County Executive Director:
John C. Porath

Program Technicians:
Jane Illig

Election Results

Brad Kartes has been elected to serve for LAA #1. Brad will be serving a three year term on the County Committee for this area.

NAP Coverage Deadlines

Noninsured Crop Disaster applications are due by March 15, 2013 according to the crop being insured. Producers should apply for Noninsured Crop Disaster Assistance Program (NAP) coverage using form CCC-471 (Application for Coverage). Related service fees are due when the application is filed. The application and service fee **MUST** be filed by the crop sales closing date. Contact the local FSA office for the filing dates for your crops.

Commodity Loans

Commodity loans, also referred to as Marketing Assistance Loans, are available to producers who share in the risk of producing the crop. To be eligible, producers must maintain beneficial interest in the crop through the time of application. Once beneficial interest in a commodity is lost, the commodity is ineligible for loan — even if the producer regains beneficial interest.

Violating provisions of a marketing assistance loan may trigger administrative actions, such as assessing liquidated damages, calling the loan and denial of future farm-stored loans. The most common violations are removing or disposing of a commodity being used as loan collateral without prior authorization and providing an incorrect quantity certification.

2011 Supplemental Revenue Assistance Program Applications

The Farm Service Agency (FSA) will continue to accept SURE applications for 2011 crop losses through June 7, 2013. The SURE Program provides payments to producers when crop revenues are less than the crop guarantee. The SURE Program payment is equal to 60 percent of the difference between the crop guarantee and revenue.

To determine the guarantee and revenue for the SURE Program, all crops on all farms for a producer are

included in the calculation. Payments under the SURE Program are limited to \$100,000.

To be eligible for the 2011 SURE Program, producers must have crop insurance on all insurable crops. For crops that are not covered by crop insurance such as pumpkins and cucumbers, producers must have purchased Non Insured Crop Disaster Assistance Program (NAP) coverage through FSA. The Crop Insurance and NAP purchase requirement is waived for crops that are not economically significant to the farming operation. In addition, the producer must have at least one crop with a 10 percent production loss in order to be eligible.

For more information concerning the 2011 SURE program or other Farm Service Agency programs, contact your local FSA office or visit the Farm Service Agency website at www.fsa.usda.gov/pas/.

USDA is an equal opportunity provider and employer.
