor for initial entry into the FMMI System as according to the FMMI User Guide
9	PLCE PO Processor enters TY into FMMI and notifies PLCE PO Approver of parked TY document.
10	PLCE TY Approver posts the FMMI TY transaction as described in the FMMI User Guide. PLCE TY Approver ensures the ARMP/APOC, State PLCE Monitor and TPOC are provided digital copies of the completed FSA-2126 or FSA-2128 invoice and TY Adobe form.
11	TPOC ensures all TY documentation is placed in applicant or borrower's case file and PII-secured operational file.
12	End

--167 Processing Micro-purchase PLCE's (Continued)*H Modifying Initial Micro-Purchase Commitment**

Invoices received for an amount greater than the agreed-upon purchase price are **not** acceptable. All vendors are required to contact the Agency about any necessary change to previously agreed-upon terms **before** completing the work or submitting an altered invoice.

If a pricing modification will put the total amount to be invoiced above the \$2,500.00 threshold, the PLCE is no longer a micro-purchase and **cannot** be processed as such. When a situation like this occurs, the State PLCE Monitor and ARMP will discuss the matter with a Contracting Officer or FBC Operations Branch, whichever is applicable, to handle the situation according to FAR and Departmental regulations.--*

--168 Processing PLCE Contractual Items*A Forms**

Forms used for PLCE contractual transactions may vary depending upon the State Contracting Officer or AMD preferences, whichever is applicable, and State procedure. FSA-2126 or FSA-2128 may be used for PLCE funds commitment, DATA Act and ZMY/TY annotations.

B Filing Requirements

All documents related to recoverable cost items are treated as a debt instrument and filed in the borrower's case file.

It is recommended that PLCE documents involving the use of "A" funds be filed in the borrower's case file as part of the running record of actions taken on behalf of the borrower or loan applicant. Documents related to non-recoverable cost items are not debt instruments.

County and State Offices should establish and maintain operational files for contractual PLCE activity according to 32-AS and Contracting Officer guidance.

C Vendor Selection

Vendor selection is handled by the Contracting Officer or Contracting Specialist. The ARMP may make recommendations only. The Contracting Officer does not have to accept the recommendation and has total authority under FAR to handle the contractual request as they deem appropriate.

D FMFI, the DATA Act and Other Requirements

FMFI, DATA Act requirements, use of IAS and entry of PLCE items in FPDS-NG are applicable to all contractual expense items.

IAS and FPDS-NG entries are not Farm Loan Program-related topics and are addressed in FPAC POP and FAR. Contracting Officers and Contracting Specialists are responsible for ensuring IAS and FPDS-NG are populated according to established procedures.

When the ZMY is posted in FMFI, the State PLCE Monitor will ensure that the PIID number is entered on FSA-2126 and/or FSA-2128. The contract number generated in IAS must be provided to the State PLCE Monitor by the contracting staff upon completion of IAS entries. The State PLCE Monitor forwards that information to the National Office contacts listed in subparagraph 161 C to ensure DATA Act compliance. See subparagraph 168 G.

The State PLCE Monitor and FMFI users should see Section 4.3 of the FMFI User Guide for additional guidance.--*

--168 Processing PLCE Contractual Items (Continued)*E Processing Payments for Contractual PLCE's**

Using EFT is required. Only if an individual does not have an account at a financial institution, or if there is an operational hardship whereby the vendor's regular business process is severely hindered by receiving payment through EFT, payment by US Treasury check is permissible under 31 CFR Part 208.

Payment is made according to the vendor record. Most contractual expenses are paid "net 30 days," meaning the vendor is paid within 30 days of receipt and acceptance of the services obtained.

F Required Roles for Processing Contractual PLCE's

To fully process a PLCE contractual purchase request, the following roles are required:

- TPOC
- ARMP, APOC, or Contracting Officer, as determined by State procedure
- State PLCE Monitor
- FMMI PLCE PO Processor
- FMMI PLCE PO Approver
- FMMI PLCE TY Processor
- FMMI PLCE TY Approver
- IAS Requisitioner
- IAS Budget Approver
- IAS Approver.

See Exhibits 21, 22, 23 and 24 for additional guidance, as needed.

Because of the complex and unique nature of PLCE transactions in IAS and FMMI, good communication between all parties is encouraged.--*

--168 Processing PLCE Contractual Items (Continued)*G Basic Workflow for Contractual PLCE's**

As specified by FAR 1.602-1(b), only the Contracting Officer has the authority to enter into an agreement with a vendor for contractual supplies or services. The following workflow assumes use of the APOC and ARMP roles. In States using only a Contracting Officer, States will follow specific guidance provided by the State Contracting Officer or FBC Operations Branch when applicable.

A basic workflow is as follows.

Step	Action
1	TPOC identifies the PLCE requirement and completes the necessary fields on FSA-2128 for real estate and chattel appraisals or the FSA-2126 for everything else. FSA-2126 or FSA-2128 forwarded to ARMP or APOC, as applicable.
2	ARMP or APOC performs market research to obtain vendor's information and completes the necessary fields on FSA-2126 or FSA-2128. Once ARMP/APOC determines a need for Contracting Officer's involvement (market research pricing received is over the \$2,500.00 micro-purchase threshold), ARMP/APOC makes recommendation for vendor selection inclusive of justification, includes supporting documents, and submits the entire package to the PLCE Monitor.
3	<p>On FSA-2126 or FSA-2128, the PLCE Monitor:</p> <ul style="list-style-type: none"> • confirms budget availability or requests funding from the National Office, as needed; • assigns the PAC and determines correct PLCE funds account; • enters FMFI vendor ID number, and • enters Placeholder PIID.
4	<p>PLCE Monitor forwards FSA-2126 or FSA-2128 to the PLCE PO Processor for entry into FMFI.</p> <ul style="list-style-type: none"> • The only way for FLP to guarantee availability of funds is to commit the funds through the ZMY, a purchase order transaction made in FMFI. When the ZMY is posted by the PLCE PO Approver, the Contracting Officer receives a PDF file showing name of Processor and Approver with date and time stamps of when the transaction went into FMFI. • Placeholder Procurement Instrument Identifier (PIID) is used during ZMY entry until Contracting Officer completes the procurement process and issues purchase order to vendor in IAS.

--*

*--168 Processing PLCE Contractual Items (Continued)

G Basic Workflow for Contractual PLCE's (Continued)

Step	Action
5	PLCE PO Processor “parks” the ZMY transaction in FMMI and requests PLCE PO Approver to “post” the financial commitment.
6	PLCE PO Approver posts ZMY and provides PLCE Monitor with the posted ZMY Adobe form, which then is attached to FSA-2126 or FSA-2128.
7	PLCE Monitor forwards entire package, including all forms, documents, and FMMI ZMY Adobe PDF are forwarded to the IAS Requisitioner for attachment to the IAS Requisition.
8	IAS Requisitioner enters the transaction and uploads all forms and documents into IAS and forwards it to the IAS Budget Approver.
9	IAS Budget Approver approves the transaction. Based on the IAS Budget Approver’s authorization chain, transaction is automatically forwarded to a specific individual (either state Contracting Officer or FBC OB Section Chief for further assignment to FBC OB Contract Specialist, as applicable).
10	<p>Contracting Officer receives IAS Requisition, FSA forms and all associated documentation, as applicable. Contracting Officer makes final vendor selection based on applicable FAR, AGAR, and other applicable laws, regulations, and procedures and “processes” request up to the point of being ready for Integrated Acquisition System (IAS) purchase order release. The purchase order is not yet placed at this time.</p> <p>It is understood that the Contracting Officer or Contracting Specialist is within their authorities to:</p> <ul style="list-style-type: none"> • contact the TPOC, ARMP or APOC, and/or the PLCE Monitor when additional information is needed for the requirement; • contact any of the vendors previously contacted by the ARMP or APOC regarding the requirement; and • only Contracting Officer can make the determination on vendor selection. The selected vendor may or may not be the party recommended by the ARMP or APOC. It may be also a vendor not previously contacted by the ARMP or APOC.
11	The assigned Contracting Officer or Contract Specialist proceeds with completing the procurement process resulting in issuance of a purchase order to the vendor.
12	Once the purchase order is prepared and signed by the Contracting Officer, Contract Specialist will contact ARMP or APOC and provide a copy of the contract award document. The Contracting Officer/Contract Specialist will send the award to the vendor and copy all parties.

--*

--168 Processing PLCE Contractual Items (Continued)*G Basic Workflow for Contractual PLCE's (Continued)**

Step	Action
13	<p>ARMP or APOC will.</p> <ul style="list-style-type: none"> • Notify PLCE Monitor of IAS-generated Contract Number (SF-1449, Block 4). • PLCE Monitor sends e-mail with ZMY number and Contract Number to the National Office contacts provided in 1-FLP, Part 7, subparagraph 161 C. National Office accesses FMMI DATA Act file and changes Placeholder PIID with valid Purchase Order Number. • Notify the TPOC that the award is made and ensure the completed FSA-2126 or FSA-2128, the posted ZMY, and any other applicable documents and forms are provided to the TPOC for their files and placement in the Agency contract file.
14	<p>ARMP/APOC notifies Contracting Officer and Contract Specialist of acceptance and final payment and provides all applicable documentation and related information such as: proof of services delivered and accepted by the government, vendor's request for payment, and actual payment confirmation.</p>

H Modifying Initial Contractual PLCE Requests

Invoices received for an amount greater than the agreed-upon purchase price are not acceptable. All vendors are required to contact the Agency about any necessary change to previously agreed-upon terms **before** completing the work or submitting an altered invoice. The State Contracting Officer or FBC Operations Branch Contracting Officer will work with the vendor and State PLCE Monitor if it becomes necessary to modify the previously agreed upon terms.

No payment, regardless of amount, is made to a vendor **before** the completion and acceptance of the work performed.--*

*--169 FMMI

A Background

FMMI is a commercial off-the-shelf web-based financial management system that provides online, real-time transactions, and on-demand query capabilities used Department-wide for all USDA financial and accounting functions. For PLCE, FMMI captures the following data:

- State allocations in 4 PLCE funding accounts
- ZMY transactions
- disbursements
- accounting adjustments related to ZMY or invoice modifications
- DATA Act reporting
- penalty interest
- manual disbursements
- post payment adjustments
- vendor records
- FSA client records.

The FMMI BOPR table stores and validates borrower and inventory property loan information to ensure that customer data entries are accurate and back-fed correctly to PLAS. See the FMMI User Guide, Section 8 for additional guidance.

B User Guide

The FMMI User Guide must be used in conjunction with this Part. It is located on the FSA FLP Intranet website under Software User Guides at <https://inside.fsa.usda.gov/program-areas/daflp/software-manuals/index>.

C Requesting FMMI Access

Access FMMI according to the following.

- Before submitting paperwork to the National Office, employee logs into the FMMI portal then logs out.
- Using secure e-mail procedures, submit the following documents to ann.smith@wdc.usda.gov:
 - completed and signed:
 - FSA-13-A
 - FM1, which is obtained from the contact list in subparagraph 161 C.

Once the required documents are received, the National Office will process a user access request through the FMMI portal. NFC Security completes the user access request and notifies the employee when full FMMI-PLCE access is granted.--*

--170 Modification or Cancellation of FMMI ZMY*A Modifying or Canceling an Obligation**

State Office shall see the **FMMI Document Chain Report** to confirm the status of the Purchase Order or Invoice requiring modification.

Note: If making a Vendor change, a new Purchase Order and ZMY transaction is required. The original ZMY must be modified in FMMI to reflect a \$0.00 line item amount.

To initiate a modification or cancellation of an obligation, the County Office will submit FSA-2126 to the PLCE Monitor for processing in FMMI. Contracting Officers should be informed of any modification or cancellations of contractual requests.

The process for modifications or cancellations of current FY obligations is as follows.

Document Status Action	Document Status Action
Obligation (ZMY) with No Disbursement.	Obligation Modification/Obligation Change.
Obligation (ZMY) with Partial Disbursement.	Obligation Modification/Obligation Change. If changing Amount, new line amount may not go below available balance.
Obligation (ZMY) with Full Disbursement of All Line Items.	Obligation Modification to reflect amount actually paid.
Invoice TY with No Treasury Activity.	Pre-Payment Modification/Invoice Change.
Invoice TY with Treasury- in-Transit (TI) or TC.	Post-Payment Modification.

Additional guidance is located in the FMMI User Guide.

--171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments*A Stopping Payments for Funds Not Issued**

If the scheduled pay date for the posted TY document is within **3 workdays** of the current date, a payment **cannot** be stopped. The scheduled date is found using the FMMI Document Chain Report and is calculated based on the payment terms and “Baseline Date.”

Example: The Document Chain Report shows a baseline date of 03-16-2012. The current date is 04-18-2012. Payment terms are PP30. The payment **cannot** be stopped because the current date is within 3 workdays of the baseline date and payment terms of “net 30 days.”

If the invoice TY document:

- has not been posted, process a purchase order modification to cancel the original ZMY transaction
- is posted, and the FMMI Document Chain Report does **not** reflect TI or TC entries for the TY:
 - process an invoice modification to cancel the original TY transaction
 - if the purchase order is no longer wanted, a purchase order modification to cancel the obligation will be necessary
 - is posted, and TI or TC entries **are** found in the FMMI Document Chain Report, contact the vendor for the return of funds.

B Inquiring on Mishandled or Lost Disbursement

When a vendor notifies the Agency that a payment was not received, the PLCE Monitor should:

- run the document Chain Report for the TY transaction
- fully expand the report to see every entry

Note: Look for a TC entry. The payment date must be **more than 10 business days** from the current date to be considered missing.

- verify that there is no TR or KZ for the TY
- determine if the funds were sent to the vendor’s correct “Remit To” address, if paid by paper check
- determine if the funds were sent to the vendor’s current bank account, if paid by EFT.--*

***--171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments
(Continued)**

B Inquiring on Mishandled or Lost Disbursement (Continued)

If there is a TR or KZ reflected on the Document Chain Report for either a paper check or EFT disbursement, a replacement check or subsequent EFT transaction **cannot** be processed until funds are restored to the original obligation. If the payment is no longer needed, the original ZMY **must** be cancelled. If payment is needed, mailing and EFT information will be verified before issuing another TY. NFC will cancel the invoice associated with a return.

If time is critical and funding levels permit, a new ZMY and TY may be generated while waiting for prior transactions to be reversed or cancelled.

To have the mishandled or lost disbursement researched, the PLCE Monitor will send an e-mail to the appropriate points of contact according to subparagraph 161 C. The e-mail must contain:

- ZMY and TY document numbers
- name of vendor and FMFI vendor ID number
- payment date
- check number information, if available
- dollar amount invoiced.

Note: PLCE payments are subject to the U.S. Treasury Offset Program. If a vendor payment is reported as being offset, vendors will be informed to contact the Treasury Offset Program Call Center at 1-800-304-3107. This is no longer an FSA matter.

C Canceling EFT Payments

When canceling an EFT payment, the vendor must contact their banking institution and arrange for the bank to return the electronic funds to the U.S. Treasury. From Treasury, the funds are electronically returned to NFC. NFC will cancel the invoice and notify AFCB of the cancellation. AFCB will then e-mail the State Office to cancel the obligation in FMFI. Both the invoice and obligation cancellations will be back-fed through ADPS to the borrower's account.

If the cancellation is for same FY funds, the returned money is returned to the State's allocation once the ZMY transaction is modified in FMFI to reflect \$0.00 for the line item.--*

***--171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments
(Continued)**

D Canceling U.S. Treasury Check

When cancelling a U.S. Treasury check issued for a PLCE vendor payment that was **not** issued for an emergency check:

- the County Office or PLCE Monitor will mail the check directly back to Treasury using the following address:

Department of the Treasury
Philadelphia Regional Finance Center
P.O. Box 51320
Philadelphia, PA 19154

- a completed and signed FSA-2072 and **fully expanded** Document Chain Report for the transaction being cancelled is FAXed to the State's Finance Office account technician according to paragraph 5.

From Treasury, the funds are returned to NFC. NFC will cancel the invoice and notify AFCB of the cancellation. AFCB will then e-mail the State Office to cancel the obligation in FMFI. Both the invoice and obligation cancellations will be back-fed through ADPS to the borrower's account.

If the U.S. Treasury check needing to be cancelled **was** issued for an **emergency check**, the check and FSA-2072 will be mailed to:

USDA/Rural Development
Cash Management Collections Branch
4300 Goodfellow Boulevard, FC 1411
St. Louis, MO 63120

The Cash Management Collections Branch (CMCB) will provide the cancellation information to AFCB. AFCB will manually input the cancellation in to FMFI and will notify the State Office of the cancellation. Upon notification of the cancellation, the State PLCE Monitor will ensure the obligation is cancelled in FMFI.--*

***--171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments
(Continued)**

E Canceling Non-U.S. Treasury Check

Do not send personal checks or third party checks back to Treasury.

Along with a completed and signed FSA-2072 for the transaction being cancelled, the third-party or personal check for full or partial refund will be sent to:

USDA/Rural Development
Cash Management Collections Branch
4300 Goodfellow Boulevard, FC-1411
St. Louis, MO 63120

The Cash Management Collections Branch will then provide the information to AFCB to manually input the cancellation into FMFI. AFCB will notify the State Office of the cancellation so the State Office can cancel the obligation in FMFI.

F Requesting an Emergency Check

Using the ACCP payment term on the TY document works as quickly as an emergency check request and is the preferred method of processing emergency check requests.

Emergency checks will **not** be requested for items covered by DLS workflows, such as UCC renewals. Field Offices should request assistance through the normal PLCE process at least **21 days in advance** of the UCC deadline to ensure time payment is received. Using the ACCP payment term on the invoice should be used in these instances; See the FMFI User Guide for guidance on processing an invoice under ACCP terms.

Emergency check requests should be a rarity and used **only** in emergency situations, such as:

- an unexpected foreclosure sale, U.S. Marshal's sale or similar
- delinquent real estate taxes
- FMFI system issue or other problem affecting the ability to process a timely TY document.--*

***--171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments
(Continued)**

F Requesting an Emergency Check (Continued)

To order an emergency check, the State Office will do **all** of the following:

- post the ZMY document before requesting the emergency check from NFAOC
- FAX the completed FSA 2126, completed FSA 2172, and the Document Chain Report to the Direct Loan Division at ECM FAX number (314) 457-4539
- send an e-mail to **all** 3 of the following notifying them of the emergency check request
- and requesting they send copies of FSA-2126, the FSA-2172 documents, and Document Chain Report to AFCEB at **RD.NFAOC.AFCEB-PLCE@STL.USDA.GOV** for the manual input of the check request into FMFI:
 - Shantaye Gladney - **shantaye.gladney@stl.usda.gov**
 - Joseph Council - **joseph.council@stl.usda.gov**
 - Sharon Maull - **sharon.maull@stl.usda.gov**.

The State FMFI PLCE TY Processor will **not** enter the TY transaction into FMFI.

G Missing Vendor 1099

Vendors inquiring about a 1099 tax form are to be directed to the 1099 Help Desk. The 1099 Help Desk may be reached by either of the following:

- e-mail to **1099helpdesk@usda.gov**
- telephone at 1-800-421-0323.

172-200 (Reserved)

Part 8 Supervised Credit**Section 1 Introduction****201 Overview****A Applicability**

[7 CFR 761.101] This subpart applies to all direct FLP applicants and borrowers, except borrowers with only Non-program loans.

FSA's direct loan programs assist family farmers with temporary financial supervisory assistance to improve their potential to graduate to securing credit from commercial lenders. To ensure that this program objective is met, FLP direct loan programs:

- have in place:
 - term limits (3-FLP)
 - graduation requirements (4-FLP)
 - market placement to assist eligible borrowers to obtain guaranteed loans (2-FLP)

Note: CL's are **not** subject to term limits or graduation.

- require:
 - borrower training to ensure that guaranteed loans or commercial credit can be *--obtained in the future (3-FLP, Part 18)--*
 - FSA and the loan applicant or borrower to complete farm assessments and assessment updates as needed (Section 2)
 - the loan applicant or borrower to prepare a farm operating plan, with FSA assistance as needed (Section 3)
 - FSA to classify accounts (Section 4)
 - FSA, with borrower input, to complete a year-end analysis as required (Section 5).

201 Overview (Continued)**B FSA's Role**

FSA's role is to help its direct loan applicants and borrowers in the supervised credit process:

- identify short-, intermediate-, and long-term goals consistent with financial success
- pinpoint and prioritize problem areas
- develop strategies and an operating plan to:
 - meet operational goals
 - graduate to commercial credit
- provide objective credit counseling
- evaluate progress and adjust the action plan as needed.

C Applicant/Borrower's Role

The applicant or borrower has the ultimate responsibility for success of the farming operation. FSA serves in an advisory role, providing temporary assistance. Therefore, it is especially important for the applicant or borrower to prepare to graduate to guaranteed or commercial credit by:

- identifying the goals for the operation
- pinpointing and prioritizing problem areas
- developing strategies and a farm operating plan to meet the operation's goals
- evaluating progress and adjusting operating plan as needed
- complying with the borrower responsibilities according to paragraph 202.

202 Borrower Responsibilities**A Recordkeeping and Reporting**

[7 CFR 761.102(a)] A borrower must maintain accurate records sufficient to make informed management decisions and to allow the Agency to render loan making and servicing decisions in accordance with Agency regulations. These records must include the following:

- (1) Production (e.g., total and per unit for livestock and crops);**
- (2) Revenues, by source;**
- (3) Other sources of funds, including borrowed funds;**
- (4) Operating expenses;**
- (5) Interest;**
- (6) Family living expenses;**
- (7) Profit and loss;**
- (8) Tax-related information;**
- (9) Capital expenses;**
- (10) Outstanding debt; and**
- (11) Debt repayment.**

FSA will not dictate or promote using any particular recordkeeping system, so long as the borrower uses 1 that provides the required information.

***--Note:** The authorized agency official will document in FBP whether the applicant has--* selected, established, and maintains the recordkeeping system.

Using OL funds is authorized to purchase a computer and/or recordkeeping software and to attend recordkeeping courses.

202 Borrower Responsibilities (Continued)

B Other Borrower Responsibilities

[7 CFR 761.102(b)] A borrower also must agree in writing to:

- (1) Cooperate with the Agency and comply with all supervisory agreements, farm assessments, farm operating plans, year-end analyses, and all other loan-related requirements and documents;**
- (2) Submit financial information and an updated farm operating plan when requested by the Agency;**
- (3) Immediately notify the Agency of any proposed or actual significant change in the farming operation, any significant changes in family income, expenses, or the development of problem situations, or any losses or proposed significant changes in security.**

Note: FSA-2313 addresses loan approval conditions and borrower responsibilities.

C Borrower Failure to Comply

[7 CFR 761.102(c)] If the borrower fails to comply with these requirements, unless due to reasons outside of the borrower's control, the non-compliance may adversely impact future requests for assistance.

203-220 (Reserved)

Section 2 Farm Assessment

221 Overview

A Objective

[7 CFR 761.103(a)] The Agency, in collaboration with the applicant, will assess the farming operation to:

- (1) Determine the applicant's financial condition, organizational structure, and management strengths and weaknesses;**
- (2) Identify and prioritize training and supervisory needs; and**
- (3) Develop a plan of supervision to assist the borrower in achieving financial viability and transitioning to private commercial credit or other sources of credit in the shortest time practicable, except for CL.**

An assessment:

- is an evaluation of the applicant's operation, developed jointly with the applicant
- is completed after an applicant, not currently indebted to FSA, has been determined eligible for a direct loan
- identifies weaknesses in the operation, prioritizes them from most to least critical, and determines their impact on the operation's needs and goals
- helps to identify operational goals, positive and negative trends in the applicant's management, earnings and capital positions, productivity, and physical assets
- builds a strategy in the areas of planning, counseling, loan controls, analysis, monitoring, borrower training, and other supervisory needs
- *--identifies the strategy to ensure that a borrower graduates to commercial credit before term limits are met, as well as provides for farm transition and estate planning.--*

The assessment process enables FSA to determine the kind and amount of financial and supervisory assistance needed by the applicant. In conducting assessments, authorized agency officials need to draw upon their knowledge, expertise, and judgment to arrive at conclusions on local economic conditions, production constraints and capabilities, the farm's historical performance, productive capabilities, adequacy of equipment and facilities, business goals, and project performance. Listening to the applicant's perceptions of the operation is critical to the assessment process.

221 Overview (Continued)

A Objective (Continued)

All available resources shall be used when developing the plan to assist the borrower to address any operational weaknesses and achieve the borrower's goals, including:

- local farm management consultants
- the Extension Service
- educational institutions
- producer associations
- successful local farmers
- fellow FSA employees.

222 Elements of an Initial Assessment

A Type of Farming Operation

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(2) Type of farming operation.

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

(1) Type of farming operation and adequacy of resources;

--For ML's made for FO purposes, the adequacy of resources must include an evaluation establishing the value of the real estate.--

222 Elements of an Initial Assessment (Continued)

A Type of Farming Operation (Continued)**(4) The financial viability of the entire operation, including a marketing plan, and available production history, as applicable;**

The initial assessment must identify or describe the type of farming operation, including:

- the business focus of the operation, including major types of crops, livestock, or other output produced by the farm
- minor commodities being produced, such as fat steers from a dairy operation
- size of the operation, such as number of milking herd and herd average, number of acres being farmed, and projected yields
- market conditions, environmental concerns, and other external factors
- production contracts, capital leases, or other special contractual arrangements that affect the farming operation
- the effects of special circumstances, if any, related to the applicant's family and organization.

Production Levels. Evaluation of production levels, such as bushels per acre, percent calf crop, pounds of milk per animal, and pounds of grain, shall include a determination of:

- whether there is sufficient capacity to generate projected income
- if present levels of production will attain the goals set by the applicant.

If production is below area standards, the authorized agency official must discuss with the applicant why this is so and develop plans to improve production. Possible strategies for improvement may include feed analysis, soil testing, or investment in different equipment. If applicable, credit needs for additional investments should be discussed.

Reporting of yields may not be practical or applicable for some operations. For example, an operation producing vegetables on a plot of land, whose production is measured in rows, partial rows, or raised beds in greenhouses, would be better measured by the income for that production space. Also, a producer of eggplants and tomatoes who switches to bell peppers and salad greens for the current production cycle will not have available yields for this cycle and the yields for eggplant and tomato production will not be applicable to the projections for the current cycle. Additional guidance on developing projections for these types of operations is provided in subparagraph 242 A where the use of historical information is discussed.

222 Elements of an Initial Assessment (Continued)**A Type of Farming Operation (Continued)**

Applicability and Appropriateness of Practices. The initial assessment must:

- evaluate existing farm practices, such as herd health and cropping practices, breeding and milking programs, and soil and feed testing
- determine applicability and appropriateness of practices based on what is typical for the area, cost effectiveness of the practice, type of operation, and demonstrated effectiveness.

If the authorized agency official does not know enough about a particular enterprise to make this evaluation, the authorized agency official must consult other resources, such as the Extension Service.

222 Elements of an Initial Assessment (Continued)**A Type of Farming Operation (Continued)**

Timeliness of Operations. The initial assessment must evaluate the timeliness of the farm's operations. For example, the authorized agency official shall determine if each of the following operations, as applicable, is conducted in a timely manner and how this affects the performance of the operation:

- planting
- fertilizer and herbicide application
- harvesting
- calving
- marketing (weight and/or condition)
- breeding
- vaccination.

Appropriateness of Marketing Plan. The authorized agency official must assist the borrower in developing and evaluating a marketing plan. This plan must describe marketing practices and strategies, especially for any unique commodities the operation produces. The plan shall address whether marketing is accomplished so as to lock in a profit when possible or whether it is done speculatively as the accruing interest on operating loans may surpass a price increase obtained by holding back on the sale of commodities.

222 Elements of an Initial Assessment (Continued)

B Goals for the Farming Operation

***--[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:**

(3) Goals for the farming operation.

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

(3) The goals of the operation;--*

Setting goals is essential for the success of any farming operation. The applicant's goals provide the direction for the applicant's business. FSA uses the applicant's goals to help identify the need for financial and supervisory assistance. The authorized agency official must learn the personal and business aspirations of the farm family and work with the applicant to prioritize goals from most to least important. In many situations, the authorized agency official must have in-depth discussions with the applicant to identify these business aspirations.

The authorized agency official shall work with the applicant to incorporate short-, intermediate-, and long-term goals into the comprehensive farm business planning process. For example, the farm operating plan, supervisory plan, and training plan must facilitate achieving these goals. A farm operation might set goals for reducing expenses or for increasing yields and production level. Corrective measures and goals should be divided into stages for implementation over several years, when appropriate.

If the farm operation is an entity, the authorized agency official must meet with all the principals to ensure that the organization's goals are compatible with those of each principal.

The authorized agency official must also:

- identify and evaluate any changes the applicant intends to make, such as expansion of farmland, new buildings, and new management techniques
- identify increased credit needs, increased management skills, growth opportunities, and operating efficiency required to accomplish the planned changes
- determine how planned changes relate to the applicant's business goals.

222 Elements of an Initial Assessment (Continued)

C Adequacy of Real Estate, Including Facilities, to Conduct the Operation

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(4) Adequacy of real estate, including facilities, to conduct the operation.

In evaluating the adequacy and appropriateness of real estate used in the applicant's operations, the authorized agency official must consider the following:

- location and size, including efficiency of location to markets and farm supply dealers
- improvements and repairs needed for improved efficiency
- presence of wetlands, hazardous waste, and underground storage tanks, the adverse effects of their presence, and possible solutions

If a wetland determination has not been previously completed for the project area and is not available from NRCS, the authorized loan official will follow the flow chart in *-1-EQ and complete FSA-858 to document their findings. When wetland indicators are found to be present notify the applicant as provided in 1-EQ.--*

Note: The wetland project area to be evaluated is limited to the specific geographical area(s) within which an FLP funded activity actually takes place and/or those where an environmental resource is influenced as a result of the project. That is, causes changes in use or character. It does not include all farm or related tracts that may be owned or operated by the applicant.

* * *

- conservation practices and measures and implementation of conservation plans for program compliance

222 Elements of an Initial Assessment (Continued)

C Adequacy of Real Estate, Including Facilities, to Conduct the Operation (Continued)

- probability of continued use
- external factors, such as urban encroachment and new zoning ordinances
- ownership and leasing agreements, especially leasing arrangements relating to both land and chattel.

Note: For ML, see subparagraph A for adequacy of resources.

D Adequacy of Chattel Property Used to Conduct the Operation

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(5) Adequacy of chattel property used to conduct the operation.

The initial assessment must evaluate the adequacy of the chattel property, such as equipment and livestock used in the operation, relative to the applicant's goals and the planned level of production. As appropriate, the initial assessment should include comments on ownership, condition, probability for continued use, and any external factors, such as:

- operation life of chattel property relative to loan period
- necessary repairs
- improvements in operating efficiency with use of hired, leased, or owned equipment
- numbers, condition, breed suitability, and age of livestock.

Note: For ML, see subparagraph A for adequacy of resources.

E Farm Organization and Key Personnel Qualifications

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(1) Farm organization and key personnel qualifications.

To provide adequate supervision and training recommendations, the authorized agency official must know who is performing key tasks within the farming operation. The initial assessment must identify the key individuals involved in operating the farm, including any seasonal labor. It also must:

- discuss the specific duties of each person, noting who is responsible for management, labor, resource allocation, and decision making
- evaluate the use of managerial resources and determine whether management choices are contributing to or hampering success in the operation
- determine if the time and effort spent on an enterprise or particular commodity is commensurate with the gains realized.

222 Elements of an Initial Assessment (Continued)

F Supervisory Plan

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

--(8) Supervisory plan, except for streamlined CL.--

The authorized agency official must tailor the supervisory plan to the applicant's individual needs and risks associated with the operation. An applicant's involvement and understanding of FSA's supervisory responsibilities in providing supervised credit are essential to successful supervision. The authorized agency official must work with the applicant to develop practical plans and realistic timetables for realizing improvements in critical areas. The supervisory plan shall:

- identify and recommend areas of training which will help the applicant address operational weaknesses, according to 3-FLP, paragraph 472
- schedule the farm visit and record review and track through DLS by using the Farm Visit scheduling, tracking, and monitoring workflow activities
- ensure that the operational analysis will be done in FBP.

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

(5) Supervisory plan; and

G Historical Performance

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(6) Historical performance, except for Streamlined CL;

The authorized agency official must consider and analyze significant aspects of the operation's historical production and financial performance, trends, and current condition.

Production Data. The initial assessment must include and evaluate at least the last 3 years of production data for the farm, where possible. The applicant has the discretion to provide up to the last 5 years of production records. The evaluation must consider current production levels (e.g., bushels per acre, percent calf crop, pounds of milk per animal, and pounds of grain). It also must consider whether the farm has a capacity sufficient to generate projected production and to attain the applicant's goals. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of production data for the existing operation.

222 Elements of an Initial Assessment (Continued)

G Historical Performance (Continued)

Financial Data. The initial assessment must include and evaluate at least the last 3 years of financial data for the farm or applicant. The applicant has the discretion to provide up to the last 5 years of financial records. Financial data can be gathered from tax returns, applicant records, or FSA records. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of financial data for the existing operation, if available, along with the applicant's own living expenses.

Trend analysis must use comparable data for each year. For example, a trends analysis using balance sheets can be done properly only when the balance sheets from different years are "as of" approximately the same dates. Even though the balance sheets may not be submitted on, for example, December 31, 2XXX, the balance sheet may still be prepared "as of" that date.

The initial assessment must evaluate the current management and use of financial resources (income and credit), and how they contribute to or detract from the operation. The assessment shall determine how well financial resources are used in meeting goals and whether the applicant stays within the budget, considering the following:

- appropriateness of income sources
- adequacy of dedicated resources
- appropriateness of credit use
- productivity levels as related to profitability
- effectiveness of income use
- existence of other income opportunities.

Numerous indicators based on actual performance must be considered red flags when analyzing an operation. For example:

- increasing expense-to-income ratio for several years and a large debt load without considerable nonfarm income, especially if the applicant has not suffered from natural disasters
- increasing current liabilities from year to year without corresponding increases in current assets, especially if the applicant has not suffered from natural disasters
- increasing trend in debt-to-asset ratio, while considering fluctuations in land values, the economy, and price levels
- declining working capital position
- declining repayment margins.

222 Elements of an Initial Assessment (Continued)

G Historical Performance (Continued)

The following illustrates how some financial indicators can alert the authorized agency official to potential problems or immediate concerns about the farming operation. For instance, an expense-to-income ratio that stays at 70 percent or higher for several years could indicate a potential problem. The same ratio at 80 percent or more coupled with minimal off-farm income is a cause for immediate concern.

Financial Indicator	Potential Problem	Immediate Concern
Expense-to-income ratio (without interest)	70 percent or more for several years	More than 80 percent with minimal off-farm income
Increased accounts payable	Sudden increase in accounts payable	Accounts payable extended over 2 months without cash-generating assets/ receivable accounts
Liquidity	Ratio less than 1.5 to 1	Ratio less than 1 to 1
Solvency	Ratio of 60 percent or more	Ratio of 75 percent or more
Family living expenses	Unsubstantiated estimates below \$20,000 for an average family	Unsubstantiated estimates below \$10,000 for an average family

H Farm Operating Plan

***--[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a--* minimum, the:**

(7) Farm operating plan.

The initial assessment must include a balance sheet and provide a projected farm budget (1-year pro forma). The automated FBP system is the primary tool used in budget planning, but other systems acceptable to FSA may also be used.

A breakdown of per-acre expenses by commodity item is ideal when developing a plan of action regarding operating expenses. Examining per-unit costs assists in identifying whether expenses are being applied properly toward those income-generating areas. A per-unit cost breakdown also is useful with livestock production.

***--[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:**

(2) Amount of assistance necessary to cover expenses to carry out the proposed farm operating plan, including building an adequate equity base;--*

222 Elements of an Initial Assessment (Continued)

I Training Plan

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

--(9) Training plan.--

The authorized agency official must describe FSA's initial recommendations for borrower training. The recommendations must assist the applicant in addressing operational weaknesses. See 3-FLP, Part 18 for borrower training requirements.

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

(6) Training plan.

* * *

222 Elements of an Initial Assessment (Continued)

J Graduation Plan

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(10) Graduation plan, except for CL.

FLP's, except for CL, are designed to allow borrowers to transition to private commercial credit or other sources of credit in the shortest period of time practicable through the use of supervised credit, including the farm assessment and:

- borrower training, 3-FLP, Part 18
- market placement, 2-FLP, paragraph 72
- borrower graduation, 4-FLP, Part 4.

The authorized agency official must document the borrower's status about graduation and the consideration given each item in this subparagraph. The borrower's progress toward graduation should be noted with any recommendations for further action to achieve graduation.

***--K Farm Transition and Estate Planning**

Farm transition and estate planning involves many personal, and often complex, decisions and should be developed in conjunction with a will and the assistance of attorneys and accountants, as needed, who have knowledge and expertise in agricultural operations.

The authorized agency official will counsel applicants on the importance of establishing a farm transition and estate plan. Applicants should consider the vision, values, and expectations for the future of their farming operation. Identifying successors who will operate the farm, non-farm heirs, and others involved parties, location of important documents, distribution of assets, and resolution of liabilities are important considerations. In addition, a plan to transfer management, ownership, income and labor as part of retirement should be addressed.

The initial assessment may address the actions an applicant will take to develop the farm transition and estate plan. The assessment update documents that plans have been developed and are updated, as needed.

Note: The assessment will not address the actual contents nor include the actual documents of the farm transition and estate plans.--*

222 Elements of an Initial Assessment (Continued)**L Term Limits**

Term limits are part of the assessment and are recorded in FBP. The authorized agency official will complete the Term Limits Screen within the Farm Assessment Narrative each time the assessment is completed or updated.

--A more detailed reference with examples for term limits can be found in 3-FLP, subparagraphs 132 E and 202 D.--

Notes: Term limits for current borrowers are provided in the Customer Profile.

By signing the assessment report, applicants and borrowers indicate receipt and acknowledgement of the term limits.

223 Annual Review and Assessment Update

A Objective of Annual Review

[7 CFR 761.103(e)] The Agency reviews the assessment to determine a borrower's progress at least annually. The review will be in the form of an office visit, field visit, letter, phone conversation, or year-end analysis, as determined by the Agency. For Streamlined CLs, the borrower must provide a current balance sheet and income tax records. Any negative trends noted between the previous years' and the current years' information must be evaluated and addressed in the assessment of the Streamlined CL borrower.

[7 CFR 761.103(f)] If a CL borrower becomes financially distressed, delinquent, or receives any servicing options available under part 766 of this chapter (5-FLP), all elements of the assessment in paragraph (b) of this section (paragraph 222) must be addressed.

In times of LR's the authorized agency official may prioritize the completion of the assessment according to current agency directives.

The annual review:

- monitors the borrower's progress towards the operation's goals
- evaluates supervisory assistance provided to assist borrower graduation to commercial credit.

B Scope of Annual Review

The annual review must address any significant changes to the borrower's farming operation, expenses, or financial condition that have occurred since the most recent assessment update or annual review. The authorized agency official shall pay particular attention to the following:

- changes in operations or goals
- status of progress toward goals
- need for changes in plan of supervision
- need for additional borrower training
- *--term limits
- real estate evaluation, if a new FO ML is requested
- remind borrower to review farm transition and estate planning documents.

Note: The assessment update will not address the actual contents nor include the actual documents of the farm transition and estate planning.--*

223 Annual Review and Assessment Update (Continued)**C Assessment Updates**

[7 CFR 761.103(d)] An assessment update must be prepared for each subsequent loan. The update must include a farm operating plan and any other items discussed in paragraph (b) of this section (subparagraphs 222 B through F and I through J) that have significantly changed since the initial assessment.

This assessment update serves as a gauge for measuring the borrower's progress and the effectiveness of FSA assistance.

D Documentation

If significant changes have occurred, the authorized agency official must document the nature of each change and the reason for the change.

The documentation must address only new or changed information. Documentation in FBP must be adequate to record the type of supervision given, the findings of the review, and any items requiring follow-up.

224-240 (Reserved)

Section 3 Farm Operating Plan

241 Overview

A Objective

The primary objective of the farm planning process is to develop a plan that most accurately reflects the expected cash flow and business activities for the operating cycle. The farm operating plan documents the operation's:

- financial position
- cash flow
- repayment ability.

The applicant or borrower must use a FBP system. FSA primarily uses FBP to evaluate loan feasibility and the likelihood of achieving financial viability. An applicant or borrower may use an alternative format for the farm operating plan, if approved by FSA. An original signed copy of the farm operating plan must be retained in the case file.

B Farm Operating Plan Format

FSA uses FBP to perform financial planning, analysis, loan origination and servicing functions, and manage the FLP portfolio. See Exhibit 15 for instructions on using FBP.

Borrowers may use other automated or manual FBP's if they are approved by FSA. The authorized agency official may approve using other systems and formats for the farm operating plan, if formats contain the same information as required by FBP and the following statement is signed by the applicant or borrower:

“I agree to follow this plan and to discuss with the authorized agency official, any important changes that may become necessary. This is a projected plan and does not release the security interest of the Government in any security referred to in this plan. I recognize that making any false statement on this plan or any other loan document may constitute a violation of Federal criminal law.”

C Timing of Farm Operating Plan

The period of time covered by a farm operating plan should reflect the norm for the type of commodity or agricultural enterprise being farmed in a particular area, considering climate conditions and other factors vital to the successful production of the commodity or agricultural enterprise. If there are any changes to the operation during the cycle of the plan, the changes will be noted on the plan. The revised operating plan will be signed and dated *--by the borrower and the authorized agency official, and will be documented in FBP. In--* most cases, the period covered by the plan should not exceed 18 months unless special circumstances dictate a longer planning period.

--242 Developing Farm Operating Plans*A General**

[7 CFR 761.104(a)] An applicant or borrower must submit a farm operating plan to the Agency, upon request, for loan making or servicing purposes.

A farm operating plan used for loanmaking or loan servicing decisions will be based on:

- a typical year's plan for existing farm operations or enterprises without changes
- accurate, verifiable, reliable, and realistic information for new enterprises.

[7 CFR 761.104(b)] An applicant or borrower may request Agency assistance in developing the farm operating plan.

Applicants will be encouraged to obtain technical assistance. Sources of technical assistance include Extension Service, Land Grant Universities, State Programs, USDA 2501 grant recipient organizations and institutions, and private consultants.

[7 CFR 761.104(c)] The farm operating plan will be based on accurate and verifiable information.

Poultry or hog production contracts are the basis of grower income and facility value. The dependability of production contracts has a profound impact on the prospect for loan repayment. "Flock-to-flock" or "turn-by-turn" type arrangements alone may not be a dependable source of income or a reasonable projection of income for poultry or hog applicants who do **not** have current financial performance history with FSA.

Note: For contract income to be considered dependable, the contract must:

- be for a minimum period of 3 years
- provide for termination based on objective "for cause" criteria only
- require that the grower be notified of specific reasons for cancellation
- provide assurance of the grower's opportunity to generate income to ensure loan repayment, by incorporating requirements, such as a minimum number of flocks or turns per year, minimum number of bird or hog placements per year, or similar quantifiable requirements.--*

242 Developing Farm Operating Plans (Continued)

A General (Continued)

Applicants requesting loans to expand their poultry or hog operation by adding more houses/barns or purchasing additional land to increase the size of the poultry or hog operation, and who **are** presently indebted to FSA, will be required to have a contract with a minimum 3-year term. The contract must at least cover the facilities financed with the FSA loan. When contract income **cannot** be determined to be dependable and likely to continue, that is **cannot** be used to reasonably project future income, the authorized agency official shall:

- inform the grower of the contract provisions that result in the determination
- provide an opportunity for the submission of a revised contract before a final decision on the request.

Note: Whenever possible, loan requests should be approved subject to modification of unacceptable contract provisions.

[7 CFR 761.104(c)(1)] Historical information will be used as a guide.

The authorized agency official will review the farm operating plan to ensure that it is reasonable, relative to historical performance and local practices and conditions.

--To report past yields, documentation, such as operator's sales receipts, financial statements, contracts, and tax returns, may be used by applicants whose operations' past yields do not provide pertinent information for the projected plan. Such operations include vegetable operations in which different crops are grown to meet changing market demands, operations that produce crops using measures such as rows or partial row instead of acres, or operations that grow crops that sell in volumes, such as bunches. For such operations, past reliable history of income and expenses or cash receipts may be used to project the field, greenhouse, or operations' production revenue.--

[7 CFR 761.104(c)(2)] Positive and negative trends, mutually agreed upon changes and improvements, and current input prices will be taken into consideration when arriving at reasonable projections.

The impact of industry trends must be assessed when developing farm operating plans used in loan requests from poultry and/or hog growers, and can be based on standard production budgets developed by contractors, consultants, or extension specialists. While these budgets are accepted starting points, the authorized agency official must ensure that the farm operating plan reflects realistic performance assumptions for each individual situation, including but not limited to the following:

- increased input costs
- changes in unit numbers and weights
- increased idle time between flocks of poultry or turns of hogs
- other relevant factors that affect net income.

242 Developing Farm Operating Plans (Continued)

A General (Continued)

The impact of age, condition, and potential obsolescence of the facilities must be assessed for loans to purchase or refinance existing facilities. The farm operating plan must factor in any reduced efficiency as well as the potential costs for required modernization of existing facilities to comply with the contract's requirements.

[7 CFR 761.104(c)(3)] Projected yields will be calculated according to the following priorities:

- (i) The applicant or borrower's own production records for the previous 3 years;**
- (ii) The per-acre actual production history of the crops produced by the farming operation used to determine Federal crop insurance payments, if available;**

Notes: This does not mean that averages will be the projection used in every plan. Positive and negative trends will be considered when projecting production levels. The primary focus should always be on developing a realistic projection. If production has been increasing each year for the past 3 years, using the most recent year's production level or a higher level consistent with the trend will, in most cases, be the most realistic projection.

Conversely, if the trend is negative, the average may overstate production, and the most recent year's level is probably the most realistic projection. However, a higher production level may be projected if the negative trend is the result of disaster conditions, or if actions have been taken that will definitively reverse the trend.

Additionally, 3 years is the minimum years of records to be considered, if available. The applicant, at their discretion, can provide more than 3 years of records if these additional records provide a more realistic yield projection. The basis for the yield used should be adequately documented in FBP * * *.

When the production of a growing commodity can be estimated, that estimate must be considered in production projections.

- (iii) FSA Farm Program actual yield records;**
- (iv) County averages;**
- (v) State averages.**

242 Developing Farm Operating Plans (Continued)

A General (Continued)

[7 CFR 761.104(c)(4)] If the applicant or borrower's production history has been substantially affected by a disaster declared by the President or designated by the Secretary of Agriculture, or the applicant or borrower has had a qualifying loss from such disaster but the farming operation was not located in a declared or designated disaster area, the applicant or borrower may:

(i) Use county average yields, or state average yields if county average yields are not available, in place of the disaster year yields; or

(ii) Exclude the production year with the lowest actual or county average yield if their yields are affected by disasters during at least 2 of the 3 years.

Note: SED will issue a State supplement containing the 3-year history of disaster declarations for all counties in their State, along with the type of disaster and the incident period.

7 CFR 761.104(d)] Unit prices for agricultural commodities established by the Agency will generally be used. Applicants and borrowers that provide evidence that they will receive a premium price for a commodity may use a price above the price established by the Agency.

--FSA-established prices will be used in all farm operating plans developed, unless the-- applicant provides evidence that they will receive a premium price or a price other than that established by the State. Evidence of this may include, but is not limited to, contracts or other written agreements that guarantee the price for the commodity being produced. If the applicant has historically received a premium price because of above average quality or grade of the product produced, the premium will be taken into account when determining the expected price to be received for that product.

SED will issue a supplement listing the unit prices for all commodities commercially
--produced in their State, including resources for pricing and marketing strategies for commodities that have not traditionally been commercially produced or marketed in the past. Examples may include organic production, locally or regionally produced agricultural food products, direct marketing to restaurants and grocery stores, CSA, and farmers markets.--

242 Developing Farm Operating Plans (Continued)

A General (Continued)

Pricing data for alternative production and marketing methods may be available from the following:

- NASS, through its 2008 organic production survey at http://www.agcensus.usda.gov/Publications/2007/Online_Highlights/Organics/index.php
- AMS:
 - grain and foodstuffs at <http://www.ams.usda.gov/mnreports/lbfnof.pdf>
 - fruit and vegetables at <http://www.marketnews.usda.gov/portal/fv>
 - *--wholesale terminal markets at <http://usdareports.com>
- RMA provides price for organically grown commodities--*
- National Agricultural Library has resources available on sustainable and organic agriculture at <http://afsic.nal.usda.gov/organic-production>
- nonprofit organizations such as Rodale Institute's New Farm Organic Price Report
- local sources such as the State Department of Agriculture, farmers market organizations, State organic farmers and gardeners associations, roadside stand organizations, local retail outlets, and State universities.

***--Note:** See Exhibit 28 for a guide to determining projected prices.--*

[7 CFR 761.104(e)] For MLs, when projected yields and unit prices cannot be determined as set forth in paragraphs (c) and (d) of this section because the data is not available or practicable, documentation from other reliable sources may be used.

[7 CFR 761.104(f)] Except as provided in paragraph (g) of this section, the applicant or borrower must sign the final farm operating plan prior to approval of any loan or servicing action.

[7 CFR 761.104(g)] If the Agency believes the applicant or borrower's farm operating plan is inaccurate, or the information upon which it is based cannot be verified, the Agency will discuss and try to resolve the concerns with the applicant or borrower. If an agreement cannot be reached, the Agency will make loan approval and servicing determinations based on the Agency's revised farm operating plan.

242 Developing Farm Operating Plans (Continued)**A General (Continued)**

If a loan making/servicing decision is based on a revised farm operating plan the applicant ~~*-~~ does not agree with, the authorized agency official will enter the plan on which the applicant does not agree in FBP along with the plan submitted by the applicant. The authorized agency official will document in FBP the differences in the plans and the fact that the loan ~~--*~~ making/servicing decision was based on a revised farm operating plan on which the applicant does not agree.

In FBP, the plans should be named such that it is clear which plan is the applicant's plan and which plan is developed by FSA.

B Consideration of New Enterprises

For new enterprises that are **not** a part of the applicant's history, the authorized agency official may use reliable sources, such as enterprise budgets from Extension Service and Land Grant Universities, as acceptable documentation to support the farm operating plan. Farm operating plans developed for new enterprises must use acceptable State or county average production levels. In addition, the local conditions (soil productivity, climate, etc.) that will affect the enterprise and current realistic income and expense information will be considered when State or county averages are used.

Note: Program loan cost contracting funds are available and may be used to procure technical assistance for applicants planning new enterprises if public sector institutions (Extension Service, State Government, Land Grant Universities, etc.) cannot provide the assistance necessary.

--242 Developing Farm Operating Plans (Continued)*C Consideration of Farm Program Payments**

The authorized agency official shall:

- determine whether the applicant has applied for and may be eligible to receive any type of program payment assistance
- contact CED to determine the type and amount of program payment assistance the applicant has received or can expect to receive during the period covered by the farm operating plan
- include typical program payments and subsidies that are included in the President's annual appropriations budget in the cash flow projection of the farm operating plan
- not include any:
 - disaster related payments in the cash flow projections of long range and/or typical year farm operating plans, as disasters and any related type of payment assistance are ad-hoc and are not considered typical for a farming operation
 - 1-time payment assistance appropriated as a result of special legislation by Congress and the President in the cash flow projections of long range and/or typical year farm operating plans, as 1-time payment assistance is not considered typical for a farming operation.--*

***--243 Revising Farm Operating Plans**

A Revising Plans

The authorized agency official and the applicant or borrower must revise the farm operating plan when changes occur in the farming operation or in the planned or actual use of loan funds. Any revisions made to the plan must be circled, dated, and initialed by the borrower and the authorized agency official. If major revisions cannot be accommodated in the original farm operating plan, a new plan must be completed and attached to the original. This new plan must be labeled, "Revision I, II, III," etc. to reflect the latest revision under consideration.

B FSA Responsibility for Revisions

The authorized agency official will meet with the applicant or borrower to discuss, date, and sign the revised farm operating plan. The revised plan must be placed in the applicant's or borrower's file and followup actions posted to DLS. The authorized agency official will provide a copy of the revised farm operating plan to the applicant.--*

244-246 (Withdrawn--Amend. 67)

247-250 (Reserved)

Section 4 Borrower Account Classification

251 Overview

A CONACT Requirements

CONACT requires FSA to classify borrower accounts and to review annually for graduation each direct loan borrower classified as “commercial” or “standard”. FSA uses the borrower account classification system to identify borrowers with the best potential to obtain commercial credit, except CL. See 4-FLP, Part 4 for graduation. Classification also identifies borrowers in need of special loan servicing and helps the National Office evaluate the quality of FSA’s direct loan portfolio.

Classifications are not disclosed to credit bureaus or other lenders. A borrower cannot appeal an account classification.

B Classification Categories

Accounts will be identified as 1 of the following.

Classification	Classification Category
1	Commercial
2	Standard
3	Acceptable
4	Marginal
5	Not Classified

C When Classification Is Required

All classifications will be completed using FBP. For guidance on completing the classification, see Exhibit 15, subparagraph J 7 b. If the account is classified as commercial or standard, the authorized agency official must thoroughly document that the borrower has met the test for credit and therefore meets the eligibility requirements for the loan being granted.

Direct loans will be classified using the FBP credit presentation that is used to analyze and approve the loan.

At the end of YEA, done according to Section 5, the authorized agency official must also classify the account.

Subsequently, the authorized agency official at minimum must classify the account every 2 years with the updated data collected according to 4-FLP, subparagraph 47 B.

--Before an account is identified as “Currently Not Collectible (CNC)”, the current classification will be reviewed.--

251 Overview (Continued)

C When Classification Is Required (Continued)

- *--Accounts which have not been previously classified, or those with a classification score of 1 or 2 will be assigned a score of “5,” “Not Classified” using the D-Loan/Special Classification Credit Action.
- Accounts previously scored 3, 4, or 5 will not be reclassified prior to CNC.

CNC accounts returned from cross servicing are not required to be classified.--*

D Classification of Youth Loans

New youth loans will be classified as “3” when completing the Youth Loan Credit Action. For existing youth loans, that are current, complete a D-Loan/Special Classification Credit Action. A score of “3”, “Acceptable” will be assigned. For existing youth loans that are delinquent, the D-Loan/Special Classification Credit Action shall be used and will be assigned a score of “5”, “Not Classified”. The values of FSA’s Security Margin and percent of FSA Loss will be calculated from the best information available for the borrower. The basis for these values will be documented in FBP.

E Classification of CL’s

CL’s will be classified using the FBP credit presentation that is used to analyze and approve the loan. There is no test for credit for CL’s, so a classification of commercial or standard is acceptable without further documentation.

At the time of YEA, completed according to Section 5, the authorized agency official must classify the account.

Subsequently, the authorized agency official at minimum must classify the account every 2 years with the updated data collected according to 4-FLP, subparagraph 47 B.

Streamlined CL’s will be classified as “2” using the D-loan/special classification credit action.

If CL, including Streamlined, subsequently becomes delinquent or financially distressed, all documents will be obtained to complete an analysis and the account will be classified using the updated information.

F Classification Reporting

Field Offices must use the Active FLP Borrowers Report from FLP Data Mart at <https://fsadwhouse.sc.egov.usda.gov/FSA-DataMarts/FSAdataMartsHomePage.htm> to monitor classifications. This report identifies the classification category and date for the most recent classification for each borrower. When a new classification is completed in FBP, the authorized agency official must update the Classification Review Workflow in DLS as soon as it is possible to do so.

252 Borrower Account Classification System

*--A Calculating Account Classifications

Borrower account classifications are completed using the most current balance sheet and income/expense statements available. FBP calculates the financial indicators used in the classification analysis and assigns a score for the 4 ratios addressed in subparagraphs B through E. A weighted percentage of each score is used to obtain the total overall score that determines the account's classification according to subparagraph F.

B Current Ratio (Liquidity)

This ratio indicates the extent to which current farm assets, if liquidated, would cover current farm liabilities.

FBP calculates the current ratio as follows.

$$\text{Current Ratio} = \text{Total current farm assets} \div \text{Total current farm liabilities.}$$

Current Ratio	Score
1.25 or greater	1
1.16 to 1.24	2
1.00 to 1.15	3
0.99 or less	4

C Debt to Asset Ratio (Solvency)

This ratio measures the operation's solvency by comparing total farm debt obligations owed against the value of total farm assets. The ratio expresses what proportion of total farm assets is owed to creditors and is 1 way to express the risk exposure of the farm business.

FBP calculates the debt to asset ratio as follows.

$$\text{Debt to Asset Ratio} = \text{Total farm liabilities} \div \text{Total farm assets.}$$

Debt to Asset Ratio	Score
40 or less	1
40.01 to 69	2
69.01 to 99	3
99.01 or greater	4

--*

252 Borrower Account Classification System (Continued)***--D Return on Assets Ratio (Profitability)**

This ratio measures the rate of return on farm assets and is often used as an overall index of profitability.

FBP calculates the return on assets ratio as follows.

Return on Assets Ratio = $\frac{\text{Net farm income from operations} + \text{Farm interest expense} - \text{Owner withdrawals}}{\text{Total farm assets}}$

Note: FBP calculates net farm income from operations as follows.

Net farm income from operations = Total operating income – Purchases for resale – Total operating expenses.

Return on Assets Ratio	Score
7 or greater	1
3.6 to 6.99	2
0.01 to 3.59	3
0 or less	4

E TDCLC Ratio (Repayment Capacity)

This ratio measures the operation's ability to cover all term debt and capital lease payments.

FBP calculates TDCLC ratio as follows.

TDCLC Ratio = $\frac{\text{Net farm income from operations} + \text{Non-farm income} + \text{Depreciation expense} + \text{Term debt/capital lease interest} - \text{Income tax expense} - \text{Owner withdrawals} - \text{Non-farm expense}}{\text{Term debt/capital lease annual principal/interest payments}}$

TDCLC Ratio	Score
1.15 or greater	1
1.08 to 1.14	2
1.00 to 1.07	3
0.01 to 0.09	4
-0.01 to 0	1
-0.02 or less	4

--*

252 Borrower Account Classification System (Continued)

F Account Classification

A weighted percentage of the score for each of the 4 measures of financial performance and operation stability identified in subparagraphs B through E, are used in the FBP to calculate the total overall score.

Total Overall Score = weighted current ratio score + weighted debt to asset ratio score + weighted return on assets ratio score + weighted TDCLC ratio score.

The following table provides the borrower account classification based on the total overall score.

Total Overall Score	Classification	Classification Category
1 to 1.59	1	Commercial
1.6 to 2.19	2	Standard
2.2 to 2.79	3	Acceptable
2.8 to 4	4	Marginal

* * *

253-260 (Reserved)

Section 5 Year-End Analysis**261 Overview****A Introduction**

YEA provides an opportunity for the borrower and FSA to discuss and evaluate a borrower's financial and production performance, progress toward goals, effectiveness of operational management, and FSA supervision and oversight. It also provides an opportunity to modify the plan of supervision and to address other changes in the borrower's operations or situation.

YEA must coincide with the borrower's production and marketing cycle.

YEA may be used in place of an annual review.

YEA must be performed in as much detail as is presented in the farm operating plan.

--In times of LR's, the authorized agency official may prioritize the completion of YEA--
within the requirements of the applicable statutes and regulations.

B Overview

FSA and the borrower jointly prepare YEA. YEA has the following 4 steps.

- The authorized agency official will identify and evaluate any significant changes to the borrower's operation or situation.
- The borrower and the authorized agency official will obtain the borrower's actual production data and financial data for the completed year and compare the actual data to the projections made in the prior year's farm operating plan by calculating variances from the projections.
- The borrower and the authorized agency official will determine and document the reasons for variances.
- The borrower and the authorized agency official will analyze how the borrower's performance can be improved in the coming year and the borrower prepares an updated farm operating plan.

When completed, the authorized agency official must place a copy of each YEA in the borrower's case file.

262 Preparing for the Year-End Analysis**A Schedule for YEA**

The authorized agency official will schedule YEA to occur as close as possible to the end of the production cycle. It must be within the 60-calendar-day period after the borrower's production cycle ends. Borrowers must be prioritized according to need, with the greatest need cases being addressed first.

When the authorized agency official determines that YEA will be required according to subparagraph 263 A, a new YEA workflow will be created in DLS.

B Before the Appointment

--The authorized agency official must review existing assessments, FBP, written correspondence, and FSA-2040. If this review raises issues or questions, the authorized agency official must record these items in FBP to use when meeting with the borrower.--

The authorized agency official must send a copy of the farm operating plan to a borrower if the borrower uses FSA's system. This farm operating plan must be sent to the borrower before the end of the production cycle. The authorized agency official shall ask the borrower to have the actuals completed and to bring record books, tax information, and other verifying documents that may be needed to the meeting. Inventories, asset values, and debts must be calculated as of the COB cycle.

C Documenting YEA's Not Completed As Scheduled

When the authorized agency official determines that a scheduled YEA will not be completed as required, the YEA workflow in DLS shall be terminated. The terminated workflow must be documented as to why the workflow was not completed as scheduled. A new YEA workflow must be created and scheduled immediately as applicable.

263 Minimum Requirements of the Analysis

A Operations Requiring YEA

[7 CFR 761.105(a)] The Agency conducts a year-end analysis at its discretion or if the borrower:

- (1) Has received any direct loan, except for Streamlined CLs, chattel subordination, or primary loan servicing action within the last year;**
- (2) Is financially distressed or delinquent;**
- (3) Has a loan deferred, excluding deferral of an installment under Subpart B of part 766; or**
- (4) Is receiving a limited resource interest rate on any loan.**

--Completion of YEA is mandatory for any borrower meeting the criteria above. A new YEA workflow will be created and scheduled in DLS when a new loan has been closed or upon determination that a borrower meets any other requirements for a mandatory YEA.--

The decision to perform YEA on other borrowers is at the discretion of the authorized agency official. YEA is not required for borrowers with:

- youth loans only
- loans flagged as having bankruptcy, foreclosure, or court action pending
- streamlined CL's unless they have been delinquent or are financially distressed.

The authorized agency official shall use knowledge, experience, and judgment to identify high-risk operations requiring such additional supervisory attention. Supervisory judgments must be objective and apply sound credit and financial management principles.

Operations that may require YEA include those that are:

- undergoing major changes
- experiencing adverse production or financial conditions
- subject to volatile changes in the business climate.

B Timing

[7 CFR 761.105(b)] To the extent practicable, the year-end analysis will be completed within 60 days after the end of the business year or farm budget planning period and must include:

- (1) an analysis comparing actual income, expense, and production to projected income, expense, and production for the preceding production cycle; and**
- (2) an updated farm operating plan.**

263 Minimum Requirements of the Analysis (Continued)**C Identifying and Evaluating Significant Changes**

YEA must identify and evaluate any significant changes to the borrower's farming operation, expenses, or financial condition that have occurred since the most recent initial assessment, assessment update, or annual review. In most cases, however, significant changes will not have occurred or, if such changes have occurred, they will be limited to 1 or 2 aspects of the borrower's situation. The authorized agency official shall pay particular attention to the following:

- changes in operations or goals
- status of progress toward goals
- need for changes in the plan of supervision
- need for additional borrower training.

263 Minimum Requirements of the Analysis (Continued)

D Comparing Actual Performance to Projections and Calculating Variances

The year-end analysis must present the borrower's actual production data and financial data for the completed year and compare the actual data to the projections made in the prior year farm operating plan. Based on this comparison, the analysis must calculate variances from the projections.

The authorized agency official will collect other pertinent information related to the farm's operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation. The authorized agency official must briefly explain the process, emphasizing the borrower's benefits rather than FSA requirements.

The evaluation of actual performance can be enhanced by:

- obtaining and reviewing the borrower's actuals using pertinent information about the farm operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation
- reviewing production by obtaining and/or calculating yields (production), price per unit, and the amounts in inventory (held for sale)

Note: Production numbers should roughly correspond with the new balance sheet and numbers sold

- evaluating debt service margin.

Note: If greater than 1.10 for a borrower on a limited resource interest rate, the interest rate may need to be increased according to 4-FLP, Part 3.

The authorized agency official must consider the following issues when comparing actual performance to projections and calculating variances.

- The authorized agency official must review planned versus actual expenses for family living, farm operating, and capital expenditures.
- The year-end analysis must discuss credit used for farm operating, capital, and family living expenses.
- Sometimes proceeds are recorded as net figures with commission, sales expenses, yardages, seed, and storage costs removed. Using gross proceeds with the associated costs captured under operating expenses is preferable.

263 Minimum Requirements of the Analysis (Continued)**D Comparing Actual Performance to Projections and Calculating Variances (Continued)**

- The analysis must calculate yields (production), price per unit, and amounts in inventory (held for sale). Numbers should roughly correspond with the new balance sheet and numbers sold.
- FSA-2040 must be reconciled with the farm operating plan (or other plan) and the security agreement. Differences from projections and the need to amend the security agreement must be discussed.
- Interest figures must include all interest, not just operating interest.
- Any proceeds from the sale of capital items must be subtracted when evaluating income from operations.
- The analysis must evaluate and document the sources of nonfarm income. Income and tax information must be verified as applicable.
- The analysis must consider debts and debt repayments to FSA and other lenders. Breakdowns of principal and interest can serve as a cross check for interest actually paid by the borrower. This information must match FSA-2040.
- The analysis must report expenditures net of trade-ins.
- Income and Social Security taxes must be included in the analysis.

263 Minimum Requirements of the Analysis (Continued)**E Determining and Documenting Reasons for Variances**

After variances between the projected budget in the farm operating plan and the borrower's actual performance have been identified, the borrower and the authorized agency official must determine and concisely document the reasons for the variances. The analysis must:

- consider both the borrower's and the authorized agency official's perceptions of the borrower's successes, failures, and the reasons that specific items were not completed
- determine why income was not used as planned
- discuss operational performance, achievement of short-term goals, progress toward medium-term and long-term goals, and living expenses.

263 Minimum Requirements of the Analysis (Continued)**F Analyzing How Performance Can Be Improved**

After determining the reasons for any deviations in the preceding year's performance, the borrower and the authorized agency official together must analyze how the borrower's performance can be improved in the coming year. The authorized agency official and borrower may identify areas for improvement based on the reasons for the variances between actual and planned performance. The analysis shall address concerns in the following areas:

- unplanned sales
- changes in marketing plans
- sales of basic security
- use of proceeds
- debts paid
- amount of money released for family living and farm operating expenses.

The analysis must consider whether the borrower is making adequate progress towards established goals. Ratios, historical trends, and production records are good sources of information for evaluating business goal achievements. Alternatively, if the borrower's goals (for either business or family) were unrealistic, the analysis must reevaluate them and establish new, obtainable goals.

Areas for improvement also might follow from recent changes in farm operations and family conditions. Therefore, the authorized agency official shall work with the borrower to identify any changes or alterations that significantly affect the operation.

If the authorized agency official determines that the borrower's production or financial performance may be improved by training, the authorized agency official may require that *--the borrower meet training requirements. See 3-FLP, Part 18 for more information on--* borrower training.

If performance is better than projected, the analysis should evaluate repayment issues, as well as income taxes and Social Security taxes.

263 Minimum Requirements of the Analysis (Continued)

F Analyzing How Performance Can Be Improved (Continued)

The authorized agency official should remind the borrower that deviations from the agreed-upon farm operating plan must be discussed with FSA.

G Preparing an Updated Farm Operating Plan

--The year-end analysis must include a current farm operating plan. The farm operating plan is prepared by the borrower, with FSA's assistance if needed.--

264-400 (Reserved)

Part 9 Internal Controls**Section 1 FLPRA****401 Overview****A Background**

FSA is mandated by the Federal Managers Financial Integrity Act of 1982 (Pub. L. 97-255) to maintain an efficient and effective internal control system. FLPRA fulfills this mandate by:

- establishing program evaluation criteria and reporting requirements
- providing a method to administer program evaluations
- providing a framework for performance analysis, risk mitigation identification, risk mitigation implementation, and annual reporting.

B Purpose

FLPRA is the primary tool that FLP uses for ongoing reviews and oversight of field office operations. FLPRA evaluates FLP using a risk-based approach and provides the framework for evaluating FLP management and oversight by State Offices and FLP delivery by Service Centers.

FLPRA evaluates the potential for risk in the following 3 areas.

- Program Objectives – Assessing whether or not the objectives of the program, as set forth in agency policies and procedures, are being met.
- Financial Integrity – Determining the soundness and quality of the loan program.
- Program Management – Evaluating the effectiveness of the leadership and guidance provided in delivering FLP.

401 Overview (Continued)**B Purpose (Continued)**

FLPRA is divided into the following 3 review areas:

- Direct Loan Making
- Direct Loan Servicing.
- Guaranteed Loan Programs.

Note: This area includes both guaranteed loanmaking and guaranteed loan servicing.

C Objective

The primary objectives of FLPRA are to evaluate the effectiveness of FLP delivery systems and ensure compliance with applicable statutes, regulations, and directives. To promote a consistent and effective approach to conducting reviews, FLPRA focuses on:

- evaluating program delivery by assessing the condition and performance in the risk areas of program objective, financial integrity, and program management
- determining the overall degree of risk existing in FLP programs and identifying the factors contributing to the risk
- recommending or requiring management to take mitigation action, as needed, to strengthen FLP programs and/or ensure compliance with applicable regulations.

D SED Responsibilities

SED is responsible for implementing the FLPRA process in their State by ensuring that all required reviews, analyses, applicable risk mitigation plans, and reports are completed according to this Part.

402 FLPRA Review Process

A Administering FLPRA Reviews

FLPRA reviews will be administered and the results reported both at the State Office and National Office levels. The National Office and State Offices can access the FSA Intranet at <http://intranet.fsa.usda.gov/fsa/> to obtain guides detailing the process to complete the reviews according to the following.

Step	Action
1	On the FSA Intranet Home Page, under “Resources”, CLICK “ FSA Applications ”.
2	On the FSA Applications Page, CLICK “ Farm Loan Programs Systems ”.
3	On the Farm Loan Programs Systems Home Page, under “Informational Links”, CLICK “ Manuals ” and CLICK “ FLPRA National Office Review Process Guide ” or “ FLPRA State Office Review Process Guide ”, as applicable.

B State Office Review Responsibilities

State Offices will be required to complete FLPRA reviews as follows:

- **States with 9 or more FLP Service Centers** will be required to review a minimum of 20 percent of the Service Centers each year, with all Service Centers being reviewed at least once every 5 years
- **States with 8 or fewer FLP Service Centers** will be required to conduct at least 1 Service Center each year, with all Service Centers being reviewed at least once every 5 years
- *--any Service Center with a review score of 4 or 5 in Program Objectives, Program Management, Financial Integrity, and/or Composite Rating must have a follow-up review within 24 months to determine if the risk has been mitigated. The follow-up review will be scored in the FLPRA website.--*

The process for selecting the FLP Service Centers and high risk program areas to be reviewed is set forth in the FLPRA State Office Review Process Guide.

C National Office Review Responsibilities

The National Office will complete FLPRA reviews in 10 to 13 States per year. The reviews evaluate State FLP delivery and include visits to a limited number of FLP Service Centers. The process used by the National Office to select States to be reviewed is set forth in the FLPRA National Office Review Process Guide.

403 State Office Reporting Requirements**A FLP Service Center Report**

State Offices will provide a report to each FLP Service Center reviewed within 30 calendar days after completing the review. The reports will be developed in the format set forth in FLPPRA State Office Review Process Guide, Exhibit 2. Reports for each FLP Service Center will include FLPPRA State Office Review Process Guide, Exhibits 4 through 7 that will:

- rate each FLP Service Center reviewed in the 3 risk areas
- provide a composite score for the FLP Service Center.

The scores for each FLP Service Center will be:

- input in the automated FLPPRA system within 30 calendar days of completing the review
- documented in the comment box provided to support the scores reported
- input in the automated FLPPRA system no later than January 15.

B Annual Report

No later than February 1, each State Office will submit the annual FLP4 Report using the template provided in the State Office Review Process Guide, Reports Section, by e-mail to
--SM.FSA.DCWa2.FLPRA.--

404 National Office Reporting Requirements**A State Visit Reports**

The National Office will provide a findings report from on-site visits to State management within 30 calendar days after completing the review. The format of this report is detailed in the National Office Review Process Guide, Section 6. This report will:

- *--clearly present conclusions that are supported by facts obtained during the review--*
- include recommended mitigative actions.

Mitigative actions will:

- be developed in conjunction with State management during the on-site visit
- have a specified date to provide an update on the State's progress in mitigating identified risks.

B PDEED Action

Upon receiving a State's risk mitigation plans, PDEED shall:

- evaluate and approve risk mitigation plans
- establish a follow-up system to ensure that risk mitigation plans are implemented
- assess the success of the risk mitigation plan on reducing identified high risks
- provide an annual report to DAFLP summarizing the area of potential risk in the States visited.

405-440 (Reserved)

Section 2 DD FLP Oversight**441 General Provisions****A Overview**

It is incumbent upon DD's to monitor the FLP delivery in Service Centers to ensure adherence to appropriate laws, policies, and procedures.

B Purpose

The DD FLP oversight process provides a standardized and consistent reporting format and means by which DD can:

- document results from quarterly FLP oversight reviews
- view previously completed quarterly reports
- monitor and followup on actions to be taken by FLP Service Center staff.

442 DDORS**A Overview**

Reporting of FLP oversight reviews will be completed on a quarterly basis. DDORS is the official record documenting the results of the quarterly reviews.

DDORS:

- was developed to assist DD with completing FLP oversight reviews conducted in the FLP Service Centers online
- provides the means by which DD can document and submit review results to State and Field Offices electronically
- contains the review items for each reporting quarter
- archives oversight reports for five FY's.

B System Access

--Access DDORS from the Farm Loan Programs Systems Home Page, located at <https://intranet-apps.fsa.usda.gov/flp/IndexServlet>.--

DDORS may also be accessed at <https://wdcprod80.sc.egov.usda.gov/Ddors/homepage.aspx>.

Note: See Exhibit 36 for detailed instruction on accessing DDORS.

442 DDORS (Continued)**B System Access (Continued)**

Users who need access to DDORS should contact their State DDORS Administrator. The authentication and authorization of users is made using USDA's eAuthentication application.

To access DDORS users must have the following:

- valid eAuthentication ID and password
- eAuthentication Level 2 account
- authorized access by the DDORS Administrator.

C Report Statuses

Report Status will be as follows:

- "Archived", Service Center closed during FY
- "Not Started", the report is empty and can only be accessed by DD
- "In Progress", the report is partially completed
- "Submitted", the report was completed and certified before its due date
- "Auto-Submitted", the report was not certified before its due date. The report may be partially completed or empty.

Note: "Submitted" and "Auto-Submitted" reports cannot be modified; however, pending action items can be followed up and closed.

D Service Center Progress Reports

Progress reports provide counts of "Not Started", "In Progress", "Submitted", and "Auto-Submitted" oversight reports that are in the State and in each district.

E Reporting Timeframes

The first quarter report:

- *--will be available for completion in DDORS starting December 1 and ending on--*
January 31
- should reflect first quarter data gathered between October 1 and December 31
- is comprised of quarterly review items, additional review items, and certification.

442 DDORS (Continued)**E Reporting Timeframes (Continued)**

The second quarter and first semi-annual report:

- will be available for completion in DDORS starting February 1 and ending on April 30
- should reflect:
 - second quarter data gathered between January 1 through March 31 for quarterly review items
 - data gathered between October 1 through March 31 for the first semi-annual review items
- is comprised of quarterly review items, first semi-annual review items, additional review items, and certification.

The third quarter report:

- will be available for completion in DDORS starting May 1 and ending on July 31
- should reflect third quarter data gathered between April 1 and June 30
- is comprised of quarterly review items, additional review items, and certification.

The fourth quarter, second semi-annual, and annual report:

- will be available for completion in DDORS starting August 1 and ending on *--November 30--*
- should reflect:
 - fourth quarter data gathered between July 1 and September 30 for quarterly review items
 - data gathered between April 1 and September 30 for the second semi-annual review items
 - data gathered between October 1 at the beginning of FY through September 30 at the end of FY to complete the annual review items

442 DDORS (Continued)

***--E Reporting Timeframes (Continued)**

- is comprised of quarterly review items, second semi-annual review items, annual review items, additional review items, and certification.

Notes: The quarterly report that corresponds to the current reporting period will be displayed when DD selects the link for the Service Center to be reviewed from the DDORS Home Page.

Results for all review areas corresponding to each quarter will be captured when the report is submitted or auto-submitted by DDORS when the reporting period has ended.

Oversight reports are locked when DD submits the report or after the due date. DDORS does not allow anyone to add, modify, or delete review information.

F Action Items

An action item is a note attached to a review area, a review record, or a review item in an oversight report. Action items allow users to document concerns and issues about oversight reviews.

DD's are highly encouraged to use action items to bring awareness to the Service Center and State Office, of problems and deficiencies discovered during the oversight review.

Only DD or proxy assigned to an oversight report can add action items to and close action items in the report. DD or proxy can add an action item anytime before submitting the report.

After an oversight report is submitted or auto-submitted, any DDORS user who can view a report can also followup on action items in the report by adding their own comments. Users can add followup comments to an action item until it is closed by DD or proxy.

Follow this table to add comments to a pending action item.

Step	Action
1	Go to the review area, review record, or review item with the pending action item.
2	CLICK  Follow up pending action item .
3	CLICK "Add Follow-Up Comments" .
4	Enter followup comments in the box.
5	CLICK "Save Follow-Up" .
6	CLICK "Save Follow-Up" .

--*

442 DDORS (Continued)***--G User Roles**

There are 6 user roles, as follow. User's role will be displayed under "DDORS Menu", under user's name.

Example: If user is an administrator, then "Administrator" will be displayed under "DDORS Menu", under user's name.

- **National User Role**

National users are DAFLP, Assistant DAFLP, Directors, Deputy Directors, FLPRAs review teams, and national administrators. A national user role allows users to:

- view in progress, submitted, and auto-submitted oversight reports for all Service Centers
- followup pending action items in submitted and auto-submitted reports by adding followup comments.

For all States, national administrators can:

- manage:
 - proxy assignments
 - specialist assignments
 - user accounts
- assign user roles in 1 State to another State.

Example: DD in Maryland needs to manage a district in Delaware. National administrator can make the assignment.--*

442 DDORS (Continued)***--G User Roles (Continued)**

- **State User Role**

State users may include SED's, FLC's, FLS's, COR's, or State administrators. A State user role allows users to:

- view-only, in progress, submitted, and auto-submitted oversight reports for specified Service Centers
- followup pending action items in submitted and auto-submitted reports by adding followup comments
- act as a proxy for DD, if assigned
- act as specialist, if assigned to a Service Center.

State administrators:

- can activate or deactivate user accounts
- can assign and manage proxy and specialist assignments
- are limited to assigning user roles for Service Centers and districts within their State.

- **District User Role**

DD's are assigned by the State administrator:

- to the districts that he or she manages
- read-only access to oversight reports from another district, as determined by the State Office
- a floating DD role to act as a proxy for other DD's.

A district user role allows users to:

- complete and edit oversight reports for their Service Centers
- add action items to their oversight reports
- followup and close pending action items in their reports.--*

442 DDORS (Continued)

***--G User Roles (Continued)**

- **Service Center User Role**

Service Center user role allows users to:

- view submitted and auto-submitted oversight reports for their Service Center
- followup pending action items in submitted and auto-submitted reports by adding followup comments.

- **Proxy User Role**

Proxy user's:

- are temporarily assigned to a Service Center to manage its oversight reports
- can complete, certify, and submit oversight reports for the assigned Service Center
- can followup and close the assigned Service Center's action items.

Proxy assignments are terminated if DD's district assignment changes or if DD or proxy's account is inactivated.

Note: During the time period a proxy is assigned to a Service Center, DD can view, but cannot edit, the Service Center's oversight reports.

- **Specialist User Role**

Specialist users are State users who are assigned to work on a Service Center's oversight report along with DD or proxy. Specialist users can add and modify review information anywhere in the oversight report.

Specialist users cannot:

- delete review records added by others
- add new action items or close existing action items
- certify (sign) or submit oversight reports.--*

443 Responsibilities

A DD Responsibilities

--See Exhibit 36 for detailed guidance on completing the oversight report online and creating various Hyperion and GLS reports.--

DD's shall:

- coordinate and plan all FLP oversight review site visits with FLP State Office staff so that participation by FLC or FLS can be arranged when necessary
- notify SED and FLC of any apparent problems that may require immediate attention

•*--use DDORS to:

- complete reviews for each Service Center quarterly
- document specific findings for each case file or operational file reviewed
- record and followup on any noted problems or inconsistencies as an "Action Item"
- submit completed Service Center oversight reports.

Note: Submitting the report online in DDORS is the:

- certification for that report
- DD's signature.--*

B Service Center Responsibilities

Service Center staff shall:

- *--assist as needed with items to be reviewed--*
- be available to discuss specific cases or to answer questions from DD
- followup on any action items identified by DD's in DDORS.

443 Responsibilities (Continued)**C State Office Responsibilities**

SED's shall ensure that timely FLP oversight reviews are completed by DD's in DDORS.

FLC's shall:

- assign a State System Administrator for DDORS
- *--review quarterly reports submitted--*
- followup on any identified action items
- discuss concerns with DD and SED
- *--document the actions taken to remedy identified deficiencies in the operational file.--*

D National Office Responsibilities

DDORS oversight reports shall be reviewed with the FLPPRA process. Reports for each FLP Service Center within a State shall be reviewed to ensure that:

- consistent oversight reviews are being conducted by DD's in the State
- SED's and FLC's are monitoring and addressing any deficiencies or apparent problems identified by DD's.

444 DDORS Organization Updates

A About Organization Updates

The MRT database is the system of record for all organizational data in DDORS. State
 --Offices must submit FSA-2125 to DCIB to add, delete, or move Service Centers and/or--
 districts. These changes are processed in the PLAS database that populates MRT.

Each Tuesday evening, DDORS searches MRT for changes. Any changes found will flow into DDORS and become organization updates.

DDORS automatically generates an e-mail to the State DDORS administrator when changes have been found, alerting the State DDORS administrator that the pending changes are ready for review and acceptance. The e-mail includes a hyperlink to the DDORS Organization Updates Screen for quick and easy access.

Number of Organization Updates			
Additions	Deletions	Moves	Name Changes
1	1	0	0

The State administrator must click “**Review & Accept the Organization Updates**” link and accept the pending changes in DDORS before any changes are made to the Service Centers and/or districts in DDORS.

--444 DDORS Organization Updates (Continued)*B Accepting Organization Updates**

Follow this table to review and accept organization updates changes.

Step	Action	
1	From DDORS Home Page, under “Menu”, CLICK “ Organization Updates ”.	
2	From “State” drop-down list, select a State if user has access to more than 1 State.	
	IF organizational updates are...	THEN the...
	available	“ Available Updates ” section will be displayed.
	not available	“ Current DDORS Organization Structure ” section will be displayed.
3	If “ Available Updates ” section is displayed, CLICK “ Review & Accept the Organization Updates ” link.	
4	In the table, review the highlighted changes to Service Centers and districts.	
5	If changes within a district require a new DD assignment: <ul style="list-style-type: none"> • in the second column, CLICK “Change the DD” link for the district • select another DD or the “Absent District Director” option and CLICK “Save”. 	
6	If displayed, CLICK “ Users currently assigned to the Service Center ” link to determine which, if any, users are affected and need to be reassigned. If users need to be reassigned, do the following: <ul style="list-style-type: none"> • print the user assignment information on the “Users currently assigned to the Service Center” window • using the “User Management” module that is accessed by clicking “Home” button at the top of the page and then under “Menu”, clicking “User Management”, find and modify the user accounts. 	
7	CLICK “ Accept Organization Updates ” to accept the changes.	

Important: Users cannot undo organization changes after they have been accepted. DDORS cannot revert back to an earlier organization structure.--*

Redelegations of Authority

The following provides authorities SED's may redelegate.

Authority	Redelegate to				
	FLC	FLS	DD	FLM	SFLO
SED's loan approval authority:	X	X	X		
• approve subordinations, or release and refiling lien instruments instead of subordinations	X	X	X		
• approve severance agreements	X	X	X		
• approve surface leases for farm property no longer in use (such as old barns) or for nonfarm purposes (such as wind turbines, communication towers, or other similar installations)	X	X	X		
• approve transfer and assumption	X	X	X		
• waive real estate appraisal (requirement for CMVB when chattel security appraised value exceeds total) debt	X	X	X		
• approve PLS where the borrower (or any entity member) has received PLS two or more times in the previous 5 years	X				
• reject debt settlement requests when debtors do not provide all necessary documentation or information	X	X	X	X	X
• cancel delinquent debt settlement adjustment agreement.	X	X	X	X	X

Reports, Forms, Abbreviations, and Redelegations of Authority (Continued)**Re delegations of Authority (Continued)**

SED's may **not** redelegate their authority to:

- approve any action that will result in a loss to the Government
- approve voluntary conveyance
- approve subordination of real estate security for operating-type loan purposes
- approve release of chattel or real estate security because of mutual mistakes, valueless liens or without compensation
- approve cancellation of undisbursed loan funds after all PLS options have been exhausted
- approve alternative repayment agreements in lieu of offset
- request an Administrator's exception.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b))**Administrative Appraisal Review**

Administrative appraisal review is a review of an appraisal to determine whether the appraisal:

- meets applicable Agency requirements; and
- is accurate outside the requirements of Standard 3 of USPAP.

Adversely Affect

Adversely affect means that a change unrelated to the issue resolved through the appeal will result in the borrower no longer being eligible for the loan servicing action requested, or the previously developed FBP not being feasible.

Agency

Agency is the FSA.

Agency Official

The agency official is any employee with the agency. This term is used when the action does not require inherent or delegated authority.

***--Appraisal Point of Contact (APOC)**

The authorized agency official selected to be the point of contact for obtaining appraisal services under the micro purchase threshold and is authorized to complete micro-purchases for appraisal services within their delegated authority. This authorization will be provided by delegation per FAR 1.603-3 by AMD Director.

Note: Duties and responsibilities include reviewing requests for purchase of appraisal services that does not involve the use of a Government purchase card. APOC has the authority to commit the Agency to purchase a good or service.--*

Approval Official

The approval official is the specific employee who has the authority to approve or deny the described action.

Authorized Agency Official

The authorized agency official is the FSA official that is authorized to perform specific tasks related to loanmaking or loan servicing. The appropriate official is determined by inherent authorities or delegations applicable to a particular task.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)

Beginning Farmer

*--Beginning farmer is an individual or entity who:

- (1) Meets the loan eligibility requirements for a direct or guaranteed CL, FO, or OL, as applicable;
- (2) Has not operated a farm for more than 10 years. This requirement applies to all members of an entity;
- (3) Will materially and substantially participate in the operation of the farm:
 - (i) In the case of a loan made to an individual, individually or with the family members, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm, consistent with the practices in the county or State where the farm is located.
 - (ii) In the case of a loan made to an entity, all members must materially and substantially participate in the operation of the farm. Material and substantial participation requires that the member provide some amount of the management, or labor and management necessary for day-to-day activities, such that if the individual did not provide these inputs, operation of the farm would be seriously impaired;
- (4) Agrees to participate in any loan assessment and borrower training required by Agency regulations;
- (5) Except for an OL applicant, does not own real farm property or who, directly or through interests in family farm entities owns real farm property, the aggregate acreage of which does not exceed 30 percent of the median farm acreage of the farms in the county where the property is located. If the farm is located in more than one county, the median farm acreage of the county where the applicant's residence is located will be used in the calculation. If the applicant's residence is not located on the farm or if the applicant is an entity, the median farm acreage of the county where the major portion of the farm is located will be used. The median county farm acreage will be determined from the most recent Census of Agriculture;
- (6) Demonstrates that the available resources of the applicant and spouse (if any) are not sufficient to enable the applicant to enter or continue farming on a viable scale; and
- (7) In the case of an entity:
 - (i) All the members are related by blood or marriage; and
 - (ii) All the members are beginning farmers.--*

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)

Best Value

Best value involves selecting a vendor of whom the agency solicits a price for services through FAR based on the evaluation of the following factors:

- equitable selection of vendor on a rotational selection basis of all entity vendors in the service area
- the most reasonable price
- greatest competency to provide such service
- best education and experience to provide such service
- vendor past performance
- ability to meet requested time frames for the delivery of the product.

--For appraisals, the vendor must have previous experience in appraising similar properties in the same geographical area as described in the SOW or Task Order that adhere to USPAP.--

Note: Service area is the location of the subject property that is normally defined by county. Vendors identify counties in which they will provide services.

Conservation Loan (CL)

CL means a loan made to eligible applicants to cover the costs to the applicant of carrying out a qualified conservation project.

Conservation Plan

Conservation plan means an NRCS-approved written record of the land user's decisions and supporting information, for treatment of a land unit or water as a result of the planning process, that meets NRCS Field Office Technical Guide (FOTG) quality criteria for each natural resource (soil, water, air, plants, and animals) and takes into account economic and social considerations. The conservation plan describes the schedule of operations and activities needed to solve identified natural resource problems and takes advantage of opportunities at a conservation management system level. This definition only applies to the direct loans and guaranteed loans for the Conservation Loan Program.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Conservation Practice**

Conservation practice means a specific treatment, such as a structural or vegetative measure, or management technique, commonly used to meet specific needs in planning and implementing conservation, for which standards and specifications have been developed. Conservation practices are contained in the appropriate NRCS Field Office Technical Guide (FOTG), which is based on the National Handbook of Conservation Practices (NHCP).

Conservation Project

Conservation project means conservation measures that address provisions of a conservation plan or Forest Stewardship Management Plan.

Forest Stewardship Management Plan

Forest Stewardship Management Plan means a property-specific, long-term, multi-resource plan that addresses private landowner objectives while recommending a set and schedule of management practices designed to achieve a desired future forest condition developed and approved through the USDA Forest Service or its agent.

FSA

FSA means Farm Service Agency, an Agency of the USDA, including its personnel and any successor Agency.

Graduation

Graduation means the payment in full of all direct FLP loans, except for CLs, made for operating, real estate, or both purposes by refinancing with other credit sources either with or without an Agency guarantee.

Loan Activity

Loan activity is any transactions processed in GLS, DLS or PLAS to a borrower's loan.

Microloan (ML)

ML is a type of OL of \$50,000 or less made under reduced application, eligibility, and security requirements.

***--Ordering Official**

Same as a Technical Point of Contact (TPOC).--*

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Program Loans**

Program loans include FO, CL, OL, and EM. In addition, for loan servicing purposes the term includes existing loans for the following programs no longer funded: SW, RL, EE, ST, and RHF.

Streamlined Conservation Loan

Streamlined conservation loan means a direct or guaranteed CL made to eligible applicants based on reduced documentation.

Supervised Bank Account

Supervised bank account is an account with a financial institution established through a deposit agreement entered into between the borrower, the Agency, and the financial institution.

Technical Appraisal Review

Technical appraisal review is a review of an appraisal to determine if such appraisal meets the requirements of USPAP pursuant to Standard 3 of USPAP.

Treasury Judgment Rate

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961).

Uniform Standards of Professional Appraisal Practice

Uniform standards of professional appraisal practice are standards governing the preparation, reporting, and reviewing of appraisals established by the Appraisal Foundation pursuant to the Financial Institutions Reform, Recover, and Enforcement Act of 1989.

* * *	* * *
29 D	<p>Establish method and standards for raising the loan approval authority limits for FLM's and SFLO's who routinely show a higher than average loanmaking proficiency.</p> <p>Note: This State supplement must be submitted for preapproval.</p>
141 E	<p>Guidance on the process to request:</p> <ul style="list-style-type: none"> • chattel appraisal from a contract appraiser • real estate appraisal.
161	<p>Guidance on:</p> <ul style="list-style-type: none"> • State PLCE monitor • fund availability • UCC filings and lien searches • Micropurchases.
242 A	<ul style="list-style-type: none"> • List of unit prices for all commodities produced in the State. • 3-year history of disaster declarations by: <ul style="list-style-type: none"> • county • type of disaster • incident period.

Note: SED's shall:

- issue State supplements according to 1-AS, paragraph 216
- obtain approval of State supplements according to 1-AS, paragraph 220.

Forms List

A General Information

*--This exhibit provides:

- information on forms that were renumbered or made obsolete as part of FLP Streamlining
- RD forms that are still used by FLP
- some forms, but is not all inclusive of forms used in FLP delivery.--*

See subparagraph:

- B for FmHA, FSA, and RD forms
- C for FmHA, FSA, and RD form and guide letters
- D for FmHA and RD Instruction exhibits
- E for items and publications
- F for a numerical list of new FSA forms
- G for a list of new handbook exhibits.

The following is applicable to this exhibit.

- The “Old Form Number” column provides the prefix and number used before December 31, 2007.
- The “New Form Number” column provides the prefix and number to be used after December 31, 2007.

Note: An asterisk (*) in the “New Number” column indicates the document will remain under the current number.

- The “Title” column provides the title of the document.

Note: This column provides the form’s title that will be used after December 31, 2007.

B Forms

The following lists * * * FmHA, FSA, and RD forms used for FLP delivery.

Old Form Number	New Form Number	Title	Date Made Obsolete

***--Regional Appraiser Area of Responsibility Map**

Following is an example of the Regional Appraiser Area of Responsibility Map.

--*

Delegating FLP Authority

A SED Delegations

SED may delegate the following authorities to employees who have experience and completed *--the required training authority to:

- prepare chattel appraisals and real estate evaluations
- complete administrative appraisal reviews
- establish and document the estimated value of real estate security when an appraisal has--* been waived for an EM according to 3-FLP, subparagraph 248 A.

B FLC/FLM/SFLO Delegations

The following is a list of authorities that may be delegated to employees who have experience and have completed any required training according to subparagraph 23 C.

Authority	AS	FLO	LOA	LRS	PT
Sign correspondence as regular signing official.		X	X	X	
Sign correspondence “for”.	X	X	X	X	X
Establish supervised bank account and deposit loan checks.	X	X	X	X	X
Countersign supervised bank account checks/withdrawals.	X	X	X	X	X
Input pre-note information for EFT.	X	X	X	X	X
Plan and inspect site development work.	X	X			
Check preliminary title opinion for exceptions.	X	X	X	X	X
Check final title opinion or mortgage policy for proper lien position.	X	X	X	X	X
Review loan closing statement for proper funds disbursement.	X	X	X	X	X
Execute financing statements or other legal instruments to obtain and preserve security on chattel loans.	X	X	X	X	X
Approve FSA-2242.	X	X	X	X	X

Delegating FLP Authority (Continued)

B FLC/FLM/SFLO Delegations (Continued)

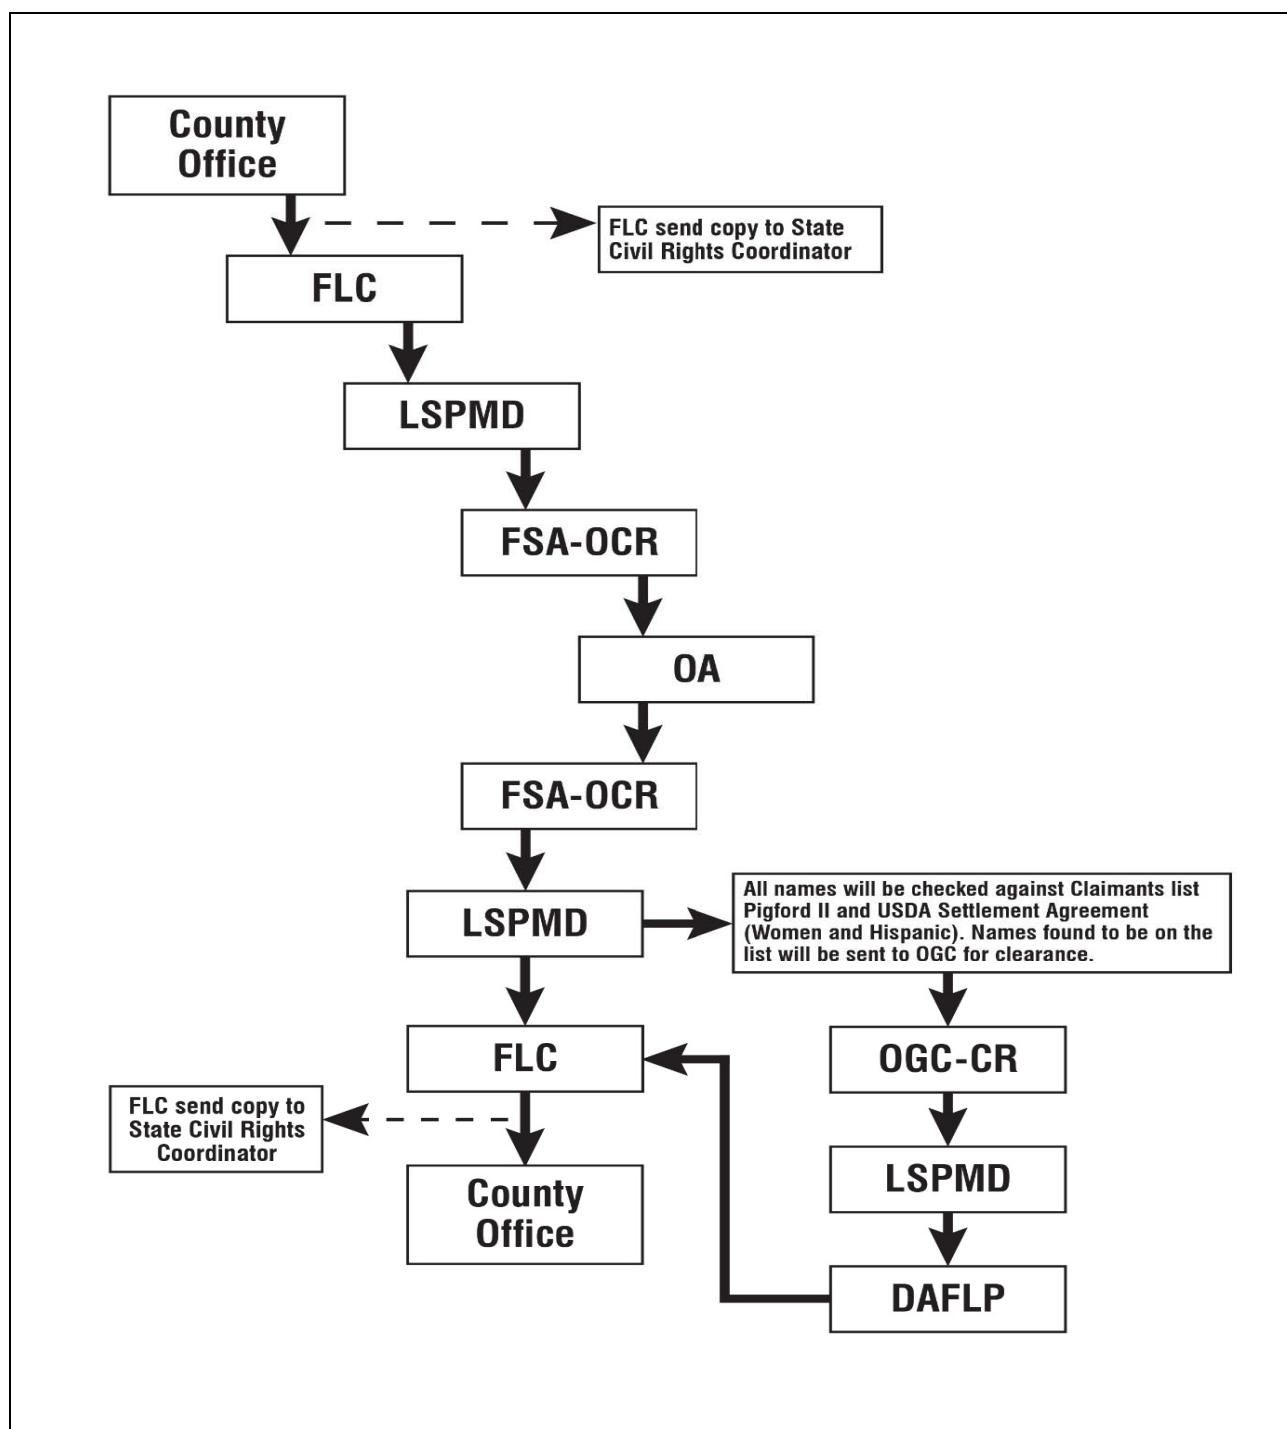

Authority	AS	FLO	LOA	LRS	PT
Review loan closing and issue FSA-2235.		X			
Approve satisfaction/release of security instruments.	X	X	X	X	X
Prepare FSA-2040.	X	X	X	X	
Release chattel/crop security per approved FSA-2040.	X	X	X	X	X
Revise Farm Business Plan and FSA-2040 when necessary.	X	X	X	X	
Approve replacement/development - use of insurance proceeds.	X	X			
Approve servicing actions, including liquidation plans submitted by lenders.	X	X			
Requests for PLCE goods and services.	X	X	X	X	X
Approve loan restructuring.	X	X			
Approve emergency advance requests.	X	X	X	X	
Complete lender reviews.	X	X	X	X	
Ordering credit reports.	X	X	X	X	X
Execute FSA-2232.		X			
Execute FSA-2235.		X			
*--Consent to a junior lien.		X			
Estimate value of real estate for dispositions less than \$25,000.		X			
Execute FSA-2025.		X--*			

Note: Delegated authorities for agency officials that were granted before December 31, 2007, using previous form numbers or regulation citation will not have to be reissued. These delegations remain valid and it is not necessary to modify them if the reason is only to change references to the new streamlining handbooks.

Discrimination Complaint E-Mail Clearance System

The following illustrates the clearance process used before acceleration for all accounts.

*--

--*

Instructions for E-Mail to the National Office for Discrimination Complaint Status

A E-Mail Recipients

FLC or designee shall provide an e-mail to the National Office at
-- fsa-directloans.wdc.usda.gov--

B E-Mail Subject

The e-mail subject block should read, “Civil Rights Complaint Clearance - Borrower’s Name and State”.

C E-Mail Attachment

The e-mail attachment shall:

* * *

- include the following information for the primary borrower:
 - name and 12-digit account number (State and county code and SSN/TIN)
 - complete residence address
 - race
 - gender
 - ethnicity (Hispanic or not Hispanic)
 - youth loan only (yes or N/A)
- include the following information for **all liable parties**:
 - name
 - SSN
 - race
 - gender
 - ethnicity (Hispanic or not Hispanic)

* * *

- include prior review history including the following information:
 - previously cleared for acceleration by memo or e-mail on (specific date)
 - case review (specific date) and returned for additional servicing
- include prior civil rights complaint information, including complaint number if known.

Note: The prior civil rights complaint information will help to clarify complaints that may have been previously closed or to further identify the race or involvement in
--Keepseagle, Pigford, Love, or Garcia; ALJ Case #XXXXXXXXX, last contact (specific date).--

Instructions for E-Mail to the National Office for Discrimination Complaint Status (Continued)

C E-Mail Attachment (Continued)

If the case involves a borrower who is a claimant under Pigford II, * * * or USDA Settlement Agreement (Women and Hispanic), follow guidance in Exhibit 13.5.

Servicing Settlement Claimants and National Office FLP Programmatic Review

A Background

*--The *Pigford II* legal settlement and USDA's settlement agreement (Women and Hispanic) have affected the way FSA services delinquent loan accounts of claimants in these cases.

B Closed Settlement Claims

A claim is considered closed when a final decision has been issued. State Offices were advised by memorandum from DAFLP when *Pigford II* or Women, and Hispanic claims were closed.--*

All closed claims fall into 1 of the following 2 categories.

- Category 1 – individuals:
 - whose settlement claims have been closed and were **not** delinquent on their FLP debt at that time; or
 - who had no FLP loans.
- Category 2 – individuals whose settlement claims have been closed and were delinquent on their FLP debt at that time.

Servicing Settlement Claimants and National Office FLP Programmatic Review (Continued)

C County Office Servicing Actions

Upon receiving notification that the claim of a settlement claimant has been closed, the County Office will service the account according to the following.

- Category 1 cases require no special servicing.
- Category 2 cases.
- **Delinquent borrowers with outstanding servicing applications that have not been concluded.** Contact the borrowers to determine whether they want to continue with the existing loan servicing application or receive a new notification of the availability of loan servicing.

Note: Use FSA-2198 or FSA-2199, as appropriate, to contact these borrowers.

- For borrowers who return FSA-2198 or FSA-2199, as appropriate, within 15 calendar days, begin the loan servicing process again by sending a new notification of the availability of loan servicing according to 5-FLP, Part 3.
- For borrowers who do not return FSA-2198 or FSA-2199, as appropriate, within 15 calendar days, continue processing the pending application.

Note: Claimants may have an appeal hearing in suspension, pending closure of their claim. When the authorized agency official is notified that the claim has been closed, the official should notify the Appeal Hearing Officer of the closure.

- **--Delinquent borrowers with no pending servicing request.** For delinquent borrowers where the special servicing application has been concluded and the account has not been accelerated, send a new notification of the availability of loan servicing according to--* 5-FLP, Part 3. The decision on the settlement claim may have improved borrowers' financial conditions and could affect their ability to qualify for FSA assistance.

Note: When all loan servicing rights have been concluded for Category 2 borrowers, without resolving the delinquency, submit the completed FSA-2580 and FSA-2581, to the State Office, as required by 5-FLP, subparagraph 533 B.

Servicing Settlement Claimants and National Office FLP Programmatic Review (Continued)

C County Office Servicing Action (Continued)

- **Delinquent borrowers whose accounts have already been accelerated.** Except for cases already held by DOJ, submit the completed FSA-2580 and FSA-2581 to the State Office requesting civil rights clearance review * * * or pre-CNC if liquidation has already *--occurred. The clearance process will be similar to Exhibit 12. If DOJ is holding--* a case, the U.S. Attorney's office should be advised when the claim is closed.

If a Category 2 borrower's delinquency is cured by payment, rescheduling, writedown, or any other resolution, and a new delinquency occurs at a later date, the normal pre-acceleration review required by Exhibits 12 and 13 will be performed. Likewise, Category 1 individuals who later become delinquent on any FLP debt will be subject to the same review process.

D State Office Servicing Action

For Category 2 borrowers, when requesting the National Office civil rights clearance * * *, in addition to the documentation required by Exhibit 13, the State Office will include FSA-2580 and FSA-2581 documenting the findings of the State Civil Rights Review Group.

* * *

E National Office Action

The National Office shall:

- review FSA-2580 and FSA-2581, other documentation provided according to Exhibit 13 and supporting documentation found in DLS-Special Servicing, FBP, and eDALR\$ to ensure that all servicing and appeal rights were properly administered before further consideration of acceleration, foreclosure, or CNC
- provide written guidance to the State Office for each case after completing the review.-

***--Servicing Settlement Claimants and National Office FLP Programmatic Review (Continued)**

F Servicing Actions for Pending Settlement Claimants

Until individual claims are closed through the respective settlement processes, the policy of not accelerating or foreclosing against claimants remains in effect. Do not take acceleration or foreclosure action until a claim has been closed, and for Category 2 borrowers, the National Office has provided written guidance according to subparagraph E.

Where there is a potential fraud in borrowers' loan relationships with FSA, for example, conversion, the cases would generally be referred to OIG with copies to OGC. In cases where the borrowers are claimants, continue to refer the particulars of the situations to OIG with copies to OGC, including any applicable information about the claimant's under the respective settlement.--*

SCIMS-PLAS ORACLE Hyperion Reports

A Accessing SCIMS-PLAS Reports

The Oracle EPM 11 Reports User Guide provides instructions for accessing the SCIMS-PLAS reports. The guide can be found on the FLP Systems Manuals page at
--<https://inside.fsa.usda.gov/program-areas/daflp/index>.--

After accessing the page, click Software User Guides, then click “Oracle EPM 11 User Guide”.--*

SCIMS-PLAS ORACLE Hyperion Reports (Continued)

B SCIMS-PLAS Exception Report

Exceptions found between current PLAS borrower information and current SCIMS borrower information prevent updating name and address information in PLAS from SCIMS. The SCIMS-PLAS Exception Report provides the current PLAS borrower case number, name, and address information, the current SCIMS name and address information, and a descriptive exception type message that allows the County Office to make corrections.

If the correction is made in BP, the SCIMS-PLAS update process will correct PLAS, allowing for 2 workdays. If the correction is made in PLAS, users need to process the appropriate ADPS transaction or make the appropriate contact for assistance.

The SCIMS-PLAS Exception Report is a **cumulative** report; therefore, only the most recent report is viewable each day. The following is an example format.

<u>Case Number</u>	<u>Exception Type</u>	<u>Borrower Information (P=PLAS, S=SCIMS)</u>
XX-XXX-XXXX	SCIMS TAXID INACTIVE	(P) SMITH, MARIA A 246 ELM HWY MONROE, AL 12345 (S) SMITH, MARIA A 123 COUNTY RD MONROE, AL 12345

The following table provides the description and corrective action for each exception type.

Exception Type	Description	Corrective Action
NO SCIMS BUSINESS NAME	Business name is missing in SCIMS.	Add the missing information to BP.
NO SCIMS LAST NAME	Last name is missing in SCIMS.	
NO SCIMS FIRST NAME	First name is missing in SCIMS.	
NO SCIMS DELIVERY ADDRESS	Delivery address is missing in SCIMS.	
NO SCIMS CITY	City is missing in SCIMS.	
NO SCIMS STATE	State is missing in SCIMS.	
NO SCIMS ZIP CODE	ZIP Code is missing in SCIMS.	
SCIMS CONTAINS "DECEASED"	Invalid information is in the SCIMS name or address fields.	Modify borrower information in BP to correct invalid information.
SCIMS CONTAINS "INVALID"		
SCIMS CONTAINS "DELETED"		
SCIMS CONTAINS "UNKNOWN"		
SCIMS CONTAINS "INACTIVE"		
NO SCIMS CURR-MAILING-INDICATOR	The borrower is in SCIMS, but the current mailing indicator has not been set.	Set the BP current mailing indicator.

SCIMS-PLAS ORACLE Hyperion Reports (Continued)

B SCIMS-PLAS Exception Report (Continued)

Exception Type	Description	Corrective Action
NO SCIMS MATCH FOR PLAS BUSINESS	The borrower is present in both SCIMS and PLAS, but the Type of Applicant code in PLAS does not correspond to the customer type/tax ID type combination in SCIMS.	Change BP to reflect the correct type.
NO SCIMS MATCH FOR PLAS PERSON		
SCIMS TAXID INACTIVE	Tax ID code in SCIMS is set to "Inactive".	Contact the State Office.
NO SCIMS INFORMATION FOR TAXID	Borrower is not present in SCIMS.	Research and determine whether BP input is required. Input should be justified by more than clearing the exception.
SCIMS ADDRESS EXCEEDS 38 CHARACTERS	The borrower's delivery address in SCIMS exceeds the characters accommodated in PLAS address fields (2 address fields of 19 characters each). In this case, delivery address information is truncated during the nightly update process.	Modify address information in BP to condense it, using standard USPS abbreviations.

Notes: Users must exercise caution when entering/modifying information for "Delivery Address" in BP, as there is no exception type provided for invalid name/address. Misspelling a name or an invalid address in BP will result in an update from SCIMS to PLAS that is inaccurate and may not be detected until mail is returned as undeliverable.

A triple space between characters is used systematically to terminate the collection of SCIMS address information during the nightly PLAS update process. Erroneous spacing in SCIMS:

- will decrease the information input to PLAS
- will likely update PLAS with an incomplete address
- may sometimes create an exception for "SCIMS address exceeds 38 characters".

The SCIMS-PLAS update process does not update PLAS for a borrower that has only guaranteed loans.

SCIMS-PLAS ORACLE Hyperion Reports (Continued)

C SCIMS-PLAS Update Report

The SCIMS-PLAS Update Report displays the current PLAS case number, TC, “PLAS” field, information in PLAS before the update, and information now in SCIMS that has most recently updated PLAS. This is a daily report and users have the option to view reports from the past 30 calendar days. The following is an example of the SCIMS-PLAS Update Report’s format.

PLAS				
Case Number	Date	Tran Code	(PLAS) Field	Borrower Information (P=PLAS, S=SCIMS)
XX-XXX-XXXX	XX/XX/XX	4C	NAME/ADDRESS	(P) SMITH, MARIA A 246 ELM HWY MONROE, AL 12345 (S) SMITH, MARIA A 123 COUNTY RD MONROE, AL 12345

Validation Action: Users review each item on the report to verify the accuracy of borrower information. If an error is detected for the information submitted in SCIMS, users shall make the necessary modification in BP. A new TC 4C will then be generated as part of the nightly update process.

D SCIMS-PLAS Discrepancy Report

The SCIMS-PLAS Discrepancy Report lists TC 4C discrepancies that resulted from the previous night’s update. These discrepancies are the same as ADPS discrepancies on PLAS; however, they will **not** appear on ADPS. These discrepancies must be corrected by NFAOC. Users shall contact NFAOC according to paragraph 5 for assistance.

This is a daily report and users have the option to view reports from the past 30 calendar days.

Note: The SCIMS-PLAS Discrepancy Report should generally remain empty.

Farm Business Plan - FSA User Guide (Continued)

A Overview

1 Farm Business Planning

FSA uses the FBP system to perform farm planning and analysis, loan origination and servicing functions, and manage the FLP loan portfolio. This will allow FSA to:

- assist customers in planning their business operations, either online or through traditional business methods
- improve the timeliness and quality of service
- thoroughly analyze credit actions with an improved, yet consistent process
- use accrual analysis, when appropriate, in analyzing credit decisions and preparing plans
- improve loan documentation and compliance with audits
- empower States to proactively manage their loan portfolio by providing access to a data mart of financial information.

Because the FBP system is flexible, there are many ways to deal with different circumstances. This user guide is designed as a starting point to provide overall FSA policy in farm planning and analysis, and discuss policies and business practices FSA has implemented in FBP.

Additional information about actual software usage is available through the online eHelp.

.*-See **Getting Help** (Section L).--*

The term “FBP” is used in the following 2 contexts:

- collecting documents that compose FBP
- the system used to create the document FBP.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

2 System Access and Security

FSA authorized users can access the system using Microsoft Internet Explorer 7.0+ directly through the Internet at https://wem.sc.egov.usda.gov/fem_web_webcaaf.asp or through the FSA Intranet at <http://intranet.fsa.usda.gov/fsa>, under “FSA Applications”:

- CLICK “**Farm Loan Programs Systems**”
- CLICK “**Logon**”
- enter either of the following eAuthentication credentials:
 - *--LincPass (PIV) – preferred method--*
 - user ID and password
- under “Applications”, CLICK “**Farm Business Plan**”.

The authentication and authorization of users is made using USDA’s eAuthentication application. To use FBP, users must have both of the following:

- valid eAuthentication ID and password
- access authorized by the State FBP Coordinator.

Notes: For problems logging in, see Getting Help (Section L).

Do **not** open 2 sessions of Web Equity at the same time as this may cause data corruption.

a User Access to the FBP System

Unless otherwise determined by the FBP Coordinator or FLC, the following employees will be provided with access to FBP after their eAuthentication ID has been obtained:

- FLM’s
- SFLO’s
- FLO’s
- FLOT’s
- FLP technicians
- DD’s
- COR’s
- FLC and staff
- CED’s with loan approval authority.

User access requests, which include “Add”, “Delete”, or “Modify”, must be submitted and processed as follows.

Note: Other FSA employees, such as FP PT’s and CED’s without loan approval authority, who assist in entering data in FBP are strongly encouraged to complete the appropriate Key Concepts from Section B of the FLOT Trainer/Trainee Manual.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

2 System Access and Security (Continued)

a User Access to the FBP System (Continued)

For FSA State Office and Service Center Employees.

- The immediate supervisor or FLM is responsible for completing the following sections on FSA-13-A for all FBP user requests.

*---Part A – User Information

- Item 1 - Place a check mark in the appropriate box.--*
 - Item 2 - Place name in provided field.
 - Item 3 - Examples would be FSA/State Office or FSA/Service Center.
 - Item 4 - Examples would be IA State Office or Harlan IA Service Center.
 - Item 7 - Place a check mark in the appropriate box.
- New Hire - as soon as employee obtains an eAuthentication ID.
- *---Modify Access - as soon as employee notifies supervisor of either of following:
 - employee changes last name
 - employee no longer needs access.

Note: FSA-13-A is no longer needed for a user retiring or leaving FSA employment. ISO will contact FBP Coordinator by e-mail to remove employee from FBP.--*

2 System Access and Security (Continued)

a User Access to the FBP System (Continued)

FLC or FBP Coordinator will:

- *ensure that a completed/signed FSA-13-A has been received before the request to “Add” or “Modify” FBP user access is processed.--*
- process the request for FBP user access according to FBP - State FBP Coordinator User Guide, Section C, User Management
- sign and date in Item 22 to document the action was processed.

22. COMMENTS/JUSTIFICATION Per a-FLP, Exhibit 15, Section A 2 a <div style="border: 2px solid green; padding: 5px; color: red; text-align: center;">Coordinator needs to sign and date</div>

- send the processed FSA-13-A to the SLR, with a request that the form be e-mailed or FAXed to ISO at 877-828-2051
- notify the immediate supervisor and employee when FSA-13-A has been processed
- *--monitor e-mails received from ISO informing FLC’s and FBP Coordinators when an employee has left FSA. Coordinator will respond back to “ALL” on the e-mail informing ISO that user has been removed from the FBP, or that user was not a user in the FBP.

Notes: The ERSR online system cannot be used for FBP access requests.--*

- ISO will send a confirmation e-mail when FSA-13-A is received.

FSA National Office and Other Employees

FSA-13A’s for the National Office, KCMO, contractors, and other employees will be completed by the immediate supervisor and submitted to Pixie Greer, FBP Program Sponsor by e-mail to pixie.greer@wdc.usda.gov or by FAX to 202-690-3573.

Customer access to FBP is **not** currently available.

3 Privacy of Information

All data communications between the client web browser and server, including user ID’s, passwords, and all financial information, is protected by industry standard 128-bit SSL encryption. For more information on eSignatures, see Electronic File Maintenance, Reports, and Signatures (Section B).

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

4 Defaults

Most system defaults are controlled at either the national or State level; however, the following defaults listed may be modified by Service Center users.

a Creditors

Commonly used creditors have been established for each service center and appear as defaults in the customer's balance sheet loan schedules. New creditors can be added to the "Service Center Creditors" list as needed, however changes will only be available in new customers added after the change is made. For existing customers, changes to the creditor list will need to be made in the individual customer's creditor list.

To access the Service Center creditor list:

- CLICK "**Defaults**", "**Creditors**" from the toolbar
- enter the new creditor information; example "Bank of Hope", then CLICK "**Add**".

***--Note:** FSA has already been added as a default; do **not** add a second FSA creditor. Use the established FSA default for all FSA loans.--*

Name	Abbr.	Ours?	Type	ID	City	State/Province	Print on Report Footer

4 Defaults (Continued)

b Crop and Livestock NAICS Codes

Commonly used crop and livestock categories have been established and will appear as defaults on Income/Expense drop-down menus. Users cannot add additional crop or livestock categories to the commonly used list for a Service Center or State; however, users can add additional defaults for individual customers. Additional categories can be added when actual or projected income/expenses are entered on the crop or livestock schedules or when inventories are entered on balance sheet schedules.

*--After accessing the Livestock & Poultry Sales schedule, CLICK “**Description Per Unit Defaults**” in the left corner to add a new category.

The screenshot shows the 'Livestock & Poultry Sales' window with 'Summary' and 'Detail' tabs. In the left sidebar, the link 'Description (NAICS) Per Unit Defaults' is circled. The main area contains a table with columns: Type, Pur/Rsd, #Head, Prch Weight, Calc Basis, Per Unit, Prch, Sale U, Sales Vlt., Calc Basis, and Per Unit. A row is visible with values: ---, ---, 0, ---, 0, ---, 0.

Figure 1

Select the needed category from the “Description” drop-down menu, enter “Type” and “Measure” information, and CLICK “Add”. This category will now be available in the defaults whenever this customer is selected.

The screenshot shows the 'Customer NAICS Livestock' window. It has a table with columns: Description, Type, Measure, Proj. Per U., and Code. A row is visible with values: Livestock-Other-, Buffalo, HD, *, 0, 11299-99. The 'Add' button is circled in the bottom right corner.

5 Adding and Accessing Customers in FBP

The Locator Screen is where the user will manage their list of customer records and is also the first screen that displays when you log in to FBP.

a Adding a New Customer

All customers who submit an application will be added to the FBP. Before attempting to add a new customer to FBP, ensure that the customer and all related entity members have been added in BP, have an “Active” status record, and have not been duplicated.

*--To add a new customer record, CLICK “Add Customer” on the Locator Screen.

Figure 3

--*

Complete the New Customer Setup Screen according to the following:

- “Sample” box – DO NOT check

Figure 4

- enter “Tax ID” of the new customer that **must** match the tax ID that is entered into BP

Note: For FLP, tax ID will usually be described as either of the following:

- “Social Security Number” for individuals
- “Employer Identification Number” for entities.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

5 Adding and Accessing Customers in FBP (Continued)

a Adding a New Customer (Continued)

- “**Location/Dept**” defaults to the location of the user adding the new customer; the location/department is where the customer will receive FLP services

Note: If incorrect, CLICK “**Lookup**” link and select the correct location/department.

- “**Lender Staff**” defaults to the user adding the new customer; if a different user will be servicing the customer’s loans, CLICK “**Lookup**” link and select the correct lender staff
- “**General Information Model**” defaults to “General Information”
- select 1 “**Balance Sheet Model**” from the following:
 - “**Market Value**” is used when the balance sheet is based upon market values; **this option will be selected for the majority of customers**
 - “**Costs Basis**” is used typically for entities who keep records on a cost basis
 - ***--“Personal” is not used for the applicant. Only used** if a second customer record has been added to collect personal financial statements for entity members**--***

Note: New customer records will **not** be added for * * * entity members unless approved by the State FBP Coordinator.

- “**Income/Expense Model**” defaults to “Income & Expense”
- “**Sample**” box – Do not check.

CLICK “**Save & Continue**” to add the new customer.

If a customer record with the same tax ID already exists in the system, the warning “Customer(s) With same Tax ID:” will be displayed. The red “A” or “R” after the customer’s name indicates if the record is located in the “Recycle Bin” or “Archive”. CLICK “**Cancel and Return to Locator**”.

b Accessing an Existing Customer (Continued)

From the customer list, click the appropriate name to access the customer record.

Figure 7b

c Customer Check In/Out

The **optional** “Customer Check In/Out” feature prevents other users from changing information in a specific customer record. If turned on, this feature alerts potential users that the customer record is checked out to another user. This feature may be helpful if a user is working on a loan or servicing request and must exit the customer before completing the request.

Note: Once a user completes the loan or servicing request, the customer must be checked in to allow access by other users.

To complete the “Check Out Customer”:

- on the **Locator Screen**, click on the customer link to open the record
- CLICK “**File**”, then click “**Check Out Customer**”

*--

Figure 7c

--*

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

5 Adding and Accessing Customers in FBP (Continued)

c Customer Check In/Out (Continued)

- a message box displays that confirms this customer has been checked out. CLICK “OK”.

Figure 7d

*--A check mark to the right of the customer record link on the Locator Screen means that the record is checked out to another user.

Figure 7e--*

When users open a customer record that has been checked out by another user, they will only be able to view screens, print reports, and import/copy information. A checked out customer record will maintain that status until the “Check In Customer” function is completed by the user that checked the record out, or by the State FBP Coordinator.

To complete the “Check In Customer”:

- on the **Locator Screen**, click on the customer link to open the record
- CLICK “**File**”, then click “**Check In Customer**”.

Figure 7f

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

6 Navigating FBP

FBP is menu driven. Everything needed to originate, analyze, print, make, and service loans can be accessed using the menu bar. After users select a customer from the Locator Screen, the first screen displayed will contain the full menu bar. Click any menu item and a drop-down menu of available forms or reports will be displayed. Click the individual form or report to open.

Figure 8a

Another way to navigate through FBP is by using the “Dashboard” feature. **CLICK “small chart icon” (“Dashboard”)** on the top of the screen. The “Dashboard” feature provides users with quick and easy access to forms and frequently used reports by clicking 1 of the following tabs:

- “Navigation” provides quick and easy access to forms within the system
- “Balance Sheet Trends” provides quick access to view and print the report
- “I/E Trends” provides quick access to view and print the report
- “Ratios & Indicators” provides quick access to view and print the report
- “Repayment Capacity/Sensitivity” provides quick access to view and print the report.

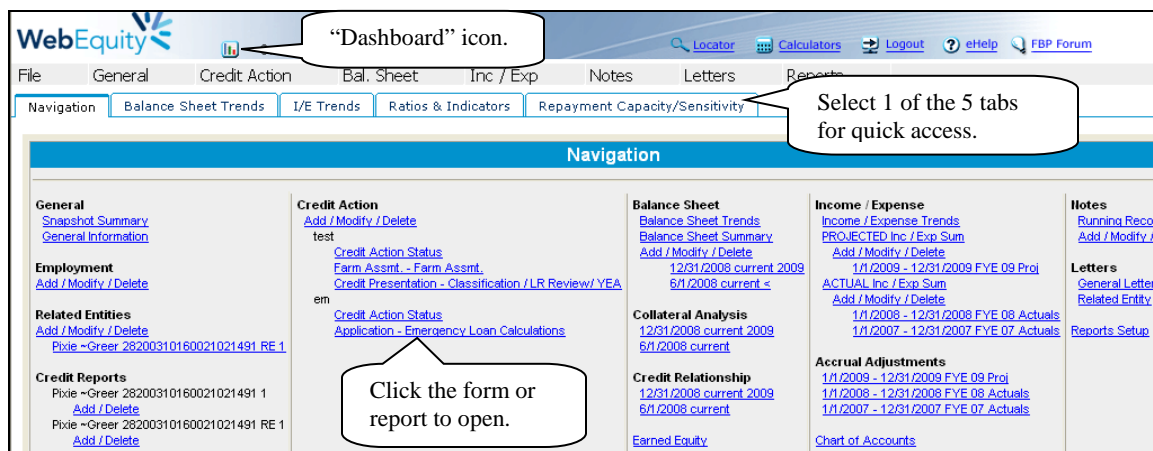

Figure 8b

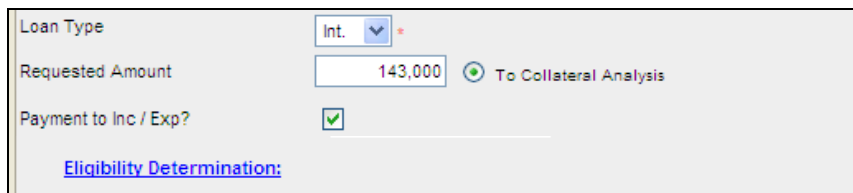

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

6 Navigating FBP (Continued)

a Functionality Features

Most of the data entry in FBP is completed by using text input fields, check boxes, radio buttons, drop-down menus, and hypertext links. Use the “Tab” key to move quickly from field to field.

The screenshot shows a web-based data entry form. It includes a 'Loan Type' dropdown menu with 'Int.' selected, a 'Requested Amount' text input field containing '143,000', and a 'Payment to Inc / Exp?' checkbox which is checked. A green circular icon with a right-pointing arrow is next to the 'Requested Amount' field, with the text 'To Collateral Analysis' next to it. At the bottom of the form, there is a blue hyperlink labeled 'Eligibility Determination:'.

Figure 8c

Some additional functionality features include the following:

- vertical and horizontal “**scroll bars**” that are automatically displayed when the on-screen content is larger than the size of the window it occupies
- because there can be several screens to a customer record, each screen provides users the opportunity to **save** the information before continuing their data entry

Note: There are several types of data saving features as follows:

- “**Save & Stay**“, to save changes while working on the screen
- “**Save & Menu**“, to save user’s work and return the menu bar
- “**Save &** **” to save user’s work and return to the previous screen**
- “**Cancel &** **” to cancel any changes and return to the previous screen**
- “**Cancel**“, to not save changes and refresh page with the original data
- “**Automatic Save**“, to automatically save changes when navigating away from the screen by using the toolbar menu or any hyperlink.

Note: This feature is **only** available on Balance Sheet and Income/Expense Summary Level screens.

Farm Business Plan - FSA User Guide (Continued)

6 Navigating FBP (Continued)

a Functionality Features (Continued)

- **deleting data**; to delete an item, depending on the screen, either:
 - check (✓) the box next to the item you want to delete and CLICK “✗”
 - only CLICK “✗”.

7 Importing/Exporting Data

--WebEquity FBP allows financial customer data, which has been received from lenders and contractors who also use WebEquity, to be imported into a customer's record. In addition, FSA employees can export financial data in a format that allows other lenders and contractors using WebEquity to import the data into their customer records. The data file is created in XML-- format and is contained within a .WEM file. As a security precaution, the system will ensure that only recognized data files are accepted. All other files will be rejected.

a Exporting Files * * *

To export customer data, the customer's record **must** be open within FBP.

- CLICK “**File**” and “**Export Selected Data**”.
- The Select Data to Export Screen will be displayed.
- CLICK “**Uncheck All**” for each section on the screen.
- Use the checkboxes (✓) to select the specific financial data to be exported.

Note: Carefully select and export **only** the data that is needed. Exporting excess data can slow down the export, or cause the system to time out.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

7 Importing/Exporting Data (Continued)

a Exporting Files (Continued)

- Select and enter password information.
- CLICK “Export Selected Data”.

The screenshot shows the 'Select Data to Export' web interface. It includes a 'Password Protect' section with input fields for 'Password' and 'Repeat Password'. Below this is a 'Credit Action' section with a table of checkboxes for various data categories. Callouts are present: '3. CLICK to export selected data.' points to the 'Export Selected Data' link; '2. Select and enter password' points to the password input fields; and '1. CLICK “Uncheck All” and then select specific information to export.' points to the 'Check All / Uncheck All' link.

8 Transfer of Data Within FBP

a Transfers and Assumptions

When an existing or new customer (transferee) applies to assume the existing debt of another FSA customer (transferor), the FSA loan official may determine that the transferor's historical financial records may be used to develop a projection. According to the agency's policy, the records may be imported into the transferee's FBP customer record.

Perform transfers and assumptions according to the following.

- The transferee's customer record must already exist in FBP. If the customer record does not exist, see **Adding a New Customer** (Section A 5 a) to add a new customer record.
- Access the transferee in FBP and CLICK **"File"** and **"Import Selected Data"**.
- On the Select Customer File to Import Screen, select the **"From WebEquity Locator"** radio button and CLICK **"Search Locator"**.

b Change SCIMS Customer

Occasionally, a user may select the incorrect customer from SCIMS as the primary customer in FBP. As soon as it is determined that the record in FBP has the incorrect primary customer, the user may use the “**Change SCIMS Customer**” feature to point the record at the correct customer, as follows.

- on the Locator Screen, access the primary customer’s record
- CLICK “**General**” and “**General Information**” and the General Information Screen will be displayed
- at the bottom of the General Information Screen, CLICK “**Change SCIMS Customer**”
- enter tax ID of the customer that should now be associated with the record and select the ID type.

c Deceased or Released of Liability Borrowers

When the primary customer in FBP, who is jointly liable with another, becomes deceased or is released of liability, the customer record **must** be pointed to the other customer’s SCIMS by using the **Change SCIMS Customer** feature.

For instructions see **Change SCIMS Customer** (Section A 8 b).--*

d Copy Data Between FBP Customer Records

Sometimes it becomes necessary to import or copy financial information from 1 customer record to another. Information can be imported between duplicate records of the same customer or between different customers.

See **Transfers and Assumptions** (Section A 8 a) for instructions on importing information between customer records.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

9 Calculators

Several loan and amortization table calculators are available online. To access calculators, CLICK **“Calculators”** at the top of the screen.

The results of the calculations, which is the amortization table. To print, **right-click** in the pop-up calculator window and CLICK **“Print”** from the menu.

10 Customer Worksheets and Providing Data to FSA

Customers can provide balance sheet or projected and actual income/expense data to FSA with either of the following 2 types of FBP worksheets.

Type of Worksheet	How to Access	Description
FSA-2037 and FSA-2038	<ul style="list-style-type: none"> • USDA eForms web site • FFAS Employee Forms web site 	These worksheets are useful to provide to new customers where existing financial information in FBP is not available, and to place in application packages.
Existing Customer Worksheets	CLICK “Reports” and “Customer Worksheets” .	The existing customer worksheets provide an easy way for customers to supply information needed to complete FBP. These worksheets allow customers to make manual entries and compare to what was entered in the previous year.

Note: Customers may also provide signed balance sheets, actuals, and projections, in alternative formats, provided it contains substantially similar information as the worksheets.

11 Credit Reports

a General Information

Credit Reports for FLP customers should be requested using FBP. Before ordering a **--Credit Report**, a customer record **must** be established in FBP and the General Information**--** Screen needs to be completed. See **General Information** (Section C). Complete the “Related Entities” information, if applicable.

For new customers, on the General Information Screen, CLICK **“Credit Rpt./Elig. Only Act”** as the FBP account type. After the Credit Report is received, if the customer is determined ineligible, complete the eligibility only credit action to document eligibility. Do **not** create a balance sheet or income/expense in FBP. Accounts developed for Credit Reports and eligibility purposes only do **not** count toward FSA’s active FBP accounts.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

11 Credit Reports (Continued)

a General Information (Continued)

If the customer is determined eligible, a balance sheet and income/expense will be completed to document feasibility/security. At this point of the process, the FBP account type on the General Information Screen will automatically change to an “Active Account”.

Exception: For all youth loans, CLICK “**Active Account**” as the FBP account type.

Notes: Do **not** use FBP to order credit reports for FSFL’s.

Do **not** change the FBP account type from “Active Account” to “Credit Rpt./Elig. Only Act” when ordering Credit Reports for subsequent loans.

b Accessing Credit Reports Feature

Access Credit Reports options according to the following.

- Select a customer record.
- CLICK “**General**”, “**Credit Reports**”, and [*name of applicant*]. All applicants needing a Credit Report for an account must be listed as “Related Entities” on the General Information Screen. The primary applicant of the account, as well as the related entities, will be listed on the “Credit Reports” options.
- *--CLICK [*name of applicant*] for which a Credit Report is being requested. The fly-out menu only displays prior Credit Reports without errors or no-hits. **All** prior credit reports can be viewed by clicking on “**Add/Delete**”.

c Ordering Credit Reports for Individuals

Order a Credit Report for an individual according to the following.

- CLICK “**Add/Delete**” for the individual for whom a Credit Report is needed. The Credit Report Information Screen will be displayed with the applicant’s name, address, and tax ID from General Information * * *.
- FBP defaults to a Merged Report, automatically requesting information for the Get New Report from all 3 credit bureaus. Ordering the Merged Report ensures that full and complete information on the applicant’s credit is received.

Note: For individual type accounts, a joint report that includes a spouse can be ordered according to the following.

- The spouse **must** be identified as a “Spouse” and “Co-Applicant” in the “Related Entities” Section on the General Information Screen **before** ordering the report for the primary applicant.
- CLICK “**Yes**” for the “Joint Report” radio button, if applicable. The name and tax ID of the spouse/co-applicant will be displayed.
- CLICK “**GET CREDIT REPORT NOW**”.

Select	REGINA'S BEAUTY SALON	501 FRAZER	ASTON, PA 190143655

Figure 9d

The Credit Report Information Screen will be redisplayed. Click the date to view a copy of the Business Report.

To order Credit Reports for each entity member, they must first be added to the “Related Entities” Section on the General Information Screen. Credit Reports can then be ordered on each individual entity member according to **Ordering Credit Reports for Individuals** (Section A 11 c).

Note: A husband and wife, who are members of an entity, **will** be charged a joint Credit Report fee even though individual Credit Reports will be obtained for each.

e To Print a Report

With the report displayed, **right-click** and CLICK “**Print**”.

f Failed Attempt

On rare occasions, an attempt to pull a Credit Report will not be successful and will generate an error. If an error occurs, the pull process will stop and the screen will be displayed with a cryptic error message. When this happens, it is important to navigate back to the Credit Report Information Screen to investigate the cause of the error.

As displayed on the following screen print, the attempted pull event will display the word “Error” after the pull date. CLICK “**Error**” to see a more descriptive message.

If the message refers to a problem with address information, it is possible that the credit bureau did not recognize the address that was populated here from the General Information Screen.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

11 Credit Reports (Continued)

f Failed Attempt (Continued)

To resolve an address format problem, CLICK “±” above “Joint Report?” and additional address fields will be displayed.

Note: Clicking “±” to display additional address fields is **only** required when requesting consumer bureau reports. The additional address fields are always viewable when requesting business bureau reports.

*--

The screenshot shows the 'Credit Report Information' form. At the top, there are links: 'GET CREDIT REPORT NOW', 'Copy From Locator', and 'Save Only'. Below these are radio buttons for 'Single' and 'Merged' (selected). There are three sections for credit bureaus: Experian, Trans Union, and Equifax, each with a 'Get New Report' button. The form includes fields for Name, Address, Suffix, Joint Report? (Yes/No), Spouse Name, and Tax ID. A callout box points to a '±' icon above the 'Joint Report?' section, stating: 'CLICK “±” to display additional address fields.'

A callout box points to the '5/14/2007 Error' row in the table, stating: 'Click the report link to obtain information about the type of error that was generated.'

Figure 9e

The screenshot shows the 'Credit Report Information' form. At the top, there are links: 'GET CREDIT REPORT NOW', 'Copy From Locator', and 'Save Only' (circled). Below these are radio buttons for 'Single' and 'Merged' (selected). There are three sections for credit bureaus: Experian, Trans Union, and Equifax, each with a 'Get New Report' button. The form includes fields for Name, Address, Suffix, Tax ID, and Joint Report? (Yes/No). A callout box points to a section titled 'Credit Bureaus use a very specific address format. Please enter all applicable data.' which contains fields for House #, R.R., or P.O. Box #, Street Direction, Street Name, Street Type, Address Type, and Apt #. A callout box points to the 'Save Only' link, stating: 'Click the report link to obtain information about the type of error that was generated.'

Figure 9f--*

These additional input fields allow the user to provide the street address in a format that is standard to the credit bureau.

Note: These fields pertain only to the street address, **not** to the city, State, or ZIP Code.

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

11 Credit Reports (Continued)

f Failed Attempt (Continued)

After the address has been re-entered in the fields, CLICK “**GET CREDIT REPORT NOW**” to obtain the report. If this does not resolve the error, or if the original error does not refer to an address issue, contact the State FBP Coordinators.

Note: The additional information provided in the Credit Report address fields will be stored on the Credit Report Information Screen. After the initial Credit Report is pulled, the address will **not** repopulate from General Information on any subsequent visits to the Credit Report Information Screen.

If the borrower does have a change of address, the new address will need to be entered in the fields and saved by clicking “Save Only”. This pertains only to the street address or post office box information, **not** to the name, tax ID, city, State, or ZIP Code.

--Changes to the name, tax ID, city, State, and ZIP Code should be entered in BP and will-- repopulate FBP each time the Credit Report Information Screen is accessed.

g Error Messages

Occasionally, reports may display an error message in the upper-left corner of the report, as follows.

- “Time Out Error” message may occur for several reasons, including lag-time on the Internet. This is considered an error and FSA will not be charged for the report. A second report will need to be pulled within 24 hours to prevent duplicate hits from registering with the bureau against the customer.

i Copy from Locator

“Copy from Locator” is used to copy Credit Reports from an existing customer or related entity into another customer record with the same “tax ID”.

Example: New customer record was created and a Credit Report was ordered. Subsequently, the customer was added as a related entity to another customer’s record. The Credit Report could be copied into the new customer record using the “Copy from Locator” option.

Notes: Only Credit Reports less than 60 calendar days old are available for copying.

--If report contains a no-hit or error message, it is not available to copy.--

j Notes and Deleting Reports

There is a NotePad attached to each Credit Report date that will allow users to enter additional notes and messages about that report. To access the NotePad, CLICK “**General**”, “**Credit Reports**”, *[name of customer]*, and “**Add/Delete**”. On the Credit Report Information Screen, under “Existing Reports”, CLICK “**Notes**”.

Note: Credit Reports will **not** be deleted from FBP.

k Reading the Credit Report

A Credit Report is divided into sections, starting with the header. In each section, all of the possible fields that could be returned will be included on the report.

Example of Header Section

PROVIDED FOR Toontown Credit Services 1123 Disney Ave Toontown, CA 90010 210.555.1212	MicroMerge Credit Profile Reported: 04/27/05 SOURCES <input checked="" type="checkbox"/> EQUIFAX <input checked="" type="checkbox"/> EXPERIAN <input checked="" type="checkbox"/> TRANS UNION
--	--

The “Header” Section will display the company that requested the report, date the report was created, and the list of bureau sources for the report requested.

Example of Application Data Section

Farm Business Plan - FSA User Guide (Continued)

A Overview (Continued)

11 Credit Reports (Continued)

l When Mortgage and Commercial Credit Reports Are Not Acceptable

See 1-FLP, subparagraph 48 G.

m When the Applicant Disputes Information on the Credit Report

--See 1-FLP, subparagraph 48 G.--

B Electronic File Maintenance, Reports, and Signatures

1 Customer Record

All electronic information stored within FBP is considered part of the customer file and record as if it were in written form.

2 Running Record

The “Notes”, “Running Record” feature of FBP will be used to record all comments or notes that would have traditionally been written in the paper-based file. All e-mail correspondence will also be included into the running record. Users should copy and paste only the final e-mail string as this will save time and space in the running record.

Exceptions are:

- comments or notes from customers that:
 - have never been added to FBP
 - no longer have a credit relationship with FSA

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

2 Running Record (Continued)

- *--narratives and comments about loan making or servicing actions that **must** be documented in:

- the applicable FBP Credit Presentation
- footnotes or comment notepads

Note: The Credit Presentation is designed to encompass the entire loan narrative and analysis documentation of loan making or servicing actions. Therefore, it is **not** expected that the “Notes”, “Running Record” will be used to store narrative comments about a loan making or servicing action when a Credit Presentation is prepared.

- comments and entries that are exempt from disclosure according to FOIA, see **FOIA Running Record** (Section B 2 a).

Note: No running records will be deleted from FBP.

A new Running Record will be created for each calendar year. CLICK “Notes”, “Running Record”, “Add/Modify/Delete”, and type the description in the “Note Title/Description” box; for example, “2016 Running Record” and then CLICK “Add”.

The screenshot shows a web interface titled "Notes". At the top, there is a header "Note Title / Description". Below this, there is a text input field containing "2016 Running Record" and an "Add" button. Below the input field, there are two buttons: "Save & Stay" and "Save & Menu". Below these buttons, there is a list of existing running records for 2013, 2014, and 2015. Each record has a checkbox, a text input field, and three links: "View", "Duplicate", and "Lock".

Figure 10a

The most recent entries will be made at the top of the page with the date, initials, and comments of the user.

The screenshot shows a web interface titled "2015 Running record". At the top, there is a header "2015 Running record". Below this, there are three buttons: "Save & Stay", "Save & Menu", and "Printable View". Below these buttons, there is a text input field containing "2-14-15 PG - FV/Security check at B's farm." and another text input field containing "1-17-15 PG - Office visit with B to review actuals and prepare new plan for 2015." Below the text input fields, there is a list of entries with dates, initials, and comments.

Figure 10b

--*

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

2 Running Record (Continued)

*--a Locking the Running Record

Running records will be locked at the end of each calendar year to prevent further modification of the data. To lock the running record, CLICK “**Notes**” “**Add/Modify/Delete**”. The lock link can be found to the right of the selected running record.--*

b FOIA Running Record

All comments and entries that are exempt from disclosure according to FOIA should be documented in a running record separate from the customer's standard running record. To create the new running record, CLICK “**Notes**” and “**Add/Modify/Delete**”. The suggested Note Title/Description of the new running record should be “FOIA Running Record” or something similar.

c Printing Running Records

Running case records will only be printed and placed in the County Office file under the following circumstances and should always be printed using the “Print Manager” option:

- preparation for NAD appeals
- preparation for civil and criminal inquiries, investigations, audits, and litigations in conjunction with OIG, OGC, OCR, and GAO.

d Copying From Word Documents

Microsoft Word applies special formatting to word documents so that the text appears correctly. When copying to a WordPad in FBP, the text must be stripped of the formatting for the text to print correctly using the Microsoft Reporting Service (MRS) feature.

Copy text from Microsoft Word to the WordPad located in “Notes” according to the following:

- highlight desired text in MS Word
- copy and paste in the appropriate WordPad block
- CLICK “**Word**” icon on the right side of the WordPad.

Figure 10c

Note: Bolding, tables, and bullet points will be removed during the “cleaning” process.

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

*--3 Footnotes and Comments

Footnotes are narrative comments which can be added in the WordPad block located at the bottom of the balance sheet, income and expense summary, and other documents. To display and print correctly, Arial 10 is the recommended font for footnotes.--*

Comment NotePads provide the capability to add comments on the balance sheet or income and expense schedules, as well as other areas of the applications. What looks like a small piece of paper next to a field indicates that comments can be entered in small text boxes after the indicator is clicked. After entering a comment, this same indicator will look like a sheet of paper with writing. The information entered in the text boxes will be saved and linked to the respective field.

a Printing Footnotes and Comments

To print footnotes and/or comments on a selected report, CLICK “**Reports**” and the “**Print Manager**” or “**Reports Setup**” options will be displayed, as follows.

Figure 11a

Option 1: If users click “**Print Manager**” and click the “**Report Options**” tab, users can add comments or footnotes using the “**Comments**” or “**Footers**” drop-down menus. If users click “**Comments**”, the following “**Comments**” section will be displayed. CHECK (✓) the appropriate boxes to select the reports.

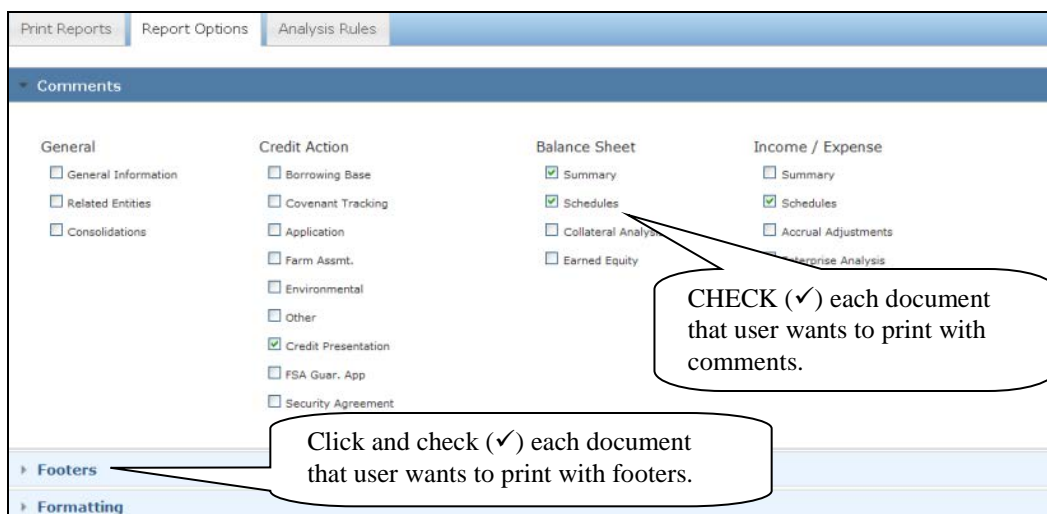

Figure 11b, Using “Print Manager”

4 Reports and Forms – Signature and Filing Requirements

*--a Report Packages

The **Report Package** feature in FBP provides users several options for packaging and printing reports, as follows.

- Accessing and printing report packages that have been created by the State Office.
- Creating Service Center Report Packages that will be available for all users within that location.
- Creating User Report Packages that will only be available to that user.
- Selecting multiple reports in an individual customer for printing.

1 State Office Report Packages

Reports created by the State Office are available for all users in the State. Reports are located on the “**Print Reports**” tab and can be accessed under the “Available Reports” column by clicking the arrow next to “**Location Packages**”.

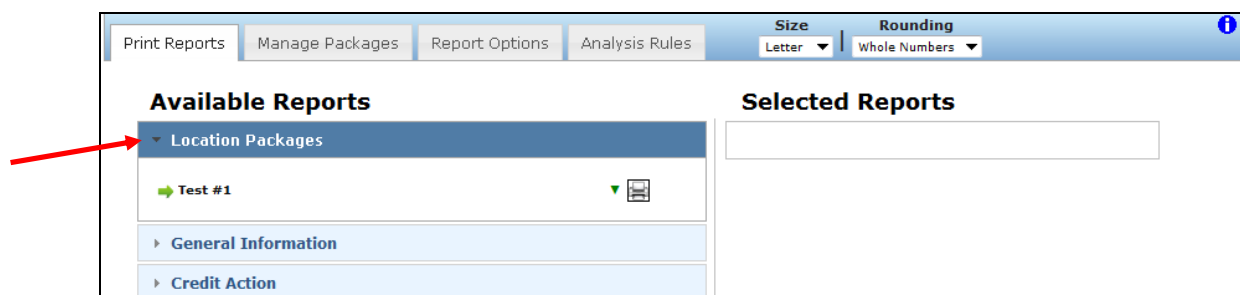

Figure 11d, Location Packages--*

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

4 Reports and Forms – Signature and Filing Requirements (Continued)

*--a Report Packages (Continued)

1 State Office Report Packages (Continued)

CLICK “**Up Arrow**” next to the “Printer” icon to hide the contents of the package and the arrow will be displayed as a down arrow. CLICK “**Down Arrow**” next to the “Printer” icon to view the contents of the package.

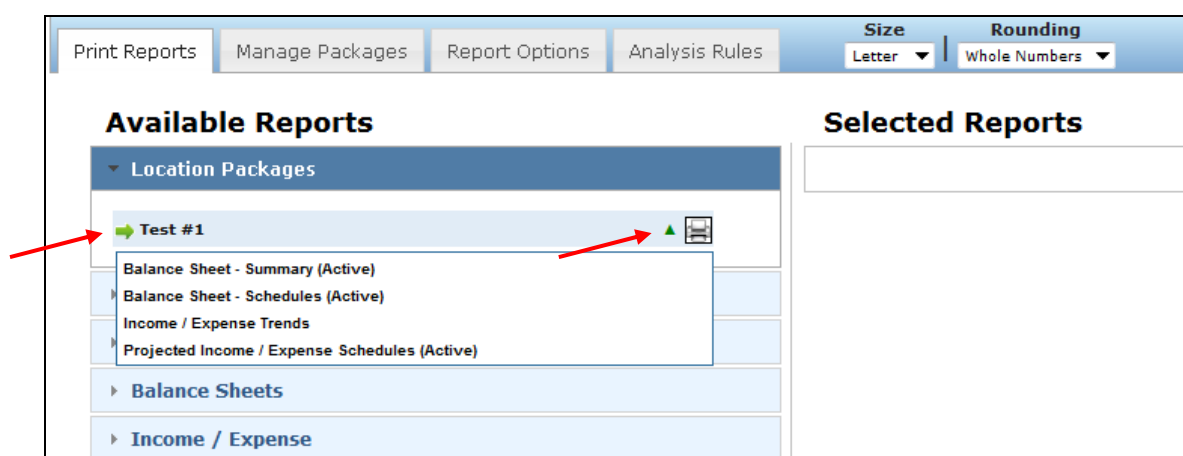

Figure 11e, View Package Reports

To print the report package, under “Location Packages”, next to the report title, CLICK “**Green Arrow**” to automatically move the report from the “**Available Reports**” column to the “**Selected Reports**” column. The “Green Arrow” will be displayed as a blue checkmark “✓” after the move to indicate the selection is no longer available.

Note: Only reports with a “Green Arrow” displayed can be moved to the “Selected Reports” column.--*

1 State Office Report Packages (Continued)

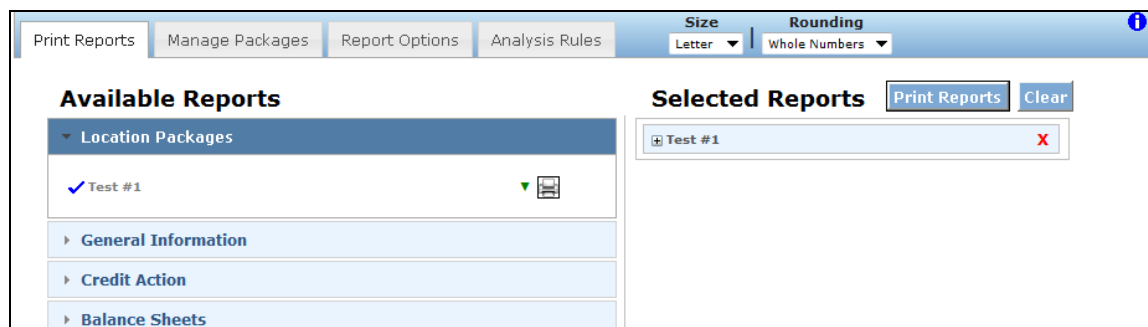

Figure 11f, Add to Selected Reports

Additional reports can be added to the “**Selected Reports**” column and printed at the same time. The following options are available in the “**Selected Reports**” column:

- click within the list to drag-and-drop a selection to rearrange the order of the reports
- CLICK “X” (red) to delete a selection from “**Selected Reports**” column and return the selection to the “**Available Reports**” column
- CLICK “**Print Reports**” to generate the selection in ReportViewer
- CLICK “**Clear**” to remove all reports from the column
- to the left of the report title, CLICK “+” to see the reports included within a package.

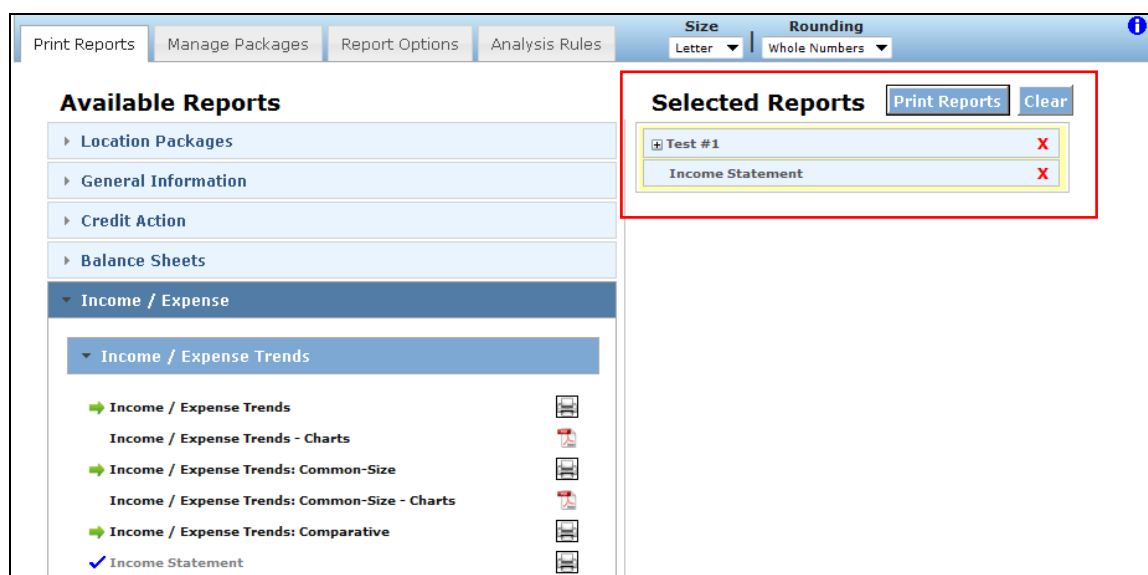

Figure 11g, Selected Reports Options--*

*--a Report Packages (Continued)

2 Service Center Report Packages

When created, Service Center Report Packages are available for all users at that location. To create a report, from the Locator, do the following:

- CLICK “Defaults”, “Report Setup”, “Manage Packages”

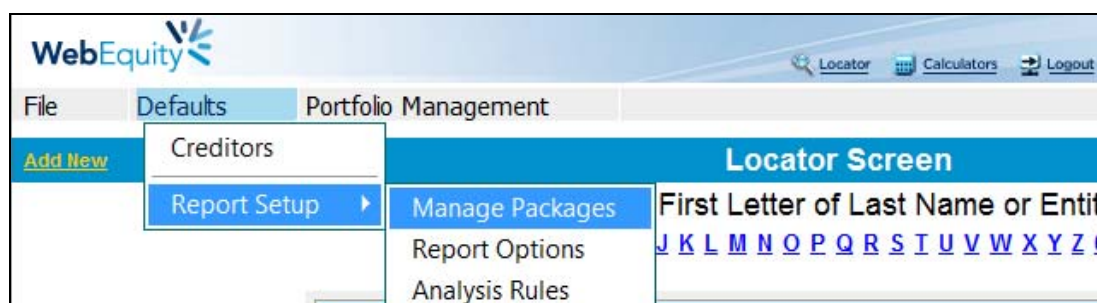

Figure 11h, Access Manage Packages

- CLICK “Manage Packages” tab
- CLICK “New”
- in the “Package Name” block, type the title for the new report package.

Figure 11i, Adding a New User Package--*

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

4 Reports and Forms – Signature and Filing Requirements (Continued)

*--a Report Packages (Continued)

2 Service Center Report Packages (Continued)

A package can consist of 1 to 50 reports. To select the reports to include in a package:

- only reports with a green arrow can be moved to the “Selected Reports” column
- CLICK “**Green Arrow**” to automatically move the report from the “**Available Reports**” column to the “**Selected Reports**” column

Note: The “Green Arrow” will be displayed as a blue checkmark “✓” after the move to indicate the selection is no longer available.

- CLICK “**Save**” and the new report package will be displayed in the “**Report Package**” list
- CLICK “**Edit**” to change the package contents
- to remove a report from a package, CLICK “**X**” (red)
- CLICK “**Delete**” to remove the entire package.

Note: When selecting Balance Sheets and Income/Expense reports, options include:

- “Active” that references the last report accessed by the user
- “Most Recent” that references the last report created in the system.

Figure 11j, Creating User Package--*

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

4 Reports and Forms – Signature and Filing Requirements (Continued)

*--a Report Packages (Continued)

2 Service Center Report Packages (Continued)

After user clicks “**Save**” for the final time, the **Service Center Report Package** will be available on the “Print Reports” tab, under the “Available Reports” column, from the “**Location Packages**” list. Report can be printed by moving it to “**Selected Reports**” column.

Figure 11k1, Location Packages

3 User Report Package

A **User Report Package** is only available to the user that created the package. To create a report, select a customer record, then from the toolbar:

- CLICK “**Reports**”, “**Print Manager**”
- CLICK “**Manage Packages**” tab
- CLICK “**New**”
- in the “**Package Name**” block, type the title for the new report package.

4 Reports and Forms – Signature and Filing Requirements (Continued)

c Reports and Signature Requirements

The following table provides a list of forms or reports with signature, locking, and printing requirements.

Report or Form Name	Customer Signature Required <u>1/</u>	FSA Signature Required <u>1/</u>	Must be Locked	Report Must be Printed <u>2/</u>
Balance Sheet Summary	Yes	No	Yes	Yes
Balance Sheet Schedules	No	No	N/A	Yes
Income & Expense Trends	Yes	No	N/A	Yes
Projected Income & Expense Schedules	No	No	N/A	Yes
Income & Expense Summaries	No	No	Yes	See Cash Flow Reports
Projected Annual Cash Flow	Optional	No	N/A	Optional
Monthly Cash Flow	Optional	No	N/A	Optional
Production Trends	No	No	N/A	Optional
Farm Assessment	Yes	Yes	Yes	Yes
Credit Presentations	No	Yes, eSigned.	Yes, see Locking Credit Action Forms (Section J 3).	Optional, except for FSFL
Eligibility Only	No	Yes, eSigned.	Yes	Optional
DALR\$ Input Report	No	Yes, eSigned.	Yes	Optional
--Environmental Screening Worksheet (FSA-850)--	No	Yes, eSigned.	Yes	Optional
Emergency Loan Calculations (FSA-2311A)	No	Yes, eSigned.	Yes	Optional
Security Agreement	Yes	No	No	Yes
Chattel Appraisal	No	Yes or notation made in the Credit Presentation. See Credit Actions, “Collateral” (Section J 7 b).	N/A	Optional

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

4 Reports and Forms – Signature and Filing Requirements (Continued)

c Reports and Signature Requirements (Continued)

Report or Form Name	Customer Signature Required <u>1/</u>	FSA Signature Required <u>1/</u>	Must be Locked	Report Must be Printed <u>2/</u>
Analysis Reports & Charts	No	No	N/A	Optional
Running Record	No	No	Yes	Optional, see Running Record (Section B 2).

1/ The term “Signature” includes “eSignature”, if available.

2/ When the printing of certain credit actions and reports is optional, the electronic versions stored in FBP are considered to be the equivalent of a paper version for all purposes, including source documents for ADPS and DLS transactions.

Note: When a loan approval decision is made, the case file **must** contain the Assessment, Balance Sheet Summary, and Income & Expense Trends on which the decision was based. These 3 documents **must** be signed by the applicant.

d Reports Setup

There are many options to control the appearance of reports and what records are included in the generated analysis. Up to 6 balance sheets and 6 projections/actuals can be included in reports. Options selected will affect what balance sheets and projections/actual are available or “will be used” in credit actions. Changes to the report order can be made on either the Reports Setup or Balance Sheet Trends & Income/Expense Trends Manager Screens.

Reports should be set-up from left to right with the most current to least current information, *--respectively. Reports will need to be updated to display information needed for the current action taking place. At a minimum, the following will be included:--*

- income/expenses:
 - Column 1, current year * * *
 - Columns 2 through 4, preceding years using actual history, if available
 - Columns 5 and 6, may be used as needed

*--**Notes:** When completing a Direct Loan Servicing action, refer to **Direct Loan Servicing** (Section E2) for “Report Setup” instructions.--*

The loan official will select which years are most relevant to include in the average by checking the box above the year on either the Reports Setup or Income/Expense Trends Screen.

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

4 Reports and Forms – Signature and Filing Requirements (Continued)

d Reports Setup (Continued)

- balance sheets:
 - Column 1, current * * *
 - Columns 2 through 4, preceding years
 - Columns 5 and 6 may be used as needed, for example Post Close

***--Note:** When completing a Direct Loan Servicing action, refer to **Direct Loan Servicing** (Section E2) for “Report Setup” instructions.--*

The options displayed on the Reports Setup Screen and the “Print Manager”, “Analysis Rules” tab will automatically default to the National Office recommendations. CLICK “**Value Farm Prod**” or “**Gross Revenues**” radio button for the values to be used in all ratios.

By selecting options from the “Balance Sheet Columns” section, users can establish 2 columns to show comparisons of 2 types of calculations. See **When Customer and FSA Balance Sheet Values/Amounts Differ** (Section D 6) for more information.

Notes: The “Agriculture” check (✓) boxes should **not** be changed.

Any changes made to either the Reports Setup Screen or the “Print Manager”, “Analysis Rules” tab will automatically reflect on the other.

d Reports Setup (Continued)

The screenshot displays the 'Print Manager', 'Analysis Rules' tab. The interface is divided into several sections:

- Print Reports**: A tab at the top left.
- Report Options**: A tab at the top center.
- Analysis Rules**: The active tab, showing various report options and analysis rules.

Key sections and options include:

- Balance Sheet Columns**: A section with three columns: Secondary, Primary, and Customer Input Worksheet. Each column has radio buttons for Value, Adjusted Value, Cost, and None. The 'Value' option is selected for all three columns.
- Average / Variance**: A section with radio buttons for Left and Right, and checkboxes for Do not display Variance and Do not display Average.
- Statement of Cash Flows / Statement of Owner Equity Based On:**: A section with radio buttons for Market Value BS / Cash IE and Basis BS / Accrual IE.
- Balance Sheet Analysis Based On:**: A section with checkboxes for Agriculture, Commercial, and Personal. The 'Agriculture' checkbox is checked.
- Income / Expense Analysis Based On:**: A section with checkboxes for Agriculture, Commercial, and Personal. The 'Agriculture' checkbox is checked.
- Agriculture Ratios Based On:**: A section with radio buttons for Gross Revenues and Value Farm Production. The 'Value Farm Production' option is selected.
- Growth Ratios**: A section with radio buttons for By Trends Order and By Complete Year.

Callout boxes highlight specific features:

- A red box highlights the 'Balance Sheet Columns' section.
- A callout box points to the 'Do not change.' text.
- A callout box points to the 'Value Farm Prod.' option.

Figure 11n, "Print Manager", "Analysis Rules" Tab

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

5 eSignature Policy

The electronic signatures (“eSigned”) used for some documents complies with the Federal ESIGN act. An eSignature involves electronically authenticating the user, and using an unalterable signature that contains a date and time stamp.

FSA considers a locked eSignature within FBP to be the equivalent of a written signature.

Important: **Never share user eAuthentication passwords With anyone.** The eAuthentication user ID and password combination represents an eSignature, which is equivalent to a written signature. Sharing of the password has the same effect as authorizing someone else to sign your name. Users are responsible for maintaining the authenticity of their own credentials.

See **System Access and Security** (Section A 2) for more information on system access and security.

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

6 Maintaining FBP Customer Records

a Moving FBP Customer Records to the Recycle Bin

When a customer record no longer has a credit relationship with FSA, the record should be removed from the Locator Screen. **Before** removing the customer from the Locator Screen, change the information in the Credit Relationship Status field on the General Information Screen. Remove customer records as follows:

- access the General Information Screen in the customer record:
 - remove all information from the “Credit Relationship Status” field
 - enter an account description and date, such as “Paid in Full, XX/XX/XXXX”, “Application Rejected, XX/XX/XXXX”
 - from the Locator Screen:
 - select the record to be moved to the recycle bin by checking (✓) the box in front of the name
- Note:** Individual or multiple records may be moved at 1 time.
- *--CLICK “Send To” located above the list of names--*
 - verify the radio button for “Recycle Bin” is clicked
 - CLICK “Send”.

Note: Do **not** click the “Archive” radio button.

b Moving FBP Duplicate Customer Records to the Recycle Bin

Duplicate customer records shall not reside in the FBP active database. These records will be labeled “Duplicate File, XX/XX/XXXX” in the “Credit Relationship Status” field on the General Information Screen. Remove the account from the Locator Screen according to **Moving FBP Customer Accounts to the Recycle Bin** (Section B 6 a).

Farm Business Plan - FSA User Guide (Continued)

C General Information

General Information includes basic information about the customer, borrower training, employment, associated persons or entities, and farm assessment details.

The following information is populated from SCIMS:

- entity type
- name, address, city, State, ZIP+4
- tax ID
- e-mail, phone number, FAX, and date of birth.

Data that is populated from SCIMS **cannot** be changed within FBP. Each time a customer record is selected, the relevant SCIMS data is transferred to General Information. Any changes to this data ***--must be made in BP, not in FBP.--***

Enter the following on the General Information Screen. There are 4 **required** fields that must be completed before exiting the General Information Screen.

Field	Notes
Credit Relationship Status	Each State may provide guidance on using the field. Entries may be text or numerical, but will not contain "SS#" or "TaxID#". When a customer no longer has a credit relationship with FSA, the field will be completed according to Maintaining FBP Customer Records (Section B 6).
Type of Operation – Primary	Required. Select the customer's predominant agricultural enterprise. Use best available information for FSFL customers. Click " Select " and choose from the list in the pop-up menu.
County	Optional. Enter the customer's county of residence.
FBP Account Type	Required. Click the link to select 1 of the following FBP account types. <ul style="list-style-type: none"> • "Active Account" will be selected for the majority of customers. Note: Select "Active Account" for all Youth Loans. • "Credit Rpt. /Elig. Only Act" is only selected for new customers when ordering a Credit Report or when completing a "D-Loan/Eligibility Only" credit action. If BS or IE information is subsequently added, the "FBP Account Type" will automatically change to "Active Account". Note: Do not select the "Credit Rpt. /Elig. Only Act" account type if BS or IE information has already been added to the customer's account. • "Special Classification Act" is selected for customers with only CNC or Judgment accounts • "Guaranteed Loan Import" is used to identify files imported from guaranteed lenders. • "FSFL Only" is selected for customers with only FSFL's.
D&B D-U-N-S# / Experian File #	Optional.
Borrower Type	Required. Use the radio buttons to select "Direct", "Guaranteed", or "Both" to designate the customer's FLP assistance. Use the "Direct" radio button to designate customers with FSFL's.
Year Started Farming	Required. Use the drop-down menu to indicate the year the customer started farming. For FSFL customers, if the year is unknown use the year the application is submitted.

Farm Business Plan - FSA User Guide (Continued)

C General Information (Continued)

1 Borrower Training

When a new Credit Presentation is prepared for existing customers, the date borrower training is to be or was completed or waived should be entered and/or updated. For new customers, enter the applicable dates when known.

Caution: Borrower training dates should **always** be entered into General Information. The Credit Presentation is updated from General Information; changing the dates in other parts of FBP will **not** change the information in General Information.

2 Related Entities

All related entities associated with the customer should be added to FBP, and include spouses, co-applicants, co-owners of the business, co-signors, and any other entities of which the customer is a member or owner. The related entity information will flow to other documents within FBP and can be used to pull credit reports. There are 2 options available, however Related Entities **will** be added to the General Information Screen from SCIMS if available.

Option 1: Add the related entity from SCIMS. All persons or entity members must be active in BP **before** being entered as a related entity. This is the recommended option as all personal information will be automatically updated whenever the customer is accessed.

- CLICK “**Related Entities**” link.
- Complete Related Entity Setup Screen, CLICK “**Save & Continue**”.

3 Employment Information

To add employment information for the primary customer and each related entity member, CLICK “**Employment**” link. Employment information should be added or updated whenever a Credit Presentation is prepared.

Note: Employment information added for entity members will **not** be displayed on the General Information Screen; however, it will display in the “Employment Information” Section of any Credit Presentation that is prepared.

4 Lender Information

a Lender Staff

Each customer should have 1 or more FSA loan officials designated as the customer’s lender. This item is informational and will assist in preparing reports and future loan servicing functions. It will usually be the primary FSA loan official who services the account, which is FLM, SFLO, or FLO. There is **no** limit to number of lenders identified with each account.

- **For new customers.** The user adding a new customer will automatically be displayed as the lender staff. To change the lender staff, on the General Information Screen, CLICK “**Lender Staff**” and “**Add New**”.

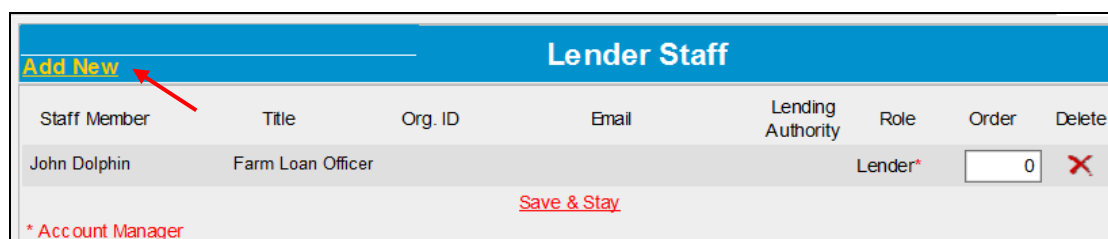

Farm Business Plan - FSA User Guide (Continued)

b Location/Department

The “Location/Department” on the General Information Screen is the Service Center where the customer currently receives FLP services.

- When a new customer is added, the “Location/Department” defaults to the Service Center location of the user adding the customer. If the location is **not** correct, it should be changed. CLICK “**Location/Department**” link and select the correct Service Center from the drop-down menu.
- “Restricted” location, visible only to administrative users, is reserved for employee relationship and sensitive accounts. After an account has its location designated as “Restricted”, only FLC, FBP Coordinator, and employees specifically designated by the FBP Coordinator as the customer’s “Lender Staff” can access the account.

c Special Handling of Employee Relationship Records

Any existing or new customer defined according to 3-PM, paragraph 141, as an FSA employee, or related to or closely associated with an FSA employee, will have their location/department designated as “Restricted”.

For new customers, the Service Center **must** immediately notify the FBP Coordinator after receiving an application and provide the applicant’s tax ID. Unless otherwise determined by FLC, the FBP Coordinator will:

- create the customer record
- designate the customer’s “Location/Department” as “Restricted”
- add the necessary FLP employees to the customer’s lender staff
- notify the designated Service Center when the record is created and restricted.

For existing customers, the FBP Coordinator will place FSA employee or employee relationship records into the restricted area. In addition, the lender staff designated by SED or DD to service this record will be associated by the FBP Coordinator as the customers’ “Lender Staff”.

Farm Business Plan - FSA User Guide (Continued)

C General Information (Continued)

5 Farm Assessment Information

Initial farm assessments and updates must always be entered on the General Information Screen. Farm assessments do **not** document loan feasibility. The farm assessment is intended to summarize and describe the operational business, resources, and assets of the business. It should not duplicate those areas addressed in the Credit presentation.

Provide information and make changes in each element of the assessment using the WordPads, text boxes, check boxes, radio buttons and drop down-menu to select the appropriate date below each topic, as needed. Text font size should not exceed 10 pt, to ensure that the assessment will print correctly.

The Term Limits Screen will be completed each time an assessment is completed or updated.

*--

<p>Term Limits - Under current laws and regulations, there is a limit to the number of years that a FSA borrower is eligible to receive FSA direct loans. You may receive a direct Farm Ownership (FO) loan if you have not had a direct FO outstanding for more than 10 calendar years. You may receive a direct Operating loan (OL) if you have received a direct OL in no more than 7 calendar years, or as long as you are a Beginning Farmer (you have not operated a farm for more than 10 years).</p> <p>Our records indicate that you:</p>	
1.	<input type="checkbox"/> Are receiving your first FO and have 10 years of total FO eligibility as it solely relates to term limits.
2.	<input type="checkbox"/> Have received FOs for:
Number of years outstanding	<input type="text"/>
Number of years remaining	<input type="text"/>
3.	<input type="checkbox"/> Have no remaining eligible years due to FO term limits.
4.	<input type="checkbox"/> Are a Beginning Farmer and have received OLs (including this one) for:
Number of years received as a Beginning Farmer	<input type="text"/>
Number of years remaining as a Beginning Farmer	<input type="text"/>
5.	<input type="checkbox"/> Are receiving your first OL and have 6 additional years in which you may close an OL. (The years may be non-consecutive and you may close more than one OL in each year).
6.	<input type="checkbox"/> Have received OLs for:
Number of years received	<input type="text"/>
Number of years remaining	<input type="text"/>
<p>FSA may grant you a 1-time waiver of the direct OL limitation for 2 years on a case-by-case basis if certain conditions are met.</p>	
7.	<input type="checkbox"/> Have no remaining eligible years due to OL term limits.
8.	<input type="checkbox"/> Are receiving a loan not subject to term limits (CL; ML to Beginning or Veteran Farmer; YL; or farming land subject to tribal jurisdiction).

a New Customers

See 1-FLP, paragraph 222 for instructions on the documentation required for an initial assessment.

b Assessment Review and Updates

See 1-FLP, paragraph 223 for instructions on the documentation required for updates to the assessment.

Note: Farm assessments, if completed or updated, will be printed, signed, and dated by the customer to acknowledge participating in completing the document.

Farm Business Plan - FSA User Guide (Continued)

C General Information (Continued)

5 Farm Assessment Information (Continued)

See **Credit Actions** (Section J) for information on printing, locking, and associating a farm assessment update with a Credit Presentation. The following is an example of a farm assessment workflow.

Note: Assessment must be “Save & Updated” in a Credit Action for the date to transfer to the Customer Profile Screen in DLS. A credit action need only be created; the Credit Presentation does not have to be approved.

c Copying Data Into WordPad

See **Copying Data Into WordPad** (Section J 3 b) for instructions on copying Word or Excel information into the Assessment WordPad.

6 Change General Information Model

On the General Information Screen, when updating the assessment information, always ensure that the most current General Information model is displayed.

New customers added to FBP will automatically have the most current General Information model displayed. Existing customers will need to have the General Information model changed, if a red alert is displayed in the upper-left corner of the General Information Screen stating, “**Default Model changed**”.

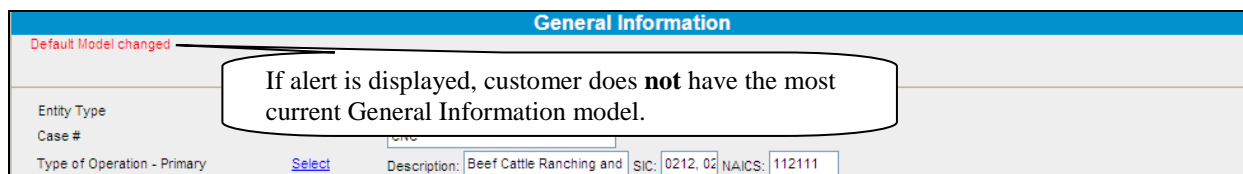

Figure 12a, Alert Message “Default Model changed”

6 Change General Information Model (Continued)

Change the General Information model on existing customers as follows:

- select the customer account record
- CLICK “General”
- CLICK “Related Entities” from drop-down menu
- from fly-out menu, CLICK “Add/Modify/Delete”

Figure 13a

- CLICK “General Information” for the applicable customer’s name

Figure 13b

- the “Change General Information Model” box will be displayed
- use the drop-down arrow and select “General Information”
- CLICK “Change”
- the New General Information model will be displayed.

Figure 13c

Farm Business Plan - FSA User Guide (Continued)

D Balance Sheet

A balance sheet is a financial statement that reflects the values of an individual or entities assets, liabilities and capital at a specific point in time. Balance sheets can be created for a current date, future date, or even a previous date, if necessary, to reconstruct a customer's historical financial position. Obtaining balance sheets at the end of each business year is preferable, if possible.

There is no limit to the number of balance sheets that can be created or maintained in FBP.

Notes: The source or basis of the assets and liabilities must be fully documented in the schedules, footnotes, or comment notepads.

There is no limit to the number of balance sheets that can be created or maintained in FBP.

The balance sheet summary **must be** printed and signed by the customer for all loan making and servicing actions.

1 Types of Balance Sheets

A meaningful description, such as "FYE 12/31/16" or "After eDALR\$ 2016", should be used when a balance sheet is created. The description becomes especially important in years where multiple balance sheets are created and will appear on all reports.

Type of Balance Sheet	Additional Details
Current	A balance sheet prepared as of the current date. It is generally a snap-shot of the customer's assets and debts as of a certain date. This is the balance sheet that will be used for the collateral analysis.
Post-Close	<p>A balance sheet prepared assuming that the planned loan making or loan servicing action has just taken place.</p> <ul style="list-style-type: none"> • The credit action does not have to be closed before a post-close balance sheet is created. •*--Will be used to classify the account and may be used to complete the Security Agreement.--* <p>A post-close balance sheet must be completed for the following credit actions:</p> <ul style="list-style-type: none"> • D-Loan Making (for Term Loans and combination Term and AOL, excludes Youth Loans) • D-Loan Regular Servicing • D-Loan Special Servicing • Microloan (for term loans and combination term and annual operating loans).
Pro-Forma	A balance sheet prepared assuming that the projected income/expenses have occurred during the plan period. A pro-forma balance sheet can be prepared to analyze what a customer's financial position would be in the future, i.e. after a 1 year period.

Farm Business Plan - FSA User Guide (Continued)

D Balance Sheet (Continued)

2 Adding New Balance Sheets

*--To add a new balance sheet, CLICK “**Bal. Sheet**” on the toolbar. A balance sheet may be added using either the “Trends Manager” or “Add Balance Sheet” option selected from the drop-down menu.

Option 1: CLICK “**Trends Manager**” to access the Balance Sheet & Income/Expense Trends Manager Screen. “Trends Manager” may also be accessed through the Dashboard Navigation Screen.

Figure 14a, Balance Sheet Trends Manager Using the Toolbar

To add a new balance sheet report, in a column CLICK “**Create New**” link in an empty cell. Any changes made to the selection and the order of the reports will be reflected on the Reports Setup Screen. To create a report that would be available to add to the Reports Setup Screen at a later date, click the link found under the “Balance Sheet” tab.

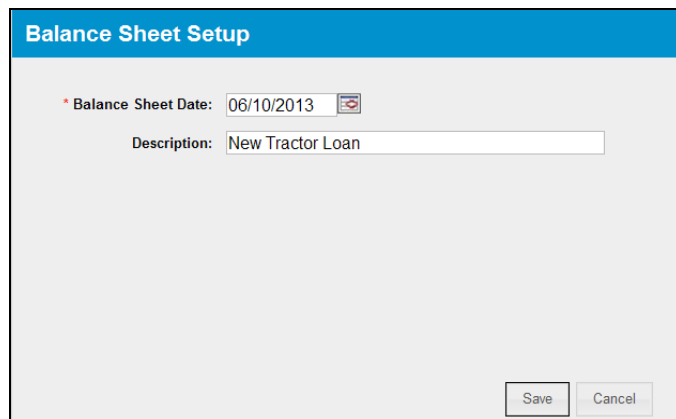

Figure 14b, Balance Sheet & Income/Expense Trends Manager--*

Farm Business Plan - FSA User Guide (Continued)

4 Balance Sheet Summary - Entering Data (Continued)

To add information at the schedule level, click the hypertext link for the desired balance sheet item (example: Cash & Equivalents). On the Schedule Screen, enter applicable information and CLICK “Add”.

***--Caution:** Do **not** use double (“”) or single (‘) quotes in the schedule description fields. This may generate error messages or prevent information from saving.--*

Add all applicable information and CLICK “Add”.

Figure 15g, Adding Line Items to Detail Schedule

Total value will transfer to the balance sheet Summary Screen.

Figure 15h, View Total Value

- When the value displayed on the Summary Screen is populated from a schedule, the numeric input field will no longer be available at the summary level. Any changes to the value **must** be made on the Schedule Screen.

Figure 15i, Financial Data Input at the Detail Schedule Level

Note: When editing information in the schedule, if **all** line items are deleted, the value will **not** automatically be deleted from the Summary Screen. Access the Summary Screen to delete the value amount from the field.

5 Balance Sheet Trends - Entering Data

Using this option allows multiple balance sheets to be displayed and accessed. CLICK “Bal. Sheet” on the toolbar and CLICK “Balance Sheet Trends” from the drop-down menu.

Figure 16a, Balance Sheet Trends Using the Toolbar

Farm Business Plan - FSA User Guide (Continued)

D Balance Sheet (Continued)

5 Balance Sheet Trends - Entering Data (Continued)

Trends may also be accessed through the Dashboard Navigation Screen.

Figure 16b, Dashboard Navigation Screen

Financial data can be entered as a summary dollar value or on schedules where the calculated total value transfers to the Balance Sheet Summary. Sometimes a mix of summary and scheduled input is appropriate. Features that are available on the Balance Sheet Trends screen include the following.

*--

Figure 16c--*

Item	Feature
1	CLICK “Date” link to go directly into the individual year balance sheet.
2	Use cell drop-down menus to access additional features for an individual cell to enter: <ul style="list-style-type: none"> • schedule level detail • or edit comments • or edit formulas (formulas can also be entered directly into the cell).
3	Use “Page Actions” drop-down menu to access additional features, as follow: <ul style="list-style-type: none"> • Add/Modify/Delete Screen • Trends Manager • Primary & Secondary settings (Value/Adj. Value/Cost) • Print Reports.
4	CLICK “Enter Key” drop-down menu to select cursor movement direction when users press “Enter”.
5	CHECK (✓) “Fixed Header” to “freeze” column headings while scrolling up and down pages.
6	The triangular marker indicates that notes, schedules, or formulas exist for a cell. CHECK (✓) “Show Notes” to display a “Page” icon, instead of the triangle, when notes exist.
--7	CLICK “Ratios” on any open balance sheet for a quick snapshot of ratios.--

Farm Business Plan - FSA User Guide (Continued)

D Balance Sheet (Continued)

5 Balance Sheet Trends - Entering Data (Continued)

*--Before adding documentation to the footnotes, ensure that the correct balance sheet is selected by clicking the applicable tab at the bottom of the screen.

Figure 16d

Notes: When editing information in the schedule, if **all** line items are deleted the value will not automatically be deleted from the Summary Screen. Access the Summary Screen to delete the value amount from the field.

For more complex operations requiring multiple schedule entries, it is recommended that users select the single “Balance Sheet Summary” option when entering the initial data. This will increase performance speed. See **Balance Sheet Summary – Adding Data** (Section D 4).--*

6 When Customer and FSA Balance Sheet Values/Amounts Differ

Balance Sheets are sometimes submitted with values that FSA may disagree with. This situation can be handled different ways in FBP.

Method	Additional Details
Revised Balance Sheet	Revise the balance sheet the customer submitted, using FSA values.
Dual Value Balance Sheet	This option will allow dual values to be entered on one Balance Sheet summary; the customer’s values and FSA adjusted values. FSA adjusted values will be entered into the primary column and the customer’s values into the secondary column. The value and adjusted values can be entered as a summary value or on schedules.

Farm Business Plan - FSA User Guide (Continued)

D Balance Sheet (Continued)

6 When Customer and FSA Balance Sheet Values/Amounts Differ (Continued)

Create a Dual Value Balance Sheet, as follows:

- on the Balance Sheet Summary, CHECK (✓) “**Display Secondary Column**” in the upper-right corner of the screen
- CLICK “**Adj Value**” for the “Primary” column and use this column for FSA adjusted values
- CLICK “**Value**” for the “Secondary” column and use this column for customers’ values
- “Copy” arrows may be used to copy summary information from 1 column to another

The screenshot shows the 'Balance Sheet' interface. At the top right, there is a checkbox labeled 'Display Secondary Column' which is checked. Below this, there are two columns: 'Secondary: Value' and 'Primary: Adj Value'. The 'Primary: Adj Value' column has a dropdown menu with 'Value' selected. There are also 'Copy' arrows between the columns. A table titled 'Intermediate Assets' is visible, with rows for 'Machinery & Equipment' and 'Farm Vehicles'. Callouts provide instructions: one points to the 'Display Secondary Column' checkbox, stating 'Check (✓) box to “Display Secondary Column”.'; another points to the 'Value' and 'Adj Value' columns, stating 'Click hyperlinks to select the “Primary” column to contain the FSA adjusted values. The secondary column will contain the customer values. Use the “copy” arrows to copy summary data from 1 column to another.'

***--Figure 16e, Dual Value Balance Sheet Summary**

- changes in the type of value and order of the columns on the Balance Sheet Summary will be reflected in the “Reports Setup” and on the Analysis Rules Screen.

Note: When using a dual value Balance Sheet for any loan making or servicing decision, the “Adjusted Values” option must be selected in the “Primary” column. This will ensure--* that the correct values are transferred to the Credit Presentation, collateral analysis, and chattel appraisal.

* * *

7 Locking Balance Sheets

Balance sheets should be locked after completion to prevent further modification of the data. To lock the balance sheet, CLICK “**Add/Modify/Delete**”. The lock link can be found to the right of the list of balance sheets.

Farm Business Plan - FSA User Guide (Continued)

D Balance Sheet (Continued)

8 Assets

The asset accounts used on the balance sheet are standardized and are similar to the categories that most lenders use. However, for each asset grouping there is always the option of adding “other” assets at the summary or schedule level.

Asset values can be entered on the balance sheet as a summary dollar value for each asset type, or on schedules where the calculated total transfers to the balance sheet. Frequently, a mix of summary and scheduled input is appropriate.

All assets used to secure FSA loans should be entered at the schedule level with the “Detail” radio button selected. The “Col?” box must be checked (✓) to ensure that the asset descriptions and values are available for use in the collateral analysis, chattel appraisal, and security agreement. Enter an “*” asterisk before each line item subject to FSA Purchase Money--* Security Interest (PMI). Enter an “(m)” before each line item used for Microloan collateral.

Use the Description field in “Machinery & Equipment” and “Farm Vehicles” schedule to enter an “*” asterisk for PMI items, and an “(m)” for Microloan collateral. As an additional option, use the “Code” box to establish a code name for the equipment to group like equipment together.

Qty	Description	Value	+/-	Adj. Value	Col?	Code	Manufacturer	Size/Type	Condition	Year	Serial No.
1	*Sq Baler	7,000	0	7,000	<input checked="" type="checkbox"/>		John Deere	328	good	2003	70X888

a Relationship of Asset Values for Chattel Appraisals/Collateral Analysis

The asset values entered into the balance sheet also populate the chattel appraisal and collateral analysis. See When Customer and FSA Balance Sheet Values/Amounts Differ (Section D 6) for information about how to enter dual values.

9 Liabilities

All liabilities are categorized as either “Farm” or “Personal”.

a Unpaid and/or Accrued Expenses

Unpaid or accrued farm expenses are expenses incurred by the farm business, but have not yet been paid. These expenses will be entered on the balance sheet as accounts payable; however, they should not be transferred to the projected loan schedules.

Caution: Do **not** include any unpaid or accrued expenses in the loan schedules, as that will distort the capacity analysis and feasibility determination.

b Farm Liabilities

Farm related loans and notes should be input into the “Loan Schedule” so that the proper accounting and calculation of interest, principal reduction, and capacity and feasibility analysis can occur.

When entering loans into the loan schedule it is recommended to uncheck the edit mode box to allow for entering complete information regarding each loan such as Next Payment Date, Purpose of Loan, Origination Date, Original Amount, Maturity Date, and Past Due Amount into the Loan Detail screen.

D Balance Sheet (Continued)

9 Liabilities (Continued)

c Personal Liabilities

Personal loans and debts should always be entered on the balance sheet in the “Personal” section. Payments for “Personal Current and Non-Current Liabilities” should be included in “Owner Withdrawals”. Use the drop-down menu to have the total payments automatically flow over to “Owner Withdrawals” on the income/expense record.

--Figure 16l--

Caution: Do **not** include:

- personal debt payments in the loan schedules, as that will distort the capacity analysis and feasibility determination
- FSA debt under the “Personal Debts” Section.

See **Income/Expense - Projected** (Section H) for more information on how debt repayment is handled in FBP and if certain debt payments should be designated to appear in the projection.

10 Additional Information about Liabilities

Type of Liability	Includes	Additional Details
Farm Business or Ag Liabilities		
Accounts Payable	Unpaid expenses, payables, bills, accrued leases, etc.	<ul style="list-style-type: none"> • Use summary input or scheduled input, depending upon the number of debts in each category or if more detail is needed. • Do not include loans or notes in any of these categories.
Income Taxes Payable	Accrued or owing Federal and State income tax, FICA tax, employment taxes, etc.	
Real Estate Taxes Payable	Accrued or billed real estate taxes.	
Other Current Liabilities	Judgments, liens, etc.

E Refinancing and Restructuring

Refinancing and restructuring requires the special handling of debts within the balance sheet loan schedule.

1 Refinancing

Cash flow plans and balance sheets sometimes must reflect proposed refinance scenarios. The following are 2 options of showing a refinance within FBP:

- the current balance sheet method
- the balance sheet accounting method.

The choice of either option depends upon the needs of the plan.

In both of the following examples, assume the following debts are going to be refinanced by a term FSA loan of \$143,000:

- Imperial Bank crop loan of \$18,000 with \$1,000 of accrued interest
- Ford Credit term loan of \$41,000 with \$600 of accrued interest
- JD Credit term loan of \$80,000 with \$1,400 of accrued interest
- Repair Bill of \$1,000.

Farm Business Plan - FSA User Guide (Continued)

E Refinancing and Restructuring (Continued)

1 Refinancing (Continued)

a Example 1, Current Balance Sheet Method

The current balance sheet method:

- does not show the refinancing sources and uses of funds in the cash flow
- requires the user to document the sources and uses of funds in the Credit Presentation
- *--requires 2 balance sheets, a “Before Refi” and “After Refi”--*
- cannot be used if using an accrual-adjusted projected income/expense statement
- is the least complicated.

*--**Step 1.** Create the current balance sheet loan schedule without any new loans. Add a meaningful description such as “Before Ref”. Do **not** attach this “Before Ref” balance sheet as the beginning balance sheet for the projection. This balance sheet is for informational purposes only and will be the balance sheet that the customer signs.--*

1 Refinancing (Continued)

a Example 1, Current Balance Sheet Method (Continued)

***--Step 2.** Duplicate the “Before Refi” balance sheet and create an “After Refi” balance sheet. Attach this balance sheet to the projection. On this duplicated balance sheet, make the following changes to document the refinance transactions.--*

On the loan schedule:

- for existing loans being refinanced:
 - change “Pmt. Method” to “Refi.”

Note: The “Refi” payment method removes the loan from the balance sheet.
- **uncheck** “To I/E” so that the P&I payments do **not** appear on the projection.
- for new loans:
 - **uncheck** the advance amount “To I/E” so that the advance does **not** appear on the projection

Note: However, keep the second payment “To I/E” checked so that the new loan payment will appear on the projection.
- **check** (✓) “Post Close?” so that the loan now appears on this balance sheet.
- **CLICK “Bal. Sheet”, “Other Liabilities”, and “Accounts Payable”** to delete the repair bill.

Figure 23b

Farm Business Plan - FSA User Guide (Continued)

E Refinancing and Restructuring (Continued)

1 Refinancing (Continued)

b Example 2, Balance Sheet Accounting Method

The balance sheet accounting method has the following features:

- shows all refinancing sources and uses of funds in the cash flow

Note: All cash flow transactions are included in the projection in the appropriate categories for proper accounting when using accrual analysis and when comparing projections to actual income tax records.

- requires that the user document the sources and uses of funds in the Credit Presentation
- *--requires 2 balance sheets, a “Before Refi” and “After Refi”--*
- creates a “current” projection, and also requires a “typical” year projection if accrual adjustments aren’t being made to the current year projection to substantiate feasibility
- is required to complete an accrual-adjusted projected income/expense statement
- the “old money” and “new money” portions of the new loan must be treated differently.

Note: The balance sheet accounting method is more complicated.

- *--**Step 1.** Create the current balance sheet loan schedule, without any new loans. Add a meaningful description such as “Before Ref”. Note that the existing loans will appear on the balance sheet. This balance sheet is for informational purposes only and will be the balance sheet that the customer signs.--*

b Example 2, Balance Sheet Accounting Method (Continued)

Also, ENTER “1,000” for “Repair Bill” by clicking “Bal. Sheet”, “Other Liabilities”, and “Accounts Payable” and use the drop-down menu to send the payable to projected I/E as “Repairs & Maintenance”.

Description	Amount	Proj. I/E ?
Repair Bill	1,000	Repairs & Maintenance
Total	1,000	

Figure 25, Entering * * * Accounts Payable

***--Step 2.** Duplicate the “Before Refi” balance sheet and create an “After Refi” balance sheet. Attach this balance sheet to the projection.

Step 3. Create the refinance scenario in the “After Refi” balance sheet loan schedules. For loans that are going to be refinanced, change “Pmt. Method” to “Refi.” The “Refi” function removes these loans from the balance sheet.--*

Also, include the new term loan advance. To correctly indicate the sources and uses of funds, the new \$143,000 term loan must be divided into 2 loans, even though it will be closed as 1 loan.

Note: Add the 2 parts of the loan together when completing the note.

- A term loan of \$142,000, which includes refinancing all of the “old money,” or refinancing of old loans. Check (✓) “Post Close”. The loan will now appear on the balance sheet.
- A term loan of \$1,000, which includes “new money” to pay off the accounts payable repair bill. Do **not** check “Post Close” to ensure that the loan does **not** appear on the balance sheet. The accounts payable must continue to appear on the balance sheet so that the accrual adjustments can be calculated. Note that the \$1,000 portion of the loan being used to refinance the payable should **not** appear on the balance sheet because it would double-count the liability.

E Refinancing and Restructuring (Continued)

2 Direct Loan Servicing

In connection with any direct loan servicing action, a current balance sheet will need to be prepared and attached to an income/expense summary for the customer. It is helpful when creating the documents to include a meaningful description such as “1/1/2015 Before DALR\$”. The “1/1/2015 Before DALR\$” balance sheet should be entered in the first column of the Reports Setup * * * and will be selected to update the “**DALR\$ Input Report**”.

*--Before a deferral can be approved, a “Post-deferral” plan would also need to be prepared according to 5-FLP, paragraph 159. The “Post-deferral” plan should be entered in column 2 of the Reports Setup, while 3 years of actuals will be displayed in columns 3-5.

	Column 1	Column 2	Column 3	Column 4	Column 5
Balance Sheet Flip Clear	1/1/2015 Before DALR\$	1/1/2020 Post Deferral	12/31/2013 Year End	12/31/2012 Year End	12/31/2011 Year End
Income/Expense Flip Clear	1/1/2015 - 12/31/2015 Before DALR\$	1/1/2020 - 12/31/2020 Post Deferral	1/1/2014 - 12/31/2014 tax returns	1/1/2013 - 12/31/2013 tax returns	1/1/2012 - 12/31/2012 tax returns

Figure 32a, Report Setup for “DALR\$ Input Report”--*

Notes: * * *

When a loan is restructured, it becomes a regular loan. **Do not** identify line items as Microloan (M) collateral in the asset description fields.

When restructuring a delinquent borrower, a lien on all assets must be taken according to 5-FLP, paragraph 211.

Farm Business Plan - FSA User Guide (Continued)

E Refinancing and Restructuring (Continued)

2 Direct Loan Servicing (Continued)

The DALR\$ report, according to 5-FLP, subparagraph 103 A, determines the servicing options that may be available to the customer and will be used to create a “After DALR\$” balance sheet with the DALR\$ results. Duplicate the “1/1/2015 Before DALR\$” balance sheet and attach this balance sheet to a duplicated income/expense summary, and give both documents a meaningful description, such as “1/1/2015 After DALR\$”. The “1/1/2015 After DALR\$” should be entered in the first column of the Reports Setup * * * and will be selected to update the Credit

*--Presentation. The “1/1/2015 Before DALR\$” and the “1/1/2020 Post Deferral” plans will be shifted to columns 2 and 3 of the Reports Setup, while 3 years of actuals will be displayed in columns 4–6.

	Column 1	Column 2	Column 3	Column 4	Column 5	Column 6
Balance Sheet Flip Clear	1/1/2015 After DALR\$	1/1/2015 Before DALR\$	1/1/2020 Post Deferral	12/31/2013 Year End	12/31/2012 Year End	12/31/2011 Year End
Income/Expense Flip Clear	1/1/2015 - 12/31/2015 After DALR\$	1/1/2015 - 12/31/2015 Before DALR\$	1/1/2020 - 12/31/2020 Post Deferral	1/1/2014 - 12/31/2014 tax returns	1/1/2013 - 12/31/2013 tax returns	1/1/2012 - 12/31/2012 tax returns

Figure 32b, Report Setup for “Credit Presentation”--*

The following example can be applied to all loan servicing authorities or combination of authorities.

Example: Make the following assumptions and also assume that the customer cannot make the existing debt payments and that FSA will use DALR\$ to restructure the debt.

- FSA 44-01 loan was for annual operating purposes, and has a balance of \$20,000 with \$2,000 of accrued interest. DALR\$ indicated rescheduling the loan over 15 years with equal payments, which turns the loan into an intermediate loan.
- FSA 44-02 loan was for term loan purposes, and has a principal balance of \$100,000 with \$1,000 of accrued interest. DALR\$ indicated rescheduling the loan with a 15 year term and equal payments.
- FSA 41-03 loan was for a real estate purchase, and has a principal balance of \$150,000 and no accrued interest. DALR\$ indicated reamortizing the loan with a 30 year amortization and equal payments.

Farm Business Plan - FSA User Guide (Continued)

E Refinancing and Restructuring (Continued)

2 Direct Loan Servicing (Continued)

Step 1. Create the current balance sheet and income/expense summary named “1/1/2015--* Before DALR\$” for use in the DALR\$ Input Report. The loan schedule should reflect the “Before DALR\$” balances and payments due.

1/1/2015 Before DALR\$		Loan Schedule - Existing Loans										Edit Mode	
Creditor	Loan Type	Prin. Bal	Int. %	Accr. Int.	Pmt. Method	Pmt Amt P & I	Pmts /Yr	Int. Pmt./Yr.	Prin. Pmt./Yr.	To I/E ?	Loan #	Add New	
 FSA	Cur.	20,000	2.25	2,000	Non Rev	22,000	1	2,000	20,000	X	44-01	Detail	Ag.
 FSA	Int.	100,000	2.25	1,000	Equal	15,601	1	2,250	13,351	X	44-02	Detail	Ag.
 FSA	L.T.	150,000	2	0	Equal	6,727	1	3,000	3,727	X	44-03	Detail	Ag.
Totals:		270,000		3,000		44,328		7,250	37,078				

--Figure 32c, “Before DALR\$” Loan Schedule--

Step 2: Create the “D-Loan/Special Serv.” credit action. Access and CLICK “Save & Update” the DALR\$ Input Report. Use the results to run DALR\$.

Farm Business Plan - FSA User Guide (Continued)

E Refinancing and Restructuring (Continued)

2 Direct Loan Servicing (Continued)

Step 3. Duplicate the “1/1/2015 Before DALR\$” balance sheet and income/expense summary and rename both documents “1/1/2015 After DALR\$”. Update the loan schedule with the--* DALR\$ results.

- “Loan Type” of the current loan to intermediate, to reflect that the account has been rescheduled and it now has a term of greater than 1 year. Change the “Pmt. Method” to “Equal”.
- Principal balance will reflect any capitalized interest, if any.
- “Pmt. Amount” will reflect the new restructured payment according to DALR\$.
- “Loan #” will be a description that reflects the restructure action.

1/1/2015 After DALR\$		Loan Schedule - Existing Loans										Edit Mode	
Creditor	Loan Type	Prin. Bal	Int. %	Accr. Int.	Pmt. Method	Pmt Amt P & I	Pmts /Yr	Int. Pmt./Yr.	Prin. Pmt./Yr.	To I/E ?	Loan #	Add New

Totals:		273,000		0		16,453		5,768	10,685				

Figure 33, “After DALR\$” Loan Schedule

Farm Business Plan - FSA User Guide (Continued)

E Refinancing and Restructuring (Continued)

2 Direct Loan Servicing (Continued)

Step 4. Use “1/1/2015 After DALR\$” to “Save & Update” the Credit Presentation in the “D-Loan/Special Serv.” credit action. See **Income/Expenses – Projected – Feasibility** (Section H 1) for information on feasibility of restructured plans.

F Income/Expense

This section allows the user to add new actual or projected income/expense (cash flow) information for a customer or access income/expense records currently residing in FBP. There is no limit to the number of projected or actual income/expense records that can be created or maintained for each customer.

--All available actual Income/Expense information should be added to FBP before creating a new projected plan.--

Note: Income/expense (cash flow) information is **not** required for Streamlined CL’s according to 3-FLP.

The Income/Expense Trends **must be** printed and signed by the customer for all loan making and servicing actions.

1 Adding a New Income/Expense

To add a new projected or actual income/expense record CLICK “**Inc/Exp**” on the toolbar. An income/expense may be added using either the “**Trends Manager**” or “**Add Income/Expense**” option selected from the drop-down menu, as follows.

Option 1: CLICK “**Trends Manager**” to access the Balance Sheet & Income/Expense Trends Manager Screen. “Trends Manager” may also be accessed through the Dashboard Navigation Screen.

Figure 34a

Farm Business Plan - FSA User Guide (Continued)

F Income/Expense (Continued)

1 Adding a New Income/Expense (Continued)

To add a new income/expense report in a column, CLICK “**Create New**” link in an empty cell. Any changes made to the selection and order of the reports will be reflected on the Reports Setup Screen. To create a report that will be available to add to the Reports Setup Screen at a later date, CLICK “**Create New-Income/Expense**” link under the “Income/Expense” tab.

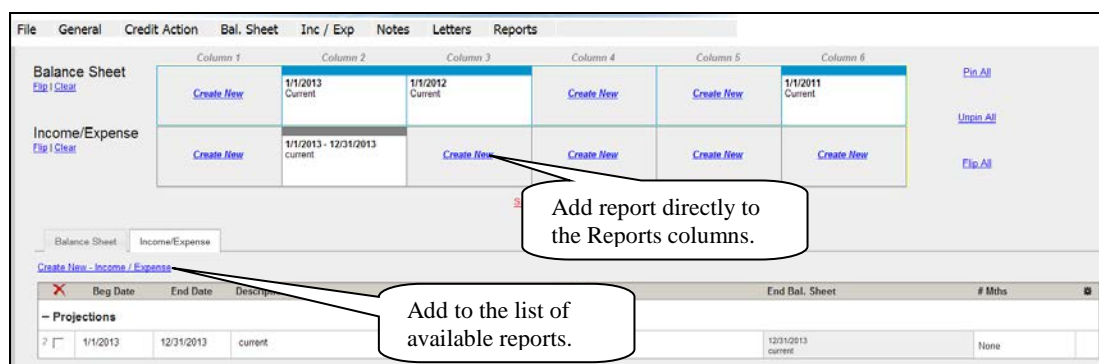

Figure 34b

Complete the required information in the “Income/Expense Setup” dialog box and CLICK “**Save**” to add the report to the Balance Sheet & Income/Expense Trends Manager Screen.

***--Caution:** Attach the correct beginning balance sheet as some items, such as debt service, inventories, cash, etc., **may** flow from the balance sheet into the income/expense projection.--*

The 'Income/Expense Setup' dialog box contains the following fields and options:

- * Projected/Actual:** A dropdown menu set to 'Projected'.
- * I/E Beginning Date:** A date field set to '1/1/2013'.
- * I/E Ending Date:** A date field set to '12/31/2013'.
- Description:** A text field containing 'current'.
- # Mths:** A dropdown menu set to 'None'.
- Beginning Balance Sheet:** A dropdown menu set to '1/1/2013 :Current'.
- Ending Balance Sheet:** A dropdown menu set to 'None'.
- Buttons:** 'Save' and 'Cancel' buttons at the bottom right.

3 Income/Expense Summary – Entering Data (Continued)

Note: When editing information in the schedule, if **all** line items are deleted, the value will not automatically be deleted from the Proj. Inc/Exp Summary Screen. Access the Proj. Inc/Exp Summary Screen to delete the value amount from the field.

The crop sales schedule also includes a “Land Owner” link where information is entered about the customer’s land owners. CLICK “**Land Owner**” to access the “Land Owners” dialog box.

The screenshot shows the 'Crop Sales' window. A callout bubble points to the 'Land Owner' link in the top left, stating 'CLICK “Land Owner”.' Another callout bubble points to the 'Select Land Owner' link in the top right, stating 'Select the land owner for each crop.' A third callout bubble points to the 'Optional enterprise analysis' link at the bottom right, stating 'Optional enterprise analysis.'

Yield	%	Prod. U.	Farm Use	Sale U.	Per Unit	Sales	End U.	Dbl Crop	Land Owner
100	125	100	12,500	0	12500	4.85	60,625	0	Select Land Owner
500	125	100	62,500	0	62,500		303,125	0	Sam Beets
200	35	100	7,000	0	7,000	10.75	75,250	0	Jesse James
200			7,000	0	7,000		75,250		
700			69,500	0	69,500				

Figure 34u, Crop Sales Schedule

- Type the land owner’s name in the “Description” field and CLICK “Add”.
- CLICK “Detail” to enter additional demographic information about the land owner.
- CLICK “Print” to print a Land Owner Information Report.

The screenshot shows the 'Land Owners' dialog box. It has a 'Description' field with 'Frank James' entered and an 'Add' button. Below this are three rows with checkboxes and names: 'Sam Beets', 'Jesse James', and another row. Each row has a 'Detail' button. A callout bubble points to the 'Add' button, stating 'Add as many land owners as needed.'

Figure 34v, Land Owners Dialog Box

- Return to the crop sales schedule, CLICK “Select Land Owner” to select a land owner for each crop listed.
- Use the “Group By” option to group crops by either land owner or crop.
- CLICK “Print” to print a Crop Sales Report.

Farm Business Plan - FSA User Guide (Continued)

4 Enterprise Analysis

One option on the Income/Expense schedule is the **optional “Ent”** link where a user can enter information needed for crop and livestock enterprise analysis. Break-even analysis is a useful farm management tool because it allows calculation of various combinations of prices and yields. States may decide to setup new Enterprise Analysis models containing benchmark values for expenses for some of the NAICS crop and livestock codes. If new Enterprise Analysis models were setup, they are automatically available for all new customers added to FBP; however, for existing customers the user will need to copy the new model into the existing customer’s record.

Note: Check with FBP coordinator to determine if models have been setup for user’s State. If models are **not** setup, users will need to manually enter expenses.

To copy a new Enterprise Analysis model into an existing customer:

- access the Crop Sales Schedule
- CLICK “**Description**” link in the upper-left of the Crop Sales Schedule Screen.

These instructions are for the “Barley-Enterprise-Seed” model, but the steps are the same for all other NAICS codes.

Figure 34x, Crop Sales Schedule Screen

Farm Business Plan - FSA User Guide (Continued)

F Income/Expense (Continued)

4 Enterprise Analysis (Continued)

On the Customer NAICS Crop Screen that will be displayed, CLICK “**Copy Location NAICS to Client NAICS**” link.

--Figure 34y, Customer NAICS Crop Screen--

On the Copy Location NAICS to Customer NAICS Screen, left column displays codes available for that location and the right column displays codes currently in use by that customer. The crop entry with “Enterprise” in the title contains the Enterprise Analysis model. To copy “Barley - Enterprise-Seed” into the customer list, do the following:

- CHECK (✓) the box to the left of the crop to select the crop
- CLICK “Copy” link at the top of the left column
- CLICK “Customer NAICS” link to return to the previous screen.

--Figure 34z, Copy Location NAICS to Customer NAICS Screen--

5 Income/Expense Trends - Entering Data

Using this option allows multiple income/expense summaries to be displayed and accessed. CLICK “**Inc/Exp**” on the toolbar and select “**Income/Expense Trends**” from the drop-down menu.

Figure 35a, Income/Expense Trends Using the Toolbar

Trends may also be accessed through the Dashboard Navigation Screen.

Figure 35b, Dashboard Navigation Screen

Farm Business Plan - FSA User Guide (Continued)

F Income/Expense (Continued)

5 Income/Expense Trends - Entering Data (Continued)

Projected and actual amounts can be entered as a summary dollar value or on schedules where the calculated total transfers to the income/expense summary. Sometimes a mix of summary and scheduled input is appropriate. Scheduled information is especially appropriate when planning with production and yields. Features that are available on the Income/Expense Trends Screen include the following.

The screenshot shows the 'Income / Expense Trends' screen. It has a top navigation bar with 'Bottom of Page', 'Save & Stay', and 'Cancel' buttons. Below this is a 'Page Actions' dropdown menu. The main area is titled 'Agriculture' and contains a table with columns for 'None', '1/1/2013', '12/31/2013', '1/1/2012', '12/31/2012', and 'None'. The table lists various income and expense items under 'Operating Income' and 'Purchases for Resale'. A callout box (2) is open over a cell, showing options: 'Comments', 'Add a comment', and 'Formula Editor'. A callout box (3) points to the 'Page Actions' menu, which includes 'Add / Modify / Delete', 'Trends Manager', 'Copy Average', and 'Print Reports'. A callout box (4) points to the 'Enter Key' dropdown menu, which is set to 'DOWN'. A callout box (5) points to the 'Fixed Header' checkbox, which is checked. A callout box (6) points to a triangular marker in the table, indicating that notes, schedules, or formulas exist for a cell.

Figure 36a, Income/Expense Trends Screen

Item	Feature
1	Use “ Date ” link to go directly into the individual year income/expense.
2	Use drop-down menu to access additional features for an individual cell to enter: <ul style="list-style-type: none"> • schedule level detail • or edit comments • or edit formulas (formulas can also be entered directly into the cell).
3	Use “Page Actions” drop-down to access additional features, as follow: <ul style="list-style-type: none"> • Add/Modify/Delete Screen • Trends Manager • Copy Average • Print Reports.
4	CLICK “ Enter Key ” drop-down menu to select cursor movement direction when users press “Enter”.
5	CHECK (✓) “ Fixed Header ” to “freeze” column headings while scrolling up and down pages.
6	The triangular marker indicates that notes, schedules, or formulas exist for a cell. CHECK (✓) “ Show Notes ” to display a “Page” icon, instead of the triangle, when notes exist.

Farm Business Plan - FSA User Guide (Continued)

F Income/Expense (Continued)

5 Income/Expense Trends - Entering Data (Continued)

Before adding documentation to the footnotes, ensure that the correct income/expense record is selected by clicking the tab at the bottom of the screen.

Figure 36b, Footnotes

Notes: When editing information in the schedule, if **all** line items are deleted, the value will not automatically be deleted from the Summary Screen. Access the Summary Screen to delete the value amount from the field.

For more complex operations requiring multiple schedule entries, it is recommended that the user select the single “Income/Expense Summary” option when entering the initial data. This will increase performance speed. See **Income/Expense Summary – Entering Data** (Section F 3).

Farm Business Plan - FSA User Guide (Continued)

F Income/Expense (Continued)

6 Using Income/Expense Categories

The income/expense categories have been standardized and are similar to the categories that most commercial lenders use and similar to Schedule F. However, for each income or expense grouping, other categories can be added to fit the needs of the operation by using the schedule under “Other Income” or “Other Expense”.

Income/expenses are categorized into the following 4 parts:

- Operating Income and Expenses
- Nonoperating Income and Expense (including owner withdrawals, income and Social Security taxes, nonfarm income, and expenses)
- Financing (including term and operating advances and operating principal repayments)
- Capital Sales, Expenditures, Contributions, and Withdrawals.

7 Reports

See **Electronic File Maintenance, Reports, and Signatures** (Section B) for more information on what reports require signatures or need to be printed.

The following income/expense reports are available:

- Actual – Cash Flow
- Actual - Inc/Exp Schedules
- Cash Flow – Monthly Detail
- Enterprise Analysis
- Inc/Exp Common-Size
- Inc/Exp Comparative
- Inc/Exp Schedules
- Income Statement
- Monthly Cash Flow
- Production Trends
- Projected Annual Cash Flow
- Trends – Inc/Exp.

The following Analysis Reports about capacity are available:

- Ratios & Indicators
- Repayment Capacity/Sensitivity
- Statement of Cash Flows.

Farm Business Plan - FSA User Guide (Continued)

F Income/Expense (Continued)

8 Locking Income/Expense Summaries

Income/expense summaries should be locked after completing to prevent further modification of the data. To lock income/expense summaries, CLICK “**Add/Modify/Delete**”. The lock link can be found to the right of the selected summary.

G Income/Expenses - Actuals

1 General

--Actual income and expenses, which can include borrower records, receipts, and tax returns,-- together with production information (“actuals”) contain important information with which future plans can be developed. The following are suggestions for handling categories of actual income/expenses.

Category	What to Do
Operating	
Crop/Livestock Production and Sales	<p>Crop/livestock sales can be entered as a summary dollar amount when the production details are not known, or on schedules to record the production and the details of each crop/livestock production category and its sale.</p> <p>Yield and production can be recorded even if dollar sales for each scheduled item are not broken down. If the total crop or livestock production does not correspond to the dollar sales shown on income tax returns or farm records, users can still preserve the actual production on a per-crop level. Enter the crop production information on the schedule, but uncheck “To I/E”. Then enter the total dollar sales for all crops on the actual summary page. This will preserve production on a scheduled per-crop level, but not require a breakdown of income on a per-crop level.</p> <p>The purchase section that is available on the detail view of the crop schedule is only to be used when purchasing a crop for feeding purposes. The purchase price will be transferred to the “Feed Grain & Roughage (Sch.)” under “Operating Expenses”. The purchase cost for other crops or vegetables being purchased for resale should be entered under “Purchases for Resale”.</p> <p>The purchase cost for livestock, if entered on the detail view of the livestock schedule, will be transferred to the “Purch. for Resale Livestock & Poultry Sales” schedule under “Purchases for Resale.”</p>
Crop Production	Crop production/yields can be tracked on a per-farm basis. To do so, enter the farm name or FSA farm number under “Type” each year. FBP will combine the yields and production in the production trends report for each like-identified farm. “Type” is name and case sensitive, should be the same each year to take advantage of that option.
Purchases for Resale (i.e. market livestock, poultry, and crops/veg.)	Enter detailed purchases for resale within the “Purchases for Resale” schedule. If no detail of purchases is needed, a summary dollar amount of purchases can be entered on the summary page.

Farm Business Plan - FSA User Guide (Continued)

G Income/Expenses - Actuals (Continued)

1 General (Continued)

Category	What to Do
Operating (Continued)	
Operating Expenses (except depreciation and interest)	Enter operating expenses as summary amounts for each expense category, or as details for separate enterprises in the schedules. * * *
Depreciation	Enter actual depreciation from the income tax return, if known, or estimate if it is unknown. Caution: Do not ignore depreciation, as it will be used in the accrual adjusted income statement later. It does not affect MADS, ending cash, or loan feasibility.
Interest	See Financing.
Nonoperating	
Owner Withdrawals	Include living expenses and personal debt payments, i.e. credit cards, personal vehicle payments, home mortgage payments, student loans, personal loans, etc, in this category. Entries can be made on the schedules or as 1 summary entry. No itemization is required.
Income Taxes	Enter actual income and social security taxes paid during the year, unless net wages after taxes are entered in nonfarm income.
Nonfarm Income and Expense	Include gross wages, or net wages if no income taxes are entered, net business income, other nonfarm income or expense. Enter either as summary amounts or enter the details of the source or use of each type of funds in the schedule. Do not enter personal debt payments here. Generally, the nonfarm expense category will not be used.
Financing	
Loan Advances, Repayments, Interest Expense – Operating and Term	<p>Loan advances, repayments, and interest payments can either be entered as summary amounts or as details in the “Loan Payments” schedule.</p> <p>Interest Expense. If the breakdown:</p> <ul style="list-style-type: none"> between operating and term interest is known, enter both in their respective expense category <p>Note: This is the preferred method.</p> <ul style="list-style-type: none"> is not known, enter the estimate of operating interest, deduct the estimate from the total actual interest, and enter the balance as term interest is not known and cannot be estimated, enter all actual interest as term interest. <p>Note: This will allow a conservative analysis of MADS.</p> <p>Caution: It is never recommended to enter all actual interest as operating interest, unless it actually is.</p>

Farm Business Plan - FSA User Guide (Continued)

G Income/Expenses - Actuals (Continued)

1 General (Continued)

Category	What to Do
Capital	
Capital Expenditures and Sales	<p>Enter as summary amounts or as details in the schedule. If entered on the schedule, ensure that the correct asset description is used from the drop-down menu.</p> <p>Caution: If collateral was sold or purchased, using the actual capital expenditure or sales schedules will not automatically add or subtract those items from the balance sheet schedules, appraisals, or security agreements.</p>
Capital Gains and Losses	<p>Enter capital gains and losses, if applicable. Entries are optional and do not affect the cash flow or the income/expense trends, but do affect an accrual-adjusted income statement.</p>
Capital Contributions and Withdrawals	<p>Capital contributions are inflows of capital that are not the result of business operations or other income. Capital contributions usually include gifts, inheritance, lottery winnings, the gift-value of substantial asset purchases for less than market value, and the capital contributions of partners or stockholders to an entity.</p> <p>Capital withdrawals are outflows of capital that are not the result of business operations or owner withdrawals. Capital withdrawals usually include gifts, the gift-value of substantial sales of assets for less than market value, and withdrawals of capital by partners or stockholders of an entity.</p> <p>Entering capital contributions and withdrawals is important to correctly construct a pro-forma balance sheet, if accrual analysis is completed.</p> <p>Caution: Ensure that capital contributions and withdrawals are not double-counted in capital sales and purchases.</p>
--Beg. Cash on Hand	<p>Enter as summary amount or; if the attached beginning balance sheet cash schedule has been completed, the amount may flow over to the Beg. Cash on Hand schedule.--</p>

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected

The projected farm income and expenses, nonoperating income and expenses, financing, and capital plans for a future period are the components of FBP that determine feasibility.

1 Feasibility

*--a Loan Making and Servicing Actions, Except Primary Loan Servicing

When making or servicing loans, FSA uses current year projections (plans) that have been developed for a specified time period. For some operations, a projected plan for the current production cycle and typical plans for additional production cycles may be needed if further analysis of long-term repayment ability is in question.

Examples: A start-up operation with interest only payments in the first year.

An operation transitioning from traditional crops to organic.

See **Feasibility Definition** (Section H 1 c) for more information.

Consider the following.

- **Term loans;** long term feasibility must be considered. On-going farm business operations and reliable nonfarm income must be sufficient in the projected plan to pay on-going farm and nonfarm expenses, and term debts (**positive** MADS). It is not acceptable to use the liquidation of inventory, other assets, cash reserves, or atypical income sources to demonstrate log-run feasibility.
- **Annual operating loans;** short-term feasibility must be considered. The projected plan must provide the ability to repay the annual operating loan during the production cycle (**positive** ending cash).
- **Both term and annual operating loans;** both long and short-term feasibility must be considered. For both loans to be approved, the projected plan must provide the ability to repay the annual portion of the loan during the production cycle (**positive** ending cash) as well as the ability to pay on-going farm and nonfarm expenses, and term debts (**positive** MADS).

Note: If the projected plan shows that only the annual operating portion of the loan can be repaid (**negative** MADS, **positive** ending cash), the annual loan can be approved; however, the term loan would need to be denied.--*

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

1 Feasibility (Continued)

b Special Loan Servicing Actions (Primary Loan Servicing Only)

Feasibility for primary loan servicing actions is determined by DALR\$. See **Feasibility Definition** (Section H 1 c) for more information about feasibility.

c Feasibility Definition

A feasible plan or projection is demonstrated by the following.

Note: See 3-FLP, 4-FLP, or 5-FLP, as applicable, for additional information on feasibility.

Loan Type	MADS <u>1/</u>	Ending Cash
Loan Making and Servicing Actions, Except Primary Loan Servicing		
Term Loans, long term feasibility.	Must be positive.	Must be positive
Annual Operating Loans, short term feasibility.	May be positive or negative.	Must be positive
Youth Loans.	Is not applicable.	Must be positive
Primary Loan Servicing		
All loan types.	e-DALR\$ determination.	Must be positive

1/ A positive (zero or greater) MADS is equivalent to TDCLCR of 1.00 or greater. The terms can be used interchangeably.

2 Creating Current Year Projections

A projected plan for the current production cycle can be created for both short and long-run feasibility decisions. Projections can be entered using summary dollar values for each category or on schedules where the calculated total transfers to the income/expense summary. Sometimes a mix of summary and scheduled input is appropriate. Scheduled information is especially appropriate when planning with production and yields. See **Income/Expenses – Actuals** (Section G) for a description of each category and suggestions for the types of information that should be included.

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

2 Creating Current Year Projections (Continued)

The following information must be fully documented in the schedules, footnotes, or comment notepads.

- Source of prices and yields used to develop the farm operating plan.
- Operating expenses based on accurate and verifiable information.
- Other farm income verified by written or verbal projection of FP benefits, tax records, historical records, etc.
- Verification of non-farm income.
- Owner withdrawals with documentation supporting the amount used for family living expenses and verification of the source for payments of personal debt.
- Document how the income and expenses for any household members was taken into consideration and how this affects cash flow.

The income/expense projection is categorized into the following 4 parts.

- Operating Income and Expenses (including current assets, current liabilities, crop and livestock sales, other farming income, purchases for resale, all farming expenses including interest, and depreciation).

Note: Income and expenses from current assets and current liabilities can generally be handled by making either of the following selections in the beginning balance sheet
--schedule under the "Proj. I/E?" column:--

- "None", do not send to the income/expense projection
* * *
 - send to selected income and expense schedule on income/expense projection.
- Nonoperating Income and Expenses (including owner withdrawals, income and Social Security taxes, nonfarm income and expenses).

Caution: Projected owner withdrawals must include family living expenses and personal debt payments; such as, credit cards, personal vehicle payments, home mortgage
--payments, student loans, personal loans, etc. All personal debt payments due during the planning period will flow over to the Owner Withdrawal schedule from the attached Balance Sheet.--

- Financing (including term and operating advances and operating principal repayments).
- Capital Sales, Expenditures, Contributions, and Withdrawals.

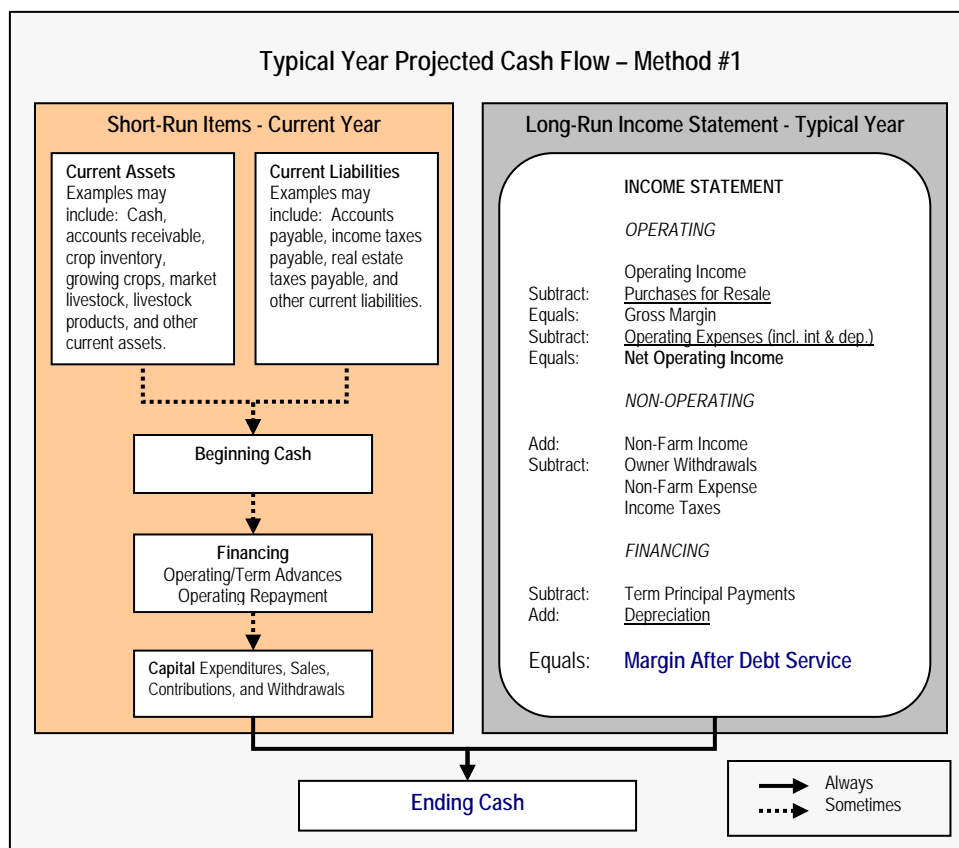

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

*--3 Creating Typical Projections

A typical projection can be created for both short and long-run feasibility decisions. There are generally 2 methods of creating a projection for a typical year.--*

a Method 1, Separate Short-Run Items from Typical Year

Method 1 has the following features.

- The cash flow categories included in MADS are derived from long-run operations and/or a typical year. If a projection is developed with the income and expenses representing a typical year, a positive MADS means feasibility has been demonstrated in a typical year. For the business to be viable in the long-run, it must have a positive MADS.
- The categories contributing to “Ending Cash” may include current assets and inventories, current liabilities and unpaid expenses, current year financing activity, and any net residual from MADS. A positive ending cash position means that the projection is feasible in the current year as well.

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

--3 Creating Typical Projections (Continued)--

a Method 1, Separate Short-Run Items from Typical Year (Continued)

- * * * When including sales of inventory in beginning cash, ensure that those sales are not double counted in operating income.

b Method 2, Transfer Current Assets and Payables into Operating

Method 2 has the following features.

- Current asset inventories may be sent to the projected operating income. However, because this is a typical year projection, ensure that the beginning and ending inventories/amounts are about the same.

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

--3 Creating Typical Projections (Continued)--

b Method 2, Transfer Current Assets and Payables into Operating (Continued)

- Accounts payable, income taxes payable, real estate taxes payable, and other current liabilities may be included in operating expenses. However, ensure that planned expenses are sufficient for the planned revenue and production level.
- Like Method 1, a positive MADS means feasibility has been demonstrated in a typical year because the projection was developed with the income and expense levels representing a typical year. In addition, a positive ending cash position means that the projection is feasible in the current year as well.

* * *

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

*--4 Monthly Cash Flow

Monthly cash flows are sometimes completed to assist in determining the annual operating credit needs from FSA, or revolving line of credit needs from another lender. The Projected Annual Cash Flow Report and Projected Monthly Cash Flow Reports may help the user determine the amount of borrower needs in these circumstances. The reports, by themselves, are not intended to be used to determine feasibility. Using monthly cash flows is optional.

If a user determines that a monthly cash flow is needed, the user must designate in the “Monthly CF Setup” drop-down menu, how many months the projection will cover when the income/expense is added or duplicated. Options include a 12-, 18-, or 24-month projection.

The screenshot shows the 'Income / Expense' form. The 'Monthly CF Setup' dropdown menu is open, displaying options: None, 12, 18, and 24. A callout box points to the dropdown with the text: 'Select “# Mths” needed for the cash flow from the Monthly CF Setup.'

Figure 37a, Selecting Months for Projection

After the projection is created, monthly cash flow allocations may be added at the summary or schedule level. Both methods achieve the same result of having the cash inflow or outflow categories allocated in designated month or months, in addition to the overall total.--*

a Summary Level

Step 1. All inflow or outflow categories may have a monthly cash flow allocation entered at the summary level. CLICK blue “\$” next to the category amount.

Example: For “Fertilizers & Lime”, \$25,000 was entered as a summary dollar value. For “Gas/Fuel/Oil”, \$31,000 is a total from the detailed schedule. However, both can be allocated in the monthly cash flow by clicking the blue “\$”.

*--

Feed Supplement		0	0
Feed Grain & Roughage		15,000	0
Fertilizers & Lime		25,000	0
Freight & Trucking		0	0
Gas / Fuel / Oil		31,000	0
Insurance		0	0

Figure 37b, Entering Monthly Cash Flow Projections--*

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

--4 Monthly Cash Flow (Continued)--

a Summary Level (Continued)

Step 2. User has the option of custom entries or selecting from the default “Monthly Codes” provided.

Example: On the Fertilizers & Lime Monthly Allocation Screen, user clicked “Monthly Code” drop-down menu and selected “Bi-Monthly-Start 2”.

*--

Monthly Code	Month	Amt
Bi-Monthly-Start 2	1 / 2010	0
All Mths Open	2 / 2010	4,167
All in Quarter 1	3 / 2010	0
All in Quarter 2	4 / 2010	4,167
All in Quarter 3	5 / 2010	0
All in Quarter 4	6 / 2010	4,167
All Months-Equal	7 / 2010	0
Bi-Monthly-Start 1	8 / 2010	4,167
Bi-Monthly-Start 2	9 / 2010	0
Month 1	10 / 2010	4,167
Month 2	11 / 2010	0
Month 3	12 / 2010	4,165
Month 4	Totals	25,000
Month 5		
Month 6		
Month 7		
Month 8		
Month 9		
Month 10		
Month 11		
Month 12		

Figure 38

If the amount for any category on the projection is altered, the monthly allocation will automatically recalculate based on the monthly code selected. “Monthly Code” may be changed at any time.

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

--4 Monthly Cash Flow (Continued)--

b Schedule Level

Step 1. Select the category and enter the total amount for the projected plan period in the detailed schedule. More than 1 entry may be added. CLICK “Mth” next to each entry to allocate the amount in the monthly cash flow.

Example: For “Gas/Fuel/Oil”, total of \$31,000.

*--

Description	Amount	Pro Forma?	P.F.
Gas	30,000	None	
Oil	1,000	None	
Total Gas / Fuel / Oil	31,000		
Total to Inc/Exp Summary	31,000		

Figure 39--*

Step 2. User has the option of custom entries or selection from the default monthly codes provided.

Example: For “Gas” entry of “\$30,000”, user clicked the “Monthly Code” drop-down menu and selected “All Months-Equal”.

*--

Monthly Code	Month	Amt
All Months-Equal	1 / 2010	2,500
All Mths Open	2 / 2010	2,500
All in Quarter 1	3 / 2010	2,500
All in Quarter 2	4 / 2010	2,500
All in Quarter 3	5 / 2010	2,500
All in Quarter 4	6 / 2010	2,500
All Months-Equal	7 / 2010	2,500
Bi-Monthly-Start 1	8 / 2010	2,500
Bi-Monthly-Start 2	9 / 2010	2,500
Month 1	10 / 2010	2,500
Month 2	11 / 2010	2,500
Month 3	12 / 2010	2,500
Month 4	Totals	30,000

Figure 40

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

--4 Monthly Cash Flow (Continued)--

b Schedule Level (Continued)

***--Example:** For “Oil” entry of “\$1,000”, the user clicked “Monthly Code” drop-menu and selected “All Mths Open”. Dollar amounts were manually entered in the “Amt” fields.

Month	Amt
1 / 2010	250
2 / 2010	250
3 / 2010	0
4 / 2010	250
5 / 2010	0
6 / 2010	250
7 / 2010	0
8 / 2010	0
9 / 2010	0
10 / 2010	0
11 / 2010	0
12 / 2010	0
Totals	1,000

“All Mths Open” was selected. User determines which months and what dollar amounts will be manually entered in the “Amt” field.

Figure 41

Note: The blue “\$” on the summary page will change to italicized when the monthly cash flow allocation is added at the schedule level.

Freight & Trucking	0	0
Gas / Fuel / Oil	31,000	0
Insurance Exp.	0	0
Labor Hired	0	0

Figure 42

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

*--4 Monthly Cash Flow (Continued)

c Warnings

If the monthly cash flow allocation was added at the summary level and the user decides to add the amount at the schedule level, when the user clicks “**Mth**”, a warning message will be displayed. Take appropriate action, as follows:

- CLICK “**Cancel**”, to keep the current monthly cash flow allocation information
- CLICK “**OK**”, and the monthly cash flow allocation for the category will be deleted and the Monthly Allocation Screen will be displayed with the option of re-entering the information at the schedule level.

Figure 43

If monthly cash flow was added at the schedule level, and then the user clicks on the italicized “\$” on the summary page, a warning message will be displayed. Take appropriate action, as follows:

- CLICK “**Cancel**”, to keep the current monthly cash flow allocation information.
- CLICK “**OK**”, and the monthly cash flow allocation for the category will be deleted, and the Monthly Allocation Screen will be displayed with the option of re-entering the information at the summary level.

Figure 44

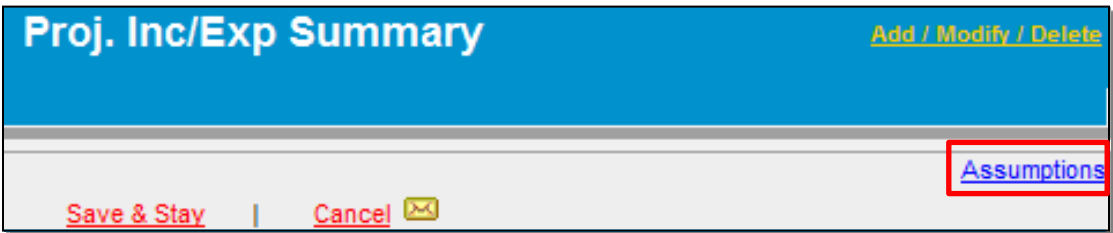

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

*--5 Assumptions or Stress Testing

Assumptions:

- allow a user to build new projected income and expense information based on existing historical or projected income and expense data
- use user-defined assumptions about expected changes in income and expense levels, along with the common size calculations, to extrapolate new projected income and expense information
- can be used by loan officials to demonstrate to customers how changes in income/expenses may affect their operations.

Step	Action
1	<p>Create a new Projected Income/Expense to use in the Assumption process.</p> <p>Caution: Only use a plan created specifically for the assumption/stress test. All data saved in the assumption will automatically update the projected income/expense “summary” data only and not the scheduled information.</p>
2	<p>After new projection has been created, CLICK “Assumptions” link.</p>  <p>Figure 44a</p>
3	<p>CLICK “Select” link to access the Lookup Window, Select Date Screen.</p>  <p>Figure 44b</p>

--*

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

*-5 Assumptions or Stress Testing (Continued)

Step	Action
4	On the Lookup Window, Select Date Screen, click either “Average” or “mm/dd/yyyy” link for which to base the assumptions.

Figure 44c

The “Select” link is replaced by whichever date was selected on the Lookup Window, Select Date Screen (“Average” or “mm/dd/yyyy”). Data in the assumptions can be changed by clicking on the selected link and choosing another plan.

Example: For this example, user clicked the “Average” link and will populate the Assumptions Screen with that data. Income line items will have open text fields where adjustments can be made to the data depending on the radio button selected (1st, 2nd, or 3rd). Users can choose multiple options for the calculations.

- 1st radio button, “Input +/- Percent Change”.

~Greer 2, Pixie Stress Test 1 1/1/2014 To 12/31/2014		Assumptions							
		Save & Stay	Save & Average	Cancel &

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals

Collateral analysis involves assessing the adequacy of collateral pledged for a loan and must be completed when a Credit Presentation is prepared for a loanmaking or loan servicing action.

In addition to populating the Credit Presentation, a separate collateral analysis report can be printed that shows the calculations involved in the analysis.

For all direct FSA loans, the default collateral discount factor is 100 percent. **This must not be changed.**

1 Describing the Collateral Position

The collateral position is usually described in the following 2 ways.

Description	Calculation
Margin of Collateral to Loan	(Amount of collateral minus prior liens) divided by total FSA loans.
Percent Loan to Collateral	(Total FSA loans divided by (amount of collateral minus prior liens)) multiplied times 100.

--For all FSA loans, use the “Margin of Collateral to Loan” to determine if the security requirement is met.--

2 Completing the Chattel Appraisal

The descriptions and values in the chattel appraisal are derived from the balance sheet schedules. After a loan official has visited the farm and completed an appraisal of the chattel, the appraised values will need to be entered in the corresponding schedules. After the Balance Sheet has been updated, CLICK “**Balance Sheet**” and “**Chattel Appraisal**” to update the chattel appraisal information.

Figure 45

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

2 Completing the Chattel Appraisal (Continued)

Complete the Chattel Appraisal Screen. Use the Footnote Section for any additional information as needed.

Chattel Appraisal
1/1/2010 - Current

Save & Stay | Save & [Icon] | Save & Menu [Icon]

Who provided the Chattel Appraisal? ☐ Contractor ☐ Lender ☒ FSA ☐ Other

Date of Chattel Appraisal? 6/10/2010 [Calendar Icon]

Schedule	Value
Market Livestock & Poultry	25,000
Machinery & Equipment	100,000
Farm Vehicles	10,000
Raised Breeding Stock	10,000
Total value of Appraised Property	145,000

Paragraph Arial 10 Symbols [Icons]

Add any additional information as needed.

Defaults to "FSA". Ensure that it is changed if chattel appraisal was completed by someone other than an FSA employee.

Manually enter or use the calendar to select the date the chattel appraisal was completed.

Use Footnotes Section for any additional information as needed.

--Figure 45a--

Farm Business Plan - FSA User Guide (Continued)

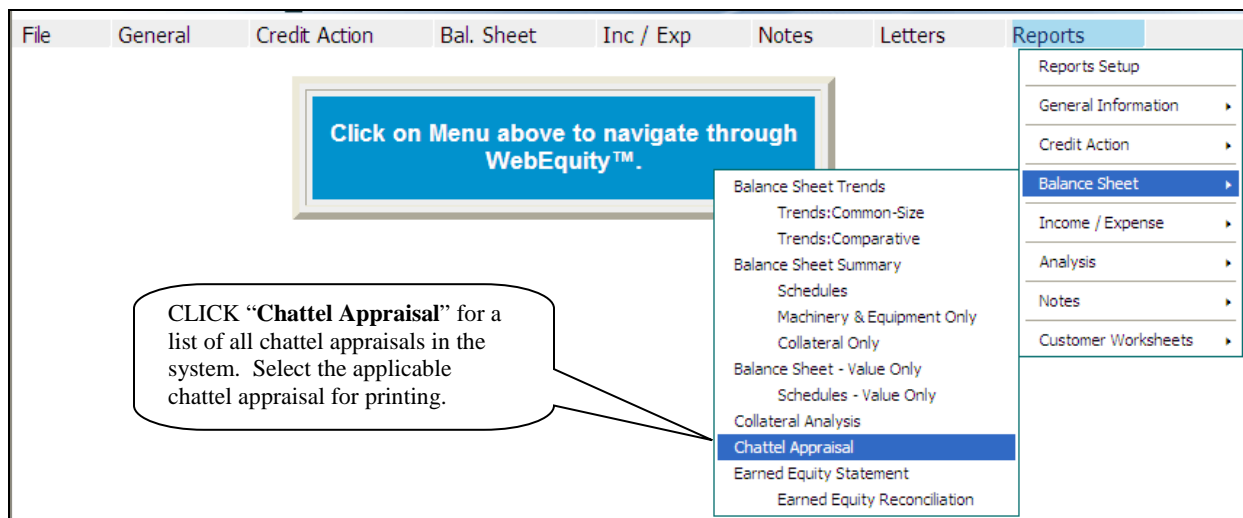

I Collateral Analysis/Chattel Appraisals (Continued)

2 Completing the Chattel Appraisal (Continued)

If the chattel appraisal is completed by the same official who recommends or approves the Credit Presentation, the Appraisal form does not need to be printed or signed. If not printed, there **must** be a notation in the Collateral Section of the Credit Presentation that a chattel appraisal was completed, date of appraisal, and that the eSignature stamp of the recommending or approving official represents the person who completed the appraisal.

In all adverse actions, or if the appraisal was completed by someone other than the recommending/approving official, the chattel appraisal will need to be printed and signed.

To generate the printed chattel appraisal CLICK **“Reports”**, **“Balance Sheet”**, **“Chattel Appraisal”**, and select the chattel appraisal to be printed from the list provided.

--Figure 45b--

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

3 Building the Collateral Analysis

The collateral analysis is where a user can access, view, add, modify, or delete information specific to any collateral value for loans held by FSA and any prior lien holders. The values in the collateral analysis are derived from the associated balance sheet summary and schedules.

When building the collateral analysis the following rules will apply.

Prior Lienholders:

- Prior lienholders **must** be added to the collateral analysis **before** adding any FSA loan group.
- Only include lienholders in the collateral analysis that have prior liens to FSA.

FSA Loans:

- Existing loans can only be grouped together if all the loans in the group are secured by the **exact** same security.
- Existing loans - when the same collateral is used to secure multiple FSA loans, the existing loan that has the primary security interest in that asset must be added first and will be shown at 100% secured.
- Existing loans - when the collateral used to secure the existing loan(s) will also be used to secure a new loan(s), the existing loan(s) will be shown at 100% secured allowing the remaining security value to be used to meet the security requirements of the new loan(s).
- New loan(s) – if more than 1 new loan, the value of the same security cannot be used to reach the 150% security requirements.

* * *

- Always complete the collateral analysis using:
 - New Loans, the **current** balance sheet
 - Refinancing, “**After Refi**” Balance Sheet
 - Primary Servicing, “**After DALR\$**” Balance Sheet.--*

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

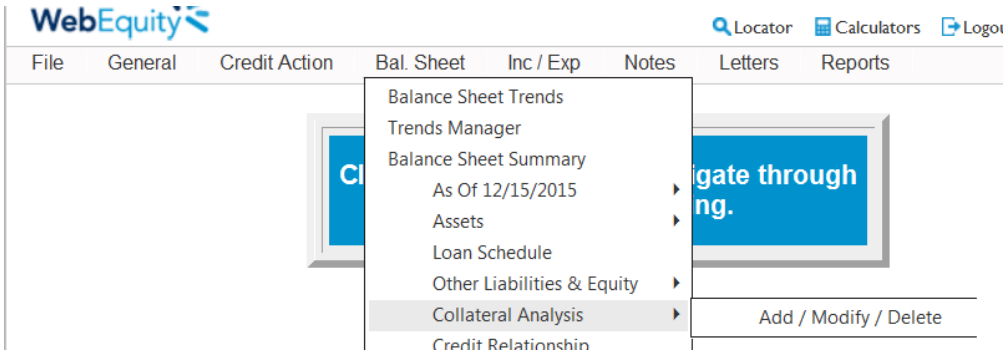

3 Building the Collateral Analysis (Continued)

a Customer With No Prior Liens

*--In this example there are no prior liens on the collateral used to secure the following FSA loans.

- existing FSA loan 44-01: \$97,000 secured by machinery and equipment
- new FSA int. OL loan: \$90,000 to purchase livestock
- new current OL loan: \$50,000 for operating expenses

Use the following steps to build the collateral analysis for the FSA loan groups.

Step	Action
1	Always verify the correct balance sheet is selected to use in building the collateral analysis.
2	<p>CLICK “Bal. Sheet”, “Collateral Analysis”, and “Add/Modify/Delete”. When the user first clicks this menu item, the only submenu item displayed is “Add/Modify/Delete”. As users add loan groups, they will automatically be displayed in the submenu and be available for selection.</p>  <p>Figure 46</p>

b Customer With Prior Liens

Assume in this **example** there are prior liens on the collateral used to secure the FSA loans. Those creditors **must** be added to the collateral analysis **before** the FSA loan group.

- John Deere Credit: \$70,000 secured by a first lien on 2 tractors worth \$85,000
- Case IH Credit: \$25,000 secured by a first lien on 1 tractor worth \$18,000
- Citizens Bank: \$50,000 secured by a first lien on the real estate
- Existing FSA loan 44-01: \$97,000 secured by livestock and equipment
- *--Existing FSA loan 41-02: \$300,000 secured by real estate--*
- New FSA Int. OL loan: \$90,000 to purchase livestock
- New current OL loan: \$50,000 for operating expenses

Use the following steps to build the collateral analysis for the FSA loan group. Refer to paragraph I 3 a, **Customer With No Prior Liens**, for additional help in specific steps if needed.

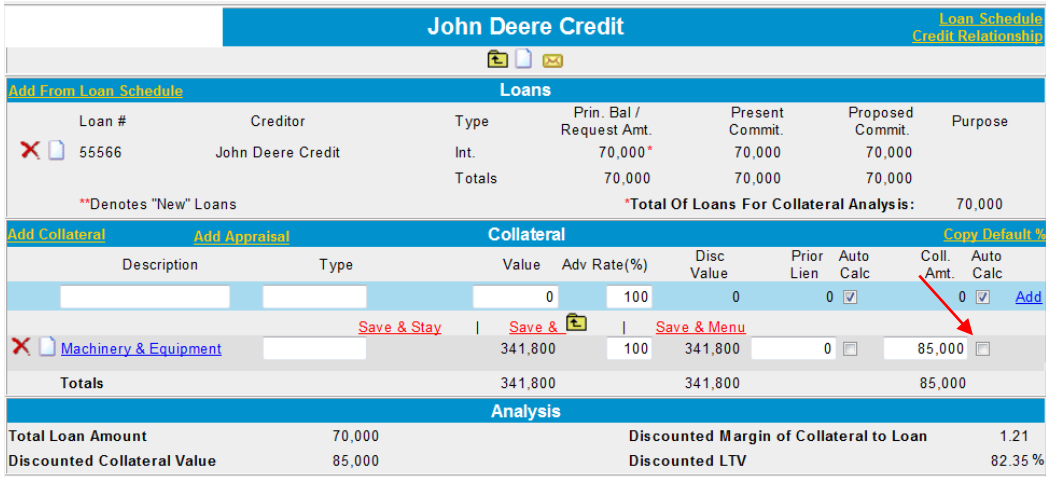

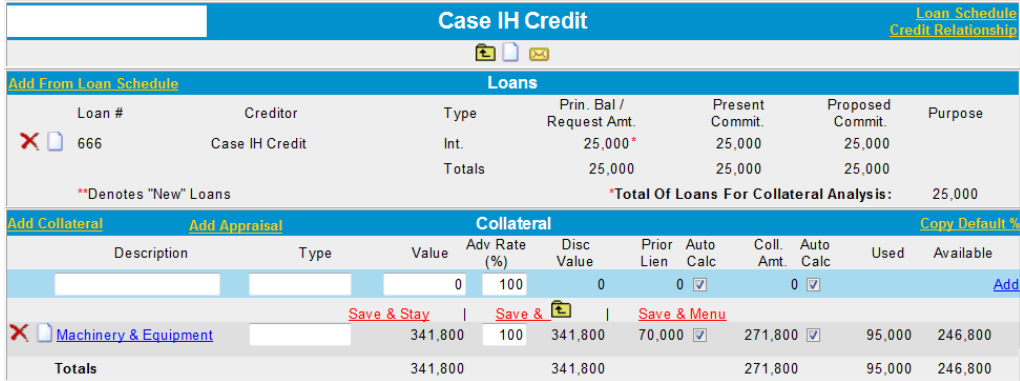

Step	Action
1	<p>Complete the following fields to add the John Deere Credit (\$70,000) loan group:</p> <ul style="list-style-type: none"> • “Loans Description”, enter a description of loans associated with the collateral • “Lien?”, select “Prior” for all prior loans • “Amt to Use”, select “As Marked On Schedule”. <p>CLICK “Add” to begin building the collateral analysis.</p>  <p>Figure 48</p>
2	<p>CLICK “Add from Loan Schedule” and choose the John Deere Credit loans.</p>  <p>Figure 48a</p>

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

3 Building the Collateral Analysis (Continued)

b Customer With Prior Liens (Continued)

Step	Action
3	<p>CLICK “Add Collateral” and select the collateral for the loan group being built.</p> <p>To adjust the value of the collateral securing the prior lien holder, uncheck (✓) the “Auto Calc” box and enter the value of the asset (\$85,000) securing the loan in the “Coll. Amt” field.</p>  <p>Figure 48b</p>
4	<p>Create a loan group for the Case IH Credit (\$25,000) loan group.</p> <p>CLICK “Add Collateral” and select the collateral for the loan group being built.</p>  <p>Figure 49</p>

--*

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

3 Building the Collateral Analysis (Continued)

b Customer With Prior Liens (Continued)

Step	Action
5	<p>Caution: In this example a “Prior Lien” (John Deere) loan group (\$70,000) had already been added to the collateral analysis using the ‘Machinery & *--Equipment’ collateral. John Deere does not have a “Prior Lien” against the equipment securing Case IH Credit, only a “Prior Lien” to FSA. To allow the system to calculate correctly, uncheck the “Auto Calc” box and enter \$0 in the “Prior Lien” field before saving.</p> <p>The Case IH Credit prior lien is under secured which is sometimes--* referred to as “upside-down” or negative equity loan. To adjust the value of the collateral securing the prior lien holder, uncheck (✓) the “Auto Calc” box and enter the value of the asset (\$18,000) securing the loan in the “Coll. Amt” field.</p> <p>When user clicks “Save & Stay”, only the value of the tractor will be deducted from the total of “Machinery and Equipment”. No equity from the equipment will be used to secure the Case IH Credit loan.</p>

3 Building the Collateral Analysis (Continued)

b Customer With Prior Liens (Continued)

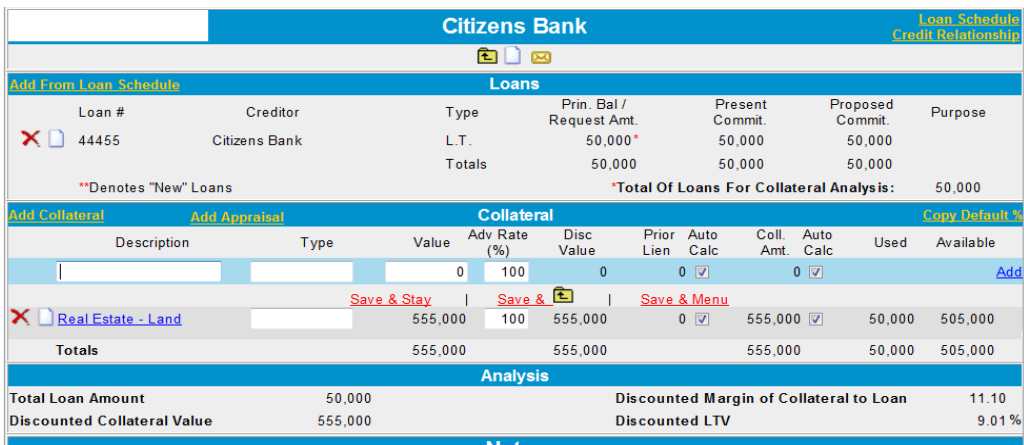

Step	Action
8	<p>Create a loan group for the Existing FSA 44-01 (\$97,000) loan. Add the FSA loan from the loan schedule, and then add the collateral securing those loans. In this example, even though all machinery and equipment is securing the FSA loan, there is only \$253,800 of collateral available for FSA (value of all machinery and equipment of \$341,800 minus John Deere **--prior lien of \$70,000 and Case IH Credit Coll. Amt. of \$18,000 equals \$253,800).--* This amount is calculated automatically and captures any remaining equity in the tractors.</p> 

Figure 52

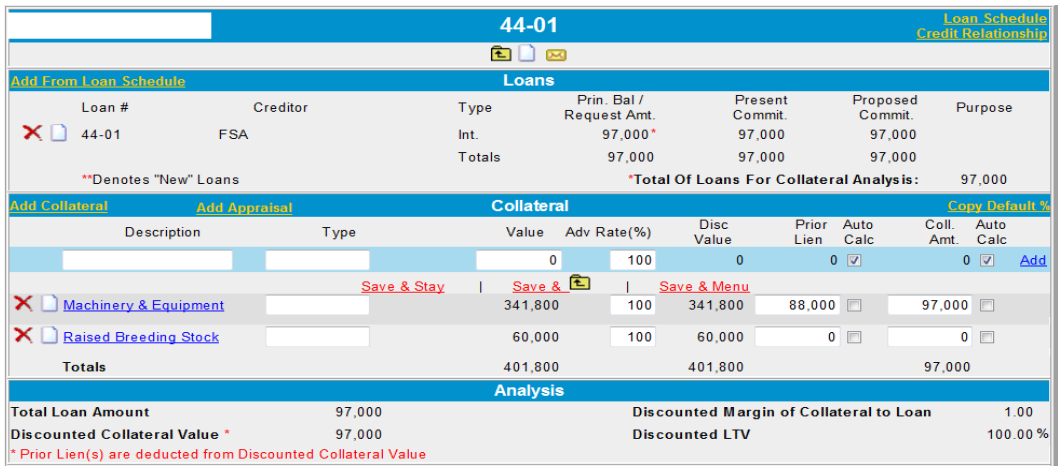

9	<p>To adjust the value of the collateral securing the existing loan to 100%, uncheck (✓) the “Auto Calc” box and enter the amount of the loan (\$97,000) in one or more of the “Coll. Amt” fields.</p> <p>The remaining collateral value (\$216,800) will be used to meet the security requirements of the new loan(s)</p>

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

3 Building the Collateral Analysis (Continued)

*--c Customer With FSA Cross-Collateralized Loans

Sometimes the same asset may be used as collateral for multiple FSA loans. This is called, “cross-collateralization”. To correctly display the available collateral, the loan group that has the primary security interest in that asset must be added first.

Example: Assume that the customer has an FSA FO loan (41-01) with a balance of \$165,000, secured by a first mortgage on a farm worth \$280,000. The farm also serves as additional collateral for the FSA OL loan (44-02), with a loan balance of \$90,000. The FSA OL is also secured by all machinery and equipment, valued at \$80,000.

Step	Action
1	<p>Add the FO 41-01 loan group first. Select the \$165,000 FO loan from the loan schedule and then add the real estate land, valued at \$280,000, as collateral.</p> <p>To ensure that the real estate security value is not double counted, adjust the value of the collateral securing the existing loan to 100%. Uncheck (✓) the “Auto Calc” box and enter the amount of the loan (\$165,000) in the “Coll. Amt” field.</p> <p>The remaining collateral value will be used to meet the security requirements of the OL loan.</p>  <p>Figure 55</p>

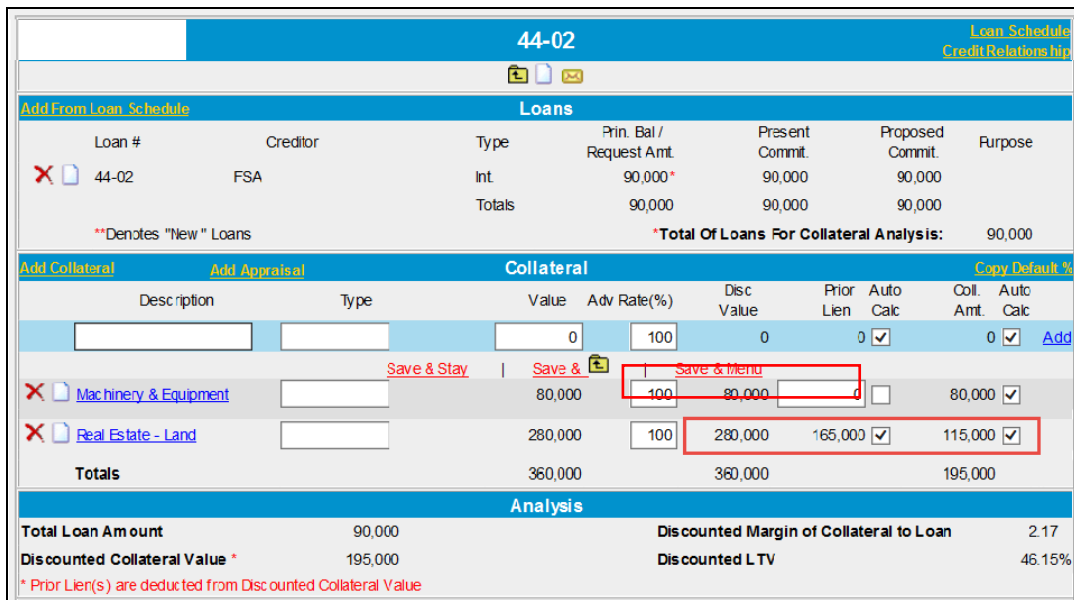

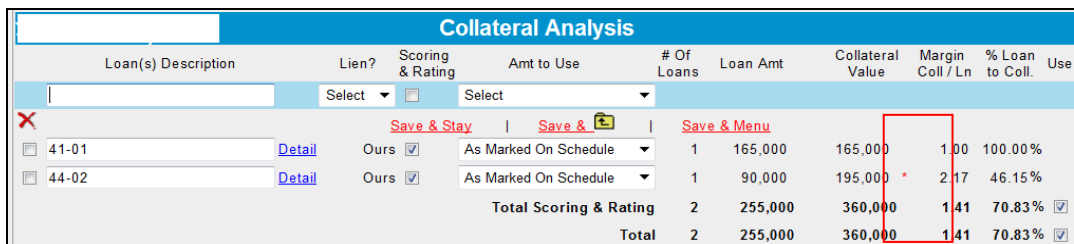

--*

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

3 Building the Collateral Analysis (Continued)

c Customer With FSA Cross-Collateralized Loans (Continued)

Step	Action
2	<p>Add the FSA 44-02 Loan group, select the FSA \$90,000 OL loan from the loan schedule, and add the machinery and equipment and the real estate land as collateral.</p> <p>Note: Even though the farm is valued at \$280,000, the amount available for this loan group is only \$115,000. This amount is automatically calculated and represents the difference between the value of the farm (\$280,000) and the FSA FO loan secured by a first lien on the farm (\$165,000).</p> <p>*--</p>  <p>Figure 55a</p>
3	<p>Access the Collateral Analysis Screen and verify that the margin of collateral to loan is correct.</p>  <p>Figure 55b</p>

Farm Business Plan - FSA User Guide (Continued)

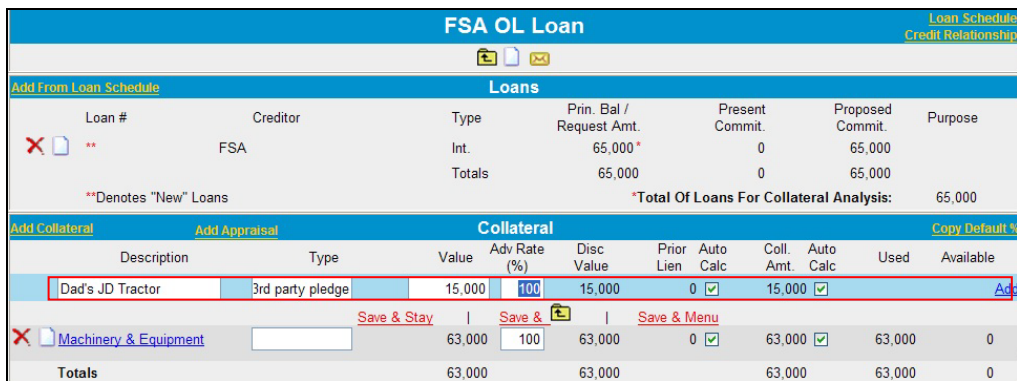

I Collateral Analysis/Chattel Appraisals (Continued)

3 Building the Collateral Analysis (Continued)

*--d Customer With Third-Party Pledge of Security

Sometimes, outside individuals or entities may provide third-party pledges of collateral. Because the customer does not own the collateral, it does not appear on their balance sheet and is; therefore, not available to be selected on the Select Collateral Detail Screen when building the collateral analysis. In these circumstances, the collateral pledged by the third party must be manually entered in the loan group.

Example: Assume that Dad pledged a tractor worth \$15,000 as additional security for a FSA OL loan in the amount of \$65,000. The FSA OL is also secured by all machinery and equipment valued at \$63,000.

Step	Action
1	<p>Add the FSA OL loan group, select the FSA \$65,000 OL loan from the loan schedule, and then add the machinery and equipment valued at \$63,000, as collateral. Manually add the third-party additional collateral to the “Collateral” Section and CLICK “Add”.</p>  <p>Figure 56</p>

3 Building the Collateral Analysis (Continued)

*--d Customer With Third-Party Pledge of Security (Continued)

Step	Action
2	<p>The \$15,000 will now be displayed in the “Coll. Amt.” Column.</p> <p>*--</p>  <p>Figure 56a</p>
3	<p>Access the Collateral Analysis Screen and verify that the margin of collateral to loan is correct.</p>  <p>Figure 56b</p>

--*

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

3 Building the Collateral Analysis (Continued)

*--e Customer With Personal Property Used for Security

Sometimes a customer's personal property is needed as additional security. There are 2 methods that can be used to add the personal property as security to the collateral analysis. If additional documentation is needed, it can be added to the attached WordPad.

Method 1: Assume that a customer has nonfarm real estate valued at \$125,000, with a prior lien of \$85,000. The customer wants to use the equity in the property, \$40,000, as additional security for a FSA OL 44-01 loan in the amount of \$65,000. The FSA OL is also secured by all machinery and equipment, valued at \$63,000.

Add the FSA OL loan group, select the FSA \$65,000 OL loan from the loan schedule, and add "Machinery & Equipment" and "Nonfarm Real Estate" as collateral. To adjust the value of the "Nonfarm Real Estate", uncheck (✓) the "Auto Calc" box and enter the prior lien (\$85,000) in the "Prior Lien" field. "Total Collateral Amount" equals \$103,000 (Machinery & Equipment **plus** equity in Nonfarm Real Estate).

J Credit Actions

In FBP, a credit action generates forms and other documentation containing the information necessary to approve, decline, and support a loanmaking or loan servicing decision.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

The following are the 11 credit action models that are available.

Credit Action Type	Used For	Type of Forms				
		Environ-mental Checklist	Farm Assess-ment	Other	Credit Presentation	Security Agreement
D-Loan Making <u>1/</u>	Direct loan applications.	Available	Available	N/A	Cred. Pres/Borr. Class.	Available
D-Loan/Security Agreement Only	When only a security agreement is needed.	N/A	N/A	N/A	N/A	Available
D-Loan/Class/LR/YEA Only	When action is not included in another credit action.	N/A	Available	N/A	Classification/YEA/LR Review	Available
D-Loan/Special Serv. <u>1/</u>	Primary and preservation loan servicing, DSA.	Available	Available	DALR\$ Input Report	Cred. Pres/Borr. Class.	Available
D-Loan/ Regular Serv. <u>1/</u>	*--All regular servicing actions.--*	Available	Available	N/A	Cred. Pres/Borr. Class.	Available
D-Loan/ Eligibility Only	Used when eligibility is not included in another credit action.	N/A	N/A	Eligibility Only	N/A	N/A
Youth Loans	Processing and approval of applications.	Available	N/A	Eligibility Only	Youth Loan	Complete Form Manually
D-Loan/ Special Classification	Classify select accounts.	N/A	N/A	N/A	Special Classification	N/A
Emergency Loan Calculations	Calculate qualifying losses.	N/A	N/A	Emergency Loan Calculations	N/A	N/A
Microloan <u>1/</u>	ML applications	Available	Available	N/A	ML	Available
FSFL	FSFL applications	N/A	N/A	N/A	FSFL	N/A

1/ In cases where a direct loan or microloan is being made in conjunction with a servicing request (special or regular), use the applicable servicing credit action.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

1 Credit Action Menu

The Credit Action Menu allows a user to quickly generate a new credit action or to access an existing credit action. It is recommended that only **1** credit action be added per loan or servicing application.

Note: When an “Emergency Loan Calculations” credit action is used, an additional credit action must be added to support the loanmaking or loan servicing decision.

To add a new credit action, CLICK “**Credit Action**”, “**Add/Modify/Delete**”, to access the Credit Action Screen. The “Add/Modify/Delete” option may also be accessed through the Dashboard.

Figure 58, Credit Action Menu

Complete the following fields on the Credit Action Screen:

- “Description”, enter a meaningful description for the specific credit action
- “Credit Action Model”, CLICK “**arrow**” drop-down menu to choose a credit action model
- CLICK “**Add**”.

*--

Credit Action			
Description	Model Selection Filter	Credit Action Model	
2016 Tractor Loan		Select	Add
		D-Loan Making	
		D-Loan/Sec. Agr. Only	
		D-Loan/Class/LRYEA Only	
		D-Loan/Special Serv.	
		D-Loan/Regular Serv.	
		D-Loan/Eligibility Only	
		D-Loan Special Classification	
		Youth Loan	
		Microloan	
		FSFL	
		Emergency Loan Calculations	

Figure 58a, Add Credit Action Model--*

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

1 Credit Action Menu (Continued)

The new credit action will be added and contain all the forms necessary for a particular loan or servicing request. Click each individual form to access and complete.

The screenshot shows the 'Credit Action' screen. At the top, there is a header bar with the title 'Credit Action'. Below the header, there is a form area with a 'Description' field, a 'Credit Action Model' dropdown menu, and an 'Add' button. Below this, there is a table with columns: Description, Status, Environmental, Farm Assmt., Other, Credit Presentation, Security Agreement, and Track. Two rows are visible: '2009 Restructuring' and '2011 Tractor Loan'. Each row has links for 'Select', 'Add / Modify / Delete', and 'Track'. A 'Save & Stay' button is located above the table.

Description	Status	Environmental	Farm Assmt.	Other	Credit Presentation	Security Agreement	Track
2009 Restructuring	Select	Environmental Checklist	Farm Assmt.	DALR\$ Input Rpt.	Cred. Pres. / Borr. Class.	Select	Track
2011 Tractor Loan	Select	Environmental Checklist	Farm Assmt.	None	Cred. Pres. / Borr. Class.	Select	Track

--Figure 58b, Credit Action Screen--

To quickly access an existing credit action, CLICK “**Credit Action**” [*Credit Action Name*], from the drop-down menu. All forms needed for that particular credit action will be displayed in the fly-out menu. Click the form link to access.

The screenshot shows the 'Credit Action' menu. The 'Credit Action' tab is selected, and a fly-out menu is open. The fly-out menu contains the following items: '2009 Restructuring', '2011 Tractor Loan', 'Add / Modify / Delete', 'Credit Action Status', 'Environmental - Environmental Checklist', 'Farm Assmt. - Farm Assmt.', 'Credit Presentation - Cred. Pres. / Borr. Class.', and 'Lock Forms'.

--Figure 58c, Existing Credit Actions--

Note: FBP coordinators have the ability to add additional forms to an existing Credit Action when needed.

Example: Loan official creates a “D-Loan Making” credit action and completes most of the form and then realizes that the “DALR\$ Input Report” is needed for a restructuring action. The form can be added to the existing credit action in place of creating a new “D-Loan/Special Serv.” credit action.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

2 Credit Action Status

The “Status” column is an eSignature feature on the Credit Action Screen that helps track the progress of the credit action. When a Credit Presentation that requires “Plan Approval” is acted on by a loan official, the “Status” on the Credit Action Screen will automatically be updated to indicate if it was:

- “Approved” or “Declined”
- “Recommend Approval” or “Recommend Decline”
- “Withdrawn”
- “End”, to be used **only** by the FBP coordinator.

2009 YEA	Approved		Farm Assmt.	Classification / LR Review/ YEA	Security Agreement	Track

--Figure 58d, Credit Action Status--

3 Credit Action Forms

a Locking Forms

As soon as a credit action has been completed and eSigned, lock all the forms used in the credit action. See **Reports and Signature Requirements** (Section B 4 b) for a list of forms and locking requirements.

Exceptions: Direct Loan Making – If a delay in loan closing is anticipated, such as when funding is limited, the forms do not need to be locked until loan closing. This allows for the input of any changes in the financial or farming situation that have occurred since loan approval.

FSFL – May be locked at loan closing to allow for the input of any additional documentation that may be needed to support changes in the loan amount.

In no situation will a loan be closed without locking the forms used in the credit action. Do **not** delete any of the documentation that was used to make the original credit decision.

Farm Business Plan - FSA User Guide (Continued)

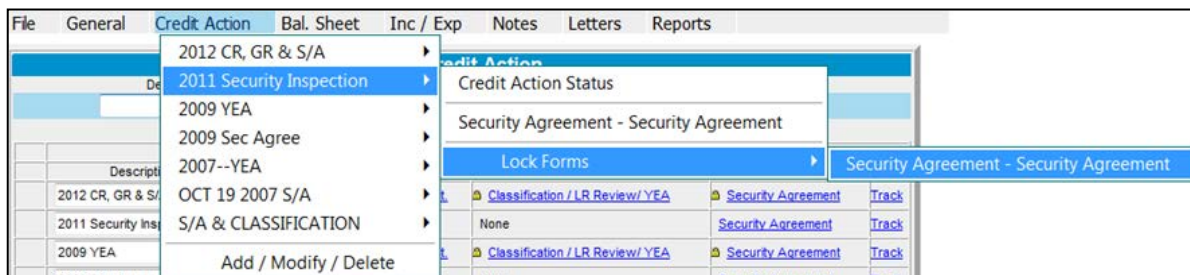

J Credit Actions (Continued)

3 Credit Action Forms (Continued)

a Locking Forms (Continued)

To lock the forms in a credit action:

- CLICK “**Credit Action**” [*Credit Action Name*]
- from the fly-out menu, select “**Lock Forms**”
- click the form to lock
- a small lock will be displayed on the Credit Action Screen next to the “Locked” form.

--Figure 58e, Locking Forms--

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

3 Credit Action Forms (Continued)

b Copying Data Into WordPad

The WordPad on a Credit Action form has additional features that are not available on WordPads located in other parts of FBP. This allows tables and spreadsheets to retain the Microsoft formatting.

Microsoft Word and Excel **tables and spreadsheets** can be copied and pasted in the WordPad and the data will retain the Microsoft formatting if, under the WordPad, users CHECK (✓) “Includes imported images and/or pasted data” box.

***--Caution:** Only use this feature when copying Microsoft Word tables or Excel spreadsheets. This feature will decrease performance speed.--*

When copying **text only** from Microsoft Word to a WordPad in FBP, the text must be stripped of the formatting for the text to print correctly using the Microsoft Reporting Service (MRS) feature. To copy text, do the following:

- highlight desired text in Microsoft Word and copy
- paste in the appropriate WordPad block
- CLICK “**Clean MS Word HTML**” on the right side of the WordPad.

Note: Any formatting, bolding, bullets, etc. will be removed during the “cleaning” process. Formatting can be re-added by using the WordPad toolbar.

Figure 58f

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

3 Credit Action Forms (Continued)

b Copying Data Into WordPad (Continued)

Additional features available on the WordPad include the following.

*--

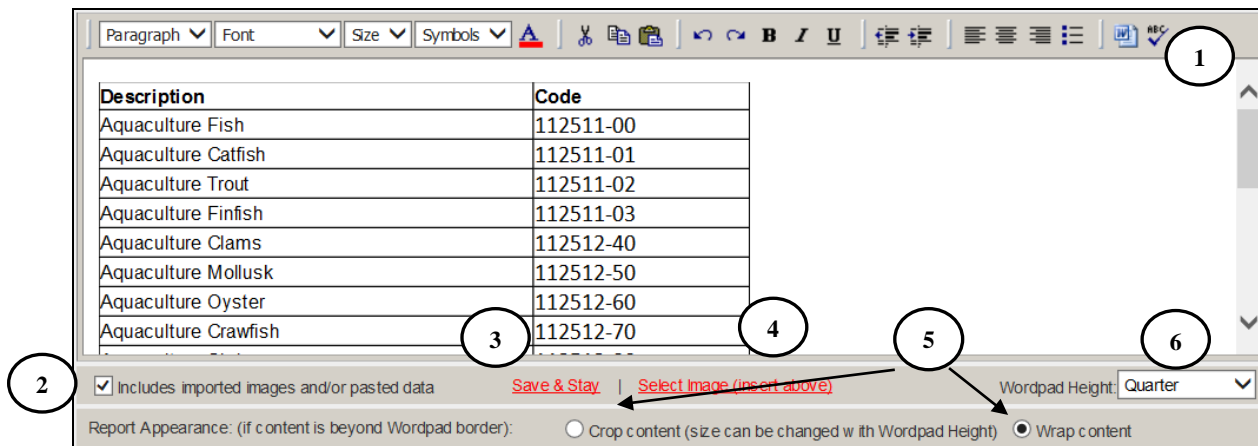

Figure 58g--*

Item	Feature
1	Word processing options are available to customize entries, including a “Spell Check” feature.
2	CHECK (✓) the box when including tables or spreadsheets copied from Microsoft Word or Excel and the WordPad will retain the Microsoft formatting.
3	CLICK “ Save & Stay ” link to refresh the screen after each step.
4	Do not use. FCAO and International Technology Services have requested that pictures and images not be uploaded because of performance, storage space, and bandwidth concerns.
5	<p>“Report Appearance” radio buttons can be used to determine how information on the report will be printed. If users click:</p> <ul style="list-style-type: none"> “Crop content”, WordPad will only print what is visible on the screen; however, size *--can be changed with WordPad Height (item 6), not recommended “Wrap content”, WordPad will print the entire WordPad content, recommended.--* <p>Note: Ensure that horizontal information can be seen without scrolling to prevent report from displaying excess information on second page.</p>
6	Use “Wordpad Height” drop-down menu to select the height for the WordPad.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

4 Farm Assessment

Initial farm assessments and updates must always be entered on the General Information Screen. However, because the farm assessment is a living document that will change over time, it is important that changes and updates get “frozen” in time on the Farm Assessment form when a credit action is completed. This serves the following 2 important purposes:

- a snap-shot of the farm assessment is taken, recorded, and cannot be changed when locked
- farm assessment will be associated with the credit action that was completed at that point in time.

Notes: Any changes to the assessment **must** be entered on the General Information Screen and then updated to the credit action Assessment form. Do **not** make changes directly to the credit action Assessment form.

ENTER “N/A” in the text box of those assessment elements not completed according to paragraph 222.

CLICK “**Credit Action**” [*Credit Action Name*], to be completed. To update the form with the most current assessment information from the General Information Screen, CLICK “**Save & Update**” link in the top-left corner of the screen.

The “**Update Farm Assmt.**” dialog box will be displayed. CHECK (✓) **only** the “General Information” box, and CLICK “**Update & [icon]**”.

Copy From	Last Updated

Other - DALRS Input Rpt.	-
<input checked="" type="checkbox"/> General Information - General Information	7/22/2011-8:48:31 AM

--Figure 58h, Update Farm Assmt.--

Notes: If assessment information is changed on the General Information Screen before plan approval of the credit action, the credit action Farm Asst. form must be updated.

Signature requirement: The Farm Assessment form **must** be printed and signed by the loan official and the customer’s signature **must be** obtained acknowledging participation in completing the document.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

*--5 FSA-850, Environmental Screening Worksheet

FSA-850 is prepared to document the environmental review. CLICK “**Credit Action**” [*Credit Action Name*], “Environmental Screening Worksheet”. The first time FSA-850 is accessed the “Individual and Company Name” fields are automatically updated with the most current information from the General Information Screen.

- Use the “**Save & Update**” link in the top-left of the screen, if needed, to update customer name information from the General Information Screen.
- Fill-in the text field questions and CLICK “**radio buttons**” to complete FSA-850. CLICK “**Save**” to save all changes to FSA-850.
- Use the “Attached Comments for Environmental Screening Worksheet” wordpad at the bottom of the page to enter any additional environmental related information.
- CLICK “**Signature of Preparer**” to eSign FSA-850.
- If FSA-850 requires concurrence, CLICK “**Signature of Concurring Official**” to eSign.--*

Note: Signature requirement: eSignature for preparer and concurring official, if required.

6 DALR\$ Input Report

A DALR\$ Input Report is prepared to calculate the financial categories needed for input into the eDALR\$ program. It also includes the relevant collateral description from the collateral analysis completed in conjunction with a balance sheet. The DALR\$ Input Report is 1 of the forms in the “D-Loan/Special Serv.” credit action model.

All financial information flows from selected balance sheets and income/expense projections to the DALR\$ Input Report. CLICK “**Reports**” and “**Reports Setup**” to control which balance sheets and income/expense projections will appear in the DALR\$ Input Report.

CLICK “**Credit Action**” [*Credit Action Name*], and “**DALR\$ Input Rpt.**” to be completed. To update the DALR\$ Input Report Screen with selected financial information, CLICK “**Save & Update**” link in the top-left corner of the screen.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

6 DALR\$ Input Report (Continued)

The “Update Other” dialog box will be displayed. CHECK (✓) **only** the following boxes:

- “Ultra Financials”
- “Collateral Analysis” select balance sheet from the drop-down menu
- “General Information”.

CLICK “Update &

--Figure 58i, Update Other--

Complete the DALR\$ Input Report by filling-in the following date fields located at the top of the form:

- “Proposed Loan Servicing Date”
- “Plan Approval Date”.

CLICK “**Completed By**” link at the bottom of the form to eSign.

Note: Signature requirement: eSignature required.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

7 Credit Presentation

A Credit Presentation is the primary document in a credit action that is prepared to communicate and document a loan making or loan servicing decision. The Credit Presentation encompasses the various aspects of analyzing the financial information, collateral position, eligibility, classification, and the loan narrative. The Credit Presentation should contain all relevant information involved in a loan decision and should contain sufficient detail to show a third-party reviewer why a specific action was taken. The Credit Presentation form will differ depending on the credit action model selected.

A Credit Presentation **must** be prepared and eSigned for all loanmaking and loan servicing actions. It is recommended when multiple actions are being completed at the same time, that they be combined on the same Credit Presentation.

a Approval Decision

Each Credit Presentation that is prepared **must** have an approval decision. CLICK “**Plan Approval**” link located at the bottom of the Credit Presentation to select the appropriate approval status. Only Credit Presentations with an “Approved” status will be available for selection in DLS.

Note: For instructions on completing the Credit Action Status Screen for FSFL’s, see **FSFL** (Section J 15 a).

--Figure 58j, Plan Approval--

CLICK “**Select Status**” link to access the “Select Status” dialog box. Click on the description of the status to select.

--Figure 58k, Select Status--

Note: Limit comments in the text field; should **not** include loan closing requirements, etc.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

7 Credit Presentation (Continued)

a Approval Decision (Continued)

To eSign the approval decision, CLICK “Add” or “Add & ”.

', and 'Cancel & .

--Figure 58l, Add to eSign--

When both a recommending official and approving official status is needed, the following steps will be used.

- The recommending official will CLICK “**Plan Approval**” to recommend approval or denial of the credit decision. The user’s eSignature and the date/time stamp will appear on the Credit Presentation.
- The recommending official will notify the approval official to review the Credit Presentation.
- The approving official will review the Credit Presentation and CLICK “**Plan Approval**” to select the approval or declined decision. Include any additional approval requirements in the “**Loan Closing Requirements**” text box in the Credit Presentation.

Note: When an incorrect credit status is selected, user should immediately select the correct status and document in the text box the reason for the correction. Status needs to be corrected before status is selected in DLS.

Example: FLOT selects “Approved” and should have selected “Recommend Approval”.

	Status	ID	User	Time
<input type="checkbox"/>	Recommend Approval		Jesse James, FLOT	3/17/2015 9:10:30 AM
	Correction to status due to loan approval limitations. Submitted for "Approval" to FLM.			
<input type="checkbox"/>	Approved		Jesse James, FLOT	3/17/2015 9:03:39 AM

J Credit Actions (Continued)

7 Credit Presentation (Continued)

b Completing the Credit Presentation/Borrower Classification

One of the Credit Presentation forms that is used in FBP is the “Cred. Pres./Borr. Class.”. This same form is used in the following 3 credit action models:

- “D-Loan Making”
- “D-Loan/Special Serv.”
- “D-Loan/Regular Serv.”

To complete the Credit Presentation, CLICK “**Credit Action**” [*Credit Action Name*], “Cred. Pres./Borr. Class.”. After the Cred. Pres./Borr. Class. form is accessed, it must be updated with information from other parts of the FBP system. To update CLICK “**Save & Update**” link in the top-left corner of the screen.

In the “Update Credit Presentation” dialog box CHECK (✓) **only** the following boxes:

- “**Ultra Financials/Customized Ratios**”
- “**Collateral Analysis**”, select the balance sheet from which the collateral analysis will be calculated
- “**Credit Relationship**”, select the balance sheet from which the credit relationship information will come.
- “**General Information**”.

Farm Business Plan - FSA User Guide (Continued)

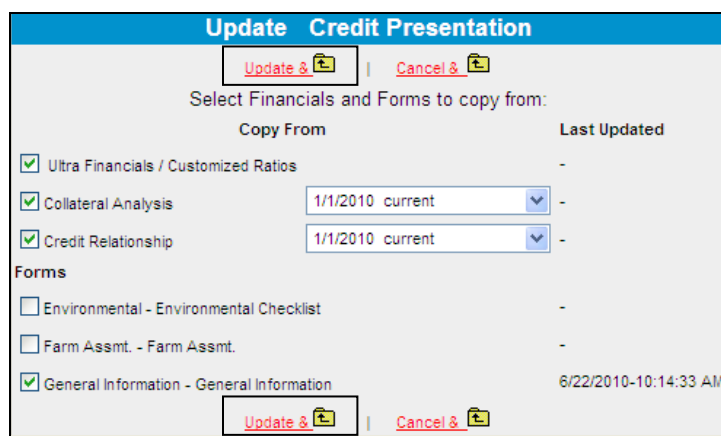

J Credit Actions (Continued)

7 Credit Presentation (Continued)

b Completing the Credit Presentation/Borrower Classification (Continued)

CLICK “Update & 

Caution: Do **not** check “Farm Assmt” or “Environmental”.

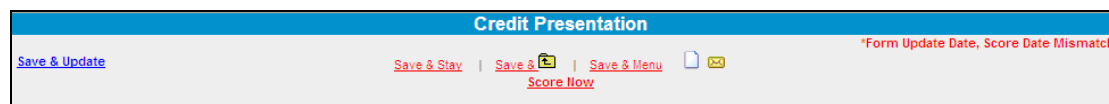

--Figure 58m, Update Credit Presentation--

Notes: Anytime information is changed in other parts of FBP that affect the credit action being taken, the Credit Presentation **must** be updated.

The documentation requirements for Streamlined OL’s and CL’s are very low. Minimal completion of the Credit Presentation is expected according to 3-FLP.

When a credit presentation is updated after scoring, a red alert, “Form Update Date, Score Date Mismatch”, will be displayed in the upper right hand corner of the credit presentation. This alert does not apply to FSA, and can be ignored.

Component	Details
Eligibility (Continued)	<ul style="list-style-type: none"> CLICK “Add &  <p>*--Figure 58t</p> <ul style="list-style-type: none"> Credit Presentation will be displayed with the eligibility determination with eSignature and date/time stamp of the loan official.  <p>Figure 58u--*</p>
Collateral	<p>What is collateral? Collateral or guarantees are forms of security the customer can provide to secure an FSA loan. If for some reason, the business cannot repay its loan through business operations, there needs to be a second source of repayment. Assets such as equipment, livestock, real estate and in some cases, inventory, are considered possible sources of repayment if they are liquidated and sold for cash. Both business and personal assets can be sources of collateral for a loan according to FSA handbooks.</p> <ul style="list-style-type: none"> In the WordPad, describe the adequacy of the collateral. If the chattel was appraised by the same official recommending/approving the Credit Presentation, the Appraisal form does not need to be printed or signed if the “Collateral” Section of the Credit Presentation contains a notation that it was appraised, date of appraisal, and that the eSignature stamp of the recommending or approving official represents the person who appraised it. Answer the security questions with the radio button.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

***--7 Credit Presentation (Continued)**

b Completing the Credit Presentation/Borrower Classification (Continued)--*

Component	Details
Capacity	<p>What is capacity? FSA must know how the customer intends to repay the loan. Consider the cash flow from the business, the timing of the repayment, and the probability of successful repayment of the loan. Discuss all the assumptions, marketing, pricing, income, production, expenses, withdrawals, etc., in preparing FBP, the basis for the assumptions, and comparisons to the financial history. Payment history on existing credit relationships, personal and business, is considered an indicator of future payment performance. Also consider contingent sources of repayment, if available.</p> <ul style="list-style-type: none"> • In the WordPad, discuss the repayment capacity of the borrower, and any assumptions used in the income/expense projection. •*--Answer the LR rate question with the radio button. See 4-FLP, Part 3 for more information on determining if rates are justified.--*
Capital	<p>What is capital? Capital is the money the customer has personally invested in the business and is an indication of how much is at risk should the business fail. Most lenders generally expect some contribution of the customer's own assets and that they have undertaken personal financial risk to establish the business before asking a lender to commit any funding. In addition, many lenders believe if the customer has a significant personal investment in the business, the customer is more likely to do everything in their power to make the business successful. Lack of accumulated net worth could be a danger signal unless the applicant is fairly new. Consider that capital also can:</p> <ul style="list-style-type: none"> • provide a cushion for repayment in the event of having a financial setback • indicate an ability and willingness of the customer to save and accumulate assets • confirm that the borrower manages his/her financial affairs adequately and within his/her income. <p>In the WordPad, discuss the customer's capital position which may include working capital, debt to asset level, and other elements of available capital.</p>

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

*--7 Credit Presentation (Continued)

b Completing the Credit Presentation/Borrower Classification (Continued)--*

Component	Details
Conditions	What are conditions? Conditions are loan covenants and conditions that are placed upon approval and/or closing. Conditions may also include observations about local and general economic conditions affecting the business. *--Enter the approval conditions into the WordPad. Answer the SBA Account and Hazard Insurance questions with the radio buttons.--*
Loan Closing Requirements	Optional. Can be used for any additional loan closing requirements imposed by the approval official after reviewing the recommending official's requirements.

*--Notes: **Plan approval:** Each Credit Presentation **must** have an approval decision. Only Credit Presentations with an "Approved" status will be available for selection in DLS. See **Credit Presentation "Approval Decision"** (Section J 7 a) for instruction on completing the approval decision.

Signature requirement: eSignature required.--*

Farm Business Plan - FSA User Guide (Continued)

*--7 Credit Presentation (Continued)

c Classification Scores

Accounts will be classified according to 1-FLP, Part 8, Section 4. The classification process generates the following ratios:

- Current Ratio (Liquidity)
- Debt to Asset Ratio (Solvency)
- Return on Assets Ratio (Profitability)
- TDCLC Ratio (Repayment Capacity).

Note: CLICK “Detail” of the borrower classification within FBP for an explanation of how the system calculates scores for each of these ratios.

FBP will generate the following account classification codes.

Classification Score	Description of Score
1 - Commercial	Commercial classified accounts are FSA’s highest rated direct loan accounts. The debt/asset ratio, cash flow, and general financial health of a commercial-grade farming operation allow it to withstand adverse farming conditions while maintaining loan payments.
2 - Standard	Standard classified accounts are financially sound, cash flow is adequate, and on-time loan repayment is probable.
3 - Acceptable	Acceptable classified accounts are those that present some degree of financial risk. These loans have adequate to marginal security and are generally experiencing some financial stress.
4 - Marginal	A marginal account is 1 that poses a high degree of financial risk. These loans may or may not be secured and repayment ability is marginal.
5 - Not Classified	See Special Classification (Section J 12).

--*

Farm Business Plan - FSA User Guide (Continued)

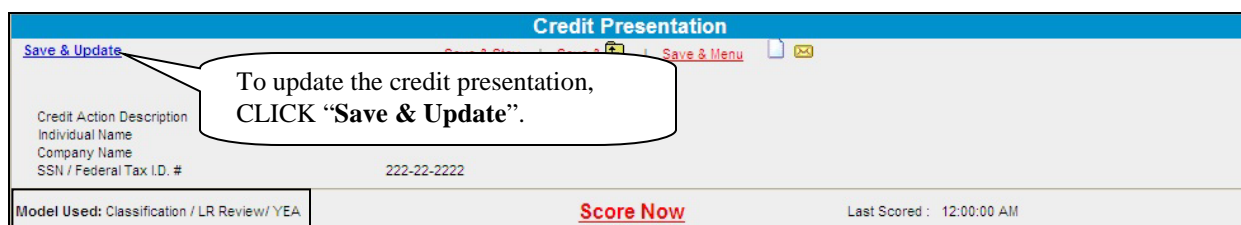

J Credit Actions (Continued)

8 Classification/LR Review/YEA

The “D-Loan/Class/LR/YEA Only” credit action should be completed to document and perform any or all of the following business processes when the action is not already documented within a direct loan-making, regular loan servicing, or special loan servicing credit action:

- “Classification”
- “YEA”
- “LR Reviews”
- “Graduation Reviews”.

To complete the Credit Presentation form, CLICK “**Credit Action**” [*Credit Action Name*], “Classification/LR Review/YEA”. After the form is accessed, it must be updated with information from other parts of the FBP system. To update CLICK “**Save & Update**” link in the top-left corner of the screen.

--Figure 59, Credit Presentation--

In the “Update Credit Presentation” dialog box CHECK (✓) the following boxes:

- “Ultra Financials/Customized Ratios”
- “General Information”.

CLICK “**Update & **” to update the Credit Presentation.

Caution: Do not check “Farm Assmt”.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

8 Classification/LR Review/YEA (Continued)

*--Use the instructions in the following table to complete the sections in the Credit Presentation.

Component	Details
Balance Sheet, Income Statement, Repayment Capacity	<ul style="list-style-type: none"> • CLICK “Reports” and “Reports Setup” to select which balance sheets and income/expense statements will be displayed in the Credit Presentation. • CLICK “Save & Update” to transfer in the financials. Anytime information is changed in other parts of the FBP that are related to the credit action being taken, the Credit Presentation must be updated. • Ensure that the correct information was transferred into these sections.
Classification	See Classification Component (Section J 7 b) for instruction on completing the classification.
LR Review/YEA Narrative	The WordPad should be used to document the assumptions about YEA, classification, graduation, and/or LR review, as applicable.
Graduation Review	Answer the graduation review question, if applicable.
LR Rates	Answer the LR rate question, if applicable. See 4-FLP, Part 3 for more information on determining if rates are justified.
YEA	Answer the question about completion of YEA, if applicable.
Farm Assessment Status	Select the radio button to designate whether the farm assessment was completed/updated or no update is required.

Notes: Plan Approval: Each Credit Presentation **must** have an approval decision. Only Credit Presentations with an “Approved” status will be available for selection in DLS. See **Credit Presentation “Approval Decision”** (Section J 7 a) for instruction on completing the approval decision.

Signature requirement: eSignature required.--*

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

9 Eligibility Only

*--The “D-Loan Eligibility Only” credit action should be used when **both of the following** apply:

- to document that an applicant is **ineligible** for FSA loan assistance
- when another type of credit action will **not** be prepared.

To complete the “D-Loan Eligibility Only” credit action:

- CLICK “**Credit Action**” [*Credit Action Name*], and “**Eligibility Only**”
- CLICK “**Save & Update**” and an “**Update**” dialog box will be displayed
- CHECK (✓) “**General Information**” **only** and CLICK “**Update**”
- complete “Application Date” by selecting the appropriate date.

Notes: See **Eligibility Component** (Section J 7 b) for instruction on completing the eligibility determination.

Signature requirement: eSignature required.

10 Youth Loans

The “Youth Loan” credit action should be used to process all application requests for youth loans.

a Eligibility Determination

The Eligibility Only form in the “Youth Loan” credit action must be completed to determine if the applicant meets the eligibility requirements for a youth loan.

Note: See **Eligibility Component** (Section J 7 b) for instruction on completing the eligibility determination.--*

b Credit Presentation * * *

Most youth loans are simple enterprises; the “Youth Loan” Credit Presentation will collect all financial information and will not require completion of additional balance sheets or income/expense projections.

- Open the form by clicking “**Credit Action**” [*Credit Action Name*], “**Credit Presentation - Youth Loan**”.
- CLICK “**Save & Update**”. An “Update” box will be displayed. CHECK (✓) “**General Information**” **only** and CLICK “**Update**”.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

10 Youth Loans (Continued)

b Credit Presentation (Continued)

- Complete the “Amount of Loan Request”.
- Complete all radio buttons and text boxes.
- CLICK “Annual Income and Expenses” and “Assets and Debts” to add information from FSA-2301.

Note: All description fields are limited to 29 spaces. When report is printed, if “Ending Cash on Hand” fails to print, abbreviate 1 of the description fields.

- Assign classification level of “3 - Acceptable”
- CLICK “**Score Now**” to update the classification score.

The screenshot shows the 'Credit Presentation' tab in the FSA system. At the top, there are three tabs: 'Environmental', 'Other', and 'Credit Presentation'. Below the tabs, there is a section for 'Assigned classification level' with a dropdown menu set to '3 - Acceptable'. An arrow points to this dropdown. Below this, there is a section for 'Model Used: Youth Loan'. To the right, there is a 'Score Now' button in red text. Below the button, there is a box showing 'Score = 3.00' and '3 Acceptable'. A 'REVIEW' button is also visible. At the bottom right, there is a note box that says: 'Note: User must select the “Assigned classification level” and then CLICK “Score Now”.' The bottom of the screen shows 'Financial Statements and Forms calculated from:' and 'Criteria'.

--Figure 59a, Score Now--

Add any additional documentation to the “Comments” Section and complete the Loan Closing Requirements in the text boxes provided.

Notes: Farm assessments are **not** required for youth loans according to 3-FLP, subparagraph 226 B. However, some discussion of strengths, potential problems, and goals should be included in the “Comments” Section.

Plan Approval: Each Credit Presentation **must** have an approval decision. Only Credit Presentations with an “Approved” status will be available for selection in DLS. See **Credit Presentation “Approval Decision”** (Section J 7 a) for instruction on completing the approval decision.

Signature requirement: eSignature required.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

10 Youth Loans (Continued)

c Security Agreement – Youth Loans

The “Youth Loan” Credit Presentation does not capture the information needed to complete the FBP automated FSA-2028; therefore, FSA-2028 may be completed manually.

d Classification of Youth Loans

See 1-FLP, subparagraph 251 D for instructions on completing youth loan classifications.

11 Security Agreement

A new security agreement can be generated from within any credit action model, except youth loans and D-Loan/Special Classification. In addition, a separate credit action called “D-Loan/Sec Agr. Only” can be added when only a security agreement is desired and no other credit action is required.

Once the Security Agreement Screen is displayed, CLICK “**Save & Update**”.

In the “Update” dialog box, select the following sources of information:

- * * * income/expense projection

Notes: Chattel description information is populated from the schedules of the balance sheet associated with the selected income/expense projection. The “Col?” box (✓) on the schedule must be checked for the information to transfer. Enter an “*” asterisk before each line item subject to FSA Purchase Money Security Interest and enter an “(m)” for each line item used for Microloan collateral.

By default, all real estate descriptions on the security agreement will be populated from the “Balance Sheet”, “Assets”, “Real Estate-Land”; and “Inc/Exp”, “Operating Expenses”, “Rent–Land/Animals” schedules. Enter an “(m)” at the beginning of the “Other Description” field on the schedules if crops grown on the real estate are used for Microloan collateral. “To SA” may be unchecked to stop the transfer of real estate descriptions to the security agreement.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

11 Security Agreement (Continued)

- general information.

Note: The name and address of the primary customer will always appear on the security agreement. The names and addresses of related entities and entities that pledge *--third-party security will also appear on the security agreement if any 1 of the--* following are checked in “General”, “Related Entities”, and [Entity Name]:

- “Spouse”
- “Co-Applicant”
- “Co-Owner”.

Caution: Do **not** check “Farm Assmt”.

The following table provides information on additional fields that would be manually entered onto the form, if applicable.

Field	Details
Security Agreement Date	Effective date of the Security Agreement.
(c) State Information	List States where equipment is located.
(10) Fixtures	Enter a description of fixtures, etc. taken as collateral.
(d) State Information	List States where livestock is located.
(e) Accounts, deposit agreements, general intangibles, etc.	Enter additional information about specific accounts, contract rights, general intangibles, etc., as required by State supplements, if *--any. For Microloan collateral enter “(m)” before each item.--*
Additional Security Agreement Verbiage	Add any additional information as needed. Information added to this section will print on the report before the signature lines.

Notes: The Security Agreement may be printed by clicking “Print Security Agreement” located in the upper right hand corner of the document or “Reports Setup”.

Signature requirement: The security agreement **must** be printed and the customers’ signatures obtained.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

12 Special Classification

The D-Loan Special Classification Credit Action will be used to classify the following:

- flagged accounts where FSA cannot obtain current financial or production information for a customer
- accounts identified as CNC according to subparagraph 251 C
- youth loans according to subparagraph 251 D
- streamlined CL's unless they become delinquent or distressed (subparagraph 251 E).

Before completing a classification, the General Information Screen must be completed. See **General Information** (Section C) for more information on what fields are required.

Complete a special classification credit action according to the following.

- Open the form by clicking “**Credit Action**” [*Credit Action Name*], and “**Credit Presentation – Special Classification**”.
- CLICK “**Save & Update**”. An “Update” box will be displayed. CHECK (✓) “**General Information**” only and CLICK “**Update**”.
- Manually calculate the FSA security margin by estimating the value of FSA's total collateral **minus** prior liens **minus** FSA's total loans. This value shall be entered in the provided field as either a positive or negative number.
- To calculate the percent of FSA loss take the FSA security margin (if negative) **divided by** FSA total loans.
- Select the “Assigned Classification Level” from the drop-down menu. All nonactive flagged accounts will be classified as “5”. Youth loans will be classified according to subparagraph 251 D.
- CLICK “Score Now” to complete the process.
- Any documentation to support the calculations may be added in “Comments”.

***--Notes: Plan Approval:** Each Credit Presentation **must** have an approval decision. Only Credit Presentations with an “Approved” status will be available for selection in DLS. See **Credit Presentation “Approval Decision”** (Section J 7 a) for instruction on completing the approval decision.

Signature requirement: eSignature required.--*

Loan Closing Requirements	Use the word pad to document all approval conditions or loan closing requirements.

--*

Notes: Plan Approval: Each Credit Presentation **must** have an approval decision. Only Credit Presentations with an “Approved” status will be available for selection in DLS. See **Credit Presentation “Approval Decision”** (paragraph. J 7 a) for instruction on completing the approval decision.

Signature requirement: eSignature required.

15 FSFL

The FSFL Credit Action model should be used for all loan making and servicing requests. After the information submitted by an applicant for an FSFL is reviewed, the Loan Official will use the FSFL Credit Presentation to document the financial analysis decision. The Loan Official will print the Credit Presentation to use as their recommendation document. According to 1-FSFL, subparagraph 10 G, the written recommendation will **not** contain any specific financial information.

Notes: When adding the FSFL Credit Action, see **Credit Action Menu** (Section J 1). The description **must** contain FSFL; for example “FSFL Grain Bin”.

Do **not** use FBP to order credit reports for FSFL’s.

The FBP, “Balance Sheet” and “Income/Expense” sections do **not** need to be completed if the statements provided by the customer are sufficient for the approval decision.

--See 1-FSFL, paragraphs 153 and 154 for additional information on analysis-- requirements.

To complete the Credit Presentation, do the following:

- CLICK “Credit Action”, “[*Credit Action Name*]”, and “Credit Presentation - FSFL”
- CLICK “Save & Update” link in the top-left corner of the screen. An “Update” box will be displayed. CHECK (✓) “General Information” and CLICK “Update & 

3-25-16

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

15 FSFL (Continued)

Recommendation: The Loan Official **must** provide a written recommendation for approval or disapproval, based on the applicant's credit history and financial information. The recommendation should include FSFL amount and FSFL terms.

Note: A recommendation example that may be used is provided, as displayed in the following text box, or the Loan Official may delete the example and type their recommendation.

Based on the FSFL applicant's credit history and financial information, I recommend approval of the FSFL in the amount of \$_____, with a loan term of ____ years. The information provided demonstrates the applicant is creditworthy and has the ability to make the down payment and timely repay future installments.

a Approval Decision

After the Loan Official has documented the decision, on the Credit Action Status Screen CLICK "Recommend Approval" or "Recommend Decline".

The screenshot shows a web interface titled "Credit Action Status". At the top left, it says "FSFL". Below this, there is a "User:" label, a "Time: 10/6/2014 2:50:17 PM" timestamp, and an "ID:" label with a text input field. Below the ID field is a "Status: Select Status" dropdown menu. In the center, there is a large empty text box. Below the text box, there are three buttons: "Add" (in red), "Add" (with a green plus icon), and "Cancel" (with a green minus icon). At the bottom, there is a table with four columns: "Status", "ID", "User", and "Time". The table contains one row with the text "Recommend Approval" in the "Status" column and "10/6/2014 2:42:57 PM" in the "Time" column.

--Figure 61b--

The Loan Official will print the Credit Presentation and provide it to COC or STC, as appropriate, depending on the amount of FSFL request.

After COC or STC, as applicable, decides to "Approve" or "Decline", the decision **must** be provided to a Loan Official as soon as possible. A Loan Official will access the Credit Presentation, Credit Action Status Screen and enter the decision as provided, according to this subparagraph. In the text box, the Loan Official will insert COC or STC's name that made the decision, along with the date of the decision.

Farm Business Plan - FSA User Guide (Continued)

J Credit Actions (Continued)

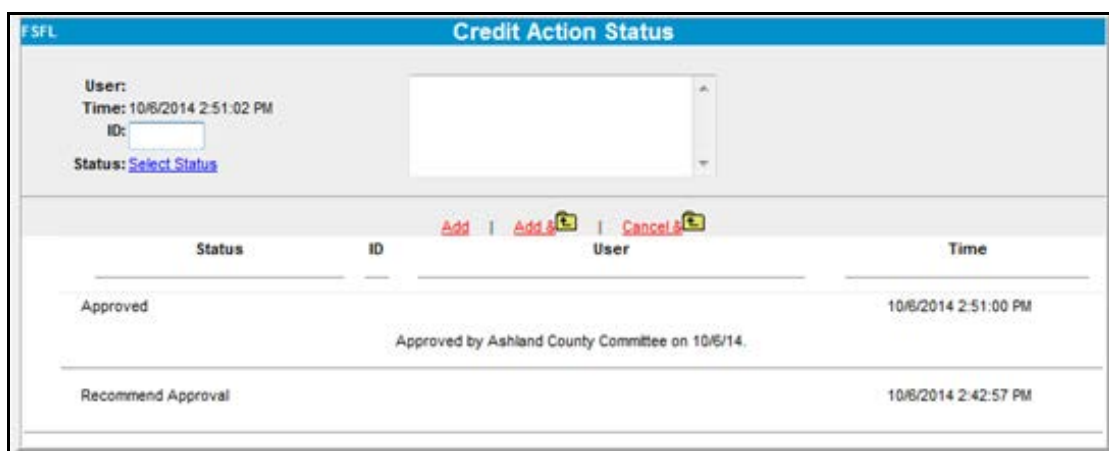

15 FSFL (Continued)

a Approval Decision (Continued)

Any user with loan approval authority may update the credit presentation with the COC/STC approval date. The approval date **must** be entered into the credit presentation on the same day if possible but no later than the next business day.

Note: The electronic signature/date **may not** be entered into FBP later than the last business day of the month.

If approved, the electronic decision date will be available for selection in the FSFL DLS system.

The screenshot shows the 'Credit Action Status' window in the FSFL system. At the top, it displays 'User:' and 'Time: 10/6/2014 2:51:02 PM'. Below this is an 'ID:' field and a 'Status: Select Status' dropdown. A table below lists credit actions with columns for Status, ID, User, and Time. The table contains two entries: 'Approved' and 'Recommend Approval'. The 'Approved' entry has a detailed note: 'Approved by Ashland County Committee on 10/6/14.'.

Status	ID	User	Time
Approved		Approved by Ashland County Committee on 10/6/14.	10/6/2014 2:51:00 PM
Recommend Approval			10/6/2014 2:42:57 PM

--Figure 61c--

Signature requirement: eSignature required.

After loan approval, if the producer requests an increase in the loan amount, the loan official will use the same credit presentation to document any increases. An increase over 10 percent will require another recommendation and approval from COC/STC. If increase is 10 percent or less a new recommendation is not required, unless it is required by STC.

Farm Business Plan - FSA User Guide (Continued)

K Special Features

1 eNotice

The eNotice feature allows users to e-mail other FBP users from within specific areas of FBP. The e-mail that is generated will contain a link that will take the e-mail recipient directly to that same specific area within FBP. This feature can be especially helpful when requesting a review from other users during the development of FBP.

Figure 62

The first time the eNotice feature is accessed, the following prompt will be displayed. Ensure that the e-mail address is correct and CLICK “OK” to continue the validation process.

Figure 63

The following series of messages will be displayed.

Figure 64

Figure 65

Farm Business Plan - FSA User Guide (Continued)

K Special Features (Continued)

1 eNotice (Continued)

*--After clicking “OK”, close the eNotice window, log out of FBP, and close browser window.

Note: This is a 1-time process for the user to validate the e-mail and provide access to the eNotice feature of FBP. The validation process will be repeated if the user’s e-mail address is changed.

After closing the eNotice and browser windows, the user will need to access their e-mail to view the confirmation e-mail message that has been sent. The following e-mail message will be displayed. CLICK “**Click here to validate**”.

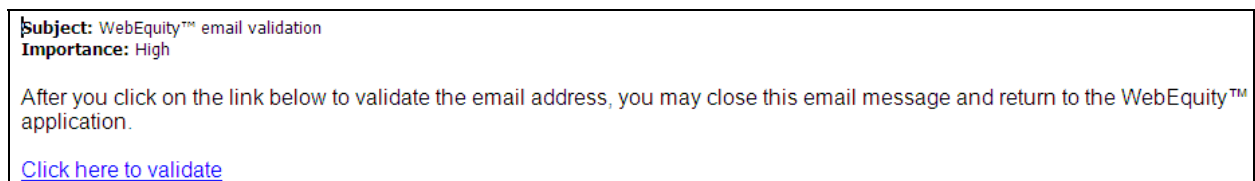

Figure 66

This will automatically open a browser window to log into FBP. Return to the previous customer record where the “eNotice” icon was clicked the first time. CLICK “eNotice” icon to re-enter the eNotice feature.

When the user enters eNotice, a standard e-mail window will automatically be displayed. The message will contain a link to the selected section of FBP. Edit the “Subject” line and message content, as needed. CLICK “**To...**” or “**Cc...**” to add the recipients e-mail address.

Figure 67--*

Farm Business Plan - FSA User Guide (Continued)

K Special Features (Continued)

1 eNotice (Continued)

*--On the “Address List” dialog box, CLICK “**magnifying glass**” icon and a list of valid e-mail addresses in FBP will be displayed. Select the appropriate e-mail recipient and use the arrows to add them to either the “To...”, “Cc...”, or “Bcc...” box. CLICK “**OK**” to add the selected e-mail address to the e-mail message.

Figure 68

Review e-mail information, CLICK “**Send**”.

4 Letters

*--The “Letters” feature allows users to generate ad hoc letters to customers. These letters are **not** to be used as a substitute for specific letters to customers required by other applicable directives.

From the customer’s FBP account, CLICK “**Letters**”, “**General Letter or Related Entity**”. The General Letter Screen will be displayed. From the “Letter” drop-down menu select “**General Correspondence**”.

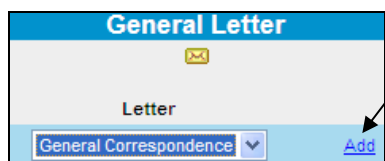

Note: Disregard the “Balance Sheet Date”, “Income & Expense Date”, and “Credit Report Date” drop-down menus, because they are **not** available for FSA use.

The screenshot shows the 'General Letter' screen with a blue header. Below the header, there are five dropdown menus: 'Letter', 'Balance Sheet Date', 'Inc & Exp Date', 'Credit Report', and 'Work Flow'. The 'Letter' dropdown menu is open, showing 'General Correspondence' as the selected option. The other dropdown menus are set to 'None'. An 'Add' button is visible on the right side of the screen.

Figure 84

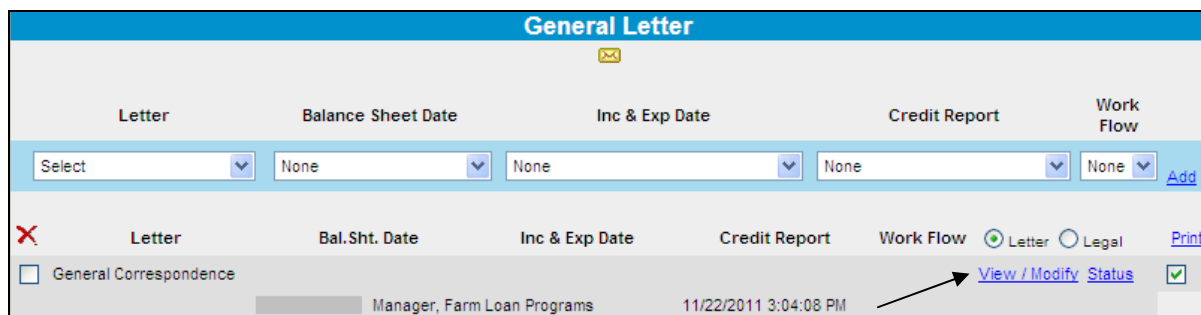

A “General Letter” dialog box will be displayed. CLICK “**Add**” and the letter will be added to the list of letters available on the General Letter Screen.

This screenshot is a smaller version of the previous one, focusing on the 'Add' button at the bottom right of the 'General Letter' screen. An arrow points from the 'Add' button to the right.

Figure 85

The letter is now available with the user’s information for the signature. CLICK “**View/Modify**” hyperlink and a text box will be provided to type the body of the letter. The name and address will populate from the General Information Screen.

This screenshot shows the 'General Letter' screen with a list of letters below the dropdown menus. The list has columns for 'Letter', 'Bal.Sht. Date', 'Inc & Exp Date', 'Credit Report', 'Work Flow', and 'Letter'. The first row shows 'General Correspondence' with a 'View / Modify' hyperlink. An arrow points to this hyperlink. The 'Add' button is also visible at the bottom right.

Figure 86--*

Farm Business Plan - FSA User Guide (Continued)

K Special Features (Continued)

4 Letters (Continued)

After the body of the letter has been completed, CLICK “**Printable View**” hyperlink to print the letter. Letters shall be printed on paper with appropriate letterhead. The letter will remain available on the General Letter Screen and can be edited as needed.

Figure 87

L Getting Help

For help using the FBP software, CLICK “**eHelp**” from the Web Navigation Manager main navigation bar or consult this user guide. For questions about issues not available online or in this user guide, State and County Offices should contact the FBP Coordinator. References to “FBP Coordinator” include FBP State Coordinators, as appropriate.

Farm Business Plan - FSA User Guide (Continued)

M Glossary of Terms

Term	Definition
Ag or Farm Debt	Any debt incurred for which the majority was for farm or agricultural related purposes.
--BP	Business Partner is a system of entry and record and serves as a centralized source for all customer information.--
eAuthentication	The system used to authenticate and authorize users of USDA web-based applications. Previously referred to as "WebCAAF".
Ending Cash	MADS plus beginning cash plus operating and term loan advances minus operating principal repayment minus capital expenditures plus capital sales plus capital contributions minus capital withdrawals.
eSignature	An electronic signature that conforms to the ESIGN act. An eSignature requires electronically authenticating the user, and using an unalterable signature that contains a date and time stamp.
FBP	Farm Business Plan. The FBP document, at a minimum consists of a balance sheet with schedules, and income/expense trends with projected cash flow schedules.
Loan Group	A term used in collateral analysis. A group of loans grouped together by creditor and the collateral that secures those loans.
MADS	Operating income minus purchases for resale minus operating expenses including interest and depreciation plus nonfarm income minus owner withdrawals minus nonfarm expense minus income taxes minus term principal payments plus depreciation.
NAICS	North American Industry Classification System. Most government and commercial businesses have moved toward NAICS as a way of classifying U.S. and Canadian businesses based upon a standardized coding system.
Personal or Nonfarm Debt	Any debt incurred for which the majority was for nonfarm purposes.
* * *	* * *
Post Close Balance Sheet	A balance sheet prepared assuming that the planned loanmaking or loan servicing transaction has just taken place.
Pro-Forma Balance Sheet	A balance sheet prepared assuming that the projected plan year has taken place and all assumptions in that plan occurred.
Regular Loan Servicing	Loan servicing actions including subordinations, partial releases of real estate, transfer and assumptions, etc.
Scheduled Input	A method of inputting data into FBP where details are entered and the total of the details are transferred to the summary.
* * *	* * *
Special Loan Servicing	Loan servicing actions that are identified as 1951-S primary and preservation loan servicing, and Disaster Set-Aside.
Summary Input	A method of inputting data into FBP where detailed information is not used.
TDCLCR	(Net farm income from operations plus nonfarm income plus depreciation plus interest on term debt minus income taxes minus owner withdrawals minus nonfarm expense) divided by total principal and interest on term debts. TDCLCR is sometimes referred to as "Capital Debt Repayment Capacity" or "CDRC" by FSA and other lenders.
WEM	Web Equity Manager. Software used to generate FBP.

***--Type of Assistance, Fund, and Kind Codes**

These tables list all types of assistance, fund, and kind codes used in DLS, GLS and ADPS.

A Direct Farm OL's

Type of Assistance	Description	Fund Code (2-Digit)	Kind Code
050	OL - Limited Resource - 7 year	44	03
051	OL - Regular (Except Youth) - 7 year	44	01
052	OL - Youth - 7 year	44	02
104	OL - Regular (Except Youth) - 1 year - SDA	44	05
105	OL - Limited Resource - 7 year - SDA	44	15
106	OL - Regular (Except Youth) - 7 year - SDA	44	05
107	OL- Youth - 7 year - SDA	44	55
112	OL - Regular (Except Youth) - 1 year	44	01
117	OL - Limited Resource - 1 year	44	03
119	OL - Limited Resource - 1 year - SDA	44	15
151	OL - Youth - 1 year	44	02
152	OL - Youth - 1 year - SDA	44	55
209	OL - Beginning Farmer - Regular - 1 year	44	01
210	OL - Beginning Farmer - SDA - Regular - 1 year	44	05
211	OL - Beginning Farmer - Regular - 7 year	44	01
212	OL - Beginning Farmer - SDA - Regular - 7 year	44	05
217	OL - Beginning Farmer - Limited Resource - 1 year	44	03

Nonprogram – Real Property	*--6.625--*	12/1/18

Publication 622, which provides amortization tables and financial basic payment tables, is available from the MSD warehouse. To request Publication 622, complete FSA-159, available at <https://intranet.fsa.usda.gov/dam/ffasforms/forms.html>, and submit it by 1 of the following methods:

- e-mail to ASKMSD@wdc.usda.gov
- mail to:

USDA/FSA/Kansas City Warehouse
2312 East Bannister Road
Kansas City MO 64131-3011.

FLP Rates (Continued)

B Treasury Rates

The following table provides the applicable Treasury rates.

Treasury Rates	Current Rate (%)	Date Set
90-Day Treasury Bill	*--2.250	12/1/18
Treasury Judgment Rate (see Note)	2.700	12/1/18--*

Notes: The 90-Day Treasury Bill rate is entered in eDALR\$ as the “Discount Rate” and is used to calculate present value and net recovery value.

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961). The rate is based on **the daily** 1-year CMT yield published by the Federal Reserve System, Board of Governors. The rate shown is the most current rate posted to the Federal Reserve web site and is **the daily** *--rate as of **November 2, 2018**. The actual judgment rate is the rate for the **calendar--*** week preceding the date the defendant becomes liable for interest. Access the Federal Reserve website <https://www.federalreserve.gov/datadownload/Choose.aspx?rel=H15> for the weekly average 1-year CMT yield.

C Historical 90-Day Treasury Bill Rates

The following table provides the historical 90-day Treasury bill rates.

Effective Date	Rate (%)	Effective Date	Rate (%)

8 Lender Notices

The following are the available Lender Notices Reports.

*--

Report Number	Report Name	Report Description
GLSNT01	Guaranteed Loan Holder Purchase Report	Notifies the lender and field offices that USDA has purchased all or part of a loan's guaranteed portion. It also provides instructions for lenders to submit payments applicable to the guaranteed portion to USDA.
GLSNT02	Notice of Pending Interest Assistance Review Date	System-generated report listing the Borrower ID, Loan Number, Loan Amount, Date of Annual Review for Interest Assistance, and Current Interest Assistance Rate. The primary purpose of this report is to notify the Lender that in order to keep Interest Assistance active on the Loan, they must submit FSA-2222 Form 1980-24, within 60 days prior to Annual Review Date.
GLSNT05	Notice of Loan Maturing	This report is a notice to lender of Loan Note Guarantees maturing within 30 days and notice to lender of Contract of Guarantee expiring within 30 days. System generated within 30 days of guaranteed expiration date.
GLSNT03	Notice of Termination of a Guaranteed Loan	Provides identification information for each guaranteed loan account, which the lender informs USDA has been terminated, paid off, etc. The primary purpose of this report is to confirm to the lender that USDA's records show the loan as "terminated" and to inform the State and County Offices that a guaranteed loan account within their jurisdiction has been closed. Processing of TC 4031, TC 4033, TC 4041, and TC 4048 generates report.

--*

List of Available Reports (Continued)

B GLS (Continued)

8 Lender Notices (Continued)

*--

Report Number	Report Name	Report Description
GLSNT06	Notice of Final Maturity Date of Guaranteed Loan	Same as Report 4072. Serves as notification to a lender, and to the State and County Offices, on each loan guarantee that has expired due to final maturity. The guarantee will expire and therefore this report will be generated when the loan is 45 days past its expiration date. The primary purpose of this report is to notify a lender that guarantee has expired. System generated.
GLSNT04	Notice of Loss Settlement	This report is similar to the notice that is generated in batch and distributed to the servicing lender who has a borrower with either an estimated or final loss or a loss refund.

9 Caseload Reports

The following are the available Caseload Reports.

Report Number	Report Name	Report Description
GLS2003	Guaranteed Loans by Lender Caseload	Lists guaranteed loan information by lender ID within lender name, giving a total amount by lender name.
GLS2085	Guaranteed Caseload/Delinquency Summary	Contains a summary with drill-down capabilities to a detail report. The summary report displays counts of borrowers, loans, delinquent loans, unpaid principal, dollar amount delinquent, percent of delinquent loans, and percent of delinquent amount listed by State name. The drill-down capability is on the State name, which takes user to a detail report identical to the summary, but it will be listed by county name for the State that was drilled on.

20 MRE Reports for State Office Usage

The following are the available MRE Reports for State Office usage.

Report Name	Report Description
Alternate - Guaranteed Loss Rate - FY 2015	Provides the current loss rate, which is calculated by dividing the amount of losses during the current FY by the unpaid principal at the beginning of the FY.
Borrower Maintenance Report by Servicing Office	Displays data from the Borrower Maintenance screen. User may specify State, Office, or Borrower ID Number.
Borrowers Who Have Loans with Both PCA (ACA) & FLB (FLCA) Lenders	Provides a list of borrowers who have active guaranteed loans with both PCA and FLB.
Breakout of Loans Made by Lender Status	Provides the number and percentage of loans closed for specified FY by lender status.
Caseload/Delq with County and Office Names	Modified from GLS2085. Includes servicing office and county names.
Final Losses Paid Within the Past Three Years	Lists loans where a final loss claim has been processed within three years of the current date.

***--Accessing IAS for New users**

Section 1: Introduction

The Integrated Acquisition System (IAS) is the procurement system used by USDA. IAS has four components.

- iProcurement.
- PRISM.
- Invoice Module.
- Core Apps.

IAS has been configured, with the interface to Financial Management Modernization Initiative (FMMI), to support Commitment Accounting standards for transactions completed in the system, per guidance from the USDA Office of the Chief Financial Officer. Commitment Accounting in IAS is the reservation of funds at the time that requirements are approved and typically a function of funds availability certification or funds certification. When a budget officer or funds holder approves a Requisition, a commitment document is created in FMMI that draws down funds from the specified accounts (this is also known as a draw-down commitment). Requisitions are created in iProcurement (iProc).

Once a commitment has been interfaced with FMMI Purchasing agents and Contracting Officers can create awards against those requisitions to obligate funds in FMMI. Awards/Obligations are created in PRISM.

Roles & Responsibilities in IAS:

- Requisitioner/Receiver: Creates and submits requisitions in IAS for management and funds approval. They can modify unapproved requisitions, but only increase funding for approved requisitions that have been obligated. Requisitioners are also usually set up with receiving responsibilities and are responsible for creating receipts for the orders that they have requested.
- Requisition Approver: Reviews and approves requisitions for the program office or other controls such as Information Technology (IT), Property, etc.
- Budget Approver: Review and approve requisitions for funding. They can also modify approved requisitions and cancel approved requisitions.
- Commitment Document Resolution Manager: Review, take action (soft-messages), or consult with requisitioners (hard-messages) to facilitate sending failed requisitions through the FMMI.
- Contracting Specialist Lead: Assigns requisitions to contracting team.
- Contracting Specialist/Contract Officer: Create acquisition documentation including obligating documents, while managing acquisitions through their lifecycle.--*

***--Accessing IAS for New users (Continued)**

Roles & Responsibilities in IAS: (Continued)

- **Obligation Document Resolution Manager:** Review, take action (soft-messages), or consult with contracting specialists (hard-messages) to facilitate sending failed acquisitions or acquisition modifications through the FMML.
- **Receiver:** Creates and submits receipts.

Note: A User can be set up to be a receiver, without necessarily being a requisitioner.

- **Receipt Document Resolution Manager:** This is generally, but not necessarily the Commitment Document Resolution Manager. Review, take action (soft-messages) or consult with requisition/receivers to facilitate sending failed receipts through the FMML.

Note: All rejected receipts are retry-able and appear only as soft messages).

- **Invoice Entry Specialist:** Enter invoices and match them to obligating documents and receipts.
- **Invoice Approving Officer:** Reviews and approves invoices.
- **Invoice Document Resolution Manager:** Review, take action (soft-messages), or consult with receivers and contracting specialists (hard-messages) to facilitate sending failed invoices through the FMML.

Accessing IAS for New Users

The purpose of this section is to provide instructions for new users to link their existing eAuthentication account with their IAS user ID. This is a onetime procedure for new IAS users and existing IAS users who did not have their user ID mapped to an eAuthentication ID. Once linked, an IAS user will only be required to log in once with their eAuthentication ID.

1. Obtaining an IAS User ID and Password

The procedures for gaining access to IAS will continue to remain the same. Users will work with their Agency Leads to complete the appropriate paperwork.

The IAS Agency Lead will send the appropriate forms to the IAS Help Desk who will set up the new user in IAS with the appropriate responsibilities and an IAS user ID. Even though IAS is eAuthencated, an IAS user ID will be required on the first log in to IAS.--*

*--Accessing IAS for New users (Continued)

2. Accessing the IAS eAuthentication Login Page

After receiving an IAS user ID and temporary password, users should go to the IAS website at <https://ias.usda.gov/>.

Users should then click on the “Oracle” tab in the upper left hand corner.

Note: Even if the IAS user will only be accessing the PRISM module, they will need to log in to the Oracle Module first. The linking between an IAS user ID and the eAuthentication ID occurs in the Requisition Module.

3. Logging into eAuthentication

After clicking on the “Oracle” link, users will be redirected to an eAuthentication login screen. Users should enter their existing USDA eAuthentication user ID and password.

After entering your credentials, click “Login”.--*

***--Accessing IAS for New users (Continued)**

4. Linking Your IAS User ID to Your eAuthentication ID

After logging in with your eAuthentication credentials, you will be second log in screen within IAS. Enter your IAS User ID and temporary password provided to you by the IAS Help Desk. Click “Apply”.

*--Accessing IAS for New users (Continued)

5A. Accessing IAS Requisition and Receiving Modules

If you are an IAS user who will only have access to the IAS requisition and/or receiving modules, after providing your IAS user ID and password, you will be logged directly into iProcurement and will be able to create/approve requisitions and create receipts.

The screenshot displays the iProcurement web application interface. At the top, there is a blue header bar containing the 'iProcurement' logo and navigation links: 'Navigator', 'Favorites', 'Shopping Cart', 'Home', 'Logout', 'Preferences', and 'Help'. Below the header, there are tabs for 'Shop', 'Requisitions', and 'Receiving'. The 'Stores' section features a search bar with a dropdown menu set to 'Main Store' and a 'Go' button, along with a link to 'Advanced Search'. The 'My Requisitions' section shows a table with columns: 'Requisition', 'Description', 'Total (USD)', 'Status', 'Copy', 'Change', and 'Receive'. Below the table, it states 'No results found.' and includes a 'Full List' button. The 'My Notifications' section displays a table with columns: 'Type', 'From', 'Subject', and 'Sent'. It shows a notification from 'UMX Password' with the subject 'Your password has been reset.' and a date of '07-Mar-2012'. A 'Full List' button is also present. On the right side, there is a 'Shopping Cart' section stating 'Your cart is empty.' and a 'Purchasing News' section with links to 'Check frequently asked questions' and 'Review purchasing policies'. The footer contains a 'Privacy Statement' link and copyright information for Oracle.

5B. Accessing IAS Acquisition Modules

When an IAS user logs in with their local Oracle User ID and password, their IAS and eAuthentication accounts will be “linked”. If a new IAS user only has access to the Acquisition (PRISM) module of IAS, they will still need to log into the iProcurement part of IAS first to “link” their accounts.--*

*--Accessing IAS for New users (Continued)

5B. Accessing IAS Acquisition Modules (Continued)

After linking their accounts, users of the Acquisition Module will then need to return to the IAS website and click on “PRISM” in the upper left hand corner.

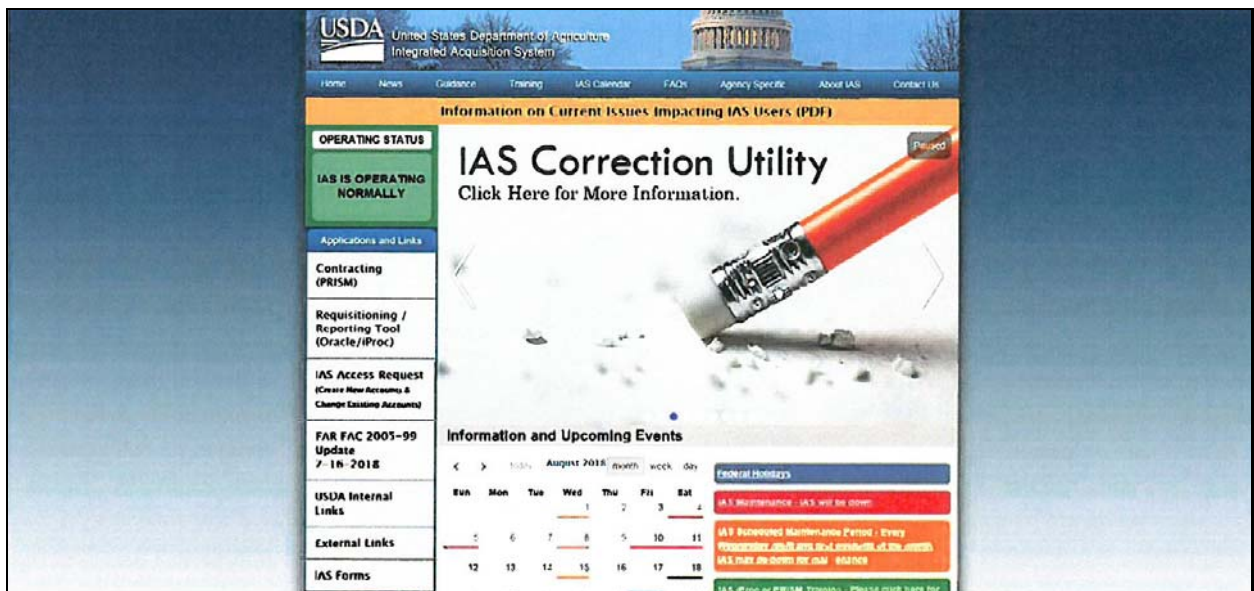

This will result in a new window that directs a user to the Acquisition Module of IAS. Because an eAuthentication session has already been established, the user should be automatically logged in after selecting this URL.

***--Creating IQ-Program Loan Cost Fund Requisitions**

Following are instructions for processing PLCE Contractual requirements through IAS.

FOR PROCESSING PLCE CONTRACTUAL REQUIREMENTS

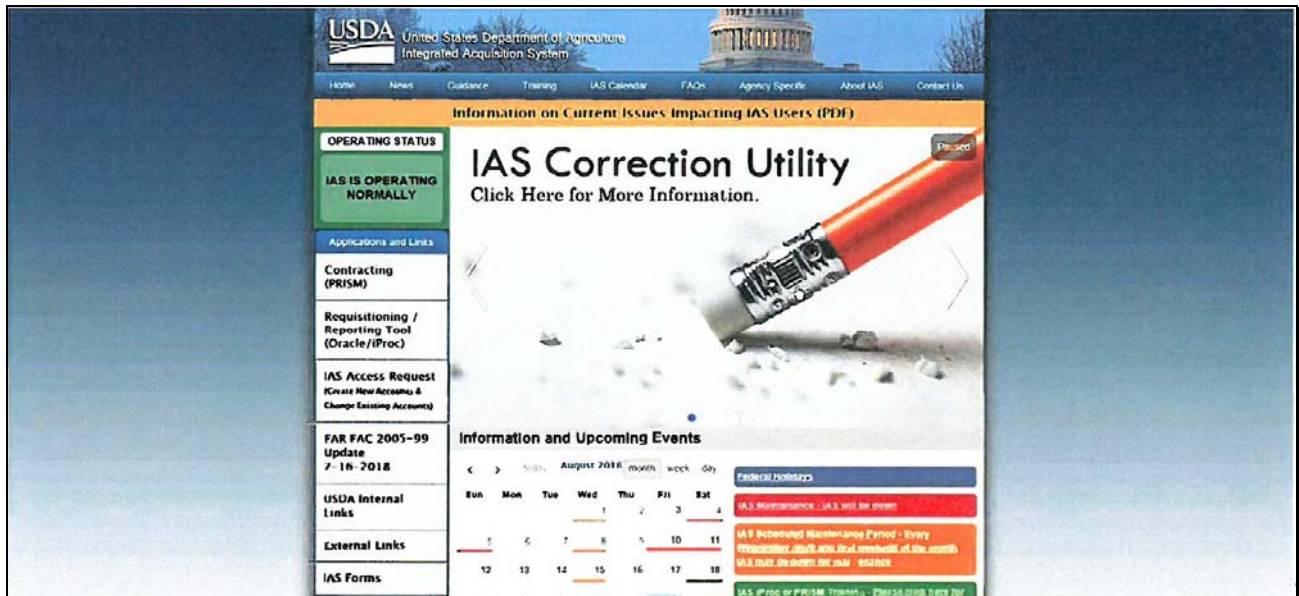

The processes established in this guide will be used to process PLCE contractual requirements set out in 1-FLP Handbook, Part 7. (Note: For PLCE transactions exceeding the micro-purchase established in subparagraph 163 of 1-FLP.

The processes established in this guide will be used to process PLCE contractual requirements for appraisals set out in 1-FLP Handbook.

Note: Noncontractuals or micro-purchase requirements will not require the establishment of an IAS requisition. Additionally, appraisals at or below the micropurchase limit will be handled without processing an IAS requisition.

--*

*--Creating IQ-Program Loan Cost Fund Requisitions (Continued)

INSTRUCTIONS FOR PROCESSING PLCE CONTRACTUAL REQUIREMENTS THROUGH IAS

Access the IAS site: <https://ias.usda.gov/index.html>
Select Requisition/Reporting Tool (Oracle/iProc) link
Select Requisition Link
Select the USDA Requisitions link
This will bring you to the iProcurement Home Page

--*

***--Creating IQ-Program Loan Cost Fund Requisitions (Continued)**

The screenshot shows the 'New Catalog Request' form in the IProcurement system. The form is titled 'New Catalog Request' and includes a 'Non-Catalog Request' link. It features several input fields: 'Item Type' (a dropdown menu), 'Item Description' (a text area), 'Request for Quote (RFQ)' (a checkbox), 'Amount' (a text field), 'Currency' (a dropdown menu), 'Supplier Name' (a text field), 'Contact Name' (a text field), and 'Phone' (a text field). There are also buttons for 'Clear All', 'Add to Cart', and 'Add to Favorites'. The form is part of a larger system interface with a blue header and a navigation bar.

Requisitions enters the applicable information at this screen:

- 1) Non-Catalog Request
- 2) Item Type: choose from the drop-down menu
- 3) Item Description: Enter description of the requirement based on Form 2126 or 2128 or the statement of work.
- 4) Enter amount of PLCE requirement
- 5) Currency: Defaults to USD
- 6) Supplier Name: Vendor name should be included on the 2126 or 2128.
- 7) Site Field: this information will populate with the vendor's name.
- 8) Contact name: Enter the contact name for vendor.
- 9) Phone: Enter the telephone number for the contact.

Select the Add to Cart function - information will flow into the shopping cart.

***--Creating IQ-Program Loan Cost Fund Requisitions (Continued)**

The screenshot shows the 'Requisition Information' step in the USDA AGRICULTURE iProcurement system. The form includes the following fields and instructions:

- Requisition Description:** Green Shipping Services - Midwest Region
- Transaction Code:** Select the magnifying glass and use the IQ% wild-card for a list of transaction codes. Select the IQ Program Loan Cost Funds
- Acquisition Approval Request (AAR) #:** Not a mandatory field.
- Type of IT Investment:** Not a mandatory field.
- Product/Service Need By:** 12-Aug-2014 13:17:07
- Deliver to Location:** FSA WISCONSIN EMP - 14
- Charge Account:** FA00.ZZ.ZZZZZZZZZZ.3320

Below the screenshot, the following instructions are provided:

- 1) Requisition Description: Information will populate from the proceeding page.
- 2) Transaction Code: Select the magnifying glass and use the IQ% wild-card for a list of transaction codes. Select the IQ Program Loan Cost Funds
- 3) Acquisition Approval Request (AAR)#: Not a mandatory field.
- 4) Type of IT Investment: Not a mandatory field.
- 5) Product/Service Need by date: Enter the date the products/services should be delivered to the agency.
- 6) Deliver to Location: This field should be pre-populated to reflect the employee location.
- 7) Charge Account: Select the link. The accounting code should reflect one of these types of funds:
 - FA00.ZZ.ZZZZZZZZZZ.3320 - Direct Financing (R) Account
 - FA00.ZZ.ZZZZZZZZZZ.3320 - Direct Liquidating or Inventory Property (L) Account
 - FA00.ZZ.ZZZZZZZZZZ.3320 - American Recovery and Re-investment Act (ARRA) (S) Account
 - FA00.ZZ.ZZZZZZZZZZ.2570 - Program Account (A) Account

--*

***--Creating IQ-Program Loan Cost Fund Requisitions (Continued)**

The screenshot displays the 'Approvals' tab in the USDA AGRICULTURE iProcurement system. The interface includes a top navigation bar with 'Shop', 'Requisitions', and 'Reviewing' tabs. The 'Approvals' section has a 'Manage Approvals' button. Below this is a 'Notes' section with a 'Note To Budget Approver' field. The 'Attachments' section includes an 'Add Attachment' button and a table with columns: File, Type, Description, Category, Last Updated By, Last Updated, Usage, Update, Delete, and Publish to Catalog. The table currently shows 'No results found'.

Requisitioner ensures that the approver's name is listed under the approval's tab.

Add any attachments for the contractual requirement (including 2126, 2128, statement of work, independent government estimates (if required), and other information that the contracting official might require.

The requisitioner can also add any notes to the budget approver or procurement official to explain this requirement prior to any work started.

--*

*--Creating IQ-Program Loan Cost Fund Requisitions (Continued)

The screenshot displays the USDA AGRICULTURE iProcurement interface. The top navigation bar includes links for Shop, Requisitions, Receiving, and a Shopping Cart. The main content area shows a requisition titled 'Requisition 932570, Total: 75000.00 USD'. The requisition details include a creation date of 24 Aug 2018 10:05:40 and a description of 'Credit Reporting Services - Midwest Region'. A table of requisition attachments is visible, with one attachment titled 'Credit Reporting Services - Midwest Region' and a description of 'Credit Reporting Services - Midwest Region'. Below the attachments, a table of detail lines is shown, with one line item for 'Credit Reporting Services - Midwest Region' and a quantity of 75000. The bottom section of the screen displays the requisition's status and a 'Submit' button.

Requisitioner's opportunity to review the information prior to sending the transaction to the Budget Approver.

Select the 'Show' link under "Detail Line" to display the perimeters of the entire requisition. You have the opportunity to print the page.

Once the information is confirmed you can select the submit button and the requisition is forward to the budget approver for review and approval. After budget approval the requisition is automatically sent to the procurement official or office established in the budget approvers default approval chain.

***--Agency Representative for Micropurchase (ARMP) Request for Delegation**

ARMP's must read, sign, and date the following before AMD grants delegated authority for micropurchases.

Your Blueprint for Success

This section will lead you step-by-step through the process of preparing to use your micropurchase authority.

Verify you have completed the training and received the Acquisition Management Division Delegation of Authority letter and you have it readily available for audit purposes.

Ensure Availability of Funds

You must establish the amount of your available funds BEFORE authorizing service or making any purchases.

You must track purchases during the month to ensure that there are sufficient funds available to make all required purchases. ARMP's should use a log system to record purchases and the dollar amounts committed. Then they know at a glance the amount of their unobligated funds or certified fund availability.

Conduct Market Research

Market research allows you to make an informed, responsible, reasonable purchase. Do enough market research to ensure that the Government gets a good value for its money in terms of reasonable price and timely/reliable/quality service. The purchase should represent the best buy that meets the Government's minimum requirements.

When applicable, compare prices and check with your contracting activity to see if there are existing contracts that offer you a good price, service, and quality. These existing contracts have been negotiated at your agency or by other agencies and can sometimes offer advantages in time and money savings. Check with the merchant to determine if they accept the purchase account.

Select the Best Value

When making micropurchases, identify the service that best satisfies the requirement, weighing both price factors and non-price factors. You can use a higher priced contractor if it represents a better value, but it is your responsibility as the ARMP to perform basic comparison-shopping and to briefly document the basis for your purchase decisions.--*

***--Agency Representative for Micro-purchase (ARMP) Request for Delegation (Continued)**

Seek State Tax Exemption

Visit the **GSA SmartPay Website** to find out more about the State tax requirements in your state.

Talk to Merchants

You should be as specific as possible when talking to merchants. Ask about the following.

- Price.
- Time of delivery.
- Communicate required deliverable.
- Discounts for Government purchases, if applicable.
- Invoicing requirements.

When you have all the necessary information, make the purchase.

Note: A merchant may never require the ARMP to complete a postcard or similar device that includes the account holder's account number, card expiration date, signature, or any other account data in plain view when mailed.

Is It Necessary to Distribute Purchases?

FAR Part 13.203(a)(1) of the Federal Acquisition Regulations recommends that micropurchases be equitably distributed among qualified merchants to the extent practicable.

Determine Dollar Limits

There are generally two types of dollar limits applied to your delegation of authority.

- Single purchase limit - \$2,500.00 for services.
- Monthly purchase limit - if applicable, is determined by your state or program budget authority.

Single purchase limits and monthly purchase limits are established when your delegation of authority is set up. They are based on the single purchase limit above and the budgetary limits of your office. The single purchase limit is the dollar limit for an individual transaction. The monthly limit represents the cumulative dollar limit for your purchases in one month. It may be set to any dollar amount equal to or greater than the single purchase limit. Verify both of your limits with your program budget authority. Other restrictions such as number of transactions and merchant restrictions may apply. You have authority to only make purchases or payments allowed on your AMD delegation of authority letter; all other micro-purchase transactions are prohibited.

Exceeding Your Dollar Limit

Prior to proceeding with your purchase, you will check to see if it exceeds any of your dollar limits. All attempted transactions that exceed your single or monthly limit will be automatically declined and referred to your delegated state contracting officer or to AMD. It is your responsibility to know how much you have spent against your limits before you purchase. Do not rely on others to do this for you.--*

***--Agency Representative for Micro-purchase (ARMP) Request for Delegation (Continued)**

Select Required Sources

Purchases should be consistent with established guidelines for required sources of services and applicable acquisition procedures for making micropurchases. Procurements paid for through your delegation of authority are subject to the acquisition rules established in the Federal Acquisition Regulations (FAR) and your Agency/Organization policies and procedures.

The Federal Acquisition Streamlining Act did not abolish the priorities for use of the Government supply sources as stated in FAR Part 8 (Required Sources of Supplies and Services) of the Federal Acquisition Regulations. Micropurchases are not exempt from this requirement. The following information from FAR Part 8 lists the priorities for use of Government supply sources:

8.002 Priorities for use of Government supply sources.

(a) Except as required by 8.003, or as otherwise provided by law, agencies shall satisfy requirements for supplies and services from or through the sources and publications listed below in descending order of priority:

(2) Services. Services that are on the Procurement List maintained by the Committee for Purchase From People Who Are Blind or Severely Disabled (see subpart 8.7).

(b) Sources other than those listed in paragraph (a) of this section may be used as prescribed in 41 CFR 101-26.301 and in an unusual and compelling urgency as prescribed in 6.302-2 and in 41 CFR 101-25.101-5.

(c) The statutory obligation for Government agencies to satisfy their requirements for supplies or services available from the Committee for Purchase From People Who Are Blind or Severely Disabled also applies when contractors purchase the supplies or services for Government use.

8.004 Use of other sources.

If an agency is unable to satisfy requirements for supplies and services from the mandatory sources listed in 8.002 and 8.003, agencies are encouraged to consider satisfying requirements from or through the non-mandatory sources listed in paragraph (a) of this section (not listed in any order of priority) before considering the non-mandatory source listed in paragraph (b) of this section. When satisfying requirements from non-mandatory sources, see 7.105(b) and part 19 regarding consideration of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including 8(a) participants), and women-owned small business concerns.

(a)(1) Supplies. Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts, and any other procurement instruments intended for use by multiple agencies, including blanket purchase agreements (BPAs) under Federal Supply Schedule contracts (e.g., Federal Strategic Sourcing Initiative (FSSI) agreements accessible at <http://www.gsa.gov/fssi> (see also 5.601)).

(2) Services. Agencies are encouraged to consider Federal Prison Industries, Inc., as well as the sources listed in paragraph (a)(1) of this section (see subpart 8.6).--*

***--Agency Representative for Micro-purchase (ARMP) Request for Delegation (Continued)**

(b) Commercial sources (including educational and non-profit institutions) in the open market. With a connection to the internet, you can quickly browse through the GSA on-line shopping mall for thousands of commercial products and services including JWOD/NIB/NISH and UNICOR products.

GSA *Advantage!* ®™ is designed to link GSA schedule products and services, stock items, catalog descriptions, current pricing, and delivery information in a single location to make ordering easier for you. To place an order, you can use your purchase charge card.

The address for GSA *Advantage!* ®™ is **www.gsaadvantage.gov/**.

For any questions regarding GSA's Products and Services, call the National Customer Service Center (NCSC) at 1-800-488-3111.

Small Business

Increasing opportunities for small businesses in Federal contracting is a priority. The Office of Management and Budget (OMB), along with the Small Business Administration (SBA), is improving access by small businesses to the Federal market and to boost communications to small businesses about Federal business opportunities. As part of these efforts, you are reminded of the importance of considering small businesses when buying goods and services at or below the micropurchase threshold. The Federal Acquisition Regulation (FAR) states that use of the Government-wide purchase card is the preferred method for buying these small purchases. To find small business resources, please consider visiting the GSA Advantage! And DoD e-Mall websites.

Shop Smarter

- Use GSA Advantage! to conduct quick and easy market research and to order already negotiated low-price items.
- Take advantage of the Blanket Purchase Agreements (BPAs) your agency has negotiated to get better prices.
- Always ask for discounts at the point of sale - whether or not point-of-sale discounts are given.

Presidential Executive Order on Buy American and Hire American

It shall be the policy of the executive branch to buy American and hire American.

- Immediate Enforcement and Assessment of Domestic Preferences According to Buy American Laws: Every agency shall scrupulously monitor, enforce, and comply with Buy American Laws, to the extent they apply, and minimize the use of waivers, consistent with applicable law.
- Judicious Use of Waivers: To the extent permitted by law, public interest waivers from Buy American Laws should be construed to ensure the maximum utilization of goods, products, and materials produced in the United States.--*

***--Agency Representative for Micro-purchase (ARMP) Request for Delegation (Continued)**

- Ensuring the Integrity of the Immigration System in Order to "Hire American.": The Secretary of State, the Attorney General, the Secretary of Labor, and the Secretary of Homeland Security shall, as soon as practicable, and consistent with applicable law, propose new rules and issue new guidance, to supersede or revise previous rules and guidance if appropriate, to protect the interests of United States workers in the administration of our immigration system, including through the prevention of fraud or abuse.

I certify that I reviewed and understand the above information to effectively support the Farm Loan Programs.

***--Program Authority to Request Contract Goods and Services and Recoverability of PLCE's
After September 30, 2010 (Continued)**

Note	Description
1	Requires written permission to use from the Administrator or Administrator's designee; contact LMD or LSPMD, as applicable.
2	Includes NEPA Environmental Assessments and Miscellaneous NEPA Studies.
3	These activities refer to due diligence investigations conducted to evaluate real property for the presence of contamination in loan making and loan servicing activities according to 1-EQ.
4	Includes recording and filing fees; obtaining copies of plats, mortgages, judgments, etc.; other similarly related expenses at offices such as Clerk of Court, Register of Mesne Conveyance, Register of Deeds, Department of Motor Vehicles, etc.
5	Use for UCC recording and filing in situations only funds have been collected from the applicant and remitted with miscellaneous code 36 or 38 (3-FI, Exhibit 5) to pay Secretary of State or to replenish prepaid accounts.
6	Process as a single source financial transaction; includes access to PACER, State databases for real estate, equipment sales, historical sites, etc.
7	Use in the acquisition of real estate or property rights necessary only to sell inventory real property, not for the purpose of increasing the financial return to FSA. Includes easement, right-of-way, ingress/egress.
8	Includes online auction fees, auction storage fees, auction rental fees, auctioneer fees/commission, and other similarly related costs.
9	For appraisals completed for Homestead Protection, use ND, "Co-Pay/Homestead Appraisals". Co-Pay appraisals are not authorized for Government Inventory Property.
10	Activities may be conducted on custodial property if necessary to protect the Agency's security interest.
11	These activities are applicable for pre-remedial and remedial response actions conducted pursuant to the Comprehensive Environmental Response Compensation and Liability Act, Resource Conservation and Recovery Act, and Toxic Substance Control Act or State laws governed by these statutes. All response actions shall be conducted by environmental professionals.

***--Program Authority to Request Contract Goods and Services and Recoverability of PLCE's
After September 30, 2010 (Continued)**

Note	Description
12	Servicing activities should be charged as a recoverable cost, except when State law, supported by an opinion from the Regional Attorney , provides otherwise.
13	Expenditures in excess of aggregate amount of \$1,000 per property as provided in 4-FLP and 5-FLP must have prior written approval from SED.
14	Includes payment for serving Summons and Complaint in foreclosure proceedings; costs incurred during an eviction; other similar expenses.
15	Only essential utilities will be paid, including fuel oil, gas, electricity, and propane in accordance with 4-FLP and 5-FLP.
16	Includes cost reimbursement.
17	Includes payments to the Bureau of Land Management, Forest Service, etc.

Notes:

- 1) Includes cost reimbursement.
- 2) An employee does not need a Contracting Officer warrant to process noncontractual payments.
- 3) These activities are applicable for response actions conducted pursuant to the Comprehensive Environmental Response Compensation and Liability Act, Resource Conservation and Recovery Act, and Toxic Substance Control Act or State laws governed by these statutes. All response actions shall be conducted by environmental professionals.
- 4) These activities refer to due diligence investigations conducted to evaluate real property for the presence of contamination in loan processing/servicing activities.
- 5) These activities are conducted on inventory properties and refer to pre-remedial and remedial actions conducted pursuant to environmental statutes listed in Note 3.
- 6) These activities may be conducted on custodial property to protect the Agency's security interest.
- 7) For auctioneer services District (D) and County (C) program authority is limited to \$15,000 per property for auctioneer services; Administrator (A) and State Executive Director (S) have no limit.
- 8) Servicing activities should be charged as a recoverable cost, except when a State supplement based on the State law and an opinion from the Regional Attorney provides otherwise.
- 9) Use for UCC recording and filing in situations when funds have been collected from the applicant or borrower and remitted with Miscellaneous Code 36 or 38 (Ref 3-FI, Exhibit 5), to pay the Secretary of State or third party processors monthly invoices, or to replenish prepaid accounts. (FINE, F2NE)
- 10) Use for UCC recording and filing in situations when funds have not been collected from the borrower, to pay the Secretary of State or third party processors monthly invoices, or to replenish prepaid accounts. (F2N5)
- 11) For appraisals completed in homestead servicing use (F2ND). Co-Pay/Homestead appraisals are not authorized for inventory property. (For inventory property use F5B1.)

***--Alternative Production and Marketing Price Determination Guide**

A Overview

Agriculture is an evolving business and the recent surge in consumer demand for organic and locally-produced food is creating jobs and agricultural opportunities throughout rural America. Beginning farmers are finding an entry point into agriculture through local markets, while many existing businesses are diversifying into high-value, locally-branded products. With the increasing number of “buy local”, organic, urban agriculture and specialty crop awareness campaigns; there has been an increase in request for assistance for operations unfamiliar to some local offices. The following methodologies can be used in developing prices and other forms of valuation for crops and evaluating local or regional marketing methods. The same methodologies can be applied to organic crops and pricing.

Four basic methodologies are discussed in this exhibit. In addition, there is also information on considering alternative enterprises.

Note: DAFLP maintains a library of web-based resources that includes a variety of information on nontraditional and niche-type farm enterprises. This information includes sample enterprise budgets, marketing models, how-to and start-up guides, organics, hydroponics, Community Supported Agriculture, and more. The DAFLP community found within USDA Connect at <https://connections.usda.gov> provides an additional source of information and the opportunity to network with other USDA Agencies and topic-specific communities that provide equally valuable resources and information.

B Prices for Enterprises Not Available on Published State Price Lists

When actual records data is not available, prices may be found by using NASS data, terminal price information, RMA data, AMS Market News, or the price list from an adjoining or nearby State. This may be helpful in cases where a significant amount of land is dedicated to growing a specific crop. USDA-AMS Market News also has a local food price-gathering effort underway and is starting to publish datasets online at

<http://www.ams.usda.gov/AMSV1.0/MarketNewsLocalRegional>. This data will be enhanced significantly over the next year. Additional information may also be available by researching cooperative extension sites at <http://www.csrees.usda.gov/Extension>. Many cooperative extension sites have enterprise budgets that can assist applicants in developing their farm plan.

Example 1: An office receives a request for assistance from a new producer who wants to grow basil. The proposal is for 20,000 square feet of basil production. The applicant provides a letter from the local grocery store agreeing to purchase basil not less than wholesale price. The applicant submits the latest Detroit terminal price of \$6 per pound for basil and obtains an enterprise budget from the local university. Using this analysis, the applicant substantiates a feasible plan and assistance can be approved. In the following year, this applicant will have actual price history and income and expense data.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

B Prices for Enterprises Not Available on Published State Price Lists (Continued)

Example 2: An applicant comes into the office with the intention to grow an organic crop. Deciding how to price organic products is difficult, particularly when markets often are not well-established. Prices need to be high enough to make a profit, but reasonable based on competition and how customers value (or establish a price on) the product. Many enterprise budgets may be available, but the applicant should choose an enterprise budget that suits the business they are proposing. The applicant should review the scale that is being proposed, the production method proposed (organic or conventional), and geographic region from which the sample budget is created. Still, there are numerous resources to assist even if the State's extension service or the land grant college does not have specific information for a particular enterprise. The National Sustainable Agricultural Service provides numerous resources for organic enterprise budgets at <https://attra.ncat.org/organic.html#vegetable>, and the USDA Economic Research Service at <http://ers.usda.gov/data-products/organic-prices.aspx> is a useful resource for organic pricing.

C Applicants With Actual Income and Expense Records, Not Specific to a Commodity

It is not always practicable to value crop income and expenses on an individual crop basis. This is especially true for small acreage operations, high tunnel production, highly diverse operations, CSA, and operations where product choice is driven by market demands. When product choice is driven by market demands, the applicant's actual historical income and expense records may be used to establish trends and projections.

Example: In 2012, an applicant grew 12 different vegetables and herbs on 21,000 square feet. The operation grossed \$9,000 income by using a variety of marketing methods. In 2013, the applicant improved selling techniques and grossed \$10,800 in income, a 20 percent increase. In 2014, the operation proposes to grow to 35,000 square feet. An acceptable estimate of the proposed gross income for 2014 would be calculated as $10,800 \div 21,000 \text{ square feet (former lot size)} \times 35,000 \text{ square feet (new lot size)} = \$18,000$. The same methodology would be used to estimate expenses.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

D Small Acreage, Square Footage Operations With a Variety of Commodities

An applicant's actual records will be most reliable. It is an acceptable practice to use the actual gross income divided by the square footage of the plot to estimate the potential income per square foot (see paragraph C). If there are no actual records to estimate net income, or when price and yield information usage is not practicable because of multiple crops and small plot areas, other methods of income and expenses may be used. Many State universities publish enterprise budgets for small scale and fractional acreage. **ALMOST ALL CROPS CAN BE IDENTIFIED IN A SEARCH.** In addition, many local lending institutions and universities, including the farm credit system, have conducted benchmarking studies. ERS publishes organic costs and returns for organic corn, wheat, soybeans, and milk. Information is available at <http://ers.usda.gov/Data-products/organic-production.aspx>.

Example: In 2012, the Farm Credit Council and Farm Credit East conducted a CSA-benchmark study to establish a performance metrics and expectations for usage in making informed lending decisions. A review of this study can be found at <http://www.ngfn.org/resources/ngfn-cluster-calls/csa-benchmark-project/CSA%20benchmark%20slides.pdf>. This study set a general guide of \$18,000 to \$20,000 sales average per acre or \$.41 to \$.46 per square foot.

E Alternative Marketing Methods

The following provides details on 2 alternative marketing methods:

- **CSA** is a direct marketing channel by which farmers sell shares or subscriptions for farm products to customers. CSA operation occurs when consumers provide upfront funds (buy a share) for a portion of the expected harvest from the farm, typically in the form of weekly harvest deliveries. A diverse selection of products is delivered regularly, for a specified time during the harvest period, to customers at designated pickup sites. CSA is typically used to market fresh produce, but can also be used to market meat, eggs, honey, flowers, and other products.

For existing operations, actual historical records should be available to demonstrate share price and number of subscriptions. Because a CSA farm effectively sells produce before the growing season begins, the farm's gross CSA income can be easily calculated. CSA farmers should determine the breakeven point when establishing membership income.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

E Alternative Marketing Methods (Continued)

Applicants establishing new CSA operations should research target market and be able to answer general questions, such as:

- How many competitors are there in the target marketing area?
- What is the average share price?
- How does your CSA product differ from your competitors?
- Can your market support another CSA?
- How did you determine your share price and the number of shares you plan to sell?

Numerous resources are available to assist farmers with marketing methods, share pricing, and breakeven analysis. Many farms combine CSA with other forms of marketing, such as selling at a farmers market, farm to institution or restaurants, and retail stores.

- **Farmers Markets**, as with CSA, should be researched by the applicants in the area where they expect to market their product. Many State Departments of Agriculture maintain an average price list for farmers markets in their jurisdiction and AMS Market News is beginning to gather this information as well (see link in subparagraph B). Also many States have farmers market associations that may track average prices.

F Alternative Enterprises

Prices, farm programs, trade policies, technology, markets, and consumer preferences change continuously. Some enterprises previously believed to be speculative or without an established or steady market are now proving, through consumer demand, to be main stream in some regions. Loan officers are often faced with request for assistance from operations, either wholly or in part, producing income through production of alternative enterprise. To find out more about alternative enterprises suited to each area, the National Agricultural Library has many examples and helpful publications at <http://www.nal.usda.gov/afsic/pubs/altlist.shtml>. Examples of alternative enterprises include the following.

- **Wetland plants grown for environmental restoration.** Contracts are often available from State agencies to raise plants for environmental restoration. If plants are raised as seedlings or rooted cuttings for sale and not “wild harvested”, this operation may be considered an eligible enterprise.
- **Bison.** When an operation can provide documentation of an established meat market, bison may be considered an eligible enterprise. The USDA’s National Animal Health Monitoring System launched Bison 2014, the first-ever national study of the U.S. ranched-bison industry. This initiative is intended to increase knowledge and understanding about the characteristics, health, management practices, and challenges facing bison operations in the U.S.

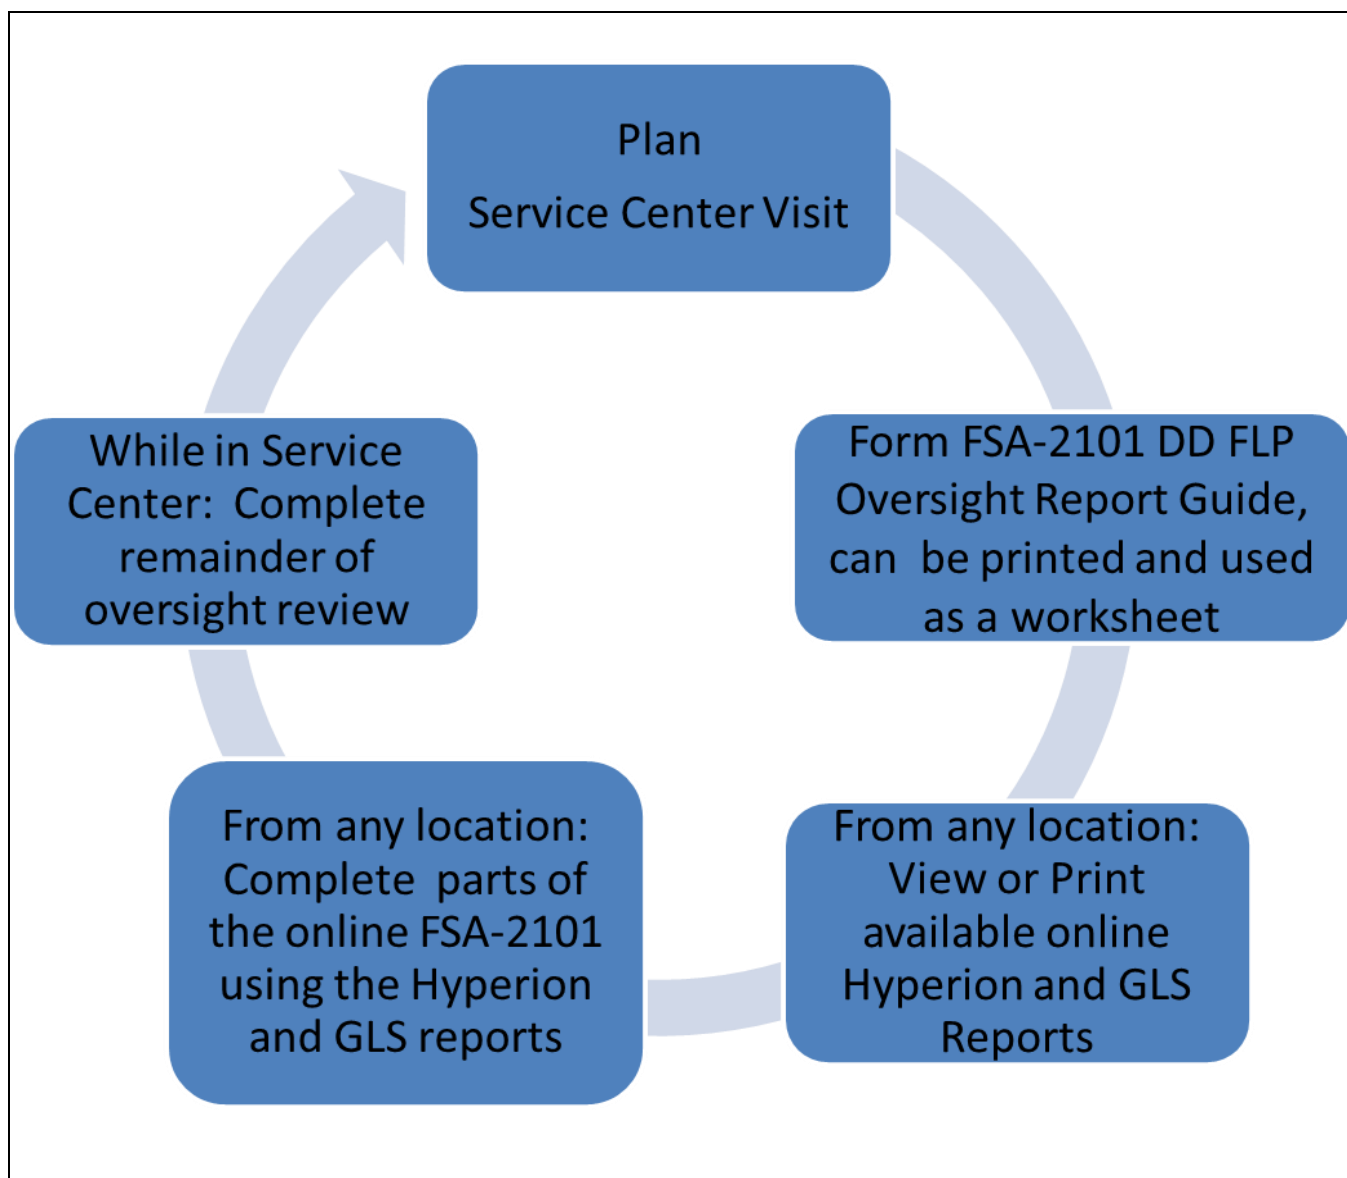

If the operation’s main enterprise is production for heads and skulls, this would be considered a non-eligible enterprise.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

F Alternative Enterprise (Continued)

- **Alpaca.** Alpaca's have generally been considered non-eligible enterprises because of the speculative nature of the industry. During the height of the industry, it was not uncommon to see breeding stock sell for \$35,000. Animals were subsequently raised and bred with the hope that the offspring would sell to another breeder to perpetuate the cycle. This speculative market is considered a non-eligible enterprise. However, each year it is estimated that alpaca fiber can be worth \$500 to \$1,000 per animal, depending on the market. In addition to this, alpaca can be used as guard animals for livestock. An alpaca operation whose primary enterprise is to produce fiber and sell alpacas as guard animals for livestock farmers may be considered eligible.
- **Goats.** A goat operation for milk, meat, and fiber offers many opportunities. The 2 most common fibers produced are mohair and cashmere. Fiber markets should be evaluated for reliability, but can often produce a marketing alternative to strictly meat production. In many areas of the country, goat meat and milk are highly sought after by many immigrant communities, providing marketing options for products. According to NASS, meat goats account for over 80 percent of the total of goats produced in the U.S.
- **Rabbits.** Rabbits grown for fiber, such as angora, and rabbits grown for food can be considered an eligible enterprise, if a reliable market exists for the product. Rabbits raised primarily for pet purposes would be considered a non-eligible enterprise.
- **Timber.** Forestry products may be eligible, depending on the manner in which the forestry is managed and harvested. The operation must follow a Timber Management Plan. Purchasing property with the intention of clear cutting and selling the timber and firewood is not considered managed agriculture and; therefore, not an eligible enterprise. In contrast, a request for assistance to purchase real estate and actively manage the timber with a forestry plan may be considered an eligible enterprise. Each request for assistance and Timber Management Plan should be reviewed and determined eligible or ineligible on its own merit.
- **Aquaculture.** Aquaculture is the husbandry of any aquatic organisms, including fish, mollusks, crustaceans, or other invertebrates, amphibians, reptiles, or aquatic plants, raised in a controlled or selected environment of which the applicant has exclusive rights to use. As with other agricultural enterprises, the requirements under non-eligible enterprise still apply, but in some cases these enterprises may be eligible for FSA financing. The USDA National Agricultural Library web site, alternative farming systems information center, at <http://www.nal.usda.gov/afsic/pubs/altlist.shtml>, has several resources available for aquaculture, among other alternative enterprises.--*

DD FLP Oversight Review User Guide (Continued)

This guide:

- is a resource to assist in completing the online oversight report
- identifies the electronic direct loan making and servicing reports available from Data Mart, along with the guaranteed loan making and servicing reports available in GLS
- follows the order of the online oversight report
- provides step-by-step instructions when deemed necessary.

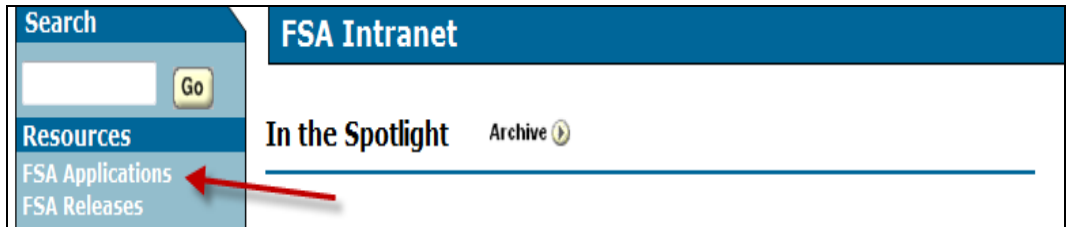

Paragraphs 441 through 444 address all issues of reporting timeframes, user roles and responsibilities, and distribution of reports.

A DDORS Access

1 Web Access

DDORS authorized users can access DDORS using Microsoft Internet Explorer 7.0+ by either of the following:

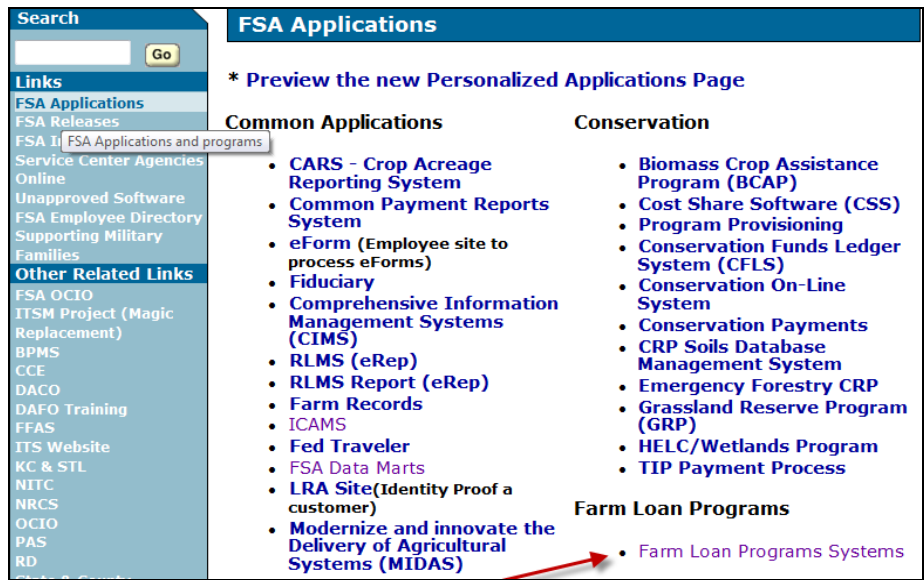

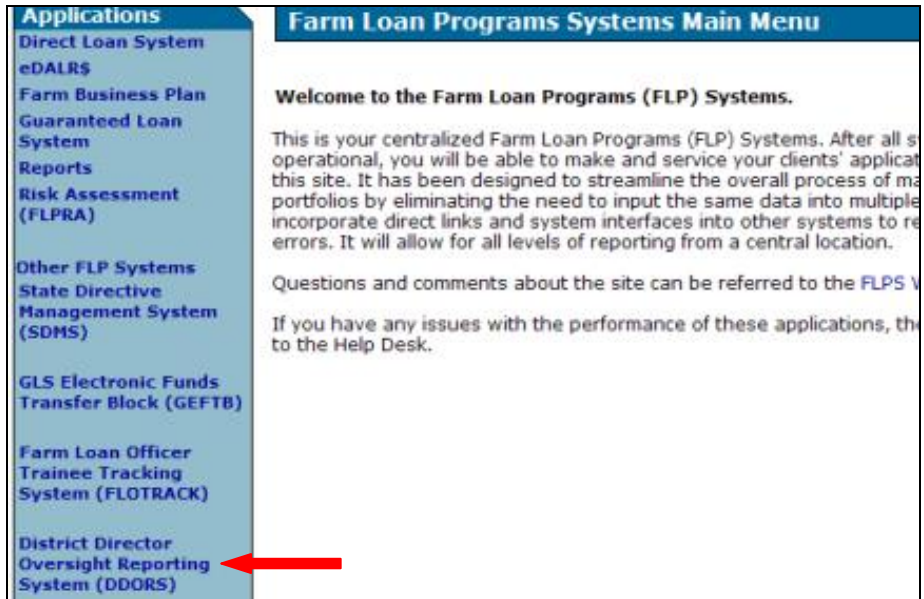

- Internet at **<https://wdcprod80.sc.egov.usda.gov/ddors/homepage.aspx>**
- Intranet, as follows.

Step	Action
1	<p>To access DDORS, go to the FSA Intranet at http://fsaintranet.sc.egov.usda.gov/fsa/ and on the FSA Intranet Home Page, under “Resources”, CLICK “FSA Applications”.</p> 

DD FLP Oversight Review User Guide (Continued)

A DDORS Access (Continued)

1 Web Access (Continued)

Step	Action
2	<p>From the FSA Applications Screen, under “Farm Loan Programs”, CLICK “Farm Loan Programs Systems”. Log in with eAuthentication user ID and password, or LincPass and PIN.</p> 
3	<p>From the Farm Loan Programs Systems Main Menu, under “Other FLP Systems”, CLICK “District Director Oversight Reporting System (DDORS)”.</p> 

DD FLP Oversight Review User Guide (Continued)

A DDORS Access (Continued)

2 Accessing DDORS Online Report

DD's can access the online report DDORS for the Service Center being reviewed, from the DDORS Home Page, by selecting the Service Center name.

Oversight reports can be viewed by authorized users as soon as the DD or proxy begins adding information. Follow this table to view previously submitted reports.

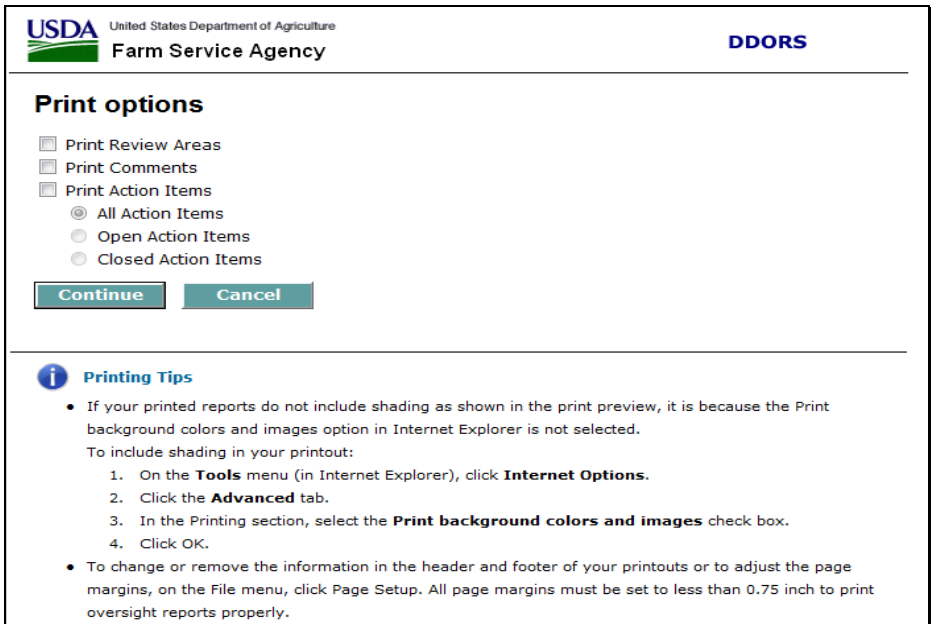

Step	Action
1	Select Home in the menu at the top of the page, if not already on the Home Page.
2	<p>In the menu on the left, indicate the reporting period by using the “Fiscal Year” and “Quarter” drop-down lists. Use the “State” drop-down list to select the applicable State, if user has access to more than 1 State. CLICK “Go”.</p> 
3	From the list of all Service Centers that will be displayed, select a Service Center with a report status of “In Progress”, “Submitted”, or “Auto-Submitted” and select the “ Service Center ” name.

DD FLP Oversight Review User Guide (Continued)

A DDORS Access (Continued)

3 Print Report Access

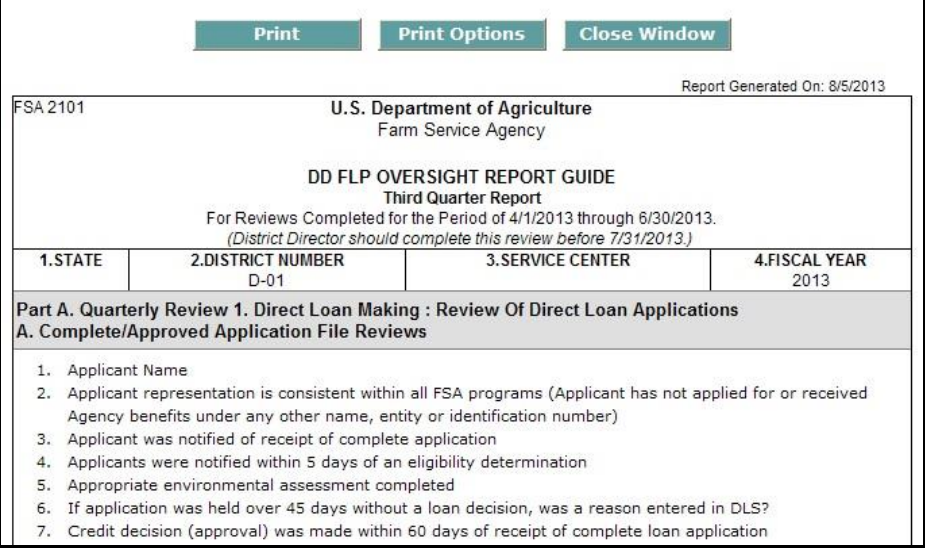

Follow this table to view or print the report.

Step	Action
1	<p>The full report can be viewed on screen or printed at any point after the report has been initiated. From the Report Outline Screen, CLICK “Printer-Friendly Report”.</p> 
2	<p>The Print Options Screen will be displayed. Select the areas of the report to view and CLICK “Continue”.</p> 

DD FLP Oversight Review User Guide (Continued)

A DDORS Access (Continued)

3 Print Report Access (Continued)

Step	Action
3	<p>When FSA-2101 is displayed, users may view on screen or CLICK “Print”.</p> 

4 Help Access

DDORS has a “Help” function that is available throughout the online report, as displayed on this example DDORS Home Page.

DD FLP Oversight Review User Guide (Continued)

A DDORS Access (Continued)

4 Help Access (Continued)

The following is an example of the screen that will be displayed with topics for assistance.

DD FLP Oversight Review User Guide (Continued)

B Online Guides and Reports

1 User Guides

On the Farm Loan Program Systems Home Page, under “Information Links”, if users CLICK “**Manual**”, the following user guides will be available:

- DLS-Loan Making User’s Guide
- DLS-Loan Servicing User’s Guide, that includes:
 - Direct Loan System training
 - Special Servicing Reference and User Guide
 - Hyperion Reports User Guide
- GLS-Guaranteed Loan System User Guide.

Exhibit 14 provides details about how to create SCIMS-PLAS ORACLE Hyperion Reports.

DD FLP Oversight Review User Guide (Continued)

2 FLP Data Mart (Data Mart)

Hyperion access is **required** to have Data Mart access. Users who do not already have access to Data Mart must complete FSA-13-A and submit it to the appropriate Security Liaison Representative.

The following example displays how, on FSA-13-A, users should complete the “Hyperion” and “Other/Comments” sections, as highlighted, to request access to Data Mart.

DD FLP Oversight Review User Guide (Continued)

D Part A: Quarterly Review

Note: Use the “**Review Area Comments**” section to note issues on which to followup or other comments relevant to the review.

1 “Direct Loan Making: Review Of Direct Loan Applications”

A “Complete/Approved Application File Reviews”

Review 5 applications received since last review; review all if less than 5. Information sources include the following:

- DLS Loan Making Checklist
- DLS Loan Request Detail Screen
- FSA-850 in FBP or Environmental Assessment
- FSA-851
- FSA-2307
- FSA-2308
- OY FLPDM Direct Application Report

Question	Source
1: Applicant Name	Select 5 applications from DLS Reports, Loan Making Reports, Direct Applications, and OY FLPDM Direct Application Report.
2: Applicant representation is consistent within all FSA programs (Applicant has not applied for or received Agency benefits under any other name, entity or identification number)	Compare the application against the Farm Program Eligibility report.
3: Applicant was notified of receipt of complete application	Check the date on FSA-2307 from the borrower case file and DLS Loan Making Checklist.
4: Applicants were notified within 5 days of an eligibility determination	Check the date on FSA-2308 from the borrower case file and on DLS Loan Making Checklist.
--5: Appropriate level of environmental review was completed (7 CFR, Part 799, and 1-EQ, Part 3)	FSA-850 is online under the credit action used to approve the loan in FBP that documents there were no impacts to protected resources and there were no extraordinary circumstances. Alternatively, an environmental assessment has been completed and a copy is in the file, if required. Also check that FSA-851 has been completed for each tract of real estate security.--
6: If application was held over 45 days without a loan decision, was a reason entered in DLS?	Review the DLS Loan Request Detail Screen. This will also print out on the Data Mart Application Report if comments have been inserted.
7: Credit decision (approval/rejected) was made within 60 days of receipt of complete loan application	DLS FLP Application Report. Information should be in FBP Credit Action.

DD FLP Oversight Review User Guide (Continued)

D Part A: Quarterly Review (Continued)

1 “Direct Loan Making: Review Of Direct Loan Applications” (Continued)

B “Incomplete Application File Reviews”

Review 3 applications received since last review; review all if less than 3. Information sources include the following:

- borrower case file
- DLS Loan Making Checklist
- FSA-2304
- FSA-2305
- OY FLPDM Direct Application Report.

Question	Source
1: Applicant Name	Select 3 applications from DLS reports, Loan Making Reports, Direct Applications, and OY FLPDM Direct Application Report.
2: Required notifications were sent to applicants within required timeframes	DLS Application Report will show the date that the decision was made. Borrower case files will have copies of FSA-2304 and FSA-2305.
3: Items needed for a complete application are clearly identified in notifications	FSA-2304 and FSA-2305. DLS Loan Making Checklist may have information if it was entered into DLS “Loan Processing” section.
4: Applicants are notified of required due dates for items needed for complete application	FSA-2304 and FSA-2305.

DD FLP Oversight Review User Guide (Continued)

D Part A: Quarterly Review (Continued)

1 “Direct Loan Making: Review Of Direct Loan Applications” (Continued)

C “Withdrawn Application File Reviews”

Review 3 applications received since last review; review all if less than 3. Information sources include the following:

- borrower case file
- FSA-2304
- FSA-2305
- FSA-2306
- OY FLPDM Direct Application Report.

Question	Source
1: Applicant Name	Select 3 applications from DLS reports, Loan Making Reports, Direct Applications, and OY FLPDM Direct Application Report.
2: SDA	Application report.
3: Reason for the withdrawal of application is clearly documented	*--FSA-2306 and FBP should be clearly--* documented. * * *
4: A complete application was received	Documented in DLS and on FSA-2001.
5: If a complete application was not received, an effort was made to obtain a complete application	FSA-2304 and FSA-2305.
6: ECOA and non-discrimination statements have been included in correspondence to applicant	FSA-2306 and the borrower case file.

DD FLP Oversight Review User Guide (Continued)

D Part A: Quarterly Review (Continued)

1 “Direct Loan Making: Review Of Direct Loan Applications” (Continued)

D “Rejected Application File Reviews”

Review 3 applications rejected since last review; review all if less than 3. Information sources include the following:

- borrower case file
- OY FLPDM Direct Application Report
- rejection letter.

Question	Source
1: Applicant Name	Select 3 applications from DLS reports, Loan Making Reports, Direct Applications, and OY FLPDM Direct Application Report.
2: SDA	Application report
3: Reasons for denial including applicable citations of requirements from CFR are clearly documented in the notification letter to the applicant	DLS has a drop-down list to select the reasons for denial. This is just a summary, to determine the reason. Review the rejection letter, if necessary.
4: Appropriate review/appeal rights were included in the notification letter to the applicant according to 1-APP	Review the rejection letter.
5: ECOA and non-discrimination statements were included in the notification letter to the applicant according to 1-FLP	

DD FLP Oversight Review User Guide (Continued)

D Part A: Quarterly Review (Continued)

2 “Guaranteed Loan Making: Review Of Guaranteed Loan Applications”

Review 5 applications received since last review; review all if less than 5. Information sources include the following:

- Farm Program Eligibility Report
- FSA-850 or Environmental Assessment
- * * *
- FSA-2292
- GLS 2209A report
- GLS Farm Loan Application Package View Screen
- GLSAPP02 – Guaranteed Loan Applications Detail Report

Question	Source
1: Applicant Name	GLSAPP02.
2: Lender Name	GLSAPP02, GLS2209A, and GLS Farm Loan Guarantee Request View Screen.
3: Lender Type: 1-SEL, 2-CLP, 3-PLP	GLS2209A and GLS Farm Loan Guarantee Request View Screen for each applicant.
4: Applicant representation is consistent within all FSA programs (Applicant has not applied for or received Agency benefits under any other name, entity or identification number)	Compare the application against the Farm Program Eligibility report.
5: Lender was notified of incomplete and/or complete application within timeframes prescribed in 2-FLP (2-FLP, paragraph 95)	GLS Farm Loan Guarantee Request View Screen for each applicant.
6: Eligibility of borrower and loan purposes have been evaluated; denial/withdrawal are thoroughly documented and appropriate appeal/review rights were provided (2-FLP, paragraph 108)	Borrower case file documentation and correspondence and FSA-2292.
7: Processing times are within timeframes prescribed in 2-FLP for lender type (2-FLP, paragraph 83)	GLS2209A.
--8: Appropriate level of environmental review was completed (7 CFR, Part 799, 1-EQ, Part 3, and 2-FLP, paragraph 208)	FSA 850 is in the file that documents there were no impacts to protected resources and there were no extraordinary circumstances. Alternatively an environmental assessment has been completed and a copy is in the file, if required. Confirm that environmental information has been entered into the GLS Farm Loan Application Package View Screen. Also check that the lender answered the environmental questions on FSA-2211 or FSA-2212.-- * * *

2 Direct Loan Servicing

A Shared Appreciation Agreements

Review all accounts listed. Information sources include the following:

- 5-FLP
- borrower case file
- FLM discussion
- operational file
- Report Code 565-A, “Borrowers with Expiring Equity Recapture Agreements”.

Question	Source
1: Borrower Name	<p>View current and past Reports 565-A sent to Service Centers monthly *--by DCIB.--*</p> <p>Review all borrowers with upcoming expirations or Shared Appreciation Agreements that have expired since the last review. Agreement may have matured for a reason other than time.</p> <div style="border: 1px solid black; padding: 10px; margin: 10px 0;"> <p><small>This form is available electronically.</small></p> <div style="display: flex; justify-content: space-between;"> <div> FSA-2544 <small>(04-03-12)</small> </div> <div> <small>U.S. DEPARTMENT OF AGRICULTURE</small> <small>Farm Service Agency</small> </div> <div> <small>Position 4</small> </div> </div> <p style="text-align: center;">REQUEST FOR INFORMATION ON CAPITAL IMPROVEMENTS</p> <div style="display: flex; justify-content: space-between; margin-top: 10px;"> <div> <p>Mr. John Farmer</p> <p>Mrs. Jane Farmer</p> <p>12123 County Road Four</p> <p>Washington, DC 20250</p> </div> <div style="text-align: right;"> <p><small>Date</small></p> <p>48151623424815462342</p> </div> </div> <p><small>Our records show that you have a Shared Appreciation Agreement with the Farm Service Agency (FSA) that has or will soon be coming due.</small></p> <p><small>FSA regulations (7 CFR Part 766) allow the value of certain improvements to be deducted from the current market value of your property to determine any shared appreciation due. The improvement has to have been added to the property since you received your writedown from FSA and capitalized on your income taxes. The capital improvements must also meet at least one of the following criteria:</small></p> <div style="margin-left: 20px;"> <p><small>A. It is your primary residence. If a new residence is affixed to the real estate security for a home which existed on the security property when the SAA was originally executed, or the living area square footage of the original dwelling expanded, only the value added to the real property by the new or expanded portion of the original dwelling (if it added value) will be deducted from the current market value. Living area square footage will not include square footage of patios, porches, garages, and similar additions.</small></p> <p><small>B. The item is an improvement to the real estate with a useful life of over 1 year and is affixed to the property. The item must have been capitalized and not taken as an annual operating expense on Federal income tax records. You must provide copies of appropriate tax documentation to verify the capital improvements claimed.</small></p> </div> </div> <p>A copy of FSA-2544 sent to the borrower should be located in the borrower case file.</p>

DD FLP Oversight Review User Guide (Continued)

E Part B: Semiannual Reviews (Continued)

2 Direct Loan Servicing (Continued)

A Shared Appreciation Agreements (Continued)

Question	Source
2: Expiration dates of agreements are monitored	Discuss with FLM how expiration dates are monitored and review Service Center operational file if necessary.
3: Proper notifications are sent to borrowers	<p>Borrowers who have Shared Appreciation Agreements expiring within 6 months are sent FSA-2544 notifying the borrower of the upcoming expiration and requesting information about improvements made to the property.</p> <div data-bbox="578 804 1455 1335"> <p>This form is available electronically.</p> <p>FSA-2545 (04-25-12) U.S. DEPARTMENT OF AGRICULTURE Farm Service Agency Position 4</p> <p>BORROWER NOTIFICATION OF SHARED APPRECIATION DUE</p> <p>05/12/2013</p> <p>Farmer Brown 123 Any Street Farmville, CO 25810</p> <p>CERTIFIED 10010011100011001010</p> <p>This notice is to inform you that the Shared Appreciation Agreement (SAA) you executed on <u>05/09/2008</u> has or will soon become due for the following reason:</p> <ul style="list-style-type: none"> The Shared Appreciation Agreement will mature on <u>05/09/2013</u>. <p>The Agency has completed a current appraisal on the real estate that secured the Shared Appreciation Agreement and considered any capital improvements that you reported. Based on this information, we have determined that you owe <u>\$12,333.00</u> in SAA recapture.</p> </div> <p>FSA-2545 should be sent to all borrowers who have expired Shared Appreciation Agreements.</p>
4: Expiring agreements are serviced according to 5-FLP	Borrowers with expired Shared Appreciation Agreements must be notified of the recapture due using FSA-2545. Review borrower case-file documentation and discuss with FLM to determine borrower's response to notification.

F Part C: Annual Reviews (Continued)

1 Direct Loan Servicing (Continued)

C Chattel Security Accounting (Continued)

Question	Source
3: Annual inspections of chattels are completed as required	<p>From the Data Mart DLS Loan Servicing, Routine Servicing Reports, select “OY FLPDM Farm Visit Workflow Report”. From the Farm Visit Workflow Report Screen, create the report for Chattel Inspections to determine if chattel security has been inspected this year. To create the report for chattel inspections only, select the following and CLICK “Run Report”:</p> <ul style="list-style-type: none"> • “Status”, “All” • “Visit Type”, “Chattel Inspection” • “Date”, “From” and “To”, select desired range and CLICK “Scheduled Date” or “Completion Date” radio button.
	 <p>The screenshot shows the 'Farm Visit Workflow Report' interface. It features several dropdown menus for 'Selection Criteria': State (with '<<<Select State>>>' selected), District (with 'All Districts' selected), Servicing Office (with 'All Service Offices' selected), and County (with 'All Counties' selected). Below these are 'Status' (with 'All' selected) and 'Visit Type' (with 'Chattel Inspection' selected). The 'Date' section has 'From' (October 01, 2012) and 'To' (September 30, 2013) fields, with 'Scheduled Date' selected via a radio button. There is also a 'Completed by Contractor' checkbox. The 'Sort Selection' section has three dropdowns: 'by Service Office', 'by Borrower Name', and 'None', each with 'Ascending' selected. The 'Report Selection' section has four radio buttons: 'PDF Format', 'Excel Format', 'Print', and 'Hyperion Format'. At the bottom right are 'Run Report' and 'Reset All' buttons.</p>

1 Direct Loan Servicing (Continued)

D Limited Resource Reviews

Review 5 limited resource borrower accounts; review all if there are less than 5.

Information sources include the following:

- 4-FLP, Part 3
- borrower case file
- DLS Limited Resource Review Monitoring Report
- documentation, discussion with Service Center officials.

Question	Source
1: Borrower Name	<p>From the Data Mart DLS Loan Servicing, Routine Servicing Reports, select “OY FLPDM Limited Resource Review Monitoring Report”. From the Limited Resource Review Monitoring Report Screen, create the report for all completed reviews. Report options can be changed to provide all “Status”, “Completed”, or “Not Completed” reviews.</p>

2 Program Delivery

A Supervised Bank Accounts

Review all borrower files with supervised bank accounts. Information resources include the following:

- *--FBP--*
- discussion with the Service Center
- FSA-2140
- FSA-2142
- notices.

Note: SBA is an approved abbreviation in 1-CM, Exhibit 102 that stands for “Small Business Administration”; however, because of software programming, SBA in the following table stands for “Supervised Bank Accounts”.

Question	Source
1: Borrower Name	FSA-2142.
2: The need for an SBA is documented by FLM/FLO	Borrower case file running record and FBP credit presentation.
3: Borrower has consented to continued use of the SBA	1-FLP, subparagraph 101 B and FSA-2140.
4: DD or State Office has documented concurrence or non-concurrence with the use of an SBA and the reasons for concurrence or non-concurrence *--in FBP--*	1-FLP, subparagraph 101 C and DD *--documentation in FBP.--*

F Part C: Annual Reviews (Continued)

2 Program Delivery (Continued)

B Program Promotion

Meet with 2 to 4 randomly selected borrowers and/or guaranteed lenders to ascertain the quality of program delivery in the Service Center.

Question	Source
1: Met with 2-4 randomly selected borrowers and/or guaranteed lenders to ascertain the quality of program delivery in the Service Center.	Discussion with borrowers and/or *--lenders. FBP documentation--* required.

DD FLP Oversight Review User Guide (Continued)

G Part D: Additional Reviews

Note: This section is **mandatory** for all Service Centers that had **FLPRA** or **COR** reviews.

1 “Farm Loan Program Risk Assessment (FLPRA) Reviews”

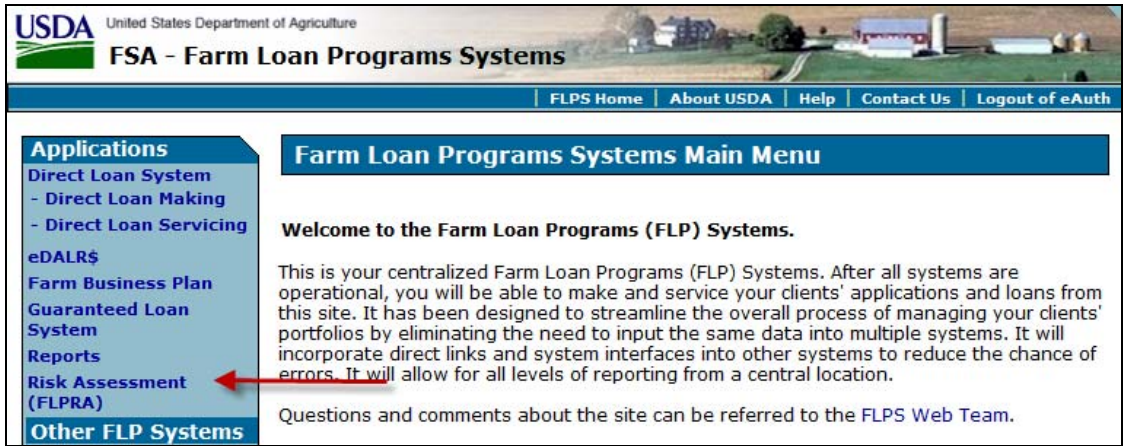

Mandatory to be completed within **1st quarter following the FLPRA review**.

Question	Source
1: Date of FLPRA Review by State Office	All review scores are entered in the FLPRA database along with the review date.
2: Date findings were discussed with FLP staff	This date may or may not be the review date entered in FLPRA database. Check with the Service Center or State Office for this date if not present when discussed.

DD should be a part of the State FLPRA process for Service Centers they oversee by:

- being present when reviews are conducted and the findings are discussed with the FLP office
- annually reviewing FLPRA scores to be aware of the risk and potential risk of these offices.

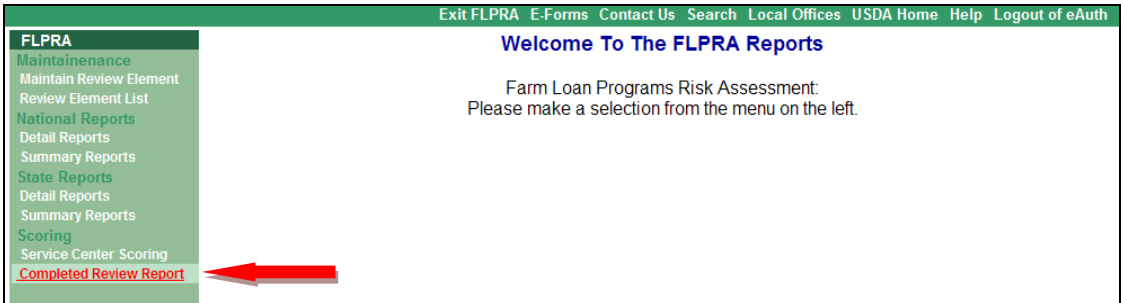

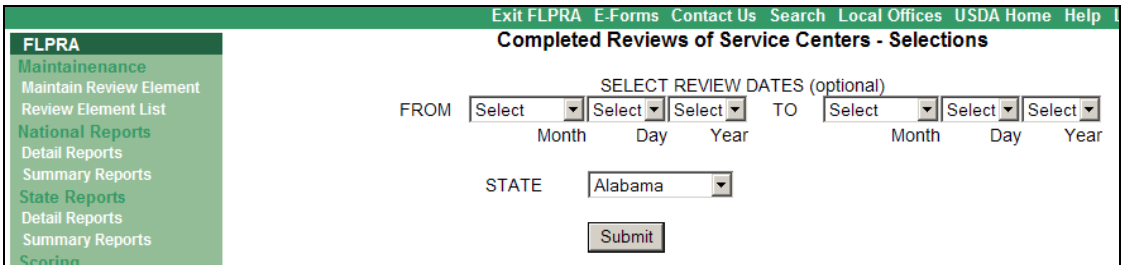

Follow these steps to access Service Center FLPRA scores.

Step	Action
1	<p>From the Farm Loan Programs Systems Main Menu, under “Applications”, CLICK “Risk Assessment FLPRA”.</p> 

DD FLP Oversight Review User Guide (Continued)

DD FLP Oversight Review User Guide (Continued)

G Part D: Additional Reviews (Continued)

Note: This section is **mandatory** for all Service Centers that had **FLPRA** or **COR** reviews.

2 “County Operations Reviews”

Mandatory to be completed within **1st quarter following the COR review**.

Question	Source
1: Date of COR Review	Check with the Service Center or State Office for the date if not present for review.
2: Date findings were discussed with FLP staff; strategy developed for correcting deficiencies and preventing further occurrences of review findings	Check with the Service Center or State Office for the date if not present when discussed.

DD should be:

- a part of the COR process for the Service Centers they oversee
- present when COR review is conducted and the findings discussed with the FLP office.

H Part E: Certification District Director Signature

Certify oversight reports by entering the following:

- DD’s signature
- DD’s name
- date signed.

Note: Oversight reports are locked when DD or proxy submit the report or after the due date, whichever comes first, and does **not** allow anyone to add, modify, or delete review information.

***-- Farm Real Estate SOW**

1. Background 2/

The Farm Service Agency (FSA), an agency of the U. S. Department of Agriculture (USDA), makes and services loans secured by real estate. FSA needs appraisal reports to complete various direct loan making and loan servicing responsibilities. The Statement of Work (SOW) addresses FSA's requirements for farm/ranch, other than residential, real estate appraisal services.

2. Objective 2/

FSA intends for the Vendor to perform a real estate appraisal and to provide appraisal reports in a PDF version to FSA by the specified date. Timely delivery of the appraisal report is critical to the success of FSA's meeting its mission and providing loan assistance to farmers. The real properties with any described fixtures and chattels are to be appraised on any format allowed by Uniform Standards of Professional Appraisal Practices (USPAP). All appraisals must meet current USPAP's standards as of the effective date of the appraisal.

3. Scope 2/

The purpose of this SOW is for FSA to obtain a market value (12 CFR 34.42 (g)), see attached Exhibit 1, for definition of "Market Value," appraisal of a property by the described completion date. The appraiser is to fulfill the appraisal process and appraisal reporting standards of the USPAP in effect as of the effective date of the appraisal. Farm real estate appraisals shall be completed in accordance with USPAP and any other appraisal assignment conditions.

The appraiser shall furnish all materials, supplies, tools, equipment, personnel, and travel and shall complete all requirements of the Appraisal Order form or Purchase Order, and Engagement Letter by the specified date. This SOW applies to all farm and ranch appraisals for FSA.

Typically, the appraiser will appraise the property's fee simple interest in the "as is" condition unless otherwise stated in the engagement letter. Any additional improvements to the property described in the engagement letter would be considered "as improved." "As is" condition is the condition of the property as you find it during your inspection. FSA defines fee simple interest to include the air, surface, subsurface rights mineral estate and water rights, if applicable and observed or known easements/encumbrances.

FSA regulations require that the appraiser take into consideration at a minimum the three approaches to value: Sales Comparison approach, Cost approach and the Income approach. If the appraiser determines that any approach is not applicable it will be adequately explained in the Scope of Work of the appraisal report as required by USPAP. --*

***-- Farm Real Estate SOW**

4. Period of Performance 2/

Typically, the period of performance is 30 calendar days from the date of the Engagement Letter or the Purchase Order unless otherwise defined. The appraiser should realistically estimate the timeframe to complete the appraisal assignment. The appraisal report must be received by the requesting office described in the engagement letter and/or work order. A request for an extension of the delivery date must include the reason for the extension and the timeframe that the appraisal report will be completed. Requests for an extension can be submitted via e-mail to the Appraisal Point of Contact (APOC) or the Contracting Officer (CO), if a purchase order was issued, as described in the work order. Written authorization for the extension or modification will be an e-mail response from the Agency.

5. Work Requirements 2/

The appraiser is to fulfill the appraisal process and reporting standards of the USPAP in effect as of the effective date of the appraisal. Farm real estate appraisals shall be completed in accordance with USPAP and any other assignment conditions as further defined in this SOW or the engagement letter.

5.1 FSA's Appraisal Requirements

In general, FSA has specific appraisal conditions and requirements for completing and reporting the market value of farm or ranch real estate and will be considered as to be part of the Appraisal Assignment. The specific conditions and requirements are described in this section.

5.1.1 Appraiser 1/

The appraiser conducting the appraisal must have a current Certified General License (or equivalent permit) for the state in which the subject is located or can obtain a temporary license from the State where the Subject property is located. No other individual may provide assistance with the appraisal development process without prior written consent from FSA.

5.1.1.1 Notification Requirement of Individual Providing Assistance/Approval 1/

If the appraiser will have an associate or assistant appraiser, who is registered with the State, providing assistance with the development of the appraisal assignment the appraiser or will visit the subject property must notify the APOC in writing and receive written approval. Clerical support and normal information gathering is an exception for approval. The appraiser will provide FSA information as follows:

- Associate's name
- State license or registration number, if provided by the State
- Length of employment with vendor or explanation of association if not an employee
- If background investigation has been completed by the State. Provide the date that the background investigation information was provided to the State.

Note: Date of license or registration certification would meet this requirement with a statement that background information was submitted with application for license/registration. --*

***-- Farm Real Estate SOW**

If the State has not completed a background investigation, or the requirement of submitting fingerprints, and it is necessary for the individual to provide assistance with the development of the appraisal assignment, FSA may require their own background investigation. In this case, the APOC will provide additional information.

5.1.2 Access to Property 1/

FSA requires that vendor to notify the property owner prior to accessing the property. The vendor shall provide the applicant or the FSA representative the opportunity to accompany the vendor on the property inspection. If the property owner is unavailable or considered uncooperative, the vendor may request assistance and/or guidance from the APOC to coordinate inspection of the property and/or obtaining assistance from a FSA representative.

The authorization to provide appraisal services is the engagement letter. If requested by the property owner the vendor shall provide the engagement letter to the owner as justification to inspect the property and to obtain information necessary for the appraisal assignment.

5.1.3 Client and Intended User

Generally, FSA will be named as the Client and intended user. FSA will advise the vendor if there are additional intended users and they will be listed after FSA. The additional intended user may not require the vendor to do more than FSA requirements would have otherwise done, unless directed by FSA. The FSA Borrower/Applicant will not be listed as an intended user.

5.1.4 Appraisal Process

The appraiser shall follow the real estate appraisal process and reporting standards of the USPAP in effect as of the effective date of the appraisal. The appraiser will need to consider the following requirements of the subject property in the appraisal process:

5.1.5 Intended Use

The stated intended use of the appraisal may have specific requirements that must be considered. If the intended use is not identified in this section of the SOW then FSA has no additional requirements.

Loan servicing intended uses have additional and specific work requirements and are described in Exhibit 4.

5.1.6 Use of Subject Property as a Comparable Sale 1/

FSA prohibits the use of the subject property's pending sale as a comparable unless prior written consent from the Lead Regional Appraiser (LRA) or Chief Appraiser (CA) has been obtained. If consent is not granted the Subject properties pending sale cannot be used as a primary comparable in any of the approaches to value.

5.1.7 Subject Sales History

At least a 3-year sales history of the property will be documented. --*

***-- Farm Real Estate SOW**

5.1.8 Legal and Physical Access to Subject Property

The legal access to the subject property parcels will be considered. The appraiser cannot just assume that there is legal access to all parcels. The appraiser must determine that legal access is a reasonable assumption. If the appraiser cannot make a reasonable assumption of legal access or if there are any individual parcels that appear to be land locked and there is no recorded easement for ingress/egress or access from a publicly owned roadway, the appraiser will contact the APOC for further instructions.

The appraisal report will document in the section that describes the subject property the opinion regarding ingress/egress to all individual parcels.

The appraiser will document in the appraisal report the information provided and the final decision by the APOC regarding any ingress/egress concerns. Any hypothetical conditions or extraordinary assumptions, as approved by FSA, will be documented as required by USPAP.

Estate rights should be consistent with subject and comparable sales.

5.1.9 Approaches to Value

The report must explain why an excluded approach is not necessary for credible results. Each approach to value will be reconciled with the strengths and weaknesses. “Explained” is not a defined term in USPAP and therefore has no special meaning. A dictionary definition of explain is “to give the reason for or cause of.” The USPAP requirement to include an explanation for the exclusion of an approach to value from the analysis is necessary to provide the client and other intended users with insight into the appraiser’s decision as to why the analysis was not performed.

Consider the following approaches to value as part of the appraisal assignment.

5.1.9.1 Sales Comparison Approach 1/

Typical Sales Comparison methodology is defined as a set of procedures in which the appraiser derives a value by comparing the property being appraised to similar properties that have recently been sold, applying the appropriate units of comparison; identifying elements of comparison, and applying the quantitative or qualitative adjustment of each element of comparison to the sale price of comparable sales. Quantitative adjustments are the preferred measure of adjustment.

If the appraiser determines that a different method of analysis, beyond quantitative, for the Sales Comparison approach would be appropriate, then the appraiser must obtain prior approval from APOC. Quantitative and limited qualitative combined analysis is acceptable. Any qualitative adjustment or analysis must be adequately discussed and supported in the appraisal report.

The appraisal report will include:

- Element of comparison - identified and explained
- Market data on each comparable sale used to develop land category ratios or similar methodology recognized by the industry, land values, and land and building adjustments
- The contributory value of all improvements, which should be adequately described to include: fences, corrals, irrigation, drainage, tile drainage, ponds, farmstead site improvements, roads, timber, buildings, etc. --*

***-- Farm Real Estate SOW**

- The condition and utility of all improvements
- Where appropriate, the current land category ratio for the area with support and explanation
- A land mix grid or similar recognized by the industry to support the land adjustments and an improvement mix grid for the building adjustments
- Adjustments and/or non-adjustments to the comparable sales will be fully explained, documented and supported within the appraisal report.

5.1.9.2 Cost Approach

The appraisal report must contain information on how the depreciation was extracted from the market data and used to determine contributory values for the subject property's improvements. If market data is not available, the appraisal report will state as such and the conclusion will be supported. In this situation the Age/Life method can be used and should be adequately documented.

5.1.9.3 Income Approach

The analysis must clearly show calculations of the capitalization rates or discount rates of each comparable sale and the calculations on the subject property's net income and value. Cash rent, crop share, and owner-operator are all recommended approaches depending on the subject's market.

5.1.10 Hazards

Appraisers are asked to be alert to stored chemicals, hazardous wastes, underground storage tanks, etc., which may be found on the property being appraised and document these observations and/or concerns in the appraisal report. The appraiser will advise the APOC of any hazards that will impact value before proceeding any further in the appraisal process. Hazards that impact value will be adequately documented in the appraisal report. Any Underground Storage Tanks (USTs) will require the appraiser to immediately contact the APOC or Ordering Official (OO) for further direction.

5.2 Reporting Requirements 2/

Reporting requirement of information should be sufficient in detail to answer all important questions that the client or reader might pose as to the physical characteristics of the property. Reporting requirements that are described in this section that are optional the Vendor may use judgement in providing information. The report will include relevant information that supports a credible report, value, assumptions, conclusions and methodology.

5.2.1 Legal Characteristics

Any impacts of legal characteristics shall be summarized such as: zoning, easements, contracts, entitlements, encumbrances, water rights, irrigation, wind rights/easements, partial interests, permits, etc. Legal characteristics should be supported from the market if value adjustments are required. Adequately "describe" (not state) zoning to include building eligibility, minimum lot size, and other pertinent factors when applicable for the market area. --*

***-- Farm Real Estate SOW**

5.2.2 Physical Characteristics

Any impacts of physical characteristics shall be discussed such as access, soil characteristics, water features, view, topography, drainage, climate, configuration, site and structure improvements, permanent plantings, etc. Physical characteristics adjustments should be supported from the market if value adjustments are required. Land classification should be based on the market of the subject and sales. Address fixtures and personal property and ensure there is adequate justification for classification and valuation of personal property and fixtures.

5.2.3 Irrigation Equipment and Other Personal Property

Fixtures or personal property, as described by the Appraisal Order Form, should be described in the appraisal report in detail with model and serial number as appropriate. The classification and the valuation of the personal property should be adequately justified. If the model and/or serial numbers are not available the appraisal should disclose this in the appraisal report and document the steps taken to obtain the model and serial numbers.

Any fixtures for the irrigation system should be included in the appraised value unless the fixture is considered to be personal property, like hand lines, that are not part of FSA's security and should not be appraised with the real property.

5.2.4 Economic Characteristics

Any impacts of economic characteristics shall be discussed such as productivity, production and ownership costs, rents, gross and net income, etc. Economic characteristics should be supported from the market if value adjustments are required. Review and summarize production contract(s) for specialized agricultural facilities. Discuss the general market economics and/or the economics of the specialized agricultural facilities.

5.2.5 Highest and Best Use 1/

The appraiser shall distinguish between the Highest and Best Use (H&BU) of the property as if it were vacant and as currently improved. H&BU will be adequately discussed in the H&BU analysis including each of the four criteria; legally permissible, physically possible, financially feasible and maximally productive. The report will clearly identify, explain, and justify conclusions for each use. Land and improvements must be valued with a "consistent use" concept. The H&BU determination will determine what appraisal reporting format is acceptable.

The appraiser will use the H&BU as the basis of the appraisal valuation process to determine market value.

5.2.6 Approaches to Value

FSA regulations require that the appraisal will document the results when considering the three approaches to value, as determined to be applicable and necessary, except as provided in the scope of work as defined by USPAP. --*

***-- Farm Real Estate SOW**

5.2.7 Subject Property

All structural improvements shall be inspected including the section of the interior of major buildings. If physical inspection is not possible the vendor should contact the APOC. The report will document the following on the subject property:

- Colored aerial photos of the subject property that identifies the cropland or other important physical characteristics
- Soils map, description and capabilities analyzed for the major soils groups. If unavailable please note.
- Clear color photographs of the significant improvements, land types, all permanent plantings, pumping stations, filter systems, effluent handling systems, timber resources, and other notable features.
- Improvements that have contributory value shall be measured and dimensions verified. The verified dimensions shall be based on square footage or volume. The appraisal report will provide a listing of improvements including components that are considered to contribute to the overall structure value, i.e. porch, patio, decking, loading dock, etc. FSA recommends that for residential structures the information may be documented on the Marshal & Swift Form 1007. Similar format may be used that provides similar detail as the M&S Form 1007. Such documentation may be an addendum to the appraisal report.
- If there is a dwelling(s), a legible sketch of the dwelling's room layout. Sketch should provide basis for determining structure size. May be hand drawn.
- New Construction documentation in the appraisal report shall include a copy of a blueprint, draft, and/or sketch, provided to the Appraiser. Summarize cost estimates for the project.
- Include information concerning leasehold interests.
- Property plat or aerial map showing roads (public and private), field layout, building location, topography, present cropping use, etc. Major improvements should be labeled.
- Discuss the domestic water source and the location of the source. Include well record or log with identified location, if applicable.
- FEMA Floodplain and Mudslide Hazard map with the subject property boundaries marked, location of dwelling(s) and major structures identified and provides the FEMA map number, zones identified and FEMA map date:
 - with determination report (FEMA 81-93) if requested in work order or engagement letter
 - if subject is within a flood plain
 - if improved with structures

5.2.7.1 Water Rights

See Exhibit 5 for information for reporting requirements on water rights. --*

***-- Farm Real Estate SOW**

5.2.7.2 Fee Simple Estate, Minerals, Oil, Gas, Timber and Wind

Typically, the appraiser will appraise the property's fee simple interest in the "as is" condition unless otherwise stated in the engagement letter. Refer to subparagraph 3 (Scope) for definition of fee simple estate. Consideration of oil, gas, minerals, timber, wind, etc., and their possible influence on the value of the subject property must be discussed in the appraisal report. For oil, gas, minerals, timber, wind, etc. that are present and have market value, the vendor shall contact the APOC to receive further guidance. FSA 2164 may be used or other applicable method or technique that meets USPAP requirements. If at any time during the appraisal process the appraiser of record discovers the estate being appraised is not fee simple the appraiser will immediately contact the APOC for consultation.

5.2.7.3 Market/Production Contract

If a market/production contract is in place, or will be in place (for new construction), on which the value of the subject property is dependent upon (i.e. poultry contract), then an analysis of the relationship of the contract to the subject's real property and how the contract impacts the value of the real property must be explained in the appraisal report, as well as how the market treats the contracts and the contract operations. A copy of the contract will be attached in the addenda of the report if in place or a letter of intent from the integrator. Similar sales with similar contracts should be used to value the subject if a market/production contract is in place, or will be in place.

5.2.8 Comparable Sales

Sales should be selected that have similar attributes of the subject and should be adequately analyzed. The minimum comparable sales data will be documented:

- Aerial photo or topography map with the property boundaries marked
- Soils map with the property boundaries marked
- Soils Information. Provide information as to the soil symbol, soil name, estimated percentage of soil type, soil classes and if possible the estimated percentage of each class.
- Plat map that clearly identifies the location of the comparable sale within a section or provides an identifiable road to the location of the property. The aerial photo may be adequate.
- Color photographs that clearly illustrate the comparable sale's improvements, land, and other items of significance. Bare land photos with no discerning characteristics (flat and tillable) may be kept in the appraiser's work file and not provided in the appraisal report, however, will be provided upon request.
- Sale data information that is required, unless otherwise noted, will be provided on the sales data sheet for each comparable are:
 - Sales/transfer date
 - buyer/seller, if not confidential
 - terms
 - sale price
 - Street name and street number, if available --*

***-- Farm Real Estate SOW**

- legal or map location (T-R-S and tax lot(s))
- size
- highest and best use or current use
- motivating factors of the buyer, if known
- utilities, if appropriate
- water resources and if there are water rights are associated with the property the same information will reported as for the subject property. See Exhibit 5.
- land categories with acres, \$/acre and land contributory values
- description of irrigation equipment, if applicable
- zoning
- farm ability factors
- listing of improvements with description, size, condition, utility, replacement cost new (RCN), effective age, remaining economic life, total depreciation, including physical, functional, and external and contributory value. If there are no improvements, then state as such
- income analysis, if applicable, that provides itemized income by description, unit, yield/production, price/rate and gross income. Itemize expenses, by description and cost amount, net income and cap rate. If income analysis is not appropriate, then so state.
- Comments summarizing the sale and verification.

5.2.9 Location Map

A map will clearly delineate the location of the subject and all comparable sales that were used in the appraisal report. Map will include labels to identify the subject and each comparable sale, roads and cities. More than one map may be used, if needed.

5.2.10 Summary of Salient Facts or Executive Summary

Summary of Salient Facts, Executive Summary or similar format shall be provided in the appraisal report. At a minimum the Summary of Salient Facts or Executive Summary **shall** contain the following information:

- Ownership
- Location
- County, Borough or Parish
- Property Type
- Property Rights Appraised
- Size
- Improvements (listed)
- Zoning
- Highest and Best Use --*

***-- Farm Real Estate SOW**

- Special Assumptions
- Hazards
- Market Value Conclusion (beneath concluded market value provide Land Value and Contributory Value of Improvements)
- Effective Date of the Appraisal
- Date of the Report
- Appraiser who completed the appraisal

5.2.11 Table of Contents

5.2.12 Legal Description

The legal description should be provided by the APOC or OO. If not available, a plat map that clearly identifies the property boundaries.

5.2.13 Final Market Value

Stated as a whole dollar amount and, if the subject is improved or personal property is appraised, from the final value an allocated value will be stated for:

- Land
- Improvements, if applicable
- Equipment/Fixtures, if applicable
- Personal property, if applicable
- Timber/Mineral Rights/Other, if applicable.

5.2.14 Engagement Letter

A copy of the engagement letter or work order will be provided in the addendum of the appraisal report.

5.2.15 Qualifications of the Appraiser

Resume listing applicable appraisal education and experience must be included. FSA does not require a copy of the appraiser's license or E & O Insurance in the appraisal report.

5.3 Personal Identifiable Information (PII)/FSA Program Information 3/

The vendor will comply with the intent of the Privacy Act of 1974 to protect the individual's privacy from unwarranted invasion, to make sure that personal information in their possession, if provided by the federal agency, is properly used, and will prevent any potential misuse of personal information in their possession.

The vendor is contractually bound by the same requirement of information confidentiality as are Government employees.

Reference to FSA applicant, producer or borrower's personal identifiable information other than name, address or information that is not of public record shall be considered confidential and not disclosed in the report. --*

***-- Farm Real Estate SOW**

The following reporting restrictions only apply to FSA and information FSA has provided to the vendor.

Since FSA is the client, FSA may provide more specific information regarding FSA programs associated with subject or comparable sale properties such as FSA -156EZ, (Abbreviated 156 Farm Record), FSA -578, "Report of Acreage," agricultural use acres and cropland acres (Common Land Unit (CLU) acres), digital imagery, Conservation Reserve Program (CRP) contract acres, highly erodible land delineations and wetland classifications. Any information provided by FSA on CRP payments per contract, per acre basis or on Direct and Counter-Cycle Payment (DCP)/Average Crop Revenue Election (ACRE), Agriculture Risk Coverage (ARC), Price Loss Coverage (PLC) or related program commodity yield per acre basis is confidential and is protected in accordance with USPAP confidentiality ethics rule and shall not be available to the general public or provided in the report. This information can only be retained in the appraiser's working file and to be identified as confidential.

However, if the owner provides written consent to share FSA program information and to allow such information to be shared in the appraisal report, the vendor may report the information.

FSA program information may be reported only as Government payments, on total payment, total acres and in generic terms in the appraisal report. The appraisal report shall not contain reference to any specific FSA program, tract or farm identification.

In accordance with Section 1619 of the Food, Conservation and Energy Act of 2008, FSA is prohibited in the sharing of the geospatial data including CLU information that is specific to a producer. The FSA CLU information will not be shared with contract appraiser unless the applicant/producer provides written consent that allows FSA to release the information.

The appraiser understands that FSA program information will only be used for the purposes for which the data was intended, namely only being used for the specific appraisal for which the information was requested, such data will not be used in other appraisals or shared with other appraisers. The data will be destroyed at the end of the work file retention period as defined by USPAP or State licensing board requirements.

The appraiser will comply with Section 1619 of the Food, Conservation and Energy Act of 2008, and is responsible to protect FSA program information as described by Section 1619. Section 1619 of the Food, Conservation and Energy Act of 2008 is Exhibit 2 of this SOW.

5.4 Expert Witness/Testimony 3/

5.4.1 Request for Expert Witness

If needed, the appraiser agrees to be an expert witness for FSA concerning the appraisal in an appeal hearing or in court. FSA will issue an engagement letter or work order for expert witness services providing the location, date and time the appraiser will be required to provide expert witness testimony and an estimated cost for such services.

5.4.2 Documentation of Services

The appraiser will be expected to maintain itemized documentation of prep work time, actual expert witness time, mileage and per diem that was incurred. --*

***-- Farm Real Estate SOW**

5.4.3 Fee

The appraiser will provide an hourly rate fee for expert testimony upon registration as the contract appraiser. Additionally, appraisers are encouraged to state an hourly rate for expert witness prep time. Typically, FSA expects the prep rate to be less than expert witness hourly rate.

The expert witness rate will cover the appraiser's time from the time of departing his/her office until the appraiser returns to his/her office. The hours will be rounded to the nearest one-quarter hour.

FSA will reimburse the appraiser for prep time necessary to prepare for the appeal hearing or court action. The prep hourly rate will be the rate indicated on the appraiser's FSA Vendor Appraiser Registration form. If no hourly rate is indicated for the prep time then the rate will be 50 percent of the expert testimony rate.

5.4.4 Per Diem

FSA will reimburse the appraiser for domestic per diem and personal car use, at the rate paid to FSA employees as published by the United States General Service Administration (GSA). Current Per Diem rates and reimbursement for personal automobile can be obtained from <http://www.gsa.gov>

You will need to select URL reference: "[Per Diem Rates](#)," or select, "[POV Mileage Reimbursement Rates](#)."

There is a basic per diem for lodging and for meals and incidental expenses (M&IE) (subject to change without notice) unless otherwise stated for specified areas that have higher per diem rates. The appraiser should refer to the appropriate web site or contact the FSA office for this information. Per Diem is only authorized and paid if the appraiser is required by FSA to be away from their office area that exceeds 50 miles and for overnight. The maximum hours per day for reimbursement are eight hours if the appraiser is on per diem. The personal automobile reimbursement may be requested in all cases for expert witness travel needs.

5.4.5 Submitting Expert Witness Invoice

The appraiser must submit an itemized invoice to be paid. The invoice will itemize the time that was required for preparation for the expert witness with a brief explanation of prep work completed, the time involved for actual expert witness testimony, mileage incurred on a daily basis and any per diem requested. The invoice should be submitted in accordance with section 5.8, Invoicing.

5.5 Timber and Timber Cruise

If FSA does not describe timber to be appraised in the appraisal assignment and timber exists, and the appraiser believes that the timber value is significant the vendor appraiser will contact the APOC for further guidance. If the timber is to be valued, the timber cruise should be a variable plot timber cruise with a standard error of not to exceed (plus or minus) 10%. The value should be a market value of the timber, as is, based on either sales or mill price. If market sales are used, then the adjustments need to be shown and if mill prices are used, the deductions need to be shown in the cruise report. The APOC may provide further instructions regarding the valuation of the timber. --*

***-- Farm Real Estate SOW**

5.6 Use Of/And Release of the Report 3/

FSA's primary intended use of the appraisal will be stated in the engagement letter or work order. However, FSA may use the appraisal in other loan making and servicing actions, as FSA needs to do in carrying out requirements in government regulations. FSA does have need from time to time to release a copy of the report to the applicant, borrower, their representatives, and to other parties under the regulations that govern FSA's programs. These other parties may include peer groups, such as an appraiser organization or the State Appraiser Certification and Licensure Board. Any request from outside FSA, other than the applicant or lender, will require consent by Agency appraiser.

5.7 Acceptance Criteria 3/

Delivery of the appraisal report will include a properly executed invoice. Invoice for payment will be processed when the appraisal is determined acceptable by FSA. An acceptable product will include:

1. Appraisal report must be delivered by the completion date stated on the engagement letter and/or work order (plus any extension of time granted by FSA)
2. Appraisal report is completed in accordance with current USPAP requirements and meets the work requirements of this SOW that are applicable and any other requirements for a specific property which will be found in the engagement letter and/or work order for each appraisal order.
3. An administrative appraisal review or a technical appraisal review accepts the appraisal report by FSA.

If the administrative appraisal review indicates that the appraisal report may not be acceptable, FSA will request a technical appraisal review. If the FSA Review Appraiser requires additional information to support the adjustments, explanation of the process, or SOW requirements must be met, the invoice approval and payment of the appraisal fee will be held until the appraisal is found acceptable to FSA.

The request for additional information will provide a specific timeframe for the information to be delivered and the criteria for the updated material to be added to the appraisal report. Typically, the timeframe to update the appraisal is 7 calendar days or as specified by the request letter. If the appraiser determines that a completed appraisal report will need to be reissued the contract appraiser will need to have approval from the APOC.

The appraisal report must be delivered by the completion date stated on the engagement letter or work order or as provided by an extension granted by FSA.

5.8 Invoicing 3/

5.8.1 Invoice Information

A properly executed invoice for payment will be submitted to the APOC as directed in the engagement letter or work order. The invoice will include the appraiser's name, address, invoice number, DUNS number, name of the applicant/borrower as identified in the engagement letter or work order, county/borough/parish/city name that the appraisal was completed in and the amount. --*

***-- Farm Real Estate SOW**

5.8.2 Invoice Approval

The invoice will be processed for payment when the appraisal is determined acceptable by FSA. If the appraisal is not acceptable the appraisal fee will be held until the appraisal is found to be acceptable to FSA.

5.8.3 Final Payment

Federal Acquisition Regulations provide the U.S. Government 10 business days from receipt date of the appraisal to determine if the appraisal is acceptable. The invoice will be processed for payment within 30 calendar days or less from the date the appraisal was accepted. The appraiser will be notified in writing if the appraisal is unacceptable and at the discretion of the Government will be requested to make changes to the appraisal report in order to meet FSA SOW requirements. An unacceptable appraisal will be considered as in default and at the discretion of the Government the micro purchase/purchase order may be terminated.

The USDA procurement procedures require that ALL vendors be paid using Electronic Funds Transfer (EFT) system. The Debt Collection Improvement Act (DCIA) of 1996 requires that federal payments of invoices for goods and services received to be paid by EFT. Therefore, each vendor must be registered in the System for Award Management (SAM) that is available at: www.sam.gov

The vendor will be required to update the SAM data annually. FSA cannot update a vendor's information in SAM. For guidance on updating the SAM please see the help links on the SAM web site.

FSA will only be able to process the invoice when the appraisal is determined acceptable and the appraiser is properly registered in SAM. If vendor updates the appraisal report as required for acceptance a new invoice will be submitted.

6. Delivery 2/

Vendor is expected to deliver to the APOC an appraisal report that meets USPAP requirements by the accepted delivery date as stated in the Vendor's quote or authorized extension.

FSA has additional requirements related to appraisal report.

6.1 Report Type

Narrative appraisal reports are acceptable. However, form reports are acceptable as long as the report form is approved by FSA. For approval contact the APOC.

6.2 Report Content

The content of an appraisal report must be consistent with the intended use of the appraisal and, at a minimum follow USPAP. Restricted reports are not authorized.

In addition to USPAP real estate reporting requirements, FSA requests that the appraisal report includes the requirements as described by section 5.2. --*

***-- Farm Real Estate SOW**

6.2.1 Layout/Formatting

The report must be in portrait layout with an 8 1/2" x 11" page size. Font size of text will be 11 or larger. Photos, maps or diagrams should allow the user to clearly view the contents of the image including labels. Transmittal letter will be the first page; consecutive pages will be the cover page, Summary of Salient Facts or Executive Summary, Table of Contents and the body of the appraisal. All pages of the report other than transmittal letter and cover page will have page numbers.

6.2.2 Reporting Requirements

Reporting requirements are items as addressed in paragraph 6.2 (Reporting Requirements) of this SOW.

6.2.3 Personal Property to be Appraised

All personal property or fixtures included in the appraised property will be listed and described in the report with the legal description. This personal property must be identified with serial number, make, model, size, etc.

6.3 Report Format

6.3.1 Electronic Copy of Appraisal Report

An electronic copy of the appraisal report is the preferred format. If the appraiser is unable to provide a PDF version of the appraisal report the appraiser may provide two hard copies of the appraisal report. The electronic copy will be acceptable to FSA if:

- Received via e-mail to the APOC's e-mail address or other e-mail address identified in the engagement letter or work order, as well as to the OO's e-mail address.
- Appraiser does not have software available to create a PDF document the appraiser should contact the APOC for approval to use other software application.

The PDF file must contain the complete appraisal report, the transmittal letter, signature of the appraiser must be contained within the report as required on all appropriate pages, i.e. certification, final value page, etc., and all pages are formatted appropriately with sequential page numbers.

- Size of the file may not exceed 20 Gigabytes (GB). If the appraisal report file is larger than 20 GB, the appraiser will need to contact the APOC to make other arrangements to deliver the electronic file to FSA by the (PO) delivery date.
- Send a follow up e-mail to the APOC identified in the engagement letter that the electronic report was transmitted via e-mail providing recipient, date, subject line and time of transmittal.
- Hardcopy report may be provided per section 6.3.2, if electronic report option is not used. --*

***-- Farm Real Estate SOW**

6.3.2 Hard Copy Report

Upon approval by the APOC, the vendor may provide a printed appraisal report to FSA in lieu of a electronic copy. Two (2) copies of the appraisal report are to be delivered to FSA unless otherwise stated in the engagement letter. At a minimum one copy must be the original report with color photographs, etc., One (1) copy can be black and white. The original report must be delivered to the Ordering Official. The second original report shall be delivered to the APOC, as stated in the engagement letter. The report shall not be bound.

7. Place of Performance 2/

Typically, the location of the appraisal assignment may be any location as further described by the engagement letter or work order.

8. Late Delivery Penalty Fee or Cancellation of Assignment

Communication with FSA regarding timely delivery of appraisal report is important. If the vendor is unable to deliver the appraisal report by the due date the vendor should request an extension in writing prior to the delivery date.

Liquidating damages will not be assessed if the vendor has received written authorization from the APOC or the CO for an extension.

If the vendor does not deliver the appraisal report or an electronic version by the authorized due date, the contract is in default and FSA may cancel the micro purchase/purchase order with notice to the vendor or assess a liquidated damages fee.

If the Vendor fails to perform the services within the time specified in the appraisal engagement letter or extension authorized by the CO or APOC, following proper notification the Vendor shall, in the place of actual damages, pay to the Government liquidated damages of 3 % **of the accepted quote amount** per **calendar day** from the date of notification for failure to deliver the appraisal report.

Liquidated damage percentage will not exceed 25 % of the accepted quote amount if delivered within 10 calendar days of the date notification. Liquidated damage fees will continue to be assessed at the stated percentage and 30 calendar days beyond the date of notification the appraisal order will be terminated with no payment. The vendor will be notified in writing if appraisal order is terminated. The failure to deliver an appraisal report by the due date which may cause the financial transaction not to close due to seller's unwillingness to extend the timeframe can result in immediate termination of micro-purchase and no payment upon written notice.

The appraisal report shall be delivered to the Ordering Official and the APOC as described in the appraisal engagement letter or work order. A request for an extension must include the reason for the extension and the timeframe that the appraisal report will be delivered and can be submitted via e-mail. The request for an extension should be sent to the APOC or the CO if a purchase order was issued as described in the appraisal order letter.

All written authorizations and approval of an extension for delivery will be an e-mail response. --*

***-- Farm Real Estate SOW**

The Vendor is aware that failure to deliver appraisal reports twice during a fiscal year, October through September period, within agreed upon timeframe could result in FSA no longer requesting appraisal services from the vendor.

For other non-performance issues the vendor will be notified in writing and the issue will be referred to the Contracting Officer.

9. Personal Identity Verification of Vendor and Personnel 3/

The Government may request the Vendor to complete a background investigation of the Vendor and/or their employees. Upon request by the Government the vendor will provide the required documents necessary to complete a background investigation within the timeframes identified. The APOC or CO will request in writing the information needed and the timeframe that the documents are to be submitted to the APOC or CO. Typically, background investigations require: OF-306, Declaration of Federal Employment, and two completed FD-258's or SF-87 Fingerprint Charts with the signature and date of the applicant and a jpg format photo ID. Vendor is responsible for any expenses associated with the background investigation.

Failure to comply with the request could result in the termination of the work order or appraisal assignment. Such determination will be provide to the vendor in writing.

If background investigation results are unsatisfactory, FSA can terminate the work order or appraisal assignment. FSA may request restrictions to be applied to the Vendor or their employees. FSA will only respond if there are concerns regarding the background investigation. The APOC or CO will notify the Vendor in writing with notification of immediate termination of work order or assignment or restrictions for employee assistance.

The Vendor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201 if requested by APOC or CO.

9.1 Properly Account for All Forms of Government-provided Identification

The Vendor shall account for all forms of Government-provided identification issued to the Vendor's employees in connection with performance under this contract. The Vendor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

- (1) When no longer needed for contract performance.
- (2) Upon completion of the Vendor employee's employment.
- (3) Upon notification that appraisal services are no longer needed and the Vendor has been removed from the Appraisal Vendor registry or services have been terminated.
- (4) Upon Vendor written request to no longer provide appraisal services. The Vendor shall provide all forms of Government-provided identification issued to the Vendor and its employees.

FSA may delay final payment under a contract if the Vendor fails to comply with these requirements. --*

***-- Farm Real Estate SOW**

9.2 Subcontract Requirements

The Vendor shall insert the substance of this clause, including this paragraph, in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system and/or visit FSA applicants or borrowers property. It shall be the responsibility of the prime Vendor to return such identification to the issuing agency in accordance with the terms set forth in paragraph 9.1 of this section, unless otherwise approved in writing by the APOC or CO.

10. Exceptions 3/

Any exceptions to the appraisal requirements in this SOW, may be made on a specific appraisal assignment by the APOC, in consultation with an Agency appraiser. Exceptions may be granted if warranted and justifiable. Exceptions are to be made in writing, detailing the reasons the exception is being requested. The APOC may grant or deny the request and will reply in writing. The exception authority is only to be used on rare occasions and when deemed necessary by the Agency.

11. Exhibits 2/

Exhibits that are included with the SOW are categorized into two groups; general or specific work requirements. General exhibits provide more specific information related to the SOW. Work requirement exhibits specifically address additional work requirements that may be specific to the state, region or specialized real estate as defined by the exhibit.

Vendor acknowledges that exhibits may be added to this SOW and that the vendor accepts the new or modified exhibit by acceptance of the assignment. An exhibit may be provided to the vendor through the Engagement Letter and does not require the vendor to accept a new SOW with the modified exhibit. Vendor should direct questions regarding added exhibits or modified exhibits received with engagement letter to the APOC or Agency Appraiser as noted in the engagement letter.

11.1 General Exhibits

11.1.1 Exhibit 1, "Market Value Definition"

11.1.2 Exhibit 2, "Section 1619 of the Food, Conservation and Energy Act of 2008"

11.1.3 Exhibit 3, "Agency Statement of Work Contact Information"

11.2 Specific Work Requirement or Reporting Exhibits

11.2.1 Exhibit 4, "Loan Servicing Work Requirement"

11.2.2 Exhibit 5, "Subject Property or Comparable Sale Water Right Reporting Requirements" --*

***-- Farm Real Estate SOW**

12. Acceptance 3/

FSA may at times update the SOW with minor changes. Vendor will be notified of the changes via e-mail providing a summary of changes that have occurred, date of change, and version number. Vendor's signature will remain and the previous SOW signature page will be added to the revised SOW. In this situation, a vendor may request or provide a new SOW with a signature.

If FSA makes major changes to work or reporting requirements, late delivery penalty fee, acceptance or delivery requirements within this SOW, FSA will notify the vendor via e-mail and request the vendor to sign a new SOW. The vendor will be required to return a copy of the complete SOW with a completed signature page to the APOC. Digital signatures on a locked (secured) Portable Document Format (PDF) document are acceptable and may be transmitted to APOC via e-mail.

Failure to return a signed SOW and/or vendor registration form upon request by FSA may result in vendor's removal from the vendor registry.

The Vendor has reviewed, understands and agrees to the term and requirements of the SOW.

13. Exhibit 1 3/

13.1 Market Value Definition

Source: 12 CFR 34.42 (g)

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- (1) Buyer and seller are typically motivated;
- (2) Both parties are well informed or well advised, and acting in what they consider their own best interests;
- (3) A reasonable time is allowed for exposure in the open market;
- (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. --*

14. Exhibit 2 3/

14.1 Section 1619 of the Food, Conservation and Energy Act of 2008

SEC. 1619. INFORMATION GATHERING.

(a) **GEOSPATIAL SYSTEMS.**—The Secretary shall ensure that all the geospatial data of the agencies of the Department of Agriculture are portable and standardized.

(b) **LIMITATION ON DISCLOSURES.**—

(1) **DEFINITION OF AGRICULTURAL OPERATION.**—In this subsection, the term “agricultural operation” includes the production and marketing of agricultural commodities and livestock.

(2) **PROHIBITION.**—Except as provided in paragraphs (3) and (4), the Secretary, any officer or employee of the Department of Agriculture, or any contractor or cooperator of the Department, shall not disclose—

(A) information provided by an agricultural producer or owner of agricultural land concerning the agricultural operation, farming or conservation practices, or the land itself, in order to participate in programs of the Department; or

(B) geospatial information otherwise maintained by the Secretary about agricultural land or operations for which information described in subparagraph (A) is provided.

(3) **AUTHORIZED DISCLOSURES.**—

(A) **LIMITED RELEASE OF INFORMATION.**—If the Secretary determines that the information described in paragraph (2) will not be subsequently disclosed except in accordance with paragraph (4), the Secretary may release or disclose the information to a person or Federal, State, local, or tribal agency working in cooperation with the Secretary in any Department program—

(i) when providing technical or financial assistance with respect to the agricultural operation, agricultural land, or farming or conservation practices; or

(ii) when responding to a disease or pest threat to agricultural operations, if the Secretary determines that a threat to agricultural operations exists and the disclosure of information to a person or cooperating government entity is necessary to assist the Secretary in responding to the disease or pest threat as authorized by law.

(4) **EXCEPTIONS.**—Nothing in this subsection affects—

(A) the disclosure of payment information (including payment information and the names and addresses of recipients of payments) under any Department program that is otherwise authorized by law;

(B) the disclosure of information described in paragraph (2) if the information has been transformed into a statistical or aggregate form without naming any— --*

FAX:

e-mail Address: --*

***-- Farm Real Estate SOW**

16. Exhibit 4

16.1 Loan Servicing Work Requirements

The specific work requirements for intended use described by the Engagement letter are as follows:

16.1.1 Servicing for Shared Appreciation Agreement Recapture

When the engagement letter or work order describes the intended use of the appraisal to determine the amount of shared appreciation recapture FSA has special requirements. These requirements are:

16.1.2 Property to be Appraised

Typically, the property to be appraised will be the same property as described by the original appraisal report(s) that was completed for the Shared Appreciation Agreement, unless otherwise stated in the engagement letter or work order. The appraisal must specifically identify the contributory value of capital improvements that were added to the real estate security during the term of the SAA to make deductions for their value. A list identifying these improvements will be provided in the engagement letter.

16.1.3 Inspection Timeframe and Comparable Sales

The inspection of the property should occur within 21 days from the delivery date with the comparable sales selected within 3 years from the inspection date.

16.1.4 Delivery Date

There will be no extensions to the delivery due date of the appraisal report as stated in the engagement letter or Appraisal Order Form. The appraisal report will be used to determine the amount of the shared appreciation recapture.

FSA is mandated by federal law to provide information to the borrower regarding the amount of recapture that is due within certain timeframes.

16.1.5 Additional Capital Improvements

During the inspection of the real estate property, if you become aware of additional capital improvements that were not described by the appraisal report(s) prepared for the original shared appreciation agreement, provided to you upon notification of the appraisal assignment, you should notify the APOC. All capital improvements will be appraised as “as is” at the time of the inspection.

Additionally, prior to completing this appraisal, you should contact the FSA County Office listed in the engagement letter or work order and review the list of capital improvements, if provided, or any other additional capital improvement with the authorized agency official.

16.1.6 Reporting Requirement

After the additional capital improvements are identified the appraiser will provide an additional subsection in the appraisal report that will list each additional capital improvement, their determined contributory value and an explanation how the contributory value was determined. A total value will be provided for all the additional improvements. --*

***-- Farm Real Estate SOW**

16. Exhibit 4 (Continued)

16.1.7 Loan Servicing for Partial Release of Real Estate

When the engagement letter or work order describes the intended use of the appraisal is for a loan servicing partial release FSA has special requirements. These requirements are:

16.1.8 Property to be Appraised

Typically, the property to be appraised will be the property that is identified as the parcel to be released and the parcel that is to remain unless otherwise stated in the engagement letter or work order.

16.1.9 Reporting Requirements

A value for the property to be released and a value for the property to remain (if requested by client) will need to be determined. The value for each of these properties will be stated in the final opinion of value section of the appraisal report. Additionally, each property (parcel to be released and the parcel that will remain) will be fully described in the appraisal report with supporting documentation of opinions, conclusions and analysis. It is at the discretion of the appraiser based on the scope of work if a separate appraisal report is necessary for each property.

16.1.10 Foreclosure Action

When the engagement letter or work order describes that the intended use is for loan servicing foreclosure action FSA has special requirements. These requirements are:

16.1.11 The Final Opinion of Value will Provide the Following:

Total value of the property (including land, irrigation equipment and improvements). An allocation of value that will provide a value for each of the type of irrigation equipment (i.e. center pivots, wheel lines, etc.) or personal property as requested in the a engagement letter and/or work order and a value of just the “dirt” or land value with improvements, if applicable.

The appraiser must apply the assumption that certain covenants and restrictions may be applied to the property at the time the property is sold which may impact the value of the property. The appraiser should consider the covenants and restrictions as hypothetical conditions. If the engagement letter or work order and documents so request such consideration or the appraiser identifies that any portion of the Government inventory property is located in a 100 year flood plain and the purpose of the appraisal is for loan making action, the appraiser must take into consideration covenants and restrictions as described by the “Conservation Easement Reservations in the United States” as provided with the engagement letter and/or work order and consider how the covenants and restrictions will affect the market value.

Further, any recorded easement must be included in the addenda with discussion of the terms of the easement in the appraisal report. If the easement is proposed, an extensive discussion on how the easement impacts the value must be included in the report. --*

***-- Farm Real Estate SOW**

17. Exhibit 5

17.1 Subject Property or Comparable Sale Reporting Requirements

17.1.1 Water Rights

If there are water rights associated with the property the appraisal will discuss water rights under a separate subsection under the description of the property. The water rights section will identify the following as applicable:

- Number of acres of the water right as primary and supplementary
- Permit number
- Certificate number
- Priority date
- Source of water and location of all points of diversion for each permit or certificate
- Water availability, reliability and quality; any detrimental aspects such as salt, nitrates, etc.
- Delivery system; type, location, source of power, etc.
- Assessments or delivery costs (i.e. estimated electrical cost, district assessments, etc.)
- Provide a map documenting water right area, points of diversion with the property boundary illustrated
- Documentation of the Certificate of Water Right or Permit, Well Record or Log, Final Proof of Survey and any assessments.

Note: Any SOW for farm and ranch type real estate property shall have certain subparagraphs and/or clauses. The subparagraphs or clauses are identified as follows:

1/- means that the specific clause and/or subparagraph clause are included

2/ – means that the subparagraph heading are to be included.

3/ - means that the subparagraph heading and the whole subparagraph, including all subparagraphs in the section, are to be included.

A word version of this exhibit may be downloaded from the appraisal SharePoint web site at

<https://sharepoint.fsa.usda.net/pa/flp/PDEED/appraisal/SitePages/Home.aspx>

Click on “Micropurchase Info” tab. Word version of this exhibit will be under the Shared Documents section of the page.

The word document for this exhibit may be modified and be used to provide a copy of the SOW to a vendor. --*

--Non-Farm Real Estate Appraisal – SOW*1. Background 2/**

The Farm Service Agency (FSA), an agency of the U. S. Department of Agriculture (USDA), makes and services loans secured by real estate. FSA needs appraisal reports to complete various direct loan making and loan servicing responsibilities. The Statement of Work (SOW) addresses FSA's requirements for residential and other non-farm type of properties and real estate appraisal services.

2. Objective 2/

FSA intends for the Vendor to perform a real estate appraisal and to provide appraisal reports in a PDF version to FSA by the specified date. Timely delivery of the appraisal report is critical to the success of FSA's meeting its mission and funding of the Farm Loan program. The real properties with any described fixtures and chattels are to be appraised on any format allowed by Uniform Standards of Professional Appraisal Practices (USPAP). All appraisals must meet current USPAP's standards as of the effective date of the appraisal.

3. Scope 2/

The purpose of this (SOW) is for FSA to obtain a market value (12 CFR 34.42 (g)), see attached Exhibit 1, for definition of "Market Value" appraisal of a property by the described completion date. The appraiser is to fulfill the appraisal process and appraisal reporting standards of the USPAP in effect as of the effective date of the appraisal. Residential and other non-farm real estate appraisals shall be completed in accordance with USPAP and any other appraisal assignment conditions.

The appraiser shall furnish all materials, supplies, tools, equipment, personnel, and travel and shall complete all requirements of the Appraisal Order form or Purchase Order, and Engagement Letter by the specified date. This SOW applies to all farm and ranch appraisals for FSA.

Typically, the appraiser will appraise the property's fee simple interest in the "as is" condition unless otherwise stated in the appraisal engagement letter. Any additional improvements to the property described in the engagement letter would be considered "as improved." "As is" condition is the condition of the property as you find it during your inspection. FSA defines fee simple interest to include the mineral estate and water rights, if applicable and observed or known easements/encumbrances.

FSA regulations require that the appraiser take into consideration at a minimum the three approaches to value; Sales Comparison approach, Cost approach and the Income approach. If the appraiser determines that any approach is not applicable it will be adequately explained in the Scope of Work of the appraisal report as required by USPAP.--*

--Non-Farm Real Estate Appraisal – SOW*4. Period of Performance 2/**

Typically, the period of performance is 30 calendar days from the date of the Engagement Letter or the Purchase Order unless otherwise defined. The appraiser should realistically estimate the timeframe to complete the appraisal assignment. The appraisal report must be received by the requesting office described in the engagement letter and/or work order. A request for an extension of the delivery date must include the reason for the extension and the timeframe that the appraisal report will be completed. Requests for an extension can be submitted via e-mail to the Appraisal Point of Contact (APOC) or the Contracting Officer (CO), if a purchase order was issued, as described in the work order. Written authorization for the extension or modification will be an e-mail response from the Agency.

5. Work Requirements 2/

The appraiser is to fulfill the appraisal process and reporting standards of the USPAP in effect as of the effective date of the appraisal. Farm real estate appraisals shall be completed in accordance with USPAP and any other assignment conditions as further defined in this SOW or the engagement letter.

5.1 FSA's Appraisal Requirements

In general, FSA has specific appraisal conditions and requirements for completing and reporting the market value of residential and other non-farm real estate and will be considered as to be part of the Appraisal Assignment. The specific conditions and requirements are described in this section.

5.1.1 Appraiser 1/

The appraiser conducting the appraisal must have a current State License, Certified Residential, or Certified General License with the appraisal completed with-in the scope the appraiser's license. The appraiser's license (or equivalent permit) shall be for the state in which the subject property is located.

No other individual may provide assistance with the appraisal development process without prior written consent from FSA.

5.1.1.1 Notification Requirement of Individual Providing Assistance/Approval 1/

If the appraiser will have an associate or assistant appraiser, who is registered with the State, providing assistance with the development of the appraisal assignment the appraiser or will visit the subject property must notify the APOC in writing and receive written approval. Clerical support and normal information gathering is an exception for approval. The appraiser will provide FSA information as follows:

- Associate's name
- Length of employment with vendor or explanation of association if not an employee
- If background investigation has been completed by the State. Provide the date that the background investigation information was provided to the State.

Note: Date of license or registration certification would meet this requirement with a statement that background information was submitted with application for license/registration. --*

***--Non-Farm Real Estate Appraisal – SOW**

If the State has not completed a background investigation, or the requirement of submitting fingerprints, and it is necessary for the individual to provide assistance with the development of the appraisal assignment, FSA may require their own background investigation. In this case, the APOC will provide additional information.

FSA requires that vendor to notify the property owner prior to accessing the property. The vendor shall provide the applicant or the FSA representative the opportunity to accompany the vendor on the property inspection. If the property owner is unavailable or considered uncooperative, the vendor may request assistance and/or guidance from the APOC to coordinate inspection of the property and/or obtaining assistance from a FSA representative.

The authorization to provide appraisal services is the engagement letter and if requested by the property owner the vendor shall provide the engagement letter to the owner as justification to inspect the property and to obtain information necessary for the appraisal assignment.

5.1.2 Access to Property 1/

FSA requires that vendor to notify the property owner prior to accessing the property. The vendor shall provide the applicant or the FSA representative the opportunity to accompany the vendor on the property inspection. If the property owner is unavailable or considered uncooperative, the vendor may request assistance and/or guidance from the APOC to coordinate inspection of the property and/or obtaining assistance from a FSA representative.

The authorization to provide appraisal services is the engagement letter. If requested by the property owner the vendor shall provide the engagement letter to the owner as justification to inspect the property and to obtain information necessary for the appraisal assignment.

5.1.3 Client and Intended User

Generally, FSA will be named as the Client and intended user. FSA will advise the vendor if there are additional intended users and they will be listed after FSA. The additional intended user may not require the vendor to do more than FSA requirements would have otherwise done, unless directed by FSA. The FSA Borrower/Applicant will not be listed as an intended user.

5.1.4 Appraisal Process

The appraiser shall follow the real estate appraisal process and reporting standards of the USPAP in effect as of the effective date of the appraisal. The appraiser will need to consider the following requirements of the subject property in the appraisal process:

5.1.5 Intended Use

The stated intended use of the appraisal may have specific requirements that must be considered. If the intended use is not identified in this section of the SOW then FSA has no additional requirements.

Loan servicing intended uses have additional and specific work requirements and are described in Exhibit 4. --*

--Non-Farm Real Estate Appraisal – SOW**5.1.6 Use of Subject Property as a Comparable Sale 1/***

FSA prohibits the use of the subject property's pending sale as a comparable unless prior written consent from the Lead Regional Appraiser (LRA) or Chief Appraiser (CA) has been obtained. If consent is not granted the Subject properties pending sale cannot be used as a primary comparable in any of the approaches to value.

5.1.7 Subject Sales History

At least a 3-year sales history of the property will be documented.

5.1.8 Legal and Physical Access to Subject Property

The legal access to the subject property parcels will be considered. The appraiser cannot just assume that there is legal access to all parcels. The appraiser must determine that legal access is a reasonable assumption. If the appraiser cannot make a reasonable assumption of legal access or if there are any individual parcels that appear to be land locked and there is no recorded easement for ingress/egress or access from a publicly owned roadway, the appraiser will contact the APOC for further instructions.

The appraisal report will document in the section that describes the subject property the opinion regarding ingress/egress to all individual parcels.

The appraiser will document in the appraisal report the information provided and the final decision by the APOC regarding any ingress/egress concerns. Any hypothetical conditions or extraordinary assumptions, as approved by FSA, will be documented as required by USPAP.

Estate rights should be consistent with subject and comparable sales.

5.1.9 Approaches to Value

The report must explain why an excluded approach is not necessary for credible results. Each approach to value will be reconciled with the strengths and weaknesses. "Explained" is not a defined term in USPAP and therefore has no special meaning. A dictionary definition of explain is "to give the reason for or cause of." The USPAP requirement to include an explanation for the exclusion of an approach to value from the analysis is necessary to provide the client and other intended users with insight into the appraiser's decision as to why the analysis was not performed.

Consider the following approaches to value as part of the appraisal assignment.

5.1.9.1 Sales Comparison Approach 1/

Typical Sales Comparison methodology is defined as a set of procedures in which the appraiser derives a value by comparing the property being appraised to similar properties that have recently been sold, applying the appropriate units of comparison; identifying elements of comparison, and apply the quantitative or qualitative adjustment of each element of comparison to the sale prices of comparable sales. Quantitative adjustments are the preferred measure of adjustment.

If the appraiser determines that a different method of analysis, beyond quantitative, for the Sales Comparison approach would be appropriate, then the appraiser must obtain prior approval from APOC. Quantitative and limited qualitative combined analysis is acceptable. Any qualitative adjustment or analysis must be adequately discussed and supported in the appraisal report. --*

***--Non-Farm Real Estate Appraisal – SOW**

The appraisal report will include:

- Element of comparison - identified and explained
- Market data on each comparable sale used to develop land category ratios or similar methodology recognized by the industry, land values, and land and building adjustments
- The contributory value of all improvements which should be adequately described to include; fences, corrals, irrigation, drainage, tile drainage, ponds, farmstead site improvements, roads, timber, buildings, etc.
- The condition and utility of all improvements
- Adjustments and/or non-adjustments to the comparable sales will be fully explained, documented and supported within the appraisal report.

5.1.9.2 Cost Approach

The appraisal report must contain information on how the depreciation was extracted from the market data and used to determine contributory values for the subject property's improvements. If market data is not available the appraisal report will state as such and the conclusion will be supported. In this situation the Age/Life method can be used and should be adequately documented.

5.1.9.3 Income Approach

For residential real estate it is typically not considered a necessary approach to determine value. Other non-farm real estate it may be appropriate to consider the income approach therefore, the analysis must clearly show calculations of the capitalization rates or discount rates of each comparable sale and the calculations on the subject property's net income and value. Appraisal report will document the appropriate approaches to value depending on the subject's market.

Hazards

Appraisers are asked to be alert to stored chemicals, hazardous wastes, underground storage tanks, etc., which may be found on the property being appraised and document these observations and/or concerns in the appraisal report. The appraiser will advise the APOC of any hazards that will impact value before proceeding any further in the appraisal process. Hazards that impact value will be adequately documented in the appraisal report. Any Underground Storage Tanks (USTs) will require the appraiser to immediately contact the APOC or Ordering Official (OO) for further direction.

5.2 Reporting Requirements 2/

Reporting requirement of information should be sufficient in detail to answer all important questions that the client or reader might pose as to the physical characteristics of the property. Reporting requirements that are described in this section that are optional the Vendor may use judgement in providing information. The report will include relevant information that supports a credible report, value, assumptions, conclusions and methodology. --*

--Non-Farm Real Estate Appraisal – SOW**5.2.1 Legal Characteristics***

Any impacts of legal characteristics shall be summarized such as; zoning, easements, contracts, entitlements, encumbrances, water rights, irrigation, wind rights/easements, partial interests, permits, etc. Legal characteristics should be supported from the market if value adjustments are required. Adequately “describe” (not state) zoning to include building eligibility, minimum lot size, and other pertinent factors when applicable for the market area.

5.2.2 Physical Characteristics

Any impacts of physical characteristics shall be discussed such as; access, water features, view, topography, drainage, climate, configuration, site and structure improvements, etc. Physical characteristics should be supported from the market if value adjustments are required. Address fixtures and personal property and ensure there is adequate justification for classification and valuation of personal property and fixtures.

5.2.3 Other Personal Property and Irrigation System

Fixtures or personal property, as described by the appraisal order letter, should be described in the appraisal report in detail with model and serial number as appropriate. The classification and the valuation of the personal property should be adequately justified. If the model and/or serial numbers are not available the appraisal should disclose this in the appraisal report and document the steps taken to obtain the model and serial numbers.

Any fixtures for the irrigation system should be included in the appraised value unless the fixture is considered to be personal property, like hand lines, that are not part of FSA’s security and should not be appraised with the real property.

5.2.4 Economic Characteristics

Any impacts of economic characteristics shall be discussed such as; ownership costs, rents, gross and net income, etc. Economic characteristics should be supported from the market if value adjustments are required. Review and summarize production contract(s) for specialized facilities. Discuss the general market economics and/or the economics of the specialized facilities.

5.2.5 Highest and Best Use 2/

The appraiser shall distinguish between the Highest and Best use of the property as if it were vacant and as currently improved. All four criteria of highest and best use will be adequately discussed in the highest and best use analysis. The report will clearly identify, explain, and justify conclusions for each use. Land and improvements must be valued with a “consistent use” concept. The Highest and Best Use determination will determine what appraisal reporting format is acceptable.

The appraiser will use the H&BU as the basis of the appraisal valuation process to determine market value.

5.2.6 Approaches to Value

FSA regulations require that the appraisal will document the results when considering the three approaches to value, as determined to be applicable and necessary, except as provided in the scope of work as defined by USPAP. --*

--Non-Farm Real Estate Appraisal – SOW*5.2.7 Subject Property**

All structural improvements shall be inspected including the section of the interior of major buildings. If physical inspection is not possible the vendor should contact the APOC. The report will document the following on the subject property:

- Photos of the subject

A good quality color photograph will be provided in the appraisal report that clearly illustrates the subject's improvements, land, hazards, fixtures, and other items of significance with an appropriate title adjacent to each photograph. When the non-farm property has a dwelling on site, photographs of all four sides of the dwelling is required.

- Improvements that have contributory value shall be measured and dimensions verified. The verified dimensions shall be based on square footage or volume.
- Shall include a legible sketch of subject dwelling with room layout. Sketch should provide basis for determining structure size. May be hand drawn.
- New Construction documentation in the appraisal report shall include a copy of a blueprint, draft, and/or sketch, provided to the appraiser. Summarize cost estimates for the project.
- Include information concerning leasehold interests.
- Property plat or aerial map showing roads (public and private), field layout, building location, topography, present cropping use, etc. Major improvements should be labeled.
- Domestic water source and identify the location of the source. Provide well record or log and identify location, if applicable.
- FEMA Floodplain and Mudslide Hazard map with the subject property boundaries marked, location of dwelling(s) and major structures identified and provides the FEMA map number, zones identified and FEMA map date:
 - with determination report (FEMA 81-93) if requested in work order or engagement letter
- Water Rights

See Exhibit 4 for information for reporting requirements on water rights.

5.2.8 Fee Simple Estate, Minerals, Oil, Gas, Timber and Wind

Typically, the appraiser will appraise the property's fee simple interest in the "as is" condition unless otherwise stated in the engagement letter. Refer to subparagraph 3 (Scope) for definition of fee simple estate. Consideration of oil, gas, minerals, timber, wind, etc., and their possible influence on the value of the subject property must be discussed in the appraisal report. For oil, gas, minerals, timber, wind, etc. that are present and have market value, the vendor shall contact the APOC to receive further guidance. FSA 2164 may be used or other applicable method or technique that meets USPAP requirements. If at any time during the appraisal process the appraiser of record discovers the estate being appraised is not fee simple the appraiser will immediately contact the APOC for consultation. --*

***--Non-Farm Real Estate Appraisal – SOW**

5.2.9 Market/Production Contract

If a market/production contract is in place or will be in place (for new construction) in which the value of the subject property is dependent upon the contract, then an analysis of the relationship of the contract to the subject's real property and how the contract impacts the value of the real property must be explained in the appraisal report, as well as how the market treats the contracts and the contract operations. A copy of the contract will be attached in the addenda of the report if in place or a letter of intent from the integrator. Similar sales with similar contracts should be used to value the subject if a market/production contract is in place, or will be in place.

5.2.10 Comparable Sales

Sales should be selected that have similar attributes of the subject and should be adequately analyzed. The minimum comparable sales data will be documented:

- Aerial photo or topography map with the property boundaries marked
- Plat map that clearly identifies the location of the comparable sale within a section or provides an identifiable road to the location of the property. The aerial photo may be adequate.
- Color photographs that clearly illustrate the comparable sale's improvements, any unusual land characteristics, and other items of significance.
- Sale data information that is required, unless otherwise noted in engagement letter or work order, will be provided on the sales data sheet for each comparable are:
 - Sales/transfer date
 - buyer/seller, if not confidential
 - terms
 - sale price
 - Street name and street number, if available
 - legal or map location (T-R-S and tax lot(s))
 - size
 - highest and best use or current use
 - motivating factors of the buyer, if known
 - utilities, if appropriate
 - water resources and if there are water rights associated with the property with the same information required to be reported for the subject property. See Exhibit 5.
 - zoning
- listing of improvements with description, size, condition, utility, replacement cost new (RCN), effective age, remaining economic life, total depreciation, including physical, functional, and external and contributory value. If there are no improvement, then state as such
- income analysis, if applicable, that provides itemized income by description, unit, production, price/rate and gross income. Itemize expenses, by description and cost amount, net income and cap rate. If income analysis isn't appropriate, then so state.
- Comments summarizing the sale and verification. --*

--Non-Farm Real Estate Appraisal – SOW*5.2.11 Location Map**

A map will clearly delineate the location of the subject and all comparable sales that were used in the appraisal report. Map will include labels to identify the subject and each comparable sale, roads and cities. More than one map may be used, if needed.

5.2.12 Summary of Salient Facts or Executive Summary

For other non-farm properties, does not apply to residential single family properties, the Summary of Salient Facts, Executive Summary or similar format shall be provided in the appraisal report. At a minimum the Summary of Salient Facts or Executive Summary **shall** contain the following information:

- Ownership
- Location
- County, Borough or Parish
- Property Type
- Property Rights Appraised
- Size
- Improvements (listed)
- Zoning
- Highest and Best Use
- Special Assumptions
- Hazards
- Market Value Conclusion (beneath concluded market value Contributory Value of Improvements)
- Effective Date of the Appraisal
- Date of the Report
- Appraiser who completed the appraisal

5.2.13 Table of Contents**5.2.14 Legal Description**

The legal description should be provided by the APOC or OO. If not available, a plat map that clearly identifies the property boundaries.

5.2.15 Final Market Value

Stated as a whole dollar amount and, if the subject is improved or personal property is appraised, from the final value an allocated value will be stated for:

- Land
- Improvements, if applicable
- Equipment/Fixtures, if applicable
- Personal property, if applicable
- Timber/Mineral Rights/Other, if applicable. --*

--Non-Farm Real Estate Appraisal – SOW*5.2.16 Engagement Letter**

The engagement letter or work order will be provided in the addendum of the appraisal report.

5.2.17 Qualifications of the Appraiser

Resume listing applicable appraisal education and experience must be included. FSA does not require a copy of the appraiser's license or E & O Insurance in the appraisal report.

5.3 Personal Identifiable Information (PII)/FSA Program Information 3/

The vendor will comply with the intent of the Privacy Act of 1974 to protect the individual's privacy from unwarranted invasion, to make sure that personal information in their possession, if provided by the federal agency, is properly used, and will prevent any potential misuse of personal information in their possession.

The vendor is contractually bound by the same requirement of information confidentiality as are Government employees.

Reference to FSA applicant, producer or borrower's personal identifiable information other than name, address or information that is not of public record or FSA, as a Client, may provide specific information regarding FSA programs that is associated with the subject or comparable sale shall be considered confidential and not disclosed in the report. This confidential information can only be retained in the appraiser's working file and to be identified as confidential.

5.4 Expert Witness/Testimony 3/**5.4.1 Request for Expert Witness**

If needed, the appraiser agrees to be an expert witness for FSA concerning the appraisal in an appeal hearing or in court. FSA will issue an engagement letter or work order for expert witness services providing the location, date and time the appraiser will be required to provide expert witness testimony and an estimated cost for such services.

5.4.2 Documentation of Services

The appraiser will be expected to maintain itemized documentation of prep work time, actual expert witness time, mileage and per diem that was incurred.

5.4.3 Fee

The appraiser will provide an hourly rate fee for expert testimony upon registration as the contract appraiser. Additionally, appraisers are encouraged to state an hour rate for expert witness prep time. Typically, FSA expects the prep rate to be less than expert witness hourly rate.

The expert witness rate will cover the appraiser's time from the time of departing his/her office until the appraiser returns to his/her office. The hours will be rounded to the nearest one-quarter hour.

FSA will reimburse the appraiser for prep time necessary to prepare for the appeal hearing or court action. The prep hourly rate will be the rate indicated on the appraiser's FSA Vendor Appraiser Registration form. If no hourly rate is indicated for the prep time then the rate will be 50 percent of the expert testimony rate. --*

--Non-Farm Real Estate Appraisal – SOW*5.4.4 Per Diem**

FSA will reimburse the appraiser for domestic per diem and personal car use, at the rate paid to FSA employees as published by the United States General Service Administration (GSA). Current Per Diem rates and reimbursement for personal automobile can be obtained from the web site:

<http://www.gsa.gov>

You will need to select URL reference: “[Per Diem Rates](#),” or select, “[POV Mileage Reimbursement Rates](#).”

There is a basic per diem for lodging and for meals and incidental expenses (M&IE) (subject to change without notice) unless otherwise stated for specified areas that have higher per diem rates. The appraiser should refer to the appropriate web site or contact the FSA office for this information. Per Diem is only authorized and paid if the appraiser is required by FSA to be away from their office area that exceeds 50 miles and for overnight. The maximum hours per day for reimbursement are eight hours if the appraiser is on per diem. The personal automobile reimbursement may be requested in all cases for expert witness travel needs.

5.4.5 Submitting Expert Witness Invoice

The appraiser must submit an itemized invoice to be paid. The invoice will itemize the time that was required for preparation for the expert witness with a brief explanation of prep work completed, the time involved for actual expert witness testimony, mileage incurred on a daily basis and any per diem requested. The invoice should be submitted in accordance with section 5.7.

5.5 Use Of/And Release of the Report 3/

FSA's primary intended use of the appraisal will be stated in the engagement letter or work order. However, FSA may use the appraisal in other loan making and servicing actions, as FSA needs to do in carrying out requirements in government regulations. FSA does have need from time to time to release a copy of the report to the applicant, borrower, their representatives, and to other parties under the regulations that govern FSA's programs. These other parties may include peer groups, such as an appraiser organization or the State Appraiser Certification and Licensure Board. Any request from outside FSA, other than the applicant or lender, will require consent by Agency appraiser.

5.6 Acceptance Criteria 3/

Delivery of the appraisal report will include a properly executed invoice. Invoice for payment will be processed when the appraisal is determined acceptable by FSA. An acceptable product will include:

1. Appraisal report must be delivered by the completion date stated on the engagement letter and/or work order (plus any extension of time granted by FSA)
2. Appraisal report is completed in accordance with current USPAP requirements and meets the work requirements of this SOW that are applicable and any other requirements for a specific property which will be found in the engagement letter and/or work order for each appraisal order.
3. An administrative appraisal review or a technical appraisal review accepts the appraisal report by FSA. --*

***--Non-Farm Real Estate Appraisal – SOW**

If the administrative appraisal review indicates that the appraisal report may not be acceptable, FSA will request a technical appraisal review. If the FSA Review Appraiser requires additional information to support the adjustments, explanation of the process, or SOW requirements must be met, the invoice approval and payment of the appraisal fee will be held until the appraisal is found acceptable to FSA.

The request for additional information will provide a specific timeframe for the information to be delivered and the criteria for the updated material to be added to the appraisal report. Typically, the timeframe to update the appraisal would be not more than 7 calendar days or as specified by the request letter. If the appraiser determines that a completed appraisal report will need to be reissued the contract appraiser will need to have approval from an Agency appraiser.

The appraisal report must be delivered by the completion date stated on the engagement letter or work order (plus any extension of time granted by FSA or requested by additional information by the review appraiser) in order for the contract terms to be met.

5.7 Invoicing 3/**5.7.1 Invoice Information**

A properly executed invoice for payment will be submitted to the APOC as directed in the engagement letter or work order. The invoice will include the appraiser's name, address, invoice number, DUNS number, and name of the applicant/borrower as identified in the engagement letter or work order, county/borough/parish/city name that the appraisal was completed in and the amount.

5.7.2 Invoice Approval

The invoice will be processed for payment when the appraisal is determined acceptable by FSA. If the appraisal is not acceptable the appraisal fee will be held until the appraisal is found to be acceptable to FSA.

5.7.3 Final Payment

Federal Acquisition Regulations provide the U.S. Government 10 business days from receipt date of the appraisal to determine if the appraisal is acceptable. The invoice will be processed for payment within 30 calendar days or less from the date the appraisal was accepted. The appraiser will be notified in writing if the appraisal is unacceptable and at the discretion of the Government will be requested to make changes to the appraisal report in order to meet FSA SOW requirements. An unacceptable appraisal will be considered as in default and at the discretion of the Government the micro purchase/purchase order may be terminated.

The USDA procurement procedures now require that ALL vendors be paid using Electronic Fund Transfer (EFT) system. The Debt Collection Improvement Act (DCIA) of 1996 requires that federal payments of invoices for goods and services received to be paid by EFT. Therefore, each vendor must be registered in the System for Award Management (SAM) system that is available at: www.sam.gov

The vendor will be required to update the SAM data annually. FSA cannot update a vendor's information in the SAM system. For guidance on updating the SAM system please see the help links on the SAM site. --*

***--Non-Farm Real Estate Appraisal – SOW**

FSA will only be able to process the invoice when the appraisal is determined acceptable and the appraiser is properly registered in the SAM web site. If vendor updates the appraisal report as required for acceptance a new invoice will be submitted.

6. Delivery 2/

Vendor is expected to deliver to the APOC an appraisal report that meets USPAP requirements by the accepted delivery date as stated in the Vendor's quote or authorized extension.

FSA has additional requirements related to appraisal report.

6.1 Report Type

Narrative appraisal reports are acceptable. However, form reports are acceptable as long as the report form is approved by FSA. For approval please contact the Agency appraiser.

Non-farm properties with improvements will have the Uniform Residential Appraisal Report (URAR), Fannie Mae Form 1004, revision March 2005 or most current version, completed as required to meet USPAP. Income and PUD Information sections are not required to be completed unless specifically requested in the engagement letter or work order.

Non-farm properties without improvements will have the Land Appraisal Report or similar format approved by FSA completed as required to meet USPAP.

Form 1007, (Marshall & Swift) Square Foot Appraisal Form, or similar form approved by FSA, will be used. This form will also be used when the estimated market value of the property is based on the cost approach, when the existing improvements are less than one year old or the improvements are proposed.

6.2 Report Content

The content of an appraisal report must be consistent with the intended use of the appraisal and, at a minimum follow USPAP. Restricted reports are not authorized.

In addition to USPAP real estate reporting requirements, FSA requests that the appraisal report includes the requirements as defined by section 5.2

6.2.1 Layout/Formatting

The report must be in portrait layout with an 8 1/2" x 11" page size. Font size of text will be 11 or larger. Photos, maps or diagrams should allow the user to clearly view the contents of the image including labels. Transmittal letter will be the first page; consecutive pages will be the cover page, Summary of Salient Facts or Executive Summary, Table of Contents and the body of the appraisal. All pages of the report other than transmittal letter and cover page will have page numbers.

6.2.2 Reporting Requirements

Reporting requirements are items as addressed in section 5.2, Reporting Requirement of this SOW. --*

--Non-Farm Real Estate Appraisal – SOW*6.2.3 Personal Property to be Appraised**

All personal property or fixtures included in the appraised property will be listed and described in the report with the legal description. This personal property must be identified with serial number, make, model, size, etc.

6.3 Report Format**6.3.1 Electronic Copy of Appraisal Report**

An electronic copy of the appraisal report is the preferred format. If the appraiser is unable to provide a PDF version of the appraisal report the appraiser may provide two hard copies of the appraisal report. The electronic copy will be acceptable to FSA if:

- Received via e-mail to the APOC's e-mail address or other e-mail address identified in the engagement letter or work order, as well as to the OO's e-mail address.
- vendor does not have software available to create a PDF document the vendor should contact the APOC for approval to use other software application.

The PDF file must contain the complete appraisal report, the transmittal letter, signature of the appraiser within the report as required on all appropriate pages, i.e. certification, final value page, etc., and all pages are formatted appropriately with sequential page numbers.

- Size of the file may not exceed 20 Gigabytes (GB). If the appraisal report file is larger than 20 GB, the appraiser will need to contact the APOC to make other arrangements to deliver the electronic file to FSA by the (PO) delivery date.
- Send a follow up e-mail to the APOC identified in the engagement letter that the electronic report was transmitted via e-mail providing recipient, date, subject line and time of transmittal.
- Hardcopy report may be provided per section 6.3.2, if electronic report option is not used

6.3.2 Hard Copy Report

Upon approval by the APOC, the vendor may provide a printed appraisal report to FSA in lieu of a electronic copy. Two (2) copies of the appraisal report are to be delivered to FSA unless otherwise stated in the engagement letter. At a minimum one copy must be the original report with color photographs, etc. One (1) copy can be black and white. The original report must be delivered to the Ordering Official. The second original report shall be delivered to the APOC, as stated in the engagement letter. The report shall not be bound.

7. Place of Performance 2/

Typically, the location of the appraisal assignment may be any location as further described by the engagement letter or work order. --*

--Non-Farm Real Estate Appraisal – SOW*8. Late Delivery Penalty Fee or Cancellation of Assignment/Contract**

Communication with FSA regarding timely delivery of appraisal report is important. If the vendor is unable to deliver the appraisal report by the due date the vendor should request an extension in writing prior to the delivery date.

Liquidating damages will not be assessed if the vendor has received written authorization from the APOC or the CO for an extension.

If the vendor does not deliver the appraisal report or an electronic version by the authorized due date, the contract is in default and FSA may cancel the micropurchase/purchase order with notice to the vendor or assess a liquidated damages fee.

If the Vendor fails to perform the services, within the time specified in the appraisal order letter or extension authorized by the CO or APOC, following proper notification the Vendor shall, in the place of actual damages, pay to the Government liquidated damages of 3 % **of the accepted quote amount per calendar day** from the date of notification for failure to deliver the appraisal report.

Liquidated damage percentage will not exceed 25 % of the accepted quote amount if delivered within 10 calendar days of the date notification. Liquidated damages fee will continue to be assessed at the stated percentage and 30 calendar days beyond the date of notification the appraisal order will be terminated with no payment. The vendor will be notified in writing if appraisal order is terminated. The failure to deliver an appraisal report by the due date which may cause the financial transaction not to close due to seller's unwillingness to extend the timeframe can result in immediate termination of micro-purchase and no payment upon written notice.

The appraisal report shall be delivered to the APOC as described in the appraisal engagement letter or work order. A request for an extension must include the reason for the extension and the timeframe that the appraisal report will be delivered and can be submitted via e-mail. The request for an extension should be sent to the APOC or the CO if a purchase order was issued, as described in the appraisal order letter.

All written authorizations and delinquent will be an e-mail response.

The Vendor is aware that failure to deliver appraisal reports twice during a fiscal year, October through September period, within agreed upon timeframe could result in FSA no longer requesting appraisal services from the vendor.

For other non-performance issues the vendor will be notified in writing and the issue will be referred to the CO. --*

--Non-Farm Real Estate Appraisal – SOW*9. Personal Identify Verification of Vendor and Personnel 3/**

The Government may request the Vendor to complete a background investigation of the Vendor and/or their employees. Upon request by the Government the vendor will provide the required documents necessary to complete a background investigation within the timeframes identified. The APOC or CO will request in writing the information needed and the timeframe that the documents are to be submitted to the APOC or CO. Typically, background investigations require: OF-306, Declaration of Federal Employment, and two completed FD-258's or SF-87 Fingerprint Charts with the signature and date of the applicant and a jpg format photo ID. Vendor is responsible for any expenses associated with the background investigation.

Failure to comply with the request could result in the termination of the work order or appraisal assignment. Such determination will be provide to the vendor in writing.

If background investigation results are unsatisfactory, FSA can terminate the work order or appraisal assignment. FSA may request restrictions to be applied to the Vendor or their employees. FSA will only respond if there are concerns regarding the background investigation. The APOC or CO will notify the Vendor in writing with notification of immediate termination of work order or assignment or restrictions for employee assistance.

The Vendor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and

Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201 if requested by APOC or CO.

9.1 Properly Account for All Forms of Government-Provided Identification

The Vendor shall account for all forms of Government-provided identification issued to the Vendor's employees in connection with performance under this contract. The Vendor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

- (1) When no longer needed for contract performance.
- (2) Upon completion of the Vendor employee's employment.
- (3) Upon notification that appraisal services are no longer needed and the Vendor has been removed from the Appraisal Vendor registry or services have been terminated.
- (4) Upon Vendor written request to no longer provide appraisal services. The Vendor shall provide all forms of Government-provided identification issued to the Vendor and its employees.

FSA may delay final payment under a contract if the Vendor fails to comply with these requirements. --*

--Non-Farm Real Estate Appraisal – SOW*9.2 Subcontract Requirements**

The Vendor shall insert the substance of this clause, including this paragraph, in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system and/or visit FSA applicants or borrowers property. It shall be the responsibility of the prime Vendor to return such identification to the issuing agency in accordance with the terms set forth in paragraph 9.1 of this section, unless otherwise approved in writing by the APOC or CO.

10. Exceptions 3/

Any exceptions to the appraisal requirements in this SOW may be made on a specific appraisal assignment by the APOC, in consultation with an Agency appraiser. Exceptions may be granted if warranted and justifiable. Exceptions are to be made in writing, detailing the reasons the exception is being requested. The APOC may grant or deny the request and will reply in writing. The exception authority is only to be used on rare occasions and when deemed necessary by the Agency.

11. Exhibits 2/

Exhibits that are included with the SOW are categorized into two groups; general or specific work requirements. General exhibits provide more specific information related to the SOW. Work requirement exhibits specifically address additional work requirements that may be specific to the state, region or specialized real estate as defined by the exhibit.

Vendor acknowledges that exhibits may be added to this SOW and that the vendor accepts the new or modified exhibit by acceptance of the assignment. An exhibit may be provided to the vendor through the Engagement Letter and does not require the vendor to accept a new SOW with the modified exhibit. Vendor should direct questions regarding added exhibits or modified exhibits received with engagement letter to the APOC or Agency Appraiser as noted in the engagement letter.

11.1 General Exhibits***11.1.1 Exhibit 1, "Market Value Definition"******11.1.2 Exhibit 2, "Agency Statement of Work Contact Information"*****11.2 Specific Work Requirement or Reporting Exhibits*****11.2.1 Exhibit 3, "Loan Servicing Work Requirement"******11.2.2 Exhibit 4, "Subject Property or Comparable Sale Water Right Reporting Requirements" --****

***--Non-Farm Real Estate Appraisal – SOW**

12. Acceptance 3/

FSA may at times update the SOW with minor changes. Vendor will be notified of the changes via e-mail providing a summary of changes that have occurred, date of change, and version number. Vendor's signature will remain and the previous SOW signature page will be added to the revised SOW. In this situation, a vendor may request or provide a new SOW with a signature.

If FSA makes major changes to work or reporting requirements, late delivery penalty fee, acceptance or delivery requirements within this SOW, FSA will notify the vendor via e-mail and request the vendor to sign a new SOW. The vendor will be required to return a copy of the complete SOW with a completed signature page to the APOC. Digital signatures on a locked (secured) Portable Document Format (PDF) document are acceptable and may be transmitted to APOC via e-mail.

Failure to return a signed SOW and/or vendor registration form upon request by FSA may result in vendor's removal from the vendor registry.

The Vendor has reviewed, understands and agrees to the term and requirements of the SOW.

--Non-Farm Real Estate Appraisal – SOW*13. Exhibit 1 3/****13.1 Market Value Definition**

Source: 12 CFR 34.42 (g)

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- (1) Buyer and seller are typically motivated;
- (2) Both parties are well informed or well advised, and acting in what they consider their own best interests;
- (3) A reasonable time is allowed for exposure in the open market;
- (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. --*

14. Exhibit 2

14.1 Agency Statement of Work Contact Information

The following FSA employee(s) are the authorized agency official that is the Agency Point of Contact (APOC) to assist the vendor on acquisition process, the SOW terms and requirements and can provide information to an appraiser that would like to be added to the FSA Appraiser Vendor registry.

Name:

Address:

Phone:

FAX:

E-mail Address:

NOTE: Appraisal Point of Contact (APOC) may be described in the engagement letter or work order. Please check engagement letter or work order for the appropriate APOC contact. --*

--Non-Farm Real Estate Appraisal – SOW*15. Exhibit 3****15.1 Loan Servicing Work Requirements**

The specific work requirements for intended use described by the Engagement letter are as follows:

15.1.1 Servicing for Shared Appreciation Agreement Recapture

When the engagement letter or work order describes the intended use of the appraisal to determine the amount of shared appreciation recapture FSA has special requirements. These requirements are:

15.1.1.1 Property to be Appraised

Typically, the property to be appraised will be the same property as described by the original appraisal report(s) that were completed for the Shared Appreciation Agreement, unless otherwise stated in the engagement letter or work order.

15.1.1.2 Inspection Timeframe and Comparable Sales

The inspection of the property should occur within 21 days from the delivery date with the comparable sales selected within 3 years from the inspection date.

15.1.1.3 Delivery Date

There will be no extensions to the delivery due date of the appraisal report as stated in the Appraisal Order letter. The appraisal report will be used to determine the amount of the shared appreciation recapture.

FSA is mandated by federal law to provide information to the borrower regarding the amount of recapture that is due within certain timeframes.

15.1.1.4 Additional Capital Improvements

During the inspection of the real estate property, if you become aware of additional capital improvements that were not described by the appraisal report(s) prepared for the original shared appreciation agreement, provided to you upon notification of the appraisal assignment, you should notify the APOC. All capital improvements will be appraised as “as is” at the time of the inspection.

Additionally, prior to completing this appraisal, you should contact the FSA County Office listed in the engagement letter or work order and review the list of capital improvements, if provided, or any other additional capital improvement with the authorized agency official.

15.1.2 Loan servicing for Partial Release of Real Estate

When the engagement letter or work order describes the intended use of the appraisal is for a loan servicing partial release FSA has special requirements. These requirements are:

15.1.2.1 Property to be Appraised

Typically, the property to be appraised will be the property that is identified as the parcel to be released and the parcel that is to remain unless otherwise stated in the engagement letter or work order. --*

--Non-Farm Real Estate Appraisal – SOW**15.1.2.2 Reporting Requirements***

A value for the property to be released and a value for the property to remain (if requested by client) will need to be determined. The value for each of these properties will be stated in the final opinion of value section of the appraisal report. Additionally, each property (parcel to be released and the parcel that will remain) will be fully described in the appraisal report with supporting documentation of opinions, conclusions and analysis. It is at the discretion of the appraiser based on the scope of work if a separate appraisal report is necessary for each property.

15.1.3 Foreclosure Action

When the engagement letter or work order describes that the intended use is for loan servicing foreclosure action FSA has special requirements. These requirements are:

15.1.3.1 The Final Opinion of Value will Provide the Following:

Total value of the property (including land, irrigation equipment and improvements). An allocation of value that will provide a value for each of the type of irrigation equipment (i.e. center pivots, wheel lines, etc.) or personal property as requested in the a engagement letter and/or work order and a value of just the “dirt” or land value with improvements, if applicable.

The appraiser must apply the assumption that certain covenants and restrictions may be applied to the property at the time the property is sold which may impact the value of the property. The appraiser should consider the covenants and restrictions as hypothetical conditions. If the engagement letter or work order and documents so request such consideration or the appraiser identifies that any portion of the Government inventory property is located in a 100 year flood plain and the purpose of the appraisal is for loan making action, the appraiser must take into consideration covenants and restrictions as described by the “Conservation Easement Reservations in the United States” as provided with the engagement letter and/or work order and consider how the covenants and restrictions will affect the market value.

Further, any recorded easement must be included in the addenda with discussion of the terms of the easement in the appraisal report. If the easement is proposed, an extensive discussion on how the easement impacts the value must be included in the report. --*

--Non-Farm Real Estate Appraisal – SOW*16. Exhibit 4****16.1 Subject Property or Comparable Sale Reporting Requirements****16.1.1 Water Rights**

If there are water rights associated with the property the appraisal will discuss water rights under a separate subsection under the description of the property. The water rights section will identify the following as applicable:

- Number of acres of the water right as primary and supplementary
- Permit number
- Certificate number
- Priority date
- Source of water and location of all points of diversion for each permit or certificate
- Water availability, reliability and quality; any detrimental aspects such as salt, nitrates, etc.
- Delivery system; type, location, source of power, etc.
- Assessments or delivery costs (i.e. estimated electrical cost, district assessments, etc.)
- Provide a map documenting water right area, points of diversion with the property boundary illustrated
- Documentation of the Certificate of Water Right or Permit, Well Record or Log, Final Proof of Survey and any assessments.

Note: Any SOW for real estate property shall have certain subparagraphs and/or clauses. The subparagraphs or clauses are identified as follows:

1/- means that the specific clause and/or subparagraph clause are included

2/ – means that the subparagraph heading are to be included.

3/ - means that the subparagraph heading and the whole subparagraph, including all subparagraphs in the section, are to be included.

A word version of this exhibit may be downloaded from the appraisal SharePoint web site at

<https://sharepoint.fsa.usda.net/pa/flp/PDEED/appraisal/SitePages/Home.aspx>

Click on “Micropurchase Info” tab. Word version of this exhibit will be under the Shared Documents section of the page.

The word document for this exhibit may be modified and be used to provide a copy of the SOW to a vendor. --*

-- Timber Cruise – SOW*1. Background 2/**

The Farm Service Agency (FSA) is an agency of the U. S. Department of Agriculture (USDA) that makes and services loans secured by real estate. FSA needs real estate Timber Cruise reports to complete various loan making and loan servicing responsibilities.

2. Objective 2/

FSA intends for the Vendor to perform a timber cruise and to provide the report in a PDF version to FSA by the specified date. FSA desires the log grades, standards, and specifications prevailing in the market area to be used.

3. Scope 2/

The purpose of this Statement of Work (SOW) is for FSA to obtain a market value (12 CFR 34.42 (g)), see attached Exhibit 1, "Market Value Definition," appraisal of a property by the described completion date.

The vendor shall furnish all materials, supplies, tools, equipment, personnel, and travel and shall complete all requirements of the Appraisal Order form (aka work order) or Purchase Order, and Engagement Letter by the specified date. This SOW applies to timber cruise report for FSA. The cruise may be a variable plot cruise with a standard error of 10%. The report is to meet the requirements as described for report format and contain all of the required documents.

The vendor is to make all necessary arrangements with property owners, lessees, brokers, easement holders, contractors, title companies and others to perform the appraisal. If the person in possession of the subject property delays the appraisal process, the vendor should immediately contact the Appraisal Point of Contact (APOC) for assistance and for a possible extension of the contract delivery date.

4. Period of Performance 2/

Typically, the period of performance is 30 calendar days from the date of the engagement letter or the Work Order unless otherwise defined. The vendor should realistically estimate the timeframe to complete the timber cruise. The timber cruise report must be received by the requesting office described in the engagement letter or work order. A request for an extension of the delivery date must include the reason for the extension and the timeframe that the Timber Cruise report will be completed. Requests for an extension can be submitted via e-mail to the Agency contact point or the Contracting officer (CO) if a purchase order was issued. Written authorization for the extension or modification will be an e-mail response from the Agency contact person or the CO. Any modification or extension requests should be sent to the APOC and/or the CO as described in the engagement letter. --*

-- Timber Cruise – SOW*5. Work Requirements 2/**

The cruise design must include the merchantability limits, sampling error target, and a map of each property subdivision designating cruise strips, cruise strip bearings, stand stratifications, plot locations, and plot numbers. Prior to conducting the timber inventory, the vendor must submit the cruise design to the Farm Service Agency's APOC or CO for approval. The timber inventory must be designed in a professional, systematic manner, which adequately samples variability and minimizes bias.

5.1 FSA's Timber Cruise Requirements

In general, FSA has specific conditions and requirements for completing and reporting the market value of timber and will be considered an Appraisal Assignment. Market value definition is defined by Exhibit 1 of this SOW.

The specific conditions and requirements are described in this section.

5.1.1 Cruiser Forester 1/

The Forester conducting the timber cruise must be a professional that has received adequate training to be considered competent by industry professionals. Forester must be licensed in the State in which the subject is located, except where there is no licensing. Evidence of competency includes a two-year technician's degree, four-year degree from an appropriate college or university, or certification from a professional society such as the Society of American Foresters or American Consulting Foresters.

No other individual may provide assistance with the appraisal development process without prior written consent from FSA.

5.1.1.1 Background Investigation/Notification Requirement of Individual Providing Assistance 1/

If the cruiser will have an associate or assistant cruiser providing assistance with the development of the timber cruise assignment or will visit the subject property must notify the APOC in writing and receive written prior approval. Clerical support and normal information gathering is an exception for approval. The cruiser will provide FSA information as follows:

- Associate's name
- Length of employment with vendor or explanation of association if not an employee
- If background investigation has been completed by FSA. Provide the date that the background investigation information was provided to FSA.

If FSA has not completed a background investigation, or the requirement of submitting fingerprints, the cruiser and if it is necessary for the individual to provide assistance with the development of the timber cruise assignment, FSA may require their own background investigation. In this case, the APOC will provide additional information. --*

-- Timber Cruise – SOW**5.1.2 Access to Property 1/***

FSA requires that vendor to notify the property owner prior to accessing the property. The vendor shall provide the applicant or the FSA representative the opportunity to accompany the vendor on the property inspection. If the property owner is unavailable or considered uncooperative, the vendor may request assistance and/or guidance from the APOC to coordinate; inspection of the property and/or obtaining assistance from a FSA representative.

The authorization to provide a timber cruise is the engagement letter and if requested by the property owner the vendor shall provide the engagement letter to the owner as justification to inspect the property and to obtain information necessary for the timber cruise assignment.

5.1.3 Client and Intended User

FSA is the Client and intended user of the report. If there are additional intended users, list the intended user(s) after FSA. The additional intended user may not require the vendor to do more than FSA requirements would have otherwise done, unless directed by FSA. FSA Borrower/Applicant should not be listed as an intended user.

5.1.4 Inventory Design

The cruise design must include the merchantability limits, sampling error target, and a map of each property subdivision designating cruise strips, cruise strip bearings, stand stratifications, plot locations, and plot numbers. Prior to conducting the timber inventory, the vendor must submit the cruise design to the APOC for approval. The timber inventory must be designed in a professional, systematic manner, which adequately samples variability and minimizes bias.

5.1.5 Merchantability Limits

The merchantability limits must conform to or be easily equated to those used in the market place for the subject properties.

5.1.6 Volume Estimators

Volume estimators or tree volume taper equations must be used which correspond to or closely approximate those used in the market area of the subject properties.

5.1.7 Quality Grading

Grading standards must correspond or be easily equated to the Official Log Scaling and Grading Rules as developed and updated by industry standards or the profession Advisory Group. In addition, each log grade segment must be sub graded for export or domestic quality.

5.1.8 Sampling Error

For market value appraisal purposes, sampling accuracy standards need not be greater than that prevailing for stumpage and timbered property transacted in the marketing area of the subject property.

5.1.9 Market Value

The market value shall be determined by use of the current market price a timber owner can obtain in the market from selling the timber as it is, which the appraiser shall explain in the report. If market sales are used, then the adjustments need to be shown. If mill price is used then deductions need to be shown. Market value is for the stumpage value of the timber as it stands. --*

-- Timber Cruise – SOW**5.1.10 Timber Inventory Identification***

The vendor will provide FSA or their representatives with copies of field measurement data, volume summaries, and any other pertinent data which would expedite a check cruise, including any cruise map revisions, for each property subdivision promptly upon completion. The vendor shall clearly document all sampling plots as follows:

- Hang adequate flagging in a clearly visible manner near each sampling plot.
- Establish and clearly mark a durable plot center monument, which will remain in place for a minimum of six months.
- Identify the sample plot number, cruise strip number, and date at each plot in a consistent manner, preferably written in permanent marker on a strip of durable flagging.

5.2 Reporting Requirements 2/

Reporting requirements of information should be sufficient in detail to answer all important questions that the client or reader might pose as to the valuation of timber. Vendor may use judgement in providing information in this section when the word, “should,” is stated. The report will include relevant information that supports a credible report, value, assumptions, conclusions and methodology.

5.2.1 Report Information

The cruise report is the source of timber statistics used for appraisals to estimate both timber volumes and values. The report shall address each of the sub section items in this section.

5.2.1.1 Per Acre and Average Tree Data

Data collection shall describe the species composition, mean stand diameter, basal area, number of trees, and board foot volumes.

5.2.1.2 Log Quality Data

Log quality data should be broken down by volume by species, log sort, and log grade.

5.2.2 Report Format

Data collected and provided in the report shall be based on typical reporting standards that are expected by professional foresters in the market area. Reference to units, type, standards shall be described adequately to illustrate and meet report information requirements. The appropriate units, type, methodologies, analysis shall be reflected in the report based on market area professional standards. Report should, at a minimum, contain the information described in section 5

5.2.2.1 Cover Page

The cover page should describe the subject by name, location as Township, Range, Section and Lot, County, State and physical address, if available, cruise report completed by and date the report was written. --*

-- Timber Cruise – SOW*5.2.2.2 Table of Contents**

The table of contents shall follow the cover page and at a minimum provide; Description of Timber, Methods, Results and Appendices. Subsection should be included in the table of contents for location and access, topography, cover type description, timber volume, growth, and other relevant information.

5.2.2.3 Description of Timber and Timberland

Property description should include at a minimum:

- Maps and Aerial Photographs
- Location and Access
- Boundary Markings
- Topography
- Cover Type Descriptions
- Timber Stands and Other Cover Types
- Stand Ages
- Operability for Timber Harvest Legal
- Physical and Legal Limitations on Timber Harvest

5.2.2.4 Description of Methods

The description will include the methods of collecting data (variable radius plots, fixed area plots, etc.), sampling intensity, log lengths (minimum, maximum, and preferred lengths by species), minimum scaling diameter, minimum merchantable log, and minimum merchantable tree.

5.2.2.5 Results

Provide a general description of analysis, statistical information and a description of applicable tables, summary of results and analysis and appendices.

Cruise summary should provide species, average DBH, Basal Area, average Net volume per log and per acre in cubic and board feet, Type Totals (Net) in MBF. There should be a summary subsection for each type with species listed with subtotals/Mean. At a minimum, definitions should be included as footnote to the summary table and should define basal area, MBF and DBH.

Log sort, grade and volume data should be provided with property data, per acre data, average log data and percent of net board fee by gross log length and describe Net MBF, Gross Board Feet, Net Board Feet, Number of Logs, length by species and grade.

Stand tables should provide DBH in inches, basal area/acre, trees/acre, Net DBH/acre, Net board feet/acre and Total Net MBF.

5.2.2.6 Appendices

The appendices should provide appropriate data, tables, plot map, analysis, data collection, forest type map identifying stands and other relevant information to support valuation and conclusions. Typically, the appendices has log sort, grade and volume data by type in table format and stand tables. --*

-- Timber Cruise – SOW*5.2.2.7 Engagement Letter**

The engagement letter and/or work order should be provided in the Addendum of the Timber Cruise report.

5.2.2.8 Qualifications of the Appraiser

Resume listing applicable timber cruise education and experience must be included.

5.3 Personal Identifiable Information (PII) 3/

The vendor will comply with the intent of the Privacy Act of 1974 to protect the individual's privacy from unwarranted invasion, to make sure that personal information in their possession, if provided by the federal agency, is properly used, and will prevent any potential misuse of personal information in their possession.

The vendor and any associated employee is contractually bound by the same requirement of information confidentiality as are Government employees.

Reference to FSA applicant, producer or borrower's personal identifiable information other than name, address or information that is of public record shall be considered confidential and not disclosed in the report.

5.4 Expert Witness/Testimony 3/**5.4.1 Request for Expert Witness**

If needed, the appraiser agrees to be an expert witness for FSA concerning the appraisal in an appeal hearing or in court. FSA will issue an engagement letter and/or work order for expert witness services providing the location, date and time the appraiser will be required to provide expert witness testimony and an estimated cost for such services.

5.4.2 Documentation of Services

The appraiser will be expected to maintain itemized documentation of prep work time, actual expert witness time, mileage and per diem that was incurred.

5.4.3 Fee

The appraiser will provide an hourly rate fee for expert testimony upon registration as the contract appraiser. Additionally, appraisers are encouraged to state an hour rate for expert witness prep time. Typically, FSA expects the prep rate to be less than expert witness hourly rate.

The expert witness rate will cover the appraiser's time from the time of departing his/her office until the appraiser returns to his/her office. The hours will be rounded to the nearest one-quarter hour.

FSA will reimburse the appraiser for prep time necessary to prepare for the appeal hearing or court action. The prep hourly rate will be the rate indicated on the appraiser's FSA Vendor Appraiser Registration form. If no hourly rate is indicated for the prep time then the rate will be 50 percent of the expert testimony rate. --*

-- Timber Cruise – SOW*5.4.4 Per Diem**

FSA will reimburse the appraiser for domestic per diem and personal car use, at the rate paid to FSA employees as published by the United States General Service Administration (GSA). Current Per Diem rates and reimbursement for personal automobile can be obtained from the web site:

<http://www.gsa.gov>

You will need to select URL reference: “[Per Diem Rates](#),” or select, “[POV Mileage Reimbursement Rates](#).”

There is a basic per diem for lodging and for meals and incidental expenses (M&IE) (subject to change without notice) unless otherwise stated for specified areas that have higher per diem rates. The appraiser should refer to the appropriate web site or contact the FSA office for this information. Per Diem is only authorized and paid if the appraiser is required by FSA to be away from their office area that exceeds 50 miles and for overnight. The maximum hours per day for reimbursement are eight hours if the appraiser is on per diem. The personal automobile reimbursement may be requested in all cases for expert witness travel needs.

5.4.5 Submitting Expert Witness Invoice

The appraiser must submit an itemized invoice to be paid. The invoice will itemize the time that was required for preparation for the expert witness with a brief explanation of prep work completed, the time involved for actual expert witness testimony, mileage incurred on a daily basis and any per diem requested. The invoice should be submitted in accordance with section 5.7, Invoicing.

5.5 Inspection/Use Of/And Release of the Report 3/

FSA's primary intended use of the appraisal will be stated in the engagement letter and/or work order. However, FSA may use the appraisal in other loan making and servicing actions, as FSA needs to do in carrying out requirements in government regulations. FSA does have need from time to time to release a copy of the report to the applicant, borrower, their representatives, and to other parties under the regulations that govern FSA's programs. These other parties may include peer groups, such as a professional organization.

5.5.1 Timber Inventory Inspection**5.5.2 Quality Control Standards**

The FSA or their representatives reserve the right to perform a check cruise of at least 10% of Contractor's work. Contractor's work must meet or exceed the following standards:

5.5.2.1 Net Volume

The net cruise volume for each property subdivision must be within plus or minus 10% of the net cruise volume as indicated by the check cruise. The same tree volume estimators must be used for this comparison. The tree volume estimators used by the Contractor will be considered the standard for comparison.

5.5.2.2 Quality

The value for each property subdivision must be within plus or minus 10% of the check cruised value. This will be measured by comparing the total graded log value on a MBF basis using the same set of log values. This check is to be done independently of the net volume check. --*

-- Timber Cruise – SOW*5.5.2.3 Sampling error**

The actual sampling error for each property subdivision must meet or exceed the sampling error target identified in the Contractor's cruise design.

5.6 Acceptance Criteria 3/

Delivery of the timber cruise report will include a properly executed invoice. Invoice for payment will be processed when the appraisal is determined acceptable by FSA. An acceptable product will include:

1. Timber Cruise report must be delivered by the completion date stated on the engagement letter and/or work order (plus any extension of time granted by FSA)
2. Timber Cruise report is completed in accordance with professional industry standards and requirements and meets work requirements of this SOW that are applicable and any other requirements for a specific property which will be found in the Letter of Engagement for each appraisal order.
3. An administrative review accepts the Timber Cruise report by FSA.

If the administrative review indicates that Timber Cruise report may not be acceptable, FSA may request additional information to support the adjustments, explanation of the process, or SOW requirements must be met, the invoice approval and payment of the appraisal fee will be held until the appraisal is found acceptable to FSA.

The request for additional information will provide a specific timeframe for the information to be delivered and the criteria for the updated material to be added to the Timber Cruise report. Typically, the timeframe to update the report is no more than 7 calendar days or as specified by the request letter. If the vendor determines that a completed Timber Cruise report will need to be reissued the vendor will need to have approval from FSA.

The Timber Cruise report must be delivered by the completion date stated on the work order form or engagement letter or provided by an extension of time granted by FSA.

5.7 Invoicing 3/**5.7.1 Invoice Information**

A properly executed invoice for payment should be submitted to the APOC as directed in the engagement letter and/or work order. The invoice will include the appraiser's name, address, invoice number, DUNS number, and name of the applicant/borrower as identified in the engagement letter and/or work order, county/borough/parish/city name that the appraisal was completed in and the amount.

5.7.2 Invoice Approval

The invoice will be processed for payment when the report is determined acceptable by FSA. If the report is not acceptable the timber cruise fee will be held until the report is found acceptable to FSA. --*

-- Timber Cruise – SOW*5.7.3 Final Payment**

FSA procurement regulations provide the U.S. Government 10 business days from receipt date of the report to determine if the report is acceptable. The invoice will be processed for payment within 30 calendar days or less from the date the appraisal was accepted. The cruiser will be notified in writing if the report is unacceptable and at the discretion of the Government will be requested to make changes to the Timber Cruise report in order to meet FSA SOW requirements. An unacceptable report will be considered as in default and at the discretion of the Government the micro purchase/purchase order may be terminated.

The USDA procurement procedures require that ALL vendors be paid using Electronic Fund Transfer (EFT) system. The Debt Collection Improvement Act (DCIA) of 1996 requires that federal payments of invoices for goods and services received to be paid by EFT. Therefore, each vendor must be registered in the System for Award Management (SAM) that is available at: www.sam.gov

The vendor will be required to update the SAM data annually. FSA cannot update a vendor's information in SAM. However, the vendor may contact the Agency Point of Contact for guidance on updating SAM.

FSA will only be able to process the invoice when the appraisal is determined acceptable and the appraiser is properly registered in the SAM web site.

6. Delivery 2/

Vendor is expected to deliver to the APOC a Timber Cruise report by the accepted delivery date as stated in the Vendor's quote or authorized extension.

FSA has additional requirements related to Timber Cruise report.

6.1 Report Type

Narrative Timber Cruise reports are acceptable. However, form reports are acceptable as long as the report form is approved by FSA. For approval please contact the Agency area appraiser or Lead appraiser.

6.1.1 Layout/Formatting

The report must be in portrait layout with an 8 1/2" x 11" page size. Font size of text will be 11 or larger. Photos, maps or diagrams should allow the user to clearly view the contents of the image including labels. Transmittal letter will be the first page followed by appropriate approved form report. For narrative reports; consecutive pages will be the cover page, Table of Contents and the body of the appraisal. All pages of the report other than transmittal letter and cover page will have page numbers.

6.1.2 Reporting Requirements

Reporting requirements are items as addressed in paragraph 5.2, Reporting Requirements of this SOW.

6.2 Report Format

-- Timber Cruise – SOW*6.2.1 Electronic Copy of Timber Cruise report**

An electronic copy of the Timber Cruise report is the preferred format. If the cruiser is unable to provide a Portable Document Format (PDF) version of the Timber Cruise report the cruiser may provide two hard copies of the Timber Cruise report. The electronic copy will be acceptable to FSA if:

- Received via e-mail to the APOC's e-mail address.
- it is in a PDF format.

The PDF file must contain the complete Timber Cruise report, the transmittal letter, signature of the cruiser within the report as required on all appropriate pages, i.e. certification, final value page, etc., and all pages are formatted appropriately with sequential page numbers.

- Size of the file may not exceed 20 Gigabytes (GB). If the Timber Cruise report file is larger than 20 GB, the appraiser will need to contact the APOC to make other arrangements to deliver the electronic file to FSA by the (PO) delivery date.
- Send a follow up e-mail to Agency contact that the electronic report was transmitted via e-mail providing recipient, date, subject line and time of transmittal.
- Hardcopy, if electronic report option is not used

The report shall not be bound. It is preferred that the report be secured by a staple in the bottom center of the report.

6.2.2 Copies

Upon approval by the APOC, the vendor may provide a printed appraisal report to FSA in lieu of a electronic copy. Two (2) copies of the appraisal report are to be delivered to FSA unless otherwise stated in the engagement letter. At a minimum one copy must be the original report with color photographs, etc. One (1) copy can be black and white. The original report must be delivered to the APOC. The second original report shall be delivered to the Ordering Official, as stated in the engagement letter.

7. Place of Performance 2/

Typically, the location of the appraisal assignment may be any location as further described by the Appraisal Order form or engagement letter.

The cruiser may contact the agency statement of work contact for further information as provided by Exhibit 2.

8. Late Delivery Penalty Fee or Cancellation of Assignment/Contract

Communication with FSA regarding timely delivery of Timber Cruise report is important. If the vendor is unable to deliver the Timber Cruise report by the due date the vendor should request an extension in writing prior to the delivery date.

Liquidating damages will not be assessed if the vendor has received written authorization from the APOC or the CO for an extension. --*

***-- Timber Cruise – SOW**

If the vendor does not deliver the Timber Cruise report or an electronic version by the authorized due date, the contract is in default and FSA may cancel the purchase/purchase order with notice to the vendor or assess a liquidated damages fee.

If the Vendor fails to perform the services, within the time specified in the appraisal order letter or extension authorized by the CO or APOC, following proper notification the Vendor shall, in the place of actual damages, pay to the Government liquidated damages of 3 % **of the accepted quote amount** per **calendar day** from the date of notification for failure to deliver the Timber Cruise report.

Liquidated damage percentage will not exceed 25 % of the accepted quote amount if delivered within 10 calendar days of the date notification. Liquidated damages fee will continue to be assessed as stated percentage and 30 calendar days beyond the date of notification the appraisal order will be terminated with no payment. The vendor will be notified in writing if appraisal order is terminated.

The Timber Cruise report shall be delivered to the APOC as described in the appraisal engagement letter. A request for an extension must include the reason for the extension and the timeframe that the Timber Cruise report will be delivered and can be submitted via e-mail. The request for an extension should be sent to the APOC or the CO if a purchase order was issued as described in the appraisal order letter.

All written authorizations and approval of an extension for delivery will be an e-mail response.

The Vendor is aware that failure to deliver Timber Cruise reports twice during a fiscal year, October through September period, within agreed upon timeframe could result in FSA no longer requesting appraisal services from the vendor.

Other non-performance issues the vendor will be notified in writing and the issue will be referred to the CO.

9. Personal Identity Verification of Vendor and Personnel 3/

The Government may request the Vendor to complete a background investigation of the Vendor and/or their employees. Upon request by the Government the vendor will provide the required documents necessary to complete a background investigation within the timeframes identified. The APOC or CO will request in writing the information needed and the timeframe that the documents are to be submitted to the APOC or CO. Typically, background investigations require: OF-306, Declaration of Federal Employment, and two completed FD-258's or SF-87 Fingerprint Charts with the signature and date of the applicant and a jpg format photo ID. Vendor is responsible for any expenses associated with the background investigation.

Failure to comply with the request could result in the termination of the work order or appraisal assignment. Such determination will be provide to the vendor in writing.

If background investigation results are unsatisfactory, FSA can terminate the work order or appraisal assignment. FSA may request restrictions to be applied to the Vendor or their employees. FSA will only respond if there are concerns regarding the background investigation. The APOC or CO will notify the Vendor in writing with notification of immediate termination of work order or assignment or restrictions for employee assistance. --*

***-- Timber Cruise – SOW**

The Vendor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201 if requested by APOC or CO.

9.1 Properly Account for All Forms of Government-Provided Identification

The Vendor shall account for all forms of Government-provided identification issued to the Vendor's employees in connection with performance under this contract. The Vendor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

- (1) When no longer needed for contract performance.
- (2) Upon completion of the Vendor employee's employment.
- (3) Upon notification that appraisal services are no longer needed and the Vendor has been removed from the Appraisal Vendor registry or services have been terminated.
- (4) Upon Vendor written request to no longer provide appraisal services. The Vendor shall provide all forms of Government-provided identification issued to the Vendor and its employees.

FSA may delay final payment under a contract if the Vendor fails to comply with these requirements.

9.2 Subcontract Requirements

The Vendor shall insert the substance of this clause, including this paragraph, in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system and/or visit FSA applicants or borrowers property. It shall be the responsibility of the prime Vendor to return such identification to the issuing agency in accordance with the terms set forth in paragraph 9.1 of this section, unless otherwise approved in writing by the APOC or CO.

10. Exceptions 3/

Any exceptions to the appraisal requirements in this Statement of Work, may be made on a specific appraisal assignment by the APOC, in consultation with an Agency appraiser. Exceptions may be granted if warranted and justifiable. Exceptions are to be made in writing, detailing the reasons the exception is being requested. The APOC may grant or deny the request and will reply in writing. The exception authority is only to be used on rare occasions and when deemed necessary by the Agency.

11. Exhibits 2/

Exhibits that are included with the SOW are categorized into two groups; general or specific work requirements. General exhibits provide more specific information related to the SOW. Work requirement exhibits specifically address additional work requirements that may be specific to the state, region or specialized real estate as defined by the exhibit. --*

***-- Timber Cruise – SOW**

Vendor acknowledges that exhibits may be added to this SOW and that the vendor accepts the new or modified exhibit by acceptance of the assignment. An exhibit may be provided to the vendor through the Engagement Letter and does not require the vendor to accept a new SOW with the modified exhibit. Vendor should direct their questions regarding added exhibits or modified exhibits received with engagement letter to the APOC, Lead Regional Appraiser (LRA) or Regional Appraiser (RA) as noted in the engagement letter.

11.1 General Exhibits***11.1.1 Exhibit 1, “Market Value Definition”******11.1.2 Exhibit 2, “Agency Statement of Work Contact Information”*****11.2 Specific Work Requirement Exhibits*****11.2.1 None --****

***-- Timber Cruise – SOW**

12. Acceptance 3/

FSA may at times update the SOW with minor changes. Vendor will be notified of the changes via e-mail providing a summary of changes that have occurred, date of change, version number. Vendor's signature will remain and the previous SOW signature page will be added to the revised SOW. In this situation, a vendor may request or provide a new SOW with a signature.

If FSA makes major changes to work or reporting requirements, late delivery penalty fee, acceptance or delivery requirements with in this SOW FSA will notify the vendor via e-mail and request the vendor to sign a new SOW. The vendor will be required to return a copy of the complete SOW with a signed signature page to the APOC. Digital signatures on a locked (secured) Portable Document Format (PDF) document are acceptable and may be transmitted to FSA to APOC via e-mail.

Failure to return a signed SOW and/or vendor registration form upon request by FSA may result in vendor to be removed from the vendor registry.

The Vendor has reviewed, understands and agrees to the term and requirements of the SOW.

-- Timber Cruise – SOW*13. Exhibit 1 3/****13.1 Market Value Definition**

Source: 12 CFR 34.42 (g)

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- (1) Buyer and seller are typically motivated;
- (2) Both parties are well informed or well advised, and acting in what they consider their own best interests;
- (3) A reasonable time is allowed for exposure in the open market;
- (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. --*

***-- Chattel Appraisal – SOW**

1. Background 2/

The Farm Service Agency (FSA), an agency of the U.S. Department of Agriculture (USDA), makes and services loans secured by personal property or chattels. FSA needs appraisal reports to complete various direct loan making and loan servicing responsibilities. The Statement of Work (SOW) addresses FSA's requirements for chattel appraisal services.

2. Objective 2/

FSA intends for the Vendor to provide chattel appraisal reports in a PDF version, by the specified date, to be delivered to the FSA Office requesting the appraisal. Timely delivery of the appraisal report is critical to the success of FSA's meeting its mission and providing loan assistance to farmers. The equipment and livestock are to be appraised on an appropriate Agency forms, or a format acceptable to the agency. Other personal property will be appraised in a narrative report and attached to the Agency appraisal form.

3. Scope 2/

The purpose of the SOW is for FSA to obtain a market value (12 CFR 34.42 (g), see attached Exhibit 1, for definition of "Market Value,") appraisal of personal property by the described completion date. The property will be appraised by using the **whole sale (auction) value**. This value is the estimated gross amount, expressed in terms of money, which could be typically realized from a sale, given a reasonable exposure time period. For the purpose of this SOW a 60 day marketing period is considered appropriate (unless otherwise stated) as a reasonable time for exposure in the open market, assuming that the subject property is professionally and actively marketed.

The appraiser shall furnish all materials, supplies, tools, equipment, personnel, and travel and shall complete all requirements of the Appraisal Order form or Purchase Order, and Engagement Letter by the specified date. This SOW applies to all chattel appraisals for FSA.

Typically, the appraiser will appraise the chattel property in the "as is" condition unless otherwise stated in the appraisal engagement letter. "As is" condition is the condition of the property as you find it during your inspection.

FSA regulations require that the vendor take into consideration at a minimum the Sales Comparison approach. If the appraiser determines that another approach is applicable the appraiser will obtain written approval from the Appraisal Point of Contact (APOC) and adequately explain the in the Scope of Work of the appraisal report. --*

***-- Chattel Appraisal – SOW**

4. Period of Performance 2/

Typically, the period of performance is 30 calendar days from the date of the Engagement Letter or the Purchase Order unless otherwise defined. The vendor should realistically estimate the timeframe to complete the appraisal assignment. The appraisal report must be received by the requesting office described in the engagement letter and/or work order. A request for an extension of the delivery date must include the reason for the extension and the timeframe that the appraisal report will be completed. Requests for an extension can be submitted via e-mail to the (APOC) or the Contracting Officer (CO) if a purchase order was issued. Written authorization for the extension or modification will be an e-mail response from the APOC or the CO.

5. Work Requirements 2/

The appraiser is to fulfill the appraisal process and reporting standards as described by FSA regulations, FSA forms, if applicable, and any other assignment conditions as further defined in this SOW or the engagement letter. Vendor may request a copy of FSA regulations regarding chattel appraisal requirement by contacting the APOC, CO or local FSA office as described in the engagement letter.

5.1 FSA's Appraisal Requirements

In general, FSA has specific appraisal conditions and requirements for completing and reporting the market value of personal property and will be considered as to be part of the Appraisal Assignment. The specific conditions and requirements are described in this section.

5.1.1 Appraiser 1/

The appraiser conducting the chattel appraisal assignment must be a professional that has received adequate training to be considered competent by industry professionals to perform the chattel appraisal. The appraiser must be licensed in the State in which the subject is located, except where there is no licensing. Evidence of competency includes documentation of training, education, a degree from an appropriate college or university, or certification from a professional society such as the American Society of Appraisers, American Society of Farm Manager and Rural Appraisers, Certified Farm Machinery and Equipment Appraiser or similar professional organizations or certifications. Vendor shall provide evidence of competency upon request by APOC or CO.

No other individual may provide assistance with the appraisal development process without prior written consent from FSA. --*

***-- Chattel Appraisal – SOW**

5.1.1.1 Notification Requirement of Individual Providing Assistance/Approval 1/

If the appraiser will have an associate or assistant appraiser providing assistance with the development of the appraisal assignment or will visit the subject property must notify the APOC in writing and receive written approval. Clerical support and normal information gathering is an exception for approval. The appraiser will provide FSA information as follows:

- Associate's name
- Length of employment with vendor or explanation of association if not an employee
- If background investigation has been completed by the State. Provide the date that the background investigation information was provided to the State.

Note: Date of license or registration certification would meet this requirement with a statement that background information was submitted with application for license/registration.

If the State has not completed a background investigation, or the requirement of submitting fingerprints, and it is necessary for the individual to provide assistance with the development of the appraisal assignment, FSA may require their own background investigation. In this case, the APOC will provide additional information.

5.1.2 Access to Property 1/

FSA requires that vendor to notify the property owner prior to accessing the property. The vendor shall provide the applicant or the FSA representative the opportunity to accompany the vendor on the property inspection. If the property owner is unavailable or considered uncooperative, the vendor may request assistance and/or guidance from the APOC to coordinate inspection of the property and/or obtaining assistance from a FSA representative.

The authorization to provide appraisal services is the engagement letter and if requested by the property owner the vendor shall provide the engagement letter to the owner as justification to inspect the property and to obtain information necessary for the appraisal assignment.

5.1.3 Client and Intended User

Generally, FSA will be named as the Client and intended user. FSA will advise the vendor if there are additional intended users and they will be listed after FSA. The additional intended user may not require the vendor to do more than FSA requirements would have otherwise done, unless directed by FSA. The FSA Borrower/Applicant will not be listed as an intended user.

5.1.4 Appraisal Process

The appraiser shall follow industry recognized appraisal process and reporting standards and any FSA regulation requirements in effect as of the effective date of the appraisal. The appraiser will need to consider the following requirements of the personal property in the appraisal process: --*

***-- Chattel Appraisal – SOW**

5.1.4.1 Intended Use

The stated intended use of the appraisal may have specific requirements that must be considered. If the intended use is not identified in this section of the SOW then FSA has no additional requirements.

5.1.4.2 Property Identification

All of the personal property to be appraised will be described on FSA 2028 Security Agreement, if available, or on an attachment.

This property is owned by or taken care of by the person(s) named as “Owner” on the Chattel Appraisal Order Form. In addition to the personal property listed, FSA security agreements cover all additions to and replacements to the property listed on the security agreement. Therefore, as the Vendor performs the appraisal, if the appraiser becomes aware of additional equipment, livestock, and other farm personal property, the appraiser is to describe this additional property with an appraised value on an attachment to the appraisal.

5.1.5 Property Location and Access 1/

FSA understands the property is located at the location described in Appraisal Order form. If some of the property is not located at the location described and the new location will add considerable cost to the vendor to inspect the property, the vendor should contact the FSA APOC/CO and negotiate an increase in the Micro Purchase/Purchase Order amount.

On-sight, visual inspection of the chattels listed must be performed. The effective date of this appraisal is the date of inspection. FSA requires that the appraiser inspects all security; and if unable to do so, then the reason why not must be explained and concurred with by the APOC. If concurrence is obtained then an Extraordinary Assumption should be utilized. The vendor is to contact the person listed under Section A of the Chattel Appraisal Order Form for access to inspect and appraise the property. If the vendor is denied access, the vendor is to immediately inform the APOC to make other arrangements.

5.1.6 Approaches to Value

The report must explain why an excluded approach is not necessary for credible results. Each approach to value will be reconciled with the strengths and weaknesses. A dictionary definition of “explain” is “to give the reason for or cause of.” FSA regulations require that the vendor take into consideration at a minimum the Sales Comparison approach. If the appraiser determines that another approach is applicable the appraiser will obtain written approval from the Appraisal Point of Contact (APOC) and adequately explain the in the Scope of Work of the appraisal report.

Consider the following approaches to value as part of the appraisal assignment. --*

***-- Chattel Appraisal – SOW**

5.1.6.1 Sales Comparison Approach

Typical Sales Comparison methodology is defined as a set of procedures in which the appraiser derives a value by comparing the property being appraised to similar properties that have recently been sold, applying the appropriate units of comparison; identifying elements of comparison, and apply the quantitative or qualitative adjustment of each element of comparison to the sale prices of comparable sales.

The property will be appraised by using the **whole sale (auction) value**. This value is the estimated gross amount, expressed in terms of money, which could be typically realized from a sale, given a reasonable exposure time period. For the purpose of this SOW a 60 day marketing period is considered appropriate (unless otherwise stated) as a reasonable time for exposure in the open market, assuming that the subject property is professionally and actively marketed.

5.1.6.2 Cost Approach

The appraisal report must contain information on how the depreciation was extracted from the market data and used to determine contributory values for the personal property. If market data is not available the appraisal report will state as such and the conclusion will be supported. Industry acceptable depreciation methods can be used and should be adequately documented illustrating calculations, explanation as to appropriate method and reasoning for the depreciation and the replacement value.

5.2 Reporting Requirements 2/

Reporting requirement of information should be sufficient in detail to answer all important questions that the client or reader might pose as to the physical characteristics of the property. The report will include relevant information that supports a credible report, value, assumptions, conclusions and methodology.

If the appraiser cannot obtain sale information to support the market value, the APOC or CO may authorize an alternative method after the appraiser reports their search information of the market to the APOC or CO and find the appraiser's efforts were satisfactory.

The report is to describe the location of all property that is not located at the location described by FSA. Additionally, the report shall consist of, at a minimum, the following:

5.2.1 Form

The livestock and the equipment will be appraised by use of an appropriate Agency form, or a format acceptable to the agency. FSA chattel appraisal form is FSA 2160, "Appraisal of Chattel Property." This form can be obtained from the APOC. The appraiser may provide addendums to the FSA form to support other personal property that is identified, methodology, adjustments, assumptions, conclusions, calculations and any requirement described in this subpart of the SOW. --*

***-- Chattel Appraisal – SOW**

5.2.2 *Inventory of Crops, Feed, etc.*

Inventory of crops on hand, feed on hand, etc. will be appraised in a narrative format by describing the item, the quantity, the quality, the unit value, source of unit value, and the final value. Then the cost to market and convert the item to cash will be explained and deducted for the market value. Provide a, concise narrative regarding your observations as to the overall condition and care of stored crops and major supplies on hand.

5.2.3 *Growing Crops*

All crops growing on the real estate described in item (b) page 2 of 7 of FSA 2028, Security Agreement, will be appraised if FSA provides a copy of the security agreement to the vendor. The growing crops will be described in a narrative format by the location, quantity, quality, age or maturity, unit value, source of unit value, and present gross crop value. The cost to harvest or market will be deducted, if the crop will be harvested within 30 days. If the crop will not be harvested within 30 days, then the cost invested in the crop may be used. In either case, the appraiser should deduct all known landlord leases due against the crop. The vendor is not required to conduct a lien search, only to advise FSA of their findings.

5.2.4 *Livestock*

All livestock described on FSA 2028, Security Agreement, will be appraised if FSA provides a copy of the security agreement to the vendor. Otherwise, livestock described by the work order and/or engagement letter will be appraised. The appraisal report will identify the livestock providing an Item No, livestock type, and at the minimum provide Quantity, Kind, Sex, Breed, Color, Weight or Average Weight, Age or Age Range, Brands or Other Identification, Value/Head and Dollar value.

5.2.5 *Equipment*

All equipment described on FSA 2028, Security Agreement, will be appraised if FSA provides a copy of the security agreement to the vendor. Otherwise, equipment or any other personal property described by the work order and/or engagement letter will be appraised. The appraisal report will identify the equipment or personal property providing an Item No, Quantity, Description, Manufacturer, Size and Type, Condition, Year of Manufacture, Serial Number, or Other Identification, and Dollar value.

5.2.6 *Base Acres, Quotas, Contracted*

If applicable, base acres, quotas, contracted acres, etc. are to be appraised using actual sales of the type for the same crop and the same processor. If the appraiser cannot obtain sale information, the APOC or CO may authorize an alternative method after the Appraiser reports their search of the market and the APOC or CO find the Appraiser's efforts were satisfactory.

5.2.7 *Other Personal Property*

If applicable, other personal property must be identified adequately to allow the client to understand and clearly identify the property, include type, description, model, and any specific identification of the property. --*

***-- Chattel Appraisal – SOW**

5.2.8 Total Value

Total value will be provided for inventory, growing crops, livestock, equipment and any other personal property. A final value of all personal property will be provided in the summary and conclusion of value section of the report. A statement as to what value has been determined will be included in the total value section. If forced liquidation value is requested by the client the determination of that value will be fully explained.

5.2.9 Photos

Each appraisal will include pictures of the significant items appraised and also include pictures of a representative sample of any livestock appraised, as well as crops, feed stocks and supplies. All pictured items will be identified.

5.2.10 Value Resource Documentation

The appraisal report should clearly document resource sources and information used to determine value. Chattels offered as security for FSA, shall be appraised utilizing the Blue Book, auctions, machinery dealers, livestock reports, etc.

5.2.11 Assumptions and Extraordinary Assumptions and Limiting Conditions

If any personal property cannot be viewed, then an Extraordinary Assumption may be used with a full explanation. Appraisal report should have an addendum identifying any assumptions and limiting conditions as appropriate.

5.2.12 Economic Characteristics

Any impacts of economic characteristics shall be discussed such as productivity, production and ownership costs, rents, gross and net income, etc. Economic characteristics should be supported from the market if value adjustments are required. Review and summarize production contract(s) for specialized agricultural facilities. Discuss the general market economics and/or the economics of the specialized agricultural facilities.

5.2.13 Approaches to Value

FSA regulations require that the appraisal will document the results when considering the three approaches to value, as determined to be applicable and necessary, except as provided in the scope of work.

5.2.14 Engagement Letter

A copy of the engagement letter or work order will be provided in the addendum of the appraisal report. --*

***-- Chattel Appraisal – SOW**

5.2.15 Certification

If the appraiser is not using FSA 2160, the appraiser will date and sign the appraisal report and include a statement that the values provided are based on market information and analysis that was available on the effective date of the appraisal report. If the appraiser is a member of a professional organization and the organization requires the appraiser to sign a certification, such certification will be included with the report.

5.2.16 Qualifications of the Appraiser

A resume listing applicable appraisal education and experience must be included. FSA does not require a copy of the appraiser's license or evidence of any personal liability insurance to be included in the report.

5.3 Personal Identifiable Information (PII)/FSA Program Information 3/

The vendor will comply with the intent of the Privacy Act of 1974 to protect the individual's privacy from unwarranted invasion, to make sure that personal information in their possession, if provided by the federal agency, is properly used, and will prevent any potential misuse of personal information in their possession.

The vendor is contractually bound by the same requirement of information confidentiality as are Government employees.

Reference to FSA applicant, producer or borrower's personal identifiable information other than name, address or information that is of public record shall be considered confidential and not disclosed in the report.

5.4 Expert Witness/Testimony 3/

5.4.1 Request for Expert Witness

If needed, the appraiser agrees to be an expert witness for FSA concerning the appraisal in an appeal hearing or in court. FSA will issue an engagement letter or work order for expert witness services providing the location, date and time the appraiser will be required to provide expert witness testimony and an estimated cost for such services.

5.4.2 Documentation of Services

The appraiser will be expected to maintain itemized documentation of prep work time, actual expert witness time, mileage and per diem that was incurred. --*

***-- Chattel Appraisal – SOW**

5.4.3 Fee

The appraiser will provide an hourly rate fee for expert testimony upon registration as the contract appraiser. Additionally, appraisers are encouraged to state an hourly rate for expert witness prep time. Typically, FSA expects the prep rate to be less than expert witness hourly rate.

The expert witness rate will cover the appraiser's time from the time of departing his/her office until the appraiser returns to his/her office. The hours will be rounded to the nearest one-quarter hour.

FSA will reimburse the appraiser for prep time necessary to prepare for the appeal hearing or court action. The prep hourly rate will be the rate indicated on the appraiser's FSA Vendor Appraiser Registration form. If no hourly rate is indicated for the prep time then the rate will be 50 percent of the expert testimony rate.

5.4.4 Per Diem

FSA will reimburse the appraiser for domestic per diem and personal car use, at the rate paid to FSA employees as published by the United States General Service Administration (GSA). Current Per Diem rates and reimbursement for personal automobile can be obtained from the web site:

<http://www.gsa.gov>

You will need to select URL reference: "[Per Diem Rates](#)," or select, "[POV Mileage Reimbursement Rates](#)."

There is a basic per diem for lodging and for meals and incidental expenses (M&IE) (subject to change without notice) unless otherwise stated for specified areas that have higher per diem rates. The appraiser should refer to the appropriate web site or contact the FSA office for this information. Per Diem is only authorized and paid if the appraiser is required by FSA to be away from their office area that exceeds 50 miles and for overnight. The maximum hours per day for reimbursement are eight hours if the appraiser is on per diem. The personal automobile reimbursement may be requested in all cases for expert witness travel needs.

5.4.5 Submitting Expert Witness Invoice

The appraiser must submit an itemized invoice to be paid. The invoice will itemize the time that was required for preparation for the expert witness with a brief explanation of prep work completed, the time involved for actual expert witness testimony, mileage incurred on a daily basis and any per diem requested. The invoice should be submitted in accordance with section 5.8, Invoicing.

5.5 Use Of/And Release of the Report 3/

FSA's primary intended use of the appraisal will be stated in the engagement letter or work order. However, FSA may use the appraisal in other loan making and servicing actions, as FSA needs to do in carrying out requirements in government regulations. FSA does have need from time to time to release a copy of the report to the applicant, borrower, their representatives, and to other parties under the regulations that govern FSA's programs. These other parties may include peer groups, such as an appraiser organization. Any request from outside the agency, other than the applicant or lender, will need consent by an authorized FSA agency representative. --*

***-- Chattel Appraisal – SOW**

5.6 Acceptance Criteria 3/

Delivery of the appraisal report will include a properly executed invoice. Invoice for payment will be processed when the appraisal is determined acceptable by FSA. An acceptable product will include:

1. Appraisal report must be delivered by the completion date stated on the engagement letter and/or work order (plus any extension of time granted by FSA)
2. Appraisal report is completed in accordance with current FSA requirements and meets the work requirements of this SOW that are applicable and any other requirements for a specific property which will be found in the engagement letter and/or work order for each appraisal order.
3. An administrative appraisal review accepts the appraisal report by FSA.

If the administrative appraisal review indicates that the appraisal report may not be acceptable, FSA will request guidance from staff appraiser. If FSA staff appraiser requires additional information to support the adjustments, explanation of the process, or SOW requirements must be met, the invoice approval and payment of the appraisal fee will be held until the appraisal is found acceptable to FSA.

The request for additional information will provide a specific timeframe for the information to be delivered and the criteria for the updated material to be added to the appraisal report. Typically, the timeframe to update the appraisal 7 calendar days or as specified by the request letter. If the appraiser determines that a completed appraisal report will need to be reissued the contract appraiser will need to have approval from APOC.

The appraisal report must be delivered by the completion date stated on the engagement letter or work order or as provided by an extension granted by FSA.

5.7 Invoicing 3/

5.7.1 Invoice Information

A properly executed invoice for payment will be submitted to the APOC as directed in the engagement letter or work order. The invoice will include the appraiser's name, address, invoice number, DUNS number, and name of the applicant/borrower as identified in the engagement letter or work order, county/borough/parish/city name that the appraisal was completed in and the amount.

5.7.2 Invoice Approval

The invoice will be processed for payment when the appraisal is determined acceptable by FSA. If the appraisal is not acceptable the appraisal fee will be held until the appraisal is found to be acceptable to FSA. --*

***-- Chattel Appraisal – SOW**

5.7.3 Final Payment

Federal Acquisition Regulations provide the U.S. Government 10 business days from receipt date of the appraisal to determine if the appraisal is acceptable. The invoice will be processed for payment within 30 calendar days or less from the date the appraisal was accepted. The appraiser will be notified in writing if the appraisal is unacceptable and at the discretion of the Government will be requested to make changes to the appraisal report in order to meet FSA SOW requirements. An unacceptable appraisal will be considered as in default and at the discretion of the Government the micro purchase/purchase order may be terminated.

The USDA procurement procedures require that ALL vendors be paid using Electronic Fund Transfer (EFT) system. The Debt Collection Improvement Act (DCIA) of 1996 requires that federal payments of invoices for goods and services received to be paid by EFT. Therefore, each vendor must be registered in the System for Award Management (SAM) that is available at: www.sam.gov

The vendor will be required to update the SAM data annually. FSA cannot update a vendor's information in SAM. For guidance on updating SAM please see the help links on the SAM web site.

FSA will only be able to process the invoice when the appraisal is determined acceptable and the appraiser is properly registered in the SAM web site.

6. Delivery 2/

Vendor is expected to deliver to the APOC an appraisal report that meets FSA requirements by the accepted delivery date as stated in the Vendor's quote or authorized extension.

FSA has additional requirements related to appraisal report.

6.1 Report Type

Narrative appraisal reports are acceptable. However, form reports are acceptable as long as the report form is approved by FSA. For approval contact the APOC.

6.2 Report Content

The content of an appraisal report must be consistent with the intended use of the appraisal and, at a minimum meet industry standards.

In addition to industry standard reporting requirements, FSA requests that the appraisal report include the requirements as described by section 5.2.

6.2.1 Layout/Formatting

The report must be in portrait layout with an 8 1/2" x 11" page size. Font size of text will be 11 or larger. Photos, maps or diagrams should allow the user to clearly view the contents of the image including labels. Transmittal letter will be the first page; consecutive pages will be the cover page, Summary of Salient Facts or Executive Summary, Table of Contents and the body of the appraisal. All pages of the report other than transmittal letter and cover page will have page numbers. --*

***-- Chattel Appraisal – SOW**

6.2.2 Reporting Requirements

Reporting requirements are items as addressed in paragraph 6.2 (Reporting Requirements) of this SOW.

6.3 Report Format

6.3.1 Electronic Copy of Appraisal Report

An electronic copy of the appraisal report is the preferred format. If the appraiser is unable to provide a PDF version of the appraisal report the appraiser may provide two hard copies of the appraisal report. The electronic copy will be acceptable to FSA if:

- Received via e-mail to the APOC's e-mail address or other e-mail address identified in the engagement letter or work order, as well as to the Ordering Official's (OO) e-mail address.
- Appraiser does not have software available to create a PDF document the appraiser should contact the APOC for approval to use other software application.

The PDF file must contain the complete appraisal report, the transmittal letter, signature of the appraiser within the report as required on all appropriate pages, i.e. certification, final value page, etc., and all pages are formatted appropriately with sequential page numbers.

- Size of the file may not exceed 20 Gigabytes (GB). If the appraisal report file is larger than 20 GB, the appraiser will need to contact the APOC to make other arrangements to deliver the electronic file to FSA by the (PO) delivery date.
- Send a follow up e-mail to the APOC identified in the engagement letter that the electronic report was transmitted via e-mail providing recipient, date, subject line and time of transmittal.
- Hardcopy report may be provided per section 6.3.2, if electronic report option is not used

6.3.2 Hard Copy Report

Upon approval by the APOC, the vendor may provide a printed appraisal report to FSA in lieu of a electronic copy. Two (2) copies of the appraisal report are to be delivered to FSA unless otherwise stated in the engagement letter. At a minimum one copy must be the original report with color photographs, etc., One (1) copy can be black and white. The original report must be delivered to the Ordering Official. The second original report shall be delivered to the APOC, as stated in the engagement letter. The report shall not be bound.

7. Place of Performance 2/

Typically, the location of the appraisal assignment may be any location as further described by the engagement letter or work order. --*

***-- Chattel Appraisal – SOW**

8. Late Delivery Penalty Fee or Cancellation of Assignment /Contract

Communication with FSA regarding timely delivery of appraisal report is important. If the vendor is unable to deliver the appraisal report by the due date the vendor should request an extension in writing prior to the delivery date.

Liquidating damages will not be assessed if the vendor has received written authorization from the APOC or the CO for an extension.

If the vendor does not deliver the appraisal report or an electronic version by the authorized due date, the contract is in default and FSA may cancel the purchase/purchase order with notice to the vendor or assess a liquidated damages fee.

If the Vendor fails to perform the services, within the time specified in the appraisal engagement letter or extension authorized by the CO or APOC, following proper notification the Vendor shall, in the place of actual damages, pay to the Government liquidated damages of 3 % **of the accepted quote amount** per **calendar day** from the date of notification for failure to deliver the appraisal report.

Liquidated damage percentage will not exceed 25 % of the accepted quote amount if delivered within 10 calendar days of the date notification. Liquidated damage fees will continue to be assessed at the stated percentage and 30 calendar days beyond the date of notification the appraisal order will be terminated with no payment. The vendor will be notified in writing if appraisal order is terminated. The failure to deliver an appraisal report by the due date which may cause the financial transaction not to close due to seller's unwillingness to extend the timeframe can result in immediate termination of micro-purchase and no payment upon written notice.

The appraisal report shall be delivered to the Ordering Official and the APOC as described in the appraisal engagement letter or work order. A request for an extension must include the reason for the extension and the timeframe that the appraisal report will be delivered and can be submitted via e-mail. The request for an extension should be sent to the APOC or the CO if a purchase order was issued as described in the appraisal order letter.

All written authorizations and approval of an extension for delivery will be an e-mail response.

The Vendor is aware that failure to deliver appraisal reports twice during a fiscal year, October through September period, within agreed upon timeframe could result in FSA no longer requesting appraisal services from the vendor.

Other non-performance issues the vendor will be notified in writing and the issue will be referred to the Contracting Officer. --*

***-- Chattel Appraisal – SOW**

9. Personal Identity Verification of Vendor Personnel 3/

The Government may request the Vendor to complete a background investigation of the Vendor and/or their employees. Upon request by the Government the vendor will provide the required documents necessary to complete a background investigation within the timeframes identified. The APOC or CO will request in writing the information needed and the timeframe that the documents are to be submitted to the APOC or CO. Typically, background investigations require; OF-306, Declaration of Federal Employment, and two completed FD-258's or SF-87 Fingerprint Charts with the signature and date of the applicant and a jpg format photo ID. Vendor is responsible for any expenses associated with the background investigation.

Failure to comply with the request could result in the termination of the work order or appraisal assignment. Such determination will be provide to the vendor in writing.

If background investigation results are unsatisfactory FSA can terminate the work order or appraisal assignment. FSA may request restrictions to be applied to the Vendor or their employees. FSA will only respond if there are concerns regarding the background investigation. The APOC or CO will notify the Vendor in writing with notification of immediate termination of work order or assignment or restrictions for employee assistance.

The Vendor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201 if requested by APOC or CO.

9.1 Properly Account for All Forms of Government-provided Identification

The Vendor shall account for all forms of Government-provided identification issued to the Vendor's employees in connection with performance under this contract. The Vendor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

- (1) When no longer needed for contract performance.
- (2) Upon completion of the Vendor employee's employment.
- (3) Upon notification that appraisal services are no longer needed and the Vendor has been removed from the Appraisal Vendor registry or services have been terminated.
- (4) Upon Vendor written request to no longer provide appraisal services. The Vendor shall return all forms of Government-provided identification issued to the Vendor and its employees.

FSA may delay final payment under a contract if the Vendor fails to comply with these requirements. --*

***-- Chattel Appraisal – SOW**

9.2 Subcontract Requirements

The Vendor shall insert the substance of this clause, including this paragraph, in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system and/or visit FSA applicants or borrowers property. It shall be the responsibility of the prime Vendor to return such identification to the issuing agency in accordance with the terms set forth in paragraph 9.1 of this section, unless otherwise approved in writing by the APOC or CO.

10. Exceptions 3/

Any exceptions to the appraisal requirements in this SOW, may be made on a specific appraisal assignment by the APOC, in consultation with an Agency appraiser. Exceptions may be granted if warranted and justifiable. Exceptions are to be made in writing, detailing the reasons the exception is being requested. The APOC may grant or deny the request and will reply in writing. The exception authority is only to be used on rare occasions and when deemed necessary by the Agency.

11. Exhibits 2/

Exhibits that are included with the SOW are categorized into two groups; general or specific work requirements. General exhibits provide more specific information related to the SOW. Work requirement exhibits specifically address additional work requirements that may be specific to the state, region or specialized real estate or chattels as defined by the exhibit.

Vendor acknowledges that exhibits may be added to this SOW and that the vendor accepts the new or modified exhibit by acceptance of the assignment. An exhibit may be provided to the vendor through the Engagement Letter and does not require the vendor to accept a new SOW with the modified exhibit. Vendor should direct questions regarding added exhibits or modified exhibits received with engagement letter to the APOC or Agency Appraiser as noted in the engagement letter.

11.1 General Exhibits

11.1.1 Exhibit 1, "Market Value Definition"

11.1.2 Exhibit 2, "Agency Statement of Work Contact Information"

11.2 Specific Work Requirement or Reporting Exhibits

None. --*

***-- Chattel Appraisal – SOW**

12. Acceptance 3/

FSA may at times update the SOW with minor changes. Vendor will be notified of the changes via e-mail providing a summary of changes that have occurred, date of change, and version number. Vendor's signature will remain and the previous SOW signature page will be added to the revised SOW. In this situation, a vendor may request or provide a new SOW with a signature.

If FSA makes major changes to work or reporting requirements, late delivery penalty fee, acceptance or delivery requirements with in this SOW FSA will notify the vendor via e-mail and request the vendor to sign a new SOW. The vendor will be required to return a copy of the complete SOW with a completed signature page to the APOC. Digital signatures on a locked (secured) Portable Document Format (PDF) document are acceptable and may be transmitted to APOC via e-mail.

Failure to return a signed SOW and/or vendor registration form upon request by FSA may result in vendor to be removed from the vendor registry.

The Vendor has reviewed, understands and agrees to the term and requirements of the SOW.

13. Exhibit 1 3/

13.1 Market Value Definition

Source: 12 CFR 34.42 (g)

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- (1) Buyer and seller are typically motivated;
- (2) Both parties are well informed or well advised, and acting in what they consider their own best interests;
- (3) A reasonable time is allowed for exposure in the open market;
- (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. --*

14. Exhibit 2

14.1 Agency Statement of Work Contact Information

The following FSA employee(s) are the authorized agency official that is the APOC to assist the vendor on acquisition process, the SOW terms and requirements and can provide information to an appraiser that would like to be added to the FSA Appraiser Vendor registry.

Name:

Address:

Phone:

FAX:

e-mail Address:

Note: Any SOW for personal property shall have certain subparagraphs and/or clauses. The subparagraphs or clauses are identified as follows:

1/- means that the specific clause and/or subparagraph clause are included

2/ – means that the subparagraph heading are to be included.

3/ - means that the subparagraph heading and the whole subparagraph, including all subparagraphs in the section, are to be included.

A word version of this exhibit may be downloaded from the appraisal SharePoint web site at

<https://sharepoint.fsa.usda.net/pa/flp/PDEED/appraisal/SitePages/Home.aspx>

Click on “Micropurchase Info” tab. Word version of this exhibit will be under the Shared Documents section of the page.

The word document for this exhibit may be modified and be used to provide a copy of the SOW to a vendor. --*

***--Direct Loan Appraisal Assignment Guidelines**

Land, Agricultural Improvements, CAFO, Rural Residence, Farm

The information elements and content descriptions below are provided as guidelines to assist appraisers to deliver a USPAP-compliant appraisal report acceptable to FSA. Information Element labels should be used in the report for clarity.

An appraisal report following these guidelines and completed by an appraiser qualified with-in the scope of their license to complete the assignment **should** meet FSA's underwriting rules.

For unique situations contact FSA for guidance.

Item	Information Element	Content Description
1	Client	The Client will be the Farm Service Agency as designated on the appraisal order or Letter of Engagement.
2	Intended User(s)	The Intended User(s) will be the Farm Service Agency and others as listed by the Client on the appraisal order or Letter of engagement FSA should be included as an intended user and others that will rely upon the report. Do not include the borrower or property owner as an Intended User.
3	Intended Use	Loan Origination or Loan Servicing as designated by the client.
4	Appraisal Report	<u>Prominently</u> state the "Appraisal Report" option. Ensure that the report meets the contents of an "Appraisal Report" from USPAP and these FSA Guidelines. i. Must have a Table of Contents with all pages sequentially numbered. ii. Appraiser Resume listing applicable appraisal education and experience. iii. Restricted reports are not acceptable.
5	Purpose, Condition, Effective Date of Value, Inspection & Report Dates	Purpose is to provide an "Opinion of Market Value". The condition of the subject should be; "As Is", "As Improved", or "Subject To". If "As Improved" or "Subject To" is used, describe why. State the Effective Date of Value, Inspection date and Report date. The inspection date should be the effective date of value.
6	Market Value	Definition and source of "Market Value".
7	Hypothetical Condition / Extraordinary Assumptions	All hypothetical conditions and extraordinary assumptions shall be <u>clearly</u> and <u>conspicuously</u> described and state that their use might have affected the assignment results. For proposed new construction a "Hypothetical Condition" would apply.

--*

***--Direct Loan Appraisal Assignment Guidelines (Continued)**

Item	Information Element	Content Description
8	Estate Appraised	Define the estate property rights; Fee simple, Leased fee, Leasehold, Life Estate, etc. and list restrictions to the estate (conservation easements, water rights, encumbrances, contracts, marketing agreements, etc.)
9	Scope of Work	Clearly identify the appraisal problem and provide a summary for the extent of research, verification and analysis to solve it, consistent with fulfilling USPAP Scope of Work rule, Client instructions and these guidelines. Include the appraisal order or Letter of Engagement with any scope of work modifications
10a	Subject Property	<ul style="list-style-type: none"> i. Adequately identify the subject property with a legal description, map, tax number and / or 911 street address if improved, should include a GPS reference. Appraiser should review listing / auction sheets and seller disclosures when applicable. ii. Analyze Flood Zone and Flood Map and identify if flood zone affects the subject property and reflect the effect of flood zone in the analysis of subject utility and market appeal, summarizing the result in the Appraisal report. iii. Provide and label color photos for dwelling and major improvements that contribute to value. Provide bare land photos for significant topographical features and permanent plantings.

--*

***--Direct Loan Appraisal Assignment Guidelines (Continued)**

Item	Information Element	Content Description
10b	Physical Characteristics	<ul style="list-style-type: none"> i. Inspect all structural improvements on the subject. Interiors of major buildings shall be inspected. If a physical inspection is not possible, contact the Client for authorization to continue without a physical interior inspection. ii. Include a sketch of subject dwelling(s) with contributory value. Sketch should provide basis for determining structure size. May be hand drawn. iii. Include a color site aerial or sketch with labels for numerous buildings (dairy, swine, HQ, etc.). iv. Provide color aerial, soil, topographical, permanent plantings and / or other applicable maps. Show property outlines and labels on the maps to describe the property. Include soil legend with soil map. v. Discuss fixtures and personal property (ensure you have adequate justification for classification and valuation of personal property and fixtures). vi. Summarize any environmental concerns in the appraisal report discovered during the property inspection, and discuss their <u>effect on value</u>. This does not meet the due diligence requirements of the FSA for an environmental inspection.
10c	Legal Characteristics	<ul style="list-style-type: none"> i. Any impacts of zoning, easements, contracts, entitlements, encumbrances, water rights, partial interests, etc. shall be discussed and should be supported from the market if value adjustments are required. ii. Describe (not state) zoning to include; building eligibility, minimum lot size, feedlot registration / permits and other pertinent factors that are applicable for the market area. iii. Describe irrigation, drainage and related permit issues in the appraisal report.

--*

*--Direct Loan Appraisal Assignment Guidelines (Continued)

Item	Information Element	Content Description
		iii.
10d	Economic Characteristics	Economic impacts or characteristics of productivity, production and ownership costs, gross and net income, etc., shall be discussed and supported from the market if value adjustments are required. Discuss general market economics, or the economics of a specialized facility.
10e	Characteristics of the Estate being appraised	As part of the appraisal assignment under USPAP, characteristics of the property that are relevant to the type and definition of value and intended use of the appraisal must be considered; the property appraised must be identified including the property rights . This typically will include surface and subsurface rights, if the estate of the Subject property is whole. Consideration of oil, gas, minerals, timber, etc., and their possible influence on the value of the Subject property constitutes good appraisal practice and should be discussed in the appraisal report.
10f	New Construction	The report shall include a copy of a blueprint, draft, and/or sketch, provided to the appraiser along with a summary of cost estimates for the project. Client shall provide adequate documentation for the appraiser to develop a credible appraisal that is not misleading.
10g	Location	Describe the demographics, community services and market influences of the area. Discuss economic, industry and market trends. Identify the similar market area neighborhood or similar facility types for comparable sales.
11	Subject & Sales History	Analyze current sale agreements, options, or listings of the subject. Research, analyze and report any prior sales of the subject or comparable sales within three years for all property types.
12	Highest and Best Use	Consider each factor of H&BU; legally permissible, physically possible, financially feasible and maximally productive (highest value). Describe and state reasoning and analysis for H&BU based on subject characteristics and market influences. Develop H&BU for “as vacant” and “as improved” when necessary. Land and improvements must be valued with the “consistent use” concept.

--*

***--Direct Loan Appraisal Assignment Guidelines (Continued)**

Item	Information Element	Content Description
13	Comparable Sale Data and Analysis	<p>Sales should be selected that have similar attributes of the subject, should be described and analyzed so the reader has a clear understanding of how they support the “opinion of value”.</p> <ul style="list-style-type: none"> i. H&BU of comparable sales should be consistent with H&BU of subject. ii. Provide important attributes of the sale; date, price, terms, legal description, 911 street address when improved, tax #, land classes, improvement description. iii. Include a color site aerial or sketch w/ labels for numerous buildings (dairy, swine, HQ, etc.). iv. Provide color aerial, soil, topographical, permanent plantings and / or other applicable maps. v. Color photos shall show dwelling and major improvements that contribute to value. vi. Disclose how the sale was verified and marketed with a party to the transaction. vii. Provide bare land photos for significant topographical features and permanent plantings. viii. Summarize or include legible copies of the CRV, MLS, contracts, carry back mortgages, or other similar supporting documentation (retain documents in your work file). ix. Discuss fixtures and personal property (ensure you have adequate justification for classification and valuation of personal property and fixtures). x. Sale analysis shall easily verify the applicable units of comparison and rates that support the value of the subject. For example; land class ratio, building replacement cost new, derived depreciation rates, improvement contribution, timber, minerals, water rights, etc. Describe how land allocations were made.

--*

***--Direct Loan Appraisal Assignment Guidelines (Continued)**

Item	Information Element	Content Description
14	Contracts for Production, Marketing or other similar agreements	<p>Summarize market / production contracts, marketing plans, or other similar documents for the subject and sales.</p> <p>i. If a market/production contract exists in which the value of the subject property is dependent upon the contract (i.e. poultry contract), then an analysis of the relationship of the contract to the subject's real property and how the contract impacts the value of the real property must be explained in the appraisal report.</p> <p>ii. Similar sales with similar contracts should be used to value the subject if a market / production contract is in place.</p>
15	Location Map	<p>Location map shall easily locate subject and sales. One map is preferred, if possible. The location map should provide sufficient detail for the reader to locate the properties if the other maps provided in the report do not have sufficient detail to locate the properties. Roads by name or number may be needed to find the property.</p>
16	Value Approaches	<p>All three approaches to value should be considered and used when necessary for credible assignment results. It is acceptable not to use an approach provided solid justification that the approach is not necessary for credible results.</p> <p>i. The Cost Approach can be excluded for bare land.</p> <p>ii. The Income Approach should be used for "AG" income producing properties.</p> <p>iii. Land classification should be based on the market of the subject and sales.</p> <p>iv. When value adjustments are required for physical characteristics (access, soils, water features, view, topography, drainage, climate, size, shape, site and structure improvements, permanent plantings, etc.) they shall be discussed and supported from the market.</p> <p>v. Subject pending sale can't be used as a comparable sale.</p>

--*

***--Direct Loan Appraisal Assignment Guidelines (Continued)**

Item	Information Element	Content Description
17	Sales Comparison Approach	<p>Provide a sales base within the report to adequately support the analysis.</p> <ul style="list-style-type: none"> i. <u>Income based units of comparison do not qualify for this approach (GIM).</u> ii. Units of comparison should be derived from the market. iii. Sales must be analyzed within the report so the reader can understand how the appraiser has applied those units of comparison to the Subject. iv. Explain reasoning for adjustments in the Sales Comparison Approach. v. Reconcile strengths and weaknesses of the Sales Comparison Approach.
18	Cost Approach	<p>Provide a sales base within the report to adequately support the analysis.</p> <ul style="list-style-type: none"> i. Describe construction quality, utility and condition. ii. Provide support for land value and RCN within the appraisal report. iii. Extract depreciation from the sales analysis in the report so the reader can understand the reasoning for applying depreciation rates to the subject. iv. Reconcile strengths and weaknesses of the Cost Approach.

--*

***--Direct Loan Appraisal Assignment Guidelines (Continued)**

Item	Information Element	Content Description
19	Income Approach	<p>Provide a sales base within the report to adequately support the analysis.</p> <ul style="list-style-type: none"> i. Provide support for income, expenses, and rates within the appraisal report. ii. Analyze sales for the applicable rate that is used. iii. Explain reasoning for subject income, expense and rate selection. iv. Reconcile strengths and weaknesses of the Income Approach.
20	Reconciliation	Describe support for the “opinion of value” reviewing strengths and weaknesses of each approach to value. Is value based on a cash only, or equivalent to cash sale. Consider the “value of whole versus sum of the parts”.
21	Certification	Include the signed Certification compliant with the <u>current</u> USPAP. Include Signature(s), state(s) of licensure, full name of license class and license number(s), i.e. “MN Certified General Real Property License 20000001.” Do not abbreviate license class, such as “CRRPA”.

--*

***--Dairy Addendum to FSA Appraisal Guidelines**

In addition to the general FSA appraisal assignment guidelines, the following is a supplement specific to dairy appraisals.

Item	Information Element	Content Description
1	Market Description	Summarize the market for milk and dairy products in the subject's marketing area <u>with emphasis</u> on the number of milk handlers and / or milk cooperatives. Are there sufficient alternatives for milk sales in the local area? Explain the supply and demand factors. The availability of support services for dairying should be addressed in the appraisal report.
2	Subject Description	<p>Describe the following building categories of the dairy operation in sufficient detail and in relation to their utility and contribution to the whole enterprise: describe the livestock facilities design and capacity for cows and young stock, milking facilities, feed storage, machinery & equipment storage, fixtures, personal property, and waste storage and handling. State and discuss the actual ages, effective ages and remaining economic lives for the farm buildings or building categories listed above. Discuss condition and any prior repairs/upgrades to the property's buildings with actual or estimated costs. Describe farm dwelling(s) and other outbuildings with contributory value.</p> <p>For new construction, summarize the actual construction cost quotes/estimates associated with the new construction and include in the appraisal copies of quotes and specifications that are sufficient to adequately describe the proposed construction.</p> <p>If an existing facility is appraised "as-improved" that will include repairs/upgrades, document the proposed repairs/upgrades and include the estimated cost.</p> <p>Identify the legal permitted capacity in AUs (animal units). Identify and discuss if the dairy is a CAFO. Does the CAFO have an approved nutrient/manure management plan that is in compliance, with adequate and available acres? Appraisers should be provided with information related to the operations status as a CAFO and compliance on their nutrient/manure management plan <u>when the information is available</u>. Appraisers should review and discuss this information with the property owner and note any compliance issues. Analyze and discuss the market area feed base capacity to support the operation.</p> <p>Discuss the available legal surface and groundwater rights (verification if available) necessary to support the projected dairy capacity in the analysis.</p> <p>Identify and differentiate between the equipment considered personal property and fixtures required for the ongoing farm operation for the subject and/or sales. Show contributory value separately for non-real property items.</p>

--*

***--Dairy Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
3	Approaches to Value	<p>For dairy appraisals, generally all three approaches are applicable and necessary.</p> <p>Analyze available local sales to adequately support the value of the subject's dairy facilities. When there are insufficient local sales, regional sales may be considered. Analyze and adequately support adjustments for locational differences if applicable. Discuss and support the selection of comparable sales. Sales selected should reflect the attributes of the subject and should be similar operations. Sales verification is the key to the analysis of dairy farm sales and should include the same degree of building description and analysis as listed above under "Subject Description".</p> <p>Analyze subject and sales in the same manner and include sufficient detail from the sales analysis in the appraisal to support the appraisal. Units of comparison, as determined from the market, should be discussed. Commonly used units of comparison for dairy farms are \$/acre or \$/stall/milk cow.</p> <p>The exclusion of any of the 3 approaches to value <u>must explain why</u> an excluded approach is not necessary for credible results.</p>
4	Sales Comparison Approach	<p>Show direct (head to head) comparison of subject and sales summarized in a grid. Explain and support all adjustments in sufficient detail. Explain how the value opinion was selected from the direct comparisons (such as which sales were given the most weight). Comparability of sales should focus on similarities relating to housing (conventional or free stall) and feed (purchased/grown/land base) and/or other similarities that influence value.</p>

--*

***--Dairy Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
5	Cost Approach	<p>Show cost approach calculations including RCN estimates and contributory values. Use typical cost for RCN calculations and discuss any differences in actual quotes/estimates from typical cost (if applicable). Provide market data to support typical RCN. Sales analysis should support depreciation rates and typical economic life. Include the following:</p> <ul style="list-style-type: none"> • Show the contributory value of each building with significant contributory value and discuss effective ages and remaining economic life, taking into account physical, functional and external obsolescence. Buildings of like use, age, and condition can be grouped for analysis purposes and should be adequately described. • Show the contributory value of fixtures / equipment and discuss effective age and remaining economic life, taking into account physical, functional and external obsolescence. <p>Show the contributory value of the land components supported by local sales and state the contributory value of any site improvements (wells, septic tanks, pads and roads) as a separate entry, or as part of the building contributory value. If site improvement value is included as part of the building contributory value, ensure that any value differences are explained and discussed.</p>
6	Income Approach	<p>Cash rent and typical owner/operator are the generally suggested methods used for income approach calculations. If cash rent information is limited, typical owner operator data can be used from dairy farm business summaries of similar sized dairy operations to estimate typical incomes and expenses. Projected income and expenses for other farm enterprises should be addressed as well. Discuss the subject's enterprises actual income & expenses vs. typical when significant differences occur. Property should be appraised on a fee simple basis verse a leased fee basis.</p> <p>Discuss selection of cap rates and which sales are given the most weight. Rate selection should be from similar sales and homogenous data, i.e., cash rents comps or owner/operator mirroring the method used for the subject.</p>

--*

***--Dairy Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
7	Reconciliation & Final Value Allocation	<p>Reconcile the three approaches to value and discuss which approach is given the most weight.</p> <p>Allocate the final value opinion into the contributory value of the component parts for the land, land improvements, and structural improvements (including fixtures and equipment).</p> <p>The contributory value of any non-real property items included in the value should be shown separately and discussed.</p>

--*

***--Hog Addendum to FSA Appraisal Guidelines**

In addition to the general FSA appraisal guidelines, the following is a supplement specific to hog appraisals.

Item	Information Element	Content Description
1	Market Description	Summarize the market for hog operations in the subject area based on contacts with local integrators, lenders, and growers. Provide a general discussion of the rates and terms being offered by integrators to hog producers. The description shall discuss the subject integrator as well as other integrators operating in the area.
2	Subject Description	<p>Describe the hog buildings and fixtures/equipment associated with each building in sufficient detail including the age and condition of each. For existing facilities, state and discuss the actual age and effective age for each and reconcile any differences. Typically, a lower effective age requires detailed documentation of significant upgrades. Identify and document all prior repairs/upgrades including cost estimates and year completed. A visual inspection of the interior is necessary to adequately assess the condition for existing facilities. If interior inspection is not possible contact the Client for guidance.</p> <p>If the subject is an existing facility, appraised “as-improved” to include repairs/upgrades, document the proposed repairs/upgrades including cost estimates. A hypothetical condition should be stated.</p> <p>If the subject is new construction, summarize the actual construction cost quotes/estimates associated with the new construction and include in the appraisal copies of quotes and specifications sufficient to adequately describe the proposed construction. A hypothetical condition should be stated.</p> <p>Identify the legal permitted capacity in AUs (animal units). Does the Confined Animal Feed Operation (CAFO) have an approved nutrient / manure management plan that is in compliance, with adequate and available acres? Appraisers should be provided with information related to the operations status as a CAFO and compliance on their nutrient/manure management plan <u>when the information is available</u>. Appraisers should review and discuss this information with the property owner and note any compliance issues.</p>

--*

***--Hog Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
2 (Cntd)	Subject Description	<p>If applicable, discuss the available legal surface and groundwater rights (verification if available) necessary to support the projected hog capacity in the analysis.</p> <p>Discuss manure premiums and/or manure easements (spray field easements/application easements) or other similar issues. Ensure that they are adequately addressed in the nutrient/manure management plan.</p>
3	Hog Production Contract/ Agreement	<p>Summarize the contract or proposed grower contract/agreement with the integrator (if applicable) for the subject and under what terms and/or conditions the contract is subject to (such as any repairs or upgrades to the facilities that may be required to obtain the contract). Include income and expense estimates.</p> <p>Is the subject contract similar to a typical market contract? If there are significant contract differences between the existing contract (leased fee) and typical market contract (fee simple) that impact value, they should be discussed with the Client and in the report.</p>
4	Integrator Requirements	<p>Describe the standards for equipment and buildings required by integrators and whether the subject's hog building(s) meet, exceed, or do not meet the integrator's standards, if applicable. Discuss the compatibility of the subject improvements with requirements of other integrators in the area as well.</p> <p>If the hog building(s) are no longer in operation, additional discussion is needed. If the building(s) are obsolete, this needs to be explained in the appraisal. If the building(s) can be put back into production, then an estimated cost to cure to bring them into compliance with the integrator's contract standards should be provided.</p>

--*

***--Hog Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
5	Approaches to Value	<p>For a hog appraisal, generally all three approaches are applicable and necessary.</p> <p>Analyze such local sales that are available to adequately support the value of the subject's hog facilities. When there are insufficient local sales, regional sales may be considered. Analyze and adequately support adjustments for locational differences if applicable. Discuss and support the selection of comparable sales.</p> <p>Include sufficient detail from the sales analysis in the appraisal to support the subject analysis. Units of comparison should be determined from the market.</p>
6	Sales Comparison Approach	<p>Show direct (head to head) comparison of subject and sales summarized in a grid. Explain and support all adjustments in sufficient detail. Use a market unit of comparison that is understandable and supportable. Explain which sales were given the most weight from the direct comparisons for the value opinion.</p>
7	Cost Approach	<p>Provide market (local/cost provider) data to support typical RCN. Use typical cost for RCN calculations, but discuss any differences in actual quotes/estimates from typical cost. For existing operations, also provide market data to support typical economic life and to support depreciation rates used.</p> <p>Include the following.</p> <ul style="list-style-type: none"> • The contributory value of the land components. Include vacant land sales to support the contributory values. • Describe, discuss and explain the contributory value of any site improvements (manure lagoons, wells, septic tanks, roads and loading areas, etc.) for the subject and sales. They should be consistently analyzed. Any significant value differences should explained and discussed. • The RCN, effective age, remaining economic life, and contributory value of each building and the fixtures/equipment and documenting the physical, functional and external depreciation calculations.

--*

***--Hog Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
8	Income Approach	<p>Compare and discuss actual income and expenses from the contract projections to typical market income & expenses. Other projected farm related income and expenses, should be discussed as well.</p> <p>Property should be appraised on a fee simple basis. Discuss selection of cap rates and which sales are given the most weight.</p>
9	Final Value Allocation	<p>Allocate the final value opinion into the contributory value of the component parts for the land, land improvements, and structural improvements (including fixtures and equipment). The contributory value of any personal property included in the value should be shown separately.</p>

--*

***--Poultry Addendum to FSA Appraisal Guidelines**

In addition to the general FSA appraisal guidelines, the following is a supplement specific to poultry appraisals.

Item	Information Element	Content Description
1	Market Description	Summarize the market for poultry operations in the subject area based on contacts with local integrators, lenders, and growers. Determine the amount and range of contract production payments and terms being paid to poultry operators. The description shall discuss the subject integrator as well as other integrators operating in the area.
2	Subject Description	<p>Describe the poultry buildings and fixtures/equipment associated with each building in sufficient detail including the age and condition of each. For existing facilities, state and discuss the actual age and effective age for each and reconcile any differences. Typically, a lower effective age requires detailed documentation of significant upgrades. Identify and document all prior repairs/upgrades including cost estimates and year completed. A visual inspection of the interior is necessary to adequately assess the condition for existing facilities.</p> <p>If subject is an existing facility, appraised “as-improved” to include repairs/upgrades, document the proposed repairs/upgrades including cost estimates. A hypothetical condition should be stated.</p> <p>If the subject is new construction, summarize the actual construction cost quotes/estimates associated with the new construction and include in the appraisal copies of quotes and specs sufficient to adequately describe the proposed construction. A hypothetical condition should be stated.</p> <p>Identify the legal permitted capacity. Identify any personal property included on subject and/or sales, and show contributory value separately from real estate.</p> <p>Adequately describe the land and land improvements as well as any other improvements.</p>

--*

***--Poultry Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
3	Poultry Production Contract/ Agreement	<p>Summarize the contract or proposed grower contract/agreement with the integrator (if applicable) for the subject and under what terms and/or conditions the contract is subject to (such as any repairs or upgrades to the facilities that may be required to obtain the contract). Include income and expense estimates.</p> <p>If the value of the subject property is dependent upon the contract, then an analysis of the relationship of the contract to the subject's real property and how the contract impacts the value of the real property must be explained in the appraisal report.</p>
4	Integrator Requirements	<p>Describe the standards for equipment and buildings required by integrators and whether the subject's poultry houses meet, exceed, or do not meet the integrator's standards. Discuss the compatibility of the subject improvements with requirements of other integrators in the area as well.</p> <p>If the poultry house(s) are no longer in operation, additional discussion is needed. If the houses are obsolete, this needs to be explained in the appraisal. If the houses can be put back into production, then an estimated cost to cure to bring them in compliance with the integrator's contract standards should be provided.</p>
5	Approaches to Value	<p>For a poultry appraisal, generally all three approaches are applicable and necessary.</p> <p>Analyze such local sales that are available to adequately support the value of the subject's poultry facilities. When there are insufficient local sales, regional sales may be considered. Analyze and adequately support adjustments for locational differences if applicable. Discuss and support the selection of comparable sales.</p> <p>Incorporate the same appraisal methods and techniques to analyze the subject and comparable sales and provided adequate documentation of adjustments to support the subject value conclusion. Include sufficient detail from the sales analysis in the appraisal to support the subject analysis.</p> <p>Units of comparison should be determined from the market, but for poultry appraisals, the most common unit of comparison is square footage of the poultry houses.</p>

--*

***--Poultry Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
6	Sales Comparison Approach	Show direct comparison of subject and sales summarized in a grid. Explain and support all adjustments in sufficient detail. Use a unit of comparison that is understandable and supportable. FSA recommends using value per square foot of poultry houses.
7	Cost Approach	<p>Provide market data to support typical RCN. Use typical cost for RCN calculations, but discuss any differences in actual quotes/estimates from typical cost. For existing operations, also provide market data to support typical economic life and to support depreciation rates used.</p> <p>Include the following:</p> <ul style="list-style-type: none"> • The contributory value of the land components. Include vacant land sales to support the contributory values. • The contributory value of any site improvements (wells, septic tanks, roads and loading areas, etc.). Discuss whether building pads are included with buildings or with site improvements. • The contributory value and remaining economic life of each building, taking into account physical, functional and external obsolescence. Buildings of like kind, age, and condition can be grouped. See comments under Item 2 above. <p>The contributory value and remaining economic life of equipment/fixtures associated with each building, taking into account physical, functional and external obsolescence. Equipment of like kind, age, and condition can be grouped. See comments under Item 2 above.</p>
8	Income Approach	Show income and expense projections used in the income approach. Income and expenses should be based on income and expenses extracted from market data for a typical operation. Compare to integrator's projections. Projected income and expenses for other farm related enterprises, if applicable, should be addressed as well. Discuss subject actual income & expenses vs. typical income & expenses if different.
9	Final Value Allocation	Allocate the final value opinion into the contributory value of the component parts for the land, land improvements, and structural improvements (including fixtures and equipment). The contributory value of any personal property included in the value should be shown separately.

***--Appraisal Service Engagement Letter**

The following sample may be used as an appraisal service engagement letter.

(Letterhead)	(Current DATE)
Dear (name of appraiser)	
Your quote of \$ (Amount) is acceptable and you have agreed to complete an appraisal(s) of the following property(ies) 911 address(es) and short legal(s) located in (County(ies)). The Farm Service Agency (FSA) applicant is (name of applicant).	
You have agreed to deliver the appraisal report(s) by (Deliver By Date) to FSA. This is your authorization to provide appraisal services to FSA as described. Your Appraisal Point of Contact (APOC) will be <u>Appraisal Point of Contact, Name, Phone Number, Email</u> .	
This also authorizes you to contact the owner or applicant and have access to the subject property. You must contact the property owner and/or applicant or authorized representative to provide them the opportunity to accompany you on the property inspection. If you cannot reach this individual, contact an FSA representative for consultation before you inspect the property.	
Additionally, this is your authorization to obtain certain information from FSA that may assist you in completing the FSA appraisal assignment. You should provide a copy of this letter to the FSA County Office(s) when requesting information from FSA. The information that the FSA County Office can provide you is limited to the subject property and comparable sales that will be used in the appraisal process. You are contractually bound by the same requirements of information confidentiality as are Government employees and as further described in the Statement of Work (SOW).	
FSA County Offices are directed by the State Office to release the necessary information to appraisers working for FSA that are completing an appraisal assignment. As a State (Certified General) appraiser, providing appraisal services to FSA, you can request certain information from FSA regarding ARC/PLC contract acres, payment yields, agricultural use acres and cropland acres (Common Land Unit (CLU) acres), digital imagery, Conservation Reserve Program (CRP) contract acres, highly erodible land delineations and wetland classifications.	
Since FSA is your client, FSA may provide more specific information. Any information provided by FSA on CRP payments per contract, per acre basis or ARC/PLC commodity yield per acre basis is <u>confidential</u> and is protected in accordance with Uniform Standards of Professional Appraisal Practices (USPAP) confidentiality ethics rule and shall not be available to the general public. This information can only be retained in your work file. FSA program information may be reported only on total payment and acre basis and in generic terms in the appraisal report.	

--*

***--Appraisal Service Engagement Letter (Continued)**

If the FSA County Office does not provide the requested information to you in a timely manner, notify the APOC immediately for assistance.

In the acceptance to complete this appraisal assignment, you agree to perform services for FSA in accordance with the applicable SOW, other requirements, conditions and terms as described in the Appraisal Order.

Key USPAP information and reporting requirements are as follows.

- The subject property is listed above.
- The **client** will be Farm Service Agency.
- The **intended users** will be Farm Service Agency and Big Ag Bank.
- The **purpose** is to provide an opinion of market value.
- The **intended use** of this appraisal is for Loan Servicing - SAA (from List). Provide the reference when identified intended use requires them (this is for Shared Appreciation Agreement Recapture, partial release, or foreclosure).
- The Appraisal Condition is list. Provide additional and applicable comment.
- The property rights to be appraised are list. Provide additional and applicable comment.
- Any applicable "extraordinary assumptions" or "hypothetical conditions" must be clearly disclosed and agreed upon with the APOC prior to their use.

The Work Order provides additional detail to perform the appraisal.

If any of the information and instructions are different than discussed, or if the inspection of the subject reveals information that conflicts or is significantly different than what was provided, contact the APOC immediately.

A PDF electronic copy is the preferred method of appraisal report delivery. Send by e-mail to Ordering Official and APOC, e-mail address provided by the Work Order. If a PDF electronic copy is not available, discuss delivery requirements with the APOC.

If there are questions or additional information is needed, contact the ordering official or APOC.

Sincerely,
APOC

RE: Appraisal Request – Introduction of Vendor

This letter introduces _____, who has been awarded a work order for providing the Farm Service Agency (FSA) an appraisal. The appraisal is prepared for the sole use and specific needs of FSA. The vendor will be contacting you in the near future to make arrangements to inspect your property and gather information needed for the appraisal.

The vendor may receive and record information necessary for reviewing and completing the appraisal. The vendor is contractually bound by the same requirements of information confidentiality as are Government employees. We ask you to cooperate with the appraiser, show your property and provide the information needed to perform the appraisal.

If you believe that this trust has been violated or that the vendor is not performing as an FSA employee would, please contact your local FSA office at:
If you have questions, please contact <authorized agency official> at <office phone number>.

Sincerely,

Authorized Agency Official Signature

CC: Farm Loan Manager, FSA, County
Applicant

***--Notice to Vendor For Cause**

The following is an example for notice to vendor for cause.

Dear :

Our records indicate that you have failed to perform the appraisal assignment as contracted for:

Assignment Name:

County Location:

Property Location:

Expected Delivery Date:

within the time required by its terms. The Government is considering terminating the purchase of appraisal services or contract under the provisions for default of this contract. You have not requested an extension to the delivery date of the assignment or if requested, the proposed extension to the delivery date was not acceptable.

Further, in accordance with the Statement of Work (SOW) the Government will assess a liquidated damages fee at a rate of 3% from the date of this notification. Please review the SOW for the specific amount of liquidated damages fee that may be assessed.

You are informed that if within 30 calendar days from the date of this notice the appraisal report is not received and accepted, the appraisal assignment will be terminated. No payment for services will be rendered to you for failure to meet the terms of the contract.

Pending a final decision in this matter, it will be necessary to determine whether your failure to perform arose from causes beyond your control and without fault or negligence on your part.

Accordingly, you are given the opportunity to present, in writing, any facts bearing on the non-delivery under the contract to:

Contracting Officer (CO):

Address:

Phone:

E-mail:

--*

***--Notice to Vendor For Cause (Continued)**

within 10 calendar days after receipt of this notice. Failure to present any cause within this time may be considered as an admission that none exist. Your attention is invited to the respective rights of the Contractor and the Government and the liabilities that may be invoked if a decision is made to terminate for default.

Liquidated damages fee beyond 10 calendar days from the date of this notice may be waived at the discretion of the Government upon CO decision regarding the notice of cause.

Any assistance given to you on this contract or any acceptance by the Government of delinquent goods or services will be solely for the purpose of mitigating damages, and it is not the intention of the Government to condone any delinquency or to waive any rights the Government has under the contract.

If you have any questions or need any further information, please contact:

Appraisal issues/Appraisal Point of Contact: at

Contracting issues: Contracting Officer at

Micro-Purchase issues:

FSA County Office:

Sincerely,

Enclosures
