FALLON COUNTY FSA OFFICE

**February/March
2011**

P.O. Box 1516
Baker, Montana 59313

406-772-2238 Ext. 2
406-778-2965 Fax
www.fsa.usda.gov/mt

Hours

Monday - Friday
8:00 a.m. – 5:00 p.m.

County Committee Members:

Cliff Householder, Chair
Brian Rustad, Vice-Chair
Maralee Burdick, Regular
Member

Next County Committee

Meeting:

March 10 – 1:00 p.m.

County Office Staff:

Maria Braun, CED – Ext. 102
Kay Varner, PT – Ext. 104
Sonja Wiseman, PT – Ext. 100
Sharon Gookin – Ext. 2
Ray Allerdings – Ext. 2

Agricultural Lending Opportunities

Questions regarding obtaining credit to start or enlarge a farming or ranching operation; financing agricultural operating expenses; or livestock, machinery purchases contact:
Robin Markuson (406) 775-6355
Ext. 110

Reasonable Accommodations:

Persons with disabilities who require accommodations to attend or participate in any FSA programs should contact the County Executive Director at the FSA Office or the Federal Relay Service at 1-800-877-8339

CRP General Signup announced for March 14 to April 15, 2011

General signup for the Conservation Reserve Program (CRP) will begin on March 14, 2011, and continue through April 15, 2011. During the signup period, Montana farmers and ranchers may offer eligible land for CRP's competitive general signup at their county Farm Service Agency (FSA) office.

Through the 2008 Farm Bill, CRP is authorized for a maximum enrollment of 32 million acres. USDA estimates that contracts on 3.3 million to 6.5 million acres are scheduled to expire annually between now and 2014. Land currently not enrolled in CRP may be offered in this signup provided all eligibility requirements are met. Additionally, current CRP participants with contracts expiring this fall may make new contract offers. Contracts awarded under this signup are scheduled to become effective Oct. 1, 2011. In Montana, 2.9 million acres of the state's 18,721,501 cropland acres are currently actively enrolled in the CRP program. Of the state's active CRP acres; 498,661 acres are scheduled to expire on Sept. 30, 2011; 696,523 acres on Sept. 30, 2012 and 638,841 acres on Sept. 30, 2013.

As administrator of the Conservation Reserve Program, FSA will evaluate and rank eligible CRP offers using an Environmental Benefits Index (EBI) that assists in calculating the environmental benefits to be gained from the contract. The EBI consists of five environmental factors (wildlife, water, soil, air and enduring benefits). Cost factors are also entered into the equation.

In addition to the general sign-up, FSA's CRP Continuous Sign-up Program is ongoing. Continuous acres represent the most environmentally desirable and sensitive land. For more information, visit www.fsa.usda.gov and view *Conservation Programs*.

2009 Supplemental Revenue Assistance Payments Program (SURE) Signup Set from Jan. 10 to July 29, 2011

The 2008 Farm Bill created several new disaster programs. One of the programs, the Supplemental Revenue Assistance Payments Program (SURE), provides financial assistance for crop production and/or quality losses due to a natural disaster. SURE is a total farm revenue disaster program as opposed to the crop disaster programs of previous years, which were primarily production oriented programs. Therefore, all crops that a producer has an interest in are not only evaluated as to the production loss and quality, but revenue as well.

To be eligible for SURE a producer must have at least a 10 percent production loss on a crop of economic significance; a policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP) for all economically significant crops; and have a farming interest physically located in a county that was declared a primary disaster county or contiguous county by the Agriculture Secretary under a Secretarial Disaster Designation.

Without a Secretarial Disaster Designation, individual producers may be eligible if the actual production on the SURE farm is less than 50 percent of the normal production on the SURE farm due to a natural disaster.

Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage.

PAYMENTS - SURE will issue payments to an eligible producer in the amount equal to 60% of the difference between the program guarantee and the total farm revenue. SURE will pay up to 90% of the crop's normal production on the farm. If you meet the guidelines of the program in 2009, i.e. a 10% production loss (associated with adverse weather) on one crop of economic significance and crop insurance (CAT/NAP) purchased on all 2009 crops (other than the exceptions previously explained), contact the county FSA office as soon as possible. Signup for 2009 crops begins January 10, 2011 and ends on July 29, 2011.

County Committee Election Results

Congratulations to Maralee Burdick! Maralee was re-elected to represent farmers from LAA 2 on the Fallon County Committee (COC). Maralee has been elected to her second consecutive term. The election results for Local Administrative Area 2 are:

Maralee Burdick — Elected to the COC

Kim Hufford — 1st alternate to COC

FSA appreciates all of the voters for taking the time to complete the election ballot. The county committee system works only because of your participation. The committee members will hold their organizational meeting in January to determine who will serve as the county committee chairman and vice-chairman.

Livestock Indemnity Program

The Livestock Indemnity Program (LIP) provides assistance to eligible livestock owners and contract growers for eligible livestock deaths in excess of normal mortality due to adverse weather including losses due to floods, blizzards, disease, wildfires, extreme heat, and extreme cold. For 2011 losses, producers must file a notice of loss the earlier of either 30 calendar days of when the loss of livestock was apparent to the participant or October 31, 2011. A notice of loss can be reported to the office by phone, fax, or e-mail. Eligible livestock deaths must have occurred in the calendar year for which benefits are being requested. An Application for payment may be filed at any time in 2011, but must be filed no later than 30 calendar days after the end of the calendar year in which the loss of livestock occurred. Please contact the office for additional eligibility requirements. A list of eligible livestock is available at www.fsa.usda.gov/mt.

Unauthorized Disposition

If a producer receives a Marketing Assistant Loan (MAL) for a particular commodity and then disposes of that commodity by feeding, selling or otherwise disposing of the commodity without prior written authorization from the county office staff, it is considered an unauthorized disposition violation.

The financial penalties for unauthorized dispositions are severe and a producer's name will be placed on a loan violation list for a two-year period. Always call before you haul or utilize any commodity that is under loan.

2011 DCP Signup

Enrollment for the 2011 Direct and Counter-cyclical Program (DCP) has begun and will continue through June 1, 2011. The Farm Service Agency (FSA) urges producers to make use of the eDCP automated website to sign up, or producers can visit the FSA office to complete their 2011 DCP contract.

Eligible producers receive direct payments at rates established by statute regardless of market prices. FSA will issue advance direct payments beginning Dec. 1, 2010. Call the office

**HAVE A SUCCESSFUL LAMBING AND
CALVING SEASON!!!!**

1099-G is in the Mail

Producers who have received payments from FSA are also receiving a CCC-1099-G in the mail. A CCC-1099-G is a report to the Internal Revenue Service regarding FSA payments made to producers during the previous calendar year. The CCC-1099-G is a service to help participating producers report taxable income.

When the CCC-1099-G is received, it should be checked with your records to see that the amounts are correct. It is not intended to replace the program participant's responsibility to report income to the IRS.

ATTENTION: Refunds are no longer reported on the 1099-G, but will be available online from the FSA Financial Inquiries (FSA-FI) web-based database.

Program participants with an eAuthentication user ID and password may access their refund information at FSA-FI and select "Inquiry Type 1099/Refund Reports". Refund amounts are displayed on the Producer's Year-to-Date Activity web page.

If you have a question concerning the 1099-G refund information, you may contact your local FSA office for assistance locating the correct payment data.

Cooperation with Risk Management Agency:

The Agricultural Risk Protection Act of 2000 requires the Farm Service Agency (FSA) and the Risk Management Agency (RMA) to work together to improve program compliance and integrity of the Federal Crop Insurance Program. As a result of the passage of the 2000 Act, RMA and FSA are required to coordinate a plan to identify, address and reconcile discrepancies of all relevant producer-derived information, and to coordinate a monitoring program to include fact finding relative to allegations of program fraud, waste, and abuse. FSA will assist RMA and insurance providers in monitoring conditions throughout the growing season and conduct growing season inspections. All suspected cases of fraud, waste, and abuse concerning the Federal Crop Insurance Program will be referred to RMA. FSA will also assist RMA with auditing claims. Producers may also report suspected cases of fraud, waste, and abuse to their local FSA County Office, the RMA Office or OIG.

Commodity Loans

Commodity loans, also referred to as Marketing Assistance Loans, are available to producers who share in the risk of producing the crop. To be eligible, you must maintain beneficial interest in the crop through the time of application. Beneficial interest means retaining the ability to make decisions about the commodity, responsibility for all risk of loss or damage to the commodity, and title to the commodity. During the term of the loan, loss of beneficial interest is a violation of loan provisions. Violating provisions of a marketing assistance loan may trigger administrative actions, such as assessing liquidated damages, calling the loan and denial of future farm-stored loans. The most common violations are removing or disposing of a commodity being used as loan collateral without prior authorization and providing an incorrect quantity certification.

NAP Coverage Deadlines for 2011 Crop Year

The Non-Insured Crop Disaster Assistance Program (NAP) was designed to provide financial assistance to producers of non-insurable crops when low yields or prevented planting occurs as the result of natural disasters. Statutes limit NAP coverage to each commercial crop or agricultural commodity (except livestock), for which the catastrophic (CAT) level of insurance is not available.

The application and sales closing deadline for 2011 NAP coverage is **March 15, 2011**, for all NAP crops other than value loss and honey. The deadline for value-loss crops was Sept. 1, 2010 and Dec. 1, 2010, for honey.

Producers who choose to obtain NAP coverage for 2011 must file a CCC-471 application for coverage and pay the applicable service fee by the sales closing deadline. Eligible producers must pay a service fee of \$250 per crop per administrative county or \$750 per producer per county, not to exceed \$1875 for a producer with farming interests in multiple counties. Service fees may be waived for limited-resource producers. Contact Maria at (406) 778-2238 Ext. 2.

For the 2011 crop year it is imperative that producers purchase either NAP or a catastrophic (CAT) level of crop insurance for all insurable and non-insurable crops. This is not only for production coverage, but also for eligibility for the new permanent disaster programs created in the 2008 Farm Bill.

In order for producers to be eligible for assistance under the Supplemental Revenue Assistance (SURE) Program and the Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP), and the Tree Assistance Program (TAP), producers must obtain a plan of insurance for each insurable and non-insurable commodity on the farm, **excluding grazing**. To be eligible for assistance under the Livestock Forage Disaster Program (LFP), producers must obtain either coverage under the Pasture, Rangeland, and Forage Rainfall Index pilot Program offered through crop insurance, or NAP coverage, or both on their grazing.

Farming Operation Changes

If you have bought or sold land, or if you have added or dropped rented land from your operation, make sure you report the changes to the office as soon as possible. You need to provide a copy of your deed or recorded land contract for purchased property. Failure to maintain accurate records with FSA on all land you have an interest in can lead to possible program ineligibility and penalties. Making the record changes now will save you time in the spring. Update signature authorization when changes in the operation occur. Producers are reminded to contact the office of a change in operations on a farm so that records can be kept current and accurate.

Special Accommodations

Special accommodations will be made upon request for individuals with disabilities, vision impairment or hearing impairment. If accommodations are required, individuals should contact the county FSA office staff directly or by phone.

Farm Storage Facility Loan Program

FSA's Farm Storage and Facility Loan (FSFL) Program provides low-interest financing for producers of eligible commodities to build or upgrade farm storage and handling facilities. The maximum principal amount of a loan through FSFL is \$500,000. Participants are required to provide a down payment of 15 percent, with Commodity Credit Corporation (CCC) providing a loan for the remaining eighty five (85) percent of the net cost of the eligible storage facility and permanent drying and handling equipment. Loan terms of seven, ten, or twelve years are available depending on the amount of the loan.

Interest rates for each term rate may be different and are based on the rate which CCC borrows from the Treasury Department. Payments are available in the form of a partial disbursement and the remaining final disbursement. A partial disbursement of up to 50 percent of the total loan amount will be available, if desired, after a portion of the construction has been completed. The final disbursement will be made when all construction is completed.

An FSFL generally must be approved before the delivery of any materials are accepted and before any site preparation or construction is begun. The following commodities are eligible for farm storage facility loans: corn, grain sorghum, soybeans, oats, wheat, barley, or minor oilseeds harvested as whole grain; corn, grain sorghum, wheat, oats, or barley harvested as other than whole grain; hay; renewable biomass; fruits (including nuts) and vegetables—cold storage facilities. Among other requirements, borrowers are responsible for obtaining annual multi-peril crop insurance or NAP coverage and all-peril insurance on the FSFL structure listing CCC as the loss payee. For more information, contact the county FSA office.

Need Help Planting a Crop?	Call FARM RESCUE if you are a family farmer that is experiencing a major injury, illness or natural disaster. Up to 1,000 acres planted free of charge.
	701-252-2017 <i>farmrescue.org</i>

Farm Rescue is a non-profit organization which plants and harvests crops free of charge for farm families that have experienced a major injury, illness or natural disaster. Priority consideration is given to applications received by March 15. Visit <http://www.farmrescue.org> or call 701/252-2017 for further information, to refer a family in need or obtain an application. Farm Rescue service is only available to producers in the following eastern Montana counties: Cartier, Fallon, Wibaux, Richland, Roosevelt, Daniels, Dawson Sheridan counties.

FEBRUARY 14TH – DON'T FORGET YOUR VALENTINE!!!

Fallon County FSA OFFICE
P.O. Box 1516
Baker, Montana 59313

PRESORTED
STANDARD U.S.
POSTAGE PAID
Bozeman, MT 59715
PERMIT #54

National Agriculture Week is March 13 through 19. This is a time to celebrate American agriculture and honor the people who work to meet our everyday needs. The Fallon County FSA office would like to say thank you to the many farmers and ranchers we work with on a daily basis.
