## Important Budget Impact Information - from Paul J. Hlubik, State Executive Director

As you are aware, the 2011 FY federal budget was recently approved with significant reductions. Some programs have been impacted and administrative operating money has been reduced. In order to maximize services to you, we are making some minor changes. We will no longer make mass mailings of maps, contracts, etc. Maps of your operation will be available to you if you contact the office in advance and bring with you a new, unopened USB flash drive (storage stick), CD or DVD. This will make it very convenient to you to have this information on your own computers. For those requesting paper maps, please arrange for them to be picked up.

The number of newsletters will be reduced as will the number of written reminders mailed to you. Travel to meetings will be reduced as well as other steps to reduce administrative dollars. We encourage you to mark your calendar with important sign up dates and reporting information. It is also very helpful when you keep your scheduled appointment and bring with you the documents you need. If you provide the office with your e-mail address or fax number, we can update you on the latest program information. In addition, the COC meeting schedules may need to be adjusted so contact the office in advance if you plan to attend.

We believe these changes will have minimum impact to you while still saving tax dollars. Please report any problems with these proposed changes to the CED who will include the information in their weekly reports to me. Our goal is to continue to provide quality service to you, our producers and borrowers. Thank you in advance for your cooperation in this matter.

## 2011 FSA County Committee Elections

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to all farmers and ranchers, whether beginning or long-established, large or small operation. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture.

County Committee (COC) members are a critical component of FSA operations. The intent is to have the COC reflect the makeup of the producers and to represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

County committees provide local input on:

- Commodity price support loans and payments
- Conservation programs
- Incentive, indemnity and disaster payments for some commodities
- Emergency programs
- Payment eligibility

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

### **Nominations**

To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. This form is available at USDA Service Centers and online at [http://www.fsa.usda.gov/Internet/FSA\\_File/sa0669a\\_commiteelectform.pdf](http://www.fsa.usda.gov/Internet/FSA_File/sa0669a_commiteelectform.pdf)

Nomination forms for the 2011 election must be postmarked or received in the local USDA Service Center by close of business **Aug. 1, 2011.**

Agricultural producers who participate or cooperate in an FSA program may be nominated for candidacy for the county committee. Individuals may nominate themselves or others as a candidate.

Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

### **Who Can Vote**

Agricultural producers of legal voting age may be eligible to vote if they participate or coo-

perate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm may also be eligible to vote. More information about voting eligibility requirements can be found in the FSA fact sheet titled "FSA County Committee Election - Eligibility to Vote and Hold Office as a County Committee Member." Producers may contact their local USDA Service Center for more information.

### **2011 DCP/ACRE Signup Continues**

Enrollment for the 2011 Direct and Counter-cyclical Program (DCP) and the Average Crop Revenue Election (ACRE) Program has begun and will continue through **June 1, 2011.**

USDA urges producers to make use of the eDCP automated website to sign up for DCP, or producers can visit any USDA Service Center to complete their 2011 DCP or ACRE contract.

### **SURE Signup**

Signup for the 2009 Supplemental Revenue Assistance Payments program (SURE) began on January 10, 2011. The SURE 2009 program is for those who suffered crop production losses during crop year 2009.

Producers have until July 29, 2011 to apply. If you are unsure if you are eligible please call the office at 856-205-1225 and speak with Lorna.

For more information on the SURE program, please visit the county office or go online to: <http://www.fsa.usda.gov>.

### **Farming Operation Changes**

**If** you have bought or sold land, or if you have added or dropped rented land from your operation, make sure you report the changes to the office as soon as possible. You need to provide a copy of your deed or recorded land contract for purchased property. Failure to maintain accurate records with FSA on all land you have an interest in can lead to possible program ineligibility and penalties. Making the record changes now will save you time in the future.

## **E-File**

**D**on't have time to visit your local office to complete and submit a form? You may be able to do it online. You can use online services for a variety of USDA service center programs including finding and printing forms 24 hours a day, 7 days a week. Creating an E-Authentication account will allow you access to an even wider range of USDA applications.

Please call the office for more information.

## **Farm Loans Available**

**T**here are several types of Farm Loans available from the Farm Service Agency. The following lists the types available:

- Direct Operating or Farm Ownership Loan
- Emergency Loans
- Guaranteed Operating Loan or Farm Ownership Loan
- Youth Loans

Please contact the office for more information.

## **NAP Production Reporting**

**P**roduction records for individual crops need to be filed with our office to establish an approved NAP yield. If this is the first year you participated in NAP, you can provide production and acreage information from prior years to establish your yield. If you participated in NAP in previous years, you must report your production and acreage on a yearly basis to keep your yield up-to-date. Records submitted must be reliable and verifiable. Records need to show crop disposition. We recommend producers submit 2010 production records as soon as harvest is complete. ***All production records must be submitted by the subsequent crop year's final acreage reporting date, which is July 15th.***

## **Acreage Reporting**

**A**creage reporting time is here. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. For crops other than NAP (Noninsured Crop Disaster Assistance Program) crops, acreage reports are to be certified by the May 31<sup>st</sup> deadline on small grains and a July 15<sup>th</sup> deadline on all other crops.

Acreage reports on crops for which NAP assistance may be paid are due in the county office by the **earlier** of July 15<sup>th</sup> or 15 calendar days before the onset of harvest or grazing of the specific crop acreage being reported.

## **Timely Filing of Loss**

**T**he CCC-576, Notice of Loss, is used to report failed acreage and prevented planting and may be completed by any producer with an interest in the crop. Timely filing a Notice of Loss is required for **ALL CROPS INCLUDING GRASSES**. For losses on crops covered by the Non-insured Crop Disaster Assistance Program (NAP) and crop insurance, you must file a CCC-576 (notice of loss) in the FSA County Office within 15 days of the occurrence of the disaster or when losses become apparent.

If filing for prevented planting, an acreage report and CCC-576 must be filed within 15 calendar days of the final planting date for the crop.

## **Hispanic and Women Farmers**

**A** process to resolve the claims of Hispanic and women farmers and ranchers who believe they were discriminated against when seeking USDA farm loans is being established.

If you believe that the United States Department of Agriculture (USDA) improperly denied farm loan benefits to you between 1981 and 2000 because you are Hispanic, or be-

cause you are female, you may be eligible to apply for compensation.

For additional information on this and other settlement issues contact:

### **Bank Account Changes**

Current policy mandates that FSA payments be electronically transferred into your bank account. In order for timely payments to be made, producers need to notify the FSA county office if your account has been changed or if another financial institution purchases your bank. Payments can be delayed if the FSA office is not aware of updates to your account and routing numbers.
