### DCP/ACRE Sign-Up Continues

The sign-up period for DCP and ACRE are still open. Producers are encouraged to sign up for DCP before the Aug. 2, 2013, deadline. An even earlier deadline is for ACRE, which will end June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

### CRP Sign-Up Starts soon

USDA will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the program can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract which is 10-15 years.

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

For more information on CRP and other FSA programs, visit a local FSA service center or [www.fsa.usda.gov](http://www.fsa.usda.gov).

## Hispanic and Women Farmers and Ranchers Claims Process Extended

Agriculture Secretary Tom Vilsack has announced the extension of the voluntary claims process for Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades. All claims must now be filed by **May 1, 2013**.

USDA urges potential claimants to contact the Claims Administrator for information and mail their claim packages on or before May 1, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied his or her application for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000. As announced in February 2011, the voluntary claims process will make available at least \$1.33 billion for cash awards and tax relief payments, plus up to \$160 million in farm debt relief, to eligible Hispanic and women farmers and ranchers. There are no filing fees to participate in the program.

Claimants may register for a claims package by calling the telephone number below Monday through Friday 9 a.m. to 8 p.m. Eastern Time or by downloading the forms from the website.

Website: [www.farmerclaims.gov](http://www.farmerclaims.gov)

Phone: 1-888-508-4429

Fax: (855) 626-8343

Email: [claims@hwfr.org](mailto:claims@hwfr.org)

Claims Period: September 24, 2012 – May 1, 2013.

Claim packages and other documentation may be mailed to Hispanic and Women Farmers and Ranchers Claims Administrator, PO Box 4540, Portland, OR 97208-4540. Claim packages and other documentation may also be emailed to [claims@hwfr.org](mailto:claims@hwfr.org). Claimants may also fax claims packages and other documentation to (855) 626-8343. Completed forms and documentation must be received no later than 11:59 p.m. PDT on May 1, 2013.

## Microloans Are Cultivating Big Dreams on a Small Scale

Microloans are helping small, niche and beginning farmers and ranchers meet their goals. The less burdensome and more simplified loan process allows producers to apply for a maximum of \$35,000 to pay for initial start-up expenses such as hoop houses, essential tools, irrigation, delivery vehicles and annual expenses such as seed, fertilizer, utilities, land rents, marketing and distribution expenses. Producers interested in applying for a microloan should contact the Isabella County FSA Office at (989) 772-5927 ext. 2.

## **Acreage Certification**

After spring planting, producers should certify their 2013 acreage. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. Acreage reports for 2013 crops are to be certified by the July 15, 2013.

## **Farm Record Changes**

If you have picked up new land, sold land, lost a farm, or have new owners please contact the Isabella County FSA Office so we may update your records for the 2013 crop year. An important part of our job is making sure your records are up to date.
