Heidi Heidtman
Dan Bahrman
Advisor: Diane Hanson

Next County Committee Meeting:

July 24, 2014 at 9:30 am

2014 Acreage Reporting Dates

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the Delta County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Alger, Delta, Marquette and Schoolcraft Counties:

- | | |
|----------------------------|---|
| July 15, 2014: | Cabbage (Planted 3/31-5/31), Dry Edible Beans, Forage Seeding, all other crops. |
| August 15, 2014: | Beans (all other types), Cabbage (Planted 6/1-7/20) |
| September 30, 2014: | Aquaculture, Christmas Trees, Floriculture, Ginseng, Mushrooms, Nursery, and Turfgrass Sod. |

The following exceptions apply to the above acreage reporting dates:

If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.

If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.

If a perennial forage crop is reported with the intended use of "cover only," "green manure," "left standing," or "seed," then the acreage must be reported by July 15th.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.

For questions regarding crop certification and crop loss reports, please contact the Delta County FSA office at 906-428-3361 ext. 2

Livestock Indemnity Program (LIP)

LIP provides compensation to eligible livestock producers that have suffered livestock death losses in excess of normal mortality due to adverse weather and attacks by animals reintroduced into the wild by the federal government or protected by federal law. Producers who suffered livestock death losses should submit a notice of loss and an application for payment to their local FSA office by **January 30, 2015**.

Livestock Forage Disaster Program (LFP)

LFP provides compensation to eligible livestock producers that have suffered grazing losses due to drought on privately owned or cash leased land or fire on federally managed land. Eligible producers must physically be located in a county affected by a qualifying drought during the normal grazing period for the county. Producers who suffered eligible grazing losses should submit a completed CCC-853 and supporting documentation by **January 30, 2015**.

Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP)

ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish that have losses due to disease, adverse weather, or other conditions, such as blizzards and wildfires. ELAP assistance is provided for losses not covered by LFP and LIP. Producers who suffered eligible livestock, honeybee or farm-raised fish losses during 2012 and 2013 program years must submit a notice of loss and application for payment to their local FSA office by **August 1, 2014**. For 2014 program year losses, the notice of loss and an application for payment must be submitted by **November 1, 2014**.

New Farm Bill Offers Increased Opportunities for Producers

The 2014 Farm Bill offers increased opportunities for producers including farm loan program modifications that create flexibility for new and existing farmers. A fact sheet outlining modifications to the U.S. Department of Agriculture's (USDA) Farm Service Agency (FSA) Farm Loan Programs is available online or by calling the office.

The Farm Bill expands lending opportunities for thousands of farmers and ranchers to begin and continue operations, including greater flexibility in determining eligibility, raising loan limits, and emphasizing beginning and socially disadvantaged producers.

Changes that will take effect immediately include:

- Elimination of the 15 year term limit for guaranteed operating loans.
- Modification of the definition of beginning farmer, using the average farm size for the county as a qualifier instead of the median farm size.

- Modification of the Joint Financing Direct Farm Ownership Interest Rate to 2 percent less than regular Direct Farm Ownership rate, with a floor of 2.5 percent. Previously, the rate was established at 5 percent.
- Increase of the maximum loan amount for Direct Farm Ownership Down Payment Loan Program from \$225,000 to \$300,000.
- Elimination of rural residency requirement for Youth Loans, allowing urban youth to benefit.
- Debt forgiveness on Youth Loans, which will not prevent borrowers from obtaining additional loans from the federal government.
- Increase of the guaranteed percentage on Conservation Loans from 75 to 80 percent and 90 percent for socially disadvantaged borrowers and beginning farmers.
- Microloans will not count toward direct operating loan term limits for veterans and beginning farmers.

Additional modifications must be implemented through the rulemaking processes. Visit the FSA Farm Bill website for detailed information and updates to farm loan programs.

Guaranteed Loan Eligibility

Changes to FSA regulations have removed Guaranteed Operating Loan term limits. Previous and current guaranteed loan borrowers who were not eligible for further guaranteed loans due to the previous 15 year eligibility term limit may now be eligible for further guaranteed loans through their commercial lender.
