Next County Committee Meeting: July 17, 2014

2012 & 2013 ELAP Losses Must be Filed by Aug. 1, 2014 for Honeybee, Livestock and Farm-Raised Fish Losses

Producers who suffered eligible livestock, honeybee or farm-raised fish losses have until August 1, 2014, to submit a notice of loss and application for payment under the Emergency Assistance for Livestock, Honeybees and Farm-raised Fish Program (ELAP).

ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish that have losses due to disease, adverse weather, or other conditions, such as blizzards and wildfires. ELAP assistance is provided for losses not covered by the Livestock Forage Program (LFP) and Livestock Indemnity Program (LIP).

Producers who suffered eligible livestock, honeybee or farm-raised fish losses during 2012 and 2013 program years must submit a notice of loss and application for payment to their local FSA office by August 1, 2014.

For 2014 program year losses, the notice of loss and an application for payment must be submitted by November 1, 2014.

For more information, producers can review the ELAP Fact Sheet on the [Farm Bill webpage](#). Producers are encouraged to make an appointment with

11:00 AM

their local FSA office to apply for these programs.

COC Nomination Deadline

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to farmers and ranchers. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture (USDA).

County committee members are a critical component of the operations of FSA. They help deliver FSA farm programs at the local level. Farmers and ranchers who serve on county committees help with the decisions necessary to administer the programs in their counties. They work to ensure FSA agricultural programs serve the needs of local producers.

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

The Local Administrative Area (LAA) holding election this year is LAA-1, comprised of the towns of Lancaster, Jefferson, Northumberland, Whitefield and Dalton.

The COC nomination period runs from June 17, 2014 through August 1, 2014. The nomination form is available at USDA Service Centers and [online](#). For more information contact your local FSA office.

Filing for NAP Losses

The CCC-576, Notice of Loss, is used to report failed acreage and prevented planting and may be completed by any producer with an interest in the crop. Timely filing a Notice of Loss is required for all crops including grasses. For losses on crops covered by the Non-Insured Crop Disaster Assistance Program (NAP) and crop insurance, you must file a CCC-576, Notice of Loss, in the FSA County Office within 15 days of the occurrence of the disaster or when losses become apparent.

If filing for prevented planting, an acreage report and CCC-576 must be filed within 15 calendar days of the final planting date for the crop.

USDA Announces New Support for Beginning Farmers and Ranchers

Department Implementing New Farm Bill Programs, Unveiling New Centralized Online Resource to Support Next Generation of Farmers

USDA has announced the implementation of new Farm Bill measures and other policy changes to improve the financial security of new and beginning farmers and ranchers. USDA also unveiled www.USDA.gov/newfarmers, a new website that will provide a centralized, one-stop resource where beginning farmers and ranchers can explore the variety of USDA initiatives designed to help them succeed.

USDA's www.usda.gov/newfarmers has in depth information for new farmers and ranchers, including: how to increase access to land and capital; build new market opportunities; participate in conservation opportunities; select and use the right risk management tools; and access USDA education, and technical support programs. These issues have been identified as top priorities by new farmers. The website will also feature instructive case studies about beginning farmers who have successfully utilized USDA resources to start or expand their business operations.

Today's policy announcements in support of beginning farmers and ranchers include:

- Waiving service fees for new and beginning farmers or ranchers to enroll in the Non-Insured Crop Disaster Assistance Program (NAP) for the 2014 crop year. NAP provides risk management tools to farmers who grow crops for which there is no crop insurance product. Under this waiver, announced via an [official notice](#) to Farm Service Agency offices, farmers and ranchers whom already enrolled in NAP for the 2014 crop year and certified to being a beginning farmer or social disadvantaged farmer are eligible for a service fee refund.
- Eliminating payment reductions under the [Conservation Reserve Program](#) (CRP) for new and beginning farmers which will allow routine, prescribed, and emergency grazing outside the primary nesting season on enrolled land consistent with approved conservation plans. Previously, farmers and ranchers grazing on CRP land were subject to a reduction in CRP payments of up to 25 percent. Waiving these reductions for new and beginning farmers will provide extra financial support during times of emergency like drought and other natural disasters.
- Increasing payment rates to beginning farmers and ranchers under Emergency Assistance for [Livestock, Honeybees and Farm-Raised Fish Program \(ELAP\)](#). Under this provision, beginning and farmers can claim up 90 percent of losses for lost livestock, such as bees, under ELAP. This is a fifty percent increase over previously available payment amounts to new and beginning farmers.

In the near future, USDA will also announce additional crop insurance program changes for beginning farmers and ranchers – including discounted premiums, waiver of administrative fees, and other benefits.

Additional information about USDA actions in support of beginning farmers and ranchers is available [here](#).

Beginning Farmer Loans

FSA assists beginning farmers to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- Has operated a farm for not more than 10 years
- Will materially and substantially participate in the operation of the farm
- Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- Does not own a farm in excess of 30 percent of the county's average size farm.

Additional program information, loan applications, and other materials are available at your local USDA Service Center. You may also visit www.fsa.usda.gov.

Foreign Buyers Notification

The Agricultural Foreign Investment Disclosure Act (AFIDA) requires all foreign owners of U.S. agricultural land to report their holdings to the Secretary of Agriculture. The Farm Service Agency administers this program for USDA.

All individuals who are not U.S. citizens, and have purchased or sold agricultural land in the county are required

to report the transaction to FSA with 90 days of the closing. Failure to submit the AFIDA form (FSA-153) could result in civil penalties of up to 25 percent of the fair market value of the property. County government offices, Realtors, attorneys and others involved in real estate transactions are reminded to notify foreign investors of these reporting requirements.

USDA Farm Service Agency Announces Tree Assistance Program (TAP) Sign-up

As of Tuesday, April 15, 2014, orchardists and nursery tree growers who experienced losses from natural disasters that occurred on or after Oct. 1, 2011, can sign up for the Tree Assistance Program (TAP). TAP was authorized by the Agricultural Act of 2014 as a permanent disaster program. TAP provides financial assistance to qualifying orchardists and nursery tree growers to replant or rehabilitate eligible trees, bushes and vines damaged by natural disasters. The deadline to sign up for losses from 2011-2014 is February 2, 2015.

Eligible tree types include trees, bushes or vines that produce an annual crop for commercial purposes. Nursery trees include ornamental, fruit, nut and Christmas trees that are produced for commercial sale. Trees used for pulp or timber are ineligible.

To qualify for TAP, orchardists must suffer a qualifying tree, bush or vine loss in excess of 15 percent mortality from an eligible natural disaster. The eligible trees, bushes or vines must have been owned when the natural disaster occurred; however, eligible growers are not required to own the land on which the eligible trees, bushes and vines were planted.

If the TAP application is approved, the eligible trees, bushes and vines must be replaced within 12 months from the date the application is approved. The cumulative total quantity of acres planted to trees, bushes or vines, for which a producer can receive TAP payments, cannot exceed 500 acres annually.

Selected Interest Rates For June

Farm Operating, Direct including Microloans: 2.125%
Farm Ownership, Direct: 3.875%
Farm Ownership, Direct Down Payment, Beginning Farmer:: 1.5%
Emergency Loan: 3.125%
Farm Storage Facility Loans, 7 yr.: 2.125%
