John Porath

Farm Loan Manager:
Larry Cleary

Program Technician:
Jane Illig

County Committee Members:
Jim Bischoff
Brad Kartes
Klint Marshall
Julie Nelkie- Advisor

Next County Committee Meeting: June 25 at 9:00 am

Farm Safety

Flowing grain in a storage bin or gravity-flow wagon can be fatal. It takes less than five seconds for a person caught in flowing grain to be trapped.

The mechanical aspects of grain handling equipment, also presents a real danger. Augers, power take offs, and other moving parts can grab people or clothing.

These hazards, along with pinch points and missing shields, are dangerous enough for adults; not to mention children. It is always advisable to keep children a safe distance from operating farm equipment. Always use extra caution when backing or maneuvering farm machinery. Ensure everyone is visibly clear and accounted for before machinery is engaged.

FSA wants all farmers to have a productive crop year, and that begins with putting safety first.

Retirement Announcement

After 37 years of dedicated service to the Agency, and to the Producers of Ogemaw and Bay County's, our Donna Jacobs is retiring. So if you are in the area, between now and the end of May stop by the office and wish Donna well in her new chapter in life. An open house is being planned for May 14th, 2014 from 12-3 p.m. at the Bay County FSA office in her honor. All are invited.

USDA SETS DATE FOR SOYBEAN REQUEST FOR REFERENDUM

USDA will offer soybean producers the opportunity to request a referendum on the Soybean Promotion and Research Order (Order), as authorized under the Soybean Promotion, Research, and Consumer Information Act (Act).

Soybean producers who are interested in having a referendum to determine whether to continue the Soybean Checkoff Program are invited to participate. To be eligible to participate, producers must certify and provide documentation that shows that they produced soybeans and paid an assessment on the soybeans during the period of Jan. 1, 2012, through Dec. 31, 2013.

Producers may obtain a form by mail, fax, or in person from FSA county offices starting on May 5, 2014 through May 30, 2014. Forms are also available on the [AMS website](#). Producers who don't participate in FSA programs can still request a referendum at the FSA county office where they own or rent land.

Completed forms and supporting documentation must be returned to the appropriate FSA county office by fax or in person no later than close of business May 30, 2014. If returned by mail, it must be postmarked by midnight May 30, 2014, and received in the office by close of business on June 5, 2014.

Notice of the Request for Referendum will be published in the March 4, 2014, Federal Register. For more information, visit the [AMS website](#) or contact James Brow, Research and Promotions Branch; Livestock, Poultry and Seed Program, AMS, USDA; STOP 0251 - Room 2610-S; 1400 Independence Avenue, SW; Washington, D.C. 20250-0251; tel. (202) 720-0633.

2013 ACRE

Participation in 2013 ACRE requires production reports for planted acres that must be submitted for the covered commodities and peanuts planted on the farm by July 15, 2014. Failure to report production for those covered commodities and peanuts planted on ACRE farms may result in contract termination. If the contract is terminated, all payments, including direct payments previously received plus interest will be required to be refunded

USDA ANNOUNCES THE EXTENSION OF THE MILK INCOME LOSS CONTRACT PROGRAM FOR 2014

The USDA Farm Service Agency (FSA) recently announced the extension of the Milk Income Loss Contract (MILC) program which protects dairy farmers against income loss through Sept. 1, 2014, or until a new Margin Protection Program for dairy producers (MPP) is operational.

Contracts for eligible producers enrolled in MILC on or before Sept. 30, 2013, are automatically extended until the termination date of the MILC program. Dairy operations with approved MILC contracts will continue to receive monthly payments if a payment rate is in effect.

MILC compensates enrolled dairy producers when the Boston Class I milk price falls below \$16.94 per hundredweight (cwt), after adjustment for the cost of dairy feed rations. MILC payments are calculated each month using the latest milk price and feed cost, just as in the 2008 Farm Bill. The payment rate for October 2013 through January 2014 marketing's is zero. Payment rates during the months after January 2014 until the termination of the MILC program will be determined as the appropriate data becomes available.

Continued...

Producers who want to select a different production start month must visit their local FSA office between April 14, 2014, and May 30, 2014.

FSA will provide producers with information on program requirements, updates and sign-ups as the information becomes available

USDA ENCOURAGES EARLY REGISTRATION FOR FSA PROGRAMS

USDA recommends that farmers and ranchers register in advance for FSA programs in order to improve the sign-up process and expedite implementation of programs. Producers are encouraged to report farm records and business structure changes to a [local FSA Service Center](#) as soon as possible.

Examples of updates or changes to report include:

- New producers or producers who have not reported farm records to FSA.
- Producers who have recently bought sold or rented land. Those producers need to ensure that changes have been reported and properly recorded by local FSA county office personnel. Reports of purchased or sold property should include a copy of the land deed, and if land has been leased, then documentation should be provided that indicates the producer had/has control of the acreage.
- Producers that have changed business structures (e.g. formed a partnership or LLC) need to ensure that these relationships and shares are properly recorded with FSA. Even family farms that have records on file may want to ensure that this is recorded accurately as it may impact payment limits.

Farm records can be updated during business hours at FSA Service Centers that administer the county where the farm or ranch is located. Producers can contact their local FSA Service Center in advance to find out what paperwork they may need. In addition, bank account information should be supplied or updated if necessary to ensure that producers receive payments as quickly as possible through direct deposit.

For further information about our disaster programs and USDA's Farm Bill implementation plan, visit FSA's [2014 Farm Bill Web page](#). FSA Service Center locations can be found on the [FSA website](#).
