Gerald Wagler

County Committee
Beth Bryant - Chair
John Kampf - Vice Chair
Kevin Faber - Member
Carol Neyer - Advisor

Next County Committee
Meeting: September 24, 2013
at 8:30AM

Marketing Assistance Loans

A Marketing Assistance Loan (MAL) is available for producers who share in the risk of producing the crop. To be eligible, a producer must maintain continual beneficial interest in the crop from harvest through the earlier of the date the loan is repaid or CCC takes title to the commodity. Beneficial interest means retaining the ability to make decisions about the commodity; responsibility for loss or damage to the commodity; and title to the commodity. Once beneficial interest in a commodity is lost, the commodity is ineligible for loan — even if the producer regains beneficial interest.

Commodity loan eligibility also requires compliance with conservation and wetland protection requirements; beneficial interest requirements, acreage reporting and ensuring that the commodity meets Commodity Credit Corporation minimum grade and quality standards. For commodities to be eligible they must have been produced by an eligible producer, be in existence and in a storable condition and be merchantable for food, feed or other uses as determined by CCC. The quality of the commodity in farm storage must be maintained throughout the term of the loan.

Producers do not have to participate in the Direct and Counter-Cyclical and/or ACRE programs to be eligible for commodity loans.

Violating provisions of a marketing assistance loan may trigger administrative actions, such as assessing liquidated damages, calling the loan and denial of future farm-stored loans.

The most common violations are removing or disposing of a commodity being used as loan collateral without prior authorization and providing an incorrect quantity certification.

Reporting Fall Seeded and Forage Crops

A new crop reporting date for all fall seeded crops such as wheat, rye, alfalfa and hay crops has been established. The deadline for reporting your fall crops for the 2014 crop year is November 15, 2013. Late filing fees will apply after this date.

Please call for an appointment after your wheat, rye, alfalfa and hay crops are planted. If you are not planting any new fall crops this year, keep in mind that your existing alfalfa and hay crops must still be reported by November 15, 2013.

CREP & Continuous CRP Available

The Conservation Reserve Enhancement Program (CREP) allows farmers and ranchers to voluntarily enroll environmentally sensitive land into a program that decreases erosion, restores wildlife habitat and safeguards ground and surface water. CREP is a partnership with federal and state government and is limited to specific geographic areas.

Environmentally sensitive acreage qualifying for the Conservation Reserve Enhancement Program (CREP) or Continuous CRP will be eligible for annual rental payments and cost-share of up to 50 percent on approved practices. These programs will remain funded, and continue to provide heightened environmental benefits on select areas.

Beginning and Limited Resource Loans

FSA assists beginning farmers and or members of socially disadvantaged groups to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- * Has operated a farm for not more than 10 years
- * Will materially and substantially participate in the operation of the farm
- * Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- * Does not own a farm in excess of 30 percent of the county's median size.

Additional program information, loan applications, and other materials are available at your local USDA Service Center. You may also visit www.fsa.usda.gov.

Loans for the Socially Disadvantaged

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Farm operating loans are available as well as loans to purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of socially disadvantaged applicants.

A socially disadvantaged applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of the group without regard to his or her individual qualities.

For purposes of this program, socially disadvantaged groups are women, African-Americans, American Indians, Alaskan Natives, Hispanics, Asian-Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

Preventing Fraud

The Farm Service Agency supports the Risk Management Agency in the prevention of fraud, waste and abuse of the Federal Crop Insurance Program. FSA has been, and will continue to, assist RMA and insurance providers by monitoring crop conditions throughout the growing season. FSA will continue to refer all suspected cases of fraud, waste and abuse directly to RMA.

Producers can report suspected cases to the FSA office, RMA, or the Office of the Inspector General.

AFIDA

Any foreign person who acquires, transfers or holds any interest, other than a security interest, in agricultural land in the United States is required by law to report the transaction no later than 90 days after the date of the transaction. They must file Agricultural Foreign Investment Disclosure Act (AFIDA) reports with the FSA county office that maintains reports for the county where the land is located.

For AFIDA purposes, agricultural land is defined as any land used for farming, ranching or timber production, if the tracts total 10 acres or more.

For more information regarding AFIDA and FSA programs, contact the FSA office near you or visit the USDA Web site at <http://www.usda.gov>.

USDA is an equal opportunity provider and employer. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
