## Critical DCP Deadline!!!!!!

Enrollment for the 2010 Direct and Counter-cyclical Program (DCP) will continue until **June 1, 2010** with no late signup provision to allow you to enroll after that date. What that means is if you don't have all signatures representing 100% of the DCP payment shares the contract payment will be lost with no options for appeal as this is a statutory deadline.

As of May 1, Gem Boise Valley County had 18% of its contracts signed up for the 2010 season. That leaves the month of May to complete the remaining contracts. With limited staff resources we will only be mailing or faxing contracts that have special circumstances and due to the busyness of the office, mailings may not be timely enough to sign and return them to the office by June 1st. All returned contracts being mailed back to the FSA office are required to be post-marked by June 1<sup>st</sup> or will be ineligible regardless of the date of signature.

It is the responsibility of the Farm Operator to get all the required signatures back to the Office by 4:30 PM on June 1<sup>st</sup>. Faxes will be received until 4:30 PM as well on June 1<sup>st</sup>.

*To avoid the lines and long waits the last week of DCP signup, please contact Deann Kersey –DCP program lead technician for an appointment today at 365-3527.*

## ACRE Program Deadline!!!

The Average Crop Revenue Election (ACRE) is a revenue based program that looks at farm and state guarantee price and yield triggers. If both triggers are below the guarantee threshold additional payments are made for the actual acres of commodities raised on the farm up to the total amount of base acres on the farm.

Typical eligible commodities in our county are wheat, silage / grain corn, barley, and oats. Each crop has its own guaranteed price. The deadline for ACRE is the same **June 1<sup>st</sup>** deadline as the DCP program. For more information contact the office .

## Average Gross Income – Deadline!!!

**June 15<sup>th</sup>, 2010** is the deadline for submitting the simple form CCC-927 (individuals ) or CCC-928 (Entity including Trusts) to the IRS that gives permission for FSA to audit the gross income statement completed by all Owners & Operators who received any FSA payment in 2009.

If you haven't submitted these for all entities and individuals any payments received from FSA, NRCS or other USDA agencies will be **required to be refunded**. You can get these forms at our FSA Office or Online at [www.fsa.usda.gov/](http://www.fsa.usda.gov/)

## Crop Reporting Deadline!!!!

The acreage reporting deadline for 2010 is **June 30<sup>th</sup>**. Crops that are not reported to the FSA office by 4:30 PM on June 30<sup>th</sup> will be subject to late-filed provisions that include inspection fees for each farm.

Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

***Only crops planted after June 30<sup>th</sup> have 15 days where they can still be reported to FSA without late filed provisions & fees being assessed.***

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

## 2010 FSA County Committee Elections

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to ALL farmers and ranchers.

This year LAA-3 currently represented by Dave Obermeyer and LAA-5 currently represented by Shirley Florence is up for election. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture.

County Committee (COC) members are a critical component of FSA operations. The intent is to have the COC reflect the makeup of the producers and to represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

events cause livestock losses that exceed normal mortality rates.

The rules for the program have had some recent changes. A recent amendment states that the following diseases will not be covered for payment but losses from the diseases still count towards normal mortality losses.

**- Anaplasmosis, pneumonia, infectious bovine rhinotracheitis, and parainfluenza are not considered to be eligible causes of loss under LIP because preventable measures such as vaccination can be implemented as an acceptable management practice and the diseases are not considered accelerated or exacerbated by eligible adverse weather events.**

Other weather related events that include

fire, blizzards, lightning, flood, or extreme heat and cold are some of the eligible weather events that the County Committee can make payments on. The new program changes took affect 4-27-2010 and if you have additional questions please contact Sandra Becker – Livestock program lead at the FSA Office.

## Farm Reconstitutions

At FSA, farms are “constituted” to group all tracts having the same owner and the same operator under one farm serial number. When changes in ownership or operation take place, a farm reconstitution is necessary. If an owner or operator cannot agree about program participation, like in the case of the new ACRE program, then producers should inquire about a reconstitutions at the local FSA office.

The reconstitution—or recon—is the process of combining or dividing farms or tracts of land based on the farming operation. Remember, to be effective for the current year, recons must be requested by August 2, 2010 for farms enrolled in specific programs.
