DCP/ACRE Sign-up Continues

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

All payments under the DCP are subject to the availability of funds and compliance with all laws including those that may be passed after a DCP Contract is signed. This may include a reduction in the amount of Direct Payments due to any sequester order required by legislation. FSA will notify producers of any required percentage reduction of DCP payments.

The 2013 Direct Payments will be as follows: Corn 28 cents per bushel, Soybeans 44 cents and Wheat 52 cents. Producers should contact the Wyandot County Farm Service Agency as soon as possible to schedule an appointment for the 2013 DCP/ACRE sign-up 419-294-2127. The deadline to enroll in the DCP is August 2, 2013 and for ACRE is June 3, 2013 to sign-up.

For more information concerning the DCP program or other Farm Service Agency programs, contact the Wyandot County Farm Service Agency at 419-294-2127 or visit the FSA website at: www.fsa.usda.gov.

2011 Supplemental Revenue Assistance Program Applications

The Farm Service Agency (FSA) will continue to accept SURE applications for 2011 crop losses through **June 7, 2013**. The SURE Program provides payments to producers when crop revenues are less than the crop guarantee. The SURE Program payment is equal to 60 percent of the difference between the crop guarantee and revenue.

To determine the guarantee and revenue for the SURE Program, all crops on all farms for a producer are included in the calculation. Payments under the SURE Program are limited to \$100,000.

To be eligible for the 2011 SURE Program, producers must have crop insurance on all insurable crops. For crops that are not covered by crop insurance such as pumpkins and cucumbers, producers must have purchased Non Insured Crop Disaster Assistance Program (NAP)

coverage from FSA. The Crop Insurance and NAP purchase requirement is waived for crops that are not economically significant to the farming operation. To be eligible, the producer must have at least one crop with a 10 percent production loss.

For more information on SURE program eligibility requirements contact the Wyandot County FSA office at 419-294-2127 or visit the website at <http://www.fsa.usda.gov/sure>.

Final Loan and LDP Availability Date

Producers are reminded that the final commodity loan and LDP availability date for 2012 Crop Year Corn, Dry Peas, Grain Sorghum, Lentils, Mustard Seed, Safflower Seed, Small Chickpeas, Soybeans and Sunflower seed **will be May 31, 2013**.

Ohio FSA Seeks Crop Loss Adjusters

The USDA Ohio Farm Service Agency (FSA) is seeking qualified individuals with knowledge of field crops and specialty crops interested in becoming Independent Crop Loss Adjustment Contractors for FSA.

FSA administers the Noninsured Crop Disaster Assistance Program (NAP) which provides financial assistance to eligible producers affected by drought, flood, hurricane, or other natural disasters.

FSA utilizes crop loss adjusters when eligible producers experience crop losses and planting prevented by disasters. Contracted crop loss adjusters will be responsible for completing field inspections, reading maps and aerial photos, measuring fields and assessing damage or loss. The crop loss adjuster will perform fact-finding (regarding crop damage), record information and transmit loss information to accurately assess indemnity.

Interested individuals should submit a resume and a brief written summary of their agricultural background and mail the information to the address listed below. Packages must be received **by COB on May 1, 2013.**

**Ohio FSA State office
Attn: Matt Kleski
200 North High Street, Room 540
Columbus, Ohio 43215**

NOTE: Selected individuals must have their own transportation and be willing to travel anywhere in Ohio to work crop loss claims. Travel expenses are reimbursable. Further training will be provided to crop loss adjusters once a selection has been made.

A detailed job description for the Independent Crop Loss Adjustment Contractors position is available on the Ohio FSA website at: www.fsa.usda.gov/oh. For more information or questions about the Independent Crop Loss Adjustment Contractors position, contact Matt Kleski at the Ohio Farm Service Agency State Office at 614-255-2446.

Maintaining Stored Grain Quality

With spring right around the corner, producers are reminded to keep an eye on the condition and quality of the stored grain. Remember to contact your local FSA office if you notice changes in the condition and quality of the stored grain.

Hispanic and Women Farmers and Ranchers Claims Process Extended

Agriculture Secretary Tom Vilsack has extended the voluntary claims process for Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades. **All claims must now be filed by May 1, 2013.**

Hispanic and women farmers who believe they have faced discriminatory practices in the past from the USDA have additional time to file a claim in order to have a chance to receive a cash payment or loan forgiveness. USDA urges potential claimants to contact the Claims Administrator for information and to file their claim packages on or before May 1, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied his or her application for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000.

All those interested in learning more or receiving information about the claims process and claims packages are encouraged to visit the website at any time or to contact the call center telephone number Monday through Friday 9 a.m. to 8 p.m. Eastern Time.

Claim packages and other documentation may be mailed to Hispanic and Women Farmers and Ranchers Claims Administrator, PO Box 4540, Portland, OR 97208-4540. Claim packages and other documentation may be emailed or faxed.

Once a claim is submitted to the Claims Administrator, the Claims Administrator will determine if it is timely and complete. If it is, the claim will move to the Claims Adjudicator for a determination on the merits of the claim. USDA may submit evidence to the Claims Adjudicator regarding the claim. If a claim is deemed incomplete, a claimant will be notified by the Claims Administrator and given the opportunity to provide additional information within a certain timeframe. Claimants may check the status of their claims on the claims website.

- Website: www.farmerclaims.gov
- Phone: 1-888-508-4429
- Fax: (855) 626-8343
- Email: claims@hwfr.org
- Claims Period: September 24, 2012 – May 1, 2013.

Independent companies will administer the claims process and adjudicate the claims. Although there are no filing fees to participate and a lawyer is not required to participate in the claims process, persons seeking legal advice may contact a lawyer or other legal services provider.

Rural Youth Loans

The Farm Service Agency makes loans to rural youths to establish and operate income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5000.

Applicants Must:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Live in a rural area or in a town of 50,000 people or fewer
- Must obtain a written recommendation and consent from a parent or guardian if the applicant has not reached the age of majority under state law
- Comply with FSA's general eligibility requirements
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the project and the loan, along with providing adequate supervision.

To find out more about the FSA Rural Youth loan program, contact the Logan County FSA office to setup an appointment with a Loan Approval Official.

Selected Interest Rates for April 2013	
90-Day Treasury Bill	0.125%
Farm Operating Loans — Direct	1.375%
Farm Ownership Loans — Direct	3.500%
Limited Resource Loans	5.000%
Farm Ownership Loans — Down Payment	1.500%
Emergency Loans	2.375%
Farm Storage Facility Loan -- 7 year	1.375%
Farm Storage Facility Loan -- 10 year	2.000%
Farm Storage Facility Loan -- 12 year	2.250%
Sugar Storage Facility Loans	2.500%
Commodity Loans 1996-Present	1.125%

NAP Production Reporting

Production records for individual crops need to be filed with the Wyandot County FSA office to establish an approved NAP yield. If this is the first year you participated in NAP, you can provide production and acreage information from prior years to establish your yield. If you participated in NAP in previous years, you must report your production and acreage on a yearly basis to keep your yield up-to-date. Records submitted must be reliable or verifiable. Records need

to show crop disposition. We recommend producers submit 2013 production records as soon as harvest is complete. **All production records must be submitted by the subsequent crop year's final acreage reporting date.**

Report Failed Crop Acreage Prior to Destruction

With spring planting quickly approaching, the Wyandot County Farm Service Agency (FSA) encourages farmers to report failed crop acreage that will not be brought to harvest to their FSA office. Failed acreage must be reported to FSA before destroying and replanting to allow time for a field check.

"It is very important that farmers report failed acreage that will not be brought to harvest to the FSA office prior to destruction," said Wyandot County Executive Director, Charlotte Schmachtenberger. "This simple act of insuring that failed acres are documented could be the determining factor in whether or not a farmer is eligible for future crop disaster program payments."

Form CCC-576, Notice of Loss, is used to report failed acreage and may be completed by any producer with an interest in the crop. For crop losses covered by the Non-insured Assistance Program (NAP), producers must contact their local FSA office within 15 days of the occurrence of the disaster or when losses become apparent. Producers with crop insurance should also contact their local agent when losses occur and before destroying the crop.

Producers are encouraged to keep good production records on acreage with a low crop yield to document crop losses. To be eligible for crop disaster programs in the future, production records may help support crop loss claims.

Additional information in regard to failed crop acreage or crop losses covered by the Non-Insured Assistance Program (NAP) can be obtained by contacting the Wyandot County FSA office at 419-294-2127.

45th CRP General Sign-Up Starts Soon

USDA will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 320,000 acres are enrolled in CRP in Ohio. Producers that are accepted in the sign-up can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract (10-15 years).

Contracts on approximately 55,000 acres of CRP in Ohio are set to expire on Sept. 30, 2013. Producers with expiring

contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

More information about the CRP general sign-up [can be found here](#) or contact the Wyandot County FSA office at 419-294-2127.

Microloan Program

The Farm Service Agency (FSA) offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

In addition to microloans, FSA offers several farm loan programs that provide funding to purchase land, livestock, equipment, feed, seed, and supplies, or can be used to construct buildings or make farm improvements.

Individuals interested in applying for a microloan or would like to discuss other farm loan programs available, should contact the Wyandot County FSA office to setup an appointment with a loan approval official. The Microloan program Fact Sheet can be [found here](#).

Appeal Process

After an FSA official makes an adverse decision on your application/contract for USDA benefits, appellants will be sent a letter informing you of the decision and options you can pursue if you disagree. Appellants will be forwarded the applicable appeals and mediation rights.

Controlled Substance

Any person who is convicted under federal or state law of a controlled substance violation could be ineligible for USDA payments or benefits. Violations include planting, harvesting or growing a prohibited plant. Prohibited plants include marijuana, opium, poppies and other drug producing plants.

Dates to Remember	
May 1	Hispanic and women farmers and ranchers claims deadline to file a claims packet.
May 20	CRP General Sign-up Period starts and continues through June 14.
May 27	Memorial Day Holiday. FSA Offices Closed.
May 31	Deadline to apply for 2012 commodity loans and LDP's on feed grains, soybeans, pulse crops.
June 3	Deadline to sign-up for 2013 ACRE program.
June 7	Deadline to sign-up for the 2011 SURE program.
June 15	County Committee Nomination period begins.
July 15	Deadline for reporting corn, oats, soybeans and all other crops
August 2	Deadline to sign-up for 2013 DCP Program.
