Fax: 269-673-9671

County Executive Director:

David J. Mroczek (Ext #105)

Program Technicians:

Penny Andrews (Ext #106)

Bruce Dean (Ext #104)

Joel Walen (Ext #100)

45th CRP General Sign-Up

USDA will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the sign-up can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract (10-15 years).

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

For more information on CRP and other FSA programs, visit a local FSA service center or www.fsa.usda.gov.

Hay Net

Producers are encouraged to use Hay Net on the FSA website (www.fsa.usda.gov/haynet). This online service allows producers with hay and those who need hay to post ads so they can make connections. Hay Net is a popular site for farmers and ranchers who have an emergency need. Individual ads can be posted free of charge by producers who complete a simple online registration form the first time they use the site.

DCP/ACRE Sign-up Continues

DCP and ACRE signups for the 2013 crops are on-going. The DCP sign-up period will end on Aug. 2, 2013; and the ACRE sign-up period will end on June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

[Read more about DCP and ACRE](#) or contact the FSA county office for more information, or an appointment to enroll.

Microloan Program

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

FSA offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

Individuals interested in applying for a microloan or who would like to discuss other farm loan programs available, should contact the local FSA office to setup an appointment with a loan approval official.

Farm Storage Facility Loans

The Farm Storage Facility Loan Program (FSFLP) allows producers of eligible commodities to obtain low-interest financing to build or upgrade farm storage and handling facilities.

The new maximum principal amount of a loan through FSFL is \$500,000. Participants are now required to provide a down payment of 15 percent, with CCC providing a loan for the remaining 85 percent of the net cost of the eligible storage facility and permanent drying and handling equipment. New loan terms of seven, 10 or 12 years are available depending on the amount of the loan. Interest rates for each term rate may be different and are based on the rate which CCC borrows from the U.S. Treasury Department.

Payments are available in the form of a partial disbursement and the remaining final disbursement. The partial disbursement will be available after a portion of the construction has been completed. The final fund disbursement will be made when all construction is completed. The maximum amount of the partial disbursement will be 50 percent of the projected and approved total loan amount.

Applications for FSFL must be submitted to the FSA county office that maintains the farm's records. An FSFL must be approved before any site preparation or construction can begin.

For more information about FSFL please visit your FSA county office or www.fsa.usda.gov.

Beginning and Limited Resource Farmers

FSA assists beginning farmers and or members of socially disadvantaged groups to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- Has operated a farm for not more than 10 years
- Will materially and substantially participate in the operation of the farm
- Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- Does not own a farm in excess of 30 percent of the county's median size.

Additional program information, loan applications and other materials are available at your local USDA Service Center. You may visit www.fsa.usda.gov.

Loans for the Socially Disadvantaged

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating or help purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for socially disadvantaged applicants.

A socially disadvantaged applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of a group.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

March / April dates to remember:

- May 01, 2013: Hispanic and women farmers and ranchers claims deadline (extended from 03/25/2013)
- Continuous: Continuous Conservation Reserve program
