## A Introduction

The Select (*Member*) Page is the primary page for adding or deleting members in the farming operation. This page:

- is organized into 3 sections
- is organized in a "tree" structure that allows the organizational structure to be expanded or collapsed, as needed, by the user
- lists all members associated with the farming operation
- allows members to be added, modified, or deleted to/from the farming operation.

### 522 Select (*Member*) Page (Continued)

### **C** Information on the Page

The Select (*Member*) Page is divided into 3 sections. This table describes the information available on the page, based on the example in subparagraph B.

**Warning:** The most important aspect of recording member information correctly is to ensure that the correct producer, embedded entity, or member is selected before proceeding.

Description				
Lists all the members that have been added to the farming operation.				
• The members are displayed in a "tree" structure with each member level indented slightly.				
• A plus (+) or minus (-) is provided for the payment entity and embedded entities, if applicable, that allows the user to expand or collapse the information for display.				
•*Following the name of the producer/member is the:				
• last 4 digits of TIN				
• shares recorded				
IRS Response code				
• deceased date (if applicable, the deceased date will only appear in the plan year and subsequent plan years the member is deceased)				
• "Customer not found in Business Partner" message (see the following explanation).				
"A Customer not found in Business Partner" message will appear if the member was loaded in the plan and later inactivated or merged in Business Partner. If this occurs the member should be deleted from the plan and replaced with the correct member from Business Partner.				
"The "Shares display left" option allows users to display the producer/member shares on				
the left rather than the last 4 of the TIN"*				
CLICK "Checkbox" to change the display				
Provides information about the selected producer or member in section 1. The producer or				
member name that is highlighted in section 1 will be listed along with their share in the				
operation
