**Part 4 Loanmaking****Section 1 Compliance and Noncompliance****62 Compliance Provisions****A Determining Compliance**

A loan is available to eligible processors on sugar processed from the production of sugar beets or sugarcane determined to be eligible according to HELC and WC provisions in 6-CP and acreage reporting requirements.

\*--The STC must determine if the Loanmaking or Administrative County Offices will:

- annually request processors to provide by county where the sugar is grown, an alphabetical list of the names, addresses, and CCID numbers, if available, of--\* producers, owners, and operators who did either of the following:
  - delivered sugar beets or sugarcane in previous years for processing
  - contracted or made arrangements to deliver sugar beets or sugarcane for the current crop year
- request that this information be submitted to the County Office by a date established by STC or COC; however, all information must be submitted by **August 1** before the crop year for which loan benefits will be requested.

**Example:** To determine compliance for the 2022 crop year (FY 2023), the requested information must be submitted to the County Office by August 1, 2022.

**Note:** Use the suggested sample letter in subparagraph B to contact processors.

## 62 Compliance Provisions (Continued)

**B Contacting Processors**

This is a sample letter sent annually to processors for obtaining names and addresses.

\*\_\_

Dear Processor:

Sugar used as collateral to obtain loans must have been delivered by producers, owners, or operators who have certified on form AD-1026, Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification, that the producer, owner, or operator will comply with the necessary conservation provisions during the crop year in which benefits are requested. They are also required to complete form FSA-578, Report of Acreage, before the final acreage reporting date established by the county.

To continue monitoring this process, we need your assistance. Please provide this office by county(s) where the sugar is grown, an alphabetical listing of the names, addresses, and CCID numbers, if available, of sugar producers, owners, or operators who did either of the following:

- delivered sugar to your facility for processing in the previous crop year
- contracted or made arrangements with you to deliver sugar for the current crop year.

Please provide this information to us by August 1, 20 . Additionally, please provide this office with the same information on any new producers, owners, or operators that you anticipate will deliver sugar in the current crop year, as you receive this information.

If applicable, every effort will be made to provide you with a list of eligible and ineligible producers, owners, or operators before October 1, 20 . This will prevent disbursement of loan amounts that may ultimately have to be refunded to the Commodity Credit Corporation.

If you have any questions, please feel free to call this office.

Your cooperation will be appreciated.

Sincerely,

County Executive Director
