Crystal Hepker

**Program Technicians:**

Debra Wheeler  
Joann VanDuesen  
Phone: 517-849-9890

**Next County Committee**

**Meeting:** April 23rd 8:00 am

### NEW FARM BILL PROVIDES PERMANENT LIVESTOCK DISASTER ASSISTANCE PROGRAMS

The 2014 Farm Bill, formally known as the Agricultural Act of 2014, makes the Livestock Forage Program (LFP) and Livestock Indemnity Program (LIP) permanent programs and provides retroactive authority to cover eligible losses back to Oct. 1, 2011.

LFP provides compensation to eligible producers who suffered grazing losses due to drought and fire. LIP provides compensation to livestock producers who suffered livestock death losses in excess of normal mortality due to adverse weather and attacks by animals reintroduced into the wild by the Federal Government or protected by Federal law, including wolves and avian predators.

USDA is determined to make implementing the livestock disaster programs a top priority and plans to open program enrollment by April 15, 2014.

As USDA begins implementing the livestock disaster assistance programs, producers should record all pertinent information of natural disaster consequences, including:

- Documentation of the number and kind of livestock that have died, supplemented if possible by photographs or video records of ownership and losses
- Dates of death supported by birth recordings or purchase receipts
- Costs of transporting livestock to safer grounds or to move animals to new pastures
- Feed purchases if supplies or grazing pastures are destroyed

**COC Members:**

Dave Dryer, Chairman  
Wayne Barnes, Vice Chairman  
Arden Swift, Member  
Jill Bucklin, Minority Advisor

- Crop records, including seed and fertilizer purchases, planting and production records

Many producers still have questions. USDA is in the process of interpreting Farm Bill program regulations. For additional information producers can review the LIP and LFP Fact Sheets. Thanks for your patience as USDA works diligently to put Farm Bill programs into action to benefit the farmers and ranchers of rural America

---

## **SAVE TIME – MAKE AN APPOINTMENT WITH FSA**

As we roll out the Farm Bill programs administered by FSA, there will be related signups and in some cases multiple management decisions that need to be made by you, the producer, in consult with FSA staff. To insure maximum use of your time and to insure that you are afforded our full attention to your important business needs, please call our office ahead of your visit to set an appointment and to discuss any records or documentation that you may need to have with you when you arrive for your appointment. For local FSA Service Center contact information, please visit: <http://offices.sc.egov.usda.gov/locator/app> . Branch County producers can call (517) 278-2725 ext. 2.

---

## **USDA’S FARM SERVICE AGENCY (FSA) OFFERS FARM BILL WEBSITE AND ONLINE OVERVIEW OF FARM BILL PROGRAMS**

The Agricultural Act of 2014 (the Act), also known as the 2014 Farm Bill, was signed by President Obama on Feb. 7, 2014. The Act repeals certain programs, continues some programs with modifications, and authorizes several new programs administered by the Farm Service Agency (FSA). Most of these programs are authorized and funded through 2018.

For the latest on 2014 Farm Bill programs administered by FSA, please visit our Farm Bill website at [www.fsa.usda.gov/farmbill](http://www.fsa.usda.gov/farmbill) and for an FSA program overview please read, download and/or print our recently posted FSA Farm Bill Fact Sheet titled, [What’s in the 2014 Farm Bill for Farm Service Agency Customers?](#)

---

## **USDA ENCOURAGES EARLY REGISTRATION FOR FSA PROGRAMS**

USDA recommends that farmers and ranchers register in advance for FSA programs in order to improve the sign-up process and expedite implementation of programs. Producers are encouraged to report farm records and business structure changes to a [local FSA Service Center](#) before April 15, 2014.

Examples of updates or changes to report include:

- New producers or producers who have not reported farm records to FSA.
- Producers, who have recently bought, sold or rented land. Those producers need to ensure that changes have been reported and properly recorded by local FSA county office personnel. Reports of purchased or sold property should include a copy of the land deed, and if land has been leased, then documentation should be provided that indicates the producer had/has control of the acreage.
- Producers that have changed business structures (e.g. formed a partnership or LLC) need to ensure that these relationships and shares are properly recorded with FSA. Even family farms that have records on file may want to ensure that this is recorded accurately as it may impact payment limits.

Farm records can be updated during business hours at FSA Service Centers that administer the county where the farm or ranch is located. Producers can contact their local FSA Service Center in advance to find out what paperwork they may need. In addition, bank account information should be supplied or updated if necessary to ensure that producers receive payments as quickly as possible through direct deposit.

---

## **USDA PREPARES TO ACCEPT MAL AND LDP REQUESTS; SETS 2014 MAL LOAN RATES**

The USDA Farm Service Agency (FSA) will begin accepting requests for marketing assistance loans (MALs) and loan deficiency payments (LDPs) for eligible 2014 commodities.

MALs and LDPs for the 2014 crop year become available to eligible producers beginning with harvest/shearing season and extending through a specific commodity's final loan availability date. Sugar commodity loans for the 2014 crop will be available to sugar processors beginning Oct. 1, 2014.

MALs and LDPs provide financing and marketing assistance for wheat, feed grains, soybeans, and other oilseeds, pulse crops, rice, peanuts, cotton, wool, mohair and honey. MALs provide producers interim financing after harvest to help them meet cash flow needs without having to sell their commodities when market prices are typically at harvest-time lows. A producer who is eligible to obtain a loan, but agrees to forgo the loan, may obtain an LDP if such a payment is available. Marketing loan provisions and LDPs are not available for sugar and extra-long staple cotton.

The 2014 Farm Bill also establishes payment limitations per individual or entity not to exceed \$125,000 annually on certain commodities for the following program benefits: price loss coverage payments, agriculture risk coverage payments, marketing loan gains (MLGs) and LDPs. These payment limitations do not apply to MAL loan disbursements.

Adjusted Gross Income (AGI) provisions were modified by the 2014 Farm Bill, which states that a producer whose total applicable three-year average AGI exceeds \$900,000 is not eligible to receive an MLG or LDP.

Contact your local FSA office for more information.

---

## **2009, 2010, 2011, 2012 AND 2013 AVERAGE ADJUSTED GROSS INCOME COMPLIANCE REVIEW**

The AGI verification and compliance reviews for 2009, 2010, 2011, 2012 and 2013 are conducted on producers who the IRS indicates may have exceeded the adjusted gross income limitations described in [7 CFR 1400.500]. Based on this review, producers will receive determinations of eligibility or ineligibility.

If the producer is determined to have exceeded the AGI limitation of \$500,000 of nonfarm income, \$750,000 of farm income, \$1 million of conservation program benefits or the \$1 million total AGI, then receivables will be established for payments earned directly or indirectly by the producer subject to the applicable limitation. The Michigan FSA State Office will begin notifying producers selected for review next month. If you have any questions about the review process or determination, please contact the Michigan FSA State Office at 517-324-5100. Producers who receive initial debt notification letters may only appeal the amount of the debt to their local FSA office. Adverse determinations become administratively final if not timely appealed and can only be reopened if exceptional circumstances exist that prevented the producer from timely filing the appeal.

---

## **FARM LOAN INFORMATION**

As a result of the 2014 Farm Bill (Pub. L. 113-79), enacted February 14, 2014, several changes were made to the Farm Loan Program. One significant change affects Beginning Farmers directly as the applicant now must not own more than 30 percent of the AVERAGE size farm, in the county where the farm is located, as established under the beginning farmer definition at the time of application.

Average farm size does not apply to SDA applicants.

With this revision the new maximum amount of acreage to be owned, and still considered a Beginning Farmer for Farm Ownership Loan purposes, is 66.60 ac in Branch County.

Another significant change brought forward in the new Farm Bill is in regards to Guaranteed Operating Loan Term Limits. Guaranteed Operating Loan applicants are no longer limited to 15 years of financing through FSA's guaranteed Operating Loan limits.
