COUNTY COMMITTEE ELECTIONS

Congratulations to Julie Hussey and Richard Fortin! They were both reelected to serve on the County Committee. Julie represents farmers from LAA#3 and Richard represents farmers from LAA#4.

At the organizational meeting in January, the Committee voted for Julie Hussey to serve as the Chair and Bruce Savage as Vice-Chair.

FSA appreciates all of the voters for taking the time to complete the election ballot. The county committee system works only because of your participation.

2011 SUPPLEMENTAL REVENUE ASSISTANCE PROGRAM APPLICATIONS

The Farm Service Agency (FSA) will accept SURE applications for 2011 crop losses through June 7, 2013. The SURE Program provides payments to producers when crop revenues are less than the crop guarantee. The SURE Program payment is equal to 60 percent of the difference between the crop guarantee and revenue.

To determine the guarantee and revenue for the SURE Program, all crops on all farms for a producer are included in the calculation. Payments under the SURE Program are limited to \$100,000.

To be eligible for the 2011 SURE Program, producers must have crop insurance on all insurable crops. For crops that are not covered by crop insurance such as pumpkins and cucumbers, producers must have purchased Noninsured Crop Disaster Assistance Program (NAP) coverage through FSA. The Crop Insurance and NAP purchase requirement is waived for crops that are not economically significant to the farming operation. In addition, the producer must have at least one crop with a 10 percent production loss in order to be eligible.

For more information concerning the 2011 SURE program or other Farm Service Agency programs, contact your local FSA office or visit the Farm Service Agency website at www.fsa.usda.gov/sure

HISPANIC AND WOMEN FARMER AND RANCHER CLAIMS

USDA has announced that Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades can file claims between Sept. 24, 2012 and March 25, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied their applications for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000.

As announced in February 2011, the voluntary claims process will make available at least \$1.33 billion for cash awards and tax relief payments, plus up to \$160 million in farm debt relief, to eligible Hispanic and women farmers and ranchers. There are no filing fees to participate in the program.

The department will continue reaching out to potential Hispanic and female claimants, around the country to get the word out to individuals who may be eligible for this program so they have the opportunity to participate.

Call center representatives can be reached at 1-888-508-4429. Claimants must register for a claims package (by calling the number or visiting the website) and the claims package will be mailed to claimants. All those interested in learning more or receiving information about the claims process and claims packages are encouraged to attend meetings in their communities about the claims process and contact the website or claims telephone number.

Website: www.farmerclaims.gov

Phone: 1-888-508-4429

Claims Period: Sept. 24, 2012 - March 25, 2013.

Independent legal services companies will administer the claims process and adjudicate the claims. Although there are no filing fees to participate and a lawyer is not required to participate in the claims process, people seeking legal advice may contact a lawyer or other legal services provider.

NEW ACREAGE REPORTING DEADLINES FOR NEW HAMPSHIRE PRODUCERS

The New Hampshire Farm Service Agency would like to remind producers of the new acreage reporting deadlines. New deadlines became effective July 1, 2012 and are as follows:

January 2 - Honey

January 15 - Apples, Peaches, Nectarines

February 15 - Maple Sap

May 31 - Ornamental Nursery

For more information on acreage reporting and acreage reporting deadlines contact your local FSA Office.

NONINSURED CROP DISASTER PROGRAM (NAP)

In the last few years, weather has played a significant part in crop losses. NAP is a program that helps producers to reduce their financial risk in the event of weather related crop losses. The administrative fee is \$250 per crop with a maximum of \$750 per county. Limited resource farmers may request a waiver of the fee.

The application closing dates are:

NOVEMBER 20 - All Perennial Crops

DECEMBER 1 - Maple Sap and Honey

MARCH 15 - Annually Spring Seeded Crops

SEPTEMBER 1 - Garlic, Aquaculture, Christmas Trees, Floriculture, Ginseng, Mushrooms, Ornamental Nursery, Turfgrass Sod

SEPTEMBER 30 - All Forage Crops

For more information, please contact the county office.

NEW MICROLOAN PROGRAM

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and the smallest of family farm operations. The program will operate similar to the Operating Loan program but will include reduced requirements for managerial experience and loan security, as well as reduced paperwork.

The microloan program can be used for such expenses as annual crop inputs, marketing and distribution expenses, purchase of livestock and equipment, and minor farm improvements such as wells and coolers.

Eligible applicants may obtain a microloan for up to \$35,000. The repayment term may vary and will not exceed seven years. Annual operating loans are normally repaid within 12 months or when the agricultural commodities produced are sold. Interest rates will be the same as the regular Direct Operating Loan rates.

MILC PROGRAM EXTENDED

As a result of the 2008 Farm Bill Extension, all Milk Income Loss Contracts are automatically extended to September 30, 2013. Eligible producers do not have to re-enroll in MILC. MILC payments are triggered when the Boston Class I milk price falls below \$16.94 per hundredweight, after adjustment for the cost of dairy feed rations. MILC payments are calculated each month using the latest milk price and feed cost.

The payment rate for September 2012 is approximately \$0.59 per hundredweight. The payment rate for October 2012 marketings is approximately \$0.02 per hundredweight. The payment rate for November 2012 marketings is zero.

Before the October MILC payment can be issued, dairy farmers must complete a new Average Adjusted Gross Income (AGI) form for 2013. The new form, CCC-933 Average Adjusted Gross Income (AGI) Certification and Consent to Disclosure of Tax Information, must be completed by producers before they can receive payments for a variety of programs administered by FSA and USDA's Natural Resources Conservation Service. Producers may obtain CCC-933 at their local USDA Service Center or online at www.fsa.usda.gov/ccc933.

Dairy operations may select a production start month other than October 2012. Producers who want to select a production start month other than October 2012 must visit their local FSA office between Feb. 1 and Feb. 28, 2013, also known as a relief period.

NEW AGI FORM FOR 2013

Under the 2008 Farm Bill extension, all payment eligibility and payment limitation provisions were extended, including AGI limitations for the 2013 crop year, program year and fiscal year.

All rules and requirements effective for 2012 program payments and benefits are applicable to eligible recipients of 2013 program payment and benefits. This includes the requirements of actively engaged in farming, cash-rent tenant, substantive change, minor child, and spousal provisions. Payments will continue to be limited by direct attribution to person and legal entity. All average AGI limitations for commodity, price support, disaster assistance, and conservation programs are also continued for 2013 including the \$1 million average AGI limitation for 2013 direct payments.

The average AGI for 2013 payment eligibility purposes will be based on the average of AGI amounts for the 3-year period of 2009, 2010, and 2011. Producers will be required to complete a new AGI compliance certification and written consent for disclosure for 2013 using form CCC-933, which is a new form for 2013 only. The CCC-933 must be completed by the person or legal entity earning USDA benefits either directly or indirectly in the 2013 program. Producers who fail to provide the certification and consent must refund all applicable program payments received from FSA and NRCS.

Producers may obtain CCC-933 at their local USDA Service Center or online at www.fsa.usda.gov/cc933.

IRS 1099 CHANGES

In past years, IRS Form 1099-G was issued to show all program payments received from the Farm Service Agency, regardless of the amount. For calendar year 2012, the 1099-G reporting will change.

IRS Form 1099-G (Report of Payments to Producers) will only be issued to producers whose reportable payments total \$600 or more for the calendar year. Additionally, if the producer has at least \$600 in reportable payments received from multiple FSA offices, only one Form 1099-G will be issued. Producers subject to voluntary withholding or backup (involuntary) withholding will receive the appropriate IRS form, even if combined payments are less than \$600.

The same changes will apply to producers and vendors who normally receive IRS Form 1099-MISC from FSA.

Any producer who receives less than \$600 in combined payments should consult a tax advisor to determine if these payments must be reported on their tax return.

DCP/ACRE 2013 SIGN-UP

The Direct and Counter-Cyclical Payment Program (DCP) and the Average Crop Revenue Election (ACRE) Program are being offered for the 2013 crop year under the 2008 Farm Bill Extension.

DCP and ACRE sign-up for 2013 crops will begin on February 19, 2013. The DCP sign-up period will end on August 2, 2013 and ACRE sign-up will end on June 3, 2013.

The only program change from 2012 to 2013 is that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013 (and vice versa).

AGRICULTURAL FOREIGN INVESTMENT DISCLOSURE ACT

Any foreign person who acquires, transfers or holds any interest, other than a security interest, in agricultural land in the United States is required by law to report the transaction no later than 90 days after the date of the transaction. They must file Agricultural Foreign Investment Disclosure Act (AFIDA) reports with the FSA county office that maintains reports for the county where the land is located. For AFIDA purposes, agricultural land is defined as any land used for farming, ranching or timber production, if the tracts total 10 acres or more.

For more information regarding AFIDA and FSA programs, contact your local FSA office or visit the USDA Web site at <http://www.usda.gov>.
