32 Controlled Substance Determination Information

A Overview

Controlled substance eligibility, which is the Controlled Substance FSA flag in System 36, is read by several programs for eligibility purposes. This is a year specific flag.

B Business Rule

The rule for controlled substance eligibility is any person who is convicted under Federal or State Law of a controlled substance violation, shall be ineligible for payments or benefits. The general term “growing”, which includes planting, cultivating, growing, producing, harvesting, or storing, has a set violation period of the crop year of violation and 4 succeeding years. For trafficking and possession the violations are at the discretion of the court. The court may determine the conviction to be from 1 year to “permanent” ineligibility of all government program benefits.

See 1-CM, Part 30 for additional information on controlled substance provisions.
