2010 FSA County Committee Elections

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to ALL farmers and ranchers, whether beginning or long-established, with large or small operations. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture.

County Committee (COC) members are a critical component of FSA operations. The intent is to have the COC reflect the makeup of the producers and to represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

County committees provide local input on:

- Commodity price support loans and payments
- Conservation programs
- Incentive, indemnity and disaster payments for some commodities
- Emergency programs
- Payment eligibility

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

Election Period - June 15, 2010 – The nomination period begins. A nomination form is included with this newsletter or you may request one at the FSA Office.

Aug. 2, 2010 - Last day to file nomination forms (FSA-669A) at the local USDA Service Center

- Nov. 5, 2010 - Ballots mailed to eligible voters
- Dec. 6, 2010 - Last day to return voted ballots to the USDA Service Center
- Jan. 1, 2010 - Newly elected county committee members take office

Who Can Hold Office

To hold office as a county committee member, a person must meet the basic eligibility criteria.

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the LAA in which the person is a candidate

Not have been:

- Removed or disqualified from the office of county committee member, alternate or employee
- Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony
- Dishonorably discharged from any branch of the armed services.

For more information about county committee elections, contact the county office staff.

Nominations

To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. This form is available at USDA Service Center.

Nomination forms for the 2010 election must be postmarked or received in the local USDA Service Center by close of business on Aug. 2, 2010.

Agricultural producers who participate or cooperate in an FSA program may be nominated for candidacy for the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

Who Can Vote

Agricultural producers of legal voting age may be eligible to vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm may also be eligible to vote. More information about voting eligibility requirements can be found in the FSA fact sheet titled "FSA County Committee Election - Eligibility to Vote and Hold Office as a County Committee Member." Producers may contact their local USDA Service Center for more information.

COUNTY COMMITTEE ELECTIONS – CONTINUED

The 2010 COC election will be held in Local Administrative Area 2, which includes the following communities: Clyde, Ivey Hill & Waynesville. Persons interested in serving on the County Committee should submit their nomination petition as soon as possible.

SURE Program

The Supplemental Revenue Assistance Program (SURE) provides benefits for farm revenue losses due to natural disasters that incurred in the crop years 2008 through September 30, 2011. To be eligible for SURE payments, a producer is required to obtain crop insurance on all crops in all counties or, if crop insurance is not available, to participate in the Non-Insured Assistance Program (NAP) except for grazed acreage. However, crop insurance or NAP coverage is no longer required for crops that are not of economic significance or those where the administrative fee required to buy NAP coverage exceeds 10% of the value of the coverage.

Eligible farmers and ranchers who meet the definition of Socially Disadvantaged, Limited Resource, or Beginning Farmer or Rancher are exempt from the risk management purchase requirement.

The following are the conditions that trigger SURE payments:

- At least one crop of economic significance must suffer a 10% production loss due to an eligible disaster condition
- Crop of economic significance is a crop that has contributed or would have contributed at least 5% or more of the total expected revenue from all crops on the farm
- Producers in counties declared disaster counties by the Secretary of Agriculture, or in contiguous counties, or those who show proof of an individual loss of at least 50% are eligible to receive SURE payments for crop production or crop quality losses. Losses are measured with consideration to the whole-farm revenue, which includes crop insurance indemnities and commodity program payments, so that producers are not paid more than once for the same loss.

CROP REPORTS

The annual, timely and accurate reporting of acres for all crops and land uses, including failed acreage, can prevent loss of benefits for a variety of Farm Service Agency programs. All cropland on the farm must be reported to receive benefits from the Direct and Counter-cyclical Program, marketing assistance loans and Loan Deficiency Payments.

Conservation Reserve Program acreage must be reported to receive annual rental payments. Crop acreage for Non-insured Crop Disaster Assistance Program (NAP) must also be reported.

Their acreage reports by **June 30th** for all other crops with the exception of burley tobacco which is July 15th.

Prevented Planting:

Prevented planting needs be reported no later than 15 calendar days after the final planting date.

Failed Acreage:

Reports of failed acreage must be filed before disposition of the crop, and producers must be able to establish to the satisfaction of the county committee that the crop failed and was prevented from being replanted through the normal planting period because of natural disaster conditions.
