SAVE TIME – MAKE AN APPOINTMENT WITH FSA

As we roll out the Farm Bill programs administered by FSA, there will be related signups and in some cases multiple management decisions that need to be made by you, the producer, in consult with FSA staff. To insure maximum use of your time and to insure that you are afforded our full attention to your important business needs, please call our office ahead of your visit to set an appointment and to discuss any records or documentation that you may need to have with you when you arrive for your appointment.

GOVDELIVERY CUSTOMERS ARE NOT IMPACTED BY THE HEARTBLEED BUG

GovDelivery customer subscriptions are not affected by the Heartbleed bug. This bug has caused major security concerns among users of cloud technology. The Heartbleed bug refers to a flaw in an encryption tool used on the Internet that can expose data that is meant to be hidden. Your GovDelivery account and information is safe. **Nothing in the GovDelivery network architecture is affected by this bug.**

You can find out more about the Heartbleed bug at <http://heartbleed.com>.

LIVESTOCK DISASTER ASSISTANCE SIGN-UP UNDERWAY

Livestock disaster program enrollment opened on April 15, 2014. These disaster programs are authorized by the 2014 Farm Bill as permanent programs and provide retroactive authority to cover losses that occurred on or after October 1, 2011.

To expedite applications, all producers who experienced losses are encouraged to bring records documenting those losses to their local FSA Office. Producers should record all pertinent information of natural disaster consequences, including:

- Documentation of the number and kind of livestock that have died, supplemented if possible by photographs or video records of ownership and losses
- Dates of death supported by birth recordings or purchase receipts
- Costs of transporting livestock to safer grounds or to move animals to new pastures
- Feed purchases if supplies or grazing pastures are destroyed
- Crop records, including seed and fertilizer purchases, planting and production records

Eligible producers can sign-up for the following livestock disaster assistance programs:

Livestock Forage Disaster Program (LFP):

- LFP provides compensation to eligible livestock producers that have suffered grazing losses due to drought on privately owned or cash leased land or fire on federally managed land. Eligible producers must physically be located in a county affected by a qualifying drought during the normal grazing period for the county. The four counties in the Cadillac area and the surrounding counties do not meet the criteria required to be eligible for LFP in 2012 and 2013. Producers who suffered eligible grazing losses should submit a completed CCC-853 and supporting documentation by January 30, 2015.

Livestock Indemnity Program (LIP):

- LIP provides compensation to eligible livestock producers that have suffered livestock death losses in excess of normal mortality due to adverse weather and attacks by animals reintroduced into the wild by the federal government or protected by federal law. Producers who suffered livestock death losses should submit a notice of loss and an application for payment to their local FSA office by January 30, 2015.

Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP):

- ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish that have losses due to disease, adverse weather, or other conditions, such as blizzards and wildfires. ELAP assistance is provided for losses not covered by LFP and LIP. Producers who suffered eligible livestock, honeybee or farm-raised fish losses during 2012 and 2013 program years must submit a notice of loss and application for payment to their local FSA office by August 1, 2014. For 2014 program year losses, the notice of loss and an application for payment must be submitted by November 1, 2014.

For more information, producers can review the LFP, LIP and ELAP Fact Sheets on the [Farm Bill webpage](#). Producers are encouraged to make an appointment with their local FSA office to apply for these programs.

USDA FARM SERVICE AGENCY ANNOUNCES TREE ASSISTANCE PROGRAM (TAP) SIGN-UP

As of Tuesday, April 15, 2014, orchardists and nursery tree growers who experienced losses from natural disasters that occurred on or after Oct. 1, 2011, can sign up for the Tree Assistance Program (TAP). TAP was authorized by the Agricultural Act of 2014 as a permanent disaster program. TAP provides financial assistance to qualifying orchardists and nursery tree growers to replant or rehabilitate eligible trees, bushes and vines damaged by natural disasters.

Eligible tree types include trees, bushes or vines that produce an annual crop for commercial purposes. Nursery trees include ornamental, fruit, nut and Christmas trees that are produced for commercial sale. Trees used for pulp or timber are ineligible. To qualify for TAP, orchardists must suffer a qualifying tree, bush or vine loss in excess of 15 percent mortality from an eligible natural disaster. The eligible trees, bushes or vines must have been owned when the natural disaster occurred; however, eligible growers are not required to own the land on which the eligible trees, bushes and vines were planted.

If the TAP application is approved, the eligible trees, bushes and vines must be replaced within 12 months from the date the application is approved. The cumulative total quantity of acres planted to trees, bushes or vines, for which a producer can receive TAP payments, cannot exceed 500 acres annually.

2009, 2010, 2011, 2012 AND 2013 AVERAGE ADJUSTED GROSS INCOME COMPLIANCE REVIEW

The AGI verification and compliance reviews for 2009, 2010, 2011, 2012 and 2013 are conducted on producers who the IRS indicates may have exceeded the adjusted gross income limitations described in [7 CFR 1400.500]. Based on this review, producers will receive determinations of eligibility or ineligibility.

If the producer is determined to have exceeded the AGI limitation of \$500,000 of nonfarm income, \$750,000 of farm income, \$1 million of conservation program benefits or the \$1 million total AGI, then receivables will be established for payments earned directly or indirectly by the producer subject to the applicable limitation. Producers who receive initial debt notification letters may only appeal the amount of the debt to their local FSA office. Adverse determinations become administratively final if not timely appealed and can only be reopened if exceptional circumstances exist that prevented the producer from timely filing the appeal.

2014 ACREAGE REPORTING DATES

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the Wexford/Benzie/Missaukee/Osceola County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Wexford, Benzie, Missaukee and Osceola Counties:

July 15, 2014:	Spring planted grains, forage seedings, and all other crops not listed below
August 15, 2014:	Cabbage (planted 6/1 to 7/20), processing beans
November 15, 2014:	Perennial forage, fall seeded small grains
January 15, 2015:	Apples, blueberries, cherries, grapes and peaches

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.
- If a perennial forage crop is reported with the intended use of "cover only," "green manure," "left standing," or "seed," then the acreage must be reported by July 15th.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins. For questions regarding crop certification and crop loss reports, please contact the Wexford/Benzie/Missaukee/Osceola County FSA office at 231-775-7681.

Soybean Request for Referendum

The USDA Farm Service Agency is accepting Soybean Request For Referendum documents through May 30th 2014. The United Soybean Board administers a coordinated promotion and research program designed to expand uses of soybeans and soy products. Eligible voters must have produced soybeans and paid an assessment in 2012 or 2013. Producers who desire a referendum shall participate. Form LS-51-1 can be obtained online or from your FSA office and should be accompanied by supporting documentation. Contact the Wexford/Benzie/Missaukee/Osceola FSA office for additional information.

Direct Loan Changes

Changes were made in the 2014 Farm Bill to the interest rate charged on loans where FSA provides 50 percent or less on jointly financed purchases of real estate also called Direct Farm Ownership Participation Loans. The interest rate will be the greater of 2.5 percent or the current interest rate for direct Farm Ownership loans minus 2 percent, as a fixed rate for the duration of the loan. At present, the April direct Farm Ownership rate is 4.00 percent. Because the 2.5 percent floor is greater than subtracting 2 percent from the current direct farm ownership loan rate, the rate for Direct Farm Ownership Participation Loans in April is 2.50 percent.

MAY INTEREST RATES

90 Day Treasury Bill - 0.125%
Farm Operating Loan - Direct - 2.125%
Farm Ownership Loans - Direct - 4.000%
Farm Ownership Loans - Joint Financing - 2.500%
Limited Resource Loans - 5.000%
Farm Ownership Loans - Direct FO Down Payment - 1.500%
Emergency Loans - 3.125%
Farm Storage Facility Loans - 7 Yr. - 2.250%
Farm Storage Facility Loans - 10 Yr. - 2.750%
Farm Storage Facility Loans - 12 Yr. - 2.875%
Commodity Loans - 1.125%
