### 276 General Information

#### A Purpose

This part provides instructions for administering FSCSC.

FSCSC provides assistance to specialty crop operations that incur eligible on-farm food safety program expenses to obtain or renew a food safety certification in calendar years 2022 and 2023.

Specialty crops intended for human consumption are subject to concerns about safety, particularly since specialty crops sold as raw agricultural commodities do not undergo a “kill step” like cooking, canning, or pasteurizing used for other agricultural commodities, such as meat or dairy products. As a result, specialty crop operations face increasing demand from grocery stores, schools, and other institutional buyers and retailers to obtain certification through programs that address the safe growing, harvesting, packing, and holding of their crops. The need to develop, implement, and maintain on-farm food safety programs has resulted in additional costs for many specialty crop operations that seek alternate markets for their products because of changes in demand from traditional markets, such as restaurants and food service. As they identify new markets, many specialty crop operations also find they need to undergo food safety audits and absorb the additional costs to achieve food safety certification through a private or government-based certification program to meet buyers’ requirements to sell their products.

#### B Sources of Authority

Following are the sources of authority for FSCSC:

- CCC Charter Act (15 U.S.C. 714c(e))
- NOFA.

#### C Authority and Responsibility

DAFP has the authority and responsibility for FSCSC.→*

Within the authorities and limitations in this handbook and NOFA, STC’s will:

- direct the administration of FSCSC
- ensure that State and County Offices follow FSCSC provisions
- thoroughly document all actions taken in the STC meeting minutes
- handle appeals according to 1-APP and 7 CFR Parts 11 and 780
- require reviews be conducted by STC representative according to paragraph 303 to ensure that County Offices comply with FSCSC provisions

**Note:** STC’s may establish additional reviews to ensure that FSCSC is administered according to FSCSC provisions.

- take any oversight actions necessary to prevent County Offices from issuing any improper payments
- approve or disapprove any FSA-888 except those in which an STC member has a monetary interest
- comply with all FSCSC provisions.--*
B  SED Responsibilities

Within the authorities and limitations in this handbook and NOFA, SED’s will:

- ensure that County Offices follow FSCSC provisions
- ensure that County Office employees and COC’s are adequately trained
- thoroughly document all actions taken in the STC minutes
- handle appeals according to 1-APP
- handle requests for equitable relief according to 7-CP
- ensure that STC representatives conduct reviews according to paragraph 303

Note:  SED may establish additional reviews to ensure that FSCSC is administered according to FSCSC provisions.

- ensure that FSCSC provisions are publicized
- immediately notify the National Office of problems, incomplete or incorrect procedures, specific problems, or findings
- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments
- comply with all FSCSC provisions.

C  DD Responsibilities

Within the authorities and limitations in this handbook and NOFA, DD’s will:

- ensure that COC’s and CED’s follow FSCSC provisions
- ensure that CED’s review the first 5 completed FSA-888’s and other required documents for completeness and accuracy from each county to confirm:
  - signatures are included
  - values on FSA-888 are correct in the software based on the producer’s certification
  - eligibility requirements are understood and met--*
C DD Responsibilities (Continued)

- based on the review documentation received, provide COC or CED authority to complete approvals and actions in the software upon completing review of the first five FSA-888’s.

  **Note:** If the initial documentation received contains evidence of misunderstood policy, DD will provide clarification of that policy to the County Office employees and withhold authority until authorization to approve FSA-888’s is warranted.

- conduct reviews as determined by SED according to paragraph 303.

  **Note:** DD may establish additional reviews to ensure that FSCSC is administered according to these provisions.

- load the results of FSCSC reviews on the SharePoint site, according to paragraph 303, no later than 30 workdays after FSA-888 is reviewed for FSCSC.

- ensure that all County Offices publicize FSCSC provisions.

- immediately notify the State Office specialist responsible for FSCSC of software problems, incomplete or incorrect procedures, specific problems, or findings.

- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments.

D COC Responsibilities

Within the authorities and limitations in this handbook and NOFA, COC’s will:

- fully comply with all FSCSC provisions.

- ensure that CED’s direct the County Office to follow all FSCSC provisions.

- handle appeals according to 1-APP--*
D COC Responsibilities (Continued)

- review and take action on FSA-888’s

  **Note:** COC may redelegate authority to CED to review and approve routine FSA-888’s. Redelegation of authority must be documented in the COC minutes. All adverse actions must go to COC for review.

- thoroughly document all actions taken in the COC minutes

- ensure that the County Office publicizes FSCSC provisions

- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments

- ensure that FSA assists persons by providing program information as it becomes available, using a variety of methods.

  **Note:** Because of the limits of FSA resources, publication of program information may or may not be direct mail or on an individual basis. FSA meets its publication responsibilities by making broad program announcements in press releases, print and electronic media, Federal Register documents, radio and television announcements, and through posting program information in USDA Service Centers.

The reality of limited resources has increased the participant’s responsibility for being aware of program provisions. FSA cannot be responsible for reaching out to every potential program participant with all program information. Participants must seek information on program details and not wait for FSA to individually contact them about program provisions. As resources permit, COC will ensure that program provisions are publicized and that the County Office maintains a record of all publicity efforts, including postings in Service Centers.

The FSCSC Fact Sheet:

- may be used to provide general program information
- is available at [www.farmers.gov/food-safety](http://www.farmers.gov/food-safety)
E  CED Responsibilities

CED’s will:

- fully comply with all FSCSC provisions
- ensure that County Office employees are adequately trained and fully comply with all FSCSC provisions
- follow procedure in subparagraph 304 B for redelegation of authority
- review the first 5 completed FSA-888’s and other required documents for completeness and accuracy and send to DD to obtain authority for approval
- if so delegated, promptly review and approve routine FSA-888’s

Notes: All adverse actions must go to COC for review.

CED may not redelegate authority to review and approve routine FSA-888’s for any other County Office employees.

- handle appeals according to 1-APP
- thoroughly document all actions taken in the COC minutes
- ensure that producers receive complete and accurate FSCSC information
- immediately notify SED, through DD, of problems and incomplete or incorrect procedures
- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments.

F  PT Responsibilities

Within the authorities and limitations in this handbook and NOFA, PT’s will:

- fully comply with all FSCSC provisions
- immediately notify CED of problems, including incomplete or incorrect procedures
- ensure that all program eligibility requirements have been met by producers and completeness of FSA-888’s for accuracy before submitting to CED
- ensure that producers receive complete and accurate FSCSC information.

*--277 Responsibilities (Continued)
**G Applicant Responsibilities**

The applicant is responsible for being aware of program provisions and accurately reporting all required information, as applicable, on FSA-888.

Applicants who are approved for participation in FSCSC are required to retain documentation in support of their FSA-888 for 3 years after the date of approval. Applicants receiving FSCSC payments or any other person who provides this information to USDA must permit authorized representatives of USDA or GAO, during regular business hours, to enter the agricultural operation and inspect, examine, and allow representatives to make copies of books, records, or other items for the purpose of confirming the accuracy of the information provided by the applicant.

Programs administered by DAFP require accurate information from the applicant. Participants must understand that failure to provide complete and accurate information and records could result in any or all the following:

- FSA-888 for FSCSC assistance being disapproved, COC adjusted, or approved but ineligible for payment
- Participant or participants being determined ineligible for FSA programs for the applicable program year or multiple years
- Participant or participants being liable under any civil or criminal fraud statute or any statute or provision of law.

**278 FSCSC General Provisions and Policies**

**A Definitions**

*Certification upload fee* means the fee paid by a specialty crop operation to upload reports and other documentation to a commercial database.

*Certifier* means either a private entity accredited for the purpose of providing food safety certification or a government-based certifier.

*Food safety certification* means certification that a specialty crop operation meets regulatory or market-driven food safety standards.---*
A Definitions (Continued)

Food safety management system means a documented system developed by a group of specialty crop operations to obtain food safety certification, also referred to as a “quality management system”.

Food Safety Plan means a documented plan implemented by a specialty crop operation to obtain food safety certification.

FSMA means the FDA Food Safety Modernization Act (Pub. L. 111-353).

Historically underserved farmer or rancher means a beginning farmer or rancher, limited resource farmer or rancher, socially disadvantaged farmer or rancher, or veteran farmer or rancher.

Limited resource farmer or rancher means a farmer or rancher who is both of the following:

- a person whose direct or indirect gross farm sales did not exceed either of the following:
  - for the 2022 program year, $189,200 in each of the 2019 and 2020 calendar years
  - for the 2023 program year, the amount identified through the Limited Resource Farmer and Rancher Online Self Determination Tool in each of the 2020 and 2021 calendar years
- a person whose total household income was at or below the national poverty level for a family of 4 in each of the same 2 previous years referenced in the first bullet of this definition.

A Definitions (Continued)

**Monetary Value** means the amount that would be paid in cash for a specialty crop if it were to be sold to a third party. In the annual calculation of total produce sales, include the following:

All produce sold, not just produce covered by the Produce Safety Rule:

- produce that was purchased or otherwise obtained and then resold
- produce sold directly to consumers or online
- produce sold at farmers’ markets or to grocery stores
- produce sold by a third-party on the applicant’s behalf, such as through a cooperative that takes possession, but not ownership, of applicants produce
- retail sales, wholesale sales, intrastate sales, and interstate sales (including produce offered for import to the U.S. or exported from the U.S.).

Do not include the following in the calculation:

- produce for which no payment was received (i.e., produce held without sale, or produce donated)
- the value of produce from other entities when a third-party is selling produce on the applicant’s behalf along with produce from other entities.

**Example:** When produce is sold by a cooperative, along with produce from other growers, the applicant should only consider the value from the produce sales.

**Produce Safety Rule** means the final rule titled “Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption” published on November 27, 2015 (80 FR 74353-74668).--*

Small business means an applicant that had an average annual monetary value of specialty crops the applicant sold during the 3-year period preceding the program year of more than $250,000, but not more than $500,000.

Socially disadvantaged farmer or rancher means a farmer or rancher who is a member of a group whose members have been subjected to racial, ethnic, or gender prejudice because of their identity as members of a group without regard to their individual qualities. For entities, at least 50 percent of the ownership interest must be held by individuals who are members of such a group. Socially disadvantaged groups include the following and no others, unless approved in writing by DAFP:

- American Indians or Alaskan Natives

- Blacks or African Americans
- Hispanics or Hispanic Americans
- Native Hawaiians or other Pacific Islanders
- Women.

Specialty crop means any fruit or vegetable (including mixes of intact fruits and vegetables) and includes mushrooms, sprouts (irrespective of seed source), tree nuts, and herbs. A fruit is the edible reproductive body of a seed plant or tree nut (such as apple, orange, and almond), such that fruit means the harvestable or harvested part of a plant developed from a flower. A vegetable is the edible part of an herbaceous plant (such as cabbage or potato) or fleshy fruiting body of a fungus (such as white button or shiitake) grown for an edible part, such that vegetable means the harvestable or harvested part of any plant or fungus whose fruit, fleshy fruiting bodies, seeds, roots, tubers, bulbs, stems, leaves, or flower parts are used as food and includes mushrooms, sprouts, and herbs (such as basil or cilantro). “Specialty crop” does not include peanuts or food grains, meaning the small, hard fruits or seeds of arable crops, or the crops bearing these fruits or seeds, that are primarily grown and processed for use as meal, flour, baked goods, cereals, and oils rather than for direct consumption as small, hard fruits or seeds (including cereal grains, pseudo cereals, oilseeds, and other plants used in the same fashion). Examples of food grains include barley, dent- or flint-corn, sorghum, oats, rice, rye, wheat, amaranth, quinoa, buckwheat, and oilseeds (for example, cotton seed, flax seed, rapeseed, soybean, and sunflower seed).--*
A Definitions (Continued)

For an entity to be considered a veteran farmer or rancher, at least 50 percent of the ownership interest must be held by members who have served in the Armed Forces and meet the criteria in both bullets of this definition.

### 291 Eligible Expenses

#### A Program Year Expenses

FSCSC eligibility is based on the date the certification is effective, rather than on the date the expenses are paid.

Eligible expenses include only expenses that are **paid** related to certifications from:

- June 21, 2022, through December 31, 2022, for the 2022 program year
- January 1, 2023, through December 31, 2023, for the 2023 program year.

**Note:** Expenses that have been **incurred** but not **paid** by the applicant are **not eligible** for cost share assistance.

**Example:** An operation is inspected by their certifying agent on December 1, 2022, and receives a bill from the certifier on December 15, 2022, indicating the amount due for certification services. The producer pays all expenses related to their certification on January 5, 2023. The producer receives their Food Safety Certification dated April 6, 2023. The producer may apply for cost share assistance for these expenses for the 2023 program year.--*
Eligible Expenses (Continued)

B Eligible Expenses

For FSCSC purposes, the following are considered eligible expenses.

- **Development of a Food Safety Plan for first-time food safety certification.** The specialty crop operation may develop its own plan, or it may hire a consultant, or a combination of both. FSCSC will cover a percentage of all approaches. For specialty crop operations that develop their own plans, FSCSC will cover a percentage of the costs of seminars and tools used to create a Food Safety Plan. For those that hire a consultant, FSCSC will cover a percentage of the consulting fees and other associated expenses. For specialty crop operations certified through a group, this category of expenses will cover a percentage of their share of the cost for developing a food safety or quality management system for the group.

- **Maintaining or updating an existing Food Safety Plan.** This is the costs of maintaining and updating existing Food Safety Plans. For specialty crop operations certified through a group, this category of expenses will cover a percentage of their share of the cost for maintaining or updating an existing food safety management system for the group.

- **Food safety certification.** This is the cost of obtaining food safety certification issued by a certifier, including application fees, inspection costs, inspection fees (including travel costs and per diem for certifiers), and user fees or certifier sales assessments.

- **Certification upload fees.** This is the cost to upload audit reports and certification documentation into commercial audit databases, which may be required by buyers of specialty crops.

- **Microbiological testing.** Microbiological testing is for products, soil amendments, and water as specified by a Food Safety Plan or food safety management system.

- **Training.** This is the cost of food safety training for the specialty crop operation.

Each expense submitted for assistance must be categorized according to the 6 categories in this subparagraph.

**Note:** Any associated postage is eligible and should be included with the category of expense for which it was incurred.--*
*--291 Eligible Expenses (Continued)

C Ineligible Expenses

For FSCSC purposes, the following are considered ineligible expenses:

- infrastructure improvements, such as improvements to buildings, cold storage, flooring, restrooms, and handwashing stations
- supplies, such as sanitation and cleaning supplies and personal protective equipment
- equipment, such as grading or packing lines and sanitation equipment
- salaries and benefits of employees or other costs for labor, except for expenses for consultants described in subparagraph B
- fees or penalties for late payment.

D Group Certifications

Specialty crop operations that obtain certification through a group model are eligible to apply for assistance for their share of eligible expenses paid by the group, in addition to any eligible expenses they incur individually. The applicant should obtain an invoice or other documentation from the group that indicates the applicant’s share of the expenses for each eligible category.--*

301 Signup

A FSCSC Signup

Applicants can apply for FSCSC benefits at any County Office nationwide. The applicant must complete FSA-888 to receive a payment.

The signup period for FSCSC is as follows.

<table>
<thead>
<tr>
<th>Program Year</th>
<th>Certification Date</th>
<th>Application Period</th>
</tr>
</thead>
<tbody>
<tr>

<tr>

<td>TBD</td>
</tr>
</tbody>
</table>

B Application Package

A complete application package includes the following:

- FSA-888
- CCC-860, if not previously filed

**Note:** An applicant who has filed CCC-860 certifying their status as a socially disadvantaged, beginning, or veteran farmer or rancher for a prior program year is not required to submit a subsequent certification of their status for a later program year because their status as socially disadvantaged would not change in different years, and their certification as a beginning or veteran farmer or rancher includes the relevant date needed to determine for what program years the status would apply. Because an applicant’s status as a limited resource farmer or rancher may change annually depending on their direct and indirect gross farm sales, those applicants must submit CCC-860 for each applicable program year.

- AD-2047, if not previously filed
- SF-3881, if not previously filed.

**Note:** The policy allowing hardship waivers of the EFT requirement applies to FSCSC. See 63-FI.--*
C Submitting FSA-888

For each program year, applicants will submit one FSA-888 per operation nationwide to any County Office:

- in person
- by mail
- electronically by:
  - FAX
  - emailed with a scanned or photocopy of signed FSA-888 attached
  - Box or OneSpan
- online application at https://apps.fsa.usda.gov/fscsc/index.jsp

Note: Submitting FSA-888 online requires an active Level 2 eAuthentication account. Individual producers can register for a Level 2 eAuthentication account at www.eauth.usda.gov. A fillable format of FSA-888 will also be available to sign and submit by 1 of the methods in this subparagraph.

D Incomplete FSA-888’s

COC cannot act on FSA-888 until the applicant has completed FSA-888 and signed Part C.

Note: Incomplete FSA-888’s or FSA-888’s that are not signed do not require action by FSA. Applicants will receive decisions by FSA only on complete FSA-888’s.

County Offices will notify an applicant that their application package is incomplete and give the applicant 30 calendar days from the date of notification to submit any additional required documentation before disapproving FSA-888.
E Late-Filed Provisions

DAFP has the authority to waive or modify application deadlines and other requirements or program provisions not specified in law, in cases where DAFP determines it is equitable to do so and where the lateness or failure to meet these other requirements or program provisions do not adversely affect the operation of FSCSC.

DAFP has delegated this authority to STC. COC does not have authority to approve programmatic relief for late-filed FSA-888’s. However, a late-filed FSA-888 will be reviewed according to the following table.

**Note:** Neither COC nor STC are under any obligation to recommend relief. COC is not required to submit cases to STC that COC believes do not warrant relief, nor is STC required to approve cases that STC believes do not warrant relief. If relief is not recommended by either COC or STC, the late-filed FSA-888 will be disapproved, and the County Office will notify the participant in writing of the decision on the participant’s request for programmatic relief with appropriate appeal rights according to 1-APP (based on the reviewing authority’s decision that FSA-888 was late and that relief was not appropriate). Cases do not have to be submitted to STC or DAFP for disapproval of relief.

| FSA-888 is submitted after the application deadline but is not accompanied with a written explanation as to why the deadline was not met. | Issue a letter to the participant:  
• explaining that FSA received FSA-888 but cannot process FSA-888 because it was filed after the deadline  
• requesting a written explanation of why the deadline was not met if the producer wishes to have FSA-888 considered. | No actions are needed. |

| FSA-888 is submitted after the application deadline and is accompanied with a written explanation as to why the deadline was not met. | Review for programmatic relief consideration. | Review FSA-321, FSA-888, and written explanation to determine whether programmatic relief should be granted.  
- If COC determines circumstances merit programmatic relief, complete FSA-321 and forward all documents to STC.  
  - If yes, STC will approve and sign on behalf of DAFP. Then send it back to COC for approval or disapproval of FSA-888.  
  - If no, STC will take no action and send it back to COC to issue a letter that FSA-888 has been reviewed and FSA cannot process since FSA-888 was late-filed. COC will disapprove and notify the applicant with appeal rights included in the letter.  
- If COC determines circumstances do not merit programmatic relief, issue a letter to the applicant stating that FSA-888 and written explanation have been reviewed and considered late and have been disapproved with appeal rights included in the letter. | No actions are needed. |
A Completing FSA-888

The FSA representative will complete FSA-888, items 1, 2, 4, 10D, 10F, and 14A through 14D.

A CED Reviews

The purpose of this review is to ensure that FSA-888’s and eligibility forms are completed correctly and demonstrate that the County Office understands program policy and is implementing it correctly. CED is required to review completed FSA-888’s from the first 5 producers per Service Center as part of their supervisory responsibility to ensure that program integrity and accountability requirements are met. Only one FSA-888 per producer counts towards the first five.

The initial review completed by CED must include all documents required to issue payments, including eligibility documents. If the eligibility documentation is not available for 1 or more of the first 5 producers, CED will select the next available completed FSA-888 until five FSA-888’s are available for review.

During the initial review, CED will:

- ensure that FSA-888 is completed properly
- review all signatures obtained, including representative signature authorities
- ensure that FSA-888 is qualified to be paid without errors.

Upon completion, CED will certify to the DD/State Office designee that the first 5 completed FSA-888’s have been reviewed and provide the application package for DD/State Office designee review. The County Office or COC may not approve any FSA-888’s until written approval is received from the DD/State Office designee.

Note: CED does not have to wait until all five FSA-888’s have been reviewed to submit to DD. For the first five FSA-888’s, approvals can be completed upon DD review and approval of each one. Once the first five FSA-888’s have been reviewed and approval has been authorized by DD, all additional FSA-888’s may be processed by the County Office unless otherwise directed by DD.--*

**B  DD/State Office Designee Reviews**

DD or other employee designated by SED will review FSA-888’s from the first 5 producers filed in a Service Center to verify that:

- a signed FSA-888 was filed by the person or authorized representative of a legal entity
- categories of expenses are completed correctly
- the applicant meets the requirement of being either a small business or very small business.

Upon completing the reviews, the DD/State Office designee will provide written approval to the County Office for approvals to be completed.

**Note:** Review may be completed and authority to process FSA-888 provided to CED, 1 producer at a time, until at least 5 have been reviewed.

See subparagraph C for instructions for loading DD/State Office designee first reviews on the FSA Pandemic Assistance Internal Control SharePoint.

B Delegation of Authority

The authority to approve routine FSA-888’s prepared according to this handbook may be redelegated, in writing according to 16-AO, by COC to CED, except forms and documents in which CED has a monetary interest.

The following table provides the delegated authority for approval of FSA-888’s.

Note: Questionable cases may be referred to the next higher authority for determination. Any employee serving as Acting CED is viewed as CED.--*
C  COC Adjustments

COC should make any adjustments to expenses or other reimbursements for expenses received before taking action on FSA-888.

Example: FSA-888 was submitted for $1,000 for 10 water tests. The maximum number of tests per category is 5; this expense will need to be reduced by COC. The average cost per test is $100 and COC would enter $500 in FSA-888, item 10D.

Note: If adjustments are made on FSA-888, the applicant must be notified in writing of the adjustment with the COC determination and appeal rights included.

D  FSA-888 Approval or Disapproval

COC is responsible for acting on all FSA-888’s. This authority may be delegated to CED to approve FSA-888’s with the delegation recorded in the COC minutes. FSA-888 will not be approved until a complete application package has been submitted and Internal Control reviews are completed. COC must act on all completed and signed FSA-888’s.

Important: No entries will be made on FSA-888 by FSA employees, except entries designated for CCC representative use after the applicant signs FSA-888. Any additions or corrections must be initialed and dated by the applicant.

If FSA-888 is disapproved, County Offices must immediately notify the applicant in writing of the disapproval. See subparagraph F for an example notification letter. The letter to the applicant must include the following:

- notification that FSA-888 was disapproved
- the reason or reasons for disapproval
- applicable appeal rights according to 1-APP.

Notes: COC will not make any determinations about whether an applicant is following the requirements of the Food Safety Plan. If a County Office employee suspects that an applicant is violating Food Safety Plan requirements, they should contact their State Office for guidance.

Within 30 calendar days of FSA-888 being submitted, COC’s should take action and County Offices should load the determination in the automated software.

E  Amending or Withdrawing FSA-888

FSA-888’s may be amended or withdrawn at any time until the end of the application period; however, copies of all submitted FSA-888’s must be kept in the file. Applicants may, at any time during the application period, amend FSA-888 to:

- add additional categories and/or expenses
- remove categories and/or expenses from FSCSC.

Note: Any revision to a previously approved FSA-888 that would change the calculated payment amount requires a new signature and approval.
Letter Notifying Applicant of Disapproval

The following is an example of a letter to an applicant notifying them that their FSA-888 has been disapproved and providing appeal rights. A Microsoft Word version of this letter is available as a template at https://inside.fsa.usda.gov/program-areas/dafp/special-programs/fscsc/index.

B Program Factor

FSCSC payments are subject to the availability of funds. Payments will be issued nightly after FSA-888 approval for program year 2022 and after the application period ends for program year 2023. If calculated payments exceed the amount of available funding, payments will be factored for 2023.

C Payment Calculation

FSCSC payments are calculated by multiplying:

- the applicant’s eligible expenses by
- the percentage for the applicable category in the table in subparagraph A.

Note: The amount of the applicant’s FSCSC payment plus the reported additional cost share assistance cannot exceed the total amount of eligible expenses for each category.---*
A Payment Example 1

A representative of Pumpkins Inc. submits FSA-888 for expenses for certification upload fees in the amount of $1,000. That is the only category included on FSA-888. The corporation does not meet the requirements for socially disadvantaged, limited resource, beginning, or veteran farmer or rancher.

$1,000 x 50% = $500 (maximum payment amount for this category is $250)
Total Payment = $250

B Payment Example 2

Fruity Farms LLC has submitted CCC-860 certifying its status as a socially disadvantaged farmer or rancher, and certifies to the following expenses on FSA-888:

- $5,000 for the food safety certification
- $3,000 for development of a Food Safety Plan for the first time
- $1,000 for certification upload fees
- $500 for training.

$5,000 x 75% = $3,750 (maximum payment amount for this category is $2,000)
$3,000 x 75% = $2,250
$1,000 x 75% = $750 (maximum payment amount for this category is $375)
$500 x 100% = $500 (maximum payment amount for this category is $300)
Total Payment = $4,925

C Payment Example 3

Veggie Farms Partnership, which does not meet the definition of a socially disadvantaged, limited resource, beginning, or veteran farmer or rancher, certified to the following expenses:

- $1,000 for maintaining a Food Safety Plan, with $500 reimbursement received from another source
- $800 for certification upload fees, with $600 reimbursement received from another source
- $500 for 3 water tests.

$1,000 x 50% = $500 (maximum payment for this category is $250)
$800 x 50% = $400 (maximum payment for this category is $250)
$500 x 50% = $250
C Payment Example 3 (Continued)

The amount of the FSCSC payment plus the other reimbursement cannot equal more than 100 percent of the expenses for a category; therefore, the payment amount for the certification upload fees will be reduced.

Food Safety Plan = $250
Certification upload fees = $200 ($800 - $600 = $200 maximum available for payment)
Water tests = $250
Total Payment = $700--*
FSCSC Spot Checks

A  Spot Checks

FSCSC spot checks will be conducted following the signup period. The National Office will supply a list of randomly selected FSA-888’s to be reviewed. This list will be posted on the FSCSC Intranet page at https://inside.fsa.usda.gov/program-areas/dafp/special-programs/fscsc/index.

B  Supporting Documentation

If requested by FSA, applicants are responsible for providing additional documentation to support the information on their FSA-888. Examples of supporting documentation that may be used to support their FSA-888 include the following:

- Food Safety Certification
- Food Safety Plan
- paid invoices
- test results
- training certificates
- audit report
- proof of payment
- statement of audit charges.

If supporting documentation is requested, the information must be submitted to FSA within 30 calendar days from the date of request or FSA-888 will be disapproved by FSA.

C  Spot Check Adjustments

If adjustments are determined to be needed on FSA-888 as a result of a spot check, enter adjusted expenses in FSA-888, item 10D or 10F. These adjustments must be loaded in the automated software and the payment will be recalculated. The County Office must issue a letter to the applicant with applicable appeal rights for any adjustments made.--*
