2011 ACRE Benchmark Farm Yields

Producers that participated in the ACRE program for program year 2011 must establish a benchmark farm yield for each covered commodity that was planted. A benchmark farm yield is the Olympic average of the average yield per planted acre for the farm for the 5 most recent crop years. For 2011, the benchmark farm yield is comprised of data from crop years 2007 through 2011. Because of situations where producers did not have control of farms for the preceding 5 years or a specific covered commodity may not have been planted on the farm in 1 or more of the preceding 5 crop years, "plug yields" were established by commodity and county. Producers may use the ACRE plug yield to establish the benchmark farm yield or may report production evidence.

Production must be reported on form FSA-658. Producers will be required to certify, but not submit, the documents to support their production at the time FSA-658 is filed. However, the documentation will be required at a later date to verify the reported production. The production reporting deadlines to establish the 2011 benchmark farm yields is July 16, 2012 for small grains and other crops.

FSA COC Nomination Deadline

County committees (COC) play a crucial role in helping the county office staff implement the Farm Bill. Due to the important services that COC members provide, producers are encouraged to participate in the FSA county committee election process by nominating an eligible candidate by the August 1, 2012, deadline.

To become a nominee, eligible individuals must sign form FSA-669A. The nomination form for County FSA Committee Election (FSA-669A) is available at your local FSA office. You may also go on-line and download the form from our Ohio FSA website at: www.fsa.usda.gov/oh. The document is located under the "I Want To" section on the right side of the homepage. Or visit the County Committee Elections website to learn more about the County Committee Election process and read over the fact sheets at: <http://www.fsa.usda.gov/elections>. Nomination forms for the 2012 election must be postmarked or received in the local USDA Service Center by close of business on August 1, 2012.

FSA county committee members make decisions on disaster and conservation programs, emergency programs, commodity price support loan programs and other important agricultural issues. Members serve three-year terms. Nationwide, there are more than 7,800 farmers and ranchers serving on FSA county committees.

Committees consist of three to five members who are elected by eligible local producers.

FSA will mail ballots to producers beginning November 5, 2012. The voted ballots are due back at the local county office either via mail or in person by December 3, 2012.

Clermont County's election is for local administrative area (LAA) 1 that includes the townships of Monroe, Washington and Franklin.

Producers Must Report Crop Losses to FSA

Producers must report crop losses resulting from a weather-related disaster event within 15 days of the disaster or when the loss first becomes apparent, this includes crops covered by crop insurance, the Noninsured Crop Disaster Assistance Program (NAP) and crops without insurance coverage. Prevented planting must be reported no later than 15 days after the final planting date.

Crop losses are acres that were timely planted with the intent to harvest, but the crop failed because of a natural disaster. It is important that producers file accurate and timely loss reports to prevent the potential loss of FSA program benefits.

Producers who have NAP coverage will be required to report crop losses on an FSA form CCC-576 - "Notice of Loss and Application for Payment Noninsured Crop Disaster Assistance Program."

Over the Counter Channel (OTCnet)

FSA/CCC is moving toward OTCnet, an electronic method for processing customer check payments. When a check is submitted for payment either in person or through the mail, the check will be converted into an Electronic Funds Transfer (EFT). The funds will be debited from the producer's account, usually within 24 hours of receipt. Please see the U.S. Department of Treasury legal notices posted in the Service Center or visit the following U.S. Department of Treasury Internet site for detailed information.

<http://fms.treas.gov/otcnet/legal.html>

What is OTCnet?

OTCnet is a Web-based online application process for converting paper checks presented to FSA into electronic debits to the producer's bank account. It presents many benefits, such as reducing lost/misplaced checks and paper handling. This improves customer relations, speeds the check clearing process, and reduces the potential for human error.

How will my check be handled?

The check will be scanned into the system and voided. The customer will not receive the check back from FSA. FSA will hold checks for up to 14 calendar days to ensure that the item was successfully processed, and then FSA will shred the check.

How quickly will funds be transferred from my account?

The transfer of funds from your account could occur within 24 hours. Therefore, you should be sure that you have sufficient funds in your account to process the transaction. If you do **not** have sufficient funds, we may initiate the transaction again.

How will this transaction appear on my account statement?

The transfer of funds will be reflected on your account statement. The transaction may be recorded in a different place on your statement than where your checks normally appear, such as under "other withdrawals" or "other transactions".

What are my rights if there is a problem with the transaction?

You have protections under Federal law for an unauthorized electronic fund transfer from your account. You should contact your financial

institution immediately if you believe that the transaction reported on your account statement was not properly authorized or is otherwise incorrect.

2011 ACRE Program Production Reports

Producers that participated in the ACRE program for 2011 are required to report 2011 production to be used to compute 2011 ACRE payments, if applicable, and 2012 benchmark farm yields. The reporting deadline date for 2011 production reports is **July 16, 2012** for small grains and other crops. Production reports may be submitted by the 2011 crop year operator, owner or other producer with an interest in the reported acreage. Failure to file a production report (FSA-658) for a farm enrolled in ACRE will result in the farm's producers being ineligible for any ACRE contract payments and the actual yield used to determine future benchmark farm yields will be zero.

May MILC Payments for Dairy Producers

Producers participating in USDA's Milk Income Loss Contract (MILC) program will receive payments for the month of May. USDA makes MILC payments on a monthly basis when the Boston Class I milk price falls below \$16.94 per hundredweight after adjustment for the cost of dairy feed rations.

The MILC payment trigger price of \$16.94 is adjusted upward when the National Average Dairy Feed Ration Cost for a month is greater than \$7.35 per cwt. USDA's National Agricultural Statistics Service releases the data for determining the Average Dairy Feed Ration Cost monthly. Using this information, the MILC payment trigger for the month of May has been adjusted to \$21.80, for a final MILC payment rate of \$ 1.2164177 per hundredweight.

For more information about the MILC program, please visit your local FSA office or go online to: http://www.fsa.usda.gov/Internet/FSA_File/milc2011.pdf

Selected Interest Rates for July 2012	
90-Day Treasury Bill	0.125%
Farm Operating Loans — Direct	1.250%
Farm Ownership Loans — Direct	3.375%
Farm Ownership Loans -- Down Payment	1.500%
Emergency Loans	3.750%
Farm Storage Facility Loan -- 7 year	1.250%
Farm Storage Facility Loan -- 10 year	1.875%
Farm Storage Facility Loan -- 12 year	2.125%
Sugar Storage Facility Loans	2.375%
Commodity Loans 1996-Present	1.125%

Final Acreage Reporting Dates Quickly Approaching

The Clermont County Farm Service Agency (FSA), would like to remind producers of the acreage reporting requirements that must be met prior to receiving program benefits. If producers miss the acreage reporting deadline dates, a late filing fee will be charged.

Producers are required to file an FSA-578, *Report of Acreage*, certification for the farm by the **June 30 deadline for small grains** and by **July 15 for all other crops except small grains**. To be considered timely, acreage reports on crops are due in the county office by the earlier of June 30 for small grains and July 15 for all other crops, or 15 calendar days before the onset of harvest or grazing of the specific crop acreage being reported.

It is also very important that producers report crop losses, including those insured under Federal Crop Insurance (FCIC) and Non-insured Assistance Program (NAP) within 15 days of the date damage occurred or 15 days from the date damage is apparent. Losses and or damages to crops must be reported after each disaster occurrence and in a timely manner to insure continued eligibility for benefits.

Producers are encouraged to visit their local FSA county office to file the required FSA-578 certification report before the deadline dates expire. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Removing CCC Loan Collateral

Producers are reminded, if you have grain under Commodity Credit Corporation loan it cannot be removed or disposed of without prior county office staff authorization or repayment. The county office staff may issue release authorizations based on a telephone or in person request when you are ready to move the grain. A loan violation is subject to monetary and administrative penalties, such as repaying the loan at principal plus interest, liquidated damages, calling the loan and denial of future farm-stored loans and loan deficiency payments.

All commodity loans are subject to spot check. Locking in a market loan repayment rate is not a marketing authorization. If you are planning to move CCC loan grain, call the county office staff, before you HAUL!

Maintaining Stored Grain Quality

With the high temperatures this summer, producers are reminded to keep an eye on the condition and quality of the stored grain. Remember to contact your local FSA office if you notice changes in the condition and quality of the stored grain.

Foreign Investors Who Hold Agricultural Land

Foreign investors, who buy, sell or hold a direct or indirect interest in U.S. agricultural land must report their holdings and transactions to the U.S. Secretary of Agriculture. Failure to timely file an accurate report can result in a penalty with fines up to 25 percent of the fair market value of the agricultural land. Foreign persons who are buying or selling land must report the transaction **within 90 days of the date of the transaction.**

Who Must Report:

- Individuals who are not U.S. citizens or citizens of the Northern Mariana Islands or the Trust Territory of the Pacific Islands;
- Individuals who are not lawfully admitted to the U.S. for permanent residence or who are not paroled into the U.S. under the Immigration and Nationality Act;
- Any organization created under laws of a foreign government or which has located its principle place of business outside the U.S.;
- Any U.S. organization in which a significant interest or substantial control is directly or indirectly held by foreign individuals, organizations or governments; and
- Any foreign governments.

What to Report:

- Each tract of agricultural land in the U.S., its territories, the Northern Mariana Islands and the Trust Territories of the Pacific Islands owned by persons required to report; and
- Leaseholds of 10 years or more.

USDA designated the FSA to collect the AFIDA report forms. Individuals wanting to obtain an AFIDA report form (FSA-153) may do so from any FSA county office. The (FSA-153) is available in both English and Spanish translations. You can also go on-line and download the form at:

http://forms.sc.egov.usda.gov/efcommon/eFileServices/Forms/FSA0153_010524V02.pdf .

Although interested parties may obtain a report form from any FSA county office, the completed form must be returned to the FSA county office where the land or where the programs are administered.

Foreign investors should contact your local FSA if this pertains to you. To locate the FSA county office, you can look in the telephone book white pages or go on-line to: www.fsa.usda.gov/oh and then click on the "County Offices" link. Then click on the county where the land is located.

FSA Seeks Comments on New Microloan Proposal

To further assist beginning farmers and ranchers, FSA is seeking comments on a new Microloan program that would simplify and streamline the process for producers obtaining loans under \$35,000. The new Microloan program would cut the paperwork in half and simplify the loan application process.

The proposed microloan program rule may be viewed at: <http://www.fsa.usda.gov/FSA/federalNotices?area=home&subject=lare&topic=frd-pi>. Comments must be submitted no later than July 23, 2012, through the following website: <http://www.regulations.gov> or by mail to Director, Loan Making Division (LMD), FSA, USDA, 1400 Independence Ave., SW, Stop 0522, Washington, DC 20250-0522.

Highly Erodible Land Conservation (HEL) and Wetland Conservation (WC)

Producers intending to remove fence rows, convert woodlots to cropland, install new drainage, or improve or modify existing drainage, must notify the FSA and update Form AD-1026. FSA will notify NRCS and NRCS will make HEL and wetland technical determinations. Farmers with HEL determined soils are reminded of tillage, crop residue and rotation requirements per their conservation plan. Failure to obtain ADVANCE approval for any of these situations can result in the loss of eligibility and all federal payments.

Dates to Remember

July 2	Final certification date for small grains.
July 4	Independence Day Holiday. FSA Offices Closed.
July 16	Final certification date for all crops except small grains.
Aug. 1	Final date to request farm reconstitution for current fiscal year.
Aug. 1	Last day to file County Committee Nomination forms.
Aug. 1	Deadline to request re-enrollment of continuous CRP contracts expiring Sept. 30, 2012.
Sept. 3	Labor Day Holiday. FSA Offices Closed.
Oct. 1	Deadline to obtain 2012 NAP coverage for Winter Wheat, Rye, Barley and Speltz.

Visit our website at: www.fsa.usda.gov/oh

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer."
