**Emergency Assistance for Livestock,  
Honeybees, and Farm-Raised Fish Program  
1-ELAP**

**Amendment 3**

---

**Approved by:** Acting Deputy Administrator, Farm Programs

---

**Amendment Transmittal**

**A Reasons for Amendment**

Subparagraph 6 A has been amended to change:

- program year from a fiscal year to a calendar year, and
- the deadline for filing a notice of loss from 30 to 15 days for honeybee losses.

Subparagraphs 21 B and 22 D have been amended to provide that losses relating to the additional cost for transporting water may be eligible for ELAP if the loss occurred because of an eligible adverse weather event determined by DAFP.

Subparagraph 24 A has been amended to provide that livestock that were in a feedlot, on the beginning date of the eligible loss condition, can be included as eligible livestock.

Subparagraph 31 C has been amended to provide that grazing losses are based on the number of eligible AU's.

Subparagraph 31 D has been added to provide the calculation for eligible AU's for a grazing loss payment.

Subparagraph 33 A has been amended to provide the 2020 daily payment rate for grazing losses has not yet been determined.

Subparagraph 34 A has been amended to clarify the payment calculation for grazing losses for per acre leased grazing losses, excluding fire.

Subparagraph 34 B has been amended to provide an example of calculating a grazing loss payment for per acre leased grazing losses, excluding fire, when only part of the eligible grazing land is affected by the eligible loss condition.

## **Amendment Transmittal (Continued)**

### **A Reasons for Amendment (Continued)**

Subparagraph 34 C has been amended to provide an example of calculating a grazing loss payment for per acre leased grazing losses, excluding fire, when all eligible grazing land is affected by the eligible loss condition.

Subparagraph 35 A has been amended to account only for affected grazing land acres when calculating a grazing loss payment for AUM/AU leased grazing losses.

Subparagraph 35 B has been amended to provide the calculation for determining eligible AU's for AUM/AU leased grazing losses.

Subparagraph 35 D has been added to provide an example of calculating a grazing loss payment for AUM/AU leased grazing land when only part of the grazing land is affected by the eligible loss condition.

Subparagraph 35 E has been added to provide an example of calculating a grazing loss payment for AUM/AU leased grazing land when all of the grazing land is affected by the eligible loss condition.

Subparagraph 36 B has been amended to provide an example of grazing loss calculation for fire on non-federally managed land when only part of the acres are affected by the fire.

Subparagraph 36 C has been added to provide an example of grazing loss calculation for fire on non-federally managed land when all of the acreage is affected by the fire.

Subparagraph 51 A is amended to include an eligible adverse weather event, as determined by DAFP, as an eligible loss condition for water transportation.

Subparagraph 51 C has been added to provide STC procedure for requesting a determination from DAFP for a specific eligible adverse weather event to be deemed as an eligible loss condition for water transportation.

Subparagraph 64 A has been amended to:

- clarify the required documentation for honeybee colony and hive losses, and
- add the requirement to provide documentation to prove the current program year's beginning inventory, if the honeybee producer had received an ELAP payment in either one or both of the previous 2 program years.

Subparagraph 64 B has been amended to require a signed certification statement on CCC-870 for honeybee colony losses because of CCD.

## **Amendment Transmittal (Continued)**

### **A Reasons for Amendment (Continued)**

Subparagraph 64 D has been amended to provide the 2020 ELAP average fair market values for honeybee colonies and hives.

Subparagraph 64 E has been amended to provide a 22 percent normal mortality rate for 2018-2020 program years.

Paragraph 64.5 has been added to provide the new CCC-870, Emergency Loss Assistance for Livestock, Honeybees and Farm-Raised Fish Program, Colony Collapse Disorder Certification, and instructions.

Subparagraph 102 A has been amended to provide that:

- a notice of loss must be filed within 15 calendar days of when the loss is apparent to the participant for honeybee losses.
- an application for payment must be filed by no later than January 30 after the end of the calendar year in which the loss occurred for 2020 and subsequent years.

Subparagraph 103 B has been amended to provide that all participants' signatures must be received on the application for payment no later than January 30 after the end of the calendar year in which the losses occurred.

Subparagraph 103 D has been amended to add the form CCC-870 as required documentation for applicants claiming honeybee colony losses due to CCD.

Subparagraph 104 B, C and D have been amended to require the administrative county offices to verify with the physical location county offices that an eligible loss condition occurred, for notices of loss filed for all losses, except honeybee colony losses because of CCD.

Subparagraph 104 E have been amended to require the administrative county offices to verify with the physical location county where the loss occurred that other producers in the same county suffered similar losses due to the same eligible loss condition for all losses, except honeybee colony losses because of CCD.

Paragraph 120 has been amended to provide revised CCC-851 and instructions.

Paragraph 123 has been amended to provide revised CCC-851-1 and instructions.

## 6 Signup Period

### A Program Year Signup

\*--Beginning with the 2020 program year, the ELAP program year will be based on the calendar year.--\*

Producers who suffer eligible livestock, honeybee, or farm-raised fish losses must file the following:

- \*--for livestock and farm-raised fish losses, a notice of loss within 30 calendar days of when the loss is first apparent
- for honeybee losses, a notice of loss within 15 calendar days of when the loss is first apparent
- an application for payment by January 30 following the calendar year for which--\* benefits are being requested.

### B Notice of Loss

For notice of loss for:

- livestock losses, complete CCC-851, Parts A and B
- honeybee or farm-raised fish losses, complete CCC-934, Parts A and B.

### C Application for Payment

For application for payment for:

- livestock losses, complete only those parts of CCC-851, Parts D through M that are applicable
- honeybee or farm-raised fish losses, complete only those parts of CCC-934, Parts D through J that are applicable.

6 Signup Period (Continued)

**D Late-Filed Provisions**

COC and STC do not have authority to approve programmatic relief for late-filed ELAP applications. However, a late-filed application will be reviewed according to the following table:

**Note:** Neither COC nor STC are under any obligation to recommend relief. COC is not required to submit cases to STC that COC believes do not warrant relief, nor is STC required to submit cases to DAFP that STC believes do not warrant relief. If relief is not recommended by either COC or STC, the late-file application will be disapproved and the County Office will notify the participant in writing of the decision on the participant’s request for late-filed ELAP application with appropriate appeal rights according to 1-APP (based on the reviewing authority’s decision that the ELAP application was late and that relief was not appropriate). Cases do not have to be submitted to STC or DAFP for disapproval of relief.

<b>If an application is submitted...</b>	<b>THEN do the following...</b>
after the deadline but it is not accompanied by a written request of the participant for late-filing	County Office will issue a letter to the participant explaining that FSA cannot process the application because it was filed after the deadline. The letter must advise the participant that the participant may, within 30 days of the receipt of the letter advising that the application was filed late, file a written appeal with COC of the notification by County Office according to 1-APP.

21 Eligible Livestock Losses (Continued)

B Eligible Losses (Continued)

Eligible Livestock Losses	Eligibility Criteria
<p>Additional cost of purchasing livestock feed above normal quantities</p>	<ul style="list-style-type: none"> <li>• Purchased above normal quantities, as determined according to *--paragraph 44.--*</li> </ul> <p><b>Note:</b> Eligible additional feed purchases do <b>not</b> have to be made during the normal grazing period.</p> <ul style="list-style-type: none"> <li>• Required to maintain eligible livestock, as provided in paragraph 24, physically located in the county where the eligible loss condition occurred, until additional livestock feed becomes available.</li> </ul> <p><b>Note:</b> The value of additional livestock feed purchases must <b>not</b> exceed the feed needs of the eligible livestock during the eligible loss condition, as determined according to paragraph 43.</p> <ul style="list-style-type: none"> <li>• Purchased during or after an eligible loss condition, as provided in paragraph 22.</li> </ul> <p><b>Important:</b> Additional livestock feed purchases made during the normal grazing period will <b>not</b> be considered eligible if the producer is receiving compensation under ELAP for grazing losses for the same eligible livestock during the same eligible loss condition.</p>
<p>Cost for transporting livestock feed to eligible livestock including, but <b>not</b> limited to, costs associated with equipment rental fees for hay lifts and snow removal</p>	<ul style="list-style-type: none"> <li>• Incurred because of an eligible loss condition, as provided in paragraph 22.</li> <li>• Suffered in the county where the eligible loss condition occurred.</li> <li>• Incurred in combination with either of the following livestock feed losses:                             <ul style="list-style-type: none"> <li>• purchased or mechanically harvested forage or feed stuffs damaged or destroyed</li> <li>• additional livestock feed purchased above normal quantities.</li> </ul> </li> </ul>

21 Eligible Livestock Losses (Continued)

B Eligible Losses (Continued)

Eligible Livestock Losses	Eligibility Criteria
Additional cost of transporting water	<ul style="list-style-type: none"> <li>• Resulting from transporting water to eligible livestock, as provided in paragraph 22.</li> <li>• *--Because of an eligible drought, as defined in Exhibit 2, or an eligible adverse weather event, as determined by DAFP.--*</li> <li>• Incurred on eligible grazing lands, as provided in paragraph 25:                             <ul style="list-style-type: none"> <li>• physically located in the county where the eligible drought, *--or eligible adverse weather event, occurred--*</li> <li>• that had adequate livestock watering systems or facilities before *--the eligible drought or adverse weather event occurred--*</li> <li>• that the producer is <b>not</b> normally required to transport water to the grazing land.</li> </ul> </li> </ul>
Additional cost associated with gathering livestock to treat and/or inspect for cattle tick fever	<ul style="list-style-type: none"> <li>• Livestock treated and/or inspected for cattle tick fever <b>must</b> be considered eligible livestock according to paragraph 24.</li> <li>• Livestock gathered <b>must</b> be treated and/or inspected by APHIS for cattle tick fever.</li> <li>• APHIS <b>must</b> have records on file of the number of livestock treated and/or inspected for cattle tick fever and the number of treatments and/or inspections in the program year or producer must request an inspection receipt and provide it to the County Office.</li> </ul>

22 Eligible Livestock Loss Conditions (Continued)

**D Eligible Adverse Weather for Water Transportation Losses**

A loss resulting from the additional cost of transporting water to eligible livestock **must** be because of an eligible:

- \*--drought, as defined in Exhibit 2, that:
  - is in any area of the county has been rated by the U.S. Drought Monitor as having a D3 (extreme drought) intensity
  - directly impacts water availability during the normal grazing period (for example, snow pack that feeds streams and springs), as determined by the Deputy Administrator or designee, for losses resulting from transporting water to livestock, or
- adverse weather event, approved by DAFP, according to paragraph 51.--\*

## 23 Eligible Livestock Producers

### A Eligible Producers for Feed Losses, Water Transportation and Cattle Tick Fever

To be considered eligible for livestock feed losses, water transportation losses, and cattle tick fever losses, the participant **must**:

- meet the definition of eligible producer as provided in paragraph 7
- owned, cash-leased, purchased, entered into a contract to purchase, or been a contract grower of eligible livestock during the 60 calendar days before the beginning date of the eligible loss condition
- suffer an eligible livestock loss resulting from:
  - damaged or destroyed purchased or mechanically harvested forage or feed stuffs
  - additional cost for purchasing additional livestock feed above normal
  - additional cost for transporting livestock feed to eligible livestock
  - water transportation due to an eligible drought
  - inspecting and/or treating for cattle tick fever.

### B Eligible Producer for Grazing Losses

To be considered eligible for grazing losses, the participant **must**:

- meet the definition of eligible producer as provided in paragraph 7
- during the 60 calendar days before the beginning date of the eligible adverse weather event, owned, cash-leased, purchased, entered into a contract to purchase, or been a contract grower of eligible livestock
- suffered a loss on land that is considered an eligible grazing type, as provided in paragraph 25, either:
  - native or improved pastureland with a permanent vegetative cover
  - planted to a crop specifically for providing grazing for eligible livestock
- provided eligible pastureland or grazing land, as provided in paragraph 25, during the normal grazing period for eligible livestock, including cash-rented pastureland or grazing land for eligible livestock that is physically located in the county where the eligible adverse weather event occurred.

**24 Livestock Eligibility****A Eligible Livestock**

To be considered eligible for all livestock losses provided in paragraph 21, livestock **must** meet **all** of the following conditions:

- be grazing animals such as adult and weaned nonadult beef cattle, adult and weaned nonadult beefalo, adult and nonadult weaned buffalo/bison, adult and weaned nonadult dairy cattle, alpacas, deer, elk, emus, equine, goats, llamas, reindeer, or sheep
- except for losses resulting from gathering livestock for cattle tick fever, be livestock that would normally have been grazing the eligible grazing land or pastureland during the normal grazing period for the specific pasture type of grazing land or pastureland for the county where the eligible loss condition occurred

**Note:** Livestock that would **not** have normally been grazing the land in the eligible county will **not** be eligible to be included in the calculation for determining feed cost. However, if the livestock would normally have been grazing the eligible grazing land but the producer had to move them to another county for grazing, the livestock would be eligible to be included when calculating feed cost.

- be livestock that is owned, leased, purchased, under contract for purchase, or been raised by a contract grower or an eligible livestock producer, during the 60 calendar days before the beginning date of the eligible loss condition
- been maintained for commercial use as part of the producer's farming operation on the beginning date of the eligible loss condition.

\* \* \*

**24 Livestock Eligibility (Continued)****B Ineligible Livestock**

Animals **not** eligible for ELAP include, but are **not** limited to, the following:

- livestock produced or maintained for reasons other than commercial use as part of a farming operation including, but **not** limited to, livestock produced or maintained for recreational purposes, such as:
  - consumption by the owner
  - hunting
  - used as pets
  - pleasure
  - roping
  - show
  - used for sport

**Example 1:** Mike Jones owns 5 horses, 2 beef steers, 6 chickens, and 3 goats. Mr. Jones maintains the horses for pleasure riding and rodeo, and maintains the goats as pets for his children. He maintains the beef steers and chickens for meat and egg production to be consumed by his family. Accordingly, Mr. Jones does **not** maintain any of the livestock for commercial use as part of a farming operation.

Because none of Mr. Jones' livestock is maintained for commercial use as part of a farming operation, the animals are **not** eligible livestock for ELAP.

## Section 2 – Grazing Losses

## 31 General Provisions

## A Establishing Grazing Loss Percentages

There is no requirement for a producer to suffer a certain percentage of grazing loss to be eligible for ELAP. In addition, there is no requirement that STC or COC establish a minimum or maximum amount of loss to be eligible for ELAP; therefore, STC's or COC's will **not** establish minimum or maximum loss percentages for ELAP. The producer will **not** be required to report a loss percentage to be eligible for ELAP.

**Note:** Payments to eligible livestock producers for grazing losses will be calculated based on losses for no more than 150 calendar days during the program year.

## B Normal Grazing Periods for ELAP

The normal grazing periods established for all pasture or grazing crop types for ELAP are the normal grazing periods established for all pasture or grazing crop types established for LFP according to 1-LFP.

## C Grazing Loss

\*--For ELAP purposes, a grazing loss is based on the number of:

- eligible AU's, as determined according to subparagraph D, and
- lost grazing days, based on the number of days the livestock owner had to remove his livestock from the eligible pasture or had to feed additional livestock feed above normal quantities, because of an eligible loss condition.

See subparagraph:

- 34 B for an example of calculating a grazing loss when only part of the acreage of the eligible grazing land is affected by the eligible loss condition
- 34 C for an example of calculating a grazing loss when all of the acreage of the eligible grazing land is affected by the eligible loss condition.--\*

## 31 General Provisions (Continued)

### \*--D Eligible AU's

For ELAP purposes, a livestock owner's grazing loss payment is limited to the number of eligible AU's.

Eligible AU's for a grazing loss payment is calculated as follows:

- the smaller of:
  - maximum AU's the eligible grazing land may support based on carrying capacity, or
  - total AU's on eligible grazing land

minus,

- maximum AU's the unaffected acres may support based on carrying capacity.  
Unaffected acres are those acres that were not affected by the eligible loss condition.

**Note:** Unaffected acres will be zero if all acres of the eligible grazing land is affected by the eligible loss condition.

**Note:** If the result is negative, then the livestock owner has not suffered a grazing loss.--\*

## 32 Livestock Grazing Required Documentation

### A Verifiable Documentation

Eligible livestock producers **must** provide verifiable or reliable documentation of either of the following:

- additional livestock feed fed above normal quantities, required to maintain the livestock until additional feed is available
- proof of removing the livestock from the effected pasture.

Verifiable records include records provided by the producer who may be verified by COC through an independent source and are used to substantiate that additional feed fed or proof of removing the livestock from the effected pasture.

### B Reliable Documentation

If verifiable records do **not** exist, then records **must** be submitted to COC for review of whether the records are acceptable and reliable, according to paragraph 104. If records are **not** available or provided, COC may accept a producer's certification if other similar producers have comparable losses, as determined by COC.

**Important:** COC **must** follow procedure established in paragraph 104 when acting on documentation, such as verifiable and reliable records and producer certification statements.

**33 Livestock Payment Rates and National Payment Factors****A Payment Rates for Eligible Livestock for Grazing Losses**

The daily livestock payment rates per AU for eligible livestock is based, in part, on the number of pounds of corn equivalent per head, as established by FSA, determined necessary to provide the energy requirements for the specific kind/type of livestock for 1 calendar day.

\*--The daily payment rate per AU for all eligible livestock kinds/types for 2020 program year is TBD.--\*

**B National Payment Factor**

Payments for livestock grazing and feed losses, and losses resulting from transporting water and gathering livestock for treatment and inspection of cattle tick fever, will be based on a national payment factor of either of the following:

- 60 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, limited resource farmer or rancher or veteran farmer or rancher as defined in Exhibit 2.

**34 Per Acre Leased Grazing Losses -Excluding Fire****A Payment Calculation**

Payments for grazing losses, except for losses because of wildfires on non-Federal land, will be calculated based on a national payment factor of 60 to 90 percent, as determined in paragraph 33, of the lesser of:

- \*--the total value of the feed cost for all eligible AU's owned by the eligible livestock owner on the eligible grazing land based on the number of days grazing was lost, **not** to exceed 150 calendar days of daily feed cost for all eligible AU's
- the total value of grazing lost for all eligible AU's, as determined in subparagraph 31 D, based on the normal carrying capacity of the eligible grazing land of the eligible livestock owner for the number of grazing days lost, **not** to exceed 150 calendar days of lost grazing.

**Note:** An eligible livestock owner's payment for grazing losses will be reduced by--\* the amount the producer has received under any other supplemental disaster assistance program for the same loss, specifically LFP.

\*--An eligible livestock owner will only be compensated for the number of days that grazing--\* was lost, **not to exceed 150 calendar days**, in a program year for the same livestock.

**Important:** Calculation of benefits for eligible livestock will be on an AU basis and will require different types of livestock to be converted to an AU basis according to Exhibit 16.

34 Per Acre Leased Grazing Losses - Excluding Fire (Continued)

\*--B Example 1 – Partial Grazing Land Acres Affected

Producer A:

- suffers a 60 day grazing loss in County A in 2019 because of flooding
- has 120 head of adult beef cattle on 500 acres of native pasture
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

Only 250 acres of native pasture are affected by the flood. COC establishes a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 120 head of adult beef cattle, times 1, AU conversion factor, equals
- 120 AU's, times
- 60 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- **\$7,042 value of feed cost.**

Eligible AU's:

The difference between:

- 100 AU's, determined by the smaller of:
  - 100 maximum AU's the eligible grazing land can support based on carrying capacity (500 total acres, divided by a carrying capacity of 5 acres/AU = 100 maximum AU's), or
  - 120 total AU's of adult beef cattle in inventory on native pasture

Minus

- 50 AU, maximum AU's the unaffected acres may support based on carrying capacity
- results in 50 AU's.

**Eligible AU's is equal to 50.--\***

34 Per Acre Leased Grazing Losses - Excluding Fire (Continued)

\*--B Example 1 – Partial Grazing Land Acres Affected (Continued)

Total Value of Grazing Lost Based on Eligible AU's:

- 50 eligible AU's, times
- 60 days of grazing lost, times
- \$0.978, equals
- \$2,934.

\$2,934, the smaller of the total value of feed cost based on AU's in inventory (\$7,042) or value of grazing lost based on eligible AU's (\$2,934) x 60 percent factor = \$1,760 payment amount before applying reductions.--\*

34 Per Acre Leased Grazing Losses - Excluding Fire (Continued)

\*--C Example 2 – All Grazing Land Acres Affected

Producer B:

- suffers a 45 day grazing loss in County A in 2019 because of flooding
- has 1,000 head of sheep on 1,000 acres of native pasture
- did complete CCC-860 so payment will be calculated based on 90 percent factor.

All 1,000 acres of native pasture are affected by the flood. COC establishes a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 1,000 head of sheep, times .25, AU conversion factor, equals
- 250 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- **\$11,003 value of feed cost.**

Eligible AU's:

The difference between:

- 200 AU's, determined by the smaller of:
  - 200 maximum AU's the eligible grazing land can support based on carrying capacity (1,000 total acres, divided by a carrying capacity of 5 acres/AU = 200 maximum AU's), or
  - 250 total AU's of sheep in inventory on native pasture

Minus

- 0 AU, maximum AU's the unaffected acres may support based on carrying capacity
- results in 0 AU's on unaffected acres.

**Eligible AU's is equal to 200.--\***

34 Per Acre Leased Grazing Losses - Excluding Fire (Continued)

\*--C Example 2 – All Grazing Land Acres Affected (Continued)

Total Value of Grazing Lost Based on Eligible AU's:

- 200 eligible AU's, times
- 45 days of grazing lost, times
- \$0.978, equals
- \$8,802.

\$8,802, the smaller of the total value of feed cost based on AU's in inventory (\$11,003) or value of grazing lost based on eligible AU's (\$8,802) x 90 percent factor = \$7,922 payment amount before applying reductions.--\*

## 35 AUM/AU Leased Grazing Losses, Excluding Fire

### A Payment Calculation

Payments for grazing losses that occur on grazing land or pastureland, except for losses because of wildfires on non-Federal land, that is leased on an AUM/AU basis will be calculated based on a national payment factor of 60 to 90 percent, as determined in paragraph 33, of the lesser of:

- \*--the total value of the feed cost for all eligible AU's owned by the eligible livestock owner on eligible grazing land based on the number of days grazing was lost, **not** to exceed 150 calendar days of daily feed cost for all eligible AU's
- the total value of grazing lost based on eligible AU's permitted to graze the eligible grazing land affected by the eligible loss condition, as determined in subparagraph B, for the number of grazing days lost, **not** to exceed 150 calendar days of lost grazing.

**Note:** An eligible livestock owner will only be compensated for the number of--\* days that grazing was lost, **not** to exceed 150 calendar days in a program year for the same livestock.

\*--See subparagraph:

- D for an example of calculating a grazing loss when part of the acreage of the eligible grazing land is affected by the eligible loss condition
- E for an example of calculating a grazing loss when all of the acreage of the eligible land is affected by the eligible loss condition.

### B Eligible AU's

For AUM/AU leased grazing losses, excluding fire, the eligible AU's are determined by multiplying:

- Result of dividing:
  - eligible grazing land acres affected by the eligible loss condition, by
  - total eligible grazing land acres

times,

- eligible AU's permitted to graze the eligible grazing land.

**Note:** If all acreage of the eligible grazing land is affected by the eligible loss condition, then the number of eligible AU's is equal to the eligible AU's permitted to graze the eligible grazing land.--\*

**35 AUM/AU Leased Grazing Losses, Excluding Fire (Continued)****C Converting AUM's to AU's**

The eligible livestock producer will report AU's on CCC-851, item 32. If the livestock producer's lease is an AUM lease, the County Office will need to convert AUM's to AU's based on the number of animals grazing for a specific time period.

**Example 1:** Federal permit allows the producer to graze 500 AUM's for 5 months.

$$500 \text{ AUM's} / 5 \text{ months} = 100 \text{ AU's.}$$

In this example the producer would enter 100 AU's in CCC-851, item 32.

**Example 2:** Federal permit allows the producer to graze 150 AU's from September 1 through December 31 for a total of 600 AUM's.

In this example the producer would enter 150 AU's in CCC-851, item 32.

Ensure that AU's for each specific animal type are converted to an AU equivalent. See Exhibit 16.

**Example 3:** 600 sheep x .25 AU's conversion factor = 150 AU's.

## 35 AUM/AU Leased Grazing Losses, Excluding Fire (Continued)

**\*--D Example 1 – Partial Grazing Land Acres Affected**

Producer C:

- suffers a 45 day grazing loss in County A in 2019 because of flooding
- has 400 head of sheep on 850 acres of native pasture
- has Federal permit allowing 80 AU's to graze
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

Only 500 acres of native pasture are affected by the flood.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals
- 100 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- **\$4,401 value of feed cost.**

Total Value of Grazing Lost Based on AU's Permitted to Graze

Producer C is permitted to graze 80 AU's on 850 acres; however, only 500 acres are affected by the flood. 80 AU's must be prorated between affected and unaffected acres.

- 500 affected acres, divided by, 850 total acres, equals
- .59 factor, times
- 80 AU's, equals
- 47.2 AU's on affected acres.

Determine the total value of grazing loss according to the following:

- 47.2 AU's on affected acres, times
- 45 days lost grazing, times
- \$0.978 daily payment rate, equals
- **\$2,078 value of grazing lost based on AU's permitted to graze.**

\$2,078, the smaller of the total value of feed cost based on AU's in inventory (\$4,401) or value of grazing lost based on AU's permitted to graze (\$2,078) x 60 percent factor = \$1,246 payment amount before applying reductions.--\*

## 35 AUM/AU Leased Grazing Losses, Excluding Fire (Continued)

**\*--E Example 2 – All Grazing Land Acres Affected**

Producer A:

- suffers a 45 day grazing loss in County A in 2019 because of flooding
- has 400 head of sheep on 850 acres of native pasture
- has Federal permit allowing 80 AU's to graze
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

All 850 acres of native pasture are affected by the flood.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals
- 100 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- **\$4,401 value of feed cost.**

Total Value of Grazing Lost Based on AU's Permitted to Graze

Producer C is permitted to graze 80 AU's on 850 acres. All 500 acres are affected by the flood; therefore 80 AU's are on affected acres.

- 80 AU's on affected acres, times
- 45 days lost grazing, times
- \$0.978 daily payment rate, equals
- **\$3,521 value of grazing lost based on AU's permitted to graze.**

\$3,521, the smaller of the total value of feed cost based on AU's in inventory (\$4,401) or value of grazing lost based on AU's permitted to graze (\$3,521) x 60 percent factor = \$2,113 before applying reductions.--\*

## 36 Grazing Losses Because of Fire on Non-Federally Managed Land

### A Calculation

Payments for grazing losses because of fire, on non-Federally managed land, will be compensated based on a national payment factor of 60 or 90 percent, as determined in paragraph 33, times the daily value of grazing, based on normal carrying capacity, for the number of days grazing was lost on the affected acres, **not** to exceed 180 calendar days during the program year.

### \*--B Example 1 – Partial Grazing Land Acres Affected

Producer B:

- suffers a 45 day grazing loss in County A in 2019 because of fire
- has 400 head of sheep on 850 acres of native pasture
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

Only 200 acres of native pasture are affected by the fire. COC sets a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals
- 100 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- **\$4,401 value of feed cost.**

Eligible AU's:

The difference between:

- 100 AU's, determined by the smaller of:
  - 170 maximum AU's the eligible grazing land can support based on carrying capacity (850 total acres, divided by a carrying capacity of 5 acres/AU = 170 maximum AU's), or
  - 100 total AU's of sheep in inventory on native pasture--\*

## 36 Grazing Losses Because of Fire on Non-Federally Managed Land (Continued)

**\*--B Example 1 – Partial Grazing Land Acres Affected (Continued)**

Minus

- 130 AU's, maximum AU's the unaffected acres may support based on carrying capacity (650 unaffected acres, divided by 5 AU's per acres, equals 130 AU's).

The result is -30. A negative result means a grazing loss did not occur because the 650 of unaffected acreage was able to sustain a maximum of 130 AU's. Producer B had 100 AU's in inventory. **Producer B did not suffer a grazing loss.**

**C Example 2 – All Grazing Land Acres Affected**

Producer A:

- suffers a 45 day grazing loss in County A in 2019 because of fire
- has 400 head of sheep on 850 acres of native pasture
- did not complete CCC-860 so payment will be calculated based on 60 percent factor.

All 850 acres of native pasture are affected by the fire. COC sets a carrying capacity of 5 acres per AU on native pasture.

Total Value of Feed Cost:

- 400 head of sheep, times .25, AU conversion factor, equals
- 100 AU's, times
- 45 days lost grazing, times
- 100 percent producer share, times
- \$0.978 daily payment rate, equals
- **\$4,401 value of feed cost.**

Eligible AU's:

The difference between:

- 100 AU's, determined by the smaller of:
  - 170 maximum AU's the eligible grazing land can support based on carrying capacity (850 total acres, divided by a carrying capacity of 5 acres/AU = 170 maximum AU's), or
  - 100 total AU's of sheep in inventory on native pasture--\*

**36 Grazing Losses Because of Fire on Non-Federally Managed Land (Continued)**

**\*--C Example 2 – All Grazing Land Acres Affected (Continued)**

Minus,

- 0 AU, maximum AU's the unaffected acres may support based on carrying capacity.

**Eligible AU's is equal to 100.**

Total Value of Grazing Lost Based on Eligible AU's:

- 100 eligible AU's, times
- 45 days of grazing lost, times
- \$0.978, equals
- \$4,401.

\$4,401, the smaller of the total value of feed cost based on AU's in inventory (\$4,401) or value of grazing lost based on eligible AU's (\$4,401) x 60 percent payment factor = \$2,641 before payment reductions.--\*

**37-40 (Reserved)**

## Section 4 Water Transportation

## 51 General Provisions

## A Eligibility

To be considered eligible for losses resulting from transporting water to eligible livestock, all of the following must be met:

- Water must be transported to eligible livestock, as defined in paragraph 24, that are on eligible grazing land, as defined in paragraph 25
- Additional cost of transporting water must be due to an eligible drought, as defined in \*--Exhibit 2, or an eligible adverse weather event as approved by DAFP (see subparagraph C)--\*
- Water is being transported to eligible grazing lands that normally does not require water to be transported to.

## B Required Documentation

When a participant claims additional cost resulting from transporting water to eligible livestock, the participant **must**, provide verifiable or reliable documentation of the cost to transport water, as determined acceptable by COC.

Verifiable records include those that can be verified by COC through an independent source and are used to substantiate the cost to transport water. Reliable records may be considered acceptable, as determined by COC.

**Important:** COC **must** follow procedure established in paragraph 104 when acting on supporting documentation, such as verifiable and reliable records and producer's certification statements.

## \*--C Eligible Adverse Weather Event

The STC can request a determination from DAFP if a specific eligible adverse weather event may be deemed as an eligible loss condition for water transportation. STC will ensure COC thoroughly documents when COC determines an eligible adverse weather event required the transportation of water to eligible livestock on eligible grazing lands.--\*

**52 Water Transportation Payment Calculation**

**A National Average Price**

The following table provides the established national average prices to transport a gallon of water, based on the method the producer uses to transport water in the applicable program year.

<b>Method of Transporting Water</b>	<b>National Average Price/Gallon</b>
Personal labor/equipment	\$0.035
Hired labor/rented equipment	\$0.05
Contracted water transportation	\$0.07

**Note:** Personal labor includes those laborers normally involved in the farming or ranching operation.

DAFP may consider approving higher average prices per gallon to transport water for a State or region of a State, based on a recommendation from STC, if the State can document a higher rate for transportation exists.

**B Daily Water Requirement**

The daily water requirements for livestock, per head and AU, to be used in the calculations are as follows.

<b>Kind</b>	<b>Type</b>	<b>Weight Range</b>	<b>Daily Water Requirement Per Head (Gallons Per Day)</b>	<b>Daily Water Requirement Per AU (Gallons Per Day)</b>
Beef	Adult	Cows and Bulls	18	18
	Nonadult	500 pounds or more	9	18
Dairy	Adult	Cows and Bulls	30	15
	Nonadult	500 pounds or more	15	15
Equine	All		12	12
Goats	All		4	16
Sheep	All		4	16

**Important:** Calculating benefits for eligible livestock will be on an AU basis and will require different types of livestock to be converted to an AU basis according to Exhibit 16.

**63 Eligible Honeybee Loss Conditions (Continued)**

**C Eligible Loss Conditions for Honeybee Feed Losses**

Eligible loss conditions for honeybee purchased or harvested feed losses include, but are not limited to:

- earthquake
- flood
- hurricane
- lightning
- tidal surge
- tornado
- volcanic eruption
- wildfire
- eligible adverse weather events approved by COC, according to subparagraph 8 B.

Eligible loss conditions for honeybee additional feed purchases, above normal, include, but are not limited to:

- earthquake
- early fall frost
- excessive rain
- flood
- hurricane
- late spring frost
- lightning
- tidal surge
- tornado
- volcanic eruption
- wildfire
- eligible drought
- eligible adverse weather events approved by COC, according to subparagraph 8 B.

## 64 Honeybee Colony and Hive Losses

**\*--A Required Documentation for Hive and Colony Losses--\***

For eligible honeybee colony and hive losses, the participant **must** provide:

- proof of beginning inventory for the program year \* \* \* of honeybee colonies and/or hives such as, but **not** limited to, any of the following:
  - a report of acreage (colonies reported)
  - loan records
  - private insurance documents
  - property tax records (these are records actually filed with or in support of tax records which can be verified through a third party, such as a taxing authority; not just a record with “for tax purposes” annotated on them.
  - \*--records of purchase and sales transactions of honeybee colonies and hives throughout the program year--\*
  - State colony registration documentation
  - chattel inspections

**Important:** If a subsequent eligible loss condition affects the number of colonies, County Offices must update the inventory changes for the participant’s subsequent loss condition, if applicable, according to paragraph 121.

\*--In addition to the previously stated required documentation, if the participant was paid for a loss of honeybee colonies and/or hives in either or both of the two previous program years, the participant must provide documentation considered acceptable by the COC to substantiate how the current year honeybee colony and/or hive inventory was acquired.

For 2020 ELAP, if a participant claims honeybee colony or hive losses and the participant received either a 2018 or 2019 ELAP payment for honeybee colonies or hives, the participant must provide acceptable documentation to prove how the 2020 honeybee colony or hive beginning inventory was acquired.

**Example:** In April 2021, Producer A claims 1,000 honeybee colonies lost due to CCD. Producer A’s 2021 beginning inventory is 12,500 colonies. The County Office determines that Producer A received a 2019 ELAP payment for the loss of 2,500 honeybee colonies. To be eligible for 2021 ELAP, Producer A must provide acceptable documentation to prove how he built his honeybee colony inventory back up to 12,500 colonies for 2021 after losing 2,500 colonies in 2019.--\*

**64 Honeybee Colony and Hive Losses (Continued)****\*--B Required Documentation for Colony Losses**

In addition to the required documentation in subparagraph A, for eligible honeybee colony losses, the participant must provide:

- a signed certification statement on CCC-870 from the honeybee producer certifying to the observation and presence of CCD symptoms at the time honeybee colony losses were first apparent to the producer--\*
- proof that the participant is following best management practices as determined by COC, such as, but **not** limited to suggested honeybee good management practices provided in Exhibit 17
- any additional documentation the producer may have, such as State health certifications for varroa mite or nosema levels reflecting the lack of mites or disease
- of leased hives, the producer must provide a written lease or statement from the lessor, that shows the producer has risk and control of the honeybees. Only one producer can claim the lost colony.

64 Honeybee Colony and Hive Losses (Continued)

**C National Payment Factors**

For an eligible honeybee producer, payments for **honeybee colony and hive losses** will be based on a national payment factor of either of the following:

- 75 percent of the calculated payment
- 90 percent of the calculated payment, for producers who meet the definition of beginning farmer or rancher, SDA farmer or rancher, limited resource farmer or rancher or veteran farmer or rancher, as defined in Exhibit 2.

**D Payment Rates**

The payment rates for honeybee colonies and hives are based on the average fair market values of honeybee colonies and/or hives in the program year in which the loss occurred. FSA has established the following average fair market values for honeybee losses.

<b>Program Year</b>	<b>Honeybee Colonies</b>	<b>Honeybee Hives</b>
* * *	* * *	* * *
2018	\$140	\$258
2019	\$140	\$258
*--2020	\$110	\$190--*

**E Normal Mortality Rate for Honeybee Colony Losses**

ELAP compensates eligible honeybee producers for eligible honeybee colony losses that occur in excess of normal mortality because of an eligible loss condition during the program \*--year. FSA has established the normal mortality rates for honeybee colony losses of 22.0 percent for the 2018 through 2020 program years.--\*

\* \* \*

## 64 Honeybee Colony and Hive Losses (Continued)

**F Payment Calculation for Honeybee Colony Losses**

Payments for eligible honeybee producers for honeybee colony losses will be based on the national payment factor, as determined in subparagraph B, of the result of multiplying:

- the result of subtracting:
  - number of honeybee colonies lost during the program year because of an eligible loss condition, minus
  - honeybee loss threshold (beginning inventory adjusted for sales and purchases through the last loss event in the program year times the applicable normal mortality rate), times
- the average fair market value per honeybee colony.

**Example:** Producer A files CCC-934 for honeybees lost to CCD on April 2, 2019.

Beginning program year inventory was 100 colonies of bees. Producer provided a receipt for the purchase of 20 additional colonies on March 15, 2019.

Producer A's ending inventory was 70 colonies which equates to 50 colonies lost. Producer A did **not** file CCC-860, therefore compensation would be calculated at 75 percent of the 2019 average fair market value established for honeybee colonies, \$140, for the number of colonies lost in excess of normal mortality of 22 percent, calculated as follows.

- 120 colonies (100 beginning inventory, plus 20 additional colonies purchased) x 22 percent = 26 colonies (loss threshold)
- 50 colonies, lost on April 2, 2019, because of an eligible loss condition, minus 26 colonies, loss threshold = 24 colonies eligible for payment
- 24 colonies x \$140 (2019 average fair market value) x 75 percent payment factor = \$2,520 (calculated payment amount for lost honeybee colonies before applying payment reductions).

## 64 Honeybee Colony and Hive Losses (Continued)

**G Payment Calculation for Honeybee Hive Losses**

Payments for eligible honeybee producers for honeybee hive losses will be based on the national payment factor, as determined in subparagraph B, of the result of multiplying:

- number of honeybee hives lost because of an eligible adverse weather or eligible loss condition, times
- the average fair market value per honeybee hive for the applicable program year.

**Example:** Producer B files CCC-934 for honeybee hives lost because of a tornado on March 20, 2019. Beginning inventory was 20 hives. Producer B's ending inventory was 15 hives which equates to 5 hives lost. Producer B did **not** file CCC-860, therefore compensation would be calculated at 75 percent of the 2019 average fair market value established for honeybee hives, \$258, for the number of hives lost as follows.

5 hives x \$258 (average fair market value) x 75 percent payment factor = \$968 (calculated payment amount for lost honeybee hives before applying payment reductions).

**\*--64.5 CCC-870, Emergency Loss Assistance for Livestock, Honeybees, and Farm Raised Fish Program, Colony Collapse Disorder Certification**

**A Completing Manual CCC-870**

Complete CCC-870 according to the following.

Item	Instruction
1	Enter State and county code for the administrative county by physical location county where honeybee colony losses occurred because of CCD.
2	Enter the calendar year that the honeybee colony loss occurred.
3	Enter County Office name and address.
<b>Part A – Producer Information</b>	
4	Enter the producer’s name and address, including city, State and ZIP code.
<b>Part B – Honeybee Producer Certification of Colony Collapse Disorder</b>	
5	Enter the date when the honeybee colony loss became apparent.
6	Enter the total number of honeybee colonies lost due to CCD.
7	Select all the applicable CCD symptoms that were observed and present at the time of the honeybee colony losses being claimed in item 6.
8	Enter any additional details and symptoms that were observed at the time the loss became apparent.
<b>Part C – Honeybee Producer Certification</b>	
9A	Participant or representative of participant signs to indicate that honeybee colony losses occurred as a result of CCD, the number honeybee colonies lost in item 6 were in inventory when CCD occurred, the symptoms of CCD were observed, as indicated in item 7, and all other information provided is true and correct.
9B	Signatory in item 9A shall enter their title/relationship when signing in the representative capacity.  <b>Note:</b> If a participant/applicant is <b>not</b> signing in the representative capacity, this field should be left blank. If a participant/applicant is signing on behalf of themselves, it is acceptable to write “self”; however, it is <b>not</b> necessary.
9C	Participant or participant’s representative enters signature date.

## 65 Honeybee Feed Losses

### A Eligible Feed Losses

For honeybee feed losses to be eligible, the loss **must** have been a loss:

- of purchased or harvested feed, as provided in subparagraphs B and D
- resulting from the additional cost of purchasing additional feed, above normal quantities to sustain eligible honeybees until additional feed becomes available, as provided in subparagraph C.

### B Required Documentation for Purchased Feed

Eligible honeybee participants **must** provide verifiable or reliable documentation, as determined acceptable by COC, of purchased feed intended as feed for honeybees that was lost or additional feed purchased above normal quantities.

Verifiable records include records provided by the producer who may be verified by COC through an independent source and are used to substantiate the amount of feed lost. Reliable records may be considered acceptable, as determined by COC.

Acceptable verifiable or reliable records may include, but are **not** limited to:

- original feed receipts or summary purchase receipts that provide date of feed purchase, name, address, and telephone number of feed vendor, type and quantity of feed purchased, cost of feed purchased, signature of feed vendor if the vendor does **not** have a license to conduct this type of transaction
- settlement sheets
- warehouse settlement sheets
- load summaries
- ledger tapes
- contemporaneous records.

**Part 5 Application Process****102 Applying for Benefits****A Deadlines for Applying for ELAP Benefits**

To apply for ELAP, in addition to submitting an application for payment, the participant that ~~was~~suffered eligible losses **must** provide a **notice of loss** within:

- 15 calendar days of when the loss is first apparent to the participant for honeybee losses and by January 15, after the calendar year in which the loss occurred
- 30 calendar days of when the loss is apparent to the participant for livestock and farm-raised fish losses and by January 30, after the calendar year in which the loss occurred.~~.\*~~

A notice of loss is part of the application process.

In addition to the notice of loss, a participant **must** submit a **completed application for ~~the~~payment** no later than January 30, after the end of the calendar year in which the loss occurred.~~.\*~~

## 102 Applying for Benefits (Continued)

**B Filing Notice of Loss**

Participants **must** file a notice of loss on CCC-851 for eligible livestock losses or CCC-934 for eligible losses of honeybees or farm-raised fish in their administrative County Office by the dates provided in subparagraph A.

**Exception:** Applicants submitting CCC-934 for honeybee losses **may** file their notice of loss in the physical location county where the eligible loss occurred, if needed.

The physical location County Office **must** work with the administrative ~~County Office~~, according to subparagraph D, to transfer the application ~~and supporting documentation~~ from the physical location County Office to the administrative County Office.

Multiple notices of loss may be filed during the program year as livestock, honeybee, and farm-raised fish losses occur because of multiple eligible loss conditions. Producers who suffer multiple losses during the program year may file multiple notices of loss and multiple applications for payment.

A notice of loss may be filed by the participant or participant's representative by 1 of the following alternative methods:

- telephone
- FAX
- e-mail.

The participant is **not** required to sign the notice of loss if 1 of the alternative methods is used. However, the employee accepting and processing the "notice of loss" must enter the form of alternative method by which the "notice of loss" was filed in CCC-851, item 14A or CCC-934, item 9A. The employee recording this information must also initial and date the printed form near the producer signature space. A copy of this notice of loss must be sent to the producer by postal mail or e-mail.

**Example:** Producer A suffered a grazing loss because of flooding on October 1, 2018. Producer A telephones County Office on October 12, 2018, and reports that he has suffered a grazing loss because of flooding that occurred on October 1, 2018. County Office enters "phone" in CCC-851, item 14A as the method for which the "notice of loss" was reported.

**103 Application for Payment****A Signing and Certifying CCC-851 or CCC-934**

When signing CCC-851, item 82A, or CCC-934, item 17A the participant is:

- applying for ELAP benefits for the participant listed on CCC-851, item 5A or CCC-934, item 5A
- certifying **all** of the following, as applicable:
  - information provided on CCC-851 or CCC-934, as applicable, is true and correct
  - claimed livestock, honeybees, or farm-raised fish losses on CCC-851 or CCC-934, as applicable
  - all supporting documentation provided are true and correct copies of the transactions reported
  - an eligible livestock, honeybee, or farm-raised fish loss occurred, as applicable, because of an eligible loss condition
  - the physical location of the:
    - claimed livestock, honeybees, or farm-raised fish on the beginning date of the eligible loss condition
    - participant's current livestock, honeybee, or farm-raised fish inventory
  - the names of all other producers who have an interest in the claimed livestock, honeybees, or farm-raised fish including their share
- authorizing FSA officials to:
  - enter upon, inspect, and verify all applicable livestock, honeybees, or farm-raised fish, acreage, colonies, or pond acres, in which the participant has an interest for confirming the accuracy of the information provided
  - review, verify, and authenticate all information provided on CCC-851 and/or CCC-934 and supporting documents
  - contact other agencies, organizations, or facilities to verify data provided by a participant from such agencies, organizations, or facilities

103 Application for Payment (Continued)

A Signing and Certifying CCC-851 or CCC-934 (Continued)

- acknowledging that:
  - failure to provide information requested by FSA is cause for disapproval of CCC-851 or CCC-934
  - providing a false certification to FSA is cause for disapproval of CCC-851 or CCC-934, and is punishable by imprisonment, fines, and other penalties.

**Note:** Participants who receive assistance **must** keep records and supporting documentation for 3 years following the end of the year in which the application for payment was filed.

B Signature Requirements

\*--All participants' signatures **must** be received no later than January 30 after the end of the calendar year in which the losses occurred for application for payment.--\*

Neither STC, nor COC, has authority to approve late-filed CCC-851's or CCC-934's.

Follow 1-CM for signature requirements.

**103 Application for Payment (Continued)****C Printing and Reviewing CCC-851 or CCC-934**

Once the automated system becomes available, all manual CCC-851's or CCC-934's must be loaded into the automated system. After all information is entered into the automated system, County Offices will:

- print an automated CCC-851 or CCC-934
- attach the manual CCC-851 or CCC-934 to the applicable automated CCC-851 or CCC-934
- conduct a second party review of all data on the automated CCC-851 or CCC-934 to ensure that all data is the same on both the manual and automated CCC-851 or CCC-934.

**Important:** The individual conducting the second party review must **not** be the same individual who entered the data into the automated system.

## 103 Application for Payment (Continued)

**D Supporting Documents**

The following supporting documents must be completed by the participant and on file in the County Office before the CCC-851 or CCC-934 may be approved. The participant must provide the following to the County Office by no later than the applicable application for payment signup deadline provided in subparagraph A:

- FSA-578 for applicable program year
- CCC-860 for only those applicants who are certifying as \* \* \* 1 of the following \* \* \*:
  - SDA farmer or rancher
  - limited resource farmer or rancher
  - beginning farmer or rancher
  - veteran farmer or rancher
- \*--CCC-870 for only those applicants claiming honeybee colony losses due to CCD--\*
- copy of contract grower's contracts
- proof of loss documentation
- beginning and ending inventory documentation, as applicable.

Additional supporting documentation including, but not limited to, the following must be completed by the participant and be on file in the County Office before the ELAP payment can be issued:

- CCC-901 on file for legal entities according to 5-PL
- CCC-902 on file for the applicant according to 5-PL
- AD-1026 on file according to 6-CP
- CCC-941 and other acceptable documents, according to 5-PL.
- for livestock applicants only, copy of cash or share lease agreement to show risk in grazing lands

**Note:** If one is **not** available or provided, applicant **must** submit CCC-855.

**104 Acting on CCC-851 or CCC-934****A Acting on Supporting Documentation**

COC will:

- for verifiable and reliable records:
  - review all records provided by the producer and determine whether the records support the producer's loss as certified on the application
  - make a determination whether or **not** the record is considered an acceptable verifiable or reliable record
  - document in the COC minutes the COC determination to accept or reject the producer's verifiable or reliable records and document any COC adjustments made on the application
  - if the reliable records are considered acceptable, document in the COC minutes that the application is approved based on the reliable records
  - if the reliable records are considered **not** acceptable, document in the COC minutes why the records are considered unacceptable and document why the application is disapproved
- for applicants that only provide a producer's certification of feed losses, COC will:
  - make a determination if other similar producers have comparable losses because of the same eligible adverse weather or loss condition during the same time period in the program year
  - review the producer's certification statement of losses and determine whether the certification statement support the producer's loss as certified on the application
  - document in the COC minutes the COC determination to accept or reject the producer's certification statement and document any COC adjustments made on the application

## 104 Acting on CCC-851 or CCC-934 (Continued)

## A Acting on Supporting Documentation (Continued)

- if the certification statement is considered acceptable, document in the COC minutes that the application is approved based on the certification statement
- if the certification statement is considered **not** acceptable, document in the COC minutes why the certification statement is considered unacceptable and document why the application is disapproved
- provide appeal rights, according to 1-APP if an applicant's application is disapproved or in cases where COC makes adjustments to the application.

**Note:** COC's will **not** require tax records; however, participant may voluntarily provide tax records.

When contacting agencies, organizations, or facilities to verify data provided by a producer, the County Office must be specific in the information requested. The request should include, but is **not** limited to, the following:

- participant's name and address
- animal kind and type
- why the request is being made
- what information is being requested.

## \*--B Acting on Notices of Loss

COC must act on all completed and signed CCC-851 or CCC-934, Parts A and B, notice of loss, submitted. Notice of loss, as certified by the participant must be approved or disapproved in Part C.

When acting on the notice of loss, COC must determine if the:

- cause of loss is an eligible loss condition
- notice of loss is timely filed.

**Important:** Except for notices of loss for honeybee colony losses because of CCD, the administrative County Office must:

- work with the physical location county where the loss occurred to verify that an eligible loss condition occurred
- document in the COC minutes whether the eligible loss condition occurred as verified by the physical location county
- only act on notice of loss (approve or disapprove) after verification from the physical location county that the eligible loss condition occurred.--\*

## 104 Acting on CCC-851 or CCC-934 (Continued)

**C Approving Notice of Loss**

\* \* \*

If COC approves CCC-851 or CCC-934, Parts A and B, Notice of Loss, as certified by the participant and the participant has completed all other parts of CCC-851 or CCC-934 and filed the application:

- notify the participant of approval
- thoroughly document the reasons for approving the notice of loss in the COC minutes.

**\*--Note:** Except for notices of loss filed for honeybee colony losses, COC must follow procedure in subparagraph B before approving a notice of loss.--\*

**D Disapproving Notice of Loss**

COC will disapprove CCC-851 or CCC-934, Parts A and B, Notice of Loss, when the participant:

- claims losses because of an ineligible loss condition
- files a late-file notice of loss.

If COC disapproves CCC-851 or CCC-934, Parts A and B, Notice of Loss, and the participant **has completed** all other parts of CCC-852 and filed the application for payment:

- notify participant of disapproval
- the participant will be provided appeal rights according to 1-APP
- thoroughly document reason for disapproval in the COC minutes.

If COC disapproves CCC-851 or CCC-934, Parts A and B, Notice of Loss, and the participant **has not completed** all other parts of CCC-852 or CCC-934 and filed the application for payment:

- notify participant of disapproval (see Exhibit 11)
- thoroughly document reason for disapproval in the COC minutes
- do not provide the participant appeal rights.

**Notes:** Once the participant files the application for payment, the participant will be provided appeal rights according to 1-APP.

**\*--**Except for notices of loss filed for honeybee colony losses because of CCD, COC must follow procedure in subparagraph B before disapproving a notice of loss.--\*

## 104 Acting on CCC-851 or CCC-934 (Continued)

**E Approving and Disapproving CCC-851 or CCC-934**

\*--COC **must** act on **all** completed and signed CCC-851's or CCC-934's, applications for payment submitted. COC may redelegate approval authority to the CED for routine cases--\* (applications with only verifiable supporting documentation). CED's may redelegate approval authority to PT's for routine cases.

CED's and PT's must **not** be delegated authority to act on any CCC-851 or CCC-934 when reliable records or a producer's self-certification is provided as supporting documentation.

**Important:** \* \* \*

\*--The administrative County Office must:

- ensure DD review of initial CCC-851's or CCC-934's is completed according to subparagraph F before CCC-851's or CCC-934's may be approved or disapproved.
- except for applications for payment filed for honeybee colony losses because of CCD:
  - work with the physical location county where the loss occurred to verify that other producers in the same county suffered similar losses due to the same eligible loss condition
  - document in the COC minutes whether other producers in the same county suffered similar losses due to the same eligible loss condition, as verified by the physical location county
  - only act on applications for payment (approve or disapprove) after verification from the physical location county that other producers in the same county suffered similar losses due to the same eligible loss condition, as verified by the physical location county.--\*

## 104 Acting on CCC-851 or CCC-934 (Continued)

**E Approving and Disapproving CCC-851 or CCC-934 (Continued)**

CCC-851 or CCC-934 will be approved or disapproved as certified by the participant. When more than 1 type of livestock or farm-raised fish is claimed on CCC-851 or CCC-934, CCC-851 or CCC-934 must be approved or disapproved based on all livestock or farm-raised fish claimed. However, COC does have authority to make adjustments to certain information reported on CCC-851 or CCC-934 when documentation warrants making adjustments.

**Example:** Jim Brown executes CCC-851 that includes 100 adult beef cows reported in item 19. COC has documentation that only 98 adult beef cows meet the eligibility requirements as eligible livestock in inventory on the beginning date of the eligible flood. In this case, on CCC-851, item 21, COC can enter “98” for adult beef cows and then approve CCC-851 for the 98 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 2 adult beef cows **not** used in the calculation for ELAP benefits.

Before approving CCC-851 or CCC-934, COC **must**:

- ensure that **all** program eligibility requirements are met
- ensure supporting documentation is approved or disapproved according to \*--subparagraph A for all losses
- except for honeybee colony losses due to CCD, verify with the physical location county where the loss occurred that other producers in the same county suffered similar losses due to the same eligible loss condition--\*
- be satisfied with **all** the following:
  - livestock, honeybees, or farm-raised fish claimed are eligible livestock, honeybees, or farm-raised fish
  - all forage information entered on CCC-851 meets the eligibility requirements
  - participant is an eligible producer
  - reasonableness of the number and type of livestock, honeybees, or farm-raised fish claimed
  - location of participant’s current livestock, honeybee, or farm-raised fish inventory is physically located to conduct spot checks
  - all signature requirements are met.

**104 Acting on CCC-851 or CCC-934 (Continued)****E Approving and Disapproving CCC-851 or CCC-934 (Continued)**

If all program eligibility requirements are **not** met, it is determined that the information on CCC-851 or CCC-934 or any additional supporting documentation provided by participant is **not** accurate or reasonable, then the following actions must be taken:

- disapprove CCC-851 or CCC-934
- notify participant of disapproval
- provide participant applicable appeal rights according to 1-APP
- thoroughly document reasons for disapproval in COC minutes, if disapproved by COC.

**F DD Review and Report of Initial CCC-851's or CCC-934's**

DD's must review the first five CCC-851's and CCC-934's submitted, for eligible losses, in each Service Center before approval. The review must include the following:

- ensuring that CCC-851's or CCC-934's are submitted by participant County Office
- signature requirements, including power of attorney, are met
- no State or County Office developed forms, worksheets, applications, or other documents are being used to obtain or collect the data required from participants
- supporting data required for payment eligibility is properly completed and on file; such as CCC-901 or CCC-902, as applicable; CCC-941, AD-1026; CCC-860, if applicable; and accurate subsidiary and SCIMS data.

DD must provide a written report to SED describing the review findings, including a list of errors discovered, and the overall status of the implementation of ELAP in the County Office.

DD review of the initial CCC-851's and CCC-934's and supporting documentation submitted is critical to ensuring ELAP is being administered according the procedures provided in this handbook and the regulations in 7 CFR Part 1416, Subparts A and B. Reviewing the initial CCC-851's and CCC-934's and supporting documentation in a timely manner:

- identifies possible weaknesses in the administration of ELAP that may be resolved by additional training, clarified procedures, or modified software
- prevents numerous participants from being impacted by erroneous ELAP administration
- allows corrections to be made in a timely manner before erroneous payments are issued.

104 Acting on CCC-851 or CCC-934 (Continued)

**G Letters to Producers Advising of Results of Recording County Office Determinations**

Recording County Offices must issue a letter to participants about the result of processing CCC-851 or CCC-934, as applicable, when a payment is either **not** computed or determined **not** to be owed to the participant. The decision will be considered to be a decision of a recording COC employee. See 1-APP, paragraph 13 and Exhibit 8, Example 2 (COC Employee Determination).

The following is an example of a letter advising a participant that a payment was **not** computed or will **not** be issued in response to CCC-851 or CCC-934, as applicable.

Mr. Arch Stanton Date:  
 3 Littleton Rd  
 Somewhere OH 12345-9876

Dear Mr. Stanton:

This letter is in response to your application for payment (your CCC-851 or CCC-934, as applicable) under the Emergency Assistance Program for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP).

You submitted an ELAP application for 2019 calendar year losses. CCC processed that application and determined you were **not** due a payment under that application. Accordingly, a payment will **not** be issued.

If you believe we have **not** properly reviewed and processed your application, you may appeal this determination to the county committee by filing a written request no later than 30 calendar days after you receive this notice in accordance with the FSA appeal procedures found at 7 CFR Part 780. If you appeal to the county committee, you have the right to an informal hearing which you or your representative may attend either personally or by telephone. If you appeal this determination to the county committee, you may later appeal any adverse determination of the county committee to the FSA State committee or the National Appeals Division. To appeal, write to the county committee at the following address and explain why you believe this determination is erroneous.

Somewhere County FSA Committee  
 55 Main St  
 Somewhereville, OH 12346-6543

If you do **not** timely file an appeal of this determination, this must be the final administrative determination with respect to this matter in accordance with regulations at 7 CFR Part 780.

Sincerely,

Sharina Farmer  
 County Executive Director

**H Prevention of Improper Payments**

IPIA requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. County Offices must take all steps necessary to ensure that program and payment eligibility requirements have been met before issuing any payments.

**I Definition of Improper Payment**

OMB defines an improper payment as any payment that should **not** have been issued or was issued in an incorrect amount under statutory, contractual, administrative, or other legally applicable requirement.

## 120 CCC-851, Emergency Loss Assistance for Livestock Application (Continued)

**B Scenario for CCC-851 Application Example****Grazing Loss – Non-Fire, Grazing Loss – Fire, Produced Feed Loss, Additional Feed Purchased, Water Transportation**

Nancy Farmer is a cow calf operator in Lynn County Texas. Nancy Farmer completed CCC-851 in Lynn County Texas for 2019, application number 073. Nancy is the owner and operator of FSN 1345 in Lynn County and she cash leases FSN 1223 in Lynn County. Nancy did **not** complete a CCC-860. Texas has 365-calendar-day grazing periods for native and improved pastures.

**Loss Event 1** - On December 3, 2018, Nancy suffered a grazing loss and additional feed purchases because of a blizzard and heavy snow fall on FSN 1345. Nancy's cattle were **not** able to graze the native and improved pastures for 14 calendar days because of heavy snow accumulations. At the time of the blizzard Nancy owned 96 adult cows and 4 bulls which were grazing 2,500 acres of native grass and 500 acres of improved grass. Nancy has 100 percent share of the cattle and 100 percent share of the pastures. The Lynn County COC determined the carrying capacity to be 30 acres per AU for the native pasture and 10 acres per AU for the improved pasture. Nancy provided reliable records to COC showing a purchase of \$700 of hay and \$500 of feed which were purchased during the 14 calendar days that the cattle were **not** able to graze. Nancy also provided reliable records showing an expense of \$500 of hay which was purchased about the same time period in 2017 and \$650 of hay which was purchased about the same time period in 2016.

**Loss Event 2** - On May 15, 2019, a wild fire crossed Nancy's ranch, FSN 1345. The wild fire burned across 600 acres of native grass intended for grazing and Nancy also lost 75 rolls of coastal hay because of the fire. At the time of the fire Nancy had 96 adult cows, 4 bulls and 50 calves over 500 pounds grazing native and improved grasses. The fire also destroyed the fences, so Nancy had to move some her cattle to other pastures on FSN 1345 and she had to move some of the cattle to FSN 1223 because of the fire. Nancy has 100 percent share of the cattle and 100 percent share of the pastures. On CCC-851, Nancy showed 650 acres were affected by the wild fire because the affected pasture on the ranch could **not** be grazed for 120 calendar days, (number of days for the grass to come back out after the fire). COC determined that only 600 acres were affected by the fire and the other 50 acres claimed were **not** burned in the fire but were the remaining acres in the pasture. Nancy provided verifiable records to COC showing the 75 rolls of produced hay that was destroyed and reliable records showing where cattle were **not** able to graze the pasture that was affected by the wild fire. COC also accepted Nancy's reliable records which showed the value of the lost hay to be \$3,750. COC determined the carrying capacity to be 30 acres per AU for the native pasture affected by fire.

120 CCC-851, Emergency Loss Assistance for Livestock Application (Continued)

**B Scenario for CCC-851 Application Example (Continued)**

**Loss Event 3** - On July 23, 2019, Lynn County received a D3 rating on the Drought Monitor. At the time of the drought Nancy had 96 adult cows, 4 bulls and 75 calves over 500 pounds grazing native and improved grasses on FSN 1345 and 1223. Because of the drought all of the watering holes on FSN 1345 and FSN 1223 went dry. Nancy has 100 percent share of the cattle and 100 percent share of the pastures. On July 25, 2019, Nancy started transporting water to her cattle and continued to transport water to her cattle until September 9, 2019. Nancy provided reliable records showing that a total of 66,000 gallons of water were transported to her cattle.

## 124 ELAP Checklists

### A Introduction

The Improper Payments Information Act of 2002 requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. The following forms were developed to address areas of concern to ensure that ELAP payments are issued properly:

- for livestock losses, CCC-770 ELAP-1
- for honeybee losses, CCC-770 ELAP-2
- for farm-raised fish, CCC-770 ELAP-3.

### B Program Checklists

CCC-770 ELAP Checklists:

- are applicable to administering ELAP
- must be used when a CCC-851 or CCC-934, as applicable, is filed for the first twenty applications
- does **not** negate STC, SED, State Office, DD, COC, CED, and County Office responsibility for administering all provisions applicable to ELAP.

**Note:** CCC-770 ELAP checklists were developed by the National Office and is the **only** authorized checklist for ELAP. County Offices will **not** use State- or locally-generated checklists for administering ELAP.
