

UNITED STATES DEPARTMENT OF AGRICULTURE

Farm Service Agency
Washington, DC 20250

Web-Based Subsidiary Files 3-PL	Amendment 5
--	--------------------

Approved by: Deputy Administrator, Farm Programs

Amendment Transmittal

A Reason for Amendment

Paragraph 37 has been amended to provide background information and to update contact information if a State Office receives information from OIG and believes that a producer is ineligible.

	3-63, 3-64	

36 Delinquent Debt Determination Information (Continued)

E Field Default Values

When new eligibility records are created, delinquent debt field values are defaulted according to this table.

Field	Default Value
COC Determination/Certification	"No" indicating the producer does not have a delinquent Federal non-tax debt.
Source of Delinquent Debt Determination	"Not Applicable".
Additional Information	"Blank".

F Migrating Eligibility Data from the Legacy System

Delinquent debt values will not be migrated because there is not any data in the existing System 36. As a result, default values will be set for all producers with existing eligibility records.

37 Information About "Fraud – including FCIC Fraud" Determination

A Introduction

The “Fraud – including FCIC Fraud” section of the web-based eligibility system was formerly called the “FCIC Fraud Determination.” This section is used to record action taken as a result of a producer or group of producers being disqualified or debarred from participating in FSA- and/or RMA-administered programs.

B Process

The process for updating fraud determinations is handled by PECD in the National Office.

--PECD receives a memo from ALS or ORAS about participation eligibility. PECD enters-- the determination information into the web-based system along with:

- year of disqualification
- number of years that the producer is ineligible for benefits.

Note: The number of years a producer is determined ineligible is based on the *--information received from ALS or ORAS and can be for 1 or more years.

Disqualification and ineligibility information is not updated by PECD until ALS or ORAS notification is received. Once received from ALS or ORAS, PECD notifies the applicable State Office. State Offices shall notify affected County Offices.

Note: There may be instances where PECD will notify certain State Offices referenced in documentation received from ALS or ORAS about ineligible producers even--* though the producers may not be linked in SCIMS to a county in that State.

C Who to Contact

*--The following table provides contacts if a State Office believes information has not been entered for a producer.

IF the case is an...	THEN the State Office shall contact...
RMA case	Tim Witt by: <ul style="list-style-type: none"> • e-mail at tim.witt@usda.gov • telephone at 816-926-7394.
OIG case	Director, ORAS by telephone at 202-690-2532.
