- **January 22nd** - Election ballots counted by County Committee.
- **February 17th** - Office closed in observance of President's Day.
- **February 18th** - Newly elected county committee members take office.
- **March 15th** - Final date to purchase NAP coverage on most spring seeded NAP crops.

FARMING OPERATION CHANGES

Producers who have bought or sold land, or added or dropped rented land from their operation must report those changes to the FSA office as soon as possible. A copy of the deed or recorded land contract for purchase property is needed to maintain accurate records with FSA. Failure to do so can lead to possible program ineligibility and penalties. While making record updates, be sure to update signature authorizations. Making record changes now will save time in the spring.

BREAKING NEW GROUND

Agricultural producers are reminded to consult with FSA and NRCS before breaking out new ground for production as doing so without prior authorization may put a producer's federal farm program benefits in jeopardy. This is especially true for land that must meet Highly Erodible Land (HEL) and Wetland Conservation

(WC) provisions.

Producers with HEL determined soils must apply tillage, crop residue and rotation requirements as specified in their conservation plan.

Producers should notify FSA prior to conducting land clearing or drainage projects to ensure compliance. If you intend to clear any trees to create new cropland, these areas will need to be reviewed to ensure any work will not risk your eligibility for benefits.

Landowners and operators can complete form AD-1026 Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification to determine whether a referral to Natural Resources Conservation Service (NRCS) is necessary.

USDA RURAL DEVELOPMENT SEEKING APPLICATIONS FOR ITS VALUE-ADDED PRODUCER GRANTS (VAPG) PROGRAM

The deadline for applications under USDA Rural Development's VAPG program is February 24, 2014. The primary objective of the VAPG program is to help agricultural producers enter into value-added activities related to the processing and/or marketing of bio-based value-added products. Generating new products, creating and expanding marketing opportunities, and increasing producer income are the end goals of this program. You may receive priority if you are a beginning farmer or rancher, a socially-disadvantaged farmer or rancher, a small or medium-sized farm or ranch structured as a family farm, a farmer or rancher cooperative, or are proposing a mid-tier value chain, as defined in the Program Regulation. Grants are awarded on a competitive basis. The maximum grant is \$75,000 for planning grants and \$200,000 for working capital grants. Producers must match the grant funds requested with cash or eligible in-kind funds. Additional information can be found at: http://www.rurdev.usda.gov/BCP_VAPG.html. Contact your servicing USDA Rural Development office for assistance.

RURAL YOUTH LOANS

The Farm Service Agency makes loans to rural youths to establish and operate income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5000.

Youth Loan Eligibility Requirements:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Comply with FSA's general eligibility requirements
- Reside in a rural area, city or town with a population of 50,000 or fewer people
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the project and the loan, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.
