Part 1 Introduction and Purpose

1 Purpose and Sources of Authority

A Handbook Purpose

[7 CFR 761.1(d)] This part describes the Agency's general and administrative policies for its guaranteed and direct Farm Loan Programs. In general, this part addresses issues that affect both guaranteed and direct loan programs.

This handbook is designed to assist FSA in understanding:

- general and administrative regulations governing FLP's
- roles and responsibilities in implementing those regulations and other general and administrative responsibilities.

B Sources of Authority

The sources of authority for this handbook include:

- 7 CFR Part 761 and other regulations that may be referenced throughout this handbook
- the various laws and statutes passed by Congress, including CONACT.

C Regulation References

Text in this handbook that is published in the CFR is printed in **bold** text. The CFR citation is printed in brackets in front of the text. The references and text:

- are intended to highlight the requirement spelled out in CFR
- may be used to support FSA adverse decisions.

*--D FLP Objectives

7 CFR Parts 761 through 767 set forth FSA's regulations for FLP's. **The objective of these programs is to provide supervised credit and management assistance to eligible farmers to become owners or operators, or both, of family farms, to continue such operations when credit is not available elsewhere, or to return to normal farming operations after sustaining substantial losses as a result of a designated or declared disaster. These regulations apply to loan applicants, borrowers, lenders, holders, Agency personnel, and other parties involved in making, guaranteeing, holding, servicing, or liquidating such loans. The programs are designed to allow those who participate to transition to private commercial credit or other sources of credit in the shortest period of time practicable through the use of supervised credit, including farm assessments, borrower training, market placement, and borrower graduation requirements.--***

C State Supplements

*--See Exhibit 4 for State supplements required by this handbook. SED's are authorized to issue State supplements to this handbook in addition to State supplements listed in Exhibit 4.

Note: Additional State supplements may:

- **not** be issued to simply state verbatim, policies already established in the national handbook
- be issued:
 - when the national handbook does not provide complete guidance
 - to provide additional guidance for employees with limited experience
 - when State law requirements are not specifically addressed in the national handbook.--*

SED's shall:

- issue required supplements, and any additional supplements, according to 1-AS, paragraph 216
- obtain approval of State supplements according to 1-AS, paragraph 220.

3 FLP Forms

A Form References

Except as provided in this paragraph, this handbook refers to forms according to the new forms numbering system that becomes effective December 31, 2007. Forms executed before December 31, 2007, may have a number different from that referenced. See Exhibit 5 for a comparison of form numbers before and after December 31, 2007.

Note: See Exhibit 1 for titles of forms referenced in this handbook.

With the exception of FSA-2510, FSA-2512, and FSA-2514, form numbers are not referenced in CFR (**bold**) text. CFR refers to forms by either:

- the common name of the form

Example: CFR may state “a promissory note” instead of stating “FSA-2026”.

- purpose or the information collected.

Example: CFR may state “a conservation contract” instead of stating “FSA-2535”.

This handbook may refer to the following forms by title and/or form number.

Form Number	Form Title
FSA-2026	Promissory Note
FSA-2543	Shared Appreciation Agreement

B FSA-2029

All references to FSA-2029 within this handbook are intended as a reference to the applicable State-specific Mortgage or Deed of Trust. State-specific Mortgages or Deeds of Trust are available on the FFAS Employee Forms/Publications Online Website at ***--<http://intranet.fsa.usda.gov/dam/ffasforms/forms.html> and are numbered--*** FSA-2029 “ST”.

Notes: “ST” represents the appropriate State acronym.

SED is not required to issue a State supplement for the State-specific version of FSA-2029.

C Notary Acknowledgement

Forms do not include preprinted text for the Notary Acknowledgement because numerous States have State-specific laws establishing required text. Therefore, a fillable text area is provided under the “Acknowledgement” heading. SED’s shall issue State supplements providing the appropriate Notary Acknowledgement text to be inserted.

3 FLP Forms (Continued)

D Applicant and Borrower Signatures

Forms completed by applicants or borrowers include a signature box to accommodate multiple signatures. Separate signature lines are not provided because the number of signatures required for an entity applicant or borrower cannot be determined in advance. Instructions for completing forms will provide guidance to applicants or borrowers on signature requirements.

Forms prepared by FSA for the applicant or borrower's signature include a fillable area instead of preprinted signature lines. County Offices shall insert a signature line and the name of each applicant, borrower, entity member, or other individual required to sign the form.

SED's shall issue a State supplement addressing State-specific signature requirements.

E State Office Modified National Forms

State and County Offices shall use national forms unless their use is prohibited by State law. If modification to a national form is required to comply with State law, the State Office shall submit a copy of the national form showing the necessary modifications, through the State Directives Management System.

Note: State-specific forms based on national forms will be made available on the FFAS Employee Forms/Publications Online Website at
--<http://intranet.fsa.usda.gov/dam/ffasforms/forms.html> with the same form--
number as the national form, followed by the State acronym.

3 FLP Forms (Continued)

F State-Created Forms

State Offices may create forms, as necessary, when a national form is not available. State-created forms shall be assigned a 5-digit number establishing linkage to the appropriate FLP handbook, followed by the State acronym, according to the following.

IF the form pertains to...	THEN the form number shall be...
more than one FLP handbook	FSA-2000-1 ST, FSA-2000-2 ST, FSA-2000-3 ST, etc.
1-FLP	FSA-2100-1 ST, FSA-2100-2 ST, FSA-2100-3 ST, etc.
2-FLP	FSA-2200-1 ST, FSA-2200-2 ST, FSA-2200-3 ST, etc.
3-FLP	FSA-2300-1 ST, FSA-2300-2 ST, FSA-2300-3 ST, etc.
4-FLP	FSA-2400-1 ST, FSA-2400-2 ST, FSA-2400-3 ST, etc.
5-FLP	FSA-2500-1 ST, FSA-2500-2 ST, FSA-2500-3 ST, etc.
6-FLP	FSA-2600-1 ST, FSA-2600-2 ST, FSA-2600-3 ST, etc.

Notes: “ST” represents the appropriate State acronym.

Before using State forms imposing information collections on 10 or more persons per year, State Offices shall work with the National Office to obtain OMB approval.

SED shall issue State supplements, as applicable, to address the use of all State-specific and State-created forms.

Exception: State-specific FSA-2029’s do not require State supplement issuance.

*--G Other Sources of Forms

FSA does not provide forms that establish an agreement or contract between applicants/borrowers and third parties only, such as leases. Advise applicants/borrowers to obtain such forms from other sources, such as Extension Service, on-line services, attorney, etc.--*

- maximum loan limits.

B Program Authority

CONACT, Section 339 provides the Secretary of Agriculture authority to issue regulations and make delegations of authority as necessary to administer FLP. The Secretary delegated FLP authorities to the Under Secretary for FFAS in 7 CFR 2.16. The Under Secretary further delegated these authorities to the FSA Administrator in 7 CFR 2.42. The Administrator delegates authorities to SED's, as applicable.

[7 CFR 761.1] (a) The Administrator delegates the responsibility to administer Farm Loan Programs of the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) to the Deputy Administrator for Farm Loan Programs subject to any limitations established in 7 CFR 2.16 (a) (2) and 7 CFR 2.42.

(b) The Deputy Administrator may:

- (1) Redelegate authorities received under subparagraph (a); and**
- (2) Establish procedures for further redelegation of authority.**

CONACT, Section 376 provides the Secretary of Agriculture authority to use CED's to make and service FLP loans to the extent CED's have been trained to do so.

22 General Delegation Requirements

A General Provisions

The following general provisions apply to FLP delegations of authority.

- SED shall consult with FLC before issuing, revising, or revoking delegations of authority.
- Authority should be delegated to the lowest level possible, consistent with employee training and experience, program requirements, and available resources.
- *--All delegations of authority must be in writing; the format provided in subparagraph B may be used.

Note: When a delegation is made to a specific individual, a specific memorandum must be sent to that person, with copies maintained in the appropriate files. However, if SED delegates a position, such as “All District Directors” or “All FLP Specialists”, then a State Supplement to the handbook should be issued establishing the delegation. Only positions should be used and not individual names.--*

- An employee who has been delegated an authority listed in Exhibit 7, may not redelegate their authority to another employee.

Note: This does not apply when designating acting officials.

- Once authority is delegated, it is retained until revised or revoked according to subparagraph C.

Notes: See subparagraph 27 A for information about the impact of a change in grade or position on loan approval authority.

A new delegation of authority is not required when SED or FLM who issued the original delegation changes. The new SED or FLM may modify delegations according to subparagraph C.

22 General Delegation Requirements (Continued)**B Sample Delegation Letter**

The following letter may serve as a template for delegating authority.

To:	Name Title
Subject:	Delegation of Authority
In my authority as (Title of Delegator) , I hereby delegate to you the following authority(ies):	
•	_____
•	_____
•	_____.
This/these delegation(s) will continue until revoked or revised in writing.	
(Signature)	
(Title)	
(Date)	
cc:	State Office (2 copies)

C Revising and Revoking Delegated Authority

SED or FLM may revise or revoke any authority they have delegated to an employee as justified by the employee's performance and need for the authority. FLM may not revise or revoke any authority delegated by SED. Any revision or revocation of authority must be in writing. When an individual's authority is reduced or revoked, the employee must be given specific reasons for the action.

23 State Office and Service Center Authorities**A Overview**

FSA's decisions to approve or reject a loan or servicing request have broad implications for the applicant or borrower and FSA. These decisions affect the applicants' lives, the achievement of program objectives, and FSA's risk exposure. Therefore, it is imperative that certain authorities be limited to those employees who have met the training and experience requirements and have been formally delegated authority.

B State Office Employees

FLP authorities, except those in Exhibit 7, subparagraph A, are inherent to the position for FLC, FLS, and DD.

C Service Center Employees

--FLP authorities, except those in Exhibit 7, subparagraph A, are inherent to the positions of FLM and SFLO. FLM and SFLO may delegate authorities in Exhibit 7, subparagraph B-- to FLO or PT.

Authorities listed in Exhibit 7, subparagraph B may be delegated to other Service Center employees, if necessary, based on the State organizational structure, as follows:

- FLM, in consultation with CED, may delegate authorities to CO PT's
- SED, in consultation with FLC, may delegate authorities to CED's who are deemed by them to have demonstrated experience and have received adequate training.

23 State Office and Service Center Authorities (Continued)

D Acting Officials

Acting officials, other than SED, have the inherent authorities of their regular position and the inherent authorities of the acting position, unless otherwise restricted on the designation document. An acting designation does not increase an employee's loan approval authority. Loan approval authority may only be revised according to subparagraph 22 C.

Acting SED is authorized to approve:

- loans up to the maximum limits established in subparagraph 29 D
- actions which will result in a loss to the Government.

Note: The acting FLM will be designated according to 16-AO, subparagraph 287 E.

The following letter may serve as a template for designating acting officials.

To:	Name Title
Subject:	Delegation of Authority
You are hereby designated to serve as Acting (Title of Delegator), from (Starting Date) to (Ending Date). I hereby delegate to you all rights, privileges, and powers of the position (except the following: • _____ • _____ • _____.) (Signature) (Title) (Date) cc: State Office (2 copies)	

23 State Office and Service Center Authorities (Continued)

E Limitations on Inherent Authorities

SED must:

- *--provide a State Office employee, FLM, or SFLO written notification of any limitations on inherent authorities
- limit inherent authorities of employees selected as DD, FLS, FLM, or SFLO who have--* not completed required training.

F Redelegating SED Authorities

SED's may:

- redelegate their loan approval authority to FLC, FLS, or DD
- redelegate their authority to allow the use of a restricted appraisal report to the designated State staff appraiser
- not redelegate their approval authority for any action that will result in a loss to the Government.

24 Delegating Appraisal Authority**A General Requirements**

Only SED's may delegate appraisal authority according to Exhibit 7, subparagraph A. SED's may delegate appraisal authority to FSA employees who have completed the required training and have the necessary experience.

B Chattel Appraisals

SED may delegate chattel appraisal authority to employees who have completed the training requirements in subparagraph 145 A.

C Real Estate Appraisals Involving Transactions of \$100,000 or Less

SED may delegate authority to prepare real estate appraisals when the total credit transaction is less than \$100,000 to employees who have completed the training requirements in subparagraph 146 C.

D Administrative Appraisal Reviews

SED may delegate authority to complete administrative appraisal reviews to employees who have completed the training requirements in subparagraph 143 B.

25 Delegating Loan Approval Authority

A Receiving Approval Authority

Employees must meet the following requirements to receive loan approval authority.

- *--Employees selected for FLO, DD, FLS, and CED positions designated to obtain loan--* approval authority, must:

- complete the formal FLO training program

Note: The FLO training program is designed to combine classroom type training and *--hands-on experience within a 1-year period. Selected employees will work--* under the guidance of an experienced approval official.

- successfully complete the Credit and Financial Analysis Training course that is part of the formal FLO training program
 - pass the FLP training comprehensive test.

Note: See 6-PM, subparagraph 198 B for actions if an employee fails to pass the second comprehensive test.

- FLOT's may or may not receive delegated loan approval during the designated training period. FLOT's may receive career ladder promotions up to and including GS-9 without loan approval authority as long as FLOT meets the time-in-grade requirement and the performance warrants the promotion, based on the performance rating completed by the immediate supervisor. To achieve promotion to GS-11, FLO must have completed the FLO training program, obtained loan approval authority, and shown proficiency in completing the duties and responsibilities of an FLO with limited supervision, meet time-in-grade requirements, and the performance warrants promotion to GS-11, based on the performance rating completed by their immediate supervisor.

25 Delegating Loan Approval Authority (Continued)

A Receiving Approval Authority (Continued)

•*--FLM's, SFLO's, FLO's, DD's, FLS's, and CED's must submit the following number of independently prepared files that meet the State credit quality standards, as established in subparagraph 28 A.

- FLM's, SFLO's, FLO's, and CED's must meet the State credit quality standards--* on a minimum of 5 files of which, at least 2 must be term loans. Not more than 7 files may be submitted to meet this requirement.
- DD's and FLS's must meet the State credit quality standards on a minimum of 3 files of which, at least 1 must be a term loan. Not more than 4 files may be submitted to meet this requirement. In addition, DD's and FLS's must submit a minimum of 4 acceptable file reviews. Not more than 6 file reviews may be submitted to meet this requirement.

Note: The requirements will be applied to employees hired into these positions after June 17, 2008. Employees currently seeking loan approval authority will be subject to current State policies in existence.

- The files submitted for review must be of sufficient complexity to reflect the ability to make good credit decisions and analyze an applicant's or borrower's operation. The files submitted must be the following types of loans:

- direct loans

Note: Do not submit youth loans.

- guaranteed loan applications from SEL only
- PLS applications.

Notes: In cases where SEL and PLS applications are not available, FLC may substitute direct loans, excluding youth loans, to meet this requirement.

Files submitted for review may include credit actions recommended for approval or rejection.

- DD's without existing FLP approval authority have 1 calendar year from assuming the position of DD to complete the required training and all testing and an additional 6 months to be delegated loanmaking authority.

25 Delegating Loan Approval Authority (Continued)

B Failure to Receive Loan Approval Authority

If an employee whose position description requires the employee to obtain loan approval authority, does not successfully meet the criteria in subparagraph A within the specified timeframe, the supervisor shall develop an OTI or PIP, as appropriate, with the guidance of the trainer and AO.

C CED Loan Approval Authority

SED's, in consultation with FLC and the appropriate DD, may designate CED's to obtain loan approval authority if CED:

- agrees to maintain competency with ongoing FLP activity
- is able to perform the duties according to 27-PM, Exhibit 4.4

Note: 27-PM, Exhibit 4.4 will be attached to the CED's position description when loan approval authority has been delegated.

- completes the formal FLO training program
- meets the requirements established in subparagraph A.

D Circumstances for Designating CED's

SED's, in conjunction with FLC, should identify areas of their State that could justify and benefit from CED having loan approval and servicing authority.

The office or area where CED would be designated by SED to obtain loanmaking and loan servicing approval authority must meet both of the following conditions.

- Direct and/or guaranteed caseload in the office or area is high, complex, or *--geographically challenging and FLM, SFLO, or FLP team servicing the office or area--* needs additional help.

Note: The requirement established in subparagraph 27 D shall be considered when evaluating this condition.

- CED has sufficient time for additional responsibilities required to obtain and maintain loanmaking and loan servicing authority without negatively impacting CED's current farm program obligations.

E COC Concurrence

COC will be required to concur in writing with the additional FLP responsibilities that CED will be incurring.

26 Delegating Loan Servicing Authority

A Delegations to FLO

*--FLM or SFLO may delegate loan servicing authorities to FLO according to Exhibit 7, subparagraph B. Loan servicing authorities shall not be delegated until FLO has successfully completed the FLO training program.

B Delegations to PT

FLM or SFLO may delegate loan servicing authorities to PT, who has the appropriate--* training and experience, according to Exhibit 7, subparagraph B.

C Delegations to CED

See 27-PM, Exhibit 4.4 for FLP responsibilities that may be performed by CED's designated by SED to obtain loan servicing authority.

27 Maintaining Approval Authority

--A Employee Who Accepts New FLP Position Within the State--

When an * * * FLP employee with * * * loan approval and servicing authority accepts a new FLP position within the State, a new delegation of authority is not required.

Loan approval authority is automatically increased when the employee's grade increases, unless:

- SED issues a new delegation of authority limiting the authority
- the original delegation of authority established limitations on approval authority.

--B Hires With Prior Loan Approval Authority in Another State--

Employees who held FLP loan approval authority for at least 1 year immediately before the selection to the new position, may submit a copy of the previous delegation letter, and a statement from the previous FLC, reflecting the quality of docket reviews based upon credit quality review guidelines.

This information shall be used to establish the following:

- necessary actions for obtaining FLP loan approval in the new State
- number of dockets to be submitted in the new State to determine whether approval authority should be delegated to the employee.

New employees who did not hold FLP loan approval authority for at least 1 year immediately before the selection to the position, must submit the number of independently prepared

--files required under subparagraph 25 A. SED, in consultation with FLC, shall determine-- any training required for the employee to be delegated approval authority.

27 Maintaining Approval Authority (Continued)

*--C FLM's, SFLO's, FLO's, and CED's Maintaining Loan Approval Authority

After loan approval and servicing authority is granted, FLC's will continue to monitor the loanmaking and loan servicing activities of employees to ensure that loanmaking and servicing actions meet the established State credit quality standards.

This will require that FLM's, SFLO's, FLO's, and CED's submit files that meet the credit--* quality standard established by SED and FLC in subparagraph 28 A, on a sufficient number of independently prepared files to show continued proficiency. Each State will set a minimum number, no less than 3, of files that must meet the standard. The files submitted for review must be of sufficient complexity to reflect the ability to make good credit decisions and analyze an applicant's or borrower's operation. Files submitted must meet the requirements in subparagraph 25 A.

D CED's Maintaining Responsibility for FLP Activities

SED, in conjunction with FLC, must determine if circumstances warranting the granting of loan approval to CED continue to exist according to subparagraph 25 D. If the circumstances warranting the granting of loan approval authority no longer exist, CED should be advised their loan approval authority will be suspended. Suspension of loan approval authority based on these circumstances will not be considered as a performance issue.

CED's, with only loan servicing responsibilities, will be required at a minimum to service 10 case files according to their servicing authorities each year.

To meet the minimum number of files required each year, CED may be required to process cases outside of their immediate County Office area.

Note: Actions that may be counted include, but are not limited to the following:

- PLS
- disaster set-aside
- subordinations
- partial releases.

DD will be responsible for tracking the number of completed case files per CED.

E Failure to Maintain Loan Approval Authority

If an employee whose position description requires the employee to obtain loan approval authority, does not successfully meet the criteria in subparagraphs C and D, the supervisor must develop an OTI or PIP, as appropriate, with the guidance of AO.

28 Establishing Credit Quality Standards

A Credit Quality Reviews

SED, after consulting with FLC, shall issue a State supplement establishing the method and standards, including what constitutes an acceptable score, for monitoring and evaluating the State's credit quality standards. The supplement must identify the minimum and maximum number of files that will be reviewed, as well as the frequency of credit quality reviews to obtain and maintain loan approval and servicing authority. These credit quality reviews will determine whether an employee's loan approval and/or servicing authority will be granted, revised, limited, or revoked.

***--Note:** The State supplement must specify that if the office being reviewed made any loans using ARRA funds, a minimum of 1 file that used ARRA funds must be included in credit quality reviews.--*

In developing credit quality standards and completing reviews, States may use FSA-2103, FSA-2104, FSA-2119, or any other alternative evaluation guide provided, and, at a minimum, must include the critical items from each of the following:

- FSA-2103, items 2M, 2Q, 2S, and 2U
- FSA-2104, items 2A, 2H, and 2I
- FSA-2119, items 2A, 2B, 2H, 2J, and 2M.

Each quarter FLC will review at least 2 restructured accounts, if available, to ensure that they are processed correctly. These reviews will be completed in conjunction with or in addition to reviews completed under subparagraph 27 C.

Notes: All completed FSA-2103's, FSA-2104's, FSA-2119's, and/or alternative evaluations must be filed in operational file FLP 1-4. No original or copy will be filed in the borrower case file.

SED should take into consideration available staff and resources when developing the credit quality review process. SED and FLC may:

- consider establishing a credit quality team in the State Office or using existing FLP underwriting staff with loan approval and servicing authority, if resources are available
- want to consider establishing the process on a district or FLP team basis.

All employees completing credit quality reviews must have approval authority and a good background in loanmaking and loan servicing.

29 Maximum Loan Authorities

A OL, FO, CL, and EM Program Loan Limitations

Limitations on maximum loan amounts for OL, FO, and EM are established in CONACT. The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act of 1999 (Pub. L. 105-277), amended the limitations applicable to guaranteed OL and FO by providing for an annual adjustment based on the rate of inflation applicable to FY.

[7 CFR 761.8 (a)] The outstanding principal balances for a farm loan applicant or anyone who will sign the promissory note cannot exceed any of the following at the time of loan closing or assumption of indebtedness. If the outstanding principal balance exceeds any of the limits at the time of approval, the farm operating plan must reflect that funds will be available to reduce the indebtedness prior to loan closing or assumption of indebtedness.

(1) Farm Ownership, Down payment loans, Conservation loans, and Soil and Water loans:

(i) Direct--\$300,000;

(ii) Guaranteed--\$700,000 (for fiscal year 2000 and increased at the beginning of each fiscal year in accordance with paragraph (b) of this section);

***--Note:** FY 2012 loan limit is \$1,214,000.--*

(iii) Any combination of a direct Farm Ownership loan, direct Conservation loan, direct Soil and Water loan, guaranteed Farm Ownership loan, guaranteed Conservation loan, and guaranteed Soil and Water loan--\$700,000 (for fiscal year 2000 and--* increased each fiscal year in accordance with paragraph (b) of this section) (subparagraph B);

***--Note:** FY 2012 loan limit is \$1,214,000.--*

(2) Operating loans:

(i) Direct--\$300,000;

(ii) Guaranteed--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section);

***--Note:** FY 2012 loan limit is \$1,214,000.--*

29 Maximum Loan Authorities (Continued)

A OL, FO, CL, and EM Program Loan Limitations (Continued)

(iii) Any combination of a direct Operating loan and guaranteed Operating loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section);

--Note: FY 2012 loan limit is \$1,214,000.--

(3) Any combination of guaranteed Farm Ownership loan, guaranteed Conservation loan, guaranteed Soil and Water loan, and guaranteed Operating loan--\$700,000 (for fiscal year 2000 and increased each fiscal year in accordance with paragraph (b) of this section);

--Note: FY 2012 loan limit is \$1,214,000.--

(4) Any combination of direct Farm Ownership loan, direct Conservation loan, direct Soil and Water loan, direct Operating loan, guaranteed Farm Ownership loan, guaranteed Conservation loan, guaranteed Soil and Water loan, and guaranteed Operating loan--the amount in paragraph (a)(1)(ii) (subparagraph A) of this section plus \$300,000;

--Note: FY 2012 loan limit is \$1,514,000.--

(5) Emergency loans--\$500,000;

(6) Any combination of direct Farm Ownership loan, direct Conservation loan, direct Soil and Water loan, direct Operating loan, guaranteed Farm Ownership loan, guaranteed Conservation loan, guaranteed Soil and Water loan, guaranteed Operating loan, and Emergency loan--the amount in paragraph (a)(1)(ii) (subparagraph A) of this section plus \$800,000.

--Note: FY 2012 loan limit is \$2,014,000.--

B Adjustment for Guaranteed Loans

[7 CFR 761.8 (b)] The dollar limits of guaranteed loans will be increased each fiscal year based on the percentage change in the Prices Paid by Farmers Index as compiled by the National Agricultural Statistics Service, USDA. The maximum loan limits for the current fiscal year are available in any FSA office and on the FSA website at <http://www.fsa.usda.gov>.

29 Maximum Loan Authorities (Continued)**C Line of Credit Advances**

[7 CFR 761.8 (c)] The total dollar amount of guaranteed line of credit advances and income releases cannot exceed the total estimated expenses, less interest expense, as indicated on the borrower's cash flow budget, unless the cash flow budget is revised and continues to reflect a feasible plan.

A Standard Eligible Lender must obtain Agency approval before issuing future year's funds according to 2-FLP, subparagraph 265 C. Approval may be provided by any Agency official with loan approval authority, and is not subject to the maximum loan limits established in subparagraph D.

Note: PLP and CLP lenders may provide future years' funds without prior FSA approval.

D Official Loan Approval Limitations for OL, FO, CL, and EM

The following identifies the maximum loan approval authority for OL, FO, CL, and EM by grade and title of approval officials at the time of loan closing. All loan approval limitations include the loan being made plus any outstanding principal balances owed by anyone who will sign the promissory note. For LOC's, the maximum amount of the LOC ceiling will be considered the outstanding principal balance. An approval official cannot approve or reject a loan request that will exceed the official's approval authority at the time of loan closing. The official must forward the loan and recommendations to the appropriate approval official for action.

CO County Office employees who have loan approval authority may not exceed the authority of the equivalent grade FLO or FLM.

SED, in consultation with FLC, may raise the loan approval authority limits for FLM's and senior FLO's who routinely show a higher than average loanmaking proficiency by the following:

- direct loanmaking, increase up to an additional \$50,000
- guaranteed or a combination of direct and guaranteed loanmaking, increase up to an additional \$200,000.

SED, after consulting with FLC, shall issue a State supplement establishing the method and standards, including what constitutes higher than average proficiency, for monitoring and evaluating the basis for raising loan approval authorities. This State supplement must be submitted for preapproval.

Note: Loans to employees in a County Office must be approved by the State Office. Loans to State Office employees must be approved by the National Office.

29 Maximum Loan Authorities (Continued)

D Official Loan Approval Limitations for OL, FO, CL, and EM (Continued)

Four loan approval criteria need to be considered when determining whether a loan is within an approval official's authority. Each loan approval decision must meet all applicable criteria. Approval limitation I establishes the maximum by assistance type. Approval limitation II establishes the maximum for combinations of direct and guaranteed by assistance type. Approval limitation III establishes the maximum for combinations of all direct and guaranteed assistance types, except EM. In addition, it provides total guaranteed assistance limits. Approval limitation IV establishes the maximum for combinations of all direct and guaranteed assistance types.

A loan official can determine an applicant eligible when the loan request exceeds the official's loan approval authority at the time eligibility is determined. This decision of eligibility will be reviewed by the approval official at the time of approval. However, a loan official cannot determine an applicant ineligible if the loan request exceeds their approval level at the time the decision is made. They can recommend that the applicant be determined ineligible, but since this determination will result in a loan being rejected it can only be made by an approval official whose approval authority level would allow them to approve the loan.

E Official Loan Approval Limitations for SALP and Emergency Loans for Seed Producers

The following identifies the maximum loan approval authority for SALP and Emergency Loans for Seed Producers by grade and title of approval officials.

29 Maximum Loan Authorities (Continued)

E Official Loan Approval Limitations for SALP and Emergency Loans for Seed Producers (Continued)

Outstanding loan balances from other direct or guaranteed FLP loans will not affect the amount an applicant is eligible to receive under these programs or the amount an approval official is authorized to approve. Any outstanding SALP or Emergency Loan for Seed Producers loan balances will not affect the amount an applicant is eligible to receive under any other FLP loan program.

F Official Loan Approval Limitations for Nonprogram Loans

The following table identifies the maximum loan approval authority for nonprogram loans by grade and title of approval officials.

Type of Loan	*--FLM, SFLO--* GS-11/12	DD, FLS, or FLC	SED
Real Estate	\$400,000	\$500,000	Any amount
Chattels	\$200,000	\$300,000	Any amount
Recreation Loans to Individuals	\$175,000	\$300,000	Any amount

Note: Approval authority for recreation loans to individuals applies only to property that secured a recreation loan to an individual or farming corporation, not a recreation association.

Outstanding loan balances from other direct or guaranteed FLP loans will not affect the amount an applicant is eligible to receive under nonprogram loans. Any outstanding nonprogram loan balances will not affect the amount an applicant is eligible to receive under any other FLP.

29 Maximum Loan Authorities (Continued)**G Limitations for Loan Servicing Actions**

In general, approval authority for loan servicing actions, such as subordinations, and transfer and assumptions, is limited to the approval official's maximum loan approval authority. However, the approval official shall review the appropriate FLP handbook for the specific transaction for further guidance.

Exceptions include the following.

- SED may approve subordinations of any amount unless the total EM indebtedness exceeds \$1 million.
- All PLS may be approved by any authorized agency official, except SED must approve PLS if any debt is forgiven.
- Any authorized agency official may approve all Disaster Set-Aside actions.
- For action on debt settlement applications that exceed the approval official's authority, see RD Instruction 1956-B, Exhibit A.

An approval official cannot approve or reject a servicing request that exceeds the official's approval authority. The official must forward the servicing action and recommendations to the appropriate servicing official for action. Approval officials who have not been delegated loan approval authority may not approve these loan servicing actions.

Part 3 Miscellaneous Procedures and Systems**41 Nondiscrimination in FLP****A Federal ECOA**

FLP must comply with the provisions of ECOA and the implementing regulations of the
*--Federal Reserve System published in 12 CFR Part 202, which requires in part, the following
notice be included on all adverse decisions.--*

[12 CFR 202.9(b)(1)] The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter into a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

B USDA Nondiscrimination Policy

[7 CFR 15d.2(a)] No Agency, officer, or employee of the United States Department of Agriculture shall, on the ground of race, color, religion, sex, age, national origin, marital status, familial status, sexual orientation, or disability, or because all or part of an individual's income is derived from any public assistance program, exclude from participation in, deny the benefits of, or subject to discrimination any person in the United States under any program or activity conducted by the United States Department of Agriculture.

[7 CFR 15d.2(b)] No person shall be subjected to reprisal for opposing any practice prohibited by this part or for filing a complaint or participating in any manner in a proceeding under this part.

41 Nondiscrimination in FLP (Continued)

***--C ECOA Notice and USDA Nondiscrimination Statement on Adverse Decisions**

Include the following combined ECOA notice and USDA nondiscrimination statement on--* all adverse decision letters.

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age (provided the applicant has the capacity to enter a binding contract); because all or part of the applicant's income derives from any public assistance program; or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. The Federal agency that administers compliance with this law is the Federal Trade Commission, Equal Credit Opportunity, Washington, D.C. 20580.

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) F Discrimination Complaints

[7 CFR 15d.4(a)] Any person who believes that he or she (or any specific class of individuals) has been, or is being, subjected to practices prohibited by this part may file on his or her own, or through an authorized representative, a written complaint alleging such discrimination. No particular form of complaint is required. The written complaint must be filed within 180 days from the date the person knew or reasonably should have known of the alleged discrimination, unless the time is extended for good cause by the Director of the Office of Civil Rights or his or her designee. Any person who complains of discrimination under this part in any fashion shall be advised of his or her right to file a complaint as herein provided.

[7 CFR 15d. 4(b)] All complaints under this part should be filed with the Director of the Office of Civil Rights, United States Department of Agriculture, Washington, D.C. 20250, who will investigate the complaints. The Director of the Office of Civil Rights will make final determinations as to the merits of the complaints under this part and as to the corrective actions required to resolve program complaints. The complainant will be notified of the final determination on his or her complaint.

Note: If the borrower files a civil rights complaint with FLP personnel, FLP personnel will immediately submit it to CR.

[7 CFR 15d.4(c)] Any complaint filed under this part alleging discrimination on the basis of disability will be processed under 7 CFR Part 15e.

G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint

Under no circumstances will FSA:

- delay the processing of a loan or servicing application pending the outcome of a filed discrimination complaint
- deny a loan or servicing request because a discrimination complaint has been filed
- accelerate or foreclose a loan before a discrimination complaint is closed.

Note: See subparagraph H for guidance on determining if a discrimination complaint has been filed.

41 Nondiscrimination in FLP (Continued)

G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint (Continued)

If an applicant or borrower files, or has filed, a discrimination complaint against the agency official responsible for processing the loan or servicing application, DD or SED will assign a different official to process the request. Processing responsibility may be reassigned to:

- an authorized agency official from either of the following:
 - same district, but a different county
 - another district
- DD.

Note: Reassignment of processing loan or servicing applications is temporary. When the investigation is closed, and if it is determined that discrimination did not occur, the loan or servicing application will be returned to the appropriate office.

H Determining if a Discrimination Complaint Has Been Filed at CR

FLC or designee will contact the National Office by e-mail to ensure that a discrimination complaint has not been filed before borrower account acceleration, again before borrower account foreclosure, and if needed, just before reclassifying debt as CNC. Before:

- acceleration, State Office must contact the National Office for civil rights filing clearance after conclusion of all primary and preservation loan servicing and related appeal rights
 - foreclosure, States with:
 - judicial foreclosure, FLC must contact the National Office after account acceleration and before referring the account to OGC for liquidation action
- Note:** If a discrimination complaint is filed after referral to DOJ, then DOJ will decide if the foreclosure shall proceed.
- nonjudicial foreclosure, FLC must contact the National Office after the account has been accelerated and before the collateral is advertised for foreclosure sale
 - reclassifying an account as CNC, State Offices must contact the National Office for civil rights filing clearance.

Notes: See Exhibit 12 for flow charts of the process used to determine if a discrimination complaint has been filed and is open at CR.

--The process established in Exhibit 12, subparagraph B is suspended because of the Settlement Agreement entered into by USDA in the Keepseagle Class Action Lawsuit. See applicable FLP notices for further guidance.--

41 Nondiscrimination in FLP (Continued)

H Determining if a Discrimination Complaint Has Been Filed at CR (Continued)

See Exhibit:

- 13 for information to be included in e-mail to the National Office for civil rights clearance
- *--13.5 for instructions on servicing settlement claimants and National Office FLP programmatic reviews.--*

Discrimination complaints will be processed according to 18-AO, Part 7.

I 2008 Farm Bill Acceleration and Foreclosure Moratorium

[7 CFR 766.358(a)] Notwithstanding any other provisions of this subpart, borrowers who file or have filed a program discrimination complaint that is accepted by USDA Office of Adjudication or successor office (USDA), and have been serviced to the point of acceleration or foreclosure on or after May 22, 2008, will not have their account accelerated or liquidated until such complaint has been resolved by USDA or closed by a court of competent jurisdiction. This moratorium applies only to program loans made under subtitle A, B, or C of the Act (for example, CL, FO, OL, EM, SW, or RL). Interest will not accrue and no offsets will be taken on these loans during the moratorium. Interest accrual and offsets will continue on all other loans, including, but not limited to, non-program loans.

Under the 2008 Farm Bill, there is a moratorium on the acceleration or foreclosure for certain borrowers who have a pending program discrimination complaint, or file a program discrimination complaint that is accepted as valid by OA.

When the State Office is notified by OCR or LSPMD that the borrower has an accepted complaint, it will process DLS Transaction “5G”, “Establish Descriptive Code”, using Descriptive Code “7” to establish the indicator for accounts that may be eligible for a moratorium. The effective date of the “5G” transaction will be the date the complaint was accepted by OA.

Note: State Offices will monitor all accounts flagged “OAC1”. The State Office will process DLS Transaction “5H”, “Remove Descriptive Code”, using Descriptive Code “7” at the conclusion of the moratorium.

If the borrower has an accepted complaint at OA and the account is at the point of acceleration or in foreclosure, interest will not accrue and no offsets will be taken on any CL’s, FO’s, SW’s, RL’s, OL’s, and EM’s and any recoverable costs associated with these loans.

The moratorium will end on the date the claim is resolved.

If any requests for debt settlement or payoff during the moratorium are received, contact LSPMD.

41 Nondiscrimination in FLP (Continued)

***--I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)**

For the purpose of the 2008 Farm Bill noted in this subparagraph:

- FSA was not directed to suspend interest or offsets on any loans other than CL's, FO's, SW's, RL's, OL's, and EM's
- interest accrual and offsets will continue to be taken on other loans, including NP loans
- accounts that have no security remaining that have been accelerated or where all loans are mature, such as those classified as CNC, also will continue to accrue interest and be subject to offset.

Note: Other moratoriums as directed by the Secretary of Agriculture or the Administrator will be followed on their own terms and in some cases will interact with accounts affected by the 2008 Farm Bill.

[7 CFR 766.358(a)(1)] If the Agency prevails on the program discrimination complaint, the interest that would have accrued during the moratorium will be reinstated on the account when the moratorium terminates, and all offsets and servicing actions will resume.

[7 CFR 766.358(a)(2)] If the borrower prevails on the program discrimination complaint, the interest that would have accrued during the moratorium will not be reinstated on the account, unless specifically required by the settlement agreement or court order.

[7 CFR 766.358(b)] The moratorium will begin on:

- (1) May 22, 2008, if the borrower had a pending program discrimination claim that was accepted by USDA as valid and the account was at the point of acceleration or foreclosure on or before that date or**
- (2) The date after May 22, 2008, when the borrower has a program discrimination claim accepted by USDA as valid and the borrower's account is at the point of acceleration or foreclosure.--***

41 Nondiscrimination in FLP (Continued)

***--I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)**

For borrowers who:

- had a pending program discrimination claim **and** were at the point of acceleration or foreclosure as of May 22, 2008, the moratorium was effective as of May 22, 2008
- have a program discrimination claim accepted by OA after the effective date of the 2008 Farm Bill (May 22, 2008) **and** later reach the point of acceleration or foreclosure, the moratorium will begin at the point of acceleration or foreclosure
- are at the point of acceleration or foreclosure **and** then have a program discrimination claim accepted by OA after the effective date of the 2008 Farm Bill (May 22, 2008), the moratorium will begin on the date the claim is accepted by OA.

[7 CFR 766.358(c)] The point of acceleration under this section is the earliest of the following:

- (1) The day after all rights offered on the Agency notice of intent to accelerate expire if the borrower does not appeal;**
- (2) The day after all appeals resulting from an Agency notice of intent to accelerate are concluded if the borrower appeals and the Agency prevails on the appeal;**
- (3) The day after all appeal rights have been concluded relating to a failure to graduate and the Agency prevails on any appeal;**
- (4) Any other time when, because of litigation, third party action, or other unforeseen circumstance, acceleration is the next step for the Agency in servicing and liquidating the account.**

The point of acceleration is the **earliest** of the following:

- the day after all rights offered on FSA-2521 or FSA-2525 have expired, if the borrower does **not** appeal
- the day after all appeals resulting from FSA-2521 or FSA-2525 are concluded, if the borrower did appeal and FSA prevailed on the appeal
- the day after any appeal rights have concluded relating to the failure to graduate under 4-FLP, paragraph 48
- any other time when, because of litigation, third party action, or other unforeseen circumstance, acceleration is the next step for FSA in liquidating the account.--*

41 Nondiscrimination in FLP (Continued)

***--I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)**

[7 CFR 766.358(d)] A borrower is considered to be in foreclosure status under this section anytime after acceleration of the account.

A borrower is considered to be at the point of foreclosure anytime **after** acceleration.

The borrower will be notified of the temporary moratorium of interest accrual and offset by SED, or State Office designee, using FSA-2120 with a courtesy copy FAXed to FLOO, Loan Servicing Group according to paragraph 5.

Note: The offset is **not** canceled, but only temporarily suspended until the claim is resolved.

FLOO will update the borrower's account to suspend interest accrual and offset activity.

[7 CFR 766.358(e)] The moratorium will end on the earlier of:

- (1) The date the program discrimination claim is resolved by USDA or**
- (2) The date that a court of competent jurisdiction renders a final decision on the program discrimination claim if the borrower appeals the decision of USDA.**

FSA-2121 will be used by SED, or State Office designee, to inform the borrower that the moratorium has ended. FLOO, Loan Servicing Group will be FAXed a courtesy copy and notified by separate correspondence of the requirements of any Settlement Agreement about interest accrual and offsets.

If FSA prevails, the suspended interest will be reinstated and interest accrual and offsets will immediately resume.--*

42 Appeals

A General Requirements

FLP applicants and borrowers have the right to request reconsideration, file appeals, and enter into ADR about adverse decisions according to 7 CFR Part 780 and 7 CFR Part 11. See 1-APP for FSA's appeal procedure.

Exceptions: For adverse decisions on:

- loan servicing requests under 5-FLP, use the appropriate forms and exhibits to notify borrowers

Note: Appraisals used for homestead protection, including appraisals used in exercising the option to purchase homestead property, or used to determine the amount due under shared appreciation agreements under 5-FLP, may be appealed according to paragraph 144 and 1-APP.

- nonprogram loan borrowers, see 4-FLP, paragraph 248.

Note: Regulations published in 7 CFR are available on the GPO web site at <http://www.gpoaccess.gov/cfr/index.html>.

B Mandatory Language for Adverse Decision Letters

See 1-APP for mandatory language about reconsideration, appeal, and ADR, to be included in adverse decision letters. Additional guidance may be issued under the APP notice series.

42 Appeals (Continued)

C Adverse Decisions Involving Appraisals

Text on appraisal reviews provided in subparagraphs D and E will be added to the reconsideration language provided in 1-APP or APP notices, as applicable, when an adverse decision is based on real estate or chattel appraisal, except when either of the following applies:

- the appraisal is for PLS or preservation servicing and 5-FLP requires using a specific form or exhibit
- the appraisal in question was associated with or connected to, an FSA decision wherein appeal rights were previously offered and concluded.

Note: Appraisals may only be reconsidered or appealed. Mediation is not available on real estate or chattel appraisals.

See subparagraph 144:

- D for additional guidance about handling real estate independent technical appraisal reviews received from an applicant or borrower
- E for additional guidance about handling chattel independent appraisal reviews received from an applicant or borrower
- G for additional guidance when an applicant or borrower identifies errors in an appraisal.

42 Appeals (Continued)

D Real Estate Appraisals

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a real estate appraisal.

You may request a copy of the real estate appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Technical Appraisal Review

If you believe the real estate appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent technical appraisal review. The issue under reconsideration will be whether FSA's real estate appraisal is consistent with the Uniform Standards of Professional Appraisal Practice. If you want this option, you must include a copy of the independent technical appraisal review, or notify this office of your intent to obtain an independent technical appraisal review, in your request for reconsideration. This review must be provided to this office at the time of or before the reconsideration meeting. You must pay to obtain a current independent technical appraisal review from a qualified appraiser. The appraiser and the independent technical appraisal review must meet the standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent technical appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent technical appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent technical appraisal review, we will determine whether the appraiser and the independent technical appraisal review meet FSA requirements. If the independent technical appraisal review meets FSA requirements, we will consider all comments contained in the independent technical appraisal review and determine if the appraisal obtained by FSA should be revised.

42 Appeals (Continued)**E Chattel Appraisals**

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a chattel appraisal.

You may request a copy of the chattel appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Appraisal Review

If you believe the chattel appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent appraisal review. The issue under reconsideration will be whether FSA's chattel appraisal is consistent with the present market value of like items in your area. If you want this option, you must include a copy of the independent appraisal review, or notify this office of your intent to obtain an independent appraisal review, in your request for reconsideration. You must pay to obtain a current independent appraisal review from a qualified appraiser. This review must be provided to this office at the time of or before the reconsideration meeting. The appraiser and the appraisal review must meet standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent appraisal review, we will determine whether the appraiser and the appraisal review meet FSA requirements. If the independent appraisal review meets FSA requirements, we will consider all comments contained in the independent appraisal review and determine if the appraisal obtained by FSA should be revised.

F Nondiscrimination Statement

The nondiscrimination statement in subparagraph 41 C must be included in all adverse decision letters.

43 Debarment and Suspension**A Purpose**

Individuals and entities, other than loan recipients, who have been debarred or suspended from Government procurement or nonprocurement programs cannot participate in *--transactions with FSA. See 2 CFR 180.115 and 417.10.--*

Note: This does not apply to individuals and entities entering into transactions with applicants and borrowers without FSA involvement.

--Obtain current copy of 2 CFR Parts 180 and 417 from the Internet at--
<http://ecfr.gpoaccess.gov>.

B Direct Loanmaking

Loan approval officials shall check the debarment and suspension list before providing FSA-2341 or FSA-2342, as appropriate, to attorneys, title companies, title insurance companies, or closing agents conducting loan closing activities.

Notes: Loan approval officials may obtain reports containing debarment and suspension lists from the Internet at **<http://epls.arnet.gov>**. When prompted, enter the user's name and read and accept the Privacy Act terms and conditions. After accepting the terms and conditions, access will be granted to view, download, or print the available Excluded Parties List System reports. A copy of the screens will be filed in the case file.

If the attorney, title company, title insurance company, or closing agent selected is debarred or suspended, the applicant must make a new selection.

43 Debarment and Suspension (Continued)**C Guaranteed Loanmaking**

SED shall review CLP and PLP lenders and their officers and agents for debarment or suspension as follows:

- before submitting to DAFLP for approval to obtain status
- during the annual review of lender's status according to 2-FLP, paragraph 267.

Loan approval officials shall review SEL's and their officers and agents before issuing FSA-2232.

D Causes for Debarment or Suspension

The causes for initiating and the actions required to initiate:

- *--debarment are in 2 CFR Part 180, Subparts F and H, and 2 CFR Part 417, Subpart H
- suspension are in 2 CFR Part 180, Subparts F and G, and 2 CFR Part 417, Subpart G.--*

E Exceptions

The Secretary of Agriculture or designee may grant a written exception permitting a debarred or suspended person or entity to participate in a covered transaction according to *--2 CFR 180.135.--*

44 Collecting and Coding Ethnicity, Race, and Gender Information**A Purpose**

FSA collects ethnicity, race, and gender information for reporting purposes and to ensure that targeted funds are made available to SDA's and monitor SDA participation rates in FLP.

B Procedure for Collecting and Coding Ethnicity, Race, and Gender Information

FSA-2001, FSA-2211, FSA-2212, and FSA-2301 are used to request ethnicity, race, and gender information of the applicant. This information may be requested only on an FSA approved form. An applicant's response to this request is optional. However, the authorized agency official must inform all applicants that for an applicant to be eligible for socially disadvantaged funds, FSA will need his or her ethnicity, race, and gender information.

--When FSA receives a loan application, FSA will enter the ethnicity, race, and gender-- information into SCIMS so that the information can be downloaded to DLS and GLS.

44 Collecting and Coding Ethnicity, Race, and Gender Information (Continued)**C Ethnicity, Race, and Gender Classifications**

An applicant, including individual entity members, may identify:

- his or her ethnicity as either of the following:
 - Hispanic or Latino - a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish Culture or origin, regardless of race
 - not Hispanic or Latino
- himself or herself as a member of 1 or more of the following races:
 - Asian - a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam
 - American Indian or Alaskan Native - a person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment
 - Black or African American – a person having origins in any of the black racial groups of Africa
 - Native Hawaiian or other Pacific Islander - a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands
 - White - a person having origins in any of the original peoples of Europe, North Africa, or the Middle East
- his or her gender as male or female.

45 Allocating Loan Program Funds

A General

[7 CFR 761.201(a)] This subpart addresses:

- *--(1) The allocation of funds for direct and guaranteed FO, CL, and OL loans:--*
- (2) The establishment of socially disadvantaged target participation rates; and
- (3) The reservation of loan funds for beginning farmers.

[7 CFR 761.201(b)] The Agency does not allocate EM loan funds to State Offices but makes funds available following a designated or declared disaster. EM loan funds are available on a first-come first-served basis.

*--B Timing of the Allocation of FO, CL, and OL Funds

[7 CFR 761.202] The Agency's National Office allocates funds for FO, CL, and OL--* loans to the State Offices on a fiscal year basis, as made available by the Office of Management and Budget. However, the National Office will retain control over the funds when funding or administrative constraints make allocation to State Offices impractical.

[7 CFR 761.201(c)] State funding information is available for review in any State Office.

C National Reserves for FO and OL Funds

[7 CFR 761.203(a)] At the start of each fiscal year, the National Office reserves a portion of the funds available for each direct and guaranteed loan program. These reserves enable the Agency to meet unexpected or justifiable program needs during the fiscal year.

[7 CFR 761.203(b)] The National Office distributes funds from the reserve to one or more State Offices to meet a program need or Agency objective.

45 **Allocating Loan Program Funds (Continued)****D Methods of Allocating Funds to State Offices**

***--[7 CFR 761.204] FO, CL, and OL loan funds are allocated to State Offices using one--* or more of the following allocation methods:**

[7 CFR 761.204(a)] Formula allocation, if data, as specified in § 761.205 (subparagraph 45 E), is available to use the formula for the State.

[7 CFR 761.204(b)] Administrative allocation, if the Agency cannot adequately meet program objectives with a formula allocation. The National Office determines the amount of an administrative allocation on a case-by-case basis.

[7 CFR 761.204(c)] Base allocation, to ensure funding for at least one loan in each State, District, or County Office. In making a base allocation, the National Office may use criteria other than those used in the formula allocation, such as historical Agency funding information.

E Computing a Formula Allocation

--[7 CFR 761.205(a)] The formula allocation for FO, CL, or OL loan funds is equal to:--

- (1) The amount available for allocation by the Agency minus the amounts held in the National Office reserve and distributed by base and administrative allocation, multiplied by:**

formula allocation = (amount available for allocation - national reserve - base allocation - administrative allocation) x State Factor

- (2) The State Factor, which represents the percentage of the total amount of the funds for a loan program that the National Office allocates to a State Office.**

[7 CFR 761.205(b)] To calculate the State Factor, the Agency:

- (1) Uses the following criteria, data sources, and weights:**

45 Allocating Loan Program Funds (Continued)

E Computing a Formula Allocation (Continued)

CRITERIA	LOAN TYPE CRITERION IS USED FOR	DATA SOURCE	WEIGHT FOR *--FO AND CL (percent)	WEIGHT FOR OL LOANS--* (percent)
Farm operators with sales of \$2,500-\$39,999 and less than 200 days work off the farm	*--FO, CL, and OL loans	U.S. Census of Agriculture	15	15
Farm operators with sales of \$40,000 or more and less than 200 days work off farm	FO, CL, and OL loans	U.S. Census of Agriculture	35	35
Tenant farm operators	FO, CL, and OL loans	U.S. Census of Agriculture	25	20
Three-year average net farm income	FO, CL, and OL loans	USDA Economic Research Service	15	15
Value of farm real estate assets	FO and CL--*	USDA Economic Research Service	10	N/A
Value of farm non-real estate assets	OL loans	USDA Economic Research Service	N/A	15

(2) Determines each State's percentage of the national total for each criterion;

(3) Multiplies the percentage for each State determined in paragraph (b)(2) of this section by the applicable weight for that criterion;

(4) Sums the weighted criteria for each State to obtain the State factor.

F Pooling of Unobligated Funds Allocated to State Offices

--[7 CFR 761.206] The Agency periodically pools unobligated FO, CL, and OL loan-- funds that have been allocated to State Offices. When pooling these funds, the Agency places all unobligated funds in the appropriate National Office reserve. The pooled funds may be retained in the national reserve or be reallocated to the States.

A FLP notice will be issued before pooling of funds occurs.

45 **Allocating Loan Program Funds (Continued)****G Distribution of Farm Loan Funds by State Offices**

[7 CFR 761.207] A State Office may distribute its allocation of loan funds to District or County level using the same allocation methods that are available to the National Office. State Offices may reserve a portion of the funds to meet unexpected or justifiable program needs during the fiscal year.

H Target Participation Rates for Socially Disadvantaged Target Groups

[7 CFR 761.208(a)] (1) The Agency establishes target participation rates for providing *--FO, CL, and OL loans to members of socially disadvantaged groups.--*

(2) The Agency sets the target participation rates for State and County levels annually.

(3) When distributing loan funds in counties within Indian reservations, the Agency will allocate the funds on a reservation-wide basis.

(4) The Agency reserves and allocates sufficient loan funds to achieve these target participation rates. The Agency may also use funds that are not reserved and allocated for socially disadvantaged groups to make or guarantee loans to members of socially disadvantaged groups.

***--I FO and CL's Based on Ethnicity or Race**

[7 CFR 761.208(b)] The FO and CL loan target participation rate based on ethnicity--* or race in each:

(1) State is equal to the percent of the total rural population in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of rural population in the county who are members of such socially disadvantaged groups.

J OL Based on Ethnicity or Race

[7 CFR 761.208(c)] The OL loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total number of farmers in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of the total number of farmers in the county who are members of socially disadvantaged ethnic groups.

45 **Allocating Loan Program Funds (Continued)****K Target Participation Rate for Women Farmers**

[7 CFR 761.208(d)] (1) The target participation rate for women farmers in each:

- (i) State is equal to the percent of farmers in the State who are women.**
 - (ii) County is equal to the percent of farmers in the county who are women.**
- (2) In developing target participation rates for women, the Agency will consider the number of women who are current farmers and potential farmers.**

L Loan Funds for Beginning Farmers

[7 CFR 761.209] Each fiscal year, the Agency reserves a portion of direct and guaranteed FO and OL loan funds for beginning farmers in accordance with section 346(b)(2) of the Act.

Direct FO and OL funds are reserved until September 1 of each FY. Beginning farmer downpayment funds are reserved until April 1 of each FY.

Note: Between April 1 and September 1 of each FY, beginning farmer downpayment funds may be used by any eligible beginning farmer.

Guaranteed FO and OL funds are reserved until April 1 of each FY.

Note: An FLP notice will be issued before the lifting of targets.

***--M CL Funds**

[7 CFR 761.210(a)] The following applicants and conservation projects will receive priority for CL funding:

- (1) Beginning farmer or socially disadvantaged farmer;**
- (2) An applicant who will use the loan funds to convert to sustainable or organic agriculture production system as evidenced by one of the following:**
 - (i) A conservation plan that states the applicant is moving toward a sustainable or organic production system, or**
 - (ii) An organic plan, approved by a certified agent and the State organic certification program, or**
 - (iii) A grant awarded by the Sustainable Agriculture Research and Education (SARE) program of the National Institute of Food and Agriculture, USDA.--***

45 **Allocating Loan Program Funds (Continued)****M CL Funds (Continued)**

- (3) **An applicant who will use the loan funds to build conservation structures or establish conservation practices to comply with 16 U.S.C. 3812 (section 1212 of the Food Security Act of 1985) for highly erodible land.**

N Transfer of Funds

[7 CFR 761.211] If sufficient unsubsidized guaranteed OL funds are available, then beginning on:

- (a) **August 1 of each fiscal year, the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers and socially disadvantaged farmers under the Downpayment loan program; and**
- (b) **September 1 of each fiscal year the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers.**

46 **Maintaining Borrower Addresses and Service Center Office Codes****A Changing Borrower Address Records**

An authorized agency official must maintain correct addresses for all direct and guaranteed loan borrowers within the authorized agency official's jurisdiction and caseload.

--An authorized agency official should make borrower address changes for borrowers with--
the following:

- direct loans only, by updating SCIMS
- both direct and guaranteed loans, by updating SCIMS and by processing a PLAS TC 4C in GLS
- guaranteed loans only, by updating SCIMS and processing a PLAS TC 4C in GLS.

Note: Name and address data entered in GLS for a customer should exactly match SCIMS data for the same customer.

See 1-CM, paragraph 198 for documenting customer data changes in SCIMS.

Forms for requesting updated addresses include FSA-470, which FSA mails to the borrower's last known address, and FSA-137, which requests address information from USPS.

46 Maintaining Borrower Addresses and Service Center Office Codes (Continued)***--B Maintaining the Accuracy of Name and Address Information in SCIMS**

SCIMS information is matched nightly against PLAS information to detect variances. Any variances between SCIMS and PLAS systematically generate TC 4C to update PLAS.

County Offices shall view the following reports, available through the FSA Data Marts, using the Oracle EPM 11 Data Mart, at least monthly to ensure name and address information in SCIMS is accurate.

- SCIMS-PLAS Exception
- SCIMS-PLAS Update
- SCIMS-PLAS Discrepancy

Any necessary corrections to SCIMS or PLAS must be made immediately. See Exhibit 14 for guidance on accessing and using the reports, and correcting data.

Notes: County Offices shall contact State Offices regarding questions about how to process corrections. State Offices shall contact FLOO, Loan Servicing Group according to paragraph 5.

SCIMS is a multi-agency database shared by FSA, NRCS, and RD. Consult CED and other agency representatives, as applicable, before making changes/corrections in SCIMS.--*

C Related Instructions

See 4-FLP, Part 12 for transferring servicing responsibilities when an existing borrower moves to an area serviced by a different County Office.

D Changing Servicing Office Codes

FSA-2125 will be used by State Offices to change servicing office codes and mail codes when all files for 1 or more County Office are moved.

47 Ensuring Borrower Compliance with Restrictions on Lobbying**A Overview**

[7 CFR 761.5] A person who applies for or receives a loan made or guaranteed by the Agency must comply with the restrictions on lobbying in 7 CFR Part 3018.

USDA regulations about restrictions on lobbying are published in 7 CFR Part 3018. This *--paragraph provides guidance for implementing 7 CFR Part 3018 for FLP loan applicants--* and borrowers.

Note: CFR citations refer to Departmental regulations.

B Applicant and Lender Certification

Any applicant for a direct or guaranteed loan exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all loan applicants on FSA-2001, FSA-2211, and FSA-2212.

Lenders applying for a loan guarantee exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all lenders on FSA-2201.

Additional information on certification requirements is available in 7 CFR 3018.110, which is included in subparagraph D.

47 **Ensuring Borrower Compliance with Restrictions on Lobbying (Continued)****C Disclosure of Lobbying Activities**

Any person or entity that is required to certify compliance with lobbying activities requirements may have to complete SF-LLL. In particular, any person or entity must complete SF-LLL if they have made or have agreed to make any payment using funds other than appropriated funds to influence a decision in connection with the loan or loan guarantee. This requirement also applies to any person who requests or receives a contract or subcontract of at least \$100,000 under a loan or loan guarantee exceeding \$150,000.

SF-LLL must be submitted at the time of loan or guarantee application and in each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of 7 CFR 3018.110 (see subparagraph D). An event that materially affects the accuracy of the information reported includes 1 or more of the following.

- A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action.
- A change in the persons or individuals influencing or attempting to influence a covered Federal action.
- A change in the officers, employees, or members contacted to influence or attempt to influence a covered Federal action.

A new SF-LLL must be submitted if and when a borrower changes contractors or subcontractors.

All involved contractors, subcontractors, and grantees must collect disclosures from lower tiers and submit them to higher tiers. The borrower or lender must submit all the disclosures to FSA.

The authorized agency official must file all original disclosures and immediately send copies to the following:

D USDA Certification and Disclosure Requirements**7 CFR 3018.110 Certification and Disclosure***

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates Agency consideration of such person for:

- (1) Award of a Federal contract, grant, or cooperative agreement exceeding \$100,000; or
- (2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

- (1) A federal contract, grant, or cooperative agreement exceeding \$100,000; or
- (2) A Federal loan or commitment providing for the United States to insure or guarantee a loan exceeding \$150,000,

Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

- (1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
- (2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
- (3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

- (1) A subcontract exceeding \$100,000 at any tier under a Federal contract;
- (2) A subgrant, contract, or subcontract exceeding \$100,000 at any tier under a Federal grant;
- (3) A contract or subcontract exceeding \$100,000 at any tier under a Federal loan exceeding \$150,000; or
- (4) A contract or subcontract exceeding \$100,000 at any tier under a Federal cooperative agreement,

Shall file a certification, and a disclosure form, if required, to the next tier above.

47 Ensuring Borrower Compliance with Restrictions on Lobbying (Continued)

D USDA Certification and Disclosure Requirements (Continued)**7 CFR 3018.110 Certification and Disclosure (Continued)**

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) and (b) of this section. That person shall forward all disclosure forms to the Agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of the fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either Subpart B or C of 7 CFR Part 3018.

48 Credit Reports

A Overview

FSA uses credit reports to assist in determining:

- eligibility of applicants and borrowers requesting FSA loans and loan servicing options
- feasibility of the applicant's farming operation
- debt settlement eligibility and feasibility.

See 3-FLP for direct loanmaking and 4-FLP and 5-FLP for direct loan servicing to specify when credit reports are required.

B Confidentiality

The information in a credit report is confidential and is used only as an aid in conducting FSA business. FSA must make credit reports available to the subject of the report in response to a request made under the Privacy Act of 1974. See 3-INFO.

C Mortgage Credit Reports

The following are the 2 types of mortgage credit reports:

- an individual report provides information on 1 person only
- a joint report provides information on a married couple.

FSA will order a mortgage credit report to obtain all credit and public record information available for at least the previous 2 years.

D Commercial Credit Report

A commercial credit report provides information on an entity. A commercial credit report is available only for a separate legal entity. Thus, FSA will order a mortgage credit report rather than a commercial credit report when the applicant is an informal partnership. FSA also may order an individual mortgage credit report on the majority owners (principal members) of an entity.

A commercial credit report normally consists of BIR. BIR is a component of a commercial credit report that includes the following:

- summary section that highlights important data elements
- historical background on the business entity's principals and the entity itself
- review of the entity's financial condition and trend of sales and earnings
- payment record reported by suppliers
- brief description of related entities
- public filings
- special events
- description of the entity's operation.

48 Credit Reports (Continued)**E Ordering Mortgage Credit Report**

--Authorized agency officials who have access to FBP will access Equifax, Experian, and--
Trans Union data through the FBP “General” menu screen.

See Exhibit 15 for ordering credit reports through FBP.

F Ordering Credit Reports for Nonapplicants

There may be instances when FSA must order a joint credit report in which the spouse is required to sign the promissory note for repayment purposes, but the spouse may not have to sign the application as a co-applicant. The credit report will be ordered in the same manner that all other joint credit reports are ordered. The County Office must however, have the nonapplicant spouse sign FSA-2007 before the credit report is ordered.

G When Mortgage and Commercial Credit Reports Are Not Acceptable

*--If a County Office has problems with a credit report or credit reporting agency (e.g. data on the report is incomplete or the contractor is not complying with contract terms), then the County Office will contact the State Office for assistance.

Note: Agency officials will not intervene on behalf of the applicant/borrower in matters about disputed information, balances, or credit scores or ratings. These disputes will be handled according to subparagraph H.

If the issue is significant and the State Office needs assistance in resolving, the State Office shall contact DAFLP at the following.--*

48 Credit Reports (Continued)

H When the Applicant Disputes Information on the Credit Report

If the applicant/borrower disagrees with or disputes information reflected on the credit report, refer the applicant/borrower to the company or companies issuing the credit report at the following phone numbers:

- Trans Union at 312-258-1717 to obtain a copy of their credit report or 800-916-8800 for customer service
- Experian at 888-397-3742 to obtain a copy of their credit report or 800-831-5614, extension 3 for customer service
- Equifax at 800-685-1111 to obtain a copy of their credit report or 800-685-5000, extension 2 for customer service.

Note: Agency officials will not intervene on behalf of the applicant/borrower in matters concerning disputed information, balances, credit scores, or ratings.

I Credit Report Fees - Cost to the Applicant

Applicants will be charged for reports according to the following.

Applicant	Cost
Individual	\$13.50
Joint	\$20.25
Entity	\$75.00

***--Notes:** A husband and wife, who are members of an entity, **will** be charged a joint credit report fee. Individual credit reports will then be obtained for each.--*

No fee will be collected for servicing only applications according to 4-FLP, subparagraph 116 A or 5-FLP, subparagraph 81 C.

J Recording Fees

The appropriate fee for credit reports collected will be recorded on FSA-2001 and FSA-2301.

K Processing Credit Report Fees

See 3-FI to process credit report fees.

L Payment of Invoices for Credit Reports

The National Office will:

- receive monthly invoices showing State usage
- submit payment to the vendor for credit reports generated through FBP.

49 DLS

--A DLS Uses--

DLS is the required system for loanmaking and * * * loan servicing information and activities.

DLS:

- tracks each loan request in an application package from receipt to final disposition
- obligates loans through its interaction with PLAS
- submits check/EFT requests through PLAS
- submits loan closings to PLAS
- provides an interactive tasks checklist
- monitors the disbursement of loan funds
- provides reports of loanmaking activities and processing timeframes
- tracks routine loan servicing activities, and timeframes
- has automated follow-up reminders to assist County Office employees in meeting deadlines for routine loan servicing activities
- provides loan account information, such as principal and interest amounts, and account flags
- provides the ability to manage case numbers and mail codes for customer accounts
- warehouses information for reporting purposes
- has automated reporting capabilities.

The National Office uses DLS data in reports to Congress, CR, and FSA senior management. In addition, the data is used to determine whether FSA loan servicing goals are being/have been met.

49 DLS (Continued)

B User Assistance

The DLS Loanmaking and Loan Servicing User's Guides can be referenced for any specific questions. They may be obtained by accessing the FLP web site's manuals page located at <https://arcticoccean.sc.egov.usda.gov/flp/IndexServlet> and then selecting manuals on the left navigation bar.

C Maintaining and Updating DLS

FCAO is responsible for computer implementation and upgrades. The National Office is responsible for user requirements, updates to accommodate regulatory and statutory changes, and other revisions as needed. State and County Office employees are responsible for data entry of customer and loan information as it is received.

D Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

A Purpose and Overview

GLS was designed to account for all loanmaking and loan servicing activity for guaranteed loans. GLS is used to:

- track the processing of guaranteed loan applications, including obligation and loan closing
- process all loan servicing transactions, including interest assistance claims, transfers and assumptions, repurchases, reamortizations, and loss claims
- record guaranteed loan status and default status reports
- maintain lender information, including lender status
- obtain reports for monitoring the guaranteed loan portfolio.

The data entered into GLS is used to monitor individual loan accounts, as well as to provide reports to Congress, CR, Executive Branch, FSA senior management, and parties making FOIA requests. It is FSA's accounting tool for the Guaranteed Loan Program.

B GLS User Assistance

For specific guidance, the following user guides can be found by logging in the GLS web site using required eAuthentication permissions and selecting "Loan Servicing User Guide".

- FLP Applications System, FLP Application Package Maintenance, FLP Loan Request Maintenance, FLP Quick Reference Guide, FSA Forms can be found by accessing "Help" link from the GLS Home Page.
- GLS Farm Loan Guaranteed Loan Servicing Detailed Transactions, dated May 2001 can be found by accessing the "Loan Servicing User Guide" link from the FSA Home Page.
- FLP Loan Maintenance can be found by accessing the "Help" link from the Loan List Page.

Additional information is provided in the Guaranteed Loan System Farm Loan User Guide, Status and Default Status Reporting, dated March 1998.

51 FOCUS**A Purpose and Overview**

FOCUS is an ad-hoc reporting system used by the National and State Offices for monitoring purposes. Users may choose to use “canned” reports or may prepare specific reports, as needed, using:

- direct loan data entered through ADPS
- application data entered in DLS.

B User Assistance

Refer to the USDA FOCUS Ad Hoc Reporting System Manual – Field Office User’s Manual for guidance. The User’s Manual may be obtained by ordering Item 257 from the Kansas City Warehouse.

C Training

State Office employees shall submit requests for training, through SED, to either of the following:

- USDA FSA DAFLP
STOP 0520
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0520
- FAX: 202-690-3573

D Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

52 ADPS

A Purpose

ADPS is a terminal application system that allows users to process FLP accounting transactions and view borrower or acquired property information. ADPS connects users *--located at State and County Offices to FLOO and PLAS. Authorized users shall enter and--* use information in ADPS for both loanmaking and loan servicing purposes.

B Overview

ADPS is used to:

- *--manuscript select transactions and analyze and correct those transactions if rejected from PLAS (discrepancies)--*
 - view a borrower's loan status information, which lists the following:
 - unpaid balances of existing direct loans along with basic information about each loan
 - cross-reference data from throughout the nation
 - detailed history of transactions
 - *--route selected ADPS-manuscripted or discrepancy transactions that are only processed--* by * * * FLOO using special routing codes
- * * *
- view received, processed, and corrected payment activity
 - view acquired property information and detailed history of transactions processed for an acquired property.

52 ADPS (Continued)**C ADPS Assistance**

ADPS Online Help is:

- a computer-based system that provides ADPS processing information in the form of online reference material (Reference) and pop-up windows
- accessed from the terminal screen.

The online material reference provides general information about ADPS transactions, definitions, and code values for all short descriptions and mnemonics on transaction detail screens and status screens, discrepancy code definitions, and corrective actions. Pop-up windows provide information for pre-manuscripting validations and manuscript transactions.

For information on ADPS, contact the State Office Automation Coordinator or, if authorized, the Help Desk at 1-800-457-3642. The Help Desk will provide information, guidance, and technical assistance in resolving problems about ADPS operations.

E Maintaining Program Records

* * *

When routing or mailing transactions to * * * FLOO, the authorized agency official must retain the original documents, screen printouts, and transmittal letters. These will be filed in the case folder after verifying that the transaction has been processed.

*--ADPS screen printouts must be retained in position 2 of the case folder according to 25-AS retention requirements for the folder and its entire contents.

When applicable, users must access ADPS to determine that the selected transactions have--* been processed or rejected. Users must file processed transaction screens, correct discrepancies, and annotate the related source/input document with the corrected information. Users must generate screen printouts of all corrections and file them with the original input document.

F Using “OK to Apply Codes”

“OK to Apply Codes” are used to process a transaction or correct a discrepancy as required by the online assistance for processing transactions. The user shall file a copy of the screen printout to verify the use of an “OK to Apply Code”. Screen printouts will be retained in the case folder according to 25-AS retention requirements for the folder and its entire contents.

G Processing Schedule

Users must process transactions within 10 calendar days of the effective date. If a discrepancy occurs, the transaction must be corrected within 5 calendar days of the initial rejection date. An additional 15 calendar days are allowed for correcting discrepancies with a suspend code on the borrower account. * * *

52 ADPS (Continued)

H State Office Action

* * *

--SED shall ensure timely automation processing and that a County Office is at an-- acceptable level by:

- training at least 2 employees to process transactions

* * *

•*--processing ADPS transactions as of the effective date or the next workday thereafter--*

- using “Action Pending Codes” from Online Help when necessary to delay initial processing or make discrepancy corrections.

A Requesting CAIVRS ID and Password

Employees who perform CAIVRS checks shall request a CAIVRS ID and password according to the following.

Step	Action
1	Access the CAIVRS web site at http://www.hud.gov/offices/hsg/sfh/sys/caivrs/caivrs.cfm .
2	CLICK "Using CAIVRS".
3	Under "Government Agencies", CLICK "Registration for Government User ID".
4	Follow the instructions to obtain a government user ID. For "Select Agency/Program", CLICK "USDA/Farm Service" and continue entering the required information.
5	CLICK "Send Application" and the request for a government user ID will be processed.

Once the CAIVRS ID and password request has been completed, users must:

- complete FSA-13-A, items 1 through 13 and item 37
- forward the completed FSA-13-A to the State SLR.

The State SLR must enter FSA-13-A information into ERSR before a CAIVRS ID and password can be issued.

Upon receiving ERSR from the State SLR, the FSA CAIVRS administrator will provide by e-mail, a CAIVRS ID and password to the requesting employee within 3 working days.

Note: CAIVRS passwords are valid for 21 calendar days and must be reset before expiring. Passwords must be exactly 6 characters, are case sensitive, and must contain at least 1 letter and 1 number. For forgotten or expired password assistance, contact the Security Operations Help Desk at 800-255-2434, option 2.

53 CAIVRS (Continued)

B Using CAIVRS

Perform a CAIVRS inquiry according to the following.

Step	Action
1	Access the CAIVRS web site at https://entp.hud.gov/caivrs/public/home.html .
2	CLICK "Government User Menu".
3	Enter CAIVRS ID and password.
4	Select the function to perform when prescreening an applicant, such as "CAIVRS Authorization".
5	Select the agency or program that is prescreening the applicant from the agency list.
6	Enter the applicant's Social Security number or EIN and select the appropriate Social Security number or EIN indicator.
7	CLICK "Submit".
8	Print the "CAIVRS Authorization Results" and place in case file.

Note: If there are no claims, defaults, or foreclosures reported to CAIVRS, then CAIVRS will respond that there are no cases and provide a confirmation number.

54 Hyperion Data Mart

A Purpose and Overview

The Hyperion Data Mart is an ad-hoc reporting system used by the National Office and State Offices for monitoring purposes. FLP users who request and are granted access to the Hyperion Data mart will be given access to the FLP Data Mart folder within the Hyperion Data Mart. A user with access to the FLP Data Mart folder can pull direct loan making and loan servicing data as entered through DLS. Reports can be downloaded to Hyperion, Excel, or PDF format.

B User Assistance

The Hyperion Data Mart may be accessed on the FSA Data Warehouse Home Page at <https://fsadwhouse.sc.egov.usda.gov/FSA-DataMarts/FSAdataMartsHomePage.htm> by clicking “Hyperion Data Marts”.

The Hyperion Reports User Guide for FLP Data Mart may be accessed on the FSA - Farm Loan Programs Systems Manual web site at <https://arcticoccean.sc.egov.usda.gov/flp/InformationalLinks?Action=Manuals&caller=index> by clicking “Hyperion Reports User Guide”.

C Security

Authorized users may access the Hyperion Data Mart reporting system using their eAuthentication ID. New users can be requested by completing and submitting FSA-13-A according to appropriate IRM directives.

*--55 Type of Assistance and Fund Codes

B Type of Assistance Codes

Type of assistance codes identify the specific type of loan for DLS obligation purposes. For example, a Type of Assistance Code 152 is a 1-year Rural Youth loan for an SDA applicant.

See Exhibit 16 for a list of types of assistance codes.

A Fund Codes

Fund codes are used to identify a type of loan. For example, Fund Code 44 indicates OL.

Obsolete fund codes are not used for new loans; however, obsolete fund codes will be reassigned if the loan is assumed.

See Exhibit 16 for a list of fund codes.--*

60 Interest Rates

A Interest Rates for Direct Loans

[7 CFR 761.9] Interest rates for all direct loans are set in accordance with the Act. A copy of the current interest rates may be obtained in any Agency Office.

Note: See Exhibit 17 for current interest rates.

Part 4 Supervised Bank Accounts**101 Overview****A Supervised Bank Account**

A supervised bank account is an account with a financial institution established through a deposit agreement entered into between the borrower, FSA, and the financial institution.

B Establishing a Supervised Bank Account

[7 CFR 761.51 (a)] Supervised bank accounts will be used to:

- (1) Assure correct use of funds planned for capital purchases or debt refinancing and perfection of the Agency's security interest in the assets purchased or refinanced when electronic funds transfer or treasury check processes are not practicable;**
- (2) Protect the Agency's security interest in insurance indemnities or other loss compensation resulting from loss or damage to loan security; or**
- (3) Assist borrowers with limited financial skills with cash management, subject to the following conditions:**
 - (i) Use of the supervised bank account for this purpose will be temporary and infrequent;**
 - (ii) The need for a supervised bank account in this situation will be determined on a case-by-case basis; and**
 - (iii) The borrower agrees to the use of a supervised bank account for this purpose by executing the deposit agreement.**

FSA-2140 will be signed by all borrowers.

A supervised bank account will be used only when necessary to ensure that loan or security proceeds are used according to the farm operating plan, agreement to use proceeds, or other agreement with FSA.

Note: Supervised bank accounts must not be used in place of EFT or multiple advances.

101 Introduction (Continued)**C Justification for Using a Supervised Bank Account**

County Offices must:

- ensure that a supervised bank account is established according to this Part
- *--document in FBP Credit Presentation the reason a supervised bank account was established.

Note: For servicing actions that do not require a Credit Presentation be completed, justification will be documented in the running record.--*

See 3-FLP, 4-FLP, and 5-FLP for specific loanmaking and loan servicing situations where a supervised bank account is needed.

DD's and State Offices must review case files of borrowers with supervised bank accounts during County Office reviews to:

- verify that documentation is in place
- *--document in the running record their concurrence that the supervised bank account is--* needed.

If the review determines that the supervised bank account is not needed, DD or State Office must:

- *--document the results of the review in the running record--*
- instruct the authorized agency official to close the supervised bank account.

102 Establishing a Supervised Bank Account

A Selecting a Financial Institution

[7 CFR 761.51(b)] The borrower may select the financial institution in which the account will be established, provided the institution is Federally insured. If the borrower does not select an institution, the Agency will choose one.

[7 CFR 761.51(c)] Only one supervised bank account will be established for any borrower.

[7 CFR 761.51(d)] If both spouses sign an FLP note and security agreement, the supervised bank account will be established as a joint tenancy account with right of survivorship from which either borrower can withdraw funds.

B Opening a Supervised Bank Account

The authorized agency official must provide the financial institution with FSA-2140, which addresses:

- services to be provided
- frequency and method of transmission for account statements
- countersignature requirements
- waiving of service charges whenever possible.

The authorized agency official, the financial institution, and any borrower authorized to write checks must sign FSA-2140. File the original in the borrower's case file and provide 1 copy to the borrower and 1 copy to the financial institution.

The authorized agency official is not required to provide his or her SSN to the financial institution. Government agencies are exempt from the requirements of the Customer Identification Program. FSA-2139 will be sent to financial institutions that require documentation of the exempt status of Government agencies on this issue.

C Type of Account

[7 CFR 761.53(a)] A supervised bank account, if possible, will be established as an interest bearing deposit account provided that funds will not be immediately disbursed, and the account is held jointly by the borrower and the Agency if this arrangement will benefit the borrower.

The authorized agency official, the borrower, and the financial institution must complete FSA-2141 when an interest bearing account is used.

102 Establishing a Supervised Bank Account (Continued)

D Account Balance Exceeding the Maximum Amount Insured by the Government

[7 CFR 761.51(e)] If the funds to be deposited into the account cause the balance to
--exceed the maximum amount insurable by the Federal Government, the financial--
institution must agree to pledge acceptable collateral with the Federal Reserve Bank for
the excess over the insured amount, before the deposit is made.

*** * ***

Agency officials should use EFT or multiple advances when possible to minimize instances where the balance in supervised bank accounts will exceed the maximum insurable amount.

If an account balance will exceed \$250,000, County Offices must complete FSA-2144 and forward it to the State Office. The State Office shall submit FSA-2144 to:

- FMD FINANCIAL SYSTEMS AND PROCEDURES BRANCH
 STOP 0581
 1400 INDEPENDENCE AVE SW
 WASHINGTON DC 20250-0581
- FAX: 703-305-1144.

FMD will coordinate the collateralization with the financial institution.

[7 CFR 761.51(e)] (1) If the financial institution is not a member of the Federal Reserve System, the institution must pledge acceptable collateral with a correspondent bank that is a member of the Federal Reserve System. The correspondent bank must inform the Federal Reserve Bank that it is holding securities pledged for the supervised bank account in accordance with 31 CFR Part 202 (Treasury Circular 176).

(2) When the balance in the account has been reduced, the financial institution may request a release of part or all of the collateral, as applicable, from the Agency.

Requests for release of collateral will be forwarded to FMD, Financial Systems and Procedures Branch.

103 Supervised Bank Account Transactions and Monitoring**A Deposits**

[7 CFR 761.52(a)] Checks or money orders may be deposited into a supervised bank account provided they are not payable:

(1) Solely to the Federal Government or any agency thereof; or

(2) To the Treasury of the United States as joint payee.

The authorized agency official must prepare the deposit slip and deliver the deposit to the financial institution. Copies are distributed to the borrower and the borrower's case file.

FSA must maintain a record of all deposits, including funds from other sources, on FSA-2142.

B EFT Transactions

[7 CFR 761.52(b)] Loan proceeds may be deposited electronically.

The authorized agency official should use EFT to deposit loan funds to a supervised bank account.

The authorized agency official will make the initial deposit to the supervised bank account with a paper check only when required by the financial institution or if an EFT waiver is on file. FSA may then make subsequent advances by initiating EFT transactions.

103 Supervised Bank Account Transactions and Monitoring (Continued)**C Withdrawals from a supervised bank account**

[7 CFR 761.54(a)] The Agency will authorize a withdrawal from the supervised bank account for an approved purpose after ensuring that:

- (1) Sufficient funds in the supervised bank account are available;**
- (2) No loan proceeds are disbursed prior to confirmation of proper lien position, except to pay for any lien search if needed;**
- (3) No checks are issued to “cash”; and**
- (4) The use of funds is consistent with the current farm operating plan or other agreement with the Agency.**

[7 CFR 761.54(b)] A check must be signed by the borrower with countersignature of the Agency, except as provided in Paragraph (c) of this section (subparagraph 103 D). All checks must bear the legend “countersigned, not as co-maker or endorser.”

D Withdrawal Without Borrower Signature

[7 CFR 761.54(c)] The Agency will withdraw funds from a supervised bank account without borrower counter signature only for the following purposes:

- (1) For application on Agency indebtedness;**
- (2) To refund Agency loan funds;**
- (3) To protect the Agency’s lien or security;**
- (4) To accomplish a purpose for which such advance was made; or**
- (5) In the case of a deceased borrower, to continue to pay necessary farm expenses to protect Agency security in conjunction with the borrower’s estate.**

The authorized agency official must submit recommendations for withdrawal to SED, in writing. SED may withdraw funds from a supervised bank account using FSA-2145.

103 Supervised Bank Account Transactions and Monitoring (Continued)**E Documentation**

The authorized agency official may retain copies of invoices, receipts, or other documentation, as necessary, to support withdrawals from the supervised bank account.

F Interest

[7 CFR 761.53(b)] Interest earned on a supervised bank account will be treated as normal income security.

See 4-FLP for further information on normal income security.

G Reconciliation

The authorized agency official must reconcile the supervised bank account statement with FSA-2142. Items to be reconciled are the payee, amount of each check, and the balance in the account. Deposits and withdrawals verified during the reconciliation will be initialed and dated. Any discrepancies must be resolved.

The authorized agency official must return the statement and canceled checks to the borrower after the reconciliation has been completed.

104 Closing Accounts**A Account No Longer Needed**

[7 CFR 761.55(a)] If the supervised bank account is no longer needed and the loan account is not paid in full, the Agency will determine the source of the remaining funds in the supervised bank account. If the funds are determined to be:

(1) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is less than \$1000, the Agency will provide the balance to the borrower to use for authorized loan purposes;**
- (ii) From a Youth loan, and the balance is less than \$100, the Agency will provide the balance to the borrower to use for authorized loan purposes;**

(2) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is \$1000 or greater, the Agency will apply the balance to the FLP loan;**
- (ii) From a Youth loan, and the balance is \$100 or greater, the Agency will apply the balance to the FLP loan;**
- (3) Normal income funds, the Agency will apply the balance to the remaining current year's scheduled payments and pay any remaining balance to the borrower; and**
- (4) Basic security funds, the Agency will apply the balance to the FLP loan as an extra payment or the borrower may apply the balance toward the purchase of basic security, provided the Agency obtains a lien on such security and its security position is not diminished.**

B Uncooperative Borrowers

[7 CFR 761.55(b)] If the borrower is uncooperative in closing a supervised bank account, the Agency will make written demand to the financial institution for the balance and apply it in accordance with paragraph (a) (subparagraph 104A) of this section.

Written demand will be made by SED according to subparagraph 103 D.

104 Closing Accounts (Continued)**C Death of Borrower**

[7 CFR 761.55(c)] In the event of a borrower's death, the Agency may:

- (1) Apply the balance to the borrower's FLP loan;**
- (2) Continue with a remaining borrower, provided the supervised bank account was established as a joint tenancy with right of survivorship account;**
- (3) Refund unobligated balances from other creditors in the supervised bank account for specific operating purposes in accordance with any prior written agreement between the Agency and the deceased borrower; or**
- (4) Continue to pay expenses from the supervised bank account in conjunction with the borrower's estate.**

Deceased borrower's supervised bank accounts will be handled according to 4-FLP. SED may withdraw funds according to subparagraph 103 D after obtaining approval from OGC.

105-120 (Reserved)

Part 5 Planning and Performing Construction and Other Development

121 Overview

A Purpose

[7 CFR 761.10(a)] This section describes Agency policies regarding the planning and performing of construction and other development work performed with:

(1) Direct FLP loan funds; or

(2) Insurance or other proceeds resulting from damage or loss to direct loan security.

122 Borrower Requirements for Preparing a Construction and Development Plan**A Applicability**

An applicant for an FLP loan for construction or repair of farm dwellings, service buildings, or land development must submit a construction and development plan to FSA as part of a direct loan application.

A borrower using insurance or other proceeds resulting from the damage or loss of loan security for construction, repair, or land development must submit a construction and development plan to FSA before the release of any proceeds.

B Funds for Development Work

[7 CFR 761.10(b)] The applicant or borrower:

(1) Must provide the Agency with an estimate of the total cash cost of all planned development prior to loan approval.

Note: Estimates must be provided from the supplier or contractor who will provide services or perform the repair.

(2) Must show proof of sufficient funds to pay for the total cash cost of all planned development at or before loan closing.

(3) Must not incur any debts for materials or labor or make any expenditures for development purposes prior to loan closing with the expectation of being reimbursed from Agency funds.

Acceptable sources of funds to pay for the planned development include loan proceeds, any cash furnished by the borrower, proceeds from cost sharing programs, or proceeds from the sale of property.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**C Scheduling, Planning, and Completing Development Work**

[7 CFR 761.10(c)] The applicant or borrower:

- (1) Is responsible for scheduling and planning development work in a manner acceptable to the Agency and must furnish the Agency information fully describing the planned development, the proposed schedule and the manner in which it will be accomplished.**

Construction and development work may be performed either by the contract method or the borrower method.

Under the contract method, construction and development contractors perform work according to a written contract with the applicant or borrower. Under the borrower method, the applicant or borrower will perform the construction and development work.

The borrower method may only be used when the authorized agency official determines, based on information from the applicant, that both of the following conditions apply.

- The applicant possesses or arranges to obtain the necessary skill and managerial ability to complete the work satisfactorily
- Such work will not interfere with the applicant's farming operation or work schedule.

An applicant or borrower must submit FSA-2150 along with the following information:

- cost estimates that fully describe the materials to be used and the work to be performed according to subparagraph B
- certified drawings, specifications, or contract documents that completely describe the work, including all landscaping, repairs, and site development
- technical data, tests, or engineering evaluations, if requested by FSA.

122 **Borrower Requirements for Preparing a Construction and Development Plan (Continued)****D Qualified Technical Services**

The applicant or borrower:

[7 CFR 761.10(c)(5)] Is responsible for obtaining any required technical services from qualified technicians, trades-people, and contractors.

The applicant should be advised to review copies of license, liability insurance, and bond coverage; however, copies are not required for the borrower's file.

E Construction and Repair Standards

[7 CFR 761.10(d)] (1) The construction of a new building and the alteration or repair of an existing building must conform with industry-acceptable construction practices and standards.

(2) All improvements to a property must conform to applicable laws, ordinances, codes, and regulations.

(3) The applicant or borrower is responsible for selecting a design standard that meets all applicable local and state laws, ordinances, codes, and regulations, including building, plumbing, mechanical, electrical, water, and waste management.

(4) The Agency will require drawings, specifications, and estimates to fully describe the work as necessary to protect the Agency's financial interests. The drawings and specifications must identify any specific development standards being used. Such information must be sufficiently complete to avoid any misunderstanding as to the extent, kind, and quality of work to be performed.

(5) The Agency will require technical data, tests, or engineering evaluations to support the design of the development as necessary to protect its financial interests.

(6) The Agency will require the applicant or borrower to provide written certification that final drawings and specifications conform with the applicable development standard as necessary to protect its financial interests. Certification must be obtained from individuals or organizations trained and experienced in the compliance, interpretation, or enforcement of the applicable development standards, such as licensed architects, professional engineers, persons certified by a relevant national model code organization, authorized local building officials, and national code organizations.

An applicant or borrower completing a construction and development project must provide FSA with certified plans. The certification must confirm that the applicant's final drawings and specifications conform with acceptable industry standards and practices.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**F Scheduling Construction**

The applicant or borrower:

[7 CFR 761.10(c)(4)] Must schedule development work to start as soon as feasible after the loan is closed and be completed as quickly as practicable.

Development work should be completed no later than 12 months from the date of loan closing. The authorized agency official must document any extension beyond 12 months in the case file.

G Approvals and Permits

The applicant or borrower:

[7 CFR 761.10(c)(2)] Is responsible for obtaining all necessary State and local construction approvals and permits prior to loan closing.

All necessary State and local construction approvals and permits should be obtained before loan closing. Failure to obtain such approvals and permits in a timely manner may delay the project and increase costs. In some cases, all approvals and permits may not be available until after construction.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**H Environmental Review**

The applicant or borrower:

[7 CFR 761.10(c)(3)] Must ensure that all development work meets the environmental requirements established in subpart G of 7 CFR part 1940.

See 1-EQ and the State Natural Resources Guide for additional guidance.

I Warranty and Lien Waivers

[7 CFR 761.10(f)] The applicant or borrower must obtain and submit all lien waivers on any construction before the Agency will issue final payment.

The borrower must submit a completed FSA-2153 and FSA-2154 or other documentation acceptable to FSA before FSA will issue final payment. The authorized agency official must place the completed FSA-2153 or other acceptable documentation in the borrower's case file.

The borrower should obtain warranties as applicable.

123 Review of Proposed Construction and Development Plans**A Review Process and Criteria**

FSA will review the proposed method of doing the work and determine whether the work can be performed satisfactorily under the proposed method. To facilitate its review, FSA will visit the farm or site of the proposed construction or development.

In this review, the authorized agency official must:

- review the cost estimate for reasonableness
- analyze the adequacy of the planned construction or development in achieving applicant goals according to the farm assessment, as outlined in Part 8, Section 2
- determine that the applicant has adequate funds to complete the project according to subparagraph 122 B
- determine whether the contractor will be able to obtain surety according to paragraph 126
- determine whether the applicant will be able to obtain a warranty and a lien waiver according to subparagraph 122 I
- determine that the location is appropriate and adequate for the proposed development
- examine the project for compliance with environmental (e.g., lead paint, water, waste disposal), and cultural protection requirements, consistent with 1-EQ
- determine that the proposed schedule is realistic and results in completion as quickly as practicable and within no more than 12 months according to subparagraph 122 F
- if required, determine that the applicant has obtained a written certification from a State-licensed engineer or architect that final drawings and specifications meet appropriate development standards according to subparagraph 122 E.

123 Review of Proposed Construction and Development Plans (Continued)**B Security Considerations**

The authorized agency official should ensure that the Government's security interest in the development is adequately protected by completing inspections and monitoring progress, as appropriate. Examples of potential lending risks include the following:

- incomplete construction caused by undisclosed or undiscovered site characteristics, structural problems arising from inadequate or incompetent engineering or design, local opposition to the project, or environmental problems
- cost overruns resulting from delays, changes in building materials or labor markets, changes in cost or failure to estimate properly, unexpected increases in financing costs
- financial failure because of unfavorable market conditions or inability of the borrower to complete the project.

124 Inspections

A Applicant/Borrower Inspections

[7 CFR 761.10(e)(1)] The applicant or borrower is responsible for inspecting development work as necessary to protect their interest.

The borrower's inspection ascertains that the actual construction and development work conforms with all plans, applicable design standards, and local, State, and Federal laws and regulations. In addition, an inspection helps to ensure that contractors and subcontractors comply with the contract terms and that structures are in livable and operable condition before final payment.

The authorized agency official will evaluate the following in determining if FSA inspections are needed:

- total cost of construction
- complexity of project
- whether State or local Government inspections address the full scope of design or performance issues of concern to FSA
- cost of obtaining inspections and availability of professional inspection services.

[7 CFR 761.10(a)(2)] The applicant or borrower must provide the Agency written certification that the development conforms to the plans and good construction practices, and complies with applicable laws, ordinances, codes and regulations.

Where required by applicable State or local laws, ordinances, codes, and regulations, the borrower must have inspections performed by responsible State or other Government authorities. The borrower must provide a copy of the written certification obtained from the State or local authorities as appropriate.

When FSA requires inspections, the borrower must identify and inform FSA of the authorities or professionals who will perform inspections before initiating construction or development work.

Complex projects may require several inspections. For example, inspections may be appropriate for major building components (e.g., wiring) that would not be visible when construction is complete. At a minimum, inspections of most new construction should include mechanical, plumbing, electrical, and all applicable requirements about water and sewage disposal. Inspections for repairs and some types of new construction (e.g., service buildings without utilities) are more limited in scope.

124 Inspections (Continued)**B Other Inspections**

[7 CFR 761.10(e)(3)] The Agency will require the applicant or borrower to obtain professional inspection services during construction as necessary to protect its financial interests.

(4) Agency inspections do not create or imply any duty or obligation of the Government to the applicant or borrower.

When performed, FSA inspections are for FSA's benefit, not to assure the borrower that the construction is according to plans and specifications. The purpose of an inspection is to determine that FSA has adequate security for its loan and loan funds or security proceeds are used as planned.

Inspections by FSA staff are not mandatory. However, to protect the interest of the Government, an authorized agency official should participate in final inspections, accompanied by the borrower if practicable. FSA inspections will be to certify that funds were used for authorized purposes and not to guarantee workmanship or construction soundness.

Inspections will be documented in the borrower case file.

C Correction of Deficiencies

The borrower is responsible for following up on the correction of deficiencies noted in any inspection and must provide FSA with documentation of follow-up and correction of deficiencies.

If the borrower or the contractor refuses to correct the deficiencies, the authorized agency official will contact the State Office for guidance.

D Reviewing Incomplete Developments

If the borrower has not completed development work within a reasonable time after the date of loan closing or receipt of security proceeds and the authorized agency official has determined that the borrower cannot or will not complete the development, the authorized agency official must contact the State Office for guidance.

Note: Any funds remaining in the supervised bank account should be handled according to subparagraph 103 D.

125 Changing the Planned Development**A Permissible Changes**

[7 CFR 761.10(h)] An applicant or borrower must request, in writing, Agency approval for any change to a planned development. The Agency will approve a change if all of the following are met:

- (1) It will not reduce the value of the Agency's security;**
- (2) It will not adversely affect the soundness of the farming operation;**
- (3) It complies with all applicable laws and regulations;**
- (4) It is for an authorized purpose;**
- (5) It is within the scope of the original loan proposal;**
- (6) If required, documentation that sufficient funding for the full amount of the planned development is approved and available;**
- (7) If required, surety to cover the full revised development amount has been provided; and,**
- (8) The modification is certified in accordance with paragraph (d)(6) (subparagraph 122 E) of this section.**

B Change Orders Procedures

When a borrower completing construction or development under the borrower method requests FSA approval of changes, the authorized agency official and the borrower will revise, date, and initial FSA-2150. Revised plans and specifications will be obtained as appropriate when a borrower completing construction or development under the contract method requests FSA approval of changes.

The borrower will submit revised contract documents, plans, and specifications, as appropriate.

The borrower and the borrower's contractors and subcontractors may not proceed with a proposed change and may not reflect the change in payment requests until FSA approves the requested change.

126 Surety Bonds**A Surety**

[7 CFR 761.10(g)] The Agency will require surety to guarantee both payment and performance for construction contracts as necessary to protect its financial interests.

An applicant for a direct loan to finance a construction project must obtain from a construction contractor a surety bond that guarantees both payment and performance in the amount of the construction contract when 1 or more of the following conditions exist:

- contract exceeds \$100,000
- authorized agency official determines that a surety bond appears advisable to protect the borrower against default of the contractor
- contract provides for partial payments in excess of the amount of 60 percent of the value of the work in place.

When the surety is required, the applicant's contract with the contractor must indicate that the contractor will furnish a properly executed surety bond before starting any work.

FSA will incur no liability to a surety bond issued in connection with a construction contract. The contractors must name FSA as a co-beneficiary in all surety bonds unless prohibited by State law.

B Sources of Surety

A contractor must obtain the surety bonds from a corporate bonding company listed on the current Department of Treasury Circular 570.

Note: The Treasury Department publishes this circular in the Federal Register annually. A current copy may be obtained from <http://www.fms.treas.gov/c570/index.html>.

The contractor may use a corporate bonding company not listed on Department of Treasury Circular 570 with SED approval. In no case may the applicant or any person or organization with an interest in the applicant's operation provide the required surety bond.

126 Surety Bonds (Continued)

C Exceptions to Surety Requirements

If the contractor is unable to obtain a surety bond meeting the requirements in subparagraphs A and B, the applicant may submit a written request for an exception from SED. The request must specifically state why the contractor is unable to obtain an acceptable surety bond and why it is financially advantageous for the applicant to proceed with the proposed contractor without such a bond.

SED may grant an exception if the proposed contractor is reliable and experienced in the construction of projects of similar size, design, scope, and complexity and has financial assurance comparable to being bonded.

127-140 (Reserved)

Part 6 Appraisals**141 General Appraisal Requirements****A General**

[7 CFR 761.7(a)] This section describes the requirements for:

- (1) Real estate and chattel appraisals made in connection with the making and servicing of direct FLP loans and Nonprogram loans**
- (2) appraisal reviews conducted on appraisals made in connection with the making and servicing of direct and guaranteed FLP and Non-program loans.**

B Purpose

FSA uses appraisals to determine the value of real and personal property or other security pledged or to be pledged to support direct loans and loan servicing actions. FSA requires a lender to obtain an appraisal in certain guaranteed loanmaking and loan servicing cases.

Appraisals are an integral part of the loan evaluation and servicing processes to determine whether there is adequate security to support a loan or servicing action.

C USPAP Compliance

[7 CFR 761.7(b)(1)] Real estate appraisals, technical appraisal reviews and their respective forms must comply with the standards contained in USPAP, as well as applicable Agency regulations and procedures for the specific FLP activity involved. A current copy of USPAP along with other applicable procedures and regulations is available for review in each Agency State Office.

***--Note:** The process for, and cost of, obtaining a copy of USPAP may be found at--*
<http://www.appraisalfoundation.org>.

To comply with OMB Circular No. A-129, the employee making a real estate appraisal may not approve any action in which the real estate appraisal was used, including loan approval or any servicing action.

141 General Appraisal Requirements (Continued)**D Appraisal Costs**

FSA is responsible for the costs of obtaining an appraisal associated with direct loanmaking and loan servicing activities, except for appeal and negotiation of appraisals. See Part 7 for information on FSA appraisal costs and payments.

The applicant or borrower is responsible for costs associated with appealing FSA appraisals. See paragraph 144 for information on appraisal appeals.

E Obtaining Appraisals

A chattel appraisal may be conducted by either an FSA employee who has been delegated chattel appraisal authority from SED or a contract appraiser.

A real estate appraisal may be conducted by either an FSA employee or contract appraiser, subject to the following:

- for all direct credit transactions equal to or over \$100,000, the appraisal must be completed by a State-certified general contract appraiser, or an FSA full-time or part-time designated appraiser/reviewer
- for all direct credit transactions under \$100,000:
 - an appraisal of noncomplex property may be completed by a licensed or certified general contract appraiser, a full-time or part-time designated appraiser/reviewer, or an FSA limited authority appraiser
 - an appraisal of complex property must be completed by a certified general contract appraiser or an FSA full-time or part-time appraiser/reviewer.

Note: A credit transaction includes any action or existing debt secured by real estate and any proposed loans, subordinations, prior liens, or guarantees.

SED shall issue a State supplement providing guidance on the process to request:

- a chattel appraisal from a contract appraiser
- a real estate appraisal.

FSA offices shall release information requested by the appraiser to complete real estate appraisals.

141 General Appraisal Requirements (Continued)

F Using an Existing Appraisal

[7 CFR 761.7(c)] Except where specified elsewhere, when a real estate appraisal is required, the Agency will use an existing real estate appraisal to reach loan making or servicing decisions under either of the following conditions:

- (1) The appraisal was completed within the previous 12 months and the Agency determines that:**
- (i) The appraisal meets provisions of this section and applicable Agency loan making and servicing requirements, and**
 - (ii) Market values have remained stable since the appraisal was completed; or**
- (2) the appraisal was not completed in the previous 12 months, but has been updated by the appraiser or appraisal firm that completed the appraisal and both the update and original appraisal were completed in accordance with USPAP.**

Note: Current USPAP requirements provide that an update of an appraisal is a new appraisal assignment. The appraiser may provide a new report:

- without incorporating the prior report
- by incorporating the prior report by attachments
- by incorporating the prior report by reference only if the original appraiser's firm and original intended users agree.

***--An existing chattel appraisal may be used if it was completed within the previous 24 months and:**

- FSA determines that the appraisal meets the loanmaking and or servicing requirements
- market values have remained stable since the appraisal was completed.--*

141 General Appraisal Requirements (Continued)**G Using Third Party Appraisals**

FSA may use an appraisal that has been completed by a third party for any direct or guaranteed loanmaking or loan servicing action, provided the appraisal meets all of the following:

- appraisal was completed within the previous 12 months
- appraisal was signed by a State-certified general appraiser licensed in the State where the property is located
- intended use stated in the report is consistent with FSA's need.

Notes: FSA does not need to be listed as an intended user in a third party appraisal report for any direct or guaranteed loanmaking or loan servicing action; however, FSA must verify that the appraisal was ordered by and prepared for a financial institution or land trust. Borrower-ordered appraisals are not acceptable for loanmaking or loan servicing actions except as provided in 5-FLP for special servicing actions.

*--If the administrative review concludes the appraisal is **not** acceptable for FSA use, a technical review should **not** be completed, nor should the report be used.--*

H Contracts for Appraisal Services

Contracts for obtaining real estate or chattel appraisals shall be established according to Part 7.

142 Appraisal Reports

A Chattel Appraisals

[7 CFR 761.7(b)(2)] When a chattel appraisal is required it must be completed on an applicable Agency form (available in each Agency State Office) or other format containing the same information.

FSA may use FSA-2160. If FSA-2160 is not used, the chattel appraisal, as a minimum, will identify all chattel items appraised, including the following details:

- the quantity, kind, sex, breed, color, weight or average weight, brands or other identification, and value of livestock

***--Note:** Weight is not required for breeding stock.--*

- the quantity, kind, manufacturer, size and type, condition, year of manufacture, serial or motor number, and value of machinery and other equipment.

The appraised value of chattel property will be based on public sales of the same or similar property in the market area. In the absence of public sale data, reputable publications may be used to establish market value provided the appraisal is documented to reflect that the market value was established based on wholesale values, rather than retail values.

Note: Retail values include the cost of rehabilitation and other factors that are not typically included in a public sale.

142 Appraisal Reports (Continued)

B Real Estate Appraisals

A real estate appraisal, as a minimum, will be a summary appraisal report as defined by USPAP. Any exception to allow the use of a restricted report requires prior written approval by SED. SED may redelegate this authority to the designated State staff appraiser. Approval of restricted reports will only be granted under extraordinary circumstances, limited to situations where there will be only a single user of the report.

Real estate appraisals must include as a minimum, the following details:

- *--documentation of the physical onsite inspection of the subject and comparable properties by the appraiser

Note: Physical inspections are required for the appraisal to be USPAP compliant according to subparagraph 141 C.--*

- documentation of the results of the following 3 approaches to estimating value, except as provided in the scope of work in USPAP:
 - sales comparison approach
 - cost approach
 - income approach
- if adjustments are made, the basis for these adjustments, including land mix, time, water, buildings, depreciation, soils, and any other applicable adjustments recognized by the market and supported by adequate documentation in the appraisal
- at least a 3-year sales history of the property
- the comparable sales used, including a breakdown of land contribution by land class, building contribution by improvement, derived depreciation rates, basis for the cost of new improvements, remaining life of improvements, timber, mineral value, water rights and volume, water delivery system, photographs of improvements and land, etc.

Note: Using the subject property's pending sale as a comparable is prohibited.

- the value of any mineral rights.

Note: Because of CONACT requirements, a separate valuation of any mineral rights must be identified in appraisals, completed for any direct loan, to perfect the lien on any minerals. Because the particular CONACT requirement does not apply to guaranteed loans, a separate mineral valuation on an appraisal done for guaranteed loans is not required; however, the value of any mineral rights should still be considered in determining the overall value.

142 Appraisal Reports (Continued)

B Real Estate Appraisals (Continued)

When the value of mineral rights:

- *--can be determined, and/or is needed to collateralize the loan, FSA-2164, Part D or other formats that provide the same information, will be included in the appraisal report to support the market value arrived at by the appraiser
- is only nominal, FSA-2164, Part D or other formats that provide the same information, will reflect an amount as determined by the appraiser; the appraisal report shall document the basis for the appraiser's findings

Note: The nominal value may be determined to be as low as \$1.

- cannot be determined, instead of FSA-2164, the appraisal report will include language--* to specify that it includes any mineral rights of the subject property. In these cases, the following language may be used:

“The precise value of mineral interests in existence, as well as the economic feasibility to extract minerals from the subject property, or any anticipated future annual production or income from the production of minerals is unknown to the appraiser. This appraisal is not an exhaustive study of the actual or potential mineral production, and is based on the best information available as of the effective date of the appraisal. The final opinion of value in the appraisal report includes mineral rights of the subject property.”

C Approved Appraisal Formats

Any appraisal format that meets USPAP requirements is acceptable.

FSA has the following available formats that may be used along with additional documentation to meet USPAP requirements:

- FSA-2161
- * * *
- FSA-2162
- FSA-2163
- *--FSA-2164.--*

143 FSA Review of Appraisal Reports

A Overview

[7 CFR 761.7(d)(1)] With respect to a real estate appraisal, the Agency may conduct a technical appraisal review or an administrative appraisal review, or both.

[7 CFR 761.7(d)(2)] With respect to a chattel appraisal, the Agency may conduct an administrative appraisal review.

Real estate appraisals used for any direct or guaranteed loanmaking or loan servicing purpose are subject to a technical appraisal review or an administrative appraisal review by FSA for compliance with applicable FSA regulations and procedures.

B Administrative Appraisal Reviews

Administrative appraisal reviews are conducted by FSA employees, other than an FSA full-time or part-time State-designated appraiser/reviewer, delegated the responsibility by *--SED. Employees must have completed training on conducting appraisal reviews, according to paragraph 147, before receiving this delegation.--*

An administrative appraisal review is performed as a due diligence function in the context of a loanmaking or loan servicing decision and to ensure compliance with organizational requirements. After the administrative appraisal review, the appraisal user will be in a position to understand the strengths and weaknesses of the information in the report. An administrative appraisal review is completed to verify that the:

- correct property was appraised
- math is correct
- appraisal is logical and understandable
- appraisal complies with FSA contracting requirements.

Note: An administrative appraisal review does not include a determination of compliance with USPAP.

The administrative reviewer will refer to the designated State staff appraiser any areas of concern or problems detected. An administrative reviewer may not express a different opinion of value and may not certify to the type and extent of review.

The administrative appraisal review is completed for farm properties on FSA-2165 and for residential properties on RD 1922-15, or in any other format containing, at a minimum, the same information.

143 FSA Review of Appraisal Reports (Continued)

***--C Conducting Administrative Appraisal Reviews**

FSA will complete an administrative appraisal review: --*

- within 7 workdays of receiving a contracted appraisal obtained for any direct loan purpose
- on 20 percent of appraisals obtained during each FY by CLP and PLP lenders for any guaranteed loan purpose
- on all appraisals obtained during each FY by SEL's for any guaranteed loan purpose
- of chattel and real estate appraisals completed by FSA employees, as determined by SED
- on all third party appraisals.

143 FSA Review of Appraisal Reports (Continued)

D Technical Appraisal Reviews Overview

A technical appraisal review will be in writing to address all requirements of USPAP, Standard 3. Under the scope of the technical appraisal review, the appraiser/reviewer forms an opinion as to:

- the adequacy and relevance of the data used
- the propriety of any adjustments to the data
- the appropriateness of the appraisal methods and techniques used
- whether the analysis and conclusion of the appraisal under review is credible, and if not, the reason for expressing different opinion of value.

Unless written authority is granted by DAFLP, a technical appraisal review must be completed by an FSA full-time or part-time State-designated appraiser/reviewer who will determine whether the appraisal is in compliance with USPAP Standards. The appraiser/reviewer must certify as to the type and extent of the review process. A technical appraisal review may include a desk review and/or a field review. The appraiser/reviewer may express a different opinion of value from the appraiser, only after complying with USPAP Standards 1 and 2.

--The technical appraisal review is completed for agriculture properties on FSA-2166, or any other format containing, at minimum, the same information and complies with USPAP standards.--

A technical desk review:

- is an analysis of the material presented in the appraisal report as to the adequacy of the documentation of the final value estimate
- may reveal concerns, such as math errors, discrepancies of legal descriptions, comparable sales used that are not recent or similar to the subject property, failure to give value consideration to all items located on the subject property, and failure to address the condition of the subject and comparable sales.

A technical field review involves an examination of all aspects of making the appraisal. All information contained in the appraisal report is verified, inspected, and researched. Other information, such as other comparable sales, not included in the report may be addressed.

Problems or areas of concern detected during the technical appraisal review will be referred to the appraiser who conducted the appraisal.

143 FSA Review of Appraisal Reports (Continued)

E Conducting Technical Appraisal Reviews

FSA will complete a technical appraisal review of the following:

- first direct loan appraisal completed by a contract appraiser and then 1 every 2 FY's thereafter
- first third party appraisal used for direct loan appraisals completed by an appraiser with whom FSA has had no appraisal experience and then 1 appraisal every 2 FY's thereafter

* * *

Note: If an appraisal has been technically reviewed under any of the previous bullets, it is **not** necessary to conduct another review of another appraisal completed by the same appraiser on a different category, such as appraisal reviewed with a
 --direct loan and the same appraiser subsequently completes another assignment--
 that is submitted to FSA as a third party appraisal. A review would **not** be necessary.

- 1 appraisal (or technical review when an appraisal has not been completed during the cycle) completed by FSA staff appraisers every 2 FY's

Note: The National Office will coordinate peer desk type reviews and monitor completion and results. Peer reviewers and appraisal/technical reviews selected for review will be on a random basis.

- direct or guaranteed loan appraisals when an administrative review detects serious problems
- all appraisals completed by limited authority appraisers
- of appraisals conducted by contractors and FSA employees in a random spot check method that is established by SED

Note: Each year, SED will vary the method used to select appraisals for review to ensure that adequate internal controls are established.

- on a more frequent basis, if problems have been detected in the scheduled spot check review
- upon request of the loan approval official anytime before loan approval.

143 FSA Review of Appraisal Reports (Continued)**F Recordkeeping and Internal Management Controls**

Each State must maintain a recordkeeping system and internal management controls to
--ensure that all administrative, technical (desk and field) reviews, and compliance activities--
are accomplished according to 25-AS, Exhibit 40.5.

G USPAP Records Retention

USPAP requires that appraisers retain documentation about appraisal reviews and technical appraisal reviews they conduct for whichever of the following is longer:

- 5 years from date of completion
- 2 years from the date all appeals and litigation about the appraisal are concluded.

SED's shall provide adequate storage space to staff appraisers for the duration of the required documentation retention period.

H FLP Appraisal Work Files

Appraisal work files **must**:

- **not** be destroyed or otherwise removed from FSA when USPAP retention requirements expire
- be relinquished when appraisers leave FSA employment positions.

Note: Appraisers may make copies of their work files at no cost before departing.
Appraisers will be provided access to their work files on an as-needed basis to address State board concerns.

144 Appeals of Decisions Based on Appraisals

A Scope

This paragraph provides general information on appealing a direct loanmaking or loan servicing decision based on an appraisal. See 1-APP and paragraph 42 for additional information on appeals.

B When a Decision Based on an Appraisal May Be Appealed

An applicant or borrower may appeal any adverse decision based on an FSA appraisal. However, when the appraisal was obtained in connection with a request for PLS and negotiation of appraisal has been completed according to 5-FLP, paragraph 230, the negotiated value is not appealable.

144 Appeals of Decisions Based on Appraisals (Continued)

C Appeals

If the appellant:

- chooses to challenge the appraisal obtained by FSA for any loanmaking or loan servicing activities other than PLS under 5-FLP, the issue on appeal will be whether FSA's appraisal is consistent with USPAP and the appellant may provide an independent technical appraisal review of FSA's appraisal

Note: The appellant does not have the right to provide a second independent appraisal for consideration.

- is being considered for PLS under 5-FLP, the appeal challenging FSA's appraisal may include the appellant's independent appraisal according to 5-FLP, paragraph 230.

Notes: In Homestead Protection under 5-FLP, Part 8, the appellant has the right to select an independent appraiser from a list of appraisers provided by the authorized agency official. The issue on appeal will be whether FSA's appraisal is consistent with USPAP and the appellant may only provide an independent technical appraisal review of FSA's appraisal. The appellant does not have the right to provide a second independent appraisal for consideration or negotiation of the appraisal.

Leaseback/buyback is no longer offered by FSA. However, if the appellant is exercising their right to purchase inventory property at the conclusion of an existing leaseback/buyback lease, the issue on appeal will be whether FSA's appraisal is consistent with USPAP and the appellant may only provide an independent technical appraisal review of FSA's appraisal.

- disagrees with the appraised value used to determine amount due under a shared appreciation agreement or net recovery buyout recapture agreement, the issue on appeal will be whether FSA's appraisal is consistent with USPAP, and the appellant may only provide an independent technical appraisal review of FSA's appraisal.

Notes: The appellant does not have the right to provide a second independent appraisal for consideration or negotiation of the appraisal.

Subparagraphs 42 D and E provide text to be added to the reconsideration paragraph in adverse decision letters involving appraisals.

144 Appeals of Decisions Based on Appraisals (Continued)**D Real Estate Independent Technical Appraisal Review**

An independent technical appraisal review:

- is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable
- may include either a desk review and/or a field review.

Note: The appraiser conducting the technical appraisal review must certify as to the type and extent of the review process.

At the appellant's request, the agency official shall provide a list of State-certified general appraisers. The appellant may select an appraiser from the list or retain any other State-certified general appraiser to conduct an independent technical appraisal review according to USPAP Standard 3. The appellant must pay the cost of the independent technical appraisal review.

The authorized agency official shall forward any independent technical appraisal review received from the appellant, along with a copy of the appraisal, to the designated State staff appraiser to be reviewed by a full-time or part-time appraiser/reviewer. The designated State staff appraiser will notify the authorized agency official of the final decision about the independent technical appraisal review and the final appraised value. The authorized agency official will notify the appellant of the outcome of reconsideration according to 1-APP.

E Chattel Independent Appraisal Review

An independent appraisal review is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable.

The agency official shall forward any independent appraisal review received from the appellant, along with a copy of the appraisal, to the State Office to be reviewed. FLC will request a review by an employee delegated the authority to perform independent appraisal reviews. Upon completing the review, FLC will notify the authorized agency official of the final decision about the independent appraisal review and the final appraised value. The authorized agency official will notify the appellant of the outcome of reconsideration according to 1-APP.

144 Appeals of Decisions Based on Appraisals (Continued)**F Releasing FSA Appraisal Reviews**

*--Administrative appraisal reviews performed by an FSA employee:

- before an initial decision are part of the FSA record and must be submitted to NAD as part of the appeal process
- after an initial decision are not part of the FSA record and would not be releasable except under a subpoena from NAD according to 7 CFR 11.8(a), and only after any information prohibited from disclosure is deleted.

Technical appraisal reviews performed before or after an initial decision are part of the FSA record and must be submitted to NAD as part of the appeal process.--*

G Errors Identified in an Appraisal

If either the authorized agency official or borrower discovers any mathematical or property description errors in the appraisal, the discrepancies must be reported to SED or designated State staff appraiser. The designated State staff appraiser shall review the nature of the discrepancy and make a determination to:

- contact the appraiser to correct the appraisal
- determine whether the discrepancies are material to the final value determined in the appraisal report.

The appraiser may make corrections to the appraisal up until the time the appeal hearing begins or as a result of the appeal hearing.

145 Appraiser Qualifications**A Chattel Appraisals**

An FSA employee delegated chattel appraisal authority from SED, or a contractor hired to complete chattel appraisals, must:

- possess sufficient experience or training to establish market value of chattel property based on public sales of the same or similar property in the market area
- demonstrate, to SED's or designee's satisfaction, sufficient experience and training to establish market values of chattel property.

Note: A contract appraiser's qualifications shall be documented by the appraiser and maintained in the contract file.

B Real Estate Contract Appraisers

Real estate contract appraisers must be State-certified general appraisers in the State in which the property to be appraised is located.

C Full-Time and Part-Time FSA Real Estate Appraisers/Reviewers

A full-time appraiser/reviewer is an FSA employee who is responsible only for real estate appraisals and technical real estate appraisal reviews, and who has or is fulfilling the training requirements in paragraph 146.

A part-time appraiser/reviewer is an FSA employee who has significant responsibilities for real estate appraisal and technical real estate appraisal reviews, but has other FSA program responsibilities as well, and who has or is fulfilling the training requirements in paragraph 146.

Both full-time and part-time appraisers/reviewers must be a State-certified general appraiser or obtain State-certified general appraiser status within * * * 5 years of being designated as an appraiser/reviewer.

D FSA Limited Authority Real Estate Appraisers

An FSA limited authority appraiser is an employee who is primarily responsible for the administration of FSA programs, but has been delegated limited authority to perform real estate appraisals when the total credit transaction is less than \$100,000, as described in subparagraph 141 E.

FSA limited authority appraisers are not:

- required to obtain State-certified general appraiser status
- authorized to complete technical real estate appraisal reviews.

146 Appraiser Training Requirements

A Obtaining State-Certified General Appraiser Status

Both full-time and part-time FSA appraisers/reviewers must acquire State-certified general appraiser status within 5 years from being designated as an appraiser/reviewer. To acquire *--this status, the appraiser/reviewer must meet their respective State licensing requirements and complete the following categories, at a minimum.

Category	Description
1	220 hours of appraisal training, of which a majority must concentrate in--* farm real estate-related courses, in: • sales comparison approach • cost approach • income approach.
2	16 hours of training in USPAP.
3	24 hours of training in narrative report writing.
4	A minimum of 40 hours of technical appraisal review.

Required courses may be taken from approved institutions, such as:

- colleges or universities
- community or junior colleges
- real estate appraisal or real estate-related organizations
- State or Federal agencies or commissions
- proprietary schools
- other providers approved by the State certification-licensing agency.

The appraiser/reviewer, with supervisor approval, should select courses accredited by the State Appraisal Board and meet required general course guidelines and directions.

In addition, the appraiser/reviewer must meet State experience requirements for obtaining a State-certified general license.

If a designated appraiser/reviewer cannot acquire State-certified general appraiser status within 5 years because of State requirements, SED or FLC must request an extension from the National Office for the appraiser/reviewer to complete the requirements. The request should be submitted to the following.

146 Appraiser Training Requirements (Continued)**B Maintaining State-Certified General Appraiser Status**

Full-time and part-time appraisers/reviewers are required to maintain their State-certified general appraiser status by completing continuing education courses according to the standards established by the State Appraisal Board.

These courses must be:

- taken from approved institutions
- accredited by the State Appraisal Board.

The appraiser/reviewer, with supervisor approval, should select the continuing education course topics.

C Training Requirements for FSA Limited Authority Appraisers

SED or full-time appraisers/reviewers shall establish the minimum training needs for FSA-limited authority appraisers.

The training must ensure satisfaction of the following:

- ethics
- competency
- scope of work
- jurisdictional exception rule
- USPAP Standards 1 and 2
- appropriate FSA appraisal requirements.

Full-time or part-time appraisers/reviewers shall provide in-house or on-the-job training to FSA-limited authority appraisers.

146 Appraiser Training Requirements (Continued)

D Payment of Training Fees

By August 1 of each FY, each SED must request, in writing, from the National Office appraisal training funds for the following FY for both basic and continuing education costs.

For staff appraiser/reviewers who are:

- not State-certified or have not completed FSA's basic education, request shall include the following:
 - name of individual to receive training
 - date hired into position
 - dates and courses to be taken in the coming FY
 - category in which course applies
 - course hours accredited by the State Appraisal Board for each course
 - cost of tuition, books, site fee, travel, and per diem
- State-certified and are fulfilling continuing education requirements, requests shall include the following:
 - name of individual to receive training
 - dates and courses to be taken in the coming FY
 - course hours accredited by the State Appraisal Board for each course
 - cost of tuition, books, site fee, travel and per diem.
 - *--number of hours required by State for continuing education per license cycle
 - number of hours of continuing education completed for the current license cycle.

Note: Training fee requests should only be courses in aggregate that provide the minimum hours necessary to meet basic qualification or continuing education requirements. Requests in excess of basic qualification or continuing education requirements will be denied.

The travel and per diem costs requested will be added to the State's normal allotment of travel funds by BUD. It is the appraisers/reviewers and their supervisor's responsibility to--* communicate to the State administrative section of the travel funds requested for appraisal training and to establish a basis to use those funds for the intended purpose.

FSA-limited authority appraisers do not incur any training costs because they are trained in-house or on-the-job by full-time or part-time appraisers/reviewers and are not State-certified.

E Maintaining Appraisal Skills

Appraisers are required to maintain their appraisal skills by remaining actively engaged in all areas of real estate appraisal work. To maintain skills, appraisers holding an active certified general appraiser credential in any State or Territory must schedule work with their supervisor in a manner so as to complete a minimum of 10 appraisal work credits each FY. Work credits may be earned at the following rate:

- 2 credits for completing each agricultural property appraisal
- 1 credit for completing each agricultural property desk or field technical review.

Notes: Appraiser may earn the minimum credits from any mixture of real estate appraisal work (that is, completion of 3 appraisals (6 credits) and 4 technical reviews (4 credits) would satisfy the annual requirement).

This requirement does not pertain to appraiser trainees.

--147 Training Requirements for Performing Administrative Appraisal Reviews*A State Responsibility**

State Offices are responsible for developing and delivering a training program to an adequate number of employees to perform administrative appraisal reviews.

Part 7 PLCE's**161 Overview****A Purpose**

This Part describes procedures for obligating, paying, and reporting noncontractual expenses and special handling processes for noncontractual and contractual PLCE's. See 42-AS for procedure for purchasing and reporting contractual goods and services.

The following are the 2 types of PLCE's:

- recoverable PLCE's are chargeable to either a borrower or property account
- nonrecoverable PLCE's are not chargeable to a borrower or property account.

B Program Authority

Program authorities to request goods and services by contract and make noncontractual payments are in Exhibit 25. Employees with program authority may redelegate their authority to any qualified employee.

If additional program authority is needed above the levels granted in Exhibit 25, SED must forward a written request to the Director, LMD by FAX at 202-690-1117 or mail to:

A Background

FFIS is a mainframe software package for authorized agency users to record, monitor, and control all activities in the “Type 60” PLCE spending process.

Note: All references to PLCE activity as “Type 60’s” and using the “60” numbering system for PLCE items are obsolete.

PLCE data recorded in FFIS includes State allocations, obligations, invoices, disbursements, and post-payment modifications. Borrower and property loan information is validated and *--stored in the BOPR table in FFIS to ensure that data backfed to is accurate.--*

SED shall ensure that an adequate number of employees are trained, delegated authority, and have the proper security clearance, user ID, and password to input and approve transactions using FFIS.

The Program Loan Cost Expense - Foundation Financial Information System Fast Facts Desktop Reference Guide and Procedure Guide for FFIS Program Loan Cost Expense - Field Users Guide are available electronically at

<https://arcticoccean.sc.egov.usda.gov/flp/IndexServlet>. Individuals should use the guides to:

- monitor State allocations and available balances of PLCE funds
- process obligations and invoices
- respond to vendor inquiries related to invoice and disbursement activity.

The guides provide instructions for:

- processing obligations
- modifying obligations
- canceling obligations
- processing invoices
- navigating through inquiry tables to verify updates and monitoring allocations and expenditures
- understanding the spending chain
- understanding document referencing
- responding to vendor inquiries
- error code inquiries
- establishing vendor codes.

162 FFIS (Continued)

B Using EFT

The Debt Collection Improvement Act of 1996 mandates using the EFT payment method for Government disbursements. EFT enables FSA to pay for goods and services electronically by direct deposit of the payment. FAR and Treasury regulations at 31 CFR Part 208 allow for the following exceptions to the EFT requirement:

- *--Federal and local government vendors--*
- employees
- nonemployee travelers
- foreign vendors not operating on U.S. soil
- individuals that do not have an account at a financial institution
- operational hardship.

Note: This applies if the vendor's regular business process will be severely hindered by receiving payment through EFT.

162 FFIS (Continued)

C VID Number

All vendors must have a VID number assigned before processing FFIS obligations and disbursements. The VID number is a:

- unique number used to identify vendors, organizations, and persons to whom USDA makes payments or from whom USDA collects receivables
- combination of the vendor's TIN, SSN, or EIN plus a 2-position character for identifying multiple addresses for those vendors operating under a single TIN, but at multiple locations.

State Office employees will access the VEND FFIS vendor table using the vendor's TIN/SSN/EIN to determine whether the vendor has been established.

If the vendor is not in the FFIS vendor table, complete FSA-2173 and enter requests through FFIS using the PVND screen. Issues and concerns about VID numbers can be addressed with the PLCE team member associated with each State as follows:

- Brian Huffman, FCG, by any of the following:
 - telephone at 314-679-6724
 - e-mail to **brian.huffman@stl.usda.gov**
 - FCG FAX to 314-679-6732
- Erin Greco, FCG, by any of the following:
 - telephone at 314-679-6728
 - e-mail to **erin.greco@stl.usda.gov**
 - FCG FAX to 314-679-6732.

D Employees as Vendors

Employees are permitted to incur costs on behalf of FSA to obtain copies of courthouse documents provided **prior budget approval is obtained** from the PLCE Monitor. If preapproval of the expenditure is not received from the PLCE Monitor, the cost may not be reimbursable.

--FLC or designee will sign FSA-2126 for all employee reimbursements requests.--

Employees will **not**:

- act as a vendor for “convenience” of the office, applicant or borrower
- act as a vendor whenever “L”, “R”, or “S” funds are used
- be asked or required to use personal funds for miscellaneous expenses with repayment through PLCE funding at a later time
- be a vendor when an expense can be handled through normal PLCE processes
- file for reimbursement of any PLCE on a travel voucher, SF-1164, or by any other means other than FSA-2126.

Note: FSA employees are already established as vendors in FFIS. When the vendor is an FSA employee, VID is the employee’s SSN plus “E S” at the end of the entry.

Example: 123456789E S.

163 Allocating PLCE Funds

A National Office Allocation of PLCE Funds to States

The National Office allocates PLCE funds to each State or group of States that has FLC. The most recent allocations and balances are available in FFIS on the Allocation (ALOC) Screen.

Note: PLCE funds are not suballocated to the County Office level.

The National Office divides each State allocation into 4 accounts. Each account has its own purpose and designated loan cohort.

- ACIF Program Account (nonrecoverable). This “A” account is used to pay PLCE’s that are not chargeable to a borrower or inventory property account. The “A” account fund code is identified as “2360” in FFIS ALOC table.

163 Allocating PLCE Funds (Continued)

A National Office Allocation of PLCE Funds to States (Continued)

- ACIF Direct Loan Financing Account (recoverable). This “R” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the loan was obligated in FY 1992 or subsequent years. The “R” account fund code is identified as “5360” in FFIS ALOC table.
- ACIF Liquidating Account (recoverable). This “L” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the loan was obligated before FY 1992. The “L” account fund code is identified as “1360” in FFIS ALOC table.

Note: Always use **the original loan obligation date** on rescheduled or reamortized loans when determining the proper recoverable (“R” or “L”) account to be charged.

- Recovery Act - Direct Financing Account - Capital Investment (recoverable). This “S” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the loan was obligated using ARRA (“Stimulus”) identified loan funds. “S” loans are identified by the Type of Assistance for obligation: 5xx, *-5xx, etc. The “S” account fund code is identified as “5160” in the FFIS ALOC table.

FSA assigns recoverable PLCE’s to specific loans, except ARRA (“Stimulus”) loans. When a specific recoverable PLCE applies to more than 1 loan, the oldest outstanding loan, which is the loan with the earliest obligation date, of the same type will determine which recoverable account (“L” or “R”) will be charged.

Note: Only “S” funds will be used to obligate and pay PLCE items for ARRA (“Stimulus”) loan. The use of “L” or “R” funds for ARRA (“Stimulus”) loans is not authorized.

--A State Office cannot shift funds among the “A”, “L”, “R”, and “S” accounts. Each State-- Office must keep these fund purposes and amounts in mind when planning the timing of obligations and disbursements.

Because of anticipated demand for “A” account funds, State Offices should spend “A” account funds only for services that cannot be performed internally by FSA.

Note: Using purchase cards for a PLCE activity for an FLP * * * applicant or borrower is not authorized.

163 Allocating PLCE Funds (Continued)**A National Office Allocation of PLCE Funds to States (Continued)**

If additional funds are required, SED must submit a written request to the Director, LMD by FAX at 202-690-1117 or mail to:

DIRECTOR
USDA FSA DAFLP LMD
STOP 0522
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0522

The National Office does not allocate funds from the Guaranteed Account (recoverable) to State Offices. Requests for funds to pay PLCE's chargeable to a guaranteed loan or property account obligated in FY 1992 and subsequent years must be submitted to LMD.

B State Office Allocation of PLCE's

Each State Office must certify PLCE fund availability through the State Office PLCE Monitor and process payments electronically using FFIS with a digital signature.

The PLCE Monitor is responsible for monitoring obligations and disbursements of PLCE-allocated monies by account to avoid violating the Anti-Deficiency Act. Specifically, the State Office FLP staff is:

- responsible for determining and documenting how these monies will best be used to meet program goals and objectives
- accountable for the proper use of these monies.

***--C Using PLCE's**

All PLCE obligations and disbursements must occur on a "requirement and consideration" basis. There must be a specific need for a specific loan applicant or borrower. Obligating lump sum amounts or "banking" PLCE funds, for a specific vendor, is prohibited and a violation of the Anti-Deficiency Act. The obligation of PLCE funds in one FY for use in another FY without a specific requirement also violates the Anti-Deficiency Act and is not permitted.--*

163 Allocating PLCE Funds (Continued)

***--C Using PLCE's (Continued)**

Example of permissible and not permissible are as follows:

- **Permissible:** On September 25, 2010, the county office requests a title opinion in preparation for an upcoming foreclosure sale for a particular borrower. The PLCE commitment is created the same day; however, it is **not** until November 1, 2010, that the vendor delivers the title opinion and requests payment.
- **Not Permissible:** On September 25, 2010, the State Office decides to set aside \$xxx for real estate appraisals needed in the next FY. There is no immediate need for the obligation; however, the State wants to “use up” the remaining FY 2010 “L” allocation and draw-down funds from the one MY obligation on an as-needed basis in FY 2011.

Note: For electronic UCC filings with the Secretary of State Office see subparagraph D.

SED must issue a State supplement that:

- covers the proper handling of requests for real estate appraisals, UCC activity, and any other PLCE involving using a Federal contract or blanket purchase agreement--*

* * *

- identifies its method of certifying fund availability
- identifies the PLCE Monitor responsible for certifying fund availability.

***--D Guidance for Electronic UCC Activity**

State Offices may establish accounts with the Secretary of State office using a draw-down process to meet UCC electronic or central filing requirements. This account will be established using “R” funds.

When “L”, “R”, or “S” funds are used to renew a UCC filing for an account in foreclosure, a check will be obtained for that specific UCC filing. Post-payment modifications or post-payment adjustments will **not** be used to accomplish this task. Each UCC filing that requires using recoverable PLCE funds will be processed on an individual, as needed basis; that is, 1 obligation document to 1 borrower.

State Offices with Secretary of State UCC accounts must establish a tracking system to monitor accurate billing and ensure that FLP UCC activity is not commingled with CCC or farm program filings. PLCE funds may be used only for FLP loan applicants and borrowers.--*

164 Program Authority Codes

A Purpose

To obligate and control funds, track expenses, and determine program authority, each type of expense must be identified by a unique 4-alphanumeric-character PAC that is found in Exhibit 25.--*

PAC's are used to determine:

- if a particular expense can be authorized
- who can authorize it
- whether it must be obtained through contractual or noncontractual means
- whether the expense is recoverable or nonrecoverable.

*--B Program Authority

PLCE items are considered financial transactions, commonly referred to as “noncontractuals,” and not procurement items when the:

- purpose of the expenditure is related to the collection of the Promissory Note, preserves or protects any security for the loan, or is in compliance with the terms of any security agreement or other security instrument executed in connection with the loan
- cost item falls below the micro-purchase threshold of \$3,000
- cost item is not anticipated to be a repetitive need for services.

Examples of financial transactions include the following:

- advertising Government property for sale
- obtaining a title opinion or updating an abstract
- securing inventory property to prevent vandalism.

Examples of procurement items include the following:

- real estate appraisals
- using a third party for handling legal document processing
- hiring a third party to conduct year end analyses or make field visits.

Note: Transactions listed in Exhibit 25 under the category, “Loan Account Maintenance” are exempt from FAR and AGAR provisions and not subject to the micro-purchase threshold. They will always be processed as financial transactions using FSA-2126.--*

164 Program Authority Codes (Continued)

***--B Program Authority (Continued)**

PAC's with "SC" authority:

- may be acquired at the County Office level after receiving budget approval from the PLCE Monitor
- do not require a contracting officer
- will be obtained equitably from available qualified sources whenever possible.

PAC's with "S" authority only:

- must be processed at the State Office level
- may require a contracting officer.

PAC's with "A" authority:

- must be submitted to the Director, DAFLP, LMD
- may be used only after approval by the Administrator and/or designee.

C PAC Formats

PAC's have been consolidated into 3 categories, "Loan Making", "Loan Servicing", and "Inventory Property". All transactions fall under 1 of the 3 categories. **The 2nd digit of the new PAC is not associated with a program activity.**

Several PAC's have been combined and clarifications made in the Exhibit 25 "Note" section. If a "Comment" is annotated for the selected PAC, County Offices and PLCE Monitors should review the Exhibit 25 "Note" section for usage clarification or application.

Although the column entitled, "PAC Code", reflects only 3 digits, the 4-digit PAC format is **not** changing at this time. The letter "F" will always be the first character of PAC, followed by the 3 digits provided in Exhibit 25 for each contract purpose detail; for example, "F1A1", "F4D4", "F5N3", etc.

Note: The "Custodial" Program Activity, represented by a "3", has been eliminated in its entirety and may not be used. The "Acquired" Program Activity, represented by a "4", has been eliminated as a program activity; however, certain PAC's containing a "4" have been retained. Using a "4" is **not** reflective of the loan's status; rather, it is used to derive the appropriate funding source associated with that code in FFIS. It is possible to have PLCE PAC with a "4" even though the account is not in foreclosure. If the account has been accelerated or is in active foreclosure, use PAC for that PLCE item regardless of its configuration.--*

164 Program Authority Codes (Continued)**D Type of Expense**

Exhibit 25 indicates whether the expense is as follows:

- recoverable
- nonrecoverable
- either recoverable or nonrecoverable.

E Historical PAC Reference

Exhibit 26 will be retained for reference.

165 Using PLCE for Contractual Purchases or Services**A Obtaining Contractual Services**

FSA uses FAR (48 CFR Part 1), Agriculture Acquisition Regulation (48 CFR Parts 401-453), USDA DR's and notices, and FSA notices to manage acquisitions.

--Either OF-347 or SF-1449 shall be used for PLCE contractual supplies and services.--

All contractual documents must have the signature of a warranted Contracting Officer. As specified by FAR 1.602-1(b), only the Contracting Officer has the authority to enter into an agreement with a vendor for contractual supplies or services. All documents signed by the Contracting Officer must be within the limits of the Contracting Officer's authority. Approved contractual documents will be processed in FFIS by an employee with delegated authority and the required security login and passwords. A warrant is not required for inputting or approving FFIS transactions.

Note: See paragraphs 163 and 164 for FLP responsibilities for PLCE monitoring and budget approval.

166 Using PLCE for Noncontractual Cost Items

A Obligating Funds for Noncontractuals

Obligate funds for noncontractual cost items according to the following.

Step	Action
1	County Offices shall: - maintain a copy of all FSA-2126's in chronological order using the initial obligation (MY) document number Note: Certification of Services Received (TY) documents should be filed with the associated MY document. - FAX a request for funding approval to the State Office FLP, Attn: PLCE *--Monitor. The request must include the following:--* - completed FSA-2126 signed by the authorized agency official - the ADPS Online Borrower History (OH) Inquiry (1st page) or AP Status *--Screens may be attached for verification of the "L", "R", or "S" account.
2	State Offices shall: - check Exhibit 25 for proper PAC and authority to complete the request - check the BOPR table in FFIS to verify PLCE account "L", "R", or "S" account--* - review and approve using funds by signing and dating FSA-2126 - establish new vendors with a VID number - use electronic payment whenever possible - enter the information into FFIS for obligation (MY) - enter the MY document number on FSA-2126 and return a copy to the initiating office.

--For many PLCE financial transactions, such as paying delinquent real estate taxes, the cost-- item will be submitted for obligation and payment at the same time. In these instances, submit one FSA-2126 with both the obligation and certification of services parts completed. Submit the invoice with FSA-2126 and check (✓) the box at the top of FSA-2126 to indicate that the invoice is attached.

166 Using PLCE for Noncontractual Cost Items (Continued)

B Making Payments for Noncontractuals

Make payments for noncontractual cost items according to the following.

Note: No action is required if the invoice and supporting documentation were submitted with the initial obligation and FSA-2126, item 12A was checked.

Step	Action
1	The County Office shall: • receive or obtain an invoice from the vendor or prepare FSA-2171 with supporting documentation, if not available • check (✓) FSA-2126, item 12A and complete item 12B on the copy of the initial approved FSA-2126 which was received back from the State Office • FAX the completed invoice or supporting documentation with the copy of FSA-2126, to the State Office, to certify services received and request a payment through FFIS • file a copy of all FSA-2126 requests in the operational file and all pertinent documents in the case file.
2	The State Office shall: • verify the information on the invoice • enter the information into FFIS for payment (TY) • maintain logs and file all pertinent documents as necessary.

For multiple payments on a single obligation, submit a separate FSA-2126 to certify services received and indicate that the request is for a partial payment. Include the obligation MY document number when requesting each payment.

167 Modification or Cancellation of Obligation**A Modifying or Canceling an Obligation**

Contractual or noncontractual modifications or cancellations of the financial obligations that have not been fully liquidated in FFIS will be initiated on a new FSA-2126. On FSA-2126, check (✓) “No” in item 4A and complete items 11A, 11B, and Part D. FAX FSA-2126 to the State Office for processing. See FFIS-PLCE Field Office Users Guide, Sections 3.4 and 3.5 for additional guidance.

If the funds have been disbursed with a TY transaction, a “Post Payment Modification” must *--be processed by PARLC, LAO (FFIS Team). These will include changes to borrower information, PAC’s, and PLCE account. The “Post Payment Modification” will be initiated on FSA-2126. The State Office must FAX FSA-2126 and a copy of the PVHT and PVLТ Screens to PARLC, LAO (FFIS Team) at 314-679-6732 for transaction processing.--*

Note: Contracting Officers should be informed of any modification or cancellations of financial obligations to contractual requests.

168 Stopping Payments, Substituting or Replacing Checks, Canceling Checks, and Requesting Emergency Payments

A Stopping Payments for Funds Not Issued

If the TY document has:

- not been processed delete the miscellaneous order (MY) document
- *--been processed, contact PARLC, LAO (FFIS Team) by FAX at 314-679-6732 at least 3 workdays in advance of the scheduled date and provide the MY and TY document numbers and the reason for stopping the payment.

Note: PARLC, LAO (FFIS Team) cannot stop a check from being issued if the scheduled--* date is within 3 workdays of the current date. The scheduled date is found in the “Schd Date” field of the FFIS PVHT Screen.

B Inquiring on Mishandled/Lost Disbursement

Before inquiring on a mishandled disbursement, the authorized agency official should determine whether the funds were sent to the vendor’s appropriate “Remit To” address if paid by paper check, or the vendor’s current bank account if paid by EFT. The authorized agency official may do this by reviewing the appropriate vendor record in the FFIS vendor table.

If all information is correct on the vendor’s record and the current date is 10 business days after the “Closed Date” field displayed on the FFIS PVHT Screen, the authorized agency official shall FAX an inquiry request that contains the following information to the

--PARLC, LAO (FFIS Team) at 314-679-6732:--

- TY document identification number
- schedule number
- check or EFT number
- check or EFT date
- VID number.

PARLC, LAO (FFIS Team) will initiate an inquiry to NFC about the disbursement and will notify the State Office after receiving a response on the inquiry.

Note: If the vendor’s financial institution has returned an EFT disbursement to Treasury or the physical Treasury check has been returned to FSA, a replacement disbursement cannot be issued until funds are restored to the original obligation.

168 Stopping Payments, Substituting or Replacing Checks, Canceling Checks, and Requesting Emergency Payments (Continued)**C Canceling Checks and EFT Payments**

--See FFIS PLCE Field User's Guide for instructions on canceling checks.--

From the Treasury, the funds will be electronically returned to NFC and applied back to the original obligation (MY) document. If the funds should be returned to the State's allocation, the obligation (MY) document must be canceled in FFIS.

When canceling an EFT payment, the vendor must contact their bank and ask the bank to return the electronic funds back to the Treasury.

Note: FAX FSA-2072 and PVHT and PVLTL screen prints that correspond with EFT being
--cancelled to PARLC, LAO (FFIS Team) at 314-679-6732.--

D Requesting Emergency Payments (For Noncontractual Cost Items Only)

The authorized agency official must use the following procedure to obtain an emergency payment.

- The funds **must** be obligated in FFIS by the State Office before requesting an emergency payment.

Note: An emergency payment will **not** be issued if the funds are not obligated in FFIS by the State Office.

-- PARLC, LAO (FFIS Team) must receive a copy of the OBLH/OBLL screens,--
invoice, and FSA-2126 for noncontractuals, before making emergency payments.

168 Stopping Payments, Substituting or Replacing Checks, Canceling Checks, and Requesting Emergency Payments (Continued)

D Requesting Emergency Payments (Continued)

- *--The authorized agency official should express mail or FAX the OBLH/OBLL screens, invoice, and FSA-2126 to the applicable FLOO contact according to paragraph 5.--*

* * *

- After sending the documents, the authorized agency official should call the appropriate *--Loan Operations Division group to confirm receipt.--*
- The authorized agency official also must send a completed FSA-2172.
- To authorize the emergency payment, SED or designee must sign FSA-2172.
- The Department of Treasury shall transfer the funds approximately 2 workdays after receiving the request. FSA may request same-day electronic disbursements.
- If EFT is not available, FLOO shall ensure that a Treasury check is issued within 2 workdays after receiving the request.

169-200 (Reserved)

Part 8 Supervised Credit**Section 1 Introduction****201 Overview****A Applicability**

[7 CFR 761.101] This subpart applies to all direct FLP applicants and borrowers, except borrowers with only Non-program loans.

FSA's direct loan programs assist family farmers with temporary financial supervisory assistance to improve their potential to graduate to securing credit from commercial lenders. To ensure that this program objective is met, FLP direct loan programs:

- have in place:
 - term limits (3-FLP)
 - graduation requirements (4-FLP)
 - market placement to assist eligible borrowers to obtain guaranteed loans (2-FLP)

Note: CL's are **not** subject to term limits or graduation.

- require:
 - borrower training to ensure that guaranteed loans or commercial credit can be *--obtained in the future (3-FLP, Part 18)--*
 - FSA and the loan applicant or borrower to complete farm assessments and assessment updates as needed (Section 2)
 - the loan applicant or borrower to prepare a farm operating plan, with FSA assistance as needed (Section 3)
 - FSA to classify accounts (Section 4)
 - FSA, with borrower input, to complete a year-end analysis as required (Section 5).

201 Overview (Continued)**B FSA's Role**

FSA's role is to help its direct loan applicants and borrowers in the supervised credit process:

- identify short-, intermediate-, and long-term goals consistent with financial success
- pinpoint and prioritize problem areas
- develop strategies and an operating plan to:
 - meet operational goals
 - graduate to commercial credit
- provide objective credit counseling
- evaluate progress and adjust the action plan as needed.

C Applicant/Borrower's Role

The applicant or borrower has the ultimate responsibility for success of the farming operation. FSA serves in an advisory role, providing temporary assistance. Therefore, it is especially important for the applicant or borrower to prepare to graduate to guaranteed or commercial credit by:

- identifying the goals for the operation
- pinpointing and prioritizing problem areas
- developing strategies and a farm operating plan to meet the operation's goals
- evaluating progress and adjusting operating plan as needed
- complying with the borrower responsibilities according to paragraph 202.

202 Borrower Responsibilities**A Recordkeeping and Reporting**

[7 CFR 761.102(a)] A borrower must maintain accurate records sufficient to make informed management decisions and to allow the Agency to render loan making and servicing decisions in accordance with Agency regulations. These records must include the following:

- (1) Production (e.g., total and per unit for livestock and crops);**
- (2) Revenues, by source;**
- (3) Other sources of funds, including borrowed funds;**
- (4) Operating expenses;**
- (5) Interest;**
- (6) Family living expenses;**
- (7) Profit and loss;**
- (8) Tax-related information;**
- (9) Capital expenses;**
- (10) Outstanding debt; and**
- (11) Debt repayment.**

FSA will not dictate or promote using any particular recordkeeping system, so long as the borrower uses 1 that provides the required information.

Using OL funds is authorized to purchase a computer and/or recordkeeping software and to attend recordkeeping courses.

202 Borrower Responsibilities (Continued)**B Other Borrower Responsibilities**

[7 CFR 761.102(b)] A borrower also must agree in writing to:

- (1) Cooperate with the Agency and comply with all supervisory agreements, farm assessments, farm operating plans, year-end analyses, and all other loan-related requirements and documents;**
- (2) Submit financial information and an updated farm operating plan when requested by the Agency;**
- (3) Immediately notify the Agency of any proposed or actual significant change in the farming operation, any significant changes in family income, expenses, or the development of problem situations, or any losses or proposed significant changes in security.**

Note: FSA-2313 addresses loan approval conditions and borrower responsibilities.

C Borrower Failure to Comply

[7 CFR 761.102(c)] If the borrower fails to comply with these requirements, unless due to reasons outside of the borrower's control, the non-compliance may adversely impact future requests for assistance.

203-220 (Reserved)

Section 2 Farm Assessment

221 Overview

A Objective

***--[7 CFR 761.103(a)] The Agency, in collaboration with the applicant, will assess the farming operation to:**

- (1) Determine the applicant's financial condition, organizational structure, and management strengths and weaknesses;**
- (2) Identify and prioritize training and supervisory needs; and**
- (3) Develop a plan of supervision to assist the borrower in achieving financial viability and transitioning to private commercial credit or other sources of credit in the shortest time practicable, except for CL.--***

An assessment:

- is an evaluation of the applicant's operation, developed jointly with the applicant
- is completed after an applicant, not currently indebted to FSA, has been determined eligible for a direct loan
- identifies weaknesses in the operation, prioritizes them from most to least critical, and determines their impact on the operation's needs and goals
- helps to identify operational goals, positive and negative trends in the applicant's management, earnings and capital positions, productivity, and physical assets
- builds a strategy in the areas of planning, counseling, loan controls, analysis, monitoring, borrower training, and other supervisory needs.

The assessment process enables FSA to determine the kind and amount of financial and supervisory assistance needed by the applicant. In conducting assessments, authorized agency officials need to draw upon their knowledge, expertise, and judgment to arrive at conclusions on local economic conditions, production constraints and capabilities, the farm's historical performance, productive capabilities, adequacy of equipment and facilities, business goals, and project performance. Listening to the applicant's perceptions of the operation is critical to the assessment process.

--All available resources shall be used when developing the plan to assist the borrower to address any operational weaknesses and achieve the borrower's goals, including:--

- local farm management consultants
- the Extension Service
- educational institutions
- producer associations
- successful local farmers
- fellow FSA employees.

222 Elements of an Initial Assessment

A Type of Farming Operation

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(2) Type of farming operation.

The initial assessment must identify or describe the type of farming operation, including:

- the business focus of the operation, including major types of crops, livestock, or other output produced by the farm
- minor commodities being produced, such as fat steers from a dairy operation
- size of the operation, such as number of milking herd and herd average, number of acres being farmed, and projected yields
- market conditions, environmental concerns, and other external factors
- production contracts, capital leases, or other special contractual arrangements that affect the farming operation
- the effects of special circumstances, if any, related to the applicant's family and organization.

Production Levels. Evaluation of production levels, such as bushels per acre, percent calf crop, pounds of milk per animal, and pounds of grain, shall include a determination of:

- whether there is sufficient capacity to generate projected income
- if present levels of production will attain the goals set by the applicant.

If production is below area standards, the authorized agency official must discuss with the applicant why this is so and develop plans to improve production. Possible strategies for improvement may include feed analysis, soil testing, or investment in different equipment. If applicable, credit needs for additional investments should be discussed.

222 Elements of an Initial Assessment (Continued)

A Type of Farming Operation (Continued)

Applicability and Appropriateness of Practices. The initial assessment must:

- evaluate existing farm practices, such as herd health and cropping practices, breeding and milking programs, and soil and feed testing
- determine applicability and appropriateness of practices based on what is typical for the area, cost effectiveness of the practice, type of operation, and demonstrated effectiveness.

If the authorized agency official does not know enough about a particular enterprise to make this evaluation, the authorized agency official must consult other resources, such as the Extension Service.

Timeliness of Operations. The initial assessment must evaluate the timeliness of the farm's operations. For example, the authorized agency official shall determine if each of the following operations, as applicable, is conducted in a timely manner and how this affects the performance of the operation:

- planting
- fertilizer and herbicide application
- harvesting
- calving
- marketing (weight and/or condition)
- breeding
- vaccination.

Appropriateness of Marketing Plan. The authorized agency official must assist the borrower in developing and evaluating a marketing plan. This plan must describe marketing practices and strategies, especially for any unique commodities the operation produces. The plan shall address whether marketing is accomplished so as to lock in a profit when possible or whether *--it is done speculatively as the accruing interest on operating loans may surpass a price--* increase obtained by holding back on the sale of commodities.

222 Elements of an Initial Assessment (Continued)**B Goals for the Farming Operation**

***--[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:**

(3) Goals for the farming operation.--*

Setting goals is essential for the success of any farming operation. The applicant's goals provide the direction for the applicant's business. FSA uses the applicant's goals to help identify the need for financial and supervisory assistance. The authorized agency official must learn the personal and business aspirations of the farm family and work with the applicant to prioritize goals from most to least important. In many situations, the authorized agency official must have in-depth discussions with the applicant to identify these business aspirations.

The authorized agency official shall work with the applicant to incorporate short-, intermediate-, and long-term goals into the comprehensive farm business planning process. For example, the farm operating plan, supervisory plan, and training plan must facilitate achieving these goals. A farm operation might set goals for reducing expenses or for increasing yields and production level. Corrective measures and goals should be divided into stages for implementation over several years, when appropriate.

If the farm operation is an entity, the authorized agency official must meet with all the principals to ensure that the organization's goals are compatible with those of each principal.

The authorized agency official must also:

- identify and evaluate any changes the applicant intends to make, such as expansion of farmland, new buildings, and new management techniques
- identify increased credit needs, increased management skills, growth opportunities, and operating efficiency required to accomplish the planned changes
- determine how planned changes relate to the applicant's business goals.

222 Elements of an Initial Assessment (Continued)**C Adequacy of Real Estate, Including Facilities, to Conduct the Operation**

***--[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:**

(4) Adequacy of real estate, including facilities, to conduct the operation.--*

In evaluating the adequacy and appropriateness of real estate used in the applicant's operations, the authorized agency official must consider the following:

- location and size, including efficiency of location to markets and farm supply dealers
- improvements and repairs needed for improved efficiency
- presence of hazardous waste and underground storage tanks, the adverse effects of their presence, and possible solutions
- conservation practices and measures and implementation of conservation plans for program compliance
- probability of continued use
- external factors, such as urban encroachment and new zoning ordinances
- ownership and leasing agreements, especially leasing arrangements relating to both land and chattel.

222 Elements of an Initial Assessment (Continued)

D Adequacy of Chattel Property Used to Conduct the Operation

***--[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:**

(5) Adequacy of chattel property used to conduct the operation.--*

The initial assessment must evaluate the adequacy of the chattel property, such as equipment and livestock used in the operation, relative to the applicant's goals and the planned level of production. As appropriate, the initial assessment should include comments on ownership, condition, probability for continued use, and any external factors, such as:

- operation life of chattel property relative to loan period
- necessary repairs
- improvements in operating efficiency with use of hired, leased, or owned equipment
- numbers, condition, breed suitability, and age of livestock.

E Farm Organization and Key Personnel Qualifications

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(1) Farm organization and key personnel qualifications.

To provide adequate supervision and training recommendations, the authorized agency official must know who is performing key tasks within the farming operation. The initial assessment must identify the key individuals involved in operating the farm, including any seasonal labor. It also must:

- discuss the specific duties of each person, noting who is responsible for management, labor, resource allocation, and decision making
- evaluate the use of managerial resources and determine whether management choices are contributing to or hampering success in the operation
- determine if the time and effort spent on an enterprise or particular commodity is commensurate with the gains realized.

222 Elements of an Initial Assessment (Continued)

F Supervisory Plan

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(9) Supervisory plan, except for Streamlined CL.

The authorized agency official must tailor the supervisory plan to the applicant's individual needs and risks associated with the operation. An applicant's involvement and understanding of FSA's supervisory responsibilities in providing supervised credit are essential to successful supervision. The authorized agency official must work with the applicant to develop practical plans and realistic timetables for realizing improvements in critical areas. The supervisory plan shall:

- identify and recommend areas of training which will help the applicant address
--operational weaknesses, according to 3-FLP, paragraph 472--
- schedule the farm visit and record review and track through DLS by using the Farm Visit scheduling, tracking, and monitoring workflow activities
- ensure that the operational analysis will be done in FBP.

G Historical Performance

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(6) Historical performance, except for Streamlined CL;

The authorized agency official must consider and analyze significant aspects of the operation's historical production and financial performance, trends, and current condition.

Production Data. The initial assessment must include and evaluate at least the last 3 years of production data for the farm, where possible. The applicant has the discretion to provide up to the last 5 years of production records. The evaluation must consider current production levels (e.g., bushels per acre, percent calf crop, pounds of milk per animal, and pounds of grain). It also must consider whether the farm has a capacity sufficient to generate projected production and to attain the applicant's goals. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of production data for the existing operation.

Financial Data. The initial assessment must include and evaluate at least the last 3 years of financial data for the farm or applicant. The applicant has the discretion to provide up to the last 5 years of financial records. Financial data can be gathered from tax returns, applicant records, or FSA records. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of financial data for the existing operation, if available, along with the applicant's own living expenses.

222 Elements of an Initial Assessment (Continued)

G Historical Performance (Continued)

Trend analysis must use comparable data for each year. For example, a trends analysis using balance sheets can be done properly only when the balance sheets from different years are *--“as of” approximately the same dates. Even though the balance sheets may not be--* submitted on, for example, December 31, 2XXX, the balance sheet may still be prepared “as of” that date.

The initial assessment must evaluate the current management and use of financial resources (income and credit), and how they contribute to or detract from the operation. The assessment shall determine how well financial resources are used in meeting * * * goals and whether the applicant stays within the budget, considering the following:

- appropriateness of income sources
- adequacy of dedicated resources
- appropriateness of credit use
- productivity levels as related to profitability
- effectiveness of income use
- existence of other income opportunities.

Numerous indicators based on actual performance must be considered red flags when analyzing an operation. For example:

- increasing expense-to-income ratio for several years and a large debt load without *--considerable nonfarm income, especially if the applicant has not suffered from natural disasters
- increasing current liabilities from year to year without corresponding increases in current assets, especially if the applicant has not suffered from natural disasters--*
- increasing trend in debt-to-asset ratio, while considering fluctuations in land values, the economy, and price levels
- declining working capital position
- declining repayment margins.

222 Elements of an Initial Assessment (Continued)

G Historical Performance (Continued)

The following illustrates how some financial indicators can alert the authorized agency official to potential problems or immediate concerns about the farming operation. For instance, an expense-to-income ratio that stays at 70 percent or higher for several years could indicate a potential problem. The same ratio at 80 percent or more coupled with minimal off-farm income is a cause for immediate concern.

Financial Indicator	Potential Problem	Immediate Concern
Expense-to-income ratio (without interest)	70 percent or more for several years	More than 80 percent with minimal off-farm income
Increased accounts payable	Sudden increase in accounts payable	Accounts payable extended over 2 months without cash-generating assets/ receivable accounts
Liquidity	Ratio less than 1.5 to 1	Ratio less than 1 to 1
Solvency	Ratio of 60 percent or more	Ratio of 75 percent or more
Family living expenses	Unsubstantiated estimates below \$20,000 for an average family	Unsubstantiated estimates below \$10,000 for an average family

H Farm Operating Plan

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(7) Farm operating plan.

The initial assessment must include a balance sheet and provide a projected farm budget (1-year pro forma). The automated FBP system is the primary tool used in budget planning, but other systems acceptable to FSA may also be used.

A breakdown of per-acre expenses by commodity item is ideal when developing a plan of action regarding operating expenses. Examining per-unit costs assists in identifying whether expenses are being applied properly toward those income-generating areas. A per-unit cost breakdown also is useful with livestock production.

I Training Plan

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(10) Training plan.

The authorized agency official must describe FSA's initial recommendations for borrower training. The recommendations must assist the applicant in addressing operational

--weaknesses. See 3-FLP, Part 18 for borrower training requirements.--

222 Elements of an Initial Assessment (Continued)

J Loan Evaluation

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(8) Loan evaluation, except for Streamlined CL.

The authorized agency official must evaluate and discuss whether the proposed loan is reasonable based on:

- the applicant's goals and the operation's objectives
- projected cash flow (as analyzed in the farm operating plan software or an acceptable alternative)
- loan security
- other loan risk factors.

The loan evaluation is similar to the loan narrative, which is discussed in 3-FLP, paragraph 351. The loan evaluation and loan narrative must be consistent.

***--K Graduation Plan**

[7 CFR 761.103(b)] The initial assessment must evaluate, at a minimum, the:

(11) Graduation Plan, except for CL.

FLP's, except for CL, are designed to allow borrowers to transition to private commercial credit or other sources of credit in the shortest period of time practicable through the use of supervised credit, including the farm assessment and:

- borrower training, 3-FLP, Part 18
- market placement, 2-FLP, paragraph 72
- borrower graduation, 4-FLP, Part 4.

The authorized agency official must document the borrower's status about graduation and the consideration given each item in this subparagraph. The borrower's progress toward graduation should be noted with any recommendations for further action to achieve graduation.--*

223 Annual Review and Assessment Update

A Objective of Annual Review

[7 CFR 761.103(d)] The Agency reviews the assessment to determine a borrower's progress at least annually. The review will be in the form of an office visit, field visit, letter, phone conversation, or year-end analysis, as determined by the Agency. For Streamlined CLs, the borrower must provide a current balance sheet and income tax records. Any negative trends noted between the previous years' and the current years' information must be evaluated and addressed in the assessment of the Streamlined CL borrower.

[7 CFR 761.103(e)] If a CL borrower becomes financially distressed, delinquent, or receives any servicing options available under part 766 of this chapter (5-FLP), all elements of the assessment in paragraph (b) of this section (paragraph 222) must be addressed.

--In times of limited resources the authorized agency official may prioritize the completion of the assessment in accordance with current agency directives.--

The annual review:

- monitors the borrower's progress towards the operation's goals
- evaluates supervisory assistance provided to assist borrower graduation to commercial credit.

B Scope of Annual Review

The annual review must address any significant changes to the borrower's farming operation, expenses, or financial condition that have occurred since the most recent assessment update or annual review. The authorized agency official shall pay particular attention to the following:

- changes in operations or goals
- status of progress toward goals
- need for changes in plan of supervision
- need for additional borrower training.

C Assessment Updates

[7 CFR 761.103(c)] An assessment update must be prepared for each subsequent loan. The update must include a farm operating plan, a loan evaluation, and any other items discussed in paragraph (b) of this section (subparagraphs 222 B through F and I through J) that have significantly changed since the initial assessment.

This assessment update serves as a gauge for measuring the borrower's progress and the effectiveness of FSA assistance.

Note: Streamlined CL's do **not** require a loan evaluation.

223 Annual Review and Assessment Update (Continued)

D Documentation

If significant changes have occurred, the authorized agency official must document the nature of each change and the reason for the change.

The documentation must address only new or changed information. Documentation in the borrower's case file must be adequate to record the type of supervision given, the findings of the review, and any items requiring follow-up.

224-240 (Reserved)

Section 3 Farm Operating Plan

241 Overview

A Objective

The primary objective of the farm planning process is to develop a plan that most accurately reflects the expected cash flow and business activities for the operating cycle. The farm operating plan documents the operation's:

- financial position
- cash flow
- repayment ability.

The applicant or borrower must use a farm business planning system. FSA primarily uses *--FBP to evaluate loan feasibility and the likelihood of achieving financial viability. An applicant or borrower may use an alternative format for the farm operating plan if approved by FSA according to subparagraph 242 B. An original signed copy of the farm operating plan must be retained in the case file.--*

B Developing and Approving the Farm Operating Plan

[7 CFR 761.104(a)] An applicant or borrower must submit a farm operating plan to the Agency, upon request, for loan making or servicing purposes. (See paragraph 243 for more specifics on the timing of the plan.)

[7 CFR 761.104(b)] An applicant or borrower may request Agency assistance in developing the farm operating plan.

* * *

[7 CFR 761.104(c)] The farm operating plan will be based on accurate and verifiable information.

***--[7 CFR 761.104(c)(1)] Historical information will be used as a guide.**

The authorized agency official will review the farm operating plan to ensure that it is reasonable, relative to historical performance and local practices and conditions.

[7 CFR 761.104(c)(2)] Positive and negative trends, mutually agreed upon changes--* and improvements, and current input prices will be taken into consideration when arriving at reasonable projections.

241 Overview (Continued)

B Developing and Approving the Farm Operating Plan (Continued)

--[7 CFR 761.104(c)(3)] Projected yields will be calculated according to the following--
priorities:

- (i) The applicant or borrower's own production records for the previous 3 years;**
- (ii) The per-acre actual production history of the crops produced by the farming operation used to determine Federal crop insurance payments, if available;**

Note: This does not mean that averages will be the projection used in every plan. Positive and negative trends will be considered when projecting production levels. The primary focus should always be on developing a realistic projection. If production has been increasing each year for the past 3 years, use of the most recent year's production level, or a higher level consistent with the trend will, in most cases, be the most realistic projection.

Conversely, if the trend is negative, the average may overstate production, and the most recent year's level is probably the most realistic projection. However, a higher production level may be projected if the negative trend is the result of disaster conditions, or if actions have been taken which will definitively reverse the trend. Additionally, 3 years is the minimum years of records to be considered, if available. The applicant, at their discretion, can provide more than 3 years of records if these additional records provide a more realistic yield projection. The basis for the yield used should be adequately documented in FBP or running case record.

When the production of a growing commodity can be estimated, that estimate must be considered in production projections.

*** * * (iii) FSA Farm Program actual yield records;**

*** * * (iv) County averages;**

*** * * (v) State averages.**

241 Overview (Continued)

B Developing and Approving the Farm Operating Plan (Continued)

[7 CFR 761.104(c)(4)] If the applicant or borrower's production history has been substantially affected by a disaster declared by the President or designated by the Secretary of Agriculture, or the applicant or borrower has had a qualifying loss from such disaster but the farming operation was not located in a declared or designated disaster area, the applicant or borrower may:

- (i) Use county average yields, or state average yields if county average yields are not available, in place of the disaster year yields; or**
- (ii) Exclude the production year with the lowest actual or county average yield if their yields are affected by disasters during at least 2 of the 3 years.**

***--Note:** SED will issue a State supplement containing the 3-year history of disaster--* declarations for all counties in their State, along with the type of disaster and the incidence period.

241 Overview (Continued)

B Developing and approving the Farm Operating Plan (Continued)

[7 CFR 761.104(d)] Unit prices for agricultural commodities established by the Agency will generally be used. Applicants and borrowers that provide evidence that they will receive a premium price for a commodity may use a price above the price established by the Agency.

--SED will issue a supplement listing the unit prices for all commodities commercially-- produced in their State.

Once established, these prices will be used in all farm operating plans developed, unless the applicant * * * provides evidence that they will receive a premium price or a price other than that established by the State. Evidence of this may include, but is not limited to, contracts or other written agreements that guarantee the price for the commodity being produced.

--If the applicant has historically received a premium price because of above average quality or grade of the product produced, the premium will be taken into account when determining the expected price to be received for that product.--

[7 CFR 761.104(e)] Except as provided in paragraph (f) of this section, the applicant or borrower must sign the final farm operating plan prior to approval of any loan or servicing action.

[7 CFR 761.104(f)] If the Agency believes the applicant or borrower's farm operating plan is inaccurate, or the information upon which it is based cannot be verified, the Agency will discuss and try to resolve the concerns with the applicant or borrower. If an agreement cannot be reached, the Agency will make loan approval and servicing determinations based on the Agency's revised farm operating plan.

--If a loanmaking/loan servicing decision is based on a revised farm operating plan the applicant does not agree with, the authorized agency official will place the plan on which the applicant does not agree in the case file along with the plan submitted by the applicant. The authorized agency official will document in the case file the differences in the plans and the fact that the loanmaking/loan servicing decision was based on a revised farm operating plan on which the applicant does not agree. In FBP, the plans should be named such that it is-- clear which plan is the applicant's plan and which plan is * * * developed by FSA. If FSA's decision is adverse to the applicant, the authorized agency official will provide the applicant with appeal rights according to 1-APP.

242 Farm Operating Plan Format**A Approved Format**

FBP will be used to perform financial planning, analysis, loan origination and servicing functions, and to manage the FLP portfolio. See Exhibit 15 for instructions on how to use FBP.

B Alternative Formats

Borrowers may use other automated or manual farm business plans if they are approved by FSA. The authorized agency official may approve the use of other systems and formats for the farm operating plan if these formats contain the same information as required by the FBP and the following statement is signed by the applicant or borrower.

I agree to follow this plan and to discuss with the Authorized Agency Official any important changes that may become necessary. This is a projected plan and does not release the security interest of the government in any security referred to in this plan. I recognize that making any false statement on this plan or any other loan document may constitute a violation of federal criminal law.

243 Timing of the Farm Operating Plan

A Period Covered

The period of time covered by a farm operating plan should reflect the norm for the type of commodity or agricultural enterprise being farmed in a particular area, considering climate conditions and other factors vital to the successful production of the commodity or agricultural enterprise. If there are any changes to the producer's operation during the cycle of the plan, the changes will be noted on the plan. The revised operating plan will be signed and dated by the producer and the authorized agency official and will be documented in the running case record. In most cases the period covered by the plan should not exceed 18 months unless special circumstances dictate a longer planning period.

244 Revisions to the Farm Operating Plan**A Revising Plans**

The authorized agency official and the applicant or borrower must revise the farm operating plan when changes occur in the farming operation or in the planned or actual use of loan funds. Any revisions made to the plan must be circled, dated, and initialed by the borrower and the authorized agency official. If major revisions cannot be accommodated in the original farm operating plan, a new plan must be completed and attached to the original. This new plan must be labeled, "Revision I, II, III," etc. to reflect the latest revision under consideration.

B FSA Responsibility for Revisions

The authorized agency official will meet with the applicant or borrower to discuss, date, and sign the revised farm operating plan. The revised plan must be placed in the applicant's or borrower's file and follow-up actions posted to DLS * * *. The authorized agency official will provide a copy of the revised farm operating plan to the applicant.

245 Considering New Enterprises When Developing the Farm Operating Plan**A Reviewing and Evaluating the Farm Operating Plan**

When reviewing a farm operating plan that includes a new enterprise, the authorized agency official shall not assume that historical cost structures and rates of return for existing enterprises apply to the proposed new enterprise. According to subparagraph 241 B, positive and negative trends, mutually agreed upon changes and improvements, and current input prices will be considered. Since new enterprises are **not** a part of the applicant's history, reliable sources, such as enterprise budgets from Extension Service and Land Grant Universities, are acceptable documentation to support the farm operating plan. These plans must use acceptable State or county average production levels. However, local conditions (soil productivity, climate, etc.) that will affect the enterprise and current realistic income and expense information shall also be considered when State or county averages are used.

B Farm Assessments

A farm assessment, as required in Section 2, is critical when an applicant or borrower adds a new enterprise. The farm assessment shall be completed jointly with the applicant as required before any decision is made on a farm operating plan that includes a new enterprise.

C Technical Assistance

Applicants shall be provided technical assistance or encouraged to obtain it. Sources of technical assistance include Extension Service, Land Grant Universities, State Programs, USDA 2501 grant recipient organizations and institutions, and private consultants. Program loan cost contracting funds are available and may be used to procure technical assistance for applicants planning new enterprises if public sector institutions (Extension Service, State Government, Land Grant Universities, etc.) cannot provide the assistance necessary.

245 Considering New Enterprises When Developing the Farm Operating Plan (Continued)**D Farm Operating Plans Used in Loanmaking and Loan Servicing Approval/Denial Decisions**

A farm operating plan, which includes a new enterprise, used for loanmaking and loan servicing approval or denial decisions will be based on accurate, verifiable, reliable, and realistic information. A farm operating plan for existing farm operations or enterprises without changes will be based on a typical year's plan of operation. When the farm operating plan does not reflect a positive cash flow, the authorized agency official shall meet with the applicant and discuss both the farm operating plan and the reason for the denial in detail before sending written notification of the adverse decision.

Note: Farm operating plans will continue to be documented and revised according to the guidance and instructions in subparagraph 241 B.

246 Considering Program Payments When Developing the Farm Operating Plan**A Developing the Farm Operating Plan**

--The authorized agency official:--

- shall:
 - determine whether the applicant has applied for and may be eligible to receive any type of program payment assistance
 - contact the CED to determine the type and amount of program payment assistance the *--applicant has received or can expect to receive during the period covered by the farm operating plan--*
 - include typical program payments and subsidies that are included in the President's annual appropriations budget in the cash flow projection of the farm operating plan
- shall not include any:
 - disaster related payments in the cash flow projections of long range and/or typical year farm operating plans, as disasters and any related type of payment assistance are ad-hoc and are not considered typical for a farming operation
 - one-time payment assistance appropriated as a result of special legislation by Congress and the President in the cash flow projections of long range and/or typical year farm operating plans, as one-time payment assistance is not considered typical for a farming operation.

247-250 (Reserved)

Section 4 Borrower Account Classification

251 Overview

A CONACT Requirements

CONACT requires FSA to classify borrower accounts and to review annually for graduation each direct loan borrower classified as “commercial” or “standard.” FSA uses the borrower account classification system to identify borrowers with the best potential to obtain commercial credit, except CL. See 4-FLP, Part 4 for graduation. Classification also identifies borrowers in need of special loan servicing and helps the National Office evaluate the quality of FSA’s direct loan portfolio.

Classifications are not disclosed to credit bureaus or other lenders. A borrower cannot appeal an account classification.

B Classification Categories

Accounts will be identified as 1 of the following.

Classification	Classification Category
1	Commercial
2	Standard
3	Acceptable
4	Marginal
5	Not Classified

C When Classification Is Required

At the closing of a direct loan, classification will be completed using FBP. If the account is classified as commercial or standard, the authorized agency official must thoroughly document that the borrower has met the test for credit and therefore meets the eligibility requirements for the loan being granted.

At the time of a year-end analysis, done according to Section 5, the authorized agency official must also classify the account.

Subsequently, the authorized agency official at minimum must classify the account every 2 years with the updated data collected according to 4-FLP, subparagraph 47 B.

--Before an account is identified as “Currently Not Collectible (CNC)” according to 5-FLP, subparagraph 126 A, a classification will be completed using FBP. The D-Loan/Special Classification Credit Action shall be used and will be assigned a score of “5”, “Not Classified”. Post cross servicing referral, CNC accounts are not required to be classified.--

251 Overview (Continued)**D Classification of Youth Loans**

New youth loans will be classified as “3” when completing the Youth Loan Credit Action. For existing youth loans, that are current, complete a D-Loan/Special Classification Credit Action. A score of “3”, “Acceptable” will be assigned. For existing youth loans that are delinquent, the D-Loan/Special Classification Credit Action shall be used and will be assigned a score of “5”, “Not Classified”. The values of FSA’s Security Margin and percent of FSA Loss will be calculated from the best information available for the borrower. The basis for these values will be documented in the borrower’s case file.

E Classification of CL’s

CL’s will be classified at loan closing using FBP. There is no test for credit for CL’s, so a classification of commercial or standard is acceptable without further documentation.

At the time of a year-end analysis, completed according to Section 5, the authorized agency official must classify the account.

Subsequently, the authorized agency official at minimum must classify the account every 2 years with the updated data collected according to 4-FLP, subparagraph 47 B.

Streamlined CL’s will be classified as “2” using the D-loan/special classification credit action.

If CL, including Streamlined, subsequently becomes delinquent or financially distressed, all documents will be obtained to complete an analysis and the account will be classified using the updated information.

F Classification Reporting

--Field Offices must use the Active FLP Borrowers Report from the FLP Data Mart at <https://fsadwhouse.sc.egov.usda.gov/FSA-DataMarts/FSAdataMartsHomePage.htm> to monitor classifications. This report identifies the classification category and date for the most recent classification for each borrower. When a new classification is performed in FBP, the authorized agency official must update the Classification Review Workflow in DLS.--

252 Borrower Account Classification System

*--A Calculating Account Classifications

Borrower account classifications are completed using the most current balance sheet and income/expense statements available. FBP calculates the financial indicators used in the classification analysis and assigns a score for the 4 ratios addressed in subparagraphs B through E. A weighted percentage of each score is used to obtain the total overall score that determines the account's classification according to subparagraph F.

B Current Ratio (Liquidity)

This ratio indicates the extent to which current farm assets, if liquidated, would cover current farm liabilities.

FBP calculates the current ratio as follows.

$$\text{Current Ratio} = \text{Total current farm assets} \div \text{Total current farm liabilities.}$$

Current Ratio	Score
1.25 or greater	1
1.16 to 1.24	2
1.00 to 1.15	3
0.99 or less	4

C Debt to Asset Ratio (Solvency)

This ratio measures the operation's solvency by comparing total farm debt obligations owed against the value of total farm assets. The ratio expresses what proportion of total farm assets is owed to creditors and is 1 way to express the risk exposure of the farm business.

FBP calculates the debt to asset ratio as follows.

$$\text{Debt to Asset Ratio} = \text{Total farm liabilities} \div \text{Total farm assets.}$$

Debt to Asset Ratio	Score
40 or less	1
40.01 to 69	2
69.01 to 99	3
99.01 or greater	4

--*

252 Borrower Account Classification System (Continued)

***--D Return on Assets Ratio (Profitability)**

This ratio measures the rate of return on farm assets and is often used as an overall index of profitability.

FBP calculates the return on assets ratio as follows.

Return on Assets Ratio = $\frac{\text{Net farm income from operations} + \text{Farm interest expense} - \text{Owner withdrawals}}{\text{Total farm assets}}$

Note: FBP calculates net farm income from operations as follows.

Net farm income from operations = Total operating income – Purchases for resale – Total operating expenses.

Return on Assets Ratio	Score
7 or greater	1
3.6 to 6.99	2
0.01 to 3.59	3
0 or less	4

E TDCLC Ratio (Repayment Capacity)

This ratio measures the operation's ability to cover all term debt and capital lease payments.

FBP calculates TDCLC ratio as follows.

TDCLC Ratio = $\frac{\text{Net farm income from operations} + \text{Non-farm income} + \text{Depreciation expense} + \text{Term debt/capital lease interest} - \text{Income tax expense} - \text{Owner withdrawals} - \text{Non-farm expense}}{\text{Term debt/capital lease annual principal/interest payments}}$

TDCLC Ratio	Score
1.15 or greater	1
1.08 to 1.14	2
1.00 to 1.07	3
0.01 to 0.09	4
-0.01 to 0	1
-0.02 or less	4

--*

252 Borrower Account Classification System (Continued)

F Account Classification

A weighted percentage of the score for each of the 4 measures of financial performance and operation stability identified in subparagraphs B through E, are used in the FBP to calculate the total overall score.

Total Overall Score = weighted current ratio score + weighted debt to asset ratio score + weighted return on assets ratio score + weighted TDCLC ratio score.

The following table provides the borrower account classification based on the total overall score.

Total Overall Score	Classification	Classification Category
1 to 1.59	1	Commercial
1.6 to 2.19	2	Standard
2.2 to 2.79	3	Acceptable
2.8 to 4	4	Marginal

Section 5 Year-End Analysis**261 Overview****A Introduction**

A year-end analysis provides an opportunity for the borrower and FSA to discuss and evaluate a borrower's financial and production performance, progress toward goals, effectiveness of operational management, and FSA supervision and oversight. It also provides an opportunity to modify the plan of supervision and to address other changes in the borrower's operations or situation.

The year-end analysis must coincide with the borrower's production and marketing cycle.

A year-end analysis may be used in place of an annual review.

The year-end analysis must be performed in as much detail as is presented in the farm operating plan.

--In times of limited resources, the authorized agency official may prioritize the completion of the year-end analysis within the requirements of the applicable statutes and regulations.--

B Overview

FSA and the borrower jointly prepare a year-end analysis. Year-end analysis has the following 4 steps.

- The authorized agency official will identify and evaluate any significant changes to the borrower's operation or situation.
- The borrower and the authorized agency official will obtain the borrower's actual production data and financial data for the completed year and compare the actual data to the projections made in the prior year's farm operating plan by calculating variances from the projections.
- The borrower and the authorized agency official will determine and document the reasons for variances.
- The borrower and the authorized agency official will analyze how the borrower's performance can be improved in the coming year and the borrower prepares an updated farm operating plan.

When completed, the authorized agency official must place a copy of each year-end analysis in the borrower's case file.

262 Preparing for the Year-End Analysis**A Schedule for the Year-End Analysis**

The authorized agency official will schedule the year-end analysis to occur as close as possible to the end of the production cycle. It must be within the 60-day period after the borrower's production cycle ends. Borrowers must be prioritized according to need, with the greatest need cases being addressed first.

B Before the Appointment

The authorized agency official must review existing assessments, running records, written correspondence, and FSA-2040. If this review raises issues or questions, the authorized agency official must record these items in the running record to use when meeting with the borrower.

The authorized agency official must send a copy of the farm operating plan to a borrower if the borrower uses FSA's system. This farm operating plan must be sent to the borrower before the end of the production cycle. The authorized agency official shall ask the borrower to have the actuals completed and to bring record books, tax information, and other verifying documents that may be needed to the meeting. Inventories, asset values, and debts must be calculated as of the COB cycle.

263 Minimum Requirements of the Analysis

A Operations Requiring the Year-End Analysis

[7 CFR 761.105(a)] The Agency conducts a year-end analysis at its discretion or if the borrower:

- *--(1) Has received any direct loan, except for Streamlined CLs, chattel subordination,--* or primary loan servicing action within the last year;**
- (2) Is financially distressed or delinquent;**
- (3) Has a loan deferred, excluding deferral of an installment under Subpart B of part 766; or**
- (4) Is receiving a limited resource interest rate on any loan.**

The decision to perform year-end analyses on other borrowers is at the discretion of the authorized agency official. A year-end analysis is not required for borrowers with:

- youth loans only
- loans flagged as having bankruptcy, foreclosure, or court action pending
- ***--Streamlined CL's unless they have been delinquent or are financially distressed.--***

The authorized agency official shall use knowledge, experience, and judgment to identify high-risk operations requiring such additional supervisory attention. Supervisory judgments must be objective and apply sound credit and financial management principles.

Operations that may require a year-end analysis include those that are:

- undergoing major changes
- experiencing adverse production or financial conditions
- subject to volatile changes in the business climate.

B Timing

[7 CFR 761.105(b)] To the extent practicable, the year-end analysis will be completed within 60 days after the end of the business year or farm budget planning period and must include:

- (1) an analysis comparing actual income, expense, and production to projected income, expense, and production for the preceding production cycle; and**
- (2) an updated farm operating plan.**

263 Minimum Requirements of the Analysis (Continued)**C Identifying and Evaluating Significant Changes**

The year-end analysis must identify and evaluate any significant changes to the borrower's farming operation, expenses, or financial condition that have occurred since the most recent initial assessment, assessment update, or annual review. In most cases, however, significant changes will not have occurred or, if such changes have occurred, they will be limited to 1 or 2 aspects of the borrower's situation. The authorized agency official shall pay particular attention to the following:

- changes in operations or goals
- status of progress toward goals
- need for changes in the plan of supervision
- need for additional borrower training.

263 Minimum Requirements of the Analysis (Continued)

D Comparing Actual Performance to Projections and Calculating Variances

The year-end analysis must present the borrower's actual production data and financial data for the completed year and compare the actual data to the projections made in the prior year farm operating plan. Based on this comparison, the analysis must calculate variances from the projections.

The authorized agency official will collect other pertinent information related to the farm's operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation. The authorized agency official must briefly explain the process, emphasizing the borrower's benefits rather than FSA requirements.

The evaluation of actual performance can be enhanced by:

- obtaining and reviewing the borrower's actuals using pertinent information about the farm operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation
- reviewing production by obtaining and/or calculating yields (production), price per unit, and the amounts in inventory (held for sale)

Note: Production numbers should roughly correspond with the new balance sheet and numbers sold

- evaluating debt service margin.

Note: If greater than 1.10 for a borrower on a limited resource interest rate, the interest rate may need to be increased according to 4-FLP, Part 3.

The authorized agency official must consider the following issues when comparing actual performance to projections and calculating variances.

- The authorized agency official must review planned versus actual expenses for family living, farm operating, and capital expenditures.
- The year-end analysis must discuss credit used for farm operating, capital, and family living expenses.
- Sometimes proceeds are recorded as net figures with commission, sales expenses, yardages, seed, and storage costs removed. Using gross proceeds with the associated costs captured under operating expenses is preferable.

263 Minimum Requirements of the Analysis (Continued)**D Comparing Actual Performance to Projections and Calculating Variances (Continued)**

- The analysis must calculate yields (production), price per unit, and amounts in inventory (held for sale). Numbers should roughly correspond with the new balance sheet and numbers sold.
- FSA-2040 must be reconciled with the farm operating plan (or other plan) and the security agreement. Differences from projections and the need to amend the security agreement must be discussed.
- Interest figures must include all interest, not just operating interest.
- Any proceeds from the sale of capital items must be subtracted when evaluating income from operations.
- The analysis must evaluate and document the sources of nonfarm income. Income and tax information must be verified as applicable.
- The analysis must consider debts and debt repayments to FSA and other lenders. Breakdowns of principal and interest can serve as a cross check for interest actually paid by the borrower. This information must match FSA-2040.
- The analysis must report expenditures net of trade-ins.
- Income and Social Security taxes must be included in the analysis.

263 Minimum Requirements of the Analysis (Continued)**E Determining and Documenting Reasons for Variances**

After variances between the projected budget in the farm operating plan and the borrower's actual performance have been identified, the borrower and the authorized agency official must determine and concisely document the reasons for the variances. The analysis must:

- consider both the borrower's and the authorized agency official's perceptions of the borrower's successes, failures, and the reasons that specific items were not completed
- determine why income was not used as planned
- discuss operational performance, achievement of short-term goals, progress toward medium-term and long-term goals, and living expenses.

263 Minimum Requirements of the Analysis (Continued)**F Analyzing How Performance Can Be Improved**

After determining the reasons for any deviations in the preceding year's performance, the borrower and the authorized agency official together must analyze how the borrower's performance can be improved in the coming year. The authorized agency official and borrower may identify areas for improvement based on the reasons for the variances between actual and planned performance. The analysis shall address concerns in the following areas:

- unplanned sales
- changes in marketing plans
- sales of basic security
- use of proceeds
- debts paid
- amount of money released for family living and farm operating expenses.

The analysis must consider whether the borrower is making adequate progress towards established goals. Ratios, historical trends, and production records are good sources of information for evaluating business goal achievements. Alternatively, if the borrower's goals (for either business or family) were unrealistic, the analysis must reevaluate them and establish new, obtainable goals.

Areas for improvement also might follow from recent changes in farm operations and family conditions. Therefore, the authorized agency official shall work with the borrower to identify any changes or alterations that significantly affect the operation.

If the authorized agency official determines that the borrower's production or financial performance may be improved by training, the authorized agency official may require that *--the borrower meet training requirements. See 3-FLP, Part 18 for more information on--* borrower training.

If performance is better than projected, the analysis should evaluate repayment issues, as well as income taxes and Social Security taxes.

263 Minimum Requirements of the Analysis (Continued)

F Analyzing How Performance Can Be Improved (Continued)

The authorized agency official should remind the borrower that deviations from the agreed-upon farm operating plan must be discussed with FSA.

G Preparing an Updated Farm Operating Plan

--The year-end analysis must include a current farm operating plan. The farm operating plan is prepared by the borrower, with FSA's assistance if needed.--

Part 9 Internal Controls**Section 1 FLPPRA****401 Overview****A Background**

FSA is mandated by the Federal Managers Financial Integrity Act of 1982 (Pub. L. 97-255) to maintain an efficient and effective internal control system. FLPPRA fulfills this mandate by:

- establishing program evaluation criteria and reporting requirements
- providing a method to administer program evaluations
- providing a framework for performance analysis, risk mitigation identification, risk mitigation implementation, and annual reporting.

B Purpose

FLPPRA is the primary tool that FLP uses for ongoing reviews and oversight of field office operations. FLPPRA evaluates FLP using a risk-based approach and provides the framework for evaluating FLP management and oversight by State Offices and FLP delivery by Service Centers.

FLPPRA evaluates the potential for risk in the following 3 areas.

- Program Objectives – Assessing whether or not the objectives of the program, as set forth in agency policies and procedures, are being met.
- Financial Integrity – Determining the soundness and quality of the loan program.
- Program Management – Evaluating the effectiveness of the leadership and guidance provided in delivering FLP.

401 Overview (Continued)**B Purpose (Continued)**

FLPRA is divided into the following 3 review areas:

- Direct Loan Making
- Direct Loan Servicing.
- Guaranteed Loan Programs.

Note: This area includes both guaranteed loanmaking and guaranteed loan servicing.

C Objective

The primary objectives of FLPRA are to evaluate the effectiveness of FLP delivery systems and ensure compliance with applicable statutes, regulations, and directives. To promote a consistent and effective approach to conducting reviews, FLPRA focuses on:

- evaluating program delivery by assessing the condition and performance in the risk areas of program objective, financial integrity, and program management
- determining the overall degree of risk existing in FLP programs and identifying the factors contributing to the risk
- recommending or requiring management to take mitigation action, as needed, to strengthen FLP programs and/or ensure compliance with applicable regulations.

D SED Responsibilities

SED is responsible for implementing the FLPRA process in their State by ensuring that all required reviews, analyses, applicable risk mitigation plans, and reports are completed according to this Part.

402 FLPRA Review Process

A Administering FLPRA Reviews

FLPRA reviews will be administered and the results reported both at the State Office and National Office levels. The National Office and State Offices can access the FSA Intranet at <http://intranet.fsa.usda.gov/fsa/> to obtain guides detailing the process to complete the reviews according to the following.

*--

Step	Action
1	On the FSA Intranet Home Page, under “Resources”, CLICK “ FSA Applications ”.
2	On the FSA Applications Page, CLICK “ Farm Loan Programs Systems ”.
3	On the Farm Loan Programs Systems Home Page, under “Informational Links”, CLICK “ Manuals ” and CLICK “ FLPRA National Office Review Process Guide ” or “ FLPRA State Office Review Process Guide ”, as applicable.

B State Office Review Responsibilities

State Offices will be required to complete FLPRA reviews as follows:

- **States with 9 or more FLP Service Centers** will be required to review a minimum of 20 percent of the Service Centers each year, with all Service Centers being reviewed at least once every 5 years
- **States with 8 or fewer FLP Service Centers** will be required to conduct at least 1 Service Center each year, with all Service Centers being reviewed at least once every 5 years
- any Service Center with a review score of 4 or 5 in Program Objectives, Program Management, and/or Financial Integrity must be reviewed the following year.--*

The process for selecting the FLP Service Centers and high risk program areas to be reviewed is set forth in the FLPRA State Office Review Process Guide.

C National Office Review Responsibilities

The National Office will complete FLPRA reviews in 10 to 13 States per year. The reviews evaluate State FLP delivery and include visits to a limited number of FLP Service Centers. The process used by the National Office to select States to be reviewed is set forth in the FLPRA National Office Review Process Guide.

403 State Office Reporting Requirements**A FLP Service Center Report**

State Offices will provide a report to each FLP Service Center reviewed within 30 calendar days after completing the review. The reports will be developed in the format set forth in FLPRA State Office Review Process Guide, Exhibit 2. Reports for each FLP Service Center will include FLPRA State Office Review Process Guide, Exhibits 4 through 7 that will:

- rate each FLP Service Center reviewed in the 3 risk areas
- provide a composite score for the FLP Service Center.

The scores for each FLP Service Center will be:

- input in the automated FLPRA system within 30 calendar days of completing the review
- documented in the comment box provided to support the scores reported
- input in the automated FLPRA system no later than January 15.

B Annual Report

No later than February 1, each State Office will submit the annual FLP4 Report * * * using *--the template provided in the State Office Review Process Guide, Reports Section, by e-mail to **RA.DCWASHING2-FSA-FLPRA**.--*

404 National Office Reporting Requirements**A State Visit Reports**

The National Office will provide a findings report from on-site visits to State management within 30 calendar days after completing the review. The format of this report is detailed in the National Office Review Process Guide, Section 6. This report will:

- *--clearly present conclusions that are supported by facts obtained during the review--*
- include recommended mitigative actions.

Mitigative actions will:

- be developed in conjunction with State management during the on-site visit
- have a specified date to provide an update on the State's progress in mitigating identified risks.

B PDEED Action

Upon receiving a State's risk mitigation plans, PDEED shall:

- evaluate and approve risk mitigation plans
- establish a follow-up system to ensure that risk mitigation plans are implemented
- assess the success of the risk mitigation plan on reducing identified high risks
- provide an annual report to DAFLP summarizing the area of potential risk in the States visited.

405-440 (Reserved)

Section 2 DD FLP Oversight**441 General Provisions****A Overview**

* * * It is incumbent upon DD to monitor the FLP delivery to ensure adherence to appropriate laws, policies, and procedures.

B Purpose

The DD FLP oversight process provides a standardized and consistent reporting format and means by which DD can:

- document results from quarterly FLP oversight reviews
- view previously completed quarterly reports
- monitor and follow-up on actions to be taken by FLP Service Center staff.

442 DDORS**A Overview**

Reporting of FLP oversight review results will be completed on a quarterly basis using DDORS.

DDORS:

- was developed to assist DD with completing FLP oversight reviews conducted in the FLP Service Centers
- provides the means by which DD can document and submit review results to State and Field Offices
- contains the review items for each reporting quarter.

B Reporting Timeframes

The first quarter report:

- will be available for completion in DDORS starting November 1 and ending on January 31
- should reflect first quarter data gathered between October 1 and December 31
- is comprised of quarterly review items, additional review items, and certification.

--442 DDORS (Continued)*B Reporting Timeframes (Continued)**

The second quarter and first semi-annual report:

- will be available for completion in DDORS starting February 1 and ending on April 30
- should reflect:
 - second quarter data gathered between January 1 through March 31 for quarterly review items
 - data gathered between October 1 through March 31 for the first semi-annual review items
- is comprised of quarterly review items, first semi-annual review items, additional review items, and certification.

The third quarter report:

- will be available for completion in DDORS starting May 1 and ending on July 31
- should reflect third quarter data gathered between April 1 and June 30
- is comprised of quarterly review items, additional review items, and certification.

The fourth quarter, second semi-annual, and annual report:

- will be available for completion in DDORS starting August 1 and ending on October 31
- should reflect:
 - fourth quarter data gathered between July 1 and September 30 for quarterly review items
 - data gathered between April 1 and September 30 for the second semi-annual review items
 - data gathered between October 1 at the beginning of FY through September 30 at the end of FY to complete the annual review items
- is comprised of quarterly review items, second semi-annual review items, annual review items, additional review items, and certification.

Note: The quarterly report that corresponds to the current reporting period will be displayed when DD clicks on the link for the Service Center to be reviewed from the DDORS homepage. Review results for all review areas corresponding to each quarter will be captured when the report is submitted or archived by the system when the reporting period has ended. All past reports completed for the FLP Service Center in DDORS will be available for five FY's.--*

442 DDORS (Continued)

C System Access

Access DDORS from the Farm Loan Programs Systems Home Page, located at <https://arcticoccean.sc.egov.usda.gov/flp/IndexServlet>, according to the following.

Step	Action
1	CLICK “Logon” and enter the eAuthentication ID and password.
2	CLICK “District Director Oversight Reporting System (DDORS)” listed under “Other FLP Systems”.
3	Select the Service Center to be accessed.

Notes: DDORS may also be accessed at <https://wdcprod80.sc.egov.usda.gov/Ddors/homepage.aspx>. Review items for the current reporting period will be accessed from the Service Center report outline page. DD’s can navigate back to the report outline for a Service Center by clicking “Go Back to Report Outline” on the submenu at the left of the screen. CLICK “Home” at the top of the screen to bring the user back to his or her homepage.

Access to Service Center reports are based on the user’s jurisdictional privileges. DD’s will have access to the FLP Service Centers for which they have FLP oversight responsibility. FLC and SED will have view-only access to all reports completed on all Service Centers within the State or States over which they have program oversight responsibilities. Other State users, such as FLS’, will have access to Service Centers as designated by FLC or SED. Users who need access to DDORS should contact the State Systems Administrator.

--FLM’s, SFLO’s, FLO’s, and PT’s will be able to view the reports completed for--* the Service Centers they manage. In a future phase of production, these users will have permission to follow-up on action items for their Service Centers that are established by DD’s in DDORS.

443 Responsibilities

A DD Responsibilities

DD’s shall:

- coordinate and plan all FLP oversight review site visits with FLP State Office staff so that participation by FLC or FLS can be arranged when necessary
- notify SED or FLC of any apparent problems that may require immediate attention

443 Responsibilities (Continued)

A DD Responsibilities (Continued)

- use DDORS:
 - to document specific findings for each case file or operational file reviewed
 - to complete reviews for each Service Center quarterly
 - to submit completed Service Center oversight reports.
- Note:** Submitting the report online in DDORS is the:
- certification for that report
 - same as the signature on FSA-2101.
- “Action Item” functionality to record and followup on any noted problems or inconsistencies.

B Service Center Responsibilities

--FLM's, SFLO's, FLO's, or PT's shall:--

- assist in obtaining the reports needed for items to be reviewed
- Note:** Exhibit 35 is provided as a guide to reports that are needed for the various review items.
- be available to discuss specific cases or to answer questions from DD
 - follow-up on any action items identified by DD's in DDORS.

C State Office Responsibilities

SED's shall ensure that timely FLP oversight reviews are completed by DD's in DDORS.

FLC's shall:

- assign a State System Administrator for DDORS
- review reports submitted for previous quarter and current quarter reports that are in progress
- followup on any identified action items
- discuss concerns with DD and SED
- fully document actions taken to remedy identified deficiencies in the operational file.

443 Responsibilities (Continued)

D National Office Responsibilities

DDORS oversight reports shall be reviewed with the FLPRA process. Reports for each FLP Service Center within a State shall be reviewed to ensure that:

- consistent oversight reviews are being conducted by DD's in the State
- SED's and FLC's are monitoring and addressing any deficiencies or apparent problems identified by DD's.

Redelegations of Authority

SED's may redelegate their:

- loan approval authority to FLC, FLS, or DD
- authority to allow the use of a restricted appraisal report to the designated State staff appraiser.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b))**Administrative Appraisal Review**

Administrative appraisal review is a review of an appraisal to determine whether the appraisal:

- meets applicable Agency requirements; and
- is accurate outside the requirements of Standard 3 of USPAP.

Agency

Agency is the FSA.

***--Agency Official**

The agency official is any employee with the agency. This term is used when the action does not require inherent or delegated authority.

Approval Official

The approval official is the specific employee who has the authority to approve or deny the described action.--*

Authorized Agency Official

The authorized agency official is the FSA official that is authorized to perform specific tasks related to loanmaking or loan servicing. The appropriate official is determined by inherent authorities or delegations applicable to a particular task.

***--Beginning Farmer**

The beginning farmer is an individual or entity who meets the loan eligibility requirements for a direct or guaranteed OL, FO, or CL loan, as applicable.--*

Complex Properties

Complex properties are properties exceeding 1 to 4 single family units that have income-producing potential, which typically includes business and agricultural properties.

***--Conservation Loan (CL)**

CL means a loan made to eligible applicants to cover the costs to the applicant of carrying out a qualified conservation project.--*

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Conservation Plan**

Conservation plan means an NRCS-approved written record of the land user's decisions and supporting information, for treatment of a land unit or water as a result of the planning process, that meets NRCS Field Office Technical Guide (FOTG) quality criteria for each natural resource (soil, water, air, plants, and animals) and takes into account economic and social considerations. The conservation plan describes the schedule of operations and activities needed to solve identified natural resource problems and takes advantage of opportunities at a conservation management system level. This definition only applies to the direct loans and guaranteed loans for the Conservation Loan Program.

Conservation Practice

Conservation practice means a specific treatment that is planned and applied according to NRCS standards and specifications as a part of a resource management system for land, water, and related resources.

Conservation Project

Conservation project means conservation measures that address provisions of a conservation plan.--*

FSA

FSA Farm Service Agency, an Agency of the USDA, including its personnel and any successor Agency.

Graduation

Graduation means the payment in full of all direct FLP loans, except for CLs, made for operating, real estate, or both purposes by refinancing with other credit sources either with or without an Agency guarantee.

***--Loan Activity**

Loan activity is any transactions processed in GLS, DLS or PLAS to a borrower's loan.--*

Noncomplex Properties

Noncomplex properties are properties including 1 to 4 single family units and agricultural properties, such as a small parcel of bare land without improvements, minerals, water, timber, or other income-producing attributes.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Program Loans**

Program loans include FO, CL, OL, and EM. In addition, for loan servicing purposes the term includes existing loans for the following programs no longer funded: SW, RL, EE, ST, and RHF.

Streamlined Conservation Loan

Streamlined conservation loan means a direct or guaranteed CL made to eligible applicants based on reduced documentation.

Supervised Bank Account

Supervised bank account is an account with a financial institution established through a deposit agreement entered into between the borrower, the Agency, and the financial institution.

Technical Appraisal Review

Technical appraisal review is a review of an appraisal to determine if such appraisal meets the requirements of USPAP pursuant to Standard 3 of USPAP.

Treasury Judgment Rate

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961).

Uniform Standards of Professional Appraisal Practice

Uniform standards of professional appraisal practice are standards governing the preparation, reporting, and reviewing of appraisals established by the Appraisal Foundation pursuant to the Financial Institutions Reform, Recover, and Enforcement Act of 1989.

Note: When a review has been completed through this process for pre-acceleration, the CDAT and DAFLP/Administrator reviews will not be completed again for the pre-foreclosure clearance. See subparagraph A for the pre-foreclosure clearance process.

Instructions for E-Mail to the National Office for Discrimination Complaint Status

A E-Mail Recipients

FLC or designee shall provide an e-mail to the National Office at
FSA-DIRECTLOANS@wdc.usda.gov.

B E-Mail Subject

The e-mail subject block should read, “Civil Rights Complaint Clearance - Borrower’s Name and State.”

C E-Mail Attachment

The e-mail message shall:

- be encrypted
- *--include the following information for the primary borrower:
 - name and 12-digit account number (state and county code and SSN/TIN)
 - complete residence address
 - race
 - gender
 - ethnicity (Hispanic or not Hispanic)
- include the following information for **all liable parties**:
 - name
 - SSN
 - race
 - gender
 - ethnicity (Hispanic or not Hispanic)
- provide the type of request (pre-acceleration, pre-foreclosure, or CNC)
- include prior review history including the following information:
 - previously cleared for acceleration by memo or e-mail on (specific date)
 - case review (specific date) and returned for additional servicing
- include prior civil rights complaint information, including complaint number if known.--*

Note: The prior civil rights complaint information will help to clarify complaints that may have been previously closed or to further identify the race or involvement in pending suits against the government. That is, possible Keepseagle, Pigford, Love, or Garcia; ALJ Case #XXXXXXX, last contact (specific date).

C E-Mail Attachment (Continued)

If the case involves a borrower who is a claimant under a Class Action or USDA Settlement
--Agreement, follow guidance in Exhibit 13.5.--

***--Servicing Settlement Claimants and National Office FLP Programmatic Review**

A Background

The *Pigford*, *Keepseagle*, and *Pigford II* legal settlements and USDA's initiative to settle outstanding group actions (Women and Hispanic) have affected the way FSA services delinquent loan accounts of claimants in these cases.

B Closed Settlement Claims

A claim is considered closed when a final decision has been issued.

State Offices:

- are advised by the Consent Decree Action Team when a *Pigford* claim is closed
- will be advised by memorandum from DAFLP when *Keepseagle*, *Pigford II*, Women, and Hispanic claims are closed.

All closed claims will fall into 1 of the following 2 categories.

- Category 1 – individuals:
 - whose settlement claims have been closed and were **not** delinquent on their FLP debt at that time; or
 - who had no FLP loans.
- Category 2 – individuals whose settlement claims have been closed and were delinquent on their FLP debt at that time.--*

***--Servicing Settlement Claimants and National Office FLP Programmatic Review (Continued)**

C County Office Servicing Actions

Upon receiving notification that the claim of a settlement claimant has been closed, the County Office will service the account according to the following.

- Category 1 cases require no special servicing.
- Category 2 cases.
- **Delinquent borrowers with outstanding servicing applications that have not been concluded.** Contact the borrowers to determine whether they want to continue with the existing loan servicing application or receive a new notification of the availability of loan servicing.

Note: Use FSA-2198 or FSA-2199, as appropriate, to contact these borrowers.

- For borrowers who return FSA-2198 or FSA-2199, as appropriate, within 15 calendar days, begin the loan servicing process again by sending a new notification of the availability of loan servicing according to 5-FLP, Part 3.
- For borrowers who do not return FSA-2198 or FSA-2199, as appropriate, within 15 calendar days, continue processing the pending application.

Note: Claimants may have an appeal hearing in suspension, pending closure of their claim. When the authorized agency official is notified that the claim has been closed, the official should notify the Appeal Hearing Officer of the closure.

- **Delinquent borrowers with no pending servicing request.** Unless the account has already been accelerated, send a new notification of the availability of loan servicing according to 5-FLP, Part 3. The decision on the settlement claim may have improved borrowers' financial conditions and could affect their ability to qualify for FSA assistance.

Note: When all loan servicing rights have been concluded for Category 2 borrowers, without resolving the delinquency, submit the completed FSA-2580 and FSA-2581, to the State Office, as required by 5-FLP, subparagraph 533 B.--*

***--Servicing Settlement Claimants and National Office FLP Programmatic Review (Continued)**

C County Office Servicing Action (Continued)

- **Delinquent borrowers whose accounts have already been accelerated.** Except for cases already held by DOJ, submit the completed FSA-2580 and FSA-2581 to the State Office requesting civil rights clearance review required by subparagraph 41 H or pre-CNC if liquidation has already occurred. If DOJ is holding a case, the U.S. Attorney's office should be advised when the claim is closed.

If a Category 2 borrower's delinquency is cured by payment, rescheduling, writedown, or any other resolution, and a new delinquency occurs at a later date, the normal pre-acceleration review required by Exhibits 12 and 13 will be performed. Likewise, Category 1 individuals who later become delinquent on any FLP debt will be subject to the same review process.

D State Office Servicing Action

For Category 2 borrowers, when requesting the National Office civil rights clearance required by subparagraph 41 H, in addition to the documentation required by Exhibit 13, the State Office will include FSA-2580 and FSA-2581 documenting the findings of the State Civil Rights Review Group.

Note: FSA-2580 and FSA-2581 only need to be submitted once. If FSA-2580 and FSA-2581 are submitted for pre-acceleration clearance of a Category 2 borrower, FSA-2580 and FSA-2581 will not need to be submitted for subsequent pre-foreclosure and/or pre-CNC clearance.

E National Office Action

The National Office shall:

- review FSA-2580 and FSA-2581, other documentation provided according to Exhibit 13 and supporting documentation found in DLS-Special Servicing, FBP, and eDALR\$ to ensure that all servicing and appeal rights were properly administered before further consideration of acceleration, foreclosure, or CNC
- provide written guidance to the State Office for each case after completing the review.--*

***--Servicing Settlement Claimants and National Office FLP Programmatic Review (Continued)**

F Servicing Actions for Pending Settlement Claimants

Until individual claims are closed through the respective settlement processes, the policy of not accelerating or foreclosing against claimants remains in effect. Do not take acceleration or foreclosure action until a claim has been closed, and for Category 2 borrowers, the National Office has provided written guidance according to subparagraph E.

Where there is a potential fraud in borrowers' loan relationships with FSA, for example, conversion, the cases would generally be referred to OIG with copies to OGC. In cases where the borrowers are claimants, continue to refer the particulars of the situations to OIG with copies to OGC, including any applicable information about the claimant's under the respective settlement.--*

B SCIMS-PLAS Exception Report

Exceptions found between current PLAS borrower information and current SCIMS borrower information prevent updating name and address information in PLAS from SCIMS. The SCIMS-PLAS Exception Report provides the current PLAS borrower case number, name, and address information, the current SCIMS name and address information, and a descriptive exception type message that allows the County Office to make corrections.

If the correction is made in SCIMS, the SCIMS-PLAS update process will correct PLAS, allowing for 2 workdays. If the correction is made in PLAS, users need to process the appropriate ADPS transaction or make the appropriate contact for assistance.

The SCIMS-PLAS Exception Report is a **cumulative** report; therefore, only the most recent report is viewable each day. The following is an example format.

<u>Case Number</u>	<u>Exception Type</u>	<u>Borrower Information (P=PLAS, S=SCIMS)</u>
XX-XXX-XXXX	SCIMS TAXID INACTIVE	(P) SMITH, MARIA A 246 ELM HWY MONROE, AL 12345 (S) SMITH, MARIA A 123 COUNTY RD MONROE, AL 12345

The following table provides the description and corrective action for each exception type.

Exception Type	Description	Corrective Action
NO SCIMS BUSINESS NAME	Business name is missing in SCIMS.	Add the missing information to SCIMS.
NO SCIMS LAST NAME	Last name is missing in SCIMS.	
NO SCIMS FIRST NAME	First name is missing in SCIMS.	
NO SCIMS DELIVERY ADDRESS	Delivery address is missing in SCIMS.	
NO SCIMS CITY	City is missing in SCIMS.	
NO SCIMS STATE	State is missing in SCIMS.	
NO SCIMS ZIP CODE	ZIP Code is missing in SCIMS.	
SCIMS CONTAINS "DECEASED"	Invalid information is in the SCIMS name or address fields.	Modify borrower information in SCIMS to correct invalid information.
SCIMS CONTAINS "INVALID"		
SCIMS CONTAINS "DELETED"		
SCIMS CONTAINS "UNKNOWN"		
SCIMS CONTAINS "INACTIVE"		
NO SCIMS CURR-MAILING-INDICATOR	The borrower is in SCIMS, but the current mailing indicator has not been set.	Set the SCIMS current mailing indicator.

--*

*--SCIMS-PLAS ORACLE Hyperion Reports (Continued)

B SCIMS-PLAS Exception Report (Continued)

Exception Type	Description	Corrective Action
NO SCIMS MATCH FOR PLAS BUSINESS	The borrower is present in both SCIMS and PLAS, but the Type of Applicant code in PLAS does not correspond to the customer type/tax ID type combination in SCIMS.	Change the appropriate (SCIMS or PLAS) system to reflect the correct type.
NO SCIMS MATCH FOR PLAS PERSON		
SCIMS TAXID INACTIVE	Tax ID code in SCIMS is set to "Inactive".	Recode tax ID in SCIMS to "Active".
NO SCIMS INFORMATION FOR TAXID	Borrower is not present in SCIMS.	Research and determine if SCIMS input is required. Input should be justified by more than clearing the exception.
SCIMS ADDRESS EXCEEDS 38 CHARACTERS	The borrower's delivery address in SCIMS exceeds the characters accommodated in PLAS address fields (2 address fields of 19 characters each). In this case, delivery address information is truncated during the nightly update process.	Modify address information in SCIMS to condense it, using standard USPS abbreviations.

Notes: Users must exercise caution when entering/modifying information for "Delivery Address" in SCIMS, as there is no exception type provided for invalid name/address. Misspelling a name or entering an invalid address in SCIMS will result in an update to PLAS that is inaccurate and may not be detected until mail is returned as undeliverable.

A triple space between characters is used systematically to terminate the collection of SCIMS address information during the nightly PLAS update process. Erroneous spacing in SCIMS:

- will decrease the information input to PLAS
- will likely update PLAS with an incomplete address
- may sometimes create an exception for "SCIMS address exceeds 38 characters".

The SCIMS-PLAS update process does not update PLAS for a borrower that has only guaranteed loans. For a guaranteed loan-only borrower applying for a direct loan, the PLAS address information fields may not accurately populate directly from GLS. If necessary, use GLS TC 4C to correct PLAS information for guaranteed loan borrowers. The GLS TC 4C will update PLAS overnight.--*

***--SCIMS-PLAS ORACLE Hyperion Reports (Continued)**

C SCIMS-PLAS Update Report

The SCIMS-PLAS Update Report displays the current PLAS case number, TC, “PLAS” field, information in PLAS before the update, and information now in SCIMS that has most recently updated PLAS. This is a daily report and users have the option to view reports from the past 30 calendar days. The following is an example of the SCIMS-PLAS Update Report’s format.

<u>Case Number</u>	<u>Date</u>	<u>PLAS Tran Code</u>	<u>(PLAS) Field</u>	<u>Borrower Information (P=PLAS, S=SCIMS)</u>
XX-XXX-XXXX	XX/XX/XX	4C	NAME/ADDRESS	(P) SMITH, MARIA A 246 ELM HWY MONROE, AL 12345 (S) SMITH, MARIA A 123 COUNTY RD MONROE, AL 12345

Validation Action: Users review each item on the report to verify the accuracy of borrower information. If an error is detected for the information submitted in SCIMS, users shall make the necessary modification in SCIMS. A new TC 4C will then be generated as part of the nightly update process.

D SCIMS-PLAS Discrepancy Report

The SCIMS-PLAS Discrepancy Report lists TC 4C discrepancies that resulted from the previous night’s update. These discrepancies are the same as ADPS discrepancies on PLAS; however, they will **not** appear on ADPS. These discrepancies must be corrected by FLOO. Users shall contact FLOO according to paragraph 5 for assistance.

This is a daily report and users have the option to view reports from the past 30 calendar days.

Note: The SCIMS-PLAS Discrepancy Report should generally remain empty.--*

Farm Business Plan - FSA User Guide (Continued)

A Overview

1 Farm Business Planning

FSA uses the FBP system to perform farm planning and analysis, loan origination and servicing functions, and manage the FLP loan portfolio. This will allow FSA to:

- assist customers in planning their business operations, either on-line or through traditional business methods
- improve the timeliness and quality of service
- thoroughly analyze credit actions with an improved, yet consistent process
- use accrual analysis, when appropriate, in analyzing credit decisions and preparing plans
- improve loan documentation and compliance with audits
- empower States to proactively manage their loan portfolio by providing access to a data mart of financial information.

Because the FBP system is flexible, there are many ways to deal with different circumstances. This user guide is designed as a starting point to provide overall FSA policy in farm planning and analysis, and discuss policies and business practices FSA has implemented in FBP. Additional information about actual software usage is available through the on-line eHelp or WEM user guide available from Web Equity Solutions at 1-800-264-0787. The information in both sources of help is the same. WEM is the software used to create FBP.

The term “FBP” is used in the following 2 contexts:

- collecting documents that compose FBP
- the system used to create the document FBP.

A Overview (Continued)

2 System Access and Security

FSA authorized users can access the system using Microsoft Internet Explorer 7.0+ directly through the Internet at https://wem.sc.egov.usda.gov/fem_web_webcaaf.asp or through the FSA Intranet at <http://intranet.fsa.usda.gov/fsa>, under “FSA Applications”:

- CLICK “**Farm Loan Programs Systems**”
- CLICK “**Logon**”
- enter eAuthentication credentials
- under “Applications”, CLICK “**Farm Business Plan**”.

The authentication and authorization of users is made using USDA’s eAuthentication application. To use FBP, users must have both of the following:

- valid eAuthentication ID and password
- access authorized by the State FBP Coordinator.

Note: For problems logging in, see **Getting Help** (Section L).

a User Access to the FBP System

Unless otherwise determined by the FBP Coordinator or FLC, the following employees will be provided with access to FBP after their eAuthentication ID has been obtained:

- FLM’s
- *--SFLO’s--*
- FLO’s
- FLOT’s
- FLP technicians
- DD’s
- COR’s
- FLC and staff
- CED’s with loan approval authority.

User access requests, which include “Add”, “Delete”, or “Modify”, must be submitted and processed as follows.

2 System Access and Security

a User Access to the FBP System (Continued)

For FSA State Office and Service Center Employees.

•*--The immediate supervisor or FLM is responsible for completing the following sections on FSA-13-A for all FBP user requests:

- Items 1-11, as applicable
 - Other/Comments
 - Justification
 - Print User's Approving Official Name and Title
 - Signature
 - Date.
- A request to “Add” a user to FBP should be completed as soon as an employee has obtained an eAuthentication ID.

Other/Comments: Add FBP Access	Section is completed to "Add" or "Delete" a user from the FBP.
Justification: Per 1-FLP, Exhibit 15, paragraph A 2 a	

- A request to “Delete” a user from FBP should be completed as soon as the supervisor determines the employee no longer requires access.
- A request to “Modify” (name change) a user in FBP should be completed as soon as the employee notifies the supervisor of the change.

Other/Comments: Modify FBP Access – last name has been changed from (previous name) to (current name).	Section is completed to “Modify” (Example: last name change) a user in the FBP.
Justification: Per 1-FLP, Exhibit 15, paragraph A 2 a	

Note: A request for FBP access may be combined with multiple system requests on a single FSA-13-A as long as the “Other/Comments” and “Justification” sections are completed as instructed.

- Submit completed FSA-13-A to the State Office according to State-established procedures.--*

2 System Access and Security (Continued)

a User Access to the FBP System (Continued)

- FLC or FBP Coordinator will:
 - ensure that a completed/signed FSA-13-A has been received before FBP user access request is processed
 - process FSA-13-A according to FBP - State FBP Coordinator User Guide, Section C1 or C3
 - sign and date FSA-13-A, in the “Other/Comments” section when the request has been processed

Note: FSA-13-A must be signed and dated before it is FAXed to ISO at 816-627-0687.

Other/Comments: Add FBP access	FBP Coordinator must sign and date after processing request and before FAXing FSA-13-A to ISO.
-----------------------------------	---

- notify the immediate supervisor and employee when FSA-13-A has been processed
- monitor emails received from ISO when an employee has left FSA. If FSA-13-A has not already been received, then notify the employee’s supervisor that FSA-13-A needs to be completed.

Note: The ERSR on-line system cannot be used for FBP access requests.

- ISO will send a confirmation email when FSA-13-A is received.

FSA National Office and Other Employees

FSA-13-A’s for National Office, KCMO, contractors, and other employees will be completed *--by the immediate supervisor and submitted to Pixie Greer, FBP Program Sponsor by--* e-mail to **pixie.greer@wdc.usda.gov** or by FAX to 202-720-8474.

4 Defaults

Most system defaults are controlled at either the national or State level; however, the following defaults listed may be modified by Service Center users.

a Creditors

*--Commonly used creditors have been established for each service center and appear as defaults in the customer's balance sheet loan schedules. New creditors can be added to the "Service Center Creditors" list as needed, however changes will only be available in new customers added after the change is made. For existing customers, changes to the creditor list will need to be made in the individual customer's creditor list. To access the Service Center creditor list:

- CLICK "**Defaults**", "**Creditors**" from the toolbar
- enter the new creditor information; example "Bank of Hope", then CLICK "**Add**".

Figure 0a, Adding creditor to Service Center Default List

The new creditor will be added with a check (✓) in the "Use?" column. The new creditor will automatically be available for selection in all new customers added to the FBP.

If users uncheck (✓) the "Use?" box, the creditors will no longer be available for selection.

b Crop and Livestock NAICS Codes

Commonly used crop and livestock categories have been established and will appear as defaults on Income/Expense drop-down menus. Users cannot add additional crop or livestock categories to the commonly used list for a Service Center or State; however, users can add additional defaults for individual customers. Additional categories can be added when actual or projected income/expenses are entered on the crop or livestock schedules or when inventories are entered on balance sheet schedules.

*--After accessing the Livestock & Poultry Sales schedule, CLICK “**Description Per Unit Defaults**” in the left corner to add a new category.

The screenshot shows the 'Livestock & Poultry Sales' interface. In the top left corner, there is a sidebar with two links: 'Description (NAICS)' and 'Per Unit Defaults'. The 'Per Unit Defaults' link is circled in blue. The main area of the interface contains a table with columns for 'Type', 'Pur/Rsd', '#Head', 'Prch Wt', 'Calc Basis', 'Per Unit', 'Prch', 'Sale U', 'Sales Vt.', 'Calc Basis', and 'Per Unit'. Below the table, there is a row with a dropdown menu labeled '-- Add New --' and several input fields.

Figure 1

Select the needed category from the “Description” drop-down menu, enter “Type” and “Measure” information, and CLICK “**Add**”. This category will now be available in the defaults whenever this customer is selected.

The screenshot shows the 'Customer NAICS Livestock' interface. It features a table with columns for 'Description', 'Type', 'Measure', 'Proj. Per U.', and 'Code'. The 'Description' column has a dropdown menu with 'Livestock-Other-' selected. The 'Type' column has 'Buffalo' selected. The 'Measure' column has 'HD' selected. The 'Proj. Per U.' column has '0' selected. The 'Code' column has '11299-99' selected. In the bottom right corner, there is a blue 'Add' button, which is circled in blue. To the right of the 'Add' button, there is a text string '--*'. The top of the interface shows the customer name 'Greer 28200310160021021491 1, Pixie'.

5 Adding and Accessing Customers in FBP

The Locator Screen is where the user will manage their list of customer records and is also the first screen that displays when you log in to FBP.

a Adding a New Customer

Before attempting to add a new customer to FBP, ensure that the customer and all related *--entity members have been added to the SCIMS database, have an “Active” status record, and have not been duplicated.--*

To add a new customer record, CLICK “Add New” on the Locator Screen.

Figure 3

Complete the New Customer Setup Screen according to the following:

Figure 4

- enter “**Tax ID**” of the new customer that **must** match the tax ID that is entered into SCIMS

Note: For FLP, tax ID will usually be described as either of the following:

- “Social Security Number” for individuals
- “Employer Identification Number” for entities.

a Adding a New Customer (Continued)

- “**Location/Dept**” defaults to the location of the user adding the new customer; the location/department is where the customer will receive FLP services

Note: If incorrect, CLICK “**Lookup**” link and select the correct location/department.

- “**Lender Staff**” defaults to the user adding the new customer; if a different user will be servicing the customer’s loans, CLICK “**Lookup**” link and select the correct lender staff
- “**General Information Model**” defaults to “General Information”
- select 1 “**Balance Sheet Model**” from the following:
 - “**Market Value**” is used when the balance sheet is based upon market values; this option will be selected for the majority of customers
 - “**Costs Basis**” is used typically for entities who keep records on a cost basis
 - “**Personal**” is used when a customer record has been added for an individual entity member to collect personal financial statements

Note: New customer records will **not** be added for individual entity members unless approved by the State FBP Coordinator.

- “**Income/Expense Model**” defaults to “Income & Expense”.

CLICK “**Save & Continue**” to add the new customer.

*--If a customer record with the same tax ID already exists in the system, the warning “Customer(s) With same Tax ID:” will be displayed. The red “A” or “R” after the customer’s name indicates if the record is located in the “Recycle Bin” or “Archive”. CLICK “**Cancel and Return to Locator**”.

8 Transfers/Deceased Borrower/Releases/Import/Copy Data Within FBP

a Transfers and Assumptions

When an existing or new customer (transferee) applies to assume the existing debt of another FSA customer (transferor), the FSA loan official may determine that the transferor's historical financial records may be used to develop a projection. According to the agency's policy, the records may be imported into the transferee's FBP customer record.

Perform transfers and assumptions according to the following.

- The transferee's customer record must already exist in FBP. If the customer record does not exist, see **Adding a New Customer** (Section A 5 a) to add a new customer record.
- Access the transferee in FBP and CLICK **"File"** and **"Import Selected Data"**.
- *--On the Select Customer File to Import Screen, select the **"From WebEquity Locator"** radio button and CLICK **"Search Locator"**.

10 Customer Worksheets and Providing Data to FSA

Customers can provide balance sheet or projected and actual income/expense data to FSA with either of the following 2 types of FBP worksheets.

Type of Worksheet	How to Access	Description
FSA-2037 and FSA-2038	- USDA eForms web site - FFAS Employee Forms web site	These worksheets are useful to provide to new customers where existing financial information in FBP is not available, and to place in application packages.
Existing Customer Worksheets	CLICK “Reports” and “Customer Worksheets” .	The existing customer worksheets provide an easy way for customers to supply information needed to complete FBP. These worksheets allow customers to make manual entries and compare to what was entered in the previous year.

Note: Customers may also provide signed balance sheets, actuals, and projections, in alternative formats, provided it contains substantially similar information as the worksheets.

11 Credit Reports

a General Information

Credit Reports for FLP customers should be requested using FBP. Before ordering a *--Credit Report, a customer record **must** be established in FBP and the General Information--* Screen needs to be completed. See **General Information** (Section C). Complete the “Related Entities” information, if applicable.

For new customers, on the General Information Screen, CLICK **“Credit Rpt./Elig. Only Act”** as the FBP account type. After the Credit Report is received, if the customer is determined ineligible, complete the eligibility only credit action to document eligibility. Do **not** create a balance sheet or income/expense in FBP. Accounts developed for Credit Reports and eligibility purposes only do **not** count toward FSA’s active FBP accounts.

B Electronic File Maintenance, Reports, and Signatures

--1 Customer Record--

All electronic information stored within FBP is considered part of the customer file and record as if it were in written form.

Farm Business Plan - FSA User Guide (Continued)

B Electronic File Maintenance, Reports, and Signatures (Continued)

2 Running Record

--The “Notes”, “Running Record” feature of FBP should be used to record all entries that would-- have traditionally been written in the file, which are farm visit notes and comments on interactions with customers **except** the following:

- the narratives and comments about loanmaking or loan servicing actions that **must** be documented in the applicable FBP Credit Presentation

Note: The Credit Presentation is designed to encompass the entire loan narrative and analysis documentation of loanmaking or loan servicing actions. Therefore, it is **not** expected that the “Notes”, “Running Record” will be used to store narrative comments about a loanmaking or loan servicing action when a Credit Presentation is prepared.

- comments and entries that are exempt from disclosure according to FOIA.

Note: No running records will be deleted from FBP.

* * * To avoid potential space limitations, it is recommended that a new Running Record be created for each calendar year. CLICK “Notes”, “Running Record”, “Add/Modify/Delete”, and type the description in the “Note Title/Description” box; for example, “2010 Running Record”.

Figure 10a

When using the electronic Running Record, it is recommended that the most recent entries be made at the top of the page with the date, initials, and comments of the user.

2 Running Record (Continued)

a FOIA Running Record

All comments and entries that are exempt from disclosure according to FOIA should be documented in a running record separate from the customer's standard running record. To create the new running record, CLICK “**Notes**” and “**Add/Modify/Delete**”. The suggested Note Title/Description of the new running record should be “FOIA Running Record” or something similar.

* * *

b Printing Running Records

Running case records will be printed and placed in the County Office file under the following circumstances:

- preparation for NAD appeals
- preparation for civil and criminal inquiries, investigations, audits, and litigations in conjunction with OIG, OGC, OCR, GAO, and CDAT.

3 Footnotes and Comment NotePads

Footnotes are narrative comments which can be added in the WordPad block located at the bottom of the balance sheet, income and expense summary; and other documents.

Comment NotePads provide the capability to add comments on the balance sheet or income and expense schedules, as well as other areas of the applications. What looks like a small piece of paper next to a field indicates that comments can be entered in small text boxes once the indicator is clicked. After entering a comment, this same indicator will look like a sheet of paper with writing. The information entered in the text boxes will be saved and linked to the respective field.

a General – Generating and Printing Reports

Reports are generated using a Crystal Reports ActiveX component. When selecting a report from "Reports", a new browser window will be displayed with the report. The report can be printed using the printer icon.

Note: All reports should be printed using Crystal Reports.

Reports can also be exported into various other file format types for further analysis and use. While the report is open, CLICK **"envelope icon"** in the toolbar and select the export format.

Reports can be exported into the following programs or formats:

- Crystal Reports
- Microsoft Excel (formatted or data only)
- Microsoft Word
- Rich Text Format (RTF)
- Adobe Acrobat (PDF).

Color charts can also be generated by clicking "Charts" on the Reports Screen next to the other report options.

c Reports Setup

“Reports”, “Reports Setup” contains many options to control the appearance of reports and what records are included in the generated analysis. Options selected affect each customer only. Up to 6 balance sheets and 6 projections/actuals can be included in reports. Options selected in “Reports”, “Reports Setup” will affect what balance sheets and projections/actuals are available or “will be used” in credit actions.

The option titled “Analysis Based On” should **not** be changed. User can select either “**Gross Revenues**” or “**Value Farm to Prod.**” to be used in all ratios and for classifications.

Reports should be set-up from left to right with the most current to least current information, respectively. At a minimum, the following will be included:

- income/expenses:
 - *--Column 1, current year's or After DALR\$ plan, if completed
 - Columns 2 through 4, preceding years using actual history, if available
 - Columns 5 and 6, may be used for Before DALR\$, After Deferral, or Typical-year projections, as needed--*

Note: The FSA loan official will select which years are most relevant to include in the average from the Reports Setup Menu by checking the box above the year.

- balance sheets:
 - *--Column 1, current or Post-Close/After DALR\$ plan, if completed
 - Columns 2 through 4, preceding years
 - Columns 5 and 6, may be used as needed.--*

5 eSignature Policy

The electronic signatures (“eSigned”) used for some documents complies with the Federal ESIGN act. An eSignature involves electronically authenticating the user, and using an unalterable signature that contains a date and time stamp.

FSA considers a locked eSignature within FBP to be the equivalent of a written signature.

Important: **Never share user eAuthentication passwords With anyone.** The eAuthentication user ID and password combination represents an eSignature, which is equivalent to a written signature. Sharing of the password has the same effect as authorizing someone else to sign your name. Users are responsible for maintaining the authenticity of their own credentials.

See **System Access and Security** (Section A 2) for more information on system access and security.

6 Maintaining FBP Customer Records

a Moving FBP Customer Records to the Recycle Bin

When a customer record no longer has a credit relationship with FSA, the record should be removed from the Locator Screen. **Before** removing the customer from the Locator Screen, change the information in the Credit Relationship Status field on the General Information Screen. Remove customer records as follows:

- access the General Information Screen in the customer record:
 - remove all information from the “Credit Relationship Status” field
 - enter an account description and date, such as “Paid in Full, XX/XX/XXXX”, “Application Rejected, XX/XX/XXXX”
 - from the Locator Screen:
 - select the record to be moved to the recycle bin by checking (✓) the box in front of the name
- Note:** Individual or multiple records may be moved at 1 time.
- CLICK red “X” located above the list of names
 - verify the radio button for “Recycle Bin” is clicked
 - CLICK “Send”.

Note: Do **not** click the “Archive” radio button.

*--b Moving FBP Duplicate Customer Records to the Recycle Bin

Duplicate customer records shall not reside in the FBP active database. These records will be labeled “Duplicate File, XX/XX/XXXX” in the “Credit Relationship Status” field on the General Information Screen. Remove the account from the Locator Screen according to--*
Moving FBP Customer Accounts to the Recycle Bin (Section B 6 a).

C General Information

General Information includes basic information about the customer, borrower training, employment, associated persons or entities, and farm assessment details.

The following information is populated from SCIMS:

- entity type
- name, address, city, State, ZIP+4
- tax ID
- e-mail, phone number, FAX, and date of birth.

Data that is populated from SCIMS **cannot** be changed within FBP. Each time a customer record is selected, the relevant SCIMS data is transferred to General Information. Any changes to this data **must** be made in SCIMS, not in FBP.

Enter the following on the General Information Screen. There are 4 **required** fields that must be completed before exiting the General Information Screen.

Field	Notes
Credit Relationship Status	Each State may provide guidance on using the field. Entries may be text or numerical, but will not *--contain "SS#" or "TaxID#". When a customer no longer has a credit relationship with FSA, the field will be completed according to Maintaining FBP Customer Records (Section B 6).
Type of Operation – Primary	Required. Select the customer's predominant agricultural enterprise by either:--* • clicking "Select" and choosing from the list in the pop-up menu • entering the NAICS code manually.
County	Optional. Enter the customer's county of residence.
Borrower Type	Required. Use the radio buttons to select "Direct," "Guaranteed," or "Both" to designate the customer's FLP assistance.
Year Started Farming	Required. Use the drop-down menu to indicate the year the customer started farming.
FBP Account Type	Required. Click the link to select 1 of the following FBP account types. • "Active Account" will be selected for the majority of customers. • "Credit Rpt. /Elig. Only Act" is only selected for new customers when ordering a Credit Report or when completing a "D-Loan/Eligibility Only" credit action. If BS or IE information is subsequently added, the "FBP Account Type" will automatically change to "Active Account". Note: Do not select the "Credit Rpt. /Elig. Only Act" account type if BS or IE information has already been added to the customer's account. • "Special Classification Act" is only selected for flagged customers where no new or updated financial information has been added to FBP since conversion in 2004. • "Guaranteed Loan Import" is used to identify files imported from guaranteed lenders. • "Producer Import" is used to identify files imported from producers.
D&B D-U-N-S# / Experian File #	Optional.

Farm Business Plan - FSA User Guide (Continued)

C General Information (Continued)

1 Borrower Training

When a new “Credit Presentation” is prepared for existing customers, the date borrower training is to be or was completed or waived should be entered and/or updated. For new customers, enter the applicable dates when known.

Caution: Borrower training dates should **always** be entered into General Information. The Credit Presentation is updated from General Information; changing the dates in other parts of FBP will **not** change the information in General Information.

2 Related Entities

All related entities associated with the customer should be added to FBP, and include spouses, co-applicants, co-owners of the business, co-signors, and any other entities of which the customer is a member or owner. To add related entities, CLICK “**Related Entities**” link.

Note: All persons or entity members must be active in SCIMS **before** being entered as a related entity.

3 Employment Information

To add employment information for the primary customer and each related entity member, CLICK “**Employment**” link. Employment information should be added or updated whenever a Credit Presentation is prepared.

Note: Employment information added for entity members will **not** be displayed on the General Information Screen; however, it will display in the “Employment Information” Section of any Credit Presentation that is prepared.

4 Lender Information

a Lender Staff

Each customer should have 1 or more FSA loan officials designated as the customer’s lender. This item is informational and will assist in preparing reports and future loan servicing functions. It will usually be the primary FSA loan official who services the account, which is *--FLM, SFLO, or FLO. There is **no** limit to number of lenders identified with each account.--*

- **For new customers.** The user adding a new customer will automatically be displayed as the lender staff. To change the lender staff, on the General Information Screen, CLICK “**Lender Staff**” and “**Add New**”.
- **For existing customers.** Customers with data converted from FHP to FBP will **not** have an FSA loan official designated as a customer’s lender. Therefore, the first time a converted customer is accessed, the FSA lender should be designated on the General Information Screen. To designate, CLICK “**Lender Staff**” and “**Add New**”.

Farm Business Plan - FSA User Guide (Continued)

C General Information (Continued)

4 Lender Information (Continued)

b Location/Department

The “Location/Department” on the General Information Screen is the Service Center where the customer currently receives FLP services.

- When a new customer is added, the “Location/Department” defaults to the Service Center location of the user adding the customer. If the location is **not** correct, it should be changed. CLICK “**Location/Department**” link and selecting the correct Service Center from the drop-down menu.
- “Restricted Loans” location, visible only to administrative users, is reserved for employee relationship and sensitive accounts. After an account has its location designated as “restricted loans,” only FLC, FBP Coordinator, and employees specifically designated by the FBP Coordinator as the customer’s “Lender Staff” can access the account.

c Special Handling of Employee Relationship Records

Any existing or new customer defined according to 3-PM, paragraph 141, as an FSA employee, or related to or closely associated with an FSA employee, will have their location/department designated as “restricted loans”.

For new customers, the * * * Service Center **must** immediately notify the FBP Coordinator after receiving an application and provide the applicant’s tax ID. Unless otherwise determined by * * * FLC, the FBP Coordinator will:

- create the customer record
- designate the customer’s “Location/Department” as “Restricted Loans”
- add the necessary FLP employees to the customer’s lender staff * * *
- notify the designated Service Center when the record is created and restricted.

For existing customers, the FBP Coordinator will place FSA employee or employee *--relationship records into the restricted loan area. In addition, the lender staff designated--* by SED or DD to service this record will be associated by the FBP Coordinator as the customers’ “Lender Staff”.

5 Farm Assessment Information

Initial farm assessments and updates must always be entered on the General Information Screen.

Use the WordPad below each topic of the assessment to enter the information and make changes.

--Text font size should not exceed 10 pt, to ensure that the assessment will print properly.--

Farm assessments do **not** document loan feasibility. The farm assessment is intended to summarize and describe the operational business, resources, and assets of the business, and not to duplicate those areas addressed in the Credit Presentation.

a New Customers

See 1-FLP, paragraph 222 for instructions on the documentation required for an initial assessment. Enter the information in the WordPad below each topic of the Farm Assessment Narrative on the General Information Screen.

b Assessment Review and Updates

See 1-FLP, paragraph 223 for instructions on the documentation required for updates to the assessment. Enter the information in the WordPad below each topic of the Farm Assessment Narrative on the General Information Screen.

Note: Farm assessments, if completed or updated, will be printed, signed, and dated by the customer to acknowledge participating in completing the document.

See **Credit Actions** (Section J) for information on printing, locking, and associating a farm assessment update with a “Credit Presentation”. The following is an example of a farm assessment workflow.

Note: Assessment must be “Save & Updated” in a Credit Action for the date to transfer to the Customer Profile Screen in DLS. A credit action need only be created; the Credit Presentation does not have to be approved.

5 Farm Assessment Information (Continued)

c Copying From Word Documents

If an existing assessment is available in an electronic format, i.e. Microsoft Word (MS Word), the text may be copied and pasted from that document into General Information. MS Word applies special formatting to word documents so that the text appears correctly. When copying to a WordPad in FBP, the text must be stripped of the formatting for the text to print correctly using the Crystal Reports feature.

Copy text from MS Word to the WordPad located in General Information according to the following:

- highlight desired text in MS Word
- copy and paste in the appropriate WordPad block
- CLICK “**Clean MS Word HTML**” on the right side of the WordPad.

Notes: Any bolding or bullet points will be removed during the “cleaning” process.

Do **not** use MS Word to create new assessments.

6 Change * * * General Information Model

*--When updating the assessment information on the General Information Screen, ensure that the most current General Information model is displayed. The most current model includes the Graduation Plan assessment element.

Figure 12a - Graduation Plan Assessment Element

New customers added to FBP will automatically have the most current General Information model displayed. Existing customers will need to have the General Information model changed if:

- a red alert “Default Model changed” is displayed in the upper-left corner of the General Information Screen; **or**
- assessment does not include the Graduation Plan assessment element.

D Balance Sheet

A balance sheet is a financial statement that reflects the values of an individual or entities assets, liabilities and capital at a specific point in time. Balance sheets can be created for a current date, future date, or even a previous date, if necessary, to reconstruct a customer's historical financial position. Obtaining balance sheets at the end of each business year is preferable, if possible.

There is no limit to the number of balance sheets that can be created or maintained in FBP.

Note: The balance sheet summary **must be** printed and signed by the customer for all loanmaking and servicing actions.

1 Types of Balance Sheets

A meaningful description, such as "FYE 12/31/10" or "After DALR\$ 2011", should be used when a balance sheet is created. The description becomes especially important in years where multiple balance sheets are created and will appear on all reports.

Type of Balance Sheet	Additional Details
Current	A balance sheet prepared as of the current date. It is generally a snap-shot of the customer's assets and debts as of a certain date, assuming no credit action will take place.
Post-Close	A balance sheet prepared assuming that the planned loanmaking or loan servicing action has just taken place. Note: The credit action does not have to be closed before a post-close balance sheet is created to classify the account. A post-close balance sheet must be completed for the following credit actions: - D-Loan Making (for term loans only) - D-Loan Regular Servicing - D-Loan Special Servicing.
Pro-Forma	A balance sheet prepared assuming that the projected income/expenses have occurred during the plan period. A pro-forma balance sheet can be prepared to analyze what a customer's financial position would be in the future, i.e. after a 1 year period.

6 When Customer and FSA Balance Sheet Values/Amounts Differ

Balance Sheets are sometimes submitted with values that FSA may disagree with. This situation can be handled different ways in FBP.

Method	Additional Details
Revised Balance Sheet	Revise the balance sheet the customer submitted, using FSA values.
Dual Value Balance Sheet	This option will allow dual values to be entered on one Balance Sheet summary; the customers' values and FSA adjusted values. FSA adjusted values will be entered into the primary column and the customers values into the secondary column. The value and adjusted values can be entered as a summary value or on schedules.

*--Create a Dual Value Balance Sheet, as follows:

- on the Balance Sheet Summary, check (✓) "Display Secondary Column" in the upper-right corner of the screen
- CLICK "Adj Value" for the "Primary" column and use this column for FSA adjusted values
- CLICK "Value" for the "Secondary" column and use this column for customers' values
- "Copy" arrows may be used to copy summary information from 1 column to another

- changes in the type of value and order of the columns on the Balance Sheet Summary will be reflected in the "Reports Setup".

Note: When using a dual value Balance Sheet for any loan making or servicing decision, the "Adjusted Values" option must be selected in the "Primary" column in "Reports Setup". This will ensure that the correct values are transferred to the credit presentation, collateral analysis, and chattel appraisal.

8 Assets

The asset accounts used on the balance sheet are standardized and are similar to the categories that most lenders use. However, for each asset grouping there is always the option of adding “other” assets at the summary or schedule level.

Asset values can be entered on the balance sheet as a summary dollar value for each asset type, or on detailed schedules where the calculated total transfers to the balance sheet. Frequently, a mix of summary and scheduled input is appropriate.

All assets used to secure FSA loans should be entered on detailed schedules and the “Col?” box must be checked (✓) to ensure that the asset descriptions and values are available for use in the collateral analysis, chattel appraisal, and security agreement.

Note: Breeding livestock must be categorized as either “Raised” or “Purchased”. FBP makes this distinction for accrual analysis; changes in raised breeding livestock will affect accrual-adjusted income, while purchased livestock will not.

a Relationship of Asset Values for Chattel Appraisals/Collateral Analysis

The asset values entered into the balance sheet also populate the chattel appraisal and collateral analysis. See **When Customer and FSA Balance Sheet Values/Amounts Differ** *--(Section D 6) for information about how to enter dual values.--*

9 Liabilities

All liabilities are categorized as either “Farm” or “Personal”.

a Unpaid and/or Accrued Expenses

Unpaid or accrued farm expenses are expenses incurred by the farm business, but have not yet been paid. These expenses will be entered on the balance sheet as accounts payable; however, they should not be transferred to the projected loan schedules.

Caution: Do **not** include any unpaid or accrued expenses in the loan schedules, as that will distort the capacity analysis and feasibility determination.

Farm Business Plan - FSA User Guide (Continued)

D Balance Sheet (Continued)

9 Liabilities (Continued)

b Farm Liabilities

Farm related loans and notes should be input into the “Loan Schedule” so that the proper accounting and calculation of interest, principal reduction, and capacity and feasibility analysis can occur.

c Personal Liabilities

Personal loans and debts should always be entered on the balance sheet in the “Personal” Section, however, payments are considered to be included in “Owner Withdrawals”.

Caution: Do **not** include:

- personal debt payments in the loan schedules, as that will distort the capacity analysis and feasibility determination
- FSA debt under the “Personal Debts” Section.

See **Income/Expense - Projected** (Section H) for more information on how debt repayment is handled in FBP and if certain debt payments should be designated to appear in the projection.

E Refinancing and Restructuring

Refinancing and restructuring requires the special handling of debts within the balance sheet loan schedule.

1 Refinancing

Cash flow plans and balance sheets sometimes must reflect proposed refinance scenarios. The following are 2 options of showing a refinance within FBP:

- the current balance sheet method
- the balance sheet accounting method.

The choice of either option depends upon the needs of the plan.

In both of the following examples, assume the following debts are going to be refinanced by a term FSA loan of \$143,000:

- Imperial Bank crop loan of \$18,000 with \$1,000 of accrued interest
- Ford Credit term loan of \$41,000 with \$600 of accrued interest
- JD Credit term loan of \$80,000 with \$1,400 of accrued interest
- Repair Bill of \$1,000.

Farm Business Plan - FSA User Guide (Continued)

E Refinancing and Restructuring (Continued)

1 Refinancing (Continued)

a Example 1, Current Balance Sheet Method

The current balance sheet method:

- does not show the refinancing sources and uses of funds in the cash flow
- requires the user to document the sources and uses of funds in the Credit Presentation
- requires an “as is” and “post-close” balance sheet
- cannot be used if using an accrual-adjusted projected income/expense statement
- is the least complicated.

Step 1. Create the existing “as is” balance sheet loan schedule without the new loan. It is helpful when creating the balance sheet to include a meaningful description such as *--”1/1/2010 – Before”. Do **not** attach this “as is” balance sheet as the beginning balance sheet for the projection. This balance sheet is for informational purposes only and will be the balance sheet that the customer signs.

Step 2. Duplicate the balance sheet and create a “post close” balance sheet. Attach this balance sheet to the projection. On this duplicated balance sheet, make the following changes to make it appear as if the refinance transaction has taken place.

On the loan schedule:

- for existing loans being refinanced:
 - change “Pmt. Method” to “Refi.”

Note: The “Refi” payment method removes the loan from the balance sheet.

- **uncheck** “To I/E” so that the P&I payments do **not** appear on the projection.
- for new loans:
 - **uncheck** the advance amount “To I/E” so that the advance does **not** appear on the projection

Note: However, keep the second payment “To I/E” checked so that the new loan payment will appear on the projection.

- **check** (✓) “Post Close?” so that the loan now appears on this balance sheet.
- **CLICK “Bal. Sheet”, “Other Liabilities”, and “Accounts Payable”** to delete the repair bill.

b Example 2, Balance Sheet Accounting Method

The balance sheet accounting method has the following features:

- shows all refinancing sources and uses of funds in the cash flow
- **Note:** All cash flow transactions are included in the projection in the appropriate categories for proper accounting when using accrual analysis and when comparing projections to actual income tax records.
- requires that the user document the sources and uses of funds in the Credit Presentation
- an “as is” and a quasi “post-close” balance sheet must be prepared
- creates a “current” projection, and also requires a “typical” year projection if accrual adjustments aren’t being made to the current year projection to substantiate feasibility
- is required to complete an accrual-adjusted projected income/expense statement
- the “old money” and “new money” portions of the new loan must be treated differently.

Note: The balance sheet accounting method is more complicated.

Step 1. Create the existing “as is” balance sheet loan schedule, before any new loans. It is helpful, when creating the balance sheet, to include a meaningful description such as *--”1/1/2010 – Before Refi.” Note that the existing loans will appear on the balance sheet. At this point, do **not** enter the new FSA loan in the loan schedule. This balance sheet is for informational purposes only and will be the balance sheet that the customer signs.

Figure 25, Entering “As Is” Accounts Payable

Step 2. Duplicate the balance sheet and create a quasi “post close” balance sheet by clicking “Bal. Sheet”, “As of [date]”, and “Add/Modify/Delete”, then CLICK “Duplicate”. It is helpful, when duplicating the balance sheet, to rename with a meaningful description such as *--”1/1/2010 – After Refi”.--*

Step 3. Create the refinance scenario in the quasi post close balance sheet loan schedules. For loans that are going to be refinanced, change “Pmt. Method” to “Refi.” The “Refi” function removes these loans from the balance sheet.

Also, include the new term loan advance. To correctly indicate the sources and uses of funds, the new \$143,000 term loan must be divided into 2 loans, even though it will be closed as 1 loan.

Note: Add the 2 parts of the loan together when completing the note.

- A term loan of \$142,000, which includes refinancing all of the “old money,” or refinancing of old loans. Check (✓) “Post Close”. The loan will now appear on the balance sheet.
- A term loan of \$1,000, which includes “new money” to pay off the accounts payable repair bill. Do **not** check “Post Close” to ensure that the loan does **not** appear on the balance sheet. The accounts payable must continue to appear on the balance sheet so that the accrual adjustments can be calculated. Note that the \$1,000 portion of the loan being used to refinance the payable should **not** appear on the balance sheet because it would double-count the liability.

2 Direct Loan Servicing

In connection with any direct loan servicing action, an “as is” balance sheet will need to be prepared and attached to an income/expense summary for the customer. It is helpful when
*--creating the documents to include a meaningful description such as “1/1/2010 Before DALR\$”. The “1/1/2010 Before DALR\$” balance sheet will be used to update the “**DALR\$ Input--* Report**”. Input this information into DALR\$.

The DALR\$ report, according to 5-FLP, subparagraph 103 A, determines the servicing options that may be available to the customer and will be used to create a “post close” balance sheet with
--the DALR\$ results. Duplicate the “1/1/2010 Before DALR\$” balance sheet and attach this balance sheet to a duplicated income/expense summary, and give both documents a meaningful description, such as “1/1/2010 After DALR\$”. The “1/1/2010 After DALR\$” will be used for-- the Credit Presentation and should be entered in the first column of the Reports Setup Menu.

Note: Before a deferral can be approved, a “Post-deferral” plan would also need to be prepared according to 5-FLP, paragraph 159.

The following example can be applied to all loan servicing authorities or combination of authorities.

Example: Make the following assumptions and also assume that the customer cannot make the existing debt payments and that FSA will use DALR\$ to restructure the debt.

- FSA 44-01 loan was for annual operating purposes, and has a balance of \$20,000 with \$2,000 of accrued interest. DALR\$ indicated rescheduling the loan over 15 years with equal payments, which turns the loan into an intermediate loan.
- FSA 44-02 loan was for term loan purposes, and has a principal balance of \$100,000 with \$1,000 of accrued interest. DALR\$ indicated rescheduling the loan with a 15 year term and equal payments.
- FSA 41-03 loan was for a real estate purchase, and has a principal balance of \$150,000 and no accrued interest. DALR\$ indicated reamortizing the loan with a 30 year amortization and equal payments.

*--**Step 1.** Create the “as is” balance sheet and income/expense summary named “1/1/2010--* Before DALR\$” for use in the DALR\$ Input Report. The loan schedule should reflect the “Before DALR\$” balances and payments due.

F Income/Expense

This section allows the user to add new actual or projected income/expense (cash flow) information for a customer or access income/expense records currently residing in FBP. There is no limit to the number of projected or actual income/expenses records that can be created or maintained for each customer.

Note: Income/expense (cash flow) information is **not** required for Streamlined CL’s according to 3-FLP.

*--The Income/Expense Trends **must be** printed and signed by the customer for all loan making and servicing actions.

1 Adding a New Income/Expense

To add a new projected or actual income/expense record CLICK “**Inc/Exp**” on the toolbar. For a new customer with no existing records CLICK “**Add Projected Income/Expense**”. If the customer has existing records CLICK “**Add/Modify/Delete**” option from the fly-out window. The “Add/Modify/Delete” option may also be accessed through the Dashboard.

Complete the following fields on the Income/Expense Screen.

Field	Action
Projected Actual	From the drop-down menu, select either “Proj.” or “Actual”.
Beg. Date	Manually enter the date or CLICK “Calendar Icon”.
End. Date	Manually enter the date or CLICK “Calendar Icon”.
Description	Manually enter a description of the record. Note: The “Description” field appears on all printed reports and should contain a meaningful description of the income/expense being added. Example: “Before DALR\$ 2010” or “OL loan 2010.”
Beg. Bal. Sht	CLICK “ None Selected ” link and select a balance sheet date that is displayed in the pop-up window.
End. Bal. Sht	CLICK “ None Selected ” link and select a balance sheet date that is displayed in the pop-up window. This field is only displayed for actual income/expense.
Monthly CF Setup	This is an Optional field. Select number of months for the monthly cash flow. See Section F 5.
Add	CLICK “ Add ” to display in the list of income/expense summaries.
	Note: When a record is created, a balance sheet should be associated with it, if possible, so that certain ratios are correctly calculated. For an actual income/expense record, if beginning and ending balance sheets cannot be matched, then select the same balance sheet for both the beginning and ending.

The screenshot shows the 'Income / Expense' screen with a blue header. Below the header is a form with several fields: 'Projected Actual' (a dropdown menu with 'Proj.' and 'Actual' options), 'Beg. Date' (a date field with '1/1/2010'), 'End. Date' (a date field with '12/31/2010'), 'Description' (a text field with 'current'), 'Beg. Bal. Sht.' (a dropdown menu with 'None Selected'), 'End. Bal. Sht.' (a dropdown menu with 'None'), and 'Monthly CF Setup' (a dropdown menu with '# Mths'). There are also 'Save & Stay' and 'Save & Menu' buttons. A callout box with a speech bubble icon says: 'Complete all fields, then CLICK “Add” to display entry in the list.' The 'Add' button is visible at the bottom right of the form.

***--5 Using Income/Expense Categories**

The income/expense categories have been standardized and are similar to the categories that most commercial lenders use and similar to Schedule F. However, for each income or expense grouping, other categories can be added to fit the needs of the operation by using the schedule under “Other Income” or “Other Expense”.

Income/expenses are categorized into the following 4 parts:

- Operating Income and Expenses
- Nonoperating Income and Expense (including owner withdrawals, income and Social Security taxes, nonfarm income, and expenses)
- Financing (including term and operating advances and operating principal repayments)
- Capital Sales, Expenditures, Contributions, and Withdrawals.

G Income/Expenses - Actuals

1 General

Actual income and expenses, together with production information (“actuals”) contain important information with which future plans can be developed. The following are suggestions for handling categories of actual income/expenses.

Category	What to Do
Operating	
Crop/Livestock Production and Sales	Crop/livestock sales can be entered as a summary dollar amount when the production details are not known, or on schedules to record the production and the details of each crop/livestock production category and its sale. Yield and production can be recorded even if dollar sales for each scheduled item are not broken down. If the total crop or livestock production does not correspond to the dollar sales shown on income tax returns or farm records, users can still preserve the actual production on a per-crop level. Enter the crop production information on the schedule, but uncheck “To I/E”. Then enter the total dollar sales for all crops on the actual summary page. This will preserve production on a scheduled per-crop level, but not require a breakdown of income on a per-crop level.
Crop Production	Crop production/yields can be tracked on a per-farm basis. To do so, enter the farm name or FSA farm number under “Type” each year. FBP will combine the yields and production in the production trends report for each like-identified farm. “Type” is name and case sensitive, should be the same each year to take advantage of that option.
Purchases for Resale (i.e. market livestock, poultry)	Enter detailed purchases for resale within the “Livestock & Poultry Sales” schedule. If no detail of purchases is needed, a summary dollar amount of purchases can be entered on the summary page.
Operating Expenses (except depreciation and interest)	Enter operating expenses as summary amounts for each expense category, or as details for separate enterprises in the schedules. Summary input is recommended.
Depreciation	Enter actual depreciation from the income tax return, if known, or estimate if it is unknown. Caution: Do not ignore depreciation, as it will be used in the accrual adjusted income statement later. It does not affect MADS, ending cash, or loan feasibility.
Interest	See Financing .

Farm Business Plan - FSA User Guide (Continued)

G Income/Expenses - Actuals (Continued)

1 General (Continued)

Category	What to Do
Nonoperating	
Owner Withdrawals	Include living expenses and personal debt payments, i.e. credit cards, personal vehicle payments, home mortgage payments, student loans, personal loans, etc, in this category. Entries can be made on the schedules or as 1 summary entry. No itemization is required.
Income Taxes	Enter actual income and social security taxes paid during the year, unless net wages after taxes are entered in nonfarm income.
Nonfarm Income and Expense	Include gross wages, or net wages if no income taxes are entered, net business income, other nonfarm income or expense. Enter either as summary amounts or enter the details of the source or use of each type of funds in the schedule. Do not enter personal debt payments here. Generally, the nonfarm expense category will not be used.
Financing	
Loan Advances, Repayments, Interest Expense – Operating and Term	Loan advances, repayments, and interest payments can either be entered as summary amounts or as details in the “Loan Payments” schedule. Interest Expense. If the breakdown: - between operating and term interest is known, enter both in their respective expense category Note: This is the preferred method. - is not known, enter the estimate of operating interest, deduct the estimate from the total actual interest, and enter the balance as term interest - is not known and cannot be estimated, enter all actual interest as term interest. Note: This will allow a conservative analysis of MADS. Caution: It is never recommended to enter all actual interest as operating interest, unless it actually is.

G Income/Expenses - Actuals (Continued)

1 General (Continued)

Category	What to Do
Capital	
Capital Expenditures and Sales	Enter as summary amounts or as details in the schedule. If entered on the schedule, ensure that the correct asset description is used from the drop-down menu. Caution: If collateral was sold or purchased, using the actual capital expenditure or sales schedules will not automatically add or subtract those items from the balance sheet schedules, appraisals, or security agreements.
Capital Gains and Losses	Enter capital gains and losses, if applicable. Entries are optional and do not affect the cash flow or the income/expense trends, but do affect an accrual-adjusted income statement.
Capital Contributions and Withdrawals	Capital contributions are inflows of capital that are not the result of business operations or other income. Capital contributions usually include gifts, inheritance, lottery winnings, the gift-value of substantial asset purchases for less than market value, and the capital contributions of partners or stockholders to an entity. Capital withdrawals are outflows of capital that are not the result of business operations or owner withdrawals. Capital withdrawals usually include gifts, the gift-value of substantial sales of assets for less than market value, and withdrawals of capital by partners or stockholders of an entity. Entering capital contributions and withdrawals is important to correctly construct a pro-forma balance sheet, if accrual analysis is completed. Caution: Ensure that capital contributions and withdrawals are not double-counted in capital sales and purchases.

H Income/Expenses - Projected

The projected farm income and expenses, nonoperating income and expenses, financing, and capital plans for a future period are the components of FBP that determine feasibility.

1 Feasibility

*--a Loan Making and Servicing Actions, Except Primary Loan Servicing

When making or servicing loans, FSA uses current year projections (plans) that have been developed for a specified time period. For some operations, a projected plan for the current production cycle and typical plans for additional production cycles may be needed if further analysis of long-term repayment ability is in question.

Examples: A start-up operation with interest only payments in the first year.

An operation transitioning from traditional crops to organic.

See **Feasibility Definition** (Section H 1 c) for more information.

Consider the following.

- **Term loans;** long term feasibility must be considered. On-going farm business operations and reliable nonfarm income must be sufficient in the projected plan to pay on-going farm and nonfarm expenses, and term debts (**positive** MADS). It is not acceptable to use the liquidation of inventory, other assets, cash reserves, or atypical income sources to demonstrate log-run feasibility.
- **Annual operating loans;** short-term feasibility must be considered. The projected plan must provide the ability to repay the annual operating loan during the production cycle (**positive** ending cash).
- **Both term and annual operating loans;** both long and short-term feasibility must be considered. For both loans to be approved, the projected plan must provide the ability to repay the annual portion of the loan during the production cycle (**positive** ending cash) as well as the ability to pay on-going farm and nonfarm expenses, and term debts (**positive** MADS).

Note: If the projected plan shows that only the annual operating portion of the loan can be repaid (**negative** MADS, **positive** ending cash), the annual loan can be approved; however, the term loan would need to be denied.--*

H Income/Expenses - Projected (Continued)

1 Feasibility (Continued)

b Special Loan Servicing Actions (Primary Loan Servicing Only)

*--Feasibility for primary loan servicing actions is determined by DALR\$. See **Feasibility--***
Definition (Section H 1 c) for more information about feasibility.

c Feasibility Definition

*--A feasible plan or projection is demonstrated by the following.

Note: See 3-FLP, 4-FLP, or 5-FLP, as applicable, for additional information on feasibility.

Loan Type	MADS <u>1</u>/	Ending Cash
Loan Making and Servicing Actions, Except Primary Loan Servicing		
Term Loans, long term feasibility.	Must be positive.	Must be positive
Annual Operating Loans, short term feasibility.	May be positive or negative.	Must be positive
Youth Loans.	Is not applicable.	Must be positive
Primary Loan Servicing		
All loan types.	e-DALR\$ determination.	Must be positive

1/ A positive (zero or greater) MADS is equivalent to TDCLCR of 1.00 or greater. The terms can be used interchangeably.--*

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

*--2 Creating Current Year Projections

A projected plan for the current production cycle can be created for both short and long-run feasibility decisions. Projections can be entered using summary dollar values for each category or on schedules where the calculated total transfers to the income/expense summary. Sometimes a mix of summary and scheduled input is appropriate. Scheduled information is especially appropriate when planning with production and yields. See **Income/Expenses – Actuals** (Section G) for a description of each category and suggestions for the types of information that should be included.

The income/expense projection is categorized into the following 4 parts:

- Operating Income and Expenses (including current assets, current liabilities, crop and livestock sales, other farming income, purchases for resale, all farming expenses including interest, and depreciation)

Note: Income and expenses from current assets and current liabilities can generally be handled by making 1 of the following selections in the beginning balance sheet schedule:

- “None”, do not send to the income/expense projection
- “Beg. Cash on Hand”, send to schedule on income/expense projection
- send to selected income and expense schedule on income/expense projection.

- Nonoperating Income and Expenses (including owner withdrawals, income and Social Security taxes, nonfarm income and expenses)

Caution: Projected owner withdrawals must include family living expenses and personal debt payments, such as, credit cards, personal vehicle payments, home mortgage payments, student loans, personal loans, etc. The total amount of payments due during the planning period will be entered on the schedules or as 1 summary entry, no itemization is necessary.

- Financing (including term and operating advances and operating principal repayments)
- Capital Sales, Expenditures, Contributions, and Withdrawals.--*

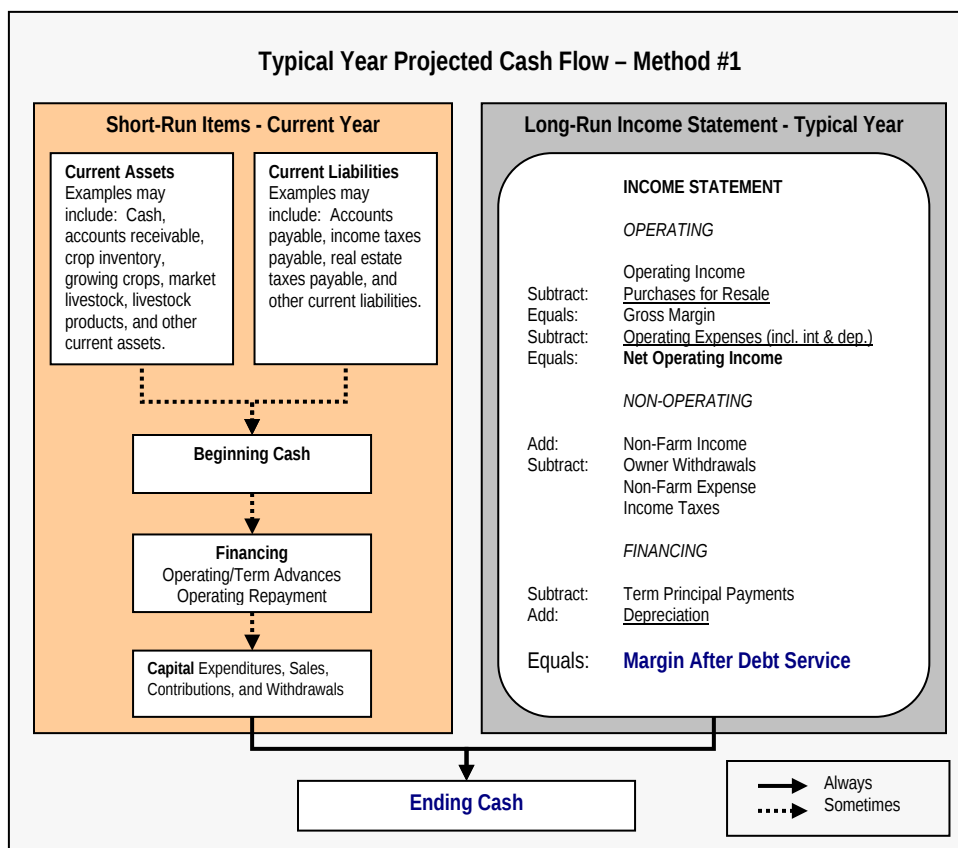

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

*--3 Creating Typical Projections

A typical projection can be created for both short and long-run feasibility decisions. There are generally 2 methods of creating a projection for a typical year.--*

a Method 1, Separate Short-Run Items from Typical Year

Method 1 has the following features.

- The cash flow categories included in MADS are derived from long-run operations and/or a typical year. If a projection is developed with the income and expenses representing a typical year, a positive MADS means feasibility has been demonstrated in a typical year. For the business to be viable in the long-run, it must have a positive MADS.
- The categories contributing to “Ending Cash” may include current assets and inventories, current liabilities and unpaid expenses, current year financing activity, and any net residual from MADS. A positive ending cash position means that the projection is feasible in the current year as well.

H Income/Expenses - Projected (Continued)

--3 Creating Typical Projections (Continued)--

a Method 1, Separate Short-Run Items from Typical Year (Continued)

- * * * When including sales of inventory in beginning cash, ensure that those sales are not double counted in operating income.

b Method 2, Transfer Current Assets and Payables into Operating

Method 2 has the following features.

- Current asset inventories may be sent to the projected operating income. However, because this is a typical year projection, ensure that the beginning and ending inventories/amounts are about the same.

Farm Business Plan - FSA User Guide (Continued)

H Income/Expenses - Projected (Continued)

--3 Creating Typical Projections (Continued)--

b Method 2, Transfer Current Assets and Payables into Operating (Continued)

- Accounts payable, income taxes payable, real estate taxes payable, and other current liabilities may be included in operating expenses. However, ensure that planned expenses are sufficient for the planned revenue and production level.
- Like Method 1, a positive MADS means feasibility has been demonstrated in a typical year because the projection was developed with the income and expense levels representing a typical year. In addition, a positive ending cash position means that the projection is feasible in the current year as well.

*--4 Monthly Cash Flow

Monthly cash flows are sometimes completed to assist in determining the annual operating credit needs from FSA, or revolving line of credit needs from another lender. The Projected Annual Cash Flow Report and Projected Monthly Cash Flow Reports may help the user determine the amount of borrower needs in these circumstances. The reports, by themselves, are not intended to be used to determine feasibility. Using monthly cash flows is optional.

If a user determines that a monthly cash flow is needed, the user must designate in the “Monthly CF Setup” drop-down menu, how many months the projection will cover when the income/expense is added or duplicated. Options include a 12-, 18-, or 24-month projection.

The screenshot shows the 'Income / Expense' form. The 'Monthly CF Setup' dropdown menu is open, displaying options: None, 12, 18, and 24. A callout box with a speech bubble points to the dropdown, containing the text: 'Select “# Mths” needed for the cash flow from the Monthly CF Setup.'

Figure 37a, Selecting Months for Projection

After the projection is created, monthly cash flow allocations may be added at the summary or schedule level. Both methods achieve the same result of having the cash inflow or outflow categories allocated in designated month or months, in addition to the overall total.--*

a Summary Level

Step 1. All inflow or outflow categories may have a monthly cash flow allocation entered at the summary level. CLICK blue “\$” next to the category amount.

Example: For “Fertilizers & Lime”, \$25,000 was entered as a summary dollar value. For “Gas/Fuel/Oil”, \$31,000 is a total from the detailed schedule. However, both can be allocated in the monthly cash flow by clicking the blue “\$”.

I Collateral Analysis/Chattel Appraisals

Collateral analysis involves assessing the adequacy of collateral pledged for a loan. It is completed when a loanmaking or loan servicing action is completed. Collateral analysis must be completed whenever a Credit Presentation is prepared.

In addition to populating the Credit Presentation, a separate collateral analysis report can be printed that shows the calculations involved in the analysis.

For all direct FSA loans, the default collateral discount factor is 100 percent. **This must not be changed.**

1 Describing the Collateral Position

The collateral position is usually described in the following 2 ways.

Description	Calculation
Margin of Collateral to Loan	(Amount of collateral minus prior liens) divided by total FSA loans.
Percent Loan to Collateral	(Total FSA loans divided by (amount of collateral minus prior liens)) multiplied times 100.

For new chattel loans, use the “Margin of Collateral to Loan” to determine if the 150 percent (1.50) security requirement is met.

*--2 Completing the Chattel Appraisal

The descriptions and values in the chattel appraisal are derived from the balance sheet schedules. After a loan official has visited the farm and completed an appraisal of the chattel, the appraised values will need to be entered in the corresponding schedules. After the Balance Sheet has been updated, CLICK “**Balance Sheet**” and “**Chattel Appraisal**” to update the chattel appraisal information.

*--2 Completing the Chattel Appraisal (Continued)

Complete the Chattel Appraisal Screen. Use the Footnote Section for any additional information as needed.

Defaults to "FSA". Ensure that it is changed if chattel appraisal was completed by someone other than an FSA employee.

Manually enter or use the calendar to select the date the chattel appraisal was completed.

Use Footnotes Section for any additional information as needed.

Figure 45b--*

Farm Business Plan - FSA User Guide (Continued)

I Collateral Analysis/Chattel Appraisals (Continued)

*--2 Completing the Chattel Appraisal (Continued)

If the chattel appraisal is completed by the same official who recommends or approves the credit presentation, the appraisal form does not need to be printed or signed. If not printed, there **must** be a notation in the Collateral Section of the Credit Presentation that a chattel appraisal was completed, date of appraisal, and that the eSignature stamp of the recommending or approving official represents the person who completed the appraisal.

In all adverse actions, or if the appraisal was completed by someone other than the recommending/approving official, the chattel appraisal will need to be printed and signed.

To generate the printed chattel appraisal CLICK **“Reports”**, **“Balance Sheet”**, **“Chattel Appraisal”**, and select the chattel appraisal to be printed from the list provided.

3 Building the Collateral Analysis

*--The collateral analysis is where a user can access, view, add, modify, or delete information specific to any collateral value for loans held by FSA and any prior lien holders. The values in the collateral analysis are derived from the associated balance sheet summary and schedules.

When building the collateral analysis, loans and the collateral used to secure the loan can be grouped together by creditors. For example, if all the FSA loans are secured by the same collateral, the loans and collateral could be grouped together. Separate FSA loan groups may be created when different collateral is used to secure different FSA loan types.

For prior lienholders, there can be a loan group for each creditor; or all prior lienholders can be grouped together. If there are prior liens, they **must** be added to the collateral analysis **before** adding any FSA loan group.

a Customer With No Prior Liens

Assume in this example that there are no prior liens on the collateral used to secure the FSA loans. Use the following steps to build the collateral analysis for the FSA loan group.

Step	Action
1	Verify the correct balance sheet is selected to use in building the collateral analysis.
2	CLICK “Bal. Sheet”, “Collateral Analysis”, and “Add/Modify/Delete”. When user first clicks this menu item, the only submenu item displayed is the “Add/Modify/Delete”. As users add loan groups, they will automatically be displayed in the submenu and be available for selection.

*--b Customer With Prior Liens

When the customer has loans with creditors who have prior liens on the collateral used to secure the FSA loan, those creditors **must** be added to the collateral analysis **before** the FSA loan group.

Example: Assume in this example that the customer owes John Deere Credit \$26,000, secured by a first lien on a tractor worth \$35,000. The customer also has an FSA OL with a balance of \$90,000, secured by a lien on all machinery and equipment worth \$150,000, including the tractor.

In this example, even though all machinery and equipment is securing the FSA loan, there is only \$124,000 of collateral available for FSA (value of all machinery and equipment of \$150,000 minus John Deere prior lien of \$26,000 equals \$124,000). This amount is calculated automatically and captures any remaining equity in the tractor.  Figure 53, FSA Loan Group

3 Building the Collateral Analysis (Continued)

c Customer With Negative Equity Prior Liens

When the customer has loans with creditors who have prior liens on the collateral used to secure the FSA loan, those creditors **must** be added to the collateral analysis **before** the FSA loan group. These prior liens may be under secured and are sometimes referred to as “upside-down” or negative equity loans.

Example: Assume in this example that the customer owes John Deere Credit \$26,000, secured by a first lien on a tractor worth only \$19,000. The customer also has an FSA OL with a balance of \$90,000, secured by a lien on all machinery and equipment worth \$150,000, including the tractor. FSA is secured; however, John Deere Credit is under secured by \$7,000 (tractor value of \$19,000 **minus** loan balance of \$26,000).

Step	Action
1	Add the John Deere Credit loan group, select the John Deere Credit \$26,000 loan from the loan schedule, and then add all the machinery and equipment as collateral, even though only the John Deere tractor is collateral for this loan. To adjust the value of the collateral securing the prior lien holder, uncheck (✓) the “Auto *--Calc” box and enter the value of the asset securing the loans in the “Coll. Amt” field.--* In this example the tractor is worth \$19,000.  Figure 55, John Deere Credit Prior Lien Screen When user clicks “Save & Stay”, only the value of the tractor will be deducted from the total of “Machinery and Equipment”. No equity from the equipment will be used to secure the John Deere Credit loan.

*--c Customer With Negative Equity Prior Liens (Continued)

Step	Action																																																		
2	Add the FSA loan group, select the FSA OL \$90,000 loan from the loan schedule, and then add the collateral securing the loan. In this example, the amount of collateral available is \$131,000 (value of equipment of \$150,000 minus value of tractor secured by prior lien of \$19,000). This amount is automatically calculated. Note: Although there is negative equity in the tractor, John Deere Credit's adverse collateral position does not impact FSA's position. *--d Customer With FSA Cross-Collateralized Loans

Sometimes the same asset may be used as collateral for multiple FSA loans. This is called, “cross-collateralization”. To correctly display the available collateral, the loan group that has the primary security interest in that asset must be added first.

Example: Assume that the customer has an FSA FO loan with a balance of \$165,000, secured by a first mortgage on a farm worth \$280,000. The farm also serves as additional collateral for the FSA OL loan, with a loan balance of \$90,000. The FSA OL is also secured by all machinery and equipment, valued at \$100,000.

Step	Action
1	Add the FSA Real Estate loan group first. Select the FSA \$165,000 FO loan from the loan schedule and then add the real estate land, valued at \$280,000, as collateral. To ensure that the real estate security value is not double counted, the “Auto Calc” box must be unchecked (✓). In the “Col Amt.” field, enter an amount equal to the “Total of Loans for Collateral Analysis”. For this loan group, it will appear as if the loan is secured on a 1.1 basis. 2	Add the FSA Chattel Loan group, select the FSA \$90,000 OL loan from the loan schedule, and add the real estate land and the machinery and equipment as collateral. Note: Even though the farm is valued at \$280,000, the amount available for this loan group is only \$115,000. This amount is automatically calculated and represents the difference between the value of the farm (\$280,000) and the FSA FO loan secured by a first lien on the farm (\$165,000). *--e Customer With Third-Party Pledge of Security

Sometimes, outside individuals or entities may provide third-party pledges of collateral. Because the customer does not own the collateral, it does not appear on their balance sheet and is; therefore, not available to be selected on the Select Collateral Detail Screen when building the collateral analysis. In these circumstances, the collateral pledged by the third party must be manually entered in the loan group.

Example: Assume that Dad pledged a tractor worth \$15,000 as additional security for a FSA OL loan in the amount of \$65,000. The FSA OL is also secured by all machinery and equipment valued at \$63,000. The FSA OL is also secured by all machinery and equipment valued at \$63,000.

Step	Action																																																																								
1	Add the FSA OL loan group, select the FSA \$65,000 OL loan from the loan schedule, and then add the machinery and equipment valued at \$63,000, as collateral. Manually add the third-party additional collateral to the "Collateral" Section and CLICK "Add". f Customer With Personal Property Used for Security

Sometimes a customer's personal property is needed as additional security. There are 2 methods that can be used to add the personal property as security to the collateral analysis.

* * * If additional documentation is needed, it can be added to the attached WordPad.

Method 1: Assume that a customer has nonfarm real estate valued at \$125,000, with a prior lien of \$85,000. The customer wants to use the equity in the property, \$40,000, as additional security for a FSA OL loan in the amount of \$65,000. The FSA OL is also secured by all machinery and equipment, valued at \$63,000.

Add the FSA OL loan group, select the FSA \$65,000 OL loan from the loan *--schedule, and add "Machinery & Equipment" and "Nonfarm Real Estate" as collateral. To adjust the value of the "Nonfarm Real Estate", uncheck (✓) the "Auto Calc" box and enter the equity value (\$40,000) in the "Coll. Amt" field. "Total Collateral Amount" equals \$103,000 (Machinery & Equipment **plus** equity in Nonfarm Real Estate).

The Credit Action Menu allows a user to quickly generate a new credit action or to access an existing credit action. It is recommended that only **1** credit action be added per loan or servicing application.

Note: When an “Emergency Loan Calculations” credit action is used, an additional credit action must be added to support the loanmaking or loan servicing decision.

To add a new credit action, CLICK “**Credit Action**”, “**Add/Modify/Delete**”, to access the Credit Action Screen. The “Add/Modify/Delete” option may also be accessed through the Dashboard.

3 Locking Credit Action Forms

As soon as a credit action has been completed and eSigned, lock all the forms used in the credit action. See **Reports and Signature Requirements** (Section B 4 b) for a list of forms and locking requirements.

Exception: All forms used in a credit action for an approved loan **may** be locked at loan closing. This allows for additional documentation to be added to the existing credit action to support changes in the applicant’s financial information after a loan decision has been made. Do **not** delete any of the original documentation used to make the loan decision.--*

4 Farm Assessment

Initial farm assessments and updates must always be entered on the General Information Screen. However, because the farm assessment is a living document that will change over time, it is important that changes and updates get “frozen” in time on the Farm Assessment form when a credit action is completed. This serves the following 2 important purposes:

- a snap-shot of the farm assessment is taken, recorded, and cannot be changed when locked
- farm assessment will be associated with the credit action that was completed at that point in time.

Caution: Any changes to the assessment **must** be entered on the General Information Screen and then updated to the credit action Assessment form. Do **not** make changes directly to the credit action Assessment form.--*

*--7 Credit Presentation

A Credit Presentation is the form in a credit action that is prepared to communicate and document a loanmaking or loan servicing decision. It encompasses the various aspects of analyzing the financial information, collateral position, eligibility, classification, and the loan narrative. The Credit Presentation should be viewed as the primary document that contains all relevant information involved in a loan decision. The Credit Presentation form will differ depending on the credit action model selected.

A Credit Presentation **must** be prepared and eSigned for all loanmaking and loan servicing actions. It is recommended when multiple actions are being completed at the same time, that they be combined on the same Credit Presentation.

a Approval Decision

Each Credit Presentation that is prepared **must** have an approval decision. CLICK “**Plan Approval**” link located at the bottom of the Credit Presentation to select the appropriate approval status. Only Credit Presentations with an “Approved” status will be available for selection in DLS.

Collateral	What is collateral? Collateral or guarantees are forms of security the customer can provide to secure an FSA loan. If for some reason, the business cannot repay its loan through business operations, there needs to be a second source of repayment. Assets such as equipment, livestock, real estate and in some cases, inventory, are considered possible sources of repayment if they are liquidated and sold for cash. Both business and personal assets can be sources of collateral for a loan according to FSA handbooks. - In the WordPad, describe the adequacy of the collateral. - If the chattel was appraised by the same official recommending/approving the Credit Presentation, the Appraisal form does not need to be printed or signed if the “Collateral” Section of the Credit Presentation contains a notation that it was appraised, date of appraisal, and that the eSignature stamp of the recommending or approving official represents the person who appraised it. - Answer the security questions with the radio button.

Component	Details
Capacity	What is capacity? FSA must know how the customer intends to repay the loan. Consider the cash flow from the business, the timing of the repayment, and the probability of successful repayment of the loan. Discuss all the assumptions, marketing, pricing, income, production, expenses, withdrawals, etc., in preparing FBP, the basis for the assumptions, and comparisons to the financial history. Payment history on existing credit relationships, personal and business, is considered an indicator of future payment performance. Also consider contingent sources of repayment, if available. • In the WordPad, discuss the repayment capacity of the borrower, and any assumptions used in the income/expense projection. •*--Answer the limited resource rate question with the radio button. See 4-FLP, Part 3 for more information on determining if rates are justified.--*
Capital	What is capital? Capital is the money the customer has personally invested in the business and is an indication of how much is at risk should the business fail. Most lenders generally expect some contribution of the customer's own assets and that they have undertaken personal financial risk to establish the business before asking a lender to commit any funding. In addition, many lenders believe if the customer has a significant personal investment in the business, the customer is more likely to do everything in their power to make the business successful. Lack of accumulated net worth could be a danger signal unless the applicant is fairly new. Consider that capital also can: • provide a cushion for repayment in the event of having a financial setback • indicate an ability and willingness of the customer to save and accumulate assets • confirm that the borrower manages his/her financial affairs adequately and within his/her income. In the WordPad, discuss the customer's capital position which may include working capital, debt to asset level, and other elements of available capital.

Loan Closing Requirements	Optional. Can be used for any additional loan closing requirements imposed by the approval official after reviewing the recommending official's requirements.

c Classification Scores

Accounts will be classified according to 1-FLP, Part 8, Section 4. The classification process generates the following ratios:

- Current Ratio (Liquidity)
- Debt to Asset Ratio (Solvency)
- Return on Assets Ratio (Profitability)
- TDCLC Ratio (Repayment Capacity).

Note: CLICK “Detail” of the borrower classification within FBP for an explanation of how the system calculates scores for each of these ratios.

FBP will generate the following account classification codes.

Classification Score	Description of Score
1 - Commercial	Commercial classified accounts are FSA’s highest rated direct loan accounts. The debt/asset ratio, cash flow, and general financial health of a commercial-grade farming operation allow it to withstand adverse farming conditions while maintaining loan payments.
2 - Standard	Standard classified accounts are financially sound, cash flow is adequate, and on-time loan repayment is probable.
3 - Acceptable	Acceptable classified accounts are those that present some degree of financial risk. These loans have adequate to marginal security and are generally experiencing some financial stress.
4 - Marginal	A marginal account is 1 that poses a high degree of financial risk. These loans may or may not be secured and repayment ability is marginal.
5 - Not Classified	See Special Classification (Section J 12).

4 Letters

*--The “Letters” feature allows users to generate ad hoc letters to customers. These letters are **not** to be used as a substitute for specific letters to customers required by other applicable directives.

From the customer’s FBP account, CLICK “**Letters**”, “**General Letter or Related Entity**”. The General Letter Screen will be displayed. From the “Letter” drop-down menu select “**General Correspondence**”.

Note: Disregard the “Balance Sheet Date”, “Income & Expense Date”, and “Credit Report Date” drop-down menus, because they are **not** available for FSA use.

The screenshot shows the 'General Letter' screen with a blue header. Below the header, there are five dropdown menus: 'Letter', 'Balance Sheet Date', 'Inc & Exp Date', 'Credit Report', and 'Work Flow'. The 'Letter' dropdown menu is open, showing 'General Correspondence' as the selected option. The other dropdown menus are set to 'None'. An 'Add' button is visible on the right side of the screen.

Figure 84

A “General Letter” dialog box will be displayed. CLICK “**Add**” and the letter will be added to the list of letters available on the General Letter Screen.

This screenshot is a zoomed-in view of the 'General Letter' screen. An arrow points to the 'Add' button located at the bottom right of the screen, next to the 'Letter' dropdown menu which is set to 'General Correspondence'.

Figure 85

The letter is now available with the user’s information for the signature. CLICK “**View/Modify**” hyperlink and a text box will be provided to type the body of the letter. The name and address will populate from the General Information Screen.

The screenshot shows the 'General Letter' screen with a list of letters below the dropdown menus. The list has columns for 'Letter', 'Bal.Sht. Date', 'Inc & Exp Date', 'Credit Report', 'Work Flow', and 'Letter' (with radio buttons for 'Letter' and 'Legal'). The first row shows 'General Correspondence' with a 'View / Modify' hyperlink. An arrow points to this hyperlink. The bottom of the screen shows the user's name 'Manager, Farm Loan Programs' and the date/time '11/22/2011 3:04:08 PM'.

L Getting Help

For help using the FBP software, CLICK “**eHelp**” from the Web Navigation Manager main navigation bar or consult this user guide. For questions about issues not available on-line or in this user guide, State and County Offices should contact the FBP Coordinator. References to “FBP Coordinator” include FBP State Coordinators, as appropriate.

1 FBP Forum

In addition to live support, users also have access to a FBP forum. A national FSA forum is available, in addition to a forum for each State to use, at <http://fbpforum.onlineequity.com> or CLICK “**FBP Forum**” located on the Web Equity Manager main navigation. The FBP Coordinator in each State is a forum moderator.

B Treasury Rates

The following table provides the applicable Treasury rates.

Treasury Rates	Current Rate (%)	Date Set
90-Day Treasury Bill	0.125	10/1/09
Treasury Judgment Rate (see Note)	*--0.110	1/1/12--*

Notes: The 90-Day Treasury Bill rate is entered in eDALR\$ as the “Discount Rate” and is used to calculate present value and net recovery value.

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961). The rate is based on the weekly average 1-year CMT yield published by the Federal Reserve System, Board of Governors. The rate shown is the most current rate posted to the Federal Reserve web site and is dated the *--week ending December 9, 2011. The actual judgment rate is the rate for the calendar--* week preceding the date the defendant becomes liable for interest. Access the Federal Reserve web site www.federalreserve.gov/releases/H15/current for the weekly average 1-year CMT yield.

NOTE	DESCRIPTION
1	Requires written permission to use from the Administrator or Administrator's designee; contact LMD or LSPMD, as applicable.
2	Includes NEPA Environmental Assessments and Miscellaneous NEPA Studies.
3	These activities refer to due diligence investigations conducted to evaluate real property for the presence of contamination in loan making and loan servicing activities according to 1-EQ.
4	Includes recording and filing fees; obtaining copies of plats, mortgages, judgments, etc.; other similarly related expenses at offices such as Clerk of Court, Register of Mesne Conveyance, Register of Deeds, Department of Motor Vehicles, etc.
5	Use for UCC recording and filing in situations when funds have been collected from the applicant and remitted with Miscellaneous code 36 or 38 (Ref. 3-Fl, Exhibit 5) to pay Secretary of State, to replenish prepaid accounts or to pay monthly invoices from third party processors for Secretary of State fees only. Use Data Processing code (Information Services/Data Processing) to pay third party processing fees charged FSA to process UCC filings and conduct searches; see Note 6.
6	Includes fees charged by third party processors to process UCC filings and searches.
7	Process as a single source financial transaction; includes access to PACER, state databases for real estate and/or equipment appraisals, etc.
8	Use in the acquisition of real estate or property rights necessary only to sell inventory real property, not for the purpose of increasing the financial return to FSA. Includes easement, right-of-way, ingress/egress.
9	Includes online auction fees, auction storage fees, auction rental fees, auctioneer fees/commission, and other similarly related costs.
10	For appraisals completed for Homestead Protection, use ND, "Co-Pay/Homestead Appraisals." Co-Pay appraisals are not authorized for Government Inventory Property.
11	Activities may be conducted on custodial property if necessary to protect the Agency's security interest.
12	These activities are applicable for pre-remedial and remedial response actions conducted pursuant to the Comprehensive Environmental Response Compensation and Liability Act, Resource Conservation and Recovery Act, and Toxic Substance Control Act or State laws governed by these statutes. All response actions shall be conducted by environmental professionals.
13	Servicing activities should be charged as a recoverable cost, except when State law, supported by an opinion from the Regional Attorney, provides otherwise.
14	Expenditures in excess of an aggregate amount of \$1,000 per property as outlined in 4-FLP and 5-FLP must have the prior written approval of SED.

Notes:

- 1) Includes cost reimbursement.
- 2) An employee does not need a Contracting Officer warrant to process noncontractual payments.
- 3) These activities are applicable for response actions conducted pursuant to the Comprehensive Environmental Response Compensation and Liability Act, Resource Conservation and Recovery Act, and Toxic Substance Control Act or State laws governed by these statutes. All response actions shall be conducted by environmental professionals.
- 4) These activities refer to due diligence investigations conducted to evaluate real property for the presence of contamination in loan processing/servicing activities.
- 5) These activities are conducted on inventory properties and refer to pre-remedial and remedial actions conducted pursuant to environmental statutes listed in Note 3.
- 6) These activities may be conducted on custodial property to protect the Agency's security interest.
- 7) For auctioneer services District (D) and County (C) program authority is limited to \$15,000 per property for auctioneer services; Administrator (A) and State Executive Director (S) have no limit.
- 8) Servicing activities should be charged as a recoverable cost, except when a State supplement based on the State law and an opinion from the Regional Attorney provides otherwise.
- 9) Use for UCC recording and filing in situations when funds have been collected from the applicant or borrower and remitted with Miscellaneous Code 36 or 38 (Ref 3-FI, Exhibit 5), to pay the Secretary of State or third party processors monthly invoices, or to replenish prepaid accounts. (F1NE, F2NE)
- 10) Use for UCC recording and filing in situations when funds have not been collected from the borrower, to pay the Secretary of State or third party processors monthly invoices, or to replenish prepaid accounts. (F2N5)
- 11) For appraisals completed in homestead servicing use (F2ND). Co-Pay/Homestead appraisals are not authorized for inventory property. (For inventory property use F5B1.)
