Fax: 989-733-8539

County Executive Director:

Carmen A. Church

Program Technicians:

Robin Grainger

Sylvia Verville

Farm Loan Manager:

Betty Garrett

DCP and ACRE Sign-up – Make Your Appointment Today!

FSA began sign-ups for DCP and ACRE for 2013 crops on Feb. 19, 2013. The **DCP** sign-up period will end on **Aug. 2, 2013**, and the **ACRE** sign-up period will end on **June 3, 2013**.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

Contact the FSA county office for more information, or call for an appointment to enroll.

Hay Net

Producers are encouraged to use Hay Net on the FSA website (www.fsa.usda.gov/haynet). This online service allows producers with hay and those who need hay to post ads so they can make connections. Hay Net is a popular site for farmers and ranchers who have an emergency need. Individual ads can be posted free of charge by producers who complete a simple online registration form the first time they use the site.

Microloan Program

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

FSA offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan

features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

Individuals interested in applying for a microloan or who would like to discuss other farm loan programs available, should contact the local FSA office to setup an appointment with a loan approval official.

45th CRP General Sign-Up

USDA will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20, 2013 and ending on June 14, 2013. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the sign-up can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract (10-15 years).

Contracts on 3.3 million acres of CRP are set to expire on September 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

For more information on CRP and other FSA programs, visit a local FSA service center or www.fsa.usda.gov.

MILC Program Extended

Dairy producers enrolled in the Milk Income Loss Contract program (MILC) will have their contracts automatically extended through September 30, 2013. There is no need to re-enroll in the program. The MILC program was part of several FSA-related programs that were continued with the extension of the 2008 Farm Bill.

The production start month previously selected by an operation is applicable for FY 2013. Starting March 1, 2013, all production start month changes must be made according to normal start month selection provisions.

Normal start month provisions: Changes must be made on or before the 14th day of the month before the selected MILC production start month, except as otherwise provided during the applicable sign-up phase. A dairy operation cannot select a MILC production start month for any month that has already begun, except as otherwise provided; has already ended or; milk was not produced by the dairy operation.

Please call the FSA office and make an appointment if you decide to make changes.

Actively Engaged

USDA has amended the rules that govern the requirements to be 'actively engaged' in farming. These rules apply to eligibility for payments under the Direct and Counter-cyclical Program (DCP) or Average Crop Revenue

Election (ACRE) program administered by FSA.

Normally the stockholder or a member of a legal entity **must** make contributions of active personal labor and/or active personal management for the farming operation. The contributions are to be performed on regular basis, must be identifiable, and separate from the contributions of others.

The exception to this rule for a stockholder or member of a legal entity only occurs when both of the following apply:

- * At least half of the interest in the legal entity is held by stockholders or members who are providing active personal labor or active personal management;
- * The total direct payments received by the legal entity and each of the members can't exceed \$40,000.

USDA is an equal opportunity provider and employer. To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9450, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay).
