Part 1 Introduction and Purpose

1 Purpose and Sources of Authority

A Handbook Purpose

This handbook is designed to assist FSA in understanding:

- direct loanmaking regulations governing FLP
- roles and responsibilities in implementing those regulations and other direct loanmaking responsibilities.

B Sources of Authority

The sources of authority for this handbook include:

- 7 CFR Part 764 and other regulations that may be referenced throughout this handbook
- various laws and statutes passed by Congress, including CONACT.

C Regulation References

Text in this handbook that is published in CFR is printed in **bold** text. The CFR citation is printed in brackets in front of the text. The references and text:

- are intended to highlight the requirement spelled out in CFR
- may be used to support adverse FSA decisions.

***--Note:** Cross-references printed in **bold** are citing a CFR section. The handbook paragraph or subparagraph where the cross-referenced CFR text can be found is printed in the nonbold text in parenthesis within the bold text.

Example: Subparagraph 103 C provides “[**7 CFR 764.51(c)(4)**] **Submit items (1), (2), (7), (9), and (11) of paragraph (b) of this section** (paragraph 42). **The Agency may require a Lo-Doc applicant to submit any other information listed in paragraph (b) of this section as needed to make a determination on the loan application**”.

Note: The text “**items (1), (2), (7), (9), and (11) of paragraph (b) of this section**” refers to 7 CFR 764.51(b)(1), (2), (7), (9), and (11). The nonbold reference indicates that 7 CFR 764.51(b) is included in paragraph 42.--*

C State Supplements

See Exhibit 4 for State supplements required by this handbook. SED's shall:

- issue required supplements, and any additional supplements, according to 1-AS, paragraph 216
- obtain approval of State supplements according to 1-AS, paragraph 220.

3 FLP Forms

A Form References

Except as provided in this paragraph, this handbook refers to forms according to the new forms numbering system that becomes effective December 31, 2007. Forms executed before December 31, 2007, may have a number different from that referenced. See 1-FLP, Exhibit 5 for a comparison of form numbers before and after December 31, 2007.

Note: See Exhibit 1 for titles of forms referenced in this handbook.

With the exception of FSA-2510, FSA-2512, and FSA-2514, form numbers are not referenced in CFR (**bold**) text. CFR refers to forms by either:

- the common name of the form

Example: CFR may state, “a promissory note”, instead of stating, “FSA-2026”.

- purpose or the information collected.

Example: CFR may state, “a conservation contract”, instead of stating, “FSA-2535”.

B FSA-2029

All references to FSA-2029 within this handbook are intended as a reference to the applicable State-specific Mortgage or Deed of Trust. State-specific Mortgages or Deeds of Trust are available on the FFAS Employee Forms/Publications Online Website at <http://intra3.fsa.usda.gov/dam/ffasforms/forms.html> and are numbered FSA-2029 “ST”.

Notes: “ST” represents the appropriate State acronym.

SED is not required to issue a State supplement for the State-specific version of FSA-2029.

3 FLP Forms (Continued)

C Notary Acknowledgement

Forms do not include preprinted text for the Notary Acknowledgement because numerous States have State-specific laws establishing required text. Therefore, a fillable text area is provided under the “Acknowledgement” heading. SED’s shall issue State supplements providing the appropriate Notary Acknowledgement text to be inserted.

D Applicant Signatures

Forms completed by applicants include a signature box to accommodate multiple signatures. Separate signature lines are not provided because the number of signatures required for an entity applicant cannot be determined in advance. Instructions for completing forms will provide guidance to applicants on signature requirements.

Forms prepared by FSA for the applicant’s signature include a fillable area instead of preprinted signature lines. County Offices shall insert a signature line and the name of each applicant, entity member, or other individual required to sign the form.

SED’s shall issue a State supplement addressing State-specific signature requirements.

E State Office Modified National Forms

State and County Offices shall use national forms unless their use is prohibited by State law. If modification to a national form is required to comply with State law, the State Office shall submit a copy of the national form showing the necessary modifications, through the State Directives Management System.

Note: State-specific forms based on national forms will be made available on the FFAS Employee Forms/Publications Online Website at <http://intra3.fsa.usda.gov/dam/ffasforms/forms.html> with the same form number as the national form, followed by the State acronym.

3 FLP Forms (Continued)

F State-Created Forms

State Offices may create forms, as necessary, when a national form is not available.

State-created forms shall be assigned a 5-digit number establishing linkage to the appropriate FLP handbook, followed by the State acronym, according to the following.

IF the form pertains to...	THEN the form number shall be...
more than one FLP handbook	FSA-2000-1 ST, FSA-2000-2 ST, FSA-2000-3 ST, etc.
1-FLP	FSA-2100-1 ST, FSA-2100-2 ST, FSA-2100-3 ST, etc.
2-FLP	FSA-2200-1 ST, FSA-2200-2 ST, FSA-2200-3 ST, etc.
3-FLP	FSA-2300-1 ST, FSA-2300-2 ST, FSA-2300-3 ST, etc.
4-FLP	FSA-2400-1 ST, FSA-2400-2 ST, FSA-2400-3 ST, etc.
5-FLP	FSA-2500-1 ST, FSA-2500-2 ST, FSA-2500-3 ST, etc.
6-FLP	FSA-2600-1 ST, FSA-2600-2 ST, FSA-2600-3 ST, etc.

Notes: “ST” represents the appropriate State acronym.

Before using State forms imposing information collections on 10 or more persons per year, State Offices shall work with the National Office to obtain OMB approval.

SED shall issue State supplements, as applicable, to address the use of all State-specific and State-created forms.

Exception: State-specific FSA-2029’s do not require State supplement issuance

4 Introduction to Direct FLP's

A FSA Loan Programs

[7 CFR 764.1(a)] This part describes the Agency's policies for making direct FLP loans.

[7 CFR 764.1(b)] The Agency makes the following types of loans:

- (1) FO, including Beginning Farmer Down Payment loans (Part 7);**
- (2) OL, including Youth loans (Part 8); and**
- (3) EM (Part 9).**

5-20 (Reserved)

Part 2 (Reserved)

21-40 (Reserved)

Part 3 Loan Application**41 Obtaining and Filing a Loan Application****A Obtaining a Loan Application**

A loan application may be obtained from:

- any FSA office
- FSA's web site at <http://www.fsa.usda.gov>
- eGov's web site at <http://www.sc.egov.usda.gov>.

An agency official will:

- not refuse to provide a requested application to any person
- not discourage the prospective applicant to apply for a direct loan even when loan funds are limited or unavailable
- not make oral or written statements that would discourage any individual from applying for assistance based on any ECOA prohibited basis (race, color, religion, national origin, sex, marital status, age, applicants income deriving from public assistance, or because the applicant has in good faith exercised any right under the Consumer Protection Act)
- provide Exhibit 5 to all persons requesting an application

Notes: Information that would create unapproved paperwork burden will not be requested. Specifically, anything that asks the applicant to provide information to FSA is not allowed by the State without approval from the National Office.

Exhibit 5 will be available in a fillable format at <http://intranet.fsa.usda.gov> under form name "3-FLP Exhibit 5".

- provide assistance as necessary to help applicants complete the application.

Note: Information about race, national origin, sex, and marital status is collected on a voluntarily basis on FSA-2001 and FSA-2301.

41 Obtaining and Filing a Loan Application (Continued)

B Filing a Loan Application

[7 CFR 764.51(a)] A loan application must be submitted in the name of the actual operator of the farm. Two or more applicants applying jointly will be considered an entity applicant. The Agency will consider tax filing status and other business dealings as indicators of the operator of the farm.

Upon receiving an application for direct loan assistance the authorized agency official shall ensure that the type of operation reflected on FSA-2001 is consistent with any representations previously made by the applicant for FP benefits. * * *

*--If any difference in representations of the farming operation is identified, notify the applicant using FSA-2304 and insert the following for why the application is incomplete.

Note: See subparagraph 45 B for notification of incomplete application guidance.

“A review of your FSA records revealed inconsistent representations in how your farming operation is conducted. (Provide details of different representations identified by FSA records.) Documentation must be provided to resolve the inconsistencies identified prior to your application for assistance to be considered complete.”

Exception: An application will not be considered incomplete if the difference in representation is the result of either of the following:

- husband and wife representing themselves as a joint operation for FLP assistance but combined as a single person for FP
- producer participating in 2 separate and distinct operations.--*

When receiving an application from married persons, FSA cannot treat a married couple applying together the same way as 1 person applying individually. A married person may apply according to 1 of the following, depending on how the farm is operated.

- “As an individual” – A married person should apply as an individual when they are the operator of the farm, and the spouse has minimal involvement in the farm operation, particularly the day-to-day management and operations. In such cases, the nonfarming spouse will not be required to sign the application, except when required by State law to perfect a lien on marital or jointly owned property.

41 Obtaining and Filing a Loan Application (Continued)

B Filing a Loan Application (Continued)

- “As a joint operation” – Married persons should apply as a joint operation if they share the responsibilities of the farm including day-to-day management and operations, they wish to apply for the loan together, and they have not formed some other operating entity such as a partnership, LLC, trust, or corporation. When a married couple does apply as a joint operation, both parties must meet the eligibility requirements in Part 4.
- “As an entity” – If married persons have formed a legal entity (partnership, LLC, etc.), which operates the farm, the entity must apply for the loan.

Notes: Forming or changing the form of an entity can have significant tax and legal consequences. Loan officials should not advise applicants whether or not to form an entity, or what type of entity to form. It is appropriate to explain the impact of any proposed change to applicant structure on loan eligibility and on any existing FSA loans. Applicants considering entity formation or a change in operating structure should be strongly encouraged to seek guidance from qualified professionals such as a tax accountant or attorney.

An application from a husband and wife as a joint operation for FLP assistance, but who are combined as a single person for FP benefits, shall be considered as being the same type of operation, and therefore requires no corrective action.

All applicants, including an entity, should ordinarily file their loan application with the FSA FLP office serving the area where the headquarters of the farm operation is located. If the authorized agency official is not present in the office when the application is filed, the receiving office must immediately contact the office where the authorized agency official is located to determine whether the application needs to be forwarded to that office for processing.

Exceptions: For applications from:

- FSA employees and relatives of employees, see 3-PM
- applicants who have either filed a new discrimination complaint or have an outstanding discrimination complaint, contact DD and SED for direction on application processing.

In unclear cases, the authorized agency official should contact SED for a determination on where the applicant should file the loan application.

Electronic applications may be accepted from applicants who have Level 2 eAuth *-credentials. FAXed applications are acceptable; however, an original signature **must** be obtained on the application before loan approval.--*

41 Obtaining and Filing a Loan Application (Continued)***--C Notification of Targeted Funding and Limited Resource Interest Rates**

To determine whether an applicant is a member of a socially disadvantaged group, the applicant must voluntarily provide the applicant's ethnicity, race, and gender on FSA-2001 or FSA-2301. If the applicant will not voluntarily provide the ethnicity, race, or gender information, targeted funding will not be available.

FSA-2001 and FSA-2301 provide applicants notification that a portion of FO and OL funds are targeted for socially disadvantaged and beginning farmer assistance. In addition, FSA-2001 provides notification of the availability of limited resource interest rates for FO's and OL's.

See Exhibit 2 for definitions of beginning farmer, limited resource interest rates, socially disadvantaged applicant or farmer, and socially disadvantaged group.

Note: Targeted socially disadvantaged farmer funding is available for youth loans, but targeted beginning farmer assistance and limited resource interest rates are not--* available for youth loans.

D Technical Assistance

Agency officials are required to:

- inform applicants that FSA will provide technical assistance, if needed, to complete FSA forms and gather information necessary for a complete application
- explain the application procedure and process, and the requirements for a complete application
- assist applicants in completing FSA forms and identifying sources of information needed for a complete application, if assistance is requested
- inform applicants of other technical assistance providers who may be of assistance at minimal or no charge; examples include, but are not limited to the Cooperative Extension Service, institutions and organizations providing assistance under Section 2501 or other USDA outreach grants, SCORE, and other similar organizations
- advise applicants of alternatives that would help overcome barriers to being determined eligible, but caution that significant changes may have tax, estate planning, or other legal implications that may require consultation with an accountant, legal counsel, or other qualified expert.

41 Obtaining and Filing a Loan Application (Continued)**E SED Action**

SED's will prepare and publicize, at least semi-annually, through newspaper articles, radio announcements, and television broadcasts, that FSA targets direct and guaranteed loan funds *--to beginning and socially disadvantaged farmers. These required outreach efforts are in addition to information provided in State or Service Center newsletters.

Note: Outreach to assist these potential applicants will include maintaining and documenting close liaison and attending meetings with local, State, and national organizations serving beginning and socially disadvantaged farmers.--*

42 Complete Loan Application**A Requirements**

[7 CFR 764.51(b)] A complete loan application, except as provided in paragraphs (c) through (e) of this section, (paragraphs 42 through 44) will include:

[7 CFR 764.51(b)(1)] The completed Agency application form;

The application must be signed and dated by the applicant. An unsigned FSA-2001 or FSA-2301 will be returned to the applicant.

Note: Youth loan applications should be filed according to paragraph 44.

[7 CFR 764.51(b)(2)] If the applicant is an entity:

(i) A complete list of entity members showing the address, citizenship, principal occupation, and the number of shares and percentage of ownership or stock held in the entity by each member, or the percentage of interest in the entity held by each member;

(ii) A current personal financial statement from each member of the entity;

(iii) A current financial statement from the entity itself;

(iv) A copy of the entity's charter or any entity agreement, any articles of incorporation and bylaws, any certificate or evidence of current registration (good standing), and a resolution adopted by the Board of Directors or entity members authorizing specified officers of the entity to apply for and obtain the desired loan and execute required debt, security and other loan instruments and agreements;

Note: If entity documents require more than 1 member to apply, then all identified members must sign FSA-2001, Part E, item 18A.

42 Complete Loan Application (Continued)

A Requirements (Continued)

(v) In the form of married couples applying as a joint operation, items (i) and (iv) will not be required. The Agency may request copies of the marriage license, prenuptial agreement or similar documents as needed to verify loan eligibility and security. Items (ii) and (iii) are only required to the extent needed to show the individual and joint finances of the husband and wife without duplication.

*--For a married couple, FSA will accept any of the following to verify existence of a joint operation:

- applicable FSA-502
- jointly filed tax return
- marriage license
- prenuptial agreement
- similar documentation.--*

Ordinarily, individual financial statements are not required from a married couple applying as a joint operation. However, in States without community property laws and in some other States, individual financial statements may be necessary to obtain a complete picture of the financial situation. A State supplement will be issued when applicable to provide additional guidance and related information requirements for a married couple applying as a joint operation.

[7 CFR 764.51(b)(3)] A written description of the applicant's farm training and experience, including each entity member who will be involved in managing or operating the farm;

This requirement applies to either new applications or when significant changes to an applicant's operation have occurred. The applicant will provide the information using FSA-2302.

[7 CFR 764.51(b)(4)] The last 3 years of farm financial records, including tax returns, unless the applicant has been farming less than 3 years;

*--Financial information will be primarily provided by the applicant on FSA-2002. Additional financial records, such as balance sheets, may be requested if necessary, for the last 3 years.

The authorized agency official may request up to 2 additional years of farm financial records in extenuating circumstances, such as natural disasters or adverse economic conditions.

Note: The applicant may submit alternate documents as long as they contain all information collected on FSA-2002.--*

42 Complete Loan Application (Continued)**A Requirements (Continued)**

[7 CFR 764.51(b)(5)] The last 3 years of farm production records, unless the applicant has been farming less than 3 years;

Production information will be provided by the applicant on FSA-2003.

The authorized agency official may request up to 2 additional years of farm production records in extenuating circumstances, such as natural disasters or adverse economic conditions.

***--Note:** Applicant may submit alternate documents if all information collected on FSA-2003 is provided.--*

[7 CFR 764.51(b)(6)] Documentation that the applicant and each member of an entity applicant cannot obtain sufficient credit elsewhere on reasonable rates and terms, including a loan guaranteed by the Agency;

[7 CFR 764.51(b)(7)] Documentation of compliance with the Agency's environmental regulations contained in subpart G of 7 CFR 1940;

An applicant must have a current AD-1026 on file for all real estate owned or rented.

All real estate owned or rented on AD-1026 should be compared to FSA-2006 to determine whether all land is listed.

See RD Instruction 1940-G and 1-EQ for additional information on environmental regulations and requirements.

42 Complete Loan Application (Continued)

A Requirements (Continued)

[7 CFR 764.51(b)(8)] Verification of all non-farm income * * *;

--A self-employed applicant's income may be verified by 3 years of income tax returns.--

An applicant employed outside of the farm will submit either of the following:

- FSA-2004 authorizing FSA to send FSA-2014 to the applicant's employer
- 2 most recent earning statements.

Notes: The amount and dependability of income from a cosigner, including a nonapplicant spouse, will be verified using the listed format. See subparagraph 281 C for information about cosigner signature and eligibility requirements.

44 Youth Loan Requests**A Complete Youth Loan Application**

A youth loan application is submitted by using FSA-2301, which includes the majority of information for a youth loan application. See Part 8, Section 3 for more information on youth loans.

[7 CFR 764.51(d) For a youth loan request:

If an application is received and the applicant has not completed the section that identifies race, ethnicity, or gender of the applicant or members of the entity, the application will be processed as a non-SDA.

Exception: An application from an existing SDA, who has previously provided the documentation needed to qualify as SDA, does not need to resubmit qualifying information.

Note: Race, ethnicity, and gender determinations completed as observed by a FSA employee will not be used to qualify an applicant for SDA funding.

B Notification of Incomplete Application

When an application is received, if it is incomplete or the employee receiving the application cannot determine whether it is complete, the applicant will be provided with FSA-2303. If the applicant hand delivers the application, FSA-2303 will be provided to the applicant before the applicant leaves the office. In all other situations, FSA-2303 will be mailed to the applicant within 2 workdays of receiving an incomplete application.

45 Processing Loan Applications (Continued)

B Notification of Incomplete Application (Continued)

The authorized agency official must notify the applicant in writing within 10 calendar days, after receiving the incomplete application, by using FSA-2304. FSA-2304 will:

- state that the application cannot be processed until all required information is received
- offer assistance to the applicant if they do not understand what is required or are having difficulty obtaining the required information
- establish a due date for receiving the information of 20 calendar days from the date of FSA-2304.

***--Exception:** An EM application will not be withdrawn if the information required under 7 CFR 764.51(b)(14) (see subparagraph 42 A) is the only information that has not been received. Specifically, if accurate disaster year production information is not available, because of the producer having not completed harvest, the application will be held for a reasonable time to allow for the information to become available.

Note: FSA has determined that a reasonable time period is 3 months after the normal conclusion of harvest.

For EM's, insert the following on FSA-2304 for disaster year production information only.

“We must receive the following information by (add 20 days to the date the authorized agency official determines to be 3 months after the normal conclusion of harvest) so that we can continue processing your request for assistance.”--*

If information is needed from other USDA agencies, the agency official will inform those agencies and the applicant of the information needed, and note the date of the request in the running record. For operating loan applications, the agency official will request that the information be returned within 15 calendar days of receiving the request.

Note: If it is clear that the application will be rejected for obvious eligibility reasons, the authorized agency official shall provide an application rejection letter with appropriate appeal or review rights

45 Processing Loan Applications (Continued)

B Notification of Incomplete Application (Continued)

[7 CFR 764.52(b)] If the additional information is not received, the Agency will provide written notice that the application will be withdrawn if the information is not received within 10 calendar days of the date of this second notice.

- *--be sent certified mail or hand delivered

Note: If hand delivered, FSA must obtain a signed statement from the applicant acknowledging receiving FSA-2305 on the specific date.--*

- list the additional information needed
- state that the application cannot be processed until all required information is received and unless the applicant supplies the required information, the application will be withdrawn
- establish a due date for receiving the information of 10 calendar days from the date of FSA-2305
- contain the ECOA statement according to 1-FLP, paragraph 41.

Note: A copy of FSA-2305 must be sent to DD at the same time it is sent to the applicant.

FSA will withdraw the application if the additional material is not provided.

Applicants will be sent FSA-2306 to inform them that their application has been withdrawn.

*--FSA-2306 will be sent by certified mail or hand delivered.

Note: If hand delivered, FSA must obtain a signed statement from the applicant acknowledging receiving FSA-2306 on the specific date.--*

The withdrawn application will be maintained according to 25-AS.

* * *

45 Processing Loan Applications (Continued)**C Processing of Complete Application**

[7 CFR 764.53] Upon receiving a complete loan application, the Agency will:

Note: Insert the date the application was determined to be complete on either FSA-2001 or FSA-2301.

D Applicant Withdraws Application

The applicant may request that a loan application be withdrawn at any time during the loanmaking process.

If the applicant makes the request:

- in writing, the authorized agency official will send FSA-2306 and withdraw the application
- by phone, the authorized agency official will send FSA-2306 to the applicant that, per their request, the loan application will be withdrawn unless the applicant contacts the County Office within 10 calendar days of the date of the letter.

Note: The authorized agency official shall maintain withdrawn applications according to 25-AS.

E Reactivating Withdrawn Application

A withdrawn application may not be reactivated. The applicant must file a new application.

Note: Any information in the withdrawn file that is still current may be included with the new application. Generally, information less than 90 calendar days old, unless noted otherwise, is considered current.

45 Processing Loan Applications (Continued)

F Loan Processing When Civil Rights Complaint Has Been Filed

The filing of a civil rights complaint does not stop loan processing activity. If an application for assistance has been filed, that request must be processed according to FSA instructions.

Because failure to advise an applicant of their ineligibility may be considered an adverse action in itself, the authorized agency official should timely process all applications, in those instances where a discrimination complaint is filed, and notify the applicant of the decision. The authorized agency official must fully explain to the applicant the basis for the unfavorable eligibility or feasibility decision according to paragraph 266.

***--G Priority Consideration for Prevailing Claimants**

See current FLP notice for guidance on priority consideration.--*

46-60 (Reserved)

Part 4 General Eligibility and Loan Limitations

Section 1 Eligibility Requirements

61 Overview

A General

[7 CFR 764.101] The following requirements must be met, unless otherwise provided in the eligibility requirements for the particular type of loan.

See:

- paragraphs 62 through 72 for eligibility requirements
- subparagraph 281 C for loan document signature requirements.

62 Controlled Substances**A Controlled Substance Convictions Except Possession and Trafficking**

[7 CFR 764.101(a)] The applicant and anyone who will sign the promissory note must not be ineligible for loans as a result of a conviction for controlled substances according to 7 CFR 718 of this chapter.

Notwithstanding any other provision of law, any person convicted under Federal or State law of planting, cultivating, growing, producing, harvesting, or storing a controlled substance in any crop year shall be ineligible for any payment made under any Act, with respect to any commodity produced during the crop year of conviction and the 4 succeeding crop years, by such person.

B Convictions for Drug Trafficking and Possession

Applicants convicted of any Federal or State offense consisting of the distribution (trafficking) of a controlled substance shall, at the discretion of the court, be ineligible for any or all program payments and benefits:

- for up to 5 years after the 1st conviction
- for up to 10 years after the 2nd conviction
- permanently for a 3rd or subsequent conviction.

Applicants convicted of Federal or State offense for the possession of a controlled substance shall be ineligible, at the discretion of the court, for any or all program benefits, as follows:

- up to 1 year upon the 1st conviction
- up to 5 years after a 2nd or subsequent conviction.

Note: Consult with the Regional OGC Attorney before initiating any actions on cases involving controlled substance violations.

FSA-2001 and FSA-2301 both require applicants to certify that they are not ineligible for Federal benefits based on a conviction of any Federal or State controlled substance offense. Self-certifications on FSA-2001 and FSA-2301 will be the only documentation required involving convictions of controlled substances.

63 Legal Capacity**A General Requirements**

[7 CFR 764.101(b)] The applicant, and anyone who will sign the promissory note, must possess the legal capacity to incur the obligation of the loan. A Youth loan applicant will incur full personal liability upon execution of the promissory note without regard to the applicant's minority status.

The applicant must be of legal age, mental capacity, and have authority to enter into a legally binding agreement. If the applicant is an entity, all members must meet this requirement.

The authorized agency official must review documentation provided by entity applicants to ensure that the entity members meet legal capacity requirements.

Note: An entity that has members who have not reached the age of majority is ineligible for assistance because of the requirement that all entity members must sign FSA-2026 as an individual.--*

64 Citizenship**A General Requirement**

[7 CFR 764.101(c)] The applicant and anyone who will sign the promissory note must be a citizen of the United States, United States non-citizen national, or a qualified alien under applicable Federal immigration laws.

See:

- Exhibit 2 for the definition of U.S. noncitizen national and qualified alien
- Exhibits 8 and 9 for guidance about documentary evidence of U.S. noncitizen national citizenship and qualified alien status.

Note: The loan term to a qualified alien may not exceed the number of years of residency which they have been formally granted by the documents described in Exhibit 8.

65 Credit History**A General Requirement**

[7 CFR 764.101(d)] The applicant must have acceptable credit history demonstrated by debt repayment.

[7 CFR 764.101(d) (1)] As part of the credit history the Agency will determine whether the applicant will carry out the terms and conditions of the loan, and deal with the Agency in good faith. In making this determination, the Agency may examine whether the applicant has properly fulfilled its obligations to other parties, including other agencies of the Federal Government.

The authorized agency official may determine that an applicant is not creditworthy if the applicant:

- deliberately falsifies information
- intentionally omits information relevant to the loan decision
- does not make every reasonable effort to meet the conditions and terms of any previous FSA loan
- failed to make reasonable effort to resolve delinquencies with other lenders.

Note: Applicants who provide false information may also be subject to civil and/or criminal prosecution and should be referred by the authorized agency official to OIG.

65 Credit History (Continued)

A General Requirement (Continued)

[7 CFR 764.101(d) (2)] When the applicant caused the Agency a loss by receiving debt forgiveness, the applicant may be ineligible for assistance in accordance with eligibility requirements for the specific loan type. If the debt forgiveness is cured by repayment of the Agency's loss, the Agency may still consider the debt forgiveness in determining the applicant's creditworthiness.

FSA will not consider the following as debt forgiveness for loanmaking purposes:

- debt reduction through a conservation easement or contract
- any debt written off as part of the resolution of a discrimination complaint against FSA, including debt written off in conjunction with the *Pigford Consent Decree*

***--Note:** See current FLP notice for guidance on priority consideration.--*

- prior debt forgiveness that has been repaid in its entirety.

Notes: In the majority of cases under Chapter 11 of the Bankruptcy Code, the debt is discharged when the plan is confirmed (see 11 U.S.C. § 1141 (d) for exceptions to automatic discharge). In Chapter 12 and 13 cases, the discharge normally occurs, in 3 to 5 years, by court order. Debt forgiveness occurs when an applicant has completed all payments according to the plan and the unsecured FLP claim is written off. At that point, the applicant will be ineligible for most additional loans according to paragraphs 132, 172, and 232. Specifically, according to paragraphs 132, 172, and 232, the applicant may be eligible for annual production loans, but no other type of assistance.

An applicant who has successfully completed a bankruptcy reorganization plan will be considered to be current on the plan. Therefore, as long as the applicant remains current on the plan they may be eligible to receive annual production loans as outlined above. However, this status changes if the applicant subsequently becomes delinquent on any loans covered by the plan, including non-FSA loans. The denial for failure to comply with an approved bankruptcy plan is appealable. See 1-APP for further instruction.

65 Credit History (Continued)

B Verifying Direct Loan Losses

An agency official shall use the customer profile in DLS to enter SSN or tax ID number for the applicant and each individual who will sign FSA-2026.

IF...	THEN...
the applicant's SSN or tax ID is not found in DLS	a screen print of the page will be placed in position 3 of the case file.
the applicant's SSN or tax ID shows a previous debt in DLS	refer to the list of paid codes provided in Exhibit 10.
the paid code indicates debt forgiveness	<p>use the customer profile in DLS to determine the type, date, and amount of the debt forgiveness and if the debt forgiveness has been paid in full. History is available from 1989 to present. If the debt forgiveness was a write-down, determine the type, date, amount of the debt forgiveness, and if the debt forgiveness has been paid in full. If an equity record exists, the online history should be reviewed for partial write-downs.</p> <p>Note: A screen print of each page will be placed in position 3 of the case file.</p>
it is determined that the applicant or any individual who will sign FSA-2026 has received debt forgiveness that has not been paid in full	<p>review appropriate program regulations to determine if the type and date of the debt forgiveness makes the applicant ineligible for the type of assistance requested.</p> <p>Note: Exceptions for EM's still apply.</p> <p>The authorized agency official should document all findings in the case file.</p>

C Verifying Guaranteed Loan Losses

The authorized agency official shall access the View Loan Screen in GLS to verify previous debt forgiveness for guaranteed loans. At the Loan List Screen, enter the tax ID number or name of the applicant and each individual who will sign FSA-2026. The Loan List Screen will display previous and current loan information for the individuals entered. Detail information for a specific loan can be accessed by selecting the View Loan Screen from the "Action" drop-down box and clicking on the loan number hyperlink.

Note: A screen print of the View Loan Screen should be placed in the case file.

65 Credit History (Continued)

D Assessing Past Repayment Problems

[7 CFR 764.101(d)(3)] A history of failures to repay past debts as they came due when the ability to repay was within the applicant's control will demonstrate unacceptable credit history. The following circumstances, for example, do not automatically indicate an unacceptable credit history.

- (i) Foreclosures, judgments, delinquent payments of the applicant which occurred, more than 36 months before the application, if no recent similar situations have occurred, or Agency delinquencies that have been resolved through loan servicing programs available under 7 CFR Part 766 (5-FLP).**
- (ii) Isolated incidents of delinquent payments which do not represent a general pattern of unsatisfactory or slow payment.**
- (iii) "No history" of credit transactions by the applicant.**
- (iv) Recent foreclosure, judgment, bankruptcy, or delinquent payment when the applicant can satisfactorily demonstrate that the adverse action or delinquency was caused by circumstances that were of a temporary nature and were beyond the applicant's control; or was the result of a refusal to make full payment because of defective goods or service or other justifiable dispute relating to the purchase or contract for goods or services.**

Nonpayment of a debt because of circumstances within an applicant's control may be used as an indication of unacceptable credit history. The mere fact that an applicant filed bankruptcy will not be used as an indication of unacceptable credit history. The circumstances causing the nonpayment of debt must be considered.

When an applicant's credit history includes an adverse or delinquent account status, the authorized agency official shall meet with the applicant to discuss the questionable account. The objectives of the meeting are to gather information to determine whether the adverse account status was caused by circumstances beyond the applicant's control and to explain FSA creditworthiness requirements to the applicant. The meeting shall be documented in the running case record. If additional information is to be provided by the applicant as a result of the meeting, this will be confirmed with the applicant in writing.

66 Credit Elsewhere

A General Requirement

[7 CFR 764.101(e)] The applicant, and all entity members in the case of an entity, must be unable to obtain sufficient credit elsewhere to finance actual needs at reasonable rates and terms. The Agency will evaluate the ability to obtain credit based on factors including, but not limited to:

(1) Loan amounts, rates, and terms available in the marketplace; and

The applicant must certify in writing on FSA-2001 that the applicant is unable to obtain sufficient credit, with or without a guarantee, to finance the applicant's actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in the community in, or near, where the applicant resides for loans for similar purposes and periods of time.

(2) Property interests, income, and significant non-essential assets.

B Documentation Requirements for FO and OL

If, based on evaluation of the application, the authorized agency official determines the applicant:

- may qualify for credit elsewhere the authorized agency official:
 - may request applicant apply for credit from commercial lender and obtain letter of declination
 - may request applicant apply to additional lenders outside of local community
 - may pursue market placement according to 2-FLP, paragraph 72
 - must document results
- will not qualify for credit elsewhere the authorized agency official must document the reasons in the applicant's file.

Note: Applicants will be encouraged to supplement FO's and OL's with credit from other credit sources to the extent economically feasible and according to sound financial management practices.

The fact that an applicant has obtained credit for farm purposes through credit cards, finance companies, or other "sub-prime" lenders does not constitute failure to meet the test for credit unless the rates and terms for that credit are similar to the rates and terms offered on loans for the same purpose by other farm lenders in the community.

66 Credit Elsewhere (Continued)

C Documentation Requirements for an EM

An applicant for EM has different credit elsewhere requirements. To meet the requirements applicants must supply documentation according to subparagraph 232 F.

67 Delinquent Federal Debt and Unpaid Federal Judgments**A General Requirement**

[7 CFR 764.101(f)] As provided in 31 CFR Part 285, except for EM loan applicants, the applicant and anyone who will sign the Promissory Note must not be in delinquent status on any Federal debt, other than a debt under the Internal Revenue Code of 1986 at the time of loan closing. All delinquent debts, however, will be considered in determining credit history and ability to repay under this part.

The applicant must not be delinquent on any nontax Federal debt, not paid within 90 calendar days of the due date according to 31 CFR §285.13, or FSA guaranteed debt, a guaranteed loan will not be considered delinquent Federal debt until a final loss claim has been paid. Verification through the Department of Housing and Urban Development's CAIVRS, the credit report, ADPS Current/Past Debt and Borrower Cross Reference Inquiry screens, and GLS View Loan Screen is sufficient. However, if it becomes known, and verified, through other means that the applicant is delinquent on a Federal debt, this information must be considered when making an eligibility determination.

Note: Delinquent Federal tax debt only affects eligibility as it relates to credit history according to paragraph 65.

[7 CFR 764.101(g)] The applicant and anyone who signs the Promissory Note must have no outstanding unpaid judgments obtained by the United States in any court. Such judgments do not include those filed as a result of action in the United States Tax Courts.

The authorized agency official shall review debt verification obtained according to subparagraph 65 B.

B Resolving Delinquent Federal Debt and Judgments

Applicants who pay their delinquent Federal debt or judgment in full or otherwise resolve the *--delinquency or judgment before or at loan closing may be eligible.--*

Note: FSA will consider such debts as part of the creditworthiness eligibility requirement and in determining cash flow during the loan evaluation process.

68 Federal Crop Insurance Violations**A General Requirement**

[7 CFR 764.101(h)] The applicant, and all entity members in the case of an entity, must not be ineligible due to disqualification resulting from Federal Crop Insurance violation, according to 7 CFR Part 718.

Section 515(h) of FCIA provides that a person who willfully and intentionally provides any false or inaccurate information to FCIC or to an approved insurance provider with respect to a policy or plan of FCIC insurance after notice and an opportunity for a hearing on the record, will be subject to 1 or more sanctions, which may effect the applicants eligibility for all Federal assistance.

Applicants, as well as individual entity members, will self certify on FSA-2001 that they have not been disqualified. Additionally, RMA will notify the National Office of individuals and entities that have been disqualified as a result of crop insurance violations. The National Office will notify the State Office. State Offices shall notify the appropriate County Office.

Notes: See 7 CFR 718.11 for additional information on disqualifications.

Information on individuals and entities disqualified may be obtained from EPLS at <http://www.epls.gov>. Review of the EPLS web site is not mandatory.

69 Managerial Ability

A General Requirement

--For an entity to meet the requirements in this subparagraph, either the individual holding the majority interest in the entity or the individual responsible for the day-to-day operations of the entity must demonstrate sufficient managerial ability as described in this paragraph.--

[7 CFR 764.101(i)] The applicant must have sufficient managerial ability to assure reasonable prospects of loan repayment, as determined by the Agency. The applicant must demonstrate this managerial ability by:

[7 CFR 764.101(i)(1)] Education. For example, the applicant obtained a 4-year college degree in agricultural business, horticulture, animal science, agronomy, or other agricultural-related field.

To meet the managerial requirement through education alone, the applicant must document completing a comprehensive educational program in agriculture or an equivalent combination of hands-on experience and education. Acceptable educational programs include any of the following, as long as the programs are relevant to the planned operation:

- a 4-year college degree in agriculture business, horticulture, animal science, agronomy, or other agricultural related fields
- a 2-year degree from a technical college in agriculture business, horticulture, animal science, agronomy, or other agricultural related fields, provided that the applicant also has experience working on a farm
- vocational or general agriculture classes in high school, provided that the applicant also has experience working on a farm and participated in and successfully completed applicable projects in 4-H, FFA, or another agriculture affiliated group
- successful completion of farm management courses offered by the Cooperative Extension Service, a community college, adult vocational agricultural program, land grant university, or a similar program with academic integrity, provided that the applicant was raised and worked on a farm or is currently working on a farm.

[7 CFR 764.101(i)(2)] On-the-job training. For example, the applicant is currently working on a farm as part of an apprenticeship program.

To meet the managerial ability requirement through on-the-job training alone, the applicant must be currently working, or have recently worked, as hired farm labor with management responsibilities, as part of an apprenticeship program for at least 1 entire production and marketing cycle.

69 Managerial Ability (Continued)**A General Requirement (Continued)**

[7 CFR 764.101(i)(3)] Farming experience. For example, the applicant has been an owner, manager, or operator of a farm business for at least one entire production cycle. The farming experience must have been obtained within the last five years.

To meet the managerial ability requirement through farming experience alone, the applicant must have been 1 of the following:

- an owner of a farm business with management and operator responsibilities for at least 1 entire production and marketing cycle
- employed as a farm manager or farm management consultant for at least 1 entire production and marketing cycle
- raised on a farm and held significant responsibility for day-to-day management decisions for at least one entire production and marketing cycle.

The applicant must document this experience through tax returns, FSA farm records, or similar documentation.

The applicant may satisfy the managerial ability requirement through any equivalent combination of education, on-the-job training, and farm experience. The authorized agency official must consider each application on a case-by-case basis.

Applicants must demonstrate that they have carried out their operation according to standard farming practices in the area. The following are some examples of practices, which do not meet the requirement of having followed standard farming practices:

- planting crops that are not typically grown in that area because of risks associated with the existing climatic conditions
- late planting not because of disaster
- poor tillage practices
- poor breeding practices
- lack of good record keeping, including income and expense records, income tax records, and breeding records.

70 Borrower Training

A General Requirement

[7 CFR 764.101(j)] The applicant must agree to meet the training requirements in subpart J of this part (Part 13, Section 1).

71 Owner/Operator of a Family Farm

A General Requirement

[7 CFR 764.101(k)](1) The applicant must be the operator of a family farm after the loan is closed.

(2) For an entity applicant, if the entity members holding a majority interest are:

(i) Related by blood or marriage, at least one member must be the operator of a family farm;

(ii) Not related by blood or marriage, the entity members holding a majority interest must be the operators of a family farm.

(3) Except for EM loans, the collective interests of the members may be larger than a family farm only if:

(i) Each member's ownership interest is not larger than a family farm;

(ii) All of the members of the entity are related by blood or marriage; and

(iii) All of the members are or will become operators of the family farm; and

71 Owner/Operator of a Family Farm (Continued)

B Factors for Consideration

[7 CFR 764.101(k)(4)] If the entity applicant has an operator and ownership interest for farm ownership loans and emergency loans for farm ownership loan purposes, in any other farming operation, that farming operation must not exceed the requirements of a family farm.

See Exhibit 2 for the definition of what constitutes a family farm.

The authorized agency official must consider the following factors when making the family farm determination.

- Be recognized in the community as a farm. The applicant's farm operation must be large enough to be considered a working farm (as opposed to a "hobby farm," garden, or residence) and provide a significant financial return.
- Members of the farm family must make all the day-to-day farm management and operational decisions. The use of outside consultants or advisors is acceptable provided that someone in the farm family is the ultimate decision-maker.
- Family or entity members must supply a substantial amount of the full-time labor. This does not preclude using seasonally hired labor, but in most instances, the family should provide most of the day-to-day labor. Exceptions may be made for enterprises that produce high value, labor-intensive crops such as fruit or vegetables.
- Credit needs. Congress established FSA's loan limits to assist family sized operations. The loan limits generally ensure that loans are made to family farm operations.
- *--Loan participation arrangements are acceptable when FSA farm loans cannot meet the total credit needs of the applicant. However, if the FSA loan only represents a small portion of the total credit requirements, this may be an indication that the applicant is larger than a family-sized farm when all factors are considered. The authorized agency official must also fully consider if credit is available from another source, including a guaranteed loan.--*

To make a determination about the family farm requirement, the authorized agency official must judge the factors individually and also weigh and consider how the factors relate to each other. If the authorized agency official determines that the applicant's farm does not satisfy the definition of a family farm, the reasoning behind the authorized agency official's decision must be documented in the loan file.

72 Entity Composition**A General Requirement**

[7 CFR 764.101(l)] If the applicant is an entity, the entity members are not themselves entities. Entity applicants who are composed of other entities are not eligible applicants.

B Individual Members of Entity

Each member of the entity must meet the general and program-specific eligibility requirements. The 1 exception is the FO requirement for an owner-operator. See subparagraph 132 D.

C Married Persons

Married persons applying together shall be treated as a joint operation unless they form or have formed a legal entity before application for assistance. If they apply as a joint operation, both parties must meet the general and program specific eligibility requirements for the loan requested.

D Joint Operations

In the case of an informal joint operation, where no formal tax ID number has been assigned by a taxing authority, the persons requesting the assistance will designate which SSN will be used as primary to assign the case number.

72 Entity Composition (Continued)**E Treatment of Trusts**

SED's, after consultation with the Regional OGC, shall issue a State supplement about the following for trusts:

- security requirements when lending to trusts
- signature requirements on FSA-2026's and security instruments
- unique characteristics of State trust statutes.

In trusts cases, SED shall consult with the Regional OGC to determine if:

- nonparticipant beneficiaries, 3rd party trustees, beneficiaries of a revocable trust, and beneficiaries with only a future interest need to sign on behalf of the trust and as individuals
- submitted trust documents demonstrate valid organization under State law
- trustee has authority to mortgage trust property for the planned farming purposes.

F Life Estates

An FO involving a life estate may be made under certain circumstances to:

- both the life estate holder and the remainderman, if both:
 - have a legal right to occupy and operate the farm
 - are eligible for the loan independently
 - parties sign the note and lien instrument
- just the remainderman, if the remainderman has a legal right to operate the farm
- just the life estate holder, if:
 - there is no restriction placed on a life estate holder who occupies and operates a farm
 - the lien instrument is signed by the life estate holder, remainderman, and any other party having any interest in the security.

73 Final Eligibility Determination**A Eligible Applicants**

Within 5 calendar days of a favorable eligibility determination, the authorized agency official will provide written notification to the applicant using FSA-2308. The notification should clearly explain that a decision of eligibility does not constitute loan approval. When notifying the applicant of a favorable eligibility decision, the authorized agency official, if necessary, will schedule a meeting with the applicant to proceed with developing the loan docket.

The authorized agency official must document in the FBP Credit Action whether the applicant meets:

- all eligibility requirements
- SDA requirements
- the beginning farmer definition.

If the applicant is determined eligible and additional information becomes available that indicates the original eligibility determination was in error, the authorized agency official will reconsider the eligibility determination. The authorized agency office will clearly document in the case file whether the applicant still meets eligibility requirements. Written notification of the action taken will be sent to the applicant within 5 calendar days of the determination.

73 Final Eligibility Determination (Continued)**B Ineligible Applicants**

If the authorized agency official determines the applicant ineligible, the authorized agency official must:

- document in FBP and DLS the specific reasons for denial
- cite CFR references as applicable
- notify the applicant in writing, within 5 calendar days, of the determination providing appeal rights according to 1-APP and ECOA and nondiscrimination statements according to 1-FLP, paragraph 41.

Note: See paragraph 266 for further guidance on actions to be taken when an application is denied.

If the unfavorable decision is the result of a determination that the applicant is not creditworthy, the authorized agency official will meet with the applicant before sending a rejection letter to:

- discuss the credit report information in detail
- explain the reasons for the adverse decision
- provide the applicant with a copy of the credit report including the name and address of the credit reporting company and any other nonconfidential information used to make the creditworthiness decision
- inform the applicant that any dispute about the accuracy of the information in the credit report must be resolved between the credit reporting company and the applicant.

If the applicant fails to attend the meeting, a rejection letter will immediately be sent and the fact that the applicant failed to attend the meeting will be documented in the case file.

Note: If denial is based on information obtained from a source other than a credit reporting company, the applicant will be advised that the information can only be disclosed upon written request.

74 Limitations**A Program Limitations**

[7 CFR 764.102(a)] Limitations specific to each loan program are contained in subparts D through H of this part (Parts 7, 8, and 9).

B Maximum Loan Limits

[7 CFR 764.102 (b)] The total principal balance owed to the Agency at any one time by the applicant, or any one who will sign the promissory note, cannot exceed the limits established in § 761.8 of this chapter (1-FLP, paragraph 29).

C Loan Funds Used in the United States

[7 CFR 764.102(c)] The funds from the FLP loan must be used for farming operations located in the United States.

D Highly Erodible Soil and Wetlands Conversion

[7 CFR 764.102(d)] The Agency will not make a loan if the proceeds will be used:

- (1)** For any purpose that contributes to excessive erosion of highly erodible land, or to the conversion of wetlands;
- (2)** To drain, dredge, fill, level, or otherwise manipulate a wetland; or
- (3)** To engage in any activity that results in impairing or reducing the flow, circulation, or reach of water, except in the case of activity related to the maintenance of previously converted wetlands as defined in the Food Security Act of 1985.

Note: If NRCS has determined that the applicant has committed any of the above violations, a loan cannot be made until the violation has been corrected.

E Construction

[7 CFR 764.102(e)] Any construction financed by the Agency must comply with the standards established in § 761.10 of this chapter (1-FLP, Part 5).

F Non-eligible Enterprise

[7 CFR 764.102(f)] Loan funds will not be used to establish or support a non-eligible enterprise, even if the non-eligible enterprise contributes to the farm.

See Exhibit 2 for the definition of noneligible enterprise.

75-90 (Reserved)

Part 5 Loan Security

91 Security Requirements

A General

[7 CFR 764.103(a)] Security requirements specific to each loan program are outlined in subparts D through H of this part (Parts 7 through 9).

For the specific requirements for each direct loan program, see:

- paragraph 135 for FO security
- *--paragraph 154 for downpayment loan security--*
- paragraph 175 for OL security
- paragraph 215 for youth loan security
- paragraph 236 for EM security.

Advice on obtaining security will be obtained from OGC when necessary, especially on obtaining security when a life estate is involved.

B Adequate Security

[7 CFR 764.103(b)] All loans must be secured by assets having a security value of at least 100 percent of the loan amount, except for EM loans as provided in subpart H of this part (Part 9). If the applicant's assets do not provide adequate security, the Agency may accept:

[7 CFR 764.103(b)(1)] A pledge of security from a third party; or

In cases where nonapplicants will pledge chattel security, the authorized agency official will obtain either a signed CCC-10 and FSA-2028 from the nonapplicant authorizing FSA to file the required instrument to perfect FSA's lien or the nonapplicant can provide FSA-2318.

Note: FSA-2318 does not require using either CCC-10 or FSA-2028.

In unique situations, such as areas where land is held in communal rather than fee simple title, or where DOJ lacks jurisdiction, it may be necessary for SED, with advice from OGC, to issue a State supplement.

[7 CFR 764.103(b)(2)] Interests in property not owned by the applicant (such as leases that provide a mortgageable value, water rights, easements, mineral rights, and royalties).

The value of adequate security is established according to subparagraph 95 A.

91 Security Requirements (Continued)**C Additional Security**

[7 CFR 764.103(c)] An additional amount of security up to 150 percent of the loan amount will be taken when available, except for * * * downpayment loans and youth loans.

In the case of an entity, when all the security held by the entity does not meet the requirement for additional security up to 150 percent of the loan amount, FSA will take liens on personal assets held by individual members, as security to the extent that the members have suitable personal assets. The entity will select and notify FSA which asset it prefers to offer as security for the loan.

The authorized agency official will take security with a value that exceeds 150 percent of the loan amount if it is not practical to separate the property.

The value of additional security is established according to subparagraph 95 B.

Note: If a loan is in conjunction with EQIP, the EQIP contract will be considered the additional security needed to meet the 150 percent requirement.

D Choice of Security

[7 CFR 764.103(d)] The Agency will choose the best security available when there are several alternatives that meet the Agency's security requirement.

When there are several alternatives available, any 1 of which will meet the security requirements for the loan, the authorized agency official has the discretion to select the best alternative for obtaining adequate security. The choice of security the will be included on FSA-2313 which shall be sent by certified mail or hand delivery.

Notes: If hand delivered, FSA must obtain a signed statement from the applicant acknowledging receiving FSA-2313 on the specific date.

FSA primarily chooses between like types of security. For example, FSA will not choose chattel over real estate if real estate is the appropriate security for the loan and other real estate is available. FSA will also consider lien position when choosing security.

91 Security Requirements (Continued)

E Requirement to Obtain Liens on all Non-essential Assets

[7 CFR 764.103(e)] The Agency will take a lien on all assets that are not essential to the farming operation and are not being converted to cash to reduce the loan amount when each such asset, or aggregate value of like assets (such as stocks), has a value in excess of \$5,000. The value of this security is not included in the Agency's additional security
--requirement stated in paragraph (c) of this section (subparagraph C). This--
requirement does not apply to beginning farmer down payment loans and youth loans.

This requirement is intended to provide FSA with a security interest in assets that are not essential to the farming operation, but which the applicant cannot or will not convert to cash to reduce credit needs or outstanding obligations. This requirement applies to individual applicants, entity applicants, as well as all individual members of the entity.

***--The value of nonessential assets is:**

- not included as part of the 150 percent additional security requirement

Note: The value of the nonessential asset may be included in the adequate security value calculation if necessary, for the applicant to meet the 100 percent collateral requirement.--*

- is established according to subparagraph 95 B.

F Securing Multiple Loans

[7 CFR 764.104(d)] The same real estate may be pledged as security for more than one direct or guaranteed loan.

[7 CFR 764.105] The same chattel may be pledged as security for more than one direct or guaranteed loan.

92 Real Estate Security

A Overview

Real estate security includes land and permanent structures, including fixtures that can be described on the security instrument, such as bins, silos, and gutter cleaners. It also includes items that are considered part of the farm and ordinarily pass with the title to the farm. These items include assignments of leases and leasehold interests having mortgageable value, water rights, easements, rights-of-way, revenues, mineral rights, and royalties from mineral rights.

Different lien positions on real estate are considered separate and identifiable security.

B Agency Lien Position

[7 CFR 764.104(a)] If real estate is pledged as security for a loan, the Agency must obtain a first lien, if available. When a first lien is not available, the Agency may take a junior lien under the following conditions:

[7 CFR 764.104(a)(1)] The prior lien does not contain any provisions that may jeopardize the Agency's interest or the applicant's ability to repay the FLP loan;

Each prior lienholder must agree in writing on FSA-2361, before loan closing, to modify, waive, or subordinate such objectionable provisions to the interest of the Government.

[7 CFR 764.104(a)(2)] Prior lienholders agree to notify the Agency prior to foreclosure;

In some States, a prior lienholder may be able to foreclose the security instrument without providing junior lienholders notice of the foreclosure proceedings. In that case, any prior lienholder must agree in writing on FSA-2319 to:

- give FSA advance notice of foreclosure
- offer to assign the mortgage to FSA for the amount of the outstanding debt owed to the prior lienholder.

[7 CFR 764.104(a)(3)] The applicant must agree not to increase an existing prior lien without the written consent of the Agency; and

The applicant agrees on FSA-2029 to obtain permission from FSA before granting any additional security interest in the real estate.

[7 CFR 764.104(a)(4)] Equity in the collateral exists.

92 Real Estate Security (Continued)**C Liens on Real Estate Held Under a Purchase Contract**

[7 CFR 764.104(b)] If the real estate offered as security is held under a recorded purchase contract:

In a land purchase contract, the seller of the land, or contract holder, acts as a lender and continues to hold the title for the land. The purchaser of the land is essentially obtaining financing of a portion of the purchase price of the land from the seller. The property may be used for adequate or additional security for all types of direct loans.

[7 CFR 764.104(b)(1)] The applicant must provide a security interest in the real estate.

[7 CFR 764.104(b)(2)] The applicant and the purchase contract holder must agree in writing that any insurance proceeds received for real estate losses will be used only for one or more of the following purposes:

(i) To replace or repair the damaged real estate improvements which are essential to the farming operation;

(ii) To make other essential real estate improvements; or

(iii) To pay any prior real estate lien, including the purchase contract.

[7 CFR 764.104(b)(3)] The purchase contract must provide the applicant with possession, control and beneficial use of the property, and entitle the applicant to marketable title upon fulfillment of the contract terms.

[7 CFR 764.104(b)(4)] The purchase contract must not:

(i) Be subject to summary cancellation upon default;

(ii) Contain provisions which jeopardize the Agency's security position, or the applicant's ability to repay the loan.

[7 CFR 764.104(b)(5)] The purchase contract holder must agree in writing to:

The authorized agency official must ensure that conditions are met before closing a loan secured by a land purchase contract. The contract holder must agree to these conditions on a form obtained from OGC titled "Agreement of Vendor for the Benefit of the Lender".

92 Real Estate Security (Continued)**C Liens on Real Estate Held Under a Purchase Contract (Continued)**

- (i) Not sell or voluntarily transfer their interest without prior written consent of the Agency;**
 - (ii) Not encumber or cause any liens to be levied against the property;**
 - (iii) Not take any action to accelerate, forfeit, or foreclose the applicant's interest in the security property until a specified period of time after notifying the Agency of the intent to do so;**
 - (iv) Consent to the Agency making the loan and taking a security interest in the applicant's interest under the purchase contract as security for the FLP loan;**
 - (v) Not take any action to foreclose or forfeit the interest of the applicant under the purchase contract because the Agency has acquired the applicant's interest by foreclosure or voluntary conveyance, or because the Agency has subsequently sold or assigned the applicant's interest to a third party who will assume the applicant's obligations under the purchase contract;**
 - (vi) Notify the Agency in writing of any breach by the applicant; and**
 - (vii) Give the Agency the option to rectify the conditions that amount to a breach within 30 days after the date the Agency receives written notice of the breach.**
- [7 CFR 764.104(b)(6)] If the Agency acquires the applicant's interest under the purchase contract by foreclosure or voluntary conveyance, the Agency will not be deemed to have assumed any of the applicant's obligations under the contract, provided that if the Agency fails to perform the applicant's obligations while it holds the applicant's interest is grounds for terminating the purchase contract.**

92 Real Estate Security (Continued)**D Fixtures and Equipment**

Sometimes FSA must obtain a security interest in fixtures such as buildings that can be moved, including silos, modular buildings, and grain bins, or certain equipment. An item is generally considered a fixture if it is attached to:

- a building or other structure in such a way that it cannot be removed without defacing or dismantling the structure, or substantially damaging the fixture
- land, in such a way that it cannot be removed without substantially damaging the fixture.

Note: When determined necessary by OGC, a State supplement will be issued to further explain taking a security interest in fixtures.

Generally, a security interest taken in goods:

- before they become fixtures has priority over real estate interest holders
- after they become fixtures is valid against all person subsequently acquiring an interest in the real estate. However, it is not valid against persons who had an interest in the real estate when the goods became fixtures, unless they execute FSA-2317.

Liens on fixtures can be obtained in the following 2 ways, and some States require that both be done:

- the fixture may be described on the mortgage, which FSA prefers
- the lien may be filed on UCC1.

FSA requires a 1st lien on equipment or fixtures purchased or refinanced with direct OL funds.

A 1st lien is preferred, but a junior lien is acceptable if the equipment or fixtures are purchased with FO funds and secured by a mortgage on the land on which the fixtures reside. However, FSA requires a 1st lien on equipment or fixtures purchased by FO funds and secured by UCC1. This lien is needed only when the fixture cannot be included in the real estate lien, and when the best lien obtainable on all real estate does not provide adequate security for the loan.

92 Real Estate Security (Continued)

E Tribal Lands Held in Trust or Restricted

[7 CFR 764.104(c)] The Agency may take a lien on Indian Trust lands as security provided the applicant requests the Bureau of Indian Affairs to furnish Title Status Reports to the agency and the Bureau of Indian Affairs provides the report and approves the lien.

USDA and DOI have agreed that FSA loans may be made to American Indians and secured by real estate when title is held in trust or restricted status. When security is taken on real estate held in trust or restricted status, the applicant will request that BIA furnish the Title Status reports to the authorized agency official. The BIA's approval will be obtained on FSA-2029 after the applicant and any other party whose signature is required have signed FSA-2029.

F Leasehold Estates in Hawaii, Puerto Rico, and American Samoa

[7 CFR 764.104(e)] A loan may be secured by a mortgage on a leasehold, if the leasehold has negotiable value and can be mortgaged.

FSA can secure a loan with a leasehold property if the lease has a negotiable value and can be mortgaged, subject to the following conditions.

- The term of the lease extends beyond the repayment period of the loan for a period sufficient to ensure the objectives of the loan are achieved. If the loan repayment period is equal to or greater than the period of the lease, the applicant must provide other security or the lessor must agree in writing to compensate the applicant for the value of the improvements not depreciated when the lease expires or is terminated.
- The lessor must have clear and marketable title to the real estate or the lessor must have signed a contract to purchase the real estate. The contract and the lien instruments must not contain covenants, such as short redemption periods or rights to cancel, which may jeopardize FSA's security. Any provisions that may jeopardize FSA's security must be limited, modified, waived, or subordinated in favor of FSA.
- FSA, as holder of a mortgage upon a lease or leasehold interest, must hold a position on the security equivalent to or better than a 2nd mortgage. Besides the lessor's consent to the mortgage on the leasehold interest, FSA should consider whether:
 - there is reasonable security of tenure to ensure that the applicant's interest is not subject to summary forfeiture or cancellation
 - the right to foreclose the mortgage and sell without restrictions would adversely affect the salability or market value of the security

92 Real Estate Security (Continued)

F Leasehold Estates in Hawaii, Puerto Rico, and the American Samoa (Continued)

- FSA has a right to bid at a foreclosure sale or to accept voluntary conveyance instead of foreclosure
- FSA has the right, after acquiring the leasehold through foreclosure or voluntary conveyance instead of foreclosure, or in event of abandonment by the applicant, to occupy the property or sublet it, and to sell it for cash or credit

Note: In case of a credit sale, FSA should take a vendor's mortgage with rights similar to those under the original mortgage.

- the applicant has the right, in the event of default or inability to continue with the lease and the loan, to transfer the leasehold, subject to the mortgage, to an eligible transferee who assumes the debt
- advance notice will be given to FSA of the lessor's intention to cancel, terminate, or foreclose upon the lease

Note: The advance notice should be long enough to permit FSA to ascertain the amount of delinquencies, the total amount of the lessor's and any other prior interest, and the market value of the leasehold interest and, if litigation is involved, to refer the case with a report of the facts to the U.S. Attorney for appropriate action. At a minimum, the lessor should provide 30 days notice of intent to cancel, terminate, or foreclose on the lease.

- there are express provisions covering FSA's obligation to pay unpaid rental or other charges accrued at the time it acquires possession of the property or title to the leasehold, and that become due during FSA's occupancy or ownership, pending further servicing or liquidation
- there are any provisions to assure fair compensation to the lessee for any part of the premises taken by condemnation
- any other provisions are necessary to obtain an interest that can be mortgaged.

SED will issue a State supplement providing the necessary requirements, including forms for obtaining the required security. The State supplement, forms, and any revisions must have prior National Office approval before being issued.

G Assignment of Income from Real Estate to be Mortgaged

FSA may secure a loan with an assignment of income, such as selling off timber, selling off minerals, or income received from the sale of a right-of-way. The assignment will be perfected by using FSA-2044.

93 Other Security Requirements**A Special Security Requirements**

When OL's are made to eligible entities that consist of members who are presently indebted for OL's as individuals, or when OL's are made to eligible individuals who are members of an entity presently indebted for an OL, security must consist of chattel and/or real estate security that is separate and identifiable from the security pledged to FSA for any other direct or guaranteed loans.

Note: Different lien positions on real estate are considered separate and identifiable collateral.

The outstanding amount of loans made may not exceed the value of the collateral used.

B Assignment on Income in UCC States

The authorized agency official will determine whether or not an assignment will be obtained. In UCC States, an assignment of livestock or crop income constitutes a security instrument on income. The share lease, share agreement, or contract will be described specifically as "Contract Rights" or "Contract Rights in Livestock or Crops" on UCC1.

C How to Secure Income from Products and Program Payments

Assignments, consents, and security interest relating to income from products and program payments will be used when necessary to protect the Government's interest according to the following.

- FSA-2041 to assign products or income in which FSA does not have a security interest under UCC. Other forms approved by OGC may be used when FSA-2041 is not adequate.
- FSA-2042 for contract products or income, except dairy products in which FSA has a security interest under UCC.
- FSA-2043 to assign dairy products in which FSA has a security interest under UCC.
- Forms provided by the FSA FP's will be used for assigning incentive and other agricultural program payments.

94 Exceptions to Security Requirements**A Overview**

[7 CFR 764.106] Notwithstanding any other provision of this part, the Agency will not take a security interest:

See subparagraphs B through G for when FSA will not take a security interest on property.

B Jeopardizing Operating Credit

[7 CFR 764.106(a)] When adequate security is otherwise available and the lien will prevent the applicant from obtaining credit from other sources;

FSA will not take a lien on chattel property if it will prevent the applicant or members of an entity applicant from obtaining operating credit from other sources.

In some situations FSA will not take a security interest on an asset, either because of liabilities associated with the security itself, or because the financial position of the applicant would be jeopardized. FSA may take a security interest in these situations only if real estate and chattel security have not provided adequate security.

C Environmental and Historical Impact

[7 CFR 764.106(b)] When the property could have significant environmental problems or costs as described subpart G of 7 CFR Part 1940;

A lien will not be taken on property that could have significant environmental problems or costs, for example, any known or suspected:

- underground storage tanks
- hazardous wastes
- contingent liabilities
- wetlands
- endangered species
- historic properties.

See 1-EQ and FmHA Instruction 1940-G for more information on environmental assessments and requirements.

94 Exceptions to Security Requirements (Continued)**D Lien Position Cannot Be Perfected**

[7 CFR 764.106(c)] When the Agency cannot obtain a valid lien;

SED shall issue a State supplement about areas where DOJ has no jurisdiction or has advised FSA that because of the lack of a Federal District Court, they will not litigate civil cases.

E Personal Residence of Applicant

[7 CFR 764.106(d)] When the property is the applicant's personal residence and appurtenances and:

(1) They are located on a separate parcel; and

(2) The real estate that serves as security for the FLP loan plus crops and chattels are greater than or equal to 150 percent of the unpaid balance due on the loan;

Note: The 150 percent should be the equity value, after taking prior liens into consideration.

F Other Assets of Applicant

[7 CFR 764.106(e)] When the property is subsistence livestock, cash, working capital accounts the applicants uses for the farming operation, retirement accounts, personal vehicles necessary for family living, household contents, or small equipment such as hand tools and lawn mowers; or

94 Exceptions to Security Requirements (Continued)

G Softwood Timber

[7 CFR 764.106(f)] On marginal land and timber that secures an outstanding ST loan.

FSA is statutorily prohibited from taking additional liens on property securing a softwood timber loan.

H Title Held by Contractor

When the title to a livestock or crop enterprise is held by a contractor under a written contract or the enterprise is to be managed by the applicant under a share lease or share agreement, an assignment of all or part of the applicant's share of the income will be taken. A form approved by the Regional OGC will be used to obtain the assignment.

I Documenting Exceptions

When security is not taken for any of the mentioned reasons, the authorized agency official must document the decision in the running record.

95 Appraisals and Values

A Adequate Security

[7 CFR 764.107(a)] The value of real estate will be established by an appraisal completed in accordance with §761.7 (1-FLP) of this chapter.

A real estate appraisal is required when real estate is taken as primary security and the amount of the loan to be secured by the real estate exceeds \$50,000.

A new real estate appraisal is not required if the latest appraisal report available is not over 1 year old, unless significant changes in the market value of real estate have occurred in the area within the 1 year period.

[7 CFR 764.107(b)] The value of chattels will be established as follows:

An appraisal will be completed to determine market value and applicant equity when:

- an initial loan is made on all chattel property owned by the applicant, and on chattel property to be acquired when the item can be specifically identified
- a subsequent loan is made to refinance chattel debt
- a subsequent loan is made and the existing chattel appraisal is more than 2 years old.

(1) The security value of annual livestock and crop production is presumed to be 100 percent of the amount loaned for annual operating and family living expenses, as outlined in the approved farm operating plan.

(2) The value of livestock and equipment will be established by an appraisal completed in accordance with §761.7 (1-FLP) of this chapter.

B Additional Security and Nonessential Assets

*--A real estate appraisal is not required when real estate or chattels are taken as additional security.

The loan approval or other authorized agency official, to whom SED delegated authority under 1-FLP, will estimate the market value of additional security, real estate or chattel security, and nonessential assets.--*

The authorized agency official must document the value in the running record, along with the basis for the estimate. If the applicant disagrees with the estimated values, FSA may accept an appraisal from the applicant, obtained at the applicant's expense, if the appraisal meets all FSA requirements.

96–110 (Reserved)

Part 6 Insurance**111 Overview****A Adequate Insurance**

[7 CFR 764.108] The applicant must obtain and maintain insurance equal to the lesser of the value of the security at the time of loan closing or the principal of all FLP and non-FLP loans secured by the property, subject to the following:

(a) All security, except growing crops, must be covered by hazard insurance if it is readily available (sold by insurance agents in the applicant's normal trade area) and insurance premiums do not exceed the benefit. The Agency must be listed as loss payee for the insurance indemnity payment or as a beneficiary of the mortgagee loss payable clause.

The insurance obtained by the applicant, at a minimum, should be the standard insurance policy for the locality in which the property is located. The policy must include the terms and coverage commonly available in the locality.

B Qualifications of Insurance Agents and Companies

The applicant is responsible for selecting the agent for property insurance coverage. The applicant should obtain insurance, if possible, from an insurance agent in the locality where the property is located.

The insurance agent must be licensed to sell insurance within the State.

The company supplying the policy should be licensed or otherwise authorized by law to transact the business in the State or other jurisdiction where the property is located. State insurance regulators can provide information about the licensing status of companies.

If the required insurance is not available at comparable rates from an insurance company licensed or otherwise authorized to do business, the authorized agency official may accept insurance from another company if:

- OGC advises that policies issued by the company will be enforceable in the State
- SED determines that the company is reputable and financially sound.

112 Type of Insurance Required**A Hazard Insurance**

See subparagraphs B through D for general insurance requirements.

Insurance is required if the security is the applicant's dwelling, other buildings, and chattels that are necessary for the farm operation or that provide income to ensure the orderly repayment of the loan.

The authorized agency official may waive the insurance requirement if 1 or more of the following conditions apply:

- cost of insurance is very high in comparison with the value of the building
- building is subject to very slight hazards because of its construction
- building has a depreciated value of \$2,500 or less.

The minimum amount of coverage for:

- buildings and improvements shall be equal to the lesser of the value of security or the cumulative principal owed on all FLP loans at the time of loan closing
- chattels shall be the lesser of the tax value or depreciated value.

B Flood Insurance

[7 CFR 764.108(b)] Real estate security located in flood or mudslide prone areas must be covered by flood or mudslide insurance. The Agency must be listed as a beneficiary of the mortgagee loss payable clause.

The contents of a building must be insured separately from the building itself.

112 Type of Insurance Required (Continued)

C Crop Insurance

[7 CFR 764.108(c)] Growing crops used to provide adequate security must be covered by crop insurance if such insurance is available. The Agency must be listed as loss payee for the insurance indemnity payment.

***--Note:** This reference applies when FSA is actually financing the crop with loan funds. In these cases, the requirement for crop insurance cannot be waived.

If perennial crops are used to secure loans with a term of more than 1 year, the applicant will be required to obtain crop insurance in all subsequent years until the loan is paid in full.--*

[7 CFR 764.108(d)] Prior to closing the loan, the applicant must have obtained at least the catastrophic risk protection level of crop insurance coverage for each crop which is a basic part of the applicant's total operation, if such insurance is available, unless the applicant executes a written waiver of any emergency crop loss assistance with respect to such crop. The applicant must execute an assignment of indemnity in favor of the Agency for this coverage.

***--Note:** This reference applies when FSA is not financing the crop with loan funds.--*

113 Documentation**A General**

Before loan closing, applicants must provide the applicable documentation required according to subparagraphs B and C.

B Documentation of Hazard and Flood Insurance

An applicant should demonstrate hazard or flood insurance coverage by 1 or more of the following documents:

- an insurance policy showing the effective date
- an endorsement to a policy showing the effective date
- a written binder showing the effective date
- a “declaration” page furnished by the insurance company, clearly stating that it is an original declaration page, and showing the effective date
- a receipt for insurance premiums, if the receipt shows the period covered.

An applicant relying on a written binder or receipt for premiums must submit an acceptable insurance policy or endorsement to the authorized agency official within 60 calendar days after the effective date of the policy and before the expiration date of the binder.

The applicant must demonstrate, either through receipts for insurance premiums or another way, that the insurance is effective for at least 12 months following loan closing.

Coverage for a building under construction should be demonstrated by either coverage under a builder’s risk:

- policy naming the applicant as the insured
- endorsement for a policy issued to the applicant.

A policy or endorsement used to cover a building while the building is under construction must convert automatically to full coverage once the building is completed or the applicant must obtain other acceptable coverage.

The authorized agency official shall not rely upon a builder’s risk policy issued to the contractor who is constructing the building.

113 Documentation (Continued)

C Documentation of Crop Insurance

An applicant should demonstrate crop insurance by evidence of 1 of the following, as applicable:

- CAT
- crop insurance policy
- FSA-570.

114 Indemnity

A General

The insurance provider must complete FSA-2320, attach to the insurance policy, endorsement, or binder, and provide to the authorized agency official before closing. The mandatory mortgage clause in FSA-2320 provides that loss or damage under the policy shall be payable to the FSA as mortgagee.

If the standard mortgage clause in FSA-2320 has been incorporated into the language and is printed in the terms of the policy adopted for use in a State, a separate FSA-2320 is not required.

If using a mortgage clause other than the standard mortgage clause on FSA-2320 has been made mandatory by State law or insurance regulation, SED should issue a State supplement about using that mortgage clause.

115-130 (Reserved)

Part 7 Farm Ownership Programs**Section 1 FO's****131 Uses****A General**

[7 CFR 764.151] FO loan funds may only be used to:

See subparagraphs B through F for FO uses.

B Farm Purchases

FO funds may only be used to:

[7 CFR 764.151(a)] Acquire or enlarge a farm or make a down payment on a farm;

Examples include, but are not limited to, the purchase of easements, the applicant's portion of land being subdivided, purchase of cooperative stock, appraisal and survey fees, and participation in special FO programs. Downpayments are authorized as a loan purpose subject to the following.

- A deed is obtained and the transaction is properly documented by debt and security instruments.
- Any prior liens meet the FO security requirements for FSA's junior lien position.
- For contract purchases, purchase contracts must properly obligate the buyer and seller to fulfill the terms of the contract, provide the buyer with possession, control, and beneficial use of the property, and entitle the buyer to marketable title upon fulfillment of the contract terms. The deed must be held in trust by a bonded agent until transferred to the buyer. Upon a buyer's default, the seller must give FSA written notice of the default and a reasonable opportunity to cure the default. The applicant must repay any sums advanced by FSA.

131 Uses (Continued)

B Farm Purchases (Continued)

The authorized agency official should advise the applicant to have an understanding with the seller on such items as:

- land description and number of acres
- buildings and fixtures included in the transaction

Note: The applicant should determine the condition of property attached to the land and the working condition of any fixtures with movable parts.

- minerals and the effect any mineral reservation has on the land value and operating it as a farm
- access to the land or any part of it
- the party responsible for taxes and insurance
- the party who will receive the income from the land during the crop year of the transaction.

C Capital Improvements

FO funds may only be used to:

[7 CFR 764.151(b)] Make capital improvements to a farm owned by the applicant, for construction, purchase or improvement of farm dwellings, service buildings or other facilities and improvements essential to the farming operation. In the case of leased property, the applicant must have a lease to ensure use of the improvement over its useful life or to ensure that the applicant receives compensation for any remaining economic life upon termination of the lease;

FO funds can be used to purchase, improve, or build any type of structure, including a dwelling that either adequately meets family needs or is modest in size, cost, and design, provided the structure is related to the farming enterprise. The dwelling shall be located on ~~the farm~~ when FO funds are used to purchase the dwelling. However, the applicant already owns a dwelling located close to the farm, FO funds may be used to repair or improve the dwelling.~~--*~~

An applicant must be the owner of the property, or hold a lease interest for the property, which has a term at least equal to the term of the proposed loan on the property, which the improvement is to be made. In the case of Indian tribal lands, trust properties, and Hawaiian homelands, the applicant's leasehold must show an ownership interest as specified by a State supplement.

131 Uses (Continued)**D Soil and Water Conservation and Protection**

FO funds may only be used to:

[7 CFR 764.151(c)] Promote soil and water conservation and protection;

Examples include the correction of hazardous environmental conditions and the construction or installation of tiles, terraces, and waterways. All soil and water conservation projects are subject to the limitations in subparagraph 74 D.

E Loan Closing Costs

FO funds may only be used to:

[7 CFR 764.151(d)] Pay loan closing costs;

FO funds may not be used to pay loan packaging or consultant fees associated with applying for or obtaining a FSA loan.

F Refinance Bridge Loan

FO funds may only be used to:

[7 CFR 764.151(e)] Refinance a bridge loan if the following conditions are met:

- (1) The applicant obtained the loan to be refinanced to purchase a farm after a direct FO was approved;**
- (2) Direct FO funds were not available to fund the loan at the time of approval;**
- (3) The loan to be refinanced is temporary financing; and**
- (4) The loan was made by a commercial or cooperative lender.**

Note: Refinancing of a bridge loan is not guaranteed. The applicant and the lender must understand that the anticipated FO is subject to all conditions of loan approval and availability of funds. FSA personnel shall not make any commitments or imply that a bridge loan will be refinanced.

132 Eligibility**A General Eligibility**

[7 CFR 764.152] The applicant:

[7 CFR 764.152(a)] Must comply with the general eligibility requirements established at § 764.101 (paragraphs 62 through 72);

FO program specific eligibility is addressed in this paragraph. If different from the general eligibility in paragraphs 62 through 72, the information in this paragraph 132 is to be substituted for those portions.

B No Prior Debt Forgiveness

The applicant:

[7 CFR 764.152(b)] And anyone who will sign the promissory note, must not have received debt forgiveness from the Agency on any direct or guaranteed loan;

The authorized agency official shall review debt verification obtained under subparagraph 65 B to determine whether there is any prior loss by the Government.

C FO Individual and Entity Owner and Operator Requirement

The applicant:

[7 CFR 764.152(c)] Must be the owner-operator of the farm financed with Agency funds after the loan is closed. In the case of an entity:

(1) The entity is controlled by farmers engaged primarily and directly in farming in the United States, after the loan is made;

(2) The entity must be authorized to own and operate the farm in the State in which the farm is located;

(3) If the entity members holding a majority interest are:

(i) Related by blood or marriage, at least one member of the entity must operate the farm; * * *

(ii) Not related by blood or marriage, the entity members holding a majority interest must * * * operate the farm.

132 Eligibility (Continued)

D FO Owner and Operator Past Farm Responsibility

--The applicant:--

[7 CFR 764.152(d)] And in the case of an entity, one or more members constituting a majority interest, must have participated in the business operations of a farm for at least 3 years out of the 10 years prior to the date the application is submitted.

Factors to determine participation in the business operations of a farm are similar to those for determining adequate farming experience necessary to ensure a reasonable prospect of success in the operation.

Note: The applicant need not have been the primary operator.

Significant responsibilities include, but are not limited to:

- decisions to cull livestock
- selection of seed varieties and weed control programs
- determination of whether equipment should be repaired or replaced
- selection of input suppliers
- selection of feeding programs or strategies.

Applicants must thoroughly document participation in the business operation of a farm and verify that participation was not solely as a laborer. Documentation includes but is not limited to:

- copies of farm business operation related bills or statements with applicant's name
- copies of checks with applicant's signature for payment of farm business operation related goods or services
- written statements from other parties with knowledge of applicant's role and responsibilities in the business operation of a farm.

For an individual applicant to be an operator, the applicant must have materially and substantially participated and provided day-to-day labor and management of the farm for at least 3 years, such that if the individual did not provide these inputs, operation of the farm would have been seriously impaired.

For an entity applicant to be an operator, 1 or more members constituting a majority interest must have materially and substantially participated in the operation of the farm for at least 3 years. Material and substantial participation requires that the members provided a significant amount of management or management and labor necessary for day-to-day activities, such that if the members did not provide these inputs, operation of the farm would have been seriously impaired.

132 Eligibility (Continued)**D FO Owner and Operator Past Farm Responsibility (Continued)**

Example 1: Jane Doe applies for an FO to purchase a hog farm in Illinois. She is currently practicing law in Seattle. She indicates on her application that she was raised on a family farm in Illinois, where it was her job to feed and tend to the hogs. It turns out the entire family moved to the city of Seattle when she was 12 years old. She is ineligible since she has not operated or participated in the business operations of a farm.

Example 2: Jane Smith applies for an FO to purchase a hog farm adjacent to the 1 currently owned by her mother. She recently graduated from veterinary school. In between college and veterinary school, she spent 4 years working on the family hog farm. Her father had died while she was in college and she assumed responsibility for the farm, and continued to oversee the day-to-day operation of the farm while she attended veterinary school. She is deemed to have complied with this eligibility requirement since she has had significant responsibility for the day-to-day business operations of a farm for more than 3 years.

E Term Limits

The applicant;

[7 CFR 764.152(e)] And anyone who signs the promissory note must satisfy at least one of the following conditions:

[7 CFR 764.152(e)(1)] Meet the definition of a beginning farmer;

[7 CFR 764.152(e)(2)] Have not had a direct FO loan outstanding for more than a total of 10 years prior to the date the new FO loan is closed.

[7 CFR 764.152(e)(3)] Have never received a direct FO loan.

133 Limitations**A General**

[7 CFR 764.153] The applicant must:

[7 CFR 764.153(a)] Comply with the general limitations established at § 764.102 (paragraph 74);

[7 CFR 164.153(b)] Have dwellings and other buildings necessary for the planned operation of the farm available for use after the loan is made.

The necessary buildings must be located on the applicant's farm, except when the:

- applicant already owns an adequate, decent, safe, and sanitary dwelling suitable for the family's needs that is located close enough to the farm so the farm may be operated successfully
- applicant has a long-term lease on acceptable rented buildings that are adjacent to or near the farm
- applicant occupies suitable buildings that the applicant will eventually inherit or be permitted to purchase from a relative
- farm does not have an adequate dwelling and the applicant owns a suitable mobile home that will be used as the applicant's home.

Note: FSA does not consider a mobile home to add value to the farm; however, FO funds may be used to finance anchoring the home and water and sanitary requirements.

B Loan Limits

See 1-FLP, paragraph 29 for FO limits.

C Refinancing

Refinancing of real estate debt is prohibited except for bridge loans according to subparagraph 131 F.

133 Limitations (Continued)**D Compliance with Special Laws and Regulations**

Applicants will be required to comply with applicable Federal, State, and local laws and regulations governing building construction; diverting, appropriating, and using water including use for domestic purposes; installing facilities for draining land; and making changes in the use of the land affected by zoning regulations.

SED and FLP staff will consult with NRCS, U.S. Geological Survey, State Geologist or Engineer, or any board having official functions relating to water use or farm drainage requirements and restrictions for water and drainage development. SED shall issue State supplements to provide guidelines which:

- state all requirements to be met, including the acquisition of water rights
- define areas where development of ground water for irrigation is not recommended
- define areas where land drainage is restricted.

134 Joint Financing Arrangements**A General**

[7 CFR 764.154(a)(3)] If the FO loan is part of a joint financing arrangement and the amount of the Agency's loan does not exceed 50 percent of the total amount financed, the Agency will use the Farm Ownership participation rate, available in each Agency office.

FSA encourages using joint financing arrangements. In such arrangements, an applicant obtains financing from another lender, which can be a commercial lender, a State program, or *--the seller of a farm. The applicant will use this financing along with FSA financing for any authorized FO purpose.--*

See 1-FLP, Exhibit 17 for interest rates.

Other lender's loans may be guaranteed by FSA. See 2-FLP.

B FSA Loan Made at Same Time as Other Lenders

When an FO is made at the same time as a loan from another lender, that lender's lien will have priority over the FSA lien unless otherwise agreed. The lender's lien priority can cover payment of taxes, property insurance, reasonable maintenance to protect the security, and reasonable foreclosure cost including attorney's fees in addition to principal and interest.

135 Rates, Terms, Payments, and Security**A Rates**

[7 CFR 764.154(a)(1)] The interest rate is the Agency's Direct Farm Ownership rate, available in each Agency office.

See 1-FLP, Exhibit 17 for interest rates.

[7 CFR 764.154(a)(2)] The limited resource Farm Ownership interest rate is available to applicants who are unable to develop a feasible plan at regular interest rates.

See subparagraph 261 C for more information on limited resource loans when the farm operating plan shows that installments at the higher rate, along with other debts, cannot be paid during the period of the plan.

[7 CFR 764.154(a)(4)] The interest rate charged will be the lower of the rate in effect at the time of loan approval or loan closing.

B Terms

[7 CFR 764.154(b)] The Agency schedules repayment of an FO loan based on the applicant's ability to repay and the useful life of the security. In no event will the term be more than 40 years from the date of the note.

The FO term may not exceed the useful life of the security or 40 years, whichever is less.

When setting the term, the authorized agency official must review:

- FBP or other similar plans of operation to establish repayment ability
- the appraisal to establish the useful life of the security.

The specific term of a loan is determined by the applicant's projected ability to repay the loan as shown by FBP or other farm plan developed according to 1-FLP, Part 8.

135 Rates, Terms, Payments, and Security (Continued)**B Terms (Continued)**

The loan term must be the minimum period of time that the projected ability to repay will allow. Loan terms are considered in 5-year increments.

Example: If a 15-year term would not result in a feasible plan, then 20 years would be considered, then 25 years, and so on until the resulting installment will fit in a feasible plan.

Repayment terms that include balloon installments are prohibited.

Note: Balloon installments result when scheduled payments are insufficient to pay the loan without requiring a final installment that exceeds twice the amount of a regularly amortized installment.

C Payment Frequency

All notes are scheduled with annual payments. Assignments or FSA-2027 can be put in place to collect payments that correspond with the income stream of the applicant's operation.

The minimum scheduled annual payment for the first 5 years must be the interest accrued on the principal balance. The applicant must be informed that no reduction will be made in principal when an interest only payment is scheduled. FSA typically considers such payments when a farming operation is new and not fully developed, but will have a future income stream. One example of such an operation is establishing a new orchard.

D Security

[7 CFR 764.155] An FO loan must be secured:

[7 CFR 764.155(a)] In accordance with §§ 764.103 through 764.106 (paragraphs 91 *--through 94);--*

[7 CFR 764.155(b)] At a minimum, by the real estate being purchased or improved.

136 Subsequent Loans

A General

A subsequent FO is a loan made to an applicant who is currently in debt for an FO.

A subsequent loan may be made for the same purpose, under the same conditions, and processed in the same manner as an initial loan.

A new real estate mortgage will not be necessary provided:

- a new mortgage is not required by State law
- that all the land which will serve as security for the subsequent loan is described on the present real estate mortgage
- the real estate mortgage has a future advance clause and a State supplement provides authority for using such a clause
- the required lien priority is obtained with the existing mortgage and future advance clause.

SED shall issue a State supplement about when to obtain a new mortgage for a subsequent loan.

137 Program Outreach**A General**

In addition to outreach requirements in subparagraph 41 E, SED shall be responsible for publicizing the Direct FO program, including the Down Payment FO Loan program, to the maximum extent practical by:

- maintaining efforts to inform potential applicants and retiring farmers of the program
- coordinating with State Beginning Farmer programs and other organizations that assist beginning farmers * * *.

B Relationship between FSA and a State Beginning Farmer Program

--SED's are delegated authority to execute MOU with any State Beginning Farmer program-- expressing an interest in coordinating financial assistance to beginning farmers. MOU must be executed within 60 days of the State notifying SED in writing of such interest, and will be developed according to Exhibit 16.

Under MOU, FSA will agree to provide qualified beginning farmers with a downpayment loan under Section 2 and/or a guarantee of the balance of the purchase price provided by the State program.

This agreement will be subject to applicable law, loan approval requirements, and the availability of funds. FSA will not charge a fee to obtain or retain a guarantee in connection with any joint funding under MOU.

If any changes are made to MOU, the Regional OGC will be consulted before signing MOU. *--SED's will send copies of signed MOU's to LMD by mail to:

Director
USDA FSA DAFLP LMD
STOP 0522
1400 Independence Ave SW
Washington DC 20250-0522.--*

Section 2 * * * Downpayment Program

151 Uses

A General

**[7 CFR 764.201] * * * Downpayment loan funds may be used to partially finance the
*--purchase of a family farm by an eligible beginning farmer or socially disadvantaged
farmer.--***

152 Eligibility**A Requirements**

[7 CFR 764.202] The applicant must:

[7 CFR 764.202(a)] Comply with the general eligibility requirements established at § 764.101 (paragraphs 62 through 72) and the FO eligibility requirements of § 764.152 (paragraph 132); and

***--[7 CFR 764.202(b)] Be a beginning farmer or socially disadvantaged farmer.**

See Exhibit 2 for the definition of a beginning farmer and socially disadvantaged farmer.

B Farm Size for Beginning Farmers--*

The applicant's operation must not exceed the size established under the beginning farmer definition.

If the farm is located in more than 1 county, FSA uses the median farm acreage of the county where the applicant's residence is located.

If the applicant's residence is not located on the farm or if the applicant is an entity, FSA uses the median farm acreage of the county where the largest portion of the farm is located.

The median county farm acreage is published in a State supplement.

***--Note:** Farm size does **not** apply to socially disadvantaged applicants. However, the family-sized farm requirement under § 764.101 does apply.--*

153 Limitations

A General

[7 CFR 764.203(a)(1)] The applicant must:

(1) Comply with the general limitations established at § 764.102 (paragraph 73); and

B Minimum Downpayment

The applicant must:

--[7 CFR 764.203(a)(2)] Provide a minimum downpayment of 5 percent of the--
purchase price of the farm.

The applicant must provide the minimum down payment in cash.

* * *

C Maximum FSA Loan Amount

*--[7 CFR 764.203(b)] Downpayment loans will not exceed 45 percent of the lesser of:

- (1) The purchase price,
- (2) The appraised value of the farm to be acquired, or
- (3) \$500,000.--*

D Maximum Combined Loans

[7 CFR 764.203(c)] Financing provided by the Agency and all other creditors must not exceed 95 percent of the purchase price. Financing provided by eligible lenders may--* be guaranteed by the Agency under part 762 of this chapter (2-FLP).

154 Rates, Terms, and Security**A Rate**

***--[7 CFR 764.204(a)] The interest rate for Downpayment loans will be the regular direct FO rate minus 4 percent, but in no case less than 1.5 percent. See 1-FLP, Exhibit 17 for current rates.**

B FSA Terms

[7 CFR 764.204(b)(1)] The Agency schedules repayment of Downpayment loans in equal, annual installments over a term not to exceed 20 years.

The authorized agency official may schedule repayment over a period of less than 20 years if requested by the applicant and the farm operating plan (see 1-FLP, Part 8, Section 3) indicates that the loan can be repaid within the period requested.

C Other Lender Terms

[7 CFR 764.204(b)(2)] The non-Agency financing must have an amortization period of at least 30 years and cannot have a balloon payment due within the first 20 years of--* the loan.

D Minimum Security Requirements

[7 CFR 764.205] A * * * Downpayment loan must:

[7 CFR 764.205(b)] Be secured by a lien on the property being acquired with the loan funds and junior only to the party financing the balance of the purchase price.

FSA:

- requires adequate security on a * * * downpayment loan as it does for an FO
- does not require additional security
- does not require a lien on nonessential assets.

See Part 5 for detailed information on security interests.

155-170 (Reserved)

Part 8 Operating Loan Program**Section 1 OL's****171 Uses****A General**

See subparagraphs B through L for OL uses.

B Reorganizing a Farm

OL funds may only be used for:

[7 CFR 764.251(a)(1)] Costs associated with reorganizing a farm to improve its profitability;

The following requirements apply when reorganizing a farm.

- Reorganizing the farm means changing enterprises, production practices, marketing methods, or other parts of the farm business to enhance the viability of the farm.
- Examples of acceptable use of loan funds under this provision include but are not limited to:
 - purchase of equipment to convert from conventional to no-till production
 - change from stocker to cow/calf production
 - shifting from row crop to vegetable production
 - purchasing grain drying and storage equipment to facilitate better marketing
 - purchase shares in value-added processing and marketing cooperatives.

Note: These situations are for illustrative purposes only. Any similar operational changes are acceptable as long as a realistic farm plan indicates the changes will improve the financial viability of the farm.

171 Uses (Continued)

C Chattel and Other Purchases

OL funds may only be used for:

[7 CFR 764.251(a)(2)] Purchase of livestock, including poultry, farm equipment, quotas and bases, and cooperative stock for credit, production, processing or marketing purposes;

Funds may be used only for purchases essential to the success of the farming operation.

Farm vehicles used for farm operating purposes may be purchased, repaired, or refinanced only when the following conditions apply.

- The applicant provides verification that the vehicle will be used exclusively for farm operating purposes. Examples of vehicles used for farm operating purposes include, but are not limited to, grain or livestock hauling trucks, vehicles needed to pull wagons or livestock trailers, and pick-up trucks.
 - A pick-up truck used primarily as a personal vehicle shall not be financed.
 - The income tax treatment of a vehicle is a good indication of its use. If the farm vehicle is or will be depreciated as a farm asset, FSA financing may be authorized.
- The applicant documents need for purchasing, repairing, or refinancing.
- Other credit is not available from usual sources, including dealers and banks. When a farm vehicle is being purchased, dealer and bank financing is usually readily available, often at low rates.
- The vehicle being purchased, repaired, or refinanced is modest in size, utility, and cost and meets the needs of the operation.

171 Uses (Continued)

D Annual Farm Operating Expenses

OL funds may only be used for:

[7 CFR 764.251(a)(3)] Farm operating expenses, including but not limited to, feed, seed, fertilizer, pesticides, farm supplies, repairs and improvements which are to be expensed, cash rent and family living expenses;

See Exhibit 2 for the definition of family living expenses.

E Principal and Interest Payments

OL funds may only be used for:

[7 CFR 764.251(a)(4)] Scheduled principal and interest payments on term debt provided the debt is for authorized FO or OL purposes;

The payment must be the current year's installment and cannot be delinquent.

F Other Farm Needs

OL funds may only be used for:

[7 CFR 764.251(a)(5)] Other farm needs;

Funds can be used to finance the initial processing of agricultural commodities provided that a majority of the agricultural commodities processed are produced by the applicant's farm.

Example: Allowable processing activities include but are not limited to canning tomatoes and packaging maple syrup.

G Land and Water Development

OL funds may only be used for:

[7 CFR 764.251(a)(6)] Costs associated with land and water development, use, or conservation;

171 Uses (Continued)**H Loan Closing Costs**

OL funds may only be used for:

[7 CFR 764.251(a)(7)] Loan closing costs;

An applicant may use OL funds to pay only for those loan closing costs that are reasonable and customary.

OL funds may not be used to pay loan packaging or consultant fees associated with applying for or obtaining a FSA loan.

I Occupational Safety and Health Act of 1970 Compliance

OL funds may only be used for:

[7 CFR 764.251(a)(8)] Costs associated with Federal or State-approved standards under the Occupational Safety and Health Act of 1970 (29 U.S.C. 655 and 667) if the applicant can show that compliance or non-compliance with the standards will cause substantial economic injury;

J Training Costs

OL funds may only be used for:

[7 CFR 764.251(a)(9)] Borrower training costs when required or recommended by the Agency;

K Refinancing Farm Related Debts

OL funds may only be used for:

[7CFR 764.251(a)(10)] Refinancing farm-related debts other than real estate to improve the farm's profitability, provided the applicant has refinanced direct or guaranteed OL loans four times or fewer and one of the following conditions is met:

- (1) A designated or declared disaster caused the need for refinancing; or**
- (2) The debts to be refinanced are owed to a creditor other than the USDA.**

Note: Loans made for authorized direct or guaranteed OL purposes, regardless of the type of security, may be refinanced.

171 Uses (Continued)

K Refinancing Farm Related Debts (Continued)

A direct OL may be made to refinance a guaranteed OL when the following conditions are met.

- The circumstances resulting in the need to refinance were beyond the applicant's control.
- Refinancing is in the best interest of the Government and the applicant.
- The guaranteed OL must be paid in full at the time the direct OL is closed.

L Minor Real Estate Repairs or Improvements

OL funds may only be used for:

[7 CFR 764.251(a)(11)] Costs for minor real estate repairs or improvements, provided the loan can be repaid within 7 years.

OL funds may be used for limited real estate improvements, provided the loan can be repaid within 7 years, according to the following guidelines.

- Repairs and improvements to existing structures that are treated as expenses, rather than capital improvements, shall be considered an annual operating expense.
- Fixtures to a farm building may be considered farm equipment and thus financed with OL funds.
- Loans may be approved for building construction.

Note: Construction or improvements amortized over periods longer than 7 years are assumed to be real estate rather than operating purposes and will not be financed with OL funds.

Example: An \$8,000 loan for a pole barn to be repaid over 7 years could be authorized. However, a \$100,000 building financed with a 21-year amortization and a 7-year balloon payment is not permitted. The 21-year amortization period indicates this loan is for real estate rather than operating purposes.

- Any purchase of real estate is not authorized.

172 Eligibility**A General**

[7 CFR 764.252(a)] The applicant must comply with the general eligibility requirements established at § 764.101 (paragraphs 62 through 72).

See subparagraphs B through G for OL program specific eligibility. If different from the general eligibility according to paragraphs 62 through 72, the information in this paragraph is to be substituted for those portions.

B Prior FSA Losses

The applicant:

[7 CFR 764.252(b)] And anyone who will sign the promissory note, except as provided in paragraph (c) of this section, must not have received debt forgiveness from the Agency on any direct or guaranteed loan.

[7CFR 764.252(c)] And anyone who will sign the promissory note may receive direct OL loans to pay annual farm operating and family living expenses, provided that the applicant meets all other eligibility requirements under this part, if the applicant:

- (1) Received a write-down under section 353 of the Act;**
- (2) Is current on payments under a confirmed reorganization plan under Chapter 11, 12, or 13 of Title 11 of the United States Code; or**
- (3) Received debt forgiveness on not more than one occasion after April 4, 1996, resulting directly and primarily from a Presidentially-designated emergency for the county or contiguous county in which the applicant operates. Only applicants who were current on all existing direct and guaranteed FLP loans prior to the beginning date of the incidence period of a Presidentially-designated emergency and received debt forgiveness on that debt within three years after the designation of such emergency meet this exception.**

172 Eligibility (Continued)**B Prior FSA Losses (Continued)**

If the applicant for an OL has caused FSA or its predecessor agency, FmHA, a loss on any direct or guaranteed loan, the applicant is ineligible, except in the following 2 scenarios.

- If the applicant caused FSA a loss by receiving a write-down, the applicant may receive an OL to pay annual operating and family living expenses. See 5-FLP, Part 4 for an explanation of the write-down process.
- If the applicant caused FSA a loss, as part of a confirmed bankruptcy plan, and the applicant is now current on payments to all creditors, the applicant may receive an OL to pay annual operating and family living expenses.

The applicant may become eligible for an OL, for uses other than annual farm operating and family living expenses, only after the total amount of debt forgiveness is cured by repayment.

Note: FSA should under no circumstances inform a discharged debtor that they must repay their “loss” to regain full eligibility. If the applicant asks they may be informed that if the debt was repaid in full their eligibility would be reconsidered, however, there is no guarantee that a loan will be approved as all loan approval factors will be reviewed as part of the application process.

The authorized agency official will consider losses to other Federal agencies and the circumstances for such losses under the credit history requirement (paragraph 65).

The authorized agency official will review items obtained according to subparagraph 65 B.

C Operator of Farm

[7 CFR 764.252(d)] In the case of an entity, the entity must be:

- (1) Controlled by farmers engaged primarily and directly in farming in the United States; and**
- (2) Authorized to operate the farm in the State in which the farm is located.**

172 Eligibility (Continued)

D OL Term Limits

The applicant:

[7 CFR 764.252(e)] And anyone who will sign the promissory note, may close an OL loan in no more than seven calendar years, either as an individual or as a member of an entity, except as provided in paragraph (e(1) through (4)) of this section. The years may be consecutive or non-consecutive, and there is no limit on the number of loans closed in a year. Youth loans are not counted toward this limitation. The following exceptions are applicable.

The following requirements apply to anyone who signs FSA-2026 who had not closed direct OL's in 4 or more calendar years as of April 4, 1996.

- The applicant and anyone who signs FSA-2026 is eligible to close direct OL's in 7 calendar years. This does not mean that the applicant or cosigner has necessarily had loans outstanding for 7 years, but that the applicant or cosigner has closed new loans in 7 different years.
- Guaranteed OL's do not count against the direct OL eligibility limitation.
- Rescheduling a loan does not count against the direct OL eligibility limitation.
- Cosigning for a direct OL does count against the direct OL eligibility limitation.
- An entity applicant is eligible for a direct OL only if all of its individual members have not exceeded the term limits.

172 Eligibility (Continued)

D OL Term Limits (Continued)

[7 CFR 764.252(e)(1)] This limitation does not apply if the applicant and anyone who will sign the promissory note is a beginning farmer.

See Exhibit 2 for the definition of a beginning farmer.

The maximum number of years a beginning farmer may receive OL assistance is 10 years.

Example 1: If a beginning farmer receives a direct OL in their 1st year of farming, this applicant has 9 additional years in which they may receive direct OL assistance as a beginning farmer applicant. This applicant is not eligible for the 2-year waiver or any future direct OL assistance if loans were received in all 10 years as a beginning farmer.

Example 2: If a beginning farmer receives a direct OL in their 5th year of farming, this applicant has 5 additional years in which they may receive direct OL assistance as a beginning farmer applicant, but only 1 year remaining as a nonbeginning farmer applicant. This applicant may be considered to receive the 2-year waiver to extend eligibility as a nonbeginning farmer.

E Indian Tribe Jurisdiction

[7 CFR 764.252(e) (2)] This limitation does not apply if the applicant's land is subject to the jurisdiction of an Indian tribe, the loan is secured by one or more security instruments subject to the jurisdiction of an Indian tribe, and commercial credit is generally not available to such farm operations.

On an annual basis the authorized agency official should contact lenders in the area to determine if commercial credit would be available on land subject to the jurisdiction of an Indian tribe. Results of these contacts will be documented in the Service Center operational files.

The authorized agency official will verify with BIA if the land or security instrument is subject to the jurisdiction of an Indian tribe.

172 Eligibility (Continued)

F OL Transition Rule

[7 CFR 764.252(e)(3)] If the applicant and anyone who will sign the promissory note, has closed direct OL loans in four or more previous calendar years as of April 4, 1996, the applicant is eligible to close direct OL loans in any three additional years after that date.

The 3 additional years will begin with the 1st loan closed after April 4, 1996. The 3 additional years of eligibility are independent of each other and do not have to be consecutive.

If the applicant or any cosigner had closed direct OL's in fewer than 4 calendar years before April 4, 1996, the 7-year eligibility requirement applies.

G Waivers

[7 CFR 764.252(e)(4)] On a case-by-case basis, the applicant may be granted a one-time waiver of OL term limits for a period of 2 years, not subject to administrative appeal, if the applicant:

[7 CFR 764.252(e)(4)(i)] Has a financially viable operation;

See Exhibit 2 for the definition of a financially viable operation.

[7 CFR 764.252(e)(4)(ii)] And in the case of an entity, the members holding the majority interest, applied for commercial credit from at least two lenders and were unable to obtain a commercial loan, including an Agency-guaranteed loan; and

[7 CFR 764.252(e)(4)(iii)] Has successfully completed, or will complete within one year, borrower training. Previous waivers to the borrower training requirements are not applicable under this paragraph.

An applicant who has reached the direct OL term limit may receive a 1 time, 2-year extension by the authorized agency official. The applicant does not need to request an extension. All information needed to make a decision on the extension must be received before the application is considered complete.

An applicant for OL will be considered automatically for the 2-year term limit waiver.

The maximum number of years a nonbeginning farmer may receive assistance is 9 years (7 years plus the 2-year waiver)

172 Eligibility (Continued)**G Waivers (Continued)**

Example 1: A nonbeginning farmer applicant who received a direct OL beginning farmer loan in 1994 can receive direct OL assistance during 6 additional years and be granted a 1 time, 2-year waiver if certain conditions are met.

Example 2: A nonbeginning farmer applicant who received direct annual OL beginning farmer loans in 1990, 1994 and 1997 can receive direct OL assistance during 4 additional years and be granted a 1 time, 2-year waiver if certain conditions are met.

Example 3: A nonbeginning farmer applicant who received direct OL beginning farmer assistance in each year of the 10 year period may not receive additional direct OL assistance under term limitations. This applicant would not be eligible for a 1 time, 2-year waiver.

Notes: After approval of a term limit waiver, the information is entered into DLS, which will allow the system to process OL's during the waiver period.

An applicant that is granted a waiver must have either already completed borrower training or agree to complete the training within 1 year as a condition of the waiver. See Part 13 for information on borrower training requirements.

If training is not completed, applicant will not be eligible for a loan the 2nd year.

H State Office Responsibilities

State Offices will reissue any existing State supplements on term limit requirements to comply with the term limit provisions.

Note: State supplements must be issued and approved according to 1-AS.

173 Limitations

A General Limitations

[7 CFR 764.253] The applicant must comply with the general limitations established at § 764.102 (paragraph 74).

B Loan Limits

See 1-FLP, paragraph 29 for OL limits.

C Real Estate Debt

OL funds shall not be used for:

- purchasing real estate
- refinancing real estate debt.

174 Rates, Terms, and Repayment**A Rates**

[7 CFR 764.254(a)(1)] The interest rate is the Agency's Direct Operating Loan rate, available in each Agency office;

See 1-FLP, Exhibit 17 for interest rates.

[7 CFR 764.254(a)(2)] The limited resource Operating Loan interest rate is available to applicants who are unable to develop a feasible plan at regular interest rates.

See subparagraph 261 C for more information on limited resource loans when the farm operating plan shows that installments at the higher rate, along with other debts, cannot be paid during the period of the plan.

Note: When the regular OL interest rate is equal to or less than the limited resource rate, the limited resource rate will not be used.

[7CFR 764.254(a)(3)] The interest rate charged will be the lower rate in effect at the time of loan approval or loan closing.

B Annual OL Term

[7 CFR 764.254(b)(1)] The Agency schedules repayment of annual OL loans made for family living and farm operating expenses when planned income is projected to be available.

(i) The term of the loan may not exceed 18 months from the date of the note.

(ii) The term of the loan may exceed 18 months in unusual situations such as establishing a new enterprise, developing a farm, purchasing feed while crops are being established, marketing plans, or recovery from a disaster or economic reverse. In no event will the term of the loan exceed 7 years from the date of the note. Crops and livestock produced for sale will not be considered adequate security for such loans.

The applicant repays an annual OL when income becomes available. The repayment period will normally be within 12 months, or no more than 18 months after the date of loan closing, if necessary, when marketing plans extend beyond 12 months; for example, when crops or livestock take longer than 12 months to mature. The authorized agency official, by using FSA-2027, may approve a supplemental payment agreement for applicants who receive substantial income from which payments are to be made before their installment due date.

174 Rates, Terms, and Repayment (Continued)

C Other OL Terms

[7 CFR 764.254(b)(2)] The Agency schedules the repayment of all other OL loans based on the applicant's ability to repay and the useful life of the security. In no event will the term of the loan exceed 7 years from the date of the note. Repayment schedules may include equal, unequal, or balloon installments if needed to establish a new enterprise, develop a farm, or recover from a disaster or economic reversal. Loans with balloon installments:

(i) Must have adequate security, at the time the balloon installment comes due. Crops, livestock other than breeding stock, or livestock products produced are not adequate collateral for such loans.

(ii) Are only authorized when the applicant can project the ability to refinance the remaining debt at the time the balloon payment comes due based on the expected financial condition of the operation, the depreciated value of the collateral, and the principal balance on the loan.

When the applicant's projected repayment ability will not allow normal repayment within 7 years, a 7-year loan with a 21-year balloon amortized installment schedule may be offered.

There must be adequate collateral for the loan at the time the balloon payment is due. Circumstances that warrant balloon installments include establishing a new enterprise, developing a farm, purchasing feed while feed crops are being established or during recovery from a disaster, or economic reverses. In no case will annual crops be used as the sole collateral securing balloon installment. A loan with a balloon installment must be adequately secured by basic security, which may include foundation stock, farm equipment, and/or real estate. The amount of the balloon installment should not exceed that amount which the applicant could reasonably expect to pay during a maximum additional 15-year period.

Note: The 21-year balloon amortized installment factor represents the minimum amount the payments would be based upon restructuring the remaining balloon payment over the maximum 15-year period.

(iii) Are not authorized when loan funds are used for real estate repairs or improvements.

174 Rates, Terms, and Repayment (Continued)**D Repayment**

The farm operating plan used to project repayment ability must be completed according to 1-FLP, Part 8.

The OL repayment schedule may include equal, unequal, or balloon payments.

- The first payment is due when income is received or within 18 months.
- After the initial payment, payments are scheduled annually unless the loan is repaid in a single payment.
- The repayment term for OL is 1 to 7 years, as determined by the applicant's projected repayment ability.
- Annual installments must cover, at a minimum, the accrued interest.
- Annual installments may be collected by assignments and supplemental payments.
- If unequal or interest only installments are scheduled, the applicant must be able to show that there will sufficient resources available to pay the loan in full by the final maturity date.

175 Security

A General

[7 CFR 764.255] An OL loan must be secured:

--(a) In accordance with §§ 764.103 through 764.106 (paragraphs 91 through 94).--

(b) By a:

(1) First lien on all property or products acquired or produced with loan funds;

(2) Lien of equal or higher position of that held by the creditor being refinanced with loan funds.

176-190 (Reserved)

Section 2 Lo-Doc Loans

191 Lo-Doc Loan Process**A Overview**

See paragraph 43 for complete Lo-Doc application requirements.

B Requirements

[7 CFR 764.51(c)] For a Lo-Doc OL request, the applicant must:

[7 CFR 764.51(c)(1)] Be current on all payments to all creditors including the Agency (if an Agency borrower);

[7 CFR 764.51(c)(2)] Have not received primary loan servicing on any Agency debt within the past 5 years; and

Note: Servicing under 5-FLP, Part 3 is not considered primary loan servicing.

[7 CFR 764.51(c)(3)] Meet one of the following sets of criteria:

(i) The loan requested is \$50,000 or less and the total outstanding Agency OL loan debt at the time of loan closing will be less than \$100,000; or

(ii) The loan requested is to pay annual operating expenses and the applicant is an existing Agency borrower who has received and timely repaid at least two previous annual OL loans from the Agency.

192-210 (Reserved)

Section 3 Youth Loans**211 Youth Loan Application Process****A Application Requirements**

See paragraph 44 for complete youth loan application requirements.

B Youth Loan Exceptions to Operating Loan Requirements

The following requirements from 1-FLP, Part 8 do not apply to the Youth Loan program.

- Farm assessments are not required for youth loans.
- *--All new youth loans are automatically classified as a “3”.

Note: If a youth loan borrower reaches the age of majority and subsequently gets a direct OL and/or FO, all loans including any outstanding youth loans will be entered into FBP and classified based upon data collected.--*

- FSA-2037 and FSA-2038 will not be required except in complex cases where information provided on FSA-2301 is inadequate.

C Initial Meeting with Youth Loan Applicant

The authorized agency official should offer a preliminary meeting with the youth to discuss:

- the Youth Loan program, including authorized use of funds and eligibility requirements
- whether the youth has appropriate supervision
- the proposed plan.

212 Uses and Limitations

A Uses

[7 CFR 764.301] Youth loan funds may only be used to finance a modest, income-producing, agriculture-related, educational project while participating in 4-H, FFA, or a similar organization.

A youth loan provides an opportunity for a rural youth to acquire experience and education in agriculture-related skills. The approved project must be related to the business of agriculture and must not be a noneligible enterprise. See Exhibit 2. Each project must be part of an organized and supervised program of work and must produce sufficient income to repay the loan.

The applicant must use youth loan funds only to pay the expenses associated with the approved project.

Note: The youth must be participating in an established organization that supports agricultural projects, such as 4-H, FFA, or a similar organization. The organization provides the structure, the adult supervision, and the expertise to help the youth plan and complete the project.

B Limitations

[7 CFR 764.303(a)] The applicant must comply with the general limitations established at § 764.101 (a) through (g) (paragraph 74).

Loan funds may not be used to:

- purchase real estate or make real estate improvements
- refinance debts
- pay family living expenses, except as they relate directly to the approved educational project
- finance a personal vehicle.

Note: The applicant may use loan funds to make only very minor repairs to real estate, for example to fix a window or repair a shed, when the repair is directly related to the approved project.

212 Uses and Limitations (Continued)

C Maximum Loan Limit

[7 CFR 764.303(b)] The total principal balance owed by the applicant to the Agency on all Youth loans at any one time cannot exceed \$5,000.

The authorized agency official should not loan more than is necessary to successfully carry out the project or more than the projections show can be repaid.

213 Eligibility**A General**

[7 CFR 764.302] The applicant:

[7 CFR 764.302(a)] Must comply with the general eligibility requirements established at §764.101(a) through (g) (paragraphs 62 through 72);

See subparagraphs B through F for OL Youth Loan program specific information. If different from the general eligibility in paragraphs 62 through 72, the information in this paragraph to be substituted for those portions.

A youth loan applicant:

- does not need to demonstrate managerial ability
- is not subject to borrower training requirements
- does not need to operate a farm
- is not limited in the number of years in which loans may be closed.

B Debt Forgiveness

The applicant:

[7 CFR 764.302(b)] And anyone who will sign the promissory note, must not have received debt forgiveness from the Agency on any direct or guaranteed loan.

C Age

The applicant:

[7 CFR 764.302(c)] Must be at least 10 but not yet 21 years of age at the time the loan is closed.

D Population

The applicant:

[7 CFR 764.302(d)] Must reside in a rural area, city or town with a population of 50,000 or fewer people;

213 Eligibility (Continued)**E Project Advisor**

The applicant:

[7 CFR 764.302(e)] Must be recommended and continuously supervised by a project advisor, such as a 4-H Club advisor, a vocational teacher, a county extension agent, or other agriculture-related organizational sponsor; and

The application for a youth loan must contain a recommendation from the project advisor and verify that:

- the project advisor:
 - will sponsor the youth
 - has training and/or experience to supervise youth
 - is available to help the youth plan the project, to review the youth's books and records, and to answer questions
- the youth is a member of an organization.

While the project advisor should supervise the youth applicant to an extent acceptable to the authorized agency official, the authorized agency official still has the primary responsibility for supervising the loan.

F Parental Consent

The applicant:

[7 CFR 764.302(f)] Must obtain a written recommendation and consent from a parent or guardian if the applicant has not reached the age of majority under state law.

G Requiring Cosigners

A cosigner will be required only if it is determined that the applicant cannot possibly meet the repayment or security requirements for the loan request.

Note: When a plan is feasible using realistic figures, a cosigner will not be required.

214 Rates, Terms, and Repayment**A Rate**

[7 CFR 764.304(a)](1) The interest rate is the Agency's Direct Operating Loan rate, available in each Agency office.

(2) The limited resource Operating Loan interest rate is not available for Youth loans.

(3) The interest rate charged will be the lower rate in effect at the time of loan approval or loan closing.

See 1-FLP, Exhibit 17 for interest rates.

B Terms

[7 CFR 764.304(b)] Youth loan terms are the same as for an OL established at § 764.254(b), (paragraph 174).

Payments will be tailored to the type of project for which the loan is made.

Exception: Balloon payments are prohibited.

C Repayment Frequency

Youth loan repayment schedules may include equal or unequal payments:

- the first payment is due when income is received or within 18 months
- after the initial payment, payments are scheduled annually unless the loan is repaid in a single payment
- annual installments must cover, at a minimum, the accrued interest.

215 Security**A Adequate Security**

[7 CFR 764.305] A first lien will be obtained on property or products acquired or produced with loan funds.

B Additional Security

The requirement that FSA take additional security, so that the total amount of security is equal to 150 percent of the loan amount, does not apply to the youth loan. FSA will take additional security only when it is not practical to separate the security. For example, if a youth owned 2 cows and was purchasing another with the youth loan, FSA would take a lien on all the cattle owned by the applicant, not just the animal acquired with the youth loan.

C Nonessential Assets

FSA does not require that nonessential assets be taken as security for a youth loan.

216-230 (Reserved)

Part 9 Emergency Loan Program

231 Uses

A Real Estate Physical Loss

[7 CFR 764.351(a)(1)] EM loan funds for real estate physical losses may only be used to repair or replace essential property damaged or destroyed as a result of a disaster as follows:

[7 CFR 764.351(a)(1)(i)] For any FO purpose, as specified in § 764.151 (paragraph 131), except subparagraph (e) of that section (subparagraph 131 F);

Purchasing real estate is authorized only if:

- all or a portion of existing land has been destroyed or rendered unusable for agricultural purposes
- the parcel being purchased is comparable in size and utility
- the applicant owned the parcel that was rendered unusable
- the salvage value of the damaged parcel minus any prior liens will be applied to the FSA debt once the parcel is liquidated
- FSA takes a lien on all farm real estate that is determined to be unusable to ensure that the sales proceeds are disbursed for authorized purposes such as payment of prior liens, authorized selling expenses, and application to the FSA debt.

[7 CFR 764.351(a)(1)(ii)] To establish a new site for farm dwelling and service buildings outside of a flood or mudslide area; and

The amount loaned must be supported by written estimates from the supplier or contractor who will provide the services.

Loan funds may be used only to pay for contracted or hired labor and materials or supplies purchased. Labor, machinery, equipment, and materials contributed by the applicant may not be treated as part of the costs for replacement.

Loan funds may not be used to repair or replace nonessential property.

[7 CFR 764.351(a)(1)(iii)] To replace land from the farm that was sold or conveyed, if such land is necessary for the farming operation to be effective.

Note: Soil and water conservation, land and water resource replacement, and land and water development may be performed when existing measures were damaged or destroyed during the disaster or if needed as part of a conservation plan resulting from the purchase of land. Using FSA ECP funding, when available, will be considered in conjunction with loan funds.

231 Uses (Continued)

B Chattel Physical Loss

Chattel physical losses are divided into 2 categories. The categories, which determine the purposes the loan funds may be used for, are physical loss to:

- basic security, which consists of equipment, perennial crops, fruit and nut bearing trees, and foundation livestock, including replacements
- normal income security, which includes livestock, livestock products, nursery stock, and harvested and stored crops that would be sold or fed during the normal operating cycle.

Note: Loan funds from the loss of harvested and stored crops held for sale may be used for any loan purpose in this paragraph including annual operating expenses. Loan funds that result from the loss of harvested and stored crops that were intended for feed may be used only to replace those feed crops.

[7 CFR 764.351(a)(2)] EM loan funds for chattel physical losses may only be used to repair or replace essential property damaged or destroyed as a result of a disaster as follows:

[7 CFR 764.351(a)(2)(i)] Purchase livestock, farm equipment, quotas and bases, and cooperative stock for credit, production, processing, or marketing purposes;

Only loan funds from the loss of normal income security may be used to purchase quotas and cooperative stock for credit, production, processing, or marketing purposes.

[7 CFR 764.351(a)(2)(ii)] Pay customary costs associated with obtaining and closing a loan that an applicant cannot pay from other sources (e.g. fees for legal, architectural, and other technical services, but not fees for agricultural management consultation, or preparation of Agency forms);

[7 CFR 764.351(a)(2)(iii)] Repair or replace household contents damaged in the disaster;

The amount loaned for this purpose is subject to the limitations in subparagraph 234 G.

[7 CFR 764.351(a)(2)(iv)] Pay the costs to restore perennials, which produce an agricultural commodity, to the stage of development the damaged perennials had obtained prior to the disaster;

See Exhibit 21 for provisions for reestablishing fruit, nut bearing, and income producing trees and plants.

231 Uses (Continued)

B Chattel Physical Loss (Continued)

[7 CFR 764.351(a)(2)(v)] Pay essential family living and farm operating expenses, in the case of an operation that has suffered livestock losses not from breeding stock or losses to stored crops held for sale; and

Note: In these cases the loan funds attributed to the loss of normal income security can be used to pay essential farm operating and family living expenses, while loan funds attributed to the loss of basic security can be used only to replace the property that was lost.

Example: An applicant suffers a loss of 100 brood cows and 90 of their calves. The brood cows are basic security and the calves would have been sold this year to produce farm income that would have been used to pay expenses. The loan funds resulting from the loss of calves may be used for any authorized operating purpose, but the funds from the loss of the brood cows must be used only to purchase suitable replacements.

[7 CFR 764.351(a)(2)(vi)] Refinance farm-related debts other than real estate to improve farm profitability, if the applicant has refinanced direct or guaranteed loans four times or fewer and one of the following conditions is met:

(A) A designated or declared disaster caused the need for refinancing; or

(B) The debts to be refinanced are owed to a creditor other than the USDA.

Note: FSA employees are prohibited from and will not guarantee repayment of advances from other credit sources, either personally or on behalf of the applicant or FSA.

The following requirements apply when refinancing debt.

- Only nonreal estate debts incurred for farm purposes may be refinanced.

Note: This does not preclude the payment of past due or current due payments on real estate debt.

231 Uses (Continued)**B Chattel Physical Loss (Continued)**

- Loan funds must be needed as a result of a loss to normal income security.
- It is not possible to develop a feasible plan without the refinancing.
- The entire debt may not be refinanced if using loan funds to pay only the delinquent installments, current year installments, or both will result in a feasible plan.
- The applicant does not have the resources, such as cash, certificates of deposits, stored crops to be sold, to cure any delinquency.
- The lender or creditor to be refinanced is unwilling to restructure the debt at rates and terms that would permit the applicant to develop a feasible plan.

Note: This includes providing an FSA guarantee to a lender or creditor meeting the eligibility requirements in 2-FLP, Part 4.

The following additional requirements apply when refinancing direct and guaranteed FLP loans.

- Only direct and guaranteed FLP loans made for authorized operating loan purposes may be refinanced.
- The need to refinance the guaranteed loan is the result of the disaster and it is in the Government's best financial interest to do so.

Note: The authorized agency official must document that the guaranteed lender to be refinanced will not restructure the guaranteed loan at rates and terms that would permit the applicant to develop a feasible plan.

- Servicing the direct loan with Primary Loan Servicing or DSA will not result in a feasible plan.
- The applicant is the sole obligor on the loan to be refinanced.
- The entire direct or guaranteed FLP loan may not be refinanced if using loan funds to pay only the delinquent installments, current year installments, or both will result in a feasible plan.

Compliance with these requirements shall be documented in the running record of the loan file.

231 Uses (Continued)

C Production Losses

[7 CFR 764.351(b)] EM loan funds for production losses to agricultural commodities (except the losses associated with the loss of livestock) may be used to:

[7 CFR 764.351(b)(1)] Pay costs associated with reorganizing the farm to improve its profitability, except that such costs must not include the payment of bankruptcy expenses;

The following requirements apply when reorganizing a farm.

- Reorganizing the farm means changing enterprises, production practices, marketing methods, or other parts of the farm business to promote recovery from the disaster and reduce the potential impact of any future disasters.
- This provision shall not be used to justify expanding an existing enterprise unless it can clearly be shown that the expansion will promote recovery from the disaster and reduce the potential impact of any future disasters.
- Examples of acceptable use of loan funds under this provision include:
 - purchasing equipment to convert from conventional to no-till production
 - changing from stocker to cow/calf production
 - shifting from row crop to vegetable production
 - purchasing grain drying and storage equipment to facilitate better marketing
 - purchasing shares in value-added processing and marketing cooperatives.

Note: These situations are illustrations only. Any similar operational changes are acceptable as long as a realistic farm operating plan (see 1-FLP, Part 8, Section 3) indicates the changes will improve the financial viability of the farm.

[7 CFR 764.351(b)(2)] Pay annual operating expenses, which include, but are not limited to, feed, seed, fertilizer, pesticides, farm supplies, and cash rent;

Annual operating expenses include the purchase of livestock used for normal income, including poultry and aquatic organisms.

[7 CFR 764.351(b)(3)] Pay costs associated with Federal or State-approved standards under the Occupational Safety and Health Act of 1970 (29 U.S.C. 655 and 667) if the applicant can show that compliance or non-compliance with the standards will cause substantial economic injury;

[7 CFR 764.351(b)(4)] Pay borrower training costs required or recommended by the Agency;

231 Uses (Continued)

C Production Losses (Continued)

[7 CFR 764.351(b)(5)] Pay essential family living expenses;

[7 CFR 764.351(b)(6)] Refinance farm-related debts other than real estate to improve farm profitability, if the applicant has refinanced direct or guaranteed loans four times or fewer and one of the following conditions is met:

- (i) A designated or declared disaster caused the need for refinancing; or**
- (ii) The debts to be refinanced are owed to a creditor other than the USDA; and**

Note: FSA employees are prohibited from and will not guarantee repayment of advances from other credit sources, either personally or on behalf of the applicant or FSA.

The following requirements apply when refinancing debt.

- Only nonreal estate debts incurred for farm purposes may be refinanced.

Note: This does not preclude the payment of past due or current due payments on real estate debt.

- The applicant does not have the resources, such as cash, certificates of deposit, stored crops to be sold, to cure any delinquency.
- It is not possible to develop a feasible plan without the refinancing.
- The entire debt may not be refinanced if using loan funds to pay only the delinquent installment, current year installments, or both will result in a feasible plan.
- The lender or creditor to be refinanced is unwilling to restructure the debt at rates and terms that would permit the applicant to develop a feasible plan.

Note: This includes providing an FSA guarantee to a lender or creditor meeting the eligibility requirements in 2-FLP, Part 4.

231 Uses (Continued)**C Production Losses (Continued)**

The following additional requirements apply when refinancing direct and guaranteed FLP loans.

- Only direct and guaranteed FLP loans made for authorized operating loan purposes may be refinanced.
- The need to refinance the guaranteed loan is the result of the disaster and it is in the Government's best financial interest to do so.

Note: The authorized agency official must document that the guaranteed lender to be refinanced will not restructure the guaranteed loan at rates and terms that would permit the applicant to develop a feasible plan.

- Servicing the direct loan with Primary Loan Servicing or DSA will not result in a feasible plan.
- The applicant is the sole obligor on the loan to be refinanced.

The entire direct or guaranteed FLP loan may not be refinanced if using loan funds to pay only the delinquent installments, current year installments, or both will result in a feasible plan.

Compliance with these requirements shall be documented in the running record of the loan file.

[7 CFR 764.351(b)(7)] Replace lost working capital.

See Exhibit 2 for the definition of working capital.

Loan funds may also be used to purchase livestock and farm equipment, including quotas and cooperative stock for credit, production, processing, and marketing purposes.

232 Eligibility**A General**

[7 CFR 764.352(a)] The applicant must comply with the general eligibility requirements established at § 764.101 (paragraphs 62 through 72);

See subparagraphs B through M for EM program specific eligibility. If different from the general eligibility according to paragraphs 62 through 72, the information in this paragraph will be substituted for those portions.

B Family Farm and Nonfarm Enterprise

See subparagraph 71 A, and the definition of family farm in Exhibit 2, for more information on determining whether the applicant's farm meets the family farm definition.

C Established Farmer

The applicant:

[7 CFR 764.352(b)] Must be an established farmer;

See Exhibit 2 for the definition of established farmer.

Note: Estates are not considered established farmers and are therefore not eligible.

232 Eligibility (Continued)

D Owner and Operator Requirements

The applicant:

[7 CFR 764.352(c)] Must be the owner-operator or tenant operator as follows:

[7 CFR 764.352(c)(1)] For a loan made under § 764.351(a)(1) (subparagraph 231 A), must have been:

- (i) The owner-operator of the farm at the time of the disaster; or**
- (ii) The tenant-operator of the farm at the time of the disaster whose lease on the affected real estate exceeds the term of the loan. The operator will provide prior notification to the Agency if the lease is proposed to terminate during the term of the loan. The lessor will provide the Agency a mortgage on the real estate as security for the loan;**

[7 CFR 764.352(c)(2)] For a loan made under § 764.351(a)(2) or (b) (subparagraphs 231 B and C), must have been the operator of the farm at the time of the disaster; and

In addition to being the operator of the farming operation, applicants:

- must have an ownership interest in the chattel property
- who are operating under a production contract where the integrator retains ownership in the livestock or commodity are not eligible for losses on the livestock or commodity that they did not own.

Note: Other chattel, livestock, and commodities that the applicant did own would be eligible losses.

[7CFR 764.352(c)(3)] In the case of an entity, the entity must be:

- (i) Engaged primarily and directly in farming in the United States;**
- (ii) Authorized to operate and own the farm, if the funds are used for farm ownership loan purposes, in the State in which the farm is located.**

232 Eligibility (Continued)**E Intent to Continue Farming**

The applicant:

[7 CFR 764.352(d)] Must demonstrate the intent to continue the farming operation after the designated or declared disaster;

F Availability of Credit Elsewhere

The applicant:

[7 CFR 764.352(e)] And all entity members must be unable to obtain sufficient credit elsewhere at reasonable rates and terms. To establish this, the applicant must obtain written declinations of credit, specifying the reasons for declination, from legally organized commercial lending institutions within reasonable proximity of the applicant as follows:

[7 CFR 764.352(e)(1)] In the case of a loan in excess of \$300,000, two written declinations of credit are required;

When obtaining written declinations:

- 1 of these lenders must be the applicant's normal lender
- both lenders must typically make farm loans.

[7 CFR 764.352(e)(2)] In the case of a loan of \$300,000 or less, one written declination of credit is required; and

The following also apply to loans of less than \$300,000:

- the applicant's normal lender is contacted unless the lender has already denied a request to continue with the applicant, extend additional credit with or without a guarantee, or both
- the applicant may contact another lender that makes agricultural loans.

232 Eligibility (Continued)

F Availability of Credit Elsewhere (Continued)

[7 CFR 764.352(e)(3)] In the case of a loan of \$100,000 or less, the Agency may waive the requirement for obtaining a written declination of credit, if the Agency determines that it would pose an undue burden on the applicant, the applicant certifies that they cannot get credit elsewhere, and based on the applicant's circumstances credit is not likely to be available;

The authorized agency official:

- may waive the requirement for written credit denial when a review of the financial statement, credit report, and other financial information clearly indicates that other credit is not available to the applicant
- must thoroughly document this conclusion in the loan file by comparing the credit standards of local lenders that make farm loans to the applicant's financial condition and showing how the applicant does not meet those standards.

The fact that an applicant has obtained credit for farm purposes through credit cards, finance companies, or other "sub-prime" lenders does not constitute failure to meet the test for credit unless the rates and terms for that credit are similar to the rates and terms offered on loans for the same purpose by other farm lenders in the community.

[7 CFR 764.352(e)(4)] Notwithstanding the applicant's submission of the required written declinations of credit, the Agency may contact other commercial lending institutions within reasonable proximity of the applicant and make an independent determination of the applicant's ability to obtain credit elsewhere;

If the authorized agency official believes, based on a review of the applicant's financial statement, credit report, and other financial information, that other credit is available, the authorized agency official may contact lenders to determine if they are willing to extend credit to the applicant.

The following are used to verify and document the availability of other credit:

- FSA-2310
- FSA-2015
- written letters from lenders that contain all the information requested on FSA-2310.

When the applicant is an entity, all individual members must meet the requirements of this subparagraph.

232 Eligibility (Continued)**G Prior Debt Forgiveness**

The applicant:

[7 CFR 764.352(f)] And all entity members in the case of an entity must not have received debt forgiveness from the Agency on more than one occasion on or before April 4, 1996, or any time after April 4, 1996.

See Exhibit 2 for the definition of debt forgiveness.

If an applicant repays the forgiven debt, this restriction does not apply.

H Timely Loan Application

The applicant:

[7 CFR 764.352(g)] Must submit an application to be received by the Agency no later than eight months after the date the disaster is declared or designated in the county of the applicant's operation.

If a county has been designated or declared a disaster area, either a contiguous or primary, more than 1 time for the same disaster, applicants will have 8 months from the date of the most recent designation to submit an application.

The applicant may seek EM only with respect to a family farm that had production or physical losses as a result of a disaster in a designated or declared disaster area, either a contiguous or primary.

Note: See State supplements, which provide a list of current disaster designations and establish the timeframe during which applicants may apply for assistance. The State supplement shall provide the authorized agency official with sufficient information to determine if an applicant was operating in a designated disaster area, either a contiguous or primary, and that the application was received during the eligible period.

232 Eligibility (Continued)

I Qualifying Losses

The applicant:

[7 CFR 764.352(h)] For production loss loans, must have a disaster yield that is at least 30 percent below the normal production yield of the crop, as determined by the Agency, that comprises a basic part of an applicant's total farming operation.

See Exhibit 2 for the definition of basic part of an applicant's total farming operation.

Production losses are calculated according to subparagraph 234 C.

Note: If an applicant cannot plant the usual crop or plants the crop and it is destroyed as a result of the disaster and the applicant plants a substitute crop in its place, then the applicant is not eligible for a production loss on the original crop. However, if the substitute crop suffers a qualifying loss, a loan may be made for the loss on that crop.

The applicant:

[7 CFR 764.352(i)] For physical loss loans, must have suffered disaster-related damage to chattel or real estate essential to the farming operation, or to household contents that must be repaired or replaced, to harvested or stored crops, or to perennial crops.

J Changes in Ownership Structure

The applicant:

[7 CFR 764.352(j)] Must meet all of the following requirements if the ownership structure of the family farm changes between the time of a qualifying loss and the time an EM loan is closed:

- (1) The applicant, including all owners must meet all of the eligibility requirements;**
- (2) The individual applicant, or all owners of an entity applicant, must have had an ownership interest in the farming operation at the time of the disaster; and**
- (3) The amount of the loan will be based on the percentage of the former farming operation transferred to the applicant and in no event will the individual portions aggregated equal more than would have been authorized for the former farming operation.**

232 Eligibility (Continued)

K Duplicative Federal Assistance

The applicant:

[7 CFR 764.352(k)] Must agree to repay any duplicative Federal assistance to the agency providing such assistance. An applicant receiving Federal assistance for a major disaster or emergency is liable to the United States to the extent that the assistance duplicates benefits available to the applicant for the same purpose from another source.

If additional disaster benefits are expected from existing programs, but the amount is not known at loan approval, the applicant must assign the benefits to FSA.

Programs enacted after loan approval will not effect EM calculations and are not considered duplicative benefits. Therefore, assignments will not be taken on any programs enacted after loan approval.

--Programs enacted after loan approval will not effect EM calculations and are not considered duplicative benefits. In such cases, however, FSA may require an assignment to ensure loan repayment according to subparagraphs 93 B and C or any subsequent payment made to the applicant after the time of loan approval.--

232 Eligibility (Continued)

L Insurance Requirement

[7 CFR 764.353(e)] EM loan funds may not be used for physical loss purposes unless:

(1) The physical property was covered by general hazard insurance at the time that the damage caused by the natural disaster occurred. The level of the coverage in effect at the time of the disaster must have been the tax or cost depreciated value, whichever is less. Chattel property must have been covered at the tax or cost depreciated value, whichever is less, when such insurance was readily available and the benefit of the coverage was greater than the cost of the insurance; or

(2) The loan is to a poultry farmer to cover the loss of a chicken house for which the applicant did not have hazard insurance at the time of the loss and the applicant:

(i) Applied for, but was unable to obtain hazard insurance for the chicken house;

(ii) Uses the loan to rebuild the chicken house in accordance with industry standards in effect on the date the applicant submits an application for the loan;

(iii) Obtains, for the term of the loan, hazard insurance for the full market value of the chicken house; and

(iv) Meets all other requirements for the loan.

All chattel, excluding livestock, and all real estate must have been covered by hazard insurance at the time of the disaster, if it was available and cost effective.

The level of hazard coverage in effect at the time of the disaster must be the tax assessed value for real estate property. The level of coverage for chattel property is the established market value (most recent appraisal/value) before the disaster.

For chattels only, if the applicant did not have an insurance policy in affect at the time of the disaster, the authorized agency official shall determine whether it was readily available, and whether the benefit of the coverage would have justified the cost had the applicant made efforts to obtain insurance.

233 Limitations**A General**

The following limitations apply to EM.

[7 CFR 764.353(a)] EM loans must comply with the general limitations established at §764.102 (paragraph 74).

B Restriction on Loan Amount

[7 CFR 764.353(b)] EM loans may not exceed the lesser of:

- (1) The amount of credit necessary to restore the farming operation to its pre-disaster condition;**
- (2) In the case of a physical loss loan, the total eligible physical losses caused by the disaster; or**
- (3) In the case of a production loss loan, 100 percent of the total actual production loss sustained by the applicant as calculated in paragraph (c) of this section (subparagraph 234 C).**

See 1-FLP, paragraph 29 for EM limits.

C Refinancing Debt

[7 CFR 764.353(f)] EM loan funds may not be used to refinance consumer debt, such as automobile loans, or credit card debt, unless such credit card debt is directly attributable to the farming operation.

234 Calculating Losses

A Forms for Reporting and Calculating Losses

The applicant will use FSA-2309 to report all yields and acreage information as well as physical losses to FSA.

FSA will use FSA-2311 or the automated FSA-2311 to determine the applicant's actual production, physical losses, or both.

234 Calculating Losses (Continued)

B Determining Normal Production Yield

Normal production yield is defined in Exhibit 2.

- For NAP insured crops, the NAP APH yield will be used the same as the RMA APH. NAP APH can be obtained from CCC-452 Manual in the producer's file. When APH cannot be pulled from the RMA web site, or if the APH web site is not available, or if the information on the RMA web site does not reflect the current crop year APH, the production/worksheet prepared by the insurance company (insurance adjuster) can be used to obtain APH. When this method for obtaining APH is used, the running case record of the docket file or FBP must be documented accordingly.
- The FP payment yield is a proven yield based on the applicant's production and not the established yield set by COC.

If county averages are not available, State averages will be used. Normal production yield is calculated according to the following.

IF an applicant...	THEN...
had crop insurance in the disaster year, or the crops are covered under NAP and the Risk Management Crop Insurance Report or CCC-452 lists APH	APH will be used as the normal year yield for the entire commodity, regardless of whether or not the entire crop is insured.
did not insure its crops or individual commodities were not insured	the applicant's actual reliable records for the 3 years immediately before the disaster year will be averaged to determine the normal year yield.
does not have APH and their own reliable records for any or all of the 3 years are not available	the yield reported to FSA for receiving FP payments will be used in each or any of the years that these records are not available.
does not have APH, reliable records, or has not reported yields to FSA for any or all 3 years	county or State averages will be used in any or all of the years these records are not available.

Note: If an applicant had crop insurance in past years but did not have crop insurance during the disaster year, APH for prior years will be ignored and have no bearing when calculating losses. Only the records listed will be used.

234 Calculating Losses (Continued)

C Calculating Production Losses

[7 CFR 764.353(c)] For production loss loans, the applicant's actual crop production loss will be calculated as follows:

Losses to growing crops in designated and/or contiguous counties are used to calculate a production loss.

[7 CFR 764.353(c)(1)] Subtract the disaster yield from the normal yield to determine the per acre production loss;

See subparagraph D for calculating quality loss adjustments. See subparagraph F for calculation examples.

[7 CFR 764.353(c)(2)] Multiply the per acre production loss by the number of acres of the farming operation devoted to the crop to determine the volume of the production loss;

[7 CFR 764.353(c)(3)] Multiply the volume of the production loss by the market price for such crop as determined by the Agency to determine the dollar value for the production loss; and

In July of each year, or sooner if information is available, SED shall:

- establish benchmark prices using the average monthly market prices for each commodity for the previous calendar year as shown in the "Agricultural Price" report published by NASS and available on the Internet at <http://usda.mannlib.cornell.edu>, ENTER "Prices" in the search box, CLICK "Search", and CLICK "Agricultural Prices Summary"

Note: For commodities for which NASS does not keep statistics and issue reports, SED will use other sources such as CSREES, commodity brokers, local markets, or other reliable sources.

- make appropriate adjustments after consulting with other agricultural agency representatives, lenders, SED's, and FLC's in neighboring States
- issue a State supplement with the unit prices for all commodities produced commercially in the State to be used in calculating all production losses for any disaster that happens in the present calendar year, January through December.

Example: 2007 prices will be used for disasters occurring between January 1, 2008, through December 31, 2008, and so forth for each subsequent year.

234 Calculating Losses (Continued)**C Calculating Production Losses (Continued)**

[7 CFR 764.353(c)(4)] Subtract any other disaster related compensation or insurance indemnities received or to be received by the applicant for the production loss.

Disaster related compensation includes, but is not limited to:

- crop insurance payments
- CAT
- NAP
- other FSA disaster program payments, such as Emergency Feed Assistance Program, emergency conservation programs, and any other special disaster program payments
- any other disaster assistance provided through agencies such as FEMA.

Note: Only compensation received specifically for the production loss for which the applicant is requesting assistance is deducted from the loss amount.

D Quality Loss Adjustments

Quality losses are determined by comparing the average market price for the commodity at the grade the applicant would have normally sold the product, with the average price of the grade at actual sale.

E Losses to Native Pasture and Rangeland

Production losses to native pastures, rangeland, and grazing permit lands are calculated by determining the average per head cost of feed purchased for 3 years before the disaster, then comparing it to the average per head cost of feed in the disaster year. If the disaster year cost per head exceeds the average cost per head in the nondisaster year by 30 percent or more, the applicant's loss is calculated by multiplying the number of head of livestock in the disaster year by the difference between the cost per head in the disaster year and the 3-year average cost.

234 Calculating Losses (Continued)

F Examples of Production Loss Calculations

The following are examples of loss calculations.

Example 1: The applicant provides reliable records to show that the cost per head for feed purchased in the previous 3 years was \$230. In the disaster year, the average cost per head was \$300.

- $\$300 \div \$230 = 1.30$ or 30 percent higher feed costs.
- $\$300 - \$230 = \$70$ is the production loss per head.
- The applicant had 100 head of cattle during the disaster year. Therefore, $\$70 \times 100 = \$7,000$ feed loss is the amount of the production loss.

Example 2: The applicant normally produces fresh market apples, but because of the disaster, the apples were sold for processor, peeler, or juice apples.

The average price offered for fresh market apples is \$258/ton. The price the applicant received for processor apples is \$60/ton. The quality loss is calculated as follows.

- $\$60 \div \$258 = 23$ percent of the normal price.
- To make the adjustment, the applicant's quality adjusted disaster year yield would be reduced by 77 percent of the actual disaster year yield.
- To determine this adjustment, the actual disaster year yield is multiplied by .23 to get the quality adjusted disaster year yield.

234 Calculating Losses (Continued)

G Calculating Physical Losses

[7 CFR 764.353(d)] For a physical loss loan, the applicant's total eligible physical losses will be calculated as follows:

[7 CFR 764.353(d)(1)] Add the allowable costs associated with replacing or repairing chattel covered by hazard insurance (excluding labor, machinery, equipment, or materials contributed by the applicant to repair or replace chattel);

[7 CFR 764.353(d)(2)] Add the allowable costs associated with repairing or replacing real estate, covered by hazard insurance;

[7 CFR 764.353(d)(3)] Add the value of replacement livestock and livestock products for which the applicant provided:

- (i) Written documentation of inventory on hand immediately preceding the loss.
- (ii) Records of livestock product sales sufficient to allow the Agency to establish a value;

The value of livestock:

- lost or destroyed as a result of the disaster is the replacement cost minus any salvage value received
- products such as calves, pigs, lambs, eggs, milk, and wool, is established using the prices published in the State commodity price list according to subparagraph C.

Note: For applicants who purchase feeder livestock and then finish it, the value is determined by using the State commodity price list minus the purchase price of the feeder livestock.

[7 CFR 764.353(d)(4)] Add the allowable costs to restore perennials to the stage of development the damaged perennials had obtained prior to the disaster;

Note: This is the cost of replanting the nursery stock plus all associated operating expenses to bring it back to the stage it was before being destroyed.

[7 CFR 764.353(d)(5)] Add, in the case of an individual applicant, the allowable costs associated with repairing or replacing household contents, not to exceed \$20,000; and

[7 CFR 764.353(d)(6)] Subtract any other disaster related compensation or insurance indemnities received or to be received by the applicant for the loss or damage to the chattel or real estate.

Note: Any salvage value received will also be subtracted.

234 Calculating Losses (Continued)

H Examples of Physical Loss Calculations

The following are examples for calculating physical losses to livestock products.

Example 1: The applicant lost 50 bred cows in a flood. The normal 3-year average calving rate is 90 percent and the State-established price for calves weighing 300 to 500 lbs. is \$275. The cost to replace bred cows is \$1,000.

The applicant's physical loss would be calculated as follows.

- $50 \times 90 \text{ percent} = 45 \text{ calves}$
- $45 \times \$275 = \$12,375$
- $50 \times \$1,000 = \$50,000$
- Total physical loss = \$62,375.

Example 2: The applicant lost 20 dairy cows in a storm. The average milk production based on the 3-year average is 18,000 lbs. per cow or 1,500 lbs. per month. The State-established price for milk is \$12.25 per cwt. The cost to replace the cows is \$1,200 per cow. The applicant was not able to replace the cows for 3 months.

The loss will be calculated as follows.

- $20 \times 1,500 \text{ lbs.} = 30,000 \text{ lbs.} \times 3 \text{ months} = 90,000 \text{ lbs. or } 900 \text{ cwt}$
- $900 \text{ cwt.} \times \$12.25/\text{cwt.} = \$11,025$
- $20 \text{ cows} \times \$1,200 = \$24,000$
- Total physical loss = \$35,025.

Note: In both examples the loan funds resulting from the physical loss to cows may only be used to replace those cows, while the loan funds resulting from the loss of calves or milk production is considered loss of normal income and can be used for any authorized operating loan purpose.

235 Rates, Terms, and Repayment**A Rate**

[7 CFR 764.354(a)(1)] The interest rate is the Agency's Emergency Loan Actual Loss rate, available in each Agency office.

[7CFR 764.354(a)(2)] The interest rate charged will be the lower rate in effect at the time of loan approval or loan closing.

See 1-FLP, Exhibit 17 for interest rates.

B Basis for Repayment

[7 CFR 764.354(b)(1)] The Agency schedules repayment of EM loans based on the useful life of the security, the applicant's repayment ability, and the type of loss.

The applicant's ability to repay the loan is a critical factor in determining the repayment term of the loan.

C Minimum Repayment Requirement

[7 CFR 764.354(b)(2)] The repayment schedule must include at least one payment every year.

The payment must be at a minimum the amount of interest accrued on the principal balance at the time the installment is scheduled to be paid.

If unequal or interest only installments are scheduled, the applicant must be able to show the availability of resources to pay the loan in full by the final maturity date.

D Repayment of Loans for Annual Operating Expenses

[7 CFR 764.354(b)(3)] EM loans for annual operating expenses, except expenses associated with establishing a perennial crop that are subject to paragraph (b)(4), must be repaid within 12 months. The Agency may extend this term to not more than 18 months to accommodate the production cycle of the agricultural commodities.

Annual operating loans must be scheduled for repayment at the time income will be available to make the payment, but not later than 18 months from the date of the note.

235 Rates, Terms, and Repayment (Continued)

E Repayment of Loans for Production or Physical Losses to Chattels

[7 CFR 764.354(b)(4)] EM loans for production losses or physical losses to chattel (including but not limited to assets with an expected life between one and seven years) may not exceed seven years. The Agency may extend this term up to a total length not to exceed 20 years, if necessary to improve the applicant's repayment ability and real estate security is available.

The usual repayment term for a loan secured by chattel is 1 to 7 years. The specific term of a loan shall be determined by the applicant's projected ability to repay the loan based on the farm operating plan.

When the applicant's projected repayment ability does not permit repayment within 7 years, a 10-year term may be considered. If repayment is not possible in 10 years, then a longer term may be considered in 2-year increments. At no time will the maximum term exceed 20 years.

Real estate security is required in addition to chattel security when the repayment term will exceed 7 years.

Repayment terms with balloon installments are prohibited.

Note: Balloon installments result when scheduled payments are insufficient to pay the loan without requiring a final installment that exceeds twice the amount of a regularly amortized installment.

235 Rates, Terms, and Repayment (Continued)

F Repayment of Loans for Physical Losses to Real Estate

[7 CFR 764.354(b)(5)] The repayment schedule for EM loans for physical losses to real estate is based on the applicant's repayment ability and the useful life of the security, but in no case will the term exceed 40 years.

The specific term of a loan is determined by the applicant's projected ability to repay based on the farm operating plan.

The loan term is the minimum period of time that the projected ability to repay will allow. Loan terms are considered in 5-year increments.

Example: If a 15-year term would not result in a feasible plan, then 20 years would be considered, then 25 years, and so on until the projected installment results in a feasible plan.

Repayment terms that include balloon installments are prohibited.

Note: Balloon installments result when scheduled payments are insufficient to pay the loan without requiring a final installment that exceeds twice the amount of a regularly amortized installment.

236 Security Requirements

A General

[7 CFR 764.355(a)] EM loans made under § 764.351(a)(1) (subparagraph 231 A) must comply with the general security requirements established at §§ 764.103 (paragraph 91), 764.104 (paragraph 92) and 764.155(b) (subparagraph 135 D).

[7 CFR 764.355(b)] EM loans made under §§ 764.351(a)(2) (subparagraph 231 B) and (b) (subparagraph 231 C) must comply with the general security requirements established at §§ 764.103 (paragraph 91), 764.104 (paragraph 92) and 764.255(b) (subparagraph 175 A).

FSA may take the following as security.

- In the case of an entity, personal assets held by individual members when all the security held by the entity does not meet the requirement for additional security up to 150 percent of the loan amount. The entity will select and notify FSA which assets will be offered as security for the loan.
- A lien on all nonessential assets held by the applicant and any individual entity members, with an aggregate value exceeding \$5,000, if the assets cannot be sold to reduce the amount of the loan request before loan closing.

Note: The value of nonessential assets taken as security according to subparagraph 91 E cannot be used to meet the 150 percent requirement of this section.

See Exhibit 2 for the definition of nonessential assets.

See Exhibit 21 for security requirements for loans made for reestablishing fruit, nut bearing, and income producing trees and plants.

236 Security Requirements (Continued)

B Lack of Adequate Security

[7 CFR 764.355(c)] Notwithstanding the requirements of paragraph (a) and (b) of this section, when adequate security is not available because of the disaster, the loan may be approved if the Agency determines, based on an otherwise feasible plan, there is a reasonable assurance that the applicant has the ability to repay the loan provided:

[7 CFR 764.355(c)(1)] The applicant has pledged as security for the loan all available personal and business security, except as provided in § 764.106 (paragraph 94);

If the applicant is an entity, all members also must pledge all assets, both personal and business, as collateral.

[7 CFR 764.355(c)(2)] The farm operating plan, approved by the Agency, indicates the loan will be repaid based upon the applicant's production and income history; addresses applicable pricing risks through the use of marketing contracts, hedging, options, or other revenue protection mechanisms, and includes a marketing plan or similar risk management practice;

[7 CFR 764.355(c)(3)] The applicant has had positive net cash farm income in at least 3 of the past 5 years, and

Net farm income is determined by subtracting all cash farm expenses from all farm income reported on Schedule F and other related schedules of the applicant's Federal income tax returns.

Positive net cash farm income is determined by analysis of the applicant's tax records for the 5 years immediately proceeding the disaster year. If the applicant has been farming less than 5 years, a positive net cash farm income must have been achieved in 50 percent or more of the years farmed.

Note: If depreciation is shown on Schedule F, it is not a cash expense and must not be included as an expense.

[7CFR 764.355(c)(4)] The applicant has given the Agency an assignment on any USDA program payments to be received.

237 Real Estate Security Requirements**A Title Clearance Requirements**

[7 CFR 764.355(d)] For loans over \$25,000, title clearance is required when real estate is taken as security.

[7 CFR 764.355(e)] For loans of \$25,000 or less, when real estate is taken as security, a certification of ownership in real estate is required. Certification of ownership may be in the form of an affidavit which is signed by the applicant, names the record owner of the real estate in question and lists the balances due on all known debts against the real estate. Whenever the Agency is uncertain of the record owner or debts against the real estate security, a title search is required.

238 Appraisal and Valuation Requirements**A Establishing Values for Real Estate**

SED may issue a State supplement waiving the real estate appraisal requirement for an applicant receiving only an EM. The State supplement shall:

- establish the conditions under which the requirement to obtain an appraisal may be waived, which must apply to all applicants
- require that the estimated value of security be established and documented in the running record by someone, other than the authorized agency official, who has been delegated this authority by SED based on adequate experience and knowledge of methods for evaluating security values
- establish procedures allowing an applicant to dispute the estimated value of security by having an appraisal completed, at their expense, by an appraiser meeting the qualification requirements in 1-FLP, paragraph 145.

B Establishing Values for Assets Damaged by Disaster

[7 CFR 764.356(a)] In the case of physical losses associated with livestock, the applicant must have written documentation of the inventory of livestock and records of livestock product sales sufficient to allow the Agency to value such livestock or livestock products just prior to the loss.

[7 CFR 764.356(b)] In the case of farm assets damaged by the disaster, the value of such security shall be established as of the day before the disaster occurred.

239-260 (Reserved)

Part 10 Loan Decision

261 Reviewing and Evaluating Applications

A Timeframe

[7 CFR 764.53(c)] Within 60 calendar days after receiving a complete loan application, the Agency will complete the processing of the loan request and notify the applicant of the decision reached, and the reason for any disapproval.

The authorized agency official must make the decision to approve or deny the loan so that the applicant can be notified in writing within 60 calendar days after the loan application is determined complete.

To ensure that a loan application is expeditiously reviewed, the State or County Office must enter a reason and, if necessary, an explanation into DLS when the loan decision has not been made within 45 calendar days after receiving a complete loan application.

SED, FLC, and DD will monitor the processing of all loan applications to ensure that loan applications are processed in a timely manner.

B Eligibility

[7 CFR 764.53(d)] If, based on the Agency's review of the application, it appears the applicant's credit needs could be met through the guaranteed loan program, the Agency will assist the applicant in securing guaranteed loan assistance under the market placement program in accordance with § 762.110(g) (2-FLP, Part 5, paragraph 72) of this chapter.

--To evaluate the applicant's eligibility, the following should be considered during preparation of the FBP's Credit Presentation.--

- Does the applicant meet the general eligibility and specific eligibility requirements for the type of loan requested?
- Does the applicant meet the definition of beginning farmer or SDA to qualify for targeted funds?
- Are funds requested for authorized purposes?
- Will the requested loan, plus the principal balance on other FLP loans, be within the loan limits contained in 1-FLP?
- Is a plan in place or has a waiver been granted to meet applicant training needs?
- Is the applicant unable to obtain sufficient credit elsewhere?
- If the request is for EM, did the applicant have a qualifying loss?

261 Reviewing and Evaluating Applications (Continued)**C Feasibility**

--To evaluate the applicant's operating plan feasibility, the following should be considered during the preparation of the FBP Credit Presentation.--

- Does the farm operating plan show that the new loan, farm operating and family living expenses, and all other obligations will be repaid? The plan should first be prepared using regular rates and terms. If the plan shows repayment at regular rates, the regular rates will be used for the loan. However, if the plan does not show repayment at regular rates, limited resource rates should be substituted and the plan recalculated to see if repayment is possible.
- Are the operating and family living expenses, nonfarm income, and farm and other income included in the farm operating plan realistic?
- Is projected production realistic based on the applicant's or operation's history and the planned improvement practices?
- If non-FSA credit is planned, has documentation been obtained that the loan has been approved?
- Is the farm suitable for any planned specialized operations?
- Is the land, buildings and facilities, and water supply adequate for the planned operation?
- Is there reasonable assurance that any rented land which the applicant depends on will continue to be available?
- Is any off farm employment the applicant depends on likely to continue?

D Security

The authorized agency official must ensure that the security requirements have been met and the total debt including loans being made against the security will not exceed the market value of the security.

A loan requiring real estate for adequate security may be approved subject to obtaining an appraisal in those cases where the following conditions are met.

- The available information demonstrates that the security requirements can be met when the appraisal is completed.
- FSA will obtain an acceptable appraisal before loan closing.

261 Reviewing and Evaluating Applications (Continued)**E Environmental**

The applicant has complied with or has plans in place for the proposed operation, which cover all the environmental requirements of 1-EQ and RD Instruction 1940-G.

F Loan Narrative

The authorized agency official shall document each item considered under subparagraphs B through E to support the final loan decision. The documentation shall be added to the FBP's Credit Presentation to document the decision making process.

Note: If repayment ability is used as security according to subparagraph 236 B, documentation of the requirements of that section shall be included in the narrative.

262 Loan Approval

A Assessment

The authorized agency official must confirm and document in the case file that the loan assessment is complete or updated, when required, and necessary supervision is planned.

B Establishing Loan Approval Conditions

[7 CFR 764.401(a)(2)] The Agency will place conditions upon loan approval it determines necessary to protect its interest and maximize the applicant's potential for success.

The authorized agency official must specify on FSA-2313, or an attachment if necessary, any conditions that must be met including, but not limited to, the following:

- borrower training requirements as established in subparagraph 402 C
- all security requirements, including required lien position
- any agreements needed with prior lienholders
- supervised bank account according to 1-FLP, Part 4
- obtaining an appraisal that demonstrates that the security requirements can be met if loan was approved subject to obtaining an appraisal
- any actions required of the applicant before loan closing, such as:
 - insurance and indemnity requirements
 - assignments from sale proceeds or income
 - reduction of outstanding indebtedness to meet maximum loan limits.

***--**When a loan is approved for which a title search is necessary, check (✓) the following statement on FSA-2313:

“Loan funds will be made available to you within 15 business days of loan approval. However, you agree that in certain circumstances the 15 days may be exceeded when additional information, such as, a lien and/or title search, an appraisal, subordination, etc. is needed prior to loan closing.”

Note: FSA-2313 shall be either sent certified mail or hand delivered to the applicant. If hand delivered, FSA must obtain a signed statement from the applicant acknowledging receiving FSA-2313 on the specific date.--*

262 Loan Approval (Continued)

C Approval

[7 CFR 764.401(a)(1)] The Agency will approve a loan only if it determines that:

[7 CFR 764.401(a)(1)(i)] The applicant's farm operating plan reflects a feasible plan, which includes repayment of the proposed loan and demonstrates that all other credit needs can be met;

When FSA determines that an FO or OL applicant's financial condition justifies a reduced annual interest rate, FSA charges the applicant the limited resource rate.

FSA uses this reduced interest rate only to assist applicants who otherwise meet all requirements for a FSA direct loan, but whose farm operating plan indicates that a feasible plan cannot be achieved at the regular interest rate.

Note: The authorized agency official shall not approve loans at the limited resource rate when the regular interest rate is less than or equal to the limited resource rate.

[7 CFR 764.401(a)(1)(ii)] The proposed use of loan funds is authorized for the type of loan requested;

[7 CFR 764.401(a)(1)(iii)] The applicant has been determined eligible for the type of loan requested;

[7 CFR 764.401(a)(1)(iv)] All security requirements for the type of loan requested have been, or will be met before the loan is closed;

[7 CFR 764.401(a)(1)(v)] The applicant's total indebtedness to the Agency, including the proposed loan, will not exceed the maximum limits established in § 761.8 (1-FLP, paragraph 29) of this chapter;

Note: When the indebtedness of the applicant, or anyone who will sign the note, exceeds the maximum loan limits established in 1-FLP, paragraph 29, at the time of loan approval, the applicant's operating plan must reflect that funds will be available to reduce the indebtedness before loan closing.

[7 CFR 764.401(a)(1)(vi)] There have been no significant changes in the farm operating plan or the applicant's financial condition since the time the Agency received a complete application; and

262 Loan Approval (Continued)**C Approval (Continued)**

[7 CFR 764.401(a)(1)(vii)] All other pertinent requirements have been, or will be met before the loan is closed.

The authorized agency official must determine that the appropriate environmental reviews and determinations have been completed and the loan will not violate any portion of 1-EQ, RD Instruction 1940-G, State Environmental requirements, and any other relevant requirements.

Note: An applicant will be advised that compliance with all applicable local, State, and Federal special laws and regulations will be required.

The authorized agency official will approve the loan by executing the electronic signature command in the credit presentation section of FBP. FSA-2313 will be provided to the applicant as notification of loan approval and conditions and must be signed and returned by *--the applicant within 15 workdays. If FSA-2313 is not returned within 15 workdays, the application will be withdrawn.

Note: See 4-FLP, Part 9 for approving assumptions.--*

262 Loan Approval (Continued)**D Actions After Loan Approval**

Once the loan application is approved, the authorized agency official will:

- input data into DLS
- notify applicant of approval and any conditions using FSA-2313

***--Note:** FSA-2313 shall be either sent certified mail or hand delivered to the applicant. If hand delivered, FSA must obtain a signed statement from the applicant acknowledging receiving FSA-2313 on the specific date.--*

- prepare for loan closing.

[7 CFR 764.402(e)(1)] Loan funds will be made available to the applicant within 15 days of loan approval, subject to the availability of funding.

Funds must be provided to the applicant within 15 workdays of when they become available unless the applicant agrees to a longer period.

--Loan applications will be processed through approval subject to the availability of funds. FSA-2313 will be executed at the time of approval.--

E Failure to Meet or Accept Loan Approval Conditions

If an applicant informs the authorized agency official that the loan approval conditions established under subparagraph B are unacceptable or cannot be met:

- the authorized agency official will meet with the applicant to discuss the condition or conditions which are unacceptable or cannot be met
- explore alternatives which are different from the condition in question but would result in compliance with the program requirements the condition addresses
- the application will be withdrawn, and the applicant notified with appropriate review rights for nonappealable decisions according to 1-APP, if an agreement cannot be reached and the applicant cannot or will not meet the conditions in question.

Note: The loan obligation shall not be cancelled until the withdrawal decision is administratively final, as defined in 1-APP.

263 Funding Approved Loans**A Lack of Program Funds**

[7 CFR 764.53(e)] In the absence of funds for a direct loan, the Agency will keep an approved loan application on file until funding is available. At least annually, the Agency will contact the applicant to determine if the Agency should retain the application or if the applicant wants the application withdrawn.

The authorized agency official will notify the applicant in writing that funds are not currently available and place the approved loan on a waiting list based on the date the loan application was received.

The authorized agency official will contact the approved loan applicant at least once a year to determine whether the applicant is still interested in receiving a FSA loan. If the applicant wants the loan application to remain active, the applicant must provide FSA with a written request within 30 calendar days and must also provide updated financial information. If the applicant does not want the loan application to remain active, it will be withdrawn.

B Preferences When There is Limited Funding

[7 CFR 764.54(a)] When there is a shortage of loan funds, approved applications will be funded in the order of the date the application was received, whether or not complete.

[7 CFR 764.54(b)] If two or more applications were received on the same date, the Agency will give preference to:

[7 CFR 764.54(b)(1)] First, an applicant who is a veteran of any war;

See Exhibit 2 for the definition of veteran.

Note: Period of war means that it was officially declared a war, with a defined beginning date, by Congress and was officially ended, with a prescribed date, by either Presidential proclamation or concurrent resolution of the Congress.

263 Funding Approved Loans (Continued)**B Preferences When There is Limited Funding (Continued)**

[7 CFR 764.54(b)(2)] Second, an applicant who is not a veteran, but:

- (i) Has a dependent family;**
- (ii) Is able to make a downpayment; or**
- (iii) Owns livestock and farm implements necessary to farm successfully.**

[7 CFR 764.54(b)(3)] Third, to other eligible applicants.

FSA uses the secondary priorities only when funding is limited and more than 1 loan application was received on the same date.

C When Loan Funds Become Available

[7 CFR 764.53(f)] If funding becomes available, the Agency will resume processing of approved loans in accordance with this part.

When funds become available, the applicant will be notified immediately by letter

--(Exhibit 24), sent certified mail with return receipt requested or hand delivered with signed receipt. The letter will advise the applicant to contact the FSA Office within 15 workdays from the date the certified letter was received. The letter will also contain a statement that if the applicant does not contact the authorized agency official within 15 workdays from the date the letter was received, the applicant's application will be withdrawn.--

264 Changes After Loan Approval**A Changes in Loan Amount**

If it becomes necessary to increase or decrease the amount of the loan before loan closing, the authorized agency official requests that all distributed loan forms be returned to FSA and reprocessed. If the change is minor and replacement forms can readily be completed and submitted, a memorandum justifying the change is attached to the revised forms and sent to the State Office.

B Cancellation of Funds

The authorized agency official cancels obligations, advances, checks, and electronic fund disbursements according to 3-FI, paragraph 90 and other appropriate FI directives.

When necessary, the authorized agency official prepares and executes FSA-2026 reflecting the revised total of the loan and the revised repayment schedule.

C Cancellation of Loan

When a loan is canceled:

- the authorized agency official notifies the State Office and FSC, FLOO of loan cancellation by using FSA-2072
- the authorized agency official notifies the designated closing agent that the loan has been canceled

Note: If the loan, based upon updated information after initial approval, is rejected because of problems with eligibility or feasibility, see paragraph 261.

- at the request of the applicant, the application will be withdrawn. See subparagraph 45 D for more information.

264 Changes After Loan Approval (Continued)

D Change in Use of Funds

An authorized agency official may approve changes in the proposed use of funds provided that:

- the loan is within the authorized agency official's loan approval authority
- funds will be used for an authorized loan purpose
- the change will not adversely affect the feasibility of the operation or the Government's interest
- the request is received and approved before the funds are used for new purposes
- no revisions are made to the repayment schedule or FSA-2026
- FBP is revised as necessary and the revisions initialed by the applicant and the authorized agency official.

265 Monitoring FSA Approval**A Authorized Agency Official Responsibilities**

The authorized agency official will:

- process loan applications according to statutory and regulatory timeframes and established performance goals
- adhere to timeframes in subparagraph 45 B for notifying all applicants of any additional information required for a complete loan application
- notify all applicants of eligibility and ineligibility in a timely manner
- approve or disapprove all loan applications in a timely manner
- enter the reason, if a decision has not been made within 45 calendar days of receiving a complete application, and if necessary, an explanation in DLS
- use DLS as the official loan application data record for all direct applications.

B DD Responsibilities

DD:

- is responsible for:
 - overseeing the approval process
 - monitoring unprocessed applications
- shall take all steps necessary to ensure that applications are processed timely.

Note: Some steps DD can take include the following:

- prioritizing workloads
- providing additional training
- providing clerical help
- temporary shifting staff assignments.

265 Monitoring FSA Approval (Continued)**C Designated Review Officials Action**

Officials designated by SED to review applications will:

- review at least 50 percent of the rejected or withdrawn SDA loan applications for each quarter in each office of their jurisdiction
- if any improper rejections or withdrawals are found, review all rejected and withdrawn SDA loan applications in the approval official's coverage area
- notify SED of any problems detected
- with the advice of FLC, take action on improperly rejected or withdrawn SDA loan applications to correct any errors
- recommend appropriate personnel actions to SED, such as training or revocation of loan approval authority, for the approval officials responsible for rejections and withdrawals that appear to reflect a pattern or practice of discrimination against SDA
- review the reasons and explanations why decisions have not been made in a timely manner on complete loan applications.

D FLC Action

FLC will:

- monitor loan application processing timeframes, DLS, and performance goal accomplishments using Intranet application reports

Note: Offices will access reports "Direct Applications Disposition by Race and Gender" and "Direct Application Processing – Race and Gender" through the Intranet applications reporting site at <http://www.flp.fsa.usda.gov:4019>. These reports include data on processing times and final disposition of loan applications.

- provide reports on loan application processing timeframes to SED
- provide technical advice and direction for corrective actions on improperly rejected or withdrawn loan applications.

265 Monitoring FSA Approval (Continued)**E SED Action**

SED will:

- designate DD or other qualified State Office personnel as review officials
- be accountable for SDA loan application processing in the State, including ensuring that designated review officials:
 - conduct reviews of rejected SDA loan applications
 - take corrective action in a timely manner
- emphasize the importance of timely loan application processing for all applicants
- ensure that loan application processing data is monitored through DLS or Intranet application reports, so that applications are being processed in a timely and equitable manner in the State
- manage staff resources appropriately to minimize loan application processing delays
- when necessary, initiate or monitor appropriate personnel actions recommended by the designated review official
- review the:
 - reports on loan application processing problems submitted by the designated review officials
 - FLC reports on both SDA and non-SDA average loan application processing timeframes
- provide DD's with report findings and ensure that DD's monitor County Office SDA activity
- submit a summary report of affected cases, findings, corrective action, and results, by October 31st of each year to:

USDA, FSA, DAFLP, LMD
 DIRECTOR
 STOP 0522
 1400 INDEPENDENCE AVE SW
 WASHINGTON DC 20250-0522.

266 Loan Denial**A Denial**

[7 CFR 764.401(b)] The Agency will not approve a loan if it determines that:

- (1) The applicant's farm operating plan does not reflect a feasible plan;**
- (2) The proposed use of loan funds is not authorized for the type of loan requested;**
- (3) The applicant does not meet the eligibility requirements for the type of loan requested;**
- (4) There is inadequate security for the type of loan requested;**
- (5) Approval of the loan would cause the applicant's total indebtedness to the Agency to exceed the maximum limits established in § 761.8 of this chapter (1-FLP);**
- (6) The applicant's circumstances may not permit continuous operation and management of the farm; or**
- (7) The applicant, the farming operation, or other circumstances surrounding the loan are inconsistent with the authorizing statutes, other Federal laws, or Federal credit policies.**

Note: This includes determinations by NRCS, or other Federal agencies, that the applicant is not in compliance with applicable environmental regulations.

B Notification of Loan Denial

The authorized agency official notifies the applicant of loan denial by letter according to 1-APP. The letter must provide:

- clear, specific reasons for the denial
- citations of requirements from CFR and handbook sections that are not met by the applicant
- appeal rights according to 1-APP
- ECOA and nondiscrimination statement according to 1-FLP, paragraph 41.

266 Loan Denial (Continued)**C Actions After Denial**

Once the loan application is denied, the authorized agency official will:

- input data into DLS
- close the loan application process.

FSA must maintain applications that have been rejected. See 25-AS for maintaining loan files.

See 1-APP for information on reconsideration if the applicant requests FSA reconsider the loan application for approval.

D Counseling

When discussing a denial decision, the authorized agency official will advise the applicant of potential actions or alternatives that might resolve or help resolve the issues that resulted in the denial of the loan request. Examples include, but are not limited to, obtaining necessary experience or training, restructuring debts, liquidating assets and paying down debts, repaying debt forgiveness, and changing the size or scope of the farm operation.

The authorized agency official should not tell the applicant what actions to take, and make it clear that what is being discussed are options; it is up to the applicant to decide what course of action to take.

Authorized agency officials shall not guarantee that loan approval is certain, especially when that guarantee is based upon an applicant taking a specific action.

266 Loan Denial (Continued)

E Actions If Denial Overturned On Administrative Appeal

[7 CFR 764.401(c)] If an Agency loan denial is overturned on administrative appeal, the Agency will not automatically approve the loan. Unless prohibited by the final appeal determination or otherwise advised by the Office of General Counsel, the Agency will:

[7 CFR 764.401(c)(1)] Request current financial information from the applicant as necessary to determine whether any changes in the applicant's financial condition or agricultural conditions which occurred after the Agency's adverse decision was made will adversely affect the applicant's farming operation;

Note: Adversely affected means that a change unrelated to the issue resolved through appeal will result in an FBP that would not be feasible, or in the proposed security being inadequate for the type of loan requested.

When a final administrative decision, as defined in 1-APP, paragraph 231, has been reached in an appeal, and the decision is in the applicant's favor, the authorized agency official will contact the applicant in writing within 10 business days of the final administrative decision. The applicant will be advised of the next steps in application processing. The notification will include the following:

- a request for any updated information which may be necessary to continue processing the applicant's request, when the most recent information in the applicant's file is over 90 days old
- an explanation of why it is not possible to approve an annual operating loan, if applicable
- notification to the applicant that FSA will use any requested information to consider the loan request for the next production cycle.

[7 CFR 764.401(c)(2)] Approve a loan for crop production:

(i) Only if the Agency can determine that the applicant will be able to produce a crop in the production cycle for which the loan is requested; or

(ii) For the next production cycle, upon review of current financial data and a farm operating plan for the next production cycle, if the agency determines the loan can be repaid. The new farm operating plan shall reflect any financial issues resolved in the appeal.

266 Loan Denial (Continued)**E Actions If Denial Overturned On Administrative Appeal (Continued)**

[7 CFR 764.401(c)(3)] Determine whether the applicant's farm operating plan, as modified based on the appeal decision, reflects a feasible plan, which includes repayment of the proposed loan and demonstrates that all other credit needs can be met.

A loan for any authorized purpose may be approved if, when the results of the appeal and any nonappeal related changes to financial, security, or production factors have been considered, the loan is now feasible as a result of the appeal determination.

The authorized agency official shall determine that approval requirements of paragraph 262 have been met.

See 1-APP for information on appeal rights.

See the DLS manual for further actions about processing timeframes in appeal situations.

267-280 (Reserved)

Part 11 Loan Closing**Section 1 General****281 Overview****A Closing Different Kinds of Loans**

See:

- paragraphs 301 through 305 for loan closing requirements for real estate
- paragraphs 321 through 324 for loan closing requirements for chattel.

All other paragraphs in this section apply to loan closings for both kinds of security.

A loan is closed either by FSA or a closing agent based on:

- type of loan
- type of security:
 - real estate
 - chattel
- adequate security
- additional security
- nonessential assets
- amount of loan.

Note: In most cases, authorized agency officials typically will close operating loans and will use either an attorney or a title company for all loans involving real estate.

B Reconfirming Loan Requirements

[7 CFR 764.402(e)(2)] If the loan is not closed within 90 days of loan approval or if the applicant's financial condition changes significantly, the Agency must reconfirm the requirements for loan approval prior to loan closing. The applicant may be required to provide updated information for the Agency to reconfirm approval and proceed with loan closing.

281 Overview (Continued)

B Reconfirming Loan Requirements (Continued)

The authorized agency official will review with the applicant the financial statement which was prepared at the time the docket was developed. If there have been significant changes in the applicant's financial condition, the financial statement will be revised and initialed by the applicant and the authorized agency official. When an applicant's financial condition has changed to the extent that it appears that the loan would be unsound or improper, the loan will not be closed. If a revised loan docket is needed to meet loan requirements or determine loan soundness, it will be developed and submitted to the authorized agency official.

When real estate will be taken as security, a review should be made to determine that no significant changes have been made in the development plan considered by the appraiser.

If the authorized agency official determines that the applicant is no longer eligible for the loan or that the farm operating plan is no longer feasible, the authorized agency official will decline to close the loan and the applicant will be notified according to paragraph 266.

C Loan Document Signatures

[7 CFR 764.402(a)] Signatures on loan documents are required as follows:

[7CFR 764.402(a)(1)] For individual applicants, only the applicant is required to sign the promissory note.

In the case of an individual applicant, only the applicant will be required to sign FSA-2026 unless State law requires otherwise. SED shall issue a State supplement outlining signature requirements.

In the case of an FO involving a life estate to:

- both the life estate holder and the remainderman, the note and lien instrument is signed by both
- just the remainderman, the lien instrument is signed by the remainderman, life estate holder, and any other party having an interest in the security
- just the life estate holder, the lien instrument is signed by the life estate holder, remainderman, and any other party having any interest in the security.

[7 CFR 764.402(a)(2)] For entity applicants, the promissory note will be executed to evidence the liability of the entity and the individual liability of all members of the entity.

281 Overview (Continued)

C Loan Document Signatures (Continued)

Required signatures:

- in the case of an entity applicant will include:
 - each individual required to obligate the entity
 - each individual member of the entity
 - cosigner if required
 - other signatures as required in State supplements
- in the case of a partnership or joint operation will include:
 - both the partner or joint operator authorized to sign for the entity
 - all partners in the partnership or joint operators in the joint operation, as individuals

***--Note:** Husband and wife informal joint operations will only sign FSA-2026 as individuals.--*
- in the case of a cooperative or corporation will include:
 - both the individual authorized to sign for the entity
 - all members or stockholders, as individuals
- *--in the case of a trust, SED will, after consultation with the Regional OGC, issue a State supplement for trusts outlining:--*
 - security requirements when lending to trusts
 - signature requirements on FSA-2026's and security instruments
 - unique characteristics of State trust statutes, such as trustee authority to mortgage trust property for the planned farming purposes, signature requirements for third party trustees, alternate trustees, beneficiaries of a revocable trust, and beneficiaries with only a future interest

[7 CFR 764.402(a)(3)] Despite minority status, a youth executing a promissory note for a Youth Loan will incur full personal liability for the debt.

- in the case of a youth applicant will include:
 - youth applicant individually
 - cosigner, if required.

Note: A cosigner will be required only if it is determined that the applicant cannot possibly meet the repayment or security requirements for the loan request. When a plan is feasible using realistic figures, a cosigner will not be required.

281 Overview (Continued)

C Loan Document Signatures (Continued)

[7 CFR 764.402(a)(4)] A cosigner will be required to sign the promissory note if they assist the applicant in meeting the repayment requirements for the loan requested.

***--Note:** A cosigner is required to complete FSA-2001, Part C of the applicant's current application to provide necessary information, including self certifications.--*

Exception: In the case of a married couple, when 1 spouse of the couple applies individually, if the spouse that is not party to the application has off farm income that:

- pays only family living expenses and does not contribute to the farm operation, then neither the off farm income nor the family living expenses will be included in FBP and the spouse will not be required to sign FSA-2026
- is needed to contribute to a feasible farm operating plan, then both the off farm income and family living expenses will be included in FBP and the spouse will be required to sign FSA-2026 as a cosigner and would therefore, be required to be eligible under certain requirements according to paragraphs 62 through 72.

Example 1: Tom has applied for a term operating loan. Mary's salary for her job as a teacher is \$35,000. FBP indicates that owner withdrawals would total \$35,000 and would all be paid from Mary's salary. After removing Mary's income and the family living from FBP, the ending cash on hand remains positive. In this case, Mary will not be required to sign FSA-2026 and will not be considered a cosigner.

Example 2: Bruce has applied for a term operating loan. Camille's salary as a nurse at the local hospital is \$60,000. FBP indicates that family living would total \$40,000. The ending cash on hand is -\$10,000 if Camille's salary is not included. In this case, it is clear that Camille's income must be included to show positive ending cash on hand. Camille would be required to sign FSA-2026 as a cosigner and would therefore, be required to be eligible under certain requirements under paragraphs 62 through 72.

281 Overview (Continued)

C Loan Document Signatures (Continued)

[7 CFR 764.402(a)(5)] All signatures needed for the Agency to acquire the required security interests will be obtained according to State law.

Signature requirements on the mortgage or deed of trust will be sufficient to obtain the required lien, and to make the property being offered as security available to satisfy the debt in the event of default.

SED shall issue a State supplement to provide requirements according to State real property law. SED will obtain the advice of the Regional OGC before issuing the State supplement.

D Waiver of Title Clearance and Legal Services

[7 CFR 764.402(d)(1)] The Agency will close a real estate loan only when it determines that the Agency requirements for the loan have been satisfied and the closing agent can issue a policy of title insurance or final title opinion as of the date of closing. The title insurance or final title opinion requirement may be waived:

(i) For loans of \$10,000 or less;

FSA may accept the best lien obtainable without title clearance or legal service provided the authorized agency official believes from a search of the county records that the applicant can give a mortgage on the property. This exception to title clearance will not apply when:

- the loan is made simultaneously with that of another lender
- land is being purchased
- this provision conflicts with program regulations of any other FSA loan being made simultaneously with the loan.

(ii) As provided in § 764.355 (paragraph 237) for EM loans;

(iii) When the real estate is considered additional security by the Agency; or

(iv) When the real estate is a non-essential asset.

E Additional Security and Nonessential Assets Requirements

FSA does not require a search of public records to verify the available lien position or insurance for additional security or nonessential assets.

282 Using a Closing Agent**A Applicant's Selection of Closing Agent**

If a closing agent is required, the applicant will select the closing agent, which may be a title insurance company or an attorney. The applicant will select the closing agent by using FSA-2340.

The closing agent must be approved according to Part 12, by using FSA-2341 or FSA-2342.

The authorized agency official may provide the applicant with the names of agents who can be contacted to conduct the closing. Any such list must include the names of all FSA-approved agents in the relevant jurisdiction. FSA employees will not recommend using any particular closing agent or title insurance company. In addition, the authorized agency official must inform the applicant that they may not select someone with whom the applicant has a business or family relationship.

B Closing Agent Responsibilities

FSA relies on a closing agent to prepare, complete, or approve documents, including deeds, necessary for title clearance and closing of a loan secured by real estate. The authorized agency official must be assured that the applicant has, or will have, clear title to any real estate taken as security. FSA also must have the lien position necessary to adequately secure the loan. The closing agent must provide FSA with the title insurance policy or title opinion that provides the lien priority required by FSA.

283 Payment of Fees**A Fees for Filing and Recording**

[7 CFR 764.402(b)] The applicant, or in the case of a real estate purchase, the applicant and seller, must pay all filing, recording, notary, lien search, and any other fees necessary to process and close a loan.

The applicant generally pays all fees for filing or recording UCC1's, mortgages, and lien search fees.

The applicant, the seller, or both, in compliance with the terms of the sales contract or option, are responsible for paying all costs of title clearance and closing of the transaction and must arrange for payment before the transaction is closed. These costs include:

- abstracts of title
- land surveys
- attorney's fees
- owner's and lender's title insurance
- notary fees
- documentary stamps
- recording costs
- tax monitoring service
- other expenses necessary to complete the transaction.

- paragraph 305 if FSA will close the loan.

302 Preliminary Title Opinion/Title Commitment**A Requesting Preliminary Title Opinion**

The authorized agency official will send either:

B Reviewing Preliminary Title Opinion

The closing agent must provide the authorized agency official the preliminary title opinion on FSA-2344 or provide the preliminary insurance binder on the agent's standard form. After receiving the preliminary title opinion or preliminary title insurance binder, the authorized agency official will:

- check the legal description to ensure that it covers all property taken as security
- review all exceptions to the title to determine which must be modified, eliminated, or waived. In doing this, the authorized agency official will work with the title company, the applicant, and, in the event of a land purchase, the seller to fully understand and resolve any exceptions.

SED shall issue a State supplement about securing loans with:

- land held under a purchase contract
- fixtures.

302 Preliminary Title Opinion/Title Commitment (Continued)**B Reviewing Preliminary Title Opinion (Continued)**

If the loan cannot be closed because of failure to obtain correct lien position, the applicant will be notified according to 1-APP of their review rights. The notification will include:

- clear, specific reasons the loan cannot be closed
- citations of requirements from CFR and handbook sections that are not met by the applicant
- review rights according to 1-APP.

303 Requesting Loan Closing**A Loan Closing**

If the preliminary title opinion reflects that FSA can obtain the required lien, the authorized agency official shall:

- order the funds for closing

Note: EFT is to be used, unless circumstances warrant an exception.

If exceptions or newly recorded items arise between the date of the preliminary title opinion and date of closing, the transaction will not be closed until these entries can be cleared or approved by FSA. The closing agent will advise the authorized agency official of the nature of such intervening instruments and the effect on obtaining a valid mortgage of the priority required or the title insurance policy to be issued.

304 Closing Agent Responsibilities**A Scheduling Loan Closing**

The closing agent should schedule the loan closing within 3 workdays of receiving notification from FSA that the loan should be closed. FO's are considered closed when the mortgage is filed for record.

B Execution of Documents

The closing agent must ensure that all closing forms are properly executed and must file and record all documents as required by law.

SED shall issue a State supplement, subject to the Regional OGC's approval, providing guidance in correcting errors in recorded security instruments.

C Documents

The authorized agency official must:

- document that the loan file contains satisfactory evidence that all applicable requirements have been met or will be met before loan closing
- confirm and document that the applicant has obtained or will obtain any required insurance before loan closing.

D Disbursing Loan Funds

Loan funds will be disbursed according to paragraph 341.

321 Overview

A General

A lien search is required on all chattels taken to adequately secure the loan. A lien search is not required on:

- additional security
- nonessential assets
- youth loans, unless the applicant has reached the age of majority, there is evidence that the applicant obtained other credit, or they have assets which may be subject to a lien.

B Performing Lien Searches and Closings

Lien searches and closings may be completed by the authorized agency official or approved closing agent as required by State law.

C Security Pledged by Multiple Owners

When security is held by more than 1 owner who wishes to pledge the full value of the property as security, the authorized agency official must ensure that all owners execute FSA-2028 pledging the security.

In cases where nonapplicants will pledge security either jointly with an applicant or *--separately, the authorized agency official will obtain a signed CCC-10 and FSA-2028, authorizing FSA to file the required instrument to perfect FSA's lien.

Note: In cases where the nonapplicant will not pledge their interest in jointly owned property, the authorized agency official will obtain a completed FSA-2318 according to subparagraph 323 A.--*

* * *

322 Preparing for Loan Closing**A Conducting and Reviewing Lien Search**

The authorized agency official or closing agent will file UCC1 and complete a lien search to show that FSA has the required lien position on:

- all chattel property taken to adequately secure a loan
- property to be acquired when the item can be specifically identified, unless the item is to be purchased from a manufacturer or dealer.

The following records shall be searched:

- Federal and State tax liens

- satisfy judgments
- terminate liens to be paid off with loan funds
- subordinate other lender's liens by using FSA-2361 or other acceptable lender's forms.

323 Perfecting Liens**A Perfecting a Lien on an Undivided Interest**

An applicant obtaining a loan to finance an undivided interest in security or to refinance debts on an undivided interest in such property must secure the loan with a lien on the undivided interest. All individuals having an undivided interest in the security shall execute FSA-2318 unless a written agreement to the same effect is signed.

B Perfecting a Lien on Income from Products or Program Payments

The authorized agency official shall obtain assignments, consents, and security interests relating to income from products and program payments whenever possible to protect FSA's interest.

The following FSA forms are used for taking assignments:

- FSA-2041 to obtain assignment of proceeds from the sale of products when FSA does not have perfected lien under UCC
- FSA-2042 to obtain consent to payment of proceeds from the sale of products when FSA has a perfected lien on the products
- FSA-2043 to obtain assignment of proceeds from the sale of dairy products and release of security interest
- CCC-36 and CCC-37 to assign incentive and other agricultural program payments.

SED shall issue a State supplement about perfecting a security interest when milkbase or grazing permits are financed or taken as security.

D Perfecting a Lien on Stock in Cooperative Associations

FSA may take a security interest, in the form of an assignment pledge or other instrument, in stock or other evidence of association membership if it has value. FSA also may take a security interest in dividends to be paid on stock, memberships, or patronage or in undivided profits and other retainages.

SED shall issue a State supplement about perfecting liens on stock in cooperative associations.

323 Perfecting Liens (Continued)

E Perfecting a Lien on Motor Vehicles

SED shall issue a State supplement about perfecting liens on motor vehicles.

F Perfecting a Lien on Fixtures and Equipment

SED shall issue a State supplement about perfecting liens on equipment or fixtures

324 Closing Chattel Secured Loans**A General**

[7 CFR 764.402(c)] The following requirements apply to loans secured by chattel:

[7 CFR 764.402(c)(1)] The Agency will close a chattel loan only when it determines the Agency requirements for the loan have been satisfied;

The authorized agency official or closing agent shall take the following steps:

- check the security description to ensure it covers all property taken as security and includes the legal description if so required by State supplement
- review all prior liens and encumbrances on the security to determine which must be modified, eliminated, or waived. In doing so, the authorized agency official will work with the applicant to fully understand and resolve any exceptions
- prepare FSA-2040 according to 4-FLP, paragraph 162.

[7 CFR 764.402(c)(2)] A financing statement is required for every loan except when a filed financing statement covering the applicant's property is still effective, covers all types of chattel property that will serve as security for the loan, describes the land on which crops and fixtures are or will be located, and complies with the law of the jurisdiction where filed;

324 Closing Chattel Secured Loans (Continued)**B Use of FSA-2028**

[7 CFR 764.402(c)(3)] A new security agreement is required for new loans, as necessary to secure the loan under State law, prior to the disbursement of loan funds.

FSA requires a new FSA-2028 whenever filing UCC1.

The authorized agency official should describe on FSA-2028 all of the chattel property that will serve as security. The authorized agency official will identify security specifically as follows:

- crop production by describing the real estate on which the crops are grown and by the landowner's name
- livestock by type and exact number
- equipment by manufacturer, model, year, and serial number, where possible

Note: If this information is not available, a written description of the equipment should be provided.

- all accounts, goods, supplies, and inventory by an appropriate description by item or type of property.

When security is held by more than 1 owner who wishes to pledge the full value of the property as security, the authorized agency official must ensure that all owners execute FSA-2028's pledging the security.

325-340 (Reserved)

Section 4 Actions After Loan Closing**341 Disbursing Funds****A When and How Loan Funds are Disbursed**

[7 CFR 764.402(e)(3)] The Agency or closing agent will be responsible for disbursing loan funds. The electronic funds transfer process, followed by Treasury checks, are the Agency's preferred methods of loan funds disbursement. The Agency will use these processes on behalf of borrowers to disburse loan proceeds directly to creditors being refinanced with loan funds or to sellers of chattel property that is being acquired with loan funds. A supervised bank account will be used according to Subpart B of part 761 of this chapter (1-FLP, Part 4) when these processes are not practicable.

The authorized agency official or closing agent may disburse loan funds in a lump sum or in multiple disbursements.

The authorized agency official or closing agent must not disburse loan funds before filing *--and recording the security instruments for chattel secured loans. The authorized agency official or closing agent may disburse loan funds for real estate secured loans at loan closing and subsequently record the mortgage or deed of trust. When necessary, loan funds may be placed in escrow before the instruments are recorded and disbursed. The closing agent--* does not keep development funds in escrow after loan closing, unless approved by the authorized agency official. Loan funds for payment of a lien may be disbursed only upon the recording of a discharge, satisfaction, or releasing prior lien interests or assignment where necessary to protect FSA's interests.

B Handling Loan Funds

If loan funds are received and the loan cannot be closed within 20 workdays from the date the funds were received, the authorized agency official will return or cancel the funds according to 3-FI. The authorized agency official will document the new closing date to which the applicant has agreed in the running record.

342 Review Closing Documents

A General

The authorized agency official must review the closing documents to ensure accuracy and completeness, and if necessary, to take corrective action.

Note: This does not relieve the closing agent from their legal responsibilities.

B DLS

Once the loan is closed, the authorized agency official will enter the final information about the loanmaking process into DLS.

See 1-FLP for general information on DLS.

C Loan Classification

The authorized agency official must classify a new loan within 10 calendar days of loan closing.

See 1-FLP, Part 8 for instructions on loan classification.

343 Distribution of Loan Documents after Closing**A Closing Agent Responsibilities for Documents**

Within 1 day after loan closing, the closing agent must return completed and executed copies of the loan closing instructions, the executed original FSA-2026, and all other documents required for loan closing, except the recorded instruments, to the authorized agency official. If the recorded instruments are customarily returned to the closing agent after recording, those instruments must be forwarded to the authorized agency official immediately.

[7 CFR 764.402(d)(2)] The title insurance or final title opinion must show title vested as required by the Agency, the lien of the Agency's security instrument in the priority required by the Agency, and title to the security property, subject only to those exceptions approved in writing by the Agency.

The final title opinion or title insurance policy will be provided to the authorized agency official as soon as possible after loan closing. Issuing the final title opinion or title insurance should not be held up pending the return of recorded instruments. If the final title opinion does not show the book and page of recording of the FSA security instrument, the words "and is recorded" on FSA-2352 may be deleted and the blank space completed to show the filing office and the filing instrument number, if available. The closing agent will attach the available documents, including any that the authorized agency official has furnished to the closing agent that were not previously returned, to the final title opinion.

343 Distribution of Loan Documents after Closing (Continued)**B FSA Responsibilities for Documents**

The authorized agency official should review the forms and closing actions and take corrective action when necessary. Closing documents will be handled according to the following.

 - returned to the County Office, the original shall be filed in the safe, a copy placed in the applicant's loan file, and a copy given to the applicant
 - retained by the recorder, file a conformed copy in safe, place a copy in the applicants loan file, give a conformed copy to the applicant, and provide copies to interested third parties as needed.
- Water stock certificates or similar security that requires possession by FSA to perfect the security interest will be retained in the safe.
- Abstracts of title:
 - shall be returned to the applicant, except when obtained from a third party with the understanding it will be returned to the third party

Note: Store abstracts in safe until such time they are returned.

- a memorandum receipt shall be obtained when abstracts are delivered to the third party.
- Preliminary and final title opinions shall be reviewed and maintained in the loan file.
- For other loan documents:
 - retain essential documents * * * in the safe and place a copy in the applicant's loan file

Note: See 25-AS, subparagraph 82 E for a list of essential documents.

- place UCC1's, UCC search's, and any other lien documents in FSA-2008
- place all other loan documents in the applicants loan file.

See the State supplement for specific guidance. See 25-AS for instructions on assembling and maintaining the loan file.

344–360 (Reserved)

Part 12 Approving Closing Agents and Title Insurance Companies**361 Approving Closing Agents****A FSA Approval of the Closing Agent**

[7 CFR 764.402(d)(3)] The Agency must approve agents who will close FLP loans. Closing agents must meet all of the following requirements to the Agency's satisfaction:

--The approval official has the authority to approve the closing agent, which may be either an attorney or title insurance agent selected by the applicant. If a loan must be approved at a higher approval authority level, the initiating office may still approve the closing agent.--

See subparagraphs B through I for requirements for a closing agent.

B Licensing Requirements

A closing agent must:

[7 CFR 764.402(d)(3)(i)] Be licensed in the state where the loan will be closed;

An attorney must be duly licensed to practice law in the State in which the real estate security is located.

A title insurance company must be licensed to do business in the State, if a license is required.

C Not Debarred or Suspended

A closing agent must:

[7 CFR 764.402(d)(3)(ii)] Not be debarred or suspended from participating in any Federal programs;

***--No attorney, title insurance company, or title company closing agent, currently debarred or--* suspended from participating in Federal programs may participate in any aspect of FSA loan closing and title clearance process. The "List of Parties Excluded from Federal Procurement and Nonprocurement Programs" is a monthly listing of all suspended and debarred individuals and is available on the Internet at <http://epls.arnet.gov>.**

361 Approving Closing Agents (Continued)**D Liability Insurance**

A closing agent must:

[7 CFR 764.402(d)(3)(iii)] Maintain liability insurance;

All closing agents must carry liability insurance that protects FSA against damage, loss, fraud, theft, or injury as a result of negligence by the closing agent, approved attorney, or title company when title clearance is done by means of a policy of title insurance.

If the closing agent is a title company, FSA will require a closing protection letter issued by an approved title insurance company to cover the closing agent. A closing protection letter is often an American Land Title Association form closing protection letter. Depending upon the area, closing protection letters may also be known as “Insured Closing Letters,” “Indemnification Agreements,” “Insured Closing Service Agreements,” or “Statements of Settlement Service Responsibilities.” This protection letter must include a certification that the company has the ability to cover losses. A title company can submit a list of attorneys in their firm to FSA and these attorneys will be approved if covered by the company’s closing protection letters.

An attorney who will be providing title clearance where the certificate of title will be an attorney’s opinion must certify to professional liability insurance coverage on FSA-2341. The minimum amount of coverage required for the attorney is \$250,000 per occurrence. The insurance coverage may include a deductible, but this may not be more than \$5,000.

E Fidelity Bond

The closing agent must:

[7 CFR 764.402(d)(3)(iv)] Have a fidelity bond that covers all employees with access to loan funds;

FSA-2341 and FSA-2342 provide certification that the closing agent meets the fidelity bond requirement.

***--Note:** When covered by a protection letter, closing agents will not be required to obtain liability insurance or a fidelity bond.--*

F Current Knowledge of State Requirements

The closing agent must:

[7 CFR 764.402(d)(3)(v)] Have current knowledge of the requirements of State law in connection with the loan closing and title clearance;

Closing agents are responsible for having current knowledge of the requirements of State law in connection with loan closing and title clearance and should advise FSA of any changes in State law that necessitate changes in FSA’s State mortgage forms and State supplements.

361 Approving Closing Agents (Continued)**G Conflict of Interest**

The closing agent must:

[7 CFR 764.402(d)(3)(vi)] Not represent both the buyer and seller in the transaction;

[7 CFR 764.402(d)(3)(vii)] Not be related as a family member or business associate with the applicant; and

A closing agent who has, or whose spouse, child, or business associate, a financial interest in the real estate that will secure the FSA debt shall not be involved in the title clearance or loan closing process.

Financial interest includes having an equity, creditor, or debtor interest in any corporation, trust, or partnership with a financial interest in the real estate that will secure the FSA debt.

H Prompt Services

The closing agent must:

[7 CFR 764.402(d)(3)(viii)] Act promptly to provide required services.

A closing agent's delay in providing services without justification may be a basis for not approving the closing agent in future cases.

I Declining the Closing Agent

If the authorized agency official cannot approve the closing agent, the authorized agency official, within 5 workdays from receiving FSA-2341 or FSA-2342, will send the agent a letter explaining the reasons for disapproval. FSA does not provide appeal rights to the agent.

* * * The authorized agency official will send a copy of the letter notifying the agent of the agent's disapproval to the applicant, along with a letter asking the applicant to identify a different closing agent. The applicant may identify the same agent if that agent can meet the requirements that they had previously not met.

362 Approval of Title Insurance Companies**A Approval Conditions**

--The approval official will approve any title insurance company that issues policies of title-- insurance in the State where the security property is located if all of the following conditions are met.

- The form of the lender's policies of title insurance, including required endorsements to be used in closing FSA loans, are acceptable to FSA and contain only standard types of *--exceptions and exclusions approved in advance by FSA with the advice of the Regional OGC.--*
- The title insurance company is licensed to do business in the State, if a license is required.
- The title insurance company is regulated by a State insurance commission or similar regulator or, if not, the title insurance company will submit copies of audited financial statements or other approved financial statements satisfactory to FSA that show that the company has the financial ability to cover losses both:
 - arising out of its activities as a title insurance company
 - under any closing protection letters issued by the title insurance company
 - *--caused by fraud, dishonesty, or failure to comply with FSA closing instructions.

Note: If the title insurance company is not regulated by the State, the approval process will be repeated at least every 5 years, or more often if adverse information becomes available.--*

- The company has not delayed in providing services without justification in prior loan closings with FSA.

If the title insurance company is not approved, it will be notified in writing of the specific reasons.

363-400 (Reserved)

Part 13 Borrower Training**Section 1 Borrower Training Requirements****401 Overview****A Purpose and Scope**

FSA requires direct loan applicants to complete training in production, financial management, or both unless FSA waives the training requirement.

[7 CFR 764.451] The purpose of production and financial management training is to help an applicant develop and improve skills necessary to:

[7 CFR 764.451(a)] Successfully operate a farm;

[7 CFR 764.451(b)] Build equity in the operation; and

[7 CFR 764.451(c)] Become financially successful and prepared to graduate from Agency financing to commercial sources of credit.

402 Assessing an Individual's Need for Training**A Individuals Required to Complete Training**

[7 CFR 764.452(a)] The applicant must agree to complete production and financial management training, unless the Agency provides a waiver in accordance with § 764.453 (subparagraph 402 B), or the applicant has previously satisfied the training requirements. In the case of an entity:

(1) Any individual member holding a majority interest in the entity or who is operating the farm must complete training on behalf of the entity, except as provided in paragraph (a)(2) of this section;

(2) If one entity member is solely responsible for production or financial management, then only that member will be required to complete training.

[7 CFR 764.452(d)] An applicant who applies for a loan to finance a new enterprise, such as a new crop or a new type of livestock, must agree to complete production training with regard to that enterprise, even if production training requirements were waived or satisfied under a previous loan request, unless the Agency provides a waiver in accordance with § 764.453 (subparagraph 402 B).

402 Assessing an Individual's Need for Training (Continued)

B Determining Whether to Waive Training Requirements

[7 CFR 764.453(a)] The applicant must request the waiver in writing.

--Use FSA-2370 to request a waiver.--

[7 CFR 764.453(b)] The Agency will grant a waiver for training in production, financial management, or both, under the following conditions:

(1) The applicant submits evidence of successful completion of a course similar to a course approved under section § 764.457 (paragraph 422) and the Agency determines that additional training is not needed; or

(2) The applicant submits evidence, which demonstrates to the Agency's satisfaction the applicant's experience and training necessary for a successful and efficient operation.

After the applicant has been determined eligible, and before loan closing, the authorized agency official will determine whether to waive training.

If an applicant is applying for additional FSA assistance or benefits, such as a subsequent loan, the authorized agency official must reassess whether to waive a borrower's training requirements even if FSA waived training for the applicant's initial loan.

The authorized agency official will:

- determine whether to waive financial management training based on the applicant's:
 - ***--FSA-2002 and FSA-2302--***
 - practical experience
 - demonstrated ability to keep records
 - education and training
- consider the complexity of the applicant's operation
- ***--determine whether to waive the production training requirement based on a review of FSA-2003 and FSA-2302.--***

If the applicant does not have a 3-year production history, the authorized agency official will consider any similar practical experience the applicant might have.

402 Assessing an Individual's Need for Training (Continued)

B Determining Whether to Waive Training Requirements (Continued)

[7 CFR 764.453(c)] If the production and financial functions of the operation are shared among individual entity members, the Agency will consider the collective knowledge and skills of the individuals when determining whether to waive training requirements.

[7 CFR 764.452(f)] The Agency cannot reject a request for a direct loan based solely on an applicant's need for training.

However, as described in paragraph 69, an applicant must demonstrate managerial ability through * * * education, training, or experience to be eligible to receive a direct loan.

C Notifying a Applicant of the Training Decision

[7 CFR 764.452(g)] The Agency will provide written notification of required training or waiver of training.

*--The authorized agency official will provide the following information on FSA-2313 as part of additional requirements and comments.

Note: FSA-2313 shall be either sent certified mail or hand delivered to the applicant. If hand delivered, FSA must obtain a signed statement from the applicant acknowledging receiving FSA-2313 on the specific date.

If the authorized agency official decides to require training, this notification will include an attachment including the following:--*

- the names of approved vendors in the applicant's area
- the specific courses required.

[7 CFR 764.452(e)] Even if a waiver is granted, the borrower must complete borrower training as a condition for future loans if and when Agency supervision provided in 7 CFR 761 subpart C (1-FLP, Part 8) reflects that such training is needed.

D Production Training Requirements

[7 CFR 764.452(b)] When the Agency determines that production training is required, the applicant must agree to complete course work covering production management in each crop or livestock enterprise the Agency determines necessary.

FSA will require an applicant to complete production management training only in crop or livestock enterprises that are relevant to the applicant's operation.

--Items to be included in the training are those production management requirements found in subparagraph 422 C.--

402 Assessing an Individual's Need for Training (Continued)

E Financial Management Training Requirements

[7 CFR 764.452(c)] When the Agency determines that financial management training is required, the applicant must agree to complete course work covering all aspects of farm accounting and integrating accounting elements into a financial management system.

Items to be included in the training are those financial management requirements found in
--subparagraph 422 C.--

403 Actions That Borrower Must Take When Training is Required**A Deadline for Completion of Training**

[7 CFR 764.454(a)(1)] If the Agency requires an applicant to complete training, at loan closing the applicant must agree in writing (FSA-2371) to complete all required training within two years.

Note: Applicants required to take training as a result of a 2-year term limit extension must complete the required training within 1 year according to subparagraph 172 G.

[7 CFR 764.454(a)(2)] The Agency will grant a one-year extension to complete training if the applicant is unable to complete training within the 2-year period due to circumstances beyond the applicant's control.

[7 CFR 764.454(a)(3)] The Agency will grant an extension longer than one year for extraordinary circumstances as determined by the Agency.

FLC or designee must approve extensions in excess of 1 year in writing.

The authorized agency official may waive an applicant's previously required training requirements if the applicant has received multiple extensions for unusual circumstances. To waive the requirements, the authorized agency official must determine, based on the criteria outlined in subparagraph 402 B, that the applicant has acquired sufficient financial management or production experience since the training was 1st required.

B Arranging Training With a Vendor

[7 CFR 764.454(b)] The borrower must select and contact an Agency approved vendor and make all arrangements to begin training.

SED's shall compile a list of all approved vendors.

C Payment of Training Fees

[7 CFR 764.454(c)(1)] The applicant is responsible for the cost of training and must include training fees in the farm operating plan as a farm operating expense.

(2) The payment of training fees is an authorized use of OL funds.

(3) The Agency is not a party to fee or other agreements between the applicant and the vendor.

404 Training Progress**A Monitoring Training Progress**

Situations may arise in which an applicant/borrower cannot develop a feasible plan because of open accounts or judgment debts that are considered fully due and payable.

In such cases, when the applicant/borrower indicates that a creditor is willing to extend terms which would enable a feasible plan to be developed, the approval official must obtain written documentation that an agreement has been reached.

Acceptable documentation will be any of the following:

- dated and signed allonge or attachment to existing promissory note or judgment, which states the new rate and terms

Note: Any revision of terms in a court-ordered judgment must be approved by the court with guidance from OGC.

- (2) Meet essential family living expenses to the extent they are not met by dependable non-farm income;

- 1. An alien who is lawfully admitted for permanent residence under the Immigration and Nationality Act;*
- 2. An alien who is granted asylum under section 208 of such Act;*
- 3. A refugee who is admitted to the United States under section 207 of such Act;*
- 4. An alien who is paroled into the United States under section 212(d)(5) of such Act for a period of at least 1 year;*
- 5. An alien whose deportation is being withheld under section 243(h) of such Act;*
- 6. An alien who is granted conditional entry pursuant to section 203(a)(7) of such Act as in effect prior to April 1, 1980;*
- 7. An alien who is a Cuban/Haitian Entrant as defined by section 501(e) of the Refugee Education Assistance Act of 1980;*
- 8. An alien who has been battered or subjected to extreme cruelty under section 431 of the Immigration and Nationality Act. 8 U.S.C. 1641 contains more on aliens battered or subjected to extreme cruelty.*

The following documents will, when combined with satisfactory proof of identity (which will come from the document itself if it bears a photograph of the person to whom it relates), establish that an applicant falls within 1 of the categories of “qualified alien” for purposes of title IV of PRWOR, as amended by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996.

Under INA, all aliens over the age of 14 who remain in the U.S. for longer than 30 days are required to register with the United States Department of Homeland Security, BCIS and obtain an alien registration document.

All aliens over the age of 18 who receive a registration document are required to carry it with them at all times. With certain exceptions (e.g., Canadian visitors), aliens entering the U.S. are normally issued a registration document (e.g., BCIS Form I-94) at the time of entry. The following documents that are registration documents are indicated with an asterisk (“*”). Each of the following documents will demonstrate lawful status, and should not require presentation of a registration document if the applicant presents 1 of the other legally acceptable documents that reasonably appears on its face to be genuine and to relate to the person presenting it. However, if the document presented is not a registration document and does not on its face reasonably appear to be genuine or to relate to the person presenting it, it is appropriate to ask the applicant to produce his or her registration document as additional evidence of immigration status, so long as the request is not made for a discriminatory reason. Presentation of a listed registration document that reasonably appears on its face to be genuine and to relate to the person presenting it (or to satisfy a higher applicable standard) will often obviate the need to verify the applicant’s immigration status with BCIS; if the applicant presents a registration document that does not meet this standard, sending BCIS a copy of the document will assist it in verifying the applicant’s status quickly and accurately.

H Alien Who Has Been Battered or Subjected to Extreme Cruelty

Guidance as to the requirements that must be met for an alien to fall within this category of qualified alien is set forth in DOJ’s Notice of Interim Guidance. Note that Title IV, as amended by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, contains provisions requiring that, upon the effective date of the new affidavit of support (required under section 213A of the Act), when determining eligibility for federal means-tested public benefits and the amount of such benefits to which an alien is entitled, the income and resources of the alien be deemed to include those of any person executing an affidavit of support on behalf of the alien and that person’s spouse. Certain exceptions are made for indigent qualified aliens and for qualified aliens who (or whose children) have been battered or subjected to extreme cruelty in the U.S. by a spouse, parent or member of the spouse or parent’s family and for qualified alien children whose parents have been subjected to such abuse.

I Expired or Absent Documentation

If an applicant presents expired documents or is unable to present any documentation evidencing his or her immigration status, refer the applicant to the local BCIS office to obtain documentation of status. In unusual cases involving applicants who are hospitalized or medically disabled, or who can otherwise show good cause for their inability to present documentation, and for whom securing such documentation would constitute an undue hardship, if the applicant can provide an alien registration number, you may file BCIS Form G-845 and Supplement, along with the alien registration number and a copy of any expired BCIS document presented, with the local BCIS office to verify status. As with any documentation of immigration status, you should confirm that the status information you receive back from BCIS pertains to the applicant whose identity you have verified.

J Receipt for Replacement Document

If an applicant presents a receipt indicating that he or she has applied to BCIS for a replacement document for one of the documents identified above, file BCIS Form G-845 and Supplement along with a copy of the receipt with the local BCIS office to verify status. Upon return receipt of information from BCIS, confirm that it pertains to the applicant whose identity you have verified. You should ask to see the replacement document at a later date.

Interim Guidance: Documentary Evidence of Status as Qualified Alien (Continued)

K Applicants With Disabilities and Nondiscrimination

If an applicant has a disability that limits the applicant's ability to provide the required evidence of immigration status (e.g. mental retardation, amnesia, or other cognitive, mental or physical impairment), you should make every effort to assist the individual to obtain the required evidence. In addition, you should not discriminate against applicants on the basis of race, national origin, gender, religion, age or disability.

Interim Guidance: Documentary Evidence of Status as a U.S. Noncitizen National

A person born in America Samoa or Swains Island on or after the date the U.S. acquired America Samoa or Swains Island, or a person whose parents are U.S. non-citizen nationals. Typical evidence of the relatively uncommon status as a non-citizen national includes a birth certificate or passport with a document bearing a photograph of the person.

Copies of the following documents will, when combined with satisfactory proof of identity (which will come from the document itself if it bears a photograph of the person to whom it relates), demonstrate that a person is a U.S. citizen or noncitizen national for purposes of Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996. To the extent citizenship or nationality of a child is relevant to a benefit eligibility determination, the documents should demonstrate the child's status rather than that of the parent.

The lists in "A" and "B" are drawn from existing guidance published by SSA and regulations issued by the U.S. Department of Homeland Security, BCIS, about determination of U.S. citizenship and nationality; the lists in "C" through "F" are drawn solely from the SSA guidance. These lists are not exhaustive; refer to guidance issued by the agency or department overseeing the program to determine if it accepts documents or other evidence of citizenship not listed.

A Primary Evidence

- (1) A birth certificate showing birth in 1 of the 50 States, the District of Columbia, Puerto Rico (on or after January 13, 1941), Guam, the U.S. Virgin Islands (on or after January 17, 1917), American Samoa, Swain's Island or the Northern Mariana Islands, unless the person was born to foreign diplomats residing in the U.S.

Note: If the document shows that the individual was born in Puerto Rico, the U.S. Virgin Islands or the Northern Mariana Islands before these areas became part of the U.S., the individual may be a collectively naturalized citizen. See "C".

- (2) U.S. passport except limited passports, which are issued for periods of less than 5 years.
- (3) Report of birth abroad of a U.S. citizen (FS-240) issued by the Department of State to U.S. citizens.
- (4) Certificate of birth (FS-545) issued by a foreign service post or Certification of Report of Birth (DS-1350) issued by the Department of State, copies of which are available from the Department of State.
- (5) Certificate of Naturalization (N-550 or N-570) issued by BCIS through a Federal or State court, or through administrative naturalization after December 1990 to individuals who are individually naturalized. N-570 is a replacement certificate issued when N-550 has been lost or mutilated or the individual's name has been changed.

Interim Guidance: Documentary Evidence of Status as a U.S. Noncitizen National (Continued)**A Primary Evidence (Continued)**

- (6) Certificate of Citizenship (N-560 or N-561) issued by BCIS to individuals who derive U.S. citizenship through a parent. N- 561 is a replacement certificate issued when N-560 has been lost or mutilated or the individual's name has been changed.
- (7) United States Citizen Identification Card (I-197) issued by BCIS until April 7, 1983, to U.S. citizens living near the Canadian or Mexican border who needed it for frequent border crossings, formerly Form I-179, last issued in February 1974.
- (8) Northern Mariana Identification Card issued by BCIS to a collectively naturalized citizen of U.S. who was born in the Northern Mariana Islands before November 3, 1986.
- (9) Statement provided by a U.S. consular officer certifying that the individual is a U.S. citizen. This is given to an individual born outside U.S. who derives citizenship through a parent but does not have FS-240, FS-545 or DS-1350.
- (10) American Indian Card with a classification code "KIC" and a statement on the back identifying U.S. citizen members of the Texas Band of Kickapoos living near the U.S./Mexican border.

B Secondary Evidence

If the applicant cannot present 1 of the documents listed in "A", the following may be relied upon to establish U.S. citizenship or nationality.

- (1) Religious record recorded in 1 of the 50 States, the District of Columbia, Puerto Rico (on or after January 13, 1941), Guam, the U.S. Virgin Islands (on or after January 17, 1917), American Samoa, Swain's Island or the Northern Mariana Islands (unless the person was born to foreign diplomats residing in such a jurisdiction) within 3 months after birth showing that the birth occurred in such jurisdiction and the date of birth or the individual's age at the time the record was made.
- (2) Evidence of civil service employment by the U.S. Government before June 1, 1976.
- (3) Early school records (preferably from the 1st school) showing the date of admission to the school, the child's date and place of birth, and the name(s) and place(s) of birth of the parent(s).
- (4) Census record showing name, U.S. citizenship or a U.S. place of birth, and date of birth or age of applicant.

Interim Guidance: Documentary Evidence of Status as a U.S. Noncitizen National (Continued)**B Secondary Evidence (Continued)**

- (5) Adoption Finalization Papers showing the child's name and place of birth in 1 of the 50 States, the District of Columbia, Puerto Rico (on or after January 13, 1941), Guam, the U.S. Virgin Islands (on or after January 17, 1917), American Samoa, Swain's Island or the Northern Mariana Islands (unless the person was born to foreign diplomats residing in such a jurisdiction) or, where adoption is not finalized and the State or other jurisdiction listed in which the child was born will not release a birth certificate before final adoption, a statement from a State-approved adoption agency showing the child's name and place of birth in one of such jurisdictions. The source of the information must be an original birth certificate and must be indicated in the statement.
- (6) Any other document that establishes a U.S. place of birth or in some way indicates U.S. citizenship (e.g. a contemporaneous hospital record of birth in that hospital in 1 of the 50 States, the District of Columbia, Puerto Rico (on or after January 13, 1941), Guam, the U.S. Virgin Islands (on or after January 17, 1917), American Samoa, Swain's Island, or the Northern Mariana Islands (unless the person was born to foreign diplomats residing in such a jurisdiction)).

C Collective Naturalization

If the applicant cannot present 1 of the documents listed in "A" or "B", the following will establish U.S. citizenship for collectively naturalized individuals.

- (1) **Puerto Rico.** Evidence of birth in Puerto Rico on or after April 11, 1899, and the applicant's statement that he or she was residing in U.S., a U.S. possession or Puerto Rico on January 13, 1941; or evidence that the applicant was a Puerto Rican citizen and the applicant's statement that he or she was residing in Puerto Rico on March 1, 1917, and that he or she did not take an oath of allegiance to Spain.
- (2) **U.S. Virgin Islands.** Evidence of birth in the U.S. Virgin Islands, and the applicant's statement of residence in U.S., a U.S. possession or the U.S. Virgin Islands on February 25, 1927; the applicant's statement indicating resident in the U.S. Virgin Islands as a Danish citizen on January 17, 1917, and residence in U.S., a U.S. possession or the U.S. Virgin Islands on February 25, 1927, and that he or she did not make a declaration to maintain Danish citizenship; or evidence of birth in the U.S. Virgin Islands and the applicant's statement indicating residence in U.S., U.S. possession or territory or the Canal Zone on June 28, 1932.

Interim Guidance: Documentary Evidence of Status as a U.S. Noncitizen National (Continued)

C Collective Naturalization (Continued)

- (3) **Northern Mariana Islands (NMI) (formerly part of the Trust Territory of the Pacific Islands (TTPI).** Evidence of birth in NMI, TTPI citizenship, and residence in NMI, U.S., or a U.S. territory or possession on November 3, 1986, (NMI local time) and the applicant's statement that he or she did not owe allegiance to a foreign state on November 4, 1986, (NMI local time); evidence of TTPI citizenship, continuous residence in NMI since before November 3, 1981, (NMI local time), voter registration before January 1, 1975, and the applicant's statement that he or she did not owe allegiance to a foreign state on November 4, 1986, (NMI local time); or evidence of continuous domicile in NMI since before January 1, 1974, and the applicant's statement that he or she did not owe allegiance to a foreign state on November 4, 1986, (NMI local time). If a person entered NMI as a nonimmigrant and lived in NMI since January 1, 1974, this does not constitute continuous domicile and the individual is not a U.S. citizen.

D Derivative Citizenship

If the applicant cannot present 1 of the documents listed in "A" or "B", make a determination of derivative U.S. citizenship in the following situations.

- (1) **Applicant born abroad to two U.S. citizen parents.** Evidence of the U.S. citizenship of the parents and the relationship of the applicant to the parents, and evidence that at least 1 parent resided in U.S. or an outlying possession before the applicant's birth.
- (2) **Applicant born abroad to a U.S. citizen parent and a U.S. noncitizen national parent.** Evidence that 1 parent is a U.S. citizen and that the other is a U.S. noncitizen national, evidence of the relationship of the applicant to the U.S. citizen parent, and evidence that the U.S. citizen parent resided in U.S., a U.S. possession, American Samoa, or Swain's Island for a period of at least 1 year before the applicant's birth.
- (3) **Applicant born out of wedlock abroad to a U.S. citizen mother.** Evidence of the U.S. citizenship of the mother, evidence of the relationship to the applicant and, for births on or before December 24, 1952, evidence that the mother resided in U.S. before the applicant's birth or, for births after December 24, 1952, evidence that the mother had resided, before the child's birth, in U.S. or a U.S. possession for a period of 1 year.
- (4) **Applicant born in the Canal Zone or the Republic of Panama.** A birth certificate showing birth in the Canal Zone on or after February 26, 1904, and before October 1, 1979, and evidence that 1 parent was a U.S. citizen at the time of the applicant's birth; or a birth certificate showing birth in the Republic of Panama on or after February 26, 1904, and before October 1, 1979, and evidence that at least 1 parent was a U.S. citizen and employed by the U.S. Government or the Panama Railroad Company or its successor in title.

Interim Guidance: Documentary Evidence of Status as a U.S. Noncitizen National (Continued)**E All other situations where an applicant claims to have a U.S. citizen parent and an alien parent, or claims to fall within 1 of the listed categories but is unable to present the listed documentation:**

- (1) If the applicant is in U.S., refer him or her to the local BCIS office for determination of U.S. citizenship.
- (2) If the applicant is outside U.S., refer him or her to the State Department for a U.S. citizenship determination.
- (3) **Adoption of Foreign-Born Child by U.S. Citizen.** If the birth certificate shows a foreign place of birth and the applicant cannot be determined to be a naturalized citizen under any of the listed criteria, obtain other evidence of U.S. citizenship. Since foreign-born adopted children do not automatically acquire U.S. citizenship by virtue of adoption by U.S. citizens, refer the applicant to the local BCIS district office for a determination of U.S. citizenship if the applicant provides no evidence of U.S. citizenship.
- (4) **U.S. Citizenship By Marriage.** A woman acquired U.S. citizenship through marriage to a U.S. citizen before September 22, 1922. Ask for evidence of U.S. citizenship of the husband, and evidence showing the marriage occurred before September 22, 1922. If the husband was an alien at the time of the marriage, and became naturalized before September 22, 1922, the wife also acquired naturalized citizenship. If the marriage terminated, the wife maintained her U.S. citizenship if she was residing in U.S. at that time and continued to reside in U.S.
- (5) **Applicants With Disabilities and Nondiscrimination.** If an applicant has a disability that limits the applicant's ability to provide the required evidence of citizenship or nationality (e.g., mental retardation, amnesia, or other cognitive, mental or physical impairment), make every effort to assist the individual to obtain the required evidence. In addition, do not discriminate against applicants on the basis of race, national origin, gender, religion, age or disability. See Nondiscrimination Advisory, Attachment 2 to Interim Guidance.

If (enter name of State Beginning Farmer Program) makes a commitment to provide a qualified beginning farmer with financing to establish or maintain a viable farming operation, FSA will provide financial assistance through the use of the Downpayment Loan Program and/or the guaranteed loan programs subject to all of the following:
 - 1. applicable law and regulations
 - 2. normal loan approval criteria, and
 - 3. availability of funds.

The purpose of EM according to this exhibit is to enable the applicant to restore damaged orchards, groves, and income producing trees and plants to their normal production.

B Policy

Loans will be approved only if reestablishment or rehabilitation can be completed over a period not to exceed 5 years. If additional funds are needed and a longer recovery period is required, the applicant must demonstrate, from the outset, that they are able to obtain the additional financing or resources from either their own cash flow or from another lender. FSA has no authority to provide any subsequent EM funds based on the same disaster.

C Eligible Enterprises

Eligible enterprises are trees planted and cultivated for commercial production purposes, which have income producing potential for more than 5 years. This includes but is not limited to, citrus fruits such as oranges, grapefruit, lemons, and limes; fruits such as apples, pears, peaches, and cherries; nuts such as walnuts, pistachios, and pecans; and income producing trees such as Christmas trees, sap producing trees, and trees specifically planted, cultivated, and harvested.

D Nonqualifying Enterprises

Noneligible enterprises are trees and plants grown for commercial purposes which will be harvested and sold within 5 years from the date of establishment, or whose total production potential is less than 5 years. Examples of these include, but are not limited to, nursery stock, ornamental plants, bananas, plantains, raspberries, strawberries, etc.

Note: Fruit, nut bearing, and income producing trees and plants with commercial income potential or that will be harvested and sold within 5 years, will be processed according to the provisions established for all other EM and are not eligible for the provisions in this exhibit.

Note: See Exhibit 2 for the definition of feasible plan.

F Losses

All losses to fruit, nut bearing, or income producing trees and plants which result in destruction of, or major damage to trees and plants will be calculated as physical losses.

Note: Advances for structures, real estate, and other chattels cannot be made under the provisions in this exhibit.

- construction of new buildings, repair of existing buildings, or repair, replacement, or improvement of chattels
- family living expenses
- operating or real estate expenses not directly related to the rehabilitation or reestablishment of damaged or destroyed trees and plants
- refinancing real estate or chattel debt.

I Loan Approval

In addition to the actions required in Part 9, when a loan is being approved, the loan approval official shall:

- obligate the full amount needed to rehabilitate or reestablish the operation, as shown on the credit analysis of the Farm Business Plan
- use assistance code "060" when completing the obligation

Producing Trees and Plants (Continued)

K Terms

The maximum repayment term for loans used to rehabilitate or reestablish an operation will not exceed 40 years. The applicant's ability to repay the loan once the operation is brought back to its normal production is the critical factor in determining the term of the loan.

Loan approval officials may schedule:

- equal and unequal installments based on the applicant's ability to pay.
- reduced annual payments of at least partial interest for the first 5 years

Note: The Farm Business Plan must show the loan will be paid in full at the maturity date of the note. Balloon installments are prohibited.

M Monitoring and Supervision

Loan approval officials are responsible for supervising and monitoring the needs and progress of the borrower in their efforts to rehabilitate and reestablish their operations.

Loan approval officials shall:
