Shelley Lobert

Farm Loan Officers:
Larry Cleary & Nicole Phillips
Phone: 231-796-2659

County Committee Meeting:
August 13th, 2013

DCP Deadline Approaches

The sign-up period for DCP is still open. Producers are encouraged to sign up for DCP before the Aug. 2, 2013, deadline.

[Read more about DCP and ACRE](#) or contact the FSA county office for more information, or an appointment to enroll.

Sodbusting

Farmers and ranchers should be aware that if they use highly erodible land for crop production without proper conservation measures, they risk losing eligibility to participate in Farm Service Agency programs.

Before producers clear, plow or otherwise prepare areas not presently under crop production for planting, they are required to file an AD-1026, indicating the area to be brought into production.

If Natural Resources Conservation Service indicates that the area will be highly erodible land, the producer will be required to develop and implement a conservation plan on the affected acreage before bringing land into production.

USDA EXTENDS ACREAGE REPORTING DEADLINE FOR FSA TO AUG. 2, 2013

Farmers and landowners have an additional 18 calendar days to submit their annual report of acreage to their local FSA county office with the deadline extended from Monday, July 15, 2013, to Friday, Aug. 2, 2013. Only the FSA reporting deadline has been extended. The acreage reporting requirement for crop insurance has not changed and remains July 15.

Accurate acreage reports are necessary to determine and maintain eligibility for various programs, such as the Direct and Counter-cyclical Program (DCP); the Average Crop Revenue Election Program (ACRE); the Conservation Reserve Program (CRP); and the Non-insured Crop Disaster Assistant Program (NAP).

Acreage reports for FSA are considered timely this year when filed at the county office by the new applicable final crop reporting deadline of Aug. 2, 2013. Producers should contact their county FSA office if they are uncertain about reporting deadlines.

Direct and Guaranteed Loans

The Farm Service Agency is committed to providing family farmers with loans to meet their farm credit needs. If you are having trouble getting the credit you need for your farm, or regularly borrow from FSA, direct and guaranteed loans are currently available.

Ask your lender about an FSA loan guarantee if you've had a setback and your lender is reluctant to extend or renew your loan.

Guaranteed loans have a maximum limit of \$1,302,000. This makes the maximum combination of direct and guaranteed loan indebtedness \$1,602,000.

The one-time loan origination fee charged on FSA guaranteed farm ownership and operating loans is 1.5 percent of the guaranteed portion of the loan.

To find out more about FSA loan programs, contact the county office staff.

Banking Changes?

If you changed banks and did not notify FSA, your payment could be delayed. Payments are electronically transferred into your bank account, if we are not aware of changes to your account and routing numbers, there could be problems. In order to make timely payments, you need to notify the office if you close your account or if another financial institution purchases your bank. It is important that any changes in a producer's account such as type account, bank mergers, routing number or account numbers, be provided to the county office promptly to avoid possible payment delay.

USDA is an equal opportunity provider and employer.
