

NOVEMBER 6TH SOIL HEALTH WORKSHOP

Building Better Soils

If you have ever had an interest in improving your soils or taking advantage of the various benefits of the many different cover crops, this is a 1-day workshop that you don't want to miss. View different cover crops planted at 6 different planting dates and learn the benefits of each species. Learn from the speakers who are on the forefront of the soil health initiative. View the Rainfall Simulator, an impressive visual of how cover crops and no-tilling slow down erosion and increase infiltration.

COST IS \$20 AND SEATING IS LIMITED, SO REGISTER EARLY. RSVP TO LINCOLN SWCD AT 636-528-4877, EXT. 3 BY 10/24/14. SIGN-IN WILL START AT 8:30am – WORKSHOP BEGINS AT 9am AND END AROUND 4:30pm

USDA is an equal opportunity provider and employer.
