--30.5 SCIMS Changes*A Overview**

CCC-509 software reads SCIMS for customer information. Changes to customer data in SCIMS may affect CCC-509. These changes include, but are not limited to, the following:

- ID number changes
- duplicate resolutions
- individual changes to business using individual's SSN
- business using individual's SSN changes to individual
- business using individual's SSN changes to business using EIN.

B ID Number Changes

ID numbers shall be corrected in SCIMS according to 1-CM.

CCC-509's will **not** be automatically updated with a corrected ID number. Do **not** update CCC-509's with a corrected ID number. DCP-ACRE does **not** use ID numbers as a basis for issuing payment.

C Duplicate Resolutions

CCC-509's **may** be automatically cancelled when a duplicate record is resolved by the State SCIMS Security Office and the customer being resolved is associated with CCC-509's.

If CCC-509 is:

- cancelled, County Offices must re-access CCC-509 to reenter share, signature, and payment selection
- **not** cancelled, no action is necessary for CCC-509.--*

--30.5 SCIMS Changes (Continued)*D Individual Changes to Business Using Individual's SSN**

CCC-509's will **not** be automatically cancelled if an individual's SCIMS record is changed to a business using that individual's SSN.

It is not necessary to access and modify CCC-509 to the business name unless the individual who previously signed CCC-509 does **not** have signature authority for the business.

If the individual who previously signed CCC-509 does **not** have signature authority for the business, then the County Office shall:

- manually cancel CCC-509
- obtain new signature from the business.

Note: Signature must still meet 1-DCP signature rules.

E Business Using Individual's SSN Changes to Individual

Do **not** create a new SCIMS record for the business. The existing individual's SCIMS record shall be updated.

It is not necessary to access and modify CCC-509 to the individual's name unless the individual is **not** the person who previously signed CCC-509 for the business.

If the individual is **not** the person who previously signed CCC-509 for the business, then the County Office shall:

- manually cancel CCC-509
- obtain new signature from the individual.

Note: Signature must still meet 1-DCP signature rules.--*

--30.5 SCIMS Changes (Continued)*F Business Using Individual's SSN Changes to Business Using EIN**

When a business that is using an individual's SSN receives an EIN from IRS, the SCIMS record for the business using SSN is maintained and a new record is added in SCIMS for the business using EIN. Therefore, both the business using SSN and the business using EIN will be maintained in SCIMS.

CCC-509's associated with the business using the individual's SSN, may need to be updated to the business using an EIN. If it is necessary to correct CCC-509's, County Offices must take the following action:

- access current year farm records
- remove the business using individual's SSN from all applicable farms

Note: Current year CCC-509 will be automatically cancelled because of farm records modification and receivables will be automatically created for business using individual's SSN. Follow existing FI policy to satisfy the receivable for business using individual's SSN.

- add the business using an EIN to any applicable farms
- access current year CCC-509
- re-enter share, signature, and payment selections.

Notes: Signature must still meet 1-DCP signature rules.

DCP-ACRE payments will be processed for business using EIN when CCC-509 contains an approval date.--*
