Administration

## SURE Signup

Signup for the 2008 Supplemental Revenue Assistance Payments program (SURE) began on January 4, 2010. SURE 2008 is for those who suffered crop production losses during crop year 2008.

SURE provides crop disaster assistance payments to eligible producers on farms that have incurred crop production or crop quality losses. The program takes into consideration crop losses on all crops grown by a producer nationwide. SURE provides assistance in an amount equal to 60 percent of the difference between the SURE farm guarantee and total farm revenue. The farm guarantee is based on the amount of crop insurance and Non-insured Crop Disaster Assistance Program (NAP) coverage on the farm. Total farm revenue takes into account the actual value of production on the farm as well as insurance indemnities and certain farm program payments.

Producers with a farming interest physically located in a county that was declared a primary disaster county or contiguous county by the Agriculture Secretary must have suffered at least a 10 percent production loss on a crop of economic significance. Producers must meet the risk management purchase requirement by either obtaining a policy or plan of insurance, under the Federal Crop Insurance Act or NAP coverage, for all economically significant crops. For 2008 crops, producers had the opportunity to obtain a waiver of the risk management purchase requirement through a buy-in provision. Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage.

If there is no Secretarial Disaster Designation, individual producers may also be eligible for SURE if the actual production on the farm is less than 50 percent of the normal production on the farm due to a natural disaster. For

SURE, a farm is defined as all crops in which a producer had an interest nationwide. For more information on the new SURE program, please visit the county office or <http://www.fsa.usda.gov>.

## Dairy Economic Loss Assistance Program

The Dairy Economic Loss Assistance Program (DELAP) provides a one-time payment to assist dairy producers who have recently experienced low milk prices and high production costs.

No application to receive DELAP program benefits is required if a dairy operation or producer's records are currently available in a Farm Service Agency (FSA) county office from previous participation in a fiscal year 2009 dairy program administered by the agency. FSA will use existing production data maintained by the FSA county office for the months of February through July 2009 to calculate and issue payments.

Dairy producers who do not have production records at the FSA county office, and who have not been contacted to obtain such data for the months of February through July 2009, may apply to receive DELAP benefits during the 30-day application period beginning Dec. 17, 2009. The deadline to submit requests for DELAP program benefits was January 19, 2010.

FSA will calculate payments based on each qualifying dairy operation's total pounds of production commercially marketed during the months of February 2009 through July 2009, multiplied by two, up to six million pounds per dairy operation. A national per hundredweight payment rate will be calculated by dividing the available funding of \$290 million, less a reserve established by FSA, by the total pounds of eligible production approved for payment.

*Continued on Page 2 DELAP*

---

*Continued from Page 1 DELAP*

Payments to eligible dairy producers will be calculated by multiplying the established payment rate by the dairy producer's share of the dairy operation's eligible production payment quantity.

DELAP eligibility requirements are available at the county office or on line at [http://www.fsa.usda.gov/Internet/FSA\\_File/delap09.pdf](http://www.fsa.usda.gov/Internet/FSA_File/delap09.pdf).

## **Marketing Assistance Loans**

Marketing Assistance Loans for crop years 2009 through 2012 are available to producers who share in the risk of producing the crop. To be eligible, you must maintain beneficial interest in the crop through the time of application. Beneficial interest means retaining the ability to make decisions about the commodity; responsibility for loss or damage to the commodity; and title to the commodity. Once beneficial interest in a commodity is lost, the commodity is ineligible for loan even if you regain beneficial interest.

Commodity loan eligibility also requires you comply with conservation and wetland protection requirements; beneficial interest requirements, report how you use cropland acreage on the farm and ensure that the commodity meets Commodity Credit Corporation (CCC) minimum grade and quality standards. For commodities to be eligible they must have been produced by an eligible producer, be in existence and in a storable condition and be merchantable for food, feed or other uses as determined by CCC. The quality of the commodity in farm storage must be maintained throughout the term of the loan.

Producers do not have to participate in the Direct and Counter-Cyclical Program to be eligible for commodity loans.

Violating provisions of a marketing assistance loan may trigger administrative actions, such as assessing liquidated damages, calling the loan and denial of future farm-stored loans.

The most common violations are removing or disposing of a commodity being used as loan collateral without prior authorization and providing an incorrect quantity certification.

## **Special Accommodations**

Special accommodations will be made upon request for individuals with disabilities, vision impairment or hearing impairment. If accommodations are required, individuals should contact the county FSA office staff directly or by phone.

## **County Committee Elections**

Congratulations to all the farmers who were elected or reelected to represent local farmers on Tennessee county committees.

FSA appreciates all of the voters for taking the time to complete the election ballots. The county committee system works only because of your participation.

The committee members will hold their organizational meeting in January to determine who will serve as the county committee chairman and vice-chairman.

## **Help Available to Stressed Farmers**

In the past year, the economy, inclement weather, drought and other factors have hurt many farming operations around the country. These events pushed some farmers to the emotional breaking point. Watching their livelihood being threatened is difficult for farmers and ranchers and especially for those who care about them.

The National Suicide Prevention Hotline is available to help. If you know a farmer or rancher who is under stress and is reluctant to ask for help, or if you just need to talk to someone, call 1-800-273-TALK (8255). Your call will be routed to the crisis center nearest you, where trained staffers are available 24/7. This nationwide service is free and confidential. Help is just a phone call away.

For more information, go to <http://www.suicidepreventionlifeline.org/>. This service is not affiliated with the US Department of Agriculture.

## **Controlled Substance**

Any person who is convicted under federal or state law of a controlled substance violation could be ineligible for USDA payments or benefits. Violations include planting, harvesting or growing a prohibited plant. Prohibited plants include marijuana, opium, poppies and other drug producing plants.

## **Power of Attorney**

For those who find it difficult to visit the county office personally because of work schedules, distance, health, etc., FSA has a power of attorney form available that enables you to desig-

---

nate another person to conduct your business at the office. If you are interested, please contact our office or any Farm Service Agency office near you for more information

## Bank Account Changes

Current policy mandates that FSA payments be electronically transferred into your bank account. In order for timely payments to be made, producers need to notify the FSA county office if your account has been changed or if another financial institution purchases your bank. Payments can be delayed if the FSA office is not aware of updates to your account and routing numbers.

## Appeal Process

After an FSA official makes a decision on your request for USDA services or application, you will be sent a letter informing you of the decision and options you can pursue if you disagree. Generally, program participants have three choices — an informal review with the original agency decision-maker, an opportunity for mediation and finally an appeal to the next level of authority within the agency.

## FSA Signature Policy

Husbands and wives may sign documents on behalf of each other for FSA and Commodity Credit Corporation programs in which either has an interest. This option is automatically available unless a written request for exclusion is made to the county office staff by either spouse.

There are exceptions to the rule, where spouses may not sign on behalf of each other for partnerships, joint ventures, corporations or other similar entities.

Individual signatures are also required on certain Farm Loan Program and Farm Storage Facility Loan documents.

For more clarification on spousal signature authority, feel free to contact your local FSA office.

## Customer Statement

January signals the beginning of a new year, and a time to starting thinking about filing taxes. Producers who have signed up for a USDA eAuthentication Level 2 account will be able to access their farm data via their Customer Statement.

The Customer Statement puts a range of USDA services and programs into a single report that's at your fingertips and available online, 24 hours a day, seven days a week.

It allows USDA customers to view their participation, application and payment status in various commodity and conservation programs; information on farm loans; and conservation plan and land unit information.

The United States Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance programs. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (800) 795-3272 (voice) or (202)-720-6382 (TDD). USDA is an equal opportunity provider and employer."
